SINGLE COPY 10c

Most Anything At A Glance

- By Abigail -

There was excitement aplenty around the Old Square Wednesday morning. Normally this spot is rather quiet and tranquil, at least during the day-light hours. It was comical to see curtains drawn aside and people peeking out to see what was going on. It was really humorous and it was all caused by a little old swarm of spring honeybees. Merchants were seen scurrying to clear the sidewalks of displayed merchandise and to get their doors closed quickly lest the swarm decided to visit the premises. It all lasted about an hour before the pesky little bees decided to move on. No one was stung, I am told, but several thousand bees can sometimes stir up a little excitement in staid old Emmitsburg.

Our idyllic spring weather has deserted us several days this week and for a while many people were making the wise crack: "Sure was a short summer." It seems Monday night the mercury dipped into the mid-thirties and this caused some consternation among fruit-growers and gardeners. The dip didn't exactly set a record but it sent many checking back over the record books. My information has it that the coldest came in 1963 when 34 degrees was recorded. Be that as it may, we're ready for some of that good old Emmitsburg summer weather, and right now!

The taxpayers' revolt appears to be gathering steam and one group even threatened to have the grand jury investigate this week. The County Commissioners are deluged with phone calls and requests to hold the line but it will be a Herculean task if they were able to do so. At least I'm glad to see that our good citizens are not going to take this constant squandering of public funds laying down. The Board of Education is the County's biggest spender, over 75% of the county tax dollar and it is here that the taxpayers have set their sights to do battle. An elected School Board demand is seen growing in strength and it wouldn't surprise me to see in the near future, one of our legislators introduce a measure in the State Legislature, calling for just such a board.

Food Sale

St. Anthony's Shrine will sponsor a Food and Rummage Sale on Saturday, May 17, in the parish hall beginning at 2 p.m. Delicious food items will be offered and new and used clothing will go on sale. The general public is cordially invited to attend.

Community Chorus Plans Concert

The Emmitsburg Community Chorus will present its Spring Concert on Sunday, May 25, at 7:30 p.m. in Mother Seton School. The chorus, under the direction of Sister Jane Marie Perrott, St. Joseph College Music Dept., will sing a variety of sacred music.

Lions Plan Sale June 13

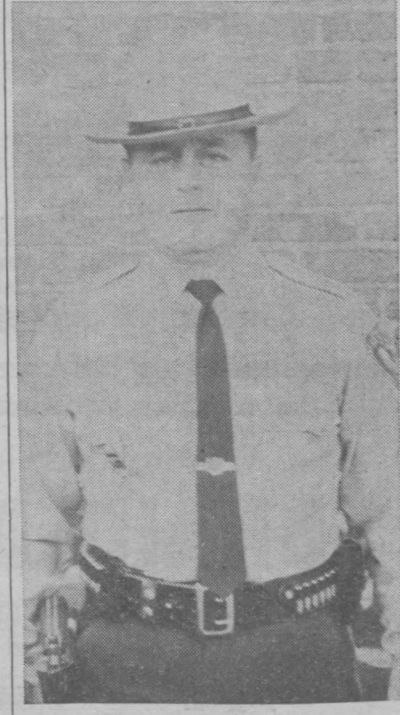

The Annual Community Sale of the Emmitsburg Lions Club will be held on Friday, June 13, it was announced at the regular meeting of this group held Monday evening in Mt. Manor Restaurant, President Milton A. Sewell presiding.

The Lions will handle items for sale on a 20% commission basis, for those desiring to sell for remuneration. Donated items also are sought. The auction will be held in the old Gem Theater and will start at 5:30 p.m. Any type of article will be sold and pickup service is available by phoning Ralph McDonnell or Milton Sewell. Sight Conservation Committee Chairman Floyd L. Lewis reported one request had been received for eyeglasses for an indigent local woman.

There are more coon hunters in this country than fox hunters—probably because there are more coons than foxes.—Sports Afield.

Police Dept. Operates Smoothly; Hire New Officer

Emmitsburg's Police Dept. is now operating at a full complement of two officers. The Town Council appointed W. Henry Filler as officer last December 20. In recent months he has been promoted to Chief of Police. Chief Filler is a Korean War veteran and was overseas 18 months. Following his discharge from the military he served in the classified documents department at Ft. Detrick for several years. His most recent employment was a two-and-a-half year stretch of service with the Thurmont Police Dept.

Chief Filler resides at Mt. Manor Motel and plans to take a police review course sometime in the future.

The newest addition to the Police Dept. is Thomas F. Colliflower, Jr., 22, Frederick. Colliflower accepted Town employment on May 6.

The new officer is a former military policeman having served two years in the Marine Corps. Colliflower is married and resides in Frederick for the time being. "Tom" is appreciative of the opportunity to serve the Town Council and the citizens of Emmitsburg and will do all that is possible to assist Chief Filler and the people of this area.

Msgr. Sheridan Trophy Awarded

Brute Council-1860, Knights of Columbus, this week presented the annual Msgr. John L. Sheridan Trophy to Robert Riley, a junior, at Mt. St. Mary's College.

The presentation was made at an Awards Banquet at the college Tuesday evening by Clyde J. Eyer, committee chairman, for the Knights of Columbus.

The trophy was awarded Mr. Riley as the outstanding college athlete who best fostered the ideals of Mt. St. Mary's College and the Knights of Columbus, both athletically and scholastically. Riley has been on the Mount's Honor Roll for the past five semesters. He is the son of Bernard Riley, Columbus, O., and his grandmother, Mrs. Euphemia Riley, resides in Gettysburg.

Prior to coming to the Mount and making the powerful basketball team there, Riley had never played high school basketball and his forging ahead represents a tribute to the stellar coaching of James Phelan at the Mount.

According to one nation-wide game survey, in the class of small upland game animals, the squirrel ranks second only to the rabbit in popularity.—Sports Afield.

Firemen Begin Annual Fund Campaign

The Vigilant Hose Company has begun its 1969 Financial Drive with the mailing of over 1200 letters to the residents and property owners of Emmitsburg and the surrounding area.

The Fire Company relies heavily on the contributions received through its annual Fund Drive for the operation of the company from year to year. With the recent building addition completed in 1966, the addition of a new Service and Rescue vehicle within the last year, and the planned addition of a new pumper within the next two years the expenses incurred by the Fire Company have been very great.

The Fire Company is operated by the volunteers of the Vigilant Hose Company for the protection of life and property in the Emmitsburg area. The firemen spend hours upon hours of their own time, at any hour of the day and in any kind of weather to train, maintain the equipment and provide emergency protection to all who live or pass through the Emmitsburg area for no charge to the person who receives their service.

The firemen strive to keep themselves and their equipment in the proper condition in order to provide the fastest most adequate protection to the lives and property within the limits of their running area.

In order to continue this valuable service to the community, the firemen ask for the financial assistance of the people they serve through the annual Fund Drive.

Support your Fire Company, the Vigilant Hose Company, now, so that the firemen can continue to come to your aid and your neighbors' aid when fire strikes.

B. H. Boyle Store Observing 36th Anniversary

B. H. Boyle & Sons Inc., is observing its 36th anniversary this week. Opened 36 years ago, at its present location, the business spawned from a man-and-wife operation to the most modern and fully-equipped and stocked grocery enterprise in the community.

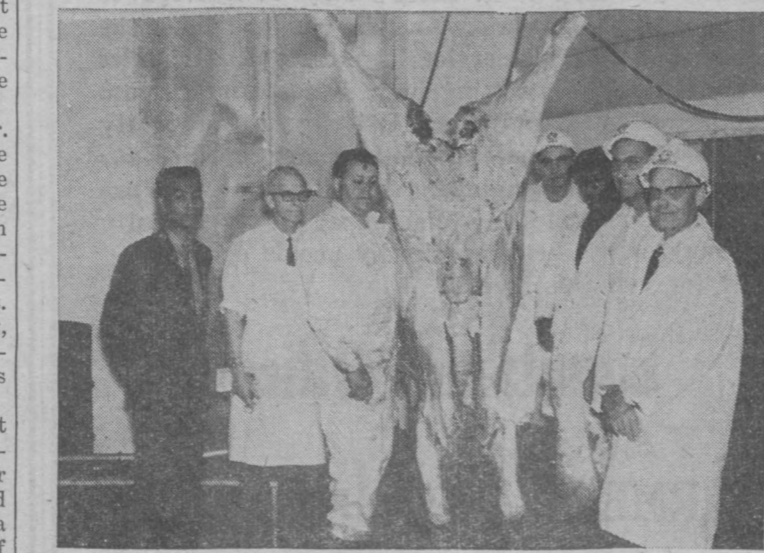

Mr. Boyle and his wife, Mary, founders of the business, continue an active pace conducting the business affairs of the corporation. Assisting the couple in the operation, are sons, Patrick and Michael, son-in-law Richard Sprinkle and a number of other employees.

Progressive in nature, Mr. and Mrs. Boyle installed the first electric meat case in Emmitsburg, years ago. In addition, the business erected the first frozen locker system in the town.

Another first occurred this week in the store's anniversary. The first meat inspection team appeared on the scene Wednesday morning and supervised and inspected the killing of several hives at the store's slaughter house. The new meat inspection law becomes effective July 1 but the store "beat the gun" by several months and was fully prepared for the inspection this week.

