REBEKAHS DINE

Program and Dinner at Harney

The Taney Rebekah Lodge 88 had a banquet at the Lutheran Parish House, Harney, on Thursday evening, April 20, 1950. At 7:30 the members and guests, numbering 76, were called to the tables. Mr. M. C. Fuss asked the blessing.

The ladies of the church with Mrs. Faith LeGore as chairman served a most sumptuous menu consisting of fried chicken, dressing, mashed potatoes, sauerkraut with pork, candied sweet potatoes, corn, peas, redbeets, celery, fruit, bread and butter, brick ice cream, home-made cake and coffee, were served home-style. Everything was so good and all did ample justice to it.

After the banquet a program followed: Sister Dada Ousler, mistress of ceremony, gave a short talk. The Free Sisters sang "Quick Silver", they were accompanied by Sister Margaret Therit, a reading "Has Anyone Seen Hiram" by Mrs. Marie Wagerman; remarks by brother M. C. Fuss; the play "The Dummy" was well given and received a hearty applause by the audience. The character actors were: Roy Hitchcock, played by Mrs. Carrie Weishaar; his wife Jane Hitchcock by Mrs. Bessie Dougherty; Emma, the maid, Miss Marian Hahn; Ted Manners, club man, Miss Catherine Hahn; officer of the law, Mrs. Maude Norton. Duet, "Memories" by the Free sisters, accompanist, Sister Margaret Therit.

The ladies who prepared the banquet were called to the floor and thanked for the delicious food and their gracious manner in serving it. Thanks and appreciation were extended by toastmistress Sister Ousler to all who helped to make this such a pleasant evening. Such a good time was had by all that the parting feeling was that another such occasion should be in the near future.

MONTHLY MEETING OF GRACE CHURCHMEN

Last night the Churchmen's Brotherhood of Grace Evangelical and Reformed Church met for its monthly meeting in the church school room with 14 members of the Piney Creek Presbyterian Church Brotherhood present as invited guests. Earl Bowles, member of the program committee, was in charge of the program and led the gathering in a period of worship and devotion with Miss Margaret Shreeve at the piano.

The officers of the visiting brotherhood were introduced to the host brotherhood, following which the minister of the Piney Creek brethren the Rev. Charles Owen, spoke on the subject of the evening, "Christian Education as the Layman should View It," with challenge, yet mixed with some humor. Said Mr. Owen, "The one thing lacking in education today, in spite of the fact that we have better prepared teachers, better equipped buildings, free access to the school buildings, and so on, is Jesus Christ. History books glorify the scoundrels, but say nothing of the saints; our public schools teach how man may destroy himself through atomic bombs, but make no mention of how man can be saved unto everlasting life. There is a sinful divorce between secular education and Christian education, simply because Christ has been left out of our secular advancement. For this ignorance we pay a great price. We are rearing a generation of hot-house plants that shall not be able to stand the shock when they get out into life. The Church and every Churchman must teach that which is lacking by precept and example. Since the new generation walks in our steps, it is most important that we today walk where we need not fear or be ashamed." He concluded the excellent presentation with the words of Samuel Walter Foss, "Give us men to match our mountains, Give us men to match our plains" as they are found in the coming American.

An appreciative round of applause was accorded the speaker following which Raymond Perry, president of the Brotherhood, presided at the business meeting. It was decided to sponsor one boy at Boys' State this summer at Camp Meade. At the next meeting on May 25 the Brotherhood will repair the chairs of the Church School Room which are in need of restoration. A film, "The Price of Freedom," produced by the National Association of Manufacturers, and received from the Allwine Brick Co., was shown following which a period of informal fellowship and refreshments were enjoyed around the table.

Y. He has been Superintendent of the Aircraft Instrument Division since 1944. He is married, has twin daughters, Karen and Susan, who will be nine in May. They will reside in Schenectady. Mr. Witherow is pictured with the personnel of his group, after they have presented him with a beautiful onyx desk set and a handsome wrist watch.

