This won't affect old timers, like me, however you young whippersnappers take heed. It won't be long, 'til you will go to the store and ask for a 'meter' of cloth to make that dress or stop at your favorite gas station and tell the man to put in ten liters of "g" juice!

The USA is the only major industrial power in the world not using the metric system. It is used by 90% of the earth's population. The National Bureau of Standards will have its report ready by next summer. However, don't hold your breath. It will take at least twenty years and billions of dollars for the USA to convert. So, don't throw away your yard stick or tape measure. It just might be a handy gadget to have around.

Food For Thought:

"You will find, as you look back upon life, that the moments that stand out are the moments when you have done things for others". — Henry Drummond.

In all this election propaganda that's being pumped into the vulnerable minds of young and old, ONE thing is coming in loud and clear. There is overpowering evidence that today's way of thinking is not like it was when I was a girl.

I know we must "keep up with the times", but let's take a few examples:

Many of our ultra or middle of the road Liberals (and who is sure just what that means) can't or won't understand nor waste their time on problems that affect the great silent majority of average respectable citizens, such as you and me!

Now, you take these many "headed" Liberals. Their "Bag" is always "out", meaning, of course, "Spend your money!"

Now, there are some great causes—Something's got to be done about all these unwed mothers! We can't give to one and not the other—So, let's give 'em all something out of the pot; push more public housing; the need is great, as everyone knows! Too, too many vandals and thieves will get the same benefits, but—what the heck—there's plenty in the till and these are votes, baby, VOTES!

The good but unfortunate segment of this great society who truly need a break, will perhaps get a pittance. More than likely NOT, because they will have struggled and sacrificed a little too much.

If, you live in the city or have visited there, how many times have you seen "our disadvantaged" poor get out of a taxi at the local supermarket, or movie or bowling alley? I have many times. Brother, these are your tax dollars paying for that ride! If, you're like me, you are driving a 1962 deluxe refugee from the junk pile, which I paid for with blood, sweat and tears!

Better still, do some "bird dogging." Watch these cats pull up at the welfare office. The cab dutifully waits for its passenger and its fare. Brother, this cat is collecting "What's coming to him."

WE ARE sensitive to the less fortunate! Many of us give our time, ourselves and our money, whether the problem be lack of worldly goods or physical disabilities. WE WANT to help those with adversities! God's justice cannot be judged by us, but those handling our tax dollars CAN and WILL be judged! Human Rights Committees, for what good they do, are running around in circles on a spending spree. They seem hell bent on destroying the end result, while wasting billions of tax dollars.

Today's coddling and permissive approach to our youth is disgusting. It is lethal to their fate, ours and the generations to come.

The Department of Health, Education and Welfare, and related agencies, is such a bureaucracy within itself, that broken down into smaller Bureaus and groups, spells disaster!

From within and without, the tremendous pressures exerted

Miss Shorten Bride Of Anthony Martin

Miss Arlene Marie Shorten, daughter of Mr. and Mrs. Victor T. Shorten, Alexandria, Virginia, became the bride of Anthony Wayne Martin, son of Mrs. Gloria R. Martin and the late William R. Martin, Emmitsburg, on Saturday, July 25 at 1:30 p.m. in Saint Martin's Chapel, Fort Belvoir, Virginia.

The Rev. William I. Wetzel, assisted by the Rev. Mr. Leslie Branch, of Washington, D. C., officiated in the double-ring ceremony at a Nuptial Mass. The acolytes were Perry Joy, cousin of the groom, and Charles Shorten, brother of the bride.

Given in marriage by her father, the bride wore a pale blue dress with white accessories and a pink rosebud corsage. The groom's mother chose an aqua blue lace dress and white accessories and wore a yellow rosebud corsage.

Immediately following the ceremony, a reception was held at the American Legion Hall in Springfield, Virginia.

The couple toured the New England States on their honeymoon and now reside in Arlington, Va. The bride is a 1966 graduate of St. Joseph's High School and for two years was a secretary to Msgr. George D. Mulcahy, rector of Mount Saint Mary's Seminary, and is presently employed as a secretary in Washington, D. C.

The groom graduated from St. Joseph's High School in 1965 and completed three and half years tour of duty in the U. S. Navy, and attended Frederick Community College this past year and plans on continuing his education in the Virginia area.

For her daughter's wedding, the bride's mother wore a pale blue dress with white accessories and a pink rosebud corsage. The groom's mother chose an aqua blue lace dress and white accessories and wore a yellow rosebud corsage.

Mount To Open With Record Enrollment

Mount Saint Mary's College expects to set a new enrollment record when it begins a new academic year next week. The number of young men composing the student body is expected to reach 1,100. Last year the 1,000 mark was passed for the first time.

There will be a "new look" on campus during class Wednesday, September second. Girls in substantial numbers from nearby Saint Joseph College will be coming to the Mount for certain courses as a program of academic cooperation between the two schools shifts into high gear.

Bernard S. Kaliss, academic dean, said 131 girls will be attending classes at Mount Saint Mary's, and 145 Mount students will be taking part of their studies at the girls' college. The two colleges will be operating under a joint calendar and schedule. Two buses will shuttle students from campus to campus during class hours.

Dean Kaliss said the cooperative program will be beneficial to both colleges, with total academic offerings generally available to students on both campuses.

Freshmen will register on Monday, August 31, upperclassmen will report on Tuesday, and classes will begin on Wednesday.

A preliminary look at enrollment figures shows 333 freshmen and 62 new transfer students are expected next week. This would mean a total enrollment of 1,100. Last year's total was 1,064.

The student body this year will include 15 Negroes and 12 young men from foreign countries. Foreign students come from Panama (three), Guyana, Japan, Korea, Hong Kong, Greece (three), Canada, and France.

Dean Kaliss said Mount Saint Mary's College will be offering three new major courses of study this year: general fine arts, political science, and business and finance.

The Mount's calendar this year also represents a major change. The Christmas and spring vacations are being combined, with first semester examinations scheduled for completion before Christmas. The break will extend from completion of exams on December 19 until second semester begins on February first.

Dean Kaliss said consideration is being given to offering an inter-term session in January.

