- By Abigail -

As spring approaches and Old Man Winter begins to lessen his icy grip on the weather, things begin to happen. Folks get a chance to do a little sprucing up around their lawns and homes. Birds—sometimes too many of them—begin to appear. And everything starts to take on a different look.

Sprucing up the square with new traffic control lights continues to near completion. Nothing has been done, however, to return the areas along the curbing to their original condition. The ditches have been filled with blacktop and covered with sand giving the curbs a rather shabby look. Part of the sidewalk has even been "repaired" in this manner. Hopefully, this is only a temporary condition, but even so, it seems that the job should have been done right in the first place.

Noting the construction going on near Thurmont on an old bridge, I wonder what priorities the County uses in deciding where to send their crews. With at least three bridges completely closed in our area, it seems rather foolish to spend time and money on a bridge which was in working condition.

Our county commissioners have approved construction on at least one of the problem bridges, the Annandale Road Bridge, but there are two others—the Creamery Road Bridge and the Harney Road Bridge—which also need immediate consideration.

After a couple of years of waiting it looks like our community may soon have a swimming pool. Frustrating efforts in the past almost had us believing that we would never have a pool, but thanks to the hard work of our Parks Board the project will soon get underway.

We can also be thankful for such a community-oriented organization as the VFW. From what I understand they have offered to contribute a large sum of money to assure that the project is completed.

If the town council would take as many steps to be sure we have water in our faucets as they have to be sure we have a swimming pool, we might not have to think about where we will get water this summer should we encounter a dry spell. The land which was purchased below the reservoir to be used to enlarge our water supply has not been talked about for some time. What is going to happen to this land seems to be a question which the commissioners cannot come to grips with.

Pro Team Skins Alumni All-Stars

The Washington Redskins of the NFL visited Catoctin High gym Saturday evening and came out with a 93 to 76 victory. Mike Bass led all scorers with 26 points. Harold McLinton's toughness under the boards gave him 21 points, while Roy Jefferson has 15.

For the Alumni All-Stars, Lee Koontz had a great night at the foul line with 14 out of 16 and led with a total of 20 points. Garry Manning had 12 points and Larry Brown and Charlie Gearhart each had 10 points.

In the preliminary game, the Faculty defeated the seniors, 51 to 34. Teacher Steve Lengkeek led the way with 13 points and Carl Katzenberger had 12. For the senior boys, Dick Love, Tom Keilholz and Jim Saylor had 6 points each.

Mini Bazaar '74 In Need Of Items

While spring cleaning, think of Mini Bazaar '74, sponsored by St. Joseph High School Athletic Assn., on May 4, 1974. Call them if you have any new or used clothing, white elephant items, etc. Your junk may be someone's treasures.

Dean Sprague Assumes PR Post

Dean J. Sprague, class of 1957, has returned to Mount Saint Mary's College after a period of six years to assume the position of director of College and Alumni Relations. He comes to the Mount from the University of San Diego (California), where he served from 1969 to 1973 as Associate Director of University Relations and Director of the University Placement Service. In the first capacity he coordinated foundations, grants, and corporate relations programs; annual fund drives; alumni activities; faculty lecture series; and university publications. He also undertook various writing assignments for the Office of the President and participated in faculty and student relations committees and activities. As Director of Placement he supervised career counseling programs and job placement programs for students and alumni.

Sprague graduated summa cum laude from Mount Saint Mary's with a B.S. degree in history and sociology. He was president of the student body and active in extra-curricular activities.

Awarded a fellowship to Niagara University in New York, he earned his M.A. degree there in history education in 1958. He returned to the Mount that fall as an assistant professor in the Department of History and Political Science.

In 1961, Sprague became Director of Public Relations, and in the next three years established a permanent office of Development and College Relations and initiated a capital funds program raising over \$800,000. From 1964 until his departure from the Mount in 1968, he served simultaneously as Director of Admissions and student Recruitment.

In the summers of 1964 and 1972 he was a consultant on fund raising and public relations to the president of the Catholic University of Guadalajara, Mexico. In 1973 he returned to Guadalajara for the summer as acting director of the University of San Diego Summer Session.

Sprague was named to "Outstanding Young Men of the South" in 1967 and that same year was elected national vice president of the Catholic Coordinating Council. From 1969 to 1972 he served on the Board of Directors of Catholic Family Services.

He is a member of the following organizations: American College Public Relations Association, American Alumni Council, Western College Placement Association, Association of American University Professors, American Legion, National Collegiate Journalism Fraternity and Delta Epsilon Sigma. He previously served on the Board of Directors of Catholic Family Services, and was a member of the Maryland-Delaware Press Association, Tri-State Press Club, Co-op Area Man-Power Planning System and the Federal College Association of San Diego County.

Sprague assumed his new position this month, succeeding A. Vernon Davis, who had served the Mount since 1968.

Church Sets Game Night

The Sodality of St. Joseph's Church has finalized plans for an Evening of Games to be held at the parish hall on Monday evening, March 18, at 8 p.m. Two-penny games will be held with many beautiful prizes to be given away. Refreshments will be on sale. For an evening of fun, the public is invited to patronize the event.

Student Leaders List Proposals

A second emergency meeting of the Student Government of Mount Saint Mary's College was held this week, to finalize the list of proposals to be handed to Dr. John J. Dillon, President of the college.

The meeting was well attended by the elected representatives. The first order of business was an address by Student Government President, Jack Studnicki, on the findings of the Middle Atlantic States Evaluation Team.

The issue of the boycott then came to the floor. The chair passed out a copy of the tentative proposals to each of the representatives.

The proposals were divided into four major areas. The first major area was Academics, which covered the reexamining of the academic policies and existence at Mount Saint Mary's. Included within this area are five other areas ranging from student input on the hiring and firing of teachers to better studying conditions. These subdivisions cover the basic academic proposals to be handed to the Administration, such as the establishment of an Elementary Education Major, exemption from final exams for all students with an 'A' average in the particular course, a student vote on the Academic Council, and a "re-evaluation, by student evaluators, of Dr. Seess' request for contract renewal.