APRIL MEETING OF CHAMBER OF COMMERCE

Road Improvements are Asked for by this Organization

The April meeting of the Taneytown Chamber of Commerce, convened in the Municipal Building last Monday night, David Smith, Vice-President, presided, and Dity Robb acted as Secretary. The report on the annual pilgrimage to the State Roads Commission, by the executive committee which went to Baltimore the previous Thursday, was given by David Smith. The delegation, he reported, was graciously received and shown every attention and courtesy. Mr. Smith reported the following results of the visit. That the highway from Keymar through Taneytown to the Pennsylvania line, is slated to be shouldered. That the unpaved section of the road at Trevanion, and also the winding road to Harney, were county roads, and therefore not under the jurisdiction of the State Department. And that the County will have to build these roads according to State specifications before the State can take them over and maintain them. On motion it was voted to have the Commission formally requesting the commission to place Highway 71 on the agenda to be shouldered.

Attention was called to the illness of one member, Peter Baumgardner, who has been removed to the General Hospital of Baltimore. Edward Morrison reported on plans for the Annual Memorial Day observance in Taneytown on May 30. The parade will begin at 1:30 p. m. The speaker will be Robert Heinstand, executive chairman of the Baltimore Area Boy Scouts of America. Mr. Heinstand is reported to be a very gifted speaker.

Murray Baumgardner reported for the committee on the proposed side walk to the new elementary school building. This project is to prevent the children from having to walk on the highway from the monument to the school, the distance of about one-quarter of a mile. He stated that his committee had met with a similar P. T. A. committee, and that while many obstacles were involved, he was sure that some satisfactory answer will be worked out.

The Rev. Morgan Andreas presented the matter of the Boy's State for Maryland to be held at Camp Meade from June 24 to July 4. This is a training school in the responsibilities of good citizenship for boys. It is being sponsored by the American Legion. On motion it was voted to send one boy from Taneytown under the sponsorship of the Chamber of Commerce.

The presiding officer then presented the speaker of the evening, G. Albert Baldwin, head of the Personnel Department of the Cambridge Rubber Company. The speaker briefly sketched the origin, history and purpose of the Chamber of Commerce in general. He then pointed out the attractive things about Taneytown that appeal to the newcomer and visitor. One was the fine approaches to the village that give the impression that you are entering a city. Some of the other attractive features, he said, were the good highways and streets, cleanliness, splendid homes attractively kept, fine organizations such as the Fire Department for which all are justly proud, service clubs, industries, and beautiful churches.

Then the speaker sketched the improvements that ought to claim the attention of such a progressive community as Taneytown. He listed eight of these areas of improvements which, he felt, would bring rich rewards to the town. They are as follows: (1) To remove any unsightly appearances at the various approaches to the town such as the auto graveyard. (2) To brighten up the welcome signs at the various town limits. (3) More progressive and more modern looking shops. (4) Some kind of zoning system for the industrial and residential sections of the town. (5) To continue the policy of street improvement. (6) Some planning in the building programs for new homes and housing areas. (7) Improved water system eliminating the gas pockets in the water lines. And (8) the very urgent need of a sewerage disposal system.

Following adjournment refreshments were served to the members present.

PYTHIAN SISTERS ATTEND CONVENTION

Taneytown Temple No. 23 of Pythian Sisters attended District No. 2 Convention held at Brunswick, Md., April 24th. Mrs. Harry Clingan represented for Taneytown Temple. GUILD MEETING

Women of E. & R. Church at Boonsboro

The 9th Annual Spring Convention of the Maryland Regional Women's Guild was held on Wednesday, April 26th in Trinity Church, Boonsboro, with the theme "Thine is the Glory". There were approximately 300 delegates and guests in attendance. Grace Church, Taneytown, had 16 women present at the meeting. They were: Mrs. Murray Baumgardner, Mrs. Carel Frock, Mrs. G. Emerson Rue, Mrs. Harry Mohnhey, Mrs. Morgan Andreas, Mrs. Janet Smith, Mrs. Glenn Martin, Mrs. Raymond Perry, Mrs. Lloyd Lambert, Mrs. Ellsworth Lambert, Mrs. Clifton Pennington, Mrs. Clyde Hesson, Mrs. William Simpson, Mrs. Walter Eckard, Mrs. Harley Holter and Miss Alma Shriener. The opening worship devotions were conducted by the Guild of Sharpshurg.

