KIWANIS NEWS

Rev. Reifsnider Speaks to Club Wednesday Evening

The regularly scheduled Kiwanis meeting was held at Taney Inn last Wednesday evening with president, Lewis Crumpacker, presiding. Group singing was in charge of Wallace Reinhold with Mrs. Estella Yingling at the piano.

Two guests were present, namely, Kiwanian Ed. Thomas, of the New Castle, Delaware Club, who is at present a seminary student at Western Maryland College, and Lawrence Myers, of Taneytown, Md.

The meeting was turned over to George Crouse who had charge of the program for the evening. He explained that much difficulty was had in securing a speaker, honorary member Rev. Miles S. Reifsnider consented to pinch hit with but a very brief notice. In presenting his topic Rev. Reifsnider used several human interest stories which particularly pertained to Kiwanis and its activities, most of the incidents being those of Kiwanis Clubs and members throughout the organization. In concluding his remarks he made an appeal for the current March of Dimes campaign. The appeal was headed by Kiwanian George Crouse who suggested that an offering be taken of those present as a contribution from the local club to this worthy cause.

There being no further business the meeting was concluded in the usual manner.

A brief board meeting was held immediately thereafter. Next week's meeting will be in charge of David Smith and has been captioned—Boy Scout Week.

Morgan Andreas then sang a solo, entitled "My Task" accompanied by Mrs. Rein Motter, which was followed by a Meditation by Mrs. Baldwin and a hymn, "Christ for the World we Sing". Miss Mary Fringer led in prayer, after which "Advance, Oh Church of God, Advance" was sung by Rev. Andreas. A question and answer period followed pertaining to the topic with the following members participating: Mrs. Murray Baumgardner, Mrs. Clyde L. Hesson, Mrs. Delmont Koons and Miss Mary Fringer.

The business meeting was then conducted by the president, Mrs. Murray Baumgardner. It was decided to take orders for chemical mitts for cleaning windshields, proceeds of which will be used for the proposed Parish House.

After the business meeting the theme hymn of the year, "Thine Is the Glory," was sung with Miss Mary Fringer at the piano; and the meeting was concluded with The Lord's Prayer in unison.

CONTINUED INTEREST IN TANEYTOWN PARK

Recreation Association is Active in Advancing this Project

At the recent annual meeting of the members of The Taneytown Recreation Association a vote of confidence was given to the twelve directors, in that the four retiring directors Robert W. Smith, Don R. Webb, Delmar E. Riffle and Raymond J. Perry, were re-elected by the members to serve as directors for the next three year period.

The operation of The Taneytown Recreation Association is under the supervision of twelve directors, four directors, who each year at the annual meeting of the members, are re-elected or replaced by a vote of the membership. In this way the community can be assured of efficient operation of this very important community association.

The Taneytown Recreation Association is organized as a non-profit organization for the purpose of promoting recreation in the community with the definite aim of providing Taneytown with a complete recreation park.

At this recent annual meeting President Robert W. Smith, briefly discussed the aims of the association and outlined what has been accomplished to date. A detailed explanation of the financial and income statement was given before the group. It was pointed out that two major steps in the complete park picture have been taken care of during the first year of operation, namely, the purchase of the park site and the grading necessary on the parking lot and the baseball area. These two items alone cost \$5,096.87. It was also pointed out that if the association is fortunate enough to have the continued support of the community, this amount of money will go far toward building on the site, developments which can be seen and used by the whole community.

It was brought out at this meeting that the facilities of the recreation park, now and at any time in the future, may be used with equal rights by anyone in the community, regardless of whether they have donated toward the development or not, and regardless of the amount of the donation. The park belongs to the community, but is under the supervision of the Recreation Association.

Planning of the complete park is in the hands of the landscape engineer of the University of Maryland. Definite plans for the development of the playground and picnic area cannot be made until the University of Maryland submits their recommendations. At the present time there is \$200.00 set aside specifically for use in developing the playground area. A portion of this year's income will also be set aside for the development of the playground area. It is anticipated that work on both playground and picnic area can be started early in the Spring.