The second major area covers increased student control over everyday life at Mount Saint Mary's College. This area covers such proposals as the establishment of 24 hour parietals, optional laundry, and keg parties to be allowed in the dormitories.

The third major area concerning the proposals to the Administration includes the institution of stronger student representation in the school's decision making process. This includes student membership on the Board of Trustees, student representation on the Development Council, and the right of the Student Court to establish all minimum penalties levied against students.

The fourth area on the proposals covers amnesty for all those students who participate "in this action to improve the Academic and Social atmosphere of Mount Saint Mary's." The Student Government wishes to achieve recognition from the Administration of the School, that they are the elected representatives of the Student Body, and that the Administration will recognize their governing power as an Assembly. They are in hopes that through this list of proposals they can achieve this goal.

Fire Co. Plans Night Of Games

The Vigilant Hose Co. will hold an evening of games this Saturday night at 7:30 in the Fire Hall. Refreshments will be on sale and everyone is urged to attend.

Two Men Found Dead In Auto

Allen Miller, 46, Cascade, and George Michael Fisher, 31, Blue Ridge Summit, were found dead Saturday in a parked car at Blue Ridge Summit.

Pa. State Police from Chambersburg said the two apparently died of carbon monoxide poisoning. A vacuum cleaner hose was hooked to the tail pipe and run to a window of the car.

The death of Miller was listed as a suicide but police are still investigating the death of Fisher.

Born in Frederick County, Fisher was the son of George and Carrie Marshall Fisher of Rocky Ridge. Besides his parents, he was survived by his wife, Donna Watkins Fisher; one daughter, Frankie Fisher; five brothers, Franklin Fisher and Charles Fisher, both of Thurmont; Richard Fisher, Emmitsburg; Carroll Fisher, of Taneytown, and Larry Fisher, of Hancock; two sisters, Mrs. Barbara Steward of Waynesboro, and Mrs. Patricia Miller of Thurmont.

Funeral services were held Tuesday at 2 p.m. from the Creager Funeral Home, Thurmont, with the Rev. Franklin Jones officiating. Interment was in the Germantown-Bethel Cemetery at Cascade.

Town Receives Park Funds

A check totaling over \$85,000 from the Maryland Comptroller's Office, was received by the Town of Emmitsburg last week for development of the community park.

The money, which represents the State's share for acquisition of the former Sanders-Owens property and the State portion of parks improvement, is made available through the Outdoor Recreation Land Loan of 1969.

MRS. MARGARET POLLEY

Mrs. Margaret Neely Polley, 86, wife of D. Percy Polley, died at her home in Fairfield at 6 o'clock Tuesday morning. A native of Fairfield, she was a daughter of the late James Upton Neely and Mary (Shively) Neely and was a member of St. John Lutheran Church, Fairfield; the Lutheran Church Women, and the Gettysburg YWCA.

Surviving in addition to her husband are three sisters: Mrs. Mary Gardner, Detroit; Mrs. Helen Ralston, Wenonah, N. J.; Mrs. Alice Merritt, Summerville, S. C.; and a number of nieces and nephews.

Funeral services were held this afternoon at 2 o'clock from the Wilson Funeral Home in Fairfield with Rev. James M. Marsh officiating. Interment was in the Fairfield Union Cemetery.

REMINDER

Baking classes for adults begin at St. Joseph's High School, March 19, 7 to 9 p.m. Fee: \$4.00.

Mother Seton TV Film Re-Scheduled

The Seton Bicentennial Committee announces that the color television documentary, "Elizabeth Seton: To Be Born Anew," has been re-scheduled by WMAL-TV, Ch. 7, Washington, D. C., for Sunday, March 31, 2 p.m., EDT.

Mrs. Valli Ryan, committee chairman, said, "Many viewers in the Washington, Maryland, northern Virginia and southern Pennsylvania areas were disappointed when the original telecast was pre-empted from its February time slot, but in response to popular demand, the station has offered to re-schedule the program."

The half-hour film deals with the life and heritage of Blessed Elizabeth Ann Seton, founderess of the Sisters of Charity in America, and highlights the January 5th celebration which marked the opening of the 1974 Seton Bicentennial Year at St. Joseph's Provincial House at Emmitsburg.

Truck Upsets, Spuds Scatter

Emmitsburg firemen had to pick up potatoes for over two hours Saturday afternoon after a large truck upset, dumping its cargo and injuring its operator, Willard Bowie, 50, of Woodford, Va.

The accident occurred on Rt. 15, three miles south of Emmitsburg shortly after 1:30 Saturday afternoon.

The Emmitsburg VFW ambulance took Bowie to the Warner Hospital, Gettysburg, where he was treated for injuries to his forehead and right leg.

According to reports, the accident occurred when a rear tandem wheel broke off of the truck, causing it to flip over off the highway. The wheel continued on, damaging the road extensively, and also damaging the side of a passing auto. However, the motorist was not hurt.

Fire Chief Eugene Myers said his 30 firemen gathered up loose potatoes from broken 50-pound sacks and placed the cargo on a U-Haul truck to await transfer to a Harrisburg area firm. Two tow trucks were used to remove the wreckage of the truck which was reportedly split in half by the mishap.

The report by Maryland State Police was unavailable pending further investigation.

Election Nears

Election for Burgess and two members of the town council is drawing near. The day to vote will be Tuesday, April 30, from noon to 7 p.m.

Mayor Richard Sprinkle, who is expected to seek a new two year term, announced that registration for the election may be done during the town office hours until ten days prior to the election. Candidates may also sign up during that time.

Vacancies are occurring on the council posts presently held by President C. Sterling Goulden and Treasurer Philip D. Topper.

