EMMITSBURG CHRONICLE, EMMITSBURG, MARYLAND, FRIDAY, JUNE 10, 1966

SINGLE COPY 7c

Most Anything At A Glance

BY ABIGAIL

For the first time in quite a few years, Emmitsburg will be represented in a county political race. This week marked the entrance of Norman Flax into the county political arena and the race is now under way. Flax apparently will have stiff competition but is expected to garner a very nice vote from this end of the county. Solidarity in voting is extremely important in this contest if Emmitsburg expects to have even a ghost of a chance. Democrats and Republicans must unite if Flax gets past the primary. Naturally being a Democrat, he will receive only Democratic votes in this primary election. However, should he survive this primary, an all out effort should be made by the citizens of his home town to back him up. It is a matter of record that this end of the county is sadly neglected and to have our own representative in power is the first step to rectify this condition. Flax has done well in local politics having been elected three times but now that he has stepped up in class we are anxious to see how he fares. As time rolls by the candidate will undoubtedly become more well-known in county circles and win or lose, he is expected to command a sizeable block of votes. We wish him every success.

It's hard to believe, but Ray Baker claims he saw a pair of beavers residing at nearby Tom's Creek the other day. Several years ago the State stocked several sets of beaver here but somehow they never survived, principally because hunters shot them or they were destroyed by some other human deeds. It is illegal to kill beaver in Maryland and it is hoped that this little colony will remain unharmed so it can grow and perform its vital work of damming up streams in this area. Beavers are considered an asset to an area. Parents would do well to instruct their young boys roaming the woods and streams to identify beavers and not to harm them. They are dark brown in color, average size of a groundhog and have wide flat tails. Let's see if we can get this beaver colony off to a good start folks.

Weed cutting time is not just around the corner... it's here! Some property owners have been neglecting cutting these weeds and hay fever sufferers are undergoing agony. We know it is hard to get these menial tasks done anymore as help of this sort is scarce. However, the weeds must be cut and the Town Council demands it. If action isn't taken very soon, Town workmen will do the job and the property-owner will receive the bill. Cooperation in this matter is sought.

Firemen Douse Hay Fire

Emmitsburg firemen had a hay fire in the square Monday evening about 6:45 o'clock.

Chief Guy R. McLaughlin said the blaze was probably the first in history in which the local firemen were summoned as they saw it approaching.

Alvy Kline, Irishtown Rd., had loaded hay in his truck near Taneytown and was headed into Emmitsburg when people along the street noticed that the load was afire. Kline and two companions in the cab of the truck were unaware that anything was amiss.

One of the local firemen, Louis Orndorff, was alongside the fire-hall when he glanced down the street, saw the blazing hay approaching and set off the siren—before the "owner" of the fire was yet aware that he had one.

Kline got his truck stopped in the square, and about that moment the firemen arrived and started throwing the 110 bales of burning hay into the street.

When the fire was out, the firemen helped Kline reload, washed the mess of burned hay off the square, and then returned to their other duties.

Chief McLaughlin said there was no damage to Kline's truck. He estimated damage to the hay at about \$50.

By 1970, it is estimated, more than 70 per cent of all new sinks will be made of stainless steel.

Mathias Will Run In 6th

Congressman Charles McC. Mathias Jr., of Frederick (R. Md. 6th) announced Friday that he would be a candidate for re-election to Congress from his home Sixth District.

Mathias' announcement ended months of speculation that he would run in the new Eighth District, which includes Montgomery County where he has established a second home in Bethesda.

The announcement was released at a joint meeting of the Republican State Central Committee members from all of the counties in both the Sixth and Eighth District.

"It will be an honor to continue to represent the people of Allegany, Garrett, Washington and Frederick Counties, with whom I have worked so closely in the last six years," Mathias said.

"It will be an equal honor and an additional challenge to represent the people of Carroll County and the portions of Baltimore and Howard Counties which are now contained in the new Sixth District."

"As a life-long neighbor of these three counties, I have been familiar with them and with their potentials and problems," Mathias said. "It will be a rewarding experience to work with community leaders in all of those counties."

But Mathias made it clear, "I shall by no means disassociate myself from my good friends among the remarkably interested citizens of Montgomery County."

"They have worked with me on many different political problems and the experience of representing this unique county has been a great personal pleasure," Mathias said. "The resources of Montgomery County have been made available to me without reserve in the past and I look forward to maintaining this association in the next Congress as a member of the House District Committee."

Library Summer Reading Club

The Emmitsburg Public Library will again sponsor the summer reading club. Eight books must be read and reported on in eight weeks. The program has already begun and ends July 27. Certificates will be given out on July 30. Book reports may be given orally or in a written form. A picture may be used in some cases to illustrate picture books. A reading list with suggestions for the reading program may be had in the library.

Sprinkle Reunion Held In Park

The annual Sprinkle Reunion was held Sunday, June 5 at Catoctin Mt. Park by the descendants of the late Marshall and Annie (Butt) Sprinkle.

Some 142 persons were present and prizes were given for various reasons. The prize for traveling the greatest distance was given Mr. and Mrs. George Hrivnak, New Jersey; eldest present, Lucy Bowling, Waynesboro; largest family, Joseph Bowling, Waynesboro; youngest, Jeffrey Goulden, Emmitsburg; family with most grandchildren, Mr. and Mrs. Herbert Sprinkle, Baltimore.

Music for the reunion was furnished by a string band, Harry and His Shiveries. It was agreed to hold the reunion again next year at the same place on the first Sunday in June.

Because of its exceptional ductility, commercially pure nickel can be drawn into fine wire less than one-thousandth of an inch in diameter. A pound of such nickel wire will stretch 80 miles.

The largest single use for the metal nickel is for making high-quality stainless steel.

Commencements Held; 58 Graduate

Graduation Exercises for Emmitsburg High School were held Wednesday evening in the school auditorium, Paul B. Stroup, principal, reporting 27 seniors being awarded diplomas.

Dr. John L. Carnochan, Jr., superintendent of schools, presented the diplomas to the seniors and the class presentation was made by the principal. The invocation and the benediction were given by Rev. John C. Chatlos, pastor of the United Church of Christ.

The commencement address was delivered by Ralph Calvin Ohler, senior, and Larry Delbert Piper, senior. Music for the occasion was provided by the school band under the direction of Mr. Gary F. Smith. Mrs. Anne Deatherage directed the vocal music accompanied by Miss Beverly Davis.

Receiving diplomas were: Joseph Francis Baldacchino, Eugene Noah Bankard, William Rudolf Chatlos, Kenneth Ralph Cool, David Luther Copenhaver, Terry Lee Davenport, Gary G. Glass, Harry Scott Hahn, Jr., Gregory Thomas Hobbs, John Thomas Hoke, Terry Lee Myers, Ralph Calvin Ohler, Jr., Larry Delbert Piper, William John Rodgers, Roland Lee Snyder, Larry A. Stambaugh, William Donald Wivell, Sharon Elizabeth Baker, Virginia L. Bentz, Susan Elizabeth Crouse, Linda Lee Amanda Masser, Elaine Elizabeth Null, Marjory Jane Richards, Mable Gertrude Saunders, Bonnie Bee Saylor, Betty L. Smith, and Elizabeth Kay Wilhide.

The following awards were presented: Mathematics, Marjory J. Richards; Danforth Foundation, Marjory J. Richards and William R. Chatlos; PTA Award, William R. Chatlos; Phi Beta Kappa, William R. Chatlos; New Frontier Science Award, Larry Piper; VFW Auxiliary Music Award, Susan E. Crouse, and Crisco Home Economics Award, Sharon Baker.

Other awards were: Sue Crouse and Rudy Chatlos, Gold Chenille Stars; Elizabeth Wilhide, Red Chenille Star; Bill Rodgers, Red Felt Star; Noah Bankard, Blue and White Felt Star; Sharon Baker, Blue Felt Star, and Betty Smith, White Felt Star.

Junior Awards: Betty Tokar and Edie Martin, Red Chenille Star; Rachel Watkins, Blue and White Chenille Star; Darlyn Valentine and Carolyn Wierman, Red Felt Star; Edna Misner, Blue Felt Star, and Diane Reaver and Jo Ann Chen, Letter.