No enlargement of the faculty is planned this year, Dean Kaliss said, but some new teachers have been hired to replace a few who left during the summer.

Thomas C. Reeves, national director of the National Council to Repeal the Draft and a former member of the faculty of Federal City College in Washington, is joining the Mount faculty as assistant professor of political science. He holds an St.B. degree from Harvard, an M.A. from American University, a B.A. from Birmingham-Southern College, and is nearing the completion of work for a Ph.D. from American University's School of International Service. An Episcopal vestryman in Washington, Reeves has been active in a broad spectrum of church, professional and community service. He has been widely published, including a Random House book, "The End of The Draft".

Paul O'Connell, also from Washington, D. C., becomes an instructor in fine arts. In May he graduated from Catholic University's School of Arts & Fine Arts, and a B.A. from Saint Benedict's College in Atchison, Kan. Richard R. Muller, a native of LaCrosse, Wisconsin, who taught last year at Mater Dei College in Ogdensburg, N. Y., comes to the Mount as an instructor in sociology. He has earned an M.A. from Antioch College and a B.A. from University of Dayton, with post-graduate work at St. Thomas College in St. Paul, Minn.

Robert E. Ducharme, a native of Detroit, who earlier this year was awarded his Ph.D. in English from Notre Dame, comes to the Mount as assistant professor in English. He earned an M.A. in English at Notre Dame in 1967, an M.A. in classics from John Carroll University in Cleveland in 1964, and a B.A. in classics from Notre Dame in 1961.

In 1966-1969 he taught English at Holy Cross Junior College, and in 1961-1966 he taught English and Latin at St. Edward High

Political Course To Be Taught At Community College

Mr. Austin Powell, chairman of the Democratic State Central Committee, and Dr. Virginia Lewis, discuss the new Field Work in Politics course that will be offered this fall at the Frederick Community College.

The course is designed to give students a working knowledge of

practical politics. There will be several introductory lectures and then the students will work with the political party of their choice. After the general election, there will be several lectures and discussions so that the students can put the theory and practice together.

Anyone interested in taking this course can register on Friday morning, and Monday and Tuesday at the Frederick Community College, 520 N. Market Street. On Friday afternoon registration will be held at Thomas Johnson High School.

The first class meeting for the course will be Tuesday, Sept. 1.

Drill Team Will Perform Saturday

The public is invited to watch the prestigious U. S. Army Drill Team perform its intricate maneuvers at Fort Ritchie on Saturday, August 29, at 11 a.m., weather permitting.

Appearing at Fort Ritchie for the first time, the drill team will highlight an awards and retirement ceremony at which Colonel Thomas W. Riley, Fort Ritchie commander from October 1968 to September 1969, will retire after 30 years of Army service. Two other retirements and several awards are scheduled. There will be a parade of troops, with music by the 327th U. S. Army Band, Edgewood Arsenal, Maryland.

Major General William B. Latta, commanding official, U. S. Army Strategic Communications Command, Fort Huachuca, Arizona, will be the reviewing officer for the event, which will be hosted by Colonel Robert E. Dunlap, Fort Ritchie commanding officer.

The U. S. Army Drill Team is an integral part of the First Battalion (Reinforced) Third Infantry, The Old Guard, stationed at Fort Myer, Virginia, and is the Army's official ceremonial unit in the Military District of Washington. Its gleaming appearance and precision have thrilled thousands of tourists and visiting heads of state. All routines are accomplished without vocal cadences, counts, or musical cues.

The ceremony will be held on the parade ground directly behind the Headquarters. A rehearsal by the drill team is scheduled for 10:30 a.m. preceding the eleven o'clock ceremony. In the event of rain the team will not appear.

MRS. C. B. KECKLER

Mrs. Annie G. Keckler, 85, Gettysburg R6, died Saturday evening at 9:50 o'clock at the Warner Hospital where she had been a patient since August 13.

A native of Adams County, she was the daughter of the late Francis and Rachael McGlaughlin Riley. She was a member of the United Methodist Church of Gettysburg, the Mothers Sunday School Class and a lifelong resident of the county.

Her husband, Clarence B. Keckler, died in 1957. She is survived by these children: Mrs. Charles Linn, Emmitsburg; Lt. Col. (ret.) Ralph J. Keckler, Williamsburg, Va.; Mrs. Guy Kane, Gettysburg; Clarence B. Keckler, Jr., Gettysburg R2; Mrs. Charles Hess, Jr., Gettysburg; Hugh F. Keckler, R2, Gettysburg; Mrs. Donald B. Gorman, Gettysburg R6; 24 grandchildren and 18 great-grandchildren, a sister, Mrs. Oscar Cline, Dixon, Ill., and a number of nieces and nephews.

Funeral services were held on Wednesday morning at 11 o'clock from the Monahan Funeral Home, Gettysburg, with the Rev. James I. Melhorn officiating. Interment was in Evergreen Cemetery.

VFW TO MEET

The regular meeting of Emmitsburg Memorial Post 6658, Veterans of Foreign Wars, will be held Wednesday, Sept. 2, beginning at 8:30 p.m., at Kump's Dam Park.

"I grow old learning something new every day" can apply to VA whose recent anniversary marked 40 years of improving service to veterans.

JAMES W. KING

James William King, born July 8, 1913, in Woodville, died August 25 at the Suburban Hospital in Bethesda. He was a resident of Gaithersburg and son of the late James R. and Della Woodfield King.

He was a dairy farmer and a member of the Ashbury United Methodist Church in Charles Town, W. Va.

He is survived by his wife, Mrs. Nellie Mae Wilson King of R2, Charles Town; two daughters, Mrs. James Hill of Emmitsburg R2, and Mrs. John Deith of Long Island, N. Y.; two sons, Irvin and Samuel King of Charles Town; and six grandchildren. Also surviving are five sisters, Mrs. Lynn-dall Fuller, Rockville, Mrs. Mabel Turner, Washington, D. C., Mrs. Nettie Radcliffe, Rockville, Mrs. Pauline K. Watkins, Emmitsburg, and Mrs. Mary Jane Mullen of Tall Timbers, and a brother, John L. King, Woodfield.

