Notes of a Trip to Mexico

BY E. MCS.

PART VII.

JULY 17, '00.—This evening set out on Pullman sleeper for Texas, via Mexico Central. Next day was beautiful. One of the passengers caused amusement by finding that he had another's grip, and that his own had gone to some other State unknown. However, he had no money in his, like an English Colonel in Constantinople who dropped his grip out of the cab and had £90 in it. He was in an awful stew until he got it again, especially as the steamer was just about to sail.

No monks or nuns are allowed in Mexico, though many orders exist *sub rosa*. The ladies of the Sacred Heart have a fine academy, a day school and a "poor" school, where the children get dinner (soup, bread, etc.) for six cents a week (1 cent a day.) Children are at the school, which has fine play grounds, from 8 to 5, and are taught needlework, etc. When the Inspector is to make his visit the Sisters all take off their habit except three, the number tolerated. No cassock or habit is to be seen in the street, and the priests wear cloaks down to their heels to conceal the cassock.

The clergy owned, it is said, one-third of all the land and one half of all the houses in the cities. If left alone they would own everything and where would be the people? Perhaps 'twere better if the monks as a body observed the vow of poverty, as St. Francis and St. Dominic both laid down.

The houses of the poor even in the city of Mexico have no chimneys or windows. The ancient Romans had no chimneys. Perhaps windows are taxed as in Europe.

Immense plains and hills without a tree, as in Spain and Italy. Vast green fields, it being the rainy season. Herds of sheep and goats mingled. Silver mines and smelting works, with cars on suspended cables. No trees. Five hours now through a flat, desert country. Skulls, horns, carcasses of cattle on the plains.

WRECK.

JULY 19, 1900.—At 6 a. m. we came to a sudden stop. Looked out. All cars off track except Pullman Engine, etc., overturned. Luckily fell up hill instead of down the steep embankment. Wash-out! Wild, wet, mountainous country, 100 miles from Chihuahua, our breakfast station. No one hurt. A talkative Jew rushed out in his night-shirt. A quiet young Scotchman reproved him for this, saying that "even in the face of death a man should be decent." The Jew seemed unconvinced. The colored waiter on our Buffet told me he was to be married and now he would not be on time. I told him he could wire for a proxy marriage. He said he wouldn't trust any of his friends so far.

We ate stale bread and "sich" from the buffet, but it was very unpleasant, as there was a consumptive gentleman in the car who had about two weeks to live, etc. Some people were in bed, other eating. Some of us walked a mile to a village, and got a miserable dinner at a Chinaman's eating-house. When we returned our train had gone ten miles back to a siding and we had to hang around the wreck until 12 midnight, watching the wreckers. It was a fine sight by day and by night. The Mexicans all came down, men by themselves, women ditto, but very temperate, quiet, lady-like and gentlemanly. We got grapes, figs, melons, etc., today. We had a curious adventure, being invited to lie down in a caboose, where the darkey took us for uninvited guests. The gentlemen that invited me was a Marylander.

JULY 20.—Luckily had some figs. We got a drink of water the night before, and thought we had never tasted anything so sweet. But it was our whole supper. Bread was out. The darkey offered canned soup and "sich." We enjoyed the glorious plains, but were glad

at reaching Chihuahua and breakfast at noon at Chinese restaurant. CHINESE.

In this Catholic country you forget that the Chinese are foreigners. They speak Spanish perfectly, and being treated with Christian charity are in every business and nice gentlemen.

AGRAMONTE.

At the station General Agramonte was pointed out to me, a famous revolutionist, now an editor. He had lately spent two months in jail for an article. The government is nominally Democratic, but really is a military despotism. However, it is good for the people, as yet uneducated, like the absolute government of bishops formerly in the United States, or of military governors in Cuba, Philippines, etc. I think Agramonte was an Irish soldier of fortune. His face betrayed him.

The cars rocked like boats in the swampy country.

INTO TEXAS.

We crossed into the United States at El Paso, but the great river had but a pool of water in one spot. We were only twelve days from Vera Cruz. We had a little difficulty in entering Texas, which had proclaimed 20 days quarantine against Yellow Fever, and our baggage was disinfected. We told the official that he should disinfect the car, the spittoons of which had not been cleaned for four days. We reported same to Pullman Company and got a reply. On account of change of time, stoppage of watch, etc., we had no supper and the buffet was locked on entering United States. We met some Loretto Sisters and heard of their chaplain, a mountain priest in Kentucky.

GOOD-BYE TO MEXICO.

Now that we are losing sight of Mexico we add some paragraphs from a letter by a Catholic, lately printed in the *Casket*, a Nova Scotia journal, and close with some reflections by Mr. Guernsey, of the *Boston Herald*, a Protestant New Englander:

FIRST THE CANADIAN.

I am away down on the Atlantic side of the Isthmus of Tehuantepec, right at the mouth Coatzacoalcos River, and a beautiful river it is, wide and deep. Steamers drawing 8 and 9 feet can go up for 20 miles to Minatitlan and other plantations en route, from which are shipped cattle, vanilla, coffee, rice, bananas, sugar, mahogany, cedar, and lignum vitae. It is expected that this will be a busy port in a few years. An English firm, S. Peatson & Son, have large contracts for the erection of piers and other improvements at this place, and also at Solina Cruz on the Pacific side. The works here will cost in the vicinity of \$3,000,000 (Mexican), and at Solina Cruz about \$2,500,000. Pearsons are just about finishing Vera Cruz harbor works the price of which was something over \$3,000,000. You can see that this Republic is willing to spend money to benefit the country.

