## KIWANISANS MEET

Supt. Jenness was the Guest Speaker

The regular meeting of the Taneytown Kiwanis Club was held Wednesday evening at Taney Inn with President John H. Skiles presiding. Kiwanian Raymond Wright led the group singing with Mrs. Wallace Yingling as piano accompanist.

Mr. Ralph Hoffman, a Past President of the Westminster Club and Messrs. Vernon Coblenz, Harry Hamilton, Albert Coblenz, Milton Brunk, Milton Coblenz and Walter Crowther of the Frederick Club were present.

The program for the evening was presented by Kiwanian Clyde L. Hesson who introduced the speaker Samuel M. Jenness, Supt. of Schools of Carroll County and a Past President of the Westminster Club. Mr. Jenness chose as his topic "Schools" and told of the program of school building in the county. He explained that increase enrollment of pupils and cessation of building of schools during the war years required the large building program that is now in progress in the county.

The meeting next week, Wednesday evening will be held as an outing at Big Pipe Creek Park. Kiwanian Howell Royer will have charge of the program.

## SEASON OPENS FOR HUNTING SQUIRRELS, SEPT. 15th.

The time has arrived when the hunter is looking over his trusty shot gun, checking up on his ammunition, and shaking the little butterflies out of his greasy, old gunning coat, from which he refuses to part year after year. Naturally, he also is interested in the laws which will govern his sport this fall, especially the opening dates for various species.

There has been much discussion since last fall about the proper open seasons for rails, squirrels and mourning doves. The Maryland Game and Inland Fish Commission has given careful consideration to the problem, and has listened to all the suggestions and complaints made by hunters and others. Its decisions have been made after very careful consideration and investigation, and the open seasons prescribed have been made to please the greatest number of people consistent with the preservation of the various species.

The Rail Bird season will open September 1 and close October 20. The daily and possession limit on sora or Carolina rail, (the most plentiful of all rails), will be 25. This is an increase of 5 birds over last season's limit. The limit on other rails including king, clapper and Virginia rails and gallinules, in addition to the 25 sora, remains at 15 a day or in possession. Shooting during the open season will be from one half hour before sunrise to sunset. Last year, under Federal regulation, shooting stopped at one hour before sunset.

Mourning doves are still scarce and the authorities are much concerned over the future of this species; the Federal authorities have shortened the season for this year by 15 days. The open season, 1949, will be September 1 to September 30 inclusive. The daily and possession limits will remain the same, namely, 10. Shooting is permitted each day of the open period from noon until sunset.

There is no change relating to squirrels—the open season remaining Sept. 15 to Sept. 30. The daily limit is 6, and the possession limit 12. Hunters are not allowed to possess more than one day's limit of any specified game while in the field.

It is to the hunter's own interest to observe these laws.

The upland game season will open as it has for many years on Nov. 15th.

Both consumers and growers will benefit as a result of marketing programs being developed at the University of Maryland.

## ANNUAL SUNDAY SCHOOL PICNIC

Held Last (Thursday) Evening at Big Pipe Creek Park

About 200 members and guests of Trinity Lutheran Sunday School, Taneytown, gathered at Big Pipe Creek Park, on the afternoon of Sept. 1st. Nearly fifty brought picnic supper, which was much enjoyed.

A soft-ball game and other outdoor games and contests were held, for young and old.

Mr. Harry Dougherty excelled in the men's hurdle race, and Mrs. Jas. Fair proved she could throw a rolling pin far and straight.

Later all entered the auditorium where interesting moving pictures were shown by Mr. Harry Mohney and Mr. Delmont Koons, and there was community singing of old-time songs.

Mr. Franklin Fair, President of the Sunday School Association brought greetings and called attention to coming events. Then Pastor Stahl who had just returned from his vacation was called upon.

He brought a message about the new year, and its possibilities. He reminded us that in the coming year we would face a program that would be the most important in all of the 199 years of the existence of this church.

After singing "Blest Be the Tie That Binds," the whole assemblage was invited to come down stairs where ice cream, cookies and pretzels were served to all.

Much credit must be given to Mr. Robert Thomas the Superintendent and his committees who planned and made this event such a success.

## A GOOD START TO SCHOOL

People are inclined to think of the handicapped person as an adult with some physical disability which limits his choice of occupation, or a child with an obvious crippling defect or an injured heart.

Few bear in mind that countless children begin their school lives every year with physical and emotional disabilities that start the child off with three strikes against his school career.

It has been estimated that there are some 10,000,000 such "handicapped" children in America today. Since most of these handicaps are either present at birth, or develop within the first five years of a child's life, a large percentage of these children are in the pre-school age.

While the total number of our handicapped children seems large, this can partially be explained by the fact that doctors consider all physical and mental imperfections as "handicaps." These include defective eyesight, impaired hearing, speech defects, weakened hearts, nervous and behavior disorders, mental deficiency, and malnutrition.

Many a child's handicap could be helped or cleared up completely early in his life if all parents saw to it that their children had thorough medical checkups before they entered school. The age immediately preceding school days has been called the most neglected one, because it is between closely guarded infancy and babyhood and the time when a child is old enough to make his wants and ills adequately known.

Most small children today receive injections which protect them from such serious diseases as diphtheria, whooping cough and smallpox. If a child has not received this protection while younger, the doctor will advise that it be done before the child enters school.

The doctor will check on whether or not a child is getting the right nourishment to insure healthy growth and make him an alert pupil. When a child suffers from some form of malnutrition, the doctor's care and advice can result in prompt correction.

The child's eyes and ears will be used constantly in the process of learning. The doctor's physical checkup will tell whether or not these organs are in a condition to serve the child best.

The child entering school is actually entering a new, perhaps bewildering world. He needs and deserves a healthy start to help him over this important adjustment period and to get the most out of this big adventure.

## CARROLL COUNTY EXHIBITS AT TIMONIUM FAIR

Carroll county farmers attending Timonium Fair are invited to visit the Extension Service exhibit which is to be in the exhibition hall. County Agent L. C. Burns says that this year's exhibit pictures the marketing services that are now available to Maryland farmers.

