Most Anything At A Glance

BY ABIGAIL

Ever since I mentioned, in a recent article, that there had been at one time, a large deposit of iron ore in the mountains at Catoctin Furnace, there has been a lot of talk going on in local circles as to whether there are any remaining deposits. That's the \$64 question to which I don't have the answer and I don't know who has. Anyone want to purchase some stock in an iron mine?

The water pistol craze finally has hit the adult group, so watch out for your good Sunday clothes. These fellows don't hesitate to "plug" you on sight. There are about a half dozen of these fellows bitten by the water bug and there's no telling as to how large an area the epidemic might spread. I'll say this though, the "boys" appear to be really having fun and what's the use of living if you can't have a little harmless fun? There's only one bad feature about the setup and that is that it had to happen when we are experiencing a drought!

A lot of excitement has been generated by the announcement by the Atomic Energy Commission revealing that it was possibly interested in a location somewhere in Frederick County. While the exact location the commission has in mind has not yet been made public, it is believed to be in the Frederick City area. The project would be an immense one if ever it materializes, and would mean a lot to this county in the form of money, jobs and homes. Nothing is definite about the project and Congress has to act on the matter first.

Monday used to be laundry day in Emmitsburg, but it appears now that twins have arrived. Thursday and Saturday will be wash day for cars, according to an announcement by the local water company that car washing will be permitted on these two days, only. Cooperation is asked in the matter or we will be forced to endure complete restrictions once more. Rains the past week were responsible for the easing of the restrictions which mostly will remain in effect until such a time when we have a safe reserve of water in our reservoirs. Let's not abuse the privilege folks!

When things happen in Emmitsburg they happen mighty fast. For years we go on dealing at the same old places, seeing the same faces and enjoying pleasant shopping acquaintances and nothing new ever seems to happen. Then suddenly we are faced with the announcement that three places of business change hands within a week. It's a fact, within the past week a liquor store, grocery store and a drug store have or are about to go under new hands. Now if we just had a few new businesses coming to town, not the competitive type of course, as it is hard enough for those in business in a small town to eke out a livelihood without too much competition, then we really would have something to talk about and maybe an expansion movement would be started. Lord knows the town can't grow any larger than it is because there are few, if any, building lots in the corporate limits. The only way it can expand is to extend the corporate limits, which would give Emmitsburg more tax money, more car license revenue and more revenue from the gas tax and race horse tax allotments divided out by the state, according to population.

Mosquitoes should be fewer in number after the good cleaning out the Town Council gave Flat Run last week. Better than a half-mile of the polluted stream was opened by dredging. Weeds were removed and stagnant pools opened and graded so that the flow can go unobstructed to other parts. Already the pungent stench has left the section and it is expected that most of the mosquitoes will depart for other destinations soon. The water is flowing freely now and it is sincerely hoped that a bad source of agitation between the property-owners in that area and the Corporation of Emmitsburg, has been eliminated.

(Continued on Page Six)

Appointment To Election Board Received

Lumen F. Norris, life-long resident of Emmitsburg District and World War II veteran, has been appointed by Governor McKelgin as a member of the Board of Election Supervisors of Frederick County, succeeding the late Charles G. Geisbert of Urbana.

Mr. Norris, an unsuccessful Democratic candidate for House of Delegates' nomination in the recent primary, will become the minority party member of the board. The Republican members are Pierce H. Gaver, president, of Frederick, and Howard R. Damuth of Thurmont.

The commission for Mr. Norris was received on Tuesday at the office of the Clerk of the Circuit Court. The Emmitsburg man had been notified of his appointment Monday in a letter from the Governor.

He had the recommendation of both the Democratic and Republican State Central Committees of Frederick County, it was reported.

A graduate of Mt. St. Mary's College, where his father taught for many years, Mr. Norris, who is 33, entered the armed services immediately after leaving college and was in action in Europe. He was wounded in the Battle of the Bulge.

For the past seven years he has been manager of the Veterans of Foreign Wars Home in Emmitsburg. He is service officer, adjutant and quartermaster of the post. A lifelong Democrat, his parents are Prof. and Mrs. Thomas J. Norris of Emmitsburg.

Complaints Must Be Written

Persons who wish the Health Dept. to take action on neighbors who dump garbage and other unhealthful refuse on their property must notify the department in writing, Dr. Forbes H. Burgess, county health officer, said this week.

The health officer said that, in opinions from representatives of the Maryland Dept. of Health and the Attorney General's office, persons affected must make complaints in writing to the county health department before legal action can be taken.

The opinion from the Attorney General's office states the "county health officer must have a written complaint from a legally qualified practitioner or any two persons affected by the nuisance" before he may abate the nuisance.

Celebrates 92nd

Mr. Peter F. Burket, one of the oldest residents of Emmitsburg, quietly celebrated his ninety-second birthday Wednesday.

The octogenarian appeared to be his usual hale and hearty self and was tendered a little "get-together" by employees of the Farmers State Bank of which he is a director.

C. OF C. TO MEET

The regular monthly meeting of the Emmitsburg Chamber of Commerce will be held Tuesday evening at 8:00 p. m. in the Fire Hall.

Registration Dates Set For County

The Frederick County Board of Registry will sit for part of a day in each of the county's election districts outside of Frederick City during August and September to register voters for the November election, it was announced this week.

Pierce H. Gaver, president of the Board of Election Supervisors, said the registrars would begin their sittings on Aug. 19 for Buckeystown District, Precinct 1, in the school house at Buckeystown.

The registrations in the county centers are scheduled to take place from 2 to 8 p. m. on the dates listed in the schedule announced. The registrars will be in their office in the basement of the Court House until noon on the days of the special registrations.

The registrars will register, transfer and give removals to those who desire them. Persons in nearby districts or precincts may also register.

The registrations in the county meet the demands of the central committees of the political parties and the complaints of home politicians that a number of persons were not registering to vote because they had to come to Frederick to do so. The registrations will show whether the latter argument had much merit. District leaders in both Democratic and Republican parties are being informed of the dates which the registrations will occur in their areas.

Here are some of the registration dates and places:

Aug. 24, Creagerstown District, Lutheran Parish House, Creagerstown.

Aug. 25, Emmitsburg District, Precincts 1, 2, and 3, Firemen's Hall, Emmitsburg.

Aug. 26, Catoctin District, school house, Wolfsville.

Sept. 1, Havers District, Precinct 1, parish hall, Sabillasville.

Sept. 2, Havers District, Precinct 2, school house, Foxville.

