

Projects Listed For Spring By Seniors

Last Thursday evening at 5:45 a bus load of Senior Citizens and friends left the Center for Baltimore to attend the current "Ice Capades." Some forty persons attended and all report a most delightful experience and marveled at the beauty and dexterity of the skaters.

Monday morning at ten o'clock, the Board members held their regular meeting at the Emmitsburg Senior Citizens Center. Seven board members were present. The meeting opened with prayer by Mrs. LaRue Harmon, president.

The new percolator was in operation and the new lights shining brightly. The TV had also been serviced recently.

A motion was made and approved to give a small donation to assist the majorettes in carrying on.

An assistant treasurer was appointed to aid Mr. Stoner in his office. Mr. Allen Bouey was chosen. A motion was made, seconded and carried to buy a new clock for the Center, to be hung where all can check the time of day.

Discussions were held as to the features of the coming meetings. A covered dish supper will be held for the February 15 meeting with the club furnishing meat, rolls, and cake.

The Spring Festival is just around the corner and the date of April 29, 1972, set. Even in this cold weather it is necessary to look ahead. Let's

begin to plan. The March meeting date is March 21, and will, hopefully, be Ed Storm showing his pictures. April 18, a costume party; May 23, A game party with the club furnishing the prizes.

A new thought was projected to the group urging the pressure for an Old People's Home here in Emmitsburg. A fact that such a home is sorely needed in this community.

Just before closing, Mrs. Loreta Shuff announced the availability of a davenport for the Club Rooms, which was gladly accepted by the members of the Board. The meeting adjourned at 11:35 a.m.

The regular meeting of the Senior Citizens was held on Tuesday, January 18 at 7:30 p.m., with 37 members present. The meeting opened with the singing of "America the Beautiful," followed by repeating the Lord's Prayer.

President LaRue Harmon called on Mrs. Caldwell to read a report on the Board meeting held Monday.

The president made a few announcements and called on Mr. Paul Beale to offer his suggestion to the club which that the club would be welcome to use the Beale's picnic cottage and area for one of the club picnics. The offer was graciously accepted.

Sister Juliana announced the music department of St. Joseph College offered a music and art weekend in New York March 10, 11 and 12, and that members of the Community Chorus and their friends were welcome to take advantage of the event. Call 447-6111 if interested.

Mr. and Mrs. Paul Beale then gave a delightful showing of their slides—our picnic last summer, slides taken from Switzerland by their son, Horace while in Europe. The club deeply appreciated their kindness. Mrs. Ethel Fuss then surprised Mrs. Beale with a birthday cake.

Refreshments were served by Charlotte Sanders and Mrs. Hazel Caldwell.

New Phone Rates In Effect In January

New telephone rate schedules accepted January 12 by the Maryland Public Service Commission went into effect on Thursday, January 13, a C&P Telephone Company of Maryland spokesman said.

The revised tariffs provide for an across-the-board 10.2% increase in local telephone service rates in Maryland and a similar overall increase in intrastate long distance revenues.

The new telephone rate schedules are based on the increased amount granted the C&P of Maryland by the Public Service Commission's decision on January 6 in the 9-month-old Maryland telephone rate case. The revenue increase allowed was \$27.5 million, which will amount to about \$13.5 million after taxes.

The increase will generally be applied to the charge for each service or item of equipment. Federal and local taxes will be added wherever applicable.

For example, where the rate for a residence line was \$6.85, the rate will be \$7.55, plus tax. The new rate for a business line that was \$14.20 will be \$15.65, plus tax.

Rates that will not change include the 10c rate for a coin telephone all and the one-time charge for a color set.

The time schedule and classification for long distance calls within Maryland will become the same as for calls between states.

The C&P spokesman said, "Now that we will have only one schedule for long distance calls, whether to points in Maryland or to other states, it will be a lot easier for our customers to remember the times when lower rates are in effect."

Another feature is that long distance station-to-station rates will be lower for calls which are dialed directly than for calls with which operator assistance is requested. In this respect, also, Maryland's schedule will now be in line with the arrangement for calls between states.

For all Direct Distance dialed calls made in Maryland, both within the state and to other states, the sche-

Vigilant Hose Company Announces Year End Report On Activities

A total of 74 alarms were answered by the Vigilant Hose Company during the year of 1971. There was an estimated loss of \$60,775 during the year. However, the loss was considered to be quite low, considering that the property involved in the fires had an estimated total value of \$452,000.