President Smith pointed out that it is the wish of the Board of Directors that any member who may have any criticism or recommendation in regard to the operation of this association meet with the Board of Directors at any of their regular meetings.

The baseball committee is sponsoring a card party in the Opera House on Monday, February 13, 1950 for the benefit for the park project.

UNIONTOWN P-T. A. MEETING

The executive committee and committee chairman of the Uniontown P. T. A. held their regular January meeting at the school building last Thursday evening. This meeting proved to be quite worthwhile. One very important item discussed was the "March of Dimes Drive." The P-T-A. is contributing \$20.00.

In the very near future, forms will be sent to each family concerning the P-T-A. membership. Our membership roll needs boosting quite a bit. Won't you please join our association?

The next executive meeting will be the last Thursday in February.

LEGION LIGHTS

Hesson-Snyder Post in the March of Dimes

The March of Dimes campaign has drawn to a close, still there is much turmoil and confusion among some of our citizens about our local case of polio. Stories have been started and circulated about this particular case which are untrue. This was due to the fact that the public was not very well informed as to what was done and because it was our first experience with polio it was quite a shock to all of us.

The American Legion did get the case first but it was turned over to the Infantile Paralysis Foundation who have done a most wonderful job. They have paid all the hospital expenses and will keep on doing so from your contributions to the March of Dimes. Last year the Carroll County Foundation was drained by polio cases and it will be up to each and every one of us to build it back up. Half of all contributions stay in Carroll County, the other half go to the National Foundation.

If you have not made a contribution this year please do not hesitate any longer, send it to the Foundation for Infantile Paralysis, Inc., Westminster, Md.

The American Legion Post in this town did not conduct a campaign and it did not have jars sitting around in any of the business places in town.

This American Legion Post did hold a card party, prizes were solicited from the members of the post, there were some people who gave prizes that were not members but they gave them without being asked. The proceeds from this card party have been deposited in The First National Bank in a special fund and will be used by Beverly Ann Miller when she comes out of the Hospital.

If there are any questions that any one would like to ask do not hesitate to write me a letter or, to contact me personally, I will be only too glad to help you and to tell you to the best of my knowledge what you want to know.

FRANCIS E. LOOKINGBILL, Commander Hesson Snyder Post No. 120, the American Legion.

TWO BASKETBALL GAMES PLAYED

The Alumni basketball teams won two more games last night, (Thursday) when they defeated the Manchester Alumni on the Taneytown H. S. floor.

In the boys game, Taneytown went ahead late in the first quarter and were never again behind. The Manchester team showed the lack of experience and practice which the Taneytown Alumni are gradually attaining. The final score was 31 to 15.

In the preliminary girls game the Taneytown Alumni won a very tight contest by the score of 22-19. The game was exciting and fast from beginning to end. At the end of the half the score was knotted at 10-10 with the lead see-sawing back and forth between the two teams. In the last period the home Alumni drew ahead and held on to their slim margin to win.

Negotiations are under way for a possible game Tuesday night to be played here on the home floor. Watch for the posters! Your support and encouragement will be greatly appreciated at the coming games.

MEETING OF TANEY-TOWN ROD & GUN CLUB

Ceremony of Burning Mortgage Conducted

A large group of representative sportsmen attended the meeting of the Taneytown Rod & Gun Club held in the Firemen's Building last Friday evening. President David Hiltbrich, presided.

A number of the members of the Littlestown Club was present.

These two clubs are very enthusiastic about their enterprises. The work of these two clubs and other similar clubs are not only for the sport derived in its affiliation as the name is apt to imply but these men have a broader view in their undertaking. Conservation is the by-word of their aim—conservation of soil by improving of water by building large lakes. These lakes will not only tend to check soil erosion but will be the means of affecting an inexhaustible supply of water to nearby homes in case of fire. Furthermore these bodies of water will be stocked with fish that will be not only a sportsman's paradise but will be a source of food to persons who like fresh fish on their tables occasionally.