YUCATAN.

At present the State of Yucatan is very much upset. In fact the Republic has a small sized, or perhaps a large sized insurrection similar to the Philippine affair on its hands. The interior of Yucatan is held by the Mayas, a tribe of Indians who are fierce and full of fight. The government troops seem unable to make much headway against them. Between the Mayas and the climatic fevers the troops have a hard time of it.

SOLDIERS.

Only a few months ago a large body of troops went to Yucatan from this Isthmus. Those that were married took their wives and children with them, to the number of 80. It seems rather funny that troops going to fight Indians should take their families along, but it seems to be the custom. The infantry regiments are recruited in a queer fashion. There is seldom such a thing as a voluntary enlistment, but the mayor of every town must send all vagabond characters,

habitual drunkards, loafers, etc., to the military post of his district, and there the poor wretches are made into soldiers of a kind. CONVICTS.

The peons fear such punishment and do their best to keep out of the policeman's clutches; when they do fall into his hands they are put in jail and work out their sentence in the street brigade. All Mexican cities and towns use the prisoners to do the street work. The authorities do not feed those confined in the commons jail for drunkenness, etc., but allow them 18 centavos per day during their term, and they can do what they like with the princely sum—about 9 cents Canadian. Lots of women make a regular business of selling tortillas (pancakes made of corn and tough as leather), and tamales to the prisoners. When these latter do street work they are under escort of a guard, armed with old fashioned breech loading rifles. None of this guard wear boots, a few wear sandals, but the majority of them are barefooted.

LASO.

Each district has also a mounted corps called Rurales, who do duty in the country district. They are fine riders, are armed with rifles, sword and revolver, and also carry on the pommel of the saddle a lasso in the use of which they are experts. In fact nearly all Mexican horse and cattle men are handy with the lasso. I have seen straying cattle lead them quite a chase before being captured. The horses engaged in the chase seem to know their part as well as the riders. When the horse feels the strain of the steer on the lasso he braces himself dead still, and down comes the steer.

AZTECS.

At the present time they are excavating in Mexico City and they are constantly unearthing relics of the Aztec race. The Government has taken full charge of the work and everything that is found is sent to the National Museum. This museum contains a great variety of idols all of stone and they are strange looking objects. The serpent seemingly was held in great veneration by the Aztecs. I saw there also samples of their picture writings, stone impeniments of strange design, curious looking earthen dishes, and specimens of cloths made from the fibre of the maguly plant.

CATHEDRAL.

The cathedral in Mexico City is an historic edifice, built by the Spaniards when they conquered the Aztecs. It is said that a great deal of the stone used in its construction came from the ruined Aztec temple. It is certainly a magnificent building. The front exterior has some wonderful carving over the entrance; the interior is rich in gilding, onyx and marble. The main altar is a beautiful piece of work. There are some valuable oil painting in the building; I noticed some of them bearing date 1703, 1704 and so on. A short distance from the city is the village of Guadalupe where there is a shrine erected in honor of the Blessed Virgin, who is said to have appeared twice at this place. The shrine is situated upon the top of a high hill and the road leading up to it is very steep and rough. Every year the Indians from the surrounding country make a pilgrimage to the shrine.

NOW THE AMERICAN: KINDNESS.

"In sickness and in days of sorrow I have found these 'miserable heathen' solicitous, practically kind, thoughtful, and praying with all their honest faith for me and mine. Their goodness and their loveableness of character have been made visible. When I have the cold 'nerve' to tell these people to revise their convictions, I shall be fit and ready for strict confinement in a lunatic asylum. "Perfection does not exist here; it does not reside in the North, and seems beyond humanity's reach; but because imperfection is a human trait, quality or what you will, gives us no right to cram our ideas down other people's throats.

It will be a slow process, one of centuries, to elevate the very poor in these lands, and when they are on a 'higher plane' they will probably be as unhappy as we are. They will begin to push and hustle and knock others down to get ahead in the world, instead, as now, sharing their food and shelter with some friend in harder luck than they, for poverty has its own free-masonry.

WE AND THEY.

"People fresh from lands where the 'Hooligan' knocks down defenseless women and beats them as they lie prone on the ground (see London papers), canting gentry from cities where young girls are given knock-out drops, and thieves sit in aldermen's chairs and vice pays tribute to 'Halls,' visit Mexico and begin to have moral goose-flesh because there are bull fights, and lotteries and 'superstition.' It is really wonderfully affecting to see how sad these reformers become. They almost weep. One would think that no city in Anglo-Saxondom had a slum, half-naked children, shivering seamstresses, courtizans on the pavements after the electric lights are turned on, stock exchanges and embezzling cashiers, grinding monopolies and civic jobs.

And, because we act in this fashion, people living in the lands of the sun regard us as humbugs and grow weary of seeing us, our cold eyes half-disdainfully regarding them, a tract in our stiffly extended hand which never grasps a brown one in hearty human fashion.

BILIOUSNESS is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in bowels, dizziness, coated tongue and vomiting, first of the undigested or partially digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbances of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by T. E. Zimmerman, & Co., Druggists.

GAY DECEIVERS.

