Most Anything At A Glance

BY ABIGAIL

Emmitsburg had the dubious honor of being the driest spot in the state of Maryland in June. This statement is factual and can be backed up by the U. S. Dept. of Agriculture as shown by its monthly weather release. Emmitsburg was the only town listed with a (T) behind its name. This particular (T) stands for trace. There was no precipitation recordings as was the case of the many other communities listed. Just what a trace signifies I don't know as I don't understand Weather Bureau lingo. I imagine however, that the trace is about a drop, too small to measure. The maximum temperature was 98 degrees with a low of 54 recorded during the month.

As the drought and the searing temperatures continue there is little if any hope for seasonal crops now under cultivation. Shrubbery and trees are beginning to show the effects of the prolonged drought and heat and many home owners will have to spend considerable sums of money to replace these in future years. The corn crop, in the midst of the important pollination period, needs moisture badly and it is even questionable now if rain would help the crop. There is some talk here by farmers that they will stop planting corn here and devote their time and ground to the cultivation of winter crops such as wheat and other related grains which can be harvested before the annual summer drought sets in. Others talk of irrigation, etc. It really is a bad situation all around and cattle dealers and dairymen are facing a rugged period.

Along with the drought theme, residents are warned not to burn anything outside. The Burgess and Commissioners and Fire Co. this week asks all citizens to heed this warning. With the ground so dry and dead grass all around it is extremely hazardous to attempt to burn anything outside. The cooperation of the public is asked in this matter. As to the water ban, it is still in effect and residents are cautioned to use the product sparingly in their homes. Reserves are ample at this time but it is the intention of the governing fathers to keep these reserves as long as possible as it has every indication of being a summer-long drought.

MISS MARY G. ECKENRODE

Miss Mary G. Eckenrode, 88, of St. Anthony's, died Friday morning at her home. Born in Frederick County, she was a daughter of the late Henry and Margaret Roddy Eckenrode.

She was a life-long member of St. Anthony's Catholic Church and a member of the Sodality of the Virgin Mary. Surviving is one sister, Miss Bertha R. Eckenrode, at home.

Funeral services were held on Monday morning with a requiem mass at 10 a.m. with the Rev. Fr. Vincent J. Tomalski officiating. Interment was in the church cemetery. Creager Funeral Home, Thurmont, was in charge of arrangements.

Hold Warren Services

Funeral services for Guy W. Warren, Emmitsburg, who died last Tuesday morning at the Annie Warner Hospital, Gettysburg, were held Friday afternoon at the Wilson Funeral Home, Emmitsburg. The Rev. W. Ronald Fearer and Rev. John C. Chatlos officiated. Interment was in the Fairfield Union Cemetery. The pallbearers were Ira McClain, Robert Rosenwald, David Ohler, Charles Linn, Edward Warren and Theodore Kane.

Democrats Call Special Meeting

Democratic Central Committee Chairman Clarence E. Hahn has announced a special meeting of the Emmitsburg committee to be held in the Fire Hall Tuesday evening at 7:30.

All committee members and precinct chairmen are asked to be present at this meeting.

Richard and Harry Green, Jr., sons of Mr. and Mrs. Harry J. Green, Sr., have returned home from a week at Camp Mar-Lu-Ridge, Jefferson, Md.

Local Man \$1,000 Winner

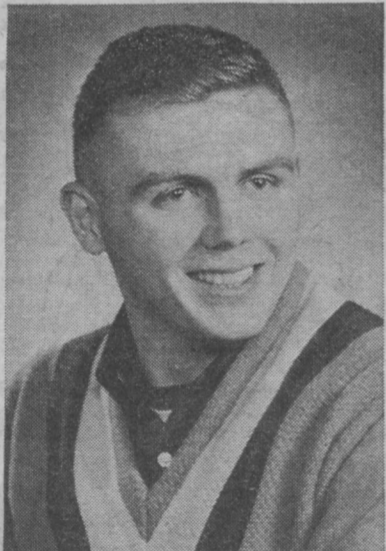

Toss Shorb was the lucky recipient of a \$1,000 award Tuesday. Toss was naturally highly elated when he heard his name come over the radio during the baseball game in Baltimore Tuesday night. The Home Run Derby is sponsored by the National Brewing Co. Frank Robinson hit the winning homer in the fourth inning against Detroit to make Toss the lucky winner.

Valentine Boys Make Dean's List

Douglas and Jeffrey Valentine, sons of Mr. and Mrs. Ray E. Valentine of Rocky Ridge, made the Dean's list at the University of Maryland for the semester recently completed.

To make the Dean's list, a student must achieve at least a 3.5 academic average out of a possible four points.

Douglas has completed his junior year at the University while Jeffrey ended his freshman year. Both are graduates of Emmitsburg High School.

Youth Injured By Gun Blast

David Daniel Mort, 15, Fairfield R2, was admitted as a patient at the Warner Hospital, Gettysburg, Tuesday night suffering from gunshot wounds of the abdomen.

State police, who said they are continuing their investigation, said the youth was working in a workshop at the rear of his home near the Maryland State line on the Tract Road when a .22 calibre rifle accidentally fired. The bullet caught the youth in the left part of the abdomen.

He is a son of Mr. and Mrs. John M. Mort.

IN VIETNAM

Army PFC Ray G. Brown, son of Mr. and Mrs. Morris A. Brown, R2, Emmitsburg, was assigned to the 1st Cavalry Division in Vietnam, June 29.

Brown, a mechanic with Company B of the division's 228th Aviation Battalion, entered the Army in August 1965, received basic training at Fort Gordon, Ga., and was last stationed at Fort Eustis, Va.

The 21-year-old soldier is a 1963 graduate of Emmitsburg High School.

Firemen Plan Summer Feast

President James Fitzgerald presided over the regular monthly meeting of the Biglantz Hose Co. held last Tuesday night in the Fire Hall. Twenty-nine members were in attendance.

Chief Guy R. McGlaughlin reported seven fires handled since the last regular meeting. Four were field fires and three were small grass fires. Thomas White and John J. Hollinger, co-chairmen of the financial drive, reported results fairly good at this time but there were still quite a few who haven't as yet sent in donations. Members assigned to solicitation routes were asked to turn in their collections as soon as possible.

The building committee reported that the ramp in the rear of the building has been completed and is proving useful. The firemen are appreciative of the kindness of Elmer Ohler for the use of his cement mixer used while making the ramp. The firemen are also thankful for an exhaust fan donated by Charles Hartdagen and installed by Sterling White. The building committee also reported that the building has been painted in the interior and is desirous of thanking Eugene Myers for his donation of the paint used.

Donnie Byard, Terry Myers and Mike Orndoff volunteered to repair the recreation room and repair any equipment that might be necessary. John J. Hollinger, chairman of the delegation to the State Convention in Ocean City, gave an interesting account of the affair. President appointed Michael Boyle, John J. Hollinger and George L. Danner as a by-laws review committee which is scheduled to make a report at the September meeting. The firemen named Paul E. Humerick as janitor and custodian of the hall.

Richard Sprankle, Charles Hartdagen and Harry J. Green were named as a committee to set the time, date and place for the annual summer feast and the date will be announced at the August meeting. The refreshment committee for the August meeting will be Thomas F. Saylor and Terry Myers. Seventeen members attended a pump practice at St. Joseph College on July 19.

The Company was called to the Herbert White property north of town Wednesday afternoon at 12:30. A large section of a grass field was destroyed by fire which was quickly brought under control by the firemen.

Mrs. B. P. Ogle has returned from a visit with her nephew, E. C. Homes and family in Arlington, Va.

Mr. and Mrs. John Fuss have returned home after a month's vacation to Yellowstone National Park and the West Coast.

Mr. Dean J. Sprague is vacationing for two weeks in Canada.

Miss Vicky Long has returned home after visiting with her uncle and aunt, Mr. and Mrs. James Nickolas and family, Westminster.

Miss Shook Is Bride Of Thomas Humerick

Miss Glenda Jean Shook and Thomas William Humerick were married June 18 at 12:00 in Our Lady of Mt. Carmel Church in Thurmont. Reverend Edward V. Echle officiated at the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Herman D. Shook of Thurmont, and the bridegroom is the son of Mr. and Mrs. John G. Humerick of Emmitsburg.

Escorted to the altar on the arm of her father, Miss Shook presented a delightful picture in alabaster taffeta. The moulded bodice was overlaid with exquisite rose-patterned lace that traced the square decolletage in dainty hand clipped scallops embroidered in seeded pearls and fanned out to enhance the demi sleeves. Unpressed pleats opened the full length skirt to a lovely A shape to be finished in the back with a charming bustle and chapel train. A queen's crown of lace topped by pearl filigree and iridescent crystal held her bridal veil of silk illusion that fell in soft folds to the tip of her train. She carried a teardrop bouquet of soft yellow roses with trailing ivy.

Miss Dorothy E. Humerick, sister of the groom, was maid of honor. She wore a yellow floor length gown of silk brocade fashioned with a scooped neckline and demi sleeves. To accent, she wore a sheer yellow picture hat trimmed in velvet ribbon. She carried a basket-bouquet of daisies with trailing ivy.

Bridesmaid and matron were Miss Cathy E. Shook and Mrs. Michael W. Shook. Their attire was identical to that of the maid of honor.

William Zimmerman was the best man and ushers were Dennis Martin and Tom Seiss. Mr. H. Kenneth Shook was the soloist.

The mother of the bride wore a yellow two piece suit of silk knit with white accessories and a corsage of white roses. The bridegroom's mother wore a lovely dress of green ray silk, and she too had white accessories and a corsage of white roses.

Following the ceremony a reception was held in the Colonial Banquet Room of the Mt. Manor Restaurant in Emmitsburg.

Mrs. Dennis Martin handled the guest registry, while Miss Audrey Warthen and Miss Linda Kelz assisted with the gifts. Mrs. Paul Wireman cut and served the five tier wedding cake.

Miss Audrey Warthen, employed by Mt. Manor Restaurant, was pleasantly surprised one day last week when she met Richard Boone, television star of Have Gun, Will Travel. Boone stopped at the restaurant to eat and Miss Warthen served him. He autographed items for her and gave her his card, Have Gun, Will Travel.

Mr. and Mrs. George Methee, Arlington, Va., visited with Mrs. Methee's parents, Mr. and Mrs. Paul Sherwin and family, over the weekend.

