LIONS MEET

Ladies' Night Observed by Service Club

The grand attendance of Lions and their ladies, a delicious dinner, a few lovely solos, a movie and a gifted speaker resulted in a fine and interesting meeting of the Taneytown Lions Club held Tuesday evening last at the Taney Inn. President Robert Feeser presided and Singleton Remsburg had charge of group singing with Harry I. Reindollar as accompanist. Following the singing of our National Anthem and flag salute the Rev. Edmund P. Welker offered prayer.

After the appetizing dinner of turkey topped with ice-cream and fresh strawberries, the group enjoyed two beautiful solos, "Desert Song" and "Grand Night for Singing" sung by Miss Caroline Shiner, freshman at Hood College, and accompanied by Miss Charlotte Shorb. President Feeser announced a Board of Directors meeting to be held on Monday evening during which time plans will be laid for the new year. Murray Baumgardner was prevailed upon to recite a few of his experiences on his recent trip to Texas, and his visit while there, to the Mampa, Texas Lions Club. Mr. Baumgardner reported this club as a very enthusiastic and wide-awake club with a membership of 128.

In addition to the fine group of ladies present, the following guests were introduced by their respective hosts: Rev. and Mrs. Morgan Andrews of Taneytown, Mr. and Mrs. Guy Hofmaster and Mr. Russell Hicks of Hagerstown and the Rev. Mr. Held of McSherrystown who is Lions Deputy District Governor in Pennsylvania for District 14-C. From the brief but interesting speech presented by Rev. Held one can truly say he is a true Lion at heart and a real witness for Lionism. When the advancement of Lionism is concerned there is no task too great for him. A twenty minute movie "Last Date" starring Joan Taylor and defining the word "Teenacide" which means "the fine art of killing yourself or someone else with an automobile before you reach the age of twenty" was secured by Lion Robert Zentz and was made available to the club at this meeting through the kindness and courtesy of Lion Merle S. Ohler with the use of his sound movie equipment. Greetings from, and an invitation to, the Hagerstown Lions Club was extended by visiting Lion and Past-President Guy Hofmaster of that club.

The guest speaker, Mr. Russell Hicks, school teacher from Hagerstown, centered his speech around the theme of the well known Mother Goose rhyme, "Old Mother Hubbard" and explained its organization and how its true meaning affects us. Old Mother Hubbard, not realizing she couldn't get a bone from the cupboard for her poor dog without first putting the bone into the cupboard, wended her way to the cupboard and upon opening it found it bare. The theme of this may well be applied to each of us in our every day life. We may well ask ourselves the question "What are we putting into our cupboard as we go along the pathway of life?" Are we putting into it fellowship, friendship, service or any of the many priceless possessions we may possess which may define our character? We, like Mother Hubbard, will get out of our cupboard exactly what we put into it. Old Mother Hubbard, upon returning from the empty cupboard, found her dog had already died from starvation simply because she had not put anything into the cupboard. The theme of Mr. Hicks' talk would well be justified if seriously considered by every Lion member. The Lions Club is a service club stated Mr. Hicks. The greatest ambition of service club should be to render service. If the world is to be saved it will be saved by service. Every Lion member should, first of all, put plenty of "service" into his cupboard. By so doing he will always have plenty of service to give and, as a result, the real ambition of all Lions Clubs everywhere will be realized.

GRADUATION—ST. JOSEPH'S SCHOOL

Graduation exercises for St. Joseph's School were held last Sunday in the church after the 7:30 o'clock Mass at which the pastor, Rev. Chas. J. Walker presided. After Holy Mass Father Walker congratulated the graduates and then delivered an inspiring talk to both graduates and their parents. Diplomas were presented to the following students who successfully completed their course of studies: George Arnold, Lucille Blanchard, Grace Sanders, Josephine Sell. All the graduates will attend high school in the Fall.

The following pupils received an award for perfect attendance: Josephine Sell, John Breth, Lindora Forney, Leonard French, Patrick and Patricia Murphy, Jeanne Sell, Veronica Forney, Herbert, Howard and Michael Klein, Violette Blanchard. George Arnold and John Breth merited an award for Altar Boy services. From among the first grades, a prize was received by Audrey Singel for making the most progress in reading.

The exercises were brought to a close with Benediction of the Most Blessed Sacrament. The school children sang hymns accompanied by Mr. Bernard Arnold, organist.

On Monday evening the graduates were dinner guests of Rev. Father Walker.

VACATION BIBLE SCHOOL BEGINS MONDAY

Faculty will be Installed at Services Sunday Night

Next Sunday night a Union Installation service will be held for the faculty of the Vacation Bible School. This first service of its kind will be held in the Presbyterian Church, at 7:30 P. M. The popular speaker will be the Rev. Nevin Smith, already so well known in Taneytown as a gifted and dramatic preacher. He will preach the installation sermon. Pastor Glenn L. Stahl will conduct the installation ceremonies. And the children's choir, under the direction of Mrs. Wallace Yingling, will repeat part of the Children's Day cantata.

It is believed that an installation service of this kind will provide a big spiritual boost to the Community Vacation Bible School which begins next Monday at 8:30 A. M. A splendid staff of teachers has been secured for this purpose under the leadership of Miss Elizabeth Annan, director of the Middle School of the National Cathedral School of Washington, D. C.

The Vacation School will continue for two weeks, June 19 to 30, according to the announcement of the dean, Rev. Charles S. Owen. It will be held in the public school building as last year. Numerous children have already registered for this popular community program. There will be classes for children from the Kindergarten to the intermediates. The Kindergarten will include the preschool age of 5-6.