I heard a capital story about American women and their boots a day or two ago. It appears that they are very anxious that people should fancy that they have small feet, and that they do not like to put their shoes outside their doors at hotels, for fear that their neighbors passing along the corridor should make remarks on the size of their footgear. So they keep a pair of shoes several sizes too small for them, and, after carefully putting a few specks of mud or a little dust on them, leave them outside the door for other women to envy their small size. The shoes they have been wearing they clean themselves and never trust to the hotel porter. In this way they humor their feet and their vanity at the same time, and all parties are, or should be, satisfied. It is an ingenious idea and that is how it is done.—*London Sketch.*

If people only knew what we know about Kodol Dyspepsia Cure, it would be used in nearly every household, as there are few people who do not suffer from a feeling of fullness after eating, belching, flatulence, sour stomach or waterbrash caused by indigestion or dyspepsia. A preparation, such as Kodol Dyspepsia Cure, which, with no aid from the stomach, will digest your food, certainly can't help but do you good. T. E. Zimmerman & Co.

EASTERN CANNING INDUSTRIES.

Represent Chief Industries in Maryland and Maine.

The canning industry is of more value to the State of Maine than its boasted granite, slate and ice industries combined. In Maryland the canning industries are the largest and most important in the State, employing more hands and representing a greater invested capital than any other industrial enterprise. Some figures given below, from the Maryland Bureau of Statistics, show the extent of the industry. During the year 1900 there were packed in the State 33,600,000 cans of tomatoes, 11,400,000 cans of corn, 11,200,000 cans of peas and 19,000,000 cans of peaches.

INSEPARABLE.

"For drunkenness and general worthlessness," spoke the magistrate, "I shall sentence you, as an old offender, to solitary confinement in the country jail for 20 days."

"Solitary confinement!" contemptuously echoed Tufield Knott, as the officer led him away. "Solitary! I wonder if he thinks he's going to separate me from my regular thirst!"—*Exchange.*

Strange True Story.

At Painswick Churchyard, a pretty spot between Stroud and Gloucester, there are 99 yew trees. The hundredth always dies, though it has been planted many times. A local story says that "when the hundredth lives after it has been planted the world will come to an end."

STUBB—I hear that Falcon is going to stop writing poetry.

Penn—Yes, the position in which the papers brought out his sonnet discouraged him.

Stubb—Did they run it on the children's page?

Penn—Worse than that. It appeared in the puzzle department. —*Philadelphia Record.*

"Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. I quickly secured a bottle of One Minute Cough Cure, giving her three doses. The croup was mastered and our little darling speedily recovered." So writes A. L. Spafford, Chester, Mich. T. E. Zimmerman & Co.

"Did you see that woman who was arrested for shoplifting? She took a handkerchief and two pairs of stockings."

"Was't she foolish? If she had only taken a gold watch or a diamond pin she might have proved herself a kleptomaniac."—*Philadelphia Bulletin.*

MR. BENTONHURST—It is believed that Herrshoff is going to have some new wrinkles in his cup defender's mainsail.

Miss Bykerheights—Why, I thought they always tried to make sails set perfectly smooth!—*Brooklyn Eagle.*

BRIGGS—I've just discovered we are in love with the same girl.

Griggs—Well, how shall we end the matter?

Briggs—I'll tell you what to do. You propose to her.—*Detroit Free Press.*

SOCIAL EVIL IN THE PHILIPPINES

General MacArthur, as governor of the Philippine Islands, has reported to the Adjutant General of Army concerning allegations made against the authorities in Manila relative to the social evil which exists in that city.

General MacArthur says the writers of the letters which he received have been misled, and have an imperfect knowledge of the conditions. He declares that prostitution is not licenced in the Philippines, and that prostitutes are not allowed to land in Manila unless they have secured previous resident rights. The police regulations of the social evil are such as to check the spread of disease—something that is found necessary in that tropical climate.

General MacArthur also says that Manila can challenge a comparison as to its moral and orderly condition with any city in the United States. The General suggests that a committee, consisting of those who make the allegations against the government at Manila, be sent to that city to make an investigation, but adds that such a committee first should acquaint themselves with social conditions in tropical countries.

CENTER OF POPULATION.

The census bureau has issued a bulletin announcing that the center of population of the United States, exclusive of Alaska and recent territorial acquisitions, on June 1 last was six miles southeast of Columbus, Bartholomew county, in Southern Indiana. The center of area of the United States, excluding Alaska, Hawaii and other recent acquisitions, is in northern Kansas. The center of population is therefore about three-fourth of a degree south and more than thirteen degrees east of the center of area.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. A remedy for Nasal Catarrh which is drying or exciting to the diseased membrane should not be used, Cream Balm is recognized as a specific. Price 50 cents at druggists or by mail. A cold in the head immediately disappears when Cream Balm is used. Ely Brothers, 56 Warren Street, New York.

BETTER THAN COTTON.

In Whitfield county, North Georgia, Mr. W. J. Summerour has an orchard of 250,000 peach trees. Only one-third of his orchard came into bearing last year, and from these he realized a net profit of \$23,000. He will have double the number of trees in bearing this year and confidently expects to realize a profit of \$50,000. Another fruit grower in the same county sold his crop of peaches from 1,700 trees last year to a fruit buyer for \$5,000 cash, the purchaser picking and boxing them. The North Georgia peach crop this year promises to be the largest and finest ever raised in that section.—Sun.

Rear Admiral Schley, who arrived Monday at Southampton, on his way home from the South Atlantic Station, has cabled the Navy Department a request that he be allowed to stop 10 days in England, and this request has been granted.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

JACKSONVILLE FIRE.

Fire destroyed a hundred or more blocks of buildings in Jacksonville, Fla., on Friday of last week. All the principal hotels were burned, and several lives were lost. The losses to property is roughly estimated at \$12,000,000.

