All communications for this department must be signed by the author; not for publication, but as an evidence that the items contributed are legitimate and correct. Items based on mere rumor, or such as are likely to give offense, are not wanted.

Mr. Charles B. Stunkle, Interior, S. Dakota, is visiting his cousins, the Misses Stunkle.

Mr. and Mrs. J. Stewart Claget returned home Wednesday from a 3 weeks trip to Florida.

Mrs. Margaret Bishop who was confined to her bed the past 10 days is now able to be up and about.

Dr. and Mrs. Wm. P. Bradley, Jr., and family spent Sunday in Baltimore with Mr. and Mrs. E. A. Campney.

Miss Betty Lynn Robertson, left by train late Thursday evening for several weeks visit with friends in Florida.

On Saturday evening Miss Margaret Shreeve will be host to the members of the Senior Choir of Grace E. & R. Church.

Mr. and Mrs. Daniel Naill and family and Mr. and Mrs. William Naill, visited friends in Littlestown and Gettysburg, Sunday.

On Wednesday, Mr. and Mrs. David Grossnickle and family, Frederick, visited their former minister, Rev. and Mrs. Andreas.

Harold Fair, son of Mr. and Mrs. Wilbur Fair, was operated on Monday morning at the Frederick Memorial Hospital.

On January 28, beginning at 10 a. m., the Church School class taught by Mrs. Carel Frock will hold a food sale in the Fire Hall.

Rev. and Mrs. Guy P. Bready and daughter, Mary Ellen Leh, of Lancaster, Pa., are spending a month at St. Petersburg, Florida.

Five days of the March of Dimes Campaign have passed. Give today before you forget it. Be thankful you and none of your family have been afflicted.

Mrs. Lyman Hitchcock had a growth removed from her wrist at the Annie Warner Hospital, Gettysburg, Thursday, returning home on Sunday.

Mrs. D. F. Snyder, Mrs. Russel Murray, of Hagerstown; Mr. and Mrs. Charles Murray, of Maugansville, Md., were guests of Rev. and Mrs. A. W. Garvin, on Tuesday.

Miss Millie Brown attended the funeral of her sister-in-law, Mrs. David Brown, at Westminster, on Tuesday. Others from town there were Mrs. Chas. Bostian, Alton Bostian and Mrs. Nan Dutterer.

Mr. and Mrs. Wilbert Hess visited with their daughter, Miss Estelle Hess, a student nurse at the Union Memorial Hospital, Baltimore, Sunday. In the evening they were supper guests of Mr. and Mrs. George F. Head.

Mrs. Merle Baumgardner and Mrs. Norman Baumgardner were hostesses to a "dessert" bridge party at Toney Inn, Tuesday evening. There were eleven tables. The ladies looked very lovely wearing pink and white carnations, gifts of the hostesses.

Richard, 3-year-old son of Mr. and Mrs. Ellsworth Feese, got his left arm, up to his shoulder, caught in an electric washing machine winder, Monday morning. X-rays showed that no bones were broken. Little Richard is getting along nicely.

Several years ago Mrs. William Naill made a dress for the Red Cross. She wrote a little note and signed her name and address. A lady in Austria received it and wrote her a note of thanks. Now for three years they have occasionally written each other. In Austria clothing is hard to get because of the "black market." Today, Friday, Mrs. Naill sent her a box of clothing.

At the meeting of the Women's Missionary Society of the Lutheran church, on Wednesday evening, a picture produced by Lutheran World Action was shown in connection with the living conditions of the refugees of the war stricken countries and of what is being done to help them. SERVICE CLUB MEETS

Kiwanis's 35th Anniversary Observed

At the regular meeting of the Kiwanis Club of Taneytown which was held at Taney Inn recognition was given to the accomplishments of the 35 years of existence of Kiwanis International.

The meeting was called to order by President, Lewis Crumpacker, who after making several announcements, one of which concerned the coming convention which is scheduled to be held in Miami, Florida in June of 1950, turned the meeting over to Kiwanian Elwood Baumgardner, chairman of the Education and Fellowship Committee. Kiwanian Baumgardner introduced the speaker for the evening who was Mr. Robert Bagshaw, a past president of the Hanover Kiwanis Club.

It seems that 10 years ago at a similar celebration Mr. Bagshaw had the distinction of speaking before the local Kiwanis Club at one of its early meetings. Mr. Bagshaw at the outset of his talk stated that he did not propose to give a history of the organization and its accomplishments but rather to point out a few highlights of Kiwanis as to what it does and should mean to its individual members as well as the community as a whole. He stated that the organization was begun in 1915 in Detroit, Michigan, having as its slogan, "We Trade". Since that time Kiwanis has spread by leaps and bounds and has become International in its scope having approximately 3,000 clubs scattered throughout the United States, Canada, Alaska, Hawaii, and the Yukon territory.

In 1919 Kiwanis established as its motto the slogan "We Build" and it is upon this that Mr. Bagshaw built his talk.

He stated that the success of Kiwanis was no doubt due primarily to the unselfish spirit of growth which surrounded the many constructive projects, ideas and activities issuing from and having been accomplished as a result of the fine spirit of cooperation of Kiwanians throughout the organization. Mr. Bagshaw went a step further and suggested that we might be thinking now in terms of an amended slogan which he would suggest as "We Preserve." He stated two outstanding things which are seemingly quite obvious in our present American structure.

The first that security and security alone is being held up as the goal and objective of all major enterprises.

It was Mr. Bagshaw's thought that this was being built up too much. Quite naturally we want security but it seems that it is being accomplished and attempted at the expense of the destruction of individual initiative. That is to say that in the present welfare state as being discussed in our legislative branches in Washington it is seemingly taking out whatever initiative "Mr. Average Individual Citizen" might have or desire to develop.

The second thought was that we should endeavor to soft pedal the idea of the common man and think just as thoughtfully of what he termed as "the uncommon man." The thought being that the progress of the world to date, and in this country in particular, has been made or accomplished by the efforts of individualistic, progressive citizens, or uncommon men, men who were as he described it, living to their capacity.

With these challenging thoughts Mr. Bagshaw concluded his inspiring talk. Next week's meeting will be in charge of Robert Polley chairman of the Publicity and Business Affairs Committee, who will have as the speaker State Senator Stanford Hoff.

FATHER AND SON BANQUET HELD

Mr. Ernest Dunbar addressed 120 fathers and sons and guests at Trinity Lutheran Brotherhood's second annual fathers and sons banquet held in the Sunday School room of Trinity Lutheran Church, on Thursday evening.

Mr. Dunbar choosing an appropriate theme "A Pattern of Life" stressed the points of "The Sermon on the Mount and Brother, Father and Mother love."

Pastor Glenn Stahl gave the invocation.

The banquet which was in the form of a covered dish social proved quite bounteous. The menu consisted of roast beef, baked ham, baked beans, cole slaw, peas baked macaroni, potato salad, peaches, carrots, celery, pickles and olives. Dessert consisted of coffee, cake and ice cream.

The dinner was served by the girls of the Luther League.

The refreshment committee was composed of Luther Luckenbaugh, Glenn Reeve, Alvin Bair and Percy Putman. Table committee, Kenneth Smith and Lester Kidd.

In the program that followed Kenneth Shorb as toastmaster introduced Maynard Barnhart a Seminary student; Harry Dougherty, Jr. and Fred Clingan presented "O Solo Mio," on clarinet and trumpet accompanied by James Fair at the piano; Wayne Baumgardner in a piano solo played "Softly as in a Morning Sunrise" and 12 o'clock waltz.

Clyde Hesson Trinity's first Brotherhood president related on the progress of the Brotherhood.

The Brotherhood Chorus under the direction of Henry Reindollar accompanied by Harry Reindollar sang "John Peel," "Smoke Gets in Your Eyes" and "Sylvia."

Franklin Fair introduced the speaker Mr. Dunbar. The program ended with praying of the Lord's Prayer.