Girl Scouts List Activities

Girl Scout Troop 405 would like to tell you what we did last year. We will start with Girl Scout Week 1973. On March 11, we joined the other Scouts from Emmitsburg at church services at St. Joseph's Catholic Church. Also during this month we went bowling and conducted a cookie sale.

April was a busy month for us. April 14, we took a trip to Washington. Then on April 20, we visited the Adams County Home in Gettysburg. The girls made and delivered Easter favors to the guests at the home. April 21, the Scouts helped to clean the streets and roadways around town. April 27 we traveled to Frederick to see Paul's Puppets.

The month of May was spent planning and shopping for a camping trip which we took June 1, 2 and 3. On June 12, we held our Court of Awards at Mother Seton School. During the summer we took a hike from Emmitsburg to the Grotto and back to town. Also, the girls enjoyed a bike hike and took part in the July 4th celebration in town.

During the Fall Festival, we held a very successful bake sale at St. Anthony's Church. On Halloween we had a great party. November was a slow month but a few of those are welcome just to look back at what we've done and forward to what's ahead.

In December, we held a party before Christmas at which time we exchanged presents. On January 5 we traveled to Gettysburg to the movies to see "Vanishing Wilderness." January and February were spent selling cookies (780 boxes), and getting ready for the Friendship Festival, which was held on Feb. 24. Our country was Norway.

Girls who are now members of this troop are: Kris Ginnell, Cindy Green, Lori Hawk, Pam Hahn, Cecilia Hewitt, Laura Fitz, Pam Joy, Christie Kramer, Lori Lings, Judy McGraw, Tina Mitchell, Teresa Ott, Jackie Poulson, Pam Shriver, Marilyn Sweeney, Kim Warthen and Tina Portner.

We would like to thank everyone who has helped the troop in the past year. Special thanks to Connie Fisher who was the leader until recently. Barbara McGraw is now the leader with Mrs. Fisher assistant.

Little League To Hold Meeting

The Emmitsburg Little League will hold a reorganizational meeting this Sunday, March 17, at 1 p.m. at the VFW. Officers for 1974 will be elected at this meeting, and plans made for the coming season.

All interested persons are urged to attend, along with last year's managers, coaches and officers.

Call 662-6333 to report a fire

Career Day Set At Local School

SJHS Senior, Cynthia Sanders confers with Sister Norma, Director of Guidance, about plans for "Career and College Day."

"Career and College Day" will be held on Friday, March 15 for all students, faculty and parents of Saint Joseph's High School, Emmitsburg.

Sister Norma Anderson, Director of Guidance and Chairman of the Student/Faculty Committee for "Career and College Day," expects more than 30 representatives from various career areas. Admission Counselors from 11 colleges in Maryland, Pennsylvania, and Washington, D. C. will also be present.

The formal program will begin at 9 a.m. with a General Assembly scheduled at the Dodd Science Building on Saint Joseph College campus.

Mr. Richard F. Doyle from Brooklyn, N. Y., will present a twenty-minute film outlining opportunities and programs in hotel-motel management, fashion design, retailing, business management and secretarial science. Professionally prepared by the Cypress Garden staff, the film also serves as a panoramic guide through the Florida area. A second audio-visual presentation, centered on value-oriented education, will be narrated by Dr. John Bachman, President of Wartburg College, Iowa. A question and answer period will follow the showing of the films.

Further opportunities for career and/or college information will be available to students and friends on their return to Saint Joseph's High School on Friday at 10:15.

Speakers will be using the gym, resource centers, library and classrooms. Steve Hollinger, President of the National Honor Society and Charles Goetz, President of the Student Council, will head student committees to host the career representatives throughout the day. Luncheon will be served in Saint Joseph's Cafeteria at 12:00 noon.

Throughout the afternoon, the career and college personnel will meet with students and parents. Students may discuss career opportunities in the following fields: Army, Navy, Marines, Air Force, Forestry, Maryland State Police, Nursing (R.N. and L.P.N.), Computer Learning, Veterinary, Psychology, Special Education, Cosmetology, and Airline Hostess.

Bake Sale Friday

Local Boy Scouts will sponsor a Bake Sale this Friday, March 15, on the square by the Farmer's and Mechanics Bank, beginning at 5:30 p.m. Proceeds will go into their Philmont Fund to help pay the expenses of boys planning to go to Philmont Scout Camp next summer.

Softball League Elects Officers

The Emmitsburg Community Slowpitch Softball League held its first meeting at the Knights of Columbus Home on Sunday, March 10.

The election of officers was held and they are as follows: President, Richard Wivell; vice president, Butch Myers; secretary, Roy J. Wivell, Jr.; and treasurer, Jerry Joy.

The next meeting will be held at the K of C on Sunday, March 31, at 7:30 p.m. All teams must be represented. An entry fee of \$5.00 per team must be paid and the team rosters must be turned in.

Town To Soon Begin Building Swimming Pool

With the assistance of the Maryland State Program Open Space and the Emmitsburg Memorial Post 6658, Veterans of Foreign Wars, Emmitsburg will soon have a community swimming pool.

According to a letter to the Frederick County Commissioners from the State Department of Natural Resources, the Maryland Board of Public Works has approved commitment of over \$132,000 to the town for the swimming pool project. This amount represents 75 per cent of the estimated project costs.

The Veterans of Foreign Wars Post has voted to donate up to \$40,000 to the town to help pay the remaining amount.

The project includes the construction of a 5,000 square foot swimming pool, a 315 square foot wading pool, a 2,500 square foot bathroom complete with concrete decking, fencing, lighting, an office, landscaping and a playground. It will cost an estimated \$176,043 to develop.

According to Philip Topper, town treasurer, the project may not have been possible without the VFW's "generous offer."

"The money is available from the State immediately," Eugene Myers, Parks and Recreation Board Chairman said, "and we can expect to begin groundbreaking in the near future."

