Mrs. George Harner. The program was in charge of Ki-wanian George Harner. Miss Lois Markel and Mr. Carl Little, Hanover, Pa, favored those present with solos and a duet and were accompanied by and a duet and were accompanied by Miss Jean Clapsaddle, pianist, also of Hanover. Miss Markel's solo was entitled "Through the Years" by Yumens and Mr. Little's solo was entitled "The Desert Song" by Romberg. The musical portion of the program was concluded with a duet by Miss Markel and Mr. Little entitled "If I Love You" by Rodgers and Hammerstein.

The speaker of the evening was no stranger to many of those present, having been reared in Taneytown. In making his introduction Kiwanian Harner made mention of this fact. The Rev. David W. Shaum based his talk on the importance of mothers and fathers and traced the origin of Mother's Day, which began with a movement originated by a Miss Jarvis, in honor of her mother, in 1906 in Philadelphia. He stated that a bill was passed by the Congress of the United States in 1913 setting aside the second Sunday in May as Mother's Day. He emphasized the fact that we should love, honor, obey and respect our parents no matter what our station in life might be and that we should ever hold them high in our esteem. One day a year is certainly not sufficient for any of us to show our appreciation to our parents and especially our mothers but we should honor and respect our parents each day of the year. Each person present was challenged with the fact that he should never lose sight of his debt to his parents for the many sacrifices made for him during his childhood and adolescent

The meeting was started by Mr. Schabinger, the Assistant County Agent. He told of the work and the type of projects the boys and girls may work on. Then after his talk we had the pleasure of listening to four of the members of the Taney-town Club about their work and in-

terest in 4-H work. Officers were elected and are Carl Weant, President; John Ridinger, Vice-President; John Fream, Secretary, and Francis Selby as the Club

Reporter.
We discussed when and where to have our regular meetings. We have decided to hold our meetings on the fourth Tuesday in every month. As of yet we have not decided on a definite place to hold our meetings, but our next meeting will be held in the Harney School building on May 23,

at 8 o'clock. To close the meeting Mr. Schabinger showed us a movie on the State Fair at Timonium.

Anyone interested in 4-H work is welcome at our next meeting, so come out and help along the newly organized 4-H Club of Harney. F. S., Club Reporter.

# DRIVE FOR FUNDS FOR TANEYTOWN BAND

# at Taney Inn Wednesday evening at the regularly scheduled Taneytown Kiwanis meeting. The meeting The m **Needs Financial Assistance**

At the present time Taneytown has only one band and that is the American Legion Drum and Bugle sented in a very able manner. It was Corps. This organization was foundwin. After a delicious fried chicken dinner was enjoyed by all, the group singing was led by Kiwanian Wallace Reindollar and accompanied by Mrs. Estella Yingling.

Guests present other than the mem-

work and with donations received from our local merchants, the drum corps was able to remain solvent even though over thirteen hundred dollars was spent for equipment, uniforms, etc. This year a different situation has presented itself. Not only does the Corps need to maintain its present equipment but new uniforms are needed if it is to bring credit to our town and to itself. Last year the Drum and Bugle Corps participated in 27 parades and as far as its play-ing ability goes it was above average but it was found that the uniform was far below the standard of other Corps. Since appearance counts more than anything else in most parades the drum Corps must procure new uniforms if it is to compete on an equal basis with units from

other communities. To raise funds for the new uniforms the Drum Corps has laid out an extensive program for this year. There will be a door-to-door solicita-tion in Taneytown and the surrounding area from May 8th through May 20th. A donkey baseball game will be sponsored in June and several other events are scheduled for this summer. This winter the Drum and Bugle Corps will again have the Halloween block party and plan to make it a bigger and better event than last year.

than last year.
Two thousand dollars has been set as the goal for the uniform fund. While this may seem to be a large amount of money for such a project it must be remembered that the Drum and Bugle Corps at the present time has over forty members and hopes to raise its membership to ov-er fifty. If the members of the Drum and Bugle Corps see that the town and surrounding area are willing to help with donations over the two week solicitation period new uni-forms will be purchased immediately.

#### TO THE EDITOR OF THE CARROLL RECORD

I heartily endorse your "campaign" for signposts at every crossroads and names on every mailbox. Since I am a newcomer to this community I really appreciate your viewpoint. City dwellers have their houses numbered, why should not our rural homes be identified with names on mailboxes or barns? Please keep up

the campaign. -Rev. Donald Warrenfeltz Uniontown, Md.

