## LIONS MEET

## Charter Night Observed with Dinner at Baust

To celebrate the opening of their third year, members of the Taneytown Lions Club and their ladies gathered for their annual charter night Tuesday evening, Sept. 13, at Baust Church Parish House on the Taneytown-Westminster road. The ladies of the church served a delicious and sumptuous meal, for which they are to be congratulated.

The diners were seated in the spacious hall by 6:45, President Robert E. Thomas acting as toastmaster, Lion Tamer Singleton E. Remsburg leading the songs which followed the usual ceremonies preceding the dinner, and Harry I. Reindollar accompanying on the piano. During and after the meal Acting Tail Twister, J. Hoke Ommert extorted the customary tribute from those rash enough to tread even slightly on his toes, as well as some who were late or thoughtlessly wore no emblems.

The program succeeding was wonderfully spiced with the pleasing rendition by Miss Dorothy Alexander of two songs, Jerome Kern's "The Song is You" and "Yours is My Heart Alone," by Franz Lehár. Miss Hazel Hess was her accompanist.

Greetings were brought by several visiting notables of the Lions hierarchy, introduced by President Thomas in the following order: Massey Roe, district governor of 22-W, from Hagerstown; immediate past district governor Clarence O. Fishpaw, from Westminster; Charles L. Angell, representing the Union Bridge club, who were originally responsible for bringing into existence the Taneytown group. In addition, our only attending past president, J. Hoke Ommert, was prevailed upon to bring a brief message of expectation for success in the new club year now starting.

President Thomas then enlarged upon projects now adopted by the executive board and only awaiting approval by the membership as a whole before their launching. Among them: the proposal that half our activities fund be made continuously available to the Taneytown Recreation Association; the repetition of an annual amateur night; and the sponsoring of a local softball league, which is expected to arouse considerable interest. Bespeaking the continued and increasing cooperation of all members for the coming year's projects, the president brought the meeting to a fitting close. With the singing of one verse of America, the old club year ended, and a new one began.

## THE SCHOOL BUS LAW

The attention of all motorists and truck drivers is directed to the fact that school bus operators in the State of Maryland are protected by State Law requiring all drivers to stop both in the front and in the rear of a school bus to allow children to load and unload from the bus. The Carroll County Board of Education urges the cooperation of all motorists to observe the provisions of this law. Violators will promptly be reported and punished to the extent of the law. The cooperation of the public is solicited in promoting the safety of school children throughout the county and state.

Green lettuce often has more than ten times as much vitamin A as head lettuce has.

Excellent shoe bags and laundry bags often can be made from the strong pieces of worn-out slip covers or draperies.

## LADIES' AUXILIARY OF TAN. VOL. FIRE CO.

## Newly Organized Unit Shows Activity

The regular monthly meeting of the Ladies' Auxiliary of the local Volunteer Fire Department was held on Thursday, September 8, 1949. Song, "America the Beautiful" was used followed by the Scripture lesson, and prayer led by the Chaplain, Mrs. F. T. Elliot.

The president, Mrs. Ethel Garber presided. The secretary, Mrs. Catherine Clingan called the roll of officers and read the minutes of the previous meeting. The treasurer, Mrs. Thelma Frock reported the financial standing of the Auxiliary.

The committees were called upon for their reports. First, the Sunshine Committee chairman reported a gift of flowers to Mrs. Charles Baker who was hospitalized.

Mrs. David Smith chairman of the Ways and Means Committee reported the progress thus far upon the food sale to be held in the Firemen's Building on September 24, beginning at 10 A. M. and continuing until all is sold. Solicitation of Firemen's families was scheduled to be started this week. Black-eyed Susans, the Maryland State flower will also be on sale during the Food Sale.

The Ladies Auxiliary of Union Bridge has extended an invitation to the local Auxiliary to attend a Halloween party on October 18th. The local ladies have accepted and will make the trip to Union Bridge in private cars, meeting at the Firemen's Hall, at 7 o'clock on that evening.

The next meeting of the Auxiliary will occur on October 20th, instead of the 2nd Thursday, the regular night. A Halloween party is being planned for that evening. Mrs. Harry Dougherty is chairman and will be assisted by Mrs. Wilson Riffe and Miss Phyllis Smith. A card party has been scheduled to be held in the High School Auditorium on October 13th. Plans are under way.

The president donated the books for the use of the secretary and treasurer.

At the conclusion of the meeting boxes of chocolates were introduced to the society by the president to be sold at profit for the Auxiliary. After sampling among the group it was decided to accept the offer. Anyone receiving a box will not be disappointed as to its lusciousness.

The Lord's Prayer was prayed in unison in closing.