These services have expanded considerably in recent years as the complexity of our marketing system has increased. This is an opportunity for farmers to become more familiar with what the University of Maryland is doing to help them meet the situation.

Mr. Burns also points out that farmers of the County should give particular attention to the livestock exhibits from the County. Unusual emphasis has been placed on the 4-H Club exhibit from the county and the large number of entries exhibited by Carroll County 4-H members will show not only outstanding live stock but will demonstrate the ability of youth in their best form.

## SO. STATES MEETING

Held at Harney, Monday, August 22nd

Southern States members in this area, meeting at Harney on August 22 heard reports on their cooperative's services for the 1948-49 year, chose members to their local Advisory Board and Farm Home Advisory Committee, and considered plans and programs for the coming year. The meeting, attended by 320, was sponsored jointly by Southern States Cooperative and Wilbur L. Reifsnider cooperative agency, Taneytown.

Members of the cooperative throughout the six-state territory put through their organization nearly \$120,000,000 worth of purchasing and marketing service during 1948-49, the largest volume in the organization's 26-year history. This figure is an estimate, based on the record for the first 11 months of the year which was presented at the meeting. Net savings, exclusive of savings of local affiliates were approximately \$1,800,000. The cooperative now has a net worth of \$18,800,000. L. B. Baldwin gave the report on 1948-49 operations.

Elected to the Advisory Board were Edwin Benner, of Gettysburg, Pa., and Melvin G. Patterson, of Gettysburg, Pa. Named to the local Farm Home Advisory Committee were Mrs. David Reaver, of Gettysburg, Pa. and Mrs. Allen Walker, of Gettysburg, Pa. Melvin Patterson, of Gettysburg was chosen to represent the community at the Southern States annual meeting in Richmond next November 17 and 18 with Allen Bollinger, of Taneytown as an alternate.

Winners in the farm grown hat contest, conducted as an entertainment feature of the meeting were: 1. Mrs. Clyde Frock, Taneytown; 2. Miss Susan McGlaughlin, Emmitsburg; and 3. Miss Katherine Weant, Taneytown.

Following the meeting, the Advisory Board elected David Hess, Taneytown as chairman for the coming year. The farm home advisory committee selected Mrs. Allen Walker, of Gettysburg, as its chairman.

## CLUB NEWS

Monday, Aug. 22, 1949 the Taneytown Agriculture 4-H Club held their monthly meeting. There were 4 guests and 20 members present. They answered the roll-call by naming their favorite singer. We added a new member to our list. He is Michael Klein.

In our business meeting we made plans to hold our Moonlight Cruise after Timonium Fair since our first trip was cancelled on account of the weather. Plans were made to take a straw ride down to our County Campfire held at Solomon Hokes home. Mr. Schabinger gave us our checks from the 4-H Fair. Harvey Dickinson gave us a report of his week at Club week.

For our program of the evening we had a guest demonstration on "Making a Rope" given by George Rappoldt and Eugene Black of the Manchester Club. For our discussion of the evening Mr. Hubert Null spoke of his experiences with Dry Lot feeding and Pasture feeding of hogs.

Our meeting was adjourned and refreshments were served. Friday, Aug. 26, twenty-nine members and their guests (this included the Girls 4-H Club and the Agriculture Club) turned out for the straw ride to the county campfire. We all had a wonderful time.

## MARYLAND MUSINGS

"Games for 4-H Club Meetings" is the title of a bulletin published recently by the Extension Service.

Figures for last year show that more than twenty-six million dollars worth of damage occurs to livestock through bruising and other injuries in the marketing process.

The use of longer term farm leases would benefit both tenants and landlords.

Moist burlap sacks hanging in the egg holding room will raise the humidity to the proper point.

Defrosting whenever necessary will help a refrigerator operate more efficiently. Time to defrost is when the frost is ¼ inch thick.

## AROUND THE TOWN

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's, greatest wealth!  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

If you are near Belair at any time, do drop into visit the famous Booth residence which I understand has been sold just recently. The buyer was a man from Chattanooga and while the sale of antiques was going on, he directed the piano which he had purchased for his daughter to be placed on the truck and was in motion down the lane to the highway with the buyer standing on the truck to steady the piano when a rut was struck in the road and the piano fell out with the buyer backward and he was instantly killed!

In visiting "Tudor Hall" on one of my many drives to Philadelphia spent a full hour there which held my interest in every detail. I remember this piano distinctly which was very odd due to the wood being of curly Maple and a heavy upright one. The old home belonged originally to the great Tragedian, Edwin Booth who was the brother of John Wilkes Booth, Lincoln's assassin. John also lived at "Tudor Hall." There is a beautiful long lane which is tree-lined from the Highway to the 16 room home. It has only changed hands twice since the Booth family owned it. When I visited this lovely old home, there was an elderly lady who had lived there a number of years who charged admission. She explained beautifully about each item and did more so if she thought you were especially interested. The house was full of antiques and whether they belonged to the original owner, I do not know. Perhaps, now that it has changed hands no visitors will be allowed. It would seem a pity to close "Tudor Hall" to the public with so much of interest of beauty to be seen!

School days will be soon rolling around and although the children are anxious to get back into class, Mothers, too will be just as pleased. Vacation days are much longer in the State of Maryland than in the Pennsylvania State. Thinking of school days, there was one teacher who taught the Sixth Year of School who stands out more than any teacher I ever had in my school days. She was very strict and was full of discipline which caused all the children to love her more so. She was a brilliant woman and we were always so proud as she was chosen as the teacher to teach for one hour twice yearly or more often before a committee sent up by the Board of Education which consisted of six men. Not one mistake was made as she fired the difficult questions to us from one side of the room to the other calling us quickly by name and we did not dare miss or appear to hesitate! Frankly, I adored that teacher and regardless of the weather, we always walked home, arm in arm together. I learned more in that one grade than in all of my years of schooling. That is the affect one good teacher can have upon a scholar!

