Emmitsburg Chronicle

"READ BY MOST EMMITSBURGIANS"

VOLUME LXXXV, NO. 38 — EMMITSBURG CHRONICLE, EMMITSBURG, MARYLAND, FRIDAY, JULY 16, 1965 — SINGLE COPY 7c

Weekend Weather Forecast

Little day-to-day change in the temperature with showers occurring throughout the period.

Most Anything At A Glance

BY ABIGAIL

While the grip of the drought which has plagued this area for the past four years hasn't been exactly broken by the weekend rains, it certainly has been modified, but we need much much more before we can be certain of saving the crops and avoiding any shortage of water for the residents of this community. Rain totalling approximately an inch and a half, fell on the community Sunday and did much good to crops and lawns, however Town officials still caution against any wasting of water and ask the public's cooperation in conserving wherever possible. Some cities and towns not too far from us were fortunate to get better than two inches of downpour.

* * *

Information has it that several new houses will be built in the Emmit Gardens section in the near future. Option has been taken on several lots and probably will be exercised if and when the first few houses are sold. The area recently received water and sewerage facilities and it is expected the sale of houses should move right along. Then again, the winner of the new Postoffice contract is expected to pick up his option on the former Town lot in the near future and construction of the new building should start soon thereafter. Work on the Town's new snack bar has begun and the new owners plan to have the business open in time for the opening of local schools. It will be located in the C. A. Harner property on the Square which housed the former American Store.

* * *

Our Town Government showed good judgment this week when it announced it was studying a plan to create a new reservoir or enlarge Rainbow Lake which holds the bulk of the Town's water reserves. There is no question Emmitsburg is growing and the need for more water grows intense each year so we mgiht as well be ready when the time comes. Planning of this sort is less costlier than any stop-gap measures we might take when we need water for emergency use. It is good sound planning and I certainly hope it is followed through. The water table on the eastern seaboard has fallen several feet the past 15 years and many cities are facing the dilemma of obtaining more water. We have natural advantages here which should be utilized to insure us against want in future years.

* * *

Annexation proceedings have been instituted by the Town to take over 100 acres into the corporation limits. This acreage is located east of Town and is known as the 3-D Inc. and Emmitsburg Development Inc. holdings. This step should bring in additional tax money to the Town treasury.

Little League Picnic July 20

All parents and members of the Emmitsburg Little League are invited to enjoy the annual picnic of that group to be held at Kump's Dam Park next Tuesday, July 20 starting at 6 p.m.

Members of the Minor League and their families also are invited. No more games will be played in the league until after the All-Star game which opens the first round pairing Emmitsburg and Thurmont at Emmitsburg on Monday, July 26 starting at 6 p.m.

All Little and Minor League players are asked to bring along their uniforms to the picnic. These garments should be cleaned and bagged with the player's name attached to it. All-Star players should keep their uniforms.

Knott Services Held

Funeral services for Gerald B. Knott, Thurmont, R2, were held last Thursday with a Requiem Mass at St. Anthony's Shrine, with the Rev. Fr. Vincent Tomalski officiating. Interment was in the church cemetery. Pallbearers were: Gary Ridenour, Clarence Ohler, Bud Kreitz, David Messner, Gene Kreitz and Richard Kreitz. The Creager Funeral Home, Thurmont, was in charge of arrangements.

Carnival Will Continue Friday-Saturday

The annual carnival being sponsored by the Indian Lookout Conservation Club will wind up its present stand Saturday night.

The affair, being held on the Town parking lot, has been favored with good attendance every night this week. It opened Monday evening and nightly entertainment and good food has kept the crowd coming.

Two more nights, Friday and Saturday will round out the carnival's stand. Friday night's entertainment will be the Carroll County Ramblers and Saturday night Dwayne and The Sounds will command the bandstand.

Saturday afternoon kiddies' matinee will be held between 1:30 and 4 o'clock. All rides will be 10c for the kiddies up to age 12.

A number of kiddies' rides are in operation at the carnival and an evening of games is being played nightly. Saturday night there will be a grand drawing of a valuable colored television set.

Local Man's Parents Killed In Car Crash

The parents and sister of John R. Reaves Jr., Gettysburg R2, operator of an Emmitsburg appliance store, were killed instantly last Thursday evening in North Carolina while enroute here for a visit with the local man and his family.

Mr. and Mrs. John R. Reaves, Sr. and daughter, Marian, Lake Mary, Fla., were traveling north for a planned vacation visit Thursday evening when their car was struck headon by another vehicle in a narrow stretch of road on Route 301, near Enfield, N. C.

Both Mr. and Mrs. Reaves and their daughter died instantly. John Reaves Jr. was summoned from his home near here to identify the bodies.

The elder Mr. Reaves, his wife and daughter were enroute to this area to visit Mr. and Mrs. Reaves' son-in-law and daughter, Mr. and Mrs. Harold Heath, and family, of Alexandria, Va., and their son and daughter-in-law, Mr. and Mrs. John Reaves Jr., and family on Gettysburg R2.

The elder Mr. Reaves was an electrical contractor. The younger Mr. Reaves opened an appliance store in Emmitsburg about two weeks ago. He is a former Freedom Twp. tax collector and school director.

MRS. BELVA B. RUDISILL

Funeral services for Mrs. Belva Blanche (Wilson) Rudisill, 49, a native of Gettysburg and wife of Howard Rudisill, York, who died Monday morning at the York City Hospital, were held yesterday afternoon (Thursday) at 2 o'clock.

The services were conducted at the Wilson Funeral Home, Fairfield with the Rev. Dr. Paul L. Reaser officiating. Interment was in Evergreen Cemetery, Gettysburg.

She had suffered a subcranial hemorrhage June 20 and had been in the York City Hospital since June 21. A native of Gettysburg, she was a daughter of Robert A. Wilson, Gettysburg, and the late Esta (Heagy) Wilson. She had resided in York for the last 14 years. Surviving are her father; her husband; a son, Howard Rudisill, Jr., and a daughter, Estena Rudisill, both at home, and a brother, Clarence E. Wilson, Fairfield.

She was a member of Union Lutheran Church, York, and was a Sunday School teacher in the Junior Department of that church's school. She was also a Girl Scout leader.

Hospital Report

Admitted

Mrs. Carroll Null, Rocky Ridge.

Miss Lorie Ridenour, Emmitsburg R2.

Mrs. Ralph Valentine, Emmitsburg.

Mrs. Richard E. Andrew, Emmitsburg R1.

Mrs. Gerald P. Fitzgerald, R2, Thurmont.

Discharged

Wilbur C. Dutrow, Emmitsburg. R1.

William F. Usilton, Jr., Emmitsburg R2.

Edward L. Myers, Thurmont, R2.

Miss Kathleen A. Sappington, Emmitsburg R2.

Births

Mr. and Mrs. Clifford E. Sweeney, Emmitsburg, son, Tuesday.

Pretty Church Wedding Here

All of the grace and charm of the current bridal season was embodies in the wedding of Miss Gwyndolyn Lois Watts and Robert Lee Higgins, Jr., that took place Sunday, June 27.

The wedding rites were held in the Elias Lutheran Church, Emmitsburg, at 5 p.m., with the Reverend Ronald Fearer serving as the officiating clergyman.

The bride is the foster daughter of Mr. and Mrs. John W. Greta Keilholtz, 1734 Howell Road, Hagerstown, Md. The bridegroom is the son of Mr. and Mrs. Robert L. Higgins, Sr., Pinesburg, Md.

For her wedding the piquant bride presented a lovely picture in a crisp rose-patterned lace gown, its baskue bodice touched with irridescents, the squared decolletage traced in scallops, and long slender sleeves. A mass of ruffled tiers formed her luxurious hoop skirt finished with a brush train while her bridal veil of sheer illusion was arranged from a Swedish crown with crystal droplets. She carried a Florentine design of white roses, stephanotis and gypso philia.

Serving as the maid of honor was Miss Judith Keilholtz of Emmitsburg. Appearing as bridesmaids were Miss Joan Slayman, and Miss Patricia Kinsey, both of Hagerstown. Brightening the bridal procession was the bride's foster sister, Miss Bonnie Lou Keilholtz, as the dainty flower girl. Master Douglas Higgins, of Pinesburg, served as the ring bearer.

Franklin Keefer, Clear Spring, served in the capacity of best man. Ushering the wedding guests were Gary Gruber and Wayne Gruber of Clear Spring.

A reception followed the rites in the annex of the Emmitsburg VFW.

The coupled traveled to New York City for their honeymoon. They are at home at 2376 Pennsylvania Avenue, Hagerstown.

The brides is a graduate of South Hagerstown High School in the class of 1965 and is employed at the Howard Johnson Restaurant.

The bridegroom is a graduate of the Williamsport High School in 1964 and is employed by Ward-Leonard Co.

$2000 Grant To St. Joseph's

St. Joseph College was one of 26 collgees and universities in the Md.-Va.-D.C. area to receive an assistance grant to education under the Minnesota Mining & Manufacturing Co.'s $1.5 million 3M AGE II national program for 1965. The grant package, valued at $2,000, consists of teacher training equipment and reference material designed to demonstrate visual communication techniques in the classroom.

Sister Margaret Hughes, academic dean, accepted the grant for St. Joseph College at an award luncheon in Washington on July 8. R. H. Herzog, group vice president of the 3M Company was guest speaker at the luncheon which was hosted by Charles Gallant, area representative of 3M's Visual Products Department. Mrs. Valli Ryan, Director of Development at St. Joseph College, was also a guest at the luncheon.

Birthday Party

A birthday party was held Friday evening at the home of Mr. and Mrs. John Dick in honor of the fourteenth birthday of their daughter, Debbie. Those present were Mr. and Mrs. Donald Gochenour and children; Mrs. Rose Dick; Luther Dick and sons, of Mummasburg; Mr. and Mrs. John Dick and son. Those sending gifts but unable to attend were Tom Rightnour and Mary Topper.

MRS. EMMA L. BOLLINGER

Mrs. Emma Louise Bollinger, 67, Taneytown R.D., widow of Allen E. Bollinger, died Monday evening at 5:30 o'clock in the Warner Hospital, Gettysburg, where she had been a patient since June 30. Prior to her hospitalization, she had been a guest at the Pape Convalescent Home, Gettysburg, for two years. Her husband died December 30, 1958.

A lifelong resident of Frederick County, she was a daughter of the late Mahlon and Annie (Fuss) Stonesifer and was a member of Elias Lutheran Church, Emmitsburg.

Surviving are 12 children: Harold Bollinger, Rocky Ridge; William Bollinger, New Midway; Paul Bollinger, Baltimore; Allen Bollinger, Chicago; Joseph Bollinger, Dover; Roy Bollinger and Mrs. Mildred Wallick, both of Littlestown; Arvin Bollinger, Mrs. Gladys Bell and Mrs. Doris Reck, all of Taneytown; Ivan Bollinger and Mrs. Lucy Eyler, both of Gettysburg.

Also surviving are 39 grandchildren, four great-grandchildren and these brothers and sisters: Mrs. Marion Eyler, Mrs. Ruth Copenhaver and Edgar Stonesifer, all of Emmitsburg; Mrs. Helen Myers, Thurmont; Robert Stonesifer, Taneytown, and Leonard and Roy Stonesifer, both of Chicago.

Funeral services will be held this afternoon (Friday) at 2 o'clock from the Elias Lutheran Church, Emmitsburg, with Rev. W. Ronald Fearer and Rev. Philip Bower officiating. Interment will be made in Mountainview Cemetery, Emmitsburg. Friends may call at the church this afternoon from 1 to 2 o'clock. Wilson Funeral Home, Emmitsburg, is in charge of arrangements.

* * *

C. MURRAY POULSON

Word has been received here of the death Tuesday, July 6, at Chelsey, Md., of Charles Murray Poulson, 59. He was a son of the late Mr. and Mrs. Charles Poulson, Emmitsburg. He was a veteran of World War II.

Surviving are two sisters, Mrs. William Gilbert, Gettysburg, and Mrs. Paul Eyler, Emmitsburg; two brothers, Edward, Gettysburg, and Sgt. 1/C Robert Poulson, Emmitsburg; two stepbrothers, Earl, of New Jersey, and Carroll, Sykesville, and several nieces and nephews.

Funeral services were held Monday afternoon at 2:30 o'clock at Arlington National Cemetery.

* * *

ALBERT J. SHORB

Albert Joseph Shorb, 74, Emmitsburg R1 farmer and veteran of World War I, died Friday morning at 6:30 o'clock at the Newton D. Baker Veterans' Hospital at Martinsburg, W. Va.

Mr. Shorb was a native of Frederick County and a son of the late Joseph E. and Mary (Butt) Shorb. He was the husband of the late Mary E. (Ridenour) Shorb. He was a member of St. Anthony's Shrine Catholic Church.

The deceased served in the Army in the first World War and was a member of the Francis X. Elder Post 121, American Legion.

Surviving are three children: Mrs. Francis McGraw, Emmitsburg R1; Bernard W. Shorb, Taneytown, and James Shorb, Baltimore; 16 grandchildren and 14 great-grandchildren; two sisters and a brother, Mrs. Annie Shields, Emmitsburg R1; Mrs. Cecil Kreitz, Thurmont R2, and Frank Shorb, Thurmont.

