Every person struck out for himself to explore the Zoo in his own way. The first building I visited contained lions, tigers, pumas and leopards. Some of these seemed lazy and others stalked around cages as though they were looking

for an escape.

Another building contained monkeys and baboons performing mischievous antics. Still another contained snakes and other reptiles. The large boa constrictors were interesting to watch.

Most of the birds had very beautiful plumage, especially the peacock, flamingos, swans, and parrots. We also saw bears, elephants, giraffes, penguins, bison, and even a

reindeer I think most of us could say we had seen everything from an anteater to a zebra. WANDA M. MEHRING.

MEMORIAL DAY IN TANEYTOWN

Large Parade With Program in Reformed Cemetery

Memorial Day in Taneytown sponsored by Hesson-Snider Post, was observed in the usual way on Tuesday. Nearly all of the business places were closed the entire day. Many persons came home to visit with their relatives and friends. Nearly every home displayed a flag. There was no air of celebration-just a quiet honorair of celebration—just a quiet honoring of the memory of loved ones who have passed away. The cemeteries were beautiful, many graves with flowers, put there by those survivors of the departed loved ones.

Parked autos began to line Baltimore street at early noon, awaiting the parade that was to start at 1:30 and long before the parade got under-way many people lined the sidewalks and on porches to view the fine pa-

ELECTION ON MONDAY Every Eligible Person is

Urged to Vote

Every citizen and property owner of Taneytown is urged to go to the Firemen's Building on Monday, June 5, and cast their vote for our Mayor and two Councilmen. The polls will be open from 12 to 6 P. M.

It is not necessary that you be a registered voter to vote in this municipal election. Just that you are a citizen living within the corporation of Taneytown, or a property owner (living in or out of town.) Not only do the candidates need

the cooperation of every citizen in this coming election, but they need the support. We cannot expect them to do their best if only a few come and elect them to their post. Just try to realize what an inspiration it would be to them to have a thousand votes cast instead of the 112 that were in the last election.

These candidates were nominated, and now it is up to us, the people of this fine community, to get out and show that we appreciate our privil-ege of living in this Democratic community voting for the men of your

Therefore, the Taneytown Kiwanis Club is urging each and every citizen to take this into consideration and make up your mind now, that you will do your part to make this one of the biggest elections that Taneytown has ever seen.

VACATION BIBLE SCHOOL IN TANEYTOWN

annual Vacation Church School which proved so popular last summer, is slated to be held this year June 19-30, according to announcement by the dean, Rev. Chas. S. Owen. The plan of holding it in the public school building last year proved very popular. This year it will likewise be held in the public school building through the permission of Prof. Shower and Supt. Jen-

In preparation for this school an institute will be held for the faculty on Tuesday, June 6 in the Lutheran Church at 7:30 p. m. Miss Mabel Dawson, Director of Religious Education of the Maryland-Delaware Council of Churches, and Miss Edith Martin from Baltimore, will be here for the institute to help plan the school and to show the teachers how to use the course of study. Each one plans to help in the school, should try to be present for this institute next Tuesday night.

Last year the Vacation School was the largest on record. This year it is anticipated that the enrollment will be another record breaker.

KIWANIANS TRAVEL TO FRONT ROYAL

Local Club Delivers Traveling Record Book to Virginians

Twenty-five Kiwanians and one guest of the Taneytown Club traveled to Front Royal, Virginia, Wednesday evening to meet with the Kiwanis Club of that community. Strange as it may seem, there were more Taneytown Kiwanians in attendance at the meeting than Front Royal Kiwanians. The Front Royal Club lived up to the traditional Virginia hospitality and saw to it that each visitor was greeted warmly.

The prime purpose of the joint meeting was to deliver a traveling record book to the Front Royal Club. This presentation was made by Ki-wanian George Harner to Past-Lieutenant Governor Jim Payne of the Front Royal Club. It might be well to note that Jim Payne has an enviable record as a Kiwanian. It so happened that he was presented with his twenty-year bar designating twenty years of perfect attendance at Kiwanis meetings.