The year-end report, compiled by Fire Chief Guy R. McGlaughlin, revealed that 15 private dwelling fires, including chimney fires, accounted for most of the losses, at \$45,325. Motor vehicles ranked second, accounting for 11 fire-

calls and \$9,550 in property damage. Firemen fought 10 field and woods fires and three farm related fires, resulting in \$5,500 in property damage. There were two commercial fires with \$100 loss and one public property fire with \$300 loss. In addition, firemen answered seven miscellaneous alarms, one false alarm, made 33 service calls and conducted 18 fire drills.

Evaluating the causes of fires, McGlaughlin said electrical malfunctions accounted for 10 fires. There were eight alarms of a miscellaneous origin; seven were caused by faulty heating devices and arson was suspected in seven others. Mechanical malfunctions were blamed for five fires, matches and smoke for two fires and three fires were of undetermined origin.

One of the 149 firemen in the company was injured while on duty last year. Of the total membership there are 99 active firemen including seven fire policemen, and 50 social members, who worked for a total of 1,937 man hours.

Robert Hardman made the most number of fires during the year.

Of the 74 alarms, there were 50 first calls, 24 mutual aid calls, and five non-fire calls. An average of 29 men answered each alarm.

The company's four pumper trucks and one rescue truck accumulated 1,134 miles in travel during the year.

Baltimore Sailings Increase In 1972

The largest number of passenger sailings from the Port of Baltimore during a single cruise season has been scheduled for 1972. Three lines will offer a total of 16 sailings.

Four of the 1972 cruises will be aboard two vessels of the Greek Line, currently Baltimore's most constant passenger carrier. This will be the fifth consecutive year that cruise ships of the Greek Line have operated out of the port.

Six of the remaining sailings announced for the year will be by two ships of the Norwegian Caribbean Lines and six others by the Chandris America Lines ship, Atlantis.

An interesting aspect of the 1972 cruise schedule is that five of the sailings are planned for the fall months. This is the first time Baltimore has had that many scheduled during that season.

Miss Byard Given Bridal Shower

A surprise miscellaneous bridal shower was held for Miss Martha Byard of Emmitsburg on Sunday evening at the home of Mrs. George Martins, near St. Anthony's.

Hostesses for the shower were the Misses Susan Martins and Sandra Hemler.

Attending the shower along with Miss Byard and the hostesses were: Mrs. Richard Sanders and daughters, Rhonda, Freda and Georgeanna, Mrs. Richard Spalding, and Mrs. Joseph Sanders and daughter, Judy, of Gettysburg; Mrs. John Sheaffer, Miss Donna Sheaffer and Mrs. William Beamer of Orrtanna; and Mrs. Terrance Byard of Hagerstown.

Mrs. Rita Byard, Mrs. Marguerite Wolfe, Mrs. Bernadette Hemler, Mrs. Barbara Vaughn, Mrs. John Little and daughter, Tina, Mrs. Robert Little, Miss Karen Miller, Miss Janet Miller, Mrs. Wanda Wantz and daughter, Angela, Miss Debbie Krietz, Miss Darlene Miller, Mrs. Corrine Miller, Miss Lisa Lingg, Miss Lori Lingg, Miss Barbara Hemler, Mrs. Ruth Martins, Mrs. Joseph May, Mrs. Josephine Kelz, Miss Darlene Nusbaum, Mrs. Gloria Krietz, Miss Millie Orndorff, Mrs. Sterling Orndorff, and Mrs. Diane Kelly, of the Emmitsburg area, also attended.

Many lovely gifts were received by the honored guest. Games were played and refreshments served to the guests in attendance.

Miss Byard will wed Ronald Hemler of St. Anthony's on February 5.

Greek Line vessels cruising from Baltimore will be the Queen Anna Maria, departing March 8 and 17 and the Olympia, departing November 3 and 11. The Norwegian Caribbean Lines vessels are the Skyward, departing April 3, 8 and 16, and the Southward, departing October 14, 22 and 27. The Atlantis has scheduled cruises for May 6, 13, 20, 27 and 30 and June 2.

SJHS Trojans Win One, Then Lose One

St. Joseph's High School avenged an earlier loss of the Wilde Lake Wildcats of Columbia, Md., 64-49, Friday at Mount Saint Mary's gym.

The Trojans led at halftime 42-33, and stretched their lead to 18 points at the start of the final quarter. They shot an outstanding 60% from the floor.