Sophomores: Sandy Saylor, Blue and White Chenille Star; Tina Saylor and Linda Davenport, Blue Chenille Star; Connie Burrier, Blue and White Felt Star; Linda Cool and Connie Seiss, White Felt Star.

Freshmen: Colleen Hewitt, Roger Adams and Doug Wolfe, Blue Chenille Star; Ron Wierman, Tim Keilholtz, Craig Orner and Judy Smith, Blue Felt Stars; Bonnie Fuss, Clara Tyler, Sharon Sharrer and Phil Eyer, White Felt Star; Darlene Andrew, Jean Bentz, Letter.

Eighth Grade: Beverly Davis and Linda Gillespie, White Chenille Star; Calvin Chatlos, Chenille Letter; John Martin, Shirley Sheeley, Carolyn Keilholtz and Juanita Lindsey, White Felt Star; Doug Adams, Wanda Eiker, Pam Dickson, Cheryl Myers and Pat Dickson, Letter.

Seventh Grade: David Wilhide, Vicki Valentine and Nancy Carr, Chenille Letter; John Hemingway and Linda Stonesifer, Felt Letter.

All Tenth Grade girls, Red Cross Home Nursing Certificate. Betty Tokar, VFW American History Award.

St. Joseph's Exercises Held Sunday

Thirty-one seniors were awarded diplomas at Commencement Exercises at St. Joseph's High School, Sunday, June 5, Sister Edwina, principal, announces.

Monsignor George D. Mulcahy, rector, Mt. St. Mary's Seminary, presided at the commencement. Greetings were extended by Mary Patricia Hemler and musical selections were in charge of Rev. David W. Shaum, Ph.D., Glee Club director. Master of ceremonies was Rev. James Kelly.

The address to the graduates was given by Rev. Fr. James T. Delaney, Mt. St. Mary's College. The 1966 graduates are: Shannon Elizabeth Boyle, Michael Joseph Byard, Diane Elizabeth Clare, Cecilia Marie Cool, George E. Gorman, Stephen Clayton Haines, Mildred Jean Harner, Mary Patricia Hemler, Roland Francis Hubbard, Dorothy E. Humerick, Linda L. Kelz, Mary L. Knott, Elizabeth A. Krietz, Daniel Walter Lind, III, Stephen Francis Little, Earl Long, Margaret Ellen Marshall, Patricia Joan McGucken, Deborah Ann Merritt, Barbara Jean Michael, Gerald Michael Orosz, Jr., Eileen Remavege, Walter J. Richards, Jr., Mary Alma Cecilia Sanders, Charles Michael Shorb, Arlene Marie Shorten, Nancy Ann Starner, Sarah Elizabeth Trout, Audrey E. Warthen, Patrick Williams and Samuel Kenneth Wivell.

Honor students graduating were: George E. Gorman, Mary Patricia Hemler, Margaret Ellen Marshall, Gerald M. Orosz, Jr., Walter J. Richards, Jr., Sarah Elizabeth Trout, Mary L. Knott and Mary Cecilia Sanders.

The following awards were also made: General Excellence, Mary Patricia Hemler; Religion, Diane Elizabeth Clare; English, Gerald M. Orosz, Jr.; Social Studies, George E. Gorman; Mathematics, Mary Patricia Hemler; Foreign Language, Margaret Ellen Marshall; Science, Gerald M. Orosz, Jr.; General Excellence in Commercial Subjects, Mary L. Knott; Citizenship, Michael J. Byard; Leadership, Mildred J. Harner and George E. Gorman; Catholic Action, Audrey Warthen; Certificate of Recognition, Deborah Ann Merritt; Best Essay on Americanism, Daniel W. Lind.

Maryland State Senatorial Scholarship and Partial Tuition Scholarship to St. Joseph College are granted to Mary Patricia Hemler. Partial Maryland State General Scholarship granted to Margaret Ellen Marshall. A Certificate of Honorary Recognition is granted to Margaret Ellen Marshall by St. Joseph College.

The following schools have accepted the following: Mount St. Mary's College, Michael Byard and Gerald Orosz; Indiana University of Pa., George Gorman; University of Maryland, Walter Richards and Deborah Merritt; St. Joseph College, Mary Patricia Hemler, Diane Clare, Eileen Remavege, Patricia McGucken and Margaret E. Marshall; Towson State College, Linda Kelz and Sarah Trout; Waynesboro Business School, Audrey Warthen and Barbara Michael; Hagerstown Business School, Dorothy Humerick and Nancy Starner.

Auxiliary Music Award, Susan E. Crouse, and Crisco Home Economics Award, Sharon Baker.

Other awards were: Sue Crouse and Rudy Chatlos, Gold Chenille Stars; Elizabeth Wilhide, Red Chenille Star; Bill Rodgers, Red Felt Star; Noah Bankard, Blue and White Felt Star; Sharon Baker, Blue Felt Star, and Betty Smith, White Felt Star.

Junior Awards: Betty Tokar and Edie Martin, Red Chenille Star; Rachel Watkins, Blue and White Chenille Star; Darlyn Valentine and Carolyn Wierman, Red Felt Star; Edna Misner, Blue Felt Star, and Diane Reaver and Jo Ann Chen, Letter.

Sophomores: Sandy Saylor, Blue and White Chenille Star; Tina Saylor and Linda Davenport, Blue Chenille Star; Connie Burrier, Blue and White Felt Star; Linda Cool and Connie Seiss, White Felt Star.

Freshmen: Colleen Hewitt, Roger Adams and Doug Wolfe, Blue Chenille Star; Ron Wierman, Tim Keilholtz, Craig Orner and Judy Smith, Blue Felt Stars; Bonnie Fuss, Clara Tyler, Sharon Sharrer and Phil Eyer, White Felt Star; Darlene Andrew, Jean Bentz, Letter.

Eighth Grade: Beverly Davis and Linda Gillespie, White Chenille Star; Calvin Chatlos, Chenille Letter; John Martin, Shirley Sheeley, Carolyn Keilholtz and Juanita Lindsey, White Felt Star; Doug Adams, Wanda Eiker, Pam Dickson, Cheryl Myers and Pat Dickson, Letter.

Seventh Grade: David Wilhide, Vicki Valentine and Nancy Carr, Chenille Letter; John Hemingway and Linda Stonesifer, Felt Letter.

All Tenth Grade girls, Red Cross Home Nursing Certificate. Betty Tokar, VFW American History Award.

St. Joseph's Exercises Held Sunday

Thirty-one seniors were awarded diplomas at Commencement Exercises at St. Joseph's High School, Sunday, June 5, Sister Edwina, principal, announces.

Monsignor George D. Mulcahy, rector, Mt. St. Mary's Seminary, presided at the commencement. Greetings were extended by Mary Patricia Hemler and musical selections were in charge of Rev. David W. Shaum, Ph.D., Glee Club director. Master of ceremonies was Rev. James Kelly.

Marshall; Towson State College, Linda Kelz and Sarah Trout; Waynesboro Business School, Audrey Warthen and Barbara Michael; Hagerstown Business School, Dorothy Humerick and Nancy Starner.

STEVEN CHARLES SANDERS

Steven Charles Sanders, infant son of Harold G. and Nancy Wetzel Sanders, Thurmont R2, died at 11:40 p.m. last Thursday at the Warner Hospital, one hour after birth.

Other than his parents, he is survived by his grandparents, Mrs. Regis Sanders, Emmitsburg R1; Mrs. Brook Wetzel, Thurmont R2, and his great-grandmother, Mrs. Mary Strayer, Hanover.

Graveside services were held at 1:45 Friday afternoon in the new St. Joseph's Catholic Cemetery, Emmitsburg, with Rev. Fr. Stauble officiating. Funeral arrangements were in charge of the Wilson Funeral Home, Emmitsburg.

ALUMNI DANCE

The annual dance of the Emmitsburg High School Alumni Association will be held this year in the VFW Annex following the banquet in the high school, it has been announced. The affair will be held on Saturday, June 11.

NEW POSTOFFICE OPENS SATURDAY; MOVING TODAY

Patrons of the Emmitsburg Postoffice will start picking up their mail Saturday morning at the new building on South Seton Ave., Acting Postmaster Lawrence Pennington announced this week.