Nearly 10,000 people were made homeless. A section of the residential part of the city, two and a half miles long, by half a mile wide was burned over. Several hotels and many large business houses were destroyed. The people were panic stricken during the burning of the city.

The destitution in Jacksonville is very great and all classes of men are clamoring for work. Many supplies have been received, and the insurance adjusters have already paid out over half a million dollars.

For a stiff neck there is nothing better than a free application of Chamberlain's Pain Balm. It quickly relieves the stiffness and soreness, effecting a complete cure. For sale by T. E. Zimmerman, Co., Druggist.

\$12,000,000 IN A DIVIDEND.

The Standard Oil Company Tuesday declared a dividend of \$12 a share, payable July 13. The amount of the dividend is \$12,000,000, of which John D. Rockefeller will get \$3,720,000.

The company paid a dividend of 20 per cent., or \$20,000,000, on March 15. That was the greatest dividend in its history. It has paid in seven years \$240,000,000 in dividends, not counting that of Tuesday. In 1900 the dividends declared were 48 per cent.; in 1897, 33 per cent.; in 1898, 30 per cent.; in 1899, 33 per cent.; in 1896, 31 per cent.; while 12 per cent. was the rate before that year.

The stock sold on Tuesday at \$842 per share, breaking the record. It has sold as high as \$840 since January 1.

Mr. W. J. BAXTER, of North Brook, N. C., says he suffered with piles for fifteen years. He tried many remedies with no results until he used DeWitt's Witch Hazel Salve and that quickly cured him. T. E. Zimmerman & Co.

SOLD FOR \$3,000,000

RICHMOND, VA., May 6.—The Richmond Locomotive Works, of which Joseph Bryan is president, were sold today for \$3,000,000. This deal has been pending for some time. Mr. Leitis came here about a month ago and inspected the plant. The Richmond Locomotive Works belonged to a company, 20 per cent. of the stock of which was owned by Joseph Bryan and the Stewart estate, of which he is the representative. With one or two exceptions it is the largest establishment of the kind in the country. About 1,600 men are employed.

SEBASTIAN CARDINAL MARTINELLI received from the hands of Cardinal Gibbons at the Cathedral in Baltimore on Wednesday, the red biretta of the cardinalate. Imposing pomp and ceremonial marked the occasion, after the manner of the Roman Catholic Church. A large and representative gathering witnessed the ceremony.

A WORTHY SUCCESSOR

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES" the GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRH CURE".

THE READY TO WEAR GOODS.

The importance of right make and fit—in ladies garments of every kind, is looked after in all of its details. Here the style, the set, the shape, of gowns and outside wear garments, that find room in our stock, is of the top notch order. The material, the linings, the tailoring of the Tailor Made Suit, are the features to determine its value. While we make no assertions of giving Ladies' Suits worth \$20.00 for \$10.00, we do assert that we give full value in a Suit or Dress Skirt, in essentials named above, and we see that it fits. There are in our Suits the new shapes of Jackets and Etons, some with trimming, and the new flared and cut skirts. There is the satisfaction of being well dressed and a comfort in the buying of our suits. No tedious fitting, that is so tiresome when having it made, and besides it costs no more, and oftentimes not as much.

Mr. M. F. SHUFF is looking after the spring and summer trade in the line of furniture, etc., and being convinced that the only way to do a profitable business is to let the people know you are in business and want their patronage, he has placed a large advertisement of his business in the columns of THE CHRONICLE. Read his advertisement carefully, and when you call to see him tell him about seeing his advertisement in these columns.

HURT ON B. & O. The Hagerstown excursion train, going to Baltimore over the Baltimore and Ohio railroad Sunday morning, struck and perhaps fatally injured John Lary, at Monrovia, about 15 miles east of Frederick. Lary, who is about 14 years of age, is a son of one of the men working on the Baltimore and Ohio improvements at that place. It is said that in attempting to get out of the way of the northbound train he stepped across on the southbound track, when the engine struck him, crushing his skull and breaking his arm in several places, besides internal injuries. He was placed on the afternoon train and taken to a Baltimore hospital.

Two men boldly entered the Maryland Fire Insurance Company's building, on Water street, Baltimore, and, forcing an entry into the offices of the Equitable Building and Loan Association, ransacked the rooms and evidently attempted to open the safe, which contained \$50,000 worth of bonds and several hundred dollars in currency. Janitor Louis F. Zinner had a desperate struggle with one of the burglars, who turned out to be William McCann, alias "Blinkie" McCann, a noted offender against the law.

A case of poisoning by some noxious plant, causing death, occurred at Deep Run, in Myers district, Carroll county. The victim was a daughter of Peter Dull, aged between 10 and 11 years. She and other children of the family were in the woods and fields on Thursday of last week gathering wild flowers, some of which she ate. Soon afterward she was taken violently ill, and Dr. J. J. Steward of Union Mills, who was summoned, pronounced the case one of vegetable poisoning caused by some one of the flowers or plant which she had chewed or eaten. No antidote could be found, and the child died last Saturday.

MARRIED AND WERE FORGIVEN.

Mr. Bert S. Dayton, of Westernport, Md., and Miss Mamie Harrison, daughter of J. E. Harrison, of Sinclairville, W. Va., went to Cumberland and were married. The young lady, after being two weeks under surveillance, managed to escape through a window last Sunday night. They returned for forgiveness, but the reception given the groom was so warm he had to escape into a nearby house, but after two hours his bride managed to get him out. The couple returned to Cumberland, but were later sent for and forgiven.