The invitation to all the ladies of the district to join the Auxiliary stands. It is a privilege to be a living and vital part of the community.

## TROOP 348 RESUMES MEETINGS MONDAY

After a very active summer outdoors, including a week at the council camp and innumerable swims, Scouts of Troop 348, sponsored by the American Legion, will start up its fall program in earnest this coming Monday night, at 7 o'clock in the Scout Hall.

The Troop Leaders' Council is to hold an hour's planning session Saturday evening at 6:30 in the same location. All leaders have been notified and are urged to be present in order that a full organization and a snappy program may bridge the wide gap between the outdoor informality of the summer and the more intent work of contests and crafts and tests now to be undertaken.

The first district event is the Fall outing at Deep Run Scouting Reservation on Friday, Saturday and Sunday morning, Sept. 23 and 25, held merely as a camping get-together, as many Troop members as possible should plan to go and have a grand time. Our Troop is responsible for the ceremonial opening of the campfire on Saturday night, Sept. 24th, and there will be a place on the program for some stunts (wild and woolly, instructive, competitive, or strictly on the funny side, as the spirit moves the perpetrators.)

Chairman James D. Fiscus of the Troop committee is in the process of bringing up to date the list of counselors in merit badge subjects. A number of new ones are being added, and he is hopeful of stimulating more advancement than ever before in the history of the Troop.

A fuller report of the Scouts recent activities at camp and at home will be made later in these columns.

Each Scout is urged to wear his uniform and be in attendance at scout meeting this Monday night. Great things are expected of the new Troop year.

## MANCHESTER BUILDS NEW WATER SYSTEM

To supplement its present water supply, the Town of Manchester, Carroll County, is building a new water plant at a cost of \$15,000. Water will be supplied from six large springs and will flow by gravity into a storage basin with a capacity of 70,000 gallons. From this point the water will be treated and pumped into the town's 150,000-gallon standpipe. Mayor H. C. Frankforter advises that "the new plant, together with the present supply, should furnish the town with plenty of good, pure spring water for a good many years at the present rate of the town's growth, which, for the past two years has been increasing rapidly."

## AROUND THE TOWN

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth!

I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

That nice young man who is a "Chip off the Old Block" is at the Mid-Town ready to serve anything that is electrical in your home!

Isn't it funny, Folks there is always an individual in any organization who does more than his or her share and we never know how much responsibility they have assumed until they are gone from that organization?

A letter arrived from Florida asking me if I thought we would have war with Russia! My reply was "Not as long as Truman is our President!" Did you know that the Ford car no matter how old can always be supplied with parts which the factory in Detroit has stock of each part at all times? Thinking of Detroit which I visited before the War, drove through the beautiful Belle Isle Park. Then a visit to the aquarium and then a drive through a place called "Indian Village" which is Millionaire's row! Then on to visit that famous Ford factory where a guide explained everything of interest. In one room alone was \$50,000,000 worth of stock. To be shown the very beginning of the construction of a Ford and then to the machine completed is fascinating. Ford employs 35,000 men and turns out 750,000 cars a year!

Did you know that the Washington monument in Baltimore was the first to be erected in the country and which was the origin of Baltimore's sobriquet, "The Monumental City". All the beauty and romance of old Baltimore are embodied in Mt. Vernon Place, a verdant spot on North Charles Street—a few blocks from the city's busiest section where the monument stands. The cornerstone was laid July 4, 1815. The shaft of Maryland marble is 188 feet high. In front of the base is a new monument saluting, in the name of Lafayette, the American soldiers who fell fighting in France in World War I.

It is amazing how the mind of a child may function. Recently, a little girl said to her Mother which was quite surprising, "I don't like that lady!" When the Mother asked the reason for disliking the special individual, the reply came quick, "Because, she always asks me questions!"

Was nice to know about "Uncle Oscar" from Feesersburg!

The sweetest little boy stopped by at "Love's Retreat" who resides "Around the Town" for a glass of water, the week before school opened. Your Observer saw he was completely exhausted from his long ride on his bicycle. Never saw a finer face lad! Goodness is written all over it!

Saw the most interesting girl driving a Green Jeep and they say she is a farmer's wife and lives off the Keysville road! She has the personality of a La Grable!

Met three elderly sisters from Venezuela, South America who are now living in the States! The one big thing impressed Your Observer about them was their kindness and consideration for and to each other!

That nice lady from Eaton, Ohio visited her sweet little Mother out on Middle Street.

And this—on a North Howard Street window in the big city, "It pays you to have a baby these days with prices so reasonable!"