At the close of the school this year a new feature will be added. The Kiwanis and Lions Club will provide the acoustical annual picnic for the children at Big Pipe Creek Park. This promises to be one of the most successful outings the children will have yet enjoyed.

It is pointed out that this Vacation School will be non-sectarian. It will be one to which any children of any church will be welcome to come and receive religious instruction in those common virtues of life for which all stand. The course of study is certified by the International Council of Religious Education, and the Director of Religious Education of the Maryland-Delaware Council of Churches.

HOLY YEAR PILGRIMAGE

During the past week from Monday to Friday the members of St. Joseph's Catholic Church have been privileged to make the "Holy Year Pilgrimage" at home. By making a daily visit to church and saying the prescribed prayers, the Jubilee Indulgence will be gained the same as if it were possible for the faithful to go to Holy City, Rome. The devotions at each visit were blessed with Benediction of the Most Blessed Sacrament.

On Friday, The Feast of the Sacred Heart, the "Pilgrimage" will come to an end at the six o'clock Mass followed by Benediction. This privilege was secured for the people through the efforts of their pastor, Rev. Charles J. Walker.

KIWANIS NEWS

Program Wednesday Evening in Interest of Safety

The regularly scheduled meeting of the Kiwanis Club of Taneytown was held on Wednesday last at Taney Inn with President Louis Crumpacker, presiding. The invocation was given by Kiwanian A. Baldwin. Group singing was again under the leadership of Kiwanian, Wallace Reindollar with Mrs. Estella Yingling at the piano. Jim Lantz of the Westminster Club was a guest at the meeting. Other guests present were State Trooper James Poteet and Mr. T. Alter of the Maryland State Police Barracks, in Pikesville.

The program for the evening was in charge of Kiwanian Harmon Albaugh of the House and Reception Committee, who introduced Corporal S. W. Conrad of the Maryland State Police. Corporal Conrad chose as his topic, "Safety on the Highways." He stated that in the year of 1949, four hundred and sixty four (464) people were killed by automobiles in the state of Maryland and that over ten thousand persons were injured as a result of auto mishaps in that same period in this state of ours. This represents a total medical cost of approximately twenty-five million dollars. During 1949 the Maryland State Police arrested forty-five thousand and motorist as a result of traffic violations and in addition warned one hundred thousand and more motorists.

The State of Maryland ranks forty-sixth so far as traffic accidents are concerned, there being but two other states in our country having a worse record. Despite all the criticism that may be made in regard to the condition of our state highways, (a certain amount of which is justified), the mechanical and physical causes of accidents rank rather far down the list. The four major causes for traffic mishaps are: First, and by far the greatest of all, is speed; second, failure to grant the right of the way; third, driving on the wrong side of the road, that is accidents caused by motorist who pass other cars on the highway and those who cross the white lines at curves and hills; 4th, drunken driving. As can be seen quite a few accidents are caused by a combination of these four major causes. From this can be gathered the fact that the majority of accidents are caused by the operator of the vehicle.

Corporal Conrad stated that every six seconds there is a traffic accident in our country and that every twenty-six seconds an injury is sustained as a result of a traffic mishap and further that every five minutes someone is killed due to a traffic accident. The speaker urged all present to practice safe driving. He voiced the fact that it is the goal of the Maryland State Police to encourage automobile operators to be defensive drivers on the highway, that is, when operating a motor vehicle the driver should be aware of the following five factors: at all times. First, know the car which you are operating; second, be steadily aware of the car ahead; third, by use of the rear vision mirror, always be aware of the car to the rear; fourth, keep a constant look out for vehicles approaching in the opposite direction and fifth, be aware of the car to the right or left. With nine out of every ten accidents being caused by these five factors it is important that motorist take these facts seriously.

A motion picture entitled, "Drunk- en Driving" was shown at the close of the meeting. This picture portrayed the seriousness of mixing drinking, (alcohol) with driving by showing very vividly the results of an accident originating from this cause.

Next week's meeting will be in charge of the Public Relations Committee with Kiwanian Charles H. Hopkins handling the program for the evening.

THE MITE SOCIETY MEETS

The Women's Missionary Society of the Lutheran Church met Wednesday evening, leaders were Mrs. W. O. Ibach and Mrs. George Lookingbill. The topic was "The Lutheran Church in British Guiana." Miss Mary Joan Robb played a piano solo.

The report of the nominating committee was read and the following officers were elected to serve a year: President, Mrs. Ernest Dunbar; Vice President, Mrs. Albert Wilhide; Cor. and Rec. Secretary, Miss Clara Devilliss; Treasurer, Miss A. Beulah Englar; Statistical Sec., Mrs. Margaret Nulton.

Mrs. Dunbar was selected to represent the society along with Mrs. Elwood Baumgardner on the special committee for the 200th church anniversary.

Thursday, 22nd, the Society will be guests of Trinity Mission Circle at their regular meeting on the parsonage lawn. All members are asked to come out and enjoy the hospitality of the younger missionary ladies.

Mrs. Sterling Snader told of the good that can be done with old discarded eye glass frames. There is a non-profit organization, with unpaid workers, that receives all old silver and gold, and uses the proceeds to buy glasses for any needy person, regardless of race, color or creed. Anyone if you have around the house any unused silver or gold, if you want to help another to better see this beautiful world, give it to some lady of the Lutheran church. She in turn will see that it is sent away. It is one way to help without any outlay of money on your part.