Under construction since last November, the new Postoffice is now ready for service. The building contractor, Coulter Construction Co., Washington, D. C., was busy this week with the finishing details such as grading and black-topping. The new Postoffice is owned and will be operated by Mr. Serop S. Nerseesian, Washington.

Modern in every respect, the new building will provide spacious accommodations and an increase in the number of local boxes for rent. In all, there will be available 280 larger mail boxes, quite a few more than the old Postoffice had available.

The same operating hours and postal service will prevail in the new building and local box patrons are asked to drop in Saturday at the new office and receive their new boxes, combinations and number. Final moving operations were completed Friday.

The new building will provide a special parcel post counter, private office for the Postmaster and many other features such as a parking lot, loading platform, etc. The building is 51 feet deep and 60 feet wide, much larger than the old Postoffice.

An official dedication is planned later this year when the new Postmaster will take over and a number of Government and local dignitaries will be on hand for the occasion.

POLICE OFFER DRIVING SCHOOL; TO START SOON

Plans are under way for organizing a defensive driver program here and the class will be under the supervision of Police Chief W. E. Law assisted by the Maryland State Police.

Chief Law plans to hold the training school on Monday or Tuesday nights, depending on the decision of the majority of those taking the course. The school will be held in the VFW Annex and will consist of the showing of two films, demonstrations and lectures between seven and nine o'clock. If enough enroll two classes will be organized and the school will be held twice a week for the convenience of all.

The plans call for starting the classes just as soon as they can be organized and all those interested are asked to contact the Town Clerk, Yonnie Baker, at the Town Office, or contact Chief Law in person.

The program is aimed principally at the 25-35 age bracket but Police urge anyone interested, regardless of age, to attend the program. Upon completion of the course, participants will receive a certificate from the National Safety Council.

Safe driving is more than a matter of luck. It takes both knowledge and skill to drive so as to avoid being in an accident.

In order to assist the average motorist in acquiring this skill and knowledge, the Maryland State Police, in cooperation with the National Safety Council has trained instructors to give a unique Defensive Driving Course.

This course is designed to take the guesswork out of driving and stop accidents before they happen. The eight hour course, four two-hour classes, explores a variety of professional driving concepts with films, charts, and other teaching aids that help you visualize accidents "about to happen."

The Maryland State Police feel Service Organizations and public spirited citizens in every community have a real opportunity to do something big to promote highway safety. It is suggested these Organizations or citizens undertake to organize classes for this course. The State Police will provide instructors for the initial courses and it is hoped interested citizens will volunteer to be trained as instructors. They in turn can conduct classes and in this way, the course could be made available for all interested drivers in Frederick County.

Each driver has a stake, a life saving share, in safe driving. Learn how you can be a part of this dynamic, new traffic safety movement by writing or phoning the Maryland State Police, Frederick, Md., for complete information concerning the National Safety Council's Defensive Driving Course.

Flax Enters County Race

J. Norman Flax, 60, a native of Dayton, O., and a resident of Emmitsburg and Frederick County for the past 35 years, tossed his hat into the political ring in the race for County Commissioner.

Flax filed with the Supervisor of Elections in Frederick last Friday and began an active campaign to maintain better schools and better county government and to give the taxpayer the best possible advantages for his tax dollar.

Mr. Flax is now serving his third term as Town Commissioner in Emmitsburg and has wide experience in Town government having been on the Town Board for over seven years. The candidate is also noted for his sports-mindedness and years ago played and managed the local team in the old Frederick County Baseball League. At one time he owned several race horses.

The candidate is presently the public works director here and has dabbled in real estate. Flax is married and the father of three children, two daughters and a son. He and his wife, Louise, reside on East Main Street. He spent 12 years in the development branch of the Glenn L. Martin Co., Baltimore and is a member of the Lutheran Church, the Vigilant Hose Co., and a social member in the VFW and American Legion. He has had vast experience in water and sewerage and attended a number of seminars at the University of Maryland and the State Health Dept. studying these branches of community facilities.

Flax is the second to file on the Democratic ticket in the County. Three are to be elected.

Girl Scout Camp Schedule Changed

The Girl Scout Council of Central Maryland announces a change in day camp schedules for the girls of Thurmont, Emmitsburg and Taneytown.

Girls from these communities will now be eligible to attend the July 25-Aug. 4 session of the Girl Scout Day Camp on the new site in Walkersville. Registrations for girls desiring to attend this camp session should be directed to the Girl Scout Office, Frederick Field Station, Frederick Shopping Center.

Director of the Day Camp will be Mrs. Ralph Dyer, and business manager will be Mrs. W. Harry Moss. Providing 10 girls in each community are interested in attending the camp, bus transportation to and from the site will be provided.

Day camping is for Brownies, Juniors, Cadettes and Senior Girl Scouts. Registration will close on July 1. Girls who are not registered Girl Scouts may register for the camp on a space available basis.

Catoctin Park To Build

Superintendent Harold R. Jones, Catoctin Mountain Park, Thurmont, Md., has announced that the National Park Service is accepting bids for erecting a recreation building and for constructing a laundry-warehouse building at the Catoctin Job Corps Center. Prospective bidders may obtain bid invitations and further information from the Superintendent's office located three miles west of Thurmont on Route 77 or by phoning 271-6821. The bids are scheduled to be opened at 2:00 p.m. on June 22.

The world's leading producer of nickel, The International Nickel Company of Canada, Limited, has 17 mines in operation or under development in the Sudbury District of Ontario, in Northern Manitoba, and Guatemala.

Town Meeting Held; Pay Hikes Granted

Emmitsburg will abolish the position of meter maid effective June 16 it was decided at the regular meeting of the Burgess and Commissioners held Monday night in the Town Office, Chairman of the Board Joseph M. Haley presiding with a full board present.

Mayor Guy A. Baker, Jr., said the duties of the meter maid will be assumed by Police Chief W. E. Law, after June 16. Law was granted a pay increase to compensate for the extra duty assignment and the action will save the Town a tidy sum annually. Also granted a moderate increase was Public Works Director J. Norman Flax.

Present at the meeting also were George B. Gilmore, state forester; George May, Michael Boyle and Attorney Fred B. Bower. Gilmore discussed the removal of dead trees and bushes on 100 acres of the watershed and stated that Federal money was available up to 80% of the project. A contract for \$1,494.00 was awarded to the Penn Forestry Co. to remove the dead timber and police the area.

Council agreed, in the interest of Town cleanliness, to install a trash receptacle near the Mother Seton School because children were tossing candy wrappers, lunch bags, etc. in the area.

House trailers in the corporation limits were discussed and Lawyer Bower was instructed to examine the local ordinance regarding trailers and determine if the law would be upheld or if enforcement could be effected due to the fact that the Town has no zoning plan. Bower will report back at the next meeting. A warning was issued to four companies and one individual advising them to get permits before conducting business here.

Discussed also was a Town garbage collection system. Quotations for operation of such a system by the Town are being sought at this time and a decision will be reached in the near future. Twelve new parking meter heads have been purchased as well as a new office typewriter for the Town clerk.

After a lengthy discussion, Mayor Baker announces that positively no illegal parking tickets will be voided by anyone unless reviewed by the full Board at each monthly meeting. Damage to a storm drain at the new Postoffice location was talked over and unless the contractor repairs the damage the Town plans to enter suit to pay for the damages caused during construction.

Public Works Director Flax reported that warnings had been issued to a number of local property-owners regarding high weeds on their property. Unless these weeds are cut immediately Town workmen will do the job and the property-owner will be billed for same. Of particular interest to local taxpayers will be the news that the Town Council has abolished the personal property tax and beginning July 1 the item will be deleted from the tax bill. In other business transacted, Church Street, adjacent the Lutheran parsonage, will be designated a one-way street heading north. A letter from St. Clair Maxwell, Town Engineer was received and stated that he will accept the commission of drawing up plans for a new pumping station to be located west of Town at the Merle Keilholtz property.

Swimming Classes Offered At College

Saint Joseph College has once again made its indoor pool available so that summer classes in swimming and water safety may be taught to the children of the Emmitsburg area. The instructor, as in the past two years, will be Mrs. Thomas J. Seess.

