> Senator-elect Wellington, upon being asked if he thought any action would be taken at the approaching session of Congress looking to the passage of a revenue tariff measure, replied in the negative. The Senate. he said, was just the same in complexian as when it killed the Dingley bill and nothing could be hoped far from that body. Mr. Wellington thinks that conditions are such as to make an extra session of Congress inevitable, and he believes that President McKinley will, in all probability, call that body together soon after he takes his seat. Senator Wellington looks for the passage of a tariff act more comprehensive and reaching further in its results than the Dingley bill, which he regarded as purely a revenue measure. While the latter is an absolute necessity, at the same time the bill should embrace the protective feature consistent with the republican idea.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. \*cience has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it falls to cure. Send for circulars and testmonials.

### CLOTHING AN ARMY.

It Costs Great Britain Over \$6,000,000 to

Dress Its Soldiers.

It costs the British government \$6,250,000 annually for clothing 250,000 annually for clothing furnished Waves and Curls of Hair-A Clergyman's the foreign possessions, however, has to Opinion on the Right of Women to pay back to a certain extent the amount Speak In the Church-Hats, Bonnets which the uniforms of the troops stationed or sent there has cost, and this entails no end of complicated bookkeep-

pate in the celebration. The young lady who, by the way, usually accumulate is a Nebraskan by birth, first having fortunes in a short time. The value of seen the light of day in Omaha March castoff clothes so disposed of is about \$140,000 yearly. The scraps remaining after the uniforms have been cut out also bring a matter of \$30,000 annually. In all the authorities receive back about \$1,500,000, thus reducing the total cost of clothing the army to less than \$5,000,000 a year.

The best quality of everything is used in the manufacture of uniforms. In fact, it is said they are too good for durable wear. A huge factory in Pimlico, London, makes a large share of the furnishings, but vast quantities of foot and head gear are bought ready made. Boots and leggings, for example, cost \$1,165,-000 and headdresses \$250,000.

the excruciating pangs of rheumatism, when they can be so easily cured by that greatest of pain-cures, Salvation Oil, is past human comprehension. That Salvation Oil does cure rheumatism is evidenced by Mr. G. F. Schrader, Pierce, Neb., who says: "I have used Salvation Oil and think there is no liniment on earth like it. I had the rheumatism for several months and could get no relief until I used Salvation Oil, two bottles of which effected a cure, and I feel as well as ever. No home should be without it." Salvation Oil is sold everywhere for 25 cents. When dealers offer a substitute behaving the best, Salvation Oil.
