—BY ABIGAIL—

Sunday's the big day for baseball lovers locally. The locals rip the curtains open Sunday afternoon at 2:30 p. m. on the local diamond, which incidentally, is one of the few able to operate in time for the opener due to the recent rains. A gala time is expected with the announcement that the local band will be on hand to help lift the morale of the local squad. . . not that it needs boosting, but music always cheers them up. Officials reveal that Mayor Rodgers will be on hand to toss out the first horseshoe of the season and hot dogs, pop, etc., will be on sale as hundreds settle back to watch our own boys battle it out with Westminster, the enemy.

For many years now, many of you have been beefing about using out-of-town players. Well now the time has come when the officials of the local club have conformed with your wishes. This year the team is composed entirely of local talent. Every man on the squad is either a resident of Emmitsburg now or at one time lived here. Maybe the team won't win the pennant . . . which is very unlikely, but they'll be in there pitching. I hope that the public will not get "down" on the boys and start jockeying them. The team is young and it is believed that a good solid nucleus has been mustered together to form a creditable team in the next few years. At any rate, please don't go sour on the gang and demoralize them. After all, that's what you have been yelling for for quite a number of years and now that you have it, back them to the hilt, win, lose or draw. Better come to the ball park anyway, whether you like baseball or not. The hot dogs will be tasty and the music good.

Dear Abigail:

As being a fond reader of your column, I saw of the coming election.

As I sit here by the old fat light the thought came to my mind: Don't you think our generation is about run, and so is our town officers? The younger generation thinks so.

They seem to think that our town officials are running only for themselves and their own benefit. They wonder why we can't get a large factory here that they would not have to go out or town to make a living, and it would make more employment for all types of workers and all business places and professional men.

By doing this they would spend more of their money here and they could spend more time with their families, like the rest of us.

Our main achievements have been gained by our two main service clubs and the firemen.

As the Declaration of Independence states in the second paragraph that all men are created equal, that they are endowed by their Creator with certain inalienable rights, that among these are life, liberty and the pursuit of happiness.

That is why we should work together and not for glory or our own selfishness. You know it makes this old gray head think. Maybe we have not considered our fellowman, and don't give the future generation much to look forward to or help our own men of the town and business places like we should. Don't you agree, Abigail?

I remain, your old fashioned

Baseball Season Opens Here Sunday

Baseball will officially come to Emmitsburg Sunday afternoon at 2:30 p. m., when the local team of the Pen-Mar Baseball League will engage Westminster in a contest to be played on the Community Field. An innovation this year will be an all-Emmitsburg team. Every member of the squad this season either lives in Emmitsburg or has at one time or another resided here.

Arrangements have been made for the Emmitsburg Municipal Band to play the Star Spangled Banner and furnish music throughout the contest. Mayor Thornton W. Rodgers has agreed to toss out the first ball for the 1952 curtain-raiser and a large crowd is expected to turn out for the occasion. Admission will remain the same as last year at 40 cents for adults.

The locals will be managed this season by Jack Rosensteel who also will play shortstop Sunday. The squad is composed of several veteran players plus the addition of about a half-dozen members of the 1951 American Legion Junior team. Manager Rosensteel has chosen "Pinhead" Mick for mound duty for the initial contest and has in reserve for relief roles, if necessary, Bud Warten, Vince Topper, Don Joy, and John Hollinger.

Manager Rosensteel has released the following probable lineup for Sunday's game.

McMAHON	3b
BOYLE	1f
APICHELIA	1f
BUBRICK	rb
JORDAN	2b
WARTHEN	cf
LITTLE	ss
ROSENSTEEL	c
MICK	p

Other members on the squad are Don Joy, pitcher; Vince Topper, pitcher; Thomas Hoke, outfielder; William Sterbinsky, outfielder; Chrismer, third baseman; Norman Flax, utility infielder; John Hollinger, pitcher-outfielder.

League officials have assigned Umpires Sponseller and Shank for the contest.

Pen-Mar League

GAMES SUNDAY

Westminster at EMMITSBURG
Union Bridge at Cashtown
Littletown at Fairfield
New Oxford at Thurmont

Pen-Mar League

Okays Rosters

The final organizational meeting of the Pen-Mar Baseball League for the 1952 season was held Tuesday night in Littletown, Pa., in the VFW Home, President D. L. Beegle presiding.

All clubs were present and the rosters for the new season were approved. Emmitsburg was represented by Manager Jack Rosensteel.

The league again consists of eight clubs: Emmitsburg, Thurmont, Union Bridge, Westminster, comprise the Maryland division, while Pennsylvania is represented by New Oxford, Fairfield, Littletown, and Cashtown. Umpires will be hired from the Adams County Umpires Assn.

Several changes have been made in the original schedule for opening games due to some home diamonds being still inundated from the heavy recent rains. Cashtown, originally scheduled to play at Union Bridge will remain at home, and engage the same team. Fairfield scheduled to play at Littletown, also has been reversed and the Littletown squad instead will open at Fairfield.

Local Woman

'Jackpot' Winner

Mrs. Franklin Carty, local housewife, hit the "jackpot" on the Gettysburg radio station's "Hold the Phone" program Monday when she identified correctly the mystery tune as "Libesfreud," and Tuesday morning told over the air how she did it.

According to Mrs. Carty, a neighbor was called on the same program last week and was unable to identify the tune. Her brother-in-law telephoned an acquaintance, who had attended the Peabody Conservatory of Music in Baltimore. The tune was whistled to him over the phone and he named it.

Mrs. Carty was "primed" and when the station phoned her she had the correct answer.

142 Donate Blood Here To Red Cross

Men and women from the Emmitsburg community and students from Mt. St. Mary's and St. Joseph's Colleges gave 142 pints of blood recently when the American Red Cross Bloodmobile from Baltimore returned to Frederick County in its drive to collect blood for the armed forces.

There was a turnout of 166 volunteer donors but 24 were rejected. Operations were set up in the Mt. St. Mary's gym by the mobile unit composed of six nurses and two custodians under the direction of Dr. Courtney Shropshire and the head nurse, Miss Gloria L. Essick. During its one previous visit to Emmitsburg last December, 134 pints were collected.

Mrs. Paul L. Willard, donor chairman for the Frederick County chapter, in terming the visit a success, said much credit for the response was due to the efforts of Girard Donohue, James Adams and Jack Kelly of Mt. St. Mary's, who were in charge of arrangements as well as recruiting at the two colleges, to Mrs. Harry Boyle who is blood program chairman for the Emmitsburg section, Mrs. Mary Shuff, the VFW and American Legion, who lined up donors in Emmitsburg, and Mrs. Claude Corl, who recruited in the Sabillasville area.

The mobile unit staff was assisted by members of the student government board at Mt. St. Mary's; Mrs. John White, Mrs. Frances Keilholz, Mrs. Anna Law, Mrs. Emma Ohler, and Mrs. Ray Paisley, nurses; Mrs. Thomas Summers, Mrs. Charles W. Magaha, Mrs. Jack Haller, nurses aides, and Mrs. William M. Storm, motor corps.

Mrs. Alexander Lewis, chairman of canteen for the county chapter, and Mrs. Roy Bollinger directed the following workers from Emmitsburg: Mrs. Albert McCleary, Mrs. Mary Shuff, Mrs. Jane Gingell, Mrs. E. R. Shriver, Mrs. Charles Fuss, Mrs. B. Ogle, Mrs. Edgar Rhodes, Mrs. Laurence Orendorff, Mrs. Harry McNair, and Mrs. Harry Boyle.

The entire group of Red Cross workers and other volunteers were guests of the college at lunch during the all-day operation.

High School

Play Tonight

A play, "Good Morning, Glory," will be given by the students of Emmitsburg High School tonight at 8 o'clock in the new auditorium. This play is a sparkling farce with a Beauty Contest and a robbery for the center of interest.

The following characters take part: Glory, the heroine, Doris Wastler; Clare, teen-ager, Barbara Fisher; Eva, sister, Darlene Brewer; Maxy, attractive salesgirl, Beulah Glass; Florabelle, an aristocratic beauty, Carrie Hahn; Tony, a loveable motherly person, Mary Shields; Mrs. N. G. Fleppner, Flora's mother, Helen Bushman, Hal, Joey and Frankie, three college boys on vacation, Jack Wantz, Euclid Jones and Thomas Hays; Howard, the villain, Richard Frock.