A course for beginners will run from June 27 to July 9, skipping the Fourth of July weekend. Advanced beginners are scheduled from July 11-22. Each course consists of 10 hours of instruction given five days each week from 5-6 p.m. The fee is \$10 per pupil. Enrollment is limited. Interested parents please contact Ann Marshall at 7-4794.

Swimming Classes Offered At College

Mrs. William C. Smith, Timonium, and Mrs. Terry Smith and son, Pittsburgh, Pa., were Thursday visitors of Mrs. Genevieve R. Elder and Mr. and Mrs. Arthur Elder.

Vietnam Bound

Pfc. Ray G. Brown, son of Mr. and Mrs. Morris Brown, Emmitsburg R2, leaves June 18 for Fort Dix, N. J. and from there to San Francisco and Viet Nam.

Pfc. Brown completed basic training at Fort Gordon, Ga. He attended two helicopter schools at Fort Rucker, Ala., the 670 General Aircraft Maintenance and the UH-1B "Iroquois" and a machine gunnery course. He then attended ACH-47-Chinook helicopter school at Fort Eustis, Va.

Girl Scout Camps Are Scheduled

Parents, Leaders, Girl Scouts and anyone interested in seeing the established camps operated by the Girl Scout Council of Central Maryland, are welcome to attend an Open House during this month. Open house days will be: June 26 at Camp Scout Woodlands and Camp Shadowbrook, and June 19 at Camp Whippoorwill. In each case, the Open House will be held from 3 to 5 on a Sunday afternoon and tours of the property and facilities will be given to those attending.

Camp Scout Woodlands is located four-and-a-half miles west of Annapolis. The 32-acre site is a beautifully wooded area bordering on Broad Creek off South River, and offers excellent facilities for all camping activities.

Camp Shadowbrook is situated near the Susquehanna River in Cecil County. The large swimming pool and six units are nestled in the woods on the nearly 700-acre Conowingo Girl Scout property.

Camp Whippoorwill is located in a wooded area along the shores of the Magothy River in Anne Arundel County. Directions for reaching any of these camp sites may be obtained from the 1966 Camping Folder published by the Girl Scout Council of Central Maryland and distributed to all Girl Scouts in the local area, or by calling the Girl Scout Field Station between the hours of 10 a.m. and 2 p.m. Girls may still register for established camp. These camps are supported by Girl Scout cookie sales and the United Appeal campaigns.

The Monocacy Area Girl Scouts are planning a special Junior Girl Scout Troop encampment for the week of June 19 through the 25 at Camp Chimney Trail, which is a part of the Conowingo Girl Scout

Campsite. Among troops attending will be Troop 405 of Emmitsburg under the leadership of Mrs. John Chatlos, and Troop 1288 of Thurmont under the leadership of Mrs. Harold Curry and Mrs. Kurt Gotker. The group will enjoy a week of learning skills and camp craft and swimming. Each girl will find the opportunity to discover the wonder of the out-of-doors, to travel new paths of knowledge and self-reliance and to meet and make new friends.

Graceham Fire Co. Purchases Modern Engine

The Graceham Volunteer Fire Co. Inc., has purchased a new Darley Champion fire engine fully equipped at the cost of \$16,000. The new engine is built on a '66 Ford chassis and has a two-stage front mount pump with a 750-gallon a minute fire killing high pressure fog at 800 pounds.

With a minimum of men it will do a tremendous job of pumping as low as 10 gal. of water to the minute under high pressure with little water damage in a confined fire. Records indicate that 90-95% of all fires are extinguished while small. The tank will hold 600 gals. of water and with a one-inch booster line will be able to pump effectively for 50 minutes. If this fog pattern is hit on a hot surface it will reach its maximum efficiency by turning the fog into steam with a 1600-1 expansion, thus giving the equivalent of over 5000 gallons of water.

The pumper is Darley's best rural fire fighter and meets the needs of any community where water is a scarcity. It will be one of the finest and best-equipped in Frederick County.

The engine will carry a 300-gal. per minute portable pump which can be carried by two men and placed at a cistern or farm pond and water can be pumped to the engine for relay to a fire when the engine is not accessible to the water source because of mud, snow or no road available.

The company will carry about 2000 feet of 2 1/2-inch hose as well as the required 1 1/2-inch hose. The engine has passed the test of the National Board of Fire Underwriters and will be delivered Sunday, June 12. It will then be given a test by the Maryland Board of Fire Underwriters and the company will be given an A-1 rating by the Board of Fire Underwriters for Maryland.

The people of the Graceham and surrounding communities can be proud of this new service equipment and they are contributing generously to this worthy project. Donations large or small, are greatly appreciated. Call 271-2319 and your donation will be collected. They may also be mailed to the Graceham Vol. Fire Co. Inc., L. R. Sovocoll, Jr., secretary, Box 9, Graceham, Md.

The volunteers are members of the Maryland State Firemen's Association, the Maryland State Ambulance and Rescue Assn. and joined the Frederick County Firemen's Assn. in 1936.

Recently three members took the required number of hours in additional Civil Defense training in Radiological Monitoring and the Graceham Firemen will be monitors at this end of the county in case of atomic attack or any unnatural catastrophe. Geiger counters will be carried on the new truck and will be able to check for any radiological danger in case of wrecks with carriers of atomic energy. The firemen group worked with radio active cobalt 60 during this course. Radio active Cobalt 60 is very deadly in the atomic field and is used in the powerful hydrogen bomb.

Spring Concert Held At Public School By Glee Club

The annual Spring Concert at Emmitsburg High School was held Friday, May 27, at 2:15 p.m. The program was begun by the 40-member band, under the direction of Mr. Gary S. Smith. The selections included "Chester," "Concerto for Clarinet and Band," (clarinetist, Beverly Davis); "Slavonic Pageant," and "Blaze and Glory March."

The vocal section of the program was opened by the 60-voice Junior High School Glee Club, which sang, "The Lost Chord," "Every Night When The Sun Goes In," and "Rock-A-My Soul."

Following this group, three numbers were sung by a girl's sextet, a new organization at the school. The members included Susan Crouse, Elizabeth Wilhide, Rachel Watkins, Beverly Davis, Betty Tokar and Bonnie Saylor. The girls sang "Supercallifroglistivexpialidocious," "When I Was Seventeen," and "Chim, Chim, Cheree," and were accompanied by Marjory Richards.

The Senior High School Glee Club, with 60 members, appeared next, and sang, "Sinner, Please Don't Let This Harvest Pass," (soprano solos sung by Susan Crouse and Connie Burrier), "Hos-podi Pomiliu," ("Lord, Have Mercy on Us"), "The Three Bells," ("Jimmy Brown Song"), and "The

Donkey Serenade

The highlight of this year's program was provided by the final selections, "Unchained Melody," and "Climb Every Mountain," sung by bass soloist Cliff Eyer.

Both glee clubs were accompanied by Beverly Davis and were conducted by Mrs. Anne W. Deatherage.

Engaged

Doctor and Mrs. John Calhoun Wyrick announce the engagement of their daughter, Martha Lou Wyrick, of Texarkana, Texas, to Mr. Thomas Francis Hogan III, of Chevy Chase, Maryland. The wedding is planned for July 16 in Texarkana and the young couple will live in Washington, D. C., where Mr. Hogan will be in law and Mrs. Hogan-to-be will enter her third year of Medicine at Georgetown University. Mr. Hogan is the son of Dr. and Mrs. Bartholomew Hogan, well-known in Emmitsburg. Mrs. Hogan is the former Grace Gloninger, and Doctor Hogan a past Surgeon-General of the Navy.

through April 1966, a total of 119,553 young men volunteered for enlistment in the U. S. Air Force. Of these, 111,300 or 93.1 per cent were high school graduates. The majority of this year's Air Force recruits have been enrolled in technical training. Manpower needs of the Air Force continue to be met solely with volunteers during the present period of personnel expansion. For further information concerning the Air Force, contact Master Sergeant Ken Grimes at 1 East Church Street in Frederick, Maryland.

BABSON

Writes . . .

