Mrs. Leone McNair and her staff were pleasantly surprised Monday when Luci Banes Johnson walked quietly into the Green Parrot and enjoyed a luncheon. The President's daughter was accompanied by two young men and they thoroughly enjoyed their lunch while a Secret Service man sat nonchalantly by at another table. Rumor has it that Miss Johnson has a friend matriculating at the Mount.

With the opening of the colleges and the resumption of classes at the two local institutions, the town is a beehive of activity once again. A number of new professors has moved in and quite a few of the students are being housed in town homes once more. With the opening of the two schools the population of the old burg just about doubles. It is estimated that our population is around 1500 and between the two institutions the enrollment hovers around the 1500 mark. So right now folks, we are in the midst of some 3000 individuals. All this means a boost in the economy of the town as the students busy themselves in the local stores, print shops, recreational areas, etc. It is a boost in revenue sorely needed by our local business establishments. Welcome back students!

Residents have been complaining about the water pressure dropping suddenly this week and as usual there is a logical explanation. Talking with Water Commissioner Flax this week he informs me that a number of things caused the pressure drop. First of all the two colleges open and this means that over 1500 extra users of water have begun to use the commodity; secondly, the large water tower at the local shoe factory was drained and repaired and an additional 70,000 gallons of water used to refill the tank; third, some of the new 10-inch lines of the new water system were put into use and this also caused a natural lowering of the pressure. Add all three reasons together and it is easy to visualize why the water pressure is down at this time. However, the Commissioners assure us that everything will be about normal in a very short time and meanwhile, they advise the utmost in water conservation practices until such time as good soaking rains can replenish and augment our present supplies.

Lions Hear Horse Show Account

President William Kelz presided at the regular meeting of the Emmitsburg Lions Club held Monday evening at Mt. Manor Restaurant.

A communication was read announcing hospitality night to be held in Hagerstown on Saturday, Oct. 10. A number of Lions is planning to attend the affair. An announcement of the Carroll-Adams horse show to be held at Littlestown Sunday, also was made.

Norman J. Shriver, horse show treasurer, reported the recent show a financial success and also that approximately \$145 in advertising money was still standing out and would be collected in the near future. J. Ralph McDonnell, Go-Cart racing chairman, gave a report on activities at the Civic Grounds to date and reported a new race track had recently been constructed and was now in use. He also reported that he had been in contact with helicopter owners who were interested in using the field as a take-off point for scenic flights over Emmitsburg.

CHOIR PICNIC

Mr. and Mrs. Clarence E. Hahn were hosts recently to the Choirs of Elias Lutheran Church at their home near Mt. Hope. The group participated in an afternoon of recreation, before having an outdoor picnic on the lawn. The evening was concluded with a fire-side worship service. The Rev. W. Ronald Fearer gave a lecture on the history and development of the Liturgy of the Lutheran Church. An impressive candle-lighting service climaxed the evening and was directed by Mrs. Reginald Zepp, Director of the Choirs at Elias. Transportation to and from the Hahn cabin was provided by the Church-owned bus which was driven by Mr. Clarence Hahn.

Local Democrats Name Precinct Chairmen

The first regular meeting of the recently reorganized Emmitsburg Democratic Central Committee was called to order Tuesday night by Chairman Clarence E. Hahn, at 8 p.m. in the Fire Hall.

Approximately 35 members were in attendance and heard future plans of the group discussed.

Chairman Hahn reported that since the last meeting of the group a week ago precinct chairmen had been named by the officers of the group, upon recommendations by numerous members.

Elected precinct captains were: Precinct 1, C. C. Combs; Precinct 2, Bernard H. Boyle; Precinct 3, Francis X. Ligorano. In addition to the precinct captains, each was permitted to name six members to his committee with the selection to be at his own discretion.

The group voted to send a delegation to Frederick to make arrangements for a "field" registration for Emmitsburg before the deadline, Sept. 22, next Tuesday.

After some discussion it was planned to map out a program for future action by the organization and to stress registration in the community. It was pointed out that only about 50% of the potential voters of the county were registered. Also discussed and future action planned, was the removal of the local public high school to Thurmont and obtaining a new Postoffice for this community. The Central Committee went on record as endorsing the recent appointment of Guy A. Baker, Sr., as local trial magistrate to fill the unexpired term of office of the late Richard J. McCullough. Chairman Hahn explained to the group that the appointment of a local rural mail carrier would be made in the very near future, possibly a week.

Better Postal Service Announced

Longer post office window hours, expanded delivery services and large-scale extension of the ZIP-coded parcel post speedup are planned for Christmas. Postmaster General John A. Gronouski has advised the local Postmaster, Mr. Lewis H. Stoner.

Mr. Gronouski outlined to the Emmitsburg postal head, three major new steps he has taken "for the best Christmas mail service the Postal Service has ever had."

1. Expanded post office window hours Dec. 5 to 26 as deemed necessary by the local postmaster.

2. A six-day week Dec. 7-31 for parcel post deliveries, instead of a five-day week.

3. Completion by Nov. 1 of Phase III of ZIP Code parcel handling at about 130 more "sectional center" post offices (strategically located mail massing points), providing faster delivery up to 24 hours or more for parcels with ZIP Code.

In Phase I and II, approximately 75 offices with receipts of \$5 million annually and above activated faster ZIP Code sorting and dispatch by Sept. 1. The 130 in Phase III includes offices with receipts of \$1 to \$5 million.

In addition, many other sectional center offices with smaller receipts will have the program in operation by early December, in time to help speed delivery of Christmas gifts mailed with the ZIP Code.

The Postmaster General told Mr. Stoner the Christmas plans are part of a nationwide program to bring postmasters into more responsible positions in postal management as "real partners in providing better mail service at all levels."