This play will mark the final appearance of some of our students and the initiation of the new stage in our new auditorium. A beauty contest with soft lights and music enhances the beauty of this staging.

Mite Society

Meets

A delicious dinner featured the regular monthly meeting of the Mite Society of the Trinity Methodist Church held on Friday evening of last week in the Parish House of the Thurmont Methodist Church with Rev. and Mrs. Adam E. Grim as hosts.

The invocation was given by Rev. Grim. Following the dinner the members and guests enjoyed group singing. A brief business session was held, with Mrs. Estelle Watkins, society president, in charge. Mrs. George L. Wilhide was chairman of the dinner committee. Twenty-one members and guests were present.

The next meeting of the society will be held at the home of Mr. and Mrs. Lewis Bell on May 23.

Mr. and Mrs. Jerome Peters and daughter, Susan Ruth, Baltimore, were week-end visitors of Mr. and Mrs. Guy A. Baker.

Lions Club Nominates Kerrigan For Presidency

Names were placed in nomination for officerships for the coming year of the Emmitsburg Lions Club at its regular meeting held Monday night in the Lutheran Parish House, President C. A. Elder, presiding.

The nominating committee, composed of George L. Wilhide, Dr. D. L. Beegle and Charles R. Fuss, selected a former past president and charter member, J. Ward Kerrigan, for the presidency. Others chosen for executive positions include John J. Hollinger, first vice president; Edward G. Stull, second vice president; Clarence E. Hahn, third vice president and Robert E. Daugherty for secretary-treasurer. New directors nominated are Charles Spriggs and Herbert W. Roger. Chosen to fill the tailtwister's position was Herbert W. Roger and the liontamer's duties will be taken over by Dr. John J. Dillon, Jr.

Guests at Monday's meeting included Lions Ray and Scott from Frederick and Lion Daniel Weybright, Thurmont, who spoke on the failure of the Little League baseball in this district for this season. He stated that only two clubs were interested, Emmitsburg and Thurmont and they were not sufficient to form a league.

Secretary Dillon read several communications and the organization agreed to endorse Massey Roe, Hagerstown, as district representative to the annual convention being held in Mexico this year.

Money from the recent Scout drive was turned over to Lion Hahn who deposited it with the treasurer.

The club agreed to cancel its next meeting in lieu of the charter night presentation being planned by the Frederick Lions Club on June 10. About 30 Lions and their wives and guests plan on attending the affair. Requests for about 10 pairs of glasses were received and are being reviewed by the sight conservation committee, Dr. Beegle, chairman.

Grange Holds

Regular Meeting

The New Market all-girl degree team, which has won state recognition, will confer the third and fourth degrees on 22 new members of the Emmitsburg Grange and 15 new members of the Thurmont Grange at exercises to be held at the Lutheran Parish House here on May 7 at 8 p. m. This same group received the first and second degrees at the Thurmont high school on April 28. The degrees were conferred by the Walkersville degree team.

Thirty-six members of the local Grange were guests of the Ballenger Grange on Friendship Night last Friday. The program was sponsored by the local chapter with Worthy Lecturer Rachael Emrich in charge. Vocal solos were rendered by Miss Helen Martin and Richard Frock; piano duet by Gwenda Cregger and Virginia Baumgardner; skit, "My Darling Clementine," was presented with Norman Shriver, Carol Frock, Crystal Mohr, Helen Martin, Raymond and John Baumgardner, John Troxell, Roy Harner, Morris Zentz, Jr., and Louis Smith taking part.

The speaker of the evening was Colonel Thomas J. Frailey and he was introduced by Rev. Philip Bower. Colonel Frailey gave a most interesting talk on "Character." Games, refreshments rounded out the program. Worthy Master Emrich commended the patrons of Emmitsburg Grange for the fine spirit shown in representing their town, in spite of very unfavorable weather conditions.

The next regular meeting of Pomona Grange will be held at Creagerstown Saturday, May 3, at 10 a. m. Emmitsburg is to be represented at the meeting.

DENIES ELECTION ACTIVITY

Robert T. Fink, Commander of Edwin C. Creager Jr. Post of the American Legion at Thurmont said Tuesday night that his post took no part as an organization in the town election on Monday, when Curtis Ray Weddle was elected president of the board of Town Commissioners and a majority voted against approval of a new town charter.

Dr. and Mrs. D. L. Beegle spent from Thursday until Sunday in New York City. While there Dr. Beegle attended post graduate lectures.

Miss Thelma Cool, Baltimore, spent the weekend with her parents, Mr. and Mrs. George Cool.

Utility Executive Completes 25 Years of Service

Samuel E. Breth, Taneytown, this month completed 25 years of service with the Potomac-Edison Co.

Now district manager for the Taneytown District of the PE system, Mr. Breth started with the utility company in 1921 in Martinsburg, W. Va. He worked in this company district until 1924.

After leaving the company service for a short time, he was re-employed as an engineer in June of 1930. In '36 he was transferred to Warmstown, Pa., as assistant district manager, and took his present office in Taneytown in 1942.

Weddle New

Thurmont Mayor

A political dark-horse, veteran of World War II and Korea, Curtis Ray Weddle Jr., was elected mayor of Thurmont Monday by a vote of 267-193 over former three-time mayor and twice-elected commissioner, S. Elmer Barnhart. A new charter for the town was defeated.

Mayor Weddle will take office May 1, to serve for one year. It is his first assay into political life. Balloting for mayor and two members of the board of commissioners at Thurmont's election, was non-partisan.

Thurmont's new executive is married and has one child. His wife, Mrs. Patricia "Patsy" Weddle, is employed at the Frederick County Commissioners office, Frederick.

Many Thurmont citizens were highly critical of a new town charter containing modernized changes modeled after those now in force at Frederick City, Mt. Airy, and Silver Spring. Mayor-elect Weddle, the nearest opponent for the office, said after the election:

"I was for the new charter. That I believe was what defeated me."

There were 183 Thurmonters voted "yes", but a majority 248 "no" defeated the proposed charter change.

Holdover Commissioners Charles R. Ambrose (321) and Russell N. Flanagan (233) were returned to the town's board of Commissioners for another term of two years. Defeated for this Thurmont township office were William H. Houck (224), William H. Benjamin (123) and George W. Wireman who received three write ins.

Two incumbent members of the Board of Commissioners with another year to serve are Theodore Beard and Ross V. Smith.

Bloodmobile

Coming to Summit

At a recent meeting of the Blue Ridge Area Blood Bank Committee, it was decided that enough pledges had been obtained to warrant the visit of the mobile unit to the Parish House, Blue Ridge Summit on May 8 from 12 noon to 6 p. m. An intensive campaign is being conducted to secure the 100 pledges necessary to fill the quota.

The Waynesboro Chapter of the Red Cross has contacted the chapters at Hagerstown, Frederick and Gettysburg and all agree that the donors may go to the center most convenient to them, regardless of county or state lines. The important factor is the donation, not the center. Why not fulfill your blood donor pledge at this convenient center at the Parish House on the Plaza at Blue Ridge Summit, Pa.? Phone Blue Ridge Summit 95-J for an appointment.

Thomas Sanders, U. S. Army, Camp Pickett, Va., spent the weekend with his parents, Mr. and Mrs. Robert Sanders.

Ask Volunteers For Airplane Spotting Station

Lumen F. Norris, supervisor of the Emmitsburg Observation Post, announced today that more than 100 civilian volunteers will be required to man the post when the Ground Observer Corps goes on 24-hour duty in Maryland and 26 other states on May 17.

The 24-hour duty, known by the operation code name of Operation Skywatch, was announced recently in Washington as a means of increasing the air defense potential of the Air Force. The GOC, a nation-wide volunteer civilian organization, serves as an Air Force Auxiliary by reporting aircraft activity to the radar network.

Mr. Norris said that a schedule of shifts has been worked out so that teams of two volunteers each will man the post for convenient periods. With the number of observers placed at 100, Mr. Norris pointed out that no team will be scheduled for a shift more than once a week. In arranging the schedule, shifts have been slated so that the volunteer spotting does not interfere with the observers' daily jobs or other obligations.

"The observers realize the vital importance that our post plays in the Ground Observer system," said Mr. Norris, "and I am highly pleased with the enthusiasm and cooperation shown by everyone connected with the post."