# CHURCHMEN ASSEMBLE FOR CONFERENCE

# E. & R. Men of Garroll County Come Together

With the balmy spirit of spring-time filling the atmosphere 96 men were in attendance at the semi-an-nual Ministerial-Consistorial Conference of the Evangelical & Reformed Churches of Carroll County held last Friday evening in the social parish hall of Emmanuel Baust Church, near Tyrone. Ernest Brillhart, Manchester, who is the president of the conference served as the toastmaster, and Rev. Dr. Miles S. Reifsnyder, minister of the host church, offered the invocation. A very tasty and delicious roast beef meal was served by the Women's Guild, assisted by the girls of the Youth Fellowship, of Baust Church. A rising vote of appreciation was extended to them for their services.

Following the conclusion of the meal the men entered into a brief period of folk song group singing,led by the Rev. Mr. Morgan Andreas, Taneytown. The toastmaster then Taneytown. The toastmaster then called upon the Rev. J. Edmund Lippy, Westminster, to present the speaker to the gathering. The speaker was the Rev. Dr. Frederick K. Stamm, writer, lecturer conference leader, and presently the radio-preacher of "Highlights of the Bible" on a nation-wide hook-up broadcast. During his ministry Dr. Stamm served Calvary Reformed Church, Reading, Pa., and large Congregational Churches in the heart of Brooklyn, N. Y. and Chicago, Ill.

After being introduced to the fel-lowship Dr. Stamm told several most amusing, yet pointed stories which he drew from personal experience and contacts in his most satisfactory and energetic ministry. He then announced the theme of his address which was "How Can We Change the Spiritual Climate of America?" He said that Climate of America?" He said that everywhere people are asking the questions: What can I do? Where can I put my talents to use? What organization or club should I join." An individual is but one out of 150 million people in the U. S. A. and he feels that one cannot exert much influence because most of us are of the common variety of human beings. Those who variety of human beings. Those who make vital and important decisions are very few. Most of us do not be-long to the United Nations, we do not declare war, we do not write peace treaties. Soon farmers will be planting corn and other spring crops. The great wheat fields of the Dakotas and Montana are now being prepared for the sowing of spring wheat. They do not sow wheat in the Fall as we do here because the severe winter would freeze it out.

Some people may like the North and West, I do not for I have lived there. I prefer the varied climate of our own native Maryland where the four seasons are equally divided and give us the varied weather and climate from sub-zero to 100° in the shade. And I like Maryland because it produces about all that seems necessary to sustain life and produce happiness. Our great Chesapeake Bay is our most fruitful area (acre for acre) of the entire statewith its oysters, crabs and fish, shad, herring and rock.

There is a town across the bay called Rock Hall, which many believe was originally called Rock Haul from the large number of rock fish taken in its waters. Who wouldn't be a Marylander?

The wedding of Miss June Booher, daughter of Mr. and Mrs. James Booher, and Lyle Stutzman, son of Mr. and Mrs. Raymond Stutzman, of Johnstown, Pa., took place Saturday afternoon in the Methodist Church of Middleburg. The Rev. Ernest Colwell performed the ceremony in a setting of palms and white snap-dragons. The bride wore a street length dress of white satin, fashioned with a mandarine neckline, tight fitting bodice and long sleeves. She wore a bandeau of flowers on her hair and carried a bouquet of rose-buds. Miss Margaret Moore, Johns-town was the bride's only attendant and Blair Stutzman, brother of the bridegroom was the bestman. Following the ceremony a reception was held at the home of the bride's parents for the immediate families and close friends. For her going away costume the bride wore a green suit with white hat and gloves and a corsage of red rosebuds. After a wedding trip through the southern states Mr. and Mrs. Stutzman will live in

The Union Bridge Fire Company has opened its drive for funds and other contributions. The drive will last until May 15th. It is needless to point out the necessity of helping the fire company, for in the back of every one's mind is the dread fear of fire in one's home or business. But one can never repeat too often ning. that the thing that stands between one's dread of fire and reality is the Volunteer Fire Company. Night and day, in rain, sleet or snow it responds promptly and willingly. It is well to remember that it is a Volunteer Fire Company, depending upon the comhave to do more.