Cars Collide At Square

A minor accident occurred Sunday evening at 6:20 p.m., when a car driven by Sonja R. Grimes, Taneytown, rounded the Square and struck a parked car on South Seton Ave.

The Grimes vehicle struck the parked car which was operated by Benton A. Durlley, III, of Bethesda, Md. Durlley was waiting for the traffic light to change when he was struck by the Grimes car. Chief Wilmer E. Law, investigating officer, charged Miss Grimes with failing to keep to the right of the center of the highway.

Under the regular Maryland Blue Shield programs, 52 per cent of all subscribers now carry the higher level Plan B coverage.

College Graduate

Miss Toni Lynn Davenport, daughter of Mr. and Mrs. James E. Davenport, R2, is a recent graduate of the Hagerstown Business College.

Miss Davenport is a 1962 graduate of the Great Bridge High School, Norfolk, Va. She graduated cum laude and is a member of the Alpha Iota, international honorary business sorority.

Nun To Address Language Teachers

Sister Margaret Flint, D.C., Ph.D., chairman of the Modern Language Dept. at St. Joseph College, will address secondary language teachers of the diocese of Syracuse at their annual diocesan institute on Friday, Sept. 18. Her topic will be "Conflicting Trends in Language Teaching."

A native of Troy, N. Y., Sister Margaret received her A.B. from St. Joseph College, her Master's Degree in French from Catholic University and the Doctorate de l'Universite from the Sorbonne in Paris. She is a member of the Alliance Francaise, the American Association of Teachers of French and national vice president of Pi Delta Phi, the national French honor society.

Benefit Fashion Show Saturday

The annual fall card party and fashion show, sponsored by the Emmitsburg chapter of the Saint Joseph College Alumnae Association, will be held Saturday afternoon, beginning at 1:30 p.m. in the Student Center on campus for the benefit of the Center.

Fall and winter fashions by Tobey's of Gettysburg will be modeled by alumnae and students. The event serves as one of the highlights as well as the closing social event of Freshman Orientation Week.

Table and door prizes will be awarded and refreshments served. The public is cordially invited. Tickets may be purchased from any member of the Emmitsburg chapter or at the door on the day of the party. Admission is \$1.25.

Charles E. Shorb Dies After Illness

Charles Edward Shorb, lifelong resident of this area, died Thursday morning at 6 a.m. at his home, 211 N. Seton Ave., after an illness of one year.

Mr. Shorb was a carpenter by trade and was born in Carroll County. He was 80 years old at the time of his death.

The deceased was a son of the late Daniel T. and Henrietta (Miller) Shorb and was a member of the Lutheran Church. He was a member of the Modern Woodmen of America, Frederick, and a social member of the Francis X. Elder American Legion Post.

Mr. Shorb is survived by his widow, Mrs. Rose McClellan Shorb, and the following children: Charles B., Clarence L., Robert E., and Mrs. Roger I. Zurgable, all of Emmitsburg; Andrew T. Fairfield R2, and Mrs. Harry Jones, Northfield, N. J. In addition 18 grandchildren and two great-grandchildren; two sisters, Mrs. Emma Krieger, Baltimore, and Mrs. Catherine Gallagher, Ohio.

Funeral services will be conducted from the Wilson Funeral Home, Emmitsburg, on Sunday, Sept. 20, at 2 p.m. Interment will be made in Mountainview Cemetery, Emmitsburg. Friends may view the body Saturday evening after 7 o'clock.

Bowling League Meeting

There will be an important meeting of members of the American League bowling teams at the Emmitsburg Recreation Center Sunday evening starting at 7:30 o'clock.

The meeting will be in charge of Eugene Myers and all interested parties are urged to attend.

Mount Opened 157th Academic Year This Week

Mount St. Mary's College began its 157th academic year with a capacity enrollment of 781 collegians and 133 seminarians, according to the dean of studies, Rev. Carl J. Fives.

Of this number 252 are Freshmen, 194 Sophomores, 180 Juniors, 152 Seniors and 3 special students. The Freshman class accounts for the nearly 50 additional students enrolled this year, compared with last year's figures.

The Freshmen registered on Sunday afternoon and began a three-day orientation and testing program designed to acclimate them to campus life. College administrative officers and student leaders from the various campus organizations directed and supervised the program.

The testing program, which was administered by the Senior education majors, is under the direction of the college guidance office and its director, Robert P. Adams. Test results are utilized in the counseling placement of students.

Upperclass registration was held on Monday morning and classes began on Tuesday. Classes for the Freshmen began Wednesday following the annual Mass of the Holy Spirit, which was celebrated by Rt. Rev. Robert R. Kline, Ph.D., college president.

The year's registration and orientation program was marked by several innovations. The newly installed IBM recording system was utilized in the registration for the first time. All courses, class schedules and student records are recorded by this automatic system, which was installed by the dean of studies and the college registrar, Guy A. Baker, Jr. Both attended a special 10-day training school in Baltimore during the summer.

A second innovation was the newly developed departmental guidance and counseling program. All course selections or changes were checked by the academic heads of departments or their representatives prior to the final registration of the incoming students. This system was inaugurated as a follow-up to the recent re-evaluation of the college by the Middle Atlantic States accreditation commission.

Administrative officers participating in the program were Rev. Robert S. Grace, dean of men; Rev. Robert H. Wharton, dean of Freshmen; Rev. Hugh J. Phillips, chaplain; Rev. Philip A. Barrett, treasurer; Francis X. Ligorano, student union director; Dean J. Sprague, public relations director; Capt. F. R. Allen, USMC recruiting service, and members of the library faculty.

Brothers Meet After 25 Years

Harry David Diehl was five years old when his brother, John Henry, joined the Navy in 1939. They never heard from each other until Sunday, August 30, 1964, when John visited here. The brothers are the sons of the late George Henry and Mary (Yingling) Diehl of Reese, Md.