The post, located atop the VFW building, affords excellent aerial surveillance of the area in and around Emmitsburg. Aircraft that are spotted by observers at the post are reported to the Baltimore Filter Center where information is collected from many similar posts in the northern region of the state. This information is then relayed to an Air Force radar station. The system thus provides the Air Force with a quick and accurate picture of aerial activity throughout the region and enables them to keep track of all aircraft in this section of the state.

Organized in 36 states, only 27 states in the GOC are affected by Operation Skywatch. According to Mr. Norris these are the states which Air Force officials feel are best suited at present to maintain a full-time operating schedule, although there is still a need for additional volunteers in many sections of the country as well as locally.

Throughout the nation there are 19,400 observation posts and 49 filter centers in the GOC, all serving as part of the air defense network. The GOC was organized in February of 1950, based on the Aircraft Warning Service employed in World War II. The Emmitsburg post was built in April of this year and observers have been serving in training and standby status 'til now.

Mr. Norris asks all who can spare a few hours a day once a week to contact him or Mr. Everett Chrismer.

Last Meeting

Of Series

The last in a series of three school discussion meetings, sponsored by the six P-TA group of Frederick in co-operation with civic organizations interested in good schools and good citizens, will be held Thursday, May 8, at eight o'clock in the Frederick High School.

The main subject is "Planning Ahead for Frederick Schools and the speaker will be Dr. Thomas C. Pullen Jr., state superintendent of schools in Maryland. Dr. Andrew Truxal, president of Hood College, will be the moderator. In the roundtable discussion are Eugene W. Pruitt, superintendent of Frederick County Schools; Mr. Frank Lewis, principal of Elm Street School, Frederick; Charles E. Henson, principal of Lincoln School, Frederick; Miss Frances Ahalt, president of Frederick County Teachers Assn., and two parents.

The public is cordially invited to attend.

APPOINTS ALTAR COMMITTEE

The altar committee of Elias Ev. Lutheran Church for May has been appointed and consists of Mrs. J. W. Houser, Mrs. Frank Shuff, Mrs. Roscoe Shindeldecker, Miss Helen Neighbours and Lucy Bollinger.

William Garner, Wash., D. C., visited with his mother, Mrs. Agnes Garner, over the weekend.

Rodgers Enters Race For Mayor Here

Emmitsburgians will go to the polls Monday to elect a mayor and one commissioner. The election, strictly for those qualified voters residing within the corporate limits of Emmitsburg, will be held in conjunction with the state primaries, also scheduled for Monday, May 5.

In the local election, judges will be on duty from 2 to 7 p. m. at the Fire Hall. Charles D. Gillelan and Everett Chrismer have been appointed as judges of the Emmitsburg election. In the state primary election voting will begin at 7 a. m. and continue until 7 p. m. in the Fire Hall.

Locally, not too much enthusiasm has been aroused in either of the elections. Filing for the Corporation of Emmitsburg election for mayor and commissioner was closed last Friday at midnight and it has been disclosed that Colonel Thomas J. Frailey was the only registrant for the commission, which he is currently holding in addition to being chairman of the board of commissioners.

The incumbent veteran, Thornton W. Rodgers, serving as both mayor and commissioner for over 15 years, filed.

Holdover commissioners are C. R. Fuss and W. E. Rightmower.

In the state primary, only two party ballots, Republican and Democrat, are recognized. The Democratic slate consists of electing Estes Kefauver or an unincorporated delegate to the national convention for President. The Republicans did not enter the presidential primary in Maryland. Three have filed for the Senate seat being vacated by Herbert R. O'Connor. They are George P. Mahoney, Stephen B. Petticoard and Lansdale G. Sasser. Those Democrats filing for the Sixth Congressional seat being given up by Glenn Beal are: William Prescott Allen, Roy M. Coffman and Stella B. Werner.

Competition is keen in the GOP race for the Senate with the following listed candidates: J. Glenn Beall, Royden A. Blunt, H. Grady Gore, Thomas Hankinson and Herman L. Mills.

Five candidates have listed themselves for the Representative seat and are: DeWitt S. Hyde, Robert B. Kimble, Frank R. Long, D. John Markey and George M. Moore.

Community Fund

To Sponsor Game

The Community Fund of Emmitsburg met in regular session Monday night in the VFW Home on the Square with 11 delegates present, President Paul A. Keepers presiding.

Following the reports of Secretary Anna Law and Treasurer Mary Scott, discussion of several community indigent cases were held. Purchasing an artificial limb for a local youth was discussed but no action was taken pending further information from health department officials.

Treasurer Mary Scott announced that \$71.45 was netted from the recent doubleheader benefit basketball game and reported a bank balance of \$467.98. Two requests for eyeglasses were received and turned over to the Lions Club which treats cases of this nature, as a welfare project.

Colonel Thomas J. Frailey spoke on behalf of the Chamber of Commerce and extended an invitation to the group to attend the annual Founder's Day banquet of the Chamber on May 22.

President Paul Keepers appointed Edward Lingg to contact the Emmitsburg Baseball Assn., regarding the holding of a benefit baseball game sometime this summer. Dr. J. J. Dillon Jr. and C. A. Elder will assist in the promotion of the game.

Miss Loretta Boyle, Frederick Memorial School of Nursing, visited over the weekend with her parents, Mr. and Mrs. B. H. Boyle. She left Monday for a three months' course of training at the Sheppard Pratt Institution in Baltimore.

Mrs. David H. Guise who has spent the winter with her brother and sister-in-law, Mr. and Mrs. Harry Rosensteel of Bloomington, Ill., has returned to her home in Baltimore.

Jack Moser, Camp Meade, visited over the weekend with his wife who resides at the home of Mrs. Harry Baker.

RIDGWAY TO NATO

On the basis of his record for success in difficult assignments, General Matthew B. Ridgway is a good choice to succeed General Eisenhower as supreme commander, Allied Powers in Europe. The American public will remember particularly how General Ridgway took over and rallied what was at the time, a badly mauled and dispirited Allied force in Korea. They will remember too, that he was chosen to succeed General MacArthur as top commander in Japan and how well he has handled himself in that challenging politico-military post.

It is fortunate that General Gruenther, Ike's chief of staff at Atlantic headquarters, is to continue on in this same job under General Ridgway. General Gruenther is highly respected among the European allies and has demonstrated great organizational abilities in helping weld them into a joint defensive team. His own direct experience with NATO will be of invaluable aid to General Ridgway and should serve to maintain a continuity of policy so essential to this unprecedented Western enterprise.

dence Methodist Cemetery, Kemp-

LUTHER E. McDONNELL

Luther Edward McDonnell, retired postoffice worker and veteran volunteer fireman, died at 1:20 p. m. Monday at his home, 145 W. Middle St., Gettysburg. Mr. McDonnell, who had been ill for the past month, died unexpectedly from the effects of a stroke. He was 61.

Born in Greenmount, Mr. McDonnell was a son of Mrs. Mary E. McDonnell, Gettysburg and the late J. E. McDonnell. He attended Gettysburg schools and Gettysburg College.

For 12 years Mr. McDonnell worked as an interior decorator

and in 1918 he joined the staff at the Gettysburg Postoffice as parcel post delivery man and auxiliary carrier. Seventeen years later he became one of the four regular city carriers. He retired from the government service on Dec. 31, 1949.

Mr. McDonnell was greatly interested in firemen's activities.

Spring cleaning should include the removal of such fire hazards as old newspapers and trash from basement and attic.

says

"YOU'RE THE BOSS"

On Monday, May 5, primary election day in Maryland, you, the voter, will go into your voting booth. When you close the curtain on that booth, no ruler on earth will have greater power. You—and you alone—are the Boss!

In the United States Senate, I intend to see that you keep right on being the boss! I AM one man against the political machine . . . I will not be dictated to by any group of machine politicians and party bosses!

I AM NOT—and never will be—a rubber stamp Democrat!

I WILL fight crime and corruption just as I did as Chairman of the Maryland Racing Commission!

I AM for economy in government. National solvency is the key to national security! I WILL fight communism wherever I find it—in or out of government!

I BELIEVE that public office is a public trust, and I accept the responsibilities of that trust!

WHEN ELECTED, I WILL BE YOUR SENATOR!

VOTE FOR

BABSON

Writes . . .

By ROGER BABSON
WASHINGTON, D. C., May 1—Of all the dangerous and unforgivable things which President Truman has done, the seizure of the steel plants is the most horrible.