The program of the evening was in charge of Kiwanian Darrell Nelson of the Support of Churches Committee of the Taneytown Club and the speak-er of the evening was the Rev. Morgan R. W. Andreas of Grace Evangelical & Reformed Church of Taneytown. Rev. Andreas' topic centered about the Memorial Day theme, and he strongly urged those in attendance never to lose sight of the important significance of this national holiday.

The following members of the Taneytown Club made the trip Harmon G. Albaugh, G. Albert Baldwin, E. Elwood Baumgardner, Chandos M. Benner, Samuel E. Breth, Lewis E. Crumbacker, George E. Dodrer, Carel E. Frock, J. Norman Graham, George L. Hrock, J. Norman Graham, George L. Harner, Harry M. Mohney, J. Dar-rell Nelson, Edmund J. Nusbaum, Robert Polley, Edward M. The class of '46 will be Here's or honored as guests of the Association at the annual banquet Saturday evening, June 17, since that class had a of the 47 room J. P. Morgan Manthan any other class. The contest closed midnight, May 31st. Competition was close, and even though the class of '46 should be particularly complimented, many other classes are to be commended upon their interest in their class and Alumni Association. The members of the winning class will receive notification by mail, but they will have to return their banquet cards to the Secretary before June 7, so that reservations will be made. Alumnus who haven't yet paid their dues are still urged to send them to the Secretary, or you may pay at the door if attending the banquet.

Plans for the banquet are progressing, and it is hoped that it will be the biggest and best the Association has ever experienced. The banquet will be served by the Ladies' Auxiliary of the Taneytown Fire Co., at 6:30 P. M., and a splendid program at 6:30 P. M., and a splended program will follow. "The Tones", a group from York, Pa., will furnish music for listening and dancing from 9 till 12. "The Tones" are not just a "dance band", but a combination skilled in furnishing music the way you like it for real enjoyment.

The Association hopes that every Almunus of T. H. S., their wife, husband, or friends, will try and attend this year's banquet, to enjoy this wonderful evening of fun and entertainment with their friends and class mates. All Alumnus are urged to sign and return the records, saying whether they will, or will not attend the banquet, before June 7th. If there are any Alumni who haven't received a card pertaining to the banquet, contact Anna T. Sanders or any other officers of the Association.

VOTE!

The failure of millions of Americans to exercise their right to vote is a national disgrace.

In the last Presidential election, less than half of the eligible voters troubled to go to the polls. In many elections in which the Presidency is not involved, less than a third of the voters cast ballots. What we have, as a result, is government by mi-

Free elections are at the root of all our freedoms. But free elections mean little if the people are too lazy or too indifferent to participate. A man who does not vote has no moral right to criticize the acts and policies of officeholders.

When you vote you are building on the foundation of the best system of government ever devised. And that is as true of primary as of general elections. In the near future, primaries will be held in many states. The candidates of the parties will be chosen and will start their campaigns for election in November. If you want your party to nominate the candidate you believe best fitted, go to the polls.

If you value your freedom-if you have any interest at all in defending and maintaining a free nation-vote. Vote in every election, whether it involves a 'President or local officials. Every time you fail to vote, you fail to discharge the most basic American duty.-Industrial News

OUR DEMOCRACY-

FROM THE SOIL ... TO THE SOIL .

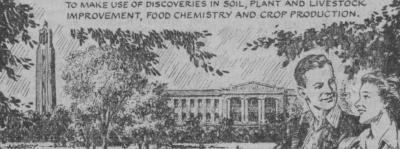

IN 1862, CONGRESS ENACTED LAWS FOR LAND GRANTS TO THE STATES, ESTABLISHING STATE COLLEGES WITH EMPHASIS ON AGRICULTURAL TRAINING AND WITH THE PROVISION THAT THE STATES - AND THE STUDENTS - SHOULD SUPPORT THIS SYSTEM OF HIGHER EDUCATION.