Funeral services were held Monday morning at 9 o'clock at St. Anthony's Shrine with Rev. Fr. Vincent Tomalski officiating. Interment was in the church cemetery.

Military rites were conducted by the Francis X. Elder Post 121, American Legion of Emmitsburg. Honor guards at the funeral home were: Henry Filler, Bernard E. Sprankle, Curtis D. Topper, Edgar Wastler, T. Eugene Rodgers, Leo B. Topper, Earl Topper and Andrew Shorb. Color guards, color bearers and firing squad were: Andrew Shorb, Clarence Shorb, Earl Topper, Joseph Rodgers, Charles B. Harner, William Topper, Thomas C. Harbaugh, Carroll Topper, and Thomas Harbaugh, bugler.

Pallbearers were Bud Kreitz, Ralph Messner, Gene Kreitz, Edward Ridenour, Joseph Shorb and Paul Shockey.

Wilson Funeral Home, Emmitsburg, was in charge of arrangements.

Suffers Burns

Mrs. Joseph Stahley suffered burns of her left hand at St. Joseph College kitchen where she is employed. She was treated at the office of Dr. Morningstar.

State To Check Opposition To Dam At Thurmont

Fears that the construction of a dam in Cunningham Falls State Park will ruin one of the state's natural beauty spots and ruin a natural fishing area were alleviated this week by state park officials.

Spencer P. Ellis, director of state forests and parks, said he did not feel that the proposed 43-acre lake would be detrimental in any way to the best interests of the people.

"In my opinion, the impoundment of water on Hunting Creek will in no way interfere with existing fishing facilities, and the advantages of such a facility will far outweigh the disadvantages."

Howard I. Skaggs, chairman of the State Commission of Forest and Parks, echoed Ellis' opinion, stating that "I think the majority of people want the proposed dam, and we try to do what the majority of people want."

Skaggs said that strong opposition to the Cunningham Falls dam is being carefully studied by the commission, as well as the Legislature ,in order to insure the most beneficial decision.

Presently, a scientific study to determine the effects of the dam on Hunting Creek's fish population is being undertaken. The outcome of this study will help determine the decision, he said.

Humerick Reunion

The J. A. Humerick family reunion was held Sunday afternoon at the Barlow Fire Hall. Those present were: Mrs. J. A. Humerick, Miss Jeanette Taylor, Emmitsburg; Mr. and Mrs. Albert Humerick, Altoona, Pa.; Mr. and Mrs. Gregory Washabaugh, Virginia and Kathy Gaines, Annandale, Va.; Mr. and Mrs. Taylor Humerick, Dover, N. J.; Mr. and Mrs. Paul Sherwin and daughters, Martha Jane, Alice and Mary Kay and son, John; John Humerick and son, Thomas and daughters, Linda and Dorothy; Mr. and Mrs. John M. Humerick and son, Robby, Dayton, Ohio; Mr. and Mrs. Robert Mahoney and sons, John and Billy and daughters, Judy and Betsy; Mr. and Mrs. Carl Alpen and daughter, Sheryl, Beltsville; Mr. and Mrs. Joseph Boyle and daughters, Shannon, Carolyn, Kathy and Jeannine, Emmitsburg; Mr. and Mrs. Fred Seiss and daughters, Lydia, Peggy and Janet and son, Thomas, Thurmont; Miss Evelyn Humerick, Damascus; Mrs. Marie Rosensteel, Emmitsburg; George Mithie, of Washington, D. C.; Miss Shirley Shoemaker, Gettysburg; Bernard Fink, Thurmont; Miss Gladie Schiltz and Miss Darlene Fuss, Thurmont, and Mr. and Mrs. George Brown.

Noted Newsman To Give Talk At St. Joseph's

Watson S. Sims, News Editor of the World Services Division of the Associated Press, will deliver the second and final talk of the summer lecture series at St. Joseph College on Wednesday, July 21, 7 p.m. in DePaul Auditorium on campus.

Mr. Sim's subject, "Today's News and What It Means," explores the inside view of the big stories, how they are covered, what they mean, and what people in other countries are reading. Across his desk in Rockefeller Center in New York City flows a continuous stream of news stories to and from 104 foreign countries.

During the past two years, Sims has made Latin America his special area of study, and has made 7 tours of that area. He recently returned from the Dominican Republic, and was in Santiago at the time of the Cuban crisis.

He joined the AP in Nashville, Tenn. A member of the famed "expendable" torpedo boat squadron in the Philippines during the early years of World War II, he took part in the evacuation of General Douglas MacArthur from Corregidor. He won a Nieman fellowship for study at Harvard in 1952, and on his return to AP in 1953, was assigned to New York. In 1956, he was transferred to London as night editor, and later diplomatic correspondent until 1958. He covered the 1957 Jordan crisis on assignment to the U. S. 6th Fleet. From 1958-61, he was AP Bureau Chief in New Delhi.

The public is cordially invited to attend the lecture.

To straighten a monofilament fly leader, try pulling it hard through a folded piece of inner tube.—Sports Afield.

TOMORROW'S CITIZENS

This week's Citizens of Tomorrow are the children of Mr. and Mrs. John L. Cunningham, R2, Emmitsburg. They are, front, left to right, Christian, 4, Eileen, 2, Mark 6; middle row, l-r, Philip, 9, Francisca, 8, and Ledlie, 10; rear, Larry, 14.

SANDERS—WETZEL

Miss Nancy Louise Wetzel, of Thurmont, daughter of Mrs. Verona Wetzel, and the late Mr. Wetzel, became the bride of Harold Gilbert Sanders, Emmitsburg, son of Mr. and Mrs. Regis Sanders, Emmitsburg, on Saturday, June 19 at 10:00 a.m. in St. Anthony's Shrine. The double-ring ceremony and nuptial Mass was performed by Reverend Vincent Tomalski, pastor. The bride, given in marriage by her brother, Robert M. Wetzel, wore a gown of re-embroidered Alencon lace with moulded bodice, tapered sleeves, and scalloped decollotage touched with paillettes. The full skirt was enhanced by a front of ruffled tiers, while the back sloped gracefully to form her chapel train. A queen's crown of seeded pearls and crystal held her bridal veil of sheer illusion. She carried a bouquet of white rose buds and carnations, which she presented at the foot of the statue of the Blessed Virgin. Coming out of church, she carried a white prayer book centered with an orchid.

Miss Viola Matthews, Thurmont, was maid of honor. She wore an orchid chiffon dress with lace sleeves and bodice, and carried a bouquet of orchid and white variegated carnations.

Miss Kathleen Sanders, Emmitsburg, sister of the bridegroom, and Miss Judy Ott, Thurmont, were bridesmaids. They wore blue and pink dresses identical to that of the maid of honor, and carried blue and while and pink and white varieyated carnations, respectively. All three attendants wore rose veils.

George Eugene Rosensteel, Emmitsburg, was best man, and Steling Sanders, Silver Run, brother of the bridegroom, and Lee Ott, Thurmont, were ushers.

The bride's mother wore a light blue dress with white accessories and a corsage of white rose buds. The bridegroom's mothers wore a navy dress with blue accessories and a corsage of white rose buds.

Mrs. Alma Seltzer, church organist, played the traditional wedding music.

Following the ceremony, a reception was held in the parish hall, after which the couple left for a wedding trip to Virginia.

The bride is a graduate of St. Joseph's High School, Emmitsburg, and is employed as a secretary at St. Joseph College. The bridegroom attended Emmitsburg High School, and drives for Rosensteel's Bus Service, Emmitsburg.

Surprise Birthday Party

A surprise birthday party was held Sunday afternoon at the home of Mr. and Mrs. John Dick in honor of Mrs. Dick. Those present were: Mr. and Mrs. Russell Smith, Rouzerville; Mrs. Rita Dunlap, Gettysburg R.D.; Mrs. Buehla Rook, Waynesboro; Mrs. Donald Gochenour, Dave and Debbie; Miss Mary Topper, Robert and Debbie Dick and John Dick. Those sending gifts but unable to attend were Mrs. Carolyn Ellis, Fairfield; Tommy and Ann Rightnour. Refreshments were served and Mrs. Dick received many nice gifts.

The term "Devil Dogs" originated when, during World War I, wave upon wave of Marines attacked the German lines so persistently that the Germans referred to the Marines as "Teufelhunlen", meaning "Fighting dogs of legendary origin".

Town Studies Possible New Reservoir

Plans for a new reservoir were discussed at the regular monthly meeting of the Mayor and Commissioners held Monday night in the Town Office, Chairman of the Board J. W. Houser presiding with a full board in attendance. Patrick B. Boyle was in attendance and asked several questions pertinent to Town business.

While no definite plans for the new reservoir materilaized at the meeting the Town Council is aware that due to the future growth of the community something must be started in the planning stage for future water reserves here. Relevant to water reserves the Council authorized the purchase of a new pump for the well drilled last year to augment the reserves of Reservoir No. 3. Installation of the pump will be started immediately.

Mayor Irelan proposed that all water valves and lines in the mountain area should be permanently marked for future convenience in maintenance, etc., and it was agreed to install an overflow valve in the sewerage system of Emmit Gardens to alleviate the flooding of basements in the homes in that section during heavy rain storms.

Discussed also during the meeting was the purchase of an acre of ground from the Carson G. Frailey estate for the installation of a water pressure valve on Frailey Road.

Street Commissioner J. Norman Flax announced State Roads Commission representatives were in town this week to discuss the erection of identification markers to be erected on the Square and on the four approaches to the town. These signs would read: Mt. St. Mary's College, Saint Joseph College, Mother Seton Shrine, Grotto, Business District, Motels, Restaurants, etc. Council will ask the Roads Commission for a traffic light at the intersection of East Main St. and Federal Ave. due to the large number of school children who will be crossing there when the new Mother Seton School opens in September.

Town operation of the garbage collection is still being discussed and it is believed final plans are in the offing. Town officials will meet with C. R. Wetzel, private collector, in the near future to discuss the issue and perhaps consummate the deal.

The Council discussed the holding of carnivals and other public events within the corporate limits and warned that sponsors of these events must have a permit from the Town and insurance to cover liabilities should any occur. Withholding of a sum of money from a contractor was approved by the Council until such time as additional information has been received from the town engineer. This work was done in the Emmit Gardens area last April.

Student Honored By Power Utility

Jerry C. Orosz, Jr., son of Professor Gerald Orosz, Mt. St. Mary's College faculty, has been selected as a delegate to the 1965 National Youth Conference on the Atom to be held in Chicago. A committee of professional educators selected young Orosz after examing his scholastic record.

Orosz is one of six young science students to be selected for the trip to Chicago which is sponsored by The Potomac Edison Co. The conference will be held on Dec. 7-11. Orosz is a graduate of the Class of 1965, St. Joseph's High School.

Clipped Again!

The Penn - Maryland Barbers' Association will raise their haircut prices effective immediately.

The price has been raised from $1 to $1.25, a spokesman for the association said. The increase is necessary, "because of rising operating costs."

There are 12 barber members of the association which encompasses the area around Thurmont, Sabillasville, Emmitsburg, Fairfield, and Blue Ridge Summit.

Named Chairman

Clarence J. Waybright, Gettysburg R2, former president of the Adams County Farm Bureau, has been elected president of the Gettysburg unit committee of Agway, Inc., successor to the Farm Bureau organization.

YOUTH CENTER ACTIVITIES

Gene Eyler's Blue Jays and Jack Dillon's Meadowlarks remained on top of the Emmitsburg Youth Center Basketball league with identical 3-0 records. The teams were to meet on Wednesday night to continue a rained out game, with the winner taking undisputed first place. The other unbeaten team, Denny Stahley's Hustlers were downed by the Blue Jays, 47-44 in a closely contested game.

Hustlers 45; Panthers 33

Ray Baker scored the first 8 points of the game to pull the Stahleymen out of reach early and they were never headed in the 45-33 romp. John Little pulled his team to within 7 points midaway in the 3rd period but the Hustlers, led by Stahley, Baker, and Gelwicks, held on for their third win of the year. Stahley led the winners with 16 points, Baker had 15, and Joe Gelwicks contributed 11 to the winning effort. For the losers, Little and Marty Willians scored 11 each.

Blue Jays 47; Hustlers 44

The stage was set for the battle of two undefeated teams, and in a closely-contested game, Gene Eyler's Blue Jays outlasted Stahley's Hustlers 47-44. Throughout the last 7 minutes only one point seperated the teams and it could have gone either way, until Eyler's foul and Eddie Baker's field goal put it out of reach. The Eylermen led 17-12 at halftime before the Hustlers made their move in the third period. Eyler again led his team with 21 points, while Baker capped a fine game with 12 points. For the losers it was the big three again, Gelwicks with 15, Baker with 11 and Stahley with 11, as high scorers.

Meadowlarks 71; Green Indians 46

In the most potent scoring barrage of the season, Jack Dillon's Meadowlarks trounced Jack Topper's Green Indians 71-46. The Toppermen were playing without their high scorer, Harry Harner, and rebounder, Greg Bushman, but even these two couldn't have stopped the scoring deluge of the Meadowlarks. John Sherwin played brilliantly for the winners, leading the scoring with 24 points coupled with a fine floor game. Jerry Orosz, the league's leading scorer, continued his scoring ways with 21, while Dillon contributed 18. For the undermanned Green Indians, George Knox was high with 14 before fouling out, while Topper, who was valiant in defeat, scored 13.