Game is given a major place in these clubs' deliberations, although rabbits are not important to the farmer but as a food these cotton-tails cannot be denied.

Pheasants and quail are very important to farmers. These birds are ever busy helping the farmer in his battle against destructive bugs and insects. These clubs, 'tis true, do kill pheasants and quail but they are always cognizant of the fact of restocking the farmlands with game not only for their sporting interest but to help the farmer by making sure that there is always ample breeding stock of these birds on the farms.

One of the highlights of the evening's meeting was the burning of the mortgage. Fire Chief Charles Baker of the Taneytown Fire Company conducted the ceremony.

Refreshments were served at the close of the meeting.

Hoover, for many years the Professor of practical theology and liturgies at the Lutheran Theological Seminary in Gettysburg, Pa., and widely known as a popular and forceful preacher, will be the guest speaker for the monthly meeting of the Carroll County Ministerial Association, this coming Wednesday, Feb. 8 in the Seminary Building.

Well, so long, folks. Be good and be careful. Will be seeing you. Until next week.

AROUND THE TOWN

With all my heart, I wish you every morning. A smile that shall last until the next day's dawning. I wish you health—life's greatest wealth! I wish you always near so that I may help to cheer. Each future day and in some way—help to bring you happiness!

Did you know that we have a young girl around our town, who holds Pilot's License?

To our nice Chamber of Commerce! It was grand to see the lights at 10:30 burning at 11 o'clock Christmas Monday night as all lights were out in Westminster and Your Observer was not the only one who was disappointed. Have wondered what was the cause of that?

There is an elderly couple who makes any individual see home as the husband reads the newspaper to his wife as she sews! Nice?

Now, here's something to think about. If you are artistic as to Milady's Costumes and desire to live in that New York town, betcha you could make plenty of money opening up a shop just for television gowns for those that appear before that type camera as those stars hire them for their public appearances.

That reminds me there is a grand and most artistic son over New Windsor way who is the son of a farmer who would fit into that beautifully!

We don't have to go to far off Switzerland for all of those outdoor sports. Television showed it all in full swing right in that New York state. Delightful!

The curb stones of that Frederick town can still brag of the rings that were used many years ago where the horses were parked!

Your Observer was thinking about that little lady who arises at 4 A. M. and starts washing for individuals who engage her! No one knows, folks what is in the heart of other individuals and not one unkind word should ever be uttered. If you can't say good things just keep your lips closed. That is wise! Those three little monkeys which I have had for many years, "I hear nothing! I see nothing and I say nothing!" Remember?

A little girl was presented with a lovely "Spinnet" piano for Christmas 'around the town' which was really a surprise as it was not to be delivered until the Saturday night before the big day! How nice!

Sunshine and storm of nearly a century and a half have imparted a patina of charm to the wedding gift that Charles Carroll of Carrollton presented to his son and namesake in 1803. A notable example of early American architecture, Homewood House on North Charles Street is the property now of Johns Hopkins University. It's pure Georgian style was the prototype for this renowned group of educational buildings.

Saw the sweetest old couple seated in their 'jalopy' (even older than Lincoln) (I mean the jalopy) driving most carefully and slowly down the road. The horse and buggy added would have been a picture instead of that jalopy.

Did you know that the Gulf station attendants and that nice owner can be reached always up to the hour of 12 seven days of the week? They also are always 'on call'. Some convenience. Makes driving at night a pleasure.

Bought one of those J. Gruber's Hagerstown Almanacs for 1950 and which I have not seen since I was a little girl where they were purchased in Philadelphia yearly. How I used to enjoy reading them.

There has always been a lovely poinsettia plant brought to me by my minister at Christmas time. This has made number 16.

As I write and type this column, rain is coming down by the buckets. Just what New York needed. And I read where up to the time of this writing only a cup was received.

There is a most charming family photograph taken on their farm in the year of 1891 in a group picture with the colored servants making up the rear. Makes one think of the Civil War days 'way down South' somewhere on a cotton plantation. Appears as Southern aristocracy.