Am wondering how that nice little lady down Westminster way is getting along who had been recently hospitalized for a short period and who lived at "Love's Retreat" built by her father (her father built "Love's Retreat." Thinking of Westminster have met a real Irish lady for the second time who has every earmark of a beautiful Irish girl with her deep blue eyes and black hair with the real complexion! She has plenty of that natural Irish wit, too!

Our President's wife—Mrs. Bess Truman stated recently that she was the loser of 20 pounds which came about by omitting salt. Although Dr.'s stated which was announced over the air to "Take that with a grain of salt." With all respect for the MD's—I happen to know that it is a fact as eating salt with your meals will cause you to drink more water and that is where the secret lies for it is then that you put on the weight. By omitting it entirely will do wonders! That is the reason that stout people gain more pounds in the summer than in the winter in fact they get thinner in the winter. If you want to gain just put salt on everything you eat even to watermelons and cantaloups and finish up by drinking plenty of water with every meal. You will be amazed!

Met a lovely Polish girl who married one of our GI's. We smiled and then a conversation made it very plain that the girl was homesick for her Mother who is still abroad. She told me that only in one question did she fail in answering the correct questions when she was naturalized and that was—"Which Court is the Highest in America?" She laughingly said before we parted, "That I never will forget!"

Did you know that thousands visit annually Fort McHenry who come to view its earthworks, its thick walled dungeons and its ancient barracks? Fort McHenry, immortalized by "The Star-Spangled Banner" is endeared to the heart of every patriot as the scene of one of the most stirring events in the life of the infant nation. Captive on a British vessel anchored outside the Patapsco, Francis Scott Key awaited the "dawn's early light" to discover his flag still gallantly streaming over the ramparts of the old star fort! Fort McHenry was dedicated in 1928 as a National Shrine!

Word comes from Long Island that

### LABOR DAY

They call it Labor Day, while as a matter of fact it really is Laborers' Day, for it is a day of rest and pleasure and oddly also a day of increased fatal accidents.

A half century ago there existed, at least in the West where I lived a body of laborers known as Knights of Labor. This body of men owned and operated a large block of houses in a desirable part of the city. Labor was then quite popular. Without much politics in labor in those days as there seems to be today. If my recollection serves me aright it was the late John Mitchell head of the United Mine Workers in Pennsylvania who put labor in politics and labor has dug in and stayed there.

Fine thing that for after all it is the fruits of labor that makes possible our accumulation of capital.

W. J. H.

## Parade In 1882 Was Beginning Of Labor Day

HISTORIANS divide the credit for the origin of Labor Day between two labor unions—the Central Labor Union of New York and the old Knights of Labor. Both were in session in New York in the spring of 1882.

On May 18 of that year at a meeting of the former, delegate Peter J. McGuire moved that "a day should be set aside as a festive day during which a parade through

"... a day should be set aside ..."

the streets of the city would permit a public tribute to American industry."

On September 5 a demonstration took place with about 30,000 workers parading through Manhattan. A similar celebration was held the following year. In 1884 the Knights of Labor adopted a resolution declaring the first Monday in September to be Labor Day.

Various state legislatures enacted legislation creating the holiday within their state boundaries. Oregon, New Jersey, Colorado and New York passed acts in 1887. Other states followed. In 1894, congress made Labor Day a legal holiday in the District of Columbia and for all federal employees.

States whose legislatures have failed to set aside the holiday observe the day through proclamation by the governor. Labor Day is also a legal holiday in Hawaii, Alaska and several Canadian provinces. Europeans observe the holiday on the first of May as May Day.

### Miami Temperature

Weather records for the past 50 years show that Miami, Fla., averages only six days a year in which the mercury climbs to 90 degrees.

### Stomach Aging in Men

Hydrochloric acid disappears in 35 per cent of men over 65. This may be caused by the aging of the thyroid and other glands.

## Pink Shirt Hottest Item In Men's Wear for Ages

LOUISVILLE, KY.—A pink shirt is about the hottest thing in men's wear since Adam retired behind a fig leaf, say the men's fashion designers.

So if you go home and your wife trots out a pink shirt with white collar and cuffs and a coin dot tie to wear with it, don't rush to the nearest exit to join up with the A.A.'s.

It's her pride in your appearance; and if you take equal pride in being among the best dressed swain this season, you'll show your appreciation of her gesture.

Moreover, you'll discover that you won't be able to hear that pink shirt all over town because of the shouts of all the other pinks and blues and yellows and orchids.

Yes, you'll be right at home in it. For, said at least one manager of a men's wear shop here at home, those pastel shirt sales have made the sales of whites, etc., practically nil.

"Eighty per cent of the shirts we're selling now," he said, "are pastels. They buy 'em in pairs. First, they come in and get a pink one and an orchid one. They like 'em. So they come back for an aqua and a green one."

Other shops were hesitant to declare an 80 per cent business in pastel shirts; but they agreed that those loud numbers were by no means in the minority.

With the pastels go solid colored ties and ties with polka dots or coin dots.

### Peach Orchard

Peaches will not grow well on soil where water stands, or those that stay damp and cold over long periods of time. A hillside with suitable soil is the ideal place for a peach orchard.

### R. R. Track Requirements

A single track requires an average of 175 tons of steel rails per mile.

### Good Rule

The cardinal rule of fire prevention is good housekeeping.

ACHOO! . . . This harassed young lady is ushering in the hay fever season with appropriate fanfare. The ragweed spores we breathe from the air are a major cause of the hay fever which makes nearly three million Americans snuff and sneeze in discomfort from mid-August until frost each year.

### LABOR DAY

THROUGH THE YEARS, THE LABOR DAY PICNIC HAS BECOME A FAMILIAR AND HAPPY PART OF THE AMERICAN SCENE. TODAY, AS WITH OUR FATHERS, GOOD CLEAN COMPETITION—IN FOOT RACES, BALL GAMES, SACK RACES, HORSESHOE PITCHING, SWIMMING MEETS—IS IMPORTANT TO THE FUN.

