## Most Anything At A Glance

- By Abigail -

Does Emmitsburg want a swimming pool and a recreational area? This is the question that must be answered and in the very near future. For over a year now the local Chamber of Commerce has done the spadework and spearheaded the drive for a Recreational Area for the Town, now the committee in charge feels that it, and the Chamber of Commerce, has gone as far with the preliminary work as it can possibly go. Public support for the project is now needed and without it there cannot and will not be any Recreational Area, unless done so by private enterprise.

The Chamber is now soliciting the support of local organizations for a united effort to consummate the project. Present plans call for each organization to appoint a delegate to a permanent joint board to govern the operation of the project from now to its ultimate conclusion. This board, consisting of members of local organizations would be charged with the responsibility of all future plans up to and including the transition period when the Area would officially be taken over by the Town for permanent ownership. From now on the project will be a community project and financial pledges will be sought. This permanent joint board would bank all pledges in the local bank to be held in escrow for the completion of the project and all withdrawals would have to be approved by this united board and the bank until the Town accepts ownership and responsibility for its permanence. If for any reason the plan should bog down or fail, all pledges of organizations and individuals would be returned by the bank.

The Chamber of Commerce is a relative small body, numbering about 40 members, and it is felt that the assistance of the entire Town is now necessary to complete this local project. Therefore, all local organizations and individuals are asked to participate in the venture. It is understood that it is possible to receive grants from the County, State and Federal Governments to help defray the costs of the project and it is planned to seek these grants in the near future. Therefore, my good friends, if you are a member of any organization, you are asked to work diligently and seek the support of your group and officers and to lend your shoulder to the wheel. This, and this only is the way that Emmitsburg Emmitsburg can get a swimming pool or Recreational Area. Do you want it?

## Tom Saylor Elected VFW Commander

Thomas F. Saylor was elected Commander of the VFW at the annual election of officers held Wednesday evening in the VFW Home, Commander William L. Topper presiding.

Other officers elected were: senior vice commander, Allen Knott; junior vice commander, Donald Topper; quartermaster, Lumen F. Norris; post advocate, Daniel Lind; chaplain, Rev. Robert S. Grace; surgeon, John Weddle; trustee, 3 years, Pat Buch; board of directors, Clarence Orndorff, William L. Topper, William E. Sanders, Donald Topper, Michael Boyle, Raymond Baker and Fern R. Ohler.

Other action taken during the meeting included a \$2,000 pledge to the Emmitsburg Swimming Pool Committee and \$100 to the Cub Scouts.

## FLAX—GROFF

Helen Sterner Groff, Gettysburg, and Donald Eugene Flax, Emmitsburg, exchanged wedding vows in a candlelight service at the Trinity Lutheran Church in East Berlin at 7 o'clock Saturday evening. Rev. Alfred M. Strang, pastor of the church, performed the ceremony. The couple was accompanied by Mr. and Mrs. Wayne E. Lau of East Berlin.

The couple will reside at Kelson Hills, Four Point Bridge Rd., Emmitsburg.

## C. of C. Solicits Help On Swim Pool Project

All incumbent officers of the Emmitsburg Chamber of Commerce were re-elected unanimously at the annual election of officers of that group held Tuesday evening in the Emmitt House.

Elected by acclamation were: President, Mrs. Jane Bollinger; vice president, William Ledbetter; treasurer, Ralph D. Lnidsey; secretary, Rev. Louis B. Storms.

The group authorized the purchase of membership decals which will be distributed to members in about five weeks. Letters were read from the State Roads Commission and the County Roads Board relevant to a request by the Chamber to clean up roadside debris in this area. Mr. Thomas G. Mohler, district engineer of the State Roads Commission reported that workmen would visit this area in the near future to clean up litter. The County Roads Board already has working crews in the area.

Ralph D. Lindsey, chairman of the by-laws committee reported that the new set of by-laws were ready for printing and will be distributed at the next regular meeting. Sidney S. Sappington read a communication from Cong. Charles McC. Mathias regarding the progress on the Sixes Bridge Dam. Mrs. George F. Rosensteel, chairman of the beautification committee, was authorized to place flower pots on the Square after obtaining permission from the Town Council.

J. Norman Flax and Sister Margaret Hickey, co-chairmen of the recreation committee gave a progress report on developments to date on efforts to obtain a recreational area for Emmitsburg. They reported the next step to be taken was to obtain the united support of all local organizations, to form a permanent committee with a permanent member on the committee from every organization to guide the destiny of the future.

The committee said the time has come to obtain pledges and for other groups to assist in the management of the project before it is consummated and turned over officially to the Town Council for permanent operation. All monies collected will be placed in the local bank in escrow for the project and should it become necessary by some unfortunate turn of events that the project should fail, the money will be returned by the bank to those groups which pledged it. Letters to the various organizations will be mailed in the near future asking that a delegate be named to the joint governing board.

## K. of C. Communion Breakfast April 28

The annual Communion Breakfast will be held Sunday, April 28, it was decided Monday evening at the regular meeting of Brute Council 1860, Knights of Columbus, Grand Knight Ray Lauer presiding. Guy A. Baker, Sr., chairman of the event, said the Mass will be celebrated in Pangborn Chapel, Mt. St. Mary's College at 9 a.m., followed by breakfast at 10 o'clock at Royer's Restaurant, Thurmont. Admission to members is free, however guests will be charged \$1.80. Fifty and twenty-five year members will be honored at the affair.

Carl A. Wetzel, chairman of the Oyster Feast, said the affair will be held Sunday, April 28, from 4 to 8 in the Council Home.

The Grand Knight announced the Fourth Degree will be exemplified on May 5 at the Alcazar in Baltimore. An invitation to attend the open house at the local Library was received and read. The First Degree will be exemplified in Hagerstown this Sunday afternoon at two o'clock.

