## Most Anything At A Glance

BY ABIGAIL

Juvenile delinquency has reached such a zenith here that our Town Council has decided to enforce a curfew. After many weeks of deliberating Council has drafted an iron-clad ordinance to cope with the situation. This ordinance has been adopted and posted in several public places and will become effective on October 27, it has been learned.

Local authorities and other interested citizens have implored these youths to curb their activities but the warnings and admonishments fell on deaf ears. Several of them have been placed on parole several times and they still deliberately flaunt the law. Several robberies and break-ins have occurred and gangs of the boys continue to rove the streets and alleys, in defiance of parole officers and other law enforcement agencies. It was incumbent on our local town government to crack down on this public menace and now action soon will be forthcoming. After the 27th of this month all youths under 18 must be off the streets by 10 o'clock at night. On Friday, Saturday and Sunday nights the time has been extended to 11 o'clock. Any youth apprehended will be questioned by law enforcement officers and if they haven't written permission they are likely to be prosecuted. This indeed will be a step in breaking up these gangs of nefarious marauders. One youth has been charged with two robberies in less than a month. Citizens are asked to cooperate with the police in breaking up this present wave of hoodlums.

Halloween pranksters already are warming up their nebulous activities. Several times now these characters have removed the road barriers where new construction is now going on north of town. This sort of thing could be fatal to innocent victims and those responsible should be punished. It is indeed fortunate that no one was injured or killed when quite a number of cars and trucks went on through the new stretch of highway which is not yet complete when the barriers were moved. Police had a difficult time rerouting the lost motorists.

Election time is just around the corner and we urge you to begin studying your candidates. Most of them have been in town chatting with folks and attending meetings. This is the time to air your views with them and to form your own conclusions as to their qualifications and personalities. It is too late after November 6. This year's crop of candidates appears to be a good one so look them over carefully folks.

## Theater Schedules Famous Operettas

The Majestic Theater, Gettysburg, announces it has scheduled six world-famed operettas the first of which will be presented on Tuesday, Oct. 23. Two performances will be offered nightly by special arrangement with the Metro-Goldwyn Mayer Studios.

The first scheduled operetta is "The Student Prince" on Oct. 23; "Maytime" on Oct. 30; "Brigadoon" on Nov. 6; "The Fire Fly" on Nov. 13; "Bittersweet" on Nov. 20 and "Naughty Marietta" on Nov. 27.

## Local Students Attend Mount

Zimmerman, all of Emmitsburg; Franklin L. Valentine, Taneytown; Howard E. Lewin, Thurmont; Richard E. Dinterman, Rocky Ridge, and John W. Williams Jr., Taneytown.

## Football Great Dies Suddenly

John B. Law, captain of Knute Rockne's championship 1929 Notre Dame football team, died Sunday night after a fall at his home. He resided in Tarrytown, N. Y.

Law, 57, fell on a stairway inside his home early Sunday morning and was taken to the Phelps Memorial Hospital. An operation was performed but he died at 7 p.m.

He had been a member of the State Commission of Correction for a little over a year. A Democrat, he was appointed to the post by Republican Gov. Nelson A. Rockefeller. He formerly coached football and was athletic director at Mt. St. Mary's College, Emmitsburg.

Law was a lineman of the 1929 Notre Dame team that was undefeated in nine games against the nation's best college football teams. The team outscored its opposition 145-38, and won the 1929 Rissman Trophy. Law was at the Mount from 1946 until 1951.

## Teen-Age Dance Friday Night

The Young Citizens of Emmitsburg will hold a teen-age hop tonight, Friday, Oct. 18, in the Fire Hall.

The affair will get under way at 7:30 p.m. and continue until 10:30 o'clock and music will be furnished by the Dynamics. Admission to the affair will be 75c per person.

## Mount Has Own Phone Exchange

Rt. Rev. Robert R. Kline, Ph.D., President of Mount St. Mary's College, Emmitsburg, announced this week the inauguration of a new dial telephone system at the college. He stated that after months of planning and work, the Mount now has a system that is in reality a small dial office comparable to the systems located in the central telephone offices of local communities.

The system at present has approximately 80 telephones and can be expanded with the growth of the college's needs. Students and administrative personnel can now dial all of the stations on campus directly and certain non-restricted stations can place their own outside calls. Prior to the change over, all calls had to be placed through a switchboard operator.

The conversion does not eliminate the operator but relieves her of the burden of internal communications. The saving on man-hours and time makes this a self-paying system. A complete relay station has been built in the basement of the Administration Building. Automatic alarms notify the operator if any trouble arises.

The long range planning of this program was handled by Rt. Rev. William F. Culhane, Reverend David W. Shaum, and A. LaVerne Fogle, communicating consultant for the telephone company.

## Mother Seton Bazaar Saturday

The Big Top Bazaar sponsored by the Mother Seton School PTA will get under way Saturday afternoon at 3 o'clock at the local school.

The bazaar, an annual affair, is the only fund-raising event held by the school during the year and generally receives good patronage from the general public. An innovation at the event this year will be the featured 50c hot roast beef dinner.

There will be rides and games for the kiddies, bingo and bake sale for the adults and a number of door prizes will be awarded. The grand prize will be the awarding of a portable television set. Movies for the children will be shown and free baby-sitting service will be provided for parents desiring it.

Proceeds from this year's bazaar are earmarked mainly for library books and classroom equipment. In the past the PTA has purchased text books, library books, a projector, film strips, science equipment, athletic equipment, a public address system and a transistor radio for emergency use at the school.

## Auxiliary Backs Magazine Drive

The American Legion Auxiliary has authorized the National Organization for Magazines Sales to solicit subscriptions to Look Magazine in this district in the near future.

