

Warmer today with showers likely Saturday, followed by cooler Sunday. Temperatures will average a few degrees below normal.

EMMITSBURG CHRONICLE

Develop and promote Emmitsburg District. This is our home.

"READ BY MOST EMMITSBURGIANS"

Most Anything At A Glance

BY ABIGAIL

They said it couldn't be done in Emmitsburg, but it has been. I am speaking of the organization of Little League baseball here.

Several years ago an attempt was made to begin such a project here but met with dismal failure. Now you all are invited to attend the initial game of the season Tuesday evening at Community Field.

The project, instigated by the local Lions Club, is a definite success. However, the full measure of success cannot be entirely accredited to the Lions because other organizations and individuals have put their shoulders to the wheel and they too deserve commendation for their efforts, without which I doubt the project could have been successful. A lot of work is required in the formation of such a group and a lot more time will be expended by the coaches and managers who will devote the entire summer to the cause.

One of the hardest working individuals who is responsible for putting over the project, is young Paul Claypool, who has worked so energetically for months. Money had to be raised, a field prepared and oodles of other prerequisites taken care of before such an organization could function properly. We have only the highest of praise for Paul and his little band of eager beavers who have put this project across. All they ask is that we support it by attending the games and encouraging the little fellows.

Another project beneficial to the youth of the community is the reactivation of the local Boy Scouts. About 25 from the troop at the present time, but each week sees additional members being signed up. This undertaking was accomplished also by a group of young men interested in the youth of the community. I think it's simply wonderful to see the younger folks taking charge of different projects and they really are making a success of them. This is just the spirit we have needed here for some time. All organizations need new and younger blood and this is now occurring here in Emmitsburg as more and more of our young men go into business and join organizations. For too long a period we have been more or less in a stagnant condition and the change does one's soul a world of good.

Seems as though the paper was wrong about that Memorial Hall offer made by a local citizen last week. It was reported that this particular individual would donate \$100 to the building fund if 100 other people would put up a buck each. Well we were all wrong on this issue. The gentleman has informed us that what was really meant was that he would give a century note if 100 other people did the same thing. This would raise \$10,000 to get the project under way. Mighty sorry we messed this one up and we hope it won't affect the contributions in any way, and it's still an incentive to get things started if we can just round up those other 100 contributors!

Apparently the idea of incorporating other organizations into the Memorial Hall group, that is that they sell their present facilities or property, is receiving a cold shoulder. It's okay if they are satisfied with their present setup, but it ought not to dampen the enthusiasm prevalent for a new hall. We still need a large assembly hall here for a number of reasons. Just take an indoor farm show for example. Here we are, an agricultural community and we haven't the adequate facilities to even put on a show of any size. And just where could a band concert be held during inclement weather? And suppose we wanted to serve a community supper for some benefit? Oh yes, we can manage at present, but what about the future as the population increases? Yes, we still need a Memorial Hall and I hope that new spirit can be instilled in the project.

BAPTIZED

Sybil Marie Mathews, infant daughter of Mr. Urban H. Mathews and his wife, the former Evelyn Stultz, was received by Christian baptism into the membership of Elias Ev. Lutheran Church by Rev. Philip Bower, pastor.

Lions Club Donates \$50 To Little League

Mr. Rogen, a native of India, was the principal speaker at the regular meeting of the Emmitsburg Lions Club held Monday evening in the Lutheran Parish Hall, President J. Ralph McDonnell presiding. The speaker gave some very interesting highlights on the mode of living in his homeland. He is an agriculture exchange student and is a University of India graduate. He is studying American methods of agriculture and is residing on the farm of Mr. John Fuss.

A communication from the Little League Assn. was received. The letter sought a donation to help get started this year. The Lions voted to give the group \$50.

Paul W. Claypool, general chairman of the organization of the Little League here, gave a brief resume on the progress to date and announced that an association had been formed and officers elected.

The Lions decided that in addition to the \$50 donation, they would engage in a project to raise additional funds for the boys. It was decided to purchase several hundred bags of electric light bulbs and members would sell them, giving the net proceeds to the Little League.

The entire Lions Club was invited to the initial Little League game Tuesday evening and to the flag-raising ceremonies to be held by the Boy Scouts Thursday night at the Community Field.

Dime banks, which were distributed a month ago, were collected and will be returned for further use in the near future. All dimes collected go to the Warner Hospital building fund.

The annual installation of new officers will take place at the final June meeting, June 27.

18 Games Carded By Little League

A schedule for the first Little League season at Emmitsburg was announced this week by Guy R. McLaughlin, president of the league. Games will be played on Tuesday and Thursday evenings beginning at 6:15 o'clock on the Community Field. Rained out contests will be rescheduled in the week following cancellations.

The complete schedule follows:

- June 21—Yanks vs. Cards.
- 23—Red Sox vs. Giants.
- 28—Giants vs. Yanks.
- 30—Cards vs. Red Sox.
- July 5—Yanks vs. Red Sox.
- 7—Cards vs. Giants.
- 14—Giants vs. Red Sox.
- 19—Yanks vs. Giants.
- 21—Red Sox vs. Cards.
- 26—Red Sox vs. Yanks.
- 28—Giants vs. Cards.
- Aug. 2—Yanks vs. Cards.
- 4—Red Sox vs. Giants.
- 9—Giants vs. Yanks.
- 11—Cards vs. Red Sox.
- 16—Yanks vs. Red Sox.
- 18—Cards vs. Giants.

President McLaughlin also said that uniforms for the Little Leaguers had been ordered and that solicitation of organizations and business firms in the area began this week under the direction of Paul Claypool and Jim McKeon. Arrangements for the trip to Washington - Detroit game in Washington on June 25 were completed by Jack Rosensteel, who is in charge of the affair.

Rev. Fr. Walker Transferred To Baltimore

Archbishop Keough last Friday announced new assignments for 11 priests in the Archdiocese of Baltimore and initial appointments for eight newly ordained priests.

The assignments became effective immediately. The new priests were ordained by the Archbishop last May 28 at the Cathedral.

Two of the appointments involved pastorates. The Rev. Charles J. Walker has been transferred from St. Joseph, Taneytown, to All Saints, Baltimore, as pastor. He fills a vacancy created when the former pastor, the Rev. Joseph Ellis, was transferred to St. Dominic's.

The Rev. Stephen D. Melycher has been transferred from St. Matthew's, Baltimore, to St. Joseph's, Taneytown, where he will be pastor.

Miss Ann Pfeiffer, Baltimore, spent the weekend here visiting with Mr. and Mrs. Roger Zurgable, Mountain Road.

GRANGE'S BENEFIT FOOD SALE SATURDAY

Twenty-four members were in attendance at the regular meeting of the Emmitsburg Grange held Wednesday evening in Emmitsburg High School, Master Richard Florence presiding.

A donation of \$5 was voted to the Mental Health Fund Drive of Frederick. A thank you note from Mrs. Paul Beale for a fruit basket received was read. It was announced that Youth Camp will be held at Rocks, Md., on July 24-25.

A food sale for the benefit of the Warner Hospital will be held tomorrow in the Fire Hall. Donators are asked to have all articles in the hall by 10 a. m., or call Mrs. William Krom who will pick up the food.

Mr. Roy Cassel, assistant county agent, showed slides and discussed "Seed, Cereal and Forage Insect Pests." The speaker discussed the spittle bug, alfalfa weevil, potato leaf hopper, army worm, cut worm, grasshopper and pea aphid, stressing mostly the insects that are doing the most damage to the present alfalfa crop.