Sept. 3, Woodsboro District, Precincts 1 and 2, school house, Woodsboro.

Sept. 10, Thurmont District, Precincts 1, 2, and 3, Fire Hall, Thurmont.

Sept. 17, Lewistown District, school house, Lewistown.

GIVEN SURPRISE PARTY

A surprise going-away party was held last Saturday evening at the home of Miss Janie Bollinger, W. Main St., for Charles Baker, who joined the Marines this week. Among those present were Jack Wantz, Mary Shields, Robert Gelwicks, Angela Rocks, William Greco, Ellen Rocks, Woody Stoner, Joan Watkins, Mr. and Mrs. Allen Stoner, Gene Rosensteel, and Geraldine White. Refreshments were served by the hostess and dancing was part of an enjoyable evening.

Lions Plan Annual Picnic

The annual picnic of the Lions Club has been scheduled for Tuesday, Aug. 31, and will be held at Dr. D. L. Beegle's cottage at Marsh Creek Heights, it was announced at the regular meeting of the Emmitsburg Lions Club held Monday evening in the Lutheran Parish Hall, President J. Ralph McDonnell presiding. Three out-of-town guests were present at the meeting.

C. A. Elder reported that the stoning of the schoolyard at St. Euphemia's School has been temporarily halted pending a decision of school officials as to whether or not the grounds will be "black-topped."

J. Ward Kerrigan, general chairman of the special committee in charge of the 25th celebration of Charter Night, announced that preparations were well under way for an elaborate affair, and also disclosed he had appointed Philip B. Sharpe and C. A. Elder as assistants on the committee. The affair will be held in November, and it is planned to have a member of Lions International as guest speaker.

Herbert W. Roger, chairman of the advertising committee for the Horse Show, announced his committee was about to begin soliciting for advertising to be placed in the Horse Show Book. The show will take place at the Lions Club Field, along the Emmitsburg-Taneytown Rd., on Sunday, Sept. 26.

The Lions are seeking an individual interested in Scouting. The Club sponsors the Boy Scouts locally, and the present Scoutmaster announced his resignation this week. Anyone interested in this type of work is asked to contact any member of the club.

Local Fisherman Catches Big Marlin While Vacationing at Ocean City, Md.

Here's one of the big fellows that didn't get away. Pictured above is Robert Saylor of Motter's Station, holding the 6-foot, 35-pound marlin which he mastered last week while fishing at Ocean City, Md., after a 25-minute struggle.

The vacationing party consisted of Mr. and Mrs. Robert Saylor and Mr. and Mrs. Raymond Keilholtz. Others who joined the fishing party were Walter M. Blumenthal and Elmer Schick of Washington D. C. The vacationers reported that the ocean resort is enjoying one of the best fishing

seasons ever, six marlins being taken the day Robert landed his. Mr. Keilholtz was satisfied with his catch of three dolphins, the largest of which weighed 15 pounds. Elmer Schick "rescued" two dolphins.

Robert, who naturally was filled with pride at his accomplishment in mastering the big fish, brought his prize catch home, packed in ice, with the intention of having it mounted. He was really disappointed to learn that no one in this area could do the job, so naturally there'll be marlin on the Saylor menu for some time to come.

Thurmont Citizens Are Puzzled By Widening Street Cave-in

Thurmont town officials were awaiting a telephone call this week from an official of the Dept. of Geology, Mines and Water Resources of the State before deciding what further action will be taken concerning a sink which has appeared in the earth off Carroll St.

It is anticipated that a representative of the State Geology Dept. would be asked to come to Thurmont and examine the sink. The hole in the earth, which first appeared last week and was filled, has reopened and appeared to become somewhat deeper and wider Monday.

It is now approximately three-quarters of the way across a

town alley connecting with Carroll St. near the property of Raymond Miller. The funnel-shaped center is estimated to be eight to 10 feet deep and the whole area covered by the sink is placed at 20 to 25 feet.

Town officials have had the section roped off to keep the curious from danger in the event a further collapse should occur. Thus far the sink has not moved in the direction of any nearby property.

But a Thurmont official said he and others were wondering whether any other sinks might show up later, perhaps where property could be endangered.

State Announces Annual Distribution Of Race Track Tax Money

The first payment of 1954 State funds from the horse racing taxes to Frederick County for distribution to city, county and incorporated towns on a population basis shows an increase over the figure received last year, it was learned this week.

The County Commissioners' office, which makes the distribution, received \$40,636.88 as total first payment this year. Last summer, the first payment was \$37,544.66.

A second payment is made in the winter. Last winter this

amounted to \$44,157.06, making a total distribution of \$81,701.72. It may be higher this year.

Frederick County received \$22,428.86 of the total amount comprising the first payment this summer. The remainder was distributed on a population basis as follows:

Frederick City, \$11,825; Brunswick, \$2447.91; Emmitsburg, \$820.53; Burkittsville, \$122.26; Middletown, \$611.32; New Market, \$197.45; Myersville, \$162.80; Thurmont, \$1093.84; Walkersville, \$501.48; Woodsboro, \$278.37, and Mt. Airy, \$146.46.

Recent Bride

Miss Dolores Yvonne Miller, daughter of Mr. and Mrs. Floyd C. Miller, became the bride of Robert M. Gillelan, son of Mr. and Mrs. Robert H. Gillelan at ceremonies held in St. Joseph's Catholic Church two weeks ago.

Grocery Business Changes Hands

The dean of Emmitsburg's businessmen, J. William Rowe, announced this week his retirement from the business world. Completing 56 years in the business field, Mr. Rowe announced he has disposed of his food market on E. Main St., next to the Farmers State Bank.

For the past 29 years "Bill," as he is familiarly known, operated the former A & P Store as manager, and when that firm vacated the town, he opened his own business in the same location.

He at one time served on the Town Board for a period of a decade.

The store was sold to J. Lawrence Orendorff who takes over operation today.

Local GI In Bavarian Action

Army Pfc. James E. Knox, 21, son of Mr. and Mrs. Charles W. Knox, S. Seton Ave., was a participant in the recently completed maneuvers held in southern Bavaria by the 5th Infantry Division's 11th Regiment.

Taking place during some of the worst weather Germany has had in years, the maneuvers tested the combat-readiness of the unit under realistic fighting conditions.

Pfc. Knox, a 57mm recoilless rifle gunner in the regiment's Co. A, entered the Army in March, 1953 and arrived overseas the following August.