BOARD OF EDUCATION AWARDS CONTRACTS

Local Firm Among Successful Bidders

The regular meeting of the Carroll County Board of Education was held in the offices of the Board on June 6, 1950, at 10:30 A. M., with president Clyde L. Hesson presiding. The Board gave consideration to the reading of the minutes of the previous meeting and approved the bills as listed. The Board considered at this meeting the awarding of coal orders to the various dealers of the county, and directed the superintendent to order coal from the respective dealers at the prices selected by the Board. Consideration was also given to the purchase of fuel oil, and the superintendent was directed to make arrangements with dealers for the purchase of fuel oil on quotation.

The Board considered the awarding of scholarships to Western Maryland College. These are district tuition scholarships at the college and awarded as follows: One year scholarships to Lois Ohler, Thomas VonPetton, Howard Jordan, Chester Rill, Shirley Sue Lippy, Dorothy Shoemaker, Patricia McLaren, Chas. Albert, Lyman Earhart, Dennis Boyle, Mildred Beamer, Victoria Leister, and Herman Stauffer.

The superintendent was given authority to negotiate various transportation contracts for the school year 1950-51.

After consideration the Board approved a tentative list of school janitors for the school year 1950-51. Resignations were received and accepted by the Board at this meeting from Kenneth Hoyt, Westminster High School; Ruth Butterfield, Manchester High School; Margaret Clark Mount Airy High School; Florence Landon, Westminster High School; Frances Trenor, Manchester Elementary School. Appointments of various new teachers were confirmed for service during the coming year.

The Board considered the requests of several schools for assistance in the purchase of equipment or materials of instruction, and gave consideration to several requests for transportation adjustments.

The superintendent reported briefly on maintenance work planned for the summer, and gave a brief description.

TANEYTOWN CONTINUES TO GROW IN POPULATION

Preliminary census figures place the population of Carroll County at 44,501. N. Charles Heinmuller, census supervisor for the Second Congressional district, reported this week. This represents an increase of 5,447 over the 1940 population and is somewhat under expectations.

Carroll was among the counties expected to show substantial growth in population during the last ten years. Westminster, Carroll county's largest town, and county seat, has a population of 6,136, as compared with 4,692 in 1940. Taneytown, the second largest incorporated community, has a population of 1,422, a gain of 214.

The present population of Hampstead is 677, an increase of only 13. The reason this town has such a small increase in population is because its incorporated limits were reduced in 1947, it was pointed out by Mr. Heinmuller.

Other towns of over 500 are New Windsor with 705, as compared with 529; Manchester with 1,024 as compared with 763, and Mt. Airy with 823, as compared with 586.

"GOLDEN RULE" CLASS MEETS

The "Golden Rule" Class met on Tuesday evening, June 6, at the home of Mrs. Jacob Stambaugh. Plans were made for a bake sale which was held June 10. This was a huge success. The class hopes to have the July meeting in the form of a picnic. The attendance is growing steadily and the enthusiasm is inspiring.

In the absence of the president, Miss Ruth Stambaugh kindly presided and also gave a reading. After the business meeting, there was a game of "drawing a pretty bride." Mrs. Rose Overholzer was awarded the prize.

Mrs. Mary Mohney invited the class to meet with her next time. The hostess served delicious refreshments.

S. S. CLASS MEETS

The Hustlers Class of Grace Reformed Sunday School met on Wednesday evening, June 14 at the home of Joan Miller. The members of the class enjoyed a game of softball on the lawn before the meeting. The meeting opened with the singing of "Know one ever Cared for Me Like Jesus" with Hilda Reaver at the piano. The scripture lesson was found in Psalms and was read by Dottie Baker. The Lord's Prayer was repeated in unison. The theme song of the class "I Will Follow Thee" was sung by the group with Fairy Frock at the piano. Dues were collected and business was transacted.

The next meeting will be held at the church. The meeting closed with singing of "O God Our Help in Ages Past" by the group with Hilda Reaver at the piano. Delicious refreshments were then served by the hostess and a social hour was then enjoyed by all present.

THIS 'N' THAT (Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

As Your Observer types away this column there is a duck on a nest of eggs in the barn and it is fascinating and most interesting for a city woman! What amazes me is the wonderful procedure of the coming of the ducks. She pulls out feathers from her body to keep the nest extra warm and breathes heavily if I venture a little too near! She turns the eggs with her bill and the Gander walks in now and then daily to see she is all right.

The nice part about T.V., Folks is that you can switch or flip the dial to any sort of a program you desire to fit your mood! The Queen's carpet was shown with Eleanor Roosevelt being the main spectator holding a corner up for the T.V. audience to see. The rug was begun in 1941 for the purpose of decorating a wall in New Windsor Castle. Instead, Queen Mary has offered this prize piece to the highest bidder—in dollars—the proceeds to go to the British Treasury! It appeared very beautiful on T.V. so Your Observer made the special trip to see the carpet which was shown for four days at the Academy of Fine Arts in Baltimore. Instead of being on a dark background the rug is the lightest shade of tan. There are twelve panels worked in pastel shades of flowers in urns. One centre panel being different as this was filled with fruit.