THE SIMPERS CHILDREN.

At Elkton, Md., on Monday, Judge Stump committed Sallie Simpers, aged 12 years, to the Female House of Refuge, and Thomas Simpers, aged 7 years, to the Male House of Refuge, until they are 21 years old. The children were recently arrested, charged with the murder of their 8-year-old brother, Howard Simpers, near Appleton, in Cecil county, April 10. Deputy Sheriff McAllister started with his youthful prisoners to Baltimore, but at Northeast the girl escaped from the train. She was afterward captured and taken to Baltimore.

SUSQUEHANNA FISHERIES.

A large force of men are now employed at the battery on the Susquehanna river below Havre de Grace, taking shad eggs. This is one of the largest and most modern fish-hatching stations in the world. The number of eggs taken within the past week was 10,000,000. The catch of shad and herring during the week ended Saturday on the Susquehanna and North East rivers has been fairly good and prices remain firm, with large demands from the markets of New York and Philadelphia.

TO CARRY CHILDREN TO SCHOOL.

A plan for carrying children to school in sparsely settled districts at public expense has been proposed to the Dorchester County School Board. It is claimed by the advocates of this plan that it would be less expensive than building and equipping schoolhouses in places where the attendance is small. It is thought a practical test will be made of the plan next year and, if successful, that it will be extended to all districts where it may be thought to be advantageous.

ACCIDENT CAUSED DEATH.

William R. Bollinger, a five year old son of Mr. and Mrs. William Bollinger, of this District, died at the home of his parents Monday night. The little boy died from the effects of being accidentally hit on the forehead with a stone. At the time of accident it was not thought that the little fellow was seriously injured, but a few days later his condition became worse and resulted in his death, as above stated.

The funeral services were held in St. Joseph Catholic Church, this place, yesterday morning, and the interment was made in the cemetery adjoining the church.

PERSONALS.

Mr. and Mrs. Pius Felix were in Baltimore city Tuesday.

Mr. J. Henry Stokes and two sons, Charles and George, were in Frederick Tuesday.

Mr. Charles W. Miller, of Frederick, made a visit here this week.

Mr. Annan Horner, of Washington, D. C., visited his mother, Mrs. A. E. Horner.

Mr. George H. Mentzer was in Frederick this week.

Mr. Elanath Kerschner visited friend in town on Sunday.

SMITHBURG EXCITED.

Smithburg, Washington county, was excited last Friday morning over the action of the Burgess and Commissioners, who employed a force of men to tear up a pavement in front of Jacob A. Zeigler's vacant lot. The pavement had been put down by the town authorities, who attempted to force the owner of the property to do so, but he refused. After it was laid he refused to pay for the work and a lengthy lawsuit ensued. Finally the town authorities finding they could not win, took steps Friday to remove the pavement. When the men employed for this work, headed by Burgess Brenner, tore up the pavement, a large crowd gathered about, some cheering, some hissing. Mr. Zeigler, who resides in Hagerstown, was telephoned about the action, but before he could institute legal proceedings to stop it the pavement was removed.

ESCAPED DEATH BY RARE CHANCE.

Ezra D. Byers, a well-known citizen of Carroll county, made a narrow escape from instant death shortly before noon Tuesday. He was engaged with others peeling bark in the furnace woods between Pleasant Valley and Frizellburg when a large standing tree, which had just been sawed through at the base, fell across another which had been previously sawed down, and, rebounding, came down on the head of Mr. Byers, who had turned his back to it and stepped away. He fell forward, and the butt of the tree scraped down his back, bruising and confusing it badly. His scalp was lacerated and torn and he was rendered unconscious. Dr. Charles R. Foutz, of Westminster, who dressed his wounds, thinks he will probably recover, though the full extent of his injuries has not been ascertained. Mr. Byers was recently drawn as a juror for the May term of the Circuit Court for Carroll county. He has two sons engaged in business in Baltimore.

EXCITEMENT AT MONTEVUE.

Isaac Tippet, of Prince George's county, who was discharged from Montevue Hospital, at Frederick, on March 28, 1898, created some excitement at the hospital Wednesday night of last week. Tippet arrived at Montevue at 10.30 o'clock, and stated that he was a United States official and must see the superintendent at once. Mr. Rice came down and Tippet began to tell him how smart a man he was, being able to talk forty thousand different languages. Mr. Rice told him that he could not stay there all night and Tippet threatened to burn the building. In a few minutes he made a rush for Mr. Harry Snook, the watchman, and attempted to strike him, but was prevented by Mr. Rice and others standing around. Tippet was then taken upstairs and locked up. He was given a blanket to sleep upon, and in the morning the blanket was torn into shreds.

Q. R. S. MEETING.

The Q. R. S. held its last meeting for the season at the home of Mr. M. F. Shuff. Committee, Miss M. F. Eichelberger and Miss S. C. Guthrie. Subject, "The Presidents," which was exceedingly instructive and edifying, each member contributing something in regard to one or all of them. A piano solo was rendered by Mrs. Charles Reinwald; two vocal solos by Miss Sue Riddle, with Mrs. J. A. Helman as accompanist, comprised the music for the evening. The subject chosen for the next meeting, in October, was "The Celebrities."

MUNICIPAL ELECTIONS.

In Carroll county town elections were held in Westminster, Taneytown and New Windsor.

In Westminster only 255 votes were cast and the present Mayor and Council were re-elected without opposition, as follows: Mayor, Oscar D. Gilbert; Councilmen, John J. Reese, John T. Zahn, Harry K. Schaeffer, Gershom Hoff and Nelson Gilbert.