As a friendly gesture to its patrons and friends, Boyle's is offering a host of meat and grocery specials this week during the observance of its 36th anniversary in Emmitsburg.

First Meat Inspection Held Here

Meat inspectors check out slaughter house of B. H. Boyle & Sons, Inc. Wednesday as the new meat inspection law is applied. One inspector will be at present at future butchering days. The crew spent half a day at the local slaughter house which meets state specifications. Shown, left to right, State Veterinarian, Bernard H. Boyle, Richard Sprinkle, inspector, William Chase and two inspectors.

Miss Alexander Is Married To Alan Brauer

Miss Ethel May Alexander, of Thurmont, Md., and Alan Lee Brauer, of Rocky Ridge, Md., were united in marriage on Saturday, April 26, at 2 o'clock in the afternoon at Weller's United Methodist Church in Thurmont.

The bride is the daughter of Mr. and Mrs. Paul Alexander of Thurmont, and the groom is the son of Mr. and Mrs. Charles Brauer of Rocky Ridge.

The Rev. Elmer Andrews, of Smithsburg, Md., and the Rev. Raymond Kingsborough, Thurmont, performed the double ring ceremony in the presence of 200 relatives and friends.

Given in marriage by her father, the bride wore a floor length gown of white silk with an A-line skirt and empire waist, with long sleeves, bodice and three tier train, all of chantilly lace. The veil was of silk illusion. She carried a colonial bouquet of white roses and white carnations.

Miss Paulette Alexander, Thurmont, sister of the bride, was maid of honor. She wore a floor length gown of powder blue with empire waist, baby doll sleeves, silk underskirt covered with chantilly lace and wore a matching veil headpiece. She carried a colonial bouquet of blue carnations.

Miss Rebecca Eyer, Thurmont, cousin of the bride, and Mrs. Nelson Smith, Norfolk, Va., sister of the groom, were the bridesmaids. They were attired in the same fashion as the maid of honor.

Art Exhibit Sunday

All entries for the annual Children's Art Contest, sponsored by the Emmitsburg Public Library, must be approved by Friday, May 16, before 4:30 p.m. The art will be judged in the Mother Seton School Auditorium on Saturday, May 17.

Local citizens and friends of Emmitsburg are invited and encouraged to visit the exhibit of all art entered, on Sunday, May 18, from 2 to 4 p.m. at Mother Seton School. The Board of Directors of the town library will announce the winners and award cash and merit prizes at that time. Teachers and students of Emmitsburg School and Mother Seton School are grateful to the committee for the library for their sponsorship of this worthwhile project.

or except in the color of pink, and they carried colonial bouquets of pink carnations. Miss Marlene Eyer, Thurmont, cousin of the bride, was flower girl. She wore a floor length, long sleeve white nylon gown with lace ruffles at the sleeves and neck. She wore a pink headpiece and carried a basket of white, pink and blue carnations.

Mr. Leonard Jones, Jr., Hackettstown, N. J., friend of the groom, was best man. Ushers were Mr. C. Samuel Valentine, Taneytown, Md., and Mr. Davis Gerwig, of White Hall, Md., both friends of the groom. Master Robbie Allison of Frederick, was ring bearer. Mr. Richard Eyer, Thurmont, cousin of the bride, served as acolyte.

Miss Margaret Fogle, Thurmont, organist, played traditional wedding music and accompanied the soloist, Mr. Ralph Stottleyer, Thurmont, who sang, "O, Promise Me," and "O Perfect Love."

The bride's mother wore a mint green linen dress with white and navy accessories and wore a white carnation corsage. The bride's grandmother, Mrs. Ethel Smith, wore a navy blue dress with matching accessories and a white carnation corsage. The groom's mother wore an aqua brocade dress with white accessories and a white carnation corsage.

Immediately following the ceremony, a reception was held at Camp Airy. Assisting with the serving were Mrs. Anna Smith and Mrs. Margaret Smith; cutting and serving the cake were Mrs. Betty Eyer and Mrs. Madeline Frushour, all aunts of the bride. Mrs. Ann Miller, Frederick, friend of the couple, presided at the punch bowl. Miss Linda Harbaugh, Fairfield, Pa., cousin of the bride, had charge of the guest book.

The bride graduated from Thurmont High School in 1964 and from Frostburg State College in 1968. She is presently teaching at Liberty Elementary School. The groom graduated from Emmitsburg High School in 1964 and from the University of Maryland in 1968. He is presently in farming at Mott's Station.

For their wedding trip to Niagara Falls and Canada, Mrs. Brauer wore an A-line English wool worsted blue, green and white check dress with white accessories and a white rosebud corsage lifted from her bridal bouquet.

Prior to the wedding the bride was entertained at showers given for her by her attendants and by friends on the Liberty faculty. The wedding party attended a pre-rehearsal dinner at the home of the groom on the eve of the wedding.

The young couple are residing at 3 East Street, Apt. 8, Thurmont, Maryland.

Local Man Hit-Skip Driver

Jerry Joseph Brawner, 21, R1, Emmitsburg, was charged with fines totaling \$419.00 after he was apprehended following a wild chase May 3, by Police Chief Henry Filler.

Filler said the Brawner vehicle, a 1956 Mercury, struck a parked car on East Main St. owned by John Deatherage, Emmitsburg, and proceeded to speed east on the street, running the red traffic lights at the intersection of Rts. 97 and 15, and turning off his lights to avoid identification. Chief Filler apprehended the speeding Brawner car at the Civic Grounds, about a mile from the town limits. Brawner was charged with failing to obey a traffic control signal, failure to stop following an accident, and turning off lights to avoid identification. Damage to Deatherage's 1961 Ford was estimated at \$250, and \$50 to the Brawner vehicle.

Two Houses Damaged By Car

Heavy damage was done to one house and another slightly damaged when struck Sunday morning at 2:45 by a car driven by Richard Thomas Sanders, 22, R1, Emmitsburg. Police Chief Henry Filler said the houses were owned by Donald Harner and Garret W. Cecil, and were located on W. Main St. The 1960 Cadillac sedan was traveling east on W. Main St. when the mishap occurred. Chief Filler said the driver was uninjured but his vehicle was demolished. Filler charged Sanders with reckless driving and speed greater than reasonable or prudent.

Compensation and pension payments to veterans exceeded \$4.6 billion during 1968.

Tax Group Would Investigate Education Board

A grand jury investigation of the Frederick County School Board was requested by the president of the Frederick County and City Taxpayers League Monday night.

Robert E. Dailey, Sr., called for the investigation during the question and answer period following the speech by the featured speaker, Hyman A. Pressman, Baltimore City comptroller.

The investigation call by Dailey received an enthusiastic round of applause from more than 650 county and city residents who attended the two-hour meeting in the auditorium of North Frederick Elementary School.

Before the meeting even began the more than 350 seats in the auditorium were filled and people lined the side and rear areas. Pressman noted that in more than 35 years of taxpayers meetings, this was the second largest turnout he had seen.

"The watchdog of county government" was the title Pressman gave to the taxpayers group. He added that the discarding of outdated programs can be a tax dollar saving device equal to few others.

Ending his speech, Pressman wished the best to all those in the organization and prepared to answer questions during the remaining hour.

A second Baltimore political leader, Dave Himelfarb, was to speak on the political aspects of a tax reform group, however, he relinquished his time because of the number of questions the audience wished to ask Pressman.

Many of the questions asked of the Baltimore official were on local issues and had to be returned to Dailey for comment.

Approximately 40 per cent of the questions asked concerned the local school board and the present budget issue. Beside Dailey's call for a grand jury investigation of the local board, many persons including Pressman noted that the area needed an elected school board rather than the present appointed one.

Pressman commented that letters to state senators were the only means for encouraging a change in the appointive board.

Questions on real estate taxation versus other tax areas, the question of no support from commissioners in the tax battle and many other realms of tax problems.

Dailey assured those gathered at the meeting that the present county commissioners were honest and that they would come out to hold tax rates down if they had sufficient backing. All the speakers for the evening noted that the turnout was extremely good and forecast a successful future for the group.

More than 600 persons filled out the registration forms to become members of the organization. An additional 1,400 application forms were distributed to the public with the organization's preamble and goals explained on the sheet.

In closing the meeting Dailey accepted a vocally approved motion asking the Frederick County Commissioners not to increase the tax rate.

Dailey also promised a second meeting of the group within one month.

The accepted world-record largemouth black bass weighed in at 22 pounds, 4 ounces. It was caught by George Perry in 1932.—Sports Afield.

WM. BUCKLEY TO DELIVER MOUNT ADDRESS

William F. Buckley Jr., nationally known author, lecturer, television personality, and publisher, will deliver the baccalaureate address to graduates of Mount Saint Mary's College on Sunday, June first.

His Eminence, Lawrence Cardinal Shehan, Archbishop of Baltimore and chairman of the college's board of trustees, will preside at commencement exercises beginning at 2:30 p.m. on the lawn in front of Flynn Hall. This year's graduating class totals just under 200.

In a gesture of collegiality, Rt. Rev. Hugh J. Phillips, Mount president, has asked Bernard J. Karan, senior class president, to deliver words of greeting at the annual Honors Convocation scheduled at 4 p.m. on the previous day, Saturday, May 31. In recent years it has been traditional for the president of the college to speak.