The men have a sister, Helen Stoesifer of Hampstead, and two brothers, Paul Milton Diehl of Detour, and Charles Samuel Diehl of Montrose.

John H. Diehl is married and has one son. After spending the weekend at the home of Mr. and Mrs. Harry Diehl and children of Emmitsburg, they returned to their home in Chicago.

About 20,800 Maryland Blue Cross subscribers are hospitalized each month.

ELLIOTT—HOELZER

Centre Street Methodist Church, in Cumberland, Md., was the setting Saturday, July 25 for the marriage of Miss Marianne Hoelzer, daughter of Mr. and Mrs. Ralph E. Hoelzer, Cumberland, and Joseph Harrison Elliott, son of Mrs. Cleon Edward Elliott, Emmitsburg, and the late Mr. Elliott.

The Rev. Martin A. Case of Thurmont, and Rev. Jacob H. Snyder, Cumberland, performed the double ring ceremony at 2:30 p.m. in the church which was decorated with white gladioli, chrysanthemums, daisies and palms. Mrs. Kenneth F. Beck, organist, accompanied James R. Hager in the vocal selections, "I Love You Truly," and "I'll Walk With God" and "The Lord's Prayer."

Given in marriage by her father, the bride was attired in a silk-faced gown of peau de soie. Lace appliques adorned the mold-embossed bodice and the center of the full-length bell skirt with detachable chapel train. A matching pillbox hat held her veil of imposed illusion. She carried a cascade bouquet of white albumin lilies.

Maid of honor was Miss Elizabeth Elliott, Emmitsburg, sister of the bridegroom. Mrs. Ronald N. Hoelzer, West Acton, Mass., sister-in-law of the bride, was matron of honor. The bride's niece, Miss Diane Hoelzer, West Acton, was flower girl.

The attendants wore short dresses of silk organza over taffeta with matching head pieces of flat forward-sitting bows. The maid of honor attired in citrus green, carried a cascade of tangerine carnations while the matron of honor wore mint green and carried a cascade of yellow roses. The flower girl, wearing mint-dotted swiss, had a nosegay and head-piece of yellow roses.

Serving as best man was Edward Goodman, uncle of the bridegroom. Ushers were James Hoelzer, Cumberland; David Pitzer, Inwood, Charles Ware, Braddock Heights, Md., and David Webb of Charles Town, W. Va.

The bride's mother wore a two-piece dress of fawn beige linen and organza with matching accessories and a corsage of pink roses.

Attired in a long-sleeved sheath of light blue chameleon crepe and matching blue accessories, the bridegroom's mother wore a corsage of pink rubrum lilies.

Following the ceremony a reception was held in the church parlor where green and white were used in decorating. Mrs. Lewis Walker, aunt of the bride, served the cake. Assisting at the punchbowl were Mrs. Edward Goodman, aunt of the bridegroom, and Mrs. William Weese, the bride's cousin. Miss Marjorie Crist registered the guests.

For the couple's motor trip north to the 1000 Islands, Canada and the Niagara Falls, the bride wore a two-piece pink floral dress with pink and white accessories.

Mrs. Elliott, a graduate of the Frostburg State College, class of 1961, has taught algebra and general math for three years at Severna Park, Md. High School. While in college she was a member of Who's Who in American Colleges and Universities, Xi Vi Math Science Fraternity and co-editor of the college newspaper.

A graduate of Charles Town High School, Potomac State College and West Virginia University Class of 1959 with a degree in engineering, Mr. Elliott is employed by the Potomac Edison Co. as an industrial power sales engineer. He is a former president of Phi Kappa Sigma Fraternity, West Virginia U. The couple will reside at 1153 Frederick St., Cumberland.

Wedding guests came from Maryland, West Virginia, Virginia, Wash., D. C., Pennsylvania, Massachusetts, Georgia, Illinois and California.

To Sponsor Service

The United Church Women of Emmitsburg will again sponsor a World Community Day Service to be held Friday, November 6 at 7:30 in Elias Lutheran Church. Representatives from the community Protestant Churches met recently to formulate plans for the service. The service of Worship and Dedication will have the following theme: "Nations . . . in Community . . . a channel to Peace."

Further information on the World Community Day Service will be announced in the near future.

Sell Angus Bull

Robert M. and Betty Jane Baer, Emmitsburg, recently sold an Aberdeen-Angus bull to Victor L. Pitchford, Westminster, according to the American Angus Association, St. Joseph, Missouri.

Recent Graduate

Miss Mary Eugenie Troxell is a recent graduate of the Hagerstown Business College. She is the daughter of Robert I. and Edyth Troxell, Emmitsburg.

Miss Troxell was graduated from St. Joseph High School, Class of 1963 and while in college was associated with the college publication, The Secretariat.

School Group Plans Activity

The mothers of last year's second graders of Mother Seton School held a meeting Tuesday evening, with Rev. Francis Stauble to discuss plans for an evening of games. The affair will be held Monday evening, September 28, at 8 p.m. in St. Euphemia's Hall. Committees were named as follows: Co-chairmen, Mrs. Francis Adelsberger and Mrs. Charlotte Lingg; Prizes, Mrs. William Rytter and Mrs. Gilbert Oddo; 50-50 books, Mrs. John Walters, Mrs. James Sanders and Mrs. Robert Seidel; refreshments, Mrs. John Hollinger and Mrs. Francis Adelsberger; publicity, Mrs. Charles B. Shorb. The mothers who were not present at the meeting will be contacted for donations. Each mother is responsible for six prizes.