Two tickets were in the field in Taneytown and 159 votes were polled, which is nearly the full voting strength of the town. George T. Motter defeated E. E. Reinold for Burgess by a majority of 25. The successful Commissioners were Edward Kemper, Franklin H. Seiss, Charles A. Elliott, James H. Reinold and H. B. Miller.

New Windsor elected the following officers: Burgess, Charles P. Baile; Town Commissioners, Winfield S. Drach, James T. Lambert, A. E. Lambert, Samuel Otto and Charles Jones.

KILLED BY A HORSE.

Reynold Herbert, a son of the late James H. Herbert, was dragged to death by a runaway pair of horses on the farm of William French, near Wornton Station, in Kent county, late Friday evening. He was 15 years of age, had been playing and had just taken his team from the plow after the day's work. He mounted one of the horses to ride up to the house. In reaching over to gather up some portion of the harness he frightened the horse, which shied and the boy fell. His feet became entangled in the rope traces. Both the horses dashed off, dragging the helpless boy three times around the field and until two gentlemen passing along the public road took in the situation and went to the rescue. The poor youth gave one spasmodic gasp and life was gone. The unfortunate lad was an orphan and lived in the home of Mr. French.

DeWitt's Little Early Risers search the remotest parts of the bowels and remove the impurities speedily with no discomfort. They are famous for their efficacy. Easy to take, never gripe. T. E. Zimmerman & Co.

MOUNTAIN FIRE.

The fire in the South Mountain which has been quite noticeable from here since Saturday morning is one of the fiercest and most destructive which has raged in that region for many years. It started at a point about six miles in a southwesterly direction from Cash-don and several miles south of the Chambersburg pike, and in its course has burned about four miles over the mountain in an easterly direction.

It was fought by firing against it from the road which runs from Willow Grove, in Franklin township, to the Cold Spring road and was thought to be under control Monday morning, but it broke out again and burned in a northerly direction toward the Chambersburg pike. Thousands of acres of timber have been destroyed.

It is believed to have started from a fire built by tramps.—Gettysburg Compiler.

You are much more liable to disease when your liver and bowels do not act properly. DeWitt's Little Early Risers remove the cause of the disease. T. E. Zimmerman & Co.

JOSEPH MATTHEWS, a Grand Army veteran, drew \$1,500 from a bank in Frederick city Monday to take an early train next morning for Oklahoma. In the night a robber attempted to enter his bedroom, but the veteran met him at the window, promising him a warm reception. The robber, however, thought it better to retreat, and did so quickly.

BEAT A HORSE.

Charles Bowers Sent to Jail for Cruelty to Animals.

Charles Bowers, of this place, was arrested on Monday evening and given a hearing before Justice of the Peace, Mr. Henry Stokes, on the charge of cruelty to animals. The testimony adduced by the witnesses was such as to show that the accused had beaten a horse in a most unmerciful manner. Bowers did not deny the charge, and further admitted that the testimony of the witnesses was about correct. Justice Stokes imposed a fine of \$5 and costs, and Bowers being unable to raise the necessary amount of money to pay the fine, the Justice committed him to jail for thirty days. Constable Ashbaugh took Bowers to the Frederick County Jail on Tuesday morning.

From the testimony given at the hearing it appears that Bowers was working for Mr. George P. Beam, and while engaged in hauling manure with Mr. Beam's team, on last Saturday, one of the horses refused to pull while going up the big hill on the Poplar Ridge road. Bowers being unable to persuade the horse to pull, he became angry and began beating the animal. It is said the animal was knocked down three times and otherwise terribly treated, even being pelted with stones.

Q. R. S. MEETING.

The Q. R. S. held its last meeting for the season at the home of Mr. M. F. Shuff. Committee, Miss M. F. Eichelberger and Miss S. C. Guthrie. Subject, "The Presidents," which was exceedingly instructive and edifying, each member contributing something in regard to one or all of them. A piano solo was rendered by Mrs. Charles Reinwald; two vocal solos by Miss Sue Riddle, with Mrs. J. A. Helman as accompanist, comprised the music for the evening. The subject chosen for the next meeting, in October, was "The Celebrities."

FAIRFIELD ITEMS.

FAIRFIELD, May 7.—Miss Bessie Elliott and brother, of York Spring, and Miss Carrie Bender, of McSherrystown, are visitors at Fairfield.

The Catholic Fair held last week was well attended. \$300.00 was cleared.

The Christian Endeavor Anniversary was well attended. Several speakers were present from Gettysburg, whose addresses were appropriate to the occasion.

Miss Sue Sullivan, who had been in Maryland for some time has returned to Fairfield. She was visiting her brother.

The mountains were on fire for three and four days. The largest was at Green Ridge. Henry Peters and Wm. Fowler are detectives. They can take hands to work at the fire at 12c. per hour and the County Commissioner have to pay the bill.

No corn has been planted in this neighborhood, as yet.

James Dixon Post, 83 G. A. R., of Fairfield, will have a memorial sermon preached on Sunday, May 20, by the Methodist minister, of this place.

Dr. W. G. Dubs showed your correspondent some fine specimens of gold and silver that he had gotten on his farm.

There is no knowing what is in the earth in this country. The Doctor also has a spring on his farm, the water of which contains oil. The doctor should attend to these things. His farm may be valuable.

Mr. J. C. Shertzer, of Fairfield, is reported being sick. Mr. Elsie Crouse is on the sick list.

Miss Edie Hoofnagle, who was very ill, is able to be about.