New members voted into the organization were Bernard J. Ott, Sr., Sterling E. Bollinger, Ralph E. Young and George L. Orndorff. Clyde Eyer and Leonard Gmeiner were named to head a committee to schedule a trip to a Baltimore brewery and attend an Oriole baseball game in the near future. Donations of \$10 each were made to the Dominican Nuns, Baltimore and St. Cyprian's Church, Georgia. Following the adjournment of the meeting representatives of the Alhambra Caravan spoke to the membership explaining requirements of joining their order.

## Public Invited To Library Open House Sunday

A section of the renovated local Library is shown above and is open for public inspection.

The Emmitsburg Public Library has completed plans for its open house to be held Sunday, April 21, from 2 to 4 p.m., in conjunction with National Library Week which begins that day. The library will celebrate at that time the grand opening of its newly renovated, expanded facilities.

This marks the third major renovation of the library's facilities in the present structure during the last five years. During the past several months wall-to-wall carpeting has been laid, fluorescent lighting has been installed, new tables and chairs have been purchased, and a modern circulation desk has been designed and is now in use for the greater convenience of the patrons of the library.

Additional space has been secured to the rear of the library, and more book shelves have been installed. In addition, a movie projector and screen are now available for use by any civic organizations in the entire Frederick County area. Within the past few months, a number of classical records have been obtained for the use of borrowers registered at the library. It is hoped to expand this project of a music collection as funds permit.

Civic officials from the Town of Emmitsburg and Frederick County have been invited to the open house, as well as officials of the C. Burr Artz Library in Frederick, with which the Emmitsburg Public Library is affiliated. The public is invited to attend. The committee in charge of arrangements consists of Mrs. William Carr, Mrs. William Slemmer and Mrs. Vernon Keilholtz.

The Emmitsburg Public Library, the oldest public library in Frederick County, traces its history back to around 1902. For many years after its founding it was located in a room at the home of Mrs. Effie Hoke, who donated the use of the facilities.

In April, 1961, the Emmitsburg Jaycees, in a survey of town needs, learned that a majority of the citizens desired an enlarged library open more hours than under the then current schedule.

As a result of the survey, the Jaycees established a board of directors who arranged for the rental of a first-floor apartment in the old Harner building near the Square and converted the apartment into a library. The committee set up arrangements for staffing the enlarged library

and for cataloguing the books in the library's collection and established a definite schedule of 20 hours a week during which the library would be open.

Finding the space available by the conversion of the apartment too small for its needs, and when another room in the building became available to the rear of the library portion, that room was secured, the wall was removed, and the entire library was repainted, refurbished and enlarged. The present enlargement of the library is the third addition to the library in its present quarters.

Library service has now been extended to 24 hours per week. The library is open from 2:30 to 5 p.m. on Monday, Tuesday, Wednesday and Friday; from 2 to 5 p.m. Thursday; evenings from 7 to 9 o'clock Monday through Thursday, and Saturday morning from 9 to 12 noon.

The Emmitsburg Public Library became affiliated with the C. Burr Artz Library in Frederick in 1961, with that library supplying books through the county loan system. Presently the library is a member of the Maryland Public Library Association and participates in the Metropolitan Maryland Library Service system under the Maryland State Department of Education, Division of Library Extension. Under this system, a library patron can borrow books from, or return them to, any main library, branch, or bookmobile of any public library system in the cooperating counties of Maryland and Baltimore City, including the Enoch Pratt Free Library in Baltimore. Thus, a borrower at the Emmitsburg Public Library may request a book located at the Enoch Pratt Free Library in Baltimore and receive it within a day or two.

During the year the library sponsors many projects for the citizens and children of the community. An art contest is held every year in the spring for the students of the local elementary and high schools, and prizes are awarded for the best entries in each category. Mrs. George Morningstar and Mrs. John Warthen are co-chairmen of this year's art contest to be held in May.

The library also conducts a regular summer reading program for school children with the schools providing the list of books to be read. The program concludes each summer with a watermelon party

for those youngsters who have read the required number of books.

In addition, on Saturday mornings during the school year a half-hour "story hour" is held for the younger children. Mrs. Diehl R. Ackerman, Mrs. George T. Bruchey, Jr. and Mrs. John C. Chatlos have volunteered their services as storytellers for the past several years.

Two service organizations in Emmitsburg, the Francis X. Elder American Legion Post 121 and the Veterans of Foreign Wars, Post 6658, have contributed monthly for the past few years toward the cost of the rental of the library premises, and the present owner of the building, J. C. LeCompte, has contributed considerable floor space at no extra charge to the library, as well as volunteer work in the renovation.

The library now has a collection of approximately 4,000 volumes and is constantly adding to its collection. Reference books for children and adults of the area are up-to-date and are in constant use. Circulation averages approximately 750 books each month, and there are 1,200 registered borrowers.

The first librarian in the present quarters was Miss Ruth Shuff, who still serves on the board of Trustees. Mrs. John Warthen, the present librarian, has served in this capacity since July, 1962. Assisting her are Mrs. Vernon Keilholtz, assistant librarian, who joined the library staff last fall. Mrs. Warthen has taken courses in library work, and this spring she and Miss Linda Keilholtz have been traveling to Randallstown every Monday for additional library study in a 20-week Library Aide program. The series is intended as an introduction to or refresher course in public library reference work and children's library services. Instructors come from the Enoch Pratt Free Library and the Maryland Division of Library Extension, as well as the Baltimore County Public Library.

Members of the board of trustees of the Emmitsburg Public Library are: Chairman, Robert Holmes; treasurer, Bernard S. Kaliss; recording secretary, Mrs. George Morningstar; corresponding secretary, Mrs. William Slemmer; and Mrs. John Chatlos, John White, Miss Ruth Shuff, Mrs. William Carr and Mrs. Hazel Caldwell.

Mr. and Mrs. J. Earl Elder of Pittsburgh, Pa., spent the weekend visiting relatives and friends here.

Mrs. W. C. Smith and son, Robert, Timonium, spent Friday and Saturday with her mother, Mrs. Genevieve R. Elder.