Chorus Readies

The Emmitsburg Teen-Age Community Chorus went into its last month of rehearsals this week. The Chorus, which has been rehearsing during the summer months, will present an outdoor concert on Sunday, Aug. 29, at 7:30 p. m. on the steps of the Emmitsburg High School.

The Chorus is a mixed voice group comprised of local and out-of-town talent. It is open to all who enjoy singing and will take an active part in its performances. The enrollment now stands at 35, and it is hoped that it will reach 50.

Rehearsals are held in the VFW Rowe Annex unless other arrangements are made by the director.

Mrs. Carolyn Eyer is accompanist for the group and Jack L. Wantz is director. The entire production is supervised by Mrs. Robert Daugherty.

MRS. MARTIN STOUTER

Mrs. Pauline Gertrude Stouter, wife of Martin Stouter, Emmitsburg Rt. 1, died last Saturday, Aug. 7, at their home after an illness of three years, age 42 years.

She was a daughter of Mrs. Lucy Lawrence Bollinger and the late William Bollinger.

Surviving besides her husband and mother, are a daughter, Mrs. Thomas Fogle, Emmitsburg Rt. 1; five brothers and three sisters: Allen Bollinger, Taneytown; Elmer Bollinger, Thurmont; Percy Bollinger, Taneytown; Charles Bollinger, Emmitsburg; Joseph Bollinger, Littlestown, Pa.; Mrs. Norbert Wivell, Thurmont; Mrs. Bernard Boyle, Emmitsburg, and Mrs. Earl Hawk, Taneytown.

She was a member of St. Joseph's Catholic Church, Emmitsburg.

Funeral services were held Tuesday, meeting at the funeral home at 8:30 a. m., followed by a requiem mass at 9 at St. Joseph's Church. Rev. John Sullivan officiated. Interment in the new St. Joseph's Cemetery. S. L. Allison, funeral director.

Benefit Baseball Game Set For Wednesday Eve.

The annual benefit baseball game, sponsored by the Community Fund of Emmitsburg, will take place this year on Wednesday evening, Aug. 18.

The affair annually draws a large crowd and is the only means the Fund has of raising operating revenue.

Officials of the organization have announced the opponents of the Emmitsburg Pen-Mar League team as Creagerstown, an outfit well up in the standings of the Tri-County Baseball League. The affair promises to be hotly contested and Plate Umpire John J. Hollinger promises a "square deal" for both parties.

The Community Fund was organized in 1949 and its first president was Lumen F. Norris, followed consecutively by Thornton W. Rodgers, Paul A. Keepers, Philip B. Sharpe, and Austin Joy.

Money for operational expenses comes from some type of public affair, usually a baseball game. A few generous citizens have made small donations to help the group along financially. All work by the group is unpublicized and is kept strictly confidential. The Fund has been instrumental in lending direct and indirect aid to about a dozen families in this community annually. Indigent families in need of food, clothing, and medical attention have been taken care of quietly for the past five years.

Tickets to the game, which will start at 6:15 Wednesday evening, are on sale at most business places and can be secured at the gate that evening. The two baseball teams have generously donated their time and efforts to the cause.

Drill Team Remains Active

The Francis X. Elder Post, No. 121, American Legion, drill team and color guard participated in the Firemen's parade at Littlestown, Pa., last Friday evening.

The following members were in the line of march: Everett Chrismer, Sterling Goulden, Charles B. Harner, Maurice Koontz, Paul McLaughlin, T. Eugene Rodgers (drillmaster), Joseph Rodgers, Jack Rosensteel, Louis Rosensteel (secretary-treasurer), Donald Topper, Carrol Topper, Andrew T. Shorb, Leo Topper, Curtis Topper, Horace Nestley, William T. Izer, Edgar Wastler, David Wantz, Eugene Sprankle, William Weidner, George Ashbaugh Jr., Clifford Eyer, John Sites, Donald Stultz, and Thomas Sanders.

Not Guilty On Assault Charge

An Emmitsburg area man was found not guilty of assault and battery on his brother-in-law but was ordered to stay away from the home of his in-laws in the Hampton Valley section by Magistrate Wilbur F. Sheffield in a Peoples Court, Frederick, hearing last Friday morning.

The magistrate ruled that Charles Knott acted in self defense in engaging in a fight with his brother-in-law, Charles William Springer, at the Springer home on July 24.

Springer admitted he was brandishing a newly sharpened butcher knife, but asserted he was acting in self defense after being tossed out of the car driven by Knott.

MEMBER MARYLAND PRESS ASSOCIATION, INC.

SENATE CLOAKROOM

By J. GLENN BEALL

United States Senator from Maryland

Amending the Social Security Act is one of the remaining major legislative jobs in Congress and the result undoubtedly will be increased benefits and coverage for many not now included in the program.

Several million people will be covered under the terms of H. R. 9366 as reported by the Senate Committee on Finance, but many self-employed and professional people will continue to be excluded. However, ministers may be included on a voluntary basis. Agricultural workers are included if paid \$50 or more in cash wages by one employer in a calendar quarter, and the same is true for domestic workers. State and local governments will be able to agree to coverage of their employes under an agreement with the Federal Government.

Deductions now are limited to an income of \$3,600 per year, but under this bill after 1954 deductions would be taken out up to \$4,200 a year; and the rate will remain at 2% for employe and employer until 1959 when it graduates to two and one-half per cent for employer and employe until 1969. From 1970 until 1975 it will remain at three and a half per cent and thereafter would be for four per cent for both the employer and employe.

ALONG THE POTOMAC

By Cong. DeWitt S. Hyde

With more than 300 witnesses a year taking refuge in the Fifth Amendment and blocking congressional investigations, the House has passed a bill to grant them immunity from prosecution.

It is one of the major Eisenhower proposals to deal with the Communist plot.

The Fifth Amendment was written into the Bill of Rights to protect persons from being compelled to testify against themselves in criminal cases. It re-

Minimum benefits for single persons are now \$27.50 and \$41.30 for married persons. Under the new bill these would be increased to \$32.50 and \$48.80, and in some particular cases to \$57.80.

Maximum benefits now start at \$85.00 for a single person and would run up to a maximum of \$108.50 in the new bill, and as high as \$162.80.

Survivors benefits are also substantially increased and under the new bill the minimum would be \$30.00 and go as high as \$200.00 per month for a widow and three children.

Also the Senate will probably act on a bill, already passed by the House, which would increase the rates of compensation to certain veterans and their dependents, and another which would extend the time for initiating training under P. L. 550, the Korean GI Bill of Rights.

forces our system of justice in which a man is innocent until proven guilty.