At the business session the following officers were elected and installed by Mrs. E. J. F. Dettbarn, Baltimore, President of the Potomac Synodical Women's Guild: President, Mrs. H. Paul Bovey, Hagerstown; 1st Vice-President, Mrs. Warren Breisch, Middletown; 2nd Vice-President, Mrs. J. Keller Brantley, Westminster, Md.; Secretary, Miss Edythe Johnson, Maugensville, and Treasurer, Mrs. Raymond Wilhelm, Frederick. The retiring president, Mrs. Noah A. Fravel, Lovettsville, Va., was in charge of the business session. Luncheon was served by the Boonsboro Fire Auxiliary.

One of the highlights of the meeting was the presentation of the departmental chairman in the form of a beautiful stained-glass window which "came to life" as each chairman gave her report. The window was composed of nine sections, each representing an avenue through which the Women's Guild serves. The following symbols were used: Education, Lamp of Learning; Thankoffering, Star of Advent; Membership, Open Scroll; Stewardship, Hand, Money Bag and Hour Glass, denoting the giving of time, talents and treasures; Spiritual Life, Open Bible; Missionary, Cross over the World; Social Service, Hand of God, and Youth Work, Seven Tinged Flame.

A brief memorial devotion was by Mrs. Lloyd Miller, Hagerstown, in memory of 2 members who passed to their eternal reward during the past year.

Inspirational reports were given of the Quadrennial Meeting held in Cleveland by Mrs. Noah Fravel, of Lovettsville, Va.; Mrs. Allen Morelock, Tyrone; Miss Katherine Dutrow, Frederick; and Mrs. J. Edmund Lippy, Westminster. The fall educational conference will be held Thursday, Oct. 12, and will probably be held in the new Educational Unit of St. Paul's E. & R. Church, Westminster.

1950 CANCER CRUSADE

The 1950 Carroll County Cancer Campaign is progressing slowly. The goal of \$3,000 has not yet been reached. This campaign gives the citizens of Carroll County an excellent chance to help themselves and their loved ones by contributing toward the fight of this disease which respects no one.

The Carroll County Committee realizes the many demands placed upon the generosity of the public through the various organized drives, but feels that the drive against Cancer cannot be slighted for any reason whatsoever.

This year the committee has had excellent response from volunteers wishing to help the fight against Cancer. But even with this response, all of Carroll County communities have not yet been covered. The committee requests that anyone interested in helping the 1950 drive will please contact Chairman John Byers, of Westminster, or any other member of the committee.

We submit, for the convenience of those wishing to contribute towards the 1950 Cancer Campaign, the following persons and organizations who have generously agreed to handle the solicitation in their respective areas:

TANEYTOWN LIONS HOSTS TO KIWANIS

Gettysburg Attorney Addressed Service Clubs

At Basehoar's Restaurant in Littlestown, Pa. on Tuesday last, the Kiwanis Club of Taneytown met jointly with the Lions, who provided as speaker Charles Wolfe, Gettysburg attorney, talking on the present plight of the British people.

Following a sumptuous chicken dinner and greetings by Lewis Crum-packer, Kiwanis president, the officers of each club were presented, with Lion president Robert W. Feeser acting as toastmaster. Henry I. Reindollar, Jr., accompanied by his father, gave well executed renditions of Kipling's "Rolling Down to Rio" set to music by Edward German and "Enjoy Yourself (It's later than you think)" words by Herbert Nig-edson, scored by Carl Sigman. Pressed for an encore, Mr. Reindollar favored with the familiar "Stout-hearted Men" from the New Moon, lyrics by Mandel and Hammerstein, melody by Romberg.

Introduced by program chairman, Raymond J. Perry, Mr. Wolfe invited attention to the British problem of supporting a population one-third as great as ours on an area but little more than twice the size of Pennsylvania. Complicating the situation is the heavy program of nationalizing many basic industries (such as railroads, mines, broadcasting and aviation) on which they have embarked. Besides inserting the entering wedge of politics, they have removed these sectors from the tax pie, and so large a slice of taxes must be made up elsewhere. In the United States 25% of national income goes to taxes, but in England the burden is 40%. Sheltered from competition, these industries become political, inefficient, and dragging on the whole economy. Devaluation likewise slows them down, for to get the same amount of export dollars they have to sell half again as much; their only gain is that represented by labor as opposed to material cost.