IN WORK AS IN PLAY, AS INDIVIDUALS AND AS GROUPS OF PEOPLE, THE AMERICAN COMPETITIVE SPIRIT HAS BEEN A GREAT FACTOR IN OUR DEVELOPMENT. WHETHER TO MEET A NEW NEED, TO MAKE A FINER PRODUCT, TO BUILD A BETTER SERVICE—THROUGH COMPETITION WE HAVE STEADILY ACHIEVED HIGHER GOALS OF PRODUCTIVITY.

## OUR DEMOCRACY — by Mat

### STEP BY STEP

ONCE A PEOPLE HAVE EMBRACED A VISION THAT PROMISES A GOAL TOWARD WHICH THEY STRIVE, THEY TEND TO GET IMPATIENT WITH PROGRESS. IT WAS TRUE IN THE DEVELOPMENT OF OUR DEMOCRACY, IT IS TRUE TODAY IN THE UNITED NATIONS — EVEN THOUGH THERE IS REAL ACCOMPLISHMENT:

THE INTERNATIONAL CHILDREN'S EMERGENCY FUND IS FEEDING 4,500,000 CHILDREN DAILY.

THE U.N.'S WORLD HEALTH ORGANIZATION IS PREVENTING AND CONTROLLING EPIDEMICS... IMMUNIZING AND INOCULATING AGAINST COMMUNICABLE DISEASES.

THE U.N. FOOD AND AGRICULTURE ORGANIZATION IS RAISING WORLD'S FOOD PRODUCTION BY INTRODUCING MODERN METHODS OF FARMING, BETTER SEED, CONTROL OF PLANT AND ANIMAL DISEASES.

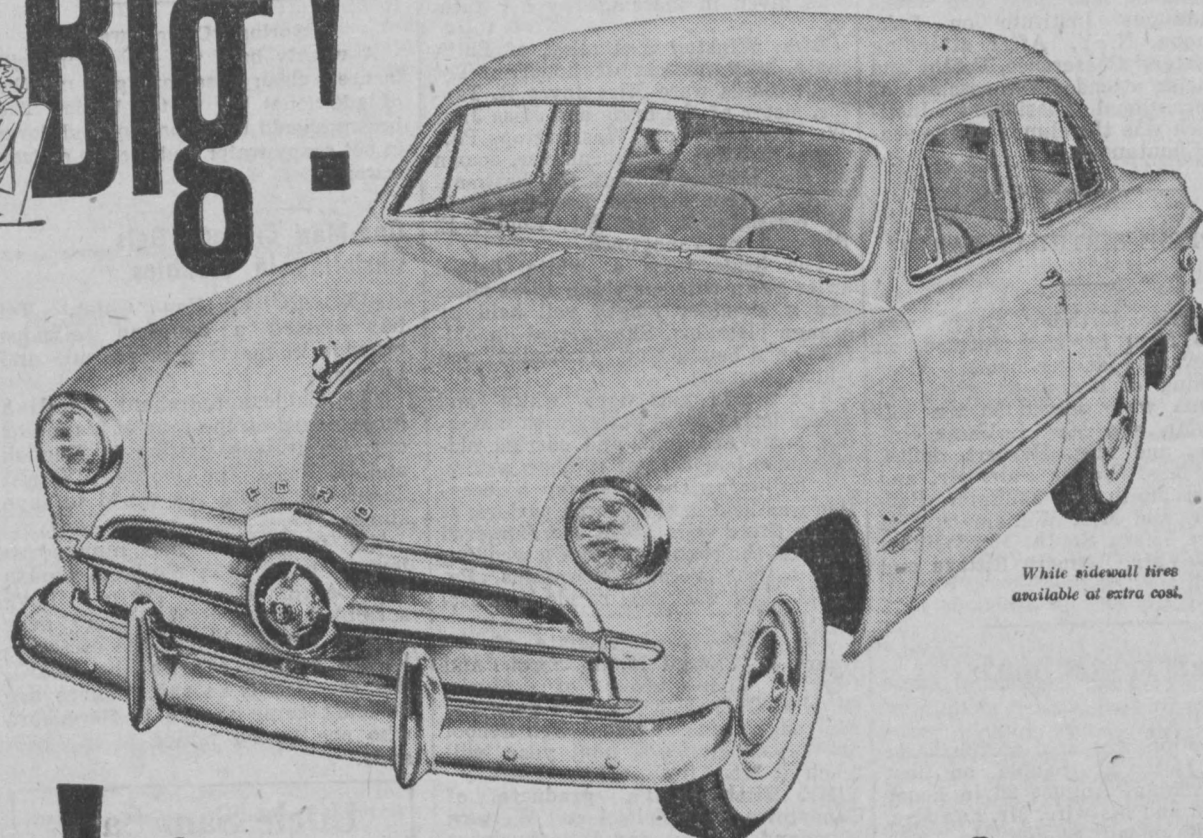

SO LONG AS WE HOLD THE CONCEPT CLEAR, SO LONG AS WE ARE LEARNING TO WORK TOGETHER, IN AREAS THAT ARE IMPORTANT, WE CAN FEEL THAT WE ARE ON THE WAY TOWARD ACCOMPLISHING THE BROADER GOAL OF THE U.N. — INTERNATIONAL COOPERATION IN THE INTEREST OF WORLD PEACE.

## FEESERSBURG

If the road to a man's heart is through his stomach, wives of farmers will have paved a super highway before summer ends. While the men feed the combines, bale hay and pull sweet corn, the women prepare to feed the men. The very thought of their collective appetite would make Paul Bunyan reach for a soda bicarb capsule. One farmer's wife figures that it takes one pound of solid meat and a burning handful of potatoes per man for each meal. This isn't hay when it comes to setting a table for a dozen or more. For example here is what one neighbor of mine cooked and served at one meal: Two heaping platters of home preserved beef and ham, two dishes of apple sauce, like amounts of peas and carrots, boiled potatoes and salad, several yards of home-cured sausage, jars of pickles and relishes, two over sized pitchers of ice tea and a great enamel pot of coffee, bread, butter, gravy and at last but by no means least three frosted cakes and four apple pies. It takes plenty of planning and work for such a meal but it is one of the factors in keeping the men on the farm and in finding extra help during the busy months.