I am not now discussing the wage question involved. Doubtless, some raise in wages was justified; and if only a moderate increase, there need be no increase in steel prices. This would have been better for all—including labor—in the end.

Under the above conditions, labor would get less 'take-home' pay than they would get with the full increase; but what they would take home under the steel industry's offer would buy more. The action of the Stabilization Board and the President will set off another general price increase. Every reader of this column will suffer. It is too bad.

The Great Crime

The great crime was to seize the plants without due process of law, or without awarding fair damages, or without treating all plants alike. We are used to having the President seize our boys and send them to Korea; but this is under a fair draft law to which all boys are equally subject. We know that our property is liable to seizure for payment of taxes, but all citizens (not having mink coats to give) are treated alike.

The President can take our home by eminent domain for a public highway or other necessary needs; but only after a fair hearing, proper time to vacate, collecting full damages—all being subject to court injunction. The reason why the railroads were seized last year without a row is because the Railroad Laws provide for such a remedy. No such provision exists for seizing steel plants, or shoe factories, or newspapers, except in case of a war declared by Congress. We are now in no such war. This means President Truman's seizure was premeditated robbery, done to pay a cheap political debt. I repeat it was a crime, especially when he would not at least try the Taft-Hartley Law.

What This Means To You

In short, this "Hitler-Peron" act by our President means trampling on the fundamental principle of our Constitution. The American Revolution was fought to protect the sacredness of life and property. The fact that the Free Nations enjoy such protection today is their main difference from the Communist Nations. Surely, President Truman acted on some very bad and unconstitutional advice. It is a shame that he will go down in history as making this colossal mistake.

I need not describe the harm which this seizure does to our prime investments. It can undermine the security of all good stocks and bonds. If the seizure is upheld by the courts, it could cause the best stocks to go into a nose dive from which all investors, savings bank depositors and holders of life insurance policies could suffer.

Looking Into The Future

Another thought: Think of the danger of letting the President seize a newspaper which he would like to suppress! He could do this as well as seize a steel plant. He would only need to stir up the employees to demand an impossible wage increase, and then "in the emergency" seize and edit that newspaper! It is horrible to contemplate. But labor ultimately suffers from this frightful precedent. Unless the courts throw out this steel seizure, it surely someday will be used against labor itself. "It is a poor rule that will not work both ways."

Last week I was quite hopeful as to the summer and fall outlook. Due to Mr. Truman's retirement, I felt that the clouds were breaking. Since then, however, a thunder storm has arisen! Whatever happens to the steel case, I am now more convinced that ever that when the next big unemployment depression comes, it will be brought on by labor leaders.

Mr. Dorsey Boyle of Baltimore, spent Thursday night at the home of his mother, Mrs. Harry Boyle. Mrs. Valerie Overman and daughter, Mrs. Landon Edwards and son, were dinner guests of Mrs. Ward Kerrigan on Monday evening.

CHARLES F. SHARER

Charles Francis Sharer, well-known resident of Thurmont, died at his home late Wednesday night, April 23, after an illness of several months, aged 71 years. He was the son of the late John and Anna Catherine Barrick Sharer and was a member of the Rocky Ridge Reformed Church. He also was an employee of the Western Maryland Railroad for 25 years and since his retirement from that position has been carpentering.

Survivors include his widow, Mrs. Eva Catherine Wilhite Sharer and the following children: Mrs. Lloyd Bentzell, Hagerstown; Mrs. Julia Sharer, Thurmont; Mrs. Helen Stair, Hanover, Pa.; Mrs. G. R. Boyer, Gettysburg; Charles N., Harry L., Ralph E., all of Thurmont; halfbrothers and sisters, Mrs. Catherine Shorb, Thurmont; Mrs. Helen Troxell, Rocky Ridge; Roland Sharer, Rocky Ridge and Walter Sharer, Washington, D. C. Twenty grandchildren, seven great-grandchildren and one sister, Mrs. Nathan L. Valentine of Rocky Ridge, also survive.

Funeral services were held Saturday afternoon at 2 o'clock at the Creager Funeral Home, Thurmont. Rev. Edouard Taylor officiated. Pallbearers were Newton O. Sharer, Luther and Wilbur Valentine, Donald Simmers, John P. Weddle and Charles Gearhart. Interment was in the United Brethren Cemetery, Thurmont.

LOOKING AHEAD by GEORGE S. BENSON President—Harding College Searcy, Arkansas

A Blow To Communism

After several years of making things easy for the Communist conspirators in our midst a majority of the United States Supreme Court has recently demonstrated a more informed and solidly American viewpoint. The court has just crushed two of the pet arguments of the Leftwingers and self-styled "liberals" who have been sending up such a terrific hue and cry against loyalty oaths for teachers and against firing of known Reds and fellow-travelers on the faculties of the schools and colleges of the nation.

The favorite arguments of the avowed Leftwingers and of many "liberals" are (1) that Communists have the right under "academic freedom" to employment as teachers in American schools and colleges regardless of their outside "political" beliefs and affiliations; and (2) that firing teachers because of their membership in Communist-fronts constitutes "guilt by association"; and such a branding, they contend, is un-American and unconstitutional. In its 6 to 3 decision on New York's Feinberg Law, the high court blasted both of these arguments.

Getting At Them The Feinberg Law was enacted because there were many Communists and Communist-fronters teaching in New York schools and the citizens wanted them discharged. Some school authorities didn't want to fire the Reds and fellow-travelers, but most of them did and, backed by patriotic and other statewide organizations, they asked the New York Legislature to give them an enabling law so they could rid their schools of these teachers who are dedicated to overthrowing the United States by force.

The law was passed on Mar. 30, 1949. The Leftwingers rallied all their forces and mobilized an astonishing number of "liberal" dupes behind a movement to get the courts to throw out the law. The FBI reports there are 22,575 Communists and probably 300,000 fellow-travelers in New York. The Communist Party, fighting to keep its teacher-members in the vitally important school classrooms and administrative jobs, obtained a restraining order, and subsequently State Supreme Court Justice Harry E. Schirck obliged them with a ruling that the Feinberg Law was unconstitutional.

Reds Fight Back On Nov. 30, 1950, however, the New York State Court of Appeals unanimously upheld constitutionality of the law. The Communists continued to fight the law with all their resources and with all the help of many non-Communist "liberals" including some school people. Now the U. S. Supreme Court has upheld the New York Court of Appeals, and the Feinberg Law gives New York a weapon to get the Reds and their allies out of the school classrooms.

The majority opinion said: "It is argued (by the Communists and their many allies) that the Feinberg Law constitutes an abridgement of speech and assembly of persons employed or seeking employment in the public schools of the State of New York. It is clear that such persons have the right under our law to assemble, speak, think and believe as they will. It is equally clear that they have no right to work or the State in the school system on their own terms. If they do not choose to work on (terms laid down by the school authorities), they are at liberty to retain their beliefs and associations and go elsewhere."

The Company He Keeps "A teacher works in a sensitive area in the schoolroom," the Court continued. "There he shapes the attitude of young minds toward the society in which they live. That the school authorities have the right and the duty to screen the officials, teachers, and employes as to their fitness... cannot be doubted. One's associates, past and present, as well as one's conduct, may properly be considered in determining fitness and loyalty."

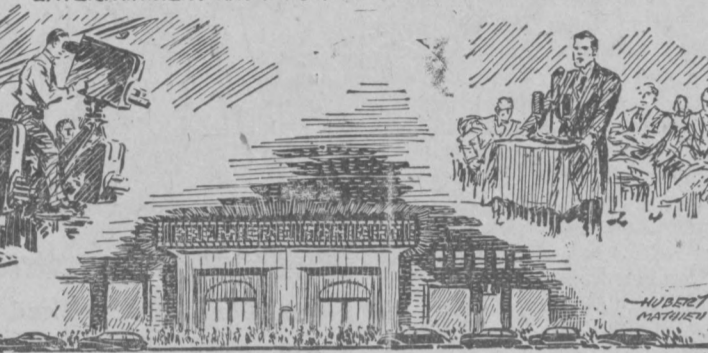

"From time immemorial, one's reputation has been determined in part by the company he keeps. In the employment of officials and teachers of the school system, the state may very properly inquire into the company they keep, and we know of no rule... that prevents the state, when determining the fitness and loyalty of such persons, from considering the organizations and persons with whom they associate."