At eighty-two, Queen Mary still threads her own needles! The carpet is 10-ft. 2-in. by 6-ft. 9 1/2-in. When it is sold which will only be for many dollars and that to a public institution. Needle point is most tedious. I made one piece for a mahogany foot stool a few years ago, which I presented to my sister's daughter for a wedding present. It was a black background with deeply colored flowers of reds in the center and the stool was a reproduction of an antique. That was the first and last piece. Your Observer did of needle-point as it is very trying for the eyes. No

GOD'S GREEN EARTH

As we look around and see everywhere God's green earth we take it for granted that things are as they are for our convenience and pleasure. God sends the rain and the sunshine in right proportions to balance nature and all is well. Man is able with dry ice crushed into small bits mount above the clouds and scatter the dry ice and cause abundant showers. God does it simply by causing sun to lift up the mist from the sea and send it in clouds over the land and by changing the temperature cause rain to fall where most needed. Man cannot do that. Man can use nature's forces but he cannot make nature. God alone can do that. We know but little of other worlds than ours, or whether they are inhabited or not. For my own part I do not believe that God made the millions of stars and planets just to amuse or placate men on this little terrestrial ball. That would be but a waste of material, and God does not do things that way.

The old-fashioned Bible that lay on the center table at home in my childhood had a marginal column at the left of each page and at the top of the first page opposite the first verse of the first chapter of Genesis 4004 meaning that creation was 4004 years before the birth of Jesus, and he who did not believe or accept that fact was considered an infidel. We know different now. The great mountains and granite rocks attest the fact that earth is millions maybe billions of years old. It took millions of years for the little mountain streams to cut and carry away the material that left the mile deep grand canyon of the Colorado.

Whence came the vegetation on earth. No one knows. Perhaps seed drifted in from other planets, but if so how did it get on these other planets?

Better let these speculations rest, after all "Deus Cravit; homo invent" — God creates, man invents or finds out.

THE COUNTRY PRESS SAYS

KINGSTREE, S. C., COUNTY RECORD: "We hear about the proposed socialization of medicine. But we are already well on the road to socializing the power of industry in this country. Tax free power plants are built with taxes, to compete with tax-paying power companies. Part of the costs are often allocated for some high purposes, the benefits of which usually fail to materialize."

WALDOBORO, MAINE, PRESS: "The boys up in Washington are jumping around like grasshoppers on a hot stove, regarding a policy on China, Russia, India, etc., and can't seem to agree on one for any of them. However, when they start getting dizzy, they can always take time out and get in agreement on one thing and that is to spend more money, and create more business."

CLAYTON, ALABAMA, RECORD: "Until the American people realize how costly it is for the government to do things, and begin to refuse the largess, subsidy, etc., offered by the Government, we cannot expect much reduction in government expenses."

ARCADIA, LA., BIENVILLE DEMOCRAT: "Most of us in the older generation—but not so very old at that—can remember when neighbors came from miles around to see the first bulb turned on and marvel at the light it gave, hanging there at the end of the cord from the center of the ceiling. Farm life has become lighter in more ways than

one since the private utilities and the co-ops started extending their lines down the rural roads and across the fields to the farm home."

HARTLEY, IOWA, SENTINEL: "Beware of any scheme that advocates additional Federal control, increased spending and increased taxes. We in the United States have taken our freedom for granted, but must do so no longer. There are many who under the guise of 'Security for All' would take it away forever."

WAKEFIELD, MASS., DAILY ITEM: "The late Samuel Gompers probably was the most levelheaded and sincere labor leader the country's workers ever had. 'He held that the worst crime an employer could commit against his workers was to fail to make a profit.'"

FREDERICKSBURG, TEXAS, STANDARD: "Many years before Christ, Plato wrote his Republic in which he advocated a Utopian existence. Though men were to work little, they were to be heavily regulated to become mere wards of the state. Even Plato admitted that such a situation could exist only in Plato's mind or in Heaven."

EUREKA, KAN., HERALD: "Socialized medicine will fix it so that little Johnny will have to wait six months to get an engagement with the dentist. Which, when he hears about it, will make little Johnny in favor of socialized medicine."

IBERIA, MO, SENTINEL. "We know what makes a wild cat wild! For 16 governmental bureaus are working against each other in efforts to save and preserve our wild life!"

CARLSBAD, NEW MEXICO, DAILY CURRENT-ARGUS: "Do you ever get tired of newspapers talking about freedom of the press and free access to news? Perhaps so, and so do we. But eternal vigilance is necessary."

INDIANOLA, MISS, SUNFLOWER TOCSIN: "Our top officials say they will veto any tax cut not accompanied by a corresponding replacement of funds obtained by new or increased taxes elsewhere. No chance for increased efficiency or elimination of sinecures."

BALTIMORE, MD., DAILY RECORD: "We are inclined to believe that business executives may well consider going actively into politics themselves as a matter of self-preservation."

BOZEMAN, MONTANA, CHRONICLE: "This editor is probably off-side in making any inquiry regarding the billions of I.O.U.'s now piling up in the treasury department at Washington. As long as no one in Washington seems to pay any attention to the growing depth of moneyless paper, this old fellow is probably unnecessarily disturbed."

JEFFERSON, OHIO, GAZETTE: "No one has any moral right anywhere or at any time to keep others from working."

SANTA FE, N. W., NEW MEXICAN: "The continuing growth of the Federal government and the vast power of the President in granting benefits to large groups of voters makes it possible for the President to perpetuate himself in office—not by meritorious service but by patronage and favor."