Am glad Cardinal Spellman called upon our former first lady—Mrs. Eleanor Roosevelt. It was not alone nice but the proper thing to have done! She has been a wonderful wife and Mother and a perfect lady! The entire world loves her!

Don't miss that movie "Al Jolson Sings Again." It actually brings Al Jolson right before you on the stage as the Jolson of years ago. All the old songs of his which have never died. It is the Sequel to "The Al Jolson Story".

Not so long ago was called by phone to the home of a lady who stated that day was her Fiftieth Wedding Anniversary! Your Observer knew she had been married at a very early age. The door was left unlocked for me and as I entered the dining room, the first thing that I looked upon were beautiful American Beauty Roses—a whole dozen and as I said, "Oh, how lovely!" glanced at the lady who had received them from her husband—in tears! I stopped right there and this is what I heard, "These are the very first flowers my husband ever gave to me for any occasion in all the fifty years we were married!"

Now, I ask you husbands! What makes man so dumb when it comes to a woman? Women are not difficult to understand as the men try to make all believe! That surely must be an alibi all down through the ages! Eh? Betcha, that Mr. Barkley won't be so dumb in St. Louis!

And if Mr. Bert Parks should call you on "Stop the Music"—the answer to the "Mystery Tune" is "Home Daughter Home!"

So long, Folks. Will be seeing you next week. Have a grand week-end and always remember it is just the little things in life that are important!

Faithfully,  
Your  
OBSERVER.

### THE EQUINOX

About Sept. 20th the earth so revolves upon its axis that the equator is directly, for a moment beneath the Sun, where day and night are exactly equal, each being 12 hours in length.

After that the day grows shorter in the northern hemisphere, and the night longer. This is God's way of giving rest to earth, and it is his way also of giving mankind rest, but mankind by his inventive genius has changed things considerably.

Harvest time is past, the grain is garnered, thrashed and in many cases marketed. Soon the corn will be cut, and husked and the corn stored in the crib and the fodder stacked by the stable yard to feed the cattle during the winter months. The winter wheat will then be planted to take root and sprout up before frost sets in.

The snow which winter brings forms a warm blanket to keep the grain alive and thriving during the long winter rest. Soon the flocks of wild geese and ducks will be flying south, a pretty sure sign that winter is on the way.

Soon also will come butchering time with buckwheat cakes and sausage for breakfast.

It makes one's mouth water just to think of the good things that are in store for those who have been thrifty, and industrious. Yes the farmer has been busy. No 40 hours a week for him. Farmers work as the old dandy said he worked "from can to cant."

Sure they deserve the easy time winter offers. But will they take it. Not they. The bug of energy has gotten into their veins and they must be active.

Are we developing a people of nervous energy? It would seem so, and if so, what will be the final result?

Work is man's lot. "In the sweat of thy brow shalt thou eat thy bread" is the statement of Holy Writ, and that stands.

W. J. H.

## RED CROSS FIELD DIRECTORS SOLVE SERVICEMEN'S PROBLEMS

Red Cross services to the armed forces are available wherever U. S. servicemen are stationed. Here a Red Cross field director goes right to a young sailor at work on his ship for the facts he needs to help solve a problem.

The sailor was young. He had finished his home leave in a southern coastal city and was heading back to his California base.

He said goodbye to his parents and to an older brother, a marine veteran just returned from service. Then he left by bus.

A few hours later the older brother was killed in an automobile accident. The family appealed to the Red Cross to locate the younger son so he could return home.

Within a short while a Red Cross chapter secretary along the route intercepted the bus, broke the news, and helped the lad get started back home.

There the chapter got in touch with the field director at the west coast base and verified the facts for the commanding officer who was being asked to extend the sailor's leave.

Once or more every minute, around the clock last year, the Red Cross performed some service for members of the military forces and their families. Among the nearly three quarters of a million cases handled, a large percentage involved supplying verified information concerning home conditions requiring emergency leave or extension of leave. While the Red Cross cannot grant leave to a serviceman, military

authorities depend upon its post field directors and the network of chapters for reports of conditions underlying such leave requests.

Field directors in 364 military installations and hospitals and 1,059 itinerant and sub-stations in this country and abroad aid servicemen with personal problems that range from babies and budgets to helping straighten out delays that hold up pay or family allowances.

The serviceman has his family problems, marital difficulties, financial strains, and family illnesses—all disturbing to morale.

Field directors, providing 24-hour service at military installations, are pretty much in the same situation as the family doctor. They are routed out of bed at all hours to face any one of a hundred complicated problems. Sometimes it may be to get a report on the condition of a critically ill member of a soldier's family, or to lend him money for an emergency trip home, or to find housing for a family unexpectedly arriving at the post.