Change your mood to Spring... with a whimsical new bonnet. Try some different color combination like mauve with navy or lime with toast. This season's millinery fashions offer a multitude of styles... from the latest profile hat especially created to flatter the poodle cut to the familiar leghorn.

a surprise glimpse of red roses perched exactly in the center, high up on the crown of the hat (top right). The poodle cut or almost any version of a short coil is ideal for the sophisticated profile hat. Peggy defines this as "any hat which clings to your head." This hat style lends itself to many interesting two-tone color schemes.

Dentists Study Use Of Fluorine

Use of fluorine in municipal and town water systems will be one of the subjects studied by Maryland dentists when they meet in Baltimore Monday for their State Dental Assn.'s 69th annual convention.

ing will hear specialists on denture construction, partial denture prescriptions, abnormal bites, diet and tooth decay and the value of antibiotics.

In addition to the specialists, 25 table clinics will be held where the general practitioner may air his problems with experts in particular fields. Components making up the convention include dental societies of Allegheny-Garrett County, Baltimore City, Eastern Shore, Frederick County, Southern Maryland and Washington County.

Dentists at the Baltimore meeting The Feinberg is a sensible step in the right direction. We ought to go further, and outlaw Communists. The New York trials proved that they seek, through revolution and by poisoning minds of our children, to make our country a vassal state of the USSR; and our citizens, its slaves.

New Drug Will Help Epileptics

A new anti-epileptic compound was described recently before the Federation of American Societies its annual meeting for Experimental Biology. Dr. Ben King Harned, of Lederle Laboratories, Harned, of Lederle Laboratories, where the new drug was developed, read the paper.

According to the report, the drug has shown best results against the grand mal, or grand seizure, type of epilepsy. The drug is generally referred to as Hibicon, or technically by its full name, Hibicon chloroethylphenamide.

Clinical tests at a number of hospitals and research centers show that the drug, which is administered orally, is well tolerated, and that it is effective in cases where other established anti-convulsants have failed.

Dr. Harned emphasized that Hibicon is a new compound, with a chemical nucleus never used before in the treatment of epilepsy. While its full possibilities are not yet known, it has shown great potential in treating several types of epilepsy.

Another recent paper on this new drug stated that a comparison of its action in a number of cases of epilepsy showed that this efficacy is of the same order as that of dilantin sodium, but that Hibicon could be tolerated without unpleasant side effects.

The following attended the Jefferson-Jackson Day Dinner on April 28 at 6:30 p. m. in the Francis Scott Key Hotel, Frederick: Mrs. Harry Boyle, Mrs. Roy Bollinger, Lumen Norris and J. Ward Kerrigan. The principal speaker was Senator Estes A. Kefauver.

PUBLIC SALE

OF Valuable Real Estate and Personal Property

I, the undersigned attorney for Lula E. Wire and William L. Bryan, will sell on premises located 1/2 mile north of "The Square" (U. S. Route 15) in Thurmont, Frederick County, Maryland on

Saturday, May 3rd, 1952 BEGINNING PROMPTLY AT TWO O'CLOCK P. M. (DST)

THE FOLLOWING TO-WIT: Any amount of small tools, garden equipment, poultry, hog and chicken feeders, miscellaneous collection of paints. You can find here most any kind of tool you need.

Real Estate

Immediately following the sale of personal property I will offer for sale the real estate of Lula E. Wire and William L. Bryan located in the northern section of Thurmont, Frederick County, Maryland (U. S. Route 15) consisting of 2 acres of land more or less, improved with a large comfortable modern brick house, containing 7 rooms, two baths, city (mountain) water, hot water heat, metal roof, all windows stripped and screened. There are four bedrooms with clothes closets, a large living and diningroom, sun parlor, summer kitchen, attic and cellar. Hardwood floors throughout.

Outbuildings consist of a two-car garage, shop and several large poultry houses. This home is surrounded by beautiful pines and lawn, has a beautiful view of the Catoctin Mountain where the famous "Horse Shoe Curve" winds its way into the Blue Ridge Mountains. This property would be ideal for a convalescent home, or if you so desire, could be converted into apartments or building lots, as it has a large frontage on U. S. Route 15 facing Catoctin Mountain. Close to schools and churches (of most all denominations).

For further reference see deed recorded in Liber 418, Folio 467, one of the land records of Frederick County, Md. NOTICE—Due to the physical condition of Miss Lula E. Wire this property must be sold and may be inspected at your convenience.

TERMS OF SALE—A deposit of 10% of the purchase price will be required of the purchaser on the day of sale, and the balance in 30 days, or when a good and sufficient deed is given. Possession will be given within 30 days of final settlement. All costs of conveyancing, including all revenue stamps at the expense of the purchaser.

Your Personal Health

(Editor's Note: This is the first in a series of eight articles telling basic, important facts about indications which should put you on guard against the possible presence of cancer.)

By W. R. CADLE, M.D.
What You Can Do About Cancer
One third of our country's population is a sizable number of people.

If we suddenly lost one third by means of their moving away we would feel the difference immediately in our homes, businesses, and farms. We would be shocked.

Yet it has been estimated that one third of the people who are lost to cancer need not have been. They had a decided lack of knowledge about symptoms of the disease.

In a recent survey in Maryland of 131 cases of a single type of cancer occurring since Sept. 1, 1951, there were 57 individuals who had a symptom of cancer.

But they did not recognize it as a symptom . . . or did not act upon this information, they did not seek medical advice at the earliest possible moment.

Early treatment still remains the secret weapon against cancer. Much money and time is being spent in research laboratories throughout Maryland and the U. S. Men are slowly and steadily finding more solutions to the cancer problem. But early treatment still prevails as the best weapon until our men and women in research can provide the final answer.

To help you learn what indications are early possible symptoms, the American Cancer Society has attempted to condense this information for you. This information is called the "Danger Signals," because when something is wrong, this information is of vital importance to you and your family.

Let me emphasize that the presence of one of these signals does not indicate the presence of the disease.

It does indicate that the possibility of cancer exists. By following your common sense and intelligence—just as you would were you to suddenly come upon a poisonous snake—you realize that quick thinking and prompt action are necessary to avert a tragedy.

When these signals appear it is important to have immediate and expert attention.

- The danger signals are:
- 1—Any sore that does not heal.
 - 2—A lump or thickening in the breast or elsewhere.
 - 3—Unusual bleeding or discharge.
 - 4—Any change in a wart or mole.
 - 5—Persistent indigestion or difficulty in swallowing.
 - 6—Persistent hoarseness or cough.

Bigger, Better, Cheaper TV Sets
In four or five years you may be able to buy for about \$100 a television set that will give you a picture three or four feet across. That is the prediction made by Benjamin Abrams, president of Emerson Radio and Phonograph Corp., in announcing \$20 to \$50 price reductions in his own firm's line of TV sets.

Finding Out The Hard Way
Repairmen David Perry and Vestal Jones, of Indianapolis, wondered if they'd succeeded in cutting the gas line in a restaurant there. One of them lit a match to find out. They had succeeded, indeed. They were treated for minor burns and singes after firemen put out the blaze caused by the explosion.

Commodore Harry Manning

Appointed to command the United States Lines' new superliner United States, largest passenger vessel ever built in this country, Captain Harry Manning, commodore of the company's fleet and one of the most distinguished American shipmasters, is now at the Newport News, Va., shipyard where the 990 foot vessel is nearing completion. The United States will sail from New York July 3 on her maiden voyage to Havre and Southampton.

Homemakers' Corner

When spinach comes in fresh from your garden this spring you'll want to have several recipes on hand to keep the family's appetite whetted for this vitamin-rich vegetable. The recipe:

Spinach Au Gratin

One-half pound spinach, chopped fine; two ounces cheese, grated (about one-half cup); three-fourths cup hot medium white sauce; slices of crisped bacon; crumbs mixed with table fat.

Start by cooking the spinach a few minutes in a covered pan in the water left on the leaves from washing. Then add cheese to the hot white sauce and stir until melted. Next, mix the spinach and sauce and pour into a baking dish. Crumble the bacon over the top and sprinkle with crumbs. Bake in oven at 350 degrees F. or until the crumbs are brown, or about 20 minutes. You'll have four servings of this delightful spinach dish.

As a gentle reminder to homemakers, spinach, when it is to be cooked and served plain, should be cooked for only a very short time. When the spinach is wilted it should be removed from the heat. In this way, both color and vitamins are retained. To keep green vegetables green, allow a little of the first steam to escape, then cover and cook quickly.