Heptachlor at the rate of 1 1/2 pints per acre to 20-30 gallons of water was recommended for alfalfa weevil and will also give 75% control of spittle bug. First application should be made when alfalfa is 4 to 8 inches and the second application when alfalfa is 12 to 20 inches. It is then recommended that after cutting alfalfa it should be sprayed first with 1 pint of heptachlor per acre to 15-20 gallons of water. Toxaphene spray is recommended for clover and DDT for the corn brood. Spray corn at 12 to 15 inches for weeds with 2-4-D-1/2 lb. per acre to 20-30 gallons of water.

Fact sheets were distributed and gave information on sprays, weed killers, gardens and insects. Insects represent the largest class of destroyers of crops to farmers today and the only solution to stop this is for farmers to inspect crops more closely and learn the identity of the various insects.

Refreshments were served to both the adult and juvenile units by the hostess, Mrs. Clara Harner.

The next regular meeting will be held at the home of Mr. and Mrs. Raymond Baumgardner at which time the cake and sewing contest will take place.

St. Euphemia's Exercises Held Last Friday

Promotion exercises for St. Euphemia's School took place last Friday night in St. Joseph's Catholic Church, Emmitsburg.

The Rev. John D. Sullivan, pastor, addressed the eighth grade graduates, who were Carol Brown, Mary Cool, Richard Dutrow, Ann Eiker, Toni Elliot, Janet Hatter, Miriam Hess, Edward Hobbs, Michael Humerick, Barbara Keepers, Ann Marie Kelly, Patricia Kelly, Lois Myers, Charles Shriner, David Sprankle, John Sprankle, Joan Topper, Jean Topper, Thomas Topper, William Warthen, Justice Wasilifsky, Kathleen Welty, Josephine Wetzel, and Thomas Zurgable.

General excellence prize, donated by the Holy Name Society of St. Joseph's Church, was awarded to Ann Marie Kelly; religion prize, donated by Mrs. Mae K. Campbell, Baltimore, to Miriam Hess; mathematics prize, donated by Knights of Columbus, Brute Council 1860, to Joan Topper, and spelling prize, donated by the Sodality of St. Joseph's Church, to Patricia Kelly.

The exercises were concluded by Benediction of the Most Blessed Sacrament after which a party was held in St. Euphemia's recreation room, with the parents as chaperones.

Attend College Exercises

Colonel and Mrs. Thomas J. Frailey have returned from a weekend visit in Carlisle, Pa., where they attended the 182nd commencement exercises of Dickinson College. On this occasion, Col. Frailey participated in the 50th anniversary ceremonies of the National Chapter of Alpha Chi Rho, concluding with a banquet at the Molly Pitcher Hotel, and Mrs. Frailey enjoyed a dinner, followed by the presentation of "Gigi," from the novel by Collette, by the Allenberry Players, Inc., at the Allenberry diningroom and Playhouse, Boiling Springs, near Carlisle.

Largest county in England is Yorkshire; smallest is Rutland.

FIREMEN NEAR GOAL

Thirty-six members were present at the regular monthly meeting of the Vigilant Hose Co., held Tuesday evening in the Fire Hall, president Herbert W. Roger presiding.

John J. Hollinger was the recipient of a past fire chief's badge in recognition of his 21 years of service in the capacity of chief and assistant chief.

Guy R. McLaughlin, general chairman of the annual financial drive, announced that to date \$2980.20 had been collected and that the drive would be held open until the \$3000 goal had been reached.

Fire Chief John S. Hollinger reported on four fires during the past month. They were of the following nature: two house fires, a hay loader and one stone crusher.

University of Maryland armbands were awarded to those members who successfully completed the recent fire-fighting course under tutors from the fire extension service of the institution.

Arrangements are being made to send local delegates to the state convention to be held in Cumberland on June 22-24. It was announced that every other week, beginning Tuesday, June 28, all firemen will take regular practice on the use of equipment.

On June 23 members will meet at Community Field and clean the premises so that picnics can be held there.

One new member, Kenneth Vaughn, was accepted into the organization.

Graduation Party

A party was held after graduation exercises for seniors of St. Joseph's High School and guests last Sunday night at the home of Mr. and Mrs. J. Harry Scott.

Those attending were: Maria Kramer, Bill Cevallos, Jean Keefe, Eugene Sprankle, Theodora Rybikowsky, Fred Stambaugh, Robert Portner, Marie Sanders, William Greco, Ellen Rocks, Robert Gelwicks, Joan Berstler, Eugene Rosensteel, Jane Bollinger, Mary Josephine Joy, Thomas Wivell, Donald Hobbs, Mary Anna Kelly, Dolores Topper, Margaret Walter, George Hobbs, Lindora Forney, Mary Jane Scott, Theresa Rybikowsky, Virginia Joy, Patricia Wivell, Michael Topper, Joseph Scott, John Firor, Anita Landis, Agnes Scott, Anne Breth, Mary Rocks, Jean Dukehart, Thomas Rocks, Shirley Topper, Mr. and Mrs. Frank Topper, Mr. and Mrs. Hugh N. Rocks, Mr. Dominic Greco, Mrs. Bruce Smith, and Mr. and Mrs. J. Harry Scott.

Locals Continue Winless Streak

Emmitsburg remains hopelessly mired in the cellar of the Pen-Mar League as mid-season approaches. Tuesday's game was a repetition of the same story of the past eight games—defeat. The locals were blanked 3 to 0 Tuesday evening by New Oxford.

Cashtown was knocked out of a first place tie with Blue Ridge Summit when Fairfield pounded out a 5-1 victory Tuesday evening at Fairfield.

Other contests were scheduled for last evening and Blue Ridge Summit will make up a postponed game with Union Bridge at the latter's diamond on June 22.

Standing of the Clubs

Club	W.	L.	Pct.
Blue Ridge Summit	7	1	.875
Cashtown	7	2	.778
Union Bridge	6	2	.750
Fairfield	6	3	.667
New Oxford	4	5	.444
New Windsor	3	5	.375
Thurmont	1	7	.125
EMMITSBURG	0	9	.000

Tuesday's Scores

Fairfield 5; Cashtown 1.
New Oxford 3; Emmitsburg 0.
Other games postponed because of wet grounds.

Sunday's Contests

Union Bridge at Emmitsburg. Thurmont at Cashtown.
New Oxford at Blue Ridge.
Fairfield at New Windsor.

APPROVE INCORPORATION

Articles of incorporation for the Charles J. Gillian Post 172 AM-VETS Home Assn., Fairfield, were approved Monday by the court and filed Tuesday with the Prothonotary. The petition for incorporation, which was filed May 20, listed as the incorporators Joseph F. Sebald, William T. Izer, George H. Weber, Frederick E. Cool and Kenneth E. McClellan, all of the Fairfield area.

Scout Activities

The regular meeting of the local Boy Scouts was held last Thursday night at 7 o'clock at the Scout House.

The larger boys removed a 35-foot tree from the Norman Shriver woods which was erected as a flag pole, while the smaller boys gathered firewood and prepared refreshments.

A short meeting was held afterwards and patrol leaders and the Scouts were assigned to patrols.

They are as follows: Acting senior patrol leader, Jim Diller, Eagle Patrol; patrol leader, Jim Sanders; assistant patrol leader, Fred Gebhart; Dave Umbel, Jim Brown, Don Sweeney, Jim Umbel, Beaver Patrol leader, Tom Bollinger; assistant, Tom Van Brankle; Robert Rosensteel, Bob Wagerman, John Sprankle, and John Randolph. Wolf Patrol leader, Eddie Wolf; assistant, Mike Humerick; Clarence Umbel, Bobby Rosensteel, and John Williams. Panther Patrol leader, Lee Knipple, assistant, Clyde Knipple; Ken Wagerman, Dave Sprankle, and Bob Eiker.

