Weekend  
Weather Forecast

Continued cool over the weekend with a possible chance of thundershowers.

SINGLE COPY, 7c

## Most Anything At A Glance

BY ABIGAIL

It was bound to come but we really didn't expect it so suddenly... it's the weather change I am referring to. After a sizzling summer and early fall the mercury suddenly decided to take a tumble and I really mean a tumble. Over night it topped some 30 degrees and that's quite a shock after having to endure several weeks of 90-degree temperatures. The turnabout came last Friday night and Saturday a number of local homes already had furnaces turned on. It was warm Sunday afternoon but the chill was put on again that night and has remained with us constantly ever since. Oil trucks hardly observed for several months, were again seen busily engaged in getting homes filled for the advent of winter.

One of the most controversial subjects of the day seems to be Mr. K's visit to this country. You'll find any number bitterly opposed to the visit and name calling has been brought into play. Others feel that it is a good thing or that it really doesn't matter whether he was permitted to come here or should have been rejected. Still others are complacent about the whole thing and offer little or no opinion on the matter. Various organizations, including veterans' groups, churches, etc., have bitterly opposed the visit.

I myself, do not condone the activities of the Russian or for what principles he stands for, if any, but I most certainly do not oppose his visit here and concur most heartily with the decision of the Executive and State Department to invite the man here. His record and that of his predecessors is clear to us and we know exactly what to expect from him and his clan, but our own Vice President was cordially greeted in Russia on his recent visit and I think our reciprocity is justified. I feel that it is better to deal in a cool war than a hot one. Should his visit here be rejected the door to further negotiations might have well been slammed shut and serious consequences undoubtedly would have followed. As long as we can talk the situation over on half friendly terms we are not losing our sons in battle. This is no sign of cowardice in my opinion. It is only exercising common sense. We are by no means afraid of the Reds and will resist every effort to thwart any advances on our national security. President Eisenhower is no dope and he had a sound reason for inviting the man here. It is up to us to back up the President's decision and remain civil about the matter. We have plenty of things going on right at home which are nothing to be proud of. I know that I'll be criticized for my opinion but that's what the press is for and that's what makes America what it is... a land of freedom of opinion, freedom of religion, etc.

I would be remiss in my duty if I were to neglect to compliment Mr. George Danner on the stupendous job he did in promoting our recent parade here. Things went off in clock-like fashion and delays were kept at a minimum. A contemporary columnist who has a column elsewhere in this paper pays a fine tribute to George so I'll not dwell on the subject any longer except to commend George for the excellent job he turned in. It was one of the finest and most colorful spectacles held here in many a year. Be sure to read George Wireman's column, "This 'N' That" elsewhere in this week's issue.

## PRIZE SHEEP

A Rocky Ridge farmer, Ralph Lee Keilholtz, is the proud owner of the state champion Montadate ram. The animal was so adjudged at the Timonium Fair last week, it has been learned.

Mr. Keilholtz received numerous honors with his prize sheep. Of the 12 classes in which he had entries, he was awarded 11 first places and three seconds. He also was presented the Maryland Premium Breeders' Award and the Montadate Breeders' Assn award.

Another Rocky Ridge resident, Darlyn Valentine, daughter of Mr. and Mrs. Ray Valentine, was adjudged the owner of the state's champion ewe at the fair.

## Sue Eisenhower Participates In Horse Show

An estimated crowd of 500 witnessed the presentation of the 11th annual Horse Show held last Sunday afternoon under the sponsorship of the Emmitsburg Lions Club. The weather was perfect for the affair and the usual large throng gathered at scenic Civic Grounds to witness the thrilling show. An added treat was the appearance of little Miss Susan Eisenhower, granddaughter of President and Mrs. Dwight D. Eisenhower. Susan was awarded third place in the children's pleasure horse class held midway during the presentation. She was accompanied to the grounds by her father and mother, Major and Mrs. John Eisenhower, and a number of Secret Service men. Miss Eisenhower, only seven years old, handled her horse masterfully considering it was only her second appearance in such events.

The show was hampered financially by the lack of entries and seven classes had to be cancelled because of this. Thirty-three horses were presented in the ring during the event, compared with perhaps 75 or 100 in previous years. As a whole though, show officials were well pleased with the affair and maintained it still was a financial success. Other horse shows scheduled in this area the same day were blamed for the lack of entries. It was reported that shows were held in Union Bridge and Waynesboro last Sunday.

Show Secretary Arthur Elder, announced the following results of the show:

Class Two, Lead Line Pony: 1, Gray Boy, ridden by Robin Reed; 2, Cream, Cindy Swope; 3, Spotty, Bruce Straub.

Class Three, Western Pleasure Horse: 1, Trigger, Archie Magaha; 2, Poco Juan, Dave Hileman; 3, Valley Red, Connie Schroll.

Class Four, Open Three-Gaited Saddle Horse: 1, Conceived In Liberty, Tammy Howard; 2, Paper Doll, Ed. Straub Jr.; 3, Playmore's Fancy Boy, Constance Schroll.

Class Five, Small Pony: 1, Gray Boy, Cheryl Swope; 2, Cream, Edward Reed; 3, Tony, Mary Ann Clapsaddle.

Class Six, Large Pony: 1, Thunderette, David LeVan.

Class Seven, Open Five-Gaited Saddle Horse: 1, Sparkling Highball, Preston Howard; 2, Fanfare, Dr. Masino; 3, Prissy, Miss Dorothy Weideman.

Class Eight, Pleasure Horse: 1, Playmor's Fancy Boy, Constance Schroll; 2, Sue, Debbie Swope; 3, Rock, Cleason Richardson.

Class Nine, Open Walking Horse: 1, Midnight Storm, J. M. Burkholder; 2, Sally Rand, John H. Needy; 3, Man-O-Silver, Rosie Ryan.

Class 10, Open Pony Roadster, 1, Chicago Kid, Peggy Moyer; 2, Brooks Dainty Lady, William Swomley; 3, Shot's Pretty Boy, Gilmer Burrier.

Class 13, Pony Driving: 1, Gray Boy, Debora Swope; 2, Superior's White Fox, Cheryl Swope; 3, Spotty, Bruce Straub.

Class 14, Open Western: 1, Poco Juan, Dean Heilman; 2, Trigger, Archie Magaha; 3, Golden Lady, John Eyerl.

Class 15, Children's Pleasure Horse: 1, Thunderette, David LeVan; 2, Trigger, Joan Magaha; 3, Goldie, Susan Eisenhower.

Class 16, Three - Gaited Saddle Horse Stake: 1, Paper Doll, Ed Straub Jr.; 2, Conceived In Liberty, Tammy Howard; 3, Playmore's Fancy Boy, Connie Schroll.

Class 17, Western Trail: 1, Poco Juan, Dean Heilman; 2, Trigger, Frank Magaha; 3, Golden Lady, John Eyerl.

Class 18, Five - Gaited Saddle Horse Stake: 1, Sparkling Highball, Pres Howard; 2, Fanfare, Dr. Masino; 3, Prissy Miss, Dorothy Weideman.

Class 20, Driving Show Pony: 1, King of Kings, Wm. Swomley.

Class 21, Walking Horse Stake: 1, Sally Rand, J. H. Needy; 2, Midnight Storm, Peggy Moyer; 3, Man-O-Silver, Rosie Ryan.

Class 23, Fine Harness: 1, Appalochian, Charles Jacobs.

**Police Promoted**  
Three Maryland State Troopers formerly stationed here received promotions this week according to a release from Maryland State Police Headquarters, Pikesville. Elevated in rank were Lt. J. T. Knight, promoted to captain; Lt. W. W. Corbin, raised to assistant field force commander, and Lieut. Truman Moon to commander of the Waldorf Barracks.

**Divorce Granted**  
The Adams County Court this week granted a divorce to Joan A. (Ripka) Dombrowski of Littlestown, formerly of Emmitsburg, from Walter J. Dombrowski of Grand Rapids, Mich.

## Lions Club Plans Charter Night

The thirtieth anniversary of the chartering of the Emmitsburg Lions Club will be held in conjunction with the anniversary of the Thurmont Lions Club it was agreed at the regular meeting of the Emmitsburg club held Monday night at Fitzgerald's Mason-Dixon Inn.

President Ralph D. Lindsey presided over the meeting at which 33 members and guests were in attendance. Guests were present from the following units of District 22-W: Thurmont, Yellow Springs, Glade Valley and Frederick. Richard Toms, Emmitsburg was a guest of the club.

Present at the meeting were Deputy District Governor Lawrence Dorsey of Woodboro and John R. Routh, Thurmont, zone chairman.

The annual charter and ladies' night will be held jointly it was decided because the two club's anniversaries are but a month apart. The affair will be held in the American Legion ballroom at Thurmont on October 28, 29, or 30th, the date depending on the availability of International Vice President Dudley Simms.

An appeal by the Sportsmen's Arms Manufacturing Institute to organize a safety training corps of local Boy Scouts was discussed and the club voted to sponsor such an event. The class would study methods of safety while using rifles and shotguns. Lion Philip B. Sharpe volunteered the use of his rifle testing range for the project. The following committee was appointed to handle the class: Edward Fitzgerald, William Strickhouser, Philip B. Sharpe, William G. Morgan and J. Ralph McDonnell. Dr. D. L. Beegle was named chairman of the program committee for the Charter Night dinner-dance.

## K of C Exemplifies Second Degree

Nineteen candidates received the second degree of the order of the Knights of Columbus at ceremonies held Monday night in St. Euphemia's Hall under the sponsorship of Brute Council 1860, Knights of Columbus.

The exemplification was in charge of the degree team from St. Agnes Council, Knights of Columbus, Baltimore. Following the conferring of the degree refreshments were served to the members and candidates at the Council's Home on the Square. Grand Knight Curtis D. Topper presided over the meeting and exemplification.

## FATHER WHELAN JOINS MOUNT FACULTY

The Rev. John P. Whelan, a native of Troy, N. Y., has joined the faculty of Mount St. Mary's College, Emmitsburg, as dean of freshmen. He succeeds the Rev. Paul Redman, who has been relieved of disciplinary duties to continue work on his doctoral thesis.

Father Whelan attended St. Thomas Seminary, Hartford, Conn., receiving an A.A. degree in 1947. He received his A.B. degree from St. Mary's Seminary, Baltimore, summa cum laude, in 1949, and his S.T.L. from Catholic U. in 1953. In 1954 he received an M.A. from Catholic U. in Education. He has also done graduate work in chemistry at Fordham U.

From 1954-59 Father Whelan taught at Mater Christi Seminary, Albany, N. Y., where he served as dean of discipline from 1956-59. He was chairman of the committee on accreditation from 1958-59. He also taught philosophy at St. Rose College, Albany, and Maria College, Albany.

Father Whelan has been a contributor to the Catholic Educational Review, the American Ecclesiastical Review and Emmanuel. He has worked as an auditor and defender of the bond on the Tribunal of the Diocese of Albany from 1955-59 and was appointed a synodal judge in 1958.

During the past summer Fr. Whelan led a national pilgrimage to Athens, Cairo, Jordan, Israel, Rome, Lourdes and Paris. Immediately prior to his appointment at Mount St. Mary's, he served as administrator of St. Catherine's parish, Middleburgh, N. Y.