Whatever the problem, the serviceman feels free to turn to the Red Cross for help, knowing that he will find a sympathetic friend in the man wearing the Red Cross uniform.

## Let's Think

by  
G. H. ENFIELD

### WHAT IS A BOY

(This is the definition of a boy as given by Reverend Clarence W. Cranford, D. D., pastor, Calvary Baptist Church, Washington, D. C., at the first general meeting of the N.C.E.A. in Asheville, N. C., April 7, 1949).

After a male baby has grown out of long clothes and triangles and has acquired pants, freckles and so much dirt that relatives do not care to kiss it between meals, it has become a Boy.

A Boy is nature's answer to that false belief that there is no such thing as perpetual motion.

A Boy can run like a deer, swim like a fish, climb like a squirrel, bark like a mule, eat like a pig or act like a monkey according to climatic conditions.

The world is so full of Boys that it is impossible to touch off a firecracker, strike up a band, or play a ball game without collecting about a thousand of him.

He is a piece of skin stretched over an appetite. A noise, covered with smudges and eats only when awake.

He is called a tornado, because he comes at the most unexpected times, hits the most unexpected places and leaves everything a wreck behind him.

Boys are not just ornamental, they are useful. If it were not for Boys, the newspapers would go undelivered and unread and motion picture houses would go bankrupt. Boys are useful in running errands.

A Boy can easily do the family errands; with the aid of five or six adults. The zest with which a Boy does an errand is equalled only by the speed of a turtle on a July day.

The Boy is a natural spectator. He watches parades, fires, fights, ball games, automobiles, boats and airplanes with equal fervor. But he will not watch the clock. In fact, the person who invents a clock that will stand on its head and sing a song when it strikes will win the undying gratitude of millions of mothers with Boys who are forever coming home to dinner at supper time.

Boys faithfully imitate their Dads in spite of all efforts to teach them good manners.

Boys are very durable. A Boy, if not washed too often and if kept in a nice cool place after each accident, will survive broken bones, hornets, swimming holes, fights and nine helpings of pie.

A Boy loves to trade things. He will need frogs, knives, fish hooks, marbles and snakes, for anything that is priceless or worthless. When he grows up he will trade puppy-love, energy, warts, bashfulness and a cast-iron stomach for pride, ambition, pretense, a bay window and a bald spot, and will immediately begin to say Boys are not what they were in the good old days.

This Boy is the person we are dependent upon to finish what we have started. He is going to sit at our desks and do all the work that we are doing—in his own way. We can make policies and devise plans, but whether and how they will be carried out depends on him.

We will make laws, negotiate treaties and form leagues, but he will have the power to amend, repeal or annul them.

He will occupy the seats in the Senate and the benches in the Courts. Our cities, states and the nation will soon be subject to his will. He will take over and manage our churches, schools, universities, hospitals, charitable institutions, prisons, and corporations.

All our labors and plans are going to be judged and praised or condemned by him.

Whether our names and achievements are remembered and honored, depends on his estimation of us and our performances.

In short, all our work is for him, a Boy—growing animal of superlative promise which must be fed; watered and kept warm. A joy forever, a periodic nuisance, the problem of our times, the hope of our nation; and every Boy born is evidence that God is not yet discouraged with man.

### Green Wood

Green wood—that is, wood which has not been cut and seasoned long enough to dry out properly—is poor in heat value because of the moisture it contains. From 25 to more than 50 per cent of the weight of green wood is water, depending on the variety. The heat required to drive off the water is lost as far as warming the room is concerned.

### 49th State?

Alaska, oldest and largest of Uncle Sam's outlying territories, would like to be the 49th state of the union. If it achieves statehood, Texans may have cause to fret, notes the National Geographic society, for Alaska is larger than the Lone Star state, plus California, plus Montana—the three biggest states now in the Union.

### Salad

For variety in salads, combine the cabbage with shredded carrots and a small portion of grated onion. Diced unpeeled apples, celery, and nuts combined with shredded cabbage make a delicious salad. Another favorite combination is green pepper, cucumber, and cabbage.

### Hearth Fires

The neat housekeeper who has her fireplace swept clean of all ashes is an inefficient fire-builder. Ashes should be kept level with the andirons to provide a bed of glowing charcoal which yields steady heat and helps ignite new logs as they are added.

## SHORT STORY

### Cordially Disliked

By Richard Hill Wilkinson

I HAVE NEVER known a man to be more wholeheartedly disliked than Henry Spafford. The reason for it is his braggartly qualities, his overbearing sense of importance.

