A full attendance of the members is desired, as a general good time is exrected. The Camp now has 102 members, and is in a flourishing condition.

The RECORD has received a letter from a Brooklyn, N. Y., firm, stating that it will make a survey for water to raise it from some subterranean passage, and agree to get so much water for so much money. No money to be paid for the examination, unless the proposition of the firm is not accepted to supply the water.

Mr. Claudius Long, son of Mrs. P. A. Long, of this place, was married on Tuesday, in Chambersburg, Pa., to Miss Bruce Neeley, daughter of Mr. James M. Neeley, near Emmitsburg. Mr. and Mrs. Long will reside in this place on their return from their wedding tour; as heretofore announced, Mr. Long has purchased Mr. Wagner's interest in the firm of Koontz & Wagner.

The work of preparing the first floor of the Lutheran church for services on Sunday, has been going on rapidly during the week, and when Sunday comes the main room will present a very pleasing appearance, though not entirely completed. It will have a seating capacity of about 500. Chandeliers have been placed in position, so that evening, as well as morning, services will be held continuously hereafter.

The RECORD office has placed an order for a numbering machine, which will number consecutively from 1 to 99.999. The machine has been rendered necessary on account of the increased demand for check, order and draft books, which require numbering. Our facilities for neat and up-to-date commercial job work are not exceeded by those of any office outside of a large city.

DEATH OF BISHOP OLLER.

A Prominent German Baptist and Citizen, Passes away.

Bishop Jacob F. Oller, of Waynesoro, well known in German Baptist circles in this county, died at the Johns Hopkins, Baltimore, Sunday morning at 9.35 o'clock of peretonitis lished in Westminster, August 2nd., and blood poisoning, resulting from an operation performed on him the Wednesday previous.

It seems that the operation of Wednesday was much more severe and er, the bottom seems to be falling out copy was issued in mid-summer it prolonged than was expected to be ecessary in the case. Sabbath night a Song Service was held under the leadership of Prof. Messler at the organ. Two anthems, 'Pray for the Peace," and "Jesus, my all to heaven is gone," were well rendered. Miss Alice Isaas, a little girl of Philadelphia, sang "Scatter Sunshine" very sweetly. Mrs. Beckie S. Reightler sang in her usual pleasing style, "Are you counting the cost." Mr. Johnson Hollenberry sang, "Sow-Mr. and Mrs. Walter Arthur and ing the seed," in a very impressive manner. "The Broken Pinion," Messrs Johnson Hollenberry and Clotworthy Rodkey. A number of other songs were rendered. Mr. J. H. Christ and Mrs. Sarah Fuss each gave a short practical talk.

At a meeting of the Mite Society last Wednesday, the following officers were elected for the ensuing year, Anna Kolb and Lulu Harbaugh; General Agents, Mrs. Wesley Rodkey, Mrs. John Hamburg, Mrs. Reuben Mathias and Mrs. Julia Harman. This society has been in existence fourteen years, and embraces almost the entire membership of the church. Financially it has proved an invaluable aid to the church.

The composting should always be done out of doors. The manure, if kept moist, always will decompose its vegetable matter into moist mold that will help to hold ammonia instead of into dry ash that will dissipate it. Instead of providing covered barnyards to hold the manure it should be brought outside the barn into the open air each

The man who works comfortably in 1852. Wedgewood was foaled in 1871 | the open air during the daytime needs shelter and protection at night. So, too, E. E. Brown of Kennon, O., has a does stock. It is the attempt to preserve very fast pacer in Free Silver Hal, a stock from exposure at all times, rather than keeping it warm and comfortable during hours of sleep, that is objected to. Giving some exercise in the open air each day is an essential to preserving health in all animals. It is because the covered barnyard makes this difficult that we are opposed to it. By keeping the open barnyard well littered with straw there will be little waste of manure. The advantage to health of providing a place for farm stock to freely exercise in will more than counterbalance any possible but not probable waste of manure from such cause.