**Homemakers Plan Open Meeting**  
The Homemakers' Club of Emmitsburg is holding an open meeting at the VFW on Thursday, September 24 at 7:30 p. m. The subject will be "Preparation for Disaster." The Civil Defense Committee for the Homemakers' Club will display the essentials needed for one week in case of disaster and will explain this display, and other important details one must know in case of disaster.

## Miss Webb Becomes Bride Of Robert Hays

Miss Terree Estelle Webb, daughter of Mr. and Mrs. Frank J. Webb, of Emmitsburg, became the bride of Samuel Robert Hays, son of Mr. and Mrs. Samuel C. Hays, all of Emmitsburg, Saturday afternoon at 2:30 o'clock in the Emmitsburg Presbyterian Church amid a setting of palms, flowers and lighted candles.

The double-ring ceremony was performed by Rev. William Hendricks. The bride, given in marriage by her father, wore a full-length gown with chapel train of peau de soie and French lace and adorned with sequins and pearls. There were bands of lace trim on the extremely full skirt and the back-line was draped and caught with a large bow. The bride carried her Bible with a cascade bouquet of white carnations and stephanotis.

The groom graduated from Emmitsburg High School and Lafayette College in Easton, Pa., where he received his B.S. in Civil Engineering. Mr. Hays is employed by the Lehigh Portland Cement Company. The couple will reside in Allentown, Pa.

Miss Carolyn Webb, sister of the bride, was maid of honor. Bridesmaids were Miss Frances Webb and Miss Peggy Hays, all of Emmitsburg. The attendants wore identical ballerina-length dresses. The honor attendants and bridesmaids carried a cascade bouquet of pink carnations and stephanotis. Miss Gloria Long was the flower girl.

## OBITUARIES

### SAMUEL FRANCIS COOL

Samuel Francis Cool, 71, of Smithburg Rd., died Saturday morning at the Waynesboro Hospital. He had been in failing health from a heart condition for the past year and a half.

He was born at Emmitsburg, a son of Samuel D. and Ida Jane (Sanders) Cool. His early life was lived at Emmitsburg. He had been employed at Mt. St. Mary's College. In his early twenties he went to the Blue Mountain vicinity and worked for his brother-in-law, Oliver Ott, on his fruit farm.

For 20 years he worked in the Frick Company foundry and also worked at the Wood-Emby brass foundry for several years. He had farmed since 1941.

He was a member of St. Andrew's Roman Catholic Church and the Holy Name Society.

His wife, Susan Ott Cool, died in December, 1956. Surviving are these children: Oliver Cool, Maurice Cool, both of Smithburg Rd.; Murry Cool, at home; Bernard Cool, Hagerstown Rd.; Mrs. Esther Brown, Highfield; Mrs. Hettie Isenbaur, Denver, Pa., and Mrs. Mary Zeigler, Smithburg. Also surviving are 20 grandchildren and the following brothers and sisters: Henry, John and George Cool, all of Emmitsburg; Bernard Cool, Sykesville, Md.; Mrs. J. D. Funk, Waynesboro; Mrs. Grace Rider and Mrs. Rose Muench, both of Emmitsburg.

Funeral services were held on Tuesday morning from St. Andrew's Roman Catholic Church and Requiem Mass was by the Rev. Joseph P. Kealy. Burial was in St. Andrew's Cemetery, Waynesboro, Pa.

Surviving are these children: Mrs. Lula M. Brown, Washington; John Wilbur Zimmerman, Chambersburg; Ennis Zimmerman, Waynesboro Rd.; Mrs. Mary Hahn, Waynesboro; Mrs. Leoda Kauffman, at home. Eleven grandchildren and seven great-grandchildren and these half-brothers and sisters, William Rodgers, LeGore, Md.; Mrs. Alice Wetzel, Lantz; Mrs. Della Manahan, Emmitsburg, and Simon Smith, Rocky Ridge.

Funeral services were held Wednesday afternoon from the Grove Funeral Home, Waynesboro, in charge of Dr. Paul O. Shettel. Burial was in Green Hill Cemetery, Waynesboro.

Surviving are these children: Mrs. John F. Zimmerman, 81, retired stone mason, died at 4 a. m. Monday at his home in Waynesboro.

He was born in Eyerl's Valley, and went to Waynesboro as a young man and was employed at Frick Co., and the Geiser Manufacturing Co., and then learned the mason trade.

He was a member of the First EUB Church, Waynesboro. His wife, Mrs. Emma Grace Wetzel Zimmerman, died in June, 1956.

### LEWIS JOSEPH KELLY

Lewis Joseph Kelly, 85, Emmitsburg, died Monday at the Warner Hospital, Gettysburg, a day after being admitted there as a patient. He was a son of the late Jerome and Mary Peddicord Kelly and was a member of St. Joseph's Catholic Church in Emmitsburg.

Before retirement he was a mechanic on the Pennsylvania Railroad. He belonged to the Altar and Holy Name Society of the church and to Brute Council of the Knights of Columbus.

Surviving is a sister, Miss Alice G. Kelly, Emmitsburg, and a number of nieces and nephews.

Funeral services were held on Thursday morning with a requiem mass at 10 a. m. at St. Joseph's Church with the Rev. Fr. James Twomey officiating. Leo and Charles Eckenrode, nephews of the deceased, sang during the services. Interment was made in St. Anthony's Cemetery. Arrangements were in charge of the Creager Funeral Home, Thurmont.

### JOHN F. ZIMMERMAN

John Franklin Zimmerman, 81, retired stone mason, died at 4 a. m. Monday at his home in Waynesboro.

He was born in Eyerl's Valley, and went to Waynesboro as a young man and was employed at Frick Co., and the Geiser Manufacturing Co., and then learned the mason trade.

He was a member of the First EUB Church, Waynesboro. His wife, Mrs. Emma Grace Wetzel Zimmerman, died in June, 1956.

Surviving are these children: Mrs. Lula M. Brown, Washington; John Wilbur Zimmerman, Chambersburg; Ennis Zimmerman, Waynesboro Rd.; Mrs. Mary Hahn, Waynesboro; Mrs. Leoda Kauffman, at home. Eleven grandchildren and seven great-grandchildren and these half-brothers and sisters, William Rodgers, LeGore, Md.; Mrs. Alice Wetzel, Lantz; Mrs. Della Manahan, Emmitsburg, and Simon Smith, Rocky Ridge.

Funeral services were held Wednesday afternoon from the Grove Funeral Home, Waynesboro, in charge of Dr. Paul O. Shettel. Burial was in Green Hill Cemetery, Waynesboro.

Surviving are these children: Mrs. John F. Zimmerman, 81, retired stone mason, died at 4 a. m. Monday at his home in Waynesboro.

He was born in Eyerl's Valley, and went to Waynesboro as a young man and was employed at Frick Co., and the Geiser Manufacturing Co., and then learned the mason trade.

## Parade Draws 5,000 Here

One of the most colorful spectacles promoted here in several decades took place last Thursday night when the mammoth parade sponsored by the Vigilant Hose Co. marched off at approximately 7:15 p. m.

The parade was the highlight of the annual convention of the Frederick County Volunteer Firemen's Assn. held in Emmitsburg this year with the Vigilant Hose Co. playing host. The parade was built around bands, drum and bugle corps, floats, fire trucks and marching units and took about one hour to complete the march from West End to the carnival being held on Community Field. George L. Danner was chairman of the committee in charge of the parade and State Senator Samuel W. Barrick was the marshal.

Nearly 80 pieces of fire apparatus and marching units participated. The parade, divided into four divisions, attracted over 5,000 spectators along the line of march.

Top prize of \$100 went to the Littlestown, Pa., fire company for the best appearing fire company with apparatus, marching unit and musical organization. Second prize of \$50 went to the Guardian Hose Company of Thurmont. Other prize results are listed below.

Judges for the parade included Sheriff Horace M. Alexander, Capt. Joseph Donnelly, USMC and Raymond E. Menges, president of the Gettysburg Fire Company.

Flowers used in the memorial service Wednesday night were placed on the grave of Herbert W. Roger, late president of the host Vigilant Hose Company and a past president of the County Association, at a special ceremony Thursday afternoon.

Among the guests present during the convention were Frederick County Commissioner Merl Ramsburg; Jesse Jacobs, state fire marshal for the Western Maryland area; and these officers of the Maryland State Firemen's Association: President, Ralph Small; secretary, Floyd Heimer; trustee, Vincent Simmel, and executive committee member, Earl Wyvill.

Officers of the Ladies Auxiliary of the State Association who were guests at the County Auxiliary convention were Mrs. Mary Alice Lare, president; Mrs. Loretta Hall, secretary; and Mrs. Bessie Marshall, chairman of the hospital committee.

Prize winners included: Best appearing company (with apparatus and marching unit and band or drum and bugle corps), first, \$100, Alpha Fire Company, Littlestown, Pa., second, \$50, the Guardian Hose Co., Thurmont.

Best appearing band (not with company), first, \$60, Middletown High School band; second, \$40, Fairfield (Pa.) High School Band.

Best appearing drum corps (not with fire company), first, \$60, Free Staters American Legion, Hagerstown; second, \$40, Hanover (Pa.) American Legion.

Best appearing company (with most men in line of march without band or drum corps), first, \$35, Junior Fire Company of Frederick; second, \$20, United Fire Company of Frederick.

Best appearing Ladies' Auxiliary (marching unit), first, \$50, New Windsor Fire Company Auxiliary; second, \$15, Junior Fire Company Auxiliary, Frederick.

Best appearing fire truck, first, \$25, Middletown Volunteer Fire Company; second, \$15, Brunswick Volunteer Fire Company.

Company with apparatus coming longest distance, first, \$25, Hyattstown Fire Company.

Coming with oldest apparatus in parade, first, \$20, Westminster Fire Department, hook and ladder.

Best appearing float, first, \$25, Thurmont Grange; second, \$15, Youth Fellowship of Rocky Ridge.

Most comical entry, first, \$10, Robert Stine and Nancy Stine in bicycle built for two; second, \$5, Shelia Chatlos on bicycle fire truck.

Best appearing antique auto, first, \$15, Gilbert Stine, 1912 Ford. Independent marching unit, first, \$20, Twirlettes of Hanover.

**Society Meets**  
The Women's Society for Christian Service of Trinity Methodist Church met on Tuesday night for its first fall meeting with Mrs. George L. Wilhide presiding. There were eleven members and one guest present. Mrs. C. C. Combs gave the devotions. The society will study the book of St. Luke and Africa this year. Meetings are held the second Tuesday of each month. After adjournment, delicious refreshments were served.

**Local Ford Dealers Attend Preview Of 1960 Cars**  
Two Ford dealers from Emmitsburg, Md., made a special visit to the Ford Motor Company headquarters in Dearborn, Mich., this week to view the 1960 cars and trucks, and met face-to-face with engineers who designed them, and discuss with Henry Ford II and others the promise that the forthcoming decade holds for the national economy and the automobile industry.

The local dealers represent a portion of the 7,000 Ford dealers who have been invited to the company's headquarters.

The Emmitsburg area dealers, departed for Dearborn on Monday, September 14 and saw the new Fords unveiled in a Broadway-type show featuring Ray Bolger, Jane Powell and Blackstone the Magician. The dealers were also entertained by Tennessee Ernie Ford and Rosemary Clooney.