BY ROGER W. BABSON

Babson's Point of View On: De Gaulle's Policy

BABSON PARK, Mass., June 9, 1966—Twice in this century, France has been laid prostrate by German conquest. Both times—at tremendous cost in men and materials—the U. S. has been a mighty help in recapturing French soil from its de-

spoilers and in restoring French sovereignty. Why then does President de Gaulle so distrust us? Why is he so intent upon pursuing what seems to be an anti-American campaign?

The Secession From NATO

In both World Wars I and II, our efforts in behalf of France were veritable crusades, reflecting not only our horror of aggression but also our affection and our gratitude for the oldest of our nation's allies. Without French help there might well have been no successful end to the American Revolution. So it is that President de Gaulle's decision to have France withdraw from the North Atlantic Treaty Organization and to direct NATO officials to remove their military headquarters and bases from French soil not only surprises us, but hurts us deeply.

President de Gaulle is an ardent nationalist, a complex personality, a man of mystery. On the surface, it would appear that in his disenchantment with NATO he is obsessed with the idea of breaking up the whole alliance. Certain it is that NATO's operations will be severely crippled if France persists in her withdrawal . . . and especially if she should forbid NATO flights over her territory.

The Pilgrimage To Moscow

While de Gaulle's government and the 14 other powers belonging to NATO are busy jockeying for position as the withdrawal of NATO forces from France is arranged and accomplished, President de Gaulle himself will go to Russia. What he expects to accomplish there is not yet clear.

Of course, France and Russia do have two things in common: (1) A mutual mistrust of German power, and (2) a mutual interest in promoting Franco-Russian trade. Some observers claim that the de Gaulle visit to Moscow is in the nature of a pilgrimage, but many others find it hard to picture the French leader as a pilgrim seeking advice, or solace, or help. For all his isolationism, de Gaulle is not stupid. He knows very well that, in the larger sense and for the longer term, there can be no broad Franco-Russian accord. But de Gaulle is a realist, too, and he will be probing for the chinks in the Russian armor

and for whatever opportunities there may be to strike a short-term bargain that will at least have good propaganda value. What Price Glory?

By and large, Americans view de Gaulle's upcoming withdrawal from NATO as stemming from the man's stubbornness. Here in the States, the popular portrayal of de Gaulle is of a leader preoccupied by his own importance and by the grandeur of France. The glory of his nation's past is said to be ever present for him. His ambition to restore that glory ought not to be scorned. Would that America had more patriots of such caliber!

No matter how you view it, de Gaulle's decision to get out of NATO and to force the military arm of NATO out of France is a failure for U. S. diplomatic policy. It marks the beginning of a split in the Western alliance that makes the Communist world rejoice and that ought to make us uneasy. America's Opportunity

The postwar establishment of NATO was a significant diplomatic achievement. It was the right move at the right time. Also, it was eminently right that the young NATO should be dominated by the powerful U. S., since most of its other members had been sorely ravaged by the war. But the years have passed, and Western Europe—aided in great measure by the security and the opportunity provided by NATO itself—has grown strong in manpower and in resources.

De Gaulle should not be criticized for having perceived the shortcomings and the inequities of NATO in today's awakened and more sophisticated Western Europe. One day we may be glad he has now ruffled our feathers, for he has presented America with a challenge and an opportunity. NATO needs a new thrust, a new dimension, a more realistic power structure. What a chance this crisis provides for President Johnson who is so well versed in the

Air Force Enlistments Show Increase

Enlistments in the U. S. Air Force reached a record high in April, when 19,915 young men with no previous military service joined the Nation's Aerospace Team.

This one month's production broke the previous record set in January 1955, when 18,938 enlisted in the Air Force.

Although enlistments reached an all-time high in April, education standards of new recruits were not neglected. In April, 94.3 per cent of the enlistees were high school graduates, as compared to only 54.6 per cent in January 1955.

During the period July 1965

OUTDOOR SPORTING TIPS

Wax Guns
If you plan to handle guns a

great deal, wax, both stock and metal parts. The wax will keep fingers oils from rusting guns.
Crow Decoy
Shape a wire clothes hanger in the outline of Old Blackie and

pull an old black sock over it. Stick hanger hook out. Straighten and use as ground spike.

Rolling Sinker
A rolling sinker may gather no moss, but it doesn't keep your bait where you want it. Drive several nails through the sinker. No roll. **Patch Tent**

Carry a supply of "iron-on" patches with you camping. If tears or snags get in clothes or tent, heat a pot and use the bottom to iron on a patch.

Shine Spinners
Cigarette ashes will shine up tarnished spinners and spoons. **Chum Chum**

Want to catch more fish? Punch a hole in a can of the cheapest sardines you can buy and drag over the side. Oily slick will attract little fish, who attract bigger fish, who attract bigger fish, and so forth.

Spark Plugs
Surf fishermen in rocky areas use spark plugs as sinkers. Hammer electrodes together and wire on a short leader. If the plug snags, a sharp pull releases wire and brings back hooks and bait. **Water Boy**

Need to put water in your car radiator . . . but lack anything to carry it in? Pry off a hubcap and use that. Now why didn't you think of that?

Light Leader
If you have to fish around snags use a leader one half the pound test of your line. Then if you snag, the leader will break, not the line.

the ready. We do this by living each day in right relationship to God and to our fellowmen. We invest our time and abilities in serving our Master. We live expectantly in Christian hope.

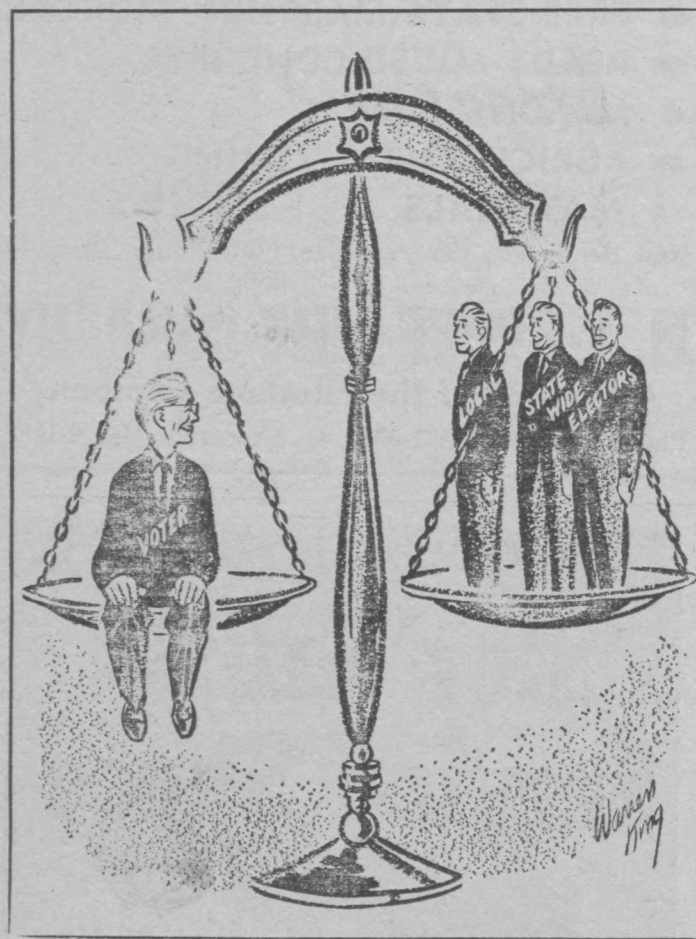

Prayer
We thank Thee, Lord, that Thou art preparing a place for us. As we set our hope to spend eternity with Thee, help us now to prepare by setting our house on earth in order. May we so live that others will see that our hope for eternal life is real to us. In our Savior's name. Amen.

Thought For The Day
How we live here has vital bearing on the life to come.

The Upper Room
© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read I Peter 1:13-21.
Set your hope perfectly on the grace that is to be brought into you at the revelation of Jesus Christ. (I Peter 1:13, ASU)
When we were sure we would soon be going to the United States to live, our life in the old country changed abruptly. We stopped buying household utensils and laying up groceries, fixing up the house and planting flowers. Instead, we looked for people to buy our furniture and to take over the house. We disposed of all surplus possessions. We put every penny we could on our boat fare. We prepared for the journey.
As Christians, our hope is not in this world. We have the promise of a better one. The gospel of God's grace has issued us our passport to heaven. Our ties with this world are temporary.
Since we do not know our sailing date, we must always be at

WOMEN'S HEALTH

By Elizabeth Stewart
Women's Medical News Service
Medical Field Offers
Bright Job Future

The job horizon for the current crop of high school graduates and for next June's and for many Junes to come is virtually unlimited in the medical service industry.