NATIONAL ANTIQUES

MAGAZINE INC.

Company Being Formed of The Spinning Wheel

Articles of incorporation were filed with the State Tax Commission for the Spinning Wheel Publishers, Inc., Taneytown to engage in the publishing business. Capital stock is 60,000 shares, par value \$1 per share.

The first issue of The Spinning Wheel was published in January of 1945 to fulfill the need of a good, wholesome magazine for antiques dealers and collectors. After two years the publication outgrew its tabloid format (the first three issues of which were printed by The Carroll Record) and was converted to magazine form. Due to the necessity of more elastic printing facilities, the printing was transferred to Hanover, Penna., in April of 1945.

Completing the fifth year of publication, The Spinning Wheel is now being circulated to more than 22,000 persons each month, both in the U. S. A. and foreign countries. It has recently been afforded membership in the National Association of Magazine Publishers, an organization with rigid membership requirements. It is reported that The Spinning Wheel ranks among the top three of its five competitors, two of which have been published for more than 25 years.

Recently job printing equipment was installed in the publication's local offices to fill the need of an excessive amount of promotional work in its production.

Marjorie M. Smith, editor-publisher, when asked to what the exceptional growth and popularity of the publication could be attributed, replied, "Primarily, a lot of hard work and good care, similar to that one would give an infant in hopes of seeing it grow into a commendable maturity. Secondly, understanding—a thorough understanding of the trade we service, so that through the magazine they can be enabled to buy and sell with more aplomb, by being better educated and more currently advised on matters affecting their business—as well as an equal understanding of the collectors' needs and problems, to further the final end of establishing a more satisfactory relationship between the two."

Taneytown can be justly proud of being the "mother" location of The Spinning Wheel whose offices are visited repeatedly by collectors from Maine to California. Not only has it offered the community an interesting occupation for some of its residents, but has also been partly responsible for the growth of its post office.

PARK ASS'N MEETS

Plans Made for the Future of Taneytown's Project

A small but enthusiastic group of the members of the Taneytown Recreation Association, Inc., met in the Municipal building last (Thursday) evening, President Robert Smith, presiding.

The financial report of the Association was explained by the president; there being a healthy balance left in the treasury following a year of intensive activity. Two major projects of the park, the purchase of the ground and its grading, were completed last year.

Many new plans were considered for the future of Taneytown's Park. Among them were amusements for children such as sliding boards, swings, etc., fireplaces for picnic parties, the planting of trees and a grandstand. Mr. Raymond Perry, President of the City, promised the installation of a supply of town water for the park's needs.

The four out-going Directors were selected to serve the Board for three years. They were Robert Smith, Don Webb, Delmar Riffle and Raymond Perry. The officers of the Association are President Robert Smith, Secretary, Don Webb and Treasurer, Roy Carbaugh. The present membership is 325.

T. H. S. ALUMNI BASKETBALL

Recently the Boys Alumni Basketball team was reorganized, under the sponsorship of the Alumni Association and they will make their first appearance of the season to the hometown fans on January 24, with the Taneytown High School boys team under the coaching of Mr. Bart Norman in the High School Auditorium.

Coach John Harner, Jr., reported to the Alumni Association that the boys have made a good showing in practice and believes that they will have a team worth watching.

The Alumni girls have formed a team also and will play on the same night as the boys, thus promising a full evening of good basketball.

Jan. 24, at 7:30 p. m. will set the scene for these two games in the high school auditorium, so if you are a basketball fan let us all turn out to back our Hometown teams.

DISTINGUISHED VISITOR COMING TO TANEYTOWN

Dr. Walter R. Cremeans, general Presbyter, and Executive of the Baltimore Presbytery, will come to Taneytown next Sunday. He will preach in the Piney Creek Presbyterian Church at 9:30 a. m. and in the Taneytown Presbyterian Church, at 11 a. m.

Dr. Cremeans is recognized as one of the foremost religious leaders of our day. As a statesman of the church his services are widely sought in the councils of religious leaders. He is not only the Executive of the Baltimore Presbytery but also gives part of his time to the New Castle Presbytery. He also serves the Synod of Baltimore, the Board of Christian Education, the Board of National Missions, and other executive responsibilities of nation-wide extent.

Next Sunday will be Dr. Cremeans' first visit to Taneytown in a long time. Those who have heard him will look forward to the pleasure of his coming again.

TANEYTOWN ROD AND GUN CLUB TO CELEBRATE ITS MORTGAGE BURNING

On January 27, 1950, at the regular meeting of the Taneytown Rod and Gun Club, the President will call upon Charles Baker, the Fire Chief to preside over the mortgage burning ceremony. Also to observe this occasion the club is planning to show a thirty minute movie on wild life and serve refreshments afterwards.

This meeting is open to all who are interested in wild life, or who are interested in becoming a member of the club.

The Taneytown Rod and Gun Club is to be commended; for through the cooperation of its members and leaders, it has successfully completed the project undertaken a year ago.

WINS IN CORN CONTEST

H. W. Berrick, Frezellburg, has won the 1949, De Kalb corn growing contest for Carroll County, with an official yield of 133-21 bu. shelled corn per acre, and was second in the state.

CELEBRATES 50th WEDDING ANNIVERSARY

Mr. and Mrs. Richard Kesselring, George Street celebrated their 50th wedding anniversary at the home of their niece and nephew, Mr. and Mrs. Charles Rohrbach, Saturday evening, Jan. 7, 1950.

Mr. and Mrs. Kesselring were married Jan. 7, 1900 by the Rev. William Ehrhart in the Lutheran Parsonage at Silver Run, Md.

MARCH OF DIMES

DRIVE IN PROGRESS

Contributors are Asked to Double the Amount This Year

Taneytown district, as well as the districts in Carroll County have been urged to double their March of Dimes 1950 campaign funds in order to continue the work of the chapter. The case of Beverly Ann Miller, daughter of Mr. and Mrs. Willbur Miller, was given prompt attention since the child was admitted to Sydenham Hospital, Baltimore and then later removed to the Kernan Hospital where she is a patient.

A visit was made to the home of the child by the county chairman, Mrs. Gladys M. Wimert, Westminster, when the child was removed to Kernan's Hospital and phone inquiry was made before with the family, to inquire if there was anything more the chapter could do and to assure the family that where persons are unable to pay hospitalization, the chapter carries on that work with funds it raised each year for the March of Dimes.

The bills from the hospital in the case of Beverly have been sent direct to the Carroll County Chapter from Sydenham and from Kernan and checks in the amount of \$339. No bills from either hospital have been sent to the family. The chapter has carried out the purposes for which it was organized some years ago.

There seems to have been some confusion in the help given by the chapter in this case, and this communication is sent to the paper to help clarify the situation and show to the people of Taneytown as well as the county, that the chapter has and does work promptly and efficiently in these polio cases.

The Carroll County chapter spent in 1949 on its cases \$1755.40 in addition to giving \$500. to the emergency fund for the 1949 epidemic of 42000 cases, the worst in the history of the county. They were \$659.75 of the drive last year sent to the National Foundation to carry on the research and laboratory work. The chapter now has \$2040. on the savings or emergency fund and only \$1384. on the checking account.

Unless the drive is successful the county chapter will not be able to carry on its work, and unless the drive is supported as to the National Campaign then national funds will be limited. The foundation is so set up to help every one who is stricken because citizens share in the support by giving to the March of Dimes. Where only individual help is given a case, there can be no help for any one else, that is why the March of Dimes is county, state and nation in scope is designed to help every child or adult. The funds raised are for every child not just one child.

The district chairman, Mrs. Margaret Nulton, and the county chairman, are appreciative of the assistance given the campaign so far, and urge a full support for 1950. The chapter stands ready to assist whenever called upon to do so.

P. T. A. MEETING

Supt. Samuel M. Jenness spoke at the P. T. A. Association meeting held last (Thursday) evening in the H. S. Auditorium, President Howell B. Royer, presiding.