Proceeds from the sale of the magazines will be used by the Auxiliary to purchase hospital equipment for local use. The salesmen's credentials will be signed by Anna Bushman, president of the Auxiliary, and Beatrice Umbel, secretary. The names of the authorized salesmen are: J. R. DeBruyne, Ovie Lough, Charles Sparks, Harold Fisher, Paris Clemens and James Metzger.

## Mother Seton PTA Holds Meeting

Father Louis Storms was guest speaker at the regular meeting of Mother Seton School PTA, Thursday evening, Oct. 11. Father Storms spoke on "Spiritual Preparation for Christmas" and stressed the importance of planning now for a beneficial Advent. Our attitudes, he warned, more than our words tell children how we regard Christmas. They easily recognize whether we become unduly involved in the commercial trappings of the season or whether God's gift of Himself is central to our Christmas.

Sister Mary Anne of the school faculty followed Fr. Storms' talk with a discussion "Wise Choice of Toys." This talk was requested by PTA members at the January, 1962 meeting. At that time, in the aftermath of Christmas, many parents were having sober second thoughts about the toy-gifts they had selected. As a guide to this year's shopping, Sister spoke of suitable toys, of how children play at different age levels, and of what children do with toys.

President George Van Kirk presided at the meeting. He reported that plans for the Big-Top Bazaar, Oct. 20, are rolling smoothly along. It was decided to postpone until Spring the annual covered dish social which is usually held in November.

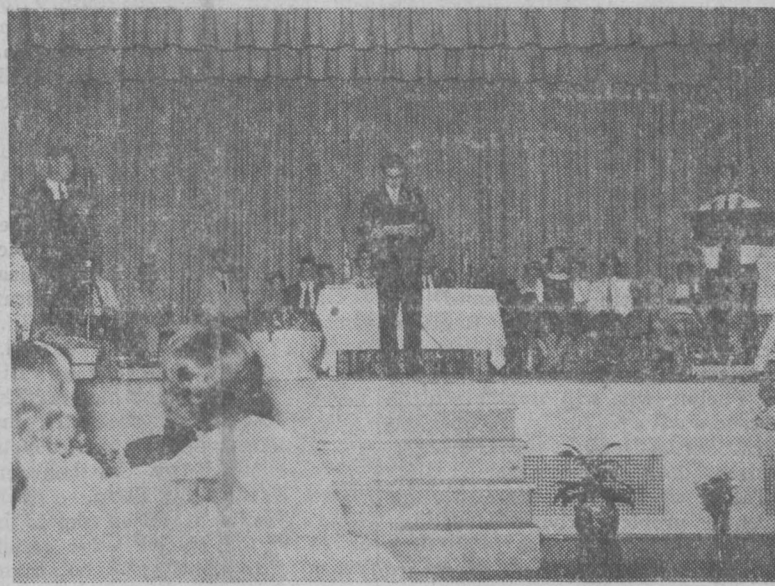

Sister Agatha announced that enrollment at Mother Seton School totals 533. This breaks down into a count by parishes as follows: St. Joseph's, 274; St. Anthony's, 108; Our Lady of Mount Carmel, Thurmont, 73; St. Rita's, Blue Ridge Summit, 69; St. Mary's, Fairfield, 9.

Refreshments were served by the ladies of St. Anthony's Parish, Mrs. Clarence Wivell, chairman.

## Birthday Party Held

A birthday party was held Sunday at the home of Mr. and Mrs. Eugene Myers in honor of their daughter, Patty, who celebrated her eleventh birthday. Those present were: Carolyn Frock, Diane Dutrow, Mary Kay Sherwin, Darlene Nussbaum, Mary Margaret Topper, Kyle Turner, Barbara Myers, Martha Byard, Nancy Topper, Barbara Krietz, Sue Forney, Jody Seidel, Barbara Seidel, Linda Seidel, Kathy Myers, Stevie Myers. She was the recipient of many lovely gifts. Not attending but sending a gift was Debbie Dick.

The first name in each committee is the acting chairman of the committee.

## Paul Dudash Cited By Oil Co.

Paul Dudash, Phillips 66 dealer at Toll Gate Hill, south of Emmitsburg, has received the honor of being one of Phillips Petroleum Company's most outstanding service station merchandisers in its 47-state marketing territory. The announcement was made today by Dan O'Haver, Phillips Baltimore division sales manager.

Paul won a special area award for exceptional service station appearance, cleanliness, and product display during Phillips recent national sales campaign. The recognition is representative of Paul Dudash's efforts and the efforts of his complete staff, Ray Culp and Neil Dolly.

"Good appearance, good display, and a neat, clean service station reveal the character of the business establishments our dealers operate. It builds a station's reputation and enhances its personality," O'Haver said.

"We are mighty proud of Paul Dudash's merchandising accomplishments . . . and we know many of his customers will share our appreciation for a job well done."

## SJHS PTA Meeting Held

Vice president Raymond Etheide presided at the meeting of St. Joseph's High School PTA held recently in the school auditorium. The freshman class won the attendance award. The group voted to purchase 100 chairs for the school. Sister Antonia closed the meeting with a prayer, after which the Sisters were available for consultation with the parents. The Sisters will remain in the auditorium at appointed stations for these consultations in the future instead of being in their respective classrooms.

Discharged  
Roy J. Wivell, Emmitsburg R2.

Mrs. Earl Hilbert, Emmitsburg, R1.

Mrs. Daniel C. Topper, Emmitsburg, R2.

Mrs. Davin J. Topper, Fairfield, R2.

## Local Farmer Killed By Farm Machine

A well-known Emmitsburg farmer was accidentally killed as he attempted to unclog a jammed ensilage cutting machine at his farm near here Thursday morning.

The victim was John Fisher Long, 47, of Motters Station. Police reports indicate that Long was working alone in a field when the machine became jammed. In attempting to clean the machine Long's right arm became engaged in the mechanism and was severed at the elbow. County Coroner Dr. B. O. Thomas who investigated with State Police said the man apparently died from shock and loss of blood before assistance arrived.