According to the Department of Health, Education, and Welfare, about one million more workers will be needed in this field in the

next decade in addition to doctors, dentists, and registered nurses. Emphasizing the rapid growth of this industry, the American Medical Association (AMA) points out that in 1950 it was the nation's fifth largest employment field; 10 years later it had jumped to third place; and by 1970 it may well be in first place.

The range of jobs is staggering: It includes such traditional positions as medical secretary and such 'far-out' ones as nuclear medical technologist. There are opportunities to work directly with people, or in laboratories, or with

complicated and sensitive machinery. On-the-job training enables young people to qualify for technical positions of all kinds.

A useful guide to career opportunities in this field can be obtained free of charge by high school and college students if they drop a card to the Program Services Department, American Medical Association, 535 North Dearborn Street, Chicago, Ill. 60610.

Service Promotes Family Stability

When Planned Parenthood home visitors called on women living in an impoverished area of Grand Rapids, Mich., offering information on family planning, they found a ready welcome awaiting them. As one woman, a mother of 10, expressed it, "Sometimes there just isn't enough love to go around." Many women said they wished such information had been brought to them years sooner, before the last six children had come along.

This experience was reported by Ray Tardy, director of a community action program in Grand Rapids, Mich. Mr. Tardy told a recent national conference on family planning in the nation's capital that one striking effect of family planning has been its "ability to stabilize the mental attitudes of many of its recipients."

Marital relations, he said, could be reinstated as an integral part of a healthy marriage and not be regarded as a trap leading to unwanted pregnancies and unwanted children, or to abortion. "In many homes," Mr. Tardy noted, "the mere anticipation of a possible pregnancy without a choice has caused repeated family breakdowns."

Allergic Perils In Primping

So long as women remain women they will anoint themselves with sweet-scented perfumes and will use a variety of cosmetics to enhance their charms. But sometimes danger lurks for the unwary user. California dermatologist Kenneth H. Burdick reported recently that some women broke out in a rash when they wore certain perfume in bright sunlight. Certain perfumes, he noted, are compounds that produce phototoxic reactions. These start as redened areas that then turn to darkened skin spots which may last several months. The solution: Switch perfumes, or reserve them for night-time use, or use

them under covered areas.

Dr. Paul M. Lazar of Highland Park, Ill., reported that nail hardeners containing the chemical, formalin, may cause a painful allergic reaction in some women. One woman was startled to find that after using a nail hardener her nails suddenly turned blue, hemorrhages having occurred beneath the nails. They were so tender she couldn't put on gloves. According to the physician, medicines had to be prescribed to settle the acute pain and stop the allergic reactions. Nail and skin changes lasted for six months.

SOCIAL SECURITY NEWS

6,800 people in Frederick County received a total of \$5,600,000 in social security benefits in 1965, W. S. King, social security district manager in Hagerstown, revealed this week, an increase of \$714,000 and 235 people over the year before.

A large part of the increase in payments resulted from changes made by the social security amendments of 1965, King said. Those changes which were in addition to the new program of health insurance for the aged, included a 7% increase in monthly benefits retroactive to January 1965; benefits for widows as early as 60; benefits for full-time students between 18 and 22; benefits for some divorced women; benefits for some people over 72 who hadn't worked long enough to get social security before; and the payment of disability insurance benefits to workers who are unable to work because of a disability that lasts 12 months or more.

"In addition to the people who began getting benefits in 1965 because of these changes," King continued, "a good many older people who, upon applying for medicare, found they were eligible for regular social security bene-

fits, too. All in all, the 1965 figures for Frederick County include 3530 retired workers, 270 disabled workers and their families, and 1968 wives and children of retired, disabled, or deceased workers. The average monthly social security retirement benefit for Frederick County beneficiaries amounted to \$77.75 in 1965."

"These figures," King said, "show how wide the protection offered by social security has become. Just about every man, woman, and child in Frederick County has in social security the assurance that loss of income because of retirement, disability, or death will not result in destitution—and now with medicare everyone

NOTICE TO BIDDERS

The Board of Education of Frederick County will receive sealed bids for Alterations & Additions to Frederick High School, West College Terrace, Frederick, Maryland.

All bids are due at the office of the Board of Education of Frederick County, 115 East Church Street, Frederick, Maryland, not later than 2:30 P. M. Eastern Daylight Time, Wednesday, June 22, 1966, at which time and place they will be opened and read aloud.

The successful bidder will be required to furnish satisfactory performance and payment bonds. Bid bond or certified check in the amount of at least ten per cent (10%) of the Base Bid shall be submitted with each bid.

Drawings and specifications including Form of Proposal may be obtained at the office of the Board of Education of Frederick County, and a deposit of Fifty Dollars (\$50.00) will be required for each set of the documents so obtained, the deposit to be refunded upon return of the documents in good condition not later than ten (10) days after the date of opening the bids.

The Board of Education of Frederick County, Maryland, reserves the right to reject any or all of the bids. It is understood that no bid may be withdrawn for a period of thirty (30) days from the opening date.

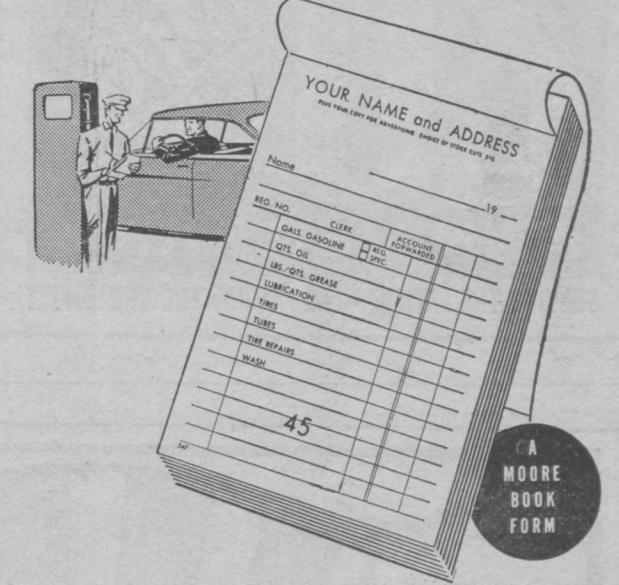

The Board of Education of Frederick County
JOHN L. CARNOCHAN, JR.

LEGAL

NO. 21,334 EQUITY IN THE CIRCUIT COURT FOR FREDERICK COUNTY, MARYLAND

REX K. BLOOM
112 Frederick Avenue
Frederick, Maryland

Vs.

TWILA J. BLOOM
1000 North Pine Street
Wamego, Kansas 6547

ORDER OF PUBLICATION
The object of this proceeding is to procure a divorce A MENSA ET THORO by the Plaintiff, Rex K. Bloom, from the Defendant, Twila J. Bloom, and for such other and further relief as the nature of the case may require.

The Bill states in substance, that the Plaintiff is a resident of Frederick County, State of Maryland, and has been so for more than one year last past; that the last known address of the Defendant was 1000 North Pine Street, Wamego, Kansas; that the Complainant was married to the Defendant on April 17, 1961 in Denver, Colorado before a duly commissioned Justice of the Peace in accordance with the laws of the State of Colorado; that as a result of said marriage one child was born, namely, Shawn Michael, aged four, who is presently in the care and custody of the Defendant; the Bill alleges that although the conduct of the Complainant toward the Defendant, Twila J. Bloom, has always been chaste, dutiful and affectionate, the Defendant, Twila J. Bloom, between the time of the said marriage and the filing of the Bill of Complaint, without just cause or reason, abandoned and deserted the Complainant on May 16, 1966 and is deliberate and final and the separation of the parties to this cause is beyond reasonable expectation of reconciliation.