Mr. Jenness spoke on the plans of the new elementary school building that is being built on the Uniontown road.

A question and answer period followed Mr. Jenness' speech and the patrons of the school discussed many things of interest to the schools in Taneytown. One of the principal discussions was the need of a side walk from Baltimore street to the new school building.

Refreshments were served, following the meeting, by the third grade room.

ADDITION TO LAW FIRM

The law firm of Brown & Shipley, of Westminster, Md., announces that Edward O. Weant, Jr., of Westminster, has become an associate of the firm for the general practice of law.

Mr. Weant is a graduate of Western Maryland College, attended the Harvard Graduate School of Business Administration, and received his law degree from the University of Maryland, School of Law, in June, 1949. He was admitted to the Bar by the Court of Appeals of Maryland last November. During the war Mr. Weant served with the Army in the Pacific, and held the rank of Captain at the time of his discharge in 1946.

He is the son of the late Edward O. Weant, a former member of the State Tax Commission, and for many years a leading member of the Carroll County Bar.

AROUND THE TOWN

With all my heart, I wish you every morning a smile that shall last until the next day's dawning.

I wish you health—life's greatest wealth!

I wish you always near so that I may help to cheer

Each future day and in some way—help to bring you happiness!

The day is a frightfully foggy one that the farm on either side is not visible. Bread is being baked and that wonderful aroma fills the house which always makes any house seem home!

Just before Christmas was in the fur department of a store talking with a friend who is buyer of that department

THE SEASONS

We used to read in the Hagerstown Almanac "January brings the snow, makes the face and fingers glow." This January, thus far has brought no snow here where I live. Perhaps others are having their share and ours also, a half century ago when I was a young man while riding out on the B. and O. Railway I fell in with an elderly companion who had a peculiar theory of weather. He claimed there was exactly so much heat and so much cold about the earth and that when it was oppressively hot at one place it must of necessity be correspondingly cold at another. If that be so some other place must be having pretty cold weather now.

Scientists tell us that the coldest place on or about earth is a belt about 12 miles above earth at the Equator. Maybe the makers of the calendar mis-calculated and the seasons are moving forward. We used to look for flurries of snow in November and deep snow in December. It was then considered unlucky and not healthful to have a green Christmas.

As Mark Twain once remarked, "We all talk about the weather, but nobody seems to do anything about it."

We have had plenty of rain. That should make good crops next year. So let's quit grumbling and be thankful.

WHO'LL BE THE NEXT PRESIDENT

The Republicans have moved forward in the past two years and it seems to be perfectly plain that they have agreed on Senator Taft of Ohio as the strongest man to nominate for President in the next National election. Taft squelched the Truman plan to repeal the Taft-Hartley labor act. Truman is still shouting for that repeal. That's where Taft won the first round in the next Presidential election. There is talk of Eisenhower running but the chances are that he will step aside for Taft.—National Industries News Service.

CHRISTIAN RURAL OVERSEAS PROGRAM

Canvassers are hard at work throughout the states of Maryland and Delaware making farm-to-farm canvasses for CROP—the Christian Rural Overseas Program. In the next few weeks, food producers in this area are being asked to contribute a total of 40 carloads of foods for shipment to the hungry people of Europe, Asia and the Middle East.

Local farmers are being called on to contribute grain, apples, livestock, poultry or poultry products, milk or allotments from milk checks, or any farm products that they wish to give. In making contributions, farmers can designate the church group that they want to handle their gifts.

CROP is jointly sponsored by Church World Service, Lutheran World Relief and Catholic Rural Life; and all contributions made in this area will be gathered together for carload shipment to ports. The boatloads of foods will be handled by established church organizations, and all distribution abroad will be done through the church authorities. In this way those who contribute to CROP can be sure that their gifts reach the proper people—and are not taken over by foreign governments or permitted to get into the black market.

CROP is doing two big jobs at one time. It is collecting foods for those who need them most in foreign lands—and it is relieving farm surpluses here at home.

All who wish to participate in the farm-to-farm canvass, or make special contributions to CROP are urged to contact their local church or the County Agent's Office for special information.

COUNTY ROAD IMPROVED IN THE LAST THREE YEARS

Maryland's accelerated highway program in Carroll County included 18 projects covering 20 miles of new or improved roads in the last three years with a total cost of \$2,768,704 according to an end-of-the-year survey of State Roads Commission records.

That mileage-and-money total represents projects completed, in progress, awarded, or advertised between January 1, 1947 and December 31, 1949.

Three projects were in progress in the county on January 1, 1947 and their total cost, \$602,702, is included in the over-all summary for the three year period. These jobs included new paving for U. S. Route 140 from the Baltimore county line to the Finksburg road, \$430,374; resurfacing the road from Bachman Mills to Melrose road, \$106,564 and new macadam surfacing for the road from Meadow Branch to the Taneytown-Uniontown road, \$65,764.

The major project in the 1947 program was the resurfacing of the road from Taneytown to the Trevanion at a cost of \$69,911. This, plus other work done by State Roads forces in the county, brought the total for 1947 up to \$74,858.

The program for 1948 included the widening and resurfacing of 6.2 miles of highways in the county and the expenditure of \$290,037. The principal project in that program was the widening, plus the relocation of several bad curves, of U. S. 140 between Union Mills and the Pennsylvania State line at a cost of \$126,387.

The last half of 1949 saw the award of contracts on two of the largest road jobs in Carroll County's history. These were construction of a dual highway along U. S. Route 140 from a point west of Finksburg for 3.5 miles toward Westminster, \$1,233,879, and widening, resurfacing and curve modifications on Maryland Route 27 from Westminster for 5 miles toward Taylorsville, \$563,777. Work done by State Roads Commission forces during the year added \$3,451, to the 1949 total for the County.

The Commission's program of projects to be undertaken in 1950—which will be the third full session under the accelerated program—will be announced in the near future. The state-wide total for this program is expected to be in the neighborhood of \$42,000,000. The Commission announced a \$40,000,000 "must" program for 1948 but fell short of that total by some \$4,000,000. With a similar total set for 1949, the Commission's performance record, however, shows a total of some \$56,000,000 worth of work awarded, in progress or advertised—more than enough to make up the deficiency in the 1948 performance and send Maryland into 1950 well ahead of schedule on its highway construction program.

ROADS UNDER CONSTRUCTION

A contract to improve 5 miles of Maryland Route 27 with a cost authorization of \$563,777 was awarded by the State Roads Commission at its final session for 1949. Thomas, Bennett and Hunter, Inc., of Westminster were the successful bidders for the job.

The project consists of grading, draining, and widening of several sections of the road plus the construction of several relocation sections. The portion to be improved begins at the southern limits of Westminster and extends south toward Taylorsville.

The Commission set an all-time record at its final 1949 session by awarding contracts totaling \$13,447,900. This brought the total awards for the year to \$56,123,549, exclusive of the Chesapeake Bay Bridge contracts, which, because that project is being separately engineered and financed, are not considered part of the regular highway program.

The 1949 highway awards cover the construction of 97 miles of new roads and the improvement by widening and resurfacing of 171 miles of primary roads and 13 miles of secondary roads.

The total work placed under contract in 1949 represents an excess of approximately 40 per cent over the \$40,000,000 goal set by the Commission at the start of the year.

G. A. S. ANNUAL MEETING HELD

Service Report Given by the Director

The twenty-fifth annual meeting of the Carroll County Children's Aid Society took place at the Charles Carroll Hotel on Monday, January 9, at 1 P. M. Luncheon was served to officers, District Chairmen, Board Members and guests who were in attendance. Miss Bonnie M. Custenborder, director presented her annual service report a copy of which follows:

Our service to the people of Carroll County are given through two different divisions.