TV Star Here

Miss Audrey Warthen, employed by Mt. Manor Restaurant, was pleasantly surprised one day last week when she met Richard Boone, television star of Have Gun, Will Travel. Boone stopped at the restaurant to eat and Miss Warthen served him. He autographed items for her and gave her his card, Have Gun, Will Travel.

Mr. and Mrs. George Methee, Arlington, Va., visited with Mrs. Methee's parents, Mr. and Mrs. Paul Sherwin and family, over the weekend.

Little League All-Stars Gear For Monday Action

Emmitsburg Little League All-Star selections are shown above. The "cream of the crop" will go into action against Frederick Monday night. Members of the squad are shown, front, l-r, Chris Warthen, John Ott, Charles Poulson, Jeff Wierman, Marc Houck, Mike Wivell and Dale Shields. Rear, l-r, Doug Long, Kenny Williams, Jimmy Saylor, Art Damuth, Manager; Bob Seidel, Jeff Sanders, Jerry Joy, Coach; Richy Adelsberger and Steve Hobbs.

Managers Arthur Damuth and Jerry Joy have named 14 players to continue on Wednesday, meeting the winner of one of the other games. Winners will then go on to area state, regional and finally to the Little League World Series in Williamsport, Pa. the week of August 22.

The local team will receive its first test in the tourney when it meets the Frederick American All-Stars Monday evening at 6 o'clock.

Carnival Enters Final Nights

The Indian Lookout Sportsmen's Carnival approaches its final nights of activity and comes to a close Saturday night. Just two big nights remain, Friday and Saturday.

Starting Monday night the Carnival has played host to fairly good crowds despite torrid temperatures and there is no question but that the affair will be a financial success.

On Saturday night, the closer, a quarter of fine beef will be awarded to some lucky person. Rides and amusements will continue to entertain the customers the final two nights.

Tonight's entertainment on the bandstand will be the popular Carroll County Ramblers and the final night, Saturday, will see the Moon Liters performing. Proceeds of the affair will go to the club's improvement fund.

Miss Rodgers Is Harney Beauty Winner

Miss Alice Rodgers, daughter of Mr. and Mrs. Clarence Rodgers, Emmitsburg R2, was named "Miss Harney 1966" at the annual competition last week at the Harney firemen's carnival.

The new "Miss Harney" received her crown from Miss Deane Fissel who won the honor last summer. She also received a \$50 prize.

First runnerup in the competition was Miss Diana Stitley, Harney, who received \$25 and the second runnerup was Miss Connie Mummert, Taneytown, who received \$15.

Other contestants included the Misses Delores Eckert, Taneytown R2; Eleanor Haines, Taneytown R2; Janie Koontz, Emmitsburg R2; Ellen Ridinger, Taneytown R1 and Ruth Sanders, Taneytown R2. Each received a \$5 award.

Miss Chatlos Essay Contest Winner

Sheila Chatlos, daughter of Rev. and Mrs. John Chatlos, Emmitsburg, first prize winner in the First Annual Port Welcome Essay Contest, had an unexpected treat as her check was presented by television star, Bob McAllister. Sheila is a student at Emmitsburg Elementary School. The essay contest was open to all students who tour the Baltimore harbor aboard the Port Welcome. The Bob McAllister Show is held aboard the Port Welcome each Friday at 2 p.m.

Bitten By Dog

Kathlyn Baker, 4, daughter of Mr. and Mrs. Thomas Baker, Taneytown R2, received treatment last Thursday at the Warner Hospital, Gettysburg, after being bitten in the face by a dog at her home.

Rev. Fr. Wetzel, Lowell, Mass., is visiting with his mother, Mrs. Nora Wetzel. In the fall Father Wetzel is being transferred to a parish in Georgia.

K. Of C. 1860 Meets; Committes Are Named

The regular meeting of Frute Council 1860, Knights of Columbus, was held in the Council Home Monday night with Grand Knight Arthur Elder presiding.

A family picnic was discussed and it was decided to hold the event in conjunction with the State Councils at Pikesville, Sept. 11. District Deputy Paul A. Keepers announced the first degree will be exemplified here at the August meeting. The grand knight announced the semi-annual audit will be held on July 29.

Standing committees for the ensuing year were named as follows: General program chairman, Eugene R. Rosensteel; chaplain, Rev. Robert S. Grace; lecturer, Rev. Carl J. Fives; Catholic activities, Robert A. Seidel, Sr.; Council activities, Carl A. Wetzel; Fraternal activities, Everett Chrimer; Membership and insurance, John G. Humerick; Public relations, Martin T. Golibart; Youth activities, George L. Danner.

Church Picnic Is Scheduled

The annual picnic for the Incarnation-St. James Charge of the United Church of Christ will be on Saturday, July 30, at Mt. Tabor Park in Rocky Ridge. The picnic supper will be served cafeteria style at 6:30 p.m. Each family is requested to bring the following items: meat (hot dogs and/or hamburgers), a covered dish of food, iced tea or lemonade, rolls or bread, and place-settings (including cups) for each person. The picnic committee will furnish the following: tablecloth and napkins, potato chips, pickles, ice cream and home-made cake for dessert.

A Hymn Sing and informal program will follow the supper. Various members of each of the two churches of the charge will offer their talent for the informal program. Mrs. Anna Margaret Martin will serve as the song leader and Mrs. Audrey Glass will be the pianist. An offering will be received during the program to help defray the cost of the park rental, ice cream, and other incidental expenses. The ice cream and home-made cake will be served following the short program.

Members of the picnic committee are as follows: Mrs. Eric E. Glass, Alvey A. Kline, Mr. and Mrs. Harry Swomley, Jr., Mrs. Lee R. Krout, David Muller, and Mr. and Mrs. George E. Sentz. The families and friends of all members of both Incarnation and St. James Churches are cordially invited to Mt. Tabor Park any time in the afternoon of July 30 to enjoy the picnic supper and program of the evening.

The national anthem of Greece is the world's longest—158 verses.

Dennis Adams Is Bike Contest Winner

Mayor Guy A. Baker, Jr., is shown drawing the lucky number for Dennis R. Adams as filling station operator, Charles E. Keepers holds box of names. Dennis, son of Mr. and Mrs. Roger Adams, won the bike which was offered in a contest sponsored by Keepers Esso. Dennis is shown in the inset to the left of the picture.

Laurel Raceway Set For Closing

Laurel Raceway is in its final full week of its speed-hued meet with trotters and pacers hitting the accelerator for further track and national records in three stakes highlighting this weekend. Laurel wraps up its 19th annual season on Tuesday, July 26.

Major events are scheduled for each of the three final nights of this week, with the 2nd Division of the American Trotting Derby opened the talent-laden weekend last night. The Main Division of the Reading Futurity for 2-year-old pacers will be contested Friday night, while the Reading for 3-year-old pacing fillies closes the week's activity Saturday.

The kindergarden Reading Futurity pacers will take aim on the national season's mark of 2:01,

taken by Payson Hanover over a big oval, and the stakes record of 2:03.1, set at Laurel last year by Meadow Lenco.

Bonjour Hanover, full sister to the fabulous Bret Hanover, and currently decorating the roster of national Season's Champions in 2:00.1, along with Nicama, is the star nominee of the Reading 3-year-old filly pace Sautrday. The stakes record up for grabs is the 2:02 etched in Tartan last year by Shadydale Star.

These stakes close the eight Reading offerings for the season and leave only "Cadillac Night", Monday, July 25th, when admission to the track will be free, and the 3rd Division of the Atlantic Seaboard (Circuit Pacing Series) on closing night.

The drawing for the 1966 Cadillac Convertible, which is on display nightly, will be made on the final Monday night, July 25.

over, have enrolled in the hospital insurance benefits program.

Seeks Contestants For Beauty Contest

All high school girls are eligible to compete for the two titles of Miss High School of Maryland Beauty and Talent Queen at the eighth annual pageant to be conducted at the Lavale Plaza Shopping Center, Rt. 40, Lavale, Md., Friday, Aug. 5 at 9 p. m., sponsored jointly by Radio Station WKYR, Cumberland, and the American College of Cosmetology, Newark, N. J. Both winners, championed by their mothers, will represent Maryland in the national finals of the Miss High School of America Pageant at Convention Hall, Asbury Park, N. J. on Aug. 18, 19, 1966.

All Washington and Frederick County hospitals, with a total of 749 beds, are now participating in the Medicare program for the aged, according to W. S. King, Social Security Administration District Manager in Hagerstown.

Hospitals must meet certain health and safety standards and also the requirements of Title VI of the Civil Rights Act of 1964 before they can participate in the Medicare program.

The participating hospitals in this area are: Washington County Hospital, Frederick Memorial Hospital, Western Maryland State Hospital and Brook Lane Psychiatric Center.

Nationwide, 6,323 hospitals are now participating in the Medicare program, representing 95 per cent of all general hospital beds in the nation that are available for use by Medicare patients. In Maryland, a total of 61 hospitals, representing 100 per cent of beds in the State are now participating in the program.

In the area serviced by the Hagerstown Social Security district office, 16,000 persons, age 65 or

Mahoney Garner Additional Support

George P. Mahoney, candidate for the Democratic nomination for Governor, announces he has recently received two important endorsements and has added a top civic leader, Bruce Campbell, Baltimore County industrialist, to his finance committee.

In making one of the Mahoney endorsements, Wilbur Dulin, former State Senator, said that the Regular Democratic Organization of Anne Arundel County felt the state needs a businessman for Governor and that Mr. Mahoney eminently fills the qualifications. Mr. Dulin noted that Mahoney has done consistently well in Anne Arundel County.

Senator John Clarence North of Talbot County has also recently endorsed George P. Mahoney's candidacy. Senator North stated that he was foregoing a campaign for his own re-election in order to campaign for Mahoney.

Senator North was quoted as saying, "I have concluded that George P. Mahoney is by far the outstanding candidate and I intend to vigorously support him." It is expected that Senator North will play a large part in the Mahoney-Cory-Goldstein campaign on the Eastern Shore.