Paul and Christine Hooper are staying with Mrs. Maurice Grindler while their mother is a patient in a Baltimore Hospital.

The Rev. James and his family, of Littlestown were guests of Mr. and Mrs. David Miller Sunday and visited Mt. Union Sunday School with them in the morning. After the lesson he gave a timely talk which was greatly enjoyed by members of the S. School.

Florida seems a long way off but when a hurricane traveling at the speed of 150 miles an hour makes up its mind, it can cover the distance to Maryland in a very short time. It struck our community 1 A. M. Monday morning with the fury of a 60 mile an hour gale, and gave us a taste of what the real thing must be like. Corn fields were flattened, trees uprooted and in some sections disrupted electric service. Some of the local farmers didn't get their milking done until 12 noon as the current was off ten hours. No one was injured however and no serious damage to property reported.

On Thursday of last week Mr. and Mrs. Millard Roelke and daughter, Nancy, spent the day at the Hoffman's Orphanage, near Littlestown. It was the 30th anniversary of its founding. Dinner was served by members of the Reformed Churches which support the home and at 2 P. M. a very inspiring program was given. Later, prizes were awarded to the children who had made the most progress in certain fields of endeavor such as music, sewing and good citizenship.

Guests of Mr. and Mrs. Cleon Wolfe last week were: Mr. and Mrs. Samuel Bohn and daughter, Marlene and John Utermahlen, Union Bridge; Mrs. Edna Wolfe, daughter Anna and Mr. and Mrs. James Patton and son, of Philadelphia; Mr. and Mrs. Marcus Wolfe, Mr. and Mrs. Eugene Becking and two sons of Coatesville, Pa., and Mr. and Mrs. Edgar Wolfe, of Reading, Pa.

If you could be born again, which would you rather be—a man or a woman? One evening recently, I heard practically all the men present agree that they would rather stay male. And many of the women longed for the masculine role. I could be wrong, but all these years, from where I've been sitting, beside a desk, crib and cook stove, it has seemed a lot of fun to be a woman.

Gold that fades into misty pink,  
Pink that melts into tender blue,  
Deep in the west where the mountains sink

Likes gates that close when the sun goes through,  
Glowing to rest like a dying ember;  
And that's September.

Mist that floats in the valley at eve  
Frost that gleams on the grass at morn;

Insect-voices at dusk that grieve;  
Gathered sheaves of the ripened corn;

Hearts that yearn and hope and remember;  
And that's September.

## MARRIED

### STALEY — GOULDEN

Miss Evelyn M. Goulden, Emmitsburg, daughter of Mrs. Ida M. Goulden and the late Lewis J. Goulden and Francis M. Staley son of Mr. and Mrs. Bernice M. Staley, Taneytown, were united in marriage at a nuptial mass Saturday, August 27, at 9 o'clock, in St. Joseph's Catholic Church, Emmitsburg. The double ring ceremony was performed by the Rev. Michael O'Brien. The bride given in marriage by her brother, Paul Goulden, was beautifully attired in a gown of white slipper satin, sweetheart neckline, long puffed sleeves ending in bridal points over her hands. A tight fitting bodice and a fully gathered skirt ending in a long full train. Her finger-tip veil fell from a coronet of beads. Her only jewelry were strands of pearls, gift of the bridegroom. She carried a nose gay of white mixed flowers, centered with a white orchid. She also carried a white Rosary.

The maid of honor Miss Helen Goulden, sister of the bride, wore a long sleeve, sheer aqua gown and matching headress of veil and flowers. She carried a nose gay of colored mixed flowers.

Mr. Lawrence Goulden, Towson, Md., brother of the bride acted as bestman.

The traditional wedding marches were played by Mrs. Euphemia Rodering. During the Mass the hymns "On This Day, Oh Beautiful Mother, Mother at Your Feet We're Kneeling, and Oh Lord I Am Not Worthy" were sung by Mrs. Helen Brown.

Serving as ushers were Curtis Staley, brother of the groom and Rodney Sneeringer, brother-in-law of the bride.

Following the ceremony a wedding breakfast was served to Rev. O'Brien and members of the immediate families, at the home of the bride. The table was centered with a three-tier wedding cake, topped with a miniature bride and groom. Following the breakfast the newlyweds left on a wedding trip of unannounced destination. Upon their return they will reside in their newly furnished apartment, Westminster, Md.

For her going away outfit, the bride wore a pink silk dress with white accessories and a white orchid corsage.

The bride attended St. Joseph's High School, Class of '45. Until recently she was employed by the Hanover Shoe Company, Emmitsburg. The bridegroom attended Taneytown High School Class of '44. During the war he served 24 months in the U. S. Navy. He is now attending the Baltimore Construction Institute, Baltimore, Md.

### HITCHCOCK — TAYLOR

The wedding of Miss Julia B. Taylor, daughter of Mr. and Mrs. J. Harry Taylor, of Lyndalla, Newport, Del., and Mr. Fern R. Hitchcock, Jr., son of Mr. and Mrs. Fern R. Hitchcock, of Taneytown, Md., took place Saturday, August 27, at 4 o'clock. The ceremony was held in Grace Methodist Church, in Wilmington, Del., and was performed by the Rev. Arthur W. Goodhand, assistant pastor. The church was decorated with baskets of white gladioli. The bride was given in marriage by her father.

Mrs. Winston S. Dudley, of Baltimore, was matron of honor. The bridesmaids were Miss Joyce R. Taylor, sister of the bride and Miss Jane W. Klein, of Fort Washington, Pa.

Mr. William A. Copenhaver, cousin of Mr. Hitchcock, was the bestman. Ushers were Mr. H. Lester Lynch, of Westminster, and Mr. Robert E. Bankard, of Taneytown.

The bride wore a white dotted swiss gown with matching mitts and a shoulder length veil held by orange blossoms. She carried an old-fashioned bouquet of gardenias and white pompons.