Besides having Mr. Buckley address its graduates, Mount Saint Mary's College will also honor him. The liberal arts college for men will confer upon him the honorary degree of Doctor of Humane Letters.

Mr. Buckley, a conservative, founded in 1955 and continues to edit "National Review," the largest circulation journal of opinion in America. In addition, he lectures widely, conducts a weekly TV show called "The Firing Line," and produces a column, "On the Right," which is carried by more than 200 newspapers. His books include "McCarthy and His Enemies," "Up From Liberalism," "The Unmaking of a Mayor,"

The ZIP Column

The 6-cent stamp honoring W. C. Handy will be first placed on sale on May 17, 1969, at Memphis, Tenn., the city he musically immortalized with his compositions "The Memphis Blues" and "The Beale Street Blues." The stamp is being issued during the sesquicentennial anniversary celebration of the city.

This stamp was designed by Bernice Kochan of Cleveland, O., winner of a nationwide contest sponsored by Memphis Sesquicentennial, Inc. The artist has combined purple, light red and light blue for a jazzy effect.

This commemorative will be placed on sale at our office on May 19, 1969.

Our rural carriers will distribute the annual June Livestock Survey Cards next week.

This survey provides the Maryland - Delaware Crop Reporting Service at College Park, with basic information for estimating the pig crop, calf crop, and milk production.

To assure that your community is represented in this survey, I urge our farmer patrons to fill

out this card, and return it to their mail box.

George E. Rosensteel, PM.

Mount Names Academic Affairs Committees

Mount Saint Mary's College has activated new academic organizations designed to broaden faculty and student participation in all phases of the institution's academic affairs.

For the first time in its 161-year history, the college selected members for the important Academic Council by faculty vote. Those elected, with term of office for each, are: Dr. J. D. Broussard, three years; Rt. Rev. Robert R. Kline, Ph.D., three years; Mr. Bernard S. Kaliss, two years; Dr. William G. Meredith, two years; Rev. Carl J. Fives, one year; and Dr. John L. Morrison, one year.

Serving ex officio on the Academic Council are Rev. David W. Shaum, Ph.D., dean of academic affairs, as chairman; Rt. Rev. Hugh J. Phillips, president; Rev. Philip A. Barrett, treasurer; and Mr. Frank Ligorano, acting dean of student affairs.

Faculty and students will have voices in formulation of college policy through a new Faculty-Student Academic Affairs Committee. Faculty members elected to serve are Rev. Daniel C. Nusbaum, Mr. Robert C. Neal, and Mr. David P. Chowanec. Student members are Frank Bogden, a junior; and Thomas Griffin, a sophomore. A freshman, Edward Massey, was named as an alternate.

A new Faculty Affairs Com-

mittee is initially composed of Dr. John J. Dillon, Jr., Mr. Raymond R. Lauer, Dr. Emile A. Nakhleh,

Mr. Robert M. Preston, plus Rev. Philip A. Barrett serving in his capacity as college treasurer.

Details of new academic organizations are contained in a new

faculty/administration handbook recently adopted and the first in the college's history.

In addition to the long-term organizational changes, the college has just formed an ad hoc committee to draft a Student Bill of Rights, composed of three students, three faculty members, and three members of the administration.

Student members will be John D. Conmy, a junior who is chairman of a Student Government committee on student rights; Thomas Herritt, and Robert Sullivan, both freshmen and military veterans.

Faculty members elected are: Dr. John J. Dillon, Jr., Rev. Daniel C. Nusbaum, and Mr. Thomas D. Ryan.

Representing the administration are Rev. Philip A. Barrett, Mr. George R. Gelles, and Mr. James J. Phelan.

Little League Donors

Recent donors to the Emmitsburg Little League have been announced as follows: Chronicle Press Inc. Sanders Garage VFW Auxiliary, Post 6658 John D. White American Legion Post 121 Emmitsburg Knights of Columbus Allegheny Pepsi Cola Co. The Palms VFW Post 6658

The Speaker's Chair for Parliament House in Gambia, Africa, has a base, back and canopy support of welded nickel stainless steel tubes.

Club Calendar

The following local organizations meet on these dates:

St. Joseph's Church Council, third Sunday. Town Council, first Monday. Ladies of Brute Council, second Monday.

Knights of Columbus, first and third Mondays. Lions Club, second and fourth Mondays.

New Frontier Democratic Club, second Monday. St. Joseph's Sodality, fourth Monday.

American Legion, first Tuesday. Vigilant Hose Co., second Tuesday. St. Joseph's High School PTA, second Tuesday.

Senior Citizens, third Tuesday. Chamber of Commerce, third Tuesday.

Nurses of Gettysburg, third Tuesday. Adams Co. Ambulance Corps., third Tuesday.

Frederick Co. Central Alarm, fourth Tuesday. VFW, first Wednesday. Municipal Band practice every Wednesday.

Emmitsburg Middle School PTA, fourth Wednesday. VFW Auxiliary, first Thursday. Mother Seton School PTA, second Thursday.

Frederick Co. Ambulance Assn., fourth Thursday.

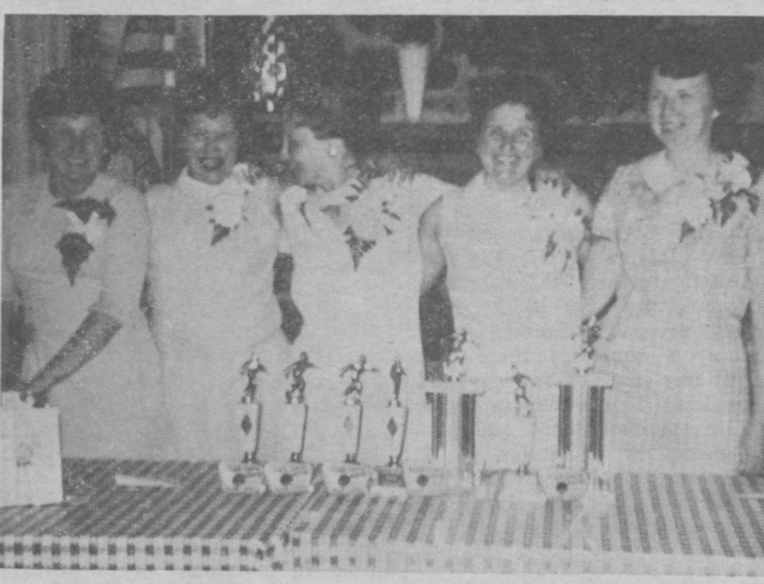

EDITOR'S NOTE: We realize this list is incomplete but beg your indulgence until we hear from other organizations in the near future. If your organization would like to be listed in the Calendar, free of charge, please contact the Chronicle.

Meat Inspectors At Boyle's Store

Shown above is picture of the first meat inspection under the new state law as inspectors stamped prime cuts of meat at Boyle's Store Wednesday. Shown at left is Bruce Kepler, Frederick, and Bruce Burke, Damascus, state inspectors as they stamped the 13 prime cuts required for a side of beef. They work for the Livestock Sanitation Dept. of the State of Maryland Meat Inspection.

Champion Lady Bowlers Hold Banquet

Shown above are the champions of the Thursday Night Ladies' Bowling League at Rainbow Lanes, enjoying a recent banquet at Cozy Restaurant, Thurmont. Standing left to right are Elsie Wivell, Doris Stouter, Susan Sanders, Ruth Wivell and Sylvia Burrier. Also receiving trophies, beside the team trophy, were Sylvia Burrier, highest average and second highest average, Ruth Wivell.

School Children Sell Candy

Mother Seton School students (grade 5-8), responded enthusiastically to a recent candy sale drive. The project aimed at financing the salaries of part-time physical education teachers. Thanks to many local citizens and some out-of-town friends, the children realized over \$800 for the program. All are grateful to those who helped in any way.

Pictured are the winners in the competition of the candy sale: Highest sales in the school, Laura Plumer (insert); first and second place winners on class levels are as follow, l-r, front row, Donna Kehne, Franklin Fauth; second row, Albert Hobbs, Bridget McGucken and Donna Stahley; back row, Thomas Vaughn, Michael Fusich and Lawrence Stouter.

BABSON'S POINT OF VIEW

Mounting Problem Of Waste Disposal

By Babson's Reports Incorporated, Wellesley Hills, Mass., May 15, 1969 — As a consequence of our nation's enormous industrial output and high level of affluence, we are faced each day with the formidable task of disposing of more than one million tons of solid waste. In the past, what we have done with our waste and garbage was to dump it on some unused piece of land or into a nearby body of water. For reasons of health and aesthetics alone this was never a good means of disposal, and it becomes even more unacceptable as the population grows and our natural resources dwindle.

Adding to the disposal problem are the increased durability and the decreased salvage value of a great many goods and packaging materials. With the majority of our cities already running out of nearby land fill sites, it is obvious that new dis-

posal technologies are vitally necessary in order to cope with the gigantic and still mounting waste disposal problem.

Meeting The Challenge

One of the more novel approaches for disposing of waste is that of compressing garbage into building blocks. These blocks are coated with steel, concrete, or asphalt for use in building, road, or airstrip foundations, and retaining walls. It is claimed that the compression destroys all microorganisms, resulting in a sterile, odorless building block.