Standings

(Games Through Tuesday)

	W	L
Blue Jays	3	0
Meadowlarks	3	0
Hustlers	3	1
Green Indians	2	2
Panthers	0	4
Night Owls	0	4

Leading Scorers

Jerry Orosz, 21.3; Jack Dillon, 19; Gene Eyler, 19; Jim May, 16.6; nad John Little, 15.

Schedule

July 19—Green Indians vs. Panthers
July 20—Blue Jays vs. Meadowlarks
July 21—Hustlers vs. Green Indians
July 22—Night Owls vs. Blue Jays

Girls' League

July 20—Bev's Bullets vs. Ruth's Rebels
July 22—Jane's Jets vs. Pat's Pack

Library Sale Highly Successful

Mr. John White, treasurer of the Board of Trustees of the Emmitsburg Public Library termed the results of the Auction and Rummage Sale which was conducted this past Saturday a huge success. The receipts totaled $304.69, with the complete report not in. It was the goal of the Board to try to raise half the purchase price of a 16mm film projector by this sale, and that goal was realized.

However, this could not have happened without the cooperation of many of the citizens of this community and surrounding areas. On behalf of the Board, the Chairman, William Ryder, wishes to take this opportunity to thank everyone who contributed articles for the sale, those who came to buy, and those who helped in any way. Special mention must be made of a few: "Bill" Strickhouser, the auctioneer, who donated his services and did a wonderful job; John White and Mrs. Glenn Gillespie, who served as clerks for the sale; the ladies of the American Legion Auxiliary who took care of the refreshment stand, and the members of the Vigilant Hose Company for the use of their hall for the sale. Thanks go to the RIPS, the young musical group who shared their talent that day, and to Eugene Myers for the use of the public address system and for the record player which he donated to be placed on the auction block.

Members of the Board, Miss Ruth Shuff, Mrs. William Carr, Mr. William Slemmer, Jr., Mrs. John Chatlos, and John Wagerman, and in addition Mrs. John White worked behind the tables and all deserve thanks for a full day's work. Much gratitude is due to Mrs. John Warthen, the librarian, who during the past two months had been gradually pushed from the library as the articles were accumulating in the back room. She received the articles, sorted and stored them, and then walked around them as she served the public who came looking for books for their summer pleasure.

The Board of Trustees again wishes to thank everyone who helped make this first event in "Operation Projector" a success.

If treated early—preferably before the age of 4—crossed eyes usually can be corrected.

SPECIAL WASHINGTON REPORT

Two Decades With the UN

By Senator J. W. FULBRIGHT (D.-Ark.)
Senator Fulbright is Chairman of the Senate Foreign Relations Committee

"We the peoples of the United Nations determined to save succeeding generations from the scourge of war, which twice in our lifetime has brought untold sorrow to mankind, . . . and for these ends . . . to unite our strength to maintain international peace and security . . ."

J. W. Fulbright

So begins the Charter of the United Nations signed just 20 years ago by 51 nations in San Francisco.

Many new world events have happened since that day. Many things have changed. And the United Nations has changed too. Since its beginning it has welcomed 63 nations to take their places along side the 51 original members — a historical development of dramatic import, achieved mainly through peaceful means.

AN ACCEPTED INSTITUTION

Perhaps the most signal achievement of the United Nations, historically, has been its survival and adaptability in a divided world. It has made itself an accepted institution of our life and times. It has become both a creature and a shaper of its world environment.

The United Nations has shown itself to be a living, growing institution, not the institution conceived in 1945 but a modified one which survives and continues to evolve because it performs vital functions in the world.

Peace is the principle objective of the United Nations. During the past 20 years this goal has often been the most successfully advanced by nonpolitical means, rather than through the more political ones originally anticipated.

The United Nations has come to play an increasingly important role in the "functional" areas of international cooperation, by economic, social, technical and humanitarian activities. These activities so far are on a small scale but they are laying the groundwork for a systematic global attack on poverty and social injustice. For it is in these particular areas that the United Nations can effectively go beyond mere alleviation of current world tensions and work toward the building of a world community.

International activities in such fields as health, education, and agriculture can contribute in a most important way toward building the international consensus and conviction of shared values which must be the basis of a world community.

NEW INTERNATIONAL WAR

President Johnson very recently recognized this when he said, "I call upon all member nations to rededicate themselves to wage together an international war on poverty."

We must wage an international war on poverty. It is one of the most effective ways by which we can continue to live in peace.

We must continually bear in mind that we share together a fragile heritage. So we must find the way as a community of nations, as a United Nations to keep the peace among and between us all. We must restrain by joint and effective action any who place their ambitions of their dogmas or their prestige above the peace of the world. We must find a way. It is the most profound and the most urgent imperative of the time in which we live.

WHY HANDICAP HIM?

YOUR FEDERAL INCOME TAX

The Emmitsburg Chronicle, in cooperation with the Internal Revenue Service, Baltimore District, will publish each week in this column, tax information that will enable taxpayers to become more familiar with the Federal income tax laws. Clip and save for future reference.

Questions And Answers

Q. My return was audited last year and I had to pay additional tax on my income. What are the chances that my return will be audited this year?

A. Most returns are selected for audit either because they have certain income or expense characteristics or on a random basis. However, if you are in a high bracket or if you claimed unusual expenses or deductions, then your chances of being audited are good.

At some time or other, all taxpayers may expect to have their returns audited. All returns are mathematically verified. Periodic checks on other aspects of a return contribute to sound tax administration.

Q. When is the next installment of my estimated tax due?

A. Individuals who report on a calendar-year basis must pay their third installment by September 15. The deadline is the same for calendar-year corporations.

Q. I'm thinking of joining an investment club. If I do, how do I report the dividends or capital gains I might receive?

A. The way you report this income depends on how the investment club is organized. Many of these clubs are considered partnerships so that income and expenses would be reported under the provisions covering partnership income. Some clubs are incorporated or operate as an association with the characteristics of a corporation. Should this be the case, then the provisions governing corporations apply. These provisions are explained in Internal Revenue Document No. 54-48, "Investment Income and Expenses", which is available free at your local Internal Revenue Office.

Q. I just realized I paid taxes on the Social Security benefits I received last year. Is it too late to do anything about it?

A. No. You may claim a refund on Form 843, or you may file an amended return to obtain a refund for the amount you overpaid. If you want to file an amended return, take a form 1040 (note that a 1040A form cannot be used for this purpose) and write "amended" across the top. Then fill in all the information required, and recompute your tax liability.

Q. I came to this country several weeks ago for a temporary job. What are my federal tax obligations?

A. Internal Revenue has published the booklet, "U. S. Tax Guide for Aliens", Document No. 5589. It explains your tax obligations and will enable you to determine whether you are a resident or non-resident alien for tax purposes. Your employer will need to know your status for withholding purposes. A copy of Document No. 5589 is available at no charge from any local Internal Revenue Office.

Q. Last week at a party I heard a fellow bragging about how he cheated on his income tax. Should I report him?

A. Evidence more substantial than that should usually be the basis of a report to Internal Revenue on suspected tax violations. The Internal Revenue Service does not actively solicit information from the public about anyone else's income tax violations, but we do give appropriate consideration to the information given to us.

Q. Does a counselor at a camp have to list the room and board he receives as part of his wages?

A. Generally speaking, meals and lodging furnished to counselors are considered to be provided for the employer's convenience and do not have to be included with taxable income.

Q. Is there any guide to the Federal Taxes I would be responsible for if I went into business for myself? I'm thinking of opening up a cleaning establishment.

A. Internal Revenue Publication No. 334, "Tax Guide for Small Business", should answer most of your questions. It costs 50c and can be obtained from your district director's office or from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402.

For further information contact your local Internal Revenue Service Office.

Bagworms Active In This Area

Now is the time to begin looking for bagworms on arborvitae and junipers, the Maryland Nurserymen's Association said today.

The bagworm, an insect with a fair degree of mobility, usually hatches in Maryland and Delaware during June. Almost at once the worm builds a protective bag in which it lives. The bag consists of small pieces of foliage from the host plant, held together with a silky - type material. Early in the season both the insect and bag will be small, usually only about one-eighth inch in length. For this reason bagworms often are not noticed during July, unless one makes it a practice to look closely for them.

As summer wears on, however, the worm continues to grow, often to about two inches in length. As this growth occurs, the insect increases the size of its bag. By the same token, the host plant will begin to show signs of being denuded, until the colony of bagworms becomes much more prominent than the dwindling amount of foiliage on the evergreen.

By looking for these insects early in the season, one can take action soon enough to prevent serious, or even fatal, damage to the plant. If the evergreen is not too large and if the infestation is not heavy, the simplest form of control is to remove the insects (including the bags) by hand and kill them by dropping them into a can of kerosene or by some other convenient means.

If the host plant is large or the infestation is extremely heavy, control may be effected by spraying with Sevin at the rate of two and one-half tablespoonfuls of 50% wettable powder to one gallon of water. Sometimes two or three such sprayings are needed to achieve total kill. Whichever method of control is used, it is important to act before the season becomes too advanced. More mature bagworms are usually harder to kill by spraying.

A further check for old bags is desirable in the winter. Each fall the female deposits about 600 eggs which remain in the bag over winter and produce the next generation of bagworms the following June. Hence, the desirability to remove and destroy bags that remain during the winter months.

At current prices, it costs $25,000 to build a new hospital bed and it takes $10,000 to support it annually.

Yet am I with you in the spirit...beholding your order. —(Col. 2:5)

God blesses us with order, and we have plenty of time. We live in eternity. It is the right use of this particular moment in which we are living that is important. If we fill this moment with constructive, positive thought, word or action, we need not be concerned with the next day, month or year. Let's live in the now.

TV TODAY AND TOMORROW

BY RALF HARDESTER
Feature Editor TV GUIDE MAGAZINE

DAVID JANSSEN, THE FUGITIVE, WILL stop fleeing long enough to make a movie with **Doris Day** called "The Glass Botton Boat" . . . Where will the new TV stars come from? Why, from old TV shows, of course! A few of the familiar faces which will be seen in new series next season: **Efrem Zimbalist Jr.**, and **Roger Smith** (77 Sunset Strip) in The FBI Story and Mr. Roberts respectively; **Robert Horton** (Wagon Train) in A Man Called Shenandoah; **Lloyd Bridges** (Sea Hunt) in The Loner; and **John Forsythe** (Bachelor Father) and **Ann B. Davis** (The Bob Cummings Show) in The Mr. and Misses . . . World War I, having completed its scheduled 26 weeks, begins reruns in the same time period (Sundays, 6:30 P.M.). Zoorama, originally scheduled to fill this spot, will be seen from 5-5:30.

David Janssen *. . . movie set*

* * *

GENE BARRY WILL MAKE A night-club appearance in London . . . On Tuesday, Sept. 7, NBC will pre-empt its entire nighttime schedule, from 7:30 to 11 P.M. (ET), for an in-depth exploration of American foreign policy. It'll be similar to the marathon civil rights program of last season . . . CBS Sports has lined up most of the top professional tennis talent, including **Ken Rosewall, Rod Laver, Pancho Gonzales** and **Lew Hoad**, for its own private tourney (stakes: $25,000) scheduled to begin taping at the Dallas Country Club. The first round, between **Gonzales** and **Hoad**, goes on the air in May, and the finals will be shown on July 24 . . . The Emmy awards show this year goes on NBC Sept. 12 from 10 to 11:30 P.M. . . . **Sen. Everett Dirksen** of Illinois is set for an appearance on the **Jack Paar** show.

Dean Martin *. . . signing guests*

* * *

DEAN MARTIN IS STILL BUSY signing up guest stars for his fall NBC variety show. Among his most recent acquisitions: **Milton Berle, Pat Boone, Ginger Rogers, Laurence Harvey, Johnny Mathis, Carol Lawrence** and **Tommy Sands** . . . Look Up and Live will dramatize **Franz Kafka's** "The Judgment" and parts of his 1910-1913 diaries . . . A pair of ABC-TV shows have snagged **Thomas Alva Edison** awards: Discovery '65 as the best children's show and Saga of Western Man as the program best portraying America . . . Little **Johnny Crawford** of The Rifleman isn't little any more. He has taped five songs for **Dick Clark's** new Shebang . . . **Broderick Crawford** (Highway Patrol) and **Jack Lord** (Stoney Burke) are co-starring in an upcoming Kraft Suspense Theatre.

A New Era in Entertaining

GET THE MOST OUT OF LIFE

by GAILE DUGAS, CFN Women's Editor

NEW YORK (CFN)—A New Era of Entertaining is upon us, very much a part of suburban life in 1965 and very much a departure from the casual ways of the past years.

It has developed largely through the astonishing cultural explosion in these United States. Apathy has been transformed into enthusiasm as Americans across the country take an active part in the arts. Fortune Magazine reports that Americans are spending an absolute minimum figure of $3 billion for culture yearly, exclusive of public funds. This is considerably more than the sum spent annually by the television and radio industries in combination!