## Council Will Repave Several Streets Here

Charles D. Gillelan was appointed Town Clerk at the regular meeting of the Burgess and Commissioners held Monday night in the Town Office. Mr. Gillelan, local tax collector, succeeds Miss Louise Sebald whose resignation became effective Sept. 3. The Town Fathers regretfully accepted Miss Sebald's resignation.

With all members of the Board present it was agreed to let a contract for the repaving of lower DePaul Street and Federal Avenue to the Roadite Co., of York, Pa. Both of these streets will be black-topped sometime in the future. The meter account heretofore kept aside to itself, was abolished and the proceeds from the parking meters will be placed in the general fund.

Clerk Gillelan was appointed with a salary of \$75 per month and it also was agreed upon to raise the salary of the Chief of Police \$100 annually. Council okayed the purchase of a new adding machine for the business office.

In an effort to regulate or control peddling by outsiders within the corporate limits, the Town Solons adopted an ordinance which requires that a permit be obtained from them and also empowered them to levy a fine for infractions of this ordinance which is now being published prior to becoming legally enforceable. Police Chief Wilmer E. Law presented his regular monthly report to the Council.

In other action taken during the meeting Council issued a stern warning to parents or children who own bicycles that it is positively prohibited to ride their vehicles on the sidewalks and fines are likely to be levied against offenders.

The Town Fathers plan a registration of all those local residents who are housing college boys and asks that those who are renting to the boys, please register at the Town Office immediately.

## Local Ford Dealers Attend Preview Of 1960 Cars

Two Ford dealers from Emmitsburg, Md., made a special visit to the Ford Motor Company headquarters in Dearborn, Mich., this week to view the 1960 cars and trucks, and met face-to-face with engineers who designed them, and discuss with Henry Ford II and others the promise that the forthcoming decade holds for the national economy and the automobile industry.

The local dealers represent a portion of the 7,000 Ford dealers who have been invited to the company's headquarters.

The Emmitsburg area dealers, departed for Dearborn on Monday, September 14 and saw the new Fords unveiled in a Broadway-type show featuring Ray Bolger, Jane Powell and Blackstone the Magician. The dealers were also entertained by Tennessee Ernie Ford and Rosemary Clooney.

During their three-day stay, the dealers occupied eight hotels, ate three tons of chicken, three tons of spare ribs, 11 tons of beef, 10,000 lobster tails, 2,500 pounds of shrimp, 3,000 pounds of butter, 2,000 pies, and drank 1,000 gallons of coffee and 2,000 quarts of milk.

The dealers from Emmitsburg attending were: John S. Hollinger and J. J. Hollinger of Sperry's Garage, Emmitsburg.

**Pen-Mar Play-offs Continue**  
Fairfield and Taneytown registered victories Sunday in opening semifinal games of the playoffs in the Pen-Mar Baseball League.

A six-run outburst in the top of the third inning made it easy for Fairfield to down Boonsboro, regular season titlists. 11-1, at Hagerstown.

Guy Weikert, Fairfield moundman, tossed a seven-hitter against the Marylanders and permitted their one run in the eighth inning. He fanned 10 batsmen.

Fairfield blasted out an even dozen hits with J. Weikert, Spence, Kang and Johnson each collecting a pair.

Taneytown also exploded for six runs in the top of the third to whip Hanover 8-4 on the latter's field.

Joe Bierly, former Gettysburg College hurler, was the victim of the attack. He went the route and allowed 10 hits.

This Sunday Boonsboro will play at Fairfield while Hanover travels to Taneytown.

Sincerity is a great virtue, rarely exhibited and seldom appreciated.

The betting odds that you will have a safe summer motoring vacation decrease as the miles per hour on your speedometer increase... Slow Down and Live.

## ORDINANCE NO. 171

### AN ORDINANCE ENTITLED

AN ORDINANCE regulating sewage disposal and providing for charges to be levied for the use of the Emmitsburg Sewerage System, said ordinance repealing and re-enacting ORDINANCE No. 171 and the regulation or ordinance on page 177 of the Ordinances of The Burgess and Commissioners of Emmitsburg.

SECTION 1. Be it enacted by The Commissioners of Emmitsburg that Ordinance No. 171 and the regulation or ordinance on page 177 of the Ordinances of The Burgess and Commissioners of Emmitsburg be and the same is hereby repealed and re-enacted to read as follows:

### SEWAGE DISPOSAL AND SEWAGE

hereby determined and declared Section 1. PURPOSE. It is to be necessary to the protection of the public health, safety and welfare and convenience of the Town of Emmitsburg, Frederick County, Maryland to regulate sewage disposal and to levy and collect charges for the use of the Emmitsburg Sewerage System. Section 2. CESSPOOLS, PRIVIES AND PRIVY VAULTS. The use of a cesspool, privy or privy vault as part of a plumbing or drainage system shall be abandoned as soon as possible in the Town of Emmitsburg after a public sewer has been constructed in any street or right of way adjoining the premises on which a cesspool, privy or privy vault is located, and such use shall in all cases be abandoned within the time set to discontinue such use, stated in a notice from the Burgess.

All such vaults and cesspools allowed to be used, pending connection with the Town sewerage system, shall be so constructed that no offensive or injurious odor or gas can escape, either directly or through the fixtures connected thereto. Every abandoned cesspool shall be emptied, cleaned, disinfected and permanently filled with clean fresh earth, provided, however, that clean ashes or other approved material may be used with the permission of the Burgess.

Section 3. DISPOSAL OF RAIN WATER. Cesspools and wells may be used for the disposal of rain water provided they are so constructed that they carry off the water discharged therein properly and do not overflow. In the event that they do not carry off such water properly or overflow, their use shall be discontinued upon receipt of notice from the Burgess.

Section 7. PERMITS GENERAL- LY. Permits shall be issued in triplicate. One copy shall be delivered to the applicant, one filed with the Town Clerk and one filed with the Burgess or Plumbing Inspector. Permits shall contain blanks to be filled in by the owner of the premises or his authorized representative and shall give the full names of the owner(s) of the property, owner's address, address of the property (or different from owner's address), and the name of the plumber who will do the work. The conditions in such permits must be strictly complied with and the work shall be done by the plumber listed on the permit or under his supervision and by journeymen in his employ. When the work has been satisfactorily completed, the copy of the permit which is to be filed with the Burgess or Plumbing Inspector shall be certified by the plumber who has done the work and then filed with the Burgess or Plumbing Inspector.

Section 18. PENALTIES. Whenever in this ordinance, any act is prohibited or is made or declared to be unlawful or an offense, or whenever the doing of any act is required or the failure to do an act is declared to be unlawful, the violation of any such provision of this ordinance shall be punished by a fine not exceeding three hundred (\$300.00) dollars or by imprisonment in the county jail for not more than three (3) months. Each day any violation of any provision of this ordinance shall continue, shall constitute a separate offense.

Section 19. SEVERABILITY OF PARTS OF ORDINANCE. It is hereby declared to be the intention of the Burgess and Commissioners that the sections, words, clauses, sentences, phrases and

paragraphs of this Ordinance are severable and if any word, clause, sentence, paragraph, phrase or section of this Ordinance shall be declared unconstitutional by the valid judgment or decree of any court of competent jurisdiction, such unconstitutionality shall not affect any of the remaining words, phrases, clauses, sentences, paragraphs and sections of this Ordinance, since the same would have been enacted by the Commissioners and approved by the Burgess without incorporation in this Ordinance of any such unconstitutional word, phrase, clause, sentence, paragraph or section.

CLARENCE G. FRAILEY  
Burgess

## ORDINANCE NO. 177

An Ordinance requiring the purchase of a license to peddle or sell goods, ware or merchandise upon the streets, in public places, or from door-to-door, within the corporate limits of Emmitsburg; providing exceptions for certain merchants, civic, religious, educational and charitable organizations, certain farmers and fruit pickers, certain distributors of circulars and other literature; authorizing the issuance of licenses by the Burgess; and repealing Ordinance No. 134, Approved January 18, 1911, and Ordinance No. 167, Approved November 12, 1935.

Section 1. Be it ordained by the Burgess and Commissioners of Emmitsburg, that it shall be unlawful for any person, partnership or corporation to peddle from door-to-door, sell or offer for sale, any goods, ware or merchandise, upon any public street, in any public place, or from any temporary structure or vehicle within the corporate limits of Emmitsburg, without first having obtained a license, as hereinafter provided, for such purpose. PROVIDED: That no license shall be required of any merchant having a permanent place of business within Emmitsburg and otherwise subject to any tax imposed by said town, nor of any agent, servant or employee of such merchant; nor of any person, persons or organizations conducting festivals, bazaars, fairs or sales the proceeds of which are dedicated to religious, civic, educational or charitable purposes; nor of any persons engaged in the non-profit distribution of literature or circulars intended primarily to persuade others to adopt a particular point of view unrelated to any commercial enterprise or undertaking; nor of any individual farmer who casually engages in the sale of produce from his own farm; nor of any individual who casually engages in the sale of berries and fruit picked by himself.

Section 2. And be it further ordained, that any person or body corporate violating this Ordinance shall be punished by a fine of not less than ten dollars (\$10.00) nor more than One Hundred Dollars (\$100.00) with the costs of prosecution for each day on which a violation occurs, and in default of payment thereof may be committed to the Public Jail of Frederick County there to remain until such fine and costs are paid, or until discharged according to law.

Section 4. And be it further ordained that Ordinance No. 134, Approved January 18, 1911, and Ordinance No. 167, Approved November 12, 1935, are hereby repealed.

Section 5. And be it further ordained, that the provisions of this Ordinance are hereby declared to be severable, and in case it be judicially determined that any word, phrase, clause, item, sentence, paragraph or section of this Ordinance, or the application thereof, to any person or circumstance, is invalid, the remaining provisions and the application of such provisions to other persons or circumstances shall not be affected thereby, the Burgess and Commissioners here by declaring that they would have ordained the remaining provisions of this Ordinance without the word, phrase, clause, item, sentence, paragraph or section, or the application thereof, so held invalid.

Section 6. And be it further ordained, that this Ordinance shall take effect on the 14th day of September, 1959.

## BROWN—GARTRELL

Miss Vera May Gartrell, Route 1, Taneytown, daughter of Mr. and Mrs. Charles L. Gartrell, Taneytown, became the bride of James Andrew Brown, Emmitsburg, son of Mr. and Mrs. George H. Brown, Emmitsburg on Saturday morning at 10 a. m. in St. Joseph's Church. The Rev. Martin Sleasman, C.M., assistant pastor, performed the nuptial mass and double ring ceremony.

The bride, given in marriage by her father, wore a white sleeveless street length dress with scalloped neckline, tight bodice and very full skirt, with light blue cummerbund and big blue bow in back. She wore a white headband to which was attached a nose length veil, and carried a bouquet of pink and white carnations.

Carol M. Brown, Emmitsburg, sister of the groom was maid of honor. She wore a sleeveless street length dress of blue organza with fitted bodice and full skirt with matching headband to which was attached a short blue veil and carried a bouquet of pink and white carnations.

Michael Humerick cousin of the bridegroom, Emmitsburg, was best man, and the ushers were Fern Roddy, Taneytown R1, and Wayne Warthen, Emmitsburg.

The bride's mother was attired in a beige and brown dress with white accessories and a corsage of yellow rosebuds. The bridegroom's mother wore a navy blue dress with white accessories and a white carnation corsage.