THROUGH THIS COMBINATION OF COMMUNITY ACTION AND INDIVIDUAL INITIATIVE, HUNDREDS OF THOUSANDS OF YOUNG MEN AND WOMEN HAVE BEEN ABLE TO SECURE A COLLEGE EDUCATION.

IN ADDITION, THESE LAND GRANT COLLEGES, THROUGH THEIR AGRICULTURAL SCHOOLS, EXPERIMENT STATIONS AND EXTENSION SERVICES, HAVE ADDED BILLIONS TO OUR NATIONAL WEALTH BY ENCOURAGING FARMERS TO MAKE USE OF DISCOVERIES IN SOIL, PLANT AND LIVESTOCK IMPROVEMENT, FOOD CHEMISTRY AND CROP PRODUCTION.

SHENANDOAH

On August 18 we left the Holston Country, described last week, and came up the Shenandoah Valley. That is, by far, the most beautiful part of Virginia, and one of the most beautiful parts of America. The Lee Highway, or Valley Pike as it is usually called, follows this Valley. It is one of the most direct and scenic routes between the North and South. No place in America is so rich in historic lore. From Colonial Times to the Civil War, the most glorious chapters of American history, were made in this valley. Likewise some of the most noted underground caverns in most noted underground caverns in the world, are found here. From Bristol, Tennessee to Winchester, nearby, a distance of 350 miles, this Valley Pike runs between the walls of the Blue Ridge on the east and the Alleghany Range on the west. The top of both ranges can be constantly seen only a few miles away. THE DAUGHTER OF THE STARS

The beautiful name of Shenandoah is taken from the Indian Language. It means "Daughter of the Stars." The Indians probably took the name from the sparkling waters of its River which reflected the stars above. The Valley Pike is one of the oldest highways of Virginia and one of the first to be improved and hard surfaced. The first engineers to lay out this highway, were probably the buffanghway, were probably the buffa-loes. It has been said that the buffa-loes were the first great road engi-neers of America. The Indians fol-lowed these buffalo trails. Then the pioneers followed the Indian trails. Later these trails were fashioned in-

This long valley, like a narrow groove between the parallel walls of the Blue Ridge and Alleghanies, is marked off into sections by mountain ranges cut across like huge gates here and there. Only the upper section from Staunton to Winchester, is properly called the Shenandoah. The whole long valley, however, is the same natural formation.

In Colonial times this valley served as the frontier against the Indians, and the jumping off place for the French and Indian War. Here also much of the Revolution was fought. And most of the Civil War was waged in this Grainery of the Confederacy Romance and tracedy was waged in this Grainery of the Confederacy. Romance and tragedy has made every foot of ground therein sacred with the blood of American patriots, and their glorious deeds of valor. Names like George Washington, Robert E. Lee, Stonewall Jackson, General Grant, and General Sheridan, and many others, have written the record of their glory in the soil of this valley. Markers along the highway, tell the story, bit by bit.

Many historic towns are located along the Valley Pike. Among them is Lexington, the West Point of the South; Staunton, the birthplace of Woodrow Wilson in the Presbyterian Parsonage; Natural Bridge, one of the great wonders of the world; Winchester, a center in Colonial Wars; and Harpers Ferry, made famous by John Brown and his rebellion.

SHENANDOAH NATIONAL PARK
Overlooking the Shenandoah Valley, is the Shenandoah National Park. It comprises 300 square miles of the most scenic Blue Ridge Mountains at Virginia. It extends from Front Royal to Waynesboro, a distance of about 100 miles. Through this Park runs the well-known Skyline Drive along the crest of the Blue Ridge. It is the first section of the Blue Ridge Parkway. We returned via the Sky-Parkway. We returned via the Skyline Drive which gives a good panoramic view of the whole Shenandoah

After the Revolution, the over-crowded German settlements, in Pennsylvania, hungry for free land, swarmed like a hive of bees, and pushed down the Shenandoah Valley. Other pioneers from Pennsylvania and neighboring states, joined in the migrations toward the Southern Mountains and the Blue Grass regions of Kentucky. Along the way they of Kentucky. Along the way they carved out homes, farms, and churches, many of which still stand in the famous valley.