Book sales are soaring. The figure for book sales is almost $1.6 billion and Arnold Mitchell of the Stanford Research Institute reports that more servicemen visiting New York go to the Museum of Modern Art than to any other single place with exception of the Empire State Building. This is not odd, for Americans have become museumgoers on a large scale, a survey of 21 major museums shows clearly.

The American Symphony Orchestra League reports the increase in symphony attendance to be phenomenal. The same thing is true of opera. And people swarm through record stores, taking home with them 17.5 million long-hair records annually.

This culture explosion has made itself felt in other ways of living. To quote Time Magazine on the matter:

"They (the New Elegants) have dismissed the short-cuts . . . for the older, more elegant sit-down dinner. Gone from the boards that count are the stacks of plates and flatware wrapped in napkins . . . more and more, the discriminating tables across the land are set with ornate silver on cloths of heirloom lace."

And a fine thing, too. The open neck sport shirt has been replaced by the dinner jacket, the dungarees by long evening gowns, the buffet by sit-down dinners, the charred steak at an 'informal barbecue" by a well-planned, superbly prepared meal.

But the return to elegance does not stop just here. The barbecue is still very much a part of suburban living but careless dressing at a barbecue has vanished. Women guests may arrive in pants and shirt, true, but the pants will be superbly cut by top designers and coordinated with a silk shirt. Gone are the old cotton shirts and blue jeans for an evening out. The cashmere cardigan is back but this time, it's lined in silk and cut like a straight little jacket.

This return to elegance applies to fashion in more ways than one. The bikini, for example, accounts for only five per cent of all swim suits sold in this country despite all of the talk about it. And these bikinis are worn in private swimming pools, not in public.

There's a softer, more feminine focus on clothes for 1965 and an emphasis on a natural look with great sublety in make-up. The idea here is to achieve a natural glow with a healthy, vital appearance. And hairdos are becoming more, not less, feminine.

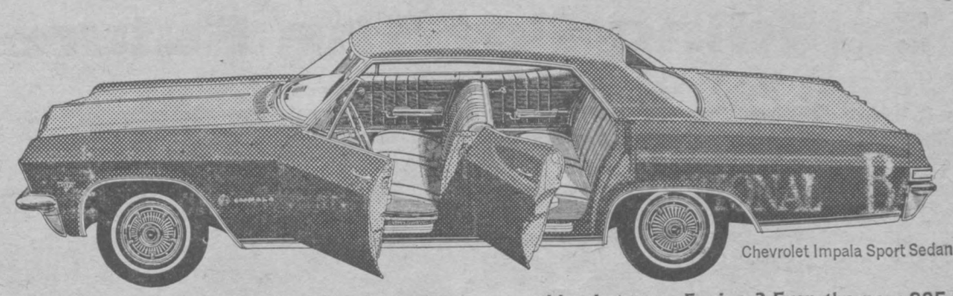
The proper thing to do in entertaining has become the in thing to do. Consideration for one's guests in every way, large and small. Lots of fresh flowers but no stiff arrangements. Hot, generous canapes. Have fruit juice, ginger ale and cola drinks as well as alcoholic drinks for your guests. Marlboro cigarettes scattered about the house in beautiful little antique cups and silver holders, along with a plentiful supply of matches in handsome boxes.

People now dress for country living in suburbia with this great difference over the past: the clothes they wear for casual daytime life—Little League baseball games, picnics, boating—are as carefully chosen as the fashions they buy for evening. It's all part of the New Era of Elegance.

CHEVROLET

Only the No.1 man's got the No.1 buys: your Chevrolet dealer

(See him now!)



Chevrolet Impala Sport Sedan

THE NO.1 MAN'S GOT THE CHOICE YOU WANT (MODELS, STYLES AND COLORS) IN HIS NO. 1 CAR: CHEVROLET. Models? Impalas, Bel Airs, Biscaynes. Styles? Sedans, coupes, convertibles, wagons. Colors? Black, white and most everything between. Engines? Even the new 325-hp Turbo-Jet V8 you can order. Buys? There's no better time to get yourself into the No. 1 car. Just see the No. 1 man now at the No. 1 place (where the sign says "Chevrolet")!

THE NO. 1 MAN'S GOT THE STYLE YOU WANT IN HIS REAR-ENGINED FUN CAR: CORVAIR. What sporty style it is: every Corvair coupe or sedan's a hardtop now. And what sport driving a Corvair: four-wheel independent suspension; rear-engine traction; easy steering; up to 180 Turbo-Charged horsepower in Corsas if you order it. Just leave it to Chevrolet to make sure Corvairs look like they cost a lot. Leave it to your Chevrolet dealer to make sure they don't.

Chevelle Malibu Sport Coupe

THE NO. 1 MAN'S GOT THE POWER YOU WANT (THRIFTY SIX OR BIG V8) IN HIS MIDDLE-SIZED CAR: CHEVELLE. If you like your car neat-sized and nimble, the No. 1 man's got it in Chevelle. Standard engine is a husky Six or a powerful Turbo-Fire V8, depending on model. Or you can order one of our livelier Turbo-Fire V8s, all the way up to 350 hp! If you want to make sure you get just the Chevelle for you—the model and the body style and the color and the equipment—see your Chevrolet dealer soon. Hurry!

HUAC Attacked Again

The hecklers and protesters and demonstrators turned their attention for a little while in late May from their customary targets back to one of their earlier favorites. In Chicago, a subcommittee of the House Un-American Activities Committee was trying to study "certain organizational changes in the Communist Party." It spent three difficult and frustrating days looking in this big city area for evidence of Communist action that was designed to evade the Internal Security Act. What the Committee saw most plainly was interference in the form of picketing in front of the building where it met.

Of the witnesses, 10 claimed the protection of the Constitution and declined to answer 449 questions. Three others walked out, and only two, who were informers, supplied any useful information. But outside, 200 policemen and Federal marshals had a rought time for the three days. About 70 deminstrators were arrested, and some of them were dragged screaming from the building. Most of the demonstrators were claiming to defend the civil rights movement, but their signs attacked the HUAC itself on one basis or another. Next time, perhaps, the Committee should call in the pickets to testiy.

Other Tasks For HUAC

It is very strange that such pickets are always on hand when it appears to serve the causes of the far Left, that is, the socialists or Communists. No one noticed any of these peace marches when Peking set off its second nuclear device, scattering non - peaceful radioactive debris in the atmosphere. These picketeers were not out a few years ago when Hungarian citizens were being crushed by Red tanks and cannon in the streets of Budapest. No demonstrations were offered by these people when the Soviet Union took over Eastern Europe nor when Castro made Cuba into a slave state.

The Communists have been making good their announced intention to infiltrate U. S. campuses an item they have had on their agenda for several years. Because of what Secretary of State Rusk has called the "gullibility" of the intellectual, it has not been very difficult to do. The old pacifist approach to foreign policy has suited many educators, and now the Reds find they can urge "one-way pacificism" that never bothers to object to Communist aggression. The HUAC right now could look into the use Communist writers and publishing houses are making of certain Senators' opposition to the Johnson foreign policy.

The Call For Unity

Congressman H. Allen Smith of Calif., however, has recently fully documented in a speech to the House the development of Communist plans to make the utmost out of any non-Communist objections to the Vietnam action. He explained that the policy was established almost a year ago, when Jack Stachel, a member of the Party's national committee, proposed the formation of a united front of Communists, other leftist groups, trade unions, peace organizations, Negro organizations, and churches to promote a campaign in opposition to U. S. policy in Southeast Asia.

Fortunately, the Communists have made little visible progress (except with the Harry Bridges-kind of outfit) in turning American labor toward leftist ideas in foreign affairs. The Reds have had to organize their own labor arms, such as the Progressive Labor Movement (which now claims to be a party), to register objections to Vietnam and Santo Domingo. Nevertheless, no Red or Pinko in the U. S. has failed to understand the Kremlin's call of March to "all progressive peace loving forces . . . to promote unity of action . . . against imperialist agression" in South Vietnam.

LBJ Could Help, Too

Somehow, the young demonstrators are almost invariably identified with the leftward causes, whether typically Communist or not. These march-ins, sit-ins, lie-ins, and teach-ins have caused some concern to President Johnson, the rumors say. The American people have a right to hear from him, not just from the FBI, with a clear statement about who is behind all the noise and racket. Congress, through the HUAC if need be, also should keep taking soundings from the radicals right or left, to see what elements are back of the rabble and furore. But it is the President who can best speak out and make these radicals turn off the hysteria.

Always turn on the light when giving and taking medicines. Many containers look and feel alike in the dark.

Hurricane Season Now Here

Hurricane season has rolled around again, and during the summer and early fall persons living in the Atlantic Seaboard states and on the Gulf Coast should look aloft to the weather and keep weather forecasts in mind, the American Insurance Association advised this week.

Summer vacationers at seaside resorts in particular should remember that the normal course of hurricanes is up the Atlantic coast and precautions should be taken for personal safety if a hurricane threatens.

A hurricane warning system already has been set up in Miami, Florida by the United States Weather Bureau to keep constant watch for storms and to track their courses.

Last year there were six hurricanes, and four of these moved onshore causing heavy property damage, much of which was covered by insurance.

However, most insurance policies do not cover damage caused by wave wash, rising water and flooding, the Association said.

Three of the 1964 hurricanes struck Florida. They were Cleo on August 26, (insured damage $65 million); Dora on September 10, (insured damage $12 million); and Isbel on October 14, (insured damage $2 million).

Another hurricane, Hilda, struck the Louisiana coast on October 3 causing insured losses totaling $25 million.

These storms hit the United States after two years—1962 and 1963—in which there were no hurricanes to strike our coast.

A hurricane is a tropical storm, or tropical cyclone, carrying sustained winds of over 75 miles per hour in velocity.

In the last 50 years, 96 hurricanes reached the continental United States, an average of almost two year.

In each of four years—1916, 1933, 1954 and last year — the United States mainland was hit by four hurricanes.

One of the most costly hurricanes from the standpoint of property damage in the past dozen years was Hurricane Carol, which struck New York (Long Island), New Jersey, and several New England states in 1954. After this storm, insurance companies paid $129,700,000 in losses.

Also, in 1954, Hurricane Hazel swept up the Atlantic coast causing insured losses totaling $122,-050,000.

In 1961, Carla rushed into Texas and Louisiana causing insured property damage losses totaling $100,000,000.

Back in 1957, Audrey struck the Gulf Coast and caused 395 fatalities, although insured property losses were only $32,000,000.

Since then, hurricanes have taken some lives each year, but, thanks to advance warning by hurricane watchers the loss of life has been much smaller.

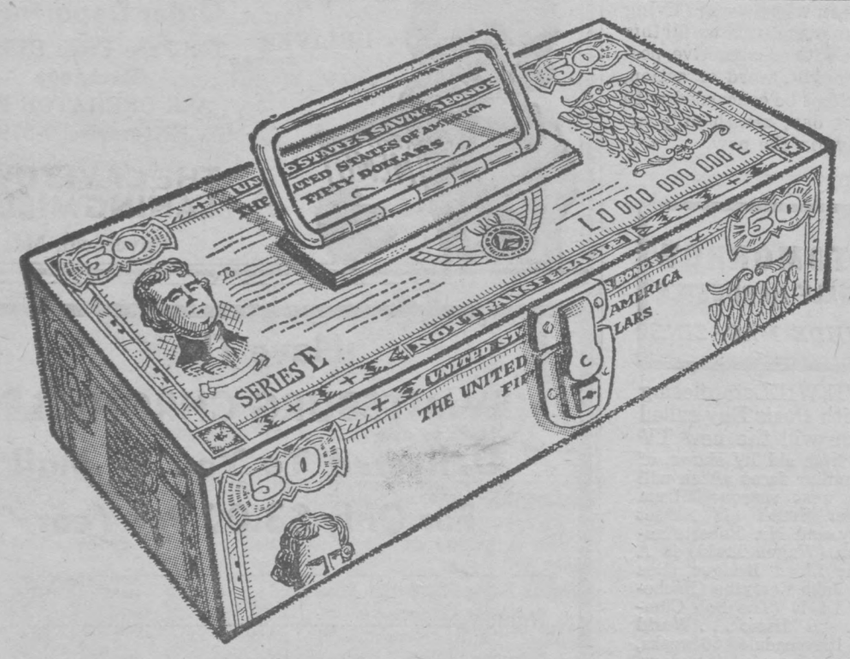
Obviously specific, precautions should be taken when a hurricane threatens, because a windstorm blowing at more than 75 miles per hour can pack a lethal punch.

A medicinal drug is defined as a substance used to treat illness, protect against disease, or promote better health.

For every useful drug product that reaches the public, more than 2500 compounds are studied and discarded.

POGO STICK TRICK

News Note: Proposed legislation would give cabinet status to Housing and Home Finance Agency and set up direct federal-local operation.



Super-safe money box

Put your money in U. S. Savings Bonds and there's no way you can lose it.

Your name and the number on your Bond are recorded in a safe place. Only the Treasury Department can get at this information. So in case you lose a Bond, or have it stolen, your name—and your Bond number—will be checked, and the Bond replaced. There's no charge to you, either.