The bridesmaids wore white and green dotted swiss gowns with matching mitts and hats and carried old-fashioned bouquets of rainbow asters.

Following the ceremony a reception was held in the church parlors, at which there were about two hundred present. The couple went on a wedding trip to the Pocono Mountains, Pa., after which they will reside in Westminster.

The bride is a graduate of the Henry C. Conrad High School and Oberlin Conservatory of Music, Oberlin, Ohio. For the past year she has taught music in the High School at Westminster and next year will teach at Mt. Airy.

Mr. Hitchcock, a graduate of Taneytown High School and Western Maryland College, and is in business in Taneytown. He served three years in the U. S. Navy during World War II.

Preceding the wedding at 12:00 o'clock noon, Mr. and Mrs. J. Harry Taylor entertained to a luncheon at Winkler's Restaurant, Wilmington. A large three-tier wedding cake bearing a miniature bride and groom formed the table centerpiece. The miniature bride and groom cake decorations were the same used when the bride's parents celebrated their 25th wedding anniversary and the bride's grandparents 50th anniversary. Those present were: Mr. and Mrs. Fern R. Hitchcock, Jr., Mr. and Mrs. Fern R. Hitchcock, Sr., Mr. and Mrs. William Copenhaver, Mr. and Mrs. Robert Bankard, Mr. and Mrs. Lester Lynch, Mr. and Mrs. Winston S. Dudley, Miss Joyce Taylor and Miss Jane Klein.

### ELDER FRANKLIN CLAY FOX

Only 27 days after his wife predeceased him, Elder Franklin Clay Fox, who served for more than a half-century as minister for the Beaver Dam German Baptist (Dunkards) congregation, died Wednesday night, Aug. 24, at 8:15 o'clock.

Death was due to complications, at the age of 89 years, after an immediate illness of only a few days. A son of the late Jesse R. and Sarah Englar Fox, he was born at Johns-ville. He later farmed near Ladiesburg.

Death occurred at the home of Mr. and Mrs. H. L. Eichelberger, 724 N. Market Street, Frederick, Md., with whom he has resided recently. His wife, Mrs. Laura Virginia Routzahn Fox, died at Frederick, on July 28.

Surviving is a son, Robert E. Fox, Frederick; two grandsons, Harold B. and David Fox, both of Greencastle, Pa.

Funeral services were conducted at the M. R. Etchison & Son funeral home Saturday, 2 p. m. Interment in Mount Olivet Cemetery.

Elders David W. Stitley, Charles Bruchey, George Stansbury, and John D. Roop, Jr., officiated. Pallbearers were Roy Dean, Cleveland Repp, John Stottlemeyer, William Wilhelm, Alonza Hahn and Elmer Singer. Mr. R. Etchison and Son, funeral directors.

In Loving Memory of  
CHARLES UPTON MEHRING, JR.,  
who died five years ago, Sept. 2, 1944

There's someone who misses you daily,  
And feels lonely since you're gone,  
There's someone who grieves daily for you  
But tries to be brave and strong.

The tears in our eyes do not glitter  
And our face is not always sad,  
There's never a night or a morning  
But what we think of the dear son and  
brother we had.

God gave us strength to bear it,  
And courage to fight this blow,  
But what it meant to lose him,  
No one will ever know.

MR. AND MRS. CHARLES U.  
MEHRING AND FAMILY.

## One-Man Crusade Gets Christian in Troubles

SINGAPORE.—Hsu Chiant Tsi has started a one-man religious crusade in the face of ridicule and insults.

The Chinese merchant placed a large board on the rear of his motor car. On it was written in English and Chinese the words, "Christ Jesus came into the world to save sinners."

His tribulations are many. Attempts have been made to smash the board. Other persons have scribbled obscene words all over it. Hsu simply erases the offensive language and repairs the board. His reaction is to say, "There are at least some people in Singapore who are taking notice of my crusade."

## Uncle Sam Says

Sitting on top of the world is the spot where most of us would like to be—free from financial worry—sure that our future and the future of those we love is secure. Your government is providing the opportunity to start climbing to that enviable spot—buy U. S. Savings Bonds—the automatic way—the Payroll Savings Plan where you work, or, if self-employed, the Bond-a-Month Plan where you bank. The future will take care of itself when you save the safe, sure way. Your seat way up there is reserved the moment you enroll on one of those Savings Bonds Plans. This is YOUR OPPORTUNITY.

## 'MUGGERS' ACTIVE

## Terror Keeps Park Empty

NEW YORK.—Fear of mugging, purse snatching and terrorism by youthful gangs is keeping residents in the vicinity of Central park out of the park after dark despite an increased detail of detectives and plainclothes men.

Police officials said that the situation is well in hand. They cited the fact that there has been no increase of crime reported from within the park. Their reports showed a greater number of arrests of degenerates since March 1 than in the comparable period a year ago.

Police statistics also showed a greater number of depredations by juveniles for the same period. But on the whole, one police official said the picture is no worse than in previous years.

E. Ross Winkler, superintendent of the Fifth avenue hospital, 106th street and Fifth avenue, said that staff doctors and members of the nursing staff had said they "would not go into the park after dark on a bet."

Purses Snatched He said there had been several purse snatching cases by juveniles in the last year from hospital employees walking at night outside the park on Fifth avenue. He also reported considerable vandalism in the neighborhood with car windows being smashed and accessories stolen.

The hospital's emergency room reported that they treated four persons stabbed in the park who had to be hospitalized.

Officials at Mount Sinai hospital, 100th street and Fifth avenue, said they believed the situation in the park was better now than it has been in a long time. However, many expressed doubts that they would walk in the park after dark.

The latest serious incident reported occurred in the park near 18th street. John F. Elliott, 45-year-old importer of Mexican fabrics, of 903 Fifth avenue, said he was walking near the weather station when two frightened boys, about 12 years old, ran up to him. A gang of fifteen youths, between 16 and 15 years old, was on their heels.