Byron Cites Need For Rail Service

Citing numerous businesses dependent on local freight rail service, Rep. Goodloe Byron this week officially expressed opposition to any track abandonment proposals affecting Western Maryland.

The opposition comes in written testimony sent to the Interstate Commerce Commission hearing on rail restructuring which is being held in Baltimore this week.

"These hearings are one of the most important phases of the national rail reorganization effort and the recommendations of the ICC Rail Services Planning Office will have an impact on the transportation system and economy of Western Maryland for years to come," Byron said.

In his testimony Byron specifically mentions the proposed abandonments and their adverse effect on business and industry in Allegany, Washington, Frederick and Carroll Counties.

"Abandonment of the Penn Central and Western Maryland rail lines through northern Carroll County will create hardship for many companies like the Fedders Corporation, Taneytown Feed & Grain Corporation and Black & Decker, which located their plants with the understanding that rail freight service would be available," Byron told ICC officials.

"The Penn Central lines around Hagerstown carry four freight trains a day and provide rapid connections with the main east-west line through central Pennsylvania and numerous small and medium-sized businesses are dependent on its service."

"The Western Maryland line from Midland Junction to Bloomington is a solvent carrier and carries approximately 60 cars of coal per day in 70 ton hopper cars. It would be wholly unwise to terminate this line in light of the current energy needs of the country."

"Several other solvent lines proposed for abandonment are also important to area businesses because of their interconnections. I refer to the B&O line between Hagerstown and Weavertown and the Western Maryland and Rocky Ridge," Byron concluded.

ICC hearings by the Rail Services Planning Office will be held throughout the nation in coming months as part of an evaluation of the Secretary of Transportation's recommendations with regard to rail service in the Midwest and Northeast Region.

You cannot expect success if it depends upon the failure of others.

Mount St. Mary's Glee Club Tour Highlights Panama Visit

For residents of Emmitsburg, January was a relative warm month, but not nearly as warm as it was for members of the Mount Saint Mary's College Glee Club. During their annual January tour, the Glee Club traveled a southern concert circuit highlighted by eight days in Panama.

The 25-member group, including the director, Rev. Dr. David W. Shaum, and accompanist, Miss Sall Tarr, from Westminster Choir College of Music, performed first in Asheville, N. C.

"We were warmly received wherever we went," says Paul Pometto, publicity chairman for the group. "In Asheville we were guests at a reception for which our hosts had a swan ice sculpture especially carved for the occasion."

After Asheville, the Glee Club drove to Miami, Fla., where they caught a plane for Panama City. In Panama and the U. S. Canal Zone, they performed at high schools, prisons, military bases and other community centers. The Panamanians and "Zonians" alike gave the students a warm reception for their concerts, which included classical, contemporary and yuletide selections.

Potowmac Writers Conference To Be Held In Gettysburg June 17-20

While preparing to stage first annual Potowmac Writers Conference at the new Sheraton Inn at Gettysburg, A. Vernon Davis (right) presented to Richard L. Blackman (center), Inn manager, a picture Davis took at Camp David some years ago of Presidents Kennedy and Eisenhower. Framed reproductions of the historic photo are now hanging in the Eisenhower Suite and the Kennedy Suite in the Gettysburg hostelry. Shown at left in the picture is Paul B. Fox, vice president of the company that owns the Sheraton Inn at Gettysburg.

The formation of an affiliation of free-lance writers seeking professional advancement, and the staging of a first annual regional writers conference was announced this week by A. Vernon Davis, veteran journalist and literary counselor. He said the conference, to be known as the "Potowmac Writers Conference" (English spelling of Potomac), will be conducted at the new English Tudor style Sheraton Inn at nearby Gettysburg June 17 through 20.

Davis said he was introducing into the Mid-Atlantic region the type of writers conference in a vacation setting that has proved so popular among both beginning and experienced free-lance writers in other parts of the country. He said he is offering a unique program format, however, in that it will permit attendees to both specialize in one phase of writing, and hear all the presentations by all members of the faculty. Probably the best known

member of the faculty is Hayes B. Jacobs who is read nationally in a New York City literary marketing column in the magazine "Writer's Digest." Counseling on fiction writing for the June conference will be Harry Whittington from metropolitan Washington. Another Washington-area writer, I. William Hill, recently retired as associate editor of the "Washington Star," will lecture and work with writers on the subject of journalism.

Writing for juvenile markets will be handled by Arnold Madison, a young man who already has made waves in his chosen phase of the writing profession. Writers interested in learning more about the conference are invited to write: A. Vernon Davis, Executive Director, Potowmac Writers Conference, 730 Weldon Place, Hagerstown, Md. 21740.

Beall Describes Aging Budget Cuts As 'Disappointing'

Cuts in the FY 1975 National Institute of Health budget for Aging Research were described by Senator J. Glenn Beall, Jr., of Maryland, as "deeply disappointing" in Senate remarks today. "Just when we are beginning to show an awareness of the severe problems facing older Americans today, federal research is cut. I think

such a decision is deeply disappointing and quite shortsighted, and I am urging the Senate to take action to counter this Administration decision," the senator said. Beall noted that the spending will drop about 15 per cent from 15.9 to 13.8 million dollars. In order to bring this to the attention of the proper Senate committee, the Maryland legislator has written to the Chairman and ranking minority member of the Appropriations' Subcommittee on Labor, Health, Education, and Welfare. The text of the letter

follows: I am concerned that the priorities of the National Institute of Health are being distorted. I am in no way opposed to an accelerated research program to overcome the dread diseases of cancer, strokes, heart attacks, etc. However, I am opposed to fighting these diseases at the expense of the other institutes at NIH. I therefore strongly believe that we should move ahead with research in the field of aging so as to improve the quality of life for our nation's senior citizens. I have supported efforts to create a National Institute on Aging because I believe that the proponents of aging research need greater visibility and greater institutional strength within the budget-making process at NIH, HEW and OMB which they clearly do not currently possess. In the interim I would hope that the Subcommittee on Labor, Health, Education and Welfare would give serious consideration to at least restoring the \$2.1 billion cut which occurred in the FY 1975 budget request.