Family Division: Our family division assists people with their personal and domestic problems which they are not able to work out alone, such as marriage difficulties, behavior of children and home management. We provide service to families in cases of illness of the mother or when special needs arise such as eviction from a home or desertion of a parent.

The Family Division is the means of preventing family break-down. The more effective and wide-spread our service to families the more children who will be able to remain in their own homes. In the year 1949 the number of families served by our agency amounted to 52 with 163 children involved. The reason being caused by illness of a parent, desertion, separation or divorce, domestic difficulties, neglect, unwed mothers, paroled persons and financial problems.

Neglect and desertion were the causes of 18 cases being referred to the Children's Aid. In one instance a motherless 15 years old girl was found taking care of four babies and 2 or 3 young children while the housekeeper worked away from home. The girl's father beat her severely and kept her home from school to do the housework and care for the children; as a result of an investigation the girl was allowed to go to live with a married brother; she was provided with glasses, had dental work and tonsil operation; is attending school and leading the life of a normal teen age girl. The mothers of the babies were instructed to take them home and to take care for themselves.

In another case the alcoholic father deserted the family and the mother worked away from home leaving the children alone through the week; they did not get enough to eat besides being afraid at night; when the mother was contacted she made arrangements with a relative to take them in her home; there the mother can board, too, and help to care for the children, which she is really interested in doing.

Because of the number of employable persons without jobs, there have been more calls for relief during the past year. This presents a serious situation since our budget is not set up to take care of these needs and the other local agencies cannot provide for all these families.

Children Division: In our children division last year we provided foster home care for 59 different children. It is interesting to find that 23 of those children came from homes broken by separation or desertion, 14 were accepted because of neglect, 13 were accepted because of sickness or death of a parent and 9 are the children of unwed mothers.

A total of 33 applications were handled for the study of foster home placement. After careful consideration 14 of these children were accepted; 12 children remain with parents or relatives and 7 need further study before a decision is made, 5 of those accepted needed only short time care while 2 are eligible for adoption and the others will need long time foster care.

The number of children released from our care in 1949 amounted to 18 or just 4 more than the number of new cases accepted. 9 of these children returned to their parents, 4 became self-supporting and no longer needing supervision, 1 died of a heart condition, 2 were placed with other agencies, and 2 were adopted.

All of the children had routine physical examinations, dental visits at least once a year, 7 were fitted with glasses. The children are provided with medical cards while some of the doctors and dentists give their services as their contribution to the C. A. S.

Financial help was received from 50% of the parents; 1/4 have died or are not able to pay and the remaining fourth are too indifferent toward their responsibilities.

After occupying one office for 18 years it became necessary to move when the building was sold. We are now located in the Albangh-Babylon building. Our junior case worker resigned in December and we are fortunate in having Mrs. Robert Scott again as a part time worker until a new worker is secured.

Our thanks go to the people of Carroll County who provide the major part of our income; to the County Commissioners for their appropriation toward the board of the children; to the individuals, service clubs and all others who cooperate so well in meeting the needs of these foster children and troubled families.

Respectfully submitted,
BONNIE M. CUSTENBORDER,
Director

New Plymouth Special DeLuxe Club Coupe

The Plymouth Special DeLuxe Club Coupe, one of nine new models, is shown above. The car contains important styling changes and improvements for safety and comfort. Its high compression engine and many mechanical features provide lively, economical performance.

**Plymouth Has New Look
Both Coming and Going**

The 1950 Plymouth car, with important styling changes and improvements for safety and riding comfort, will go on display in dealer showrooms throughout the country January 12.

There are new lines in the silhouette which give the new Plymouth a longer, lower, more streamlined appearance. The changes are readily apparent whether viewed from front, rear, or side.

Rear fenders, which are bolted on for economical removal in case repairs are necessary, have been styled and lengthened. A larger rear window on club coupes and four-door sedans, slightly greater over-all width, and alterations on the rear deck provide a longer, heavier, road-hugging appearance for all models. The grille has been simplified and made more massive. It consists of two large horizontal bars with a single vertical bar at the center. Above the grille the Plymouth name plate appears in larger block letters, and a bigger, more colorful medallion has been placed over the name plate.

Described as "Packed with value

and ready to prove it," the new Plymouth was characterized by D. S. Eddins, president of Plymouth, as "The greatest car value we have ever offered the public."

"When we speak of value," Eddins said, "we mean that we have combined beauty with sensible styling, that we have achieved big-car performance with small-car economy, and that the mechanical excellence of which we have always been proud has maintained its high level."

The front and rear tread have been increased, a factor which increases stability, eases tire loading stress on curves, and enhances the car's general appearance. Thirty-two per cent larger than on previous models, the new rear window increases visibility and its lines blend into the car's new streamlining motif. The window is set in a newly designed locking rubber seal.

There are larger bumpers on both front and rear. In addition to providing greater protection for the grille, rear deck and fenders, the bumpers add materially to the general appearance of massiveness.

The theme of simplicity which has been carried out in the medallion and name plate on the front has

been continued in the ornamentation of the rear deck. The block-letter name plate, the license plate light ornament, the license plate recess, and the T-shaped luggage compartment handle are styled to accent the car's low, sleek lines. Combination tail lights and stop lights are set into each rear fender.

The redesigned instrument panel provides new backgrounds of transparent gunmetal on spun aluminum for the gauge dials, speedometer, radio dial, and clock. The gunmetal finish is also used on the radio grille screen. There are larger rotary switch knobs which are easier to operate.

Features for performance, comfort and safety which were previously introduced in the Plymouth line have been retained. The car has characteristic interior roominess, a ample head and leg room, and wide, deep chair-height seats. The six-cylinder, 97-horsepower engine has a 7 to 1 compression ratio. The combination ignition and starter switch, automatic electric choke, super-cushion tires, safe-guard hydraulic brakes and safety-rim wheels are among the "high-priced car" features contained in the new Plymouth.

FEESERSBURG

Under the supervision of the physical education teachers, Miss Weiford and Mr. Bubrick the pupils of the Elmer Wolfe School gave a fine performance Monday evening in tap dancing, tumbling and acrobatic stunts when the regular monthly meeting of the P. T. A. was held. The parents, teachers and friends of the school sat through an hour and a half of enjoyable entertainment without a murmur of disapproval; in fact by their applause they were eager to see more of the physical education departments work. This will be possible when the school holds its Athletic Jamboree in the spring. The short comedy skits presented during the program were greatly enjoyed as was the singing by Miss Caroline Baker and Stenril Cheeks. Mrs. Arintha Marsh was conspicuous by her absence because of illness. For the past several years she has been the guiding force in giving such fine programs and instilling in the parents and teachers the incentive to build a progressive P. T. A. The entire community has appreciated her unselfish devotion to her profession and hopes that soon she will be back again at Elmer Wolfe, doing the things she loved to do.

The Rev. Andrew Theisz, Mrs. Theisz and daughter, Priscilla, were supper guests of Mr. and Mrs. David Miller last Tuesday evening. Mrs. Frank Martin and her mother Mrs. Raymond Buffington spent Wednesday with Mr. and Mrs. Lester Buffington at New Windsor. The first prominent citizen to die in 1950 was Gen. Henry H. Arnold, who died of a heart attack Sunday "Hap" Arnold who was 63 had been in precarious health for some time. As a matter of fact in 1944, he had been advised to retire from his important war time post as chief of the National Air Forces for physical reasons. But he decided to take his chances with the rest of the soldiers and went back to duty.