High scorer was Roy Adelsberger with 16 points. The other four starters were also in double figures.

In the preliminary game, the Wilde Lake JV was the winner, 51-47.

On Sunday, St. Joe's met the Gaels of Saint Maria Goretti of Hagerstown. The teams were evenly matched, with only four points separating them at halftime. With only minutes to play in the game the score was tied 43-43. The Gaels outscored the Trojans as the clock ran out, winning 53-48. Steve Hobbs was high scorer for the losers with 16 points. The Trojans hit 91% from the foul line.

All 16 sailings will operate out of temporarily converted cargo facilities at the Maryland Port Administration's modern Dundalk Marine Terminal. These facilities are converted to passenger use the day before the scheduled sailing and converted back to cargo use the day after.

For the price of two airforce fighter bombers, UNICEF can provide the vaccine to protect 226 million children from tuberculosis.

Miss Keilholtz, C.V. Gearhart Engaged

Mr. and Mrs. Ralph L. Keilholtz, Sr., Emmitsburg, announce the engagement of their daughter, Mary Ann, to Charles Victor Gearhart, Jr., son of Mr. and Mrs. Charles V. Gearhart, Sr., Thurmont.

Miss Keilholtz is a 1970 graduate of Catoctin High School and is presently employed by Creager Florist Shop, Thurmont.

Her fiancé is also a 1970 graduate of Catoctin High School and is associated with Moore Business Forms, Inc., Thurmont.

Uncle Sam Gets Weaker

If and when enough American people become sufficiently aroused concerning their property and lives to force their governmental leaders to begin catching up with the Soviet Union in military strength it still would require five to eight years to pull up even with the Communists in major nuclear armament. And while the U. S. continues to delay the long, tedious span of research, development and production of vitally needed armament (time gap from appropriation to production: up to 10 years), hoping "not to upset Russian tempers" at the SALT disarmament talks, the USSR continues to expand its SS-9 and SS-11 new missile production, its all-ocean navy,

and its nuclear-powered, missile-carrying submarine fleet.

The experts in Washington to whom I talked on a trip devoted entirely to our military weakness crisis estimate that it would take about eight years to produce a bomber to replace the aging B-52's, and from three to five years to produce new kinds of missiles such as the Soviets have in their SS series (unmatched in our arsenal). The Soviet Union is spending more money on military research and development than we are; and the percentage of their Gross National Product going into military hardware is considerably greater than ours. A Paper Tiger?

One of the sources of the information I gathered in

Washington was the American Security Council, which is composed of America's top military leaders of the last two decades, top military writers of some of the best known world military reporting services, former U. S. Ambassadors, and other professional authorities on armament. Here are some of the items of information they gathered for me to use in our efforts to arouse and activate the American people to the grave and worsening military crisis.

The Soviet's all-seas navy has been built in the last 20 years; hardly a single operational combat ship is more than 20 years old. Yet, a large number of U. S. combat ships are over 20 years old and obsolete. Our entire navy is swiftly becoming militarily obsolete! We have plans for a 100-mile-an-hour Navy — but no production!

The Soviet "Yankee" (Y) class submarine now carries a load of SLBM's (sub-launched ballistic missiles) using a depressed trajectory with which it can reach any tar-

get in the continental U. S. in less than 7 minutes! All of their supporting systems fall under the shadow of this threat.

The USSR is going forward with extensive weapons testing programs, including large payload missiles such as the SS-11 with its three warheads; and the new Soviet submarine missiles are longer range, some up to 3500 miles.

The Soviets now have an ICBM force 50% larger than the U. S. in number of delivery vehicles, and many times larger than the U. S. in terms of total megatonnage or destructive power.

Very little notice has been taken of the fact that the Soviets are making a determined drive to improve their Civil Defense capabilities. Civil Defense is of real importance to a power like the Soviet Union whose strategic military force is being and under construction makes sense only when viewed in the light of an intention to acquire a first-strike capability against the U. S. The basic criteria for an effective first-strike capability is the ability to really limit damage to one's own society.

BUSINESS AND THE STOCK MARKET

Bright Prospects

For Home Furnishings
By Babson's Reports Inc., Wellesley Hills, Mass., January 20, 1972—Spurred by the upsurge in residential building, investors have recently been bidding up many home furnishings stocks to record highs. Investor confidence in the future of companies that make and sell furniture, floor coverings, appliances, and related items is buttressed by the knowledge that housing starts have been sharply on the rise for about eighteen months; traditionally, an upturn in home furnishings sales follows an increase in housing starts, although there is usually a time lag of from twelve to eighteen months. Recent shipment figures and consumer buying surveys bear out the contention that an upswing in the sales of home furnishings is already under way.