Alcohol Tax Receipts Distributed

State Comptroller Louis L. Goldstein mailed checks this week totaling \$798,213 to Baltimore City and each of the twenty-three counties of the State. These checks covered the distribution of the State's revenue from distilled spirits excise taxes for the final quarter (April, May, June) of fiscal year 1966. The distribution exceeded by 8.43% the allocation made for the final quarter of fis-

cal year 1965 and brought the total distribution to all the subdivisions of the State for the full fiscal year 1966 to \$3,188,126 or 8.9% above the previous year. The tabulation is figured at the rate of 50¢ for each gallon of distilled spirits delivered to retail dealers in the respective jurisdictions and is made without deduction for State administrative expenses.

All jurisdictions received an increased allotment over 1965 which ranged from .73% for Somerset County to a whopping 39.42% for Carroll County. Frederick County had between 9% and 10% increase.

It's the season when students put down their placards, shave, pick up their diplomas and start wondering what in the world the younger generation is coming to.

IN 1900 THERE WERE 30 COMMERCIAL BANKS IN THE UNITED STATES, OR ONE FOR EVERY 170,000 RESIDENTS. TODAY, THERE'S ONE FOR EVERY 13,000 PERSONS.

A BANK IN OHIO CELEBRATED ITS 75th ANNIVERSARY BY DISPLAYING \$1 MILLION WORTH OF DIAMONDS IN ITS LOBBY.

FESTIVE SUMMER BARBECUE

Even without ants, summer picnics and barbecues are one of the greatest delights of this carefree season. A hostess who may be too busy during the winter months to prepare a large buffet supper for neighbors and friends needn't hesitate to plan a backyard buffet. Just because a party is outdoors doesn't mean it can't be festive. Instead of the usual barbecue meats, why not try chicken subtly flavored with spices and served with sesame seed bananas. And to make this a truly memorable picnic, serve Swiss wines, offering your guests a selection from which to choose. White Swiss wines, which go especially well with chicken, include Fendant, Dezaley and Neuchatel. For those who prefer rosé, the Neuchatel is available in both white and rosé. To keep the wines properly chilled, place each in its own ice bucket so guests can help themselves if they wish. To accompany the chicken, include potatoes roasted over the coals and mixed green salad. For dessert, fresh fruit soaked in Kirsch.

BROILED CHICKEN WITH SESAME BANANAS

- 1/4 cup lemon juice
- 1/2 cup molasses
- 1/2 teaspoon salt
- 1/2 teaspoon freshly ground black pepper
- 1/2 teaspoon imported soy sauce
- 1/2 teaspoon dry mustard
- 1/2 teaspoon salad oil
- 2 large chicken breasts, halved
- 4 medium size green-tipped bananas
- 2 tablespoons sesame seed

1. Mix together the lemon juice, molasses, salt, pepper, soy sauce, mustard and oil in a bowl. Add the chicken and marinate in the refrigerator for at least an hour.
2. Drain the chicken, reserving the marinade. Broil the chicken over a charcoal fire, at least four inches from the source of heat, for 15 minutes. Turn and broil 5 minutes longer, basting frequently throughout the cooking with the marinade.
3. Sprinkle the bananas with the sesame seed and broil alongside the chicken until both are tender, continuing to baste both the chicken and the bananas with the marinade.
4. Serves four. Enlarge amounts as needed.

Antecedents Unknown

Not a day goes by that the Thoroughbred Racing Associations doesn't receive letters from young people seeking information about the Thoroughbred. For the most part the needs of the young researchers, many of whom are writing school papers, are easily satisfied. Every now and then, however, the TRA Service Bureau is pitched a curve. One such was received recently from a young lady in San Francisco who said "The Thoroughbred is the best horse I love." And then proceeded with a questionnaire the sticker of which was: "What are the sire and the dam of the Darley Arabian, Byerley Turk and Godolphin Barb? It is to these three stallions that all Thoroughbreds can be traced.

A letter written by Thomas Darley, to his brother, telling of his purchase of the Darley Arabian, described the horse and said: "He is about 15 hands high, of the most esteemed race among the Arabs, both Syre and Dam, and the name of the said race is called Mannicks." The Byerley Turk arrived in England without pedigree in 1689 after being captured, or otherwise acquired from the Turks. The Godolphin Arabian (or Barb, according to some) is also of unknown parentage. According to one story he was presented to Louis XIV by the Emperor of Morocco. Another story is that he was stolen and found hauling wood in Paris prior to being acquired by a Mr. Coke and eventually arriving at the Stud of the Earl of Godolphin.

FISHING LINES
By DICK WOLFF

Like a great mysterious undersea cloud, more than a million American shad congregated each spring at the mouth of the Connecticut River. Where they come from or how they arrive remains a mystery to marine biologists. When the water temperature reaches 48 degrees, the silvery horde begins its long migratory upriver trek to spawn.

About two weeks later and some 90 miles above the river mouth, shad anglers convene to begin a month-long bout with the fast, powerful, sleek shad. Once bitten by the shad bug, a fisherman is said to be incurable. Fortunately, the acute stage of shad malady, lasts only for the four-week run of the fish; however, it comes back each spring-time and sufferers have been known to travel hundreds of miles for an hour or two of shad fishing.

Ray Pryzgodia and I arrived at Enfield Dam, near Windsor Locks, Conn. after a two-hour drive from Ray's home in Yonkers, N.Y. An enthusiastic greeting from Reno Ceri, keeper of the locks, a cup of the world's best coffee prepared by Reno's bride, and we were ready for some of the most exciting angling in the East. Three things set shad fishing apart from other angling: one, you know the fish are there because you can see them; two, they're big and strong, averaging between three and seven pounds; and finally, they are taken mainly on light, sporty tackle.

The outfit preferred among shad anglers on the Connecticut is an ultra-light Mitchell 308 or 408 spinning reel combined with a light six to seven-foot hollow fiberglass Garcia Conolon rod. The line selected, usually Bonnyl monofilament because it casts so well, is never more than six-pound test. While good angling sport is important in choosing this ultra-light outfit, there are other things to consider. The gear must accurately cast a light lead jig as far as 200 feet. On occasion it is called upon to handle a large, powerful, and enraged shad up to 10 pounds. Because shad angling calls for continuous casting and retrieving, the rod and reel must be light and well balanced so as not to exhaust the fisherman. Demands on modern tackle are enormous. Fortunately, ours stood the test.

We were wading in swift, waist-high water — putting out long casts across a channel we could see played host to the shad parade. We allowed the strong current to swing the tiny jigs into their paths.

We already had taken several fish. These put up good battles, each lasting about ten minutes. The sun was warm, the water clear blue and cool. It was one of those rare perfect days of fishing pleasure.

At the end of the cast, the tiny red and white jig was struck. I responded by raising the rod tip in a long sweeping motion. Sure enough, the rod began to throb and the hooked fish, a big one, came winging upstream toward the spot where I was standing waist-deep in the fast water. Fifteen feet from the business end of my landing net, the shad veered off suddenly, turned downstream, and promptly whizzed away about 70 yards of expensive monofilament line. Fearing the loss of another 70 yards, I tightened up on the drag and the hook tore free, of his tender mouth.

Then I reeled in, line and jig still were intact. My lucky day. But then, every expert knows the mysterious shad is not supposed to take lures. His natural food consists entirely of minute sea organisms called plankton.

WOMEN'S HEALTH

By Elizabeth Stewart
Women's Medical News Service

Foreign Bodies Cause Respiratory Ills
Parents take note: If your youngster under three suffers from a persistent cough, or recurrent croup-like infections that respond only temporarily to antibiotics, or from wheezy breathing, the symptoms may very well be caused neither by virus, germ, nor allergy. They might, rather, be due to the little one's having swallowed something fascinating like a clothespin spring or nickels and dimes left about the house.

This alert comes from Drs. Walter M. Glass and Merrill Goodman of Long Island, who reported to fellow-physicians that nine youngsters thought to be suffering from serious illnesses instead were found to have swallowed oddments of this and that which caused the alarming symptoms.

According to the physicians, six of the patients experienced absolutely no difficulty in swallowing and the three who did apparently were not bothered enough to complain. After the foreign bodies were removed, the doctors noted, all respiratory symptoms subsided completely.

Criminal Abortion Is Leading Killer
Criminal abortion, in 1961-1963, was one of the two leading causes of maternal death in England and Wales, and every one of the deaths due to abortion is considered by British experts to have been avoidable. This tragic information, from the British Ministry of Health, highlights the importance of contraception as a preventive health measure.

The same issue of the influential British medical publication, The Lancet, which carried the above report, had an article urging physicians to help couples implement decisions on family size by providing them with sound family planning guidance.

"The physician should be familiar with all types of contraceptives," the editors noted, and

NOTICE TO BIDDERS

The Board of Education of Frederick County, 115 East Church Street, Frederick, Maryland, invites bids on supplying, delivering and assembling minor cafeteria equipment for the Governor Thomas Johnson High School, North Market Street, Frederick, Maryland, on or before August 22, 1966. Specifications and proposal sheets may be obtained at the Board of Education Office.

Sealed bids will be received at the Board of Education Office until 10:00 A.M. (D.S.T.), July 22, 1966.

The Board of Education reserves the right to reject any or all proposals and to waive informalities.

BY ORDER OF THE BOARD OF EDUCATION OF FREDERICK COUNTY.

JOHN L. CARNOCHAN, JR.
Secretary-Treasurer
Bid #652-B-19 1t

ADMINISTRATRIX'S NOTICE

This is to give notice that the subscriber has obtained from the Orphans' Court of Frederick County, in Maryland, letters of Administration on the estate of

CHARLES E. HILDERBRAND late of Frederick County, Maryland, Deceased. All persons having claims against the deceased are warned to exhibit the same, with the vouchers thereof, legally authenticated, to the subscriber, on or before the 4th day of January, 1967 next; they may otherwise by law be excluded from all benefit of said estate. Those indebted to the deceased are desired to make immediate payment.

Given under my hand this 27th day of June, 1966.

ALICE M. VIRTIS
Administratrix

should know which is most suitable for which patient. "A woman might ask for an intrauterine device because her friend is using one," the magazine points out, "but a little questioning might reveal that she dislikes the idea of something 'inside' her. What she really wants is advice, and she might do best on the pill."

Tips On Aging Gracefully
Learning to grow old gracefully is likely to be more valuable than seeking a fountain of youth. Here are some tips from the American Medical Association to help accomplish this:

Exercise Regularly. It can be as vigorous as a game of badminton or as mild as an evening walk. But whatever exercise you choose, do it regularly. You'll have better muscle tone, better digestion, circulation, and respiration and relief from tension.