Funeral services were held from the Melvin P. Strider Colonial Funeral Home, Charles Town, on Thursday at 2 p.m., with the Rev. Owen Womack officiating. Interment was in the Edge Hill Cemetery.

VFW Auxiliary To Meet

The regular meeting of the Ladies Auxiliary to the Veterans of Foreign Wars, Post 6658, will be held in the Post Home Thursday, Sept. 3 at 8:00 p.m. All members are urged to attend.

G. C. "Gus" Wallace, Clarence, Iowa, has been named secretary-treasurer of the President's Veterans Day National Committee in Washington, D. C.

—A box culvert bridge on Route 77, two miles west of Thurmont to carry Hunting Creek under Route 77, will be completed by the end of August.

**Senior Citizens
Plan Fall Bazaar**

Tuesday, August 25, the various committee chairmen met at the Senior Citizens Center at 10 a.m. to discuss plans for the Fall Bazaar.

Saturday, November 14, beginning at 10 a.m., is the date set for the affair. A general raffle of a beautiful wool Afghan is first prize; a transistor radio second prize, and the sum of \$10 the third prize. A smaller raffle consisting of a ham and perhaps another small one. There will be two door prizes offered, also.

There is still some winter materials for sale daily at the Center—very suitable for suits, dresses and such.

Quite a number of Senior Citizens availed themselves of the opportunity to attend the Open House held by Mr. and Mrs. Lester Nester in honor of the 100th birthday of Mrs. Sue Morrison. It was quite a privilege to congratulate the bright and smiling honored who appeared to be quite equal to many more happy birthdays. Congratulations Mrs. Morrison, on a long, eventful and useful life.

Mr. and Mrs. Robert Henke, Yvonne and Robert, Jr., have recently returned from a month in France. While there, they spent some time with relatives in Nantes and visited the Castles on the Loire, Versailles Mont Saint Michael, the beachheads of Normandy, the Pyrenees and the Alps, the Riviera and Monaco. Among the cities toured were Paris, Rouen, Brest, Bordeaux, Carcassonne, Avignon, Marseilles, and Limoges.

There are more than 800 social security offices in the U. S.

Lions Hold Picnic

Approximately 30 Lions and guests were present at the annual picnic of the Emmitsburg Lions Club held Monday evening at Kump's Dam Park. President Ralph McDonnell dispensed with the business meeting and the entire evening was spent enjoying the picnic. Lion J. Norman Flax was chairman of the affair and an excellent buffet-style supper was served.

**Steel Shortage
Halts Bridge Work
On Project Here**

More than half of the \$3 million-plus State Roads projects for Frederick County will be completed by the end of September, but two bridge projects are being held up through the lack of steel.

Thomas G. Mohler, district engineer for the State Roads Commission, said the road work has "come along fairly well this summer." The lack of steel, however, forced a postponement of two bridges, one over I-70 at Ridge Road and the bridge over relocated U. S. 15 at Route 97 at Emmitsburg.

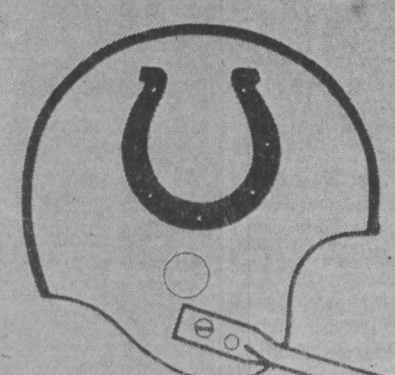

In speaking of the planned construction of dual U. S. 15 from Harmony Grove to the entrance of Cunningham Falls State Park, near Catoctin Furnace, Mohler said the Bureau of Public Roads in Baltimore has all the transcripts of the public hearings and a decision is expected shortly. Work might begin next spring. Some additional right-of-way will be needed.

A review of the other projects begun in Frederick County this spring shows:
—Reconstruction of Md. 550 from the railroad tracks at Woodsboro to the Monocacy River is expected to be completed next spring by the C. W. Hetzler Co. of Hagerstown at a cost of \$394,236.
About a mile of the 2.14 mile section has been completed. This section had grading and widening work. About 50 per cent of the remaining construction is completed with laying of large pipes

**Library Adds
New Books For
Reader Enjoyment**

Most of the new library books acquired by the Emmitsburg Public Library, fall into the junior high classification. Younger readers (in the upper elementary grades) will find their collection steadily growing also.

In "Next Door to Xanadu," by Doris Orgel, Patsy wants a friend

who will not laugh at her for being fat or call her nasty names. Dorothy Rappaport moves next door, and Patsy has the friend she's wanted for so long. The girls do everything together. They are joint owners of Genevieve, a stray cat, because Ag, the Rappaport's housekeeper won't let Dorothy bring their furry friend to Apartment 2C. Disappointment comes when the girls have to separate, but Patsy has learned the hardest part of real friendship is learning how to be a friend.

Mystery stories seldom need any advertising. However, young readers who have exhausted the present collection will welcome "Mystery of Blue Barn Stables." Margaret Stachan's book has a bonus factor: it focuses on the young trainers of horses. While her parents are away, Sue Adams takes charge of the stables housing valuable show animals. Troubles beset the business as Blue Barn is preparing to compete for an important trophy. Both horse lovers and mystery fans should check this "just off the press" arrival.

"Roar of the Road, The Story of Auto Racing," supplies well-researched material on a sport which has been scarcely represented in our library. Which are the most prestigious races? Who are some of the drivers who have won them? How have the vehicles been equipped to endure the grueling courses? In a straightforward style, Hal Butler presents a very readable book—even for girls! This book may not make you a car fanatic, but it could certainly help prevent your listening to a one-sided conversation the next time you meet one.

"The Only Earth We Have," by Laurence Pringle, features a timely and informative text that anyone who wants to know more about pollution should read. Modern technology has changed the environment which man has always taken for granted. Pesticides kill wildlife; automobiles poison the air we breathe; sewage and industrial wastes fill our streams; throwaway containers make our highways look like coast-to-coast junkyards. Photographs and drawings vividly illustrate the specific problems that must be faced. All these threats

en to change the natural balance of the earth's resources. In case you missed the point in April, this book will tell you what Earth Day was all about.