The troop committee consists of Herbert Roger, institutional representative; Jack Rosensteel, committee chairman, and Alfred Neal, Guy Kessler, and John J. Hollinger, committee.

After the playing of games, the meeting closed with the usual Scout ceremonies.

Scoutmaster Franklin Wastler said there is plenty of room left for boys between the ages of 11 and 18 years to sign up. Application blanks may be secured at the Scout House or from the Scoutmaster, or his two assistants, George Danner and Edward Houck.

Bible School Opened Tuesday

The Emmitsburg Community Vacation Bible School opened Tuesday morning at 9 o'clock with an enrollment of 124, 102 boys and girls and 22 officers and teachers and teachers' helpers.

The school meets at the Lutheran Parish House each day from 9 to 11:30 a. m. through Wednesday, June 22.

Officers and teachers are: Rev. Philip Bower, director; Mrs. Paul McCauley, director of music; Carl Crist, pianist; Mrs. Andrew Eyster, secretary - treasurer; Mrs. Leonard Zimmerman, and assisted by Edna Zimmerman, Elizabeth Hays, Susan Daugherty, and Susan McLaughlin. Betty Chapman has charge of the nursery department and Betty Ann Hollinger and Mrs. George Shaffer are the kindergarten teachers with Marjorie Crist, a helper. Audra Baumgardner, with Sue Eyster and Barbara Sweeney, are in charge of the primary department. Junior department teachers are Edith Long, Mrs. Paul McCauley and Janet Springer. Mrs. C. C. Combs is teaching the junior high group.

The cooperating churches are the Presbyterian, Lutheran, Reformed and Methodist. Several teachers are using their cars to transport children to the school, and Dr. J. W. Houser and Mrs. Harry Hahn are making two trips daily in bringing in children.

STaub-WETZEL

Miss Ellen Marie Wetzel, daughter of Mr. and Mrs. Guy Wetzel of Emmitsburg, became the bride of Mr. Ernest Staub, son of Mr. and Mrs. Clayton Staub of Taneytown, on May 28 at ceremonies performed in the Methodist Church, Thurmont, by Rev. Paul McCauley, pastor of the bride.

The bride was attired in a light blue suit with navy accessories and a red rosebud corsage. Miss Mary Staub, sister of the bridegroom, was maid of honor. She wore a blue suit with navy accessories and a red rosebud corsage.

Mr. William Cullison, Taneytown, served as best man. Immediately following the ceremony a reception was held at the home of the bride's parents. Those attending the affair were Mr. and Mrs. Clayton Staub and family, Mr. and Mrs. Richard Leslie and son, Taneytown; Miss Sylvia Springer, Thurmont; Misses Carol Hardman, Betty Ann Glass, Joan Miller, Sandra Wetzel, Mrs. Betty Ridge and daughter, Judy; Mrs. Donald Glass, Mrs. Frances Messner and daughter, Beverly; Mrs. Emma Wills, Mrs. Rose Peterson, Mrs. Edith Winegardner, Mr. and Mrs. James Valentine, Mr. Earl Eyer, and Howard Wetzel.

After the reception, Mr. and Mrs. Staub left for Atlantic City where they spent their honeymoon. The couple will reside in Emmitsburg.

Boston is the largest state capital city in the U. S.

The state flower of Ohio is the scarlet carnation.

St. Joseph's High Commencement Exercises Held

Twenty-one seniors were graduated last Sunday evening from St. Joseph's High School. Right Rev. Msgr. John L. Sheridan, LL.D., president of Mt. St. Mary's College, presided at the exercises, assisted by Rev. Charles G. Stouter, C.M.

The address to the graduates was delivered by Rev. John J. Hart, pastor of Our Lady of Mt. Carmel Church, Thurmont.

Gene Club selections included "Serenade," by Romberg; "Eternal Life," a prayer, by Dungan, and Fred Waring's arrangement of "It's Spring," under the direction of Miss Louella Lansinger.

Prize for Excellence in Religion, donated by Mrs. Mae Kerrigan Campbell, awarded to Theodora Marie Rybikowsky; for Excellence in English for four years, prize donated by the Alumni Association of St. Joseph's High School, awarded to Ellen Mary Rocks and Mary Jane Scott; for Excellence in Commercial subjects, prize donated by Ladies' Auxiliary, Post No. 6658, VFW, was won by Lindora Agnes Forney; to Theresa Regina Rybikowsky, the prize for attaining the highest mark in Social Studies, donated by Ladies' Auxiliary, Francis X. Elder Post, American Legion; the Citizenship Medal for Leadership, Patriotism, and high standards of morality, donated by the Maryland Society of Sons of the American Revolution, was awarded by vote of the faculty and seniors, to Mary Jane Scott; the Blanche Mae Golibart Award for General Excellence in the Academic Course for four years, went to Theresa Regina Rybikowsky. This prize was donated by the late Mrs. Simon R. Golibart of Washington, D. C. The highest average in Math, donated by the Woman's Club of Emmitsburg, was awarded to Theresa Regina Rybikowsky, and the prize for the best essay on Americanism, donated by the Memorial Post, No. 6658, VFW, was awarded to Theodora Marie Rybikowsky.

Graduated with highest honors were: Theresa Regina Rybikowsky and Theodora Marie Rybikowsky; with high honors, Ellen Mary Rocks and Mary Jane Scott; with honor, Lindora Agnes Forney, Maria Johanna Kramer, and Dolores Elizabeth Topper.

St. Anthony's Graduates 16

Sixteen graduates of St. Anthony's grade school received their diplomas last Friday in an evening ceremony at St. Anthony's Shrine.

Rev. Vincent J. Tomalski awarded the diplomas and announced the prize winners. Marie Kolb won both the Sunday Missal for the highest average in religion and the girls' \$5 prize for general excellence. Terrence Best received the \$5 prize for general excellence among the boys. The prizes were gifts of St. Anthony's P-TA.

Fr. Tomalski addressed the graduates and, after commending them and their teachers, the Sisters of Charity, on success so far achieved, stressed the importance of preparing all during life for the final graduation into eternity. Music was provided by the Children of St. Anthony's School with Mrs. Alma Seltzer at the organ. Benediction of the Blessed Sacrament concluded the ceremonies.

The graduates, who represent both St. Anthony's and Our Lady of Mt. Carmel parishes, are: Ann Grace Althoff, Edward Francis Althoff, Genevieve Susan Barbe, Terrence Rafferty Best, Susan Elaine Bowers, Raymond Donald Hodges, Corinne Mae Kaas, Ann Marie Knott, Marie Josephine Kolb, Rebecca Ann Krietz, Anthony Thomas Little, Patricia Ann McCauslin, Ronald Ralph Messner, Ellen Louise Sutton, and Vincent De Neil Wivell.

Perfect attendance awards were presented to the following grade school children as a gift of the Sodality of St. Anthony's parish: Rose Knott, Joyce Knott, Paul Orndorff, John Winkler, Craig Stoops, and Dennis Hess.

ENGAGED

Mrs. Maggie K. K. Trent, Emmitsburg, announces the engagement of her daughter, Marlene Trent, to Raymond Franklin Springer, also of Emmitsburg. The wedding is set for June 17.

Mr. and Mrs. Charles A. Harner left Tuesday by automobile for California where they will visit for some time with their son, Paul who is employed in an aircraft factory.

Built by mission priests more than 200 years ago, a ditch in San Antonio, Texas, is still used for irrigation.