Gang Stalks Man The two boys asked Mr. Elliott to escort them out of the park because they were afraid. The trio walked toward Fifth avenue with the gang trailing. A block from the avenue Mr. Elliott told the boys to go ahead; they had nothing to fear. The boys ran followed by half the gang. The rest of the gang stalked behind Mr. Elliott.

Failing to catch the two boys that part of the gang walked back towards Mr. Elliott. Suddenly he was struck on the shoulder with the limb of a tree, then tackled and thrown to the ground. He fought back and the gang fled after he had received a sharp "punch" in the back.

Elliott was treated at Fifth avenue hospital by Dr. Alphonso A. Lombardi for a stab wound in the chest, a cut lip and two black eyes. The blade of the knife, at least three inches long, pierced the covering around Mr. Elliott's right lung causing a partial collapse. He remained in the hospital for a week.

## Monument Is Being Planned For Famed Old Gun-Runner

JACKSONVILLE, FLA. — Plans are being made to recondition and preserve here as a monument to Florida-Cuba friendship a historic old sea vessel which smuggled men and arms to Cuban insurgents before the outbreak of the Spanish-American War.

The vessel is the Three Friends, built in Jacksonville in 1895. She holds the stories of many desperate adventures within her wooden hull.

Skipped by freedom-loving N. B. Broward, who drained the Everglades, founded the University of Florida and later became governor of the state, the Three Friends outwitted Spanish and American forces and is credited with turning the tide of war for the Cubans, who were trying to rid themselves of the Spanish yoke.

Mrs. Dorcas B. Foster, Broward's grandmother, and W. T. Coppedge, who gave her the vessel three years ago, are working to recondition the famous old ship.

## Tapering

"New Look" for Males

LONDON. — The "tapering look" is the newest thing in men's clothes, says the boss man of the Bond street tailors. H. G. Tayler, new president of the federation of clothing designers, issued the decree to the federation. He wore the "tapering look" himself—gray double-breasted with long narrow lapels, narrow sleeves, narrow trouser bottoms.

The dress habits of the British male—once reputed the highest in the world—now are disgraceful, said Tayler. The federation decided to stage male fashion parades to promote the renewal of sartorial splendor.

But they fear it will be a lost battle in the long run. H. E. Brockhurst, another designer, needed British schoolmasters "the worst-dressed section of the community" who teach boys, by examples, to wear "most slovenly dress."

## Stage Door Romeos Gone, but Chorines Say They Don't Care

NEW YORK.—Mink coats, diamond bracelets and cozy love nests are no longer standard gifts for Broadway's show girls, for the stage-door Johnnies, or "sugar daddies," have disappeared.

A poll of Broadway beauties indicated that they may never return—and never be missed.

Candy Montgomery, blond, blue-eyed beauty who is representative of the 80 or 90 show girls now appearing in The Street's 10 musicals, said the girls are "too busy."

She denied that the show girl has lost anything in the way of allure. "Actually," she said, "the show girls of today are more beautiful than ever. We have better measurements than the oldsters and never use artificial supports to accentuate our figures."

"The girls of today are more talented and intelligent than they used to be," Miss Montgomery added. "They all dance and sing and many have college degrees."

Actually, the last noteworthy appearance of the Johnnies was in the early 1940's, when a handful of millionaire bachelors backed a sumptuous Broadway night club and installed their favorite cuties in "the line." However, until recently, a few still remained a part of the theatrical scene.

The most famous "patron of the arts," as the Johnnies called themselves, was Diamond Jim Brady, a gentleman who liked two-pound steaks surrounded by a handful of chops at mealtime. Brady, strictly an orange juice man, became so enamored of Lillian Russell that he drank champagne from her slipper in public to demonstrate his ardor.

But such tales of days gone made little impression on Miss Montgomery and her colleagues. "We're interested only in careers and have little time for heavy romance," she insisted.

## "Just Right" Film Wanted To Pack "Bing" Cherries

Any manufacturer who can supply a plastic film that exactly meets the needs of the sweet cherry growers of the Northwest will find eager buyers, according to cherry packaging tests by U. S. department of agriculture scientists.

Films now or the market meet the various requirements, but no single film combines all the qualities needed.

The big deep-red Bing cherries come to Eastern markets and reach consumers from a week to two weeks after picking. When shippers load cherries they place up to a half a ton of solid carbon dioxide (dry ice) in the refrigerator car. This keeps renewing the supply of gas, but enough escapes so that the car rarely has more than a 10 per cent supply.

Cherries, like other fruits, respire (breathe). They use oxygen and give off carbon dioxide. Why not pack the cherries in a gas-tight package and make use of this natural supply of the gas? Under test, cherries in a really gas-tight plastic bag used up all the oxygen available and generated too much carbon dioxide and so got to market off flavor.

What is needed is a strong, transparent film that will allow considerable moisture to escape and some (but not much) transfer of carbon dioxide and outside air. The ideal film would retain just the right proportion of carbon dioxide and moisture for a period of a week or 10 days.

## Molasses For Steers

Steer-fattening tests by the Louisiana State university experiment station showed that molasses has an average feeding value of around 85 per cent that of corn when fed at the rate of four to eight pounds a day—about one-third to two-thirds of a gallon—along with cottonseed meal and other concentrates. Other experiments at the station showed that molasses could profitably be fed to work mules at the rate of two to three quarts daily and in these amounts was almost equal to corn.

## OUR DEMOCRACY—by Mat

### "PADDLE YOUR OWN CANOE..."

IN THE EARLY DAYS OF OUR DEMOCRACY, THE PIONEER OFTEN PUT ESSENTIAL TOOLS AND RATIONS IN A CANOE AND PROCEEDED UP RIVERS AND STREAMS, SEARCHING FOR A FARM SITE... PADDLING HIS OWN CANOE, HE FOUND THE LAND AND TIMBER THAT WOULD PROVIDE HIM AND HIS FAMILY WITH A HOME AND OPPORTUNITY.