Mrs. Louis Rosensteel, church organist, played the traditional wedding music.

Immediately following the ceremony a reception was held at the Taney Inn in Taneytown.

The bride is a 1959 graduate of Taneytown High School, and the groom graduated from St. Joseph's High School, Emmitsburg in 1958 and is now stationed at Forbes Air Force Base in Topeka, Kansas.

The couple will reside in Topeka, Kansas.

## Grange Holds Regular Meeting

The Emmitsburg Grange met at the High School on Wednesday evening with Bernard Welty, master, presiding. There were 18 members and two guests present. The Master reminded everyone that the 5th degree will be conferred at the Walkersville Fire Hall on Wednesday, Oct. 7. All 4th degree members are urged to go to this meeting. Plans for the Fair Booth were made and all canned and fresh vegetables should be taken to Mrs. William Wivell's home on Sunday afternoon, Sept. 27.

Plans for the Community Show to be held on Oct. 9 and 10 at the Emmitsburg High School, were discussed. It was stressed that all persons living in Emmitsburg and the surrounding areas are eligible to enter their products in the show. All entries will be entered on Friday morning, Oct. 9, from 8 a. m. until 11:30 a. m. Approximately \$200.00 in prize money will be paid to the winners. There will be a program on each evening. Friday evening by the Grange and Saturday evening by the Boy's 4-H Club. The 4-H Club will chance off a registered Holstein Heifer on Saturday evening. There is no admission for this show but a silver offering will be collected. Raymond Keilholtz and Harry Swomley will act as delegates to the State Grange meeting to be held at Leitersburg Grange in Washington

OUR STATE UNIVERSITY

An elementary Spanish course will be telecast by the University of Maryland on Tuesday and Thursday from 6:30 to 7 a. m., beginning on Oct. 6, over WTOP-TV in Washington and WMAR-TV in Baltimore.

University's first venture into television with a course prepared and taught by a member of its own faculty. In making the announcement, University President Wilson H. Elkins cited the importance of learning the language because of the significance which Latin America holds for the United States.

The Door That's Always Open

Millions of people are alive today because of modern medicine. More children live to grow up and more parents live to see their children reach maturity. Good medical and hospital care have become necessities for living.

New roads to recovery are ahead of us. In the hospital, skilled professional and technical workers who use an ever-growing array of scientific tools and supplies are ready to care for us 24 hours a day—every day.

EMERGENCY--19

Hospitals must meet all emergencies no matter what time of the day or night. They constantly face the unpredictable: an accident to an individual or a disaster that overtakes a community. The hospital's emergency entrance is always open.

Last year there were more than 20 million hospital admissions, many of them emergencies. About half were admissions of Blue Cross members and their hospital care was paid for in advance. If you do not belong to the Blue Cross, don't wait. Find out about it now from your local plan.

Radio in the Wheat Fields...

Golden grain funneling from two combines at once into one of custom combiner Earl Estill's radio-dispatched grain trucks symbolizes the modern efficiency of today's mighty mechanical assault that reaps the wheat of mid-America.

Modern wheat harvesting has come a long way from the days of the big threshing crews and horse-drawn harvest wagons. Today big combines, fast hauling grain trucks and huge storage elevators reap the harvest of America's grain belt in record time.

And during this summer's wheat harvest another modern innovation speeded the harvest for one custom wheat combiner with even more efficiency.

That innovation was the use of a two-way radio communications system.

Custom combiner Earl Estill of Carrier, Okla., who has been cutting wheat by contract for 15 years across the Great Plains, is one of the first combining outfits to use radio to speed the harvest.

He has two-way radios in his pickup, his two grain trucks, one of his three Gleaner-Baldwin combines built by Allis-Chalmers and in the house trailer from which his 18-year-old daughter, Judy, prepared all the meals for the hungry harvesters.

His radios are 100-watt transmitters set up on 43-10 megacycles with a 40-mile range. They are licensed by the Federal Communications Commission on an industrial band.

The progressive Oklahoman feels his two grain trucks with radios can do as much work as three without radios. The major purpose of the communication system is to dispatch trucks to waiting grain elevators and return, find out if the elevators are full and what the moisture content of the wheat is when it arrives at the elevator.

Another important role, says Estill, is to "tell Judy where

He pointed out that the university has had experience in offering educational programs for adults in 18 countries on four continents, and was in an excellent position to offer the new Spanish course.

"While maintaining a proper respect for academic standards and proven traditional methods of teaching, the university has not hesitated to experiment in new fields with new methods of approach in an effort to bring quality education to a large quantity of people," he concluded.

Information in the Spanish Telecourse and its supplemental class instruction may be obtained by writing to Instruction by Television, University College, University of Maryland at College Park.

Yearlings Enter Classic Baltimore Stake Race

A bumper crop of 674 yearlings has been nominated for the 1960 Lord and Lady Baltimore Stakes program at Baltimore Raceway.

In making the announcement, General Manager Joe Lynch of Baltimore revealed that 371 colts and geldings and 303 fillies were named by the August 15 deadline for the second annual stake event.

The filly division — The Lady Baltimore — is an innovation this season and Lynch said he was particularly pleased with the reception given to this portion of the stake.

Some 558 nominations were received a year ago for the first Lord Baltimore and that took place during the Raceway's recently concluded summer meeting.

The 1960 two-year-old stake will be raced in four divisions. The colts and geldings will compete in either trot or pace divisions and the fillies likewise have a choice of gaits.

The Raceway adds \$32,000 to the stake, \$3,000 to each two-year-old race and \$5,000 to each division the following year when the horses are eligible to return for the three-year-old section of the program.

Leading the large list of nominators was the famed Hanover Shoe Farm of nearby Hanover, Pa. Hanover nominated 151 yearlings. Other top nominators included Delvin Miller's Meadow Land Farm of Meadow Lands, Pa., with 42; Walter J. Michael's Pickwirth Farm of Buchrus, Ohio, with 40; The Peter Pan Farm of Washington, Pa., with 38, and the Castleton Farm of Lexington, Ky., with 35.

Smitty Rainbow, owned by Mr. and Mrs. Marlin L. Shriners of Rainbow Stables of Taneytown, Md., won the \$12,155 Lord Baltimore Stake No. 1 pace here in July. Willowood, owned by Robert W. Sidley of Painesville, O., won the \$10,300 trot division.

Are you willing to spend 3 cents to find out just where you stand with the world's largest insurance system. Frederick County residents have been asking in large numbers recently about their social security standing. Here's a simple way you can find out if you are protected for retirement, disability, or death benefits.

The Social Security Administration furnishes a pre-addressed post card (Form 7004) which any worker may fill out, stamp, and mail to the accounting headquarters in Baltimore, Md. In return, he will receive a statement of total wages (and self-employment) credited to his personal account. In addition to the total, there will be a breakdown of wages for the previous 4 years. In this way, any worker may find out for himself if his wages are being properly credited.

It is important that this be done about every 3 years, as there is a time limitation for correction of certain errors. Future benefits may depend on how much is credited to an individual's account.

The Social Security Administration, which keeps wage records on millions of Americans, urges you to play safe and find out how you stand. Be sure that you are being given credit under your own correct name and social security number.

For post card Form 7004, write the Hagerstown Social Security Office at 59 North Cannon Avenue, Hagerstown, Maryland.

Grain Storage Space Should Be Examined Now

Prospects for large grain crops this year should cause farmers to re-examine their farm storage situation, William L. Dudley, chairman, Maryland Agricultural Stabilization and Conservation Committee, said today.

With carryover stocks already predicted at record highs, the Department of Agriculture's latest crop report indicates that the available storage space may actually bulge with the bountiful crops soon to be harvested.

"Farmers should realize that the tremendous grain crops now in view create an immediate storage problem for them, not just for the Government," Mr. Dudley declared. "Even though crops are covered by price-support loans or purchase agreements, the farmer must still provide storage for them. The storage problem does not become the Government's responsibility unless and until the crop is delivered under the price support program."

"It's not too late for farmers to consider adding an extra crib or bin to present farm facilities, to be sure they have a place to put their 1959 crops. Commodity Credit Corporation help is available to producers. An inquiry at the County ASC Office will bring all the details about the storage facility loan program."

The Government will lend up to 80 per cent of the cost of additional needed farm storage space. The loans can be paid off over a period of 5 years; with the first repayment becoming due a year after the loan is made.

No organization can be stronger than the brains which direct it.

Fowl Pox Preventive Can Save Poultry

Proper preventive treatment against fowl pox now can help Maryland poultrymen save thousands of dollars this fall and winter, the Maryland State Veterinary Medical Association said this week.

Fowl pox is a relatively slow-spreading disease characterized by the formation of scab or wart-like nodules on the skin, particularly on the comb and wattles of the chicken. The unfeathered part of the head of the turkey also may be affected.

In some cases, scabs may appear on other parts of the body and cankers may also form in the mouth.

Affected flocks appear dull, go off feed and production drops markedly, the veterinary association reported, and the flock frequently goes into a molt. When the cankerous or "wet pox" form exists, mortality may be high.

Poultrymen can help prevent the spread of the disease by vaccinating pullets before their combs begin to develop. The vaccination should be practiced after consulting a veterinarian or a veterinary poultry pathologist.

Deadline For Refund Tax Claims Nearing

Annual claims for refund of Federal excise tax paid on gasoline used for farming must be filed by September 30.

Irving Machiz, District Director of Internal Revenue for the Baltimore District, which comprises Maryland and District of Columbia, said these claims should be made on Form 2240, for gasoline used between July 1, 1958 and June 30, 1959.

Mr. Machiz said copies of Form 2240 and a helpful booklet, "Farmer's Gas Tax Refund," Publication No. 308 (6-58), can be obtained from local Internal Revenue Offices.

Gears and other stressed parts of trucks, locomotives and heavy industrial equipment are made of nickel-containing alloy steels because of their great strength, toughness and wear-resistance.

Of the 18 U. S. Navy ships which have disappeared without a trace since 1781, four were lost during the month of September, accounting for 612 men.

FALLOUT SHELTER FOR A NEW HOME

For Family Protection in Nuclear War

ANOTHER type of shelter which gives excellent fallout protection can be built as an added room to the basement of a home under construction. It would add about \$500 to the total cost of the home. The shelter illustrated here is based on such a room built into a new home in the Washington, D. C., area in the Spring of 1959. Important considerations for each type of shelter are: arrangement of the entrance, ventilation, radio reception and lighting. "The Family Fallout Shelter," an OCDM publication, contains plans for five basic fallout shelters. Copies may be obtained by writing: Box Home Shelter, Battle Creek, Mich.

IN THIS NUCLEAR AGE

CD's a Vital Part of Farm Safety

Civil and Defense Mobilization Director Leo A. Hoegh in a Farm Safety Week statement urges farmers to accept Rural Civil Defense as a vital part of farm safety in this nuclear age.

Mr. Hoegh pointed out that fallout from nuclear attack on key military, metropolitan and industrial centers could cover hundreds of thousands of square miles of the United States.

"EVERY FARM family, no matter how remote it may be from a target," he said, "should build a family fallout shelter and stock it properly. This means providing a two-week supply of food and water, a battery radio, a first-aid kit, flashlights, bed-

ding and other items that would be essential to your survival."