**SERVING IN VIETNAM**  
 Corp. James D. Wastler, U. S. Marine Corps, son of Mr. and Mrs. Lester G. Wastler, Emmitsburg, is serving in Vietnam.

## Candidate Explains Water Rates

Editor, Emmitsburg Chronicle:

A little more than one year ago, I was appointed by the Burgess and Commissioners to complete the unexpired term of Norman Flax as a Commissioner on the Town Board. This term will soon expire and now I have submitted my name as a candidate for election to that same office. I do so because there are several areas in which I might be of some help in the near future.

The most unpopular and, yet, the most important area is that of water rates. At this moment, the incomes from water is not sufficient to pay off the water bonds. Our auditors and our attorney advise us that this is a bad situation and that additional income must be found.

As far back as last Fall, a detailed study was made by the Board and it was agreed that the rate be increased approximately 50% to customers outside the corporate limits. An examination of our water meter records showed that more than half of our water was going to customers outside the corporate limits. An examination of water receipts showed that Town people pay three dollars for every dollar collected out of town. This is backwards. Town people own the water supply. Town people must be responsible for the security of the Bonds; Town people pay corporate taxes in addition to water bills. Certainly Town people should not be paying more for water than the people out of Town; they should be paying less.

Again I say this is a very unpopular subject but the fact remains that the citizens are not being treated fairly unless the disparity in the water rate is corrected.

Ask your candidate to explain his position on this matter. It is important to you.

Softball practice session has been scheduled for this Sunday at 1:30 o'clock at Community Field. Anyone interested in playing in the Softball League this summer is urged to attend this practice.

Emmitsburg will again field a team in the Frederick - Carroll Softball League which includes Emmitsburg, Thurmont, Frederick, Westminster, Johnsville, Libertytown and Woodsboro.

The locals' first home game will be played May 1 at 6:30 o'clock and the opponent will be Thurmont.

**Home On Leave**  
 Pvt. Ronnie Lynn Miller, son of Mr. and Mrs. Charles R. Miller, R1, Emmitsburg, is enjoying his first leave home since he enlisted in the Marine Corps in January. He received his basic training at Parris Island, S. C., where he shot expert with the M-14 rifle. He will return to Camp Lejeune, N. C., where he will be assigned and further trained in a motor transport unit, as a truck driver.

**FTA Group Will Attend Meeting**  
 The 11th annual spring meeting of the Frederick County Future Teachers of America will be held April 24, at Linganore High School.

The theme for the day will be "Teaching for the 21st Century." Dr. Drick Brown, Director of the National TEPS Committee will be the keynote speaker for the morning program. Highlights of the afternoon program, beginning at 1:30, will be a panel discussion on all the facets of education, followed by installation of officers for 1968-69.

The Duval Sweadner F.T.A. club of Emmitsburg High School will attend this convention.

A business has no more character than the people who operate it.

## Welty Files For Burgess; Election April 30

The latest count shows five interested candidates for office in the coming Town Election.

The latest to enter into the field of competition, although he is unopposed at this time, is James T. Welty, local barber, who Wednesday tossed his hat into the ring for the Burgess' job. At this writing Welty has no opposition, however the deadline for filing will continue today (Friday). Welty made his first try at public office several years back when he ran for Town Commissioner. In an extremely close election he lost to Dr. J. W. Houser by a one-vote margin.

Competition for the job of Commissioner is much stiffer with four candidates fighting it out for the two positions available this year. Quinn F. Topper and Samuel C. Hays, incumbent Commissioners are seeking re-election and opposing them are J. Norman Flax, former Commissioner and ex-Public Works Director, and Thomas Bollinger, local merchant, who is making his first bid for public office. Incumbent Mayor Guy A. Baker, Jr., has stated that he will not seek re-election and to date has not filed.

The election will be held on Tuesday, April 30 and the polls will open at 12 noon and close at seven o'clock, DST. Town Clerk Jonnie Baker reports that over 700 eligible voters are registered on the Town's books and a sizeable vote is anticipated. Voting will take place in the Town Office on East Main Street. There has been some misunderstanding concerning the status of local voters' eligibility as several have asked if they are still registered. Town Clerk Baker explained this week that if you have ever registered for the Town Election and still reside in the corporate limits, you are still eligible to vote even if you haven't done so for a number of years. Different rules are applicable in the local election. County election rules maintain that if you don't vote within a specified number of years your name is removed from the list. This is not true in the Town Election . . . once registered, always registered, as long as you reside here.

**EHS Senior Play Next Week**  
 Opening night for Emmitsburg High School's Senior Class Play will be next Friday night, April 26. "The Thread That Runs So True," complete with hilarious humor and intense meaning, promises to be a totally enjoyable play.

**Confirmation Class**

The following five young people were received into the membership of Incarnation United Church of Christ on Palm Sunday, April 7, by the Rite of Confirmation: (bottom, left to right): Sheila Ruth Chatlos, Douglas Wayne Long, Wanda Lynn Gelwicks; (top) Darlene Marie Andrew, and Margaret Anne Wagerman. Rev. John C. Chatlos, Pastor, is in the back.

Two Elders of the congregation, Mr. Alvey A. Kline and Mr. Harry Swomley, Jr., sat with the class as an impressive Confirmation Service was conducted by the pastor, Rev. John S. Chatlos. The church bell was tolled as each confirmand received the confirmation blessing by the pastor. The class has been instructed in the Chris-

tian Faith by the pastor since October of this school year, and from October to May of the 1966-67 school year. It has met for one and a half hour sessions most every week during that time.

Mr. Donald E. Crouse, vice president of the consistory and the congregation, presented each of the confirmands with a Revised Standard Version of the Bible from the congregation. The confirmation hymn: "O Jesus, I have Promised," was sung by the class and the church choir as the confirmands knelt at the chancel. The theme of the pastor's sermon was "Rejoice Greatly". A white carnation was provided for each of the confirmands, the two elders, the organist, and the pastor by the Women's Guild of the church.