Congressional witnesses have, in increasing numbers, declined to answer congressional committees' questions on the ground they might incriminate themselves. An answer to the \$64 question—"Are you a Communist?"—could lead to prosecution for conspiracy to overthrow the government.

Many times it would be to the advantage of the people's security, law and order to expose a conspiracy by guaranteeing that a witness will not be jailed for what he says.

Under the new bill Congress or the particular committee would have to obtain approval of a federal court before granting immunity to a witness. I was among the heavy majority which voted for the bill.

There was some argument that it might infringe on some fundamental right. But since the purpose of the bill is to protect the witness, it isn't possible that it would deprive him of any right.

Several government boards and commissions, such as the Interstate Commerce Commission, the Securities Exchange Commission and Internal Revenue, have long had authority to grant immunity in their hearings. We all know how prosecuting attorneys have bargained with underworld characters to turn "state's evidence," exposing criminal operations and having their own sentences reduced or waived entirely.

Congress needs this same power to improve its investigating function. While many people criticize congressional inquiries, they derive from an important, inherent constitutional power. There have been many laws enacted by the Eighty-third Congress to curb the Communist conspiracy. The need for them was clearly shown by investigations.

The new immunity bill, limited to cases of subversion, treason, sabotage and like cases, will increase our ability to guard our national security.

Woodsboro Livestock Market Quotations

The following quotations are those that prevailed at the weekly Tuesday auction of the Woodsboro Livestock Market:

Butcher steers, \$18.30; butcher heifers, medium to good, \$15.00; butcher cows, medium to good, up to \$12.70; canners and cutters, \$7.00-11.00; butcher bulls, \$13.85; stock steers, \$13.85; stock heifers, \$40.00-66.75; stock bulls, per cwt., \$13.35; stock bulls, per head, \$65.00-135.00; dairy cows, per head, up to \$184.00; good choice calves, 190-250 lbs., \$24.50; 160-190 lbs., \$24.00; 140-190 lbs., \$23.75; 125-140 lbs., \$23.50; light and green calves, \$5.75-15.00; lambs, \$18.75; good choice butcher hogs, 140-160 lbs., \$23.00; 160-190 lbs., \$24.25; 180-210 lbs., \$25.00; good butcher sows, \$16.00; pigs, per head, up to \$17.75; fowl, old, 21c lb.; young, 33½c lb.; ducks, 23c lb.; rabbits, up to 95c head; bacon, 50c up; lard, up to 21c lb.; shoulders, 54c lb.

The Dallastown Boys & Girls Band

AT THE MAJESTIC THEATRE, GETTYSBURG

The man of many moods, faces, personalities and what have you, Danny Kaye, stars in the brand new comedy sensation, "Knock On Wood," which plays through Saturday, Aug. 14, at the Majestic Theatre, Gettysburg. In this latest excursion into laughs and thrills, Danny masquerades in the guise of such odd characters as a celebrating Irish tenor, an English plutocrat, a song-and-dance man, a stuffy auto salesman, and a Russian ballet dancer.

Rev. Philip Bower, Pastor
Sunday School, 9:15 a. m.
The Service, 10:30 a. m.

C. & O. Canal Is Featured In Ford Magazine

The historic Chesapeake and Ohio Canal, which lies along the Potomac River between Washington, D. C. and Cumberland, is featured in the lead article of a national magazine just off the presses.

The article, entitled "George Washington Walked Here," appears in the September issue of FORD TIMES magazine, which is distributed through Ford dealers from coast to coast.

In Emmitsburg you may secure your copy at Sperry's Garage, S. Seton Ave.

Frank Woodfield, author of the article, reviews the history of the picturesque canal. "It was George Washington's dream to by-pass the rough stretches of the upper Potomac with a series of canals, Mr. Woodfield writes, 'thus opening a water route between the eastern seaboard and the west. In 1785 he organized the "Potomack Co.," which, by 1802, had finished five canals on the Virginia side.

"In the 1820's the company's charter was taken over by the Chesapeake and Ohio Canal Co. which began to build a canal on the Maryland side of the river. President John Quincy Adams turned the first shovelfull of dirt for this venture on July 4, 1828. By 1850, the canal had got as far as Cumberland, and stopped. It continued to be used for local traffic, even as late as 1924, when a severe flood ended its diminishing usefulness."

Illustrating the article are paintings by Paul B. Remmey of the sight-seeing barge "Canal Clipper," the Great Falls of the Potomac, typical farms along the canal, and the Potomac at Harper's Ferry.

When bass are in rather shallow water and run small in size, a fly rod is much the best for them and will take the most fish. Casting tackle is the thing for real lunkers, almost any time or place.—Sports Afield

It's time for a change!

I'm no politician, in fact I can't even vote. But I'm ready to campaign for a change. As chickens, we've had enough of the present system. Why should the boss continue to use irritating, disagreeable disinfectants with strong odors? Why it's simply old fashioned. By changing to Germex he could do a better job without the disagreeable part. Germex is strong enough to be effective yet odorless and non-irritating. It's made by...

Let's Sell America!

In the face of a vast campaign by Socialist and Communist propagandists to infect the thinking of our adult population and infiltrate the minds of our school pupils and college students, it is sometimes difficult for those actively engaged in combating this menace to put their major accent on the positive approach. Yet, in my opinion, the best way to assure the preservation of our American system is to place our major effort upon informing and reminding our people, young and old, that in the American

way of life we have the best instrument for human progress, prosperity and happiness yet tried by man.

Someone long ago said that the best defense is a strong offense, and I think that's right. We need today a good offense. We need to do a real job selling an oncoming generation on the benefits inherent in our American system. It is tremendously important for the parents of America to recognize the fact that our children will be sold on some kind of ideology. It is our duty and responsibility as American citizens to sell them on our American way of life. Then they will be immune to the left wing propaganda.

Accent Positive
Negative action oftentimes creates tremendous reaction. For instance, should you point out obviously slanted material in a textbook, material that

will help the Socialist and Communist objectives, you would invariably find the writer coming to the book's defense. He'd make every effort to justify what's there.

Then there are the teachers who have adopted those textbooks. They feel they are being criticized if the textbook is criticized. They adopted it, they have been using it, and they too, will come to its defense. So we create great waves of opposition by any, extensive study of textbooks in an effort to get the bad ones out of our schools — the subversive ones. I'm not advocating that they shouldn't be studied and the subversive ones thrown out. But we shouldn't make that our principal educational objective. Our major objective should be that of reaching all the people of America with the positive facts about our great country.