Local students who have never used the library have a pleasant adventure in store. Regular visitors searching eagerly for fresh materials on juvenile shelves will not be disappointed. It's your library; visit it this week!

Many of the American-built workboats—tugs and ferries—operating in coastal and fresh waters are equipped with cast nickel stainless steel propellers.

LAW AND ORDER

Did you know that your chances for becoming the victim of serious crime have increased by approximately 20%? Many Americans will become the victims of a murderer, a rapist or a thief.

The time has come to reduce these horrible crimes. I believe that as your Representative in Congress I could help to reduce your chances of becoming such a victim by supporting and initiating legislation that will:

- 1—Require swift punishment for the guilty by holding prompt trials, while still retaining trial by jury.
- 2—Require mandatory jail sentences for those who have committed crimes of violence.
- 3—Require fewer restrictions of police officers in the apprehension of criminals.

These three proposals, I believe, can be the pins to burst the inflated balloon of crime and violence.

Why wait until Spring?

Fall is the naturally right time to improve your lawn!

The few weeks of late summer and early fall are by far the best opportunity to upgrade your lawn. Days are growing shorter. Dews are heavier. The soil is warm, and nights are growing cooler. It's one time of year when Mother Nature has all the odds stacked in your favor—the naturally right time to make real lawn progress.

Turf Builder is the fertilizer that helps grass multiply itself. Turns thin browned out lawns into thicker, greener turf. Use it any time, any weather. Will not burn grass or harm grass seed. Clean. Lightweight. Easy to handle. How about this weekend?

Frederick County Backgrounds

By SAMUEL CARRICK Galts, Galts, and More Galts Before returning to the study of the Galt genealogy, particularly of those interred in the Piney Creek Presbyterian churchyard—a reference to the Galt Mill, as given in Klein's "History of Lancaster County, Pennsylvania," (1924), because of its historical value, is given in full — as follows:

Volume I — page 486: "The early mills of Salisbury Township included that erected by Daniel Cookson and its was the pioneer in the township. The Gault family was among the earliest to settle in Salisbury Township. In the Pequea tax lists of 1720-21 appear the names of James and Robert Gault; James was the son. They came from Ireland, and are supposed to have settled about the year 1710 on the headwaters of the Pequea. 'Robert Gault landed at New Castle and started out in search of a place to settle in Penn's Woods. He selected a spot at the headwaters of one of the branches of Pequea Creek. He went back to New Castle for his family, but on his return could not find the place, and located on a well-watered tract further north.' Here he purchased a large tract of land, and the Gault family mill was part of the original tract. One of his family erected the mill known as Galt's (or Gault's) Mill. Robert Gault, the pioneer, was one of the founders of the Pequea Presbyterian church."

In order that the importance of

the Gault Mill might be fully understood—it be well to quote Dr. Klein in regard to the early mills in Lancaster County, Pennsylvania.

"At one time the nearest mills in Lancaster County were those on the Brandywine, and generally the roads were so bad that wheeled vehicles could only with great difficulty pass over them. It was not uncommon, therefore, for a settler to load several bushels of wheat on his horse and take it to the mill for grinding. Sometimes the wheat would be taken to Downingtown in that way; and exchanged for salt. Still, those were the days when the Lancaster County pioneers were merely hewing a living—a scant pittance, but for the game and fruit the wilderness yielded to him. However, clearing of the land was the preliminary to tillage, and soon enough grain was being raised to more than meet the consumption-needs of the pioneer households and the first indication shown of this degree of progress was in the erection of local grist mills. Invariably the miller was the most enterprising man of the neighborhood; generally the most monied, too; and always one of the most respected and influential. The mill was the mart, it was also the rendezvous at which settlers went to gather, and, as their grain was being ground, exchange views and impart news. Life in the wilderness was solitary, and oftentimes even adjoining neighbors would not meet once in a month, except perhaps at

church, for in most cases a stretch of well-nigh impenetrable wilderness would isolate the families. So it will be easily imagined how glad the settlers were to meet together at the mill. Even the monks of Ephrata (Cloisters) were glad to work in their mills on the Cocalico, where they could meet the outside settlers in brotherly intercourse. Oftentimes the miller embraced in his own establishment all the marts of commerce. He was most likely the storekeeper, and also the innkeeper. Always his enterprise in a pioneer was a true indication that the settlement was progressing."

Now—to take up once again the story of the Galts of Piney Creek, all of whom were descended from Matthew (1) Galt and his wife, Elizabeth (Simpson) Galt, who, in all probability, emigrated from Lancaster County, Pennsylvania, to what is now Carroll (or Frederick) County, Maryland.

Susannah (3) Galt, daughter of Matthew (2) Galt, married William Shaw. There is quite a large Shaw family burial plot in Piney Creek churchyard and some of the inscriptions from the tombstones were given in last week's column. The listing is continued at this time—as follows:

15. In memory of Samuel Shaw, son of William and Susannah Shaw, Died March 15, 1835, Aged 10 years.

Note: Another son of William Shaw and his wife Susannah Galt (3) Shaw. This boy died at the comparatively early age of ten

years but the cause of his death is not known. It may be said that he was of the "fourth generation of the Galts in Maryland."

16. In memory Mrs. Grizelda Jamison Shaw, consort of Moses Shaw, Died May 9, 1832, Aged 63 years and 7 months.

Note: Grizelda (Jamison) Shaw, wife of Moses, could have been "an aunt-in-law" of Susannah (Galt) Shaw, the wife of William. Moses Shaw was probably a brother of Hugh Shaw, who is buried in the same plot. Very little is known, at this time, pertaining to the Shaw family.

17. In memory of Moses Shaw, Born January 6, 1730, Died February 8, 1849, Aged 83 years, 1 month and 2 days.

Note: The husband of Grizelda Jamison and probably an uncle of William Shaw, the husband of Susannah (Galt) Shaw.