Your Bonds are not only loss-proof. They're state and local income tax-proof, too. And you can defer your federal income tax until you cash them.

Join the millions of Americans who buy Bonds regularly through the Payroll Savings Plan where they work. Or the Bond-a-Month Plan where they bank. You'll become known as one of the smart savers.

And there's no better way to keep your savings super-safe.

"Mrs. U. S. Savings Bonds"

Mrs. Adaline Lieberg of Pocatello, Idaho, is touring the country this year as the roving ambassador of U. S. Savings Bonds. A busy wife and mother of 2 children, Mrs. Lieberg somehow finds the time to spread the good word on savings to Americans everywhere.

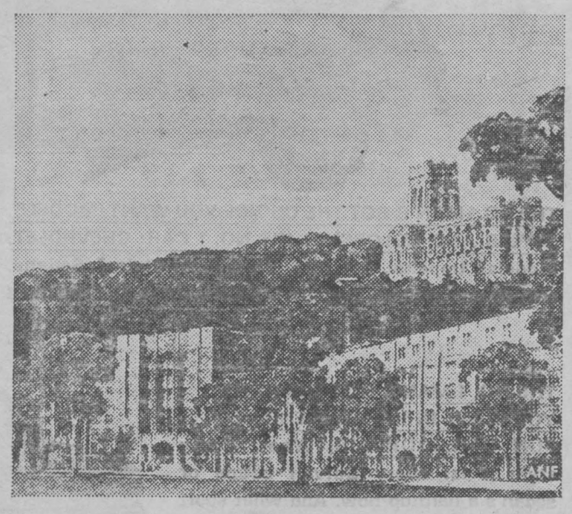
Building For The Future

On July 1, 1964, the 991-man Class of 1968 entered West Point swelling the overall Corps of Cadets to 2,850—the largest in the Academy's history. Progressively larger classes will be reporting over a period of approximately seven years in response to legislation signed by President Johnson in March 1964 authorizing West Point to expand from 2,529 to 4,417 cadets as facilities are available to support the increased strength.

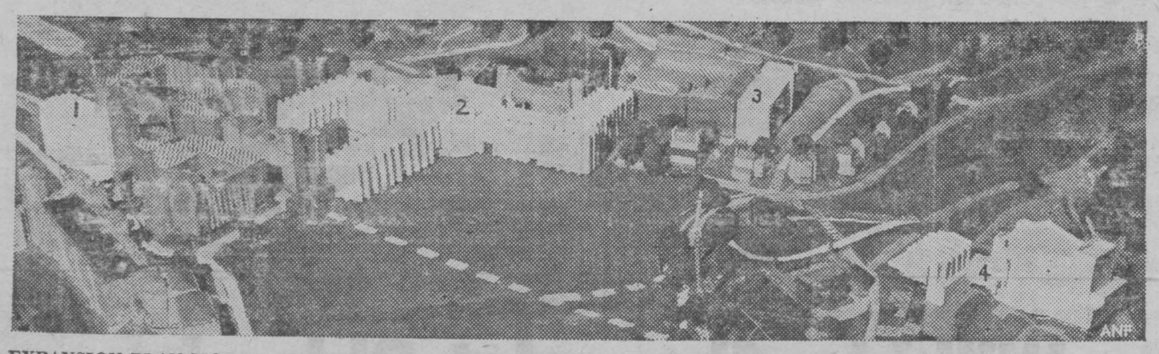
To accommodate the growing Corps of Cadets and continue to adhere to the high quality and excellence in academic, physical education and military training programs, an extensive construction plan has been proposed at the Academy. The first phase of this expansion will get underway on June 7 when former President Dwight D. Eisenhower lifts the first shovel of dirt in ground breaking ceremonies for the dining hall addition to the proposed Washington Hall-Barracks complex.

According to the proposals, over the next 8 to 10 years the main cadet area will witness the construction of new barracks to house approximately 2,554 cadets, a new science building, additions to the gymnasium, and numerous renovations to existing buildings, in addition to the dining hall. Also included in the building plans are a new hospital, a reception-recreation building and an auditorium.

The architecture and location of the new buildings will blend, wherever possible, with the West Point scene as it has long been known. (ANF)



WASHINGTON HALL-BARRACKS complex calls for expansion of the present Hall to include additional dining facilities and the construction of two barracks. Former President Dwight D. Eisenhower is scheduled to lift the first shovel of dirt during ground breaking ceremonies on June 7 marking the beginning of construction on the dining hall addition. The Cadet Chapel is in the background.



EXPANSION PLAN MODEL — Buildings in white indicate proposed additions and their tentative locations. KEY—1, science building; 2, Washington Hall-Barracks complex; 3, gymnasium addition; 4, reception-recreation building and auditorium.

State Adopts Safety Standards For Tires

Maryland this week became the first State in the Nation to adopt the minimum safety standards for automobile tires as recommended by the Vehicle Equipment Safety Commission.

Commissioner of Motor Vehicles John R. Jewell, who serves as Maryland's representative on the Vehicle Equipment Safety Compact Commission, announced the approval of the regulation which he said will become effective on July 1, 1966.

The delay in the effective date of the regulation will permit retooling by manufacturers, Commissioner Jewell said, while also allowing dealers sufficient time to exhaust existing inventory without financial loss.

Known as V-1, the 13-page regulation embodies performance requirements for new tires for passenger cars and station wagons and is intended to assure that tires will wear out before blowing out.

The regulation was the subject of a public hearing held in New York in January 8, 1965, by the Vehicle Equipment Safety Compact Commissioners and resulted from recommendations proposed by the Tire Standards Task Force subcommittee of the American Association of Motor Vehicle Administrators.

The Commissioners adopted the regulation at a meeting in Evanston, Illinois, on April 29th and it was subsequently submitted to the 37 commission member states and the District of Columbia for approval.

Maryland, while not formally a member of the VESC until June 1st, of this year, becomes the first State to ratify the minimum tire standards regulation.

"Heretofore," Commissioner Jewell said, "It has been difficult to ask legislators for rapid action on equipment safety regulations because neither government nor industry could agree on standards."

Jewell noted that, "seat belt installation, for example, lagged for years because there was no uniform standard and no representative group of State officials authorized to act on them."

"The establishment of minimum safety standards for automobile tires in Maryland and elsewhere will ban marginal tires from the road," the DMV Commissioner declared.

Prior to the Commissioner's action, Maryland law was virtually silent on automobile tire standards, requiring only the use of pneumatic tires on the road wheels of motor vehicles and at least a one inch thickness on solid tire vehicles that had limited access to the State's roads.

In adopting the new tire regulation for Maryland, Commissioner Jewell noted the increasing interest that various officials and agencies at the Federal level have expressed in establishing safety standards for automobile equipment.

"While debate exists as to whether or not the Federal government ought get into this area and questions arise as to the degree of safety standards, virtually everyone has agreed that the tire regulation proposed by the Vehicular Equipment Safety Compact Commissioners is a step in the right direction," Jewell said.

Commissioner Jewell said the eventual adoption of a uniform regulation by Commission member states will encourage all tire manufacturers to comply with the safety standards although the industry generally supports the proposal and compliance is expected with little or no difficulty.

How to Save Space

— by GAILE DUGAS, CFN Women's Editor —

Let's face it, this is a day in which nearly everyone could use more room. House or apartment, we're just plain short of space. Expanding families and shrinking rooms place space at a premium and can turn even a single overnight guest into a real problem.

Where does the solution lie? You can add another room to the house but that's costly. Find a larger apartment but that means higher rent. There is, however, one solution at hand which is saving the day in many American homes: convertible furniture. A sofa that converts to a double bed, a hassock that converts to a single bed, a nest of chairs in which a single chair flips out to become four! And not folding bridge chairs but full-size dining chairs!

Perhaps the most magic of all the Castro Convertible tables is a handsome, well-designed coffee table that converts in a matter of seconds to a dining table that seats eight. It also converts in a flash to a beautiful console. When your dinner party is ended, the table—presto!—becomes a coffee table once more and your precious space is saved.

There's an extra bonus for the homemaker in the fact that the extronic top is heat and stain resistant; the only attention it needs is a wipe wih a damp cloth.

This good-looking contemporary table can be ordered by mail in a number of wood-tone finishes, ranging in shades from light to dark and in combination colors as well. But it also has been done in other style versions, one a formal version in white with gold trim, another with a nautical design.

The young couple with limited space and finances, the young and expanding family, the career girl with a one room apartment, the retired couple who do not want to be burdened with the upkeep of a large house—all these and many more will find an ideal solution to the always-pressing space problem in this Castro Convertible table.

For a free, fully illustrated booklet containing detailed information, just write Castro Convertibles, 1990 Jericho Turnpike, New Hyde Park, N.Y.

SPORTS AFIELD

By Ted Kesting

The beginning backpack camper, not really knowing, attempts (like a squirrel preparing for a hard winter) to be supplied for all conceivable situations (most of which never develop). Thus there is a weight surplus that ends up complicating or even ruining his all-important first trip.

Conversely, the beginner may take go-light advice too literally and again snafu his outing for lack of needed items.

One eminent backpacker advises about 1¼ pounds of entirely dehydrated food per person per day. This is average for most people. Some require a pound, some an additional half pound. This standard is for short trips, two to seven days. It may not suffice (a) for trips of longer duration or (b) if two trips follow one after the other—as a person will use up some body fat on the first short trip to meet his energy requirements. On a two-week backpack trip, increase the daily amount of dehydrated food (meals), as no doubt you'll be happy you did. Don't ever depend on game, fish and edible plants for enhancing the ol' diet, by the way.

The overall and daily menus should be planned at home—well in advance. This is quite time-consuming but absolutely mandatory for beginning backpackers (especially). Refere to your menu at each mealtime, and follow it.

Some of the newer camping enthusiasts may be amazed to learn that many veterans of the game make exceedingly successful backpack camping trips toting less than 18 pounds. "The secrets," points out John Jobson, Camping Editor of Sports Afield Magazine, "are (1) proper planning, (2) lightweight equipment and (3) modern dehydrated foods." A complete modern pack frame weighs from around three to four pounds, and a sleeping bag about three pounds. Some prefer a light mountain - type backpack; others sleep with a poncho and/or light ground cloth as their protection from the elements. Many experienced campers prefer to pack the little tent (the two - man type ranges from two to over five pounds)—especially above timberline, where highwinds are encountered, and in rainy regions.

In 70 years, which is the average life expectancy of man in the technologically advanced areas of the world, the human heart beats 2½ billion times.

NOTICE TO BIDDERS

The Board of Education of Frederick County, 115 East Church Street, Frederick, Maryland, invites bids on the construction of a Refreshment Booth and Stand Cover for the Brunswick High School Site, Brunswick, Maryland.

Specifications and proposal sheets may be obtained at the Board of Education Office .

Sealed bids will be received at the Board of Education Office until 10:00 A.M. (DST), July 21, 1965.

The Board of Education reserves the right to reject any or all proposals and to waive informalities.

BY ORDER OF THE BOARD OF EDUCATION OF FREDERICK COUNTY.

JOHN L. CARNOCHAN, JR.
Secretary-Treasurer

Bid #652-B-2 1t

LEGAL

JAMES L. KELLY
45 E. Patrick Street
Frederick, Maryland
vs.
BETTY ANN KELLY
c/o John Chizmar
733 17th Street
Windber, Pennsylvania
NO. 21,009 EQUITY

In the Curcuit Court For Frederick County, Maryland.

ORDER OF PUBLICATION

The Bill of Complaint is a suit to procure a divorce A MENSA ET THORO from the Defendant, Betty Ann Kelly.

The Bill recites that the Complainant, James L. Kelly, is a resident of Frederick County, State of Maryland, where he has resided for more than one year last past; that the Defendant, Betty Ann Kelly, is a non-resident of the State of Maryland, whose last known address is c/o John Chizmar, 733 17th Street, Windber, Pennsylvania; that the parties to this cause were married on the 30th day of September, 1961, at Nellis Air Force Base, Las Vegas, Nevada, by Chaplain William Martin, a regularly ordained minister of the Gospel; that as a result of the said marriage three children were born, namely, James L. Kelly, Jr., 3 years of age; Debbie L. Kelly, 19 months of age; and Jana Marie Kelly, 8 months of age, all of whom are in the care and custody of your Complainant and whose care and custody your Complainant seeks; that the conduct of your Complainant towards the Defendant has always been kind, affectionate, and above reproach; that the Defendant did, on or about the 16th day of May, 1965, abandon and desert your Complainant, declaring her intentions to live with him no longer as husband and wife, and said abandonment and desertion is deliberate and final, and that there is no reasonable hope or expectation of a reconciliation between the parties.

The Bill then prays that the Complainant, James L. Kelly, may be divorced AMENSA ET THORO from the Defendant, Betty Ann Kelly; that he may be awarded the care and custody of the infant children in these proceedings mentioned; and that he may have such other and further relief as the nature of his case may require.