Among the resolutions passed by the Farm Bureau last week at its state convention in Baltimore was one asking that no more displaced persons be admitted to this country. The Maryland farmers went to a lot of expense to fix up homes for these people and after staying only a short time they left for the city. The blame does not rest entirely on the displaced person. For some reason persons without any knowledge of farming were admitted under the pretense that they had been farmers in their own country. But the truth of the matter is the real farmers or peasants as they are called were content to stay in their own country and see the bad times through. The people who came here as displaced persons were from the lower middle class—either having a trade or belonging to some profession. Most of them had never seen inside of a barn. Their ideas about America had been formed by reading too much "Chamber of Commerce Literature" or by "Hollywood movies." What they expected was not hard work (for one of them said, "American farmers work too hard and too long hours"), but a life of leisure. The idea behind the displaced person program is sound but it's the method screening that is wrong. The war prisoners were ideal farm help and many of them wanted to stay and even after they returned to their homeland, many persons in Maryland received letters from them asking to return here because they liked the Maryland people and the farm land. They were displaced persons too for many returned to find home and family gone. And the important thing is they were the type of person America needs—one that isn't afraid of hard work. England was smart enough to keep the ones that wanted to stay but we sent our home and brought over displaced persons who turned out to be displaced persons.

It should not be too long before colored television sets will be on the market. Last week they had a showing of one and the opinion of all that saw it was "marvelous" and "spectacular." Each week brings some improvement in the black and white sets so the public may look forward with eagerness when they can sit at home and enjoy all the wonders of the world through television and in natural colors. Imagine what this will do to our way of living! Just the other day I heard a woman say she couldn't get anyone to attend a committee meeting for they all wanted to stay home to watch television. It's a good sign! Maybe the members of the family will get acquainted and remember each others first name, at least.

Mr. and Mrs. Roger Roon have just completed a new enclosed porch to their home. Nothing we learn in this world is ever wasted, and I have come to the conclusion that practically nothing we do ever stands by itself. If it is good it will serve some good purpose in the future. If it is evil, it may haunt us and handicap our efforts in unimagined ways.—Eleanor Roosevelt.

The bush on the south side of our house which has put on its spring dress in a hurry, will find that green is not the color they are wearing so early. Yes—you have guessed it. There is no news and I am filling up the column with some more of that "stuff" as some of the readers call it. But it's your own fault. Why don't you call in your interesting news? A generous collection was received Monday evening at the P. T. A. meeting. It amounted to \$23.35.

Mrs. Arintha Marsh is able to see visitors now and looks forward to seeing her friends and neighbors. To anyone use to an active and full life, being a shut-in is a trying ordeal. Mr. and Mrs. Cleon Wolfe attended a surprise birthday party given in honor of Mr. Raymond Edwards in Frederick, Tuesday evening, who celebrated his 35th birthday. Mrs. Bessie Jones returned to her home in Bark Hill after spending three weeks with Mr. and Mrs. Walter Crushong, at New Oxford, Pa. Life may begin at 40, but to many it's the beginning of the end.

HARNEY

Mr. and Mrs. Philip Mummert were among the invited guests to a dinner given at their daughters, Mr. and Mrs. Cline, Hanover. This dinner was given honoring their son who has been discharged from the U. S. Army. The house of Mr. and Mrs. Thompson the former Frank Waybright farm was damaged on Monday by smoke, water and fire. The Littlestown and Barlow Fire Co. did their part in saving the house. The interior was badly smoked. Two families occupied the house, and they claim a \$5000 lost covered by insurance. The cause seemed to have been defective wiring. Word was received here last week of the death of Luther M. Slagle, 81 years of age of Lynwood, California. Luther was the oldest son of Martin Slagle his mother was a sister to the late Dr. Kemp, of Uniontown and Littlestown. He leaves a wife, two children and one sister, Mrs. Nettie Sell, of West Haven, Conn. and two half brothers, Murrey Slagle, Hampstead and Nevin, York, who's mother was Ritter. Luther and wife made their last visit to relatives and friends here 16 years ago. Before leaving for California over 55 years ago he clerked in the S. S. Shoemaker store. His death was caused by being run down on the street near his home by an auto, dying next day.

Mr. and Mrs. Elmer LeGore had as their Sunday evening dinner guests, Mr. and Mrs. Kenneth Myers and son of Hanover. Services in St. Paul's Church next Sabbath, sermon, 9:15 by Rev. Chas. Held, S. S., at 10:15. Mr. and Mrs. Robert Orner, Emmitsburg, visited his parents, Wednesday evening, Mr. and Mrs. Dewey Orner. Mrs. Ella Cornell who has been ill at her home with her son, John, near Harney, was brought to the home of her daughter, on Saturday. Mrs. Holland Weant, husband and son who will take care of her till she recovers.

Mrs. Olivia Witherow, of Avon, N. Y., spent some time last week, with her parents, Mr. and Mrs. H. J. Wolf and visited relatives and friends. Mrs. Witherow, son John and son William, of N. Y., were also recent visitors in his grandparents home. Mr. and Mrs. Chas. R. Snider and daughters, Peggy and Anna and Miss Bettie Miller, Gettysburg, R. D. 5 visited Sunday afternoon with Mr. and Mrs. Wm. A. Snider. The Ladies' Aid Society of St. Paul are planning a party for the Brotherhood of the Church, Jan. 19 in the Parish House. Committee chairman, Mrs. Chas. Held, Mrs. Chester Moose, Mrs. George Clabaugh, Mrs. Clarence LeGore. Men don't forget the date.

Mrs. Hannah Eckenrode left Harney, Dec. 9 to go to her son, Quintin for a 10-day stay and has been there since, held there by sickness of her daughter-in-law. Now she is quite anxious to get back to her home, church and friends here. She will celebrate her 70th birthday, Jan. 24. Will those of S. S. Class, Aid Society or any of her friends send her a birthday card, who care to, 1304 1st Road, Baltimore 20, Md. Terry Reynolds celebrated his 3rd birthday with a party on Sunday evening. Those present were: Mr. and Mrs. Glenn Reynolds, Mr. and Mrs. LeRoy Redding and daughter, of Arendsville; Anna Mary and son, Michael; Mr. and Mrs. Carlin Reynolds, Westminster; Mr. and Mrs. Raymond Strickhouser and daughter, Minerva Jean, Gettysburg; Mr. and Mrs. Charles Smith and daughter, Peggy Jo, Taneytown. Terry received

many gifts. Refreshments were served. Don't forget the big party to be held at the Barlow Firemen Hall, on next Thursday night, Jan. 26, at 8 P. M. Sponsored by the local V. F. W. Post Auxiliary. Come and spend an enjoyable evening. Nice prizes will be given. Mr. and Mrs. Donald Feight, Everett, Pa., spent some time Sunday evening with Mr. and Mrs. Harry Angell and Vaughn Peck. They were accompanied home by Mrs. Angell who had spent the past week in Harrisburg, Steelton, Breezewood with relatives and attended the big farm show. At the close of the S. S. hour in St. Paul's church last Sunday, Rev. Held installed the officers for the year 1950. A congregational meeting was held at St. Paul last Sunday morning when the report of the business transaction of the church, S. S., Aid Society and cemetery reports was given by Rev. Held for the year 1949. It was then decided to hold the 60th anniversary of St. Paul's Lutheran Church some time in year 1950. The constitution of this church was adopted March 7, 1890, the anniversary will probably be held in August, 1950. The churches goal will be to redecorate the interior of the church and to put chimes in the tower before the anniversary.

FRIZELLBURG

A very pretty wedding was solemnized in Emmanuel Baust Lutheran Church, on Sunday afternoon, at 3:30 o'clock, when Miss Margaret R. Hess daughter of Mr. and Mrs. Raymond G. Hess, Taneytown, became the bride of Richard E. Haifley son of Mr. and Mrs. Raymond E. Haifley, Frizellburg. The double ring ceremony was performed by the Rev. Andrew F. Theisz, former pastor of the Uniontown Parish, Mr. Harris Frock sang "I Love You Truly" and "O Promise Me" and was accompanied by the church organist, Mrs. Martin Koons, Taneytown. She also played preceding the ceremony and the traditional wedding marches. The bride was given in marriage by her brother-in-law, Mr. Daniel F. Bair, Littlestown. She wore a street length dress of toast brown with brown accessories and a corsage of white orchids. Her only jewelry was a strand of pearls, the gift of the groom. She was attended by Mrs. John P. Donofrio, Westminster. The groom had as his bestman, John P. Donofrio. The ushers were William Reicher, Jr., Baltimore, and Merle Neiderer, Taneytown. A reception was held in the parish house of the church following the ceremony. They left later in the afternoon for their honeymoon to Houston, Texas. For her going away costume, the bride chose a three piece green gabardine suit with brown accessories. They will make their home for the present with the groom's parents in Frizellburg. The bride attended Taneytown High School and is employed as a sales clerk in the Endicott-Johnson Shoe Store, Westminster. The groom graduated from the Taneytown High School, is a veteran of World War II and is associated with the Haifley Brothers' Contractors.