Following the ceremony a reception was held in the church parlor where green and white were used in decorating. Mrs. Lewis Walker, aunt of the bride, served the cake. Assisting at the punchbowl were Mrs. Edward Goodman, aunt of the bridegroom, and Mrs. William Weese, the bride's cousin. Miss Marjorie Crist registered the guests.

20 Die On State Roads In Week

Twenty persons were killed on Maryland highways last week according to the weekly survey published by the Maryland State Police.

Seven of those killed were drivers; seven were passengers; and six were pedestrians.

Alcohol was a contributing factor in eight of the deaths; speed in twelve, and "driver error" was present in sixteen of the fatalities.

Registration Scheduled Here Monday

A one-day registration of eligible voters in the Emmitsburg election district will be held Monday, Sept. 21 from 1 to 8 p.m. in the Fire Hall, it was announced this week by the Emmitsburg Democratic Central Committee. Up until this week it was learned there was no plan for any "field" registration to be held anywhere in the county.

On Wednesday of this week, a committee of the recently reorganized local Democratic Central Committee, appeared in Frederick at the Board of Election Supervisors Office asking its cooperation in sponsoring a registration day in Emmitsburg. Permission was obtained from Gordon Peace, chairman of the Board of Election Supervisors and Governor Millard Tawes, to hold such a registration here and Monday was set as the date. Committee members were: Clarence E. Hahn, chairman; Mrs. Jane Bollinger, Rev. Hugh J. Phillips, Mt. St. Mary's College and C. C. Combs.

All Republicans, Democrats, etc., will be afforded an opportunity, the last one this year, to register to become eligible to vote in the presidential election next November. The final day for registration throughout the county is Sept. 22 and this will be held at the permanent registration office in Frederick.

The Frederick County Commissioners, hearing of the desire of so many residents of this district and of the wishes of the local Democratic Central Committee, made a special appropriation to take care of the expenses of holding such a registration here. Precinct leaders of both parties are urged to make every effort to see that every eligible citizen in this area is registered at the Fire Hall on Monday.

Grange Planning Community Show

The Emmitsburg Grange met recently at the home of Mr. and Mrs. Ralph Tabler. Master Harry Swomley, Jr., conducted the meeting.

New Milk Prices Are Announced

Dairy farmers who delivered milk during August, 1964, to handlers operating dairy plants which are fully regulated by the Upper Chesapeake Bay milk marketing order will receive a minimum price of \$4.68 per hundredweight (46.5 quarts) for milk of 3.5% butterfat content according to an announcement made this week by E. Hickman Greene, Market Administrator.

This uniform price will be increased 8c for each .1% that the producer's milk tests above the 3.5% standard and reduced similarly if it tests less than 3.5% butterfat. Payments to produc-

ers may be reduced by location differentials, if applicable, and also may be reduced by the amount of any proper deduction authorized in writing by the producer.

This month's producer price is the result of market-wide pooling whereby all producer milk was classified and priced according to the use made of it. Class I use, principally bottled milk distributed in fluid form, was priced to handlers at \$5.61 per hundredweight of milk containing 3.5% butterfat during August. Class II use, mainly milk used to manufacture dairy products such as ice cream and cottage cheese, was priced at \$3.257 per hundredweight of 3.5% milk. The minimum price of \$4.68 to producers is an average, or blend, of the values of milk at these class prices. Fed-

eral orders do not establish retail prices for milk.

The uniform price for this month is 2c below the price due producers for July, 1964. This decrease was caused by a lower proportion of producer milk in the higher valued Class I utilization. The percentage of producer milk utilized in Class I was 61.30% compared to 67.79% for last month and 65.97% for August, 1963. The decrease in Class I utilization from last month more than offset the increase in the class prices of 16c for Class I and

10.3c for Class II. The 26 reporting handlers received a daily average of 980 pounds (about 114 gallons) from approximately 2,412 producers.

Personals

Continental elegance prevails in

Completely Restyled Corvair Line

The two Corvair Monza Sedans shown above are related, but their appearance is decidedly changed. Since its introduction in 1959 the Corvair line has retained a family likeness that has not been substantially changed until the advent of the 1965 models. The original body design of the 1964 Monza

4-Door Sedan (top) poses in sharp contrast to the smooth continental flowing lines of the 1965 Monza Sport Sedan. The new sedan is 3 inches longer and over 2 inches wider; offers more roominess and many mechanical innovations. Public announcement date for these new cars is September 24.

Fresh from the "beauty parlor"—

Sleek New Corsa in '65 Corvair Line

The Corvairs for 1965 step out with a smart all-new continental styling. For the first time since its introduction in 1959, body lines of Chevrolet's rear-engine car have been completely changed. The Corsa Sport Coupe (above) and the Convertible

lead the 1965 Corvair series, followed by the Monza Sport Coupe, Sport Sedan, Convertible and the 500 models. On September 24 Chevrolet dealerships will display various models of the five passenger cars offered by the company in 1965.

ALL ABOUT BABIES...

A Public Service of the National Baby Care Council

Baby's Teeth
By Harold K. Addeston, D.D.S., Professor of Pedodontics, N. Y. U. College of Dentistry

It is commonly assumed that baby is born without teeth. This isn't so at all. Deep within baby's jaw are twenty primary teeth that began forming early in baby's prenatal life. At birth, the crowns of these primary teeth are almost completely formed. Shortly after birth, the enamel of baby's first permanent teeth start to form in his jaw. These particular teeth are sometimes called "six-year molars" because they appear at about the age of six. They do not replace any pri-

mary teeth but come in just behind them.

The earliest teeth to appear in baby's mouth are the four primary central incisors. These are located in the front of the mouth, two upper and two lower. They appear approximately between six and eight months of age. The lower teeth usually will appear first.