We tolerate him because we like his wife, Madge, but even so our toleration is a chore. The other night I was over to the Spafford's and sat through an hour of Henry's bragging. It seems that the big boss in New York—Henry is employed by the Jason Reid Steamship Company—called up the Philadelphia office where Henry works and Henry answered the phone.

"Jay's a great guy," Henry told me, referring to the incident. "He's asked me to run up to New York to see him a couple of times. I must remember to do that."

"Who's Jay?" I asked. "Jay?" Why, Jason Reid, who owns the line, of course.

"Oh," I said. "The way to get along in any business," Henry went on, "is to let the boss know right off he can depend on you. That's the way I am with Jay."

I left the Spafford home an hour later, furious at I had stayed so long, pitying Madge and disliking Henry with a renewed sense of disgust. "Something," I told Betty, my wife, "ought to be done about that punk. Now he's calling Old Man Reid, Jay."

"The thing to do, Betty smiled, 'is to be amused at his ravings, not annoyed. He doesn't hurt any one, and there's always Madge to think of."

"Even Madge," I replied, "won't keep me from hitting that guy one of these days. Something," I repeated, "ought to be done about him."

Whether or not my thinking about it had anything to do with what happened a couple of days later I will never know. Henry was fired. Without warning or explanation he was given a couple of weeks' pay and was bounced out on his ear.

My first reaction when Betty told me about it was one of exuberance, a fiendish desire to rush over there and gloat, to sneer: "I told you so! Why don't you call up your friend, Jay, wise guy?" But this feeling passed immediately. Curiously it was followed by one of pity. The more I thought about it the deeper became my sympathy. What greater humiliation, I thought, could a man endure than this that confronted Henry Spafford?

NEXT DAY I called Hal Wheaton and asked him to have lunch with me.

"Don't be annoyed at his ravings. He doesn't hurt anyone, and there's Madge to think of."

"Have you heard about Henry?" I asked when we were seated.

Hal nodded, avoiding my eyes. "I met the poor devil on the street this morning. I don't mind saying that it was an ordeal."

I thoughtfully lighted a cigaret. "Hal," I said, "think of Madge. Isn't there something we can do?"

"Well," said Hal, "I've been wondering, too. Poor Madge." He coughed. "I called Bob Taylor of the Taylor Lines this morning. Bob says that he might be able to do something for Henry on our recommendation."

"I guess," I grinned, "that's the answer."

And it was. Henry and Madge were over three days later. "I understand you've got a new job?" I remarked to Henry.

"Yes," he said with a bored look on his face. "Bob Taylor called up as soon as he heard that I was free, and asked if I'd consider a position with him. Well, you know when a man offers you more money—"

I glanced at Betty. There was a faint smile on her face. I suppose she was amused, I hope so. Because on hour later, with Henry still blowing, I was mad enough to choke him, and almost did.

## No overtime pay for Mother!

THERE'S no 8-hour day for Mother, no vacation, holidays, or overtime pay. Because running a family is a full-time job.

That's why electricity is just like another pair of hands for the homemaker. Around the clock and around the calendar, electric service is working hard to make life easier for Mother—healthier and more comfortable for the entire family.

Yet electricity costs so little! Matter of fact, it's the only worker that gets paid less for overtime. That may sound strange, but it's true. The more you use electricity, the less it costs for every task it does for you. There's no other item in your family budget that gives you so much real, living value—for so little cost.

"Sing a Song of Sixpence"  
We all know it. Many of us knew it from our mother's voice long before we knew anything else. But how many even today know what it all really meant?

The "Four and twenty blackbirds" are the twenty-four hours of the day. The "pie" is the earth and the sky overarching it. The opening of the pie is the dawn, when the birds begin to sing, and surely such a sight is fit for a king!

The "king," sitting in the parlor counting out his "money," is the sun and the gold pieces that slip through his fingers are the golden rays of sunshine. The "Queen," who sits in the kitchen, is the moon, and the honey with which she regales herself is the moonlight.

The maid, who is in the garden at work before the king—the sun—has risen, is the light of day, and the clothes she hangs out are the clouds.

The "blackbird," which ends the song so tragically by "nipping off her nose," is the sunset hour. So we have the song of the day, not in a nutshell, but in a pie.

### FEESERSBURG

The calendar says that "Fall" is only eleven days away. But there are better and more positive indications than the figures show. The sunlight is a trifle hazy—the kids are back in school—the odor of burning leaves hang over the country side and one begins to notice that the early morning air has a nip to it. Oysters are on the market again after a summer's vacation, and scrapple cannot be too far away. Sweet corn is passing or has gone, but between the drying stalks pumpkins are swelling for pies in November. Every season comes in with bright promise and each yields up its own particular bounty. There is much to be done before one can feel ready to face old man win-

ter, but to me autumn is the most wonderful time of the year, especially the month of October. Most of the work on the farm is done and one does not feel too guilty to steal a day off and drive to the mountains to enjoy the beautiful scenery and solitude of the hills.