Boon To Cooks

If you've ever struggled with measuring cups, trying to figure out how much cake batter or other ingredients to put into a certain pan or been driven to despair when a recipe called for a certain size of pan that you didn't have—then lend an ear. There's good news from the manufacturers these days.

You can now find on the market sauce pans stamped with quart capacity, and there are also baking dishes that have large descriptive labels that state both the capacity and exact size. For example, the label may say "Capacity three quarts — 13 1/4" long, 8 1/4" wide, 1 1/4" deep."

YOUR UNITED STATES
BY FLOYD CRAMER
PRESIDENT, NATIONAL ASSOCIATION FOR THE PRESERVATION OF FREE ENTERPRISE, INC.

No matter how discouraging the outlook may be, the American people can ride out any storm provided they have faith in their government.

Confidence in government is the very cement that holds us all together in times of trouble.

It is an essential ingredient of democracy.

In these present months, when the whole nation is engaged in reviewing and re-examining its events of a quarter century, all of us will find it useful to take a close look at some of the factors which imperil public confidence in government.

We should all make this study in a spirit of basic Americanism and without allowing our political party affiliations to control our thinking.

This year, more than ever before, the American people—you and I—have to reach decisions of our own.

Without going into any personalities of any kind, I regret that I have to say that general confidence in government seems to be at low ebb.

Confidence fades when people begin to wonder whether government knows what it's doing, or trying to do.

For example, millions of Americans are confused by the situation in China. They remember the U. S. first supported Chiang Kai Shek and then wandered into support of the "Chinese agrarians"; they remember that we next swung back to Chiang, and identified the "agrarians" as Communists; and they remember we suddenly dropped Chiang entirely and let the Communists grab China.

Another cause of confusion and loss of confidence has been the practice of retaining bureaus that have outlived their usefulness.

The RFC is such a bureau. It was created at a time when government loans to business were necessary. That time has long since passed, but the RFC is still with us—demonstrating that government bureaus tend to go on and on. When the original job has been completed, the job holders look around for fresh territory to take over.

As a result the multiplication

of public jobs and public doles leads our people to the cynical conclusion that every man had better grab an apple while the tree is still bearing fruit.

And a third cause of loss of confidence is corruption, which seems an inevitable part of the American political scene. Whenever government jobs multiply too rapidly, whether at Federal, State or local levels, dishonest men climb aboard the pie-wagon, no matter what political group the driver belongs to.

Public confidence in government must be restored. And it can be restored, if we recapture a sense of national unity. Everyone of us must put his mind on the problem of what is best for the whole nation. Everyone of us must recognize the solid truth that governments should exist to administer public affairs for the public welfare, for the good of all rather than for the benefit of special groups.

To do this, we can't think of ourselves only as members of a political party. We have to think of ourselves as good Americans.

ANGLING ANGLES
BY Old Hi

With the spring fishing season about to open, and before we journey to the streams and ponds to catch spotted trout, what say we get busy on a few important jobs?

For the most part these will be repairing our tackle, doing some practice casting to improve our accuracy, and checking up at the local sporting goods stores to see what new rods, reels, lines, and lures we can put into action this year. Let's take these projects up in turn.

First we should give our tackle kits a thorough spring house cleaning. Perhaps dirt, sand, water or fish slime, or other substance has gotten into the trays or under-compartments. The best plan is to remove all the contents, and clean the interior with a soft cloth soaked in warm soapy water.

Rinse in clear warm water, wipe dry, and replace the lures, hooks, sinkers, leaders, lines, and other items in neat order, and in a way that will let you quickly pick out the pieces of equipment needed the oftenest. For instance, in the top tray you would want a small knife with slim, sharp blades, tiny screw-driver, long-nose pliers, assorted sinkers, eyed hooks, swivels, and safety snaps.

In the second tray you might arrange various trolling and casting plugs, spoons, and spinners, along with some bass bug floats, feather-minnows, tandem-hook streamers, popping bugs, and similar lures. In the lowest, large compartment you might store a reel or two, fly and

Harry Truman's announcement that he is not a candidate for re-election prompted many comments in Washington. From some came the wail "This is the end of everything". From others, came the gleeful shout, "Now the country can be saved".
Logically, neither is right.
The important fact about the President's announcement will only be as important as the people make it.
The important fact is that for the first time in twenty years, it will be possible to have a really free election, because both parties now have an opportunity to define objectives, and select candidates with no consideration for previous commitments.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Harry Truman's announcement that he is not a candidate for re-election prompted many comments in Washington. From some came the wail "This is the end of everything". From others, came the gleeful shout, "Now the country can be saved".

Logically, neither is right.
The important fact about the President's announcement will only be as important as the people make it.
The important fact is that for the first time in twenty years, it will be possible to have a really free election, because both parties now have an opportunity to define objectives, and select candidates with no consideration for previous commitments.

Just as the democratic party is not now bound to defend the actions of an administration, neither are republicans confined to a campaign on real, or imagined evils of the incumbents.

With hands free, each side can assay what the people want, and present positive platforms and candidates.

History may show Truman a great man; or the contrary. At the present, it makes little difference, because the White House occupant is not supposed to be omnipotent.

Control of government is supposed to be vested in the people through Congress.

History also reveals another important fact, long neglected.

Independent enterprise, which in turn nurtures small business that may with proper management

ment grow into larger business, was to be the U. S. cornerstone.
And that is the basic difference between America and the rest of the world that has been forgotten. In the past few years, the threat of fascism, or the threat of communism, has been pumped up unduly into a bogey man for public attention by bureaucrats so that everyone forgot the threat to the American system.

The plight of the citizen of Lower Slobbovia who cannot vote a secret ballot is sad. But far sadder is the plight of the free American citizen who cannot start his own business due to the pressure of monopoly on one side, and almost confiscatory taxes on the other side.

And in the unsuccessful attempts to get a secret ballot for the Lower Slobbovia, many disastrous things have happened to America.

For one thing, federal, state and local taxes now take 33% of the entire national income.

Leadership in protecting U. S. free enterprise has not been a strong point by either party.

For example, Sen. John Sparkman of Alabama, doing an outstanding job as head of the Senate Small Business Committee, is a democrat. His able predecessor was the late Sen. Kenneth Wherry of Nebraska, a republican.

The big issue today is not whether the donkey or elephant parades on Constitution Avenue.

An elephant or a donkey will both eat unguarded hay until it is entirely gone.

The big decision is what will either party make to strip the executive branch of government of the power to set up myriads of bureaus.

YOU and YOUR CONGRESS

(Sponsored by the Emmitsburg Chamber of Commerce)

WASHINGTON—Organized labor should learn in the near future whether it has overplayed its hand where Congress is concerned.

Indications from Capitol Hill at the moment are that it has. Deadline for the answer is June 30.

Directly at issue is the union shop provision of the Wage Stabilization Board's recommendations for settlement of the steel industry wage dispute.

Under a union shop agreement, an employe must join the union within a specified period after taking his job.

Generally speaking, the WSB's union shop recommendation in the steel case has tended to be overshadowed by discussion of the wage increase recommendations involved and, much more so, by the highly controversial government seizure of the industry.

However, the CIO News, in announcing the WSB's recommendations to its readers, listed the union shop provision ahead of the wage increase proposals—in one-two order.

The CIO United Steelworkers of America had not been able in the past to obtain the union shop on an industry-wide basis through negotiations. The Labor Management Relations Act, basic national labor relations statute, legalizes the union shop where it has been agreed to by the company and union.

When the Steelworkers began their most recent negotiations for a wage increase, they again asked for the union shop on an industry-wide basis. When negotiations deadlocked, the whole dispute, including the union shop issue, was referred to the WSB by the President.

As soon as the WSB (with its business members dissenting) announced its recommendations—wage increases amounting to 26 cents an hour and the union shop—Steelworkers President Philip Murray said the union would accept nothing less. The industry said it could not accept the wage recommendations without assurance of an adequately compensating price adjustment (it preferred no wage or price increase), which was not forthcoming. The industry bitterly protested the union shop recommendation.

Seizure followed—and its Constitutionality is being investigated by Congress.

While the WSB's union shop recommendation—which carries the weight of an official opinion—was happily received by organized labor, it evoked widespread criticism in Congress.