Little League Opens Season Tuesday Evening

Emmitsburg's Little League baseball was organized on a permanent basis last week when a full slate of officers was elected. Selected to head the group was Guy R. McLaughlin, president of the Pen-Mar Baseball League. He will be assisted by the following officers: Vice president, Robert E. Daugherty; secretary, Dr. John J. Dillon Jr., and treasurer, J. Edward Houck.

A colorful ceremony will mark the opening of the season Tuesday evening at Community Field. The flag will be raised by the local Boy Scouts, and Mayor Thornton W. Rodgers will toss out the first ball. It is hoped to have music by the Municipal Band, but this part of the program is indefinite at this writing.

President McLaughlin has reported that uniforms have been ordered and will be here in the near future. A schedule has been worked out and the four teams will be active every Tuesday and Thursday evening with game time set at 6:15 o'clock.

Umpires will be local men interested in the sport. Vincent Topper, chairman of the umpiring committee, announces that he has obtained the services of the following: John J. Hollinger, Allen Bouey, Dr. W. R. Cadle, George F. Rosensteel, Thomas F. Saylor, William F. Sterbinsky, Frank S. Topper, James J. Phelan, and Vincent Topper. Selected to umpire the first game of the season Tuesday evening will be John J. Hollinger, behind the plate, George F. Rosensteel, and James J. Phelan. The Thursday night game will be umpired by William Sterbinsky and Vincent Topper.

A full page of boosters appears on Page 2 of this week's Chronicle, and Paul W. Claypool and James McKeon, financial aides of the association, announce that due to the lack of space a large number of boosters was left out of this edition but will be published next week. They also explained that due to the impossibility of contacting such a large number of interested persons in so short a time that those who have not been approached can send in their contribution or advertising copy to any of the above-mentioned officers.

A large turnout is anticipated for the opening game Tuesday evening. A section of the Community Field has been made into a Little League diamond.

Homemakers To Hear Report

The Emmitsburg Homemakers Club will meet Thursday evening, June 26, at 6:30 o'clock at the home of Mrs. O. H. Stinson. Mrs. Kenneth Wagoner, the club's representative at the Short Course, sponsored by the University of Maryland at College Park, will give the members a report on the project. Following the meeting, a picnic supper will be held on the lawn.

Emmitsburg High Graduates 20 Seniors

Twenty seniors of Emmitsburg High School received their diplomas at graduation exercises held last Friday evening from Supt. Eugene W. Pruitt.

The Rev. Charles F. Trunk Jr., pastor of the Frederick Lutheran Church, delivered the address.

The graduates were: Dale Deatherage, Mildred Tyler, Harriet Fitez, David Sanders, Dorothy Wantz, Fred Grimes, Ray Harner, Ann Louise Deberry, Stanley Hartle, Myrtle Riley, Kenneth Glass, Robert Hays, Gloria Herring, Arthur Damuth, Marlene Trent, Richard Toms, Dorothy Fisher, Doris Flax, Fred Stambaugh and Jasper Wantz.

SALE AGREEMENTS FILED

An agreement of sale has been filed for recording in the office of the Clerk of the Circuit Court for the sale of a 289-acre farm in Emmitsburg District from Mrs. Maggie E. Zentz to Mr. and Mrs. Edward L. Meadows. The consideration is \$83,000, payable in monthly installments of \$305.55 from Apr. 20, 1956, to Apr. 30, 1965.

Due to Space Deficiency many Boosters of the Emmitsburg Little League did not have a Chance to Express their Support Through Congratulatory Messages in this Week's Chronicle. It is Planned to run the Remainder of the Messages in Next Week's Issue. Also, due to the Physical Impossibility of reaching Everyone interested in Boosting the Team, many undoubtedly and inadvertently have been overlooked. Anyone interested in Making a Contribution can contact any of the following Officials or Coaches: Guy R. McGlaughlin, Robert E. Daugherty, J. Edward Houck, Jack Rosensteel, Leonard Zimmerman, Jim McKeon, Richard Harner, Edward Lingg, T. C. Harbaugh or Harry Swomley. The above-named individuals are Authorized to accept Contributions or Advertisements in the name of the Emmitsburg Little League.

NO COMMENT

By **WALTER CHAMBLIN, JR.**

WASHINGTON—The emergence of Big Union Bosses in the field of politics continue prominently in Washington developments.

Here is the latest instance: Arthur Goldberg, general counsel of the CIO was accorded the unusual distinction of being permitted to question witnesses appearing at a session of a Senate Labor Subcommittee hearing. For the time being, this gave Mr. Goldberg the full privileges of a duly elected Senator or a member of the official staff of the committee itself.

At the time the committee was considering what is known as the "Black - listing" Bill. Under it business firms accused by the National Labor Relations Board of being guilty of unfair labor practices would be prohibited from bidding on or receiving any government contracts.

The bill has long been opposed by industry. At the current hearings, four government agencies, including the NLRB itself and the Dept. of Labor, likewise have expressed strong opposition to the measure.

Mr. Goldberg was accorded the senatorial authority to interrogate witnesses appearing before the Labor Committee Subcommittee by its chairman, Senator Neely (D.-W. Va.) Mr. Goldberg immediately engaged in a quarrel

with the Associate General Counsel of the NLRB, David Findling. Mr. Findling has maintained that the bill would effectively limit the employer's right of judicial review.

In line with Mr. Findling's position, the General Counsel of the NLRB, Theophil C. Kammholz, noted that the NLRB does not win all its cases against employers when they are appealed to the courts for review or enforcement. Since July, 1947, 20 per cent of such cases have been decided adversely to the Board and approximately 16 per cent have resulted in modification of the Board's order in some respect or another . . . and approximately three per cent have been remanded by the Board in whole or in part for further proceedings. There are at present 107 appeals from NLRB decision pending in the courts.

There is another aspect of the blacklisting proposal, aside from the unusual procedure of giving an advocate of the bill the right to question opposing government witnesses. It is this: apprehension has been expressed privately at the Capitol over reported efforts of the CIO to force government agencies to write a blacklisting provision in all government contracts. If this were accomplished, there would be no need for congressional action. It is pointed out at the Capitol that after Congress specifically refused to establish a Fair Employment Practices Commission, Mr. Roosevelt got around the congressional ban by inserting an FEPC clause in all government contracts.

BICYCLE TARIFF: Some members of Congress representing districts in which unemployment is of concern are disturbed over what is happening to the bicycle industry . . . and its implications for other industries. According to spokesmen for the bicycle manufacturers—here is what is happening—

Foreign producers, aided by severe tariff cuts and a low wage rate, are now able to sell their product in the U. S. at less than the cost of production in this country. The bicycle manufacturers' story then continues:

The tariff rate on bicycle imports has been cut by the U. S. in recent years from 30 to 60 per cent—and labor rates abroad are only one-fourth those paid to American workmen. Here is the result: in 1950 bicycle imports amounted to 3.4 per cent of the American market. Now they amount to 55 per cent.

Bicycle manufacturers have carried their case to the U. S. Tariff Commission which, by a four to one vote, found that the industry was being seriously hurt by imports and recommended that the duty be increased. President Eisenhower, who passes on Commission recommendations, asked for addition information. So a decision for the time being has been postponed.

Anyhow, legislators giving thought to the 1956 elections are disturbed over any situation which has produced or threatens unemployment. Normally those unemployed blame their plight on the administration in power—and at least have a tendency to vote against it.

Your Personal Health

For Better or For Worse

June roses and June weddings. A rose fades fast, but we all want the bloom of a wedding to last forever. Practical people from countries where marriage is a business contract say that we Americans are hopelessly romantic about marriage. Maybe we are idealistic, but we like to think that a happy marriage can be based on good old-fashioned romance.