The mishap occurred about 8:30 a.m. yesterday morning and was investigated by TFC Earl F. Tracey of the Maryland State Police.

The farm is located on Route 2 on the Motters Station Road about a mile and a half south of Emmitsburg. State police received the call at 10:01 a. m.

Funeral arrangements in charge of M. L. Crager and Son, Thurmont, are incomplete at this time.

## Car Thefts Bring Jail Sentence

Daniel Francis Shorb of Emmitsburg, was sentenced by the Adams County Court to from one and one-half to three years in the Allegheny County Workhouse on a charge of driving a motor vehicle without the consent of the owner. He was sentenced to one and one-half to three years, to run concurrently, on a charge of larceny of two cars. He was given a similar sentence, to run concurrently, on a charge of driving during suspension, and was sentenced to one year on a charge of assault and battery. All are to begin as of September 1.

The charges arose after Shorb took a truck in Emmitsburg, was chased by Maryland State Police into Pennsylvania near Fairfield, abandoned that vehicle, while it was still in motion, and his three children, 2, 7, and 8 years of age who were passengers in the truck, escaped the Maryland officer by running into a woods, stole two automobiles in the Fairfield area and, after abandoning them, was charged with going into the home of Roy C. Keefe, in the Fairfield area, striking Keefe and breaking up a kitchen stove and a bag of potatoes. Shorb said that he was drinking at the time and "that is the only time I ever get into trouble."

## Brute Council Banquet Saturday

Grand Knight William E. Sanders presided at the regular meeting of Brute Council 1860, Knights of Columbus, held Monday night in the Council's meeting room.

Carl Wetzel, chairman of the six-point activities committee, reported that several activities are planned before the year's end. It is planned to hold a turkey-oyster feed on Dec. 8 for members only and Earl Tracey and Curtis Topper are chairmen of the affair. On Nov. 25 it is hoped to hold the annual father-son communion breakfast.

Curtis Topper, chairman of the annual Knight of the Year banquet, reported plans completed for the event to be held on Saturday, Oct. 27 at the Mt. Manor Motel. Music for dancing will be furnished by The Debonaires, a local orchestra.

One new member, Father Louis Storms, was admitted to the Council. The Grand Knight announced the first degree will be conferred at Mount St. Mary's College on October 28 and urged all members to be present.

## Local Newsboy Is Honored

Roy Baker, son of Mr. and Mrs. Raymond Baker, Emmitsburg, is the recipient of an award of merit issued by the Pennsylvania Newspaper Publishers Assn. for his fine management of a newspaper route he manages.

Ray delivers the Hanover Sun and is one of 10 boys out of 207 carrier to receive the citation. Young Baker was commended for his route management, scholastic achievement, salesmanship and extra-curricular activity. Baker will be honored at a banquet to be held in his honor at the Elks Club in Hanover.

## Mountaineers Picked To Retain Championship

Mount St. Mary's National Championship cagers began practice Monday and already the current issue of the Official Basketball Guide has Coach Jim Phelan running for cover.

In a two-page feature wrapup of NCAA College Division championship play last March, Bill Robertson of the Evansville (Ind.) Press touts the Mountaineers as preseason favorites to repeat at Evansville in the title play March 18-19.

Says Robertson: "In taking the National College Division championship out of the Midwest for the first time, Mt. St. Mary's College of Emmitsburg, Md., is not only the smallest college ever to win the coveted diadem, but already is the favorite to win it again in 1963."

"Mt. St. Mary's was making its third trip to the College Division round of eight at Evansville's elegant Roberts Stadium. The durable, resolute forces from the little Catholic school of 700 students survived one crisis after another to win the sixth annual tournament with only one senior in the lineup."

"Personally dethroning defend-

ing champion Wittenberg in the quarter-finals, the champions of the Mason-Dixon Conference won their final three games by a total of six points, including the one-point overtime victory over Sacramento State in the championship game.

"This actually put them in the basketball summit a year ahead of schedule and surprised almost everyone, including Coach Jim Phelan, who admitted, 'I never thought we'd make it this time with so little experience and depth.'"

"The Mountaineers played thru the entire Evansville tourney with only two substitutes, and against both Wittenberg and Sacramento State, the starting five went all the way."

"Coach Phelan used 6'5" sophomore Jack Campbell at center when the injured Dave Samuels couldn't make it against Southern Illinois in the semi-finals, and in the last half of that same game, sent in freshman Lou Martine when ace John O'Reilly fouled out."

"From the time Mt. St. Mary's survived a four-overtime Eastern Regional thriller until Eddie Pfeiffer's late free throw cemented their difficult 58-57 triumph in the final game at Evansville, it was a fitful, rugged assignment for the boys from Maryland."

"They had not only to go through another overtime to whip Sacramento State in the title test, but also were up against one of the nation's most celebrated basketball architects in their most crucial hour."

"Coach of Sacramento State was Everett Shelton, grey-haired 66-year-old tactician whose U. of Wyoming team won the University Division championship back in 1943. He had a chance to become the only coach to win both collegiate titles until Mt. St. Mary's met its final crisis in the fading seconds or the overtime finale."

"The Mountaineers ended Wittenberg's bid for a second straight championship with a 43-39 victory in the opening session. Wittenberg had knocked Mt. St. Mary's out of the -961 tourney in the semifinals. . . . Mt. St. Mary's needed some precision shooting by Pfeiffer to quell Southern Illinois, 58-57, in semifinal action."

"Timely pin - point shooting by Dick Talley, only senior in the Mt. St. Mary's lineup, brought Coach Phelan's troops from behind in the championship game. But the Mounties had to work overtime when slender Ron Rohrer's basket gave Sacramento a deadlock at 55-55 at the end of regulation time."