Mr. Hoegh said Farm Safety Week, July 19-25, serves to remind farmers of the need to recognize and support the objectives of the Farm Division of the National Safety Council.

He said: "This nation cannot survive and recover from attack without its farmers. Rural America has always carried a heavy burden in times of national emergency. In this nuclear age, it is more important than ever before."

Mr. Hoegh pointed out that fallout is one menace of thermonuclear attack against which

simple protective measures can be taken.

"It need not kill," he said. "It is up to you to take action. Nobody can do it for you, any more than they can ship you a packaged civil defense from a factory."

"SURVIVAL WILL always be a personal thing. What you know and do will determine whether you—and your family—will live to help the nation survive."

Director Hoegh said free plans and designs for various shelters can be obtained by writing to OCDM Rural Civil Defense, Battle Creek, Mich.

**BABSON**

*Writes . . .*

**BY ROGER W. BABSON**

Babson Forecasts  
**A Boom In Seeds**  
 BABSON PARK, Mass., Sept. 17—Once each year I like to discuss foods. Usually it is at the close of the summer, which I spend at Gloucester, Mass. where I was born. There I once peddled vegetables and fruits from a milk wagon. I

of course, am writing only as a layman, surely not as a physician or druggist.  
**Vitamins, Minerals, And Bulk**  
 In my youth I never heard of "vitamins, minerals, or bulk" in connection with food. In the spring we were given cod-liver oil, which I hated; and molasses with sulphur on bread once a day. Then we were given jellies which my mother (bless her soul) had "put up" during the hot days of summer. We had potatoes, cabbages, squash, and carrots in the house cellar; but no green vegetables from November until rhubarb came again.

When ill, we were "built up" on raw fertile eggs and raw milk. No other kind of eggs or milk was known. We had no bathrooms in the house, but walked through the snow to a little "out-house" — 20 feet in the rear. We walked two miles to school and back twice a day — (while the children of 1950 are taken by bus and exercise in a beautiful gymnasium after arrival). We always attended church and Sunday school whatever the weather. **Did Live Seeds Save Us?**

live seeds. For instance, she not only refused to buy canned corn; but went out in the garden and picked the sorn ten minutes before dinner and we ate it "on the cob" when the kernels were alive. She always avoided cooking tomatoes or cucumbers or any berries because cooking killed the seeds. We got our fats from home-made butter; and our carbohydrates from oatmeal and corn meal; and the needed minerals from codfish dried in the sun.

The babies of those days were started in life on "mother's milk." If a mother did not have enough of her own, a "wet nurse" would be called in. Now babies are fed only "dead pasteurized milk and baby food which has been "dead" for months in a can. Twice a day father brought cool fresh water from a spring; but now we boil the water and kill the vitamins, or else use city water which has chlorine or perhaps fluoride to kill the germs which we now eat dead instead of alive.

**I Make A Forecast**  
 We can still buy fresh orange juice rather than canned or cooked. Fresh fruit juices will always be in demand, but the time may come when we will take an orange seed as a pill once a day! These seeds are now sold at a premium for the pigs and chickens, which also get the best of the fish of which we buy the filets. Frozen foods have a wonderful advantage for distributors; but they are dead foods valuable largely for bulk.

Let me repeat, I am speaking only as a layman (readers should not pay too much attention to my forecast. But here it is: Someday your grandchildren will buy packages of seed (now sold by the supermarkets for planting in the spring). These seeds they will soak and eat alive during the year—just as we now take vitamins, minerals, and other expensive pills which are sold at drug stores. Furthermore, they will get a variety of seeds in order to get such proper diversification as the family physician may order. The old motto "From Rags to Riches" may become "From Seeds to Health."

**What About Gravity?**  
 Life Magazine for September 7, 1959, has an excellent article on "Bulbs." It, however, omits one important fact, namely that bulbs and seeds have one very unique power—the power to defy gravity. They not only know when spring has come, but they have an exclusive God-given power to defy gravity and push upward through the hard soil which has been frozen all winter. P.S. When you read this I will be on the ocean headed for Sweden, Denmark, Germany, and elsewhere. Am taking a package of mixed seeds with me.

**SPORTS AFIELD**  
 By Ted Kestner

How strong is this swing to the fly rod for bass? One large mid-western rodmaker has reported that he had an increase in sales of fly rods of 24 per cent in a year, and all makers reported a marked increase, states Jason Lucas, Angling Editor of Sports Afield Magazine. Another straw in the wind is that about all the large companies that formerly sold, and boosted, only spinning tackle are now selling fly tackle too. Most of it is used for bass—which is only natural, since the bass is by miles the favorite American game fish. Unless, you're practically a giant, avoid a "bass-bug rod" as

**1200 Freshmen Enter Maryland U.**

COLLEGE PARK, Md. — More than 1200 students, who will enroll as freshmen at the University of Maryland this week, have completed preliminary college orientation, designed to help the new

college student in making the transition between high school and the university. Participating in the concentrated two-day program, the future freshmen were able to overcome the tension and insecurity that they would normally encounter when faced with the 2,000 different classes, 162 buildings, and more than 12,000 students at the opening of school on September 21.

The pre-college sessions, which were held between August 10 and September 9, provided each stu-

dent with a personal introduction to the university and its many offerings. The students toured the campus in groups of 25. Among the activities that the students experienced were reviews of the university's counseling services, academic programs, and intellectual objectives. Each student participated in programs which were designed to acquaint him with the library facilities, the Health Service, the residential program, and the cultural activities on the campus.

**Careers For Your Child**

**NEWSPAPERMAN**  
 A Newspaperman must have natural curiosity; a passion to learn the truth, resourcefulness, persistence, a logical and orderly mind. Other qualifications: poise, a college education, initiative, enterprise, integrity. Rewards include prestige, power, the excitement of being an insider when important events occur, the opportunity to help others.

The entire world is the newspaperman's province. He may branch out into radio and television newscasting, news magazine, wire service syndicate writing and reporting. Few professions are as exciting or interesting. Write and ask the New York Life Insurance Co., Dept. CF, 51 Madison Avenue, N.Y.C. for booklet, "Should You Be A Newspaperman?"

**Cook-Outs Through The Ages**

The flavor and fragrance of food prepared outdoors has an appeal anyone can understand. Ancient Greeks started the custom by impaling chunks of meat on a sword and holding it over an open flame.

In colonial times, rough French corsairs simplified the problem of food preparation in cook-outs. They built a huge outdoor fire and roasted an entire animal. When it was done barbe a queue—beard to tail—the feast began.

Success in modern cook-outs depends on choosing good meats and building the "right" fire. Easy-to-light, charcoal packed in clean, convenient to handle paper bags assures a perfect fire for any meat.

**Stunt Drivers Test New Tires For Safety**

Stunt drivers are shown here completing a high-speed braking test to record the traction of new butyl tires versus conventional tires. The tires made of butyl — a rubber produced from petroleum — were tested on wet pavement. The conventional tires were tested on a dry surface. Researchers wet down half this California road before the test was run at 50 miles per hour. The car with ordinary tires (left foreground) skidded more than a car-length further on dry pavement than the automobile with all-butyl tires skidded on the water-slick side of the road. Except for their tires, the two cars were identical, research men reported.

### Looking Ahead

...by Dr. George S. Benson  
DIRECTOR - NATIONAL  
EDUCATION PROGRAM  
Searcy, Arkansas

#### Americans For Constitutional Action

Out on the California desert in the shadows of the Sierra Nevada range I came one day to a ghost town where once a lively community had flourished. Ramshackle old buildings still lined the dusty, ghostly main street. The people had come generations ago and established the town when it became known there were mineral resources in the hills and freedom of opportunity for the adventurous. Finally the minerals played out. And nobody had given thought to the future of the town. The people left. The town died, although it could have lived on and prospered.

There are a lot of ghost towns. They died, in most instances, for want of proper leadership and adequate citizenship. There are a lot of ghost nations too. Twenty-one flourishing civilizations have risen to commanding positions in world society only to die—be-

cause the people, in each instance, gave virtually all their thought to their immediate desires and needs, and gave no thought or service to the future.

#### Principles Die Too

Principles and standards do not live from one generation to the next without fertilizing, and cultivating, and safeguarding. That requires a citizenship effort for which there seems to be very little immediate reward, and down through history we find hardly any citizen activity in this direction. So nations have come and gone. None has survived very long, as we measure in history. An organization has recently been established in the United States—because a few men with leadership capacity and a deep concern for the future wanted American citizens to be offered the opportunity to help fertilize, and cultivate, and safeguard our great founding principles.

The organization has been named: Americans for Constitutional Action. Its purpose is stated clearly: "To seek common ground and to stimulate by all proper means the activities of all citizens and organizations seeking the preservation of the American way of life and the American system of gov-

ernment and our system of free enterprise and private property under the constitutional safeguards provided by the founding fathers." If this purpose is achieved, America will never become a ghost nation, but will continue on as the world's ideal for mankind's freedom and prosperity.

#### "Liberal" Or Conservative?

The ACA, although strictly non-partisan in its political aspects, will be active politically as well as educationally. It is urging that existing organizations mobilize around American Constitutional principles, encouraging their members to become active in party politics in behalf of the basic American principles. It is now in the process of building a staff whose manpower and material resources will be available to help promote practical political participation in the precincts. It frankly will work for a Congress with a majority dedicated to conservative principles.

In its political objectives, ACA might well be viewed as the conservative competitor of the influential ADA (Americans for Democratic Action) which is dedicated to "liberal" changes in the structure of the American way of life, and works politically in a non-partisan way. ADA has leadership of unquestioned capacity—Senator Hubert Humphrey; Walter Reuther, vice president of the CIO-AFL; former Senator Herbert Lehman, and others. Though you may not subscribe to the "liberal" philosophy, you must acknowledge the dedication of these citizen leaders to their "cause."

#### Outstanding Leaders

The Americans for Constitutional Action (ACA) has such men in its leadership as: Admiral Ben Moreell, who organized the Seabees in World War II, former board chairman of Jones & Laughlin Steel Corp.; Henning Prentiss Jr., Chairman of Armstrong Cork Co.; Charles Edison, son of Thomas Edison and former Governor of New Jersey; General Robert E. Wood, former chairman of Sears Roebuck & Co.; Robert B. Snowden, mid-south agricultural-industrialist; Lloyd Wright, California, past president of the International Bar Association, and others. The executive director is Kenneth W. Ingwalson, who came directly to ACA Washington headquarters from his post as an executive of the American Farm Bureau Federation.

Mr. Ingwalson was one of the builders of the Farm Bureau's American citizenship program which is by far the most comprehensive and effective conducted by any membership organization in America. He and his staff associates and the ACA board of Trustees have a challenging opportunity. Conservatism, as they state it, means the continuing of the basic structure of our American way of life as opposed to socialism. Therefore, those citizens who feel the "liberal" program is best for the nation's future contact ACA at 408 First Street Southeast in Washington. Those who feel the "liberal" program is best for the nation's future will find their champion, (ADA) at 3141 Connecticut Avenue, Northwest, Washington 6, D. C.

### YOUR PERSONAL HEALTH

#### Ailment Of Genius

If your birthday falls during this month, you're in famous company. H. G. Wells, the novelist, St. Francis of Assisi, who founded the Franciscan Order, Dr. Samuel Johnson, who compiled England's first comprehensive dictionary and O. Henry whose short stories are known and loved all over the world—all four were born in September. They had something else in common, too. All suffered from tuberculosis.