Demographic factors also point toward a generally favorable outlook for this industry. For example, over the next ten years a 52% increase is anticipated in the number of households in the 25-34-year-old age bracket, a group which customarily spends heavily on household furnishings and accessories. Furthermore, there are indications that the number of families in this age group with annual incomes of \$15,000 or more will jump from a total of 1.6 million in 1970 to about 6 million by the year 1980.

Broadly speaking, the home furnishings industry—furniture, floor coverings, appliances, home electronic equipment, and related items—is a \$50-billion U. S. consumer goods business, second only to the \$59-billion auto industry. It could be that before the present decade has run its course home furnishings will surpass autos. This is based on the assumption that residential housing starts will continue at a relatively high level because of the lagging rate of such construction over recent years and because of the mounting number of families that will be in need of housing in the 1970s.

In addition, an increasingly mobile population should mean a heavier demand for home furnishings, while upward pressure on incomes is bound to result in an upgrading of the quality of purchases, thus stimulating the replacement market to a substantial degree. Some analysts look for the home furnishings market to reach an overall value of \$100-billion by the end of this decade, while others expect this figure will be attained even before 1980. In any event, it seems clear that the industry will achieve a rate of growth considerably above that for the U. S. economy as a whole.

The favorable market prospects for home furnishings has not been overlooked by the nation's corporate giants. Such highly specialized concerns as RCA, Sperry & Hutchinson, Armstrong Cork, U.S. Plywood - Champion Paper, Magnavox, and Burlington Industries have established and/or expanded positions in furniture and carpeting during the past few years. While Babson's Reports is not recommending any of the above companies for purchase at this time, we do feel that they have enhanced their potentials with this expansion into furniture and carpeting. Currently, we are suggesting that investors maintain hold positions on the stocks of these companies.

Furniture Biggest Item
The largest segment of the home furnishings field is furniture, with annual retail

sales amounting to more than \$5 billion. The market for furniture has climbed about 80% during the past five years, and it is expected to nearly double in volume over the next half-decade. Approximately five thousand companies are involved in the manufacture of wooden, upholstered, and metal furniture in the U. S., but only two, Bassett Furniture and Kroehler Manufacturing, had sales in excess of \$100 million in 1970. The Research Staff of Babson's Reports does not

keep Bassett under supervision because of insufficient client interest. We do supervise Kroehler, however, and recommend holding it for appreciation over the period ahead.

Receives Master's Degree

George Thomas Wilhide, son of Mrs. Margaret Wilhide, West Main St., and the late George Wilhide, graduated from Shippensburg State College with a degree of Master of Education and Counseling, on November 12. Tom formerly taught English at Westminster Junior High School, and while there, received his Master's degree in English at Western Maryland College.

By
Congressman Goodloe Byron
Maryland—Sixth District

The following questions were typical of the kind asked of me in recent weeks. Letters should be sent to me, c/o U. S. House of Representatives, Washington, D. C. 20515.

What are the new voter residency requirements for presidential elections?

The 1970 Amendments to the Voting Rights Act abolished long-term residency as

a precondition to voting for the President and Vice President. The amendments provide that any otherwise qualified person who has resided in a State for at least 30 days prior to a presidential election must be treated as eligible to vote in that election. The amendments also provide that any person otherwise qualified who moves to a State or to a county or other political subdivision of a State within 30 days of a presidential election, and who is not eligible to vote in this new location, must be allowed to vote for the President and Vice President in person or by absentee ballot in the State or political subdivision of his prior residence.

Will your proposed Rural Development Bill make it easier to secure loans for establishing small business enterprises in rural communities?

Yes, loans would be increased and loan requirements eased for persons establishing small businesses in rural areas. In addition, the proposed legislation would increase by five times, the amount of loans earmarked for improvement of community facilities in rural areas. Loans would also be authorized for developing and financing business, industry and employment. And finally, technical assistance would be provided for the control and abatement of pollution, disposal of solid wastes and storage of water. In short, the proposed measure would seek to improve the economic and environmental climate of rural communities.

Do you know if the Department of Interior has any printed information on the natural resources of Maryland?