Between seven and 11 months of age, four more teeth, upper and lower, will appear. These are the lateral incisors at either side of the central teeth. Between 12 and 16 months of age, the back teeth or first primary molars will appear. Then the cuspids will

appear to fill in the space between. At about the age of 24 months the secondary primary molars will appear.

Dental care is needed when baby's first teeth begin to appear. Mother can start cleaning baby's mouth with a soft piece of gauze or a Q-tip right after each feeding as soon as baby is on semisolid chewing food. "Toothbrushing-training" may begin as soon as the child will accept the brush. A young child who has the opportunity to see other members of the family use a tooth brush will "ask" for one. The child should be encouraged to "use" the brush after each meal, but mother should continue to supervise the brushing, and continue to clean food debris from all surfaces of all teeth until the child is able to brush correctly, as a dentist teaches the child.

Correct eating habits and keeping the teeth clean are effective home-care weapons against tooth decay. Preventive dentistry should be started when a child is still young. If a child's teeth are properly cared for, a strong foundation is laid for minimizing dental troubles in later years. Children's teeth are meant to last a lifetime. With the right care, they can.

show that while stocks have been going up, the prices of bonds have been going down. This does not necessarily mean that bonds are the best buy today; but when you can buy U. S. Government bonds to yield over 4 per cent, they should be an excellent purchase.

My Personal Conclusion

As a result of my years of experience I advise readers not to "get hipped" on any one class of securities, but to divide their investments say one third in bonds, one third in stocks, and one third liquid in cash which can be used for some unexpected event which is sure to occur someday and depress the prices of good stocks, making them attractive for purchase.

As I write this column it occurs to me that there is no widely accepted index for preferred stocks. For tax and other reasons I am rather bullish on cumulative preferreds, but I would not buy any preferred stocks that are non-cumulative. When buying preferred stocks it should also be noted whether or not they are callable; and, if so, the date and the price thereof.

TODAY'S Meditation

© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Psalm 90:1-12.

So teach us to number our days, that we may apply our hearts unto wisdom. (Psalm 90:12).

Our grandfather clock, a faithful friend and companion from earliest days, stood in our living room. As a child, I would stand before the clock in wonder and awe as the great pendulum steadily swung back and forth, counting out time with its unfailing tick-tock, tick-tock, tick-tock.

Many persons, children of a day, are living in terms of only "the here and now." They exploit every area of worldly pleasure and earthly possessions, demanding of them the ultimate in satisfactions. They give little or no thought to Christ's promised hereafter.

It behooves each of us to stop and list to the eternal voice of God calling to us moment after moment, day after day. He challenges us to give meaning to every passing moment. Through prayer, we gain insights for the living of our days and power to face life and live it in the beauty of God's peace and in the light of eternity.

Prayer

Glory be to Thee, our Father, who, by the coming of Thy Son into human life, hast given our lives meaning and value. Help us to live as pilgrims of eternity this day and all our days. Through Jesus Christ our Lord, who taught us to pray, "Our Father who art in heaven . . . Amen."

Thought For The Day

In God's will—the eternal pendulum in time—is our peace.
Thomas T. Faichney (Canada)

OUTDOOR SPORT TIPS

Lens Cap
Want a quick, easy, cheap lens cover you can take off in an instant? Use cellophane tape, leave a tongue hanging over for a pull tab.

Crowing Over Crows
Calling crows if they spot you, you're sunk. Placing an owl decoy away from you helps. (Crows watch it, not you.) Fool 'em some more by attaching a call to a rubber hose 40 or 50 ft. long. Put call out among crow decoys and let the crows try to find it.

Locked Up
What to do when the lock to your car is frozen tight? Heat key with a match and force in. Repeated insertions will thaw.

Old Knives
When you buy a new hunting knife, file the old one into a saw blade. Will make a deer-cleaning job a lot easier.

Easy End Splice
Stop rope ends from fraying by dipping into household glue. Holds tatters together, prolongs rope life.

Tropical Fish Finder
A tropical fish fancier swears when his fish are feeding on the surface of his living room tank, fish in his nearby fishing lake are too.

Tasty Ducks
If you carefully store the ducks you shoot on their backs while in

the blind, the blood will run into their backs, not in their breasts. Flavor improves.

Plug Life Extender
If you spray new plugs with clear plastic they'll stay brighter longer and catch more fish.

Gun Polish
Away to remove rust spots from guns is to dip a rag in oil then in cement powder. Cement is just enough mild abrasive to polish without scratching.

Flameless heaters are entirely safe under suitable conditions. It is best, however, to use them in tents of porous canvas with some ventilation.—Sports Afeld.

BABSON

Writes . . .

BY ROGER W. BABSON

Babson Discusses The Stock Market

BABSON PARK, Mass., Sept. 17—Readers are especially upset by the great difference of opinion at this time amongst well-qualified investment authorities as to the future of the stock market.

Dow-Jones Average

The Dow-Jones Industrial Average — especially — is looked upon today by many as a very important index of the stock market. As readers know, it was started many years ago by founders of the Wall Street Journal. The editors simply took the prices of a small number of most active stocks and averaged them, publishing this average every day. It soon acquired much more importance than had been anticipated.

The managers however, found that stock dividends and other changes affected these quotations in a way very difficult to index properly. I cannot state just how many times the Dow-Jones Industrial Index has been adjusted, but the number is considerable. In an investment column I have just finished reading, I noticed a suggestion that this Index may go up to 1000. This may seem high to many people. However, it should be realized that the climb from 850, where the Dow now is, to 1000 is only 17%; and the Index has risen over three times that much during the past two years.

Standard And Poor's Index

The Standard & Poor's people of New York publish each night an index of what a very much larger list of stocks have done for the day. This index rises and falls much less sharply than the Dow-ones. On the other hand, because it is less sensitive it is not referred to so often by many investors, who want something which moves more rapidly.