18. In memory of Susan E. Shaw, wife of Thomas Shaw, Died August 5, 1904, Aged 75 years.

Note: There is a Thomas Shaw buried in this plot who died in 1865 in the 37th year of his age. He (Thomas) was probably the son of William and Susannah (Galt) Shaw, and probably the husband of Susan E. Shaw. If so, the wife survived her husband by some thirty-nine years.

Sterling (3) Galt, the tenth child and eighth son of Matthew (2) Galt, married Margaret Grayson, daughters of an old Piney Creek family. They were the parents of eight children as follows:

1. Nancy Elizabeth (4) Galt married Dr. John Murray Galt.

2. John (4) Galt married Elizabeth Handy.

3. Mary Jane (4) Galt married Matthew William Galt.

4. William Matthew (4) Galt—no additional data.

5. George Grayson (4) Galt—no additional data.

6. Rev. Sterling (4) Galt — died unmarried.

Note: The Rev. Sterling M. (4) Galt, according to the old chronicle, was born February 28, 1837. He was educated at Princeton College and Theological Seminary. He was licensed to preach by the Presbyterian of New Brunswick in 1861. He began his labors at Newark and Red Clay Creek, Delaware, within the bounds of the Presbytery of New Castle, by which Presbytery he was ordained in 1862. After three years in

this, his only charge, he "fell victim to typhoid fever on October 4, 1865. He died at the home of his friend, the Rev. Thomas Love. He was buried from the residence of his brother in Washington, D. C."

7. Henry (4) Galt married Annie Moore.

8. Margaret G. (4) Galt married Milton Valentine.

The account of the "Maryland Galts" will be continued in this series next week.

Autumn Parade Set For Oakland

Twenty-five hundred dollars will be given away in prize money during the third annual Autumn Glory Festival Parade in Oakland, Maryland, October 10, 1970, according to Guy William Hinebaugh, chairman. Prize money will be given to the top three participants in the large band, small band, drill team, marching unit and float categories.

Hinebaugh said this is the first year prize money has been offered. He said in prior years a mileage allowance was given. He said the

action should be very competitive with the large prize money at stake.

The Autumn Glory Festival Parade is the biggest such event in Western Maryland. Prior years there have been an estimated 30,000 people line the streets of Oakland to watch the units pass by under a display of autumn color.

Parade time has been changed to 2:30 p.m. this year to allow spectators and participants to get to other festival activities which are scheduled later in the evening. The earlier starting time will give everyone ample time to gobble up some good home-cooked food at special feeding places in the area.

Bands and other parade units wishing to enter the parade or obtain further information should write to the Autumn Glory Festival Headquarters, 222 East Alder St., Oakland, Md. 21550, or phone 301-834-3888. The 1970 festival will be held October 8-10, and a variety of events are being planned.

Voice Of The Enemy
 The first rule of warfare is:
 "Know the enemy." The Black

Panther Party, preparing for revolutionary warfare, puts it like this: "Know your enemy is." The Black Panthers say their enemy is the United States of America and they expect to destroy it through a combination of force and our weakness. If, then, the Black Panther Party is the committed enemy of the United States and has declared war on the United States, it behooves the people of the United States to know the Black Panthers.

The new Communist Manifesto of the Black Panthers now is available in serial form in the

Party's nation-wide newspaper. It is being written by Eldridge Cleaver, international Panther official and distributed in massive quantities to the Negro population of the U. S. Reading it helps one to "know the enemy." Here is an excerpt from Part 1.

"Marx defined the epoch of the bourgeoisie and laid bare the direction of the Proletarian future. He analyzed Capitalism (U. S. system) and defined the method of its doom: VIOLENT REVOLUTION BY THE PROLETARIAT AGAINST THE BOURGEOIS STATE APPARATUS OF CLASS OPPRESSION AND REPRESSION. . . This great definition by Marx and Engels became the mightiest weapon in the hands of oppressed people in the history of ideology. It marks a gigantic advance for all mankind. And since Marx's time, his definition has been strengthened, further elaborated, illumined, and further refined.

"Strictly American Marxism
 "But Marxism has never really dealt with the United States of America. There have been some very nice attempts. People have done the best that they know how. However, in the past Marxist-Leninists in the United States have relied too heavily on foreign imported analyses and have seriously distorted the realities of the American scene. We might say that Marxism-Leninism of the past belongs to the gestation period of Marxism-Leninism in the United States, and that now is the time when a new, strictly American ideological synthesis will arise, springing up from the hearts and souls of the oppressed people

inside Babylon, and uniting these people and hurling them mightily, from the force of their struggle, into the future.

Doomsday For U. S.

"The swiftly developing revolution in America is like the gathering of a mighty storm, and nothing can stop that storm from finally bursting, inside America, and washing away the pigs of the power structure and all their foul, oppressive works. And the children of the pigs and the oppressed people will dance and spit upon the common graves of these pigs."

There are many significant facts in the above excerpt from the new Communist Manifesto of the Black Panthers. One is its clear establishment of the Panthers as a part of the Marxist-Leninist world revolution. Many people have been misled by newspapers, TV network and publishing - house information which has deliberately suppressed the Red Communist complexion of the Panthers and other "New Left" forces. They have been suppressing the fact that all Black Panther officials openly identify themselves as Marxist-Leninists and their movement as a part of the world Communist revolution.

Red Puppets
 Another significant fact in Cleaver's writings (and this is but one excerpt out of volumes of the same) is the certainty of the "developing revolution in America - like a gathering mighty storm." Most journalistic observers reject the contention that plans are actually underway for violent revolution; most of them discount the Panther and SDS statements as "rhetoric and nothing more." Yet the SDS recently said it would attack one of the "symbols" of "Facist" America; then it secretly penetrated the headquarters of the New York Police Department and nearly blew

the building apart with a mighty bomb—injuring seven and causing great damage.

A third significant fact in the Manifesto excerpt: "The children of the pigs will live to dance and spit upon the graves of the pigs killed in the revolution. This says that the Black Panthers welcome the revolutionary aid of the "children of pigs"—the white campus radicals led by SDS and other Communist-allied youth groups. It is difficult for the Panthers to keep racism out of their revolution; but under the hammer of Communism, class warfare and not race warfare is taught. The Panthers must hue to the Communists line—they have to; world Communism owns them.