Not Like Mumps
Americans are great salesmen. But we haven't been working at the job of selling our way of life. We have assumed that our children, for instance, would just catch Americanism like they catch the mumps and the measles. Very early in the history of our country that was perhaps safe to assume. But no longer do families sit around the family hearth telling stories of Patrick Henry and Abraham Lincoln. We leave that for the schools to do. And yet a great many of our colleges and high schools today do not require even the study of American history.

In the past 15 years I have talked from coast to coast repeating over and over again the necessity of our adult population being educated on the basic fact of our American system, and the need for our children to generate a love of country and a profound respect for our American political and economic system by understanding the true facts. In 15 years, encouraging progress has been made, but not sufficient progress.

Courses Needed
In every school and college in America the parents and the teachers should get together and set up a course in American citizenship which would give an accurate account of the inspiring history of our nation, and teach in simple detail the mechanics of our political and economic system so that any 15-year-old child would recognize his personal advantages under the American way of life and how he can help maintain the elements which make the American system so much more productive than other systems.

We're trying to help along on this goal. In the college which I serve as president we have a new School of American Studies. The staff, under the direction of Dean Clifton Ganus, is developing a course called "The American Scene." It already has been established as a required course for all Harding College freshmen. When it has been further refined in the "laboratory" of actual classroom experience, we expect to offer it to the nation's colleges and high schools. We consider that this will be another payment on our debt for the gift of freedom.

cent splits, 1½ cent discount; and 35.1 to 40 per cent splits, two cent discount. All figures for per cent of splits are inclusive.
Discounts for damaged kernels are: 3.1 to 4 per cent damaged kernels, ½ cent discount; 4.1 to 5 per cent damaged kernels, 1 cent discount; 5.1 to 6 per cent damaged kernels, 1½

cent discount; 6.1 to 7 per cent damaged kernels, 2 cents discount; and 7.1 to 8 per cent damaged kernels, 2½ cent discount. All figures for per cent of damaged kernels are inclusive.
Premiums for low moisture are the same for all classes of beans. The premiums are: 12.2 per cent or less moisture, four cents premium per bushel; 12.3 to 12.7 per cent moisture, three cents prem-

ium; 12.8 to 13.2 per cent moisture, two cents premium; 13.3 to 13.7 per cent moisture, one cent premium. All figures for moisture content are inclusive. There are no premiums for beans with more than 13.8 per cent moisture content.

MARYLAND FARM FRONT

Support rates for the 1954 crop of Maryland soybeans have been announced by George J. Martin, chairman of the Agricultural Stabilization and Conservation State Committee.
The announcement also listed premiums for beans of low moisture content; and discounts for low test weight, split or damaged kernels and classification.
Support prices are the same for every county in Maryland. Supports in many of the soybean producing states vary in different counties.
Maryland soybeans of the classes Green Soybeans and Yellow Soybeans grading No. 2 or better will be supported at \$2.15 per bushel. The classification discount applies to beans of the classes Black Soybeans, Brown Soybeans, and Mixed Soybeans. Support rates for these three classes are \$1.95 per bushel, or 25 cents per bushel less than the support rates for classes Green Soybeans and Yellow Soybeans.
The ASC Chairman says that discounts for low test weight, splits and damaged kernels are the same for all classes.
Discounts for test weight per bushel are: test weight of 33 to 53.9 pounds, ½ cent discount; one cent discount; test weight of test weight of 52 to 52.9 pounds, 51 to 51.9 pounds, 1½ cent discount; test weight of 50 to 50.9, two cents discount; and test weight of 49 to 49.9 pounds, 2½ cents discount. All figures for test weights are inclusive.
Discounts for splits are: 20.1 to 25 per cent splits, ½ cent discount; 25.1 to 30 per cent splits, one cent discount; 30.1 to 35 per

GET MORE MILK FROM PASTURE
In hot weather, pastures dry up. There's less feed to eat. And cows stay in the shade and switch flies instead of grazing. Then it's time for the bulky, tasty pasture supplement.
PURINA BULKY-LAS.
Feed it on top of regular grain ration. Costs no more per bushel than good oats . . . but it does wonders to keep up cow condition and milk.
MARTIN BROS.
THE STORE WITH THE CHECKERBOARD SIGN

Other low-priced cars would like to offer you:

V-8 POWER
Ford offers "eight" power. And what an "eight!" Deep-block, low-friction design gives you smoother, quieter performance . . . more "Go" from your gas. And it costs less than even most sixes!

Ball-Joint Suspension
Ford in '54 gives you the most advanced ride in twenty years! Now Ball-Joint Front Suspension makes steering, handling a breeze . . . levels the ruttiest roads. That "new car" feel is yours longer, too, with 12 wear points gone.

More modern looks
Three lines, 14 body styles give clean lines at their best. Tailored inside and out in new colors, seat fabrics, and handsome trims the '54 Ford sets the "look of tomorrow." (The look other low-priced cars won't have till then!)

Best resale value
And when it comes time to sell, Ford is still way out front! Used car buyers go for its advances, too. Statistics prove: Ford returns more of its original price when sold than any of its competitors.

but only FORD does!

Come in . . . TEST DRIVE it . . . and get the good price news!

BABSON

Writes . . .

By ROGER W. BABSON

BABSON PARK, Mass., Aug. 12—The new tax law will help everybody. It is the first complete revision of all the Federal tax laws which has taken place for many years.

One of the first things recognized is that we all should get easier tax treatment for misfortune. This includes everything from sickness and accident to business losses. Not only are allowances made for this year's hard luck, but we are also allowed to charge these losses against a greater number of previous years' gains. Limited child-care expenses for low-income parents are exempted.

You may deduct medical expenses above three per cent of income, instead of five per cent as at present. But, you must remember that from now on only deduct sums spent for drugs and medicine above one per cent of your income. Mothers, or widowers, who must work to support children under 12 or other dependents, and any woman whose husband is incapacitated, or working couples with combined family income of less than \$4500 may deduct up to \$600 spent for

child care. If you miss work because of an illness or an injury, you are entitled to tax exemption on payments made to you by your employer up to \$100 a week. The exemption does not apply in the first seven days of an illness, unless you are hospitalized.

