LIONS CLUB NEWS

District Governor Rowe was Speaker at Meeting

With all members present except four, the Taneytown Lions Club gathered at the Taney Inn last Tuesday evening for their first meeting of the year 1950. It is always with sorrow when we are obliged to accept the resignation of any officer of the club. For important reasons well justified we accepted, at a recent Board of Directors meeting, the resignations of our President Robert Thomas and that of our Secretary-Treasurer, Chester Cartzenadner. We regret having to give up these members as officers of our club and who has been doing a splendid job, but it is gratifying to know we have someone else to step up and fill such vacancies. 1st Vice-President Robert Feeser takes his place and now accepts the gong and gavel to assume the duties and responsibilities as President of our club. It was he who presided at our Tuesday evening meeting. Invocation was offered by Rev. Edmund Welker. While Lion Harry Reindollar sounded out the music on the piano Singleton Rensburg took charge of group singing.

The following guests were introduced by President Feeser, Lions Kenneth L. Adams, Harry I. Thomas and our Guest Speaker District Governor Massey H. Rowe, all from the Hagerstown Lions Club. During Mr. Rowe's brief speech he found a lot to say in a short time. He expressed a deep appreciation for the abundance of enthusiasm shown in the Taneytown Club. He also suggested that we make as many visits as possible to our neighboring Lions Clubs. By doing this it will help us to get acquainted with the members of these clubs and to notice the various activities and projects being sponsored by each club. The first thought of that of helping others namely, the people in its own respective community. This is not done with the thought in mind of receiving any special recognition or praise for what we do. Officers of Lions International as well as the members receive no salaries at all. They gladly give their time and money for the satisfaction and enjoyment they receive in knowing they have helped those about them who are in need. Mr. Rowe expressed his eagerness to be of help to our club in any way and at any time we wish to call upon him for his services or advice.

In conclusion President Feeser called a Board meeting to immediately follow our regular meeting.

BOY SCOUT HOLIDAY ACTIVITIES

Paper Collection One of Their Plans for the Future

After a slack season for Troop activities, the recent holidays saw a full schedule carried out by Scouts of Troop 348, Taneytown.

Refreshments were served to the town's carolers after their return to the city hall on Christmas eve, serving and singing performed by Fern Bachman, Wayne Bowers, Frederick Clingan, Larry Eckard, Delmont Koons, Francis McNair, Robert Rock, Thomas Sell, Robert Sentz, and their leaders Stanley Frock and Wilbur O. Thomas.

Scout meeting ceremonially opened on Thursday by patrol leader Fern Bachman, was formerly conducted under the directions of assistant Scoutmaster Stanley Frock and Senior patrol leader Andrew Alexander. Games were selected by Thomas Sell, assistant Pine Tree leader, while a unique quiz on bones and fractures prepared by patrol leader Robert Bowers formed the theme featured that evening.

The annual winter camping expedition this year was spent close to home, at a cottage near Natural Dam. Besides the regular troop leaders, Francis G. Lookingbill, troop committeeman and Legion Commander, accompanied the boys for the three-day outing. Those present consisted of Clarence Albaugh, Carroll Houck, Donald Lawyer, Francis McNair, John Perry, Robert Sentz, and Miles Stonesifer, as well as Geo. Shriver, prospective member from Harney, and Lookingbill, Thomas and Frock, leaders. Successful tests in trailing, prepared by Albaugh, Houck, and Shriver, while numerous "caves" in the upper region of that hilly section were explored on Saturday.

The first January meeting of the Troop, under the direction of patrol leader Bachman, featured games by Robert Ohler (assistant quartermaster) and Scoutmaster Thomas, the best one a series of pony-rides duel contest. A fine set of clever stunts formed the principal program, the leaders finding it hard to adjudge between the magic tricks of patrol leader Philip Lawyer and his Foxes and the western melodrama of the Flying Eagles. The latter team of talent, however, won the day, and their presentation by Francis McNair, John Perry, Frederick Clingan, Wayne Bowers and newcomer Donald Baker gained the shield for them, reluctantly surrendered by the Fox patrol. Lawyer then announced resumption of swimming on Friday last, at the Frederick "Y," and called on the Scoutmaster to award one-year service stars to Robert Rock and Kenneth Frock, with Robert Harner recognized in absentia for his four-year record, and Assistant Scoutmaster Stanley W. King for eight years, four as Scout and four as leader.