Met a young man at a wedding reception in Baltimore who is from Sykesville on a farm and now attending the University in Georgia state and he said that one of the most wonderful counties is none other than our own Carroll County. He expects to purchase a farm some day up this way when he is finished his studies of agriculture. Quite a handsome young man, single up to this writing and very interested in one thing and that the farm. He may bring one of those Southern gals up North with him when he does settle down in Carroll County. Anyway, he knew what he was talking about and was most apt in his answers.

What could be sweeter than the old fashioned square dance of our grandmother's day. If you notice it is getting more popular each summer and winter. Danced with fine music, there is nothing more graceful and this dance will be all the rage in a few more years and the silly jitterbug will be taking a back seat for good. Waltzing, too, is getting to be a big favorite which really never went out entirely. Just like good substantial mahogany furniture that is always lovely and always in the front regardless of other woods being the style for a little time. Eh?

Well, so long, folks. Be good and be careful. Will be seeing you. Until next week.

Faithfully,
YOUR OBSERVER.

WE ARE OFF

We are off to a fair start on our journey in 1950. What the year will bring forth for each of us depends entirely on us as individuals.

We are free moral agents and can do as we please about anything within our ability to perform. There are many things I cannot do, and for these I am not responsible; there are many things I can do and for these I am responsible.

God has given to one five talents, to another two, and to a third but one. He does not exact of the one with but one talent as much as he does the one of five talents.

We are our brother's keeper, but our brother must do his part.

Our National leaders are scattering with prodigal zeal our substance and seem not to realize that there is a bottom of the barrel of our wealth.

If more time were spent in making those in need to help themselves, we think the end would be never.

We are but 7% of the world's population, and are certainly not expected to carry all the burdens of the other 93%. Furthermore, tho our resources seem inexhaustible, there is a limit even to them and when once exhausted there will be no one to come to our aid as we seem now willing to come to that of all the world. Let us help the world to help itself but not bear all its burdens.

W. J. H.

POLICY OF DISRUPTION

The soft coal industry is a perfect example of industrial chaos. No one knows, from one week to the next, whether all of the mines will work, whether some of the mines will work, whether none of the mines will work, or if the miners will follow a three-day week, a five-day week, or a no-day week.

This sort of disruption has been John L. Lewis' fixed policy. It is, apparently, his method of demonstrating that he is coal's czar.

Recently, a large number of soft coal companies have filed petitions with the National Labor Relations Board, charging Mr. Lewis with unfair labor practices, coercion, and refusal to bargain in good faith.

The mine operators have repeatedly offered a contract continuing the wage rates established in 1948, which are the highest in major industry. They are willing to continue the same hours, and to provide other benefits, including a sound pension, welfare and group insurance plan. This is even a better contract than that of last year which union officials called the best ever negotiated. But Mr. Lewis will not agree—so consumers are deprived of coal, miners are deprived of work, and production costs in this hard-pressed industry are skyrocketing.

This ruthless use of monopoly power must be stopped, in the interest of every group in the country—including labor itself.—Industrial News Review.

"HOG-TIGHT AND HORSE-HIGH"

A PHRASE, COINED LONG AGO HERE IN AMERICA, USED TO DESCRIBE ANYTHING BUILT SOLIDLY AND WELL... ORIGINALLY, IT REFERRED TO FARM FENCES THAT PROTECTED STOCK AND CROPS BY BEING BUILT TIGHT ENOUGH TO FENCE IN HOGS, HIGH ENOUGH TO FENCE IN HORSES.

BUILDING WELL TO PROVIDE PROTECTION FOR THE THINGS WE PRIZE, HAS ALWAYS BEEN CHARACTERISTIC OF THE PEOPLE OF OUR NATION... THERE IS NO BETTER EVIDENCE OF THIS THAN THE AMOUNT OF LIFE INSURANCE PROTECTION WHICH WE HAVE BUILT THROUGH THE YEARS... TODAY, FOUR AMERICAN FAMILIES OUT OF FIVE OWN LIFE INSURANCE — THE AVERAGE PER FAMILY BEING \$4800.