Another method of adding value to waste is being tried by the U. S. Public Health Service. In this experiment, sewage sludge is added to compost to make it more valuable as a fertilizer and soil conditioner. It has also been suggested that railroads use unit trains to haul trash for burial in remote areas, perhaps to fill in worked-out quarries or mines. Several railroads have shown interest

in developing this new traffic source.

The Role Of Packaging

The packaging industry, in response to the litter and waste disposal problem, is turning its efforts to making packages that are more disposable or degradable, and even self-destructive.

Dow Chemical, among others, is working on a bottle that will disintegrate after it has been emptied. Other companies have similar projects under way. It is thought that such a self-destructing container may be in use in 1970.

American Maize - Products is heading on another tack, by making the packaging part of the food. This long-established manufacturer of corn products has developed an edible packaging film that is now being used commercially in the baking industry; the film is made of soluble, high-amylase cornstarch.

Recycling Is Ultimate Goal

While soluble or self-destructing packaging is one answer to the waste disposal problem, it is not the ideal solution. Recycling or reclamation of waste to recover natural resources is the ultimate goal. Along these lines, Reynolds Meals has set up a reclamation project in Florida where empty aluminum cans are collected and processed for re-use by secondary aluminum producers.

Ford Motor's San Jose, California assembly plant has a machine (developed by Pan American Resources) that converts waste packaging materials into combustible gas and charcoal. And the glass industry is exploring the possibility of giving glass more salvage value by using greater quantities of broken pieces in new glass molding.

Companies With A Stake In Waste Disposal

Many companies are involved in the waste disposal field, but few major concerns derive a large part of their revenues from technologies dealing with such disposal. Those with some representation in the area of waste disposal that the staff of Babson's Reports currently considers suitable for purchase include: American Maize - Pro-

ducts (recently near 24), Borden (recently near 32), Union Carbide (recently near 45), and Penn Central (recently near 52).

AN OPINION

By W. Terry Smith

There appears to be little doubt as to the grand design of the current crop of campus nihilists. As each succeeding college administrator succumbs to the outrageous demands of these factual revolutionaries, their desired result draws closer at hand. With each capitulation and surrender of prerogatives, the respective student domination in its all-encompassing sense. What then would occur is simply, these campuses would eventually become training schools for the perpetuation of chaos and the eventual botchering that is so dear to the heart of every anarchist. With each graduating class returning to their community to perpetuate disruption the results would be highly predictable. The university as the progenitor of revolution is the ultimate dream. With the power to decide curriculum, hire and fire professors, determine the disposition of monies, the student will have achieved an autonomy that placed in perspective with the supposed function of a University i.e. rational discourse and debate, approaches the apex of ludicrousness.

It would be ridiculous to suppose that today's serious student has no legitimate complaints: Teachers who don't spend time in the classroom, but delegate this responsibility to ill-prepared assistants, bureaucratic anonymity, over-crowded facilities, these to name but a few. But the folly occurs when these same students place their trust in the leadership of the SDS and assorted Black power groups in hopes of achieving a solution to these aforementioned legitimate concerns. It must be supposed that when the protest ends the former want an improved university. Unfortunately no such supposition is possible in the case of the latter.

The crucial point arises again and again. Are the leftist minority of students and more important faculty, to be allowed to impose their will and inimical policies on the majority of the academic population? History affords us many examples of the tyranny of the minority. The remaining disciple in Spandau prison is an excellent illustration.

You can give white cotton gloves a crisp, like-new appearance with spray starch. After washing gloves, roll them up in a terry towel to remove excess moisture. Then spray evenly with starch and let dry.

LEGAL

Ancillary Administrator Notice
This is to give notice that the subscriber has obtained from the Orphans' Court of Frederick County, in Maryland, letters of Ancillary Administrator on the estate of

ELEANOR BOYLE ELY
late of Duval County, Florida, Deceased. Homemakers To Hold Tax Credit Forms Available June 1 Food Sale Saturday

"Oven Cookery" was the demonstration presented at the April meeting of the Emmitsburg Homemakers Club, which was held at the home of Mrs. James Small, Zora, Pa. Mrs. Verne Ray prepared a skillet meal and two complete oven meals using favorite recipes from the Extension Service. The delicious casserole dishes were later sampled by everyone and it was agreed by all that oven meals are very convenient to prepare and are economical as well as attractive to serve. Recipe sheets were given to each member and I'm sure everyone is anxious to try them.

Further plans were made for the food sale which is to be held this Saturday, May 17, beginning at 10 o'clock at the Fire Hall.

Mrs. Chatlos and Mrs. Hahn, chairmen, asked everyone to have their baked goods and other articles for sale, brought to the hall before 10 o'clock.

A card was signed by each member and sent to Mrs. Oscar Stinson who has been a patient at Hanover Hospital for some time.

One new member, Mrs. La Rue Harmon, was welcomed into the club.

After the business meeting was adjourned, members and two guests were invited to the dining room where the hostess served delicious refreshments in addition to the dishes prepared by Mrs. Ray.

Tax Credit Forms Available June 1

Tax credit applications for elderly residents of Frederick County will not be available until after June 1.

The announcement from the Frederick County Commissioners' office came after a deluge of calls asking for applications.

Citizens of the county 65 years of age or older, making under \$5,000 gross household income, are

eligible for the tax credits on their property tax bill.

The applications and requirements are the same as last year, except that the amount of social security benefits received has been deleted from classification under gross household income.

Applications become available from the commissioners' office in the County Courthouse after June 1.

Licenses to use radioisotopes in research and training are held by 93 of VA's 166 hospitals.

Legion Auxiliary Holds Meeting

The regular monthly meeting of the Francis X. Elder American Legion Auxiliary Unit 121, was held Tuesday evening, May 6, at

the Post Home. Mrs. Virginia Sanders, president, presided with 27 members present. Several thank-you notes were read along with a number of endorsements for department offices. The Unit received an invitation

to the Heart Fund Dinner to be held in Frederick on May 26. The group voted to donate \$3.00 to Girls' States and \$3.00 to Ways and Means.

Memorial Services will be held in St. Joseph's Church on Sunday, May 25, at the 11:30 Mass. Members were asked to meet at the Post Home and attend in a body. The president announced that Mr. and Mrs. Clyde Knipple, Mrs. Melva Hardman and Mrs. Virginia Sanders recently attended the District reception and banquet for Past Commanders and Past Presidents held in the Thurmont Post Home.

The chaplain announced that several get-well cards and gifts were sent during the past month to members who were ill.

Members reported the following: 7 visits to sick; 8 get-well cards sent; \$10 donation to Cancer Fund; 1 member worked 5 hours collecting for Cancer Fund; \$60 for food for Post members party given by auxiliary plus 28 hours spent in preparation for party; Auxiliary room used 40 hours by the Public Health Clinic; 56 children were treated at the Clinic; 7 maternity cases treated at the Clinic; 126 hours of babysitting for veteran and non-veteran children; \$65 in clothing was given to veteran and non-veteran families; 1 member spent 10 hours working at the Senior Citizens Center; 1 member spent 6 hours working with Brownies, and the Auxiliary room was used 6 hours for Brownies; 1 member spent 1 1/2 hours at the Community Fund meeting.

The group voted to purchase several frames for citations.

Refreshment committee for June is Charlotte Sanders and Anna Bushman. The door prize was won by Viola Eyster and the draw prize was won by Emily Rigby.

Poppy Chairman, Anna Bushman, distributed poppies to the members to be sold during the month of May.

Nominations for officers for the coming year was held with the following results: President, Virginia Sanders, Mary Theresa Miller; 1st vice president, Ann Topper, Charlotte Sanders; 2nd vice president, Anna Shorb, Margaret Shorb; secretary, Gwen Topper;

NOTICE TO BIDDERS

The Board of Education of Frederick County, 115 East Church Street, Frederick, Maryland, invites bids for furnishing labor and materials for the repairing of two hot air heating furnaces at the Walkersville High School, Walkersville, Maryland.

Specifications and proposal sheets may be obtained at the Board of Education Office.

Sealed bids will be received at the Board of Education Office until 10:00 A.M. (DST), May 27, 1969.

The Board of Education reserves the right to reject any or all proposals and to waive informalities.

BY ORDER OF THE BOARD OF EDUCATION OF FREDERICK COUNTY.

JOHN L. CARNOCHAN, JR. Secretary-Treasurer Bid #69-M-1 1t

treasurer, Melva Hardman; Sgt.-at-Arms, Lois Hartdagen; historian, Joan Topper, Kathleen White Shorb; chaplain, Anna Bushman.

Following the business meeting, the ladies joined the men of the Post for refreshments.

Insurance Advisor To Be In Hagerstown

Maryland Insurance Commissioner Newton I. Steers, Jr., has announced that a member of the State Insurance Department's Advisory Service will once again visit the Western Maryland area this coming Monday, May 19, from 10 a.m. until 2 p.m. in the Conference Room of the Court House, 2nd floor, Hagerstown, Md.

The Advisory Service visits Hagerstown on the third Monday of every month, in order to provide more convenient assistance to citizens of Washington, Frederick and Carroll Counties.

The Department's representative answers inquiries about insurance, tries to assist in getting insurance coverage for you if your company has cancelled your policy and/or deals with complaints you may have about insurance service or problems.