DR. MIDDLEKAUFF'S CAMP

Our purpose the first day on the Valley Pike, was to reach Staunton by the middle of the afternoon, a distance of about 250 miles, and to visit, by invitation, Dr. A. A. Martin who was on vacation at the Camp of Dr. Middlekauff on Middle River, near Staunton. In that area Dr. Middlekauff is as much a patriarch as Dr. Benner, and as widely known as Dr. McVaugh, and as popular as Dr. Bradley. Therefore we were supposed to have no trouble in finding the place as anybody and everybody around Staunton knew him so well.

When we arrived at Staunton I got out my directions which I had written down. But I was unable to read Often I cannot read my own writing when it gets cold. And this was two weeks old. I was able to make out the word "Middle" but did not know what it referred to. And I Earned runs: Westminster 1; Tanwas able to make out what looked like Kauff. So we went about every-where paging Dr. Kauff—"Do you know where Dr. Kauff's Camp is." No know where Dr. Kauff's Camp is." MEADOW BRANCH

A large, interesting audience of the Piney Creek Church of the Brethren, had the privilege to hear Rev. William E. Roop, of Westminster, preach on "Sure Foundations", at 11 a. m., April 30, 1950.

Sunday, May 7th, 10:30 A. M., Rev. Wm. E. Roop preached in the Meadow Branch Church of the Brethren.

The "Roop Memorial", Church of the Brethren, have specially invited, the Rev. William E. Roop, to preach for them, May 14, 11 A. M., 1950.

The Lookabout Camp, owned by Rev. William E. Roop, has been chartered for some years, and known as American Youth Hostel Camp No. 6, of the Potomac Area. It has a capacity of seventy-five, over-night campers, and much improved two dormitory buildings, near Pleasant Valley. A new modern incinerator, has recently been built, on the spacious adjoining lawn. It is ideally has recently been built, on the spa-cious adjoining lawn. It is ideally located for camp fires, vesper services, child evangelism, etc. The dining room is forty-eight feet long, and can accommodate about one hun-

On this memorial day in 1950 we the living, may well pause for a brief time and honor the dead, to whom we owe our very existence. We also owe them the safety and comfort of our home, our cultural life and our civilization. Too often on memorial day we think only of those friends and relatives who have just recently died of life in our time. Few of us ever knew our great grandparents, but if they had not lived, we would not have been given life either. The Chinese have always had a deep specific was given by their living assured us following program. All joined in singing "Grace" before the meal, "Praise God from whom all Blessings Flow." Your wife may have suspected that she is worth a lot more to you than you may have given her credit for. So the next time she wants a new dress or gadget for the house, better give in quietly. For a specialist has figured the average farm wife is worth \$60,000 in extra income to her husband and family during their married life. However, the specialist does not go out on a limb for he does not guarantee that marriage will make farming successful nor that the husband will automatically get \$60,000 more income if he takes himself a wife. But having a

wife will help. David Buffington with two of his classmates of Western Maryland College left Saturday for a ten-day trip Florida and Cuba.

Grass is the symbol of the fertility of our land. When the protective blanket of grass has been permanently thrown back by the elements there is no life. When it is temporarily thrown back by the plow the earth beneath is at first warm and productive but it soon becomes cold and sterile and must have its blanket of grass replaced in order to re-gain its fertility. Man is learning how long mother earth can survive without her protective covering. This knowledge comes under the titles "Soil Conservation" and "Crop Rotation." They are the two most important aspects of agriculture today for without this knowledge agriculture could not possibly keep up the pace set by our ever multiplying population. Grass is truly the symbol

Shooting ground hogs or woodchucks seem to be favorite sport these days. Walking across the fields one is amazed at the many holes dug by these rodents. This is a hazard for animals and for cultivating the land with a tractor. One groundhog will have as many as five entrances to his den. In the last few years it seems as if their number have greatly increased. A groundhog averages a litter of four during April and May so one can readily understand if they go unchecked what a problem they can become. The department of Agriculture considers them a bad pest and is using several means to control them. The latest is a sort of bomb set off in the entrance to their den. This leaves off a gas which kills the rodent. This should prove a better weapon than shooting them for one can sit half a day waiting on groundhog to appear and nine chances out of ten he comes out of one of his tunnels behind you and proba-bly laughs to himself at such a stupid mortal.