Too many peaches all at one time meant a serious loss for Pennsylvania growers. This State had a bumper crop which ordinarily ripens around Labor Day but due to a hot spell ripened before. Bad weather held back the Southern peaches, which generally arrives in this area in advance of the local crop. This year they hit the market together. The result was a glut of peaches and fairly low prices.

Some Baltimore residents thought Orson Welles had taken to the air again Monday morning for the police stations were flooded with telephone calls asking if Baltimore was being bombed. It was just the army having a mock battle over Fort McHenry in celebration of "Defenders Day." It just goes to show that the people have a bad case of the jitters due to newspaper head lines screaming about one crisis after another.

Evidently the million dollar pier at Atlantic City had seen one beauty contest too many for no sooner had Miss America of 1949 been crowned than it decided to go up in flame as a sort of protest, I suppose. Evidently the strain of seeing so much beauty was too hard to take.

They wash each other's face, eat out of the same dish and sleep side by side. There is such a contrast between them for Mike weighs 30 pounds and Henry about two.

Preceding the ceremony a recital was given by Miss Ruth Shuff, church organist, at which time William Simpson, accompanied by Miss Shuff sang "Because" and "O Promise Me." While the couple knelt at the altar the soloist sang the "Lord's Prayer."

The bride was given in marriage by her father and wore the traditional bridal gown of the Schumacher family fashioned with a tight bodice of imported lace and a full skirt of marquisette. ## KEYSVILLE MISSIONARY SOCIETY

The Keysville Lutheran Missionary Society met Tuesday evening with thirty-four present including eight visitors from the Mt. Union Missionary Society.

The meeting opened by singing Love Thyself Last. Due to illness Mrs. Grace Warren was unable to assist Mrs. Gilbert Stine with the program. Mrs. Virgie Ohler read Eph. 2:14-18 and 4:29-32 as our Scripture lesson. Mrs. Stine touched on the life of Margaret Seabach and the topic, "The Ultimate Frontier" was discussed as follows:

1. The thorn type, I would never do that by Mrs. Roy Baumgardner.
2. The thorn of the boastful type I am just as good as they are, Mrs. Charles Trout.
3. The thorn of the overwise, I know better than you, Mrs. Carroll Willhide.
4. The thorn of self will, I want My own Way, Mrs. John Young.
5. The thorn of the bad loser, I just can't bear to lose, Mrs. Harry Clabaugh.
6. The thorn of suspicion, I don't trust him, Mrs. Dilley.
7. The thorn of indifference I can't be bothered, Mrs. Floyd Wiley.
8. The thorn of unforgiveness, I forgive but I can't forget, Mrs. Charles Devilbiss.

Mrs. Robert Stine read a poem, The Thorn Tree.

The thought we must search ourselves first was portrayed in the prayer by Mrs. Virgie Ohler. Leave a Little Bit of Love was sung by the group. Mrs. Earl Willhide represented the Mt. Union Society responded to our president's greeting. We were dismissed by using the Missionary Benediction.

After the usual business meeting true to form, committee reports, etc. the refreshment committee consisting of Mrs. George Deberry, Mrs. Carroll Kiser, Mrs. Gregg Kiser, Mrs. Earl Roop and Mrs. Cluts served ice cream, cake and coffee. All enjoyed the fellowship and expressed the desire of many more such occasions. Come again Mt. Union missionaries.

## CAS MEETING

The September meeting of the Carroll County Children's Aid Society was held on Monday, Sept. 12, at the Historical Society Home. Mrs. Landon Burns, President, presided and the meeting was opened with a prayer offered by Mrs. Harry Ditman.

The chairmen of the various districts were in attendance and reports were given by committee chairmen. The Service Report by the Director, Miss Bonnie M. Custenborder follows:

Since May first sixteen children have been referred to the Children's Aid Society as neglected, unwanted or needing temporary foster home care; two of these came from the parents themselves; three from relatives and eleven from interested citizens. After careful investigation two babies were placed in boarding homes and later one of these was placed for adoption. Relatives accepted three children whose own homes were found unsuitable. Of the other eleven, one mother decided to make her own plans for her child; two families were ordered to take adequate care of their own children and one case is pending further investigation.

Three children who have been in their foster homes for a number of years are now self-supporting and will continue to live in these homes, they graduated from high school in June; one little child was adopted after a year in the foster home and two boys were returned to their mothers who are now situated so they can provide homes for them.