CLAFILIN, KANSAS, CLARION: "Payments of Social Security old age benefits... are not being paid out of the money that was paid into the government treasury in payroll taxes. That money is gone—used up by the Federal spenders. All that represents it is government bonds issued for the social security money which the government has borrowed. Interest on these bonds is used to pay social security benefits and this interest is paid by taxpayers, in addition to the money they have already paid in as a payroll tax."

GOLDBEACH, OREGON, REPORTER: "During the last 100 years the per capita debt of the people of the United States has been multiplied 600 times in size. In the year 1850, the public debt was \$3.77 per person. The Treasury Department reported in February this year that the debt now amounts to \$1,638.00 for each man, woman and child in the United States. (About \$3,800 for the average family)."

FEESERSBURG

Children's Day services were held at Mt. Union Lutheran Church, on Sunday morning with a very appreciative audience in attendance. The children seem to be inspired due to the perfect June day. The following program was given under the supervision of Mrs. Paul Leister and assisted by Mrs. Paul Crouse. Prelude of piano music and song by the choir; Recitation titled "The Little Bird" by Dale Miller, Joan Crabbs and Connie Myers; "A Children's Day message" by Lewis Bohn and Linda Miller; "The Road Map" by Carl Fink and Tommy Lambert; "I'm Glad" by Alice Booher; "A greeting from the garden" by Stella May Study; "Summer" by Nancy Roelke. There were several exercises in which the following children took part; Deanna Crouse, Josephine Crouse, George Crouse, Ralph Stambaugh, Eddie Stambaugh, Ronald Keyton, Dolores Hitchcock, Mary Royer, Rebecca Warrenfeltz, and Donald Warrenfeltz. The church was beautifully decorated with a variety of flowers making a lovely background for the bright and eager faces of the children. The choir sang children's day songs which added greatly to the program. The smiling Sunbeam class placed yellow chrysanthemums on the altar in memory of Mrs. Esther Angell.

Mr. Bucher John, who formerly lived in our community had the misfortune of breaking his leg in two places while surveying. Mr. and Mrs. Cleon Wolfe, Mr. and Mrs. Luther Utermahlen and daughter, Madeline and Mrs. Edward Stambaugh attended the wedding of their niece, Margaret E. Gilbert and Robert E. Smith, Saturday evening near Finksburg. The ceremony was performed on the porch of the bride and groom's new home under an arch of roses. The guests were seated on the lawn. The Rev. Clarence Sullivan, Frederick, performed the ceremony. A reception followed with the happy couple cutting the traditional wedding cake. There were about 60 guests present and the bride received many beautiful gifts.

The morning's mail brought a card from a very kind person with a picture of the flower Portulaca on it. The common name for this flower is sunplant or moss rose. Last week I wrote that I was unfamiliar with this flower, but from now on I will certainly remember it and next year it will be added to my garden. To the sender of the card I want to say a sincere "thank you."

The community learns with deep regret that Mrs. Arintha Marsh is retiring from the teaching profession after serving in the Maryland Public School for 46 years of which 13 were spent in Carroll County. The standards and prestige of any profession depends solely on its members and the teaching profession was honored to count among its members a teacher like Mrs. Marsh. The army has a medal it bestows upon a soldier who performs his tasks above and beyond the call of duty. The teaching profession should have such a medal too, to give to those teachers who like Mrs. Marsh give more to their job than is expected. Not only was she a good teacher, but a good citizen of the community and a loyal friend. Since she must retire as a teacher, we hope that her health permitting she will continue to exert her influence in the community and to use her special talents toward civic improvements.

Mrs. Brooke Heltibridge receives the prize for the best looking potato patch in the community. The plants are uniform and not a weed in them. Right now they are blooming and are as pretty as any flower.

"Backward, turn backward, O time in your flight. Make me a child again just for tonight." Life for the average adult is filled with such longing especially in June when once again one would like to be a barefoot boy or lass trudging down a dusty country lane either looking for a place to swim or to catch a fish. Or just lying on one's back looking up at the blue sky with the fleecy white clouds lazily sailing past one's vision. Dreaming dreams that never could come true but hoping that they would by some miracle. Memories of childhood tend to haunt us as we approach middle age and that time in our lives seems so far away.

Mrs. Paul Reese and daughter Gretchen of Union Bridge were visitors at Merry Knoll on Tuesday afternoon.

Mr. and Mrs. L. Leitz of Baltimore attended Children's Day service at Mt. Union and took dinner with Mr. and Mrs. Lee Fink.

On Thursday evening Mrs. Lee Fink became alarmed about a prowler on their farm and called the State Police. Officer Potet arrived and investigated but found no one. This is the third time some one has been seen peering in the window. Not so long ago farms were isolated more or less and no one bothered except to steal some chickens now and then. With more and more hard roads and cars and trucks in abundance one never knows what will turn up missing. Some farmers lose calves, hogs and sometimes cows. With food prices taking another rise one can expect more stealing than ever.

The Executive Committee of the Elmer Wolfe P. T. A. held a special meeting Monday evening at the school. The standing committees for the next school year were appointed and plans will be made to hold a simple dedication service when the addition to the school is

completed. Carroll Wilhide reported on the survey conducted by the Francis Scott Key Grange on whether the parents are interested in an agricultural teacher. The survey shows at this time 39 families are in favor and one against. If you have not returned your card please do so at once, so that the survey can be completed. There were other items of interest discussed. Among them the road from the school to Middleburg, which the County Commissioners have definitely promised to fix as soon as school is over. The other item was providing some form of recreation for the children of Union Bridge, either sponsored by the P. T. A. or some other civic-minded group.