Relief for Dividend and Retirement Money

If you are a stockholder, you won't have to pay any tax at all on the first \$50 of income in dividends. Furthermore, you can take four per cent of any dividend income above \$50 and deduct that from your tax payment. Although the double taxation of dividends is wrong and dishonest, I do not feel so badly that the President's request was not fully granted, especially in the case of young people. Older people who cannot work and are wholly dependent upon dividends should have total relief, but not everyone. In fact, the discrimination should perhaps be by ages, rather than by the total dividends received, except when they are reinvested in the stock of the same company. You won't have the basic 20 per cent tax rate on the first \$1200 of retirement income received after you pass 65. If you are a retired government employe such as a teacher, fireman, or policeman, you can get the benefit even though you're under 65. If you have a child who is under 19 or is in college and who has a job which pays him more than \$600 a year, you can continue to list him as a dependent with a \$600 exemption on your returns if you pay half of his support. If your husband or wife dies, you may continue for two years to get the full benefit of income splitting by a joint return.

SPORTS FLASHES

from **The Sporting News**
by J. G. Taylor Spink

Irv Noren has learned how to hit the high ones. That's why his batting average this season has been around the .360 mark. When Noren first came to the Yankees, says J. Taylor Spink, publisher of the Sporting News, he was a sucker for the letter-high pitch, either fast inside or outside. The opposing pitchers, of course, knew

Help For Businessmen

If you are a businessman or farmer, you may use the new double declining-balance method of quick depreciation on a plant or piece of equipment. This means that in the first years of life, you can write off twice the amount for depreciation now allowed; thus you can concentrate most of the write-off in the early years of use of the item. A corporation may get other relief, including: More liberal treatment for research expenditures; greater freedom to set aside surpluses; the right to offset a loss against profits of two prior years instead of one as now; greatly expanded depletion allowances for mining companies; a cut-off date of Apr. 1, 1955, for the 52 per cent corporation tax rate, when it automatically drops to 47 per cent. If you are a farmer putting a lot of money into soil rebuilding, you may deduct these outlays up to 25 per cent of your gross business income.

Installment Buying

To help business, installment buying is being encouraged by allowing you to deduct the carrying charges on all such purchases. To help churches, hospitals, and colleges, we can deduct, as tax-exempt income, 30 per cent of our contributions to such, instead of the former 20 per cent. The main purpose of these new tax laws is to help struggling parents and struggling businessmen. Big business and the rich are benefited very little.

The date when we must file our returns is extended from Mar. 15 to Apr. 15. Furthermore, married couples filing joint returns and who have a family income of less than \$10,000 (most of it subject to withholding) no longer need to file an advance estimate of their tax. This simplifies filing for millions of people. For these changes we can thank both the Republicans and Democrats.

They would usually get a strike or two on him by feeding him that kind of stuff. Then the smart ones would give him breaking balls that he couldn't hit for distance.

That has changed now. Noren has learned how to handle the high ones. He got much of that learning from Bill Dickey, the former great Yankee catcher who now is a coach for the club.

The night the Yankees had clinched their fourth straight American League pennant, by beating the Athletics there was celebration in their hotel. Players were singing the praises of Billy Martin, who had a particularly good night. Manager Casey Stengel agreed that Martin had been an important cog in the machine, but added: "Don't overlook Irv Noren's performance tonight. In spite of his low batting average, I'm going to stick with him. He's going to be of help to us in the future, and perhaps a star. I'm going to send him home to California for the winter and tell him he's going to have every chance to make the team."

Noren went home that fall, says Spink, secure in the knowledge that the Yankees weren't trying to trade him off any more. He practiced hard during the winter months, in semi-pro games. He tried to get rid of his habit of lofting the ball, a deadly failing in big American League parks. He practiced hitting balls on a line. At the same time, he tried to forget his dismal beginning with the Yankees. After he had misjudged a couple of fly balls in Yankee Stadium and shown up feebly at the plate, he had the fans howling for his scalp. They were howling, too, at General Manager George Weiss, who had traded Jackie Jensen and three other players to Washington for Noren and a minor league infielder in May of 1952.

Well, anyhow, Noren practiced that winter of 1952, and when he came back the next year was a better hitter by 30 points than he had been. However, he was still Stengel's fourth outfielder. Stengel described him as a man who would fit in anywhere on a ball team, but he still kept him strictly as a fill-in.

But under careful tutelage of Dickey and Babe Herman, Noren came into his own, and began to show why he had been named the most valuable player in the Pacific Coast League a couple of years before. His showing embarrassed the writing boys and the Yankee publicity department, because they had little background on him. Talking about writing, there's a neat story how Irv came to the rescue of a New York newspaper man. The writer had put together a series about him, but by the time it was to start running in the paper, Noren was in a slump. "Please," said the writer, "won't

Farm Demonstration

The most complete demonstration of grassland farming equipment held in this area will be presented at the Earl Rensberg farms, located seven miles south of Frederick on Rt. 15 at the Field Demonstration Day on Friday, Aug. 20.

One of the major parts of the program to be presented at the day-long demonstration will be the showing of 14 of the latest types of field harvesters. These machines, representing all the major farm equipment manufacturers, are the latest design and will be shown in two different demonstrations.

Members of the Extension Services of the University of Maryland, Penn State University, and the Potomac-Edison System Farm Dept. will be on hand to discuss the various operations as applied to farmers of the four-state area.

All farmers from this area are invited to attend the Field Demonstration Day which will begin at 9 a. m. and continue until 3:45 p. m. Lunch will be sold at the main farmhouse by the ladies of the Grange.

THURMONT

MARYLAND

GEORGE R. SANDERS, Salesman,
EMMITSBURG, MD.

Personals

Mrs. Bartholomew W. Hogan and children, Thomas and Mary Ledlie, have returned from Hawaii and are spending the remainder of the summer at their home, "Valley View," near Emmitsburg. Mrs. Hogan is the for-

mer Grace Gloninger, who at one time taught at Emmitsburg High School. She is a graduate of St. Joseph College. Rear Admiral Hogan is in Washington to assume his new duties as Deputy Surgeon General of the U. S. Navy. The family expect to open their home in Chevy Chase in September before Bort Jr. returns to his studies at the University of Virginia.

Miss Genevieve Wivell spent several days last week at the home of her brother and sister-in-law, Mr. and Mrs. Joseph Wivell.

Recent visitors at the home of Mr. and Mrs. Louis Rosensteel were Mr. and Mrs. William Rosensteel, Baltimore; Mrs. George Constantine and daughter, Elaine, Silver Spring; T. Eugene Rodgers, Fairfield, Pa., and Charles B. Harner.

Miss Therese Wivell spent two days with Geraldine Little.

Mr. and Mrs. Louis Rosensteel, Mr. and Mrs. Andrew T. Shorb, and Mr. and Mrs. Roger Burkholder, Frederick, visited in Baltimore Tuesday and attended the wrestling matches at the Coliseum in the evening.