Eat Intelligently. As the body ages it needs less food (fewer calories). Continue to eat a balanced diet of meat and meat products; milk and milk products; fruits and vegetables; and breads and cereals. But watch the volume.

Stay Slim. You'll look better and probably live longer. Statistics indicate a 13 per cent increase in death rate for people 10 per cent overweight, higher for those more grossly overweight.

Regular Health Checks. Serious illnesses can often be controlled or prevented by early medical care.

YOUR PERSONAL HEALTH

Bed Wetting
Bed wetting on the part of older children is a nuisance problem that plagues untold American families.

Bed wetting is messy for the parents, who have to clean it up. It is uncomfortable and humiliating for the child. And it can be very difficult to stop.

One of hundreds of letters on this theme received annually by Today's Health, the magazine of the American Medical Association, begins: "I have four children, ages nine, seven, five and four, who have never achieved the abili-

LEGAL

NO. 21,182 EQUITY IN THE CIRCUIT COURT FOR FREDERICK COUNTY, MARYLAND
ANNIE C. MARTIN, an infant, by NELLIE V. SHANK, her mother and next friend

VS.
ROBERT W. MARTIN, SR.
ORDER OF PUBLICATION
The Bill of Complaint is a suit procedure to a divorce A VINCULO MATRIMONII from the Defendant, Robert W. Martin, Sr.

The Bill recites that the Complainant, Annie C. Martin, an infant, is a resident of Frederick County, State of Maryland, where she has resided for more than one year last past; that the Defendant, Robert W. Martin, Sr., is presently residing c/o Vivian Wetzell, 102 South Market Street, Frederick (Frederick County), Maryland; that the parties to this cause were married on 14th day of May, 1963, at Middletown, Maryland, by Rev. Klinefelter, a regularly ordained Minister of the Gospel; that as a result of the said marriage two children were born, namely, Sharon Ann Martin, aged two years, and Robert W. Martin, Jr., aged one year, both of whom are in the care and custody of the Complainant and whose care and custody the Complainant seeks; that the parties to this cause have voluntarily lived separate and apart without cohabitation for more than eighteen months prior to the filing of this Bill of Complaint, and that the separation between the parties is beyond any reasonable hope or expectation of reconciliation.

The Bill then prays that the Complainant, Annie C. Martin, be divorced A VINCULO MATRIMONII from the Defendant, Robert W. Martin, Sr., that said Complainant may be awarded the care and custody of the said infant children, and for such other and further relief as the nature of her case may require.

ORDER OF COURT
It is thereupon this 15th day of July, 1966, by the Circuit Court for Frederick County, Maryland, sitting as a Court of Equity ORDERED that the Complainant give notice to the Defendant of the object and substance of this Bill, by causing a copy of this Order to be inserted in some newspaper published in the County of Frederick, once each week for four successive weeks prior to the 20th day of August, 1966, commanding him to be and appear in this Court, in person or by solicitor, on or before the 20th day of September, 1966, and show cause, if any he may have, why a Decree should not be passed as prayed.

ty to stay dry at night. All still have occasional accidents during the day."

At least two separate studies in hospital clinics says Today's Health, revealed that incidence of bed wetting among 1,000 patients over five years old was as high as 25 per cent. Also, there is evidence from several studies that bed wetting can be a hereditary as well as a psychological problem.

The parent is advised to explore with the physician the various means that might be taken to train the children—either to enlarge their bladder capacity so they could go through the night, or to respond to the feeling of fullness and wake up before wetting the bed.

Several possibilities exist: use of drugs to relax the bladder; use of salty foods at bedtime to cut down urine secretion; training the child to voluntarily refrain from urinating for longer and longer periods. The family physician may suggest other measures which may prove helpful.

SPORTS AFIELD
By Ted Easting

Some say there are over 30,000 patterns of trout flies; but it's a matter on which one can do no more than guess wildly, for it's impossible to count all those used only locally or by their devisers. But how many are actually needed? Let's first see what some experts have considered the minimum, suggests Jason Lucas, Angling Editor of Sports Afield Magazine.

No contemporary American writer holds that you need more than six—and since no two are in agreement on what these should be, one might suspect that it doesn't matter. Carrying this thought to a logical conclusion, you might wonder if a single pattern would—n't always do well for you.

That it would was the opinion ultimately reached by Edward Ringwood Hewitt, who was easily the most profound researcher in trout-fly matters that this country has produced and who died not many years ago at a very advanced age. He was a New York architect of wealthy family. Until his last years, he was noted for having very abnormally acute vision and hearing.

Though Hewitt had no formal training in fish biology, his acute mind let him think of more clever experiments than would most biologists. Too, he had another great advantage: he was not handicapped, as are some of our most competent sincere biologists, by finagling politicians, for he could well afford to spend, out of his own pocket, all he wished on

those experiments. Well, Hewitt finally reached the conclusion that a single pattern would catch as many wily trout as would six—or 6,000—patterns, and that it was of little or no importance what that pattern was. This led him to invent the bivisible dry fly, which makes no attempt to look like anything but the little

tuft of hackles that it is. The front is always white, purely to make it most visible on the water to its user. But since white is the least-visible color to a fish seeing it against the sky, the rest would be a darker color. Hence, the name "bivisible"—equally visible to trout and angler.

11,000,000 — Record Height

RECORD HEIGHTS—The 11,000,000th car built by Pontiac Motor Division has come off the assembly line in Pontiac, Mich. as scheduled and was delivered to one of Pontiac's drive-away yards for loading on a motor carrier. As shown above the loading of the milestone car, a Pontiac LeMans convertible, was handled a little differently. To illustrate its strength, one of the car's standard seat belts was attached to a crossbar, (insert) the buckle was snapped over the hook of a giant crane and the 3,400-pound car was lifted 15 feet in the air and swung into place with the seat belt carrying the entire load.

Crisis In Our Churches

The words, "In God We Trust," have been handed down since the days that our Founding Fathers fled from religious oppression and settled in our beloved America, "The Home of the Brave and the Land of the Free."

Through all the crises our country has passed, its leaders and citizens have called upon our Heavenly Father for strength and help. Many of our public buildings and currency bear the words, "In God We Trust". God has abundantly honored the prayers of our people, and blessed our Nation above all other Nations.

Today America finds herself again in the midst of another great crisis, which has descended upon her through deceit and in an unbelievable manner, but nevertheless, through the channels of our own CHURCHES. Our good, trusting Church members and Church goers, having had complete and explicit confidence in their religious leaders, have failed through ignorance of the truth, to realize that many of their leaders heeded not the warning of Matt. 7:15, 16, "Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves. Ye shall know them by their fruits..." Another warning from Psalm 53:1, "The fool hath said in his heart, There is no God".

The modern theme of our false prophets is that "God is Dead". Dr. Thomas J. J. Altizer, a teacher of religion at Emory University, boasts that he is a Christian atheist. His doctrine teaches that man is freed from the Command-

ments, freed from the God of Judgment, freed from the God of Laws, and freed from the God who is dead.

Televised from a North Carolina College campus was a musical dramatic performance of the "God-is-dead" theme. Students chanted, "God is gone, God is dead, Heaven is Empty". Their Director, a professor of religion and author of the production, then sang, "Only His Footprints Remain — wasted steeples, useless pity". With the roaring of kettle drums came the concluding choral crescendo: "Your God is dead-dead-dead".

Innumerable incidents such as these have haunted Christians.

As far back as the mid-1930's, the Federal Council of Churches (since 1950 the National Council of Churches) leadership had affiliated with so many left-wing extremists groups that the Council was investigated by the Office of Naval Intelligence. Their report released in 1935 stated: "Among the strongest of these organizations are: The Federal Council of the Churches of Christ in America: this is a large, radical, pacifist organization. It probably represents 20,000,000 protestants in the United States. However, its leadership consists of a small radical group which dictates its policy. It is always extremely active in any matter against National Defense". Congressional Record, Aug. 17, 1935, p. 13503.

By mid-1960's, the NCC had a membership of over 40,000,000. At this time things were further worsening: therefore, member-church-

es and clergy protested again, threatening its political and theological influence. Dr. Charles Poling, in a sermon he withdrew from a major denomination having membership in the NCC, stated: "... One day we awoke to find that we were occupied and taken over by the apostate, socialist, political, National Council of Churches... During recent years it seems that our church has grasped every opportunity to ally itself with the Godless forces of evil..." (Sermon delivered by Dr. Poling, Feb. 1964).

Many churches have and are continuing to pull out of the National Council of Churches. What has provoked such protests to the NCC? Is it that the Council is an all-disguised political organization rather than a religious one? (church property may soon be taxed, due to the extensive political activities of the NCC). Or is it because of their demand as of Feb. 1966, that Red China be admitted into the U. N., with the hope that diplomatic relations be established with the U. S. and China?

Some reading material recommended by the NCC for teenagers and children contain passages in some of the books so obscene, that a postal official declared that the mailing of such language would be a violation of U. S. Postal regulations. (Reported in Congressional Record—House, April 20, 1960, p. 1843).

The vicious and blasphemous poem, "Goodbye, Christ", recommended by the NCC, was written by an identified communist. Should we as Christians stand by and allow these conditions in our churches? There are still a majority of Christian Ministers,

Leaders, and Laymen who can stop this outrageous conduct, if we wake up in time, and fight for both freedom of our churches and country.

A recent Air Force Training Manual containing a section titled, "Communism In Religion", was withdrawn from circulation at the insistence of the NCC. During a Congressional investigation called to determine how and why the Council had been able to force the manual's withdrawal, House Committee Staff Director, Richard Arena, disclosed: "Thus far America, we have found over 100 persons in leadership capacity with either communist front records or records of service to communist causes. The aggregate affiliations of the leadership... is now, according to our latest count, into the thousands and we have yet to complete our check..." (Ibid., p. 1303).

How can this be possible? Very simple—by a definite plan. In sworn testimony concerning activities of the party in the field of religion, Mr. Manning Johnson left the Communist Party of the U. S. of America, determined, "that forever after I would conscientiously and vigorously oppose it, vocally and spiritually". He further stated: "The PLAN was to make the seminaries the neck of a funnel through which thousands of potential clergymen would issue forth, carrying with them, in varying degrees, an ideology and slant which would aid in neutralizing the anti-communist character of the church and also to use the clergy to spearhead important communist projects. This policy was successful beyond even communist expectations!"