The mouse population in Carroll County orchards is exceptionally heavy this year and some growers report the worst damage in their experience. Many trees have already been girdled and killed by the costly rodents. There are two species of mice that attack orchards. the meadow mouse which girdles the trunks of the trees and the Pine mouse which works under ground on the roots. Both species may be controlled by setting out poison bait in the runways around the trees. All persons having trees or orchards are urged

COME car makers say springs make the ride—and so we give every Buick four of the soft, gentle coil springs practically all cars use on front wheels only.

Some say the drive is importanthow power is transmitted to the rear wheels.

We agree—and use a torque-tube drive, that takes up all the thrust, freeing rear springs of driving pulsation.

Some stress tires - so you'll find low-pressure casings on every Buick, mounted on our own kind of Safety-Ride rims. Some play up shock absorbers - we make ours fast, soft and sure in action. to wash out all "after-bounce."

FOUR-WAY FOREFRONT This rugged front end (1) sets the style note,

(2) saves on repair costs—vertical bars are individ-

uothy replaceable, (3) avoids "locking homs,"

(4) makes parking and garaging easier.

Then there are frames-and car weight - and engine mountings, which on Buick are a very special kind used nowhere else.

hey're all important-yet the plain truth is no one of these things-or two or three-gives a ride you can truly call "unruffled."

We feel it takes all of them springs, tires, shock absorbers, drive, engine mountings - carefully and precisely brought into balance with each other.

You can see why we think so in any Buick-SPECIAL, SUPER or ROADMASTER.

You can feel it on cobblestones

and car tracks, washboardy gravel and weather-pocked macadam, country lane and city street. You even feel it on boulevards, which grow still smoother when you travel them in a Buick-especially when it has Dynaflow Drive.\*

So we would like you to try a ride that is truly "unruffled." Free of harshness-undisturbed by jounce and jitter-level-steady-goingsmooth.

Just ask any Buick dealer for a chance to try out any Buick: You'll find it "the ride of a lifetime"-and the buy of a lifetime

\*Dynaflow Drive is standard on ROADMASTER, og-

Only Buick has Dynaflow and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUFER models.) NEW-PATTERN STYLING, with MULTI-GUARD forefront, toper-through fenders, "double bubble" taillights . WIDE-ANGLE VISIBILITY, close-up road view both forward and back . TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius . EXTRA-WIDE SEATS cradled between the axles . SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ridesteadying torque-tube . WIDE ARRAY OF MODELS with Body by Fisher.

CHURCHMEN ASSEMBLE FOR CONFERENCE

(Continued from First Page) few resources to meet the great needs and to answer the complex pro-

"There are two obstacles in our way which prevent us from being an influence for good. The first of these is certain, imaginary walls which we ourselves construct. Walls of misunderstanding and fear of one another exist between individuals, groups, churches, communities, and nations. We must tear down the walls of hate, prejudice and revenge. We are not to judge and figure out people at a distance. The world goes on the same and the Gospel of the Kingdom goes by the board as long as we have these walls. When we have walls around us we cannot look out and others can't see in. There-fore, before we build a wall we should want to ask "what do we want to wall in and what do we want to wall out?" With these walls we can't make any real contribution to spiritual progress and to life. The second of these obstacles is inertia. We do not want to be doing thus and so at this time. We don't think this is the opportune time. What if Jesus had said that this is not the time to send out the disciples with the Gospel? What if Edison had felt that this is not the time to make an incandescent lamp. These men went on. They did not put off until tomorrow. But we are generally lazy in mind and body. We put off till a more convenient season, and the Kingdom is no better than before."

Coming to the heart of his pre-sentation the speaker asked the question, "What can the individual do in the church as a member of the consistory, in the community of in the world." There are four things we can do to change the spiritual climate of

America."