**Senior Citizens Hear Speaker**

The regular monthly meeting of the Senior Citizens Club of Emmitsburg was held at the Center, Tuesday evening, April 16, at 7:30 o'clock with eighteen members present.

The feature of the evening was a talk on the topic, "Seniors in Action," by Mr. Michael Linder of Cumberland, which was most timely and thought provoking. The gist of the talk, of course, was a discussion of what Senior Citizens can and have done to stay on the active list and not sit back in immobility and wait for things to happen.

A period of discussion and questioning followed upon what possible action can be done by the club here in Emmitsburg, which hopefully will produce results. Much gratitude is due Mr. Linder for his timely appearance before the club.

The knitting and sewing classes have been scheduled to open Tuesday, April 23 at the Center from two until four o'clock, under the instruction of Mrs. Frances Keller for knitting, and Mrs. Genevieve Clements for sewing, each Tuesday thereafter. Anyone, young or elderly, interested in either one or both, please feel welcome to come and participate in the opportunity offered.

The Bazaar scheduled for May 18, 1968, was postponed until later, in early Fall, perhaps.

For the May meeting, Tuesday, the twenty-first, at 7:30 in the Center, Father Shaum will present his Glee Club from Mt. St. Mary's in a concert before the club. Everyone knows Fr. Shaum's group will be superb. Come and enjoy the program.

May 1, 1968, will be the regular spring meeting of the Senior Citizens Clubs of Frederick County, to be held at the Church of the Brethren at 11 a.m. for registration and view of exhibits. At 12 noon will be serving of the luncheon, followed by a panel dis-

ussion on "A Look at Health Problems and You." For the luncheon reservations must be made by April 18. Mail your cards and let the Center know you are coming, to plan for transportation.

June 18, 1968, the meeting will be a picnic, to be held at Kump's Dam. It will be a covered dish supper with coffee, tea or soft drinks served. Plan now to come. More information later.

**Hess' Troubles Mounting**

Denins R. Hess, Taneytown, was committed to the Adams County jail at 3:10 a.m. Sunday in lieu of \$1,000 bail after he was charged with driving under the influence of alcohol by Gettysburg borough police before Justice of the Peace Robert P. Snyder.

Hess was also in default of fine and costs on a charge of failing to operate a motor vehicle on the right side of the road filed by police in connection with the same incident. Police said they nabbed Hess after they observed him driving his vehicle on the wrong side of the road on York Street.

Hess had been released on \$1,500 bail awaiting trial on state police charge of involuntary manslaughter in the fatal two-car accident in which Charles Calvin "Butch" Crum, 22, Gettysburg, was killed on March 10 on the Emmitsburg Rd. In that accident Hess has pleaded not guilty to the manslaughter charge as well as two other charges of engaging in a speed contest and executing an improper pass.

**School Counsellors To Convene Here**

The joint open house for high school counsellors to be held at St. Joseph College and Mt. St. Mary's College on April 25, will feature addresses by the academic deans of the colleges, tours of the campuses, and informal discussions with faculty members. Registration for the first jointly-sponsored admissions informa-

tion day at the two colleges will be at 9:30 a.m. in St. Joseph's dePaul Auditorium. Following registration there will be a panel discussion in which Sister Margaret Hughes and Rev. David W. Shaum will discuss the academic deans' views on "Serving Your Students." Pamela Caven, '69, and Manuel Aguado, '68, will discuss the college students' benefits while "Experiencing the Services of the College."

A tour of the St. Joseph College campus at 11:00 a.m. will be followed by luncheon for the guest counsellors and the faculties of the two Emmitsburg colleges. The afternoon program includes a tour of the Mt. St. Mary's campus at 2:00 p.m. and concludes with a President's reception at Cogan Union for the counsellors and guests.

**Farm Bureau Opposed To New Constitution**

Maryland Farm Bureau's Board of Directors went on record as opposed to the new proposed Maryland constitution at a regular meeting last week.

This action followed talks and discussions before the Board by three leading delegates of the Constitutional Convention: H. Vernon Eney, president and from Baltimore County, Frederick C. Malkus, Jr., from Dorchester County, and Lee J. Sosnowski from Anne Arundel County.

Main points expressed by the Directors against the proposed Constitution centered around: (1) the elimination of numerous locally elected officials, (2) the increased power of the Governor,

(3) loss of individual county representation by eight counties, (4) fiscal changes, and (5) the possible increased cost to the taxpayer.

G. Willard Oakley, president of the largest state farmer-organization said that the Board members made known their concern on changes in the fiscal system that provide the Governor with complete control of the State's cash funds, making ineffective the office of Comptroller, a new provision permitting gifts, loans, and backing by the State's credit to individuals, associations or corporations, and increasing from 15 to 25 years the maturity date on bond issues.

"There is a strong belief among the Directors that the present Constitution gives the officials of the State sufficient power, subject to appropriate checks and balances to protect the people, to have an effective State government," stated Oakley.

"Any governmental needs of the

future," added Oakley, "can be met in the present constitution by amending it through regular procedures."

## Discovery is their business!

**Dr. Charles B. Huggins** won the Nobel Prize for his discoveries in easing pain and lengthening life for patients with prostate and breast cancer. Two million dollars in grants from the American Cancer Society helped make his discoveries possible.

**Dr. E. Cuyler Hammond** pioneered the American Cancer Society's massive studies into the cause and prevention of cancer. These studies revealed new facts relating cigarette smoking to untimely death from lung cancer, heart disease and emphysema.

**Dr. George N. Papanicolaou** discovered the famous Pap test for early detection of uterine cancer. The American Cancer Society invested one million dollars in his research. His discovery helps save the lives of thousands of women every year.

**Dr. Charles Heidelberger** developed a new class of chemicals to treat cancer. Best known, 5-FU, has given relief to thousands of cancer patients. He is also working on the mechanism by which pure chemicals cause cancer in mice. As an A.C.S. Research Professor, he is guaranteed lifetime support for his valuable work.

acts to be an authoritative reflection of the collective will of the people.