COURT ORDER

It is thereupon this 18th day of June, 1965, by the Circuit Court for Frederick County, Maryland, sitting as a Court of Equity, ORDERED that the Complainant give notice to the Defendant of the object and substance of this Bill, by causing a copy of this Order to be inserted in some newspaper published in the County of Frederick, once each week for four successive weeks prior to the 24th day of July, 1965, commanding her to be and appear in this court, in person, or by solicitor, on or before the 24th day of August, 1965, and show cause, if any she has, why a Decree should not be passed as prayed.

Filed June 18, 1965

OFF AND RUNNING *by John I. Day*

Mickey's Mile

Laurel Race Course and the Washington D. C. International may lay claim to the only Russian horses to race in the U.S., but Suffolk Downs has a track record set by a Russian.

The record is for one mile in 8:40 on a muddy track and was established by Russian-born Mickey Brooks. Mickey was running against time to win a $100-to-nothing bet he had made with his fellow workers in the press box.

Mickey it seems was heard to make some disparaging remarks about a horse that had failed to live up to his expectations, and, at a press dinner that night in the Suffolk Downs clubhouse, his friends chided him and said he couldn't circle the track in 11 minutes for a purse of $100.

Mickey was allowed to run without shoes but had to tote a heavy lantern so that the others could follow his progress. "They wanted to be sure I didn't cut across the infield," he recalls. A nightwatchman at the head of the stretch yelled "Halt or I'll shoot!" but the panting Mickey sloshed on and won his purse. Brooks, who today bills himself as "The world's greatest linemaker," makes the approximate odds and program selections at New England tracks.

CORPS OF CADET EXPANSION OFFERS MORE APPOINTMENTS

Maj. Gen. J. B. Lampert
Superintendent
U. S. Military Academy

Over the next few years an increasing number of young men will have the opportunity to avail themselves of one of the finest educations in the world at the U. S. Military Academy.

The first step on the road to becoming a West Point Cadet is to apply for and obtain an official nomination. This is necessary before the aspirant is authorized to take the required entrance examinations — academic, medical, and physical aptitude.

Nominations are divided into four categories—Congressional, which account for some 86 percent of the total appointments each year; Competitive, awarded to the best qualified candidates within each group (sons of deceased veterans, Regular and Reserve Components of the Army, Presidential, and Honor Military and Honor Naval Schools); sons of Medal of Honor recipients; and Foreign Cadets. Both of the final two categories have a very small number of nominees each year.

Assuming that the young man is successful in his bid for a nomination and appointment, what can he expect during his four years at the Academy?

Instead of paying tuition, the cadet is a member of the Regular Army and receives $120.60 a month from which he pays for his uniforms, textbooks, and incidental items. A ration allowance covers the cost of his meals.

In the Standard Academic Program, about 60 percent of classroom time is devoted to mathematics, science, and engineering subjects with the remaining 40 percent allocated to social sciences and the humanities.

In addition to his academic work, each cadet undergoes military instruction and training. During the academic year he will attend military instruction only two hours each week, but his every waking hour is spent in an atmosphere rich in military tradition and heritage.

The cadet has an 11-month school year, two summer months being devoted to military training exclusively. Part of one summer is spent on duty with Army units in the continental United States, in Panama, Alaska or Hawaii.

To round out his education and training, each cadet undergoes a strenuous program of physical education, supplemented by varsity sports.

It's not all work and study. Come the weekend, the cadet has at his fingertips during the year more than 50 extracurricular activities or hobbies in which he may participate.

When graduation day rolls around, the cadet who has successfully completed the four-year course of study is awarded a Bachelor of Science degree and a commission as a second lieutenant in the Regular Army, or in limited numbers, in one of the other services.

Some two-thirds of the graduates pursue higher studies in civilian universities and colleges throughout the country later in their military career. Beginning with the 1965 graduating class, qualified cadets in the top five percent of their class will be permitted to undertake post graduate study immediately following their graduation.

To find out more about your prospects of becoming a West Point Cadet, write for a catalog to The Registrar, U. S. Military Academy, West Point, N. Y. Enlisted men of the Army may find details in newly revised AR 350-55.

Corn Production To Set Record

Reports from farmers in Maryland and Delaware on July 1 indicate that 1965 corn production will be the largest of record in each of these States, according to C. N. Guellow, Agricultural Statistician in charge of the Maryland - Delaware Crop Reporting Service at College Park, Maryland. The 1965 crop in Maryland is estimated at 32,565,000 bushels—20 per cent more than the previous record-large output produced last year. Delaware corn production is estimated at 10,672,000 bushels—14 per cent larger than the previous record-large crop produced in 1960, and 37 per cent more than in 1964. Acreage harvested for grain is expected to be larger than in any previous year in Delaware; and indicated average yield in Maryland, at 65 bushels per acre, would be largest of record.

In announcing these production estimates, Guellow said that soil moisture conditions were generally favorable at planting time but the current drought over the northern half of the two-State area poses a serious threat to the crop.

Guellow pointed out that many farmers in both States have increased corn acreage at the expense of soybeans. Acreage of soybeans for harvest in Maryland is off 13 per cent from last year and smallest in six years. In Delaware, expected acreage for harvest also is smallest in six years and is down 16 per cent from 1964. The first forecast of soybean production will be released on August 10.

Maryland's tobacco production for 1965 is estimated at 37,400,000 pounds—9 per cent less than in 1964.

EFFICIENT FEEDING AND LIVESTOCK MANAGEMENT

By Dr. Gustav Bohstedt
Emeritus Professor of Animal Husbandry
University of Wisconsin

Three-And Eight-Week Weaning Of Pigs

Instead of weaning at 8 weeks, many swine producers have been weaning around 3 weeks of age.

Requisites are good housing in cold weather, adequate provision for sanitation, and superior nutrition.

Advantages are, more litters per sow during a given period of time, selling sows (especially gilts) earlier and in better condition of flesh, and less scours in pigs after their third week of age.

Dr. Bohstedt

Three-week-old pigs have been weaned and raised successfully at the University of Wisconsin for years. In an attempt at determining cost figures, 12 sows had their pigs removed at 3 weeks, and 13 sows at 8 weeks.

The 3-week pigs were put on starter feed for the first two weeks, and then on creep feed, which at the same age (5 weeks) was also fed to the 8-week pigs. The cost per pound of gain was 12 cents for the 3-week group and 14 cents for the 8-week group. The sows and their litters were placed on pasture at about the same time the 3-week weaned pigs were, but charges for the additional pasture for the sows were not included in the above feed costs.

The creep feed was relatively simple, being a 17% protein mixture of corn 52.25, rolled oats 24, soybean oil meal 18, bone meal 0.5, ground limestone 0.35, trace mineralized salt 0.5, and vitamin premix (protein carrier) 4.40%.

The critical feed mixture is the starter mixture which substitutes for sow's milk. A University of Nebraska starter mixture gives us an idea of what is required: Sugar 10, corn 17.65, oat groats 10, wheat 10, soybean meal 12.5, fish meal 2.5, dried skimmilk 20, dried whey 10, dried brewer's yeast 1, lard 2.5, trace minerals 0.15, dicalcium phosphate 1.2, iodized salt 0.5, vitamin-antibiotic mix 2%.

Such a mixture cannot commonly be mixed on a farm. It is a commercial mixture, more expensive as compared to the creep feed, but, as Dr. E. R. Peo of Nebraska states: "When viewed in terms of its complexity, its nutritional value, its low consumption volume and the job it will do, a good pig starter may be the least expensive ration in a swine feeding program."

Research work in various state and commercial laboratories is designed to learn more about palatability, flavors, liquid or dry feed, pelleting, necessary additives, etc., to make early weaning more and more practicable.

Question: Please tell us the best ways of administering iron to suckling pigs to avoid anemia or "thumps."

Answer: At the University of Illinois suckling pigs receiving iron dextran and peptonized iron made better gains than those given pelleted iron, and very much better than the control pigs getting no iron. As soon as suckling pigs nuzzle some of the spilled sow feed, if this contains trace mineral salt, they are likely to take in enough iron and copper for anemia prevention.

BABSON Writes . . .

BY ROGER W. BABSON

Babson's Point Of View On: Autos Hastening Cities Of The Future

BABSON PARK, Mass., July 15—We are heading for swift changes in our cities and their immediate suburbs as a result of the traffic explosion. Already most urban centers — particularly those that overflow into one another, such as all along the Atlantic Coast—are swamped by highway and parking problems that are becoming more desperate every day. Fortunately—with the population skyrocketing, and per-capita auto ownership along with it — solutions are closer than most of us realize.

More Highways Not Enough Of An Answer

Our huge highway programs, both federal and state, are fine for the long haul, but they are no answer to the in-city dilemma. That requires imagination, ingenuity, and an entirely new concept of transportation planning. Those who take the long view have been trying for some years to alert government officials, city planners, and the apathetic public to the need for taking realistic steps to keep the auto invasion from choking the life out of downtown areas. Now, at long last, more than one metropolis has planners and engineers at work plotting the inevitable city of the future.

That city will, of necessity, rely more and more upon rapid public transit—requiring the rehabilitation of feasible railroad and trolley systems once thought obsolete and the construction of new very-fast-moving conveyances, both between city centers and into them from the key suburbs. Monorail transport, already tried out in a few places in this country and even more ambitiously in Japan, is in the cards for a number of jampacked localities. It is no longer a question of whether we can afford it; it's a matter of simply having to do such things to save our cities from traffic "death."

Outer-Ring Highways Will Connect

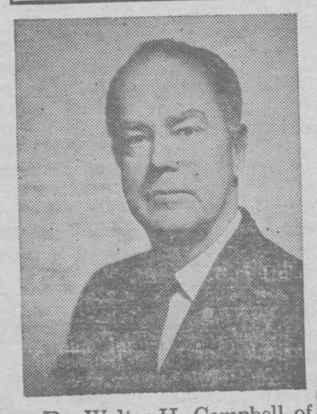
In the years not too far away, our modernized cities will have strict regulations on traffic movement, especially in busy commercial cores. There will be convenient highways looping around the urban limits, connecting with strategically placed rapid transit terminals with spacious parking facilities. From these terminals passengers will be whisked downtown to, or very close to, their destinations. Even in heavily populated suburbs there will be increasingly drastic restrictions. While it may sound like a fantasy right now, there will be wide reliance in restricted areas upon tiny motor-or electric-driven carts and buses, as well as upon more conventional shopping scooters and bicycles. Heavy auto traffic will be prevented from funneling off cross-city highways and turnpikes into urban and suburban streets which simply cannot handle the input.

The idea of blocking off one or two city streets and turning the area into a pedestrian shopping mall will be greatly extended. President Johnson's beautification and urban renewal programs will fit in nicely with the planting of trees and flowers, the installation of fountains, benches, tables, entertainment areas for children, etc., where auto traffic is excluded. Pedestrian mobility will be aided by more escalators, even by moving floors and sidewalks.

Plazas And Malls Will Flourish

City centers will be enhanced by plazas—such as those already successfully established in Rochester, N. Y. and Fresno, Calif.—which will be easily reached by transit lines coming in from the outer-loop highways. Access will be available in these attractive, heated, and/or air conditioned plazas to the finest department stores, restaurants, offices, museums, and entertainment centers. As new plans are blocked out in more and more cities, business men, bankers, architects, and designers should take full advantage of the opportunities offered by these emerging cities of the future. Businesses dependent upon auto traffic alone should be sure that they are not left holding the bag in a locality destined to become nearly—or maybe entirely — devoid of the auto traffic that once filled their crowded streets.

Lions Elect International President



Dr. Walter H. Campbell of Miami Beach, Florida, was elected President of Lions International at the Association's 48th annual convention in Los Angeles, California, July 7-10. Lions International, with 759,097 members in 132 countries, is the world's largest service club organization.

Lions International is best known for its many youth programs, community service projects, sight conservation activities and aid to the blind. Last year Lions Clubs around the world completed more than 430,000 individual community projects.

Room of the Month

By Gaile Dugas CFN Women's Editor

This, the ultimate in bathroom luxury, is a beautiful room designed by Betty Cavallon, A.I.D. for Yale & Towne at the National Design Center, New York. Towne hardware accessories are plated with 24 karat gold and decorated with genuine semi-precious stones, white mother-of-pearl here; green jade, blue sodalite and pink quartz are also available.

What every woman wants in a luxurious, elegant yet practical bathroom has been achieved. In other words, it's here, girls. You really couldn't ask for more. Honestly.

Looking around this bath-dressing room, you see design completely attractive to the eye and color to enchant. The room is compartmentized for maximum efficiency (all those wet towels!) into three areas: sit-down vanity and clothes storage area; bathing, lavatory and dressing areas; and the water closet area.

In the bath-dressing room, Yale & Towne has introduced new bath-room hardware accessories plated with 24 karat gold and decorated with genuine semi-precious stones. The colors are meltingly beautiful: white mother-of-pearl stones and jade green, blue sodalite and pink quartz. Exhibited at the National Design Center, New York, the room was created for Yale & Towne by Betty Cavallon, A.I.D. After all, it takes a woman to know a woman, doesn't it?

The room displays for the first time, jeweled bathroom hardware accessories: towel bars and stirrup towel rings; switchplates and electric outlets; combination toothbrush and glass tumbler holder; combination soap dish and grab bar for bath-shower section; cabinet and drawer pulls; robe hook; jeweled showerhead.