But too soon after the honeymoon there comes the evening when the young husband comes home and picks on his bride because his boss picked on him. At this point, romance can fly out the window. Hurt feelings begin to smolder. What seemed to be a healthy marriage now looks a little sick.

Love need not fly out the window. Quite the contrary. This is the time for it to go to work and prove that it's more than moonbeams. The psychologists have a method they call empathy. It's related to sympathy, but where sympathy says, "I feel with you," empathy says, "I understand how you feel." It means a conscious effort to set aside personal emotions and appreciate the other person's feelings.

It isn't easy, but it isn't as difficult as it sounds. A certain amount of maturity is required for the bride to forget her own hurt feelings and try to see thru her husband's eyes. Love doesn't have to be blind. Our little bride must ask herself, "What are the real feelings behind this behavior?"

When she can understand that her husband is taking out on her the anger he couldn't express to his boss, it won't be hard for her to be the scapegoat. And it will be better than having him lose his temper at work—and lose his job.

Sympathy can be developed and improved by practice, by playing the part of another person. Imagine you are someone else facing a certain situation. In the first place you have to find out what he is like. You have to realize that he may feel and act differently from you and that his feelings are just as important as yours. "Tuning in" on other people is an adventure to be recommended to brides and grooms as a way to help love survive the everyday tensions of marriage.

Public Advised To Learn Sport Of Swimming

Most people in the United States do not know how to swim, and that's the basic reason why drowning becomes one of the most important causes of accidental death in the summer.

National Safety Council figures show that about half the drownings each year take place in only three months—June, July, and August. In Maryland counties this statement is more than verified by figures which show that during the last three years out of a total of 286 drownings, 175 occurred during the three months.

So if you are planning to swim this summer—and it's fine exercise as well as pleasant recreation—pay attention to these suggestions from the Maryland State Health Dept.

Learn to swim well. Self-taught "dog paddlers" too often think they are swimmers and overestimate their abilities. Know your limits as a swimmer and stay within them.

Never swim alone. Always have help at hand, preferably a life-guard with the knowledge and equipment for rescue. Don't swim after dark for the same reason. It is too hard for even an expert to assist you in the dark.

It is dangerous to dive into water of undetermined depth. Submerged rocks or logs may knock you out. Sudden plunges into cold water should be avoided. Go in gradually, and remember that you tire faster in cold water. Don't plunge into water when you are overheated, and wait at least an hour after eating.

Never jokingly call for help, and don't splash or annoy others who are timid in the water. Horseplay and pranks cause many water accidents each year.

Even strong swimmers are subject to cramps and bad guesses on their endurance. If you want to swim for any distance have someone follow you in a boat.

In open areas not protected by enclosures or the depth of the surrounding water is not known it is often dangerous for children to use beach balls, inflated animals or light rubber rafts. A gust of wind often blows them beyond reach, and in trying to retrieve them, a child may get beyond his depth. This is a point adults should keep in mind, too.

"Doodlebug" was a name given to Hitler's pilotless planes during World War II.

SENATE CLOAKROOM

By **J. GLENN BEALL**

Every cent the U. S. government spends ultimately comes out of the pockets of the American taxpayer.

There is no way in the world to obtain the revenues necessary to maintain high-cost government without retaining a vast number of American people on the tax rolls.

Taxes must be levied where the source of revenue is—and this is with the rank and file of the Nation's taxpayers at all income tax levels.

The administration favors income tax reductions for the American people. That has been evidenced by actions in the past. The only manner in which these reductions can be made is through a sound judgment as to the proper time for such action. It must not be done haphazardly.

For the record, Republican Congresses have voted seven of the 10 income tax reductions made since the law was passed in 1913.

But these reductions were carefully thought out and designed to give the most relief to individuals. For instance, millions of persons and thousands of businesses throughout America received tax reductions and fairer

treatment under the 1954 Internal Revenue Code, the first complete revision of Federal tax laws in more than 75 years.

Almost two-thirds of the tax reductions in the law went directly to individual taxpayers suffering from special hardships and unfair provisions under the old tax law.

The national economy is now at high and rising level and the Administration will keep a close guard over that economy. It will provide other tax reductions as rapidly as a sound economy will permit.

RECEIVES HONORS

Miss Judy Sprigg, daughter of Mr. and Mrs. Oscar Sprigg, of Camphill, Pa., received the highest honors in her class of 85 children at recent commencement exercises at St. Theresa's School at New Cumberland, Pa. She was also awarded a \$5 prize. Judy is the granddaughter of Mr. and Mrs. Joseph Wivell, 205 E. Main St., Emmitsburg.

DOG OWNERS!

BUY YOUR LICENSE BY JULY 1, 1955

The law provides a fine of from \$5.00 to \$25.00 on any owner of a dog, six months of age or over, which is not licensed after July 1, 1955.

LICENSES AVAILABLE AT
County Treasurer's Office, Frederick, Maryland

You can fill in this form and mail \$1.00 for Male or Spayed Female; \$2.00 for Female; \$10.00 for Kennel (not more than 25); \$20.00 for Kennel (more than 25), to **JAMES H. FALK, COUNTY TREASURER, FREDERICK**, and your license will be mailed to you.

COUNTY TREASURER FREDERICK, MARYLAND

Please send me tag for my dog described as follows:

Owner
Postoffice
Election District
Male Female..... Age..... Spayed.....
BreedName

If dog is not six months of age by July 1, 1955, license must be bought when dog becomes six months old.
Failure to buy your dog license will mean not only your arrest, but your dog may be picked up and impounded.
The license does not give the dog the right to trespass on anyone's property without the permission of the owner.

HORACE M. ALEXANDER,
Sheriff of Frederick County
Roy M. Fisher, Dog Deputy, will canvass the County to ascertain if dogs have been licensed.

Looks like the Thunderbird— Acts like it, too!

A Test Drive will prove Ford's Trigger-Torque power lives up to the promise of Ford's Thunderbird styling

Ford used the long, low Thunderbird as an inspiration for the styling of its 16 models for 1955.

Ford also captured a lot of the Thunderbird's "Go" . . . a lot of its easy handling . . . and a lot of its interior beauty.

You'll find Ford's Trigger-Torque power gives you action right when you want it. You'll feel safer—pass faster.

You'll find Ford's Ball-Joint Front Suspension helps Ford hold the road like a coat of paint . . . and a new front suspension mounting gives Ford a silky-smooth Angle-Poised Ride.

Then, Ford interiors, like those of the Thunderbird, are rich, colorful and completely new! Come in and see why Ford's worth more.

FORD the new BEST SELLER . . . Ford sells more because it's worth more!

You can see the Thunderbird look in the long, low lines of the Ford Fairlane Sunliner

George S. Schwarz

The Communist Literature
In the massive outpouring of Communist literature from Russia and its satellites, and from printing presses in the free world, the Communists are distributing two kinds of literature. One type is propaganda. They call the other kind "agitation literature." Dr. Fred Schwarz, the Australian surgeon-psychiatrist who left his profession to crusade against Communism throughout the free world, has made an exhaustive study of Red literature. He dis-

played books and pamphlets in a speech he made at the 16th Freedom Forum conducted by The National Education Program at Searcy, Ark.

"The Communists," he said, "define 'propaganda' literature as that which conveys many ideas to a few people. Theoretical textbooks are of this nature. These are directed primarily to the student mind, those whom the Communists want for the Communist Party as conspirators, organizers and leaders. Propaganda for them. And for the people as a whole—agitation.