"Voted to the all-tournament team with Rohrer were Ed Pfeiffer and John O'Reilly of Mt. St. Mary's. For O'Reilly, husky 6'4" junior who helped make it a perfect St. Patrick's Day for his clan, it was the second time on the honor team."

Phelan who was named NCAA Small College Coach of the Year at Louisville, Ky., and Maryland Sportsman of the Year by the Baltimore Sports Reporters, would like nothing better than to repeat at Evansville. But that means repeating as Mason-Dixon champ and Eastern Regional champ as well, and the road is strewn with blockbusters."

Phelan, who will start his ninth season with a 168-54 record and five Mason-Dixon titles, must replace 14.3 points-a-game Dick Talley at forward and settle his center problem where Dave Samuels graduated and 6'5" Jack Campbell decided not to return to school. Three of the Mountaineer Iron Men are back—seniors John O'Reilly, Ed Pfeiffer and Dave Maloney, plus reserves Bill Neuss, Lou Martine, Tom Wahl, Dave Snowak and Ed Folk."

Newcomers expected to bolster the Mountaineer squad are 6'5" Bill McDermott and 6'4" John Carroll of Dematha High, Hyattsville, Md., Bernard Haag, St. Agnes High, Rockville Center, N. Y., and Fran Fenerty, 6'5" Bethlehem Catholic ace."

The Mountaineers also face schedule difficulties with 23 games, 16 away and 7 at home. In the Mason-Dixon Conference the team plays 14 games with 6 at home and eight away."

The schedule: Dec. 1, Hofstra, H; 3, Providence, A; 6, Baltimore, H; 7, Roanoke, A; 8, Hampden Sydney, A; 11, Catholic U., H; 18-20, Lejeune Tourney, including Tampa, Elon, Catawba, East Carolina, Atlantic Christian, Southern Michigan, and the host team; 26-28, New York AC tourney with NYAC, Belmont Abbey and Fairleigh Dickinson."

Jan. 9, Western Maryland, H; 12, Loyola, A; 14, Shippensburg, A; 16, Baltimore, A; 19, Randolph-Macon, H."

Feb. 5, St. Joseph (Pa.), A; 7, Catholic, A; 9, Loyola, H; 13, American, H; 17, Washington, A; 19, Western Maryland, A; 21, American, A; 23, Mason-Dixon regional.

Feb. 28-March 2, Mason-Dixon tourney at Catholic U. or Mount St. Mary's."

## Our Library . . .

New books received by the Emmitsburg Public Library from the library in Frederick will add measurably to the usefulness of this library to the community. There are a number of reference books included, as well as many novels.

Seven-day books which cannot be renewed are: "Althea" by Stone; "The Satan Bug" by Stuart; "Andromeda" by Hoyle and Elliot; "Magnificent Destiny" by Wellman; "To the Coral Strand" by Masters; and "The Borders of Barbarism" by Eric William."

Two books on child care and learning are available: "The Encyclopedia of Child Care and Guidance," edited by Sidonia Mat-snew Gruenberg, and "Tested Ways to Help Your Child Learn From Pre-School to College," by Virginia Burgess Warren."

For those interested in home-making and gardening, the following books will be of interest: "House and Garden's 'Complete Guide to Interior Decoration,'" and Taylor's "Encyclopedia of Gardening."

To those who frequent the lime-light as masters of ceremony, "The Complete Toastmaster" by Prochnow should be invaluable. The flyleaf reads "Treasury of over 2500 stories, quotations, anecdotes and quips—everything you need for applause-getting, audience-rousing speeches on any subject, any time."

Coin collectors attention will be drawn to "World's Most Popular Coins" by Fred Reinfeld."

Other books received include: "Webster's New Collegiate Dictionary," "Chambers Biographical Dictionary," "Popular American Composers," by Ewen, "U. S. Government Organization Manual," "Veech—as in Wreck" by Bill Veech with Ed Linn which is "The chaotic career of baseball's incorrigible maverick," and novels, "False Entry," by Calisher and "High Hazard" by Stein."

Boy Scouts attention should be called to the Merit Badge series. These pamphlets may be taken out. They cover the following subjects: Agriculture, Animal Industry, Archery, Architecture, Art, Astronomy, Athletics, Aviation, Basketry, Beef production, Bee keeping, Bird study, Bookbinding, Botany, Business, Camping, Canoeing, Chemistry, Citizenship, Coin collecting, Cooking, Corn farming, Cotton farming, Cycling, Dairying, Dog care, Dramatics, Electricity, Farm arrangement, Farm mechanics, Farm records, Fingerprinting, Firemanship, First aid, First aid animals, Fishing, Forage crops, Forestry, Fruit and nut, Gardening, Geology, Hiking, Hog production, Home repairs, Horsemanship, Indian lore, Insect life, Landscaping, Leather work, Life saving, Machinery, Marks-manship, Masonry, Mechanical drawing, Metalwork, Motorboat-ing, Music bugling, Nature, Painting, Personal fitness, Pets, Photography, Pigeon raising, Pioneer-ing, Plumbing, Pottery, Poultry keeping, Printing, Public health, Public speaking, Rabbit raising, Radio, Railroad, Reading, Reptile study, Rowing, Safety, Sales-manship, Scholarship, Sculpture, Seamanship, Sheep farming, Signaling, Skiing, Small grains, Soil and water conservation, Stamp collecting, Surveying, Swimming, Textiles, Weather, Wildlife management, Woodcarving, Woodwork,

and Zoology."

The window display at the library was arranged by Mrs. Richard Dickson, leader of the newly formed Intermediate Girl Scout Troop 1487. This display about scouting is particularly timely in view of the United Appeal drive, funds from which support the Girl Scouts as well as other organizations."