PERSPECTIVES IN LEARNING

By Hazel Brown, President Harry Lundeberg School Placing The Blame School systems across the nation have been establishing commissions of lay individuals to evaluate the educational opportunities available within the systems. These commissions are submitting interesting and sometimes extremely frank and candid evaluations. The Commission on Public School Personnel in Ohio recently completed a three year study. Their final paper tends to place the blame for the poor quality of education on the school leadership. They reported that most teachers are inadequately prepared for their job. Even the teachers who meet certification requirements are not adequately trained to perform their job responsibilities.

School principals were found to be poorly trained for the leadership role and little was being done to correct the situations. Most principals were trained for teaching positions and were given leadership roles for reasons other than specialized leadership training. Teachers were being treated alike rather than trying to capitalize on their strengths and minimizing their weaknesses. Little effort was being made to maximize the teacher's effectiveness in the classroom. The use of tenure to protect incompetent teachers

was much in evidence. The absence of self-policing within the teaching profession was very obvious. Supervision of teachers, especially the experienced teachers, was grossly absent. Very few programs were carried out which helped teachers to increase their level of teaching competency. The inadequacy of in-service training programs was very obvious. These items from the Ohio Commission are not restricted to that state. It is sad but true that the same situations exist in many parts of the United States. The teachers have been inadequately trained and do need help in improving their levels of teaching competency. They need programs which will encourage professional growth. All school systems must recognize this inadequacy and strive to meet the challenge by providing in-service training focused on teaching techniques, individualizing instruction and school leadership. Placing the blame will serve no purpose unless action is taken to remedy the problem and accept the cost involved in upgrading the quality of the teaching staff.

Girl Scout Troop 405 presents Mrs. Anna M. Martin, president of the Women's Guild of the Incarnation United Church of Christ, with a check in appreciation for the Guild-sponsorship of the troop and use of the Fellowship Room as a place to meet. Mrs. Martin announced that the money would be applied to the church building fund.

ONE OF NATURE'S MIRACLES
MYSTERIOUS "LUCKY" MINIATURE
NATURAL STONE CROSSES
A century ago, in the Blue Ridge Mountains, a small deposit of soft rock was unearthed in which was embedded much HARDER stones mysteriously formed in the shape of perfect, miniature crosses. These small crosses are so perfectly formed that it is difficult to believe they have not been made by man! Geologists and Scientists are at a loss to explain this unbelievable phenomenon of Nature. These rare, Natural Stone Crosses are treasured for their religious significance and are regarded by many as "Good Luck" guardians against personal misfortune. An age-old, beautiful Legend which accounts for these crosses as "Crystalized Tears of the Fairies" will be included with each order. Truly a unique gift for any occasion. Orders yours, Today—
ATTENTION CLUBS These sought-after "Gems of Nature" are ideal to sell for fund raising. Write or phone 717-534-8760 for details.

BUSINESS AND THE STOCK MARKET

Choosing A Broker

By Babson's Reports Inc., Wellesley Hills, Mass., March 14, 1974—There have been a good many changes in the investment business over the past decade, but the basic determinants in choosing a brokerage house and an account executive (stock broker) remain essentially the same. Of the various methods used by investors to select their brokerage connections, one of the commonest is through a definite personal tie where a relative, close friend, or neighbor is an account executive or some other member of a brokerage house staff. Neophyte investors may ask their banker, attorney, or some leading citizen to recommend a broker. Such avenues are perfectly satisfactory provided the firm is in good financial shape and not in violation of any securities regulations.

The process of opening an account with a brokerage house is not complicated and requires only basic information such as your name, address, occupation, social security number, citizenship, age, and the name of your bank and/or other satisfactory ref-

Types Of Investment Firms

Turbulence in stock and bond markets, increasing domination by institutions, internal problems such as inflated operating costs, and competition from banks, insurance companies, and mutual funds have forced many brokers to view each customer situation from the standpoint of "total potential brokerage business." They make facilities available to customers and offer advice on commodities trading, options, tax shelters, mutual funds, real estate ventures, and securities underwriting.

The various firms which are members of the New York and American stock exchanges are only part of the brokerage fraternity. Others are members of regional securities exchanges and/or the vast Over-the-counter market. There are a number specializing in or having specific departments for tax-exempt bonds, government agency securities, option contracts (puts and calls), or investment areas such as bank, insurance, or "high technology" stocks. Others, although they are members of the principal exchange-

es, may develop high competence in "local" securities.

In the last two years, commission discount brokers have become a force on the investment scene. Such "discounters" execute investment orders at charges lower than the fixed commissions allowed by the various exchanges. While the securities industry will soon shift to "negotiated" rather than fixed commission rates, the discount commission firms are not likely to fade out entirely.

A Suitable Broker For You?

While brokerage connections

based on personal acquaintance or family relationship may include a strong note of trust and confidence, many larger investors tend to shop around for a firm having the exact facilities desired. Some brokers offer more in the way of frequent contacts, research studies, and advice than others. However, investors of reasonable competence, or those having independent investment advisors, may prefer the "Don't call me—I'll call you" principle. Should there be a conflict of philosophy or temperament between broker and investor, many brokerage houses will shift account executives. But if the trouble persists or the back room support is not up to snuff, the investor may want to look elsewhere. In the final analysis, you—the investor—determine what is to be bought or sold (except in a discretionary account) and the brokerage firm exists to carry out your orders.