TWO-WAY STRETCH

that's strictly inside stuff!

Look! Wrap-around rear windows and top-side styling in the Riviera manner.

Your Key to Greater Value

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

HERE'S THE NEW 1950 BUICK SUPER 126, companion body-type to the equally new ROADMASTER 130. Both are shorter than last year's 4-door Sedans—yet 4 inches longer in wheelbase. In both, the difference is used to give you real stretch-out room in the rear seat.

What the boys did here really calls for some medals.

We gave them the job of coming up with something that was bigger inside—for room and comfort—longer in wheelbase—always important to good riding qualities—yet unbulky and easy-handling in over-all dimensions.

Just look how well this tidy number meets these "impossible" specifications!

Item one—rear-seat cushions are a full foot wider than last year's SUPERS and ROADMASTERS.

Item two—in every dimension—leg-room, head-room, hip-room, shoulder-room—this rear-seat compartment is bigger than previous models—and nearly four inches longer, fore and aft, than other 1950 Buick interiors.

Item three—wheelbases are the longest of our 1950 line. On the SUPER, it is 125½" instead of 121½"—on the ROADMASTER 130½" instead of 126¼".

Yet—and here's where the magic comes in—the whole car is shorter over-all. Actually less from bumper to bumper than previous Buicks in these series.

That means easier parking, easier tucking away in family garages, easier maneuvering in crowded traffic.

There are some other things too: An extra rear-quarter window not found in standard 4-door Sedans. A different upperstructure styling that makes this body-type stand out as something pretty special.

Even special names that let you say, "I drive a SUPER 126" or "Mine's a ROADMASTER 130," just by way of being different.

Yes, we think we hit on a happy idea in the "Longfellows," as they're coming to be known. They are not longer, on the outside, but there's a two-way stretch—in width and length—in the rear compartment.

You're going to like that—as you'll see by calling on your own Buick

dealer. If he doesn't have one on hand, he can get it pretty promptly—and at a price and on a deal you'll have trouble matching, much less beating, anywhere else.

See him now, will you—about placing an order?

Features like these mean BUICK'S THE BUY

HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models.)

NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double bubble" taillights.

WIDE-ANGLE VISIBILITY, close-up road view both forward and back.

TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius.

EXTRA-WIDE SEATS cradled between the axles.

SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube.

DYNAFLOW DRIVE standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series.

NINETEEN MODELS with Body by Fisher.

WIDE CHOICE OF EQUIPMENT adding flexibility to prices that bracket every price range above the lowest.

Here are the words of the greatest friend the common man ever had. They are the words of Abraham Lincoln: "You cannot bring about prosperity by discouraging thrift." You cannot strengthen the weak by weakening the strong. "You cannot help the wage-payer, by crippling the poor by destroying the rich." You cannot establish sound security on borrowed money. You cannot escape trouble by spending more than you earn. "You cannot build character and courage by taking away man's independence." You cannot help man permanently by doing for them what they could and should do for themselves."

FEESERSBURG

Through the combined efforts of the March of Dimes committee, the Union Bridge Girl Scouts and the people of the Union Bridge community the card party and food sale held on Friday evening in the Firemen's social hall was a complete success. The net proceeds from the event was \$156.00. This amount plus the other money raised during the campaign will be sent to Westminster for the use of patients stricken with polio. When one realizes the enormous amount of money needed to aid polio victims, this amount seems trivial but it's the small contributions that finally total into millions. Don't think that your small gift will not be missed for it's a dime multiplied by millions that will swell the almost depleted March of Dimes treasury. So if you haven't done your bit, do it today.