Mrs. Sterling Zimmerman, Westminster, was hostess to the Women's Missionary Society of Emmanuel Baust Lutheran Church on Wednesday evening, January 11, with Mrs. Edward Haifley as the leader who had prepared an interesting program on the topic, "Love's Working Arm." The Scripture lesson was read from Matt. 25:34-40 followed by prayer. The lesson topic were displayed on large posters and were read by the following members: Orphaned Missions, Mrs. Martin Koons; Service to Armed Forces, Mrs. Harold Shorb; Religious Literature, Mrs. Clarence Master; Prisoners of War, Mrs. Edgar Strevig; Physical Relief and Rehabilitation, Mrs. Delmar Warehime; Rebuilding Churches, Mrs. Paul Warehime, Clothing for our Church Workers, Mrs. Vernon Zimmerman; Displaced Persons, Mrs. Walter Myers. During the program hymns "Love Divine" and "A Mighty Fortress is Our God" was sung. After the closing prayer, Mrs. Delmar Warehime conducted a lengthy business session. A thank you note was read from Mrs. Glenn Haines for the baby gift and fruit she received from the Society, also one from Mrs. Raymond Haifley for cards and fruit she received while a patient in the hospital. Mr. Arthur Master was remembered with fruit for his birthday anniversary. Mrs. Calvin Starner will be made a life member. A letter was read from the Konoctek school expressing their appreciation for the White gifts they received from the Society during the Christmas season, also one from Salem Hebrew Missions in Baltimore for the gift of money they received. The minutes and the treasurers report was given by Mrs. Clarence Master. Mrs. Harold Shorb will be hostess to the Society Feb. 27. The place will be in the Sunday School room of the church. After closing with the Lord's Prayer, a social hour followed. The hostess served delicious refreshments. Mrs. Mollie Harmon of Baltimore is visiting with friends and relatives in the Burg.

Mr. and Mrs. Walter Senft gave a party on Thursday night, Jan. 12th, at their home in honor of their daughter Waneta's fifteenth birthday. Games were played and prizes awarded. At a late hour refreshments were served consisting of cake, ice cream tarts, potato chips, nuts, candy hearts and fruit punch. Waneta received lovely as well as useful gifts. Those who enjoyed the evening were Doris Wimer, Jean Null, Loretta Close, Gladys Garner, Jean Morton, Julia Ann Lockard, Mary Jo Robb, Lorraine Sauble, Rhoda Kohrbaugh, LaDonna Myers, Jean Brown, Mr. Charles Kohrbaugh, Mr. and Mrs. Walter Senft and Waneta Senft. Rev. Lawrence Brown, Baltimore, spent Monday evening at the home of Mr. and Mrs. Armstead Mason. Mr. and Mrs. Glenn Haines and daughter Brenda visited with Mr. and Mrs. Paul Bare and son Douglas, Hampstead on Tuesday night.

Friends and neighbors of the community gave a sunshine box to Larry Heltibride this place, who has been bedfast for some time. Mrs. Florence Mason relieved the well-filled box on Monday evening which contained 50 or more packages from well-wishers, for a speedy recovery. Mr. and Mrs. Denton Wantz and daughter Jean, son Jimmie, Mr. and Mrs. Raymond Rodkey and daughter Margaret, Mrs. Allen Morelock and Dottie visited with Mr. and Mrs. Ernest Myers of Bonneville. Mr. Myers has been ill for the past several weeks but is improving. "Success consists in doing the common things of life uncommonly well." "Wisdom is to know what is best worth knowing, and to do what is best worth doing." "Yoh cannot prevent the birds of sorrow from flying over your head, but you can prevent them from building nests in your hair."—Chinese Proverb.

Popular Vegetable
 The cowpea is much more popular as a vegetable in the southern United States than elsewhere in the country. The Black-Eye is by far the most important edible variety of cowpea.

Canada's Water Power
 Canada now has about one horsepower of hydro-electric power per capita, or about five times the proportion in the United States, and in addition has a vast potential yet unharnessed.

Livestock
 Many cases of nutritional deficiency in livestock are caused not by failure of owners to provide adequate rations, but by the animal's failure to make proper use of its feed.

A Better Mousetrap
 The proverb, "good wine needs no bush" means that a good article will make itself known without puffing. The saying originated with the bush that was hung over English taverns where wine was sold.

READY-MIXED CONCRETE

 Farming is your job. Making good concrete and delivering it to you — ready to pour — is ours. You'll save time by using our Ready-Mixed Concrete because you'll do no buying, handling or mixing of materials. You'll save delays, because we deliver when forms are ready. You'll save money, because your time is money — and because our Ready-Mixed Concrete hardens into long-wearing, strong material, requiring little or no maintenance. Let us deliver that kind of concrete for your next farm building job.

Air National Guard
 The radar network of the air national guard, which is strategically located throughout the continental United States, consists of 24 aircraft control and warning squadrons and 12 aircraft control squadrons. Of these, 22 aircraft control and warning squadrons have been federally recognized.

South American Wildcat
 The cyra is a wild cat, found in South and Central America, from southern Brazil to northern Mexico. Though it is about as big as an ordinary cat, it has an elongated body and is reddish in color. It is said to attack fowls.

Radio Frequencies
 Because radio frequencies are limited, they must be operated in the public interest with full opportunity for all sides of a question to be fairly presented.

Ironing Linens
 To prevent shine on linens, iron on wrong sides. For damask, iron on wrong side first then on right if a high gloss is desired.

Rail Figures
 In the past 10 years the cost of rails, fuels and other supplies used by railroads have jumped 118 per cent, and hourly wage rates 83 per cent. Freight rates have risen 46 per cent.

First to Fall
Lesson for January 22, 1950

TROUBLE IN THE CHURCH can start anywhere. Sometimes it starts with the women. That was the way the early church found it. The experiment in fellowship which they tried ran into snags, for not even the first Christians were perfect. The church in Jerusalem was in a sense inter-racial. Some were born and bred in Palestine, and there were others from the outside, with Greek names, speaking Greek as their native tongue—Hellenists they were called. There was argument: Were the Hellenist widows getting their share of the church's help?

Dr. Foreman

Committee Chairman
THE APOSTLES, being called on, refused to straighten the tangle themselves. Let the church elect a committee, they said. First on the list was a man named Stephen. He turned out to be most famous for being the first Christian martyr, but when he fell unconscious beneath that shower of stones, there died no ordinary man.

To begin with, he filled the bill as chairman of that Committee on Grievances. Not many men, then or now, could fill all three qualifications the Apostles required: reputation, spirituality, and wisdom.

It takes a very tactful man to settle a difficulty in which women are concerned; it takes tact to handle any committee; it takes tact to manage an inter-racial situation; it calls for wisdom to handle funds.

Debater
SOME MEN THINK themselves bigger than their jobs. Some men really are bigger, and Stephen was one of these. He spilled over, so to speak; he had even more energy and ability than the job called for. We hear of him debating around the synagogue circuit particularly in the synagogues which were used by Jews from other parts of the world.

We have no details of those debates, but we know how they always came out; Stephen got the decision. We can guess, from his great speech in the hour of his death, what his general line must have been.