So many gifted men and women were victims of TB, in fact, that at one time it was thought something about the disease helped produce geniuses or vice versa. We know better now, of course. The genius of these famous people had nothing to do with their illness. In each case there was a history of poverty, hunger, slum living, or close contact with other TB sufferers. These are the factors that have always caused TB and still do.

We know some other useful things about TB. That a simple, painless test, the tuberculin test, can quickly tell if a person is harboring the TB germ. That X-rays can show if the germ is active and doing lung damage. That modern drugs usually stop TB in its tracks in far less time than would have been thought possible twenty years ago.

There was a time when the TB victim had no way of knowing he had the disease until the blood he coughed up told him he didn't have long to live. There are still people who ignore the advances of modern medicine, to their cost. A good three-fourths of the more than 60,000 active cases of TB newly detected each year are in a far advanced stage. That shouldn't happen when tuberculin tests, X-rays and early treatment can bring about a much happier result. This column is sponsored in the interest of better health by: Your Tuberculosis Association.

Excessive drinking often stems from a lack of interest in hobbies or home projects.

Highway accidents are not confined to other people, they can happen to you if you fail to "Slow Down and Live" this fall.

The only reason the rich pay taxes is because the paupers can't.

The individual "with an idea"

is often a nuisance to his friends.

Emmitsburg is not your neighbor's town; it is your own and you must do your part in perfecting it as a good place for human beings to live in.

You cannot expect success if it depends upon the failure of others.

### Bread Costs Studied By USDA

FLOUR & OTHER INGREDIENTS	5.0
WAGES & SALARIES	5.1
FRINGE BENEFITS	0.4
PACKAGING	1.1
DELIVERY	0.9
ADVERTISING	0.7
OTHER COSTS	2.1
PROFIT BEFORE TAXES*	0.9
TOTAL BAKER WHOLESALE PRICE 16.2¢	

\*Agricultural Marketing Service study of selected bakeries showed net profit after taxes at less than one-half cent per pound.

Increased operational costs in the bakery and flour mill are responsible for the higher price of bread, according to the United States Department of Agriculture.

A USDA bulletin, "Marketing Margins for White Bread," points out that bread prices have increased 39 per cent in the past 10 years. The study disclosed that the cost of bread ingredients has remained fairly constant during the past decade. The cost of wheat to the miller in 1948 averaged 2.8 cents per pound loaf of bread, and the same in 1938. The cost of flour to the baker rose from 3.5 cents in 1948 to 3.6 cents last year.

The survey shows that the farmer's share of the consumer bread dollar for all agricultural products used in bread has declined from 24 per cent in 1948 to 16 per cent last year.

"The increase in bread prices resulted from the higher costs of labor, transportation and other non-ingredient expenses," the

bulletin stated. "Hourly earnings in bread-baking and similar establishments are 33 per cent more than they were 10 years ago. Fringe benefits have increased ninefold."

The baker received 16.2 cents for a pound loaf of bread last year, as an average. The retail margin, according to USDA, was 3.1 cents. The baker retained nine-tenths of a cent as a profit before taxes, less than one half cent per loaf after taxes.

A separate study made by the Department's Agricultural Marketing Service showed that the profits of six leading baking companies have declined 42 per cent on the basis of sales during the 10 year period. Profits decreased from 4 per cent of sales in 1948 to 2.3% last year.

The report stated that "Even if the farmer had donated his wheat, white bread would still have cost consumers about 17 cents per loaf (retail) in 1958."

### SPACIOUS ONE-FLOOR LIVING FOR MODERNS!

Here's a one-story ranch home with 1344 sq. ft. which gives the most active modern family plenty of well-organized living, sleeping, hobby and storage space.

Three big bedrooms with two full bathrooms, one for the master bedroom exclusively — and seven closets — are separated from the living area and its noises.

At the opposite end of the house are the hobby room and heated garage, in which the family car can be unloaded without going out-doors! Large storage and an outside door facilitate the use and parking of lawn, garden and sports gear.

Helpful feature is Luxtrol Light Control for selective illumination and economy. The lights of any room are adjusted by turning a dial to needs and moods — bright for entertaining or reading, candleglow for dining, low for TV and dim for all-night protection.

In the dining room, both formal and informal dining can be more graceful with lighting dimmed to candleglow for an intimate atmosphere. For serving or clearing the table, the lights can be turned up to full intensity. For even greater effect, dining room lighting can consist of a center fixture or chandelier, recessed downlights and valance lighting each controlled by separate Luxtrols and balanced to suit the desired mood.

This plan is the HP825 by designer Richard B. Pollman. Professional construction blueprints, with material list and outline of specifications, can be had for \$20 or \$35 for four sets from Home Planners, Inc., 16310-A Grand River Avenue Detroit 27, Michigan.

### PUBLIC SALE

We, the undersigned, having sold our farm, will sell at Public Sale on our premises located on the Emmitsburg and Keyville Road, two miles southeast of Emmitsburg, Md., on

**SATURDAY, OCTOBER 3, 1959**

At 10:30 O'clock Sharp (DST) the following Personal Property to-wit:

#### 30 HEAD OF DAIRY CATTLE

Of which 23 are registered Cattle, consisting of 16 head of milch cows, 7 bred Heifers (of which some will be fresh or close by sale day. There will be at least six fresh by sale day. This herd is all home-raised. Dairy Herd has DHIA records and will be tested within 30 days of sale. Can go anywhere and can be inspected anytime; all artificially bred. Registration papers and health certificates will be with each head. All calf-hood vaccinated.

#### FARMING MACHINERY

Farmall H Tractor, fully equipped, Ferguson Tractor No. 25; New Holland Baler Super 66; 13-disc Ontario Drill; International 28-disc Harrow; I. H. Corn Planter, power-lift; New Idea Manure Spreader on rubber; 90-bu. single Cultipacker; cultivators for Ferguson Tractor; 2 tractor plows, both 12"; New Idea side-rake, 4-bar; Bradley 5-ton rubber-tired Wagon with grain bed; Hay Elevator; steel-tired Wagon; L. H. Power Mower, 7' cut; Trailer for car or tractor; 3-section Springtooth Harrow. All the above is in first class condition. Wood Saw; hammermill and 48"x30" belt; corn sheller; smoothing harrow; Log Chains; Platform Scales; 4-hole Hog Feeder; 2 Electric Brooders, 500 size; Grindstone; Wheelbarrow; 2 blockinfalls; 40' Extension Ladder; Stepladder; lot of Posts; Clover seed sower; 2 sets of stilyards, clippers, 2 electric fences, chicken equipment.

Two Brood Sows with pigs by side day of sale.

#### 200 Laying Hens and Hogs DAIRY EQUIPMENT

Wilson 6-can Milk Cooler; 2-unit DeLaval Milkers, complete; DeLaval Water Heater; double wash tank sterilizer; 15 ten-gallon Milk Cans; 1,000 or more bales of alfalfa and timothy; hay by the bale; 300 bales of straw; 40 barrels of corn. BUTCHERING EQUIPMENT—Hog Scalding; large kettles, stirrers, stuffer.

#### HOUSEHOLD FURNITURE

Francis Brown Piano; white enamel Home Comfort Range; 5 Diningroom Chairs; 2 Bed Springs; Bed Linens; 2 Box Springs; Livingroom Suite; General Electric Washing Machine; Jarred Fruit; Music Stand; 6 good pairs of Curtains; Coal Oil Heater; Electric Egg Washer. Many other articles too numerous to mention—Lot of vinegar.

TERMS—CASH. No property removed until paid for.

ROBERT GRIMES & GEORGE MARTIN, Clerks

Q: "I've heard that a lot of teen-agers have oily skins but mine is only oily down the center of my face. Is this unusual and can anything be done about it?"

A: "No, it's not unusual and yes, something can be done about it. If your skin is just oily down the center and not very disturbed by blemishes, here is how you can treat it:

Rinse thoroughly in clear, hot water and pat dry with a towel. Apply three dots of vanishing cream-one on your forehead, another on your nose and a third on your chin. Now blend them together up and down the oily center of your face. Remove the excess with tissue.

## talk in peace and quiet

WHEN THE CALL'S JUST FOR YOU

Every girl knows teen-agers and extension phones go together like home and happiness. Gives a girl peace and quiet to talk as she pleases to the one that pleases her (gives the family peace and quiet, too). You can give your teen-ager extension phone service for \$1.10 a month, plus tax. Once-only charge for installation, and colors other than black.

Choice of white, beige, yellow, red, ivory, gray, green, pink, blue or black. For details please phone your telephone Business Office. Your Service Representative will gladly answer questions and arrange for installation, too.

**THE C & P TELEPHONE COMPANY OF MARYLAND**

A compact space-saving wall phone in the kitchen makes it easy to tend to the cooking, keep an eye on the kids and take calls as they come. Choice of white, beige, yellow, red, ivory, gray, green, pink and black. Takes the run out of running a home!

A bedroom phone can be ordered with dial light that comes on as you lift the receiver—also with a switch that shuts off the bell when you're napping. You'll find a bedroom phone gives you a wonderful sense of security, just having it near you.

**Steel bar cushions jar in REDESIGNED '60 CHEVY TRUCKS**

A revolutionary new suspension system gives vast improvement in ride, durability, and control to 1960 Chevrolet trucks. Front wheels are independently sprung on frictionless torsion rods. Rear suspensions are new, with coil springs on light-duty models and stronger, softer riding leaf springs on heavier models for improved cushioning of load and driver. New frames reduce height up to seven inches, with some cab floors at step-in level from the ground. Styling is new with rubber-mounted, roomier cabs. Inside steps have been eliminated, providing a full-width floor.

**OVER THE GARDEN WACCS**

This fall, things will be different. At least that's what we announced to the family the other day. This fall, the whole family is going to take over the job of leaf raking.

**Thanks For The Memories**

Leaf raking is the price we pay for these glorious shade trees. Trouble is, when leaves fall, it's cool enough that we've forgotten how nice the shade was during hot July and August. We've forgotten the soft rustle of leaves on moonlit June nights, when we sat out under the trees.

Raking isn't much fun, maybe. But we've got to get the leaves off the lawn before they smother the grass.

But this fall, things are going to be different.

When leaf raking time comes, the kids are going to help, instead of jumping into a neatly raked pile, tumbling leaves all over the clean lawn. As partial bribery, we've cleared a place for dumping the leaves, especially

made for the rough and tumble reward of their labors.

It's just a coincidence that right beside this is the compost pile, where the leaves will wind up their varied career.

That's the way we've planned it. We'll let you know if it works. Time To Fertilize

If you've never fertilized your lawn in the fall, why not try it on just a corner, this week-end. Ten to 15 pounds of 10-6-4, or 10-10-10 fertilizer per 1,000 sq.

feet will really make a difference.

In fertilizer, the numbers tell how much nitrogen, phosphorous and potash you're buying per 100 pounds. These are the three main types of plant food most crops need for good growth. Different amounts of each of these fertilizing elements. Then, too, different soils vary in the amounts of these elements found in them. That's why there are so many different analyses available.

Lawns are no different from other plants or farm crops. If you want them to grow, you've got to feed them.

Why not fertilize at least part of your yard this month, so you can see the difference for yourself?