ATLANTIC STATES GAS

It was learned recently that the Atlantic States Gas Company Pennsylvania has taken steps to augment its service in this area. A new and completely equipped sales office combined with display room and ser-vicing plant will be formally opened at Chambersburg on June 30.

These facilities, located on extensive properties on Philadelphia Avenue (extended) at Siloam Road, have been under construction for three months. The Company has permanent installations there capable of storing the equivalent (in liquid form) of over 5,000,000 cubic feet of gas. display of gas ranges, automatic water-heaters, gas refrigerators and other appliances will face directly on Philadelphia Avenue.

Mr. H. L. Smeltzer, Sales Manager pointed out that while the Company has been serving local people with gas for cooking, water heating and other uses for some time, the recently completed facilities will permit of more intensified local development The Atlantic States Gas Co., Mr. Smeltzer observed, can now offer the identical services and gas appliances here that for the past 15 years it has made available to 20,000 customers in its older territories.

In serving the individual consumer truck) and a standard gas meter, thus offering rural families the same type of service as in larger cities. Its operating procedures allow of the same uninterrupted service 50 miles away as that provided close to Chambersburg.

Mr. R. M. Eyler, of Hanover, Pa., has been appointed Sales Supervisor for this and adjoining regions. The Company representative, Mr. Smeltz-er, also stated that additional sales representatives will be welcomed.

Friday, June 2, Henry Busse, his trumpet, and his 16-piece orchestra featuring Phil Gray sensational vocalist, Springfield Auditorium,

to 1 o'clock, Sykesville, Md. Band leader Henry Busse was oorn in Holland. He came to America in 1912 and began his musical career here with the Savoy Hotel orchestra. Henry joined Paul Whiteman soon after and stayed with "pops" several years. Busse's trumpet solo on the recording of "When Day is Done" made him a famous musician and established a new high in disc solos. He composed many song hits, best known of which are his own theme "Hot Lips" and "Wang Wang Blues". Became a success after usual struggles as the leader of his own dance band. Has been heard consistently on the air, notably with Bing Crosby, Edgar Bergen and for Fitch and Coca Cola, on phonograph records and in several films including Warner's "Rhapsody in Blue." Henry invented the mutes used in brass instruments, those metal gadgets that make soft and tricky sounds when placed in trombones and trumpets. He has appeared at just about every major location and theatre in the United States and has played on all major networks. He has recently signed a contract with Decca records and has signed engagements for a week at the Steel Pier, Atlantic City; two weeks into Lookout House, Cincinnati, June 19, and to the Company uses an underground tank (refilled automatically by tank a week.

FLAG DEMONSTRATION HUGE SUCCESS

Many fine remarks have been made concerning how beautiful our town looked on Memorial Day. Not only had the people cleaned up their homes and yards, but had put out their flags to show that they were proud to be an American and live in this community. The challenge put forth in last week's paper was well accepted. and showed the results when we drove around the town on Monday. Only a few residents forgot to put up their flag. This is to be commented upon. Now, please don't put that flag back in moth balls just yet. On June 14, we have another day coming up in which we pay homage to our stars and stripes—Flag Day.

