In the India board the obligations had all been met, and that on June 30th. there was \$7000, in the treasury, but that the home Foreign board was in debt about \$7000. Rev. Albrecht stated that the pres-

ent budget, \$14,000 a year, was insufficient, and that the missionaries of the church fully expected to be sup-ported when they undertook the work. He wanted to know whose fault it was that the unsatisfactory condition existed ? Who, or what, was responsible for the cloud hanging over the work? The cause was deserving, but there was an unwillingness to give. Who has hurt the cause? Let us know. If the fault of the management, let us locate it. Not a pleasure to go back to India under a cloud. Dr. Scholl asserted that certain statements published in the church papers had a tendency to injure the work, but that the offerings have been larger than ever before, and the influence of these statements has been

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is on-ly one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lin-ing of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous sur-faces.

Summer has, no doubt, blown its last breath of torrid heat, and reigning Fall—with all its buoyancy, born of new energy and hope—is on the threshold.

EVERY DEPARTMENT of our Great Store is bristling with newness. It seems to us, that, with this Fall—the beginning of this country's new era of peace and prosperity—our establishment is entering into the spirit of the thing, and has taken on everything new. All the great markets have been ransacked for the very best of their productions.