During the summer months all the children under care had their routine physical and dental checkup; two boys were in hospitals with broken legs as the result of falling; another boy was treated for an arm injury and glasses were provided for three children.

There are now 41 children being cared for by the CAS. 12 are in free homes, 23 in boarding homes, 2 in adoption homes, 1 in a wage home and 3 are with relatives.

A great deal of time has been devoted to the problems of the 24 families who came to the agency or were referred by other persons because of the 189 children involved in these cases. Most of the difficulties are caused by drinking and immorality resulting in desertion and neglect of the children.

Plans for the annual campaign to be held this year from October 3 to 15th, were outlined by Mrs. Frank T. Myers, campaign chairman. The goal for 1949 is \$60,000.00 and the districts and quotas are as follows: Taneytown, \$480.70; Uniontown, \$352.32; Myers, \$339.76; Woolerys, \$457.57; Freedom, \$340.24; Manchester, \$501.92; Westminster, \$1441.34; Hampstead, \$374.30; Franklin, \$169.06; Middleburg, \$268.91; New Windsor, \$335.94; Union Bridge, \$339.38; Mt. Airy, \$260.00; Berrett, \$268.56.

Following the business meeting refreshments were served by members of the Social Committee.

## SOUTHERN STATES MEETING

Southern States members in this area, meeting at Taneytown on Sept. 7, heard reports on their cooperative's services for the 1948-49 year, chose members to their local Board of Directors and Farm Home Advisory Committee, and considered plans and programs for the coming year. The meeting, attended by 94, was sponsored jointly by Southern States Cooperative and Southern States Taneytown Cooperative, locally owned affiliate.

Members of the cooperative throughout the six-state territory put through their organization nearly \$120,000,000 worth of purchasing and marketing service during 1948-49, the largest volume in the organization's 26-year history. This figure is an estimate, based on the record for the first 11 months of the year which was presented at the meeting. Net savings, exclusive of savings of local affiliates were approximately \$1,800,000. The cooperative now has a net worth of \$18,800,000. R. W. Sheedy gave the report on 1948-49 operations.

Elected to the Board of Directors were W. K. Flickinger, of Taneytown and Clarence Albough, of Taneytown. Named to the local Farm Home Advisory Committee were Mrs. Russell Feeser, of Taneytown, and Mrs. John Teeter, of Taneytown. A. D. Alexander, of Taneytown was chosen to represent the community at the Southern States annual meeting in Richmond next November 17 and 18 with Russell C. Fisher, of Rocky Ridge, as an alternate.

Following the meeting, the Board of Directors elected A. D. Alexander, of Taneytown, as president for the coming year. The Farm Home Advisory Committee selected Mrs. Roy B. Kiser, of Detour, as its chairman.

SCRIPTURE: Psalms 15: 24:1-6:  
143:8-10  
DEVOTIONAL READING: Psalm  
25:4-10.

### Religion and Habits

Lesson for September 18, 1949

IF RELIGION is not moral, it is a poor, flimsy, no-good religion. If morality is not religious, it soon cracks. Religion has to be moral and morality has to be religious, or else both of them lose their excuse for existence. This is not a new idea. It was in the Bible long ago. Our Psalms for this week are among those that bring out this truth: God is interested in how people live.

Dr. Foreman

He is interested in what they do seven days and seven nights a week; he is interested in their habits as much as their souls. Psalms 15 and 24 are so plain on this point that they need no explaining.

### Churches and Liquor Don't Mix

THIS truth, that right religion and right behavior are twins, lights up all of life like a floodlight; but since this is our temperance lesson, let us focus it more or less on one spot.

It is a sore spot: the drink habit. Why does the church make such a fuss about people drinking? Catholic churches are opposed to liquor in excess, and most Protestant churches are opposed to liquor, period.

The movies have made the "binge," the hangover, almost respectable; but the church knows better. Why? Will the time ever come when the churches are not opposed to the liquor business? No, it will not; because the churches know what liquor does.

The minister is usually the man (along with the lawyer and doctor and the sheriff) who has to pick up the pieces when drink gets a man or a woman and breaks up a family. The minister gets behind the scenes, he knows that some funerals would not have been funerals if it had not been for drink.

The car that "went out of control," the disease that should not have been fatal, the family quarrel that grew to hatred and violence—he sees enough of these caused by alcohol, to have no illusions about the stuff.

### A Psalm in Reverse

IF THERE is a single reader of these lines who imagines that religion is only a "matter of the soul" and has nothing to do with what people eat or drink, then let him try a little experiment with the 15th Psalm.