"First, we must recognize that states of mind are contagious. No man can be neutral. He must be some influence for good or bad. When we go in and out we should leave something and create an atmosphere by moving around in society". He cited Phillips Brooks, rector of Trinity Church, Boston, and Prince of American Preachers and quoted some one as saying, "It was a dark and dreary day in Boston, but Phillips Brooks came out and walked down Newspacame out and walked down Newspaper Street and all was clear and bright." He also quoted the words of a plaque which say, "When you took your leave, I found God's footprint on my floor". He challenged the men saying, "we leave marks in the interest of the Kingdom of God or evil; we can't live in a vacuum." or evil; we can't live in a vacuum. We create an atmosphere that is good if we direct the power in the right direction. Man is of no good until he helps to expel the bad influence and

atmosphere from people.' "Second, we must recognize that a person must have ideas plus conviction. A lot of people have ideas, but they never get out because the person FOR SALE—Frame Bungalow just one year old in Taneytown, 4 rooms and Room for bath, Part Cellar, Insulated, on lot 50x125; Water, lights, nicely papered. to us of ideals. Democracy gives us
the ideal that all men are equal and
have God-given rights. It is the duty of the state to protect these rights, but the state can't give rights. Only God gives us the rights. But all our ideals are worthless unless they live in men. A certain 70-year-old judge

in North Carolina who fights for racial equality is the most lonesome man in the world because he is moved to preach and practice a great ideal. There is no meaning to the Star-Spangled Banner or America if we are not going to live our ideals."

"Fourth, every man is a walking, talking example of what America as a free society can produce. We must always put the individual above the state. It is true that we must be patriotic, but what kind of an individual can such a society develop? Actually, Americans can be and have been as cruel under the same experi-ences and circumstances as the worst Japanese, German or Russian atrocities committed during this last war. In this connection he mentioned a definite incident how when questioned by a chaplian who knew, the American commanding officer of the prisoner of war camp admitted in questioning how inhuman and barbarous he had been in mistreating one of his SPECIAL SALE—Wilson Freezers

# BOARD OF EDUCATION REGULAR MEETING

# Bids were Opened and Contracts Awarded

The May meeting of the Board of Education was held in the offices of the Board on May 2, 1950 with all members present. The minutes of the previous meeting were read and approved and the bills as listed approved. The Board noted the re-appointment of Clyde L. Hesson as a member of the Board of Education, and expressed its appreciation to Mr. Hesson for his willingness to serve another term as a member of Board. The Board re-organized by electing Clyde L. Hesson as president, Dr. Thomas H. Legg as Vicepresident for the school year 1950-51. Action was also taken to name Truman B. Cash as Supervisor of Insurance and D. Eugene Walsh as Attorney for the ensuing year. The Board as provided by law considered at this meeting the election of the Superintendent of Schools and after consideration Superintendent Samuel M. Jenness was re-elected to a term of four years as Superintendent of Schools. After consideration the adminis-

trative and supervisory staff of the superintendent were re-appointed for 1950-51 as follows: John F. Wooden, Jr. Supervisor of Secondary Educa-tion; Charles E. Reck, Supervisor of Elementary Schools; Ruth E. DeVore, Supervisor of Elementary Schools; Mrs. Josephine West, Supervisor of School Lunch and Home Economics; Maye E. Announcement was made of coming school activities relating to the end of the school year special notice.

end of the school year, special notice being given to the negro music festival to be held in the Robert Moton School on May 5, and the County Folk Dance Festival to be held in the Gill Gymnasium at Western Maryland College on Friday evening, May 19, at 7:30 p. m. Notice was also taken of arrangements for the com-bined graduation exercises f or the few graduates of our Carroll County high schools for 1950. A combined graduation exercise will be held in the Westminster high school on Friday evening, June 9, at which time only thirteen high school graduates will appear for their diplomas. Most of the eleventh grades in the county high schools will continue in school for another year, graduating from a twelve year program. Those students who will be graduating are irregular students who have transferred to Carroll County schools from another system or who have earned credits system or who have earned credits entitling them to graduation in 1950. The names of the potential graduates for 1950 are, George Wm. Dilley, Elmer Wolfe High School; Herbert Stewart Starrett, Hampstead High School; John Patrick Emerson, Sykesville High School; William Henry Nevius, Manchester High School; Suzanna Viola Martin, Doris Marie Owensby, Jack Dempsey Francis, Raymond Whelker Brown, Kathleen Fave Blomberg, Iris Marie Kathleen Faye Blomberg, Iris Marie Baker, Jacqueline Dolores Will, Rob-ert Cameron Lee and Jean Hendren

# 25th Birthday Is Celebrated By Farm Folks

Waxahachie, Texas, Jan., 1950. -Naughton Farms, Inc., "The Nation's Nursery," this week starts its 25th Anniversary, celebrating 25 years in the growing of Rose Bushes, Peach Trees, Shrubs—in fact every kind of nursery stock. To celebrate this great event, Naughton's are holding a gigantic Birthday Sale with the most sensational prices ever quoted in the history of the com-pany. We know our readers will be interested to know of the growth of a little nursery to one of the world's largest mail order

nursery concerns From Rose Bud to Big Business Naughton Farms was started way back in 1924 and was then only a small, individual one-half acre nursery with a dream far distant to serve America's millions at lower prices.