Transportation assistance in traveling to Frederick for the swims has graciously been provided by Messrs. Monroe Bowers, Clarence Albaugh, John A. Eckard and Norman Walker, all parents with boys in the Troop. Those making the trip Friday included: Donald Baker, Wayne Bowers, Kenneth Frock, Carroll Houck, Donald Lawyer, Ronald Markle, Francis McNair, Robert Ohler, Robert Rock, Thomas Sell, Robert Sentz, Miles Stonesifer and Russell Walker.

At the Green-Bar leaders' council on Saturday plans were made for another paper collection shortly, for emphasis on handicraft as a prelude to an anniversary week display, and for the requesting of inter-troop contests as a district Scouting feature in a spring rally. Francis McNair and John Perry were elected leader and assistant of the Flying Eagles to be invested at next Scout meeting.

35th ANNIVERSARY OF KIWANIS

Members of the Kiwanis Club of Taneytown will celebrate the 35th anniversary of Kiwanis International next week.

Lewis Crumbacker, president of the club, said today that plans for the anniversary meeting, which will be held Wednesday evening, Jan. 19, at the Taney Inn, had been virtually completed.

The program, according to Mr. Crumbacker, will be based on the community service organization's 1950 administrative theme, "Aggressive Citizenship—Safeguard of Freedom."

The Taneytown Club will join with more than 3,000 others in observing the week throughout the United States, Canada, Alaska, Hawaii and the Yukon territory. Some 300 clubs in cities having radio stations have arranged special broadcasts while approximately 35 other clubs will participate in television program. A feature of the Taneytown club's observance will be the reading of a message from J. Hugh Jackson, dean of the graduate school of business at Stanford University and president of Kiwanis International.

Plans for the next week's meeting are under the direction of the Committee on Education and Fellowship of which Elwood Baumgardner is chairman.

Kiwanis was established in Detroit January 21, 1915. It now embraces more than 200,000 business and professional leaders.

AROUND THE TOWN

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning,
I wish you health—life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

It seems that "Ranch Houses" are in the limelight now in the Eastern States and going over in a big way. It must be that S-p-r-e-a-d thus the Sunshine!

Wonder what has happened to that old fashioned Scare Crow that was seen on any farm a few years back? The Crows must be educated now just like Humans! Eh?

Arches were used at the forks on either side of the street in Westminster joining a large Star in the place of that wonderful Community tree which was removed several months ago. I keep wondering if that tree will really thrive again and be healthy. Only God can make a tree!

When our Vice-President married the attractive widow, immediately after the ceremony in walking to the front door to step into the car, the bride was heard to make this remark, "I hate to go out to that mess." To which the Vice President replied, "That's not a mess, that's the American Public out there!" See what I mean, folks in saying just the nice things in life? Betcha, if that aged groom was younger, he would stand a big chance of going right into that White House when it is finished and it would not surprise me if he at least was nominated. It seems everywhere one hears nice words about him.

Now, here's a laugh! Coming from Littleton, New Hampshire. Hitler stamps free! Who would really want those, I wonder? (Advertisement in a Balto. paper) That reminds me when I asked Gretchen about that man this is exactly what she said, "You see, Mudder he was very good to the poor and the poor never had it so good in their lives and we luffed him like a god!" H—mmmmmmmm! To add to that, she declares that Hitler is still alive and living in South America!

A very beautiful letter arrived from a real Christian lady who stated she reads this column regularly and wanted to thank me for the kind words I had written of the Jewish race. Now, I may add this, too. Through observation, and conversation and association, I have found that Hebrews do not start wars, nor do they desire to fight. You never see a Jewish man intoxicated. A number of Christian girls told me without asking that Jewish men make the best husbands as they knew because they married Jewish men. When I made further inquiries then about that statement, the girls stated that Jewish men were more domesticated and worked harder to give their wives every luxury in life and were most affectionate and kind to them! I have always noticed that Jewish children are most respectful to their parents. I read that book "Jews Without Money" by Michael Gold who now is a M. D. That made me think of the saying by the man, "God Loves the Irish but He Gives the Money to the Jews!" Hebrews work for what they get and very hard at that and will sacrifice for a rainy day and the future. You never hear of any Jewish Minister or Rabbi saying one unkind thing about the Gentiles but many an unkind word, I have heard Ministers and individuals say about the Jews which should not be. One time, not so long ago, I was living where there was only one church and that a Lutheran where I attended church. There was a "Win One Campaign" on and as I was having several guests at the time, took them to church with me. One of the girls was an American Jewess and one of my closest friends. That Lutheran Minister that night spoke very ill of the Jews in many ways. Frankly, Your Observer felt very badly for my friend and for that congregation. He stated things that were not necessary and also kept harping upon the crucifixion over and over again. My friend sighed and lowered her head a little. "I took her hand and led her out of that church and my two other guests followed me. Turning to me she said, "You never hear of Jewish people running down Gentiles but why it is the Gentiles speak so ill of the Jews and especially knowing that their God is Christ?" I did not answer that, Folks but I understood how she must have felt as we walked arm in arm out into the cold air that night with a million stars shining overhead in that little town where all the world could lift faces to the same stars and thank one God for it all!