That criticism crystallized in one instance in a House vote of 255 to 88 in favor of an investigation by the House Labor Committee to determine whether the WSB was within its jurisdiction in acting on the non-economic union shop provision. The vote found 167 Republicans 87 Democrats and the one Independent (Rep. Reams of Ohio) favoring the investigation; 83 Democrats and five Republicans, opposing it.

These questions, among others, were raised by many of those House members favoring the investigation:

Was the WSB used to circumvent the Labor Management Relations (Taft-Hartley) Act, which prescribed the legal mechanism—collective bargaining—for obtaining the union shop?

Was the WSB within its rights in dealing with the union shop issue—inasmuch as the Defense Production Act, which authorizes the WSB itself, states that nothing done under the Act shall be contrary to the national labor statutes, including the Taft-Hartley Act?

No doubt the Labor Committee's findings—which should answer those and other questions—will be used as a guide by the House Banking Committee in making its recommendations for continuation of wage-price controls under the Defense Production Act beyond its present expiration date of June 30.

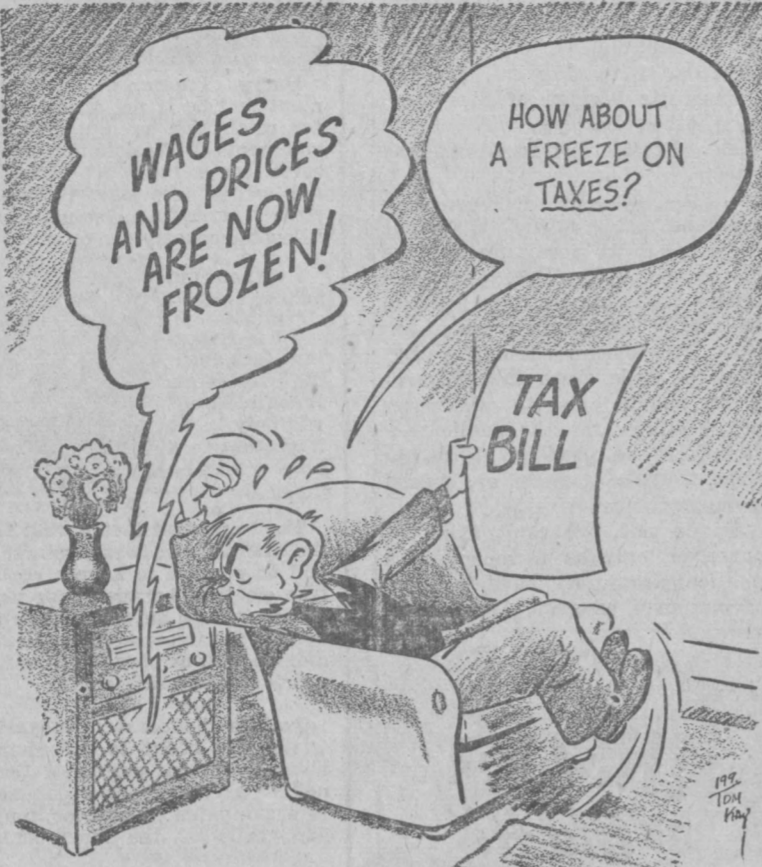

Chairman Maybank (D., S. C.), of the Senate Banking Committee, which also is considering extension of the control act, says Congress never intended the WSB to handle such things as the union shop.

If Congress becomes the consensus of Congress this year and a consequent prohibition is written into the renewed Defense Production Act, organized labor can deduce that it did overplay its hand with Congress.

It should know by the end of June.

For those who are partial to imaginative coquetry, as is Peggy Lobbin, stylish feature actress on CBS's daytime drama, "Rosemary," vivid "ever lasting" blossoms for lapel, waist, or chin are meant for you. Silk posies to flank a chignon, frame a shoulder bob or puddle outfit mounted on barretts are gay highlights this spring. One-half yard of picot-edged silk ribbon... which comes in unusual color combinations like mimosa and navy... makes a perfect bow. Arrange a cluster of tiny daisies on the bow to individualize your ensemble.

Ginny Simms, lovely co-star of radio's "Jack Smith, Dinah Shore, Ginny Simms" show, loves to achieve the "saucy look" with a dark costume dramatized by an unexpected touch of white. And a separate collar made of gleaming white, permanent pleated nylon, tied with a bow torn slightly to the left of her chin, transforms a black cashmere sweater-and-skirt outfit into a party mood. "And," Ginny emphasizes, "those tiny, knife pleats never need ironing and always look fresh." Of course, sparkling clean white shorty gloves add the finishing touch.

MARYLAND FARM FRONT

Availability of farm supplies such as fertilizer, galvanized roofing, baling wire and nails has been a big question for Maryland farmers. James A. Cottman, acting chairman of the Maryland Production and Marketing Administration State Committee, issued a resume of the outlook for these supplies in 1952.

Fertilizer—The supply is expected to exceed last year's record output by a small margin. There will be seven per cent more nitrogen and five per cent more potash, but six per cent less phosphates. The Dept. of Agriculture's program for increased fertilizer production has been approved by the Defense Production Administration, and will result in more fertilizer in late 1953 or 1954.

Tires—Inventories of tires for both tractors and farm trucks are building up. Spot shortages have occurred in some localities because of distribution patterns, but increased inventories are expected to solve this problem.

Building Materials—Cement production is high, but spot shortages have arisen in some places because dealers did not anticipate demands. As with other materials, advance ordering or "shopping around" should solve this problem. If a temporary shortage of nails appears in any given locality, Mr. Cottman advises farmers to inform the County PMA Committee. The committee will attempt to help solve the problem.

Metal roofing and galvanized pipe are generally in short supply. Increased production is expected, so the shortage will gradually improve.

Baling wire supplies should be adequate, but farmers are advised to appraise their needs and order early, taking delivery whenever possible.

Both barbed and woven wire have been scarce, but increased production requested by USDA and approved by NPA should alleviate the shortage as the year progresses. The supply situation will be better in the last half of the year than in the first half, Mr. Cottman expects.

Gives Advice On Chick Raising

Besides shelter and warmth, the essential items for raising chicks are plenty of feed and water.

It is interesting to the poultryman how much feed and water are consumed by growing chickens—particularly since having the feed consumption figures help determine the total amount needed during the growing period.

Chicks' early feed consumption is small, but it multiplies rapidly. During the first week, daily consumption per 100 chicks is only 1.3 pounds, average. It doubles the second week, and the third week daily consumption reaches four pounds per 100 chicks.

100 Chicks—100 Pounds The fourth week, daily feed intake per 100 chicks is 5.2 pounds—or four times what it was the first four weeks, 100 chicks will have eaten 100 pounds of feed.

Four weeks later, or at eight weeks of age, about 375 pounds of feed has been consumed by 100 chicks. And at nine weeks, they

are eating about 100 pounds a week.

Altogether, in 24 weeks of growing, 100 chickens will consume about 2650 pounds of feed.

Water Consumption As for water, the daily intake of 100 chicks will average about one-third gallon the first week, one-half gallon the second week, three-fifths of a gallon the third week, and one and one-fifth gallons the fourth week.

By the time they are eight weeks old, the chicks are consuming three gallons of water daily per 100, and at 24 weeks the figure has grown to five gallons per 100 per day.

Nothing is more important in raising chickens than plenty of good feed and water. Broiler-growers, who are in business to produce the meatiest bird in the shortest possible time, do not skimp on feed or water. They know that to do so would hold back growth.

Give growing birds, all the feed and water they need, if you would succeed as a poultry-raiser.

Homemaking Is Important Career

Homemaking is the most important career that any woman can have, says Mrs. Florence Low, home demonstration agent, leader of the University of Maryland. The statement was made in connection with the current observance of National Home Demonstration Week, held from April 27 to May 3.

"It is in the home that future generations gather their ideals and principles to build the world of the future," Mrs. Low explained. She points out that the theme of National Home Demonstration Week is "Today's Home Builds Tomorrow's World."

According to Mrs. Low, there are over 17,000 members of Homemakers Clubs in Maryland, and they will join about one and a half million other women in observing the week.

Homemakers Hold Regular Meeting

Miss Grace Rowe entertained the Emmitsburg Homemakers Club at its regular meeting April 24. The president, Mrs. Laurence Orendorff, conducted the business session which included a bus trip being planned by the club to duPont Gardens Saturday, May 17. Those interested in making the trip are to contact Mrs. Charles Sharrer, garden chairman, or Mrs. Orendorff.