From a few roses, fruit trees and shrubs in a lonely one-half acre field, Joe A. Naughton, a young man with a love for flowers and a burning desire to give others the opportunity of having beautiful flowers and shrubs at lower prices, set forth in business. "I knew that if we were to succeed in making this small concern a big company, we had to make it worth-while for people to trade with us," says Mr. Naughton. "So we decided to ship the highest quality nursery stock to be obtained at the lowest prices, and to render the quickest possible service."

Those were the days of hard work and long hours—perhaps a small shipment here and a small shipment there. There were many things to look after, many jobs to do, and yet each and every order shipped was of the choicest plants in the nursery.

In 1938, after 14 years of fair dealings, Naughton's had grown so big that the firm was incorporated, still keeping in mind highest quality nursery stock at lowest possible prices. At that time Naughton Farms, Inc., was already serving over 200,000 satisfied cus-tomers—proof enough of the solid foundation upon which this little nursery was built. Those long hours of hard work

and constant effort brought rich rewards and satisfaction to Naughton Farms, Inc. The nursery grew larger and larger, selling beautiful roses, plants and shrubs direct from the growers to customers wherever they might live in America. Today, Naughton Farms, Inc., is rightly called "the nation's nursery," shipping over 500,000 orders per year to people 500,000 orders per year to people all over the United States. On its 25th Birthday, Naugh-

ton's cherished dream has at last come true. Plant-loving people all over America—in the city, in the suburbs and on the farm—in all the 48 states as well as some forrie 48 states as well as some for-eign countries, send annually to Naughton Farms, Inc., for Roses, Fruit Trees, Plants, Shrubs and Evergreens of every kind.

Mr. Naughton says, "Our busi-ness has truly been built upon fair

dealing and complete satisfaction to our customers. It gives us great pleasure to celebrate our 25th Birthday Anniversary in honor of our many friends who have made our success possible."

Each year Naughton Farms, Inc., strives to improve the quality of every plant it sells and to find of handling the thousands of orders received each week, thus enabling Naughton's to sell at lower and lower prices. If you can measure it in terms of a dream fulfilled, success has come to "farm folks" who have worked all their lives to make other people happy. You will find the Naughton Eirthday Sale advertisement in this issue of our paper.

# MARS PASSES BY

Mars passes by in majesty; Earth's denizens look on and see The firy ball sweep thru the sky As nearer us she fast does fly.

Two hundred million miles of space In two short years her course shall trace.

Then onward with a mighty bound Her course she steers her way around Until she stands at our back door Distanced thirty six million miles or

What is her mind? What her intent? Is Mars on fell destruction bent? NO, that is not in Nature's Plan.

She's run her course, has reached her span, And now her whirling, swirling form Flies onward in her self raised storm

Around the sun her course she'll speed But Earthly denizens have no need To worry that she'll e'er collide Her course is set there she'll abide. W. J. H. 8-7-39.

# Tragedy to Truth

Lesson for May 7, 1950

GOOD PREACHERS are not all of one kind. In listening to some of them, you have the impression that what this man says would be just as true if another man said it;,

that he is uttering a universal truth that might as well have been written on the sky; he is a voice, only a voice. In listening to other good preachers you have the impression that no other man could have said this as

well as he; what he Dr. Foreman says is distilled from his own experience; he is not only a voice, he is a heart, and you hear the man's heart-beats all through his words. Now Hosea was this kind of prophet. You might say that his experience was the text of all his sermons.

\* \* \*

#### And so They Were Married

THE STORY of Hosea is in chapters 1—3. (Experts in Old Testament study have never quite agreed as to the meaning of the story. However, the interpretation which is offered here is the one now held by the majority of scholars.) It is the story of Hosea's marriage to a girl named Gomer. If it was a normal marriage, he loved her with all his heart, and his hopes for the future were as bright as any young bridegroom's could be. In time they had a little boy named Jezreel.