LOCAL PASTOR ATTENDS GENERAL ASSEMBLY

Rev. Owen Describes Trip to Cincinnati, Ohio

Last February I was elected as Commissioner from Maryland to the General Assembly which met in Cincinnati, Ohio, May 16 to 24. This is the national legislative body of the Presbyterian Church in America. It is a body similar in structure to the Weikert, 1h Federal Government in Washington. St. Paul's, Uniontown—S. S., 10:00

> with the executive leaders of one of the great religious bodies in America. The trip to Cincinnati, called the Queen City of the West and the Gate Queen City of the West and the Gate Way to the South, is interesting within itself. We traveled over the old National Pike which, in Colonial times, led from Baltimore over the Blue Ridge and Alleghany Mountains to the Ohio Valley. Prior to 100 years ago the old lumbering Conestoga wagon trains, drawn by six horses, carried produce, back and forth, between Baltimore and the Ohio Valley, changing horses every 12 miles. Rapid transportation of passengers | Vangelin 10 Easton 4 Scott 2 Um-Rapid transportation of passengers Vaughn 10, Easton 4, Scott 2. Umand mail over the National Pike 100 pire: German. Time 2:00. years ago, was by stage coaches, drawn from four to eight horses. In 1835 the Pony Express was inaugurated on this Pike to carry mail at a faster pace, changing horses every six miles. It was exciting times when these wagon trains passed along. People came out in great numbers to see them. What a contrast between then and now. Speeding cars over modern highways, present a miracle of transporation such as our forefathers scarcely dreamed.

This National Pike passes through regions rich in early historic lore. It passes by the tomb of General Braddock, near Uniontown, who was killed in his ill-fated march against the French and Indians, and young George Washington first came into the limelight. Across the highway, not far from Braddock's tomb,

put out of business by the repeated strikes sponsored by John L. Lewis. It is claimed that they will never be reopened again to the impoverishment of the people in that area. Some strip mining was seen from the highway. That is done by removing the dirt from the top to expose the coal, FOR SALE-Typewriter Ribbons and by paying a royalty of 25 cents

Beyond the Cumberland coal fields are found the sugar maple groves from which much of the Vermont maple syrup comes. Whoever would have thought that so much of the famous Vermont Maple Syrup, comes from Maryland. The Maryland State Roads Commission is now cutting down the mountain passes for straighter and more level speedways through the Blue Ridge and Alleghanies.

The Ohio Valley is a beautiful part of America. The eastern part con-sists of rather poor type of soil for agriculture. Then comes the oil fields. Further west toward Cincinnati we came into the rich agricultural region characterized by dairying and extenyour part, have your garbage and trash collected regularly.—Walter B. way for 100 miles were seen great fields of swine feeding on luxurious growth of clover and alfalfa. Cincinnati where the General Assembly met, is the home city of the Taft family. Instantly one is made aware of this fact. One of the main streets is named after William Howard Taft. The General Assembly met

in the Taft Auditorium which is the palatial Masonic Temple, one of the most distinguished landmarks of the city. Circinnati has many unique features as a typical American city. It is patterned after the city of ancient Rome with its seven hills over-looking the business district below, and with the Ohio River taking the place of the Tiber. It can be easily reached from here in one day being about 470 miles from Taneytown. The Ohio River is one of the longest rivers in America, second to the Missouri. It provides 960 miles of navigable water connecting with the Mississippi and the outside world. On about the half way journey of the Ohio River, is located Cincinnati. The river splits the city in two forming on the Kentucky side the triple cities of Covington, Newport, and

In the host city of the General Assembly we were accorded utmost hospitality and shown every courtesy. The finest hotels were opened to us. The Presbyterian men of Greater Cincinnati chartered 21 busses at their own expense and took us on an extended and guided tour of the city one afternoon to show us the glories of the Queen City of the Middlewest. The City which had served as host to the general Assembly six times in the last 100 years, seemed proud to share with the 162nd General Assembly the natural beauties of its hills and valleys on the banks of the Ohio, called by the Indians the Beautiful River. Its outstanding offerings in the realm of art, culture, industry, together with its prevailing spirit of friendliness and good will, made each commissioner want to return for another visit.