There are also other indexes, including some prepared by individual newspapers and by the Associated Press. I have sometimes been tempted to combine all these into one; but fail to see what advantage such an average would give to investors. Furthermore, substitution of stocks in any of these indexes would complicate matters even more.

My Personal Habit

I personally follow the custom of looking up the quotations of a few stocks in which I am interested and writing them down in a notebook with the date and their quotation. My favorite stock is American News Company. This I buy as most people would a bond, because of its remarkable record.

The dividend which was declared by the Board of Directors at their meeting on July 30th is the 590th dividend paid by the company since its founding in 1864. This last dividend continues the company's record for the longest uninterrupted number of monthly and/or quarterly dividend payments of any company that is listed on the New York Stock Exchange.

What About Bonds?

There are also indexes showing the fluctuation in bond prices. The fluctuation is very slight from day to day, but most of these sources carry a table which enables an investor to quickly note the changes in bond prices over a period of a few weeks or more.

These prices are important to consider at this time. They

INVITATION

from the

Westminster Junior Chamber of Commerce

The Westminster Junior Chamber of Commerce cordially invites you and the adult members of your family to attend a Demonstration Meeting of the Dale Carnegie Course in Westminster, so that you may learn how this world-famous adult educational course will help you achieve the career advancement and personal satisfaction that make life rich and rewarding.

In helping to bring the Dale Carnegie Course back to Westminster, the Westminster Jaycees are confident that they are rendering an important educational service to the business and professional men and women of the greater Westminster area, and to their key employees and technical people in management, supervision, engineering, sales promotion and public relations. Every ambitious person is welcome in the Dale Carnegie Course, regardless of age or previous educational background.

At the Demonstration Meeting you will learn how the Dale Carnegie Course builds poise and self-confidence, develops the ability to speak effectively, creates a better understanding of good human relations, improves memory, stimulates enthusiasm and strengthens leadership skills. Local graduates will speak briefly, and a short technicolor film will be shown. Refreshments will be served, and everyone who attends will receive a free paperback copy of Dale Carnegie's famous, "How To Win Friends and Influence People." There is no charge or obligation.

Reservations for the new Westminster Dale Carnegie Course Class will be accepted at this Demonstration Meeting. Please note that residence in Westminster is not a requirement for joining the Westminster Class.

Robwinette Restaurant

This restaurant located in the Potomac Shopping Center, phone 762-1904 in Waynesboro, is one of the most popular dining places in this area. It has gained a reputation that has spread over a large territory, as a place where both the local and traveling public can well satisfy their demands in the matter of obtaining excellent food. The menu consists of many inviting and tempting dishes and lunches and dinners are offered to satisfy the tastes of the most fastidious.

It is indeed refreshing to find such an up-to-date establishment as this. It is unsurpassed by anything in the way of accommoda-

tions, perfect for lunch or dinner in the evening.

When Mr. and Mrs. Starry, the owners, went into business it was with the idea that an up-to-date restaurant would be appreciated by the public. That this idea was well accepted is evidenced by the manner in which the public has responded.

People from this area will find this a pleasant place to dine while in Waynesboro. The Robwinette Restaurant is located in the Potomac Shopping Center. Phone 762-1904 for reservations. We in this 1964 City and Suburban Review, highly recommend the Robwinette to all our readers.

Waynesboro Bowling Center Inc.

The Waynesboro Bowling Center is located at East Main St., Route 16 in Waynesboro, Pa., phone 762-9932.

Anyone interested in the great sport of bowling will certainly find it a real pleasure to bowl on these ultra-modern air-conditioned lanes. No matter whether you are an expert or a beginner, you can improve your game by bowling

here and they feature free instruction. They carry a complete line of bowling accessories including shirts, shoes, club jackets and personalized bowling balls.

The management deserves to be complimented upon the fine facilities they offer the people of this area with AMF Magic Triangle Equipment. It is playing a very important part in the sports interest and extends an open invitation to all bowlers to make these

lanes their headquarters for leagues. They have reduced rates for league bowling and parties and have open bowling Saturdays and Sundays.

We are pleased to recommend these lanes to our readers in this 1964 City and Suburban Review. Remember, you are always welcome here whether you come in to bowl one line or to spend the entire evening. Phone 762-9932 for reservations.

Expect Near Record Corn Crop In State

Maryland's corn crop is headed for a near record production despite drought conditions during much of the growing season which reduced yields per acre.

The September 1 crop report for Maryland puts the estimated 1964 corn production at 25,080,000 bushels compared with the previous high of 25,680,000 bushels set in 1956. However, even 1956 did not have this year's high yield per acre. The record num-

ber of bushels per acre was first set in 1958 when Free State farmers averaged 62 bushels per acre compared with 52 last year and an estimated 57 for the current crop.

Figures compiled by the Maryland - Delaware Crop Reporting Service, College Park, Maryland, show that corn acreage is up from 400,000 acres in 1963 to 440,000 acres this year.

According to Creighton N. Guelow, Agricultural Statistician in charge, summer drought failed to cut wheat yield per acre. The 30 bushels of wheat per acre set an all time record, but dwindling acreage during the past several years has reduced total production of this grain crop. Total production of the state's wheat crop in 1964 was 4,230,000 bushels compared with 3,933,000 bushels last year.

Barley did not fare quite as well as wheat, but the 41 bushels per acre was second highest on record being surpassed only by the 43 bushels per acre in 1960.

The 1964 hay crop in Maryland, while somewhat better than last year which was also plagued by drought, was nearly a half ton per acre below the record set in 1960-61. The 606,000 tons harvested this year compares with 552,000 tons last year.

Total tobacco harvesting this year will be up substantially from last year's crop.

