NEWS NOTES OF INTEREST.

Brief Items from the County, State, and our Exchanges.

Dr. Marcella Schreiber, of Ephrata, Pa., is visiting her brother, Rev. Martin Schreiber, at Taneytown.

Pennsylvania is the greatest building and loan association in this country. It had 1,257 organizations at last report and over 2,825 members. Ohio comes second, with 674 associations and over 230,940 members.

The Comptroller of the Currency has authorized the Woodbine National Bank of Woodbine, Md., to begin business, with a capital of \$25,000.

The clock for the public building in Philadelphia is the second largest in the world. The dials are 25 feet each in diameter, which gives a distance of about a foot to the traveler. It takes about a minute and a half to run. Its place is 300 feet above the street.

The main shops of the W. M. R. R., at Hagerstown, are nearing completion and will be in full working order early this fall, after which, the Union Bridge shops—so it is generally conceded—will be decidedly secondary importance, though perhaps not entirely abandoned.

To the surprise of many of his friends, P. H. Gladfield, of York county, Pa., the millionaire manufacturer, who had a reputation for philanthropy during his life, died without a will, and his estate will be divided according to the intestate law. The personal property of Mr. Gladfield is estimated to be worth \$2,000,000.

Thursday afternoon last the Presbyterian church in Edgemoor was struck by lightning. A few bricks were knocked from the steeple tower on the northwest corner and some spouting melted. The current passed around the church, entered the lecture room and went out through the roof, tearing off but one shingle. Aside from this no damage was done. This is the fourth time that lightning has struck buildings on that property.

The magnificent, though costly spectacle of two big fields of grain one of wheat and the other of rye, just ready to harvest in flames, not a grain of wheat last Thursday night as a freak of the summer's most destructive electrical storm. The fields were on the farm of Joe Black, near Edgemoor.

Dealers in potatoes were caught in the recent drop in prices in the Philadelphia market. The trade was standing at 95c or thereabouts. The break came suddenly, the change in the market, and the dealers were left with a heavy loss.

Before buying street signs the Chambers Depository suggests to the Waynesboro committee that they be named some of the streets that have been given unusual names or whose names in the changed conditions have become an anachronism. The names on the paper most seriously objects to is that of "Cow Street."

An auto ran into a funeral procession, Westinghouse, late in the afternoon, conveying containing members of the family. The Gettysburg Compiler says of the incident "That the occupants of the car escaped injury, but the driver of the car was killed."

For some reason, or maybe, for a number of causes, the church reunions at Pen-Mar have not been so largely attended this year as formerly. One thing that has operated to lessen the crowds is found in the late harvest season.

The executive committee of the Maryland State Bar Association has held a meeting at the offices of the commission, 810 Fidelity Building, Monday afternoon and decided upon September 12th as the date for the annual day at the Exposition. The official party will leave the city on the evening of September 11th.

Democratic primaries will be held at the usual places in the respective districts, this Saturday, for the purpose of choosing delegates to the County Convention to be held in Westminster, on Monday, the 29th.

DEAD. Obituaries, poetry and recitations, charged for at the rate of five cents per line. The regular rate is ten cents per line.

MARRIED. BAKER-HARMAN.—At the Lutheran parsonage, Taneytown, on Thursday evening, July 25th, by Rev. Wm. E. Wiegler, Miss Blanche L. Harman and George William Baker, both of Taneytown.

ENGLAR-GILBERT.—On July 25, 1907, by Rev. Edgar T. Read at the home of the bride, Union Bridge, Mr. John Truett Englar, to Miss Myrtle Marie Gilbert.

Church Notices. Services at St. Paul's church, Union Bridge, Sunday, at 8 p. m. COMMUNION at Ladysburg at 10 a. m.

Two Serious Mower Accidents.

On Tuesday morning, Mrs. Arkansas Fink, of this district, volunteered to drive a mower three times around a field of grass, in order to keep the work going until her husband could find time to mow. On the first run she was choked, and in getting off the machine to remedy the trouble, the wheels started and threw her down, the horse of the mowing machine, which was about the length of the field, fortunately escaped being cut by the knife, but her body was severely and dangerously bruised and cut by the wheels.

On Thursday morning, a little boy, named Robinson living with George Shoemaker, on Mrs. Geo. H. Birnie's farm on the Westminster road met with a serious accident. The little fellow was in a hay field, following closely after the mower, and as the cutter bar dropped into a gutter, and was mowed over, he was stepped on by the mowing machine and before he could recover himself the machine started suddenly, almost completely burying the boy under the wheels.

Public Sale Advertising.

A number of public sales of real estate and personal property appear in the advertising columns of the RECORD, and it is probable that during the next two months many more will appear. Especially at this season of the year, the advertisements for the sale of real estate through the newspapers; sale bills are at a discount, though still of value, because during the busy season of the year few people have time to attend to such matters, and they are therefore displayed, than during the winter and early spring months.

Eyer's Appeal for Imprisonment.

On Wednesday, July 17, the application of William Eyer to the Board of Pardons of Pennsylvania, for a commutation of sentence for the murder of a man for life, was heard. Mr. Eyer's counsel presented five reasons for commutation: (1) that the defendant was a minor at the time of the crime; (2) that the defendant was a member of the military service; (3) that the defendant was a member of the military service; (4) that the defendant was a member of the military service; (5) that the defendant was a member of the military service.

Bad Week on Western Maryland.