Many Christians in Jerusalem at that time had little or no idea that Christianity was actually a new religion; even the name "Christian" had not been thought of. They considered it a form of the Jewish religion.

Scholar
STEPHEN'S SPEECH at his trial (Acts 7) may sound dull to some now, but it was not dull to the audience. No man makes a dull speech on the brink of death. Further, it was that speech that got him killed. His listeners may not have liked it, but they certainly did not think it dull! The beauty of the speech is that it reveals Stephen's keen insight into the religious history of his people.

Speaking without notes, he reviews the history of close to 2,000 years in a 10-minute talk, and yet brings out the main points. Only a real scholar can do that, a man who is both historian and prophet. The most important peaks in Israel's history were God's revelations to them; and Stephen shows that these revelations had never been tied to a house or a book.

No institutions and no place is indispensable to God. The same God who had wrought new things in the past had now wrought a new thing in Christ.

Martyr
STEPHEN'S AUDIENCE was not convinced. Seeing murder in their eyes, Stephen knew his time was short. In a few stinging last words he reminded them that murder was an old story in that Temple. They had killed prophets, they had killed Jesus the "Just One." And now—Now they dragged Stephen out and stoned him till he died.

Well, you can stop a voice but you cannot stop an idea. Stephen was first to fall, but not the last. To this very year Christ has his martyrs, men and women who will die rather than deny him. You can silence a man but you cannot silence truth. When the world goes against her, the Church should remember that now as then, "the blood of the martyrs is the seed of the Church."

Do You Want To Cut Your Federal Taxes?
Road To The Poorhouse

America's most popular toy this year is called the "crasher truck." It is a mechanical gadget which falls apart when it hits anything. Faced with expenses that may hit \$52 billion dollars during 1950, our government could fall apart like the crasher truck unless you, as a citizen, apply the brake.

Three years ago, Congress created a bi-partisan, twelve-man Commission to study the waste and duplication of effort in the agencies and bureaus of the Executive Branch of the Federal Government. This Commission, approved by President Truman and headed by former President Hoover, has turned in a report which would cut our tax-bill three to four billion dollars annually—if the recommendations are enacted into law. This means that it would save you one dollar out of every ten you pay in taxes. Whether you realize it or not, every family in the United States pays yearly, on the average, in direct and hidden taxes, more than \$1,000.00 each to support the Federal Government alone.

Congress has already authorized \$15,000,000,000 for construction of major projects, and another \$30,000,000,000 authorization is planned. The Commission has recommended, (1) Creation of an impartial Board of Analysis for engineering and architectural projects, (2) Long-range planning of projects to meet the ebb and flow of economic cycles, and (3) Coordination of all public works. Such prudence might well save the nation from collapse.

If you think this should be the road to the poorhouse march be halted, wire your Congressman. Write to the Citizens Committee for Reorganization of the Executive Branch of the Government, 1421 Chestnut Street, Philadelphia 2, Pennsylvania, for further information. Tell your friends and neighbors! You must act before it is too late!

Discipline Must Fit Child, Parents, Teachers Advised

To puzzled, worried parents and teachers who feel that the old disciplinary methods don't work but who think that the modern way is "no discipline at all," Dr. Dorothy W. Baruch explains how we can fashion discipline to fit the child and suit ourselves, making it a creative undertaking instead of a mechanical thing.

Dr. Baruch does not give specific remedies for specific problems but outlines some useful principles that hold good "whether a child is two or teen-age."

The essential fact that every parent must know, the author states, is that "bad feelings cause bad actions."

And the three kinds of "bad feelings" that cause most kinds of misbehavior are expressed in this way: "I'm feeling hurt... I'm feeling angry... I'm feeling scared."

These "bothers," stored up inside, may pop out in different ways: "Sue, at six, grabs from every child in the neighborhood; at sixteen, she steals. Both problems are her way of saying, at different ages, 'I'm hurt. I never get enough loving. I feel mean and want something tangible to make up for the lack.'"

The hurts that "pop out" in fear and anger and misbehavior can be prevented, Dr. Baruch points out, by feeding the "emotional hunger" of the child for the three basic foods of love, understanding and success.

"The best way to give a child of any age enough loving is really to love him." And really loving a child, Dr. Baruch explains, means having good feelings inside ourselves about him... means learning to know him as an individual, for the child needs most to count on our understanding his "bad" feelings as well as his good ones.

Uncle Sam Says

If it's money worries that make you act peculiar, like on the day before pay day when your pockets are empty, here's YOUR OPPORTUNITY to get on the sunny side of life. Save the simple, trouble-free way—with U. S. Savings Bonds. Automatic savings through the Payroll Savings Plan where you work, or, if self-employed, the Bond-a-Month Plan where you bank, is a sure cure for the between pay day "heebie-jeebies." And—your money GROWS—\$4 for every \$3 you invest, in ten short years.

LOOKING AHEAD

Irreconcilable

Russia today is firmly opposed to almost everything and anything that America suggests. There is one possible exception, and that is: aid to Russia. Since Russia's cross-purposes with us are so evident, it is natural to ask why she got that way. Why does she find it convenient, ever to go out of her way, to oppose America?

It is not because we did not help Russia enough during the war. Matter of fact, we helped Russia then to the extent of \$11,681,000,000. This was lend-lease, of which we will expect to get little or nothing in return. What we got from Russia in reverse lend-lease, compared with the more than \$11½ billions that went her way, was little more than 1-500 of one billion—only \$2,213,000.

Disguised Purposes
Then, when UNRRA decided to accumulate a big fund to help needy nations, America gave 70 per cent of the total. Our part was \$2,279,000,000. The Russians did not put up anything. Yet Russia has helped to manage UNRRA. Actually, Russia has so manipulated the aid to several European countries that the people there thought they were being helped by Russia, rather than by America.

Now, the Marshall plan calls for additional help for European countries. It proposes that America use from \$15 to \$22 billions in an effort to get those countries on a self-sustaining basis. Not only does Russia oppose this aid, but she has inspired the creation of the Communist International. This organization operates in nine different countries and is dedicated to complete opposition to anything that resembles American policy in international affairs.

Good Neighbors?

Just why this continued opposition from Russia? In my opinion, it comes definitely from the fact that Communism is irreconcilable to the American way of life. If it be observed that Communism did not offer opposition during the war, it may also be observed that Communist leaders temporarily went underground while America was helping Russia stave off disaster.

As soon as the war was over, as soon as lend-lease quit flowing to Russia, the Communists began to oppose every move for peaceful stabilization. They wanted defeated countries to remain defeated. Peaceful and prosperous countries find Communism unattractive, indeed. But Russia has now solidified her opposition to peace, through her International.

This is the answer: Communism is antagonistic to almost every basic principle in the American way of life. It is opposed to religion, to the sacredness of marriage, to private ownership of property, to freedom of the individual, to freedom of the press and of speech. The Russians deny that we can be their neighbors. They fear a demonstration of the superiority of the American way—a brand of democracy that does not need to call up an International to protect itself.

Vacuum Bags
Vacuum cleaner bags and repair parts use 1,656,000 yards of cotton each year!

Calcium Deficiency
Calcium deficiency is shown more clearly and more promptly in the short bones of the body.

Potato Crop
The potato crop for 1949 is about 2.5 bushels per person for the country, about the same per capita as in the previous drought year of 1936.

Home Pasteurization
Milk can be pasteurized at home and a cooked taste avoided if the milk is heated in a clean container to just 165 degrees, and then left to cool.

Children's Interest
The six subjects of paramount interest to children from five to 12 years of age, are animals, plants, stars, the sun, moon and the weather.

Cooking Steaks
For a full-flavored, attractively-browned steak, cook it at a constant and moderately-low temperature—about 350 degrees.

Safer Explosives
A new explosive made of hydrogen peroxide, glycerin, and water is as effective as nitroglycerin, yet not so dangerous to handle.