Increases in both total acres and yield per acre over last year contributed to the jump in production to 39,000,000 pounds. Farmers planted an estimated 39,000 acres this year compared with 34,500 acres last year and will harvest 1,000 pounds per acre. The year 1957 saw the record yield per acre set at 1,040 pounds during extreme drought conditions.

Guelow said soybean yield estimates had to be revised downward from the August 1 figures because of dry weather. Early-planted beans made good growth and estimated yield will be 20 bushels per acre — 1½ bushels more than the 1963 crop. Total yield will be some 110,000 bushels greater even though acreage is down 13,000 acres from last year.

Two other crops included in the September 1 report were watermelons and early fall snap beans for fresh market. Watermelons were headed for a record year, but dry weather which slowed growth and a cool spell which cut into sales held production equal to the previous record set in 1963. Increases in both acres planted and yield per acre pushed total production of snap beans to a new total of 4,200,000 pounds.

A new look of size and motion is combined in the 1965 Fairlane, restyled from bumper to bumper for the first time since its introduction three years ago. Although new styling makes the middleweight Fairlane look bigger, it remains about the size of the 1956 Ford on the outside and the 1959 Ford on the inside. Improved ride and economy; new low-profile tires for greater directional stability, better traction and longer life; significantly improved interior quietness; alternators and automatic chokes standard on all engines; and a complete line of options including low-cost air conditioning are features of all 1965 Fairlanes including the Fairlane Sports Coupe (above).

Eight Fairlane models — hardtops, station wagons and sedans — will be introduced in Ford dealer showrooms Friday, September 25.

HEALTH

Count Down For School—With A Check List

Your child's delighted with his shiny new lunch-box and his fresh clean school supplies. And you're delighted with his autumn wardrobe, especially the gleaming shoes to replace summer's tired sneakers. But how about the rest of your back-to-school check list? Did you squeeze in appointments for your child's health check-ups?

Not only the general one with your family physician, who will know from his records which "booster shots" he needs, but also a check for vision and hearing. Your child needs to see well and hear clearly if he is to do well in school.

And a tuberculin skin test to find out if there are any hidden TB germs should be a regular part of your efforts to protect your child's health.

Don't forget the dentist. Cavities can develop fast in tiny teeth. They need fast attention. Even if your child gets an A from the dentist, a dental exam should be scheduled every six months.

In your back-to-school supply of habits for good health and safety you'll want to include a few like these:

Teach him the importance of good "bus behavior"—no standing up and jostling about, just as you don't permit these distractions in the family car. If a new route by foot power is in the cards, go over it with him beforehand, and police his crossing and STOP behavior. Get acquainted with the school staff of any health or behavior problems that may crop up from time to time.

Don't neglect the home habits that build healthy bodies and alert minds — a good breakfast (and time to eat it); plenty of sleep (the first few weeks of school are tiring); some outdoor play and exercise; and, of course, those reassuring Goodbye and Hello hugs!

Improved performance with increased fuel economy for gas savings up to 15 per cent have been achieved in the tastefully restyled Ford Falcon for 1965. More powerful engines — including a redesigned 200-cubic-inch Six with seven main bearings for added smoothness — combining with three-speed Cruise-O-Matic or three-speed manual transmissions for the economy and performance improvement. New interiors and new instrument panel ornamentation; new low-profile tires; improved steering responsiveness; alternators and automatic chokes on all engines; and larger fuel tanks are other 1965 Falcon features.

The 13 new Falcon models including the Falcon Future 2-door Hardtop (above), will be introduced in Ford dealer showrooms on Friday, September 25.

More Elderly Draw Security

An increasing number of older men in good health are choosing to retire, rather than go on working, according to W. S. King, District Manager of the Hagerstown Social Security Office. This statement is based on findings from personal interviews with a cross-section of the Nation's 9,792,000 men aged 62 and over, including both those who are social security beneficiaries and those who are not.

About one out of five of the recently retired men 65 or over gave a preference for leisure as the reason for retirement. In a 1951 survey of social security beneficiaries, only three in 100 men gave this reason for retiring.

The largest single reason for retirement, either voluntary or involuntary, was poor health, cited by 41 per cent of the recently retired wage and salary workers. However, comparison with the results of a 1951 survey, in which 48 per cent of the social security beneficiaries said that they had retired because of poor health, indicates a trend toward better health among the retired in recent years.

Because reduced social security benefits were first made payable to men 62 to 64 under 1951 amendments to the social security law, the survey was designed to include a representative sampling of men who had taken advantage of these provisions for early retirement.

Mount Chaplain Schedules Retreat

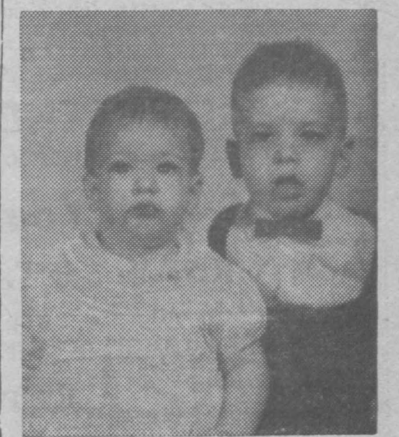

Rev. Hugh J. Phillips, Chaplain at Mount Saint Mary's College, announces that the annual religious retreat for the collegians will begin on Friday, October 18, and close on Sunday, October 20. The retreat which is held at the beginning of each academic year will follow a revised schedule this year.

Each of the four college classes will be under the direction of an individual retreat master with all religious services and conferences held on a class basis. Rev. John P. Whalen, former faculty member and present editor of the "New Catholic Encyclopedia," Washington, D. C., will be the retreat master for the senior class; Rev. Robert Hunt, C.P.P.S., the junior class; Rev. John Kelly, C.S.P., sophomore class; and Rev. Benjamin F. Bowling, C.S.P., freshman class.