Wally Hutton Presents Award To 4-H Style Show Winner

Wallace E. Hutton, Frederick County Commissioner, is shown presenting a bouquet of flowers to Mary Margaret Stull, winner of the 4-H Style Revue held at Hood College Thursday night. With Miss Stull are (left) Marsha Ahalt and Debbie Sheetenhelm (foreground). They won top honors in the annual Frederick Coun-

ty 4-H Style Revue. Miss Stull was named Style Champion, and Miss Ahalt was chosen to be her alternate. Miss Sheetenhelm was picked as the top model of the show. Wall Hutton has stated his concern for young people in Frederick County "as the future parents

and adult citizens of a growing county and state". If the teenagers of Frederick County 4-H Clubs use their talents and skills learned in 4-H, there is little doubt that we will continue to go and grow in Frederick County. Mr. Hutton feels that we must recognize and explain to our young-

major mills enjoy an increasingly broad product mix, it should be noted that currently apparel comprises less than 50% of all large mill production.

Home And Office Furnishings

There are many other bright spots in the textile picture. For example, knitted, tufted, or woven textiles for the home are growing at the rate of 15%-20% a year. Most diversified textile firms are particularly aware of the value of sophisticated marketing techniques and seek steadily stronger consumer outlets for home - furnishing items such as sheets, pillowcases, bed spreads, towels, linens, decorative fabrics, and carpeting. The outlook for these lines is especially promising because of escalating new family formations and still high disposable incomes.

In industrial and commercial buildings, wall-to-wall carpeting is becoming a commonplace in new construction as well as being used to cover surfaces which had required frequent cleaning and buffing. Carpeting gives a look of greater richness and beauty, and over the years it is less expensive to maintain than hard floors. Another expanding sales area is provision of modern and stylish interiors for autos, planes, trains, buses, and other vehicles.

Profitable Specialty Markets

The development of specialty products is a factor worth watching in textiles. Today textile manufacturers sample an average of 20-30 fabric structures each week. Emergence of better products from this research will be the best answer over the longer term to the grinding competition from foreign products. When considering this significant industry, one must not think only of new materials but also of other related growth fields, such as coated fabrics.

Relief From Foreign Competition?

The rapidity and degree of the textile industry's revitalization depend on the outcome of the fight to impose some form or restraint on foreign goods. At this writing the issue is still in doubt, but of all the beleaguered domestic industries textiles seem best situated to gain at least temporary relief from low-cost foreign products. Such assistance would give our companies time to get out of lines most vulnerable to foreign riv-

ally, to upgrade and streamline productive facilities, and to move into more profitable markets.

The Research Staff of Babson's Reports feels that Burlington Industries will be one of the leaders when the up-trend is re-established. It has the worldwide contacts, the reputation and know-how, the capital to become a true international giant. Hence, Babson's Reports is recommending purchase of the common stock of Burlington Industries.

THE KNOWN AND UNKNOWN HEIRS, DEVISEES, PERSONAL REPRESENTATIVES, DECEDENTS OR SUCCESSORS IN INTEREST OF ROSELLA SAYLOR BOND, DECEASED AND LATE OF FREDERICK COUNTY, MARYLAND

ORDER OF PUBLICATION

The object of this proceeding is to procure a decree for the sale of a certain dwelling and premises situate, lying and being in the Village of Johnsville, in Frederick County, Maryland, containing one fourth (1/4) acres of land, more or less, titled in the name of Rosella Saylor Bond, who died intestate and late of Frederick County, Maryland.

The Petition states in substance that the said Rosella Saylor Bond departed this life on or about December 13, 1968, seized and possessed of the above described dwelling and premises by virtue of a deed of conveyance from Samuel J. Fogle and N. Elizabeth Fogle, his wife, to Sarah E. Saylor, also known as Sarah E. Saylor, dated April 1, 1919 and recorded in Liber 328, Folio 71, one of the Land Records of Frederick County, Maryland; that the said Rosella Saylor Bond inherited said property from her mother, Sarah Elizabeth Saylor, by a Will dated October 7, 1930, and recorded among the Will Records in the Office of the Register of Wills of Frederick County, in Liber M.F.S. 1, Folio 40, and left surviving her Gertie Irene Eyler, a sister, Truman Saylor, a child of a deceased brother, Roland Oscar Saylor, Glenn Roy Bond, a husband, since deceased, Austin Bond, a nephew, Pierce H. Gaver, Jr., a grandnephew, Stanley V. Gaver, a grandnephew, Jack L. Gaver, a grandnephew, as her only heirs at law and next of kin.

That the said real estate has been appraised under the authority of the Orphans' Court for Frederick County, Maryland, in the amount of Four Thousand Five Hundred Dollars (\$4,500.00).

That the said real estate cannot be divided without loss or in-

jury to the parties interested therein.

That the personal property of the deceased is inadequate to pay the debts of the deceased and that it will be necessary to sell said real estate to pay the debts of the decedent.

The Petition then prays for the passage of the decree for the sale of said real estate by a Trustee to be appointed thereunder and the proceeds distributed under the jurisdiction of the Orphans' Court for Frederick County, Maryland; and further prays for an Order of Publication to Truman Saylor, whose last known address is 3042 17th Street, Port Arthur, Texas 52841, Pierce H. Gaver, Jr., whose last known address is 2601 Steeplechase Drive, Reston, Virginia 22070, Jack L. Gaver, whose last known address is 5081 Twining Drive, Tinker Air Force Base, Oklahoma 73145, and to all of the known and unknown heirs, devisees, personal representatives, decedents or successors in interest of Rosella Saylor Bond, who died intestate, late of Frederick County, Maryland, who are non-residents of this state, or being residents of this state, their addresses are unknown, of the object and substance of this Bill; it further prays for the writ of subpoena to be issued to the Defendants resident of the State of Maryland, namely, Gertie Irene Eyler, Middleburg, Maryland 21768, Raymond E. Beck, Administrator of the Estate of Glenn Roy Bond, deceased, 189 East Main Street, Westminster, Maryland 21157, Austin Bond, 100 East Patrick Street, Frederick, Maryland 21701, and Stanley V. Gaver, Lombardi Drive, Middletown, Maryland 21769.