SCRIPTURE: Habakkuk. DEVOTIONAL READING: Psalm 67:

Questioning God

Lesson for June 4, 1959

HABAKKUK has been called the prophet who dared to ask God questions. If he had not asked these questions he would not have had his answers, so we ought to be thankful for him. If he had meekly "taken it" without (so to speak) talking back to God, he himself might

never have became a prophet and we might have missed the truth which he was ento see. If had been morning papers in those days, Habakkuk would seldom

have read any- Dr. Foreman

thing good in them. As for local news, it was all scandal. Murders, judges dispensing injustice in the courts, good people having a very hard time of it Abroad, things looked dark! The giant nation of Babylonia was on the march westward, and it did not look as if the nation of Judah had what it would take to stop an in-

Habakkuk, a deeply sensitive man, could not brush it all off. He could not say, "Oh well, what can you expect?" or "I see the boys are at it again." He could not think of what was going on around him as if it were all a story, a murdermystery to be enjoyed in an easy chair. He could not say "It is fate" and let it go at that.

He was desperate in his mind about it all. "Under mine eyes outrage and injury go on," he said (1:3, Moffatt's translation). He dared to ask the question, Why? Why does God permit such things?

God's Terrible Answer

GOD HAD AN ANSWER for Habakkuk, but it did not satisfy him at first; indeed it disturbed him deeply, for the answer looked worse than the original problem. The essence of it was this (Hab. 2:5-11): God had indeed seen the wicked ways of the nation of Judah, and was going to punish the whole country by defeat in war. He was bringing up against them the Babylonians (Chaldeans), an aggressive, fighting, ruthless nation. Sooner or later Babylon and Judah would clash, and then-Smash!

The Prophet Still Asks Questions

HABAKKUK KNEW very well what the Babylonian armies were like and what they had been doing. But could it be true that God would actually make use of a wicked nation like Babylonia? God was "of purer eyes than to behold evil;" how then could a good God use the cruel violence of godless armies, even for a righteous pur-

The Babylonians were not God's people — they did not worship him or know him. How could God use his enemies to punish his own people? Does God justify the means by the end? Does God do evil that good may come?

Habakkuk, in short, was troubled by exactly the same kind of questions that have always arisen when men who believe in a righteous God ponder the meaning of the power of evil.

Faith Comes Through

HABAKKUK never did get a complete, logical answer to his doubts. What he did get was something more valuable. It was a two-fold answer. First, WAIT AND SEE. (2:1-3.) The crushing of Judah by Babylon would not be the last chapter of history. God has yet to settle his account with Babylon, and "God does settle all his accounts in October."

The other part of the answer is:
THE JUST SHALL LIVE BY
FAITH. The meaning here (2:4) is that there are two kinds of life, two types of character, two sorts of men. One is the man of pride and unfaith, the other is the man of faith. Unfaith kills, faith makes alive. Unfaith trembles and falls, faith endures:

So it is with men and nations. At that time you might have thought, Babylon will survive, Judah has no chance. But in the light of history, we know it was Babylon that perished, Judah that endured. Godlessness may have terrible power, but since it is godlessness, it has no final power against the

real God. So Habakkuk, who begun by asking questions, came out into glorious faith. The great poem with which his book closes is a bold confession of faith. No longer complaining, he cries out, "The Lord

God is my strength!" (Copyright by the International Council of Religious Education on behalf of 40 Protestant denominations. Released by WNU Features.) LET US MAKE YOU AREAL

OW BIG LITTERS OF igorous pigs

The most critical feeding periods in swine production are the gestation and lactation periods. The high annual pig mortality is unquestionably associated with improper nutrition. Why take a chance during these critical periods?

A glance at Ford's sleek, race-lined styling and you'll know why Ford walked off with the coveted New York Fashion Academy Award—for the second straight year. And the '50 Ford's looks are only a hint of the quality inside.