NEVER TOO YOUNG

St. Petersburg — National Pee Wee Champ Tommy Moore from Hagerstown, Maryland is living proof that you're never too young to start playing golf. Tommy is the youngest golfer to have ever made a hole in one and he's done it twice within his seven year life span. His young student is cute, three year old, Ingrid Finchum who met Tommy at Sunken Gardens in St. Petersburg, Florida, where Tommy was demonstrating the skill that has made him a champion.

She's 48.

Mother of 7.

There's "another man" in her life.

Her doctor. She sees him every year—to get a "Pap" test. (Something every adult woman should have).

A "Pap" test is a simple, painless way of detecting cancer of the uterus (womb).

This common cancer in women is just about always curable if found and treated—in time.

That's what the "Pap" test does; finds out—in time.

Have you had a health check-up and a "Pap" test this year? If not, make a date.

Your husband will be all for it.

College Athlete Named Outstanding

Miss Lorie Tontz, sophomore elementary education major at St. Joseph College, and daughter of Mr. and Mrs. Russell C. Tontz, Baltimore, has been selected for inclusion in the 1969 edition of Outstanding College Athletes of America. Miss Tontz was nominated earlier this year by the college and was chosen for the awards publication on the basis of her achievements.

Sponsored by the non-profit Outstanding Americans Foundation, the OCAA is an annual biographical compilation featuring the accomplishments of approximately 5,000 young athletes who have proven themselves outstanding in sports, campus activities and curriculum.

Nominations for this awards publication are made by the athletic department of colleges and universities throughout the country. Criteria for selection includes an athlete's sports achievements, leadership ability, athletic recognition and community service.

Stationed In Colorado

Pvt. E2 Ronald V. Smith, son of Mr. and Mrs. Karl J. Smith, Sr., Rocky Ridge, has reported to Fort Carson, Colo., after spending a two-week leave at his home following the completion of basic training at Fort Bragg, N. C. The 1966 graduate of Thurmont High School entered the Army in January and is now taking a five-week course as company clerk.

The first service school of the U. S. Army was established in 1824 at Fortress Monroe, Va., as the School for Artillery Practice.

It's Time For... EYE CARE

Dr. Newton K. Wesley

IMPORTANCE OF SEMI-ANNUAL EYE EXAMINATIONS

The most important reason for frequent eye examinations, of course, is the preservation of vision. But there are other reasons:

The prescription in your spectacles may need changing. It is sometimes easy to believe we are seeing well when we are not. In the case of contact lenses, care must be taken to see that the lenses are not scratched. Both spectacles and lenses may need professional cleaning.

Wesley

Statistics show that many people need eye examinations. They also show that the average person is inclined to neglect such examinations. A great deal of loss of vision and efficiency could be prevented if we visited our eye specialist at least twice during the year.

If you have your eyes examined and the doctor tells you your eyes are perfectly healthy, this should give you a wonderful feeling that nothing is wrong!

The doctor is happy to tell you that your vision is in good condition. If you were the doctor, and had to tell a patient he was losing his eyesight, you'd realize how sincere the doctor is when he asks you to have regular examinations.

Let's prevent blindness by better eye care... it's time for your eye examination!

It's nice to have enough money to retire on.

It's also nice to be around when it's time to retire.

You want to save a nest egg to retire on? Fine. All we suggest is that you be here to enjoy it. What to do? See your doctor for a thorough health checkup once a year, including a procto. And for women, also a Pap test. In short, the works.

Because most cancers are curable if spotted in time. But your doctor won't be able to spot anything—unless you give him the chance.

If you do, you'll improve your chances of enjoying your retirement. To a ripe old age.

DELIVERY AND DRIVE-IN SERVICE

The Maryland Department of Game and Inland Fish in cooperation with National Wildlife Week will sponsor a cooperative effort to establish wildlife food plots in the Central Region. Although National Wildlife Week was celebrated in March, the conservationists intend to continue the promotion of wildlife week throughout the year.

A limited number of "Game Mix" seed packets containing a mixture of sorghum, millet, ko-

rean lespedeza, buckwheat and soy beans will be available for distribution in Baltimore, Carroll, Frederick, Harford, Howard, and Montgomery Counties.

Seed will be available in one pound packets for 1/16 acre, 2 1/2 pound packets for 1/8 acre, and 5 pound packets for 1/4 acre plantings only.

This program is designed to be in keeping with the theme of National Wildlife Week: "Provide Wildlife Habitat."

Interested persons may participate in this program by contacting the Department of Game and Inland Fish, Central Regional Office, Owings Mills, Maryland 21117. Orders may be placed by mail or phone (833-1060) no later than May 31, 1969.

Pick-up date will be June 7, 1969, 9 a.m. to 12 noon at the Hugg-Thomas Wildlife Management Area at Sykesville, for Howard County; Strider Wildlife Management Area at Germantown, for Montgomery County; Lewistown Work Center, Lewistown, for Frederick County; Gwynnbrook Regional Office, Owings Mills, for Baltimore, Carroll and Harford Counties.

from June 23 to August 22. Mr. Frank Wu, instructor in mathematics, will study topology and linear algebra at the Summer Institute for college teachers of mathematics at Vanderbilt University, June 9 to July 18.

College Trustees Approve Proposals

Two proposals growing out of the two-day moratorium at Gettysburg College were approved by the college's board of trustees at a special six and a half hour meeting held recently.

The first proposal approved: "the delegation by the President of the authority vested in him under the charter for the determination of the regulations governing student residential life to the 'Student Affairs Forum,' it being understood that the faculty has acted to delegate its authority in this area to the 'Student Affairs Forum' and that the Board of Trustees reserves the right to revoke its approval of this delegation and reserves the right to review, i.e. approve or rescind, actions of the 'Student Affairs Forum.' Any action by the Forum involving income or expenditures of the College will be subject to the approval of the Board of Trustees. It is further understood that the President of the College will exercise the responsibility of initiating as necessary the review by the Board of Trustees of actions of the 'Student Affairs Forum.' (It is recognized that some other designation such as 'Residential Life Commission' may be used rather than 'Student Affairs Forum'.")

This board action means that the Forum, a student-faculty-administrative-body, will make decisions in the area of student residential life, unless the issue involved is such as to call for trustee consideration.

Previously, the Forum which

had operated as a faculty committee had only a recommending function subject to the approval of the faculty, the president, and the board of trustees.

In other action, the board gave "in-principle" approval to trustee participation on college committees where trustee membership would be appropriate.

Specifically, this action will mean that trustees will be included on two college-wide committees. They are:

The Study and Referral Committee—a group discussing matters that came out of the moratorium; and, The Long Range Planning and Development Committee—designed to chart the course of the college in the coming years.

Both of these committees are to include students, faculty, administration members and new trustees.

During its meeting the board engaged in extended discussion on other matters growing out of the moratorium, including the college alcohol policy, and, scheduled further study of these matters for its June meeting.

The board also heard presentations by Student Senate President Donald C. Healy, and Dr. Wade F. Hook, chairman of the faculty's Student Affairs Committee.

Multiple Sclerosis Drive Begins

Another Type Of Hope Chest

The term "hope chest" conjures up visions of lovely young girls accumulating clothes and domestic furnishings in anticipation of a happy marriage.

But at this time of the year, we know of another type of hope chest—the symbolic Hope Chest connected with the annual multiple sclerosis campaign. This chest, too, must be filled with the wherewithal to bring happiness—not material happiness—but trust and

reliance that the National Multiple Sclerosis Society will fulfill its dream of finding the cause, prevention and cure of the dread disease.

MS is a crippling disease of the central nervous system, the brain and spinal cord. In MS, the myelin sheath or protective coating of the nerve fibers deteriorates. Scars form and the nerve impulses can't get through to activate muscle to perform their tasks properly. MS is a slow crippler, but a progressive one.

The MS Society is the only nationwide voluntary organization dedicated to promote research into the cause, alleviation and control of MS. By filling its Hope Chest with your dollars, you will provide the funds that are used locally for patient services, professional and public education, and for national and international research programs.

During the next few weeks, the Society will conduct its annual appeal for funds. Give generously to this new and important type of Hope Chest.

Awarded Assistantship

Rosemarie Aulisio, junior biology major at St. Joseph College, has been awarded a Visiting Research Assistantship by the Smithsonian Institution, Washington, D. C., for the summer.

Assistantships are offered by the Smithsonian to provide opportunities for undergraduate students of promise and ability to receive supplemental training in research under the supervision of members of the Smithsonian professional research staff, utilizing the facilities and collections of the institution.

Miss Aulisio is the daughter of Mr. and Mrs. Leo L. Aulisio, of Greenbelt, Md.

Tips from a Pro

IF HE CAN'T SEE ...

YOU MIGHT BE IN TROUBLE

Canned Pears In Popular Baked Salad

Baked salads are a popular choice for a guest luncheon. This delicious Hot Pear Seafood Salad is certain to become a favorite and one you'll want to serve often when entertaining. Easy on the hostess, the salad can be assembled in advance, then popped into the oven when the guests arrive. Complete your menu with assorted relishes and hot fluffy biscuits. Lemon-filled meringues would be a perfect choice for dessert.

Tiny pink shrimp are combined with crisp celery, green onion and green pepper. Sliced water chestnuts add extra crispness and a touch of curry imparts a special flavor to the mayonnaise dressing. Canned Bartlett pears, sparkling with a glaze of French dressing, are the base for the salad. Delicately flavored and bursting with juicy, they are a perfect complement to the shrimp mixture.