The staff of Babson's Reports has found that for the most part relationships between brokers and customers are harmonious, particularly where the investor takes the time to elect a broker who understands his investment objective and philosophy, and gets acquainted with him. We find that brokers are generally quite willing to work with their customers. Occasionally, where a particular brokerage house may not have sufficient

OPEN LINE

By Congressman Goodloe Byron Maryland—Sixth District

The following questions were typical of the kind asked of me in recent weeks. Letters should be sent to me, c/o U. S. House of Representatives, Washington, D.C. 20515.

How did you vote on private pension reform and emergency energy legislation? I supported both pieces of legislation. The National Emergency Energy Act passed the House 258-151 and Private Pension Reform 376-4.

I understand that you favor eliminating foreign oil depletion allowances. Please tell me why since I think it would encourage less drilling by oil companies and therefore less oil?

On the contrary, elimination of foreign oil depletion allowances and other foreign

facilities for certain types of investments, the investor can turn to some other concern without creating ill will. Many investors do, in fact, maintain dual or multiple brokerage accounts.

tax credits would encourage major oil companies to divert their international resources into domestic oil exploration and production. I feel that if the United States is to become relatively self-sufficient in oil we must begin working at home to develop our own oil resources. This means increasing investments by oil companies in the U. S., which in turn will create more jobs for more Americans.

Is there any legislation before Congress to reinstate the death penalty?

Yes. The Senate Judiciary Committee last week reported a bill to reinstate a tight new set of federal procedures which would allow imposition of the death penalty for some cases of treason, espionage or murder.

Please explain supplemental security income?

A new program of supplemental security income for aged, blind and disabled people with limited income and resources went into effect on January 1, 1974. Payments, under the program, supplement whatever income may be available from other sources, including social security benefits. In future years, about 90 per cent of the aged recipients, by far the largest category who receive these payments, will also be entitled to some social security benefits. Detailed information is available from your local so-

cial security office.

What is Congress doing to prevent future "Russian wheat sales"?

Several bills have been introduced in Congress to place export controls on wheat, corn and soybeans. These proposed measures would prevent crops from being exported to a foreign country until the needs of the U. S. consumer are met. I sponsored such legislation because I think the large sale of wheat to the Soviet Union last year proves that we need some form of control over grain exports as

well as a means to avert any future shortage of grain and feed supplies in the United States. Under the legislation, the Secretaries of Agriculture and Commerce would determine for each crop year the amount of wheat, soybeans and corn needed to meet the requirement of American consumers and then based on these figures determine the excess available for export.

U. S. consumption of natural rubber in 1974 is expected to rise 3.4 per cent to a total of 1.62 billion pounds.

RCA
XL-100
100% Solid State AccuColor

GUARANTEES SATISFACTORY SERVICE
RCA CORPORATION BACKS SOLID STATE ACCUCOLOR TV MODELS WITH THE FOLLOWING BASIC WARRANTY PROVISIONS

PS RCA's symbol of Purchaser Satisfaction

If anything goes wrong with your new 100% Solid State set within one year from the day you buy it, and it's RCA's fault, RCA will pay your repairman to fix it—both parts and labor. (Labor warranty is 90 days for models other than 100% Solid State sets.)

You can use any service shop in which you have confidence—you don't have to pick from some special authorized list. Just present your warranty registration card to the service repairman and RCA pays his repair bill.

If your set is a portable, you take it in for service. For larger sets, your serviceman will come to your home.

If your picture tube becomes defective within two years from the day you buy the set, it will be exchanged for a reliable rebuilt tube (defective parts are covered for one year.) After the first year for 100% Solid State sets, and after 90 days for others, you pay labor and installation charges for parts and picture tube.

In short, the warranty covers everything but installation, antenna systems, adjustment of customer controls or foreign use.

Does i have a plan for you!
"i" is our newest Blue Shield plan for protection against the cost of medical and surgical care. It was developed because we felt many people wanted a higher level of coverage than our Plan B, but less than our Plan C.
So here it is. Blue Shield Plan i. It's the inbetween plan.
Plan i's benefits are higher than Plan B, and yet less expensive than our Plan C program (which provides full coverage for the physician's usual charge).
For instance, Plan i offers a higher level of coverage than Plan B, in accordance with an established fee schedule, for a single surgical procedure (up to \$800), anesthesia (up to \$230), and obstetrical benefits (\$125 for a normal delivery, \$375 for a Cesarean section). The program also provides higher benefits for all other covered services including X-rays, diagnostic services, inpatient physician consultations and radiation therapy. If you are interested in changing your group's program from B to i, call Blue Shield at 494-5150. (Plan i is available only to groups for the time being.)
Your health is what we're all about.
Blue Shield of Maryland

FREDERICK COUNTY BACKGROUNDS

BY YSAMUEL CARRICK
Here And There At
Mountain View

"He walked the highways—up small streets and down, Or on the shore-roads by the glittering sea, But whether in the country or the town They sought Him ceaselessly. Men closed their shops—they left their plows to seek The many roads He took beneath the sun; The women, eager to see Him—hear Him speak—Left little children stumbling at their side, That all might see this Healer, Teacher, Guide." The data regarding the early history of the Mountain View Cemetery, insofar as it is known, is continued at this time.

The genealogical and historical account of the Tom's Creek (now Elias) Lutheran congregation—which has been the main theme of this series for some time past—will be continued and concluded in a few weeks.

From the burial book of the late Millard F. Shuff—
26. John L. Motter—died December 11, 1900—aged 69 years.