For Agitation
"The Communists define 'agitation' as that which conveys one idea to many people. They take an idea, like the unfortunate death of the Japanese fisherman infected by H-bomb fallout after the Pacific test.

They use it as a barb to repeatedly drive in, to create inflammation, fear, bitterness and hatred." He picked up a book. "Here," he said, "we have Communism with its Sunday-morning-to-church face on. Here is the peace textbook put out in Los Angeles.

"Its beautiful. They have pictures of all the ministers you'd want to see, of little children—and when you read it superficially, you get a picture of glowing peace around the world. But when you read more carefully, you find the vicious slanders and lies." He turned to a page in which a Negro Communist hails "the glories" of the Soviet Union and brands America as a place "where our homes are burned, our daughters are raped, our sons murdered."

Inciting Hatred
Dr. Schwarz picked up another book. "Here," he said, "we have Communism with its good face not so obvious. This booklet is circulated throughout the world in multiplied millions of copies in many languages. This is the American edition. It is entitled, "Report on War Crimes in Korea." I bought it in the Communist bookstore in Los Angeles, 1806 West 7th St.—openly sold, no camouflage, whatsoever. It is a combination of the filthiest and most treasonable lies ever put together in one volume." He read the following from the booklet:

"According to the evidence of Pyong Won Goon, chairman of the People's Committee, 35,383 civilians were murdered in the district of Sinchon. . . On Oct. 11, 1950, behind the building of the People's Committee, a mass murder of about 900 men and women, including 300 children, was committed. Some of the women were pregnant. . . All the people were pushed into an open deep grave. The American Commander Harrison ordered them to take off their clothes, then ordered fuel-oil to be thrown over the victims who were set on fire. Those who tried to get out of the grave were shot."

Shocking Lies!
He turned to another passage and read: "On the very day the American troops entered the locality Wwol San Ri of the Cho Ri region, Sinchen Myen—they committed a particularly horrible murder against the Woo Mal Chee family. The Americans pierced a wire thru the hands, ears and nose of the witness' husband. On his forehead they fastened, with a nail, a diploma, and tortured him until he died. Eleven children of the family of Woo Mal Chee were shot on the spot.

"Woo Mal Chee's daughter-in-law," says this Communist agitation booklet, "tried to defend him. The Americans attached her by her hair to a tree, (committed horrible atrocities which are described in obscene detail) then poured oil over her and burned her alive." Dr. Schwarz showed these books to leaders in Congress. "They wrung their hands," he said. "Some asked, 'How can we get this stuff off the streets of America? Every time we do something, somebody screams out, Academic Freedom! Freedom of the Press!'" Dr. Schwarz said that millions of people throughout the world believe these atrocity falsehoods being massively distributed with little or no protest from us.

We are indeed an apathetic people. We cannot survive if we continue to be so inactive against this sinister force—Communism.

WASHINGTON—Good roads and full employment are closely linked in America's future, according to the Automobile Manufacturers Association.

James J. Nance, president of the Association and president of the Studebaker-Packard Corporation, recently testified before Congress that the 40,000-mile Interstate Highway System must be completely modernized in the next 10 years if the nation is to realize its full potentialities in employment, family income and overall economic development.

Highway transportation itself now employs some 10 million persons, Mr. Nance said. He also cited government studies showing that of the 11 million additional jobs needed in the next 10 years to serve our growing labor force, eight million must be in the service industries.

"The service industries," he stated, "are capable of tremendous future growth as our economy expands. But their past growth has been directly related to the growth of highway travel, and their future growth depends heavily on a continued rise in highway travel."

Tuesday Opening Scheduled For Mountain Theater

Next week, Tuesday, June 21, officially opens the Mountain Theatre, Inc. at Braddock Heights Park with the Broadway hit comedy, "The Little Hut," by Andre Roussin and adapted by Nancy Mitford. The play will run nightly, Tues., through Sunday, with curtain at 8:30 p. m. (DST.)

Featured in the New York Equity Co. is Dorothy Lee Tompkins, who will portray the role of Susan, made famous on Broadway by Barbara Bel Geddes. Miss Tompkins comes to the Mountain Theatre directly from the Red Barn in Westboro, Mass., where she appeared in such well-known productions as "Charley's Aunt," "The Devil Passes," and "Laura."

A comedy of sly humor, the play concerns some interesting people shipwrecked for two weeks' time on a tropical island, and poses a new twist on the eternal triangle. Directed by James Dyas, who has also arrived from Massachusetts where he directed a spring season of stock, the play should prove welcome summer fare.

Also featured in the cast will be Bill O'Brien and Jack LeGrand, New York actors of considerable stage, radio and TV experience.

By public demand, the season ticket drive has been extended through opening night, although persons are urged to get these reduced admissions now.

Saturday, June 25, is the first marionette show date with "Jack and the Beanstalk." Designed for adults as well as children, marionette shows are produced and directed by Walter E. Stille, who with Mr. Dyas is producer of the Mountain Theatre, Inc. Marionette shows play each Saturday afternoon at 2 o'clock and will feature live actors, tricks and magic.

Parking facilities will be improved throughout the season and taxi service is available for those physically unable to walk to the theatre from the parking area.

Visitors to the capital in Washington may go through the building from 9 a. m. until 4:30 p. m.

County prices will all be somewhat lower than Baltimore and Philadelphia prices, depending on the distance from the terminal market.

Mr. Reeves called attention to Food and Drug sanitation rules which apply to wheat loan rates this year for the first time. Wheat will not be accepted for loan if it contains more than two rodent pellets per pint or similar amounts of other contamination; or if it contains two per cent or more by weight, of kernels visibly damaged by insects.

MARYLAND FARM FRONT

Minimum 1955-crop wheat price supports for the Baltimore and Philadelphia terminals, which receive most of Maryland's wheat, have been announced at \$2.48 per bushel for grade No. 1, George B. Reeves, chairman of the Maryland Agricultural Stabilization and Conservation Committee, announced this week.

The rate is based on the national average minimum of \$2.06 announced last September as required by the new price support legislation under which the "sliding" price support system was adopted. Mr. Reeves explained that the final figure will be announced July 1. The final rate may be higher than \$2.48, but it can be now lower.

The wheat support price is subject to discounts for poorer quality or contaminations. Of principal interest to Maryland wheat growers are the garlic degree provisions. "Light garlicy" wheat will be discounted six cents; "garlicky," 15 cents per bushel. Mixed wheat will be discounted two cents per bushel.

Loan rates in Baltimore and Philadelphia for other grades lower than No. 1 wheat are No. 2, \$2.47, No. 3, \$2.45, No. 4 on basis of test weight, \$2.42, and No. 5, \$2.39. "Prices at which wheat can be placed under loan in various Maryland counties will be announced shortly," Mr. Reeves

From where I sit... by Joe Marsh

Handle With Care

Tractors are like horses—or mules—in more ways than one. They can be pretty tricky if you don't handle them right.

Too many tractor accidents happen because of carelessness. The day grows hot and drowsy, the job grows monotonous—and bingo! Someone forgets to throttle down when making a turn, or something, and there's a bad spill.

Credit Slim Hartman's missus for the fact that there's never been tractor trouble on their place. Midway through every morning and afternoon she brings him snacks. "He'll stay on the alert," she says, "if I get him off the tractor for ten minutes."

From where I sit, carelessness can cause plenty of harm in our off-the-job personal lives, too. For instance, suppose a neighbor prefers a glass of beer with supper. You might not share this particular preference with him—but if you're careless about protecting his right to choose, your own freedom of choice is in danger of being "plowed under."