One new member, Mrs. Elsie Weamert, of Sabillasville, was reported.

Mrs. Harry Boyle, Miss Grace Rowe and Miss Louise Sebald were appointed to secure a delegate to attend the short course at College Park June 30 to 31.

Mrs. Roy Bollinger and Mrs. Orendorff gave reports on the annual county council meeting held at Hood College recently. Mrs. Bollinger also gave a report on the short course meeting held in the conference room in Frederick.

Mrs. Ward Kerrigan, who represents the club sponsoring the local Girl Scout troop, made a plea for leadership for those 27 interested girls who are Scout members.

The next afternoon of games will be held at the home of Mrs. Kerrigan on May 8 and will be for the benefit of the Scout troop.

Mrs. Harry Boyle, co-hostess, and Miss Rowe, hostess, served refreshments after the meeting adjourned. The next meeting will be held at the home of Mrs. Joseph Hoke with Mrs. R. M. Zach-

arias as co-hostess. Bowers gave a demonstration of After the meeting Mrs. James plastics.

The program for the morning and afternoon sessions of the annual Sunday School Convention of the Western Conference of the Maryland Lutheran Synod meeting have been announced by Mr. Vernon Zimmerman, secretary, Westminster.

The general theme for the convention will be: "The Bible Is Teaching." Registration will begin at 9:30 a. m., with Mrs. Robert Gillelan, Mrs. A. W. McCleaf, Mrs. Herbert Rohrbaugh, Mrs. Robert Saylor, Miss Grace Rowe and Miss Betty Smith serving as the registration committee.

Mr. and Mrs. Joseph Gullo and sons, John, Paul and Michael, Miss Rose Gullo and Miss Mary Fina, all of Oneida, N. Y., are spending a week with Mrs. Gullo's mother, Mrs. Guy A. Topper.

Mr. and Mrs. Donald Matthews, Springfield, Mass., visited over the weekend with Mrs. Matthews' parents, Mr. and Mrs. C. G. Frailey.

Mr. and Mrs. Leo Eckenrode and sons, of Bryn Mawr, Pa., visited Monday with Mr. and Mrs. Charles E. Eckenrode and with Miss Alice Kelly and brother, Lewis.

Mr. and Mrs. Ralph Lee Keilholtz visited Sunday with their daughter, Rebecca, who is a patient at Children's Hospital in Baltimore. The little girl underwent a hip operation last week and still is in a cast.

Thurmont School Play Tonight

The Thurmont High School will present "Our Miss Brooks" tonight in the auditorium of Thurmont High School at 8:15 p. m.

The story is centered around the reaction of the school faculty when the school play clashes with school athletics. The play is full of genuine humor and delightful comedy and features Miss Beth Royer in the leading role supported by June Brown, Billy Harne, Lewis Corl, Laura Claubaugh, Pat Smith, Earl Buhman, Betty Willard, Janice Lewis, Virginia Dewees, Dotty Ann Jackson, Betty Ann Favorite, Dorothy Gorman, Jean Wolfe, Catherine Seiss, Rodman Myers and Edward Buhman.

Alumnae To Meet This Week

Charles A. Brecht, director of public relations at St. John's University, Brooklyn, N. Y., will be the main speaker at the 1952 Reunion Weekend of the Alumnae of Saint Joseph College May 2, 3 and 4, which will be held on the college campus.

Mr. Brecht, who will speak at the reception luncheon Saturday, is president of the Metropolitan College Public Relations Council and has been consultant on public relations to the college and university department of the National Catholic Educational Association.

Reception of the Class of 1952 into the Alumnae Assn. will take place at the luncheon. Golden and silver jubilarians, members of the classes of 1902 and 1927 will be tributed and the reuning class with the largest percentage returning to the reunion will be awarded the Hassell Vase.

The general business meeting of the National Association will be held Saturday morning at 11:00 with M. Carmel McKiever, Washington, presiding.

Elizabeth A. Fitzgerald, alumnae Executive Secretary, is chairman of arrangements of the Alumnae Weekend.

P-TA Meets

The April meeting of the Emmitsburg Public School PTA was held April 23 in the cafeteria. A rising vote of thanks was given Mrs. Hoke for the successful card party recently held.

Mrs. Harry Scott made a report on the county council panel discussion concerning the evaluation of the elementary school education.

The attendance banner was won by Mrs. Scott's room. The meeting was adjourned to meet May 28, at which time the nominating committee will make its report and elections will be held.

Proclaims Good Posture Week

National Correct Posture Week—the first week of May—will be sponsored here by the Maryland Chiropractic Assn., according to Dr. D. L. Beegle, who is a past president of the association.

Chiropractors are especially conscious of the grave consequences which follow faulty posture, because a substantial proportion of their patients suffer from ills directly traceable to bad posture or to crumpled positions required by their jobs.

Both nationally and locally, organizations devoted to child health and welfare are being invited with special cordiality to join chiropractors in observance of Correct Posture Week.

Most district chiropractors have agreed to examine school-age children free, provided they are accompanied by their parents.

WHEREAS, the most important single factor in man's attainment of his goals and in the materialization of his plans is physical fitness, and

WHEREAS, all doctors are now agreed that good health and correct posture go hand in hand, and that in any general program planned to better the health of the people of this nation, posture must be considered as one of the main factors in promoting sound bodies and the advancement of individual efficiency, and

WHEREAS, the Week of May 5 has been set aside to stress the importance of correct posture in the schools, factories and homes of the nation to the end that the health of the nation may benefit thereby.

NOW, therefore, I, Thornton W. Rodgers, Mayor of Emmitsburg, Md., by the power invested within me do hereby proclaim the week of May 5 as Correct Posture Week in Emmitsburg, Md., and do urge all our citizens to give serious consideration to the important benefits to be derived from good posture.

SELECT PLAY

The Senior Class of the Emmitsburg High School has chosen "Take It Easy," by William D. Fisher for their class play. This is a farce-comedy in three acts.

The play revolves about the absent-minded Mrs. Highgate, who is continually forgetting names and mistaking the identities of her daughter and servants. In her mad scramble to keep from being outdone in her social circle, she decides to have her portrait painted and a series of hilarious episodes follow.

WHERE PAINT COUNTS... DAVIS MAKES THE DIFFERENCE

Senator O'Connor Endorses Mahoney

Senator Herbert R. O'Connor has picked George P. Mahoney, as the man "best qualified" to succeed him in the Senate.

Sen. O'Connor said that he had decided to endorse Mr. Mahoney for the Democratic senatorial nomination after the "most" careful consideration of the Sasser-

Mahoney Democratic contest. In his statement endorsing Mr. Mahoney, Sen. O'Connor said:

"I have received from different sources in Maryland requests as to my attitude in regards to the Democratic Senatorial Primary to be held on May 5. "This fact together with my

deep seated conviction that the best available candidate should be chosen to represent the people of our State, causes me to feel that I should announce my views in this connection.

"In response to such inquiries I wish to state that I intend to vote in the primaries for George P. Mahoney.

"For obvious reasons I am more than ordinarily interested in the selection of the Democratic nominee for the office I now hold through the generous suffrage of the Maryland citizens.

"For that reason I have given the most careful consideration to the pending Senatorial contest and have followed the public statements of the respective candidates.

"It is my considered judgment that of those aspiring to the Democratic nomination, Mr. Mahoney is the best qualified. During my tenure as Governor he occupied a position of importance in the administration. My contacts with him over the years impress me with the fact that he possesses not only diligence, integrity and great energy, but also a high degree of ability.

"The campaign statements of Mr. Mahoney relative to his deep concern over un-American activities and his intention to adhere to sound fiscal policies, if elected, and his declarations concerning other governmental principles have impressed me favorably. Convinced as I am that Mr. Mahoney would strive earnestly to represent our State in a creditable manner in the Senate and believing as I do that he possesses the ability to do so, I intend to exercise my privilege in voting for him and trust he will be nominated and elected.

Among the other Democratic leaders in the State who came out with endorsements for Mr. Mahoney this week were former State Senator Joseph George of Queen Annes County, and State Senator Louis Phipps of Anne Arundel County.

Chester Masser, U. S. Army, Fort Jackson, S. C., spent the weekend at his home here.

Robert L. Wivell, S.R., of the U. S. Navy, has returned to Bainbridge, Md., after spending a 14-day furlough with his parents, Mr. and Mrs. Roy Wivell.