Enroll At College

Four Emmitsburg students were enrolled as freshmen at Saint Joseph College Sunday. They were Cecelia McGucken, Rebecca Norris, Mary O'Brien and Mary Martha Oster.

Anything Can Happen

The biggest win payoff recorded in pari-mutuel betting on a single horse was \$1,885.50 for a \$2 wager on Wishing Ring at Latonia, Kentucky, on June 17, 1912. One of five lucky ticket holders was Lou Smith, president of Rockingham and Green Mountain Parks. Willie Ratner, turf editor of the Newark News might have won at even longer odds, had he been at Agua Caliente on March 13, 1934 or, had a single person at the track that day bet on Old Kickapoo. As it was, Ratner, at home in New Jersey, had bet with a bookmaker. Old Kickapoo won and not a single ticket had been sold on him. Track management shifted the win pool money to the place pool and paid off \$230.40 to those who had bet Old Kickapoo to place. The bookmaker did not even refund Ratner's bet.

Another example that the race track is a place where the unexpected can always happen

occurred at Keeneland this Spring. Keeneland President Louis Lee Haggin II was ready to celebrate the winning of a race he had sought for 20 years. His colt Choker was favored for the Ben Ali Handicap, named for his great grandfather, the fabulous breeder. James Ben Ali Haggin, Choker won all right but in the doing swerved and knocked Copy Chief off stride just before the finish. Track President Haggin had to shrug and smile as his stewards ordered his horse's number down and his son presented the trophy to Copy Chief's Trainer, Bryant Ott.

Setting new standards of luxury, this 1965 Cadillac Fleetwood Sixty Special Sedan is four inches longer than last year. The extra length, exclusive to this model, is realized almost entirely in the rear passenger compartment. With a vinyl-covered padded roof the Sixty Special is designated as the Brougham and is distinguished with special Brougham script next to the wreath and crest on the side of the roof.

Three Injured In Car Crash

Mrs. Mary Elizabeth Topper, 20, of Frederick, was listed in

satisfactory condition in Annie M. Warner Hospital in Gettysburg, after she and two other persons were injured in a two-car collision Saturday at the intersection of State Route 76 and Ap-

polds Road, five miles south of Emmitsburg.

State Police said Mrs. Topper, who was six months pregnant, suffered severed multiple lacerations of the head and forehead and lacerations of both knees when the car in which she was riding hit another auto broad side when it came out of the intersection at 7:40 p.m. Saturday.

Tfc. Earl F. Tracey said the 1961 sedan, driven by Thomas Woodrow Wilson, Thurmont, was stopped for a stop sign at Appolds Road at the intersection with Route 76. Apparently he did not see the oncoming 1964 compact operated by J. Lawrence Topper, 22, Frederick, formerly of Emmitsburg, because he entered the intersection and was struck broadside by the Topper vehicle.

Also injured were: Topper, who was treated and released from the Annie Warner Hospital, with minor bruises, and a passenger in the Wilson auto, Carroll Ann Bentz, 7, of Graceham was treated for minor abrasions by a local doctor. Mrs. Topper was taken to the hospital in the VFW ambulance.

Tfc. Tracey said Wilson failed to grant the right-of-way. No one involved in the accident was wearing seat belts, police said.

has issued an urgent plea for contributions. According to its director, donations are now at an all time low. Especially needed at the present time are contributions of repairable clothing. People who wish to donate their discarded clothing and other repairable items to Goodwill may deposit their smaller articles in the Goodwill collection boxes located thruout Frederick and Carroll Counties. If donors cannot get to the collection boxes or have articles which are too large to fit in the boxes, they may call Goodwill to arrange for a truck pick-up.

The residents of Frederick and Carroll Counties are reminded that their contributions make possible the employment of 18 handicapped citizens from the local area.

Lutheran Women Hold Meeting

The Lutheran Church Women of Elias Lutheran Church held their first meeting of the fall season on Tuesday, September 8 in the Parish House. The LCW members and their guests assembled at 6:30 for a delicious covered dish supper. Following the meal, the group had their program and study period. The Scripture lesson was read by Mrs. A. W. McCleaf. Special music was provided by Mrs. James Sanders who was accompanied by Miss Ruth Shuff. The topic for the meeting was a study of the Protestant ministry and was introduced by the Rev. W. Ronald Fearer, Pastor. Scripture literature was given to

each person present to further aid in the selected topic. A film, "Is This For Me", which was prepared by the Lutheran Church

in America, was shown to the group. This film is a study of the Christian ministry. Mrs. Charles Harner, president of the LCW at Elias Church, presided at the meeting.

Trailing Pike Trick WHEN A BIG NORTHERN PIKE trails your spoon right up to the boat, don't try the oft recommended stunt of swishing your lure through a figure eight with the rod tip. Since you're visible to the fish, your body motions will spook him nine times out of ten. Instead, sit completely motionless and release the handle of your casting reel — or open the bail if you're spin fishing. Your spoon will promptly head for bottom on a free line, and it will dart and flutter on the way down. The pike, if you haven't frightened him, will usually follow it down. As the sinking spoon picks up speed its darting motion will increase accordingly, which will be duly noted by the watching pike. When the lure's action becomes sufficiently pronounced the fish is likely to rip in and belt it.

Setting the hooks under these circumstances calls for hair-trigger reflexes, so stay alive! You'll see a sudden flash when the pike pounces, and that's the signal to sub down and prod it to him. But don't make the mistake of trying to hold him close. When you hook a big northern on only a few feet of line you promptly have a mighty rambunctious critter on your hands, and if you refuse him line when he takes off something is sure to bust.

Any fishing questions? Send them to me, in care of this newspaper.