The difficulty antedates the Labor regime, reaching back to 1913, the day when Britain was a highly efficient community, exporting more than she needed. By 1938 the actual weight of goods imported was 20% greater than a quarter-century earlier, but exports had declined to 40% less. In other words the average worker used 20% more of the world's produce but contributed as his share 40% less.

Add to this, Mr. Wolfe said, the lack of incentive created by onerous taxes and the prospects of ultimate nationalization, and we see capital letting its plant deteriorate and its methods stagnate (witness the manual or horse-drawn operations in her steel plants which in America would be entirely mechanized). In the same vicious circle, mines become less and less efficient, and more and more miners leave for easier toil in other fields.

By and large, and here Mr. Wolfe quotes even a labor leader, Mr. Herbert Morrison, "The Labor principle must be that those who want more than a minimum standard of living must contribute more than the minimum day's work, and that principle must be effected in an industrial system of rewards."

All in all, Mr. Wolfe made a pretty fair argument for a capitalist system, regulated perhaps, but not controlled, by government. The plight of Britain, with no easy solution appearing, gives pause to fine theorists of socialism the world around.

THIS 'N' THAT (Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

The jonquils did not burst into full bloom until late. The shade trees are unfurling their tiny leaves. The same time, the young fruit trees blossomed into the soft color of pink right at the kitchen entrance. Now, Your Observer can think of the cherry blossom time in Washington where I used to visit yearly. There is no more beautiful sight than Washington at such a time.

Here's to that growing lad in your life—the one who is interested in baseball. This is the story which was demonstrated by an official of "Spalding Brothers", that is the inside story of how a baseball is made. TV showed it all the other night and it was interesting, too, for Your Observer. The very first baseball was made in 1876 and major league baseball is made first with a tiny cork for the center encased in rubber halves, then bound with woolen yarn, then wound again and then a final binding until it is made smooth. It is then dipped in rubber cement and shapes of white horsehide pieces are cut and stitched by hand into girls do the stitching by was fascinating to view it all.

There is something about a private cattle sale that interests Your Observer. First it is wonderful to stand amongst those wonderful men, the down-to-earth man, the farmer, the heart of America. That honest auctioneer is just about the finest around our town and in any town. You can rely upon just what he says. Here's one who has the greatest confidence in him. The weather-beaten faces from the hot sun, the wrinkles in their brow, Abraham Lincoln had such a face which you can see in every portrait that was ever made of him. Check back and see. His clothes, too, always appeared too large for him.

Now, here's to every car owner with insurance and those who are ready to take out a policy. Be wise and read every word and don't be afraid to ask questions. Here's why. An M. D. in the city had taken his car to a garage to be repaired and that company tried, no doubt, to sell him on the idea of purchasing a new one and loaned him one until the repairs were made. As he was rushing on duty, he took the right-of-way from a man, smashing the entire front of the car, doing very little damage to the new car. The doctor told the man it was all right, that he was insured, etc. Now, the insurance company is doing everything they can to wiggle out of the transaction, stating they were not responsible because the doctor was not driving his own car. The insurance company of the new car refuses to pay for the damages stating the doctor was not insured with them. Calling all insurance companies. Do you blame the public being suspicious of insurance companies? The man is doing without his car which he needs for work and the case had to be turned over to a lawyer. Mr. Public Man, be wise and look for that tiny clause that may mean much to you and yours. I need not go further. Ortableaw. What think you?

While on the subject of cars, it is good once yearly to have the entire gasoline line cleaned out for it will save you many a dollar.

In summer, have you ever noticed that your hair grows more rapidly than in the winter and you visit the barber more often? Now that hats are being discarded due to summer coming on it means frequent visits to your beauty salon. This is the part that puzzles Your Observer and one which I could never understand. If you are not blessed with naturally wavy hair, why do you visit your hairdresser only now and then instead of regularly? What is more displeasing than to see woman's crowning glory attired once in a while instead of appearing well-groomed at all times? Recently, I attended a wedding, and I did not recognize the bride simply because (Continued on fourth page.)

4-H CLUB NEWS

The Taneytown Agriculture 4-H Club held its meeting April 24, 1950 at its club house. We had 24 members to respond to the roll-call by naming a famous person. We had two visitors and one new member.