Mrs. John Warthen, Librarian, would be glad to hear from anyone interested in serving as a volunteer worker in the Library. Please call her at HI 7-3657 if you have several hours a month to spare for community work. The library has been open daily since October 1. Hours are posted in the window of the library and appear elsewhere in this paper."

## Catholic Library Group Will Meet At Mount

In its plans for its 1962-63 annual meeting the Washington, D. C.-Maryland Unit of the Catholic Library Assn. will make a new departure and revive an old practice."

For the first time the annual meeting will be held in the fall. Saturday, Nov. 10 has been selected for the date of the 1962-63 meeting."

Father Hugh J. Phillips, librarian of Mt. St. Mary's College, and the faculty of the college, have invited the CLA Unit to hold its annual meeting on the college campus . . . at historic Emmitsburg. The executive board of the Unit has accepted the invitation."

This renews a former practice of holding meetings outside the larger cities in the Unit's area. Emmitsburg . . . one of the country's important Catholic centers . . . is particularly appropriate for the 1962-63 meeting, with good highways giving ready access from both Baltimore and Washington."

Mount St. Mary's recently completed a new library under the direction of Father Phillips, a former chairman of the Unit, and the meeting will offer unit members a delightful opportunity to inspect the new library. The college, moreover, has in progress a construction program which has brought into existence new facilities which are available for the meeting. A new dining hall . . . completed this year . . . is an ideal place for the luncheon. A wide selection of meeting rooms in a variety of sizes and types, will satisfy the requirements for the section meetings. On the whole the facilities at the Mount are

well-calculated to serve the Unit's needs . . . with convenience."

Father Phillips has invited the Unit to bring its meeting to a conclusion with benediction in the college chapel. Thus a rounded program of wide interest is being prepared. Negotiations are under way for a speaker of outstanding interest."

Nancy Eyster and Ernest Shriv-

er visited recently with Mr. and Mrs. George E. Eyster, Philadelphia. Mr. Eyster is a student at the University of Pennsylvania Veterinary College."

Mr. and Mrs. Ralph Conover, Littlestown, Mr. and Mrs. James Neely, Orrtanna, Pa., and Mrs. Harry McNair, visited Sunday afternoon and evening with Mr. and Mrs. Carl Baumgardner and family."

### Shooting Preserve Season Opens October 1

Sportsmen who want to sharp-  
en up their shooting eyes and  
train their dogs on the real thing  
before the regular season opens  
have an opportunity to do so. The  
commercial shooting preserve sea-  
son opens October 1 and will run  
until March 31, both dates inclu-  
sive, from sunrise to sunset, ex-  
cluding Sundays.

These preserves have been lic-  
ensed by the Game and Inland  
Fish Commission. Pheasants,  
quail, chukar partridge, wild tur-  
key, coturnix quail, and mallard  
ducks are among the game offered.  
Every person taking game birds  
upon such licensed breeding and  
shooting areas shall secure a  
Maryland hunting license except  
non-residents. Non-residents may  
secure a hunting license restricted  
to shooting preserve areas for a  
license fee of \$3.00.

It's "Hunt America Time" Again.  
"Hunt America Time," a pro-  
gram sponsored by the Izaak Wal-  
ton League of America, is called  
to sportsmen's attention as hunt-  
ing seasons get going. Slogan of  
the program is "Respect Private  
Property—Save Public Hunting."

Game is the property of the peo-  
ple in the United States, but many  
of the hunting areas are private  
property. Thus, hunting is a privi-  
lege, not a right. This privilege,  
if abused, can be withdrawn by  
the landowner.

The pledge of "Hunt America  
Time" is threefold: To be law-abid-  
ing; to respect the rights and  
property of others; and to be care-  
ful with fire and firearms.

"Whether or not you wear the  
pledge button," says Charles  
Wiles, President, State Division,  
Izaak Walton League, "you are  
serving your interests by observ-  
ing the pledge."

Remember, your hunting li-

ense does not authorize trespass  
on private property. Ask land-  
owner's permission first.

## LINCOLN AGAIN EXHORTS McCLELLAN TO ADVANCE

By Lon K. Savage

President Lincoln again was getting impatient with his top field general 100 years ago this week.

Since the bloody battle of Antietam September 17, Gen. George B. McClellan had been organizing his forces in the west Maryland countryside just north of the Potomac River. To the southwest, at Winchester, Va., his old enemy, Gen. Robert E. Lee, regrouped his forces. Richmond lay 150 miles to the southeast, a little nearer to McClellan than to Lee.

But a month had elapsed, and McClellan made no move. It was the same delaying game he had played the previous winter when he refused to leave Washington and march on Richmond. Lincoln was growing just as impatient this fall as he had the preceding one.

In early October, McClellan received from Gen. Henry W. Halleck in Washington. "The President directs," Halleck said, "that you cross the Potomac and give battle to the enemy or drive him south. . ."

It did no good.

### Another Message

Finally, another message came in, and it appeared Lincoln was reaching the end of his patience. "Are you not," the President wrote McClellan, "Overcautious when you assume that you cannot do what the enemy is constantly doing?"

"Change positions with Lee, and think you not he would break your communications with Richmond in twenty-four hours? Why cannot you reach Richmond before him, unless you admit that he is more than your equal on a march? His route is the arc of a circle; yours the chord. Should he move towards Richmond, why not press him closely, fight him if a favorable opportunity presents and at least try to beat him to Richmond on the inside track?"

"If we cannot beat the enemy where he now is, we never can, he again being within the intrenchments of Richmond?"

But still, it did no good.

### Stuart's Ride

And then, as if to rub salt in his wounds, McClellan was subjected to another humiliation by another old opponent, the dashing young Confederate Gen. James Ewell Brown "Jeb" Stuart.

For before Lincoln had written his message to McClellan, Stuart returned from a repeat performance of his famous stunt the preceding spring at Richmond. He again had ridden around McClellan's army.