FRIZELLBURG

We extend our heartfelt sympathy to the family of Mr. Curtis Baines, New Windsor, who died at the wheel, from a heart attack, in Westminster on Sunday. We are told that the first ice sold in the U. S. was cut from frozen lakes and cost as much as \$1.00 per pound. Today America's ice plants freeze a total of 109,000 gallons of water daily.

Sunday, June 18 is Father's Day. Here's a toast to Dad on this Father's Day. "On the crest of the wave may you travel, Dad, and the winds be kind and true; and a lucky star keep you ever glad, charting life with joys for you." A good father deserves more than just to be taken for granted. He has sympathetic compassion, reliable strength, devoted interest, long-suffering goodness, and forgiving love. He may never have made much money, but real success is not measured by dollars and cents. He may not have been famous, might not have been known outside of the town where he lived, but if he set you an example of honesty, sobriety, and right living, you owe him more honor than you can ever pay. "Honor thy father." Exodus 20:12. No respectful child will ever refer to his father as "my old man."

LITTLE—in loving memory of our dear Mother and Father, BERVINA V., who passed away June 16, 1949 and LOUIS R., who passed away July 30, 1949.

A token of love and remembrance
Of a Mother I shall never forget,
Her memory to me is a treasure,
Her loss a lifetime regret,
It's loneliness here without you
And sad the weary way,
For life is not the same to me.
Since you were called away,
Memories are treasures no one can steal,
Death is a heartache nothing can heal,
God above only knows how I miss you
In a home that is lonesome today.
God saw the road was getting rough
The hills were hard to climb;
He gently closed his loving eyes
And whispered: "Peace be thine"
His weary hours, his days of pain,
His weary nights are past,
His ever patient, worn-out frame
Has found sweet rest at last.

Loving daughter VIOLA,
Son-in-law, WILBUR.

THIS 'N' THAT

doubt, that it why Queen Mary chose a light background for her carpet!

If you really desire a "Baby-Sitter" there is a sweet one and conveniently located who is most conscientious and Your Observer knows she will please in every angle. The nice part—she really loves children!

The winning name recently of the \$1,000 car for Kaiser products was "Henry J" and the first prize of \$10,000 went to Mrs. Charles S. Atkinson, of Denver, Colo. It is surely a wow, folks and will be on the market this month. Did you know that wonderful car of Kaiser-Frazer Company has 44 huge plants scattered far and wide across the nation. Their payroll is \$128,000,000. The treat is riding in one of those cars of "Royalty." Kaiser is known the world over and since the end of War II, the Kaiser products and enterprises have expended with such rapidity and represent such a wide range of new activities that it has become increasingly difficult for even those most interested in the organization to keep abreast of development. Betcha that nine out of ten families will be driving that \$1,000 car all over the United States and then some! Kaiser-Frazer assembles more of it's own cars under one roof than any other manufacturer of standard-size automobiles. When steel and semi-finished materials reach the receiving dock at Willow Run—Michigan, they begin a long journey over miles of assembly and fabrication lines which ends a few hours later as the completed car is driven away! It is the only plant where auto bodies are stamped, shaped, assembled, upholstered, painted and trimmed under one roof! There were 400,000 Kaiser-Frazer cars manufactured in forty production months! It took just seven years before Kaiser would place before the public this new big little car that will be out soon as he wanted it to be "Tops."

Henry J. Kaiser was born in the state of New York, one of four children of a German Immigrant who left school when he was 13 to go to work. He began life as a cash boy and salesman for a New York dry goods store and with each year held positions of much interest which meant a Jr. partner in Lake Placid, New York and then the owner of the firm in one year! Just to think that now Kaiser Industries sell more than \$500,000,000.00 worth of products and services annually!

That make me think of a fine mechanic (automobile) around our town who still uses his bicycle to and fro. Dan Cupid is working hard with him and that arrow is pointed toward just one of the finest women around any town. That mechanic is always so very kind and thoughtful and has always impressed Your Observer as a real Abe Lincoln from the very first day, I met him!

There is a gray haired lady with a very sweet face whom I have seen around our town doing her shopping on a bicycle! That is the most healthy kind of exercise!

That reminds me! And this is calling all girls and boys of all ages! Come Hosteling! Come cycling today and every day during your vacation now that school is over at the Youth Hostel Bicycle Center—East Potomac Park. Bicycle around Hains Point and the Tidal Basin on Washington's only traffic-free cycle path! You make wonderful tours in Virginia, New England, Penna., and the Hosteling is for everyone even for family groups! It is simply "Down to

earth, friendly, adventurous and low in cost—that's Hosteling!"

You may get any information by calling Executive 3500 or write direct to American Youth Hostels—14th and Haines Point Drive S. W. Potomac Park, Washington, D. C. There is "The Crows Nest Hostel" at Thurmont, Md. It is amazing the little cost and all the pleasure derived! Something out of this world! Better investigate this one!

That nice young shoemaker who used to be on Frederick Street from the corner basement was called by our own Uncle Sam!

Now, here's a gadget practically new on the market that will delight any housewife. It is called "The Townsend Fish Skinner" and it is about the most thorough way of skinning the fish, Your Observer has ever seen. Betcha there will be more fish served in your house when you try this wonderful convenience!

The two young men who reside around our town surely are doing everything to please the customer in the American Store. Makes me think of that young nice son of the grocery corner who has a most pleasing manner. Frankie seems to like the meat and grocery business, too since he returned from overseas!