The person you help may be yourself. Those serving on the March of Dimes committee for the Union Bridge district are: Mrs. Wilbur Fowble, Mrs. Monroe Wilson, Mrs. Wilbur Gladhill, Mrs. Edward Willard, Mrs. George Skinner, Mrs. Maurice Gray, Mrs. Lewis Crumpacker, Mrs. Charles Messler, Jr., Mrs. Ralph Yingling, Mrs. Cassel Engel, Mrs. Gene Sixx, Mrs. Truman Myers, Mrs. Marty Fleming, Mrs. Roger Luttrell, Mrs. Frank Rentzel, Mrs. Mehrle Wilhide, Mrs. Clinton Kelly, Sr., and Mrs. Millard Roelke, who is chairman. The Girl Scouts who have taken an active part in the campaign are: Ann Crumpacker, Gretchen Reese, Beverly Bostian, Judy Willard, Nancy Roelke, Carolyn Myers, Kay Luttrell, Miss Francis Kennedy, assistant Scout leader and Mrs. Charles Lovell, Scout leader.

Visitors last week of the David Miller family were: Mr. and Mrs. Harry Baker and daughter, Linda; Mr. and Mrs. Walter Yingling and daughter, Nancy; Mrs. Lizzie Flickinger, Mr. Charles Bush, Woodrow Miller and David C. Miller.

Mr. and Mrs. William Main left on Tuesday for Florida. They will be gone a month or longer.

Mrs. Cleon Wolfe spent Monday in Baltimore visiting with Mr. and Mrs. Melvin Utermahlen who are in charge of Clyburn Home a refuge for orphans.

On Saturday afternoon Mr. and Mrs. Roger Luttrell gave a birthday party for their daughter, Kay who celebrated her 10th birthday. The guests included Carolyn Myers, Judy Willard, Geraldine Graham, Nancy Roelke, Pat Gray and Mary Scheu.

More than 1500 milk producers, members of their families and guests made up a record attendance on Saturday at the 15th annual meeting of the Maryland Cooperative Milk Producers, Daniel S. Pearce, president assured them that the association was on the alert to insure a peaceful and harmonious market, rather than waiting for differences to come up which might prove difficult to settle.

The report on marketing prospects was made by Dr. Sherman, who said the price of \$5.56 per hundred weight is fair and reasonable in view of supply conditions and prices in other markets of the country. Hope was expressed that the price fixed by negotiations between dealers and the co-operative, can be maintained throughout the year. Those attending the meeting and luncheon from our community were: Mr. and Mrs. Earl Wilhide, Mr. and Mrs. Carroll Wilhide and Mr. and Mrs. Mehrle Wilhide.

Mr. and Mrs. David Miller and Roy Crouse took supper with Mr. and Mrs. Charles Leese, of Westminster, Sunday evening.

Life must be worth living; the cost has doubled, but most of us still hang on.

Guests at Merry Knoll over the week-end were: Mrs. Elmer Pfoutz and Mrs. Paul Leatherwood, Westminster; David Buffington, of Western Maryland College and Miss Edna Buffington of State Teachers College.

One of the greatest pleasures a parent can experience is to gaze upon the children when they're fast asleep. Mr. and Mrs. Millard Roelke were guests of Mr. and Mrs. Charles Helm of Towson, on Monday.

Roads that interest me most—and always have—are those that amble off the main traveled stems. Without benefit of macadam covering and orderly highway markings they invite you to the unexplored, and unexplored. When you ride along these roads you can take a close leisurely look at the surrounding country and its inhabitants, such truant trips may "meet you up" with folks, facts, fancies, places or food that you will want to remember. For example, one such trip, rewarded me with a dutch pine cupboard, that I had searched at least five years to find. Stopping to ask directions at a small cottage, I lingered on to talk to the gray haired lady that answered my rap on the door, until she invited me in and standing in the corner of her kitchen was the cupboard. When she found out my heart was set on one like it she offered to sell it to me—and at an unheard of price. It seemed she detested old furniture; she wanted modern steel and enamel. So we made a bargain. In return for her priceless cupboard, I was to give her the price of a modern kitchen cabinet. Both of us were very happy over our deal.

Of every 100 persons applying for life insurance, 96 pass the medical examination.

Some visitors from overseas listening to our radio programs have the somewhat vague notion that our transportation system is linked up with mule trains.

Mrs. Addie Crumpacker spent the week-end with Mrs. Lulu Grindler.

The little roads run here and there in every kind of weather. Intent upon their daily task. Of weaving farms together.