It is thereupon this 12th day of August, 1970, by the Orphans' Court for Frederick County, Maryland, ORDERED, that Amos A. Holter, Administrator of the Estate of Rosella Saylor Bond, deceased, intestate, by causing a copy of this ORDER to be inserted in some newspaper published in Frederick County, Maryland, once a week for four (4) successive weeks prior to the 14th day of September, 1970, giving notice to Truman Saylor, Pierce H. Gaver, Jr., Jack L. Gaver and all of the known and unknown heirs, devisees, personal representatives, decedents or successors in interest of Rosella Saylor Bond, deceased, intestate, late of Frederick County, Maryland, of the object and substance of this Petition, warning them to be and appear in this Court in person or by solicitor, on or before the 14th day of October, 1970, to show cause, if any they have, why a decree should not be passed as prayed.

BUSINESS and the STOCK MARKET

Textile Stocks Due For New Interest

By Babson's Reports, Incorporated, Wellesley Hills, Mass., August 27, 1970—Certain groups

of stocks traditionally tend to advance and fall ahead of the overall market. One of these is textile securities. Assuming this characteristic again asserts itself, textile stocks before too long may become good purchases for short-to-intermediate-term capital gains. Despite its current problems, the textile business still has attractive potential in many markets, such as wearing apparel, home furnishings, industrial products, commercial usage, and carpeting and upholstery for all types of transportation vehicles. In 1969, the top fifteen U. S.

publicly owned textile corporations experienced a record business year. Combined sales managed to hit \$6.67 billion, an increase of 7.1% over the 1968 level. Net earnings, however, were cut into by capital improvement expenditures and widening import problems. Textiles For Clothing Recent studies indicate rapid changes in population, with the 25-30 age group expected to increase some 60% or more over the next few years. This should be extremely stimulating for the fashion business since people in that age bracket are highly clothes-conscious. But, as the

**ORDER OF PUBLICATION
NO. 21,149 EQUITY IN THE
CIRCUIT COURT FOR FREDERICK COUNTY, IN EQUITY
BERTHA Y. TIBBS
Vs.
MERVIN A. TIBBS**

The object of this amended Bill is to procure a divorce A VINCULO MATRIMONII by the Plaintiff, Bertha Y. Tibbs, from the Defendant, Mervin A. Tibbs. The Bill states in substance that the parties were married on February 29, 1964, in Montgomery County, by a regularly ordained Minister of the Gospel; that the Plaintiff is a resident of Frederick County, State of Maryland, having resided therein for more than one year last past; that the Defendant's last legal residence was in the State of Maryland where he has resided for more than one year last past in Montgomery County, Frederick County, and Prince Georges County, until he absconded; that one child was born as a result of said marriage, this being Darrel Lee Tibbs, born February 13, 1966; who has been under the care and custody of his mother since birth; that the Defendant committed adultery which was not condoned by the Plaintiff. The Bill prays that the Defendant be divorced A VINCULO MATRIMONII, that the legal care and custody of and support for the said child may be awarded to his mother, the Plaintiff, and for general relief.

It is thereupon this 12th day of August, 1970, by the Circuit Court for Frederick County, sitting as a Court of Equity, ORDERED that the Plaintiff give notice to the said Defendant of the objects and substance of this Bill by causing a copy of the same to be published in some newspaper published in Frederick County, once a week for four successive weeks prior to the 19th day of September, 1970, commanding him to be and appear in this Court in person or by Solicitor, on or before the 20th day of October, 1970, and show cause, if any he has, why a Decree should not be passed as prayed.

We, the undersigned members of the Frederick County Bar, have heretofore endorsed the candidacy of the Honorable Samuel W. Barrick to succeed himself as Associate Judge of the Sixth Judicial Circuit. At the time of so doing, we did not know the aspirations of Charles U. Price, Esq., to the aforementioned office.

In an effort to attain the highest possible degree of fairness between the said candidates, and to prejudice neither, we respectfully represent that, in our opinion, Charles U. Price, Esq., also possesses learning, experience and integrity which eminently qualifies him to fill the aforesaid office.

Ice Show Has New Routines

It's all new, but the 1971 edition of Holiday On Ice will invoke memories of the golden days of skating entertainment. There are

a half dozen brilliantly produced separate sequences in the million dollar spectacle, and they range from a tribute to the skating immortal, Sonja Henie, to a salute to merries Old London Town.

Holiday On Ice will be seen at the Baltimore Civic Center from Tuesday, Sept. 15 through Sunday, Sept. 20, 1970. There will be eight performances with matinees on Saturday and Sunday afternoons at 2:00 p.m.

The opening of the 26th edition of Holiday On Ice is in the form of a salute to Miss Henie and one of her great motion pictures, Sun Valley. It features the Corps de Ballet and the team of Juanita Percelly and Tommy Allen.

"The Enchanted Toy Shop" is the title of an episode presented especially for the 'kiddies', whether they are young or old. It features Carol Johnson as the Porcelain Ballerina, with the Parade of the Wooden Soldiers, the Owl and the Pussy Cat, and an assortment of animated dolls loved by little girls.

The production 'Counterpoint' is a masterpiece of what is different in ballet on skates. It is a vision of contrasts with Marei Langenbein, Gary Visconti, Alfredo Mendoza and Carol Johnson exemplifying the Classic form, and Anna Galmarini, Ray Balmer, Juanita Percelly and Tommy Allen presenting ballet in the modern manner.

Fairyland invades the opening of the final ninety minutes of the 1971 Holiday On Ice. The story of 'Cinderella' is unfolded in pantomime in a most beautiful setting that is filled with an ethereal atmosphere. Marei Langenbein is Cinderella; Ray Balmer, the Prince; Alice Quessy, the Good Fairy; Mike Course and Jackie Graham, the Ugly Sisters and Lucille Carpenter, the wicked Mother.