- | | |
|---|------------------------------------|
| 2 (1 lb.) cans Bartlett pear halves | 3 tablespoons chopped green pepper |
| 1/4 cup French dressing | 1/4 cup sliced water chestnuts |
| 3/4 pound small shrimp | 1/2 cup mayonnaise |
| 1 cup finely chopped celery | 1/2 teaspoon salt |
| 2 tablespoons finely sliced green onion | 1/2 teaspoon white pepper |
| | 1/4 teaspoon curry powder |

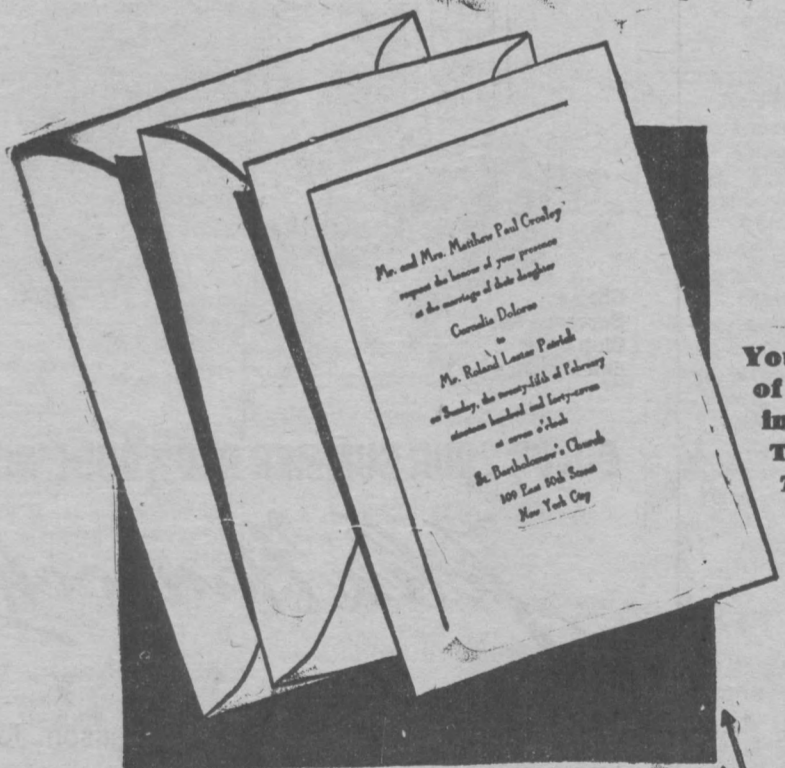

Drain pear halves. Marinate in French dressing 1 hour. Combine shrimp, celery, green onion, green pepper and water chestnuts. Add mayonnaise and seasonings and blend thoroughly. Remove pears from marinade. In each individual ramekin or baking dish place 2 pear halves. Spoon shrimp salad in the center. Bake in a 350-degree oven 20 to 25 minutes. Makes 6 servings.

A Matter of Opinion

MISS BARBARA JOE RUBIN

Many observers were a bit surprised this spring when Miss Barbara Jo Rubin obtained a Jockey's license at New York's Big A without the need of legal talent and promptly won her first ride at Aqueduct. However, before the Ladies Auxiliary of the Jockeys' Guild (if one is eventually formed) votes a "Man of the Year" award for Trainer Howard "Buddy" Jacobson who gave the pig-tailed lassie her big chance, they should re-read the publicity which followed her victory.

It seems that Jacobson did the right thing for the wrong reason. He told an interviewer he had put Barbara Jo on his horse to prove a point about jockeys. "I just wanted to show that any decent professional jockey could win with

the right horse... If the horse is ready to win, any competent jockey should be able to win with him." Jacobson, the leading trainer in New York in five of the past six years had expressed this opinion long before the advent of the girl rider. He further observed, "Jockeys are no different than airline pilots. When you get to your destination you don't jump off the plane and congratulate the pilot, do you?" Perhaps not, but that afternoon when Barbara Jo Rubin jumped off the filly Bravy Galaxy in the Aqueduct winners' circle, wanted to show that any decent professional jockey could win with

Looking Ahead by Dr. George S. Benson President NATIONAL EDUCATION PROGRAM Searcy, Arkansas

Germany's Inflation Victory

Dr. Heinz Pentzlin, economics columnist for the West German newspaper, Die Welt, reported to Freedom Forum XXX that the fearsome German inflation of the mid-1960's had been slowed down through cooperation of organized and unorganized workers, the German industries and the German Government. "Our people," he said, "remembered the terrible inflation that tortured Germany after World War I, when it required a million Marks to buy a newspaper. It crushed the nation and created a situation out of which arose Hitler."

The German workers, he said, quickly agreed not to push for higher wages that would be inflationary. He said another factor in slowing down the inflation that began to be felt in West Germany in 1966—after a spurge of heavy wage raises and a slow-down in German industry—was the absence in Germany of "featherbedding" in industrial work. He said there never had been any organized "featherbedding" in Germany. He attributed this in part to the pride of Germans in their individual workmanship. Inflation Produced Hitler

At the height of the runaway inflation of the early 1930's in Germany, Dr. Pentzlin said, "the masses of hopeless labor and unemployed people joined Hitler and helped him to take over power. But it was the inflation of 1923 which paved the way for

Hitler. This has been a warning to the German population—at least up to now—to fear inflation and its consequence. When Germans are asked in opinion polls what they wish most of all economically speaking, they always want stable prices and stable money—in the first place.

"This has moved responsible authorities in Government to hold the money values stable. The population gives them full assistance. The harsh measures which the German Central Bank applied to curb inflation a few years ago were looked at by the German people with more approval than disapproval. Germany has a big surplus in its balance of payment account, it's Federal budget is balanced, there is no deficit spending, no printing-press money in circulation."

President Nixon's Policy

Dr. Paul W. McCracken, Chairman of President Nixon's Council of Economic Advisers, told the Forum that the back of inflation could be broken only if the people were patient with Administration fiscal and monetary policies that will not show their effectiveness until toward the end of 1969. He said frankly that the latest statistics (at the moment not even published) showed that an inflation rate of from 4 to 5 per cent continued through the early months of this year.

He described as "gradualism" the Nixon Administration's "war on inflation" and he said that there was likely to be a rise (temporary) in unemployment as the economy began to slow down. The hope, he said, was to slow it down gradually and to get across to the American public the fact that inflation cannot be brought under control without some small and temporary pain to some segments of our society.

Outcry Expected

Dr. McCracken made it clear that the Nixon Administration knows how to halt inflation—with the proper management of fiscal and monetary controls, but that there may be a loud outcry (perhaps mainly political) when unemployment begins to rise. Such an outcry, he said, could jeopardize the continuation of necessary inflation-control measures. This has been the trouble in past years. Administrations have bowed to group pressures when things began to slow down and have practiced expansionist fiscal and monetary policies. And now the economy has reached a dangerous rate of inflation.

"There is no instant cure," he said. "We must move very carefully. The measures we've already have put into effect—a budget cut to produce a surplus instead of a deficit; and a

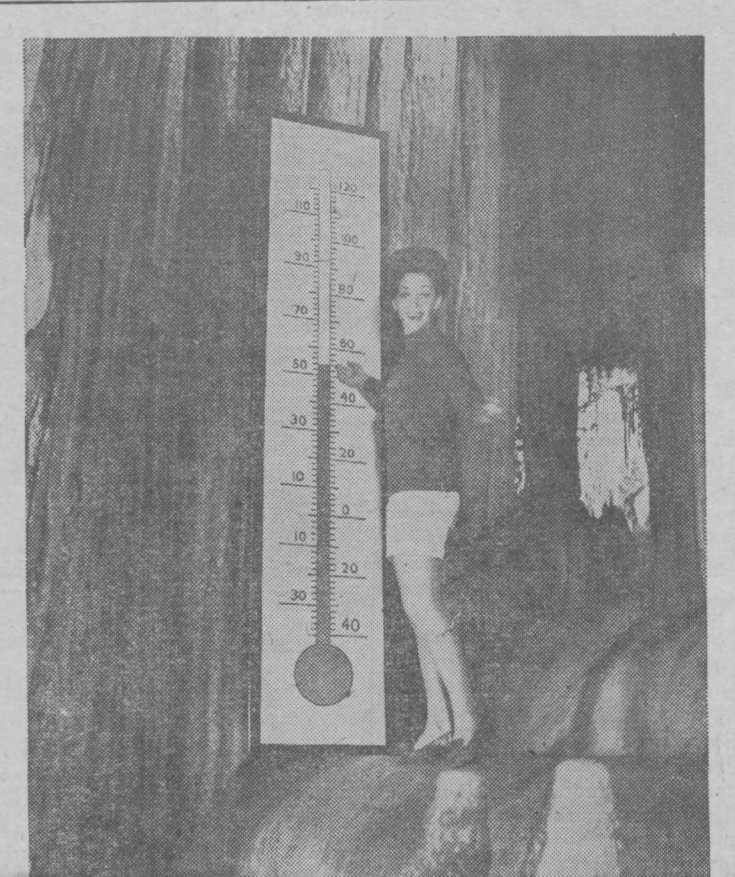

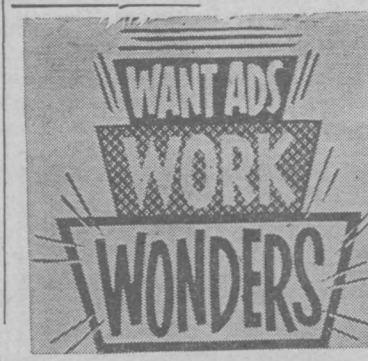

tightening of credit—will not begin to show results until near the end of 1969. Such a policy of gradualism requires patience on the part of the people. We must not overreact to any development—such as a slight increase in unemployment." Dr. McCracken expressed confidence that inflation will be slowed and brought under control. He appealed for a better public understanding of the problems involved in fighting inflation.

