The principal topic of discussion mong our citizens now, is about anther toll-gate which has been put up On this, the eve of an anniversary, in the east end of our village. The gate was put up on Tuesday, and left that night without a light, and several parties drove into it, not knowing it was there, and made wrecks of their buggies, but no one was hurt. We have now two toll-gates, one at each end of the village, not more than one-half mile apart. Why the turnpike company imposes on our citizens by hemming us in with toll-gates, is a mystery, unless it is done to make people pay toll when they come to church. CANNED GOODS AND FRUIT.

These pills are used with advantage in Disordered, Sluggish Liver, after imprudent and full meals, rich indigestible food and the dissipation of high life. They are without taste, mild in operation, effective and are not followed by an after Sick Stomach. Coated Pills are easily swallowed if placed under the tongue, behind the front teeth of the lower jaw, and drinking a full draught of cool water, or lemonade. Try it.

FOR INDIGESTION—Two pills at bedtime, when indigestion threatens, and after full when indigestion threatens, and after full meals.

For Costiveness—Two pills after meals, and at bedtime, when the bowels have not been moved during the day. If the bowels have been moved during the day the bedtime pills are not to be used. The dose may be gradually lessened as the costiveness is removed. The dose may be increased if the bowels do not respond as expected.

For PALPITATION—One or two pills after full meals, and at bedtime when the bowels have not been moved during the day.

For Melancholy—One or two pills after during the day. One or two pills after full meals or when feeling low-spirted.

For Headache—One or two pills after meals, when the stomach is acid. One or two pills at bedtime the during the day.

As a Purgative—The dose is from two to four to be repeated once in four hours, until the desired effect is produced.