On his latest trip, Stuart had set out with his cavalry, 1,800 strong, crossed the Potomac near Williamsport, Md., rode on to Mercersburg, Pa., and then to Chambersburg, Pa., where he demanded and received its surrender.

There, he seized 500 horses, a quantity of uniforms, shoes and clothing in the shops, (paying for them in Confederate money) and destroyed the town's machine shop, railroad station and rolling railroad stock. After bivouacking in the streets, he rode south again down the Monocacy valley and recrossed the Potomac, having circled McClellan's army again.

Even Northerners praised the audacity of the stunt.

Next week: McClellan Enters Virginia.

## BABSON

Writes . . .

By ROGER W. BABSON

### Babson Discusses Canada

BABSON PARK, Mass., Oct. 18—This is a touchy subject. Canadians are often inclined to look

upon the people of the United States more or less as upstarts, and in some ways I don't blame them. For many years I have had an office in Toronto,

Ontario and all of my employees there are loyal native Canadians.

### Canadian Resources

We must first realize that Canada has an area of about 3,850,000 square miles compared with an area of 3,020,000 square miles for the United States,—not including Alaska or Hawaii. The mineral assets of Canada are very great, including oil, natural gas, even gold and uranium, and about every other mineral. Moreover, these natural resources are all underground, and hence might not be disturbed by a nuclear world war.

The character of the Canadian people has always interested me. They are politically alert. Studying the politics of Canadian people, you would assume they are quite socialistic. This is especially true of the political parties in the western part of Canada. On the other hand, they are fair; when taking over private property they usually pay a fair price. This is evident now as the government is moving to take possession of some of the largest developed waterpower companies.

### Will Canada Join The "Common Market"?

I have already discussed the Common Market of Europe in a column which was published a few weeks ago. England, of course, must join the Common Market before Canada could hope to do so. Furthermore, the original charter of the Common Market demanded that all countries belonging thereto should be adjoining. England expects to get this stipulation revoked.

Recently Prime Minister Macmillan brought the heads of the British Commonwealth countries to London to see if they could agree to England's joining the European Common Market. After ten days of haggling in London, the fifteen Prime Ministers of the Commonwealth Countries issued, on September 19th, a communique which was rather blind as well as bland. The communique said: The final decision must be left to Britain alone; we, however, withhold final judgment until the full terms of entry are known. One fact is certain, namely, that even if England is accepted, there is no hope for Canada to also be accepted. In the meantime, Russia fears the European Common

Market, and will be much concerned if England is accepted. My Own Forecast As To Canada, Great Britain, And The United States

Canada and Great Britain are gradually working apart politically as well as economically. Although the English Prime Minister now nominates a governor general for Canada for appointment by the Queen and continues to supervise or approve certain military and fiscal legislation, yet Canada is rapidly drifting away from the mother country. This, moreover, is true of Australia, New Zealand, and others of the fifteen Commonwealth nations. My forecast is that if Great Britain heartily joins the European Common Market, it will push Canada and the United States closer together as one nation. Although a boundary line now nearly 4,000 miles long separates Canada from the United States, yet it contains no defenses on either side and is one of the greatest examples of world peace.

A joining of the United States and Canada should be of advantage to both countries. It

would give the United States a great new body of natural resources, and would help Canada industrially and give much additional employment to Canadian people. The two countries would supplement each other well from an economic as well as a political point of view. This would enable the two nations to balance up their population and climatic changes. Canadians who could afford it would drive to Florida winters while our own people would drive to Canada summers and enjoy the wonderful lakes and mountains of the Canadian Northwest.

NOTE: As a trained engineer I have always felt it a great waste to allow fresh water to flow northerly from the great lakes of central western Canada into the Arctic Ocean. A friend of mine has figured what it would cost to route this water south, by Winnipeg, across the U. S. line and use it to irrigate the plains of the Dakotas, Utah, and other areas now greatly in need of water. Such a canal could be built to the advantage of both countries if Canada and the U. S. were combined into one nation.

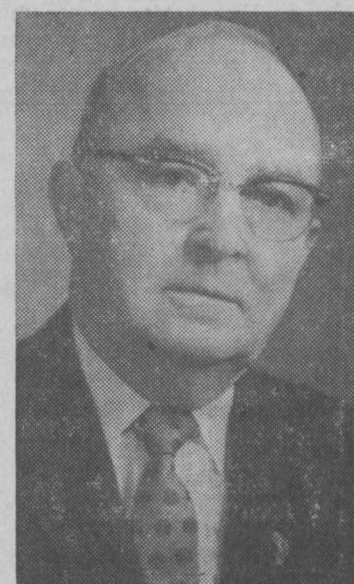

Larger brown trout call for very great angling skill; brook trout for comparatively little.—Sports Afraid.

## ALL ABOUT BABIES...

Preventing Diaper Rash  
The term, "diaper rash," is gen-

Honest - Efficient - Capable Leadership

The two most common causes of diaper rash are formation of ammonia created by bacterial attack on urine in a wet diaper and soap or detergent residue in an improperly rinsed diaper.

The washing formula used by accredited professional diaper services is a deterrent to both types of rash. After years of laboratory research, the industry developed a way of impregnating the finished diaper with special antiseptics than dry into the fibers of the cloth, remain dormant while dry, then become actively antiseptic in the presence of moisture.

Thus, when the baby wets, the antiseptic goes to work to counteract the reaction which produces the harmful ammonia. What happens if the ammonia is allowed to form and come in contact with baby's skin? Ordinary household ammonia takes but a few minutes to cause redness even on an adult's skin. If it does that to your relatively toughened skin, imagine what it must do to the baby's tender diaper area!

Clean, germ-free, antiseptically treated diapers produced by diaper services are a medically approved protection against irritation of the skin caused by unclean and improperly laundered diapers.