Joe Marsh

SPORTS AFIELD
By Ted Kesting

At least a third of the fun in bass fishing is sizing up plugs in stores or catalogs, buying those that look promising, and trying them out to see what they'll do. Yes, it costs money. All sports cost money (generally more than fishing) and in no sport is one paying for tangible things that one can take home—one is paying for pleasure.

But you could have 100 or more plugs and still be poorly equipped, claims angling editor Jason Lucas. With only half a dozen well-selected plugs you will have at least one that will catch bass under almost any condition you may encounter. Here are the four main types of bass plugs:

SURFACE PLUGS—The general rules, to which of course there will be exceptions, are these: In lakes in the northern and middle states, surface plugs often work well all day in the earliest part of the season. Through mid-summer, they are likely to be effective only very early and very late in the day. In fall, they will get few or no bass. In a river of ordinary size, they may work well almost any time, except probably in late fall. In the deep South surface plugs will get some bass almost any time. Bass don't seem choosy about color in surface lures. It's the retrieve that counts.

PULL-UNDER PLUGS—These float at rest, but on the retrieve run at a depth of not over two feet or so. Mr. Lucas thinks those that are mainly white, with some red, are likely to get bass when they're taking shallow runners. He's also done very well with orange, and with fairly light yellow plugs. About 19 times in 20, plugs in this classification will get most fish when worked quite slowly. Also, some little flips and jerks will give them much more attractive action than if they're reeled steadily.

MID-DEPTH PLUGS—These are modifications of those in the preceding class, but sink when at rest. Let such a plug go deep. Then bring it along slowly, with pauses and twitches, hovering in mid-water. It should neither bob to the surface, as would a deep-

running floater, nor sink to the bottom as would a metal lure. In the average lake a plug of this type will get more bass than any other 60 per cent of the time, and in some deep artificial lakes it's best perhaps 80 per cent of the time.

BOTTOM PLUGS—During mid-summer, there's only one method of getting bass that is at all productive: fishing right along the bottom. Let your plug sink clear to the bottom, then work it along, just fast enough to bring out its action, in jumps of five to six feet, letting it sink to the bottom again to rest a few seconds. Mr. Lucas has a very strong preference for one color here—plain white.

Rev. Eyster Is New President Of Reformed Synod

The Rev. Mr. Frederick D. Eyster, D.D., pastor of Christ Ev. and Reformed Church, Hagerstown, was elected the first full-time president of Potomac Synod of the Evangelical and Reformed Church meeting at Hood College in Frederick last week.

The Rev. Edmund P. Welker, Messrs. Glenn B. Springer and George Martin were among the 150 delegates present from the Church of the Incarnation, Evangelical and Reformed Church, Emmitsburg.

The election of Dr. Eyster as full-time president of the Synod for a four-year term marks a major change in the denominational organization by giving him wider administrative authority. Until now the president of Potomac Synod has served in this important post in addition to his regular pastoral duties. The office of the president will be located in the new Coffman Chapel, Hood College.

Dr. Eyster, who has served as pastor of Christ Church since 1946 and as president of Potomac Synod for the past two years is a native of York New Salem, Pa. He is a graduate of Franklin and Marshall College, where he received his A.B. degree and from which college he was awarded the Doctorate of Divinity degree in 1952. He is serving as a trustee of Franklin and Marshall College and as a member of the board of Regents of Mercersburg Academy, Mercersburg, Pa. An outstanding preacher and leader, he is well-known in denominational and inter-denominational circles.

Other officers of Potomac Synod elected to serve were the Rev. Mr. Henry C. Koch, D.D., Washington, D. C., vice president; the Rev. Mr. Frank K. Bostian, Baltimore, secretary; Mr. Henry Schluthens, Baltimore, treasurer, and Mr. R. B. Alexander, lay member.

Mrs. B. P. Ogle, Derwood, Md., spent the weekend here visiting friends and relatives.

SOFT RAYON CREPE Flattering Fashion

TWO-PIECE TOWN PRINT in Avisco rayon crepe has a slim sheath dress topped by a matching rib-hugging costume jacket. The dress is smart to wear in town and cool enough to wear right through the summer months. The dress fabric is styled by Belding Corticelli. For more news about spring fashion, send for the free leaflet, "Fashion Flash for Spring and Summer." Just mail a self-addressed, stamped envelope to the Women's Editor of this newspaper.

We have thought of Thy loving kindness, O God, in the midst of Thy temple.—(Psalms 48, 9.)

If we go to church merely as a formality or habit—or if we just sit there passively listening—what is the benefit, where the devotion? Rather should we affirm in our hearts, each individually and personally, God's abiding mercy and love, and strive in righteousness to earn them.

Lions Club Sponsors

Donkey Baseball

Saturday night is Donkey Baseball day in Thurmont. Under the sponsorship of the Thurmont Lions Club the game will get underway at the high school ball field at 8:15 p. m.

A number of the community's prominent citizens and businessmen will be going the limit for a good cause, by attempting to ride the trained donkeys while playing a respectable brand of

DEBT SOLUTION

Keep drinking coffee and plan a trip to colorful Guatemala—and that government will be grateful! Guatemala is counting on these two factors to help put the country back on its feet after the Arbenz government left a debt in its wake of about \$53 million. The American Peoples Encyclopedia Yearbook of 1955 says the U. S. gave \$6.4 million assistance in the form of an aid program for the new government last November.

SCIENCE STYMIED

From all over the U. S. and Canada reports came during the past year that a mystery force was pitting eyeglasses, housewindows, and auto windshields. The American Peoples Encyclopedia Yearbook for 1955 reports that no scientific explanation of the phenomena was ever successfully made. Who's hiding his pea shooter?

GUYS AND GALS

Get a hanky handy? According to the American Peoples Encyclopedia Yearbook for 1955, tears flow more copiously from women's eyes than from men's at every age level except the decade from 30 to 40. An explanation for those 10 crying years for the males? Well—turn-about is fair play!

BABSON

Writes . . .

By ROGER W. BABSON

BABSON PARK, Mass., June 16—So many readers are worrying about Formosa and China

that at this time, when the "World's Biggest World" is being dedicated here, I take the liberty of discussing Asiatic problems. First, let me say that I have never met Chiang Kai-shek, but I have known Madame Chiang, who attended Wellesley College, which is only two miles from the Babson Great Globe and Institute. She is a remarkable woman of the highest character and keenest insight; she has great influence with him. He was a poor boy when he married her; but a determined type like the late Henry Ford and a very great man.

History of Formosa

When forecasting the future of any country, it is well to recognize the history as well as the present status. Formosa is a large island, about the size of Massachusetts and Connecticut, lying 100 miles east of China. A mountain range runs north and south, with fertile plains to the west. A combination of heat and moisture gives it marvelous crops; it produces gold, silver, copper, oil, coal, and uranium. Population is about 9 million, mostly of old Chinese descent.

This great island was originally settled by the Dutch, who were expelled by the Chinese during the 17th Century. It was taken by the Japanese in 1895, who held it until the close of World War II, when, in 1945, it was ceded back to

China. Whatever our opinion as to the government of China—whether Nationalistic under Chiang Kai-shek, or Communist under Chou and his gangsters—we must realize that Formosa inherently is a part of China. Whether the Communists want to "liberate" it or "enslave" it is debatable. From a strategic viewpoint, the U. S. and Japan should not now allow Formosa to get into the clutches of Communist China.

Importance of Patience

One of the chief lessons I have learned from Madame Chiang Kai-shek is the importance of patience and of avoiding giving ultimatums. Human nature is the same on both sides of a conflict and if "the ball can be kept in the air" long enough most problems will solve themselves. Many serious problems are solved by leaders becoming older and finally dying. (Today's Bible reading is Psalms, 49th Chapter, which has given me the inspiration to write this column.)