Further light in this same field

was shed by Mr. Benjamin Gitlow, dedicated Communist, who stated that the policy of the Communist Party was to: "... infiltrate church organizations for the purpose of conducting their propaganda among them, for enlisting their support for... the various campaigns in which the communists were interested".

The above and many more similar PLANS were so successful that the FBI Director, J. Edgar Hoover, wrote an article entitled, "God or Chaos", and warned: "Many communist fronts have operated under the guise of some church commission or religious body. It is ghastly to see the monster atheism being nourished in the Churches which it seeks to destroy. Church leaders can stop this nefarious infiltration by taking vigorous action in the boards and commissions under church supervision. Individual ministers and church members can avoid being hoodwinked if they stay close to the fundamentals of their faith. Any minister who cannot find in his Bible sufficient arguments for the cause of liberty and social justice, who has to borrow the double-talk of the communists in the wrong profession and should be carefully watched by his official superiors and his congregation". (God or Chaos, Redbook Magazine, Feb. 1949).

Our churches must wake up, shake off the false prophets, know the Truth and the Truth shall make you free,—for only the fool hath said in his heart, There is no God".

If all Church members and Churchgoers would withdraw their contributions until the Church they attend withdraws from the NCC, it would not be long before

the churches would be once again FREE to truly serve our Lord and Savior.

For further information, send ten cents to Publius & Associates, 408 So. Rosemead Blvd., Pasadena, Calif., and ask for "Crisis In Our Churches".

Submitted by Virginia Philips, P.O. Box 507, Blue Ridge Summit, Pa.

Cereal Tops A Meat Patty

Use puffed oat cereal, crushed fine, to bind tomato and cheese seasoned ground beef when you prepare burgers for your next outdoor supper. Cereals help hold in meat juices during broiling. They produce a patty with a pleasing "bite" as well. Puffed oats are economical sources of food energy, protein, minerals, and the B vitamins, too. In this recipe the crisp cereal along with melted butter and Parmesan cheese forms a succulent topping.

- | | |
|--|---|
| Burgers | Cheesed Cereal Burgers |
| 1 1/2 cups puffed oat cereal, crushed to make 1 cup cereal | 2 teaspoons salt |
| 1 1/2 pounds ground beef | 1 teaspoon oregano |
| 1/2 cup tomato juice | 1/2 teaspoon pepper |
| 1/2 cup finely chopped onion | Topping |
| 1/4 cup shredded Parmesan cheese | 2 tablespoons butter or margarine |
| 1 egg | 1 cup puffed oat cereal, slightly crushed |
| 1 tablespoon Worcestershire sauce | 1/4 cup shredded Parmesan cheese |

Combine cereal, beef, tomato juice, onion, cheese, egg, Worcestershire sauce, and seasonings; mix well. Shape into 6 patties. Broil 3 inches from heat source 12 to 14 minutes or to desired degree of doneness, turning once. Make topping. Melt butter or margarine. Remove from heat; stir in cereal and cheese. Top burgers with an equal amount of cereal and broil until lightly browned. Yield: 6 burgers.

Rejoice in the Lord always... In nothing be anxious.

—(Phil. 4:4-6)

There may be times when things do not go according to schedule, times when confusion runs rampant. Let's not be tense or anxious at such times, for if we hold to the idea of divine order, we know that God's good is at work. Order and perfect harmony are the right and natural state of affairs and they are brought forth as we affirm divine order, as we let this idea find expression through us in words and works.

LEGAL

AN ORDINANCE TO ENACT AND ADD A NEW ARTICLE TO THE CODE OF EMMITSBURG (1960), TO BE KNOWN AS ARTICLE XIII, (TRAILERS AND TRAILER CAMPS), PROVIDING FOR THE REGULATIONS FOR LOCATION OF TRAILERS AND TRAILER CAMPS WITHIN THE TOWN LIMITS.

BE IT ORDAINED BY THE BURGESS AND BOARD OF COMMISSIONERS OF THE TOWN OF EMMITSBURG, that a new Article XIII be and it is hereby added to the Code of Emmitsburg (1960), to read as follows:

Article XIII—Trailers and Trailer Camps

Section I—Purposes
It is hereby determined and declared to be necessary to the protection of the public health, safety, and welfare of the Town of Emmitsburg, to regulate the location of trailers and trailer camps within the Town Limits.

Section II—Definitions
(a) Automobile trailer, trailer coach or trailer—An "automobile trailer," "trailer coach" or "trailer" means any vehicle or similar portable structure having no foundation other than wheels, jacks or skirtings and so designed or constructed as to permit occupancy for dwelling or sleeping purposes.

(b) Trailer camps—A "trailer camp" means any park, trailer park, trailer court, camp site, lot, parcel or tract of land designed, maintained or intended for the purpose of supplying a location or accommodations for any trailer coach and upon which any trailer coach is parked, and shall include all buildings used or intended for use as part of the equipment thereof, whether a charge is made for the use of the trailer camp and its facilities or not. Trailer camps shall not include automobile or trailer sales lots on which unoccupied trailers are parked for purposes of inspection and sale.

Section III—Stopping or Parking Trailers

(a) Compliance with section. It shall be unlawful, within the city limits, for any person to park any trailer on any street or other public place, or on any tract of land owned or leased by any person, occupied or unoccupied, within the city except as provided in subsections (b) and (c) of this section.

(b) Emergency or temporary stopping or parking. Emergency or temporary stopping or parking is permitted on any street for not longer than two hours subject to any other and further prohibitions, regulations or limitations imposed by the traffic and parking regulations or ordinances for that street.

(c) Occupation of premises outside of approved trailer camps. No person shall park or occupy any trailer on the premises of any occupied dwelling or on any lot which is not a part of the premises of any occupied dwelling either of which is situated outside an approved trailer camp; except that the parking of only one unoccupied trailer in an accessory private garage building, or in a rear yard in any district, is permitted providing no living quarters shall be maintained or any business practiced in such trailer which such trailer is so parked or stored.

Section IV—Permanent occupancy of trailers.
Automobile trailers shall not be used as a permanent place of abode or as a permanent dwelling or for indefinite period of time,

except as provided in Section V of this Code, unless written approval is granted by the Burgess and the Board of Commissioners of the Town of Emmitsburg, and unless such trailer is properly connected with the City water supply and sanitary sewerage system, and located in compliance with all requirements with the building, plumbing, sanitary, health, and electrical ordinances of the Town and is not inhabited by a greater number of occupants than that for which it is designed; provided, the permits have been properly secured as required in such building, plumbing, electrical, sanitary, and health ordinances.

Section V—License - Required
It shall be unlawful for any person to establish, operate or maintain or permit to be established, operated or maintained upon any property owned or controlled by him, a trailer camp within the Town Limits without first having secured a license therefor and for each of them from the Burgess and the Board of Commissioners of the Town of Emmitsburg.

Section VI—Applications.
(a) Application for authority to locate a trailer or trailer camp as required by Section IV shall be filed with the Town Clerk of Emmitsburg in writing. The application shall be considered by the Burgess and the Board of Commissioners at their next regularly scheduled meeting. Approval of the application must be by a majority vote of the members of the Board of Commissioners and the Burgess.

(b) Application for the license required by Section V shall be filed in writing with the Town Clerk of Emmitsburg. The application will be considered at the next regularly scheduled meeting of the Burgess and the Board of Commissioners. Approval of the application must be by a majority vote of the Board of Commissioners and the Burgess.

Section VII—Violations.
The violation of any of the provisions of this Article shall be punished by a fine not to exceed \$300.00 or by imprisonment in the Frederick County Jail for not more than six months, or both fine and imprisonment, in the discretion of the Court. Each day any violation of the provisions of this Article shall continue, shall constitute separate offense hereunder.

Section VIII—Jurisdiction.
The Trial Magistrate's Court for Frederick County, Maryland, shall have original jurisdiction in the hearing of cases involving violations of any of the provisions of this Article.

AND BE IT FURTHER ORDAINED that this Ordinance shall take effect on the 22 day of July, 1966, and that the Burgess is hereby specifically requested to publish a copy of the foregoing by inserting the same in the Emmitsburg Chronicle, said publication to be not less than ten days before the effective date hereof.

THIS ORDINANCE passed this 11 day of July, 1966.

JOSEPH M. HALEY
President, Board of Commissioners of the Town of Emmitsburg, Maryland

ATTEST:
MARIAH J. BAKER
Town Clerk

APPROVED this 22 day of July, 1966.

Citizens Of Tomorrow

This week's Citizens Of Tomorrow are as follows: Left picture 1-r, Joan, 1, Angela 4 and Joseph 3, children of Mr. and Mrs. Ronald Wagerman, R1. In the right picture, 1-r, are Charles Douglas, 8, and Patty Ann, 10, children of Mr. and Mrs. Henry Bollinger, R2.

Accept Not This Evil!

The people who are agitating for the United States to give full diplomatic recognition to Communist China and Castro's Cuba should be required in public print to answer charges made in recent days by two persons whose authority cannot be questioned—J. Edgar Hoover, Director of the Federal Bureau of Investigation, and Dr. Miguel Angel Olba Benito, Secretary General of the Commission for Humane Treatment of Political Prisoners in Cuba.

The FBI Director said: "In 1960, the year after he seized power, Fidel Castro gave Red China its first—and at this point its only—embassy in Latin America. From the sanctuary afforded them by this Cuban diplomatic post, the Chinese have launched an intensive campaign of treachery and subversion throughout other parts of the Americas. . . . The Maoists have repeatedly announced their goal of World Communism, which must be won by militarily crushing the United States. They are determined that the American people shall contribute to their own downfall. . . ."

Enemy Exploits Recognition
"No one is more fully aware of the opportunities for exploitation provided by our free and open society than communist-block intelligence agents—par-

ticularly those assigned to diplomatic establishments in Washington and New York. These communist officials subscribe to a wide variety of American newspapers and magazines. They avidly read military, scientific and industrial publications. They travel widely, taking pictures and gathering maps, charts and other printed matter; and they are among the most interested observers at special meetings and exhibitions of American technological societies. . . ."

"The Red Chinese, however, do not have the advantage of diplomatic representation in the United States. They have neither an embassy in Washington nor a United Nations mission in New York to provide 'cover' and immunity for intelligence agents. Thus their espionage offensive against this country has been mounted from command posts beyond our borders."