Colors for this unique bathroom are gold and white. The bath area is recessed and framed by a pair of fluted antique gold columns with white shower curtain flecked in gold. Tub is sunrise yellow with bright brass fittings; over it is a mural reproduction of Piranesi's etching, "Ponte Roma" Shower head, soap dish and grab bar are jeweled with mother-of-pearl stones.

In the dressing-lavatory area, rug is gold and towels are gold-and-white, reflecting the classical motif etched on the putty-white surfaces of cabinets and drawers. Two washbowls are in accent citron with bright brass fittings. Walls of this area are covered with foil-on-fabric which is coated.

That luxury of all luxuries that you've always longed for is here: generous towel storage! Shelves are near the washbowl and are topped by a screened compartment for hi-fi music or radio speakers. The area is lighted by a crystal chandelier, sconces and complete with gold framed mirrors, dressing table and jeweled, gold-plated Towne hardware accessories.

The water closet area is spacious, has a sunrise yellow plumbing fixture with golden accessories.

In the vanity and clothes storage area, all cabinets, drawers and dressing table are the same style as the lavatory area but have white ceramic pulls ringed in gold. Two vertical strips of jeweled vanity lights provide truly effective make-up lighting. Flooring throughout is onyx white tile which quiets sound, is easily cleaned and which repeats the classical motif throughout. There is a gold-and-white acoustical ceiling. Separating the dressing and water closet areas is a pair of fully mirrored folding metal doors.

There. Doesn't it sound delicious? Wouldn't you love to wallow in all that luxury? And gloat over the practicality? Whoever said that a woman spends most of her life in a kitchen had the wrong room. The right one is the bathroom, isn't it, girls?

This unusual bath-dressing room was developed by Yale & Towne, with such leading manufacturers as American Biltrite Rubber Company, Columbus Coated Fabrics, Fieldcrest Mills, Formica Corporation, Kohler Vanity Company, Lightolier and Marsh Wall Products, Inc.

The bath-dressing room is on free exhibition at the National Design Center, 415 East 53rd Street, New York, daily 10:30 to 5:30 through July.

BERTHA LEE MOORE
191 West All Saints Street
Frederick, Maryland
vs.
ROBERT M. MOORE
502 Hudson Street
Leland, Mississippi
NO. 21,027 EQUITY
In The Circuit Court For
Frederick County, Maryland
ORDER OF PUBLICATION

The object of this Blil of Complaint is to procure a divorce A VINCULO MATRIMONII by the Complainant, Bertha Lee Moore, from the Defendant, Robert M. Moore.

The Bill states in substance that the Complainant, Bertha Lee Moore, is a resident of Frederick County, State of Maryland, where she has resided for more than one year last past; that the Defendant, Robert M. Moore, is a non-resident of the State of Maryland, and when last heard from was residing at 502 Hudson Street, Leland, Mississippi.

The Bill further states that the Complainant and the Defendant were married on August 26, 1956, at Washington County, State of Mississippi, by Rev. P. R. Johnson, a duly ordained Minister of the Gospel; that as a result of the said marriage, two children were born, namely, Tony B. Moore, aged 9 years, and Marslince D. Moore, aged 7 years, both of whom are in the care and custody of the Complainant, and whose care and custody the Complainant now seeks; that the Complainant and the Defendant have voluntarily lived separate and apart, without cohabitation for more than 18 consecutive months prior to the filing of this Bill of Complaint; and that the said separation is beyond any reasonable hope or expectation of reconciliation. The Bill prays that the Complainant, Bertha Lee Moore, may be divorced A VINCULO MATRIMONII from the Defendant, Robert M. Moore, and that the Complainant may be granted the care and custody of the said two infant children, and that the Complainant may be granted such other and further relief as the nature of her case may require.

ORDER OF THE COURT

It is thereupon ORDERED by the Circuit Court for Frederick County, Maryland, on this 9th day of July, 1965, that the Complainant, Bertha Lee Moore, by Order of Publication of this Court to be inserted in some newspaper published in Frederick County, Maryland, once a week for four successive weeks on or before the 14th day of August, 1965, give notice to the said Defendant of the object and substance of this Bill, warning him to be and appear in this Court, in person or by Solicitor, on or before the 14th day of September, 1965, and show cause, if any he has, why the Decree should not be granted as prayed therein.

Personals

Joey Ott and Cathy Ott are spending a summer vacation in Andrews, N. C.

Mr. and Mrs. Charles Pitzer and family, Elmira, N. Y., visited recently with Mrs. Pitzer's father, James Arnold and son, Francis.

Recent visitors at the home of Mr. and Mrs. Joseph Ott were: Mrs. Blaine Patterson and Mrs. Johnny Bateman, of Andrews, N. C., sisters of Mrs. Inez Ott, and friends, Mr. Andrew Moskuna and Miss Anna Bozilesky of Bethlehem, Pa.

Mr. and Mrs. Merle Gochenour and children, Miami, Fla., are spending three weeks with Mr. and Mrs. William J. Myers.

Mrs. Bernard Neiderer, Abbottstown, spent the weekend with her son-in-law and daughter, Mr. and Mrs. Charles E. Keepers.

Mr. and Mrs. Wilbur Overholtzer, Philadelphia, are visiting with relatives here. They were accompanied here by Miss Louise Adams, who had been visiting in Philadelphia.

Mr. and Mrs. Allen Sanders, of Bethesda, spent the weekend with Mr. Sanders' mother, Mrs. Clarence Sanders.

Tommy Umbel has returned to his home in Waynesboro after spending a week with his grandparents, Mr. and Mrs. Wilbur C. Umbel.

Mrs. Harry Jones and daughters, Susie, Shelly and Sally, of Northfield, N. J., are visiting with her mother, Mrs. Charles Shorb. Mr. Jones and daughter, Sandra, visited over the weekend, but returned to their home on Monday.

Mr. and Mrs. Donald Stoner and Mr. and Mrs. Robert Topper visited in Hagerstown on Sunday.

Messrs. Paul A. Keepers and Arthur Elder attended a Knights of Columbus Workshop held at the Alcazar, Baltimore, on Sunday.

Mr. and Mrs. James Umbel, Waynesboro, visited on Monday evening with Mr. Umbel's parents, Mr. and Mrs. Wilbur Umbel.

Lions Absorb Scout Expenses

President William H. Kelz presided at the regular meeting of the Emmitsburg Lions Club held Monday evening in Mt. Manor Restaurant.

Joseph Boyle, local Scoutmaster, appeared before the group on behalf of the local Scout Troop. The club voted to pay for re-chartering the Troop and also the insurance on the boys for one year, amounting to over $100. The president distributed forms among the members which when signed, will will their eyes to the Maryland Eye Bank. Lion Ralph McDonnell, chairman of the Go-Kart racing committee announced special races of home-made carts would be held at the Civic Grounds this Sunday afternoon. Prizes will be offered the lucky winners and anyone is welcome to participate, providing their cart is home-made.

Birth Announced

Mr. and Mrs. Dennis Martin, Emmitsburg, announce the birth of a daughter, Thursday. Mrs. Martin is the former Carol Shriner, daughter of Mr. and Mrs. Merle Shriner, Sr., Thurmont.

PANFISH THERAPY

There are many fine medicines in this world today, and an ordinary fishing rod plus the cooperation of a pint-sized panfish is one of them.

The effectiveness of angling therapy is often amazing, state the people in Mercury outboards' fishing department. Taking over after pills, machines and specialists have run their course, fishing has been known to work wonders.

For some reason, the gentle tug of a bluegill has magical powers. It seems to revitalize interest in the lives of many unfortunate men and women who would otherwise continue on in a gloomy, unpromising existence.

Few of us have to search far to find someone who is afflicted by one of a number of permanent disabilities. He may be 8 or 80. Regardless of age or impairment, anticipation of action on the end of a line can spark the flame that leads to better things.

From a wheelchair or poised on a pair of crutches, the rod-holder is subjected to the same electrifying nibble as any angler. For, who knows whether that first bump is a bait-filching chub or a three-pound rainbow.

For a great deal of fishing, physical abilities are really not too important. A boat provides access to most good waters, and piers and docks take care of many more. Even the best of streams can be fished from the bank with reasonable ease in certain spots.

Actually, then, the handicapped need only a helping hand to get into position. He and the fish will take care of the rest.

A few hours of your time, say the Mercury folks, will supply the necessary leg or arm or even eyes to a person who has long been without.

It is a chance to give them "heart" again, and it will also do wonders for you.

ia (Merrimac) off the coast of Hampton Roads, Va. There was no decision of victory for either ship, however the Virginia did withdraw breading off the fight.

Engaged

Mr. and Mrs. Charles P. Waddell, Gettysburg R2, announce the engagement of their daughter, Karen Romona, to Kenneth Edward Baker, son of Mr. and Mrs. Wilmer Baker, Emmitsburg R2.

Miss Waddell is a 1964 graduate of Gettysburg High School and is employed by Bankers Insurance Group. Mr. Baker is a 1962 graduate of Emmitsburg High School and is employed by the Taneytown Lumber and Supply Co.

No date has been set for the wedding.

LEGAL

CHARTER AMENDMENT
RESOLUTION NO. 10

A Resolution of The Burgess and Commissioners of the Town of Emmitsburg, Maryland, adopted pursuant to the authority of Article 23A, Section 19 of the Annotated Code of Maryland (1957) 1965 Cumulative Supplement, entitled "Corporations—Municipal", sub-titled "Annexation", said Resolution being a Resolution to Amend and Enlarge the Corporate Boundaries of the Town of Emmitsburg, a Municipal Corporation of the State of Maryland, by Annexation of Eighty-Nine (89) Acres of Land, more or less, contiguous and adjoining to the existing corporate area by repealing and re-enacting Article I, Section 2 of the Charter of Emmitsburg, entitled "Incorporation and General Government", sub-titled "Boundaries" as the same was set forth in Charter Amendment Resolution No. 3, passed on May 4, 1960.

SECTION I. Whereas "Three D, Inc.", a body coporate of the State of Maryland, is the owner of 72.363 acres of land contiguous and adjoining to the existing corporate area of the Town of Emmitsburg and plans to improve the same with, Inter Alia, 103 dwellings, more or less, and other buildings and improvements; and

Whereas, "Emmitsburg Development, Inc.", a body corporate of the State of Maryland, is the owner of over thirteen (13) acres of land contiguous and adjoining to the existing corporate area of said Town, which land has been surveyed and planned for development as building lots; and

Whereas, the owners of said lands have requested the Town of Emmitsburg to include said 72.363 and over 13 acres of their land with the Corporate Limits of said Town; and

Whereas, no persons are residents of the area to be annexed but most, if not all, of the stockholders and officers of said corporations are residents and registered voters in County elections in Frederick County, Maryland; and

Whereas, the Burgess and Commissioners of the Town of Emmitsburg have decided and do hereby resolve that the general welfare of the Town will be best served by the Annexation of the Eighty-Nine acres of land, more or less, as Hereinafter set forth;

Now, therefore, be it resolved by the Burgess and Commissioners o fthe Town of Emmitsburg, Maryland, that Article I, Section 2 of the Charter of Emmitsburg, entitled "Incorporation and General Government", sub - titled "Boundaries" be and the same is hereby repealed in its entirety and re-enacted to read as follows:

"Section 2. BOUNDARIES.