In our old business we discussed our skating party which will be held on May 19, 1950. The club discussed our projects which we are taking to the McDonough School Fair. The committee would like to take pictures of the 4-H Club members and their projects.

In our new business the club made plans to attend the Catholic Church on National 4-H Club Sunday, May 14. The club made plans to have a float in the Memorial Day parade. Club also voted on having a club exhibit at the County Fair on Soil Conservation. We had appointed a committee in charge of the exhibit with the club members assistants. Club wants to sponsor a square dance and sell soft drinks at the County Fair one evening.

Had a demonstration on making a safe ball pen by Harvey Dickinson, and Diane Thomas.

Meeting was then adjourned with members playing games. Refreshments were served.

FRIDAY, APRIL 28, 1950

SPRING IS HERE

"April showers bring May flowers," so ran the rhyme in the old-fashioned copy books of my childhood.

I think those maxims written repeatedly in childhood did much to mold the character of the young people. We would do well to return to such custom again.

Do you remember the time when you were sent out to dig up sassafras bushes to get the bark from the roots when brewed to make tea to thin the blood, so they said? Moderns do it quicker by mild doses of Epsom salts. But I like the good old ways. They were more enjoyable.

And, oh yes, thanks friend "Chatty Columnist," we all like compliments and scatter too few of them. If this be a compliment C. C. take it as such. I read weekly your column and always enjoy it.

Feather-bedding scheme of Firemen's Union to put an additional
fireman on diesel locomotives has been

CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman
have said these demands were "devoid of merit" and they were

REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation
to compel the railroads to employ a wholly unnecessary additional
fireman to ride on diesel locomotives. This scheme is plain

FEATHER-BEDDING!

LEADERS of the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman ... upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is
Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an

extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good ...

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding."

The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels" is Outstandingly Good ...

PRESIDENTIAL FACT FINDING BOARD REPORT
Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation ..."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

FEESERSBURG

Driving over Carroll County's roads in search of a friend's farm can be a frustrating experience, since most roads are "signless." Often one becomes lost amidst winding roads and unmarked lanes and mail boxes minus names. It slows up one's trip and after asking at two or three houses for directions, which sometimes are as easy to follow as translating Latin, one becomes discouraged and decides to return home. Lucky is he who can do even this. A worthwhile project for a 4-H Club would be to make some road signs and nail them up on the fences and help the poor bewildered traveler know whether he is in Carroll County or in the hilly country of South Africa. These signs should be large enough to be read with ease at a distance of 20 to 30 feet and should be weather proofed so that the letters would not fade after the first heavy rain. One hopes that some time in the near future there will be road signs at every cross road and that farmers will name their farms and paint the name on their barns or on their mail boxes. It's a sign of community pride when the traveler can tell at a glance where he is. A firm is proud of its trade-mark, and advertisers. A community and its citizens should do likewise.

The combined choir of the Uniontown Lutheran Parish under the direction of Mrs. Blaine Broadwater sang in the Bethany Lutheran Church in Baltimore whose pastor is the Rev. Andrew Theisz, Sunday evening, Apr. 23rd. The church was filled with members and visitors who appreciated the beautiful musical program. There were 35 members of the choir who made the trip and many persons from the Uniontown Parish accompanied the choir to Baltimore. After the church service members of the Bethany Church served the choir and visitors refreshments. The evening offering was divided between the two choirs.

Grading of the Feesersburg-Union Bridge road is progressing nicely. Many property owners were forced to move their trees, flowers and fences but most all did it cheerfully as they know a hard road not only is a great convenience but also adds to the value of their property. Once in a while an owner of a farm or house will stand in the way of progress but that is to be expected as long as man is afflicted with selfishness, greed and down right contrariness.

Mrs. Cleon Wolfe visited Mr. and Mrs. L. Leitz at their new home in Baltimore, Monday. She found them all settled and doing business in their store. It is quite a change from their calm and leisurely life at Mt. Union but the nicest thing about humans is they can adjust themselves to new surroundings and new conditions. Their friends and neighbors miss the Leitz's very much but wish them well in their new undertaking.

Mr. and Mrs. Emmett Miller, daughter Linda and son, Dale, were Sunday guests of the Cleon Wolfes.