Cuba—A Challenge
The American people couldn't have a clearer warning against U. S. or U. N. acceptance of Red China. And Mr. Hoover's statement cries loudly for an effective bottling up of Castro's Cuba, which has become World Communism's most valuable international crossroads for espionage, insurrection, and infiltration—a Western Hemisphere beachhead for spread of revolution, a Caribbean field headquarters of inestimable value to Soviet, Chinese and Viet Nam forces fighting hot and cold wars against the USA.

Every day that Cuba is allowed to continue its evil mission the moral principles of the free world (and especially of the USA, whose Monroe Doctrine actually requires the stamping out of this Communist invasion

of the Americas) are compromised. Dr. Olba Benito heads an organization which includes thousands of anti-Communist Cubans still in Cuba, and thousands of exiles who have escaped to the U. S. Its recent reports dramatize how completely Castro's Cuba, in its service to World Communism, has defied and defiled all human values.

The Evil Force
"There were 166 executions last May 27 at La Cabana fortress prison in Havana," Dr. Olba Benito reported for his organization. "Before shooting the prisoners, an average of seven pints of blood were extracted from each. The blood is being sent to Communist Viet Nam"—where it will be used in World Communism's present Asian "War of Liberation" against the United States.

"After a prisoner is bled, militiamen carry him in a stretcher to the execution wall," eye-witnesses reported to Olba Benito's organization. "Three militiamen and an officer comprise the firing squad. The piles of bodies are hauled in trucks to mass graves prepared secretly on the outskirts of Marianao, a Havana suburb."

The 166 thus bled and executed last May 27 were "political" prisoners (a classification which includes anyone who resists indoctrination in Communism). Other reports corroborated even by Fidel Castro's sister, who fled to America, estimate such "political" prisoners in the thousands.

Red Cuba and Red China are inseparable parts in a monstrous, evil force. We must not accept them. We must destroy such evil—or be engulfed in it!

OUTDOOR SPORTS TIPS

Shoulder Bag
The five-pocketed shoulder bags sold in all Army-Navy stores makes good tackle bag or creel. Last a long time. Cost very little.

Scouring Pad
Rub tarnished spoons and spinners with a soapy scouring pad and watch how they shine. Don't use with silverplated lures, though. May take the thin layer of silver off.

Laundry Soap
Chunks of the old yellow soap hang like Harry on a hook and the big blue catfish think it's great. No Slip

Nail bottle caps to shoes if you have to have traction. Use small brads and you can pull them out easily when sure footed needs are past.

Cod Liver Oil

Put drop of cod liver oil on your bait—or any natural fish oil like it—and see if you don't catch more than the next guy.

Heavy Screws

To drive big screws into hard wood rub threads in soap. Makes them about a third easier to turn in.

Short Rod

Tape your reel to the end section of a two-piece rod if you need a real short stick for close brush work or in a small ice shanty.

No Mess Scaling

What do you do when you have fish to scale but no place to do the job? Don't let fish go uncleaned. But don't mess up a kitchen. Just scale them in a large paper bag.

Mahoney Issues Policy Statements

Accelerating the tempo of his campaign, George P. Mahoney, a candidate for the Democratic nomination for governor, issued several policy statements this week.

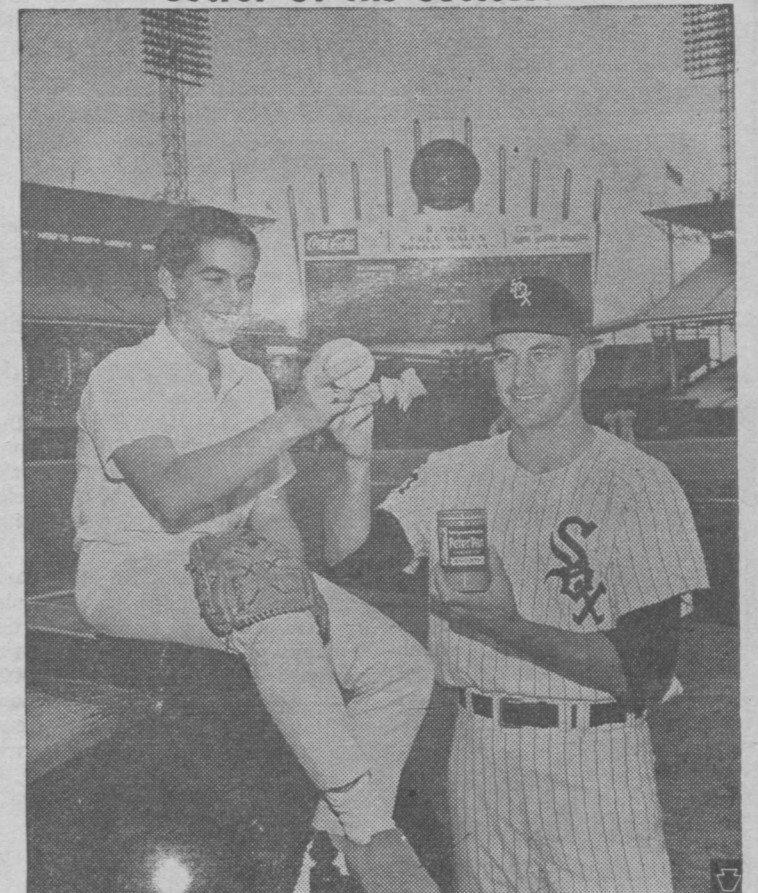

In a continuation of his tax presentation, Mr. Mahoney suggested that the state take over such municipal facilities as parks, hospitals, and airports. Mr. Mahoney said that the state would still need a reorganized tax structure. In addition, the former national committeeman from Maryland declared that, "there is one Cooper-Hughes recommendation which should be made effective promptly. . . . the elimination of the state's imposition of its own tax on real estate, the charge for which now appears on the city and county tax bills and adds that amount to the total burden of the property tax-payer".

In another statement this week, Mr. Mahoney criticized the Federal Aviation Agency for trying to make Dulles Airport a success at the expense of the more convenient Friendship Airport. "The FAA is trying to make an overnight success out of a long range dud", he charged.

In addition, Mr. Mahoney issued a policy statement on crime listing many suggestions for the war against crime. Included in this list were the use of convicted criminals who have and those who are serving time, to form clubs for young people—"good gangs"—in order to make crime seem unattractive to the element which might go either way. Mr. Mahoney stated that he would like to see some incentive established for not committing crimes along with continuing to punish those who do commit crimes.

Also this week, Mr. Mahoney received an enthusiastic endorsement from the Regular Democratic Organization of Anne Arundel County.

Secret Of His Success?

Once a professional athlete develops a way of doing things that keeps him winning, he stays with the pattern. Bob Locker of the Chicago White Sox, one of the American League's best relief pitchers, charges himself up with peanut butter to keep his curved ball curving and his sinker ball sinking. Whenever Bob is called on to pitch, it's an emergency situation with the White Sox in trouble, and he has to perform immediately at peak efficiency. He has been a fan of Peter Pan for high protein energy boosts ever since his days in the White Sox farm system. Sharing Bob's enthusiasm for baseball and peanut butter is Rick Deerfield, 15, of Evanston, Ill.

"I wish I had a million of 'em"

Jimmy Durante has been a friend of Savings Bonds for a long time. He was already one of America's best-loved comedians when the Treasury Department issued the first Series E Bond on May 1, 1941.

Working hand-in-hand with a team of other volunteers from all walks of life, Jimmy has helped sell more than \$150 billion in Savings Bonds to the American people. Bonds for education, new homes, retirement, emergencies. Dollars that grow to make your future more secure.

And dollars that help our fighting men in Vietnam. Buy U.S. Savings Bonds where you bank or work. Better start now, if you ever expect to have a million of 'em.

NOW—Savings Bonds Pay 4.15%

Interest on new E and H Bonds you purchase has been raised to 4.15% when held to maturity. E Bonds mature faster—now in just 7 years. Your old Bonds will earn more, too. Savings Bonds are better to buy, and hold, than ever.

BABSON

Writes . . .

BY ROGER W. BABSON

Babson's Point Of View On: Men, Machine And Money

BABSON PARK, Mass., July 21—Even with auto production and sales turning down, general business has just swept ahead to new all-time highs. Home building, another of the really big and powerful parts of our economy, is also seriously stumbling. But many of the little fellows—home furnishings, television, textiles, and mining—have

marched steadily upward, planting production flags on new peaks. And the biggest capital goods upswing ever keeps right on breaking all records . . . contributing mightily to the stretching out of the longest economic boom in history. How much longer can it last?

A Demand Economy

The men who run the government in Washington are bound by law to keep business booming, so that all who are willing and able may have jobs. This, in a few words, is the gist of the FULL EMPLOYMENT ACT OF 1946. This has been discussed many times in this column. But we wonder whether it has ever been clearly emphasized that the method of producing full employment is largely one of stimulating demand.

President Franklin D. Roosevelt was one of the first to make an all-out effort to stimulate demand . . . to pull us out of the great depression of the 1930's. His prescription was to put money in the hands of consumers.

They would buy, and that would make the retailer prosperous and he in turn would buy, making the wholesaler, manufacturer, miner, etc., flourish. Yet, years of boosting the consumer's buying power did not bring prosperity.

More Than The Consumer Needed

Before other experiments in prodding demand could be tried, World War II swept over us. Employment soared. So did profits. We had an old-fashioned war boom. But when Japan surrendered, everyone feared that a huge depression would soon come. Out of this fear the FULL EMPLOYMENT ACT OF 1946 was born. Each President was to have his own Council of Economic Advisers to help him judge when to recommend, and what. And it began to be realized that more than consumer demand had to be stimulated in order to keep the economy big and strong.

Under President Kennedy the theories of a demand economy reached new heights. Profits, once looked upon as suspect, gained stature. The makers of heavy capital goods, it was recognized, had to be prosperous if they were to hire men. In a word, business itself must have its purchasing power raised, not just consumers. Investment be-

came as popular as consumption. Even the wealthy might have their taxes cut . . . to provide more funds that would be spent for plant and equipment. To push business up, demand would have to be spurred in all sections of the economy. This has been done with great success during recent years. Employment has fallen to nominal levels; growth spurred to peacetime records.