Mushroom Soup
Canned mushroom soup combined with canned chicken soup produces a combination that is unusual and tasty.

Cookie Dough
When cookie dough is too soft to handle easily, it may be placed between two pieces of waxed paper (floured) and then rolled.

Important Crop
Tobacco has ranked as one of the most important crops in Maryland since the earliest days of colonization.

209.33 BUSHEL
wins U. S. Corn Crown

A yield of 209.33 bushels per acre is more than five times the U.S.A. estimated 1949 average yield for the United States. Yet, that's the kind of corn Verle Little (left) grew on his Lake County, Indiana farm to win the National Corn Crown in the 1949 DeKalb Selected 5-Acre Corn Growing Contest. The National Championship yield, as well as all other yields in the contest, were accurately calculated according to contest rules.

In making his record-breaking yield, Corn King Little drill-planted his DeKalb Hybrid Variety 609 on a black sandy-loam selected 5-acre contest plot that had been cropped for the first time last year. He used both manure and commercial fertilizer, spring plowed his field and then double disced and harrowed before planting. A pre-emergence spray was applied to control weeds.

BOARD OF EDUCATION REGULAR MEETING

The Board of Education held its regular meeting on Jan. 10, 1950 in the offices of the Board at the City Hall, Westminster. The customary reading of the minutes and approval of the bills was first a matter of business, and the Board was given information regarding the approval of the budget by the County Commissioners which had been submitted and acted upon by the Commissioners during the first week in January. The Board passed a motion authorizing the inclusion of the school janitors in the Employees Retirement System and took action to make this effective as of January 1950. Approval was given for the appointment of Frank Brothers as custodian of the Mechanicsville building and Guy Hildebrand as custodian of the Manchester building. The Board noted with regret the resignation of Mr. John W. Reese janitor at the Mechanicsville School and Mr. Horatio Leese as of the Manchester janitor, after years of service in the schools and directed that letters of appreciation be sent to the employees.

The attention of the Board was given to the dedication exercises planned for the Manchester building on Jan. 22, at 3 P. M., arrangements were made for attendance by members of representatives of the Board of Education. Board members were also advised of plans for the Mid-winter professional conference for teachers to be held Jan. 27, 1950 at

which time it is hoped members of the Board will be present to be recognized in the meeting.

The superintendent reported briefly regarding progress on the buildings now under construction in the county. The Board also entertained a delegation from the New Windsor school who wished to present certain needs and problems related to the educational program and facilities of the New Windsor School. The delegation was assured of the interest of the Board of Education in the desire to provide more adequate facilities as promptly as possible.

Library aid was voted to several of the schools of the county who had requested it and were making contributions from local funds for this purpose. The Board adjourned at 11 A. M. to meet on February 7, when bids will be opened on two additional building projects.

BOLTON OFFERS BOOKLET TO HELP FARMERS COMPUTE INCOME TAX

Congressman, William P. Bolton, announces that he has obtained comprehensive booklets written specifically to help farmers compute their income taxes. Mr. Bolton comments that the farmer's income report is often so complicated that permissible deductions or depreciation allowances are sometimes overlooked. He states that the booklet should help farmers to save on their tax and he will be pleased to send one to any farmer in his district who requests it.

TEACHERS MEETING JAN. 27

The Board of Education announces a general meeting for the teachers of the county to be held on Friday, January 27th, from 9:00 a. m. to 4 p. m. in the Westminster High School. This meeting is held at this time following a practice which has been followed for several years toward devoting a day to professional study during the winter months. The first general session will include music, invocation by Dr. Lowell Ensor, greetings by Mr. S. M. Jenness, and an address by Mr. William A. Early, Superintendent of Schools, Arlington County, Virginia who will speak on "The Importance of Being a Teacher." At 10:45 the elementary teachers will have a demonstration of art media by Mrs. Ruth Reter. Other group meetings are being planned for all high school teachers. A lunch will be served in the new cafeteria at the high school.

The second general session will be held at 1 o'clock when Dr. Roma Gans Professor of Education at Columbia University, New York, will discuss, "Guiding Children's Experiences Through Reading." This address will be followed by a question period. At the 2:30 period the elementary teacher will be divided into grade groups, the teachers of each grade meeting separately, and at the same time the high school teachers will participate in a panel discussion on the topic "Democratic Living in our Schools." During this period short talks will be

given by a teacher, a parent, a pupil, and a principal, Dr. Gans serving as a consultant for the discussion.

During the last period of the day high school teachers will again meet in groups to discuss the application of Dr. Gans' talk in their particular work, while at this time the elementary teachers will meet with Dr. Gans to ask questions and consult her concerning specific problems. Select teachers and principals throughout the county have been asked to serve as chairmen of the various group meetings. The meeting will conclude at 4 P. M. on this date.

DIMES MARCH AGAIN IN 1950

Carroll County organizations are once again hard at work in every district for the annual March of Dimes January 16-31 inclusive. A great number of dances, card parties, and teas are planned to raise funds.

At present, plans have been announced for a dance at the State Armory in Westminster, on Friday, January 27, sponsored by the Venture Club, a card party and food sale at Union Bridge, and a dance at Sykesville, sponsored by the Penguin Club.

Some of the district leaders are: Taneytown, Mrs. Margaret Nulton; Middleburg, Mrs. Lloyd Wilhide; Union Bridge, Mrs. Millard Roelke; New Windsor, Mrs. Charles Hesson; Uniontown, Mrs. Harold Smelser.

Girl Scouts throughout the county have aided materially in distributing coin boxes this year.

All organizations or individuals sending contributions direct to the headquarters at Carroll County Historical Society are requested to be sure to put the name of their district on the coin card or letter. In this way, each district will receive full credit for every contribution coming in.

Because of last year's great drain on the National's Foundation's Funds the need is greater than ever this year. Throughout the country, thousands of boys and girls who have had infantile paralysis are back at school and play, because they had prompt and thorough treatment. Skilled care is made possible through the March of Dimes.

REDEDICATION SERVICE AT EMMITSBURG

Rev. John R. Hays to speak in the Presbyterian Church

Next Sunday evening at 7:30 a big event will take place in Emmitsburg. The Rededicated Church Auditorium will be rededicated with appropriate ceremony. A unique program has been prepared by the pastor, the Rev. Charles S. Owen, who will preside at the function. It will be a union service to which the other churches and pastors of the community, are invited.

Special invitations are being sent to former members and friends of the church by the Invitation Committee consisting of Mrs. James L. Nester and Miss Rhoda Gillean. Samuel Hays is preparing a memento to be given to each one who attends the service. Miss Leanna Franklin will have charge of the decorating committee. And John and Wilson

Franklin will be the Ushering Committee.

One of the outstanding features of the occasion will be the presence of the Rev. John R. Hays, native son of Emmitsburg, and a product of the Presbyterian Church of the community. Many will welcome this opportunity of hearing this well-known son of Emmitsburg of whom the community is proud. John, who is now pastor of the College Community of Mansfield, Pa., will preach the dedicatory sermon.

The rededication of the church was begun last summer during the August vacation under the leadership of Samuel Hays. Extensive repairs have been made on the sanctuary. The floors have been refinished. New carpet has been provided. And in many other ways the edifice has been beautified until now it is one among the most elegant sanctuaries in the community.

Cows should have free access to salt.

For More Milk All Winter Long

Feed Southern States MILKMAKER DAIRY FEEDS

It doesn't pay to rely on your roughage as an all-around source of nutrients during winter. Cows need plenty of extra protein, vitamins and minerals at this time of the year. And it will pay to make sure they get what they need.

The easiest and most economical way to do this is to feed your herd a nutritious, all-around ration like Southern States Milkmakers. Rich in the ingredients needed to make milk, these feeds are designed especially for balanced feeding with good roughage during this critical time of the year.

And you'll find that Milkmakers are economical feeds, too. More Total Digestible Nutrients (TDN) per dollar! Ask for Milkmakers today!