HARNEY ITEMS.

HARNEY, Md., May 8.—Our town was shocked on Monday to learn of the sad death of the wife of Mr. Joseph Good, who resides near Baltimore, Md. Mrs. Good was the daughter of Mr. John Rogers, of this place, where she also lived, for a number of years. Her remains were brought here to-day and peacefully laid to rest in Mountain View Cemetery. She leaves a husband and six children to mourn her loss; the eldest being but nine years of age, also one brother and one sister, Charles, of Baltimore, and Mrs. Jones Reck, of this place. To the family our deepest sympathy in their sad bereavement.

The Sunday Schools of this place are practicing for Children's Day services which will be held in June.

Mrs. Daniel Good is spending several weeks in Baltimore, Md.

Owing to the rush of millinery work in Hanover our milliner, Miss Anna Reck, is unable to be in our town this week.

Mr. John Weybright, who left several months ago for the West, has returned home. We suppose John thinks there is no place like home, which is a very good maxim.

TOWN ELECTION.

The Election for Burgess and Commissioners Very Quiet—Large Vote Polled.

The annual election for a Burgess and six Commissioners to manage the municipal affairs of Emmitsburg during the ensuing year, was held at the Firemen's Hall on Monday, between the hours of 9 a. m. and 2 p. m. Although the election was very quiet a large number of votes were polled. There was no known issue at stake, and no tickets were placed in the field until a short time before the polls were opened on Monday morning, when two tickets appeared, from which the voters could make selections. Mr. William P. Nunemaker was Judge of the election, and ex-County Commissioner William Morrison, clerk.

The successful candidates were: Burgess, M. F. Shuff; Commissioners, A. M. Patterson, Michael Hoke, J. Thomas Gelwicks, John T. Long, Oscar D. Frailey and Jesse H. Nussear.

The vote in full was as follows:

FOR BURGESS.	
M. F. Shuff	86
C. T. Zacharias	49
FOR COMMISSIONERS.	
A. M. Patterson	87
Michael Hoke	88
John T. Long	96
J. Thomas Gelwicks	91
Oscar D. Frailey	133
Jesse H. Nussear	77
Ed. Chrismer	76
Vincent Sebald	50
John D. Kane	61
John Dukehart	51

*Messrs. Long and Frailey were on both tickets.

The total number of votes cast was 139, and of this number 70 were cut tickets. At the election in May, 1900, 144 votes were polled.

A number of votes were cast for persons who were not candidates. Two ladies were voted for, each receiving one vote.

Mr. Vincent Sebald, who was on one of the tickets for Commissioner, said to a representative of THE CHRONICLE that he was out of town on the day of election and was not a candidate for the office of commissioner.

Mr. A. M. Patterson received the same number of votes on Monday that he did at the election in May, 1900, when he was a candidate for the same office, and was elected. At that time Mr. Patterson was not eligible to hold the office, as he had not resided in town one year previous to his election, as required by law.

FIREMEN'S ELECTION.

An Interesting Contest for officers of the Vigilant Hose Company.

The annual election for officers of the Vigilant Hose Company was held at the Firemen's Hall, on Friday evening of last week. The contest was unusually interesting, and especially so in the selection of a president and second lieutenant which required three ballots before a selection was made for these two offices; the first and second ballots were a tie in each case.

The following officers were elected for the ensuing year: President, Charles R. Hoke; Vice-President, Joseph D. Caldwell; Secretary, W. H. Troxell; Treasurer, J. Henry Stokes; Captain, Thomas E. Frailey; First Lieutenant, James A. Slagle; Second Lieutenant, Charles B. Ashbaugh; Chief Nozzleman, William E. Ashbaugh; Hose Director, Harry Gelwicks. The report of the officers showed the Company to be in a very good condition.

FATALLY BURNED IN FIREWORKS FACTORY.

The fireworks factory of Mr. Eugene D. C. Bond, on the Philadelphia road, near the Hebrew Cemetery, near Baltimore, was totally destroyed by fire Tuesday afternoon shortly after 1 o'clock. Harry East, the 14-year-old son of William East, 502 Rose street, Baltimore, was terribly burned about the body, and died about 5.30 o'clock at the Johns Hopkins Hospital.

The blaze was caused by one of the employees accidentally stepping on a match, which ignited some of the inflammable materials lying nearby. In a few moments all the combustibles in the place were exploding, and in a short time the building was burned almost to the ground. About twenty employees were engaged in the factory at the time, all of whom escaped uninjured except young East. The latter was working in one corner of the building, and before he was able to comprehend what the trouble was he was struck by large cannon cracker and burned about the face and body. He was taken to the hospital in a carriage.

When a reporter called at the home of Mr. Bond, the proprietor of the factory, 2137 Jefferson street, Baltimore, he was told that Mr. Bond had gone to New York. Mr. Bond's son estimated his father's loss at about \$1,500. Young East had been employed at the factory a little more than a week. Late Tuesday evening his father had not heard of the boy's condition, and only learned of his death upon visiting the hospital to ascertain it. In the meantime Coroner Sealy had been notified, and after examining the remains decided to investigate the case.

KEEP THE BALANCE UP.

It has been truthfully said that any disturbance of the even balance of health causes serious trouble. Nobody can be too careful to keep this balance up. When people begin to lose appetite, or to get tired easily, the least imprudence brings on sickness, weakness, or debility. The system needs a tonic, craves it, and should not be denied it; and the best tonic of which we have any knowledge is Hood's Sarsaparilla. What this medicine has done in keeping healthy people healthy, in keeping up the even balance of health, gives it the same distinction as a preventive that it enjoys as a cure. Its early use has illustrated the wisdom of the old saying that a stitch in time saves nine. Take Hood's for appetite, strength and endurance.