Visitors of the Frank Martins were Mrs. Raymond Buffington and Miss Charlotte Buffington, who has just returned from John Hopkins Hospital where she underwent an eye operation and plastic surgery.

Mrs. Charles Lovell, Scout leader of the Union Bridge Girl Scouts held a meeting for the scouts and their mothers, Tuesday evening at her home. Plans were made for the summer months and it is hoped the scouts will be able to take swimming lessons through the Red Cross this summer. Lessons in first aid will be given in May under the direction of Mrs. Millard Roleke. While the group of scouts is small in number, there is a very keen interest among them in community projects and they should be given the opportunity to share in the town's activities. During the recent "March of Dimes" campaign it was due in no small part to their effort that Union Bridge District made such a fine showing in the campaign. The Girl Scouts are always ready to serve in any way the community in which they live.

Members and friends of the Elmer Wolfe school P.T.A. literally tore down the doors to attend the musical program under the direction of Mrs. Donald McIntosh, Monday evening. Due to a misunderstanding the doors were locked and it was necessary to remove the lock by force in order to permit the spectators in the building. To make matters worse it was raining. In spite of the delay and inconvenience, the music made up for it all. Monday evenings program was a sort of dress rehearsal for the "Music Festival" to be held in Westminster.

"Tomorrow Will be Better" is the title of a book written by Betty Smith, but the four words hold so much of hope and promise that I find myself quite often repeating them in facing the problems of daily living.

Johnny Angell is another victim of the whooping cough. It is the worst of all childhood diseases, and so Johnny you have our deepest sympathy.

The executive committee of the Elmer Wolfe P.T.A. met Tuesday evening at the school in a special meeting called for the purpose of discussing the new addition being built to the school. Certain necessary features have been left out of the new building such as an incinerator connected to the furnace so that trash need not be disposed of outside the building. The proposed lighting system is not satisfactory, and some of the class rooms are not large enough.

A committee was appointed to look into these conditions and see what can be done about them.

Mr. and Mrs. Roger Roop spent Wednesday in Washington.

Tragedy struck out of a clear spring sky last week. I was working on the lawn and became interested in watching a pair of blackbirds busy building a nest in one of the pine trees. One of them came streaking across the lawn with a piece of string about a yard long in its beak. Twice the bird dropped it on the ground but each time flew down and picked it up again. The last time it flew up into the top of a locust tree and perched there undecided what to do with it. Finally, having decided, it flew off through the branches with the string trailing from its bill. Suddenly one end caught in a branch and in some way snagged the bird by its feet and there it dangled helplessly from the top of the tree. I ran for help but until my husband returned with a ladder the black bird had frantically beat its life away. Its mate, sitting on a nearby tree, looked on and no doubt wondered what was delaying the building of her nest.

Home is where part of the family waits until the rest of them bring back the car.

"We plant not only seed
In springtime when we sow:
We plant our earnest faith
That fruit and grain will grow.

We plant belief that sun
And rain will bless our toil,
Will flavor and perfume
The product of the soil.

We plant, and write on earth,
For all who will to read,
Our faith that God will give
Full harvest for the seed.

No one who plants a seed,
No one who tills the sod,
But thus declares his faith,
His firm belief in God."

OMER G. BROWN

Omer G. Brown, 67, retired Kane, Pa. funeral director died suddenly at his apartment early Thursday, April 20, following a heart attack. Mr. Brown was widely known for his varied church, civic and fraternal activities. He had gone out for several hours during the evening and returning home had listened to the radio for some time. Upon retiring at midnight he complained of what was thought was indigestion but the condition developed critically with death occurring a short time later.

Dr. H. J. McGhee, who had been summoned, pronounced death result of a heart attack. Mr. Brown had been in apparent good health, about town as usual Wednesday making calls on friends.

He was born in Maryland, September 11, 1883, and came to Kane in 1917 purchased the Smullen Funeral Home, then located in Greaves Street. About three years later he purchased the New Fleming hotel on Fraley Street to convert it into a modern funeral home and apartment building.

He was active in the funeral directing profession more than 20 years, serving as president of the district Funeral Directors Association and holding offices in other organizations for a number of years. He sold a half-interest in the business in 1938 to Eben H. Watts and then retired completely in 1942 with sale of the remainder of the business to Mr. Watts who a few years ago sold to the present owner, John F. Hill.