And last but not least! Did you not read about Little Lawrence Goldstein of Mass., who is a Boy Scout and was (Continued on Eighth Page)

FRIDAY, JANUARY 13, 1950

NINETEEN-FIFTY

We are off at a good start on the New Year. What the year will bring forth for each of us depends largely on us ourselves. We can make it good or bad as we choose, and for many of us it is to be feared the choice will be the bad.

What-so-ever a man soweth, that shall he also reap is as true now as when uttered nearly two thousand years ago.

Effect follows course today as it did yesterday and as it will do tomorrow.

This open winter is good for the poor ill clothed and ill housed people, but it is not so good for the wheat, rye, and barley which thrive better when snow covered during the winter months.

Somehow or other the winters do not seem so cold now as they did back yonder in my childhood. Then snow came in early December and usually lay on the ground until late March. Then the ice house was filled for summer use, but now with our modern inventions, it does not make much difference whether it freezes or not.

I have seen somewhere that the cause our climate is changing is because the Gulf Stream is getting nearer to our northern coast line. If that be so then in time cocconut palms and date palms may be expected along our Jersey coast as they are now found along the Florida coast. No matter what comes to pass man will be equal to the task.

Scarlet Ibis in Venezuela

A large and thriving colony of the now rare and spectacularly beautiful scarlet ibis has been discovered in the wild hinterlands of Venezuela. Dr. Paul A. Zahl, New York ornithologist, who has been ranging Venezuela's deep-inland river system in search of the bird's breeding ground, reported the find to the National Geographic society, sponsor of the expedition. The garcero, or rookery, Dr. Zahl said, lies about 125 miles west of his field headquarters, set up at San Fernando, in Apure state south of the Venezuelan capital, Caracas. It covers an area about half a mile long and a quarter mile wide, on an almost inaccessible flood plain between the Apure and a neighboring river.

Polio Weapon

Held in the palm of a man's hand is the "baby lung," one of the weapons against infantile paralysis, developed by the army air force. Donations made by Americans during the 1950 March of Dimes will purchase many of these and other such polio-fighting equipment. This year's drive—January 16-31—is vital because of funds used in 1949's record epidemic.

Quick Test for Newcastle Announced by Veterinarians

A quick new test for Newcastle disease—now one of the nation's most widespread poultry maladies—has been announced by research veterinarians.

Former tests have required laboratory work to identify the disease. The new test, however, can be applied by veterinarians on the farm.

It is similar to a rapid test now widely used in diagnosing pullorum disease in poultry flocks.

It requires only a drop of blood from each bird and results are obtained in two to five minutes.

Two veterinarians at the University of Minnesota developed the test. Their report indicates that it is practical and reliable for checking farm flocks, since large numbers of birds can be tested in a short time.

Testing for Newcastle disease is essential because the symptoms of this infection can easily be confused with those of other diseases.

The disease is highly contagious among chickens and is responsible for many poultry deaths and heavy losses in egg production in the United States. Caused by a virus, it was first detected near Newcastle upon Tyne, England, nearly 25 years ago. Since then, it has spread widely throughout the world.

If the new test fulfills its promise, it will give poultry raisers and veterinarians a head start on fighting Newcastle disease when the test shows this infection is present.

Many Carroll County Citizens visit the show each year and many will be disappointed to learn that most of the farm machinery exhibitors failed to display their equipment this year due to the increased cost of floor space. On Sunday many ministers and priests used as the theme for their sermons the recent "Mercy Death" of Mrs. Abbie Borrot brought about by her doctor Hermann N. Sauder, after he watched her slowly dying from cancer. Whether the doctor was right or wrong in terminating his patient's life is not for anyone to say. The argument against "Mercy deaths" is that only God has the right to know when a person's life should end. But God often uses strange ways his wonders to perform and may be Dr. Sauder was the means of which God ended Mrs. Borrot's life of suffering.