It is thereupon, this 1st day of June, 1966 by the Circuit Court of Frederick County, in Equity, ORDERED that the Plaintiff, by causing a copy of this Order of Publication to be published for at least four consecutive weeks prior to the 9th day of July, 1966, in some newspaper in Frederick County, Maryland, giving notice to the Defendant, Twila J. Bloom, of the object and substance of the Bill of Complaint and warning her to be and appear in this Court, either in person or by Solicitor, on or before the 9th day of August, 1966, to show cause, if any she has, why the relief sought should not be granted.

No Retreat In Viet Nam
All the sound and fury of the

mammoth Communist thought-shaping apparatus, used so effectively within America in every major advance in the Red's international conspiracy to take over the world, is being brought to bear upon our nation's involvement in the Viet Nam war. Gus Hall, top U. S. Communist, hardly created a stir five years ago when he filled *The Worker* and other U. S. Communist pub-

lications with the opening demands that the U. S. "get out of Viet Nam."

This was the kick-off of the full-throated propaganda campaign to get the U. S. out of South Viet Nam so the Reds could take it and be virtually unmolested as they overran the rest of Southeast Asia. In the beginning Hall and his U. S. Communists had few allies among Americans with influence in their battle for U. S. withdrawal from Viet Nam. Now they have powerful allies in this objective. Today such persuasive voices, such as massive, organized agitation and such potent political forces are allied with the mounting clamor for U. S. withdrawal that World Communism may be on the verge of achieving another major victory disastrous to the free world.

Our Nation Condemned
Even the Chairman of the U. S. Senate Foreign Relations Committee has publicly demanded formal recognition of Red China, the recognition of the Red forces in Viet Nam as "equals" in the politics and government of South Viet Nam and worthy of inclusion in a coalition government. To the delight of Gus Hall and the American

Communists dedicated to the overthrow of our nation by force, the Foreign Relations Chairman has gone further. He has condemned the United States for much of what it has been trying to do in South Viet Nam.

It is an astonishing development and it is symptomatic of a deep running current within our Government. Some sources of information in Washington have come upon evidence of a "Dove" breakthrough in Administration quarters which previously have been bolstering President Johnson's firm stand against the appeasers and fright-mongers.

The "Lost Cause" Band Wagon
Some of the same forces which burrowed into thought-making and policy-making channels of our governmental leadership and caused the U. S. to withdraw its controlling forces from the Dominican Republic at a time when the Communist apparatus there had almost been crushed, now are at work on a much broader plane and with much higher stakes—in the mammoth campaign to pull American forces out of South Viet Nam.

Reliable sources in Washington report that some influential people in key positions in departments and agencies involved in foreign policy and military decisions have "at long last" concluded that the U. S. war to dislodge the Reds in South Viet Nam is "a lost cause." They assess the continuing war as a severe political liability for the party in power and they are quietly working on various face-saving devices that would "prepare" the American public for "disengagement" (at first), then withdrawal. An "election," with the Communists maneuvering to win a big vote, would climax the withdrawal campaign.

Source Close To Home
My informants say that at least some of the Buddhist agitation for "elections" and some of the general chaos brought on by Buddhists and camp-following Reds in Saigon have roots in U. S. Government circles in Washington—such as existed during the Buddhist uprisings prior to the killing of President Ngo Dinh Diem. The agitation for elections and the "hopeless"

complexion painted upon the Viet Nam problems by a parade of witnesses before the Senate Foreign Relations Committee (with extraordinary TV coverage) tend, whether deliberately planned or not, to expand in the public mind the idea that America should withdraw.

Such withdrawal at this time would be tragic and extremely costly mistake for America. Any "popular" elections at this time would be playing squarely into the hands of the Communists who are masters at controlling the masses, stirring emotions, and using intrigue and deception to gain their ends. Viet Nam has become a battle ground on a world stage. We have the military resources and the know-how to win. Our people have the will to win. Our cause is righteous. The American people must demand the crushing of the evil force arrayed against us in South Viet Nam, and we must under no circumstance be stampeded into retreat and withdrawal.

Laurel Raceway Going 'Grand Circuit'

Laurel Raceway is going "Grand Circuit" for the 19th annual trotting and pacing meet, June 20 through July 26.

The major league of harness racing will prevail for the first six nights of the 32-night season, assuring area racing buffs a top-notch week of record-reaching action.

President and General Manager Richard H. Hutchinson, Jr., added the attractive Grand Circuit to provide the finest in trotting and pacing over the million dollar five-eighths mile Tratan track which last year in its inaugural season boasted two two-minute miles.

It puts Laurel on a roster with 20 other top harness tracks from coast-to-coast.

Stakes which will be highlighted during Grand Circuit week are the \$10,000 (est.) Atlantic Seaboard Circuit pace; the \$7,500 (est.)

A 25th Anniversary Salute

to the 500,000 star-spangled Americans who work for this country's security without pay

The U. S. Treasury Department sells about \$4½ billion worth of Savings Bonds every year.

Yet no one ever tries to sell you Bonds on the phone. Though you rarely see them, there are about ½ million patriotic Americans who will help you buy Bonds. Have been, since the first Series E Savings Bond was issued 25 years ago.

Your banker, for instance. He'll give you folders and facts, issue your Bonds, make certain they're properly registered, cash them when the time comes.

Your employer and thousands of other employers who have set up the Payroll Savings Plan are also on the team. So are the officials of your union who have endorsed Bonds.

There are many others. Like your neighbor, the advertising man, and the radio, TV, poster, magazine and newspaper people he works with.

All of these volunteers work for the Bond program without pay.

You can do your part, too. Buy U. S. Savings Bonds.

Now pay 4.15% when held to maturity

Buy U.S. Savings Bonds

The U. S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.

CONSTRUCTION BEGINS ON NEW CHRISTIAN SCIENCE "CHURCH CENTER"

First stages of land clearance were initiated June 6 for the expanded 15-acre headquarters of Christian Science, as members gathered from around the world for their Annual Meeting in "The Mother Church," shown in the center of this planning model. New details in the plan by I. M. Pei & Associates call for a block-long reflecting pool covering an underground garage, a 26-story Church Administration Building (lower right, scheduled for completion in 1969), and more space for auxiliary facilities in the long colonnaded building extending to the right of the original church. Also pictured are the existing Publishing House and proposed new apartment buildings surrounding the Center.

SPORTS AFIELD
By Ted Kesting

In the United States there are 115 species of snakes, and only 19 of these are dangerous to man. Fifteen of these 19 species are rattlesnakes; one is the copperhead; one is the cottonmouth moccasin and two are coral snakes. From 1,000 to 1,500 people are bitten by venomous snakes in the United States each year, with from 14 to 30 resultant deaths. Sixty per cent of these deaths are due to the bites of rattlesnakes.
While in snake territory, use common sense. If you are hiking or climbing in country where rattlesnakes are known to be abundant, you should wear protective clothing. Records indicate that 98 per cent of the bites from venomous snakes occur below the knee or on the hand or forearm. "The hiker should wear knee-high boots or leggings, and he should never place his hands on a rock or ledge above eye level," states Janet H. Alexander in an issue of Sports Afield Magazine. Remember to keep your hands out of brushy places; and remember to use your eyes. It is not true that a rattler will always rattle before striking, nor is it true that a snake can't bite underwater. Rattlesnakes may strike at a quick movement, and they are very sensitive to the

body warmth of a nearby warm-blooded creature. A rattler can rise one half of his length and strike in 1/24 of a second!
Most of all, remember that nearly all snakes are harmless, and because of the unpleasant creatures they eat, they may be beneficial to man. The caduceus, a winged staff with two coiled snakes, is used as our symbol of medicine because the ancient Greek believed that snakes had power to heal. The poisonous ones may well become a great source of healing for all mankind. Cottonmouth venom is used as a blood coagulant, and other venoms are useful in medical research, especially for cancer, nerve disorders and epilepsy.
Fear of snakes is a poor reason for a person not to enjoy the great outdoors. Learn to recognize our poisonous snakes, and don't forget the admonition well illustrated by our first American flag—showing a coiled rattlesnake and bearing the words DON'T TREAD ON ME.