Mr. Brown served on many civic and public efforts in Kane and was an active sportsman with hunting his chief sports activity.

He was president of the board of trustees of the First Presbyterian Church; president of the Salvation Army Board and a member of the Board of Directors of the Community Hospital.

He also was a member of the Kane Lodge 566 F. & A. M., and the Williamsport Consistory; the Kane Lodges of Elks, I. O. O. F., and K. of P. He was an active member of Rotary and a past president of the Kane Chapter, a director in the McKean County Crippled Children Society, a director of the Kane Federal Savings and Loan Association, a member of the Kane Country Club and the Kane Men's Chorus.

OTTO—A token of love for our Mother and Grandmother, AMANDA C. OTTO who died one year ago, May 2nd, 1949.

Gone is the face we loved so dear,
Gone is the voice we loved to hear,
It's sad but true, we wonder why,
The best is always the first to die.

Some day we shall go to meet her
Where there'll be no more goodbyes
We can think of nothing sweeter
Than our meeting in the skies.

Loving daughter, CLARA, husband, grand daughter, MARGARET ASRA.

Mr. and Mrs. Nick Donatelli left Wednesday evening for Pittsburgh, Pa., where they will spend the weekend with the former's people, Mr. and Mrs. Paul Donatelli.

Mr. and Mrs. Frank Weant, of Miamisburg, came east to attend the funeral of his brother, Harry Weant, Emmitsburg. Also while here they visited Mr. Charles R. Welty, Westminster.

A very large crowd attended the Spring Concert given by Mt. St. Mary's and St. Joseph's College Glee Clubs, Thursday evening at the new Gymnasium at Mt. St. Mary's, Emmitsburg. Rev. David W. Shaum, St. Vincent's Baltimore directed the concert.

The Kiwanis members will entertain their mothers and wives Wednesday evening, May 3rd, at the Taney Inn. Rev. David W. Shaum will be the speaker. Miss Lois Markle and Mr. Carl Little will render several musical selections accompanied by Miss Jeanne Clapsaddle.

The following members of the Taneytown Kiwanis Club attended an inter-club meeting of Kiwanis held at the Emerson Hotel, Baltimore, Wednesday evening: John Skiles, Howell Royer, David Smith, Carol Frock and A. H. Carpenter. Clubs were represented from Maryland, Delaware and Virginia.

Mr. and Mrs. Francis E. Shaum were entertained to dinner Tuesday evening by their family Mr. and Mrs. Nick Donatelli and Frank E. Shaum at the New Central Hotel, Hanover, Pa., in observance of Mr. Shaum's birthday anniversary. Other guests included Miss Betty Arter, Littlestown, Pa., and Miss Frances Poist, Hanover.

EARLE THEATRE DAMAGED

In the past several months the Earle Theatre has had several hundred dollars worth of damage done to the furnishings in the building. This damage has, in most cases been done by children. Seats have been cut with knives, arms broken from the chairs, screws removed from the back of the chairs, and untold damage has been made by chewing gum dropped on the carpet and seats.

Many of you have sit in it and had to have your clothes cleaned. Just last week the screen was plastered with toilet paper that had been made wet and then shot with a sling shot from the front rows. This kind of thing must STOP.

Our Insurance Company will no longer pay for this kind of damage. An insurance company detective is now stationed in the theatre and any person caught damaging theatre property will be arrested and prosecuted to the fullest extent of the law. Children do not realize the damage that they are doing. It is up to the parents to see that their children understand what is expected of them when they attend a movie wherever they go. A great deal of the trouble could be stopped if the children were made to sit with their parents. We want to see our home town theatre a place where you can go and enjoy a movie in peace and quiet. Many children enter the theatre Saturday at 2 p. m. and do not leave until the theatre closes at 11 at night. This is a bad habit both for the children and the people attending the show. When you buy a ticket to the theatre you buy it to see a show not the right to play hide and go seek up and down the aisle.

We are making an appeal to YOU, the fathers and mothers to help us bring a stop to the things mentioned in this article. The management would appreciate hearing by penny postal card, of any person known to you to having caused damage to the Earle Theatre. No charges will be brought for lost damage but we would like to talk to the parents of the persons who are guilty. Help us to help you.