Mrs. David H. Guise spent three days last week with her son-in-law and daughter, Mr. and Mrs. Roy Wivell.

Sgt. John Garner returned to Armstrong Air Force Base, Me., Wednesday after spending a 10-day furlough with his mother, Mrs. Agnes Garner.

James Cavender, proprietor of Moffitt's Restaurant, Center Square, has returned from Charleston, Va., after spending a week with his parents.

Visitors Sunday at the home of Mr. and Mrs. Roy Wivell were Mr. and Mrs. James Wivell and family, Mr. and Mrs. Joseph Wivell and family, Mr. and Mrs. Charles Wivell, Mr. and Mrs. Louis Topper and family, and Mary Jo Joy and Richard Little.

On 1/c and Mrs. Herbert A. Glass, Port Deposit, Md., announce the birth of a son, Michael Allen, on July 28 at the Naval Hospital, Bainbridge. Mrs. Glass is the former Doris Trimmer of Gettysburg, and Mr. Glass is the son of Mr. and Mrs. Milburn Glass of Emmitsburg.

Mr. and Mrs. Lloyd F. Glass, Littlestown Rt. 1, announce the birth of a son, Dale Franklin, on July 27.

Mr. and Mrs. Robert Daugherty and daughter, Susan, and Miss Margaret Neighbors, are spending two weeks in Onset, Mass.

Prof. Arvin P. ones is recuperating at his home after undergoing a recent operation at a hospital. He is progressing satisfactorily.

Frederick Bower, son of Rev. and Mrs. Philip Bower, is taking his basic training for the U. S. Army at Camp Gordon, Ga.

Recent visitors at the home of Mrs. Roy Maxell were Mrs. Roy

Ramsburg and daughter, and Mrs. Valley Cramer of Frederick. Rev. Philip Bower, pastor of Elias Ev. Lutheran Church, is recuperating satisfactorily at his home after undergoing an operation recently at the Warner Hospital, Gettysburg.

George Eyster was admitted as a patient this week in the Warner Hospital.

Mrs. Joseph Hobbs and infant son, Emmitsburg Rt. 2, were discharged this week from the Warner Hospital.

Mr. and Mrs. Cloyd Seiss are vacationing at Atlantic City, N. J.

Faculty Folk Move

Dr. and Mrs. John Richards and family have moved from Faculty Row, near Mt. St. Mary's College, to their newly-constructed home at Emmitsburg Rt. 1. Dr. Richards is professor of physics at the college.

Prof. and Mrs. Gerald Oroz and family have moved into the home formerly occupied by the Richards family. Prof. Oroz is the director of placement at the school.

Woman Hurt When Car Skids

An automobile operated by John J. Hurley, 66, Fort Lauderdale, Fla., skidded on the Gettysburg Rd., struck an embankment twice and upset five miles north of Emmitsburg at 1:30 Monday afternoon. State police at Gettysburg said Hurley's wife suffered a slight injury to her right knee. Damage to the car was placed at \$1000.

SPORTS AFIELD
By Ted Kesting

If you hope to get more than fresh air and exercise from your bait casting or spinning, your success will depend heavily on two things; getting your bait to a fishy spot, and then fooling the fish into striking. In other words, you should become a casting "marksman" and you should learn how to give your bait "fish appeal."

The secret of casting accuracy is practice, and this most definitely does not mean practice while you are in a boat casting, or trying to cast. Rig up your rod with a practice plug (you can get them at most any tackle store) and try it out in your driveway or back yard. When you get so that you can hit the mark at 25 feet or come within a few inches of it nearly every time, without backslashing, you're a good caster.

How can a good caster get more fish, day in and day out? There are many angles to this, such as having "fish sense," knowing the type of waters which fish use and many others; but one of the most important, and one of the least known and used, is bait manipulation.

Bait manipulation, according to outdoor writer Lou Caine, started years ago in the South, and in salt water. From there it gradually spread to fresh water. Many of the popular baits on the market are not designed for bait manipulation. Most of them have metal lips, spinners, collars or wings to give them action or create a commotion when they're reeled in, and they will catch fish. But if you use a bait without these mechanical devices, and work it properly, it will often catch fish when other lures fail.

There are many baits that are good for manipulation and each requires a slightly different technique. But remember this: when you are working a bait, what you are actually doing is imitating the movements of an injured minnow — the natural prey of game fish. It is a well-known fact that such salt-water fish as shark and barracuda will follow a hooked fish until it nears exhaustion, and then the moment it turns on its side, charge in and smash it to pieces.

By jerking the rod tip you cause the bait to dart in erratic motions which in turn causes the game fish to believe it is a minnow in distress; that's why bait manipulation produces more strikes.

Items Of Interest

Mr. and Mrs. Edgar Troxell and son spent Sunday evening with Mr. and Mrs. Charles Wantz.

Mr. and Mrs. Harvey M. Pittenger and Miss Judy Ann Pittenger spent Sunday evening with their daughter and son-in-law, Mr. and Mrs. Charles Setherley.

On Saturday, Aug. 14, the annual community picnic and festival will be held at Mt. Tabor Park. A baby contest will be held at 1:30 p. m., and a soft ball game at 2:30. Music in the evening will be furnished by Hagerstown Civic Band.

The Rocky Ridge Firemen's Carnival will be held from Aug. 23 through the 28. Good music will be supplied every night, in addition to rides, games, and refreshments.

Mr. Robert Valentine of Keyville, spent Sunday visiting his sister, Miss Cotta Valentine.

Mrs. Anna Burrier and daughter spent Tuesday afternoon with her parents, Mr. and Mrs. Harvey Clem.

Mr. and Mrs. John Cavell and son, Dennis, of Frederick, spent Sunday with Mrs. Cavell's parents, Mr. and Mrs. Harvey Pittenger.

ACCOUNT APPROVED

The account of Mary Louise Davis and Leonard Randolph, executors of the estate of Clinton Foreman Waesche was approved this week by the Orphans' Court for Frederick County and Registrar of Wills Harry D. Radcliff.

The account showed a total of \$12,706.65, disbursements of \$3,201.97, a net of \$129,504.68. With \$4,437.77 reserved for future accounting, less tax and adjustments on stocks, the entire residue, of \$74,616.25 was paid to the widow, Mrs. Sarah Greenwald Waesche, according to terms of the will.