TODAY, THIS EXPRESSION, IN COMMON USE SINCE PIONEER DAYS, STILL SYMBOLIZES INDIVIDUAL INDEPENDENCE AND INITIATIVE... IN MODERN USAGE, IT APPLIES TO THE OPPORTUNITY AND RESPONSIBILITY OF THE INDIVIDUAL, THROUGH HIS OWN FORESIGHT AND EFFORTS, TO PROVIDE FOR THE SECURITY AND WELL-BEING OF HIMSELF AND HIS FAMILY.

# THE BIBLE SPEAKS

## What Is Justice?

Lesson for September 4, 1949

EVERYBODY is in favor of justice but not everybody knows what justice is. Justice is more fundamental than democracy. If we believe that democracy is the best form of government, it is only because we believe that justice can be better secured in this way than in any other.

### Justice is as old as God

Since for at least 3,000 years historians, politicians, philosophers and theologians have been wrangling over the meaning of justice, you won't learn the last word about it merely by studying one Sunday school lesson. But this is the place to remind ourselves that justice as an ideal, and democracy as a means of reaching that ideal, were not born yesterday.

Dr. Foreman

Labor Day will recall the great services rendered to democracy by the organized workers of the world, for example, in the push they have given to free and universal education. But democracy is older than the labor movement, is older than July 4, 1776, is older than the Magna Charta, is older than the Roman empire, in which one of many mottoes was "Let justice be done even if the sky caves in!"

Justice and democracy go back to the ancient Hebrews, the people who wrote the Old Testament. It was written in their laws, preached by their prophets, sung in their Psalms. But of course they did not invent it. They proclaimed it; but justice is older than the human race. The whole Bible and not only the Old Testament teaches that justice is rooted in the nature of God himself. No unjust person can be called godly.

### Songs of Justice

OUR Psalms for this week give us some valuable light on what justice is. Some people think that if everybody were rich, that would be justice. Psalm 49 shows how foolish that notion is. It says in almost so many words, "You can't take it with you."

Riches do not spell happiness. Making everybody rich might mean making many people miserable. Money by itself does not cure the ills of life, it may make them worse or even create new ones. Many a family in the "upper brackets" has troubles that would vanish if they had less money.

Psalms 72 and 82 give us more positive suggestions. Psalm 72 sees it as the king's main duty to judge the people with righteousness and justice. The king was the government, in those days; he was the executive and the legislative and the judicial branch of government all rolled into one. In modern terms, the business of government is something more than furnishing police to look up and punish wrongs after they have been done.

The welfare of the people is the concern of government. When public officials take any other view of their job, they are off the beam. In a democracy, the government is the people, that is to say, ourselves.

If things are bad we are to blame for it; if they are going to be any better, we shall have to work for it. Every appeal to a king, in the Old Testament, when translated into terms of a democratic country, means an appeal to the people.

### The Little People

JUSTICE always has to be concerned with the little people. It was true in the simple little world of the ancient Hebrews, it is just as true in our global complex world, that the strong will always exploit the weak if there is not a hand to stop them.

God is always for the "poor," the "children of the needy," and he is always against the "oppressor." In ancient Israel the oppressor was usually the big land-owner who treated his slaves with cruelty or underpaid his workers. Nowadays the oppressor is any exploiter, any man or group of men who will use power to squeeze out or crush down the little man.

But justice is positive, not negative, prevention and not cure only. Concern for social justice includes taking care of people laid low by an epidemic or made homeless by fires; but it goes far beyond this. It will mean working for conditions such that no one will be forced to live in unsanitary firetraps.

## First Day of School

GO HOME, PAL . . . It's the first day of school, and the little boy can't be bothered by a little old dog, yelping and begging to go swimming and fishing. What if he goes sniffing around and puts his feet up on teacher's desk, upsetting an ink bottle? That would be embarrassing. The little fellow has hung up his catcher's mitt and roller skates and has taken down his lunch box and books. So, puppy, you'll have to go home and play with that little boy next door who's too small to go to school yet.

## AN \$18,000,000 SERVICE

Eighteen million dollars is a lot of money—particularly when it's spent by ONE organization in just ONE year. And yet that's the amount the Farm Bureau insurance companies paid in claims during 1948.

Yes, that's a large sum to pay in one year, but even more surprising is the fact that every cent went to claimants, beneficiaries, and policyholders. There were no extra expenses involved in those figures. The policyholders in these mutual companies were the ones who benefited—and no one else.

Officials of the Farm Bureau insurance companies are proud of the kind of service to policyholders that the prompt payment of claims represents. Throughout the 23 years since the founding of the Farm Bureau Mutual Automobile Insurance Company, first of the trio of Farm Bureau companies, they have worked constantly to improve the claims service.

The goal of these firms has always been one of service to the policyholder, and prompt, equitable settlement of all claims is one service the firms have sincerely endeavored to provide the public.

Unlike many companies, Farm Bureau maintains a full-time salaried staff of claims adjusters. This means, for the policyholder, quick service by a man who is thoroughly familiar with Farm Bureau policy and procedure.

Then too, Farm Bureau adjusts attend frequent conferences and training courses designed to provide them with the most up-to-date information on all phases of claims adjustment.

Certainly Farm Bureau insurance means sound protection at top dollar value. But equally important—Farm Bureau means friendly and competent service when the policyholder needs it most.

Mr. J. Alfred Heltebride is the representative of Farm Bureau in this community.

## Uncle Sam Says

City dwellers may complain of the hot days but farmers realize how necessary sunshine is to their growing crops. They know full well that without sunshine there will be no food—just as they know that without financial security they have no protection for retirement or for the hazards of farming. This fall, when the crops are all in, they will welcome the opportunity to invest a lot of their profit in additional Savings Bonds. With those Bonds they are confident about the future—for security in old age or for any emergency. \$75 in Savings Bonds grows into \$100 in ten years time.

## The true Meaning OF LABOR DAY

Labor Day means much more to us than a pleasant holiday and an opportunity to relax. It is a day to reflect on the American Way—where employer and employee meet on equal terms. More than ever, we are proud of our American heritage.

But do not forget that your working conditions in the next few years will also depend upon the reserve you are able to build out of your earnings. Work for the future as well as for today.