To make sure that the diapers are absolutely sterile and that no trace of soap or detergent is present, modern professional diaper services use an elaborate washing and rinsing process utilizing highly specialized equipment. Professional diaper processing is done under strict laboratory control. Independent laboratory tests are continually made on the processed diapers to check on the quality of the finished product.

The entire process takes not more than an hour. It requires 1400 gallons of soft, pure water at temperatures of 180 degrees and more. Try that on your home washer! It just can't be done!

The diaper service industry has adopted a code of ethics to set standards to guide the practice of individual diaper services. Services are required to send sample diapers to be checked by independent laboratories which testify for the industry. Virtually all properties of the finished diaper are tested to make certain the volume produced under day-to-day conditions are completely safe and comfortable for baby's skin.

Frightened People  
Are Poor Listeners

Frightening people into accepting an idea can be boomerang, according to Dr. Vincent Nowlis, University of Rochester psychologist. If an orator induces guilt feelings in his audience, he says, the individuals are apt to divert their attention to other matters and conveniently forget what is said. Instead, Dr. Nowlis says, the speaker should create a happy mood and evoke positive responses.

Acetylene gas, first acclaimed because of its bright flame has become one of industry's most useful gases because it burns so hot. Acetylene's brilliant flame was discovered early in the 1900's when scientists noted that, mixed with oxygen, it burned brighter by far than the oxy-hydrogen flame of the theater's "limelight." Midwest Carbide reports that about 12 billion cubic feet of acetylene is produced annually to heat metals in gas welding. But the last acetylene street light was turned off in 1929.

NO. 20140 EQUITY  
In the Circuit Court For Frederick County, Maryland  
ELEANOR MAE MORRIS  
Burkittsville, Maryland  
vs.  
GEORGE W. MORRIS  
207 E. Burke Street  
Martinsburg, W. VirginiaORDER OF PUBLICATION  
The Bill of Complaint is a suit to procure a divorce A VINCULO MATRIMONII from the Defendant, George W. Morris.

The Bill recites that the Complainant, Eleanor Mae Morris is a resident of Frederick County, State of Maryland, where she has resided for more than one year last past; that the Defendant is a non-resident of the State of Maryland, whose last known address was 207 E. Burke Street, Martinsburg, West Virginia; that the parties to this cause were married on the 22nd day of October, 1955, at Hedgesville, West Virginia, by Rev. Pitman, a regularly ordained minister of the Gospel; that as a result of the said marriage one child was born, namely, Janet Marie Morris, who is at the present time five years of age; and that the Complainant and the Defendant have voluntarily lived separate and apart, without any cohabitation for more than eighteen months prior to the filing of this Bill of Complaint, and that such separation is beyond any reasonable hope or expectation of reconciliation.

The Bill then prays that the Complainant, Eleanor Mae Morris, be divorced A VINCULO MATRIMONII from the Defendant, George W. Morris, that she be granted the care and custody of the infant child in these proceedings mentioned, and for such other and further relief as the nature of her case may require.

COURT ORDER  
It is thereupon this 9th day of October, 1962, by the Circuit Court for Frederick County, Maryland, sitting as a Court of Equity, ORDERED that the Complainant give notice to the Defendant of the object and substance of this Bill, by causing a copy of this Order to be inserted in some newspaper published in the County of Frederick, once each week for four successive weeks before the 10th day of November, 1962, commanding him to be and appear in this Court, in person, or by solicitor, on or before the 11th day of December, 1962, and show cause, if any he has, why a Decree should not be passed as prayed.ELLIS C. ### Urges Support Of Democrats

Editor, Emmitsburg Chronicle:  
Many Marylanders were amused when the GOP nominee for Governor orated about taxes and roads. His obvious ignorance of these subjects was to be expected of one so inexperienced in government. It is incredible, however, when he poses as a businessman and then deplores the progress made by Free State industrial and commercial enterprises under the Tawes Administration.The press has given him so much space and in the Washington area have slanted their news articles so much that it has confused some citizens. The articles reporting his speech on the use of credit in business appeared to agree with him, so a word of explanation appears to be in order.  
It is true that Maryland indus-

try and commerce have practically doubled their debts or borrowed capital during the last four years. This, however, is a sign of progress and the faith that Free State business leaders have in our present Administration. Practically every utility has borrowed in order to expand. If they failed to do this, their stockholders would throw them out of office because a "pay as you go" philosophy in business would hamper the growth of our enterprises. Smart businessmen know that as long as President Kennedy is in the White House and Millard Tawes is in Annapolis, Maryland business and industry will have a good future just like labor, farmers, school children, teachers and old folks.

Tawes' Economic Development Program and the Port of Baltimore improvement have helped make Maryland one of the fastest growing states. Our exploding population has demanded new shopping centers, urban renewal, new schools, more teachers—everything in abundance. Our State's "AAA" credit rating shows that even the most conservative men have faith in our future. Thank goodness Governor Tawes and the leaders of our Free State industry and commerce have vision and are going forward! We have responded to our President's plea and we are building for the future.

Newspaper readers must THINK CAREFULLY when reading the many columns devoted to this backward-looking candidate. THINK WHEN YOU READ for the current crop of GOP candidates twist white into black, right

into wrong, slot machines into exercisers for moral and physical fitness.

Very truly yours,  
Edward D. Storm  
(Signed)

### GOP Gathering Scheduled Here

On Thursday evening, October 25, 1962, Republicans from the Northern districts of Frederick County will entertain the State and County Republican candidates at a dinner in the Colonial Room of the new Mt. Manor Motel. Tickets are available from the committee members or may be purchased at the door on the night of the occasion at \$1.50 each.

Mr. Samuel C. Hays, Chairman of the Republican Central Committee in Emmitsburg, in commenting on the purpose of the occasion, had this to say: "We are trying very hard to have the people of Emmitsburg meet the candidates face to face so that each voter will know personally the man for whom he casts a ballot on election day."