UNITED BRETHREN.

Meeting Of The General Conference—A National Body.

The General Conference of the United Brethren Church met in Frederick Thursday, May 3, to continue for about two weeks. It is the highest legislative body of the denomination it represents, and meets every four years. It consists of ministers and laymen chosen by a vote of the members at an election held in November last. Each annual conference is represented by not less than two nor more than four ministers, and by one or two laymen, according to the number of its members. These two classes have equal privileges in the conference.

The special work of the general conference is to examine the administration of each annual conference, modify the provision of the church discipline, provide for the management of the regular departments of church work, and elect the general church officers—bishops, publishing agents, editors of periodicals, secretaries and treasurers of the missionary and church erection societies, secretary of the Sunday School Board, business manager of the Theological Seminary, trustees of the Church Publishing House, and members of the educational, missionary, church erection and Sunday School boards. Thus the General Conference gives direction to the thought and power of the church and becomes the exponent of its faith and spirit, and unites its various interests.

The General Conference will be composed of 140 ministerial and 62 lay delegates. Of this number two are women, Miss Ella Niswonger, of the Central Illinois Conference, and Mrs. Geisler, of the Iowa Conference. Four years ago, when women were first admitted to the General Conference, there were seven who had seats in the body. Of the ministerial delegates 69 will be members for the first time, while 71 have been members of former General Conferences. Of the laymen, 46 are new and 16 were former members. From this it will be seen that about 115 of the members of this lawmaking body of the church will occupy seats for the first time—a clear majority of 24. Of the ministerial members 74 are presiding elders, 60 are pastors, 3 are college presidents and 3 are general secretaries and editors. Of these 92 are said to be over 50 years of age and 80 under 50. The majority of the conference are young men, and aggressive measures may be expected to be taken by the body.

The gathering will also be the centennial session of the General Conference. The conference, at which the name "United Brethren" was adopted, by which the church is known, was held at the home of Mr. Peter Kemp, near Frederick, September 25, 1800. It was this historic idea that led to the holding of the centennial session at Frederick. The centennial feature will be prominent during the first five days of the session, when important questions growing out of the past history of the church will be discussed by leading churchmen. The opening exercises of the centennial will be held in the opera house at Frederick on the evening of the first day of the conference. The culminating exercises of the centennial observance will be held in the Otterbein church, on Conway street, Frederick, which is the mother church of the denomination, on Tuesday, May 14, when the General Conference, by special excursion, will go to Baltimore. Among the features of this part of the celebration will be an address and a consecration service at Otterbein's tomb, by the side of the church that bears his name, on Conway street.

The United Brethren Church numbers nearly a quarter of a million communicants, 2,300 ministers and 3,200 churches. Numerically it ranks eighth among the Protestant denominations in the United States.—Sun.

BROTHER AND SISTER KILLED.

William and Mary Sheets Struck by B. & O. Engine and Killed.

William Sheets, aged about 18 years, and his sister Mary, aged 14 years, were both struck by a Baltimore and Ohio engine at Mantz's crossing, just east of Frederick Junction, on Thursday of last week, and instantly killed.

They were returning from taking produce to the commissary of the contractors for the improvements on the Baltimore and Ohio Railroad. The brother and sister were walking along the west bound track, and hearing a freight coming behind them crossed to the east bound track. As they did so some one called out, "Look out for the mail!" and the young man replied, "That's all right." The next instant the passenger train rounded a curve and was upon them before they realized the danger. The engineer, McCully, attempted to stop his train and applied the brakes so suddenly that the passengers were thrown from the seats, but he was too close to save them. The young man's skull was crushed and his sister's neck was broken.

Mr. George Sheets, the father, was plowing in a near-by field and seeing the train stop, went over to give whatever assistance he could, and was shocked to find that both of his children had met death.

A Very Remarkable Remedy.

"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "A lady customer, seeing the remedy exposed for sale in my show case, said to me: 'I really believe that medicine saved my life the past summer while at the shore,' and she became so enthusiastic over its merits that I determined to recommend it in the future. Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose, and in fifteen minutes he left my store, smilingly informing me that he felt as well as ever." Sold by T. E. Zimmerman & Co., Druggists.

REPUBLICANS WIN.

At the election in Baltimore city Tuesday for councilmen the Republicans carried the city by a plurality of 2,332, electing 17 members to the First and 4 to the Second Branch. The Democrats elected seven members of the First Branch, and in the Second Branch the Democrats have the President and four hold-over members. This will give the Democrats continued control by the vote of the presiding officers.

The vote cast was an exceedingly small one, being about 67,000 out of 121,020 registered. The Democratic candidates received 32,021 votes and the Republicans, 34,223. The election was quiet throughout the city, no trouble being reported from any quarter. This was the first election held in Baltimore city under the new ballot law.

DIED.

MARKER.—On May 8, 1901, at her home, at Monterey, Pa., Mrs. Irene Grace Marker, wife of Mr. C. E. Marker, aged 39 years, 1 month and 28 days. The deceased was a daughter of the late Adam C. Eyer. Her remains were made at Fountaindale on Sunday.

BOLLINGER.—On May 6, 1901, at the home of his parents, in this District, William R. Bollinger, son of Mr. and Mrs. William Bollinger, in the fifth year of his age.