The Florist around our town is pleasing everyone no matter what design or for which occasion the flowers are intended. Always remember, gentlemen, that women never forget the man who remembers! It is the little things that count in life and flowers of any description talk and you know they always speak of love and attention! Flowers speak when you cannot!

Remember this Sunday is Father's Day! You know, that man who pays the bills around your house!

So long, folks. Have a grand week end. Will be seeing you next week. D.V. Until then, I am

Trucks supplied by Ford Motor Company are carrying replicas of the famous Liberty bell into every state of the United States to spearhead the U. S. Treasury department's Savings Bond Independence Drive. The bells were given to the Treasury by six United States copper companies. When they arrived in New York they were mounted on Ford trucks and sent to every state in the Union. The above photo shows one of the bells mounted on a Ford truck at the Brooklyn Navy yard, with the New York City skyline in the background.

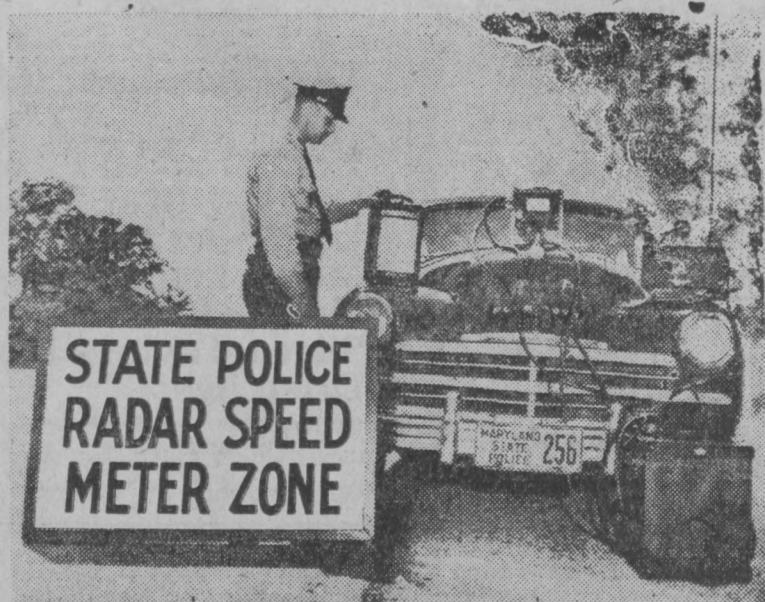

This exact replica of our Liberty Bell will be in Taneytown, June 27 between the hours of 11:30 A. M. to 12:30 P. M. A brief program will be held and everyone is urged to see this symbol of Liberty that is being used in conjunction of the present Bond Drive. The bell can be seen near the square during the brief hour that it will be in Taneytown.

SAFE—no flames, no fumes, nothing to leak, spill, burn or explode—nothing to light—nothing to put out—install it and forget it.

AUTOMATIC—an electric water heater is so completely automatic that there is absolutely nothing to adjust, change or fix in any way, once it's installed.

LOW COST—a special low electric rate for water heating brings operating costs down to a most attractive figure compared with other methods of water heating.

CLEAN—no ashes, soot, smoke or fuel of any kind to cause dirt, grime and muss. That means you can install your electric water heater anywhere.

PLENTY OF HOT WATER—always plenty of hot water instantly available with an electric water heater. Just be sure that you get a heater large enough to take care of your particular needs.

CONVENIENT—since no flue is required to remove smoke or fumes, and since it is completely dirt-free, an electric water heater can be installed wherever convenient, from cellar to attic.

Electric water heaters come in a wide variety of sizes, designed to care for varying hot water needs. When considering an electric water heater be sure that your hot water requirements are understood, so that the proper size can be recommended.

SCRIPTURE: Malachi
DEVOTIONAL READING: Malachi 4: 1-6

Help for Our Times

Lesson for June 18, 1950

FOR TIMES that are dull, times without hope, Malachi is the prophet. When he lived the exile was over; but it was no golden age. In the dingy little city of Jerusalem, rich and beautiful no longer, lived only a comparative handful of rather poor people, dragging out a monotonous existence. To these people, living in discouraging times, Malachi had, and has, a message from God.

Dr. Foreman

His prophecies do not have the bitter tang of Amos nor the melancholy of Hosea, the grandeur of Isaiah, the dramatic power of Jeremiah or the eerie visions of Ezekiel. But with inspired common-sense, he offers in the name of God a simple remedy with four ingredients.

Better Leaders

SPEAKING DIRECTLY to the leaders of the people, namely the priests, Malachi condemns them for not really taking stock in the thing they were doing. How we need that today! If the church today in any place is dead, you may be sure there are some dead leaders. Dead from the neck up, that is. And not necessarily the preachers.

Many a good preacher breaks his heart for lack of support. How many men and women, in your church, can the minister count on to fill in where they are needed, without making up a dozen reasons why they "can't" do it?

Why do Christians talk and pray as if their religion were all-important, but act as if everything else came first?

Law Observance

ANOTHER THING for which Malachi pleads is law observance. (E.g. 2:8; 3:5) They did not need new laws, for they had good ones. What they needed was to obey the laws they had. This again is what our times need. We have so many laws now that only an expert can keep up with them. No civilized nation could live, to be sure, under the unchanged statutes of a generation ago.

Nevertheless, if all the legislatures in America were to resolve to pass no more laws for five years, and if for five years the energy, time and money spent ordinarily on getting up new laws were put in on educating the people in the laws now in existence, and in fostering law observance and in preventing and punishing crimes, ours would be a better country.