Apply For Class A Liquor License

An application for the transfer of an off-sale Class A beer and liquor license, now owned by Richard H. Rosensteel, has been filed by Lumen F. Norris and J. William Payne.

The transfer has been advertised by License Commissioner Gail L. Cutshall and if the transfer is granted, the Rosensteel Liquor Store will become the Village Liquors establishment, operated by the new owners, Norris and Payne.

MARTIN'S SHOE STORE

"The Place to Go For the Brands You Know"

BALTIMORE ST. GETTYSBURG, PA.

You've asked these questions — you'll want to remember these answers!

- 1 Do pharmacists practice their profession in retail drug stores only?**
No, you will find them wherever drugs and medicines are needed. Registered pharmacists are included on the staffs of many hospitals. The Army, the Navy, the U. S. Public Health Service, and other governmental departments all have pharmacists performing professional and administrative duties. They also are on the teaching staffs of colleges of pharmacy. Pharmaceutical manufacturers employ them not only to prepare drugs and medicines on a large scale, but also in the laboratories where these products are tested and standardized. Today, there are close to 100,000 registered pharmacists employed in various capacities, and of these over 3 percent are women.
- 2 What requirements must your pharmacist fulfill before starting his professional career?**
(1) He must be a graduate of an accredited college course in pharmacy, leading to the degree of Bachelor of Science, and before entering college he must have completed a full four-year high school course. (2) He must have had at least one year of practical experience under the supervision of a registered pharmacist. (3) He must pass a rigid examination given by his State Board of Pharmacy. (4) He must be at least 21 years of age, of good moral character, and meet certain citizenship qualifications.
- 3 Is there a systematic basis for determining the price of a prescription—or is the cost computed haphazardly?**
Yes, there is a systematic basis for prescription pricing. The principal factors involved are the cost of the drugs specified by your doctor, a compounding charge, and the amount of time required to dispense the prescription. Naturally, prescription costs are higher when expensive drugs are required, or when time-consuming procedures are necessary.
- 4 Why is it dangerous to attempt to read or phone a prescription to your pharmacist?**
A prescription is a precise document, expressed in technical terms and symbols that can easily be misinterpreted by the public. So, if you attempt to read a prescription to your pharmacist you may fail to interpret it correctly. However, when you give your doctor's explicit prescription to your pharmacist, you can be sure that you have handed him the information he needs to fill the prescription exactly as the doctor intended.
- 5 Why is your pharmacist permitted to keep narcotics in his store?**
Your pharmacist keeps narcotics in his store because he is authorized to act as the legal custodian of these drugs. The supply which he maintains is carefully guarded, and no narcotic drug is dispensed except upon proper medical authorization. Pharmacists strictly observe the regulations set up to prevent misuse of these drugs—a practice that is in keeping with the high ethical standards of the profession.
- 6 If you handed your pharmacist an unlabeled bottle, a prescription container with the number defaced, or an envelope with a few loose tablets, would he refuse your request for "more of this medicine"?**
Your pharmacist will always refuse to sell any drug that he cannot positively identify. When you request a medicine and give merely a vague description—or present an unlabeled container—you are asking your pharmacist to introduce an element of chance into his professional work. By declining to take such chances he is acting in the interest of your safety and your health. Reprinted from a Copyrighted Advertisement published by Parke, Davis & Company, Detroit 22, Michigan.

Locals Drop In Pen-Mar Standings

Two runs in the 10th inning gave Fairfield a 7-5 victory over Cashtown last Sunday afternoon in an extra inning game on the loser's diamond. Blue Ridge Summit held its full game lead in the top spot of the loop standing with a 21 to 5 triumph over Thurmont. Union Bridge nosed out New Windsor 5-4. Emmitsburg lost ground Sunday in the Pen-Mar League standings as the result of a 9-0 white-wash at the hands of New Oxford.

The locals smashed out eight hits to the opponents' 10, but couldn't put a man across home plate. Sterbinsky and Smith each rapped out two hits for the locals, leading in that department. The locals are now tied for fourth place with Cashtown.

Firemen Order New Hose

Seven fires were handled since the last meeting of the Vigilant Hose Co., it was reported Tuesday evening at the regular meeting of the organization held in the Fire Hall, President Herbert W. Roger presiding. The nature of the fires was disclosed as follows: six field fires and one truck. New hose for the truck was ordered in the following number of feet and sizes: 300 feet of 2 1/2" double jacket fabric and 200 feet of 1 1/2-inch hose.

H. Frank Carty, chairman of the shooting match committee, announced the first of a series of matches will be held at the Lions Club Field, east of town, on Sunday, Sept. 19.

Classes in the technique of operating the ambulance oxygen equipment will be resumed for the fall season, and the first instructions will be given Tuesday evening at 8:30 o'clock. Eugene Kramer will supervise the classes.

No one was injured when a car overturned Tuesday afternoon about 1:30 o'clock three miles north of Emmitsburg on the Gettysburg Rd. The Gettysburg ambulance, called to the scene by a passing motorist, returned when the persons in the car reported they were uninjured.

CAR OVERTURNS

Will Marry Aug. 22 Mr. and Mrs. John A. Long, Emmitsburg, announce the approaching marriage of their daughter, Miss Mary W Long, to James L. Fisher, son of Mr. and Mrs. Roy Fisher of Creagerstown. The wedding will take place at Trinity Methodist Church, Emmitsburg, Sunday, Aug. 22, at 7:30 p. m. A reception will follow at Bucher's Restaurant, S. Seton Ave.

NOTICE!

In compliance with the request of many Emmitsburg residents, Car Washing will be permitted on a temporary basis—on Thursdays and Saturdays from 2:00 P. M. to 4:00 P. M., until further notice.

From where I sit... by Joe Marsh

"Nothing to Sneeze At"

This year our town decided to do something about its hay-fever sufferers. Hap Thomas is our health officer, so he was made ragweed "inspector."

"Can't see why anybody should be bothered by a few weeds," he snorted. "I say it's all in their minds." But Hap went on out to do his job.

Then, yesterday, I met Hap—looking kind of sheepish. His eyes were red and as he took out a big handkerchief, he sneezed. "Know somebody who isn't allergic, who'd like a job?" asks Hap.

From where I sit, I can sympathize with Hap. It's no joke. But as Hap admitted later, he was dead wrong in scoffing at the idea of hay fever. Making light of other people's ideas and opinions is a familiar trouble with a lot of folks. Whether it's hay fever, football or a choice of, say, buttermilk or beer as a thirst-quencher, I'm just naturally "allergic" to anybody who "knows-it-all!"

Joe Marsh