Door prizes will be awarded to holders of lucky tickets, and party favors to the first one hundred guests to arrive.

Much attention will be focused on Mt. Manor Motel, recently opened by Mr. Francis Sappington for the convenience of travelers on Route 15. Its service station, restaurant, colonial room and lounge, all carefully planned to meet the needs of the traveling public, will be open to visitors next Thursday evening.

Construction contractor.

Garage and machinery dealer.

Real estate broker past 10 years.

Member of: Farm Bureau, Carroll Manor Grange, Fish and Game Protective Association, Carroll Manor, Fire Company, Chamber of Commerce, Board of Realtors of Frederick County, Maryland Real Estate Association Inc., The National Association of Real Estate Boards.

Born on farm near Urbana in 1908; married to Helen Virginia Thomas and father of three sons. I am a candidate for County Commissioner because I am seriously concerned about the economic welfare of this County. I am not interested in finding ways and means to raise more taxes but am interested in finding ways and means of making our tax dollar buy more of the necessities of the County. I am interested in having adequate classrooms and an adequate teaching staff for our children—not only an adequate teaching staff but the best teachers available. I am against anyone using County equipment, material or County-paid personnel for their personal benefit. This is one promise I will make—one that I know I can and will keep, and that is, when I become your County Commissioner, I will serve ALL of the people in Frederick County . . . with quality and integrity. This important office needs conscientious, qualified representation—your vote and support will be deeply appreciated.

**GEORGE B. STUPP**

FOR

**Clerk of Circuit Court****C. C. D. JOURNAL**

Traditionally, October is the month of the Holy Rosary—a devotion to Mary, the Mother of God. The Rosary is a “do, say and think” prayer in honor of Christ and His Blessed Mother. The beads are used to keep our minds on the prayers, and to be sure that we say a certain number of them, arranged in order, like a neat and lovely wreath of roses for the Mother and her Child.

At the same time, we think or meditate on the fifteen Mysteries—the great events, Joyful, Sorrowful, and Glorious, that filled the life of Jesus and Mary on earth.

The prayers used to say the Rosary are the Apostles' Creed, the Lord's Prayer, the Hail Mary and the Glory Be to The Father. No prayer is more pleasing to the Eternal Father or more powerful than the prayer Jesus taught us. Likewise, no prayer offered is more pleasing to the Blessed Mother than the greeting which the Heavenly Father placed on the lips of His Archangel, 'Hail Mary, full of grace; the Lord is with Thee. Blessed art Thou among women; and Blessed is the Fruit of Thy Womb, Jesus.'

One meditates on the Mysteries in turn, while saying each of the decades of the Rosary made up on one Our Father, ten Hail Mary's and one Glory Be. The words of the prayers go with the Mysteries as the music of an orchestral theme goes with the various scenes of a play.

The Rosary, in different forms, has been in use since early times. Ancient monks used pebbles or date stones to keep track of the decades of the Rosary. It was St. Dominic who preached and taught the Rosary as we know it today.

No devotion to Our Lady is more effective for you, your family and the world than the Rosary.

**EHS PTA Will Meet Wednesday**

The regular monthly meeting of the Emmitsburg High School PTA will be held on Wednesday, October 24, at 8 p.m. in the school cafeteria. The program for the evening will be in the form of a skit “The Case of Citizen Horace” with members of the Association taking part. “My vote doesn't count,” is often heard, but does it? Come and see!

The President of the Frederick

County Council of PTA, Mr. George Barthel, of Braddock Heights, will be present and bring a message from the Council.

There will be room visitation from 7:30 to 8:00. Speak to your child's teacher and get acquainted with the school during this time.

This is membership month for the PTA. Have you sent in your membership dollar as yet, and have you become active in working for your school, child, and community?

**Trick Or Treat Scheduled**

“Trick or Treat for UNICEF” will be held on Tuesday, October 30, from 7:00 to 9:00 p.m. Save the night and be prepared for the callers when they come with their identifying arm bands. More details next week.

**Brownie Troop 1317 Meets**

Brownie Troop 1317 met Tuesday, Oct. 16 at 3:30 at the VFW. There were 22 girls present. The Brownie Promise was given, minutes were read and dues collected. Money was collected for Brownie handbooks and the new troop numbers.

Susan Morningstar showed the girls a Brownie doll that she received for her birthday. The girls then made dolls out of men's white handkerchiefs and sang songs.

The meeting closed with the Brownie hand-shake. Next week the group will go bowling.

**Fractures Wrist**

Shirley A. Sheeley, 10, daughter of Mr. and Mrs. William Sheeley, Emmitsburg, R2, was treated on Tuesday at the Warner Hospital,

Gettysburg, for a fractured right wrist. She was injured when tripped by a schoolmate at school.

**High School News****Glee Club News**

Officers for the Glee Club were elected recently. They are: Ronald Stouter, president; Cecilia Sicilia, vice president; Patricia Lingg, secretary; James Topper, treasurer; Diane Pryor, librarian.

Father David Shaum, director of the Glee Club, announced his plans for the Christmas program to be given in the auditorium of St. Joseph High School on December 16. During the entire program, the members of the Glee Club will stand on ascending platforms that will take the triangular shape of a Christmas tree. The singers will be adorned with items such as balls, tinsel, etc., which will add to the Christmas tree effect.

**TROOP 1300 MEETING HELD**

The regular meeting of Troop 1300 met Oct. 15 at 4 p. m. in the Methodist Church education building, under the supervision of Mrs. Ralph D. Lindsey.

The meeting opened with the friendship circle and Mary Ann Rice, president, called the meeting to order. Margaret Wagerman, secretary, read the minutes.

Three new members were greeted. They were Vida Antoline, Iyanka Antoline and Anna Antoline. After the Flag ceremony the Brownies made tin can stilts and the meeting closed with the arch.