KENNETH CLEM, Manager Earle Theatre.

SPRING CLEAN-UP CAMPAIGN

MAY 1ST TO THE 15TH

Deputy State Fire Marshall, Emory Minnick, of Carroll County, said in announcing the Fire Departments cooperation with other civic groups in the annual Spring Clean-up Campaign that, "by using simple precautionary methods, many fires could be eliminated."

The Fire Marshall, discussing replacement costs stated that "even in small fires where the firemen are able to confine the flames to one room, it cost property owners two to three times the amount of money to refurbish the burned-out areas as it did six years ago." The Marshall particularly emphasized the following points:

1. Rubbish fires are causing a great deal of damage in our county. If people would remove the rubbish from their cellars, attics and closets, fire losses would be greatly reduced, and many alarms would be eliminated.
2. A large number of fires are caused by carelessness in the use of matches and by smoking, which indicates that matches should be kept where small children cannot reach them, and smokers should use extreme care in disposing of the cigarette ashes and butts.
3. If you value your life. DO NOT SMOKE IN BED. Remember, you are not fireproof.

Signs continue to point to steady business activity and consumer income during the first half of this year.

When Worship Is Wicked

Lesson for April 30, 1950

DON'T THINK for a moment you could stand before some Recording Angel, with a memorandum in your hand showing the number of times you had attended church last year, and expect to see the angel break out into a beaming smile. "Fifty-two trips to church, 52 Good Deeds!" you would smile confidently at him. But he might freeze you with a look of complete contempt. "Fifty-two sins!" he might say. "Next case!"

Dr. Foreman

Can It Be a Sin To Go to Church?

Church-going is not necessarily a good act. Worship may be a quite wicked deed. Most people are slow getting that into their heads. They think that one act of worship on Sunday will somehow make up for a lot of bad behavior Monday through Saturday inclusive. But it is not so. The first person in history to see and to say that worship need not be good and can even be very bad, was none other than the prophet Amos.

The Israelites to whom he spoke were what we would call a church-going people; they were certainly temple-going. They followed the same ritual that was used in Jerusalem, they offered tithes and sacrifices, they kept the Sabbath, they attended the feasts and they observed the fasts and they sang the sacred hymns.

Yet Amos denounces the whole business, and condemns the worshippers as guilty sinners. What was wrong?

It Looked All Right

READERS of the Old Testament will remember that at Bethel, where the Israelites had one of their principal temples, golden calves had been set up to represent Jehovah their God. Now even though the people worshipped the true God, surely it was wrong to worship him in the form of an animal.

The form of their worship was all wrong, much further wrong than any form of Christian worship is today; yet Amos does not condemn them for worshipping in this mistaken way. Never once anywhere does he say a word about the golden calves. And if he does not say anything about a big thing like golden calves, still less does he have anything severe to say about less important departures from "good form" in worship.

He does not condemn the people for having the wrong hymn-book, or for not having a good choir. He hasn't a word of blame for non-attendance at worship; indeed he comes down hardest on those who do attend. Apparently church attendance in Bethel was excellent—that was not their trouble.

Again, he has no fault to find with the Israelites because their "services" were uninteresting. Maybe they were; but on the other hand they were probably full of color and of pageantry, something to see as well as to hear. Yet Amos was not impressed. Further, he makes no complaint about poor sermons.

What Was the Trouble?

THE TROUBLE with those people, the thing that made their worship sinful, was not some defect in the act of worship itself. There was nothing they could do. Amos can think of nothing they could do, to "improve the worship program" as we would say.

The trouble with those people was not in church at all. It was on the outside. Almost alone in his time, a voice in the wilderness—for no one paid him any real attention—Amos, speaking for God, told the Sabbath-keeping, church-going, hymn-singing, tithing citizens of Israel an important truth.

Religion, in short, cannot be shut off from the rest of life, as nearly everybody then thought and as too many people now think. Worship is simply no good if it is not lined up with a good life, a life good by intention and effort.

Jesus underscored this same point. If you are at the very altar of God, in the act of offering him a gift, and remember that your brother has something against you, go and make matters right with your brother before you offer the gift. See your brother before you see God! Or else God will not be at home to you.