A Russian folk festival with all the hilarity and enthusiasm of a village celebration, brings to the ice traditional dances of the Cossacks and their feminine companions. It is titled 'Yourushka', and is the framework for an exciting interlude of sensational skating, starring Gary Visconti, Tommy Allen and Junanit Percelly, Ray Balmer, David Sadler, Mike Course and the entire ballet group.

The scene for the finale shifts to London, England. In a setting under London Bridge, the entire company presents a whirlwind windup in the colorful costumes of the coster-mongers and other traditional characters of London Town.

Mahoney Cites Domestic Problems

Even if all the American troops, airmen and naval personnel were to be pulled out of Southeast Asia tomorrow, the many problems confronting us domestically would not be solved, George P. Mahoney said this week.

"We all want to see the war stopped and all that money devoted to curing the ills that plague us at home," Mahoney said. "We want to build more schools, more hospitals, more playgrounds. We want to provide undernourished children with a balanced diet. We want to see our elderly people get the dignified care that they deserve."

"The big problem is that even if the war stopped tomorrow there wouldn't be any great amount of money available because there are many, many necessary projects that have been dropped because of the lack of money, and the taxpayers are screaming for relief now."

"Most important of all, we must keep our guard up, for if we were ever successfully attacked, our enemies would pounce on us and then there would be very little money for the welfare of our people. The communists just don't believe in welfare."

Food Stamp Usage Shows Increase

There were 112,319 low income persons in Maryland who were benefited by the U. S. Department of Agriculture's Food Stamp Program in June. This represented a 7 per cent increase over May. According to the USDA's Food and Nutrition Service, these per-

ple paid \$1,078,069 for food stamp coupons worth \$2,791,965. The difference of \$1,713,896 or bonus value of the coupons is USDA's contribution to the Food Stamp Program and is designed to provide participants with more and better food. There were 22,606 persons who did not receive public assistance.

New Members To St. Joseph's High Faculty

Three new members have been added to the faculty of Saint Joseph's High School.

Sister Elaine will replace Sister Marian as Principal. Sister Mary will join the Mathematics Department, and Sister Frances will join the Department of Social Studies.

Sister Marian, who has been Principal for the past three years, has been assigned to the "Formation Program" at St. Joseph's Provincial House, while Sister Mary Bernard will take up new work at "Seton House" in Richmond, Virginia.

Plans to enlarge and extend the Curriculum have been made. More choice and a greater number of offerings have been planned. Additional offerings are: Art, Economics, Clerical Office Practice, Accounting, Developmental Reading and Psychology.

September 2 is Freshman Orientation Day at Saint Joseph's High School. All other classes will report on Thursday, September 3. The entire student body will report on Friday for a trial run of schedules. Students will enjoy a long weekend and regular full-time schedules will begin on Tuesday, September 8.

Two Injured In Bridge Wreck

Two persons were injured in a two-car accident Wednesday evening, Aug. 19, at the Monocacy River bridge at Bridgeport.

Maryland State Police said that Horst Meixner, Thurmont P2, was operating his vehicle south on Rt. 97 when his car skidded on the wet road, spun out of control and hit the right side of the bridge. The vehicle careened off the abutment, crossed the highway, struck the left side of the bridge and a vehicle operated by Richard Earl Haisley, Westminster.

Meixner and a passenger in his car, Charlotte Meixner, same ad-

dress, were taken to the Waynesboro Hospital by the Emmitsburg VFW ambulance where both were treated for lacerations and released.

Police estimated the Meixner 1967 Chevrolet and the Haisley 1969 Chevrolet as total losses. Meixner will be charged with operating too fast for conditions.

VFW AMBULANCE

Fannie Wagerman, Emmitsburg, and Danny Wetzel, R1, Fairfield, were transported this week to the Warner Hospital, Gettysburg, via the VFW ambulance. Eddie Sharer, R2, was taken to the National Institute of Health, Bethesda, Ricker VanBrakle to the Chambersburg Hospital, and Horace and Charles Meixner, Sabillasville, to the Waynesboro Hospital, in the vehicle. Drivers were Paul Humerick, Thomas White, Michael Boyle and James Kittinger.

Flea Market

Near Mercersburg

A Flea Market will be held at the community center building at Lemasters, Pa. (14 miles southwest of Chambersburg), on Saturday, Sept. 12 from dawn until dusk, sponsored by the Loyals of St. John's Lutheran Church, Mer-

cersburg, Pa.

This is the second annual indoor-outdoor flea market sponsored by the Loyals. There is plenty of ground available to set up tables outdoors as well as a large 50x80 ft. building available for dealers who wish to set up indoors. Food will be available on the ground and there is plenty of space for parking.

Dealers are coming from West Virginia, Maryland, and Pennsylvania.

There will be antique furniture, china, pattern glass, carnival, tinware, crocks, Gone-With-The-Wind lamps, Rayo lamps, lamp shades, butter churns, butter bowls, clocks, brass buckets, copper, scales, Ironstone china, bottles, coins, and many other articles.

Persons desiring further information may contact Marlin Sherbine, R1, Mercersburg, Pa., president of the organization; Donald Hair, R2, Mercersburg; or Jere Keefer, 315 South Park Avenue, Mercersburg, Pa.

Did you know that as of March 31, there were 1,368,427 men and women in the Army? On the same day in 1969, there were 1,508,307 men and women in Army greens.

Reminder—VA home loan benefits to WWII vets ended July 25, but benefits to other veterans are not affected.

IMPORTANT NOTICE

A recent inspection of the sidewalks in Emmitsburg reveals that many are in need of immediate repair. This is a reminder that you, the property owners, are responsible for the maintenance of the sidewalk in front of your property. If it is in need of repair, please have it done at once.

IN BOTH PRIMARIES

A candidate for a judgeship, unlike a candidate for other office, files in both primaries.

Why is he given this unusual opportunity to become the nominee of both parties? Why this unique departure from the two-party system?

It is because a judge must be completely non-partisan in the performance of his duty. He makes no laws, and dispenses no patronage. He should therefore be elected on a non-partisan basis.

Whether you are Republican or Democrat, I urge you to vote for the judicial candidate of your choice, in your party's primary on September 15.