Rev. James T. Delaney and Rev. James F. Kelly are visiting Father Kelly's parents, Mr. and Mrs. James Kelly, Miami, Fla.
Mr. Ralph F. Irelan is spending some time visiting his son-in-law and daughter, Mr. and Mrs. Jack Diamanti, New London, Conn.
Mrs. Walter Peppler has returned to her home here after wintering with her son-in-law and daughter, Mr. and Mrs. George Combs, Alexandria, Va.

YOUR PERSONAL HEALTH

Medical Career
Does your son want to study medicine? Or your daughter?
For the aspiring student, a medical career offers many opportunities — private practice, research, teaching, administration, occupational health, school or college health, public health, foreign service, or the armed forces. Each opportunity requires different talents and abilities. Four personal traits, however, are musts, no matter what specialty a medical student chooses, says a new leaflet of the American Medical Association.
1. Intellectual curiosity. A medical student must expect to be a lifelong student. Modern research and the rapid advances of modern medicine continually challenge a physician's intellectual curiosity. As human horizons stretch into space, medical knowledge must expand accordingly.
2. Concern for people. Concern

for people is the dynamic of medicine. A student must possess a compassion for people that includes understanding of human needs and fears.
3. Good health. A medical career, as well as the preparation for it, makes strenuous demands upon a physician. Students must be equipped to withstand the physical and emotional stresses of long working hours and mental pressures. The profession requires good health.
4. Tenacity. A medical student must be prepared to devote ten years or more, with minimal income, to formal education. Only a conscientious, tenacious student can meet these educational demands with high scholastic achievement.
Medical school is the first of many challenges in the medical profession. "Physician" is more

Cardinal's Money Drive Nears End

The Cardinal's Campaign of the Archdiocese of Baltimore has passed the \$9,000,000 mark toward its minimum goal of \$11 million, the Most Reverend T. Austin Murphy, Auxiliary Bishop of Baltimore and Coordinator of the Campaign, announced this week. Bishop Murphy made the announcement at a special Pastor's Report Meeting held recently at the Catholic Center, 320 Cathedral Street, Baltimore. The special meeting was called to give the pastors of each of the 159 parishes and missions of the Archdiocese an opportunity to report personally to Cardinal Shehan, Bishop Murphy and the Campaign leadership on Campaign progress to

date in their parishes. Funds pledged to the campaign totalled \$9,169,791, according to reports by the pastors and five special committees. The parochial phase of the Campaign, which has been under way since May 15, has brought in \$6,513,632 in pledges from 25,000 persons and families throughout the Archdiocese. In addition, five special committees have raised a total of \$2,644,994 in 407 gifts from individuals, business and industry. Fourteen miscellaneous gifts added \$11,165 to the grand total.

Miss Nora Ann Ligorano, daughter of Mr. and Mrs. Francis X. Ligorano, is a patient at Wilmer Eye Institute, Johns Hopkins, Baltimore, where she is undergoing treatment for an eye disorder.

GI's Befriend Orphans; Conduct Clothing Drive In Emmitsburg

The G.I.'s stationed at Phu-Lam, South Viet Nam have taken under their wing, the orphanage at Hoi Duc-Ahn. Every payday they give their money to feed the children unlovely enough to be there. Maybe I should say 'lucky' enough to be there. There are hundreds of them just roaming through the villages and jungles that have no one at all. No one in which they could turn to for food or clothing or medical care or just plain love. These G.I.'s can't get the clothing which the children need so badly. And so, they are asking you, the people of Emmitsburg to help. Surely you have some clothing that your children have outgrown that these children can use and need so desperately. There are 450 of these children at this one orphanage with only one woman (Mamasan) to take care of them. The older ones do their share by helping to take care of the infants, of which there are many. These children do not understand war, or politics, or even what has happened to them. They do not understand why their own government doesn't have the money to take care of them. They only

know that growing up is awfully tough to do when you are all by yourself with an empty stomach. What they are learning is that a bunch of American G.I.'s spend their money to feed them and spend their free time at the orphanage trying to make them smile and laugh again as they once used to do so long ago (or was it just last month). It's so hard to remember under the circumstances. These children are learning to love the Americans who have opened their hearts to them so generously. Let us, the people of Emmitsburg, show them that ALL Americans are loving, generous people. Please give all the good usable clothing you can to these children. Every size from infant through teenager. Shoes, socks, underclothing, jeans, shirts, dresses. They need everything. Please remember that the temperature never gets much below 70°, so winter clothes won't do. Please help me to make this a project that the whole Town of Emmitsburg can be proud of. For information call Mrs. Dan Culbreath, 457-2565. Dr. Carter's Emmitsburg Pharmacy will be the pickup point for the clothing drive locally.

Gets Grant

Mount Saint Mary's College has received a National Science Foundation matching grant of \$2,000 for the purchase of instructional scientific equipment. The grant, under the direction of John W. Richards, Ph.D., chairman of the Mount's Science Department, will be matched by college funds for additional equipment in the recently constructed Coad Hall of Science.

Postoffice Exam

Applications are being accepted for future openings at the Emmitsburg Post Office. The successful completion of the Clerk-Carrier examination will make the applicant eligible for appointment in other Frederick County Post Offices as well as Emmitsburg. Clerk-Carrier positions are open to both men and women with a starting salary of \$2.57 per hour. Applications are available at any Post Office.

RECEIVES DEGREE

Miss Katherine A. Richards, daughter of Mr. and Mrs. John W. Richards, R1, received the degree of Bachelor of Arts at commencement exercises held at Western Maryland College, Westminster, on Monday, June 6.
 Miss Richards was graduated summa cum laude. Earl F. Miller, Jr., also received the Bachelor of Arts degree at the exercises.

Arrives In Japan

SP/5 and Mrs. Joseph L. Topper and daughter, Tammy, have arrived at Chitose, Japan for a two-year tour of duty with the armed forces. The family drove to California and flew to Japan. Mrs. Topper is the daughter of Mr. and Mrs. Vernon Barbe, Rocky Ridge. Mr. Topper is the son of Mr. and Mrs. Daniel Topper, Emmitsburg.

VFW AMBULANCE

Mrs. Lester Fox and Ralph S. Tabler were transported to the Warner Hospital, Gettysburg, this week via the VFW ambulance. Drivers were Michael Boyle and Donald Byard.

CHARLES P. MILLER

Charles Miller, 78, known to his friends as "Pete," died at his home, Thurmont R2, Friday. He was a lifelong resident of Frederick County, and a son of the late Christopher Miller and Jane Eyer Miller. He was the widower of Mrs. Margaret Wetzel Miller, and a member of St. Anthony's Shrine Catholic Church. He leaves a stepson, Melvin J. Wetzel, of Thurmont R2; a brother, Irvin Miller, Thurmont R2, and a sister, Mrs. Emma Wills, Emmitsburg R1. Funeral services were held Monday morning in St. Anthony's Catholic Church with the Rev. Vincent J. Tomalski officiating. Interment was in the new St. Joseph's Cemetery, Emmitsburg. Pallbearers were Carroll Wills, Lawrence Ott, Francis Miller, Lester Miller, Brook Miller and Larry Miller. Wilson Funeral Home, Emmitsburg, was in charge of arrangements.

To enhance appearance and to resist corrosion, more than 25 pounds of nickel stainless steel are used in an average automobile for such application as wheel covers and moldings for windows and rocker panels.

Mr. Dean J. Sprague, W. Main St., has returned to his home here after visiting his parents, Mr. and Mrs. L. R. Sprague, Cadillac, Mich. Since 1905, the world's leading source of nickel has been the Sudbury District of Ontario.

Fatals Increase

Ten persons were killed on Maryland highways last week according to the weekly survey published by the Maryland State Police. Six of those killed were drivers; two were passengers; and two were pedestrians. Alcohol was a contributing factor in two of the deaths; speed in three; and "driver error" was present in all but one of the fatalities. Maryland's 1966 highway death toll is now

forty-four more than for the same period last year. "In serious accidents investigated by the State Police last week, twelve of the twenty-seven persons killed or injured had seat belts available," commented Col. Carey Jarman, Superintendent of the Maryland State Police, "and yet only one person actually had the belt in use and the investigator is of the opinion that this did lessen the seriousness of the driver's injuries."