The Unbroken Home

AGAIN, Malachi stands for the unbroken home. He knows that no country can be strong when its homes are weak. (2:10-17.) In the year 1948 there were about 420,000 divorces in the United States, and 1.80 million marriages.

That is a divorce rate of about 23 per cent. In some states the percentage of divorce is even higher. Indeed, in one large midwestern city it was announced in the papers about two years ago that the marriages had "caught up with" the divorces, i.e., they were at last having more marriages than divorces! This was an extreme case.

To say nothing else about it, 420,000 divorces and 12,000 desertions means that in the United States alone there are at least 432,000 persons who have no regard for the most solemn promises.

Support The Church

FIRST AND LAST, Malachi asks better support of the church. You need the church, of course; but then the church needs you. There is need for better leadership in the first place, and better support from the common man. Few persons want to live in a community without churches; yet a mere church building will not effect community life in the least. A beautiful building and a tall white spire are not a church.

The only church which will help a neighborhood is one in which the neighborhood takes an active part, a church where neighbors together worship God and where they are inspired to plans and acts of service for their fellow-men.

The main object of the church is not to shore up the country; still if you want a better country, one of the best ways to support it is to support the Christian church. For of all the institutions in the nation, the church is the only one devoted to the purpose of transforming human lives.

Let's Think

by
G. H. ENFIELD

MY DAD

Father's Day was an after-thought. That is the reason it comes several weeks later than Mother's Day. For decades father had been in the background, but now he is gradually coming into his own. He had not been overlooked because he was forgotten. It was probably because he is less expressive in his love than mother. Father is not as good an advertiser of his kindly qualities as mother. Does father not provide food for the member of the family, clothe them, educate them, and send them forth into the world with every good wish for their success and happiness? Is he not a proud man when he hears good reports about his children?

It is a wholesome sign that father is receiving more recognition, and that a day is set apart as Father's Day. However, much more could be done to emphasize the virtues of a good father, and the significance of fatherhood. How many sermons do you hear on the subject? And since practically all schools are closed before Father's Day, father is not "Hailed as a Jolly Good Fellow" by the school children. Unless his own children make a little something over father, Father's Day is just another day.

How proud father would feel to know that he is thought of with a gift—a necktie, a shirt, a hat, or a pair of shoes would not be too good for Dad. Something like that would be more of a surprise than the query: "Dad, can I have the car tonight?"

Sunday, June 18, is Father's Day. Son, daughter, make the heart of your father rejoice with a card, containing similar to the one on the card I have in front of me:

"Someone is thinking of you
And loving you each day,
Someone's wishing happiness
May always come your way;
Someone's mighty proud of you
For being what you are—
A Father who's the finest
In all the world—by far!"

MUSIC RECITAL

The annual recital of the piano pupils of Mrs. Doty Robb was held at her home on West Baltimore Street, on Friday evening, June 9. Miss Dorothy Alexander, a recent graduate of Western Maryland College, was guest of honor and favored the group with several fine selections.

Refreshments were served to the pupils and their guests.

KEYSVILLE MISSIONERS MEETS

A very pleasant program was given at the Keysville Lutheran Missionary meeting, Tuesday evening.

The leaders for the evening were Mrs. Ruby Dilley and Mrs. Arthur Clabaugh. The meeting opened by using the memory hymn "Onward Christian Soldiers." The Scripture lesson Acts 16 was read by Rev. Poffenberger after which the Lord's Prayer was sung by Mrs. Wildasin, of Hanover, accompanied by Miss Doris Baker, of Hanover, organist at St. Mark's Church. Mrs. Wildhide extended greetings to all and conducted a very short business meeting. We were then favored with an instrumental number on the pipe organ "Dreams" rendered by Miss Baker. A trio composed of Miss Nace, Mrs. Wildasin and Mrs. Arthur Clabaugh sang "Lift Thine Eyes" and "Green Cathedral." Rev. Levi Foulk, pastor of St. Paul's Lutheran Church, Hanover, delivered the address "Workers Together." The address was very impressive.

Two organ solos were then rendered by Miss Baker; an organ and piano duet was played by Miss Baker and Mrs. Clabaugh. The offertory was played by Mrs. G. Kiser and the offering received by Rev. Poffenberger. The song "Now the Day is

Over" was used in closing and the benediction pronounced by Rev. Poffenberger.

Surely every one enjoyed the meeting and those who were absent missed a real treat.

Rev. Foulk was the former pastor of Mrs. Clabaugh, also Mrs. Wildasin and Mrs. Clabaugh sang on the choir at St. Paul's Lutheran Church. The other two ladies were from St. Mark's Church.

Mrs. Foulk brought greetings from Hanover Missionary Society, also paid tribute to Mrs. Clabaugh's loyalty to St. Paul's Church.

HISTORICAL SOCIETY NEEDS CURATOR

Efforts is being made by the Historical Society of Carroll County to find a man or woman, or perhaps a couple without children, who might desire to live in the Historical House at 206 E. Main Street, in Westminster, and act as curator for the Society. He or she would have general charge of the building, and would supervise and assist with the cataloging and care of the books, papers, relics and museum pieces belonging to the Society and now kept there.

This work, which would not require full time, probably would appeal to some man or woman now retired, or to the wife of a man otherwise employed.

Anyone interested or desiring further information is urged to communicate with A. Earl Shipley, Westminster, Md.