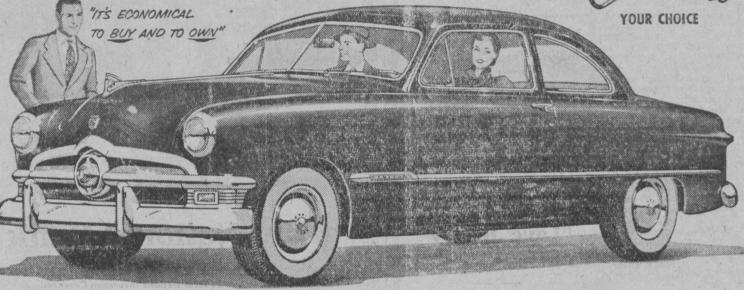

Which low-priced car gets away fastest? Almost any driver will say FORD . . . for Ford alone among all lowpriced cars brings you a fine-car V-eight engine. It's priced way under most "Sixes," and "hushed" to whisper

Ford's 35% easier-acting King-Size Brakes use part of your car's forward motion to take the "work" out of stopping. And, trips are more restful in the quiet of Ford's "sound-conditioned," 13-way-stronger "Lifeguard" Body . . . more comfortable, too, because you get a lower level "Mid Ship" Ride.

FORD AUTOMATIC OVERDRIVE* pays off in savings and smoothness of operation. It's an automatic fourth speed or cruising gear. Engine speed drops 30% while the car speed remains unchanged And should you require a burst of extra simply push through on the accelerator pe you return automatically to third gear.

honorable wrestler-the real Indian who was accompanied to the ring side who was accompanied to the ring state in the front row seated—his Squaw who brought along a sort of drum and gave signals to her lover on the "Tum-Tum." I was amazed to see Rocco at the Coliseum one night and the very next night in Chicago on the mat! Wataman!

Those Phantoms not alone being disqualified should be barred from any type of wrestling. They are brutes if you ask me! Years ago when I use to take my three little Step-sons to the wrestling matches, it was not heard of to go near the ropes at any time and why they allow it today is be-yond me. I met Mr. Ed Contos years ago and he is without a doubt a very fineman (he is the promoter) and why he does not have it barred is still

why he does not have it barred is still a mystery. There is nothing honorable about that type of wrestling. Jim Londos was one of Your Observer's favorites. He was a Greek and loved by the public. Remember?

Remember that song Al Jolson used to sing—"There's a Blue Bird Near My Window," Well, there is one living right in the tree at "Love" Retreat" near the kitchen window and always makes his morning call while always makes his morning call while

we breakfast!

Down at Tyrone there is the very nicest lady in that old store who is the wife of the store keeper and does everything to please each customer!
Channel 13 on T.V at 10:30—Percy
Crawford on Sunday nights, "Youth
on the March"! A real Channel for
God! The Hollywood Actress who
gave her life to Christ was introduced by Percy Crawford. Your Observer is convinced that this er is convinced that this young and beautiful girl is most sincere and living every word of it! Too bad that this program is not an earlier one so as the young folks could be looking and listening!

Seven miles out of St. Petersburg Florida, there is a church called by a famous cartoonist "The Drive-in Church." The name of the church is "The Pasadena Community Church"
Just ten years ago it was just a little church with a very small congregation but today on a Sunday morning there are parked from 400 to 1500 cars and the people in those cars cars and the people in those cars listen to the sermon most reverently coming to them via of outdoor loudspeakers. Then the green benches so popular in St. Petersburg are filled and also 950 people crowded inside the church! The Minister! J. Wallace Hamilton D. D. who was appointed at the Florida Methodist Conpointed at the Florida Methodist Conference where he remains all winter and then in summer he travels to other cities to preach. (Your Observer heard him in the Tabernacle in Ocean Grove last summer and of which I wrote in my column of the crowd and the wonderful service). The congregation in this church in Florida is so impressed with his preaching that they ask him not to make calls (as usually expected of a Minister) but to stick entirely to his preaching! The folks in the parked cars sing the hymns and pray with bowed heads! There is not one cigarette lit in all those cars during the entire church service! Any church even your church—can do that, provided you have a preacher with vis-ion, a people with courage and the faith to believe that even a white elephant of a church need not die if

God's Will is the will of it's people! So long, Folks. Have a grand week end. Go to church—any House of God as long as Christ is in your heart. If He has not already entered there, you will feel His Presence! Until next week D. V. I am