Then came the second child, a girl named Lo-Ruhamah. In Hebrew, that name means "No-Mercy." What a name for a little girl! But is it possible that Hosea named her for her mother-not for her mother's name but for her mother's character? At all events, things were not well in that home; indeed, it soon ceased to be a home. For when the third child was born, Hosea gave the boy the dreadful name of Lo-Ammi, No-Child-

There was no use in pretending any more. The home had collapsed, happiness had fled. No experience a man can have is more bitter than this, to know that the one great love of his life has been given to the wrong woman. But Gomer vanished, leaving Hosea, as such a woman would, to care for the three motherless children.

Home Again

HOW MANY MONTHS or years later it was we do not know. But one day, in the slave market, Hosea saw a woman for sale. The price was low (as slaves went in those days); evidently few buyers were expected. A half-price slave would not attract attention from most men, but Hosea looked twice . . Yes, it was his Gomer! Where she had been, who has abused her. made her a slave, how many times she had been sold and resold, no one knows. But there she was.

Hosea might easily have stood and laughed bitterly in her bedraggled face. It serves her right, he might have thought. The way of the transgressor is hard, she made her bed and now she can lie in it. Justice has been done, I am avenged. And with a parting curse he might have gone his way.

Somehow beneath all the shame and disillusionment, beneath the bitterness and the pain, still the old love was burning bright. Paying the small price asked, he took Gomer home again. Love had conquered

Long before Christianity, Hosea did that rarely Christian thing, he did good to one who had done him harm. Gomer was unloving, unlovable; yet he loved her in spite of all.

Sermons From the Heart THIS BITTER EXPERIENCE God turned into a blessing, for Hosea and for his nation and for us. In our study next week we shall see more of what God taught Hosea through these experiences.

But the first thing Hosea learned was that the experience was a lesson, God's lesson. He could even look back on the tragedy of his marriage and see that God was leading him all along, from the very first. God knew what sort of woman Gomer was and would be, yet he wished Hosea to marry her. God intended that he should go through just those years.

Without the tragedy, he could not have arrived at the truth. His sermons thenceforth came from the depths of his heart. Hosea, like all the prophets, denounced sin; like all the prophets, he could see the fatal effects of sin on his nation.

# How do you raise a revolutionist?

The same way you were brought up.

You and your ancestors are just about the greatest revolutionists of all time. When most of the world's people were being pushed around by all-powerful governments, Americans revolted ... and won freedom from government force and tyranny.

Our Bill of Rights declared that men and women are more important than their governments. A revolutionary idea-and Americans have kept it alive for nearly

Today, that great idea is in danger. The old idea of all-powerful government has made a comeback. And when government gains power, its people lose precious rights and freedoms.

Even in America, we've been giving more and more power to our federal government. Now you hear people saying, Let the government take over certain industries and services-the doctors, the railroads, the electric companies.'

Most of those people don't want an allpowerful government any more than you do. But when an ambitious big government gets control of more and more things, it becomes socialistic almost automatically. In a socialistic U.S.A., the American Revolution would be dead. There would be no freedoms for you-or your children.

We hope you'll talk this over with your family and friends and fellow-workers. It's the greatest danger America is facing.

# CHARCOAL FAILS TO HELP RATION, SAYS ILL. EXPERT

Urbana, Ill., Apr. 27—A University of Illinois poultry specialist to-day declared that it does no good to add charcoal to chick rations, and it may actually slow down their growth. ' Sam Ridlen says claims have been made that charcoal removed such things as carbon dioxide, ammonia, bacteria, poisons, and enzymes from the digestive tracts of chickens. Here is what the University of Calif. found when they fed rations with and with-

out 2% charcoal:
With charcoal, the chicks' growth
was not too good, 15 out of 20 chicks
had vitamin A deficiency, blood-clotting time was increased to more than
30 minutes because of leek of vitamin 30 minutes because of lack of vitamin K, and all of the chicks had eroded gizzard linings. There was also some "curled-toe paralysis" which indicated lack of vitamin G.

Chicks with the same diet, but without charcoal, had good growth and no cases of vitamin A shortage, blood-clotting time was only 2½ minutes, and all gizzard linings were that will soon take place here at the Earle Theatre.