**Much Criticism Not Constructive**  
If Congress is to reflect the true will of the people, that will must be expressed continually, frankly, and constructively. As almost any Congressman will confirm, the will of the people is being expressed only partially and imperfectly today. To be sure, incoming mail to Capitol Hill is impressively large, while communications from Senators and Representatives to the folks back home are flowing in record volume. But the real dialog between members of Congress and the people still leaves much to be desired.

Few indeed are the suggestions sent to Congress which deal convincingly and objectively with today's problems. But in this era of swift communication, expanding industrialization, and multiplying government functions and programs, Congress is showered with criticism . . . much of it not constructive.

**Procedures Need Updating**  
Certain it is that Congress is slowed, and sometimes bogged down, because of the rigidity of its dedication to tradition. If you really want to plead your views personally on a bill before a congressional committee, you'll find it relatively easy to get the nod to present yourself. But be

prepared for delays, and possibly postponements, in your appearance date and time; for committees meet mostly about mid-morning and adjourn by noon when the Senate and the House convene. Sessions are short, hurried, often superficial. For lack of time, informed and well-meaning citizens are rushed through. Some get the impression they are being brushed off; feelings bruised, these people become discouraged. Often they never again return to Capitol Hill, leaving the committee hearings to the professional lobbyists who survive and thrive because they are Johnny-on-the-spot and persistent in their pleadings.

**Dynamism An The Seniority System**  
Gone—perhaps forever—are the really strong Speakers of the House who almost single-handedly made a good deal of the congressional history of yesterday. But Congress is still blessed with numerous men of stature—capable, articulate, and often highly individualistic. The colorful flavor of bygone years may or may not be recaptured, but the dynamism should be retrievable.

Some claim the ills of Congress stem mostly from the so-called seniority system which provides that committee assignments, chairmanships and influence generally depend on length

of service. This assumes that the incompetents in Congress manage to be re-elected "ad infinitum". Criticism of the seniority system also suggests that Congress is "old and tired". Not so. The median age of all members of Congress is 55 (Senators 59, Representatives 52).

### Where Congress Fails

Sen. Russell B. Long of Louisiana has proposed that the Senate establish a dial-a-vote system that would permit absent

members to record themselves by telephone when important roll calls are being taken. Hidebound as Senators are to tradition, there is no early hope that they will adopt such a precedent-shattering idea. But Sen. Long's proposal does focus attention on the fact that Congress clings to voting procedures and members' courtesies that are archaic and time-consuming. Unlike so many state legislatures, Congress so far has failed to use electronic voting devices which could speed its work.

ure lies in its seemingly superficial handling of its chief responsibility—the enactment of laws. Under present rigid procedures and limitations of funds and staff, neither existing nor proposed programs are being studied as carefully or as fully as they should be relative to national goals.

About 200,000 Americans will be saved from cancer this year because of early detection and prompt, proper treatment. Support the April Crusade of the American Cancer Society.

**Confirmation Class**

The following five young people were received into the membership of Incarnation United Church of Christ on Palm Sunday, April 7, by the Rite of Confirmation: (bottom, left to right): Sheila Ruth Chatlos, Douglas Wayne Long, Wanda Lynn Gellwicks; (top) Darlene Marie Andrew, and Margaret Anne Wagerman. Rev. John C. Chatlos, Pastor, is in the back.

Two Elders of the congregation, Mr. Alvey A. Kline and Mr. Harry Swomley, Jr., sat with the class as an impressive Confirmation Service was conducted by the pastor, Rev. John S. Chatlos. The church bell was tolled as each confirmand received the confirmation blessing by the pastor. The class has been instructed in the Chris-

**Senior Citizens Hear Speaker**

The regular monthly meeting of the Senior Citizens Club of Emmitsburg was held at the Center, Tuesday evening, April 16, at 7:30 o'clock with eighteen members present.

The feature of the evening was a talk on the topic, "Seniors in Action," by Mr. Michael Linder of Cumberland, which was most timely and thought provoking. The gist of the talk, of course, was a discussion of what Senior Citizens can and have done to stay on the active list and not sit back in immobility and wait for things to happen.

A period of discussion and questioning followed upon what possible action can be done by the club here in Emmitsburg, which hopefully will produce results. Much gratitude is due Mr. Linder for his timely appearance before the club.

The knitting and sewing classes have been scheduled to open Tuesday, April 23 at the Center from two until four o'clock, under the instruction of Mrs. Frances Keller for knitting, and Mrs. Genevieve Clements for sewing, each Tuesday thereafter. Anyone, young or elderly, interested in either one or both, please feel welcome to come and participate in the opportunity offered.

The Bazaar scheduled for May 18, 1968, was postponed until later, in early Fall, perhaps.

For the May meeting, Tuesday, the twenty-first, at 7:30 in the Center, Father Shaum will present his Glee Club from Mt. St. Mary's in a concert before the club. Everyone knows Fr. Shaum's group will be superb. Come and enjoy the program.

May 1, 1968, will be the regular spring meeting of the Senior Citizens Clubs of Frederick County, to be held at the Church of the Brethren at 11 a.m. for registration and view of exhibits. At 12 noon will be serving of the luncheon, followed by a panel discussion on "A Look at Health Problems and You." For the luncheon reservations must be made by April 18. Mail your cards and let the Center know you are coming, to plan for transportation.

June 18, 1968, the meeting will be a picnic, to be held at Kump's Dam. It will be a covered dish supper with coffee, tea or soft drinks served. Plan now to come. More information later.

**Hess' Troubles Mounting**

Denis R. Hess, Taneytown, was committed to the Adams County jail at 3:10 a.m. Sunday in lieu of \$1,000 bail after he was charged with driving under the influence of alcohol by Gettysburg borough police before Justice of the Peace Robert P. Snyder.