Note: The inscription on the marker at the grave of John L. Motter was given in a previous column—when the grave of his wife, Helen Dunlap Motter, who died in 1898—was included in this listing.
27. Mrs. Samuel Motter—

died February 14, 1901—aged 78 years.
Note: Mary Chadwick Motter, the wife of Samuel Motter, the founder, proprietor and first editor of the "Emmitsburg Chronicle." According to data, gathered here and there, Mrs. Motter was a most unusual woman for her day. Well educated, a true help-

mate to her husband, she assisted him in every possible way in his pioneer venture—the establishment and publication of the "Chronicle." After the death of Samuel Motter, in 1889, his widow "ran" the paper for some years—surely a "first" for the community of Emmitsburg. The grave of Samuel and

Catharine Mary (Chadwick) Motter are well marked. The inscriptions follow:

25. In memory of Samuel Motter, born January 11, 1821, died March 21, 1889.
26. In memory of Catharine Mary Chadwick, wife of Samuel Motter, died February 14, 1901. (No date of birth or age given).

28. Mrs. Theodore Bollinger—died October 20, 1901—aged 20 years.

Note: According to the records of Elias Lutheran congregation, Fannie Belle Shoemaker and Theodore Johnston Bollinger were married on December 24, 1900 by the Rev. Charles Reinwald. The same source lists her death on October 20, 1901 at the age of 20 years and 11 days.

Apparently the grave of Fannie (Shoemaker) Bollinger (Bullinger) was never marked—or—the stone originally placed there has disappeared.

29. Frank Caldwell—died January 5, 1902—aged 36 years.

Note: The grave of Francis (Frank) Caldwell is marked. The inscription follows:

27. In memory of Francis I. Caldwell, born January 13, 1866—died January 4, 1902.

30. Peter Hoke—died March 28, 1902—aged 67 years.

Note: The family background of Peter Hoke, storekeeper, was given in a previous column, included in the study of the old Lutheran and Reformed churchyard of Emmitsburg.

In the Peter Hoke lot in Mountain View Cemetery, the following members of that particular family are interred.

28. In memory of Peter Hoke, born January 21, 1835, died March 28, 1902.

29. In memory of Frances Ann (Rowe) Hoke, wife of Peter Hoke, born September 188, 1835, died November 5, 1903.

31. Susan Hollsberger—died August 1, 1902—aged 19 years.

Note: No gravestone for Susan Hollsberger can be found in either the Holdcraft or MacPherson collections.

32. Mrs. Peter Hoke—died November 5, 1903—aged 68 years.

Note: Data pertaining to Frances Ann Rowe, the wife of Peter Hoke, was given in a previous column. The Hoke burial plot is located near the

crest of the hill—about the middle of the cemetery grounds.

33. James W. Troxell—died February 2, 1904—aged 73 years.

31. In memory of Mary Elizabeth Troxell, wife of James W. Troxell, born February 10, 1841, died Decem-

ber 1, 1915.
34. George Caldwell—died October 15, 1904—aged 28 years.

Note: The grave of George S. Caldwell is marked. The inscription follows:

32. In memory of George S. Caldwell, born April 26, 1876, died October 15, 1904.

35. John Moser—died February 1, 1905—aged 61 years.
Note: The graves of John P. Moser and his wife are well marked—as follows:

33. In memory of John P. Moser, born July 5, 1844, died February 1, 1905.
The data pertaining to burials in Mountain View Ceme-

tery will be continued in this series next week.

Nearly 3.9 million veterans insured under World Wars I and II government life insurance policies will receive a record \$303.8 million in dividends during 1974, according to the VA.

Instrument of Control
"Brain Washing"
To control the population of
Germany upon his seizure of
the nation's political and eco-
nomic structure, Adolf Hitler
established the most cunning
and comprehensive brainwash-
ing operation in history. He
had complete control of the
communications industry and
the schools. Out of the Ger-
man schools thereafter came
the "Hitler Youth" brigades
ready to do the bidding of the
"Master," and an older popu-
lation, saturated with repeti-
tious untruths broadcast thro-
ugh all media of communications,
accepted the designation of
"The Master Race." Out of
this controlled society came
one of the most frightening
threats to human liberty in
modern times.

The Communists, following
the dictates of Lenin, cement-
ed their hold on the Russian
society in 1917 with the es-
tablishment of absolute con-
trol over the schools and com-
munications media. In a half-
century, the Communists have
created a brain-washed soci-
ety and there is not likely to
be any considerable uprising
or rebellion from the masses.
In whatever country the Reds
have targeted for takeover
(Czechoslovakia is a good ex-
ample) they have moved, once
they got a foothold, into con-
trol of communications and
schools. When they were re-
ady to move into full control
very little opposition was en-
countered. This is a part of
their plan for every nation in
the world.

Control Communications
The Quigley book reports
that members of the secret
society exerted substantial con-
trol of major organs of the
world press. In America, he
says, their power can be
traced into the TV networks,
the world-wide press associa-
tions, the most influential ma-
gazines and newspapers, pub-
lishing houses and book re-
views—in other words, thro-
ugh the communications indus-
try. The Communists are
working at this too. One of
the most significant revela-
tions in Dr. Quigley's book is
the fact that The Establish-
ment has supplied money, per-
sonnel, and directions to the
Communists for what many
people consider to be destruc-
tive subversive operations
against the security of the
U. S.

Yes, we could lose our coun-
try, our way of life! We cer-
tainly will unless we rise to
the challenge. Our four-page
November Monthly Letter was
a review of the Quigley book.

St. Joe's Bazaar Winners Listed

The Saint Joseph's High School Bazaar held last Saturday at the school, was quite a success, thanks to all the parents, teachers and friends who attended.

The winners of the money given at the bazaar were George Reynolds, Charles Poindexter and Cindy Neal. Other winners included: Basket of Cheer, Sr. Bettilla; Case of Ripple, Harry Hughes; Cake, Mary Carter; Shamrock Ham, Sophie Lind; Flower Tree, Joyce Rosensteel; Roses, Jo Ann Schoonover; Fern, Jo Ann Schoonover; Dinner for two at the Raft, Mary Carter; and dinner for two at Cozy, J. Donald Stoner.