On Saturday, Jan. 14, the Scouts of Troop 1 went to Gettysburg to buy their Senior uniforms. The money was taken from our treasury and was earned by bake sales and suppers put on by the girls.

Since then we have had two meetings on Jan. 19 and Jan. 26 during which we have discussed how we can earn our first class badges, since all the girls have already worked for and obtained their 2nd class and we are still interested in working for progress in many fields, as suppers and earning many badges.

MOVING Day

By

EDWARD EARL LEE

THE quitting bell sounded through the office and immediately ordered to give way to confusion as we prepared to leave. That is, at one, Jerome Clayton remained seated, elbows leaning on the polished top and cupped palms supporting his chin.

Jerry's abstracted gaze watched employees' hurried exits. His emotionless voice answered hastily uttered farewells. Last Friday he had been part of that scene. This Friday . . . well, no use hurrying home to be greeted by four bare walls.

Of course, Helen would take the furniture. She had bought it by installments from her salary. Jerry recalled how her grey eyes lighted with pleasure when first she had seen the suite. "Modernistic Design," she had announced, identifying it.

A slammed door interrupted his reverie causing him to glance up. He recognized the elevator operator and realized the man was taking his last look around to ascertain if all the employees had gone. Jerry hurriedly locked the desk, slapped on his hat and rode down.

It was then he remembered Jack's poker session, pre-arranged for six o'clock. He shrugged. All week he had been groping for a suitable excuse to tell Helen. Now that none was required, he had no desire to sit in at the game. Well, no use mooning around down here. He walked away slowly with no destination in mind, his thoughts tumbling over one another.

So, after a year, this was the end. Helen should have known that Grace meant nothing to him. Had he not done everything except tell her bluntly that he was not interested? But Helen thought otherwise and had started acting up to that Charlie with the patent-leather hair.

Jerry's thoughts were rudely jerked back to the present by the sound of screeching brakes and the vitriolic tirade of a truck driver. He was crossing a street with the red light against him. Grinning sheepishly he glanced at the street sign to determine his location, then started, surprised. He was only one block from home. His subconscious mind had directed him to the route habitually followed when returning from work.

Jerry turned the corner slowly. Suddenly his mouth felt dry. There was a sickening void where his stomach should have been. Weights seemed attached to his feet as he shambled on unwillingly, yet unable to stop. In front of the house was the furniture. No chance of his mistaking that "Modernistic Design." One of the draymen went in as Jerry came abreast the dwelling. The second one said:

"Gotta match, pal?"

"No. But will a lighter do?"

"Okay. Thanks."

He accepted the instrument and began the somewhat difficult task

WRITE your Congressman and Senators

Ask them to require ALL business corporations to pay federal income taxes on the same basis . . . in the same way. Congress—right now—is considering revenue law changes that can end the present injustice. Ask your representatives in Congress to TAX THE UNTAXED FIRST before adding any more income tax burden on you or anyone else.

TAX THE UNTAXED FIRST!

...Before Increasing Income Taxes on Anyone

MARYLAND ASSOCIATED BUSINESSMEN, INC.

Baltimore 1, Maryland

WHO ARE THESE FAVORED CORPORATIONS?

They are Co-operative Corporations—Foundations and like organizations engaged in commercial business for profit—even some colleges and universities that do likewise, all in direct competition with fully-taxed private business. Co-ops, alone, are estimated to do a volume of business running to \$17 billion annually. Tax-exempt enterprises dodge nearly a billion dollars in federal income taxes every year. This is added to the amount the rest of us must pay.

Paying income taxes will not put co-ops or other tax-exempts out of business any more than paying income taxes puts private concerns out of business. If there are no profits, there is no income tax.

Where We Came In

Lesson for February 5, 1950

A CIRCULAR LETTER came in the other day from a stranger who is hot and bothered because he has discovered that Jews and Negroes can belong to Christian churches along with white Americans. The astonishing thing is not that that should be true, but that any man should get excited over it. What astonished the Apostle Paul was not that Jews were in the Christian church but that anybody else could be! We must recall that Jesus was a Jew; that all the apostles were Jews; that the first Christian church at Jerusalem was composed exclusively of Jews.