As it stands in the Bible, it is a description of the kind of man who can appear without shame before God—in short, of the religious and moral man.

Now beginning with verse 2, take the Psalm phrase by phrase, and see how false and ridiculous it is if you try to make the description fit the man with the drink habit. "The victim of drink walketh uprightly, and worketh righteousness"—! Quite the contrary, he seems to be doing his best to ruin his own happiness and that of others.

"The drunkard speaketh the truth in his heart"—! There is one truth he never speaks in his heart: I am a drunkard. The one thing the victim of alcohol never admits till it is too late (if ever) is the hold which alcohol has on him. "He that backbiteth not with his tongue, nor taketh up a reproach against his neighbor"—!

### Contempt Is No Cure

WELL, read on for yourself. The slave to alcohol (and many a man is chained to it, who would feel insulted if you called him an alcoholic) certainly does not fit the description of the man whose life God approves.

But the Christian will by no means think his duty done merely by sitting in the scorner's seat, or being an abstainer himself, or even by helping those who have fallen into the pit. He will remember that an ounce of prevention is worth a pound of cure.

The liquor business has no conscience. It sometimes comes out with pious remarks about temperance—but it keeps right on advertising, it knows no law but profit. The only whole-hearted workers for temperance will always be the people who make no money out of intemperance. And the most effective workers for temperance will be those who themselves, in all their habits, give examples in life of what they preach.

## 4-H CLUB EXHIBITS AT TIMONIUM

### Carroll County Boys and Girls Received Awards

Fifty-one Carroll County 4-H Club members took part in the 4-H activities at Timonium State Fair last week. According to J. R. Schabinger, Assistant County Agent, the week was started with 4-H Club Day on Sunday. The feature attraction on Sunday was a parade of floats prepared by 4-H members. Carroll County had four entries in this parade. The Sam's Creek Club, Bachman's Valley Boys and Girls Club, and Freedom Club all prepared floats for this occasion. Each of these clubs was awarded a "Good" rating on the job that they had done. A fourth float prepared by the Sky-Hi 4-H Club from Waverlyburg received an "excellent" rating. These boys and girls portrayed the importance of wildlife and the conservation of wild animals.

Terra Rubra Club from Detour vicinity represented Carroll county at Timonium in the Club Exhibit Section. This club prepared an exhibit on the "Farm Pond." A second place ribbon was awarded to the club for the way they demonstrated the importance of this phase of soil conservation.

Carroll County was represented in the livestock and dairy judging contest by two teams. In the livestock judging, Robert Raver, Hampstead Club, and Robert Bollinger, Donald Bollinger, and Charles Null, all from the Taneytown Club, competed from the county. Robert Raver placed second in the state for all livestock. He was third in swine, and fifth in sheep. Donald Bollinger placed sixth in sheep judging. The county team placed second in this state contest. In the dairy cattle judging contest, Carroll County was represented by Mary Null, Taneytown Club, Ellen Chambers, Bachman's Valley Club, William Rosenberger, Smallwood Club, and Richard Taylor, Sky-Hi Club. William Rosenberger was the highest individual on the team. He placed third in the state with a rating of second in Ayrshire, 6th in Holsteins, 7th in Guernseys, and 7th in Jerseys. Ellen Chambers was second place individual on the team. She placed 10th in Guernseys, and 11th in Holsteins. The county team placed fifth in the entire contest.

This year for the first time, a contest was conducted between counties. In this contest, Carroll county was first in both their dairy and beef exhibits. The award was made on the basis of the attractiveness and neatness of the entire county group for the week that the boys and girls were exhibiting at Timonium Fair.

Five demonstrations from Carroll County were entered in state competition. Stewart Young and Joseph Haines, Jr. from the Sam's Creek Club gave the first prize dairy demonstration entitled, "Methods of Milk Feeding Dairy Calves." This demonstration was not only first in dairy, but was judged grand champion demonstration of the contest. For this honor, both of these boys will receive a trip to Chicago to attend the National 4-H Club Congress. Elwood Rill and Eugene Houck from Hampstead Club gave the second place demonstration on tractor maintenance. Their demonstration was entitled "Care of the Air Cleaner." Eugene Black and George Rappoldt from Manchester Club presented third place demonstration entitled "Making a Rope." Samuel Feaser from Bachman's Valley Club gave a third prize demonstration on "Making an Automatic Light Switch for Poultry." The fifth demonstration from the county was presented by William Gray Garland from Bachman's Valley Club. This demonstration "Making a Hog Feeder" was fourth prize in the individual livestock class.

William Coshun from Terra Rubra Club represented Carroll County in the tractor operator's contest. Bill placed second in the state with a score of 480 points.