Full Cycle

As prosperity burst into full bloom, the feeling spread among Administration leaders that they had discovered the key to perpetual prosperity. But then the situation went from bad to worse in Vietnam. A great new demand load—for arms and men—was added to our business machine already straining at capacity. Many wholesale and then consumer prices climbed. The real gains of expanding business prosperity are now being threatened by an inflation fire that could be all consuming. So now we have come full cycle—from too little demand to too much.

The economists seem to have overlooked the tremendous importance of the real substance of prosperity. This substance is men, machines, and money. Demand is the stimulant. We may have already gone too far along

the road of super-demand. Too much demand for money means too high wage costs; too much demand for machinery leads to the use of less efficient units, hence upped production expense; too much demand for money pushes interest costs higher and causes rationing of credit. All of these together force prices up, and the advantages of full employment are lost in the resulting inflation. We must recognize that there is a time to lower demand pressures as well as a time to increase them.

Insurance Co. Files Rate Appeal

State Farm Mutual Automobile Insurance Company has filed an appeal in the Baltimore City Court following the second rejection of its request for a 15.6 per cent combined statewide increase in automobile liability and physical damage rates.

Back in March of this year, Commissioner Burch rejected the company's original request for a rate increase, citing his earlier decision involving some 80 member and subscriber companies comprising the National Bureau of Casualty Underwriters. In a landmark decision in the field of automobile rate hearings, Commissioner Burch held that, in determining underwriting profit or loss, earned premiums should be compared to paid losses instead of to incurred losses. Commissioner Burch's decision also laid down the rule that for underwriting purposes, investment income on unearned premium reserves should properly be reflected as underwriting income and considered in determining the rates for the applicable lines of insurance in Maryland.

Following rejection of its request for a 15.6 per cent rate increase, State Farm requested a hearing which was held on May 20, 1966. At that time, representatives of the company attempted to persuade Commissioner Burch to reconsider his earlier rejection of its rate filing. At the hearing, it was brought out in evidence that State Farm is the largest automobile insurer in Maryland, insuring one out of every six cars in the State today.

On June 10, Burch reaffirmed his earlier decision denying the company's requested rate hike. The status of State Farm's appeal has been clouded somewhat by the fact that Chief Judge Dulany Foster dismissed the appeal which was filed in the National Bureau of Casualty Underwriter's case, basing his decision on the narrow ground that the statute authorizing the appeal was unconstitutional because it attempts to delegate

legislative powers to the courts. The Bureau companies have requested a reargument on Judge Foster's ruling and September 21 has been set aside for arguments. If Judge Foster affirms his earlier ruling the companies must then decide whether to take an appeal to the Court of Appeals of Maryland or seek remedial legislation at the 1967 session of the General Assembly.

Food Sense Not Nonsense

This Growing Nation

Today's boys are 6 to 8 per cent taller than their fathers were at the same age. The average woman of 17 to 25 years is taller by 2 inches than her counterpart of the early 1900's. While the boys are some 12 to 15 per cent heavier for their height than were their fathers at the same age, not so the girls with respect to their grandmothers. Granddaughter in her late teens is some 6 to 8 pounds lighter for her height than was her grandmother.

Improved nutrition, in which the enrichment of bread plays a part, is a major factor in the more rapid growth and increased size of our children. Twenty-five years ago, the primary purpose in enriching bread and flour was to make use of these popular and low cost foods to distribute B-vitamins—thiamine, niacin, and riboflavin—and iron with which the American diet as a whole was inadequately supplied. The improvement in our nation's health, as reflected in the data for our growing younger generations, demonstrates that enrichment has been, and is, a sterling success.

Forget The Good Old Days . . .

CLEAN DISHES — Dishes come out sparkling clean without the need of hand pre-rinsing in this new Hotpoint dishwasher. Although designed for under-counter installation, it is available to the homeowner through normal retail outlets.

Remember the old fashioned method of scraping and rinsing your plates before putting them in the dishpan? It was tedious and time consuming, wasn't it?

Countless women who use automatic dishwashers still scrape and rinse their plates. They resort to this unnecessary labor simply because they don't trust the cleansing power of their dishwasher.

Hotpoint, a leading manufacturer of automatic dishwashers has developed their 1966 dishwashers just for those homemakers. The new DA70 and DB70 models both wash dishes, pots and pans spotlessly clean without pre-rinsing and dry them sparkling bright.

A rinse only cycle cleanses dishes after breakfast and noon-time meals, holding them moist until ready for the final after-dinner washing.

The exclusive Swirlaway Shower action of the Hotpoint dishwasher rinses and flushes away heavy soils and food particles from dishes and tub before the scouring wash action begins. Food particles eliminated in this manner cannot be redeposited on dishes during the wash cycle.

To insure the ultimate in thorough dishwashing, Multi-Jet action directs surging hot water from three levels of scientifically angled jets situated above, below and between the loading racks. This action performs an unequalled dishwashing job.

Health protection is assured by dishes being washed and rinsed in water hotter than human hands could possibly endure. Germs are killed on contact, and dishes dried the cleanest of clean. The exclusive Flush-Away filter screen completely filters the wash water every four seconds to prevent any redeposit of soil. This is a self-cleaning unit that never requires service.

Gone are the days when the housewife need worry about the need for scraping and hand rinsing of plates at the kitchen sink. Now she merely places them in her Hotpoint dishwasher and the task is completed for her in mere minutes.

BEAUTIFUL HANDS AT HOME

Beautiful hands are just as important as a beautiful face. Your hands are noticed when you're eating, dancing, working—in every busy activity.

"Protection" is the key word in hand and nail care. Hands need protection from the drying action of too much water and from abrasive objects. For heavy cleaning and long exposure to water, wear rubber gloves. When washing hands, always use a mild soap. Rinse in cool water and towel-dry, pushing the cuticle back from each finger tip as you dry.

Daily diet is also a factor for lovely looking nails. For healthy nails put emphasis on protein (meat, fish, eggs) and calcium (milk, cheese) in your eating habits. For your once a week manicure, it's no longer necessary to go to a professional manicurist. Dominion now has an electric manicure kit containing all the items needed for professional results. Packed in a compact case, this handy kit can be used at home or while traveling as it easily slips into a suitcase.

First, thoroughly remove old polish with remover. Wash and dry hands. To shape nails, use Dominion's electric Nail Shaper with long, even strokes in just one direction. File toward the center to create a rounded nail that follows the lines of your fingers. After shaping, smooth the edges with the Fine File attachment. Soak finger tips in warm soapy water for about two minutes. Dry hands thoroughly.

To loosen cuticle, gently push the Cuticle Loosener against the cuticle. After all cuticles are pushed back, insert Cuticle Brush in electric handle and brush away dead cuticle. Gently clean under nails with an orange stick wrapped in cotton. Buff nails by dipping felt Nail Buffer in pumice powder and moving buffer lengthwise up the nail surface. Wash hands in warm, soapy water and press dry. Now you're ready to apply new polish. The secret of even polish is to keep hands steady and flat. Place hand palm down on table and hold nail polish brush like a pencil. Steady your arm on the table and apply polish.

Start at the base of the nail and smooth toward tip with a base coat. Letting each coat dry before adding the next, apply two thin coats of polish and top with a sealing coat. Let nails dry for a half hour or more and smooth lotion on hands.

Superb Rice Dish

Rice Council Photo

Zesty Green Rice is different. Men like it because of its abundance of flavor and the beautiful way it accompanies the entrees they prefer, the broiled and roasted meats, poultry and seafood. From the feminine viewpoint, the rice adds attraction and glamour as well as good taste to the menu, is easy to prepare, to serve and to eat, and never fails to win compliments for the hostess. Zesty Green Rice consists of rice enriched with chicken flavor and topped with a masterfully-seasoned sour cream sauce. Note that the sauce is not heated before being spooned over the freshly-cooked hot rice. There's no need to heat it; the warmth of the rice does that while still retaining the most attractive appearance of the dish. And the washing of one saucepan is eliminated; welcome news these busy days.

Simply cooking the rice in chicken broth instead of water gives it its chicken-rich taste. That's one of the nice things about rice: in its mild-mannered way, it absorbs and enhances, never masks, the goodness of other ingredients added to it, so that it can be used as few other foods can be. In this dish, it's the ideal base for the lavish sauce.

Zesty Green Rice

- 3 cups chicken broth
- 1 1/2 cups uncooked rice
- 3/4 teaspoon salt
- 1 clove garlic, crushed
- 1/2 cup chopped parsley
- 1/4 cup chopped green onion
- 2 tablespoons anchovy paste
- 3 tablespoons tarragon wine vinegar
- Coarsely-ground black pepper
- 1 1/2 cups sour cream

Combine broth, rice, and salt in a 3-quart saucepan. Heat to boiling; stir once. Cover, reduce the heat and simmer for 14 minutes, or until liquid is absorbed. Blend garlic, parsley, green onion, anchovy paste, vinegar and pepper into sour cream. To serve, spoon sour cream mixture over cooked rice and serve as vegetable.

Makes 6 to 8 servings.

pros!

We play CBS Radio pros in three positions. Yankee great Phil Rizzuto is first up Monday to Saturday nights on IT'S SPORTS TIME. Followed by All-Pro halfback Frank Gifford's WORLDWIDE SPORTS. Weekends, popular Jack Drees delivers 10 fast rounds of DREES ON SPORTS. It's the best lineup on radio.

BRANDYWINE - BOUND — SuMac Lad, all-time money-winning harness horse with \$885,095, who was retired from racing last year at age 11 after 151 races, will be honored Saturday night (July 23) at Brandywine Raceway. The occasion will be "SuMac Lad Night" and the racing action will center

around the \$25,000 SuMac Lad Trot, formerly the Marquis de Lafayette Invitational, in which the giants of trotting are due to pound the turf in search of a new track record to replace Speedy Scot's 2:01.1 set last year. Shown with Sumie is Stanley Dancer who trained and drove him to his pinnacle of success.

Appreciates Local Paper's Support

Editor, Emmitsburg Chronicle: Thanks to you, Maryland's highway death toll over the past 4th of July had a 50% reduction as compared to that for the same period last year. While we are still unhappy over the deaths and injuries which have occurred this year, please remember that were it not for your wonderful help Maryland's highway death toll would be much higher. Please say thanks to everyone on your staff.

Sincerely yours,
Paul E. Burke
Executive Director, Maryland Traffic Safety Com.