New Type

THE CHURCH AT ANTIOCH, one of the great commercial cities of the Roman world, was where we Gentiles came in. The writer is indebted to his former teacher, Dr. Charles Erdman, for noting four ways in which that church in Antioch was something new.

They had no Old Testament, they knew nothing of the Old Testament sacrifices, they had no interest in the Temple or in the history of Israel. Like most Gentiles, they had usually thought of the Jew as a quaint but unimportant minority group. Now that these Gentiles were in the same church with Jews, there would be plenty of room for trouble.

Could a church made up of such different races become a true Brotherhood? So the old mother-church at Jerusalem sent up Brother Barnabas to look around. Barnabas was not the church's most brilliant mind, but he had a heart full of faith.

New Leaders

GOD DOES NOT ALWAYS give the greatest successes to the "big names." Nowadays every one who knows his Bible knows Paul and Barnabas; but in Antioch both men were unknown at first, and untried.

When God wants a Reformation he calls forth a Luther, an obscure man who never fitted any of the existing priestly molds. When God wanted to open up Africa he called David Livingstone; when he wanted men for the far interior of Asia he called Hudson Taylor. When he wanted light to shine down into the slums he called William Booth.

These were all peculiar men by the standards of their times, but it takes peculiar men to break away from tradition's hearth-fire and break out new roads for the Gospel.

New Center

FOR SOME TIME Jerusalem was the capital of the Christian world. All roads led out from there, so to speak. With the rise of the Antioch church, however, a new center took the place of the old. Jerusalem withered away. In later times Alexandria led, and then other cities.

For a thousand years Rome and Constantinople were the acknowledged centers of the Christian world. Now we have also London—New York—Geneva... Many such centers have small beginnings. In America's early days the churches of Scotland sent over missionary offerings for the help of the struggling little church of New York.

In future years, who knows? Some church in Yunnan may be sending missionaries to the feeble folk left in the war-devastated ex-white world.

New Name

ANTIOCH is no longer a city of any importance. Missionaries go to it, not from it. But old Antioch left us something still cherished, a new name for believers: Christian. That name itself proves something.

It proves that the church in Antioch was something more than an aggregation of "churchmen." It was a family of Christ-men and Christ-women. These believers must have talked and lived something better than mere vague "religion." They talked of Christ, they loved Christ and they lived Christ, till even their busy neighbors took notice.

If your church had no name, and if your neighbors were to name it, and all the neighbors knew about it were you, by what name would they call it?

• 'Here Are They, and Here Are We ...'

The still dangerous Kashmir issue—arising from the question of whether the state of Kashmir should join India or Pakistan—seems to be nearing a peaceful solution through the efforts of the United Nations. Invitations to implement recent truce agreements have been accepted by both countries involved. Meanwhile, however, U. N. military observers stay on the job, to check on possible unauthorized advances beyond accepted "cease fire" lines. Here a U. S. lieutenant and a Canadian colonel, under orders of a U. N. Commission, check positions of opposing troops.

A SOCIALISTIC U.S.A.?

Would you like to live in a socialist
America? Most Americans wouldn't.
But there's a real danger that we will
—whether we want it or not.

One of the main roads to socialism
is government ownership and control
of important businesses. The
electric light and power business is
one—and this map shows how far
the government is in it already.

Every white dot—209 of them—
on the map marks an electric power
plant now operated or financed by
our federal government. Every black
dot shows where another govern-
ment power plant is being built, ex-
panded or proposed. In all—over

700 places in 44 states! And a long
step toward a socialistic U.S.A.

Most of the people who speak for
more government control over
American life don't want a social-
istic nation. They have other reasons
for government control.

But when government, moving
step by step, controls enough things,
we'll have a socialist government,
whether we want it or not. And,
instead of our freedoms, we'll have
government control, not only over
business, but over churches, schools,
homes—our whole lives.