Oh yes, stop by or call your county agent and ask him for "Lawn Care", a helpful University of Maryland Extension Service booklet that tells how to care for your lawn to make it greener, healthier and longer-lived.

**Garden Notes**

Clean out broken and diseased wood on shrubs and shade or fruit trees. If your plum or peach trees have borers, dig them out with a knife. You can spot these pests by the gum that oozes from their holes.

Sow winter-hardy annuals (like larkspur and bachelor's button now). Seed will germinate now. The plants will live through the winter and will flower in May and June.

Lilies of the valley, bleeding heart and dwarf phlox can be divided and transplanted now. Order spring flower bulbs now

**TODAY'S Meditation**

**The Upper Room**  
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read Matthew 7:24-29. As the body without the spirit is dead, so faith without works is dead. (James 2:26.)

One night I failed to reach the connection train when I was about ten miles from home. I decided to go that remaining distance by hitchhiking.

As I waited for a ride, a truck stopped at a gas station nearby. If I had gone to the driver and told him of my difficulty, he probably would have given me a ride. But I walked on. A few minutes later the truck rushed by, without my signs being noticed.

God asks us not to just believe in His power and His love, but to come to Him for help. He wants us to seize the opportunity to commit ourselves to Him and dedicate our lives to His service.

No matter who we are or where we live, there is much work to do around us. Let us not fail when action is required of us. God wants doers of the Word and not hearers only.

**Prayer**

Dear Father, help us to overcome the indolence of our hearts and our unreadiness to action. Make our faith a practical one. Prepare us for service here and in the world to come. In the name of Jesus, who has taught us to pray, "Our Father who art in heaven . . . Amen."

**Thought For The Day**

Our living faith finds practical expression through use of our

God-given talents.  
Arnold Pfeiffer (Germany)

Most college students begin their studies when the football season ends.

**Kenny Foundation Conducts Many-Point Program to Aid Physically Handicapped**

St. Louis, Minn.—The Sister Kenny foundation—a non-profit, charitable organization, with national headquarters here—carries on a year-around program to aid persons of all ages with nerve, muscle or joint disabilities, regardless of race, creed or financial circumstances. As outlined by Marvin L. Kline, national executive director, the Kenny program includes:

**TREATMENT:** Since Kenny medical and treatment techniques used for polio cases have proven beneficial in the treatment and rehabilitation for other crippling disorders, the Kenny foundation has expanded its services to include victims of other neuromuscular diseases and disorders.

**REHABILITATION:** In addition to aiding post-polio patients, the Kenny foundation is helping to rehabilitate victims of strokes, spinal cord injuries, congenital disabilities, cerebral palsy (spastic paralysis), spina bifida, amputees through prostheses training, arthritis, post-fracture disabilities, Parkinsonism, dystonia musculorum deformans and meningio-radiculo-myelitis.

**RESEARCH:** The Kenny foundation, in line with its policy of providing assistance for acquisition of new scientific knowledge, continues to support medical research in its own hospitals and makes medical research grants to leading hospitals and universities throughout the country.

**SCHOLARSHIPS:** The Kenny foundation is continuing its program of five-year scholarships to encourage outstanding young doctors to embark upon careers in research in the broad field of neuromuscular disabilities, including polio.

**PELLOWSHIPS:** The Kenny foundation continues to provide funds for development of under-graduate, graduate and post-graduate teaching programs in the medical and allied rehabilitation fields.

**TRAINING:** Along with training registered nurses and physical therapists to become Kenny Therapists, the Kenny training program offers instruction in rehabilitation techniques to medical doctors and rehabilitation technical personnel.

**MEDICAL EDUCATION:** The Kenny foundation conducts medical seminars and symposiums to better acquaint doctors with Kenny treatment techniques and research in the field of neuromuscular disorders and rehabilitation procedures.

**OUT-PATIENT SERVICES:** As an important part of its rehabilitation program, the Kenny foundation provides follow-up treatment. This service enables patients to return for periods of up to five years or more for the purpose of periodic check-ups.

"Public contributions, in the main, make possible this ever-expanding program," Kline said.

**EXECUTORS' SALE**

**TWO DAY PUBLIC SALE**  
CONDUCTED BY  
**NULL & NULL & BOWLUS**  
AUCTIONEERS

**WHITE IS FOR SUMMER — AND ALL YEAR ROUND**

ULTRA high in high fashion news this year is white. Chances are you've already bought a white dress or at least a skirt, but have you considered the new importance white is enjoying in home decoration — and for much the same reason?

Just as you may have discovered that a remnant of bright print fabric fashioned into a sash and matching hatband, jewelry, flowers, or a little jacket can change your white dress from casual to dress-up, so you will find that "basic white" in your home permits almost unlimited decorating possibilities.

For summer, the all white kitchen-dining area designed by General Electric shown above is accessorized in pinks and golds taking their tone from the flower painting. Curtains and geraniums are soft pink, while chair seat covers and fruit basket pick up the gold. Quick and easy change for winter might be a different wall decoration, darker curtains and cover for white marble-top table to give the room a warmer feeling.

Don't give fire a place to start!

**Yesteryear's one source of water for everything**

Water for drinking, cooking, washing, bathing, all came from the same covered well in days of old. The one-for-all principle is exemplified on the modern scene by our "one-stop" banking facilities. It's convenient to do ALL your banking business here!

**Birthday Party Held**

A very enjoyable birthday party was held at the home of Mr. and Mrs. William H. Umbel in Waynesboro on Saturday night, Sept. 12, in honor of their daughter, Sandra Jean's seventh birthday.

Delicious refreshments were served to the following: Mr. and Mrs. William H. Umbel and children, Bobby Dean, Sandra Jean, Tommy, Mikie and Bret; Mrs. Wilber Harman and children, Jerry and Betsy; Mrs. Frank Deatrich and daughters, Penefer and Lereña; Lorna Jean Smith and Dannie Bliss, all of

Waynesboro; Mr. and Mrs. Warren McClellan and children, Brenda and Gregg, Blue Ridge Summit; Mr. and Mrs. George E. Riffle and Mr. and Mrs. Robert Hess and children, Everett and Barbara, Thurmont; Mr. and Mrs. Wilbur Umbel, Beatrice and Anne Umbel, Mrs. Edna Tressler, all of Emmitsburg. Sandra Jean received many nice presents.

**Chiropractors Receive Recognition**

"Chiropractic has become the second largest healing profession in the world, although it was founded only 64 years ago," Dr. Aaron D. Barad, president of the Maryland Chiropractic Association, said today in a statement in conjunction with celebration of Chiropractic Day in the state and nation on Friday, September 18.

"Five district societies, made up of Maryland's 210 practicing chiropractors, plan special events commemorating the gains which chiropractic has made and continue to make in serving the American people," Dr. Barad added.

"The Maryland State Legislature established a State Board of Chiropractic Examiners in 1919," he continued, "and the State of Maryland Court of Appeals has ruled that a chiropractor's testimony is legally that of an expert."

"Other advances include the raising of training standards to include two years of pre-chiropractic college education with emphasis on the basic sciences, in addition to the four years of chiropractic study."

Dr. Barad concluded that the newest development in chiropractic is specialization in fields such as psychotherapy, physiotherapy, orthopedics and public health. Modern chiropractic discovery is credited to Dr. Daniel David Palmer.

**Stake Races To Be**

**Featured At Pimlico**

A schedule of eight stakes and feature races was announced this week for the 141st race meeting at Pimlico opening November 13 and running 28 days through December 15.

Gross value of these events is estimated at nearly \$300,000 by Louis Pondfield, executive director of Pimlico.

The Maryland Jockey Club's autumn programming is headed by the 37th running of the Pimlico Futurity, the year's final championship test for two-year olds, which will be run on Saturday, November 21, for an estimated gross purse of \$125,000.

The filly counterpart to the Futurity, the Marguerite Stakes, will be run Thanksgiving Day, November 26, for an estimated gross purse of \$40,000. Both the Futurity and Marguerite are at the two-year championship distance of one-mile-and-a-sixteenth around two turns.

The historic Pimlico Special, the nation's original invitational race, has been carded for Saturday, November 28, as a co-feature with the \$10,000 Exterminator Handicap.

The distance for the Exterminator has been reduced to one-and-a-quarter miles and the distance for the Pimlico Cup decreased to one and-a-half miles.

The schedule is completed by the Pimlico Breeders Stakes, for two-year-olds bred in Maryland, the Gallorette, for fillies and mares, and the Jennings Handicap for middle distance runners.

Nominations for the Gallorette, Exterminator and Pimlico Cup will close on Monday, November 2. All of the other events are closed with the exception of the Jennings which will be run as an overnight handicap.

**Teachers Will Attend Institute Of Leadership Training**

Approximately 200 teachers and administrators from throughout Maryland will gather at Camp Louise, Cascade, Maryland, this weekend for the 11th Annual Institute of Leadership Training. Sponsored by the Maryland State Teachers' Association, affiliated local associations, and the National Education Association, the Institute is designed to provide essential training for teachers acting as officers and committee members of state and local groups.

The Institute will open at dinner on Friday evening with greetings by Superintendents William M. Brish, Washington County, and James A. Sensenbath, Frederick County. Supt. Harry C. Rhodes, Queen Anne's County, will be the speaker for the orientation session on Friday evening. Saturday morning's program will feature Dr. William G. Carr, executive secretary of the National Educational Association, as keynote speaker. William S. Sartorius, assistant state superintendent of schools, and Jean R. Moser, president of the Maryland State Teachers' Association, will bring greetings.

On Saturday afternoon, the second general session will be devoted to an information bazaar highlighting several speakers who will use the techniques of humorous dialogues to present publications and background information of value to the participants. T. G. Bush, Baltimore City, and Harry C. Hendrickson, MSTA staff member, will direct this session. The remainder of the Institute will consist of discussion groups and workshops on such topics as publishing newsletters, developing local leadership training programs, building professional memberships. Leaders for these topics include Sarah L. Leiter, supervisor of pupil services, state department of education; Everett G. Pettigrew, elementary school supervisor, Anne Arundel County; D. Bixler Wheeler, vice-principal, Middle River Junior High, Baltimore County; and Robert Y. Dubel, associate executive secretary, MSTA.

At the third general session a panel headed by Francis L. Holsinger, principal of Easton High School, Talbot County, will answer questions from the previous discussion groups. Members of the panel include Sidney Dorres, director, division of publications, National Education Assn.; Gary Jewell, first vice-president, Maryland State Teachers' Association; Harry R. Poole, NEA director for Maryland, and Milson C. Raver, executive secretary, MSTA.

**Hospital Report**

Discharged  
James Kelly, Emmitsburg.  
Mrs. Marguerite Bialecki, Emmitsburg.  
Mrs. Ralph F. Ireland, Emmitsburg, Md.  
Births  
Mr. and Mrs. William Kolb, Rocky Ridge, son, Monday.  
Mr. and Mrs. Harry Welch, Emmitsburg, son, Monday.  
Mr. and Mrs. Eugene Adelsberger, a daughter, Wednesday.

**School Menu**

The school lunch menu for the Emmitsburg Public School for the week beginning Sept. 21, has been announced as follows:

Monday — Creamed chip beef, whipped potatoes, buttered corn, celery and carrot strips, fruit, milk, bread and butter.