The Scripture lesson was read and prayer offered by Mrs. Warren. The introductory remarks were made by Mrs. Devilbiss. Lutheran World Action is now in its 10th year. A survey picture of the various phases of the work of the joint program of our Lutheran churches was given under the divisions of Orphaned Mission Service to the Armed Forces Religious Literature, Prisoners of War, Physical Relief and Rehabilitation, Rebuilding Churches, Clothing for Our Church Workers, Children and Students, and Displaced Persons by the following people: Mrs. H. At the close of the discussions a moment of silent prayer was offered for the work of Lutheran World Action which was followed by the Lord's Prayer. A very pleasing duet, "The Old Rugged Cross" was rendered by Mrs. Dougherty and Mrs. C. Trout. The recipe for a spice cake, convention fragments were depicted by Mrs. Carroll Wilhide and her helpers. The two hymns used were Love Divine,

All Love Excelling and A Mighty Fortress is Our God.

Twenty-nine members and two guests were present. We are happy to welcome Mrs. Wm. Miller and Mrs. Warner, of Detour, as new members. The meeting was dismissed by using the Missionary Benediction. A short business meeting was conducted by Mrs. Carroll Wilhide. A letter from Miss Helen Lawson, of Liberia, was read after which Mrs. Clyde Wilhide, Mrs. John Harner, Mrs. Ralph Shoemaker and Mrs. James Cushon served delicious light refreshments.

The leaders for next meeting are Mrs. Roy Baumgardner and Mrs. Henry Feeser. The ladies are to have their husbands as special guests next meeting. Gentlemen mark a ring around Feb. 14 on the calendar and be your wife's valentine. Be present, don't fail us.

Fellowship

Lesson for January 15, 1950

THE FIRST CHRISTIANS didn't have everything we have, but on the other hand they had one thing seldom to be seen nowadays. They did not have the New Testament, only the Old; they were not surrounded by an even partly Christian civilization; they had no centuries of Christian tradition; they had no world-wide Christianity, only a small knot of people in one small and out-of-the-way city, Jerusalem. On the other hand, for all they lacked, they had one great thing: Fellowship. We have it too, but too often in a weak and watery fashion as compared with what they enjoyed.

Dr. Foreman

Family Living

THE VERY FIRST Christians lived literally like a big family. This is all the more extraordinary when you think of the variety of their backgrounds. (Look up the list of places mentioned in Acts 2:9-10 on a map of Asia, Africa and Europe.) A good family is a unit.

If little Willie comes down with appendicitis, his parents don't get out the family account book and figure out how much Willie has been worth to the family, in dollars and cents, in his eight years of life.

Suppose they calculated that his services, such as they are—carrying in the wood, feeding the chickens, or what not—had been worth about \$23.75 since the last time he was sick, they wouldn't send little Willie to the hospital with the note to the doctor: "Please give our Willie \$23.75 worth of operation. That's all he has put into the family budget and that's all we're going to let him take out!"

Not by any means. Little Willie is taken to the hospital and whatever operation he needs, that is the one his parents want him to have, even if it costs 20 times what Willie has been worth in cash. The family give Willie what he needs, and they also expect him to help out in all the ways he can.

Church Living

ONE TROUBLE with our churches today is that so many of them have actually lost this family-feeling. The early Christians, we are told, "were of one heart and soul." Could you say of your church that all its members are of one heart and soul?

The early Christians, feeling thus close to one another, "had all things in common." What do the members of your church have in common? They meet in one place once a week. But what else? Do they even speak to one another? If one member of the congregation falls sick, do the others find out about it quickly, and when they find out, what do they do about it? If trouble comes to a member, do the other members rally around him?

Does the church say to its members, as the Salvation Army does of hard-pressed men, "You may be down but you're never out?" Some churches have a pastor's or deacon's fund, to be used in cases of need.

Contributors to the fund are as anonymous as are those who are helped by it. The idea is for those who are blessed with large income, or those who may have special windfalls, bonuses, extra dividends, big crops, and so on, to chip in for the aid of all who may run into trouble.

Not All Troubles Are Financial

NATURALLY, not all troubles are financial. Some of the most serious troubles have little or nothing to do with money. There are many other kinds of needs. For example, in any church there will be lonely people, and you can't cure loneliness with a check, no matter how big.