Hess was also in default of fine and costs on a charge of failing to operate a motor vehicle on the right side of the road filed by police in connection with the same incident. Police said they nabbed Hess after they observed him driving his vehicle on the wrong side of the road on York Street.

Hess had been released on \$1,500 bail awaiting trial on state police charge of involuntary manslaughter in the fatal two-car accident in which Charles Calvin "Butch" Crum, 22, Gettysburg, was killed on March 10 on the Emmitsburg Rd. In that accident Hess has pleaded not guilty to the manslaughter charge as well as two other charges of engaging in a speed contest and executing an improper pass.

**School Counsellors To Convene Here**

The joint open house for high school counsellors to be held at St. Joseph College and Mt. St. Mary's College on April 25, will feature addresses by the academic deans of the colleges, tours of the campuses, and informal discussions with faculty members. Registration for the first jointly-sponsored admissions information day at the two colleges will be at 9:30 a.m. in St. Joseph's de Paul Auditorium. Following registration there will be a panel discussion in which Sister Margaret Hughes and Rev. David W. Shaum will discuss the academic deans' views on "Serving Your Students." Pamela Caven, '69, and Manuel Aguado, '68, will discuss the college students' benefits while "Experiencing the Services of the College."

A tour of the St. Joseph College campus at 11:00 a.m. will be followed by luncheon for the guest counsellors and the faculties of the two Emmitsburg colleges. The afternoon program includes a tour of the Mt. St. Mary's campus at 2:00 p.m. and concludes with a President's reception at Cogan Union for the counsellors and guests.

**Farm Bureau Opposed To New Constitution**

Maryland Farm Bureau's Board of Directors went on record as opposed to the new proposed Maryland constitution at a regular meeting last week.

This action followed talks and discussions before the Board by three leading delegates of the Constitutional Convention: H. Vernon Eney, president and from Baltimore County, Frederick C. Malkus, Jr., from Dorchester County, and Lee J. Sosnowski from Anne Arundel County.

Main points expressed by the Directors against the proposed Constitution centered around: (1) the elimination of numerous locally elected officials, (2) the increased power of the Governor,

(3) loss of individual county representation by eight counties, (4) fiscal changes, and (5) the possible increased cost to the taxpayer.

G. Willard Oakley, president of the largest state farmer-organization said that the Board members made known their concern on changes in the fiscal system that provide the Governor with complete control of the State's cash funds, making ineffective the office of Comptroller, a new provision permitting gifts, loans, and backing by the State's credit to individuals, associations or corporations, and increasing from 15 to 25 years the maturity date on bond issues.

"There is a strong belief among the Directors that the present Constitution gives the officials of the State sufficient power, subject to appropriate checks and balances to protect the people, to have an effective State government," stated Oakley.

"Any governmental needs of the

future," added Oakley, "can be met in the present constitution by amending it through regular procedures."

**D.M.V. REPORT**

By D. Murray Franklin  
Public Information Officer  
Md. Dept. of Motor Vehicles

**Selecting Colors For Maryland Tags**

Responsibility for the selection of color combinations on Maryland license plates is vested with the Commissioner of Motor Vehicles.

"Over the years we have found that all color combinations are objectionable to some people," the Commissioner stated, "and this was particularly true some years ago when shades of green and chartreuse brought thousands of letters objecting to these particular color combinations."

Commissioner Jewell stated that blue and white combinations have had the highest public acceptance over all other colors, and therefore, have been used more frequently.

Blue letters on a white background was first used for 1958-59 plates and reversed for 1959-60 tags. The combination was again

selected for the years 1961-62 through 1964-65, reversing the color combinations for alternate years.

Then in 1965-66, the Maryland colors of Black letters on a gold field were used, and reversed for the 1966-67 tags. And again, the objections started to mount to such an extent that the Department went back to the blue and white combinations for the 1967-68 series and reversed the same color combinations for the current tags.

Maryland license plates are produced from No. 26 U. S. Standard Gauge Steel in the Maryland Use Industries plant at Jessups. Decisions on color combinations must be made a year in advance of use. We can, therefore, report that next year's tags will again use the preferred blue and white combination.

There is no pre-arranged agreement on colors between the States and its just by happenstance that Maryland colors generally do not duplicate adjoining States.

Maryland's repeated use of the blue and white combinations is

known by the other States and now they usually anticipate that we will select a reversal of these colors (alternating colors of the numerals and background) for the year ahead.

Senate Bill 288 provides for the issuance of long term license tags to last a minimum of five years. The license tags will be validated annually after the first year by means of reflectorized, tamper-proof validation stickers that adhere to the license plate. This is the bill that will generate a savings in postage and fabrication costs of approximately \$1.7 million over a five year period. It will also provide for the rapid mail delivery of new registration since the tabs will be mailed first class for six cents rather than the plates being mailed third class for 24 cents. There will be less inconvenience to the public, also, since the so-called "rusty bolt" problem every March will be eliminated. Although the effective date of the bill is July 1, 1968, the first long term tags will not be issued until March 1, 1970.

two days, noting to what degree he is awake, what his pupils look like, and how much movement his legs have. If lethargy, severe headache, vomiting, or other symptoms occur, the doctor should be alerted at once.

In more than three quarters of those with serious head injuries, symptoms developed within the six hour period. Among the remainder, symptoms developed more slowly.

The wise precaution would seem to be to take no chances. Any

child who suffers a serious blow to the head had best see a doctor promptly.

**Allergies Cause Ear Problems**

One of the most stubborn of all ear disorders—chronic serous otitis—is often caused by allergy. This is what Dr. Kenneth L. Craft of Indianapolis told physicians attending a medical meeting at Las Vegas.

An otolaryngologist (ear doctor) and allergist, Dr. Craft said that all parts of the ear can be-

**Bubble Bath Brings Bladder Ills**

The wages of smelling pretty can sometimes be painful. Bubble bath, alas, can irritate milady's bladder and other parts, causing a burning sensation upon urination, symptoms of frequency, and urgency.