The taxable limits of said town shall be as follows: Beginning at an iron pipe S. 67° 34' 24" E. 17.91 ft. from the southwest corner of Lot #6 fronting on Flat Run Drive and shown on the Plat of Section 3 of "EMMIT GARDENS" dated October 1, 1962 and prepared by Elmer St.C. Maxwell & Associates, Professional Engineers, said Plat being made a part of this description, and running from said beginning point (1) S. 64° 39' 37" E. 403 ft. to a pipe; thence (2) S. 64° 39' 37" E. 383.62 ft. to a pipe; thence (3) N. 24° 26' 11" E. 813.47 ft. along the eastern boundary of said Section 3 of "EMMIT GARDENS", said boundary being also the western boundary of the land of the Emmitsburg Civic Association, to a pipe in the south boundary of the State Road Right of Way for Maryland Route #97; thence (4) with Rt. #97 in a westerly direction along the northern boundary of EMMIT GARDENS 450 feet, more or less, to a point where the north boundary of Lot #27 (fronting on Meadow Lark Drive) intersects with a southerly extension of the West side of the Harney Road; thence (5) by straight line N. 46° E. across Rt. #97 to the Southwestern corner of the 13.692 acre tract of the "Three D, Inc.," thence with the West side of the Harney Road and the Eastern boundary of the "Three D. Inc." tract (6) N. 46° E. 551.87 ft. to a point; thence (7) leaving said Road N. 44° W. 248.90 feet to a point; thence with a curve to the left having a radius of 1023.02 feet and an arc distance of 583.64 feet and a chord distance and bearing (8) N. 60° 20' 39" W. 575.76 feet to a point; thence (9) N. 76° 41' 16" W. 420 feet to a point on the west right of way line of U. S. Rt. #15; thence with U. S. Rt. #15 (10) N. 13° 18' 44" E. 780.28 feet more or less, to a point; thence (11) N. 02° E. 51.00 feet to a point; thence (12) N. 07° 35' 35" E. 50.25 feet to a point; thence (13) N. 11° 35' 27" E. 100.04 feet to a point; thence (14) N. 16° 10' 27" E. 100.12 feet to a point; thence (15) N. 18° 43' 01" E. 109.44 feet to a point; thence (16) S. 87° 18' 19" W. 777.59 feet to a point; thence (17) S. 89° 38' 38" W. 1015.75 feet to a fence post; thence (18) S. 75° 10' 25" W. 453.28 feet to a point in the old corporate boundary, said point being in the bed of "Flat Run" and running thence up the bed of "Flat Run" (19) N. 43° 51' 29" W. 141.37 feet to a point; thence (20) N. 28° 46' 25" W. 413.51 feet to a concrete monument near the northeast corner of Lot No. 178 as indicated on the PLAT OF EMMITSBURG; thence (21) N. 31° 14' 56" W. 59.10 feet to a point on the north wall of a small bridge over "Little Run"; thence (22) S. 55° 10' 13" W. 140.09 feet to a concrete monument in the bed of Little Run; thence (23) up the bed of Little Run to a monument in the road leading from Emmitsburg to Waynesboro; thence (24) S. 17° 50' 40" W. 958.91 feet to a concrete monument; thence (25) S. 57° 10' E. 1839.00 feet to a concrete monument on the east side of a lane between the properties of George Sanders and D. R. Stansbury; thence binding on the east side of said lane (26) S. 32° 09' 05" W. 1441.00 feet to-a stone; said stone being a property marker of the Sisters of Charity; thence binding on the property of The Sisters of Charity the three (3) following courses and distances, (27) S. 71° 07' 38" E. 1138.52 feet to a monument on the east side of U. S. Route No. 15; thence binding on the east side of U. S. Route No. 15 (28) N. 19° 16' 28" E. 739.91 feet to a concrete monument at the corner of a cemetery; thence binding on the south side of said cemetery (29) S. 71° 02' 33" E. 426.15 feet to a concrete monument at the southeast corner of said cemetery; thence (30) N. 89° 03' E. 3234.00 feet to a concrete monument marker #28 near the south line of the property of The Emmitsburg Development Company; thence (31) by straight line in a NE direction 483 feet, more or less, to the point of beginning, and for sanitary purposes, health and police powers, the power and authority of the corporation shall extend to the distance of one mile from the boundaries as above set forth."

SECTION II. And be it further resolved by the authority aforesaid that in accordance with the said Article 23A of said annotated code, the conditions and circumstances applicable to the requirements of Section 19 of change in boundaries and to the residents and property within the area to be annexed shall be as follows:

1—The annexed area shall be subject to Section 4 of Article I of the Charter of the Town of Emmitsburg.

2—The developer will be responsible for the following:

(a) Drawing, executing and delivering of deeds for all areas to be dedicated for use as streets, alleys, water and sewer rights of ways and public parks.

(b) The entire costs of all facilities in the dedicated public and easement areas except for such improvements within a park area as may be assumed by the Burgess and Commissioners of the Town.

(c) Preparation and filing with the Town Clerk of plats showing the exact location of all underground facilities.

(d) Subdividing developer's land so that the average size of lots for dwellings shall meet minimum State Health Department requirements.

(e) Installing fire hydrants (to be approved by the Town's superintendent of water works or by another official to be designated by the Burgess and Commissioners) so that no improved lot shall be more than six hundred (600) feet distant from a fire hydrant.

(f) Installing 6" water mains with Tyton joints.

(g) Installing minimum of 8" interceptor sewer lines and minimum 4" service lines for dwellings and at least 6" service lines for units other than single family dwellings, using double strength Terracotta with "O" rings or equal for all sewer lines.

(h) Sewer and water lines shall be installed so that they are at least three (3) feet apart horizontally.

(i) Each dwelling shall have its own water and sewer service lines and the developer will run said lines to the individual property lines on any lots sold and not built upon by developer.

(j) All storm and surface waters shall be channeled into Flat Run or other suitable disposal point as approved by the City Sewer Superintendent or other official designated by the Burgess and Commissioners.

(k) Planning the subdivision or subdivisions so that streets shall be a minimum of fifty (50) feet in width with at least sixteen (16) feet thereof paved with bitumous composition with a minimum of eight (8) feet stone shoulders to meet Town of Emmitsburg specifications.

(l) Keeping all trenches open for inspection of utility installation by an official designated by the Burgess and Commissioners to insure that proper materials, connections, and procedures are used and in case of disagreement as to what are proper, the decision shall be made by the engineer or inspector to be designated by the Burgess and Commissioners.

(m) Where sidewalks, curbs and gutter are not installed by the developer, developer will notify persons to whom they sell that the responsibility for such improvements will be placed on the owner of the land and not borne by the Town.

(n) Preparation and filing with the Town Clerk of plats showing all lots, streets, alleys, park areas and other subdivision information.

(o) Installation of all street lighting.

3—The Town will be responsible for the following:

a. When an improved lot becomes fully taxable with a completed dwelling, commercial, industrial or multi-family housing building and after sewer and water connections have been made, the Town will pay the developer, or its assigns if so notified by the developer, $150.00 for the water and sewer mains laid to service said building. The Town shall also pay to the developer $1.00 per lineal street foot of street and shoulder paving laid, payment to be due after utility connections have been completed and the improved lot becomes fully taxable as above set forth. Payments for streets shall be made only once (or for one side of the street only).

(1) A limit of ten (10) of the above described payments shall be required of the Town in any one year and payments for over ten may, at the option of the Town, be deferred until a year when less than ten (10) such payments are required.

(b) Taxing the undeveloped land only in the same manner as other similar property within the town limits is taxed.

SECTION III. And be it further resolved that the exact area proposed to be included in the change of boundaries is as follows:

Beginning at a stone, said stone marked Point #30 as shown of plat which is hereby made a part of this description, said stone also being a bearing and distance of N. 17° 04' 27" E. 944.64 feet from a stone marked 28 as shown on said plat running thence from said stone with the existing corporate boundary of the Town of Emmitsburg (1) N. 72° 57' 57" W. 1017.00 feet to a stone marked 31; then (2) N. 51° 13' 59" W. 557.12 feet to a stone marked 1; thence (3) N. 11° 58' 37" W. 690.01 feet to a point in the center line of Flat Run; thence with said Flat Run (4) N. 43° 51' 29" W. 333.65 feet to a point; thence leaving said existing corporate boundary, with an existing fence, (5) N. 75° 10' 25" E. 453.28 feet to a fence post; thence (6) N. 89° 38' 38" E. 1015.75 feet to a fence post; thence (7) N. 87° 18' 19" E. 777.59 feet to a point being at the intersection of said fence line and the west Right of Way line of U. S. Route #15 as shown on said plat; thence with said Right of Way line (8) S. 18° 43' 01" W. 109.44 feet to a point; thence (9) S. 16° 10' 27" W. 100.12 feet to a point; thence (10) S. 11° 35' 27" W. 100.04 feet to a point; thence (11) S. 07° 35' 35" W. 50.25 feet to a point; thence (12) S. 02° 00' 00" W. 51.00 feet to a point; thence (13) S. 13° 18' 44" W. 780.28 feet to a point; thence leaving said west Right of Way line (14) S. 76° 41' 16" W. 420 feet more or less to a point; thence (15) with a curve to the right having a radius of 1023.02 feet and an arc distance of 583.64 feet and a chord distance and bearing of S. 60° 20' 39" E. 575.76 feet to a point; thence (16) S. 44° 99' E. 248.90 feet to a point in the West Margin of the Harney Road; thence with said Harney Road (17) S. 46° 00' W. 551.87 feet to a point in the North Right of Way line of Maryland Route #97; thence (18) S. 46° W. across Route #97 to a point in the Northern Boundary of Lot 27 in Sec. 3 of "EMMIT GARDENS"; thence (19) with the Northern boundary of Section 3 of said "EMMIT GARDENS" and with the Southern boundary of Route #97 in an Easterly direction a distance of 450 feet, more or less to an iron pipe; thence (20) with the boundary between "EMMIT GARDENS" and the land of the Emmitsburg Civic Association, a body corporate, S. 24° 26' 11" W. 813.47' to a pipe; thence (21) N. 64° 39' 37" W. 383.62' to an iron pipe; thence (22) N. 64° 39' 37" W. 403' to an iron pipe 17.91' from the SW corner of lot #6 in Sec. 3 of said "EMMIT GARDENS"; thence by straight line (23) in a SW direction ot a stone marked 28, being the SE corner of the existing town boundary and thence with said town boundary (24) N. 17° 04' 17" E. 944.64 feet to the point of beginning, containing 89 acres of land, more or less, being 72.363 acres owned by the said "THREE D, INC." 3.083 acres, more or less, owned by "Emmitsburg Development, Inc."

SECTION IV. And be it further resolved that in accordance with Sub-Section 19 (d) and Sub-Section 13 (d) of said Article 23A, the Burgess of Emmitsburg shall cause a public notice or copy of this Resolution to be posted on the front window of the Town Office from July 14, 1965 to September 2, 1965, inclusive, and a copy thereof to be published once a week for four (4) successive weeks beginning July 16, 1965, in "The Emmitsburg Chronicle", a newspaper of general circulation in the Town and the area to be annexed, and notifying all persons that a public hearing will be held by the Burgess and Commissioners on this Resolution at the Town Office at 8:00 o'clock, p.m. on August 23, 1965, said newspaper publications to be on July 16, 23, 30th and on August 6, 1965. Final action thereon will be taken on or about September 6, 1965 and, if adopted, the Resolution shall become effective on Monday, November 1st and the property to be annexed shall be subject to municipal taxation beginning January 1, 1966.

SECTION V. This Resolution was regularly introduced in the legislative body of the Town of Emmitsburg on July 14, 1965.

18 Are Killed On State Roads

Of the 18 cars involved in State Police investigated accidents last week only four of them were equipped with seat belts. Only two of the 32 injured occupants actually had the seat belt fastened.

The State troopers who made the investigation of these accidents are convinced that in at least 14 cases the seriousness of the injury would have been lessened had the seat belts been in use.

"Based on these figures," commented Colonel Carey Jarman, superintendent of the Maryland State Police, "it appears that if seat belts had been in use by all occupants involved in State Police investigated accidents last week the seriousness of injury would have been lessened in 43% of the cases.

"It seems to me," he continued, "that there is no easier way to lessen the loss of life and limb on the highway than by the use of seat belts by all motorists."

Fourteen persons were killed last week according to the State Police's weekly survey. Ten of those killed were drivers; two were passengers and two were pedestrians. Alcohol was a contributing factor in five of the deaths; speed in five and "driver error" was present in 13 of the fatalities.

Vets' Inquiries Are Answered

Many inquiries from veterans have come in recently to the Baltimore VA Regional Office about the possibility of being released from liability on GI Home Loans, F. E. Quinn, Manager, said today.

The Veterans Administration may, under certain conditions, release a veteran from liability to the Government when he sells his residential property purchased with a GI guaranteed or direct loan, Mr. Quinn said.

Here are some of the points to remember in connection with release from liability on a GI loan:

(1) The purchaser need not be a veteran, but must be agreeable to assuming the liability of the veteran.

(2) The loan must be current.

(3) Purchasers must meet VA credit requirements.

(4) Release takes approximately four weeks to complete.

(5) Release is not completed until all forms are executed by veteran and his purchaser and the Loan Guaranty Officer of the Veterans Administration Regional Office.

(6) Release from liability does not entitle the veteran to restoration of entitlement. To have entitlement restored, enabling he veteran to get another loan, the first loan must be paid in full or otherwise disposed of in some manner which will relieve both the veteran and the Government from any liability.

(7) The only charge made by the VA is the cost of a credit report. All legal fees involved in the release must be paid by the veteran or his purchaser.

Mr. Quinn said any veteran desiring to be released from all liability on his GI loan should first find a purchaser who appears to be a good credit risk and who is agreeable to assuming liability.

The veteran should then contact the Loan Guaranty Officer in the VA Regional Office where his GI loan was approved, and request that he be furnished with all forms necessary to obtain release of liability.

When the forms are received, they must be completed by the veterans and the purchaser, then submitted to the Veterans Administration along with the credit report and other required items.

Farmers May Borrow On Storage

Again this year farmers may borrow up to 85 per cent of the outlay for certain types of farm storage facilities under the Government's loan program, James M. Voss, Chairman, Maryland Agricultural Stabilization and Conservation Committee, said today.

These loans are available for additional farm storage facilities actually needed by producers of price supported commodities.

For farm facilities with capacities up to the additional amount needed, farmers may borrow up to 50 cents times bushel capacity or 85 per cent of the cost, whichever is smaller.

A similar loan program for grain dryers enables farmers to borrow up to 85 per cent of the delivered and assembled cost of equipment to keep grain stored in proper condition.

The farm storage facility loans run for 5 years from the date the loan is taken out, and they may be repaid in four annual installments, with the first installment payable by the second anniversary date of the loan. The equipment loans run for 3 years from the date the loans are taken out, and they may be repaid in three annual installments with the first installment due on the date of the loan's first anniversary. Interest charged on both types of loan is at the rate of 4 per cent.