Xmas Seal Drive Exceeds Quota

The annual Christmas Seal Campaign of the Maryland Tuberculosis Association exceeded last year's figure by over twenty-six thousand dollars. According to Samuel E. Proctor, Jr., President, the 1968 total amounted to \$730,067.84, producing a per capita return of twenty cents and giving Maryland 104% of the 1967 total. The Christmas Seal Campaign is the major fund-raising effort of the State and local Tuberculosis

and Respiratory Disease Associations. The Frederick County Association raised \$17,000.17 locally. According to William A. Simmons, City Chairman, and Ira C. Rice, County Chairman, this amount was 106% of the 1967 total. Funds are used to control tuberculosis, air pollution, emphysema and other respiratory diseases. Dr. John D. White is president of the local organization. Frederick County is one of the eighteen affiliates of the Maryland TB-RD Association.

It's good to have a slogan, but it is better to perform.

ALWAYS 54° F

Nature provides its own air-conditioning system in Luray Caverns, Virginia, where the temperature never varies from 54° F. Regardless of the outside temperature, winter or summer, this natural wonder 264 feet below the surface of the earth remains constantly at this temperature, which is ideal for the comfort of more than 400,000 visitors who annually take the mile and a quarter subterranean tour. Moisture in the cave varies slightly with the amount of rainfall. Increased moisture on the stalactites and stalagmites can be noticed in about two weeks after heavy rains. Brick walks are now being laid through Luray Caverns for the maximum comfort of the visitor regardless of climatic conditions. Street clothes are comfortable attire for the cave tour at all seasons.

What if we told you to cough up \$18.75 or else?

You wouldn't like it, of course. You see, one of the nice things about buying U.S. Savings Bonds is that you don't have to. That's because you happen to live in a free country where nobody forces you to do anything. Rather, your country asks that you simply consider the many advantages of Savings Bonds. First of all, if you think they're a get-rich-quick scheme, forget it. Bonds aren't for you. They only pay off in the long haul. For a quick return, there are a lot better ways to make a buck. They do pay off, however. Handsomely, as a matter of fact.

A little over 4 dollars for every 3 you invest. Plus, the privilege of buying the new 5% Freedom Shares along with your Bonds. But these are the selfish reasons for buying Bonds. Good, but selfish. There's one other very important reason why Americans already own over \$52 billion in Bonds. It's called pride. It just so happens that most Americans still choose to think this is the best piece of real estate going. If you happen to be one of these Americans who thinks there's something to this country of ours, why not buy into it. Sign up for the Payroll Savings Plan where you work. Or go to your bank. And cough up that \$18.75. Please.

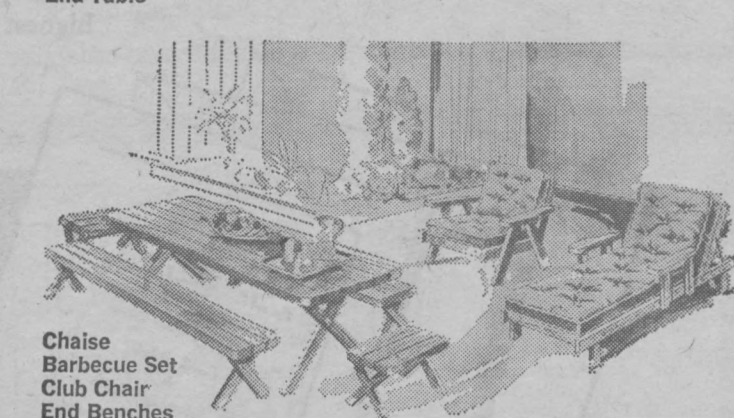

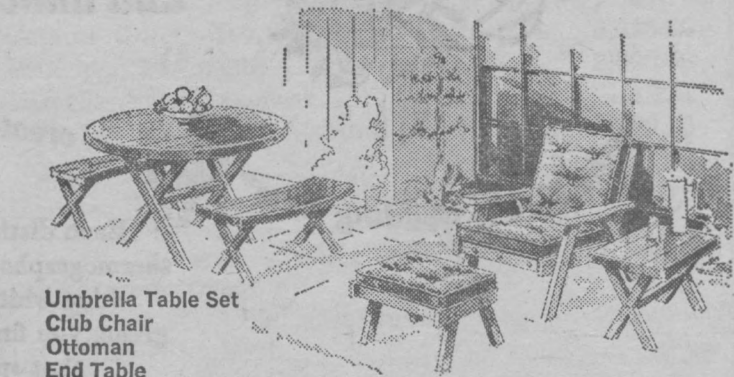

Take stock in America Buy U.S. Savings Bonds & Freedom Shares

Secretary-Treasurer Bid #69-B-2 1t

GEORGE D. OVERHOLTZER George David Overholtzer, 54, Landy Court, Kensington, Md., died at the Suburban Hospital, Bethesda, Sunday afternoon at 4:55. He was the husband of Mildred Fox Overholtzer, and was born in Adams County, a son of Melvin F. Overholtzer, Harney, and the late Mary M. Keckler. Surviving in addition to his widow and father are four children: Mrs. Shirley Crabill, Mrs. Betty Holmes, both of Kensington; George D. Overholtzer, Jr., and Beverly Ann Overholtzer, at home, and five grandchildren. Also surviving are 14 brothers and sisters: Wilbur C. Overholtzer, Philadelphia; Mrs. Irene

Koontz, Roy B. Overholtzer, Sterling E. Overholtzer, Chester R. Overholtzer, Melvin Overholtzer, Dennis A. Overholtzer, Mrs. Carroll Selby, Mrs. William Kreit, all of Taneytown; Mrs. Raymond Rose, Gettysburg; Sgt. Ray Overholtzer, Abilene, Texas; Mrs. Coralea Utz, Sewell, N. J.; William F. Overhiltzer, Westminster, and Mrs. Charles Strickhouser, Littlestown, and a number of nieces and nephews.

He served overseas in World War II with the U. S. Army. He was a member of the Veterans of Foreign Wars Post 6918, Harney. Funeral services were held on Wednesday at 2 p.m. at the Elias Lutheran Church, Emmitsburg, with the Rev. W. Ronald Fearer officiating. Interment was in the Mountainview Cemetery, Emmitsburg. Wilson Funeral Home, Emmitsburg, was in charge of arrangements.

Scouts To Hold Ceremony Boy Scout Troop 284, under the direction of Scoutmaster Dr. William Meredith, will conduct Tenderfoot investiture proceedings this Friday night at Kump's Dam picnic grove. This activity will take the place of the regular Friday night Troop meeting, and will begin promptly at 7:30 p.m. All scouts are advised to wear uniforms if possible. It is expected that the usual campfire ritual will be held. All parents are encouraged to attend, particularly those whose boys will achieve Tenderfoot rank.

Conservation District Conducts Tour On May 1, the Frederick Conservation District sponsored a tour for the Clergymen of the county.

Children Enjoy Fishing Rodeo Approximately 80 children were present for the Fishing Rodeo sponsored Sunday by the local VFW. The event was sponsored for the children of members of the group and was held at Kump's Dam Park.

Places that were visited were Gambrill State Park, Fish Hatchery in Lewistown, Catoctin State Park, where a box lunch was served. From there they visited the dam which is being built on Hunting Creek. From there the group visited Black's Orchard in Thurmont and then on to Graceham to a tree farm. The tour was ended on the Helfin Bros. Farm, near Woodsboro.

On May 5, a school tour was sponsored for the Liberty, New Market Elementary Schools. The tour was on the William Browning farm. Conservationists explained the soil, water and woodland resources. There were approximately 175 students in the morning with 200 in attendance in the afternoon. Chairman Raymond Keilholtz, noted that all teachers were enthused and hoped that such programs would be continued.

WEATHER REPORT Temperatures for the Emmitsburg District for the period ending May 9, as reported by Mrs. Lucille K. Beale, local weather observer, were as follows: Saturday, May 386 40 Sunday, May 485 50 Monday, May 579 50 Tuesday, May 677 44 Wednesday, May 780 48 Thursday, May 878 55 Friday, May 971 58 Rainfall for the period amounted to .78 of an inch.

James Ryder caught the first fish while Anthony Ott nabbed the largest, a 19 1/2-inch trout. The youngest kiddies catching fish were Gary Topper, 4, and Jim Miller, 4.

VFW AMBULANCE Terry Myers, Emmitsburg and

Michael Cool, Keymar, were transported to the Warner Hospital, Gettysburg, this week in the VFW ambulance. Kenneth Startzman was taken to his Fairfield home in the vehicle. Drivers were Leo M. Boyle and James Kittinger.