The Department of Interior publishes a Natural Resources Handbook for each State including Maryland. The booklet for our State contains information on physical characteristics, water and power, mineral resources, land and forests, fish and wildlife, parks and recreation and programs of the federal natural resource agencies. To obtain your copy just drop me a note here in Washington, c/o U. S. House of Representatives, Washington, D. C. 20515.

What is the theme for the 1971 Yearbook of Agriculture? Can you send me a copy?

How rural America and U. S. agriculture can help make living good for all Americans of the next century, is the theme of the 1971 Yearbook of Agriculture which was published this month. Copies of the Yearbook entitled "A Good Life for More People" may be purchased for \$3.50 directly from the Superintendent of Documents, Government Printing Office, Washington, D. C. 20402.

MOTHERS!
WE WANT PICTURES OF ALL THE CHILDREN IN THIS TRADING AREA TO PUBLISH IN A SPECIAL FEATURE ENTITLED 'CITIZENS OF TOMORROW.'

PICTURES TAKEN IN FULL COLOR!
—so be sure to dress your children to take full advantage of color photography.

These pictures will be taken free of charge by a nationally known children's photographer who specializes in feature photography for newspapers. The time and place are shown below and we ask the co-operation of all parents (and grandparents, too) to help make this a success.

- There is no age limit. Family groups and older children are especially invited.
- A picture of every child photographed will be published free of charge. (in black and white)
- Photographs may be ordered, however this is entirely up to you. There is absolutely no obligation—so be sure to bring your children.

Appliance Sales Out At Potomac Edison

The Potomac Edison Company has announced it would phase out all appliance sales operations at its stores in Maryland, Pennsylvania, Virginia and West Virginia.

John H. Larson, PE's vice president of marketing, said officials of Frigidaire will visit the area shortly to begin steps toward establishing new dealerships.

He emphasized that appliance sales will actively continue at most locations for the immediate future and that all warranties on Frigidaire, Rheem, and Speed Queen appliances would continue to be honored.

Officials pointed out that the phase out of appliance sales will have no other effect on PE's operations at various offices, and stressed that the Company will continue its appliance repair service on all makes.

PE has been merchandising major appliances since 1922 and, since 1945, has been the exclusive Frigidaire dealer in much of its four-state service area.

4-H Club Names Project Groups

The Rocky Ridge Progressive 4-H Club recently held its meeting at the Rocky Ridge Fire Hall. Leading the club in both pledges was Joseph Ohler, followed by roll call which 35 members answered with the name of a Christmas Carol.

Mike Baust reported on the club's annual banquet and achievement night. An enjoyable evening was spent by both the parents and the 4-H members.

Under new business, program sheets and the 1972 4-H calendar were distributed to all the members. Starting off with the new year are three new project groups: Mark Wivell heading up the tractor program; Phyllis Wivell forming the boys and girls sewing group; and Viki Wivell taking over the flower arranging group.

One of the 4-H activities, boys' basketball, will begin in the latter part of January. Tom Keilholtz and Mark Wivell are the new coaches for this year's teams.

Concluding the meeting was a very informative demonstration given by Paula Bollinger entitled, "How to Give a Demonstration." Refreshments were then served by the outgoing and incoming officers.

Invite Entertainers To Register At Park

A register of traditional entertainment groups is now being compiled at the Catoctin Mountain Folk Center, Catoctin Mountain Park. Gospel singers, folk singers, German bands, amateur and professional, all are invited to register. The roster will be used not only for selecting entertainment for the Folk Center summer programs, but will be available to any one desiring contacts with entertainment groups.

Those interested in registering should contact Catoctin Mountain Park, Thurmont, Md. 21788 or phone 271-7447 or 824-2574. There is no charge for this service.

County Colleges Gain From Game

Frederick Community College will be the host college for a benefit basketball game between the Baltimore Orioles and the WFMD/WFRE Towers on January 22, at 8 p.m. in the college fieldhouse. A preliminary game featuring the Frederick City Police Department against the Frederick County Sheriff's team, will be played beginning at 6:15 p.m.

The net proceeds from the game will be divided equally by Frederick Community College, Hood College, and Mt. St. Mary's College for scholarships.

No-Fault Insurance Favored In Mass.

How John R. Jewell, Maryland Licensing and Registration Secretary could be so grossly mistaken in his claim that no-fault has not reduced auto bodily injury liability rates in Massachusetts is difficult to comprehend, William Jan Gay, Manager of the Middle Atlantic Region of the American Insurance Association said this week.