Among other winners were: Dinner for two at the Emmitt House, Father Stouter; Shampoo and Set at the Emmitt House of Beauty, Frances Little; Guitar, Guy Baker III; Vegamatic, Sister Bettilla; Irish Doll, Kathleen Carter; Pitcher and Bowl, Betty Ann Baker; Red Afghan, Sister Hilda; Quilt and Pillow, Mary R. Topper; Fruit Bowl, Blanch Bouey; Doll, Sister Mary Rose; Ceramic Bunny, Mrs. Gerald F. Ryder; Rosary, Mrs. Womack; Pots and Pans, Kelly Cogan; Sewing Chest, Sister Natalie; Baby Blanket, Sister Genevieve Kurettis; Can-

ister Set, Sister Jerome Nossell; and Clock, Sister Pascal. A special thank you goes to all the people who donated these prizes to be raffled off at the bazaar.

St. Pat Social To Be Held Mar. 16

Brute Council 1860, Knights of Columbus, Emmitsburg, will hold a St. Patrick's Day social this Saturday evening, March 16, beginning at 9 o'clock, in the social rooms of the council home.

Music will be furnished by George and Margie Callan, from Frederick. Light refreshments will be served during the evening.

All members and their guests are invited to put on the green and come up for a pleasant evening of fun and relaxation.

The next Council meeting will be held Monday, March 18 at 8:00 p.m., in the council home.

In Rumania, caterpillars are said to be the Devil's tears!

Free Lung Check Offered March 26

If you are over 40 years of age, you owe it to yourself and family to check your breathing capacity to learn if it is up to par or potentially disabling. Check your lung power FREE during the one-day pulmonary function screening program on Tuesday, Mar. 26 in the Walkersville Fire

Hall, Walkersville, Md. This free health service is co-sponsored by the Glade Valley Grange, the Frederick County Health Department and the Lung Association of Mid-Maryland. Mrs. Bruce E. Crum is health chairman for the Grange and Mrs. Freda S. Doll, program consultant for the Lung Association of Mid-Maryland.

A pulmonary machine, used to test your lung capacity, will measure electronically three different values from one single breath. All you do is blow—and then you know how your lungs measure up. Medical personnel will be in attendance for the pulmonary function tests.

Shortness of breath, or impaired lung capacity, may have serious implications. One is the possibility of beginning respiratory disease such as emphysema which is the second largest disabling disease in the United States today. Find out how your lungs are

functioning without cost. Your pulmonary function test results are evaluated and sent to your physician. You will also receive a copy.

During the pulmonary function screening event, you may also obtain a Tuberculin Skin Test or a Chest X-ray. A skin test shows if there are TB germs in your body, the Chest X-ray shows other chest abnormalities as well as TB.

Come to the Walkersville Fire Hall between the hours of 2:00 p.m. and 8:00 p.m. Get a health profile of your lungs without cost.

MUSICAL NOTES Always remove your boxing gloves before playing the violin.

NEWS OF HEALTH

IUD PERFECTED FOR CHILDLESS, YOUNG

The intrauterine device (IUD) is now a viable birth control method for women who have never had children, according to a medical study reported at the recent Annual Meeting of the International Family Planning Research Association.

IUD's are used by more than 3,000,000 women in the U.S. to prevent unwanted conception. However, until recently, the devices were not tolerated well by childless (nulliparous) women.

Now, according to Dr. Betty J. Vaughn, Director of the Orange County (Fla.) Maternity and Infant Care Projects, a new device called the Saf-T-Coil Nullip provides the same degree of protection, with the same levels of tolerance, as other devices provide for women who have borne children.

Dr. Vaughn reported a 22-month study of the new device, which involved 206 patients in public health clinics in Florida. Highlight of the report was the zero pregnancy rate achieved with the small device. Another important point was ease of insertion, achieved in nearly 90% of all cases, with the other patients experiencing only mild discomfort during insertion. (Previously, insertion in nulliparous patients has been a problem.)

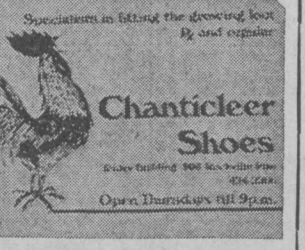

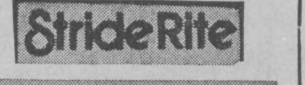

Dr. Vaughn's report cited recent studies conducted in Florida which showed high levels of contraceptive failure with other methods in the patient population under study, the birth control pill being the principal failed method.

"Clearly," Dr. Vaughn observed, "the young patients need an alternative form of birth control to oral and the more traditional methods such as condoms and diaphragms. Preferably, this alternative method should serve patients with low motivation. The intrauterine device designed specifically for the nulliparous patient fulfills that need."

Intelligent adults are kind to the children they meet in life.

Grand Opening Celebration
Featuring

Society To Hear Speaker Monday

There will be a meeting of the Emmitsburg Historical Society Monday, March 18, at 1 p.m. in the Library.

The speaker will be Mrs. Mel Newby, from the Frederick Landmarks Foundation. Her topic will be concerned with registering houses in Frederick with the Maryland Historical Trust.

The public is invited to attend.

Dynamics Sponsor Adult Dance

A parents' meeting of members of the Dynamics, will be held on Thursday, March 21 at 7 p.m., at Mother Seton School. All parents are urged to attend.

An adult dance will be held at the VFW Annex on Saturday, March 23 from 8:30 to 12:30. Tickets, still available, may be purchased from parents of the Dynamics. The public is invited to attend.

YOU CAN DO 3 IMPORTANT LAWN JOBS AT ONCE!

1. Prevent Crabgrass
2. Clear Out Weeds!
3. Feed The Lawn

All three jobs can be done simultaneously with Scotts combination product, HALTS PLUS With Dandelion Control. It makes dandelions, clover and similar weeds that are already in your lawn shrivel and disappear. At the same time it prevents crabgrass from sprouting. And because of its prolonged feeding, it helps good grass fill in where the weeds used to be!
