FEARS JAPS' TERMS ARE TOO SEVERE

M. Witte Says Russia Won't Make Peace at Any Price.

DECISION RESTS WITH CZAR

St. Petersburg, July 18.-M. Witte, he felt toward that great country.

statesman is charged, and the disposi- injured.

"No, no," said he, straightening up years old. in his chair and speaking slowly and distinctly, as if weighing the value of each word. "In the first place, I have been designated by the emperor as his ambassador extraordinary for pour parlers with the Japanese plenipotentiaries to ascertain whether it is possible to conclude a treaty of peace. My personal views are of secondary importance, but my ideas are in entire accord with those of my friend, Count Lamsdorff.

"In serving my emperor I have received precise instructions from his majesty and shall follow them.

"The ultimate decision remains in the hands of the emperor, and it is for him to decide the destinies of Russia. The emperor is the friend of peace and desires peace, but I very much fear that the Japanese terms will be such that we will be unable to reach £n/accord

Scratching Posts. Scratching posts, in the opinion of hog men, are not only a great comfort to hogs, but they may be made useful in ridding them of lice and of a scaly skin. The following plan is practiced by a successful hog raiser, who markets his animals in Baltimore. Plant a hickory post four inches in diameter in the hog run. Coil a manilla rope around this post as high as a hog stands and staple it securely. Then thoroughly saturate the rope with crude petroleum-kerosene will do, but it is not as good-and it becomes an ideal scratching post for hogs and pigs. The animals will rub against it continually, and oil is fatal to lice and mites. If kerosene is used the few days.-American Cultivator.

is all in favor of the patient, the gravity of the senator's condition is not withhold from the record of vital statistics is properly kept, but because there is a reward of a shilling to the aware that it will be at least four days officer, provided this notification is givbefore his ultimate safety can be assured. Mrs. Clark, who is in Paris, has been advised of the exact condition of the construction of the constru tion of the senator in a cablegram sent by the senator's private secretary. It is not expected that any change will be made in Mrs. Clark's plans abroad or that she will leave before next Friday, when she will be told of the exact status resultant from the operation. The senator's temperature was 99. It is learned that it did not rise above this point during the day, which is considered a very favorable indication.

MURDERED AND ROBBED

THE ANCIENT ZORA.

Savory and Salutary All the Year It Was the First Corset and Was

Used In Cleopatra's Time. It was back in Cleopatra's time that tony's fickle fancy longer could she add

Anyway, it was then that the embryo corset first appeared in the shape of a stiffened linen girdle called a "zora." Sometimes it was worn outside the tunic, tightly laced and much

Then fashion wearied of the "zora," and for twelve centuries the corset languished

The Greeks and Romans next held sway, and beauty unadorned was good enough for them.

In the sixteenth century along came Catherine de Medici, that energetic lady who meddled in everything, from empires to hairpins, and she revived the corset with a vengeance She not only wore it herself, but also

issued an edict that all women of birth and breeding should wear corsets which should reduce their waist meas-This corset was called a "corps" and was stiffened in every possible man-

In this the body was pinched ner. and forced, while over the "corps" was clasped a perfectly fitting corset cover, constructed of thin plates of steel, fashioned in two pieces and opening This instrument of torture lasted until the early part of the seventeenth

Beautifully quilted satin bodices replaced Catherine's invention. The next change in the corset's history took place in the early part of the eighteenth century, when leather

century, when more pliable materials

Since then it has gone on steadily improving until today for every type of woman there is a specially adapted corset,-New York American