"Any insurance company or any newspaper insurance writer could have given him the facts, so he would not need to have relied on a figment of his imagination," he said.

"For the benefit of the public and for the enlightenment of Mr. Jewell, the fact is that the Massachusetts Legislature mandated a 15% reduction for the year 1971 when it passed the no-fault bill. In addition Massachusetts Commissioner of Insurance John G. Ryan has reduced those rates another 27.6% which is at this time in effect.

"That's a total reduction of 42.6%, the like of which has never to our knowledge been recorded in any of the other

FCC Registers New Classes To Jan. 28

Frederick Community College will be conducting late registration until January 28 for spring courses. Day and evening registration from 9 a.m. - 4 p.m. and from 6 p.m. - 9 p.m. will be held Monday through Thursday. Day registration from 9 a.m.-4 p.m. on Friday. Contact the Admissions Office, Frederick Community College, 662-0101, for additional information.

New Eagle Scout

(Continued From Page One)

only by himself but by all who helped him achieve this rank. He then said that in scouting there is a common bond—not only in America but as an international movement. Many of our astronauts as well as political figures have had some part in scouting from which we see the importance of the Boy Scouts.

This was followed by the American Legion Post 121 award of a medal for outstanding citizenship presented by Post Commander Sterling Goulden; a plaque presented by Mayor Samuel C. Hays for outstanding work; and letters of recognition and achievement from the President of the United States, Richard M. Nixon; U. S. Senators Charles McC. Mathias and J. Glenn Beall, Jr.; and the Governor of Maryland, Marvin Mandel.

Following the program the guests enjoyed a buffet served by the Mothers in Scouting, with the assistance of Mrs. Francis K. Rosensteel.

Among guests attending the Court of Honor were: "Skip's" grandparents, Mr. and Mrs. Carrol F. Newcomer and Mr. and Mrs. Norman Adams, both of Emmitsburg. Other relatives in attendance included uncles, aunts, cousins. Out-of-town guests visiting for the ceremony came from Washington, D.C.; Falls Church, Va.; Hanover and Gettysburg, Pa.; and Mt. Airy, Westminster, Frederick, Taneytown, and Thurmont.

Four Generations Of Gelwicks Family

(Continued From Page 1) The celebration included a family style dinner followed by ice cream and cake, which was followed by presents and good wishes. During the course of the day many pictures were taken, among them a generation picture. In the picture four generations are represented. They are, left to right, standing: Roland Hubbard, grandchild; Jo Anne Hubbard, great-grandchild; Stephen Hubbard (great-grandchild); and Charles Hubbard, Sr., grandchild. Sitting: David Kreit, great-grandchild; Richard Kreit, great-grandchild; Suzanne Hubbard Kreit, grandchild; Mrs. Gelwicks; Mrs. Marie Hubbard, daughter; Charles Hubbard, Jr., great-grandchild.

TWO NEW 2-STAGE SNOW THROWERS

Powerful • Fast. International® Cadet 265 (5 hp) and 268 (8 hp)

Two-stage design—separate steel augers and powerful 4-blade fan—provides high capacity in light, heavy, deep or powder snow. Self-propelled, 26 inches wide. Both 265 and 268 clear a walk in two passes, your drive in four or five. Four speeds forward, one reverse. Handle grip controls. Quick starting. (Model 268 available with electric start.) Very sturdy: from the makers of Cub® Cadet tractors.

RCA

XL-100

100% Solid State AccuColor

GUARANTEES SATISFACTORY SERVICE

RCA CORPORATION BACKS THESE COLOR TV MODELS WITH THE FOLLOWING BASIC WARRANTY PROVISIONS

PS RCA's symbol of Purchaser Satisfaction

If anything goes wrong with your new 100% Solid State set within one year from the day you buy it, and it's RCA's fault, RCA will pay your repairman to fix it—both parts and labor. (Labor warranty is 90 days for models other than 100% Solid State sets.)

You can use any service shop in which you have confidence—you don't have to pick from some special authorized list. Just present your warranty registration card to the service repairman and RCA pays his repair bill.

If your set is a portable, you take it in for service. For larger sets, your serviceman will come to your home.

If your picture tube becomes defective within two years from the day you buy the set, it will be exchanged for a reliable rebuilt tube (defective parts are covered for one year.) After the first year for 100% Solid State sets, and after 90 days for others, you pay labor and installation charges for parts and picture tube.

In short, the warranty covers everything but installation, antenna systems, adjustment of customer controls or foreign use.