According to a communication in the Journal of the American Medical Association from a Florida physician, five of his women patients suffered bladder problems "precipitated or aggravated by habitual use of bubble-bath soap preparations." All the women, he noted, had diabetes. One was only 23 years old. In this case the symptoms had persisted for several years despite antibiotic therapy, despite proper vaginal and bowel hygiene, despite the elimination from her diet of conventional irritants such as coffee and alcohol.

Only after direct inquiry from the physician did he learn that she took bubble baths several times a week. Within one month of stopping the use of bubble bath her symptoms disappeared entirely.

**Head Injuries Need Scrutiny**

For six hours after a child has suffered a possibly serious head injury it is best that he be observed by physicians in a hospital setting. If the child is alert after that period, and his neurological tests are normal, he can then safely be observed in his own home.

This is what a study by two Swedish physicians of histories of more than 1,000 young accident victims showed. If no serious symptoms developed within the first six hours of the accident, the likelihood of serious complications developing after that period was not great.

However, parents should check the child's condition closely for

**Announcing Chevrolet's new Torque-Drive.**

Nobody else offers anything like it at the price. Torque-Drive does away with the clutch pedal. Most of the shifting, too. And for the most economy, it's available exclusively on all Camaro sixes and Chevy II Nova 4- and 6-cylinder models. Look how simple it is. You accelerate in 1st; then shift to Hi for cruising. That's all. If you like, you can even start in Hi. And accelerate from standstill to cruising speed. It's just a little slower that way.

The shift lever is conveniently located on the steering column, and there's a selector quadrant with easy-to-read indications: Park-R-N-Hi-1st. Only your Chevrolet dealer has it—clutchless driving at only \$68.65.

**The first no clutch one shift \$68.65\* transmission**

Only Chevrolet has it.

Legion Auxiliary Has Busy Schedule The regular monthly meeting of the Francis X. Elder American Legion Auxiliary was held recently with president, Ann Topper, presiding. Twelve members were present.

The Western Maryland District is in second place for membership enrollment in the Department. Invitation was extended members to attend a Buffet and Dance on April 13 at Camp Ritchie, commemorating their 50th anniversary. The chaplain reported that sympathy and get-well cards and flowers had been sent to members.

The members discussed a Food Sale and set a tentative date for May. Definite date will be announced later.

Donations were made to the Heart Fund, Red Cross, Child Welfare, Valley Forge Project, CARE, Cancer Fund, Easter Seals and Ways and Means.

The following was reported by members: The public health clinic used the auxiliary room 40 hours, treated 10 maternity patients and 48 children during the month of March; 44 hours was spent babysitting with veterans' children; donation of \$25 in clothing given to needy; members spent 8 hours helping with Girl Scouts and the auxiliary room was used 6 hours during March.

Margaret Muntville's name was called for the door prize, but was not present. Ann Shorb won the draw prize. Refreshment committee for May is Ann Topper and Virginia Sanders.

The meeting adjourned and the ladies joined the men of the Post for refreshments.

Dr. Morningstar Completes Post-Grad Medical Course Dr. George L. Morningstar, Emmitsburg, has been re-elected to active membership in the American Academy of General Practice, the national association of family doctors.

Re-election signifies that the physician has successfully completed 150 hours of accredited postgraduate medical study in the last three years. The Academy, the country's second largest national medical association, is the only medical group that requires members to keep up with medical progress through continuing education.

The Academy, founded in 1947 and headquartered in Kansas City, Mo., currently is spearheading a movement to create a new specialty for family medicine that will enhance the ability of the family physician to provide comprehensive, continuing care to the public. The foundation of this new specialty will be the Academy's postgraduate education program.

MRS. RAYMOND W. PRYOR Mrs. Sadie M. Pryor, 71, wife of Raymond W. Pryor, died suddenly at 5:15 p.m. Saturday at her home in Waynesboro.

She was born at Lantz, June 6, 1896, a daughter of the late Clayton and Birdie (Brown) Toms. Her early life was lived in Lantz, and later in the Smithsburg area. She and Mr. Pryor were married in April, 1915, and went to Waynesboro in 1927.

Mrs. Pryor had been employed at Waynesboro Knitting Co. until 1944.

Mrs. Pryor was a member of the Methodist Church and had been a member of the Sunbeam Sunday School Class. In addition to her husband, she is survived by two daughters, Mrs. Wilbur Martin, Waynesboro R4, and Mrs. Juliet Gale, of Waynesboro; also surviving are six grandchildren; three great-grandchildren, and a brother, Glen Toms, Emmitsburg.

Funeral services were held Tuesday at 11 a.m. at the Grove Funeral Home, Waynesboro, in charge of the Rev. Elwood Bair. Burial was in the Green Hill Cemetery.

Let's Go Fishin' BY BOB BREWSTER Outdoor Editor, Mercury Outdoors

IT'S SHOWTIME! The robin is almost obsolete. This traditional harbinger of spring has been replaced . . . at least for outdoorsmen. Now the earliest sign is the annual sports show — in progress or about to begin all across the land.

Though snow may be falling at certain-time, and ice-out is weeks away, the show is positive proof that fishing is a different long-awaited warm weather activities are near at hand, claim the rod and reel boys at Mercury outdoors.

Getting the jump on spring within the warm confines of an equipment-jammed auditorium is fun for the entire family. Here's a chance to go boat-thumping, to dream of far horizons where fishing is always better, to fiddle with gadgets of infinite variety, and to longingly caress the finest wares of the sporting goods makers.

It's an exciting treat for the small fry, too. Armed with shopping bags, they'll have a heyday collecting colorful literature of every description. This "loot" has a habit of becoming a permanent part of a youngster's treasure; and woe to the mother who in house cleaning tosses out a dog-eared motor or tackle catalog.

Reserve an evening or an entire day on the weekend for visiting the show in your area, urge the Mercury lads. You may come away a bit weary and foot sore, but you'll have a grand time. Let's not give up on the robin entirely; he'll appear in due course. But the show does mean that spring is close.

