Mr. Gaither's plan provided for primaries in all the wards of Baltimore city on the same day; that judges and clerks should be selected from among the friends of opposing candidates by the ward ex-ecutives; that the ballots should be of uniform size and color, and that voting should be from the regular registration books. Mr. Gaither also registration books. Mr. Gaither also urged that the primaries be conduct ed under the law of 1892, legalizing such contests and providing for police supervision at the polling places. This plan was submitted to the subcommittee by Attorney-General Harry M. Clabangh. y M. Clabaugh.

The committee acted on the various resolutions submitted and effected a compromise satisfactory to all. Mr. George R. Gaither, Jr., who had com prepared to make a vigorous fight for the plan he had outlined, made a graceful speech approving the report and seconding its adoption. Senator Wellington and other prominent members of the state central commit-tee expressed great pleasure at the outcome, particularly as a bitter and embarrassing contest had been threatened. Congratulations were generally exchanged over the result, and the feeling was generally express ed that the party had been strengthened by the action taken.

Mr. Urner announced that peace

had been arranged in Frederick between the friends of Mr. Motter and those of Dr. S. T. Haffner; that the former was to be supported for judge and the latter for clerk of the Circuit Court of Frederick county. Mr. Motter smiled when questioned regarding the statement, and would only say that he anticipated no factional fight in Frederick this year.

Barring the destruction of Admiral Kimberly's fleet by the Teacher-Yes, when the Prince of Samoan hurricane in 1889, which no skill or foresight could have prevented,

There is nothing in our records to compare with the capsizing of the British frigate Captain with half a thousand men in 1870, or the fatal collision of the British ironclads Vanguard and "It is the nature of a child to be Iron Duke in 1875, or that of the Gerer Kurfurst the year following, when 800 men perished, or the loss of the mother of six, "it is the nature of a British training ships Eurydice and Atlanta in 1878 and 1880 with 600 officers, sailors and apprentice boys, or the sinking of the British flagship Victoria, with Admiral Tryon, 22 officers and 880 sailors, by collision with the Camperdown on June 22, 1893, in the Mediterranean, or the wreck of the Spanish

cruiser Reina Regente, on March 10, 1895, with 420 officers and seamen. The list of minor accidents to foreign naval vessels in the past few years would be too long to enumerate. But the stranding of the British ironclads Howe and Anson, the flagship Amphion and the cruiser Sultan were far more grave affairs than any such accidents which have occurred to any of our own heavy vessels within this period. We have had our fair share of troubles, perhaps, but no more than that.-Boston

The Cheyenne Indians have gone on the war-path and are said to have killed almost a dozen men, including five United States soldiers. The Indians have no reservation of their own, but roam over the southern part of the state, near the Crown Indian reservation. The white settlers are up in arms, and the women and children are being sent into the northern towns for safety.

### June Prognostications.

THE cold and damp spring weather has been very unfavorable for Spring business, yet I have sold more goods than last year up to this time, and prospects for a fair business during the rest of the season seem good. Men's Suits have not been selling as fast as Boy's and Children's, which is usually the case, as the parent dresses the children first, and economizes on himself. This month of June is usually the best month of spring for business, and this year it find us UNUSUALLY well equipped to supply the needs of those who have not vet bought, and UNUSUAL-LY anxious to sell, which means UNUSUAL inducements in the matter of prices. I DO NOT FEAR competition, but DO FEAR inattention; if people pass by without investigation of the merits of the claims made for my stock the fault is with the PEOPLE and not with MYSELF. Don't part with your cash unless you are SURE of getting the most to be had for it-and you can only be SURE of this by "shopping." Do this through the month of June-IT WILL