Tuesday — Meat loaf, buttered potatoes, harvard beets, graham cracker pudding or jello, milk, bread and butter.

Wednesday — Roast pork and gravy, sweet potatoes, green beans, sliced tomatoes, applesauce, milk, bread and butter.

Thursday — Franks on roll, mashed potatoes, sauerkraut, raisin squares, milk, bread and butter.

Friday — Orange juice, toasted cheese sandwich, tomato or noodle soup, mixed salad, chocolate pudding, milk, bread and butter.

Miss Margaret G. Boyle, who has been the house guest of Mr. and Mrs. J. Ward Kerrigan, left to visit Rev. and Mrs. Arthur Sims near Unionville, Maryland.

Mr. John M. Roddy Jr., Falls Church, Va., was a visitor here this week for several days.

Paul L. Beale Jr., left last Thursday to enter the University of Florida, Gainesville, Florida. He expects to pursue the course of Engineering. He graduated in June, 1959 from the Thurmont High School.

Mrs. Marie Rial entertained for Miss Boyle with a picnic supper at "Clairvaux." Mrs. Kerrigan had a few people for coffee one morning during Miss Boyle's visit.

**ENGAGED**

Mrs. Nellie Wetzel, St. Anthony's, announces the engagement of her daughter, Regina Helen, to William Dillman Jr., son of Mr. and Mrs. William Dillman Sr., Gettysburg. An April wedding is planned.

# THIS 'N THAT

By George W. Wireman

## "George Danner's Parade"

Last week the community of Emmitsburg, Maryland and the Vigilant Hose Company were host to the 25th Annual Convention of the Frederick County Volunteer Firemen's Association. Highlight of this convention was the firemen's parade held on Thursday evening, Sept. 10, before an estimated crowd of 5,000. John J.

Hollinger, president of the Vigilant Hose Company is to be congratulated on picking George L. Danner as Chairman of this parade. The story behind the success of this event is indeed a most interesting one. It is the story of hours of hard work on the part of George L. Danner and the members of his committee in organizing one of the finest parades of its kind in Emmitsburg. Here, for your reading pleasure, is that story. A story that every citizen of Emmitsburg should read regarding one of their civic-minded, wide-a-wake volunteer firemen.

## EXECUTRIX'S NOTICE

This is to give notice that the subscriber has obtained from the Orphans' Court of Frederick County, in Maryland, letters Testamentary on the estate of

A. LAMAR BARRICK late of Frederick County, Maryland, Deceased. All persons having claims against the deceased are warned to exhibit the same, with the vouchers thereof, legally authenticated, to the subscriber, on or before the 7th day of March, 1960 next; they may otherwise by law be excluded from all benefit of said estate. Those indebted to the deceased are desired to make immediate payment.

Given under my hand this 31st day of August, 1959.

Margaret S. Crum Barrick  
Executrix  
Samuel W. Barrick  
Attorney

True Copy—Test  
THOMAS M. EICHELBERGER  
Register of Wills for Frederick County, Md.

There's no such things as the large economy - size package for government spending.—Pathfinder

Organizing a successful parade, such as the one witnessed in Emmitsburg last week, requires hours of planning and hard work and the full cooperation of all parade committee members. When there is the lack of cooperation among those in charge of a parade, two things can happen. Either the chairman finds that it's up to him to do all the work or, if he is not interested in taking the initiative, the parade is a flop. It has been said that any club or organization is a success only when there is an active or wide-a-wake secretary to look after things. This is also true of parades. The success of a parade depends upon how well it is organized and the type of chairman who heads the committee in charge.

Philosophy is often a lazy man's excuse for not doing something about it.

On February 1, 1959, George L. Danner was appointed chairman of the parade committee and John S. Hollinger, Paul Keepers, Charles Stouter, Guy Baker Jr., and J. J. Hollinger were named to assist him in making arrangements for the feature attraction of the 25th Annual Convention of the Frederick County Volunteer Firemen's Association to be held in Emmitsburg on Sept. 10.

George's first task was to draft an invitation to be sent to you all organizations in the area, inviting them to take part in the convention parade. This invitation covered the time and date of the parade as well as the various types of prizes that were to be offered to all those wishing to participate. These were sent out the last of March, 150 of them to be exact.

Realizing that such invitations must be in the mail early to insure a favorable reply, George did just this. Many persons often wonder why so early. This is done in order that the organizations receiving them may have time to discuss and make plans for participating. Some organizations are tops in their field and are always in great demand for parades. Then too there is the chance that there may be two, or even more parades scheduled for the same night. In this case the invitation received first is usually the one accepted.

Prizes to be awarded must be attractive and help to draw competition and competition wakes for an attractive and worthwhile parade. George and his committee set up some attractive prizes and this helped greatly towards the success of the parade.

In June, George met with his committee to discuss the traffic problems and parking on the night of the parade. It was at this meeting that Paul Keepers, Fire Police Chief, was appointed to handle this problem and did a most remarkable job.

With the traffic and parking problems in the hands of Paul, the committee then studied the returns that had been received up to that time. The results of this study did not satisfy chairman Danner. That night after the meeting he began to check on all parade news from the nearby towns, noting the various units that were taking part in them. From this, George compiled a list of organizations that had not previously been contacted, and additional invitations were mailed out.

Following this, invitations were mailed out to a number of persons to act as judges and a Grand Marshal was then selected. When several of the judges contacted were unable to accept due to other engagements, still others were invited until the required number was obtained.

By this time it was early July and George was calling his committee together about once a week, as each day's mail brought in returns from organizations and units located in the surrounding counties of Maryland and Pennsylvania. Plans were beginning to shape up and by the middle of August the committee was meeting just about every other day. The parade looked good except for one thing. What would

the weather be like on Sept. 10.

Every parade chairman watches closely the weather reports as the day of the big event draws near and George was no exception. The weather was hot and humid and this could bring thunder showers and lay waste to well-laid plans. The committee, keeping this in mind from the very beginning, had set the following night as a rain date, but if it should rain on the night of the parade there is always the chance that about half of the organizations who promised to attend, have other engagements the following night and find it impossible to attend on the rain date.

Last minute changes in plans can cause many headaches for a parade chairman, and here again George was no exception. The day has arrived and nothing special delivery letter arrived stating that one of the judges was unable to take part due to a conflicting meeting. Committee member, Guy Baker Jr. went to work and after several calls to a nearby community, secured another judge and the problem was solved.

Trying to make personal contact with a parade chairman on the day of a parade is like trying to get an appointment to see the President of the United States. The chairman is out looking after the final details, for the day has arrived and nothing must be overlooked.

On the day of the parade, George Danner of 211 East Main Street, was perhaps the busiest person in Emmitsburg, looking after those last minute details and finding little or no time to enjoy a good meal or be with his family.

When this writer tried to reach him by phone it was impossible. His wife informed me that he was busy out at the parade grounds, setting up the markers, over 106 of them, designed to show each unit where they would form. This is no easy task as one must know just how much space to reserve for each unit. All of this must be arranged according to the parade line-up, which in most cases is made up several days after the deadline for all returns to be in.

When this task of arranging the markers was completed George found that the farm wagon to be used for the judges stand had not been delivered to the designated spot on West Main Street, so he then made a trip to the Regis Sanders farm to get it. After the wagon was placed at the designated spot, George proceeded to decorate it and then set up the public address system, loaned for the occasion by the VFW.

By the time this task was completed word was received that some units coming to the parade would like to change into their uniforms after they arrived. George then set out to arrange for dressing rooms and these were located at the VFW and American Legion posts.

By this time it was late afternoon and it would be only a matter of time until the units would be arriving for the parade. George hurried home for a quick bite to eat and to get cleaned up. A final check on the weather found that the weatherman was cooperating beautifully and no rain was

in sight.

Around 6:00 p. m., after checking in at the fire hall to contact some of his committee members, George proceeded to the parade ground, where the task of lining up the many units was waiting. Through the able assistance of his faithful members he arranged each unit and the final phase of his well-laid plans was just about complete.

Promptly at 7:15 p. m. the siren atop the fire hall sounded, signaling that the first of four divisions was leaving the parade grounds. A few minutes later the car bearing the Grand Marshal, State Senator Samuel W. Barrick, was passing the judges' stand. About one hour later, as the last unit passed, the spectators were busy voicing their comments on one of the season's most successful firemen's parades.

The 30-year-old chairman of this 81 unit spectacle was kept very busy following the parade receiving the congratulations of his fellow firemen and many close friends. He was receiving, and still is, his just reward for a job well done. His hours and planning were at an end. The results . . . a parade enjoyed by thousands and referred to by many, as the finest of its kind and the most successful of the season.

I like to refer to this event as GEORGE DANNER'S PARADE, for without his personal touch, his untiring efforts and his devotion and pride for his community and the Vigilant Hose Company of which he is an active member, the success of last week's event would have been impossible.

The Editor and staff members of this newspaper join with me in extending to George L. Danner and the members of his committee our . . . congratulations on a job well done.

## FASHION SHOW PLANNED BY LOCAL COLLEGE

The fourth annual Fashion-Card Party will be held Saturday, September 19, at 1:30 p. m. in the Student Center at St. Joseph College, Emmitsburg. It is for the benefit of the Sesquicentennial Gift Fund, which has made possible the Student Recreation Center on the campus.

Fashions during the showing will be presented by Haber's of the Long Meadow Shopping Center, Hagerstown.

Many attractive door prizes will be awarded during the afternoon, as well as a table prize for the highest score. Tea will be served during the afternoon.

Mrs. Thomas Arcidiano, Hagerstown, is general chairman, assisted by Mrs. Rita Remavege and Mrs. Rosemary Mick, Emmitsburg; Miss Mary Jane Wills, Fairfield; Miss Ann Faber, Gettysburg; Miss Maureen O'Toole, Thurmont; Miss Elizabeth McCaffrey and Mrs. Daniel Chesley, Frederick; Mrs. Hugo Sacchet and Mrs. John Moran, Hagerstown and Beth Sewell, Emmitsburg.

Tickets are available from any local alumna or from Mrs. Rita Remavege, phone HI. 7-3894.

Models appearing in the fashion show will be as follows: Mrs. Claire Kenner Hill, Mary Jane Wills, Dede Donohue, Anne Sacchet, Barbara Wolf, Suzanne Guin-

ey, Kay Bailey, Sally Grave, Kathy Leitz, Sue Anderson, Philomena Liscio, Pat Cannon, Lois Dairs, Alice Meeker and Marie Gavin. Gloria Defina will act as commentator.

## Suit Entered

The Kelly Pie Company of Frederick has filed suit against Lumen F. Norris of Emmitsburg, claiming that he caused \$10,000 worth of damage to one of its trucks in an accident several months ago.

The suit was filed on Wednesday on behalf of the Frederick pie company and its driver, Darrel Taylor of Bowers Road, both represented by William Wenner of Brunswick, attorney.

The suit charges that Norris struck a truck belonging to the company and driven by Taylor and caused \$10,000 worth of damages to the vehicle, contents and driver.

Mrs. L. B. Lefler, of Wytheville, Va., has returned home after spending her vacation with her daughter and son-in-law, Mr. and

Mrs. Irvin Tokar Sr., Center Square.

When you're checking your list of things to do on your vacation trip this summer, remember to Check Your Speed . . . Slow Down and Live.