The ZIP Column

May 15, 1968, will mark the anniversary date of a half century of airmail service.

Despite the press of wartime duties, the President broke away from the White House and made the short journey to the Potomac Park Polo Field.

After an embarrassing delay caused by a slight oversight—no one had remembered to put gasoline in the plane—Army Lt. George Boyle climbed into the open cockpit of his 150-horsepower Curtiss bi-plane.

stop flight to New York. Instead, Boyle landed—breaking the propeller in the process—in a field near Waldorf, Maryland, south of Washington.

The debut of air mail—or aerial mail as it was called then—was not a complete disaster, however. At about the same time Boyle was beginning his first ill-fated flight, another plane was taking off from Belmont Park Race Track in New York, bound for Washington via Philadelphia, and this flight was successful.

Air mail was on its way—but it is doubtful that even its most avid early supporters realized what a tremendous contribution it was destined to make to the development of aviation as well as to the delivery of mail.

Clairvaux Discussed

Editor, Emmitsburg Chronicle: Clairvaux—Chapter III

Our Trappist friends, sons of Clairvaux in France, were no mean group. While historians commonly think of them as having numbered half a dozen or so, there were in fact 30-40 in the band, sufficient always—as was the case in Kentucky and in Illinois—to supply the nucleus for more than one establishment. Besides, since no large monastery building had been prepared in anticipation of their coming to America, it was likely necessary for them, on occasion, to disband and spread out over the countryside, simply to obtain roofs for their many heads.

school and manufactured watches. While at Monks Mound they operated a regular watch-making business and advertised their wares in the St. Louis papers.

Last week, while discussing old cars, antique furniture and grandfather clocks with Mr. Thomas Gingell, my friend remarked casually that he had once owned a watch that bore the clear imprint "Made at Emmitsburg, Md." Oh well, perhaps in the olden days there was more than one group of watch-makers in our town and its environs.

Just to keep my speculations alive, and not because it really proves anything, I wish to quote a few lines from a letter which Mother Seton wrote to her friend, Julia Scott, on March 23, 1809, several months before she ever laid eyes on Emmitsburg:

"... The order of Sulpicians which is composed of the venerable and respectable gentlemen of this seminary (St. Mary's, Poca St.)... have a seminary and a great part of their property at Emmitsburg on the mountains where the farm in question is situated (to which Mother Seton was about to relocate). The most ancient of them (Fr. Nargot—supposedly only at Pigeon Hill) always resides and resides there..."

In a later letter, the same year, and to the same correspondent, Mother Seton relates that her sons were then enrolled in the seminary at Emmitsburg which has equal advantage with the one in Baltimore." Tell me, Mr. Editor, and dear

readers, if this does not sound, in the sum, that something in the way of educational enterprise had been going on in Emmitsburg for several years last past... perhaps within the hallowed walls of Clairvaux? Patrick F. X. McGucken

Psychologist Will Deliver Speech

Dr. Harvey A. Block, a Baltimore psychologist, will speak on April 28 at St. Joseph College on "The Responsibility of Nursing Education: Opportunities for Education of the Disadvantaged."

Sponsored by the college chapter of Sigma Theta Tau, the national nursing honor society, the lecture is one in a series directed toward current sociological problems.

Dr. Block, a graduate of Columbia University, holds a Ph.D. in experimental psychology from Princeton University. He is the president of Morgan Press in Baltimore, an organization directed to developing techniques and materials to alleviate the problems of culturally disadvantaged youth.

The public is invited to the address which will be given at 3:00 p. m. in Dodd Lecture Hall.

CAPITAL COMMENT

The Lessons Of Last Week

The news from Washington during the past week has been the news from all over the United States: the unhappy news of violence and disorder. Both Washington and Baltimore had been fortunate in the past in escaping the civil disturbances which have been so costly in lives, property and civic confidence in other American cities during the past several hot summers.

The violence of the past week was very different from the types of mass uprisings and riots with which the pages of history are filled. During the disorders, I was on the streets with the policemen, the firemen and the newsmen. At the height of the destruction, I saw no great crowds of rioters and burners, but rather small, roving bands of people who seemed to be causing most of the violence and starting most of the fires.

One of the encouraging sides of this unhappy story, and one of its most important aspects, is that most people did not participate. Most of the citizens of Baltimore and Washington were law-abiding and loyal and steadfast. Most people stayed home, obeyed the curfews, and cooperated with the authorities. It is from this central fact that we can all take great comfort and gain renewed confidence.

We can also take pride and new confidence from the performance of those who bore the responsibility for containing the destruc-

tion and restoring order. I would like to express my deep gratitude and respect for the firemen, whom I saw repeatedly risk their lives to save other men... for the police, who I saw act with bravery and restraint in capturing desperate men who bore deadly arms... for the troops whom I saw operating in efficient and professional ways amidst the chaos and the litter... and for the churchmen and citizens whom I saw helping in a hundred ways in the police stations, in the hospitals, in emergency wards and in the streets.

Finally, I want to say a word for the meek, the young and the elderly, who stood by in the cold night air, sometimes barefoot, usually ill-clad, clutching a few salvaged possessions as their world went up in flames.

ance in the performance of the vast majority in these days and nights of crisis. The disorders were not the end of the world or the end of our society. I am convinced that we can prevent further disorder, that we can root out the causes of disorder, and that we can identify and deal appropriately with those primarily responsible. I am confident, finally, that out of the destruction will emerge a new spirit of confidence, compassion and conviction to carry us ahead.

Dr. and Mrs. E. A. Nakhleh were visited over Easter by Mrs. Nakhleh's parents, Mr. and Mrs. C. N. Bird of Conyers, Ga., and by Mr. and Mrs. Ziad Nakhleh, Laoud Haddad, and Christine Cosgrove, all of Washington, D. C.

Mr. and Mrs. J. Norman Flax have returned home after spending a week in Dayton, O., with friends and relatives.