To apply the above philosophy to the Formosa problem it may be impossible to get a satisfactory settlement as long as Chiang Kai-shek is in the saddle. If, however, he should be removed by death or become incapacitated (he is about 70, and has had a hard life), I forecast that President Eisenhower could bring about a settlement which would both insure our position and "save face" for the Peking government.

What About World War III?

Although the present Big Four International Conference will probably amount to nothing and the possibility of World War III will be hanging over us for many years, yet the best advice is that World War III is not NOW to be feared. None of the big nations, including Russia and China, now want World War III; but the threat of using the H-bomb will constantly be used to blackmail the democracies. With the cost of manufacturing H-bombs constantly becoming less, every nation will have some, enabling revolutionary forces in these

ALONG THE POTOMAC

By Cong. DeWitt S. Hyde

WASHINGTON, June 16—The Presidential Advisory Committee on Water Resources headed by Interior Secretary Douglas McKay, is now in the process of preparing the final draft of its report. When released it will help to alert the people of this country to the seriousness of our water problems. Not only are there problems of a lack of water to be met but there is also the ever increasing rate of consumption by individuals and communities to be considered. I want to stress again that it is not too early to begin long-range planning which will insure a water supply safety margin in the 6th Maryland District.

We have had an inkling of what the future may bring in the overtaxing of some of our local water supply systems. Community growth is tied very definitely to available water supplies. Some

nations to get them. Some crazy dictator may try to conquer the world with them; but, if so, he would be quickly subdued. This would be an opportunity for the U. N. to fulfill its real mission.

All the above means that our defense program may gradually be curtailed and this Federal money be used for the building of roads, hospitals, schools, and especially the new industry of Urban Redevelopment. Uranium oxide is being found almost everywhere, and could also help stave off the so-called "inevitable" depression. I still believe in the business cycle; but its duration is now determined by politics. Therefore, let us forget the troubles which we read so much about. Let us concentrate on our own business and make better products for less money and sell them all over the world. This is the most practical kind of patriotic service we can render.

localities must now curtail the expansion which new housing and industry bring simply because of inadequate water processing and distribution systems.

A beginning is being made in planning for the conservation of water resources and their utilization in the Sixth District. Already under way are studies by the Interstate Commission on the Potomac River Basin. The Corps of Engineers is also actively at work on the problems presented in that part of the Potomac River Basin which lies within our District. Other agencies are also carrying out preliminary investigations on many aspects of the problem.

The Acting Director of the Interstate Commission on the Potomac River Basin, Mr. L. M. Fisher, has been kind enough to outline some of the reasons for conserving water at its source—particularly in the Upper Potomac—for us. He pointed out that there is only a fixed quantity of water available and increased individual, industrial and farming needs must be met thru conservation and learning to use water supplies over and over

again. A great many inquiries concerning the Senate action in raising the minimum wage have come to my office. Federal minimum wage laws apply only to those engaged in interstate commerce and the Senate bill does not increase the number of workers covered.

Don't argue with this baby!

All Chevrolet's competitors and most of the high-priced cars tried it recently in official NASCAR* trials—and took a licking!

Meet the champ! The new Chevrolet "Turbo-Fire V8"—the most modern V8 on the road today. Here's what happened—

Daytona Beach. NASCAR Acceleration Tests Over Measured Mile From Standing Start. Chevrolet captured the 4 top positions in its class! 8 of the first 11! And on a time basis Chevrolet beat every high-priced car, too—but one! But wait!—this is just the beginning!

Daytona Beach. NASCAR Straightaway Running. Open to cars delivered in Florida for \$2,500 or less. Chevrolet captured the first two places, 7 out of the first 11 places!

Daytona Beach. NASCAR 2-Way Straightaway Running Over Measured Mile. Open to cars from 250 to 299 cu. in. displacement. Chevrolet captured 3 of the first 5 places!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns. Chevrolet finished first!

Fayetteville, N. C. NASCAR Late Model Event. Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stops!

These facts you can't laugh off. Sales leader. Road leader. A crowning achievement of Chevrolet and General Motors. Try a Chevrolet . . . and live in a land of going-away where you win all the arguments! Soon, maybe?

*National Association for Stock Car Auto Racing.

Way, way ahead!

Chevrolet

Sales leader for 19 straight years!

Priest Dies Here While On Retreat

A pontifical requiem Mass was celebrated Tuesday morning at 10:30 a. m. in St. Joseph's Catholic Church, Locust Dale, Pa., by the Most Rev. George L. Leech, bishop of the Harrisburg Diocese, for the Rev. Frank Pohl, 70, who died last Friday morning following a heart attack.

Father Pohl, who was attending the annual retreat at Mount St. Mary's College, complained following one of the conferences, of a pain in the chest. Taken to the college infirmary he collapsed and died before a physician could be reached.

A native of Johnstown, Pa., Fr. Pohl studied at the Pontifical College, Josephium, Worthington, O., where he was ordained June 13, 1912. He served as pastor of the Marietta Presentation of the Blessed Virgin Mary Church from 1928-1934 and from 1934-1950 he was pastor of St. Joseph's Church in Milton. In 1950 he was assigned to St. Joseph's Church, Locust Dale, where his body lay in state until the time of the funeral Tuesday morning.

Surviving are three brothers, John F., Johnstown; Joseph, Trenton, N. J.; and Brother Jerome Pohl with the Franciscan of Atonement Fathers, Graymoor, N. Y. Two sisters, Mrs. Margaret Kelly, Trenton, and Mrs. Ella Frankosky, Johnstown and one nephew, Joseph Pohl, Harrisburg, also survive.

Cakes of ice from the first commercial ice plant were four feet long, two feet wide and one inch thick.

And all thy children shall be taught of the Lord, and great shall be the peace of thy children.—(Isaiah 54, 13.)

We seek the best there is for our children in schooling and material happiness. But the greatest gift that parents can give their children is religious training and devoted example in the home. For these will comfort and sustain them the rest of their lives.

DO YOUR LETTERS GET OPENED FIRST? — or last? Many people prance and glance through their mail and open the most inviting, important-looking envelopes first.

Your letters will have plenty of "priority appeal" if you'll let us print your letterheads on distinguished Hammermill Bond with Hammermill Bond Envelopes to match in color and finish.

PLAYING AT THE MAJESTIC THEATER, GETTYSBURG

Leslie Caron looks skeptical, but Fred Astaire appears most persuasive in this penthouse preview to the "Something's Gotta Give" number in the new CinemaScope musical, "Daddy Long Legs," currently thru Saturday at the Majestic Theatre, Gettysburg.

Adolph Hitler became absolute dictator of Germany on Aug. 2, 1933.

Hiroshima was blasted by the atomic bomb on Aug. 6, 1945.

The "City of London" is just one square mile in size.

Local Man In Car Mishap

An Emmitsburg salesman, Edgar L. Annan, Jr., was released under bond of \$1,000 for his appearance in Franklin County Court, Chambersburg, Pa., following his arraignment by Pennsylvania State Police Monday morning before Justice of the Peace Clarence Crider, Jr., of Rouzerville, after his car had been involved in a collision with another vehicle.

Police said Annan drove his car onto Route 16 (Sunshine Trail) from an intersecting road three miles east of Waynesboro at 5:20 p. m. Sunday and crashed into the car of Madeline S. Oswald, Hagerstown. It is alleged that Annan's car failed to stop at a stop sign before entering the intersection. Damage to the Oswald car was estimated at \$125 and damage to Annan's car was negligible.