The minister is the key man, he can locate the needs, but he can't supply them all. Lonely people, those who have been through deep sorrow, men trying to find the right jobs, young folks in danger of serious temptation—a church which is like a family will not let these people fight their battles alone.

What we all need is the feeling that we belong. The church can make all the difference between despair and happiness simply by making every single person in it feel that no matter what happens to him, he still belongs; he is more than among friends, he is among brothers.

JANUARY 16-31

March of Dimes

THE SUPPORT of American newspapers in emergency fund drives to combat infantile paralysis is appreciated by the National Foundation for Infantile Paralysis. The 1950 appeal is scheduled for January 16-31.

Acting public relations director Dorothy Ducas expressed her thanks recently for aid extended by American newspapers during the 1949 polio epidemic emergency drive.

"It is gratifying to know that publishers realized the obligation of the National Foundation to inform the public of the grim facts of record incidence and overwhelming costs," she said. "Their assistance helped make it possible for us to fulfill that obligation."

The drive was a stop-gap measure to raise funds so that the National Foundation would be able to continue its help to infantile paralysis patients until the regular January March of Dimes. The epidemic last summer, expected to boost the 1949 toll to a record of more than 40,000 cases, wiped out the national epidemic aid fund of the National Foundation.

The epidemic emergency developed so rapidly that it was not possible to organize a full appeal staffed by volunteers.

"Although infantile paralysis is no longer on the front pages," Miss Ducas added, "the long and costly program of follow-up care and rehabilitation for this year's victims of the disease is continuing."

Vaccinations for TB

Vaccination is being used in a new program to further reduce the threat of tuberculosis in medical and nursing students at the University of Michigan subject to exposure to the disease. Dr. Norman S. Hayner, tuberculosis control officer at university hospital, said 58 medical and 46 nursing students had been vaccinated. The vaccine employed is a preparation of living bovine tubercule bacilli, he reported. The bacilli used to build up resistance to the disease have been grown on culture material over a period of years so that their virulence is greatly reduced. Use of this vaccine, known as BCG (bacillus of Calmette and Guerin), is recommended for use in student groups educationally exposed to tuberculosis by the American Trudeau society, Dr. Hayner said. The society is the medical section of the American Tuberculosis association.

AROUND THE TOWN
(Continued from First Page)

returning home from the meeting one night and was beaten unmercifully by six Gentile boys? The real story was brought out then on Television of the programme of "We The People" with the little fellow's Mother explaining it all and then saying, "Why should all this be?" Her husband died for you and me in that battle of "The Bulge" as a real Hero. That night on TV, a young man who had flown in from Scranton, Penna. to tell this Mother and the Public about her husband—his Buddy the sad story and that he offered his life first before any of the men and went forward and was killed!

A few weeks ago, I saw that famous Opera Singer, Mary Garden of years gone by on TV also on "We The People" and also heard her on "Welcome Travelers" radio. Her speaking voice still held it's charm but the TV had shown how very much she had aged. It was years ago when I heard her in "Carmen", "Thais" and "Salome" at the Metropolitan Opera House in Philadelphia. "Salome" was actually seen through all opera glasses in the hands of all the male listeners! Mary Garden was really the only Operatic star who was a real actress in fact at times, the Philadelphia newspapers would praise her acting and consider her voice secondary. The very first time, I visited Baltimore, I carried with me flowers that were presented to Mary Garden the night before and she gave them to my sister as they were friends and as a going-away gift, they were handed to me. That is the last time I ever heard Mary Garden.

Your Observer attended the antique sale down at Frizellburg which was most interesting. I was wishing I

could have remained all day. That auctioneer sure knows his stuff and how to put it across to the public to make it even more interesting. There were beautiful pieces of furniture which were auctioned off to the last bidder. For instance—a handsome Hutch cabinet for the sum of \$80.00. That was a real bargain! Am sure it had a unique story to it if it only could have talked. The auctioneer is

full of personality—plus! He holds these sales once monthly and lunch is served.
So long, Folks. Will be seeing you next week. Until then have a grand week-end and always remember if you say kind things today, you will have no regrets on the morrow! Be good and be careful.
I am, Faithfully,
YOUR OBSERVER.

BANKS ARE A NECESSITY

A bank is as much a part of the equipment of any business as its office furniture. Any business could keep all available funds in ready cash in the office, but the risk would be unwarranted. The same applies to individuals who keep money in their homes. For this and other reasons you need the services this bank renders.