OUR LIBRARY

Emmitsburg is reading: "In Cold Blood," by Truman Capote; "A Gift of Prophecy," by Ruth

Montgomery; "Tell No Man," by Adele Rogers St. John; "Those Who Love," by Irving Stone; and "The Source," by James Michener. Some of the new books that will be of interest to the younger set are as follows:

Stories and poems from around the world, "Told Under the Christmas Tree," Selected by the association for childhood education International.

"Black and Blue Magic," by Zilpha Keatley Snyder. Humpty Harry, always falling over his own feet. That was how Harry saw himself. You'd think that someone with a name like Harry Houdini Marco would be deft, skillful. But Harry could only occasionally catch even an easy fly ball without making some dumb error. And that was only one of Harry's problems.

"The Noonday Friends," by Mary Stolz. Eleven year old Franny Davis loved school and her family, but there were some things that bothered her. She positively

longed to be able to turn down the free-lunch pass she received every day at school. And she worried about her friendship with Simone Orgella, who asked how people could be friends if they only saw each other during lunch hour at school and on occasional weekends. Franny didn't mind taking care of her younger brother, Marshall, after school while her mother worked, but it would have been nice to have a little free time.

Fairfield Feels Water Shortage

Residents of Fairfield were asked this week by their water system superintendent, Wilbert Fleming, to conserve water because of the drought. Fleming's request is effective immediately.

Springs and a well provide Fairfield's water supply but water has been used in greater volume than the supply in recent days and Mr. Fleming said it is going to be necessary for the community to cut down on the volume of water it is using.

Unnecessary uses such as lawn sprinkling, washing cars and sidewalks, should be discontinued. Fleming said, until there is a substantial amount of rain to bolster natural supplies for the town.

Firemen Set Record Straight

Editor, Emmitsburg Chronicle:

In an article of your publication of July 15, 1966 concerning a fire near Motter's Station on Saturday, July 9, 1966, you mentioned that the Graceham Fire Co. assisted in extinguishing this fire. As the fire company in whose territory this fire occurred we would like to have these facts published correctly; that is: the Vigilant Hose Co. of Emmitsburg was assisted by the Rocky Ridge Volunteer Fire Co. The Graceham Co. was not called by either of the other two companies involved. We therefore feel that they should not be given credit for this fire as they did not assist in any way, but the entire credit should be given to the members of the Vigilant Hose Co. of Emmitsburg and the Rocky Ridge Volunteer Fire Co., who are entitled to it. James E. Fitzgerald, President; Guy R. McGlaughlin, Chief; Vigilant Hose Co. Emmitsburg, Md.

Items Of Interest From Rocky Ridge

Mr. and Mrs. William Burkholder, Greencastle, were recent guests of Mr. and Mrs. Earl Plummer.

Mr. and Mrs. Ronald Trent, Sneedville, Tenn., visited recently with Mr. and Mrs. James Glass and Mr. and Mrs. Eastman Kauff-

man, Carlisle, were recent guests of Mr. and Mrs. Charles Wantz.

Mr. and Mrs. James Six and family spent a few days recently at Ocean City, Md.

Dennis Kelly, Hagerstown, is spending some time with his grandparents, Mr. and Mrs. John Orndorff.

Mr. and Mrs. Kenneth Mumma and daughter, Pamela, spent a few days recently at Williamsburg, Virginia.

Recent guests of Mr. and Mrs. John Hahn were Mrs. Oneida Eyer, Littlestown; Mr. and Mrs. Edgar Welty and Mr. and Mrs. Leon Stine and daughter, Adams-town; Mr. and Mrs. James Welty, Otterdale; Mrs. Eva Staub, Taneytown; Mr. and Mrs. Raymond Dell and son, Robert, Mrs. Dorothy Ambrose, Mrs. Roy Dinterman and Mrs. Beulah Liday, Rocky Ridge.

Mr. and Mrs. Kenneth Mathias, Nancy and Dennis, spent a weekend with Mr. and Mrs. Ernest Robinson, Trenton, N. J.

Mr. and Mrs. Richard Dinterman announce the birth of a son, Michael Richard, recently at the Annie Warner Hospital.

Recent guests of Mr. George Motter were Mr. and Mrs. Warren Motter and family, Menges Mills.

Mr. and Mrs. Kenneth Mathias, Nancy and Dennis, spent a few days recently at Ocean City, Md.

Mr. and Mrs. Walter Warren and daughter, Dixie, Fairfield; Ray Massie, Jefferson; and Mr. and Mrs. James R. Saylor and family, spent a week recently at Ocean City, Md.

Mrs. James Kelly, Sr., Mrs. James Kelly, Jr., and son, James Kelly, III, Dunkirk, Ind., spent a week recently with Mrs. Charles Mumma and Mrs. Thaddeus Thompson.

Mr. and Mrs. John D. Kaas visited recently with Mr. and Mrs. Leo Seiss and family, Emmitsburg.

Hospital Report

Admitted

Miss Betty J. Messner, Thurmont R2.

Miss Mary Jo Zimmerman, Emmitsburg.

Robert L. Topper, Emmitsburg.

Discharged

Robert L. Koontz, Sr., Emmitsburg.

Mrs. George A. Fleagle, Thurmont R2.

Mrs. Louise E. Keepers, Emmitsburg.

Miss Joan F. Topper, Emmitsburg R2.

Mrs. Charles T. Copenhaver, Emmitsburg R2.

Births

Mr. and Mrs. George T. Bruchey, Emmitsburg, son, Sunday.

By July of this year, U. S. motorists paid an estimated \$100 billion in state and federal motor fuel taxes since the first levy was enacted in 1919, according to Oil Facts.

Msgr. Mulcahy Delivers Sermon

Rt. Rev. George D. Mulcahy, rector, Mt. St. Mary's Seminary, recently delivered the sermon at the Solemn Pontifical Mass celebrated as part of the Indiana Sesquicentennial Week. The Mass was celebrated on "Old Cathedral Day" in Vincennes.

Father Mulcahy spoke on the life of Bishop Simon Brute, first Bishop of Vincennes, who came to that episcopal see after having served as spiritual director at the Mount Seminary from 1812 to 1815, and 1818 to 1234. Bishop Brute also was spiritual advisor to Blessed Elizabeth Ann Seton, foundress of St. Joseph College.

Rev. Leo J. Conti, an alumnus of the Mount Seminary, is currently the pastor of Old Cathedral in Vincennes.

Attends Conference

A/2c Robert J. Ulrich, son of Mr. and Mrs. Carroll E. Frock, Sr., Emmitsburg, recently represented Clinton-Sherman AFB, Oklahoma, at the 14th Annual USAF Spiritual Life Conference. The 5-day conference and seminar held at Estes Park, Colorado, featured such eminent people as Dr. Alan Cole, Professor of Philosophy at the University of Southern Calif.; Dr. James Keathy, head of the Theological Seminary at California Lutheran College, and Dr. Ivan Genuchi, Choral Director of the United States Air Force Academy choir.

Airman Ulrich is prominent in church work at Clinton-Sherman. During the eight months that he has been stationed there he has been in the Chapel choir, an active member of the Protestant Men of the Chapel, and Advisor to the PYOC, and a Sunday Church School Instructor.

Personals

Mr. and Mrs. Emory Wagerman and daughters, Frances and Peggy, Mrs. Carolyn Usilton and children, DeeDee and Billy, spent the past weekend at Ocean City.

Mrs. James A. Houck, Sr., and Marc, Mr. and Mrs. David Wantz, Edward Wantz and Miss Phyllis

Chatlos, visited recently with Mrs. Houck's son, Pvt. Robert D. Houck, Ft. Jackson, S.C., and Pvt. Patrick Ott, son of Mr. and Mrs. Bernard Ott.

Mr. and Mrs. Gregory Washbaugh, Annandale, Va., visited over the weekend with Mrs. Washbaugh's mother, Mrs. Jackson Humerick.

Mr. and Mrs. Anthony Topper, Alexandria, Va., visited with Mrs. Topper's parents, Mr. and Mrs. Clarence Shorb, over the weekend.

Richard Oster, USMC, is spending a furlough with his parents, Mr. and Mrs. Richard Oster, Em-

mit Gardens, before reporting for duty in Viet Nam.

Mr. and Mrs. Pius Kelly and son, Ricky, Newry, Pa., and daughter, Sister Mary Jane, and Sisters Petra and Immaculate of Mt. Alloysius Academy, Cresson, Pa., visited with Mrs. Marie Rosensteel during the weekend.

Mr. and Mrs. Cloyd Seiss and Mrs. Virginia Sanders, visited recently with Mr. and Mrs. Vernon Beck and family, Catonsville. The occasion marked the birthday of Mrs. Mary Gelwicks, sister of Mrs. Sanders and mother of Mrs. Beck.

DID YOU KNOW...

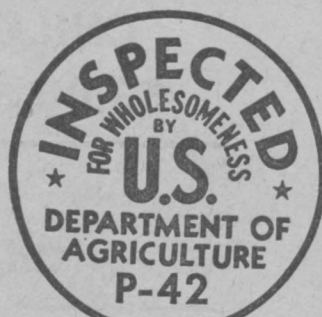

THE UNITED STATES WAS THE FIRST COUNTRY TO BASE ITS COINAGE ON THE DECIMAL SYSTEM, A PRACTICE NOW FOLLOWED BY NEARLY ALL NATIONS.

AN OHIO BANK PROMOTED AN INCREASED INTEREST RATE ON SAVINGS BY RELEASING HUGE HELIUM-FILLED BALLOONS ADVERTISING THE CHANGE. THOSE RECOVERING THE BALLOONS WERE AWARDED PRIZES.

A TYPICAL HOUSEWIFE PERFORMS SERVICES WORTH \$159 A WEEK, ACCORDING TO ONE BANK'S ESTIMATE.

Remember These Markings

The U. S. Department of Agriculture (USDA) urges housewives to look for both of these symbols when purchasing poultry. The round inspection mark (left) is a symbol of safety and shows that the poultry was inspected by USDA and was found to be wholesome, clean, unadulterated and truthfully labeled. The shield-shaped mark is a guide to quality

and shows that the poultry was officially graded. Poultry that is marked "USDA Grade A" is of the highest table quality. For further information, write to the Office of Information, United States Department of Agriculture, Washington, D.C. 20250, for single free copies of "USDA Poultry Inspection—A Consumer's Safeguard," PA-299, and "How to Buy Poultry by USDA Grades," MB-1.