To report a fire dial 447-4141.

Frederick County Backgrounds

By Samuel Carrick
More About The McNairs

The Clan McNair—in company with so many of their countrymen left their mark on the pages of history. They followed a "distant star" and the beckoning frontier lured them on until finally the Pacific ocean "stopped them" in their tracks. It has been said that a Scot felt crowded if he had a neighbor living within three miles—perhaps this explains his quest for the distant horizon. Be that as it may this country owes much to the so-called "Scotch-Irish" and the McNairs can be numbered among the elect. They came to what was then the far western frontier and here they lived, founded churches and schools—enforced the law—fought in the wars—and advanced the course of civilization.

Among the tangible traces the Scotch left behind—in his quest for new lands—were the grave-stones. Some of the early ones bore the family coat-of-arms cut thereon and markers of this style can be found in a number of old burial grounds. Oddly enough there are no stones of this type in the Tom's Creek Presbyterian burial ground. It will be remembered, however, that for a rather long time this graveyard was neglected and during that period many stones were broken or lost. There may have been "coat-of-arms" stones but, if so, they have long since disappeared.

The graves of Alexander (2) and Margaret McNair are designed by white marble slabs, covering an entire grave, beautiful in their very simplicity. Since Alexander (2) preceded his wife in death it is logical to assume that Margaret, the widow, selected the gravestone that remain to this day a witness to her good taste.

Alexander (2) and Margaret McNair were the parents of four children—as follows:

1. Samuel (3) McNair—buried near his parents in Tom's Creek Presbyterian churchyard.

2. Isabelle (3) McNair—married James Stevenson of Kentucky. Mother of two children—a son and a daughter—Alexander (4) McNair Stevenson and Margaret (4) Stevenson.

3. Agnes (3) McNair—married Thomas Bigham of York (now Adams) County, Pa.

4. Margaret (3) McNair — no further data.

The graves in the Presbyterian churchyard all face to the east—an ancient custom—and in copying the tombstones it is best to start at the west end and work to the east where most of the recent graves are located. According to this plan the burial plot of Samuel (3) McNair is located in the row just back of his parents. Here are five marked graves among which are those of Samuel (3) and Lavina McNair.

Samuel (3) McNair was born in 1764 presumably at the family farm—part of the Manor of the Masque, in what is now Adams County, Pennsylvania. On November 6, 1776 said Samuel (3) appears in the records as a bombardier in the Arnold Battery of the Pennsylvania Navy, Commanded by Jeremiah Simmons, from December 1, 1776 to January 1, 1777. (Pennsylvania Archives, Fifth Series, Volume I, page 426). It is very possible that Samuel (3) McNair had additional service in the War of the American Revolution but—if so—no record, in existence at the present time, remains to tell of it.

He, Samuel (3), paid taxes on cattle in Hamilton Bann Township, York County, Pennsylvania, from 1779 to 1789. Under his father's will he fell heir to all the family real estate—some 385 acres. Samuel (3) McNair's will shows that he owned considerable additional lands. He was a farmer, like his father, and had need of his broad acres for he and his wife were the parents of no less than twelve children. Even for that day this was a "sizable" family and to "bring them up" must have taken a great deal of effort and hard work on the part of both husband and wife.

The children of Samuel (3) and Lavina McNair are listed in the family Bible as follows:

1. Elizabeth (4) McNair—Died July 1817—aged 3 years.

Note: This little girl is buried in the family plot in Tom's Creek Presbyterian churchyard and the inscription from the marker at her grave is as follows:

3. "Sacred/ to the memory of/ Elizabeth McNair/ Died July 18, 1817/ Aged 3 Years."

2. William (3) McNair—Died August 3, 1820—Aged 4 years.

Note: This child is buried beside his sister, Elizabeth (4) McNair.

4. "Sacred/ to the memory of/ William McNair/ Died August 3, 1820/ Aged 4 years."

3. Susan (4) McNair — died 1816—aged 2 years.

Note: Buried with her family at Tom's Creek Presbyterian churchyard.

5. "Sacred/ to the memory of/ Susan McNair/ Died September 18, 1826/ Aged 2 years."

4. Margaret (4) McNair—married Benjamin Ellis and lived near Lewisburg, York County, Pennsylvania.

5. Alexander (4) McNair — Doctor of Medicine — Graduated from Jefferson Medical College in 1834. Practiced his profession in Philadelphia, Pennsylvania. His will was registered for probate in that city on March 11, 1850.

6. Eugenia (4) McNair—married Samuel Arthur and died before 1850.

7. Agnes (4) McNair—married William McCalister and "lived near Emmitsburg before 1850."

8. Samuel Scott (4) McNair—buried in his plot in Tom's Creek Presbyterian churchyard. There will be more about this particular branch of the McNair family later in the series.

9. Levinia (4) McNair—Born August 8, 1809—married April 19, 1836 to Andrew Eyster. She died in Emmitsburg, Maryland, on August 9, 1969 and her husband "departed this life" on April 19, 1871.

10. Maria (4) McNair—married M. Parson and "lived near Emmitsburg, Maryland, before 1850."

11. Martha (4) McNair — married— (?) Toot—"lived near Emmitsburg, Maryland, before 1850."

12. Susannah (4) McNair — no further data.

Samuel (3) and Lavina McNair are buried in the plot with their three infant children listed above and the inscriptions from the markers at their graves will be given in this column next week.

On Inspection

Mr. Eugene R. Rosensteel, DePaul St., was among the members of an inspecting team from Ft. Detrick who spent the week inspecting equipment and studying maintenance at the Rocky Mountain Arsenal in Denver, Colo.

Senior Citizens Lunch In Frederick

Wednesday, May 7, fourteen Senior Citizens of the Emmitsburg Club traveled to Frederick to attend the annual Spring Luncheon of the clubs meeting at the Church of the Brethren.

After registration, luncheon was served by the ladies of the church, after which a program was offered consisting of invocation by Rev. Harry B. Myerly, of Calvary Methodist Church; greetings from Mrs. Patricia B. Throne; introduction of guests by Mr. Duval Swadner, treasurer of FCCA; greetings from the State of Maryland by Mrs. Margaret C. Schweinhof, Chairman of the Commission on the Aging, who introduced the speaker, Mrs. Marie C. McGuire, assistant for Problems of the Elderly and Handicapped for HUD. Her subject was, "Housing for the Older Citizen," which proved both interesting and informative. A question and answer period followed in which the members of the audience received more information.

Tuesday evening, May 20, at 7:30 p.m., will be the regular monthly meeting of the Emmitsburg Senior Citizens Club at the Center. Officer Filler will be the speaker.

There will be a monthly meeting of the officers and Board members of the Emmitsburg Senior Citizens Club at the Center at 10 a.m., Monday May 19. It is hoped all members will be present.

The June meeting will be a talk and slides by Mr. Arvin P. Jones on his recent trip to Alaska. Everyone should enjoy this treat, particularly, if it is a hot June evening.

State Police Plan Open House Saturday

An open house will be held at the Frederick Barracks of the State Police Saturday as a part of the planned activities for Police Week.

On Saturday, much of the technical equipment used in the various phases of police work will be on display from 10 a.m. to 4 p.m. Included among this equipment will be the new closed circuit television which is designed to record any confessions made and the behavior while making the

confession on video tape.

Also the breathalyzer will be shown and two K-9 demonstrations will be held on the parking lot, one at 10 a.m. and another at 2 p.m.

Scouts Planning To Attend Camp

The local Boy Scout committee has just completed plans for sending Troop 284 to Camp Goshen the week of August 9 to 16. Cost of this activity is \$40.00 per boy, and at least 20 boys are expected to go.

The Troop committee is now in the process of raising funds to help cover the costs. Scouts are selling American flags to obtain part of the money, and it is hoped that interested citizens will help by donating to the "Send a Scout to Camp" fund. Send your donation to the Emmitsburg Branch, Farmers & Mechanics National Bank, for deposit to account of Boy Scout Troop 284.

Fire Drill Open To Public May 22

A fire equipment drill, including high-rise ladder, will be held on the Square in Emmitsburg on Thursday evening, May 22 at 7 o'clock.

Companies invited to participate in the drill are from Gettysburg, Fairfield, Rocky Ridge, Thurmont and Taneytown. Spectators should be interested in the use of the 100-foot ladder and the public is invited and urged to attend this drill.

Mr. and Mrs. Vincent Joy, Thurmont, daughter, Wednesday.

Brute Ladies Hold Meeting

The regular meeting of the Ladies of Brute Auxiliary to the

Knights of Columbus was held Monday evening in the council home. President Lois Hartdagen presided with 31 members present.

It was announced that the Board of Directors meeting was held during the month and approved the applications for membership, the Installation Ceremony and membership cards.

The president gave the report of the trip to Victor Cullen. Five council members and five auxiliary members went and all had a very enjoyable time. The men will be going again next Sunday, May 18, and all were encouraged to go along. Donations of cakes were

asked for this month's visit. Carrie Austin was presented as a new member.

Applications for membership were filled out for the auxiliary's records, and all members attending received their membership cards.

Edith Haley was appointed as the membership chairman for the auxiliary.

The next meeting will be held on June 9 at 8:15.

The refreshment committee for next month is Judy Calhoun and Mary Lou Greco.

The meeting closed with a prayer, after which refreshments were served.