An eastbound freight train on the main line of the Western Maryland railroad was wrecked Tuesday afternoon at 2 o'clock, on the crossing at a steep grade in the Horseshoe Bend between Ridge Summit and Sabillasville. The front trucks of engine 60 left the rails and the train ran over into a field 40 feet away. Seventeen of the 30 cars in the train were piled up and some badly damaged. The train was torn up for some distance. Brakeman Walter McLean was buried under about five feet of debris. He was killed. The engineer and fireman were probably injured internally. He was taken to the Washington County Hospital, Hagerstown.

September 12th, Maryland Day.

The executive committee of the Maryland State Bar Association has held a meeting at the offices of the commission, 810 Fidelity Building, Monday afternoon and decided upon September 12th as the date for the annual day at the Exposition. The official party will leave the city on the evening of September 11th.

Democratic Primaries.

Democratic primaries will be held at the usual places in the respective districts, this Saturday, for the purpose of choosing delegates to the County Convention to be held in Westminster, on Monday, the 29th.

Church Notices.

Services at St. Paul's church, Union Bridge, Sunday, at 8 p. m. COMMUNION at Ladysburg at 10 a. m.

NOTICE TO TRESPASSERS.

In a few weeks we will commence our annual "Notice to Trespassers" on our equipment. A National Varsity machine, in order to better and more economically handle our rapidly increasing pamphlet printing business, and other work requiring the use of the machine makes and inserts wire stitches, or staples, from a spool of wire, as fast as it can be fed and operated.

NO CANDIDATE IS NAMED.

Gov. Warfield causes a Sensation among the Politicians.

The democratic conference proposed by Senator Whyte was held in Baltimore, on Tuesday, but it failed to clear the atmosphere. The conference was a representative one, but there were some conspicuous absences, most notably being Mr. Frank Brown, while Gov. Warfield "mixed things up" by making a speech not on the program.

Public Sale Advertising.

A number of public sales of real estate and personal property appear in the advertising columns of the RECORD, and it is probable that during the next two months many more will appear. Don't put Written Messages in Packages Sent by Mail.

The RECORD has frequently warned its readers against sending written messages in packages of merchandise by mail, but perhaps it will be advisable to give space to this warning, especially in view of the fact that innocent parties may be saved possible trouble with postal officials. We therefore reproduce the following, from Wednesday's RECORD.

"Officials of the Postoffice Department over all the United States have been accused of sending packages passing in the mail prohibiting written messages in letters on which first-class postage is paid. It is generally known that ordinary written communications may only be sent in the mail by registered mail, and it is not so well known that anyone who incloses a written communication in a package of merchandise or other matter with which less postage is paid is liable to a penalty of \$10.

Public Sale Advertising.

A number of public sales of real estate and personal property appear in the advertising columns of the RECORD, and it is probable that during the next two months many more will appear. THE FARMERS' PICNIC.

Instructive Addresses on Various Leading Farm Problems.

The Farmers' picnic opened on Thursday, the attendance being smaller than last year, on account of the lateness of the harvest season which leaves farmers still in the midst of sowing their crops. The picnic was held at the Taneytown Hotel, and was a most successful one. It was also attended, this year, due to the fact that most of it is at the Jamestown Exposition, but by Saturday the crowds will be present and the attractions great.

Uniontown.—Mrs. Nevin Hitteshaw and daughter, Mrs. Nevin Hitteshaw, and Mrs. John Burgoon, of Union Hill, Misses Christiana and Hilda Hitteshaw, of Edgemoor, are the guests of Mr. and Mrs. Thomas Rottman.

Mrs. Lanye Shaw spent Sunday with Mr. and Mrs. Harry Weaver.

Miss M. M. M. returned to Annapolis, on Sunday.

The Mite Society of the M. P. church will meet at Leonard Zile's, Friday, August 15, instead of the first Tuesday, the usual time.

Mrs. George Diehl, of Hagerstown, is the guest of her parents, Mr. and Mrs. Wm. Bankard.

Walter Grubbin and wife, of Westminster, spent Sunday with C. Edgar Myers at Taneytown.

Mrs. Irene Shreeve is visiting her brother, Dr. Sidney Cover, of Narrows, on Sunday.

Miss S. E. Weaver was the guest of Wm. Shaw and wife, at Black Oak Spring, on Sunday.

Mrs. Missions Smelser and Miss Martha Franklin, of Smelser's Mill, were the guests of the farmers brother and family, Mr. and Mrs. Charles Smelser.

Miss Helen Rice is visiting her sister, Mrs. George Boston, of Park Hill, and friends near Union Bridge.

The coming year's arrangements for the fifteenth anniversary, the golden jubilee, of the M. P. church, met on Tuesday evening at the parsonage. Of the speakers were: Rev. C. C. Cushing, of the Theological Seminary, Westminster; Dr. J. T. Lassel, Baltimore; Rev. J. H. Kinney, Taneytown; Del.; Rev. E. McCullough, Monterey; Rev. R. M. Murray and Rev. J. B. Jones, of Rockwood, Md.; who assisted Rev. D. E. Reese, of Taneytown.

Mrs. Theodore Eckard, Misses Nettie Myers, Romane Hollenberry, and Herbert Eckard, spent a busy evening with Miss Belle Caylor near Linwood.

Gov. John T. Parrish, who was taken to the State Hospital, on account of treatment, about five weeks ago, died at that institution on Thursday last week. He was aged 57 years.

Mr. Parrish had been in the hospital for a long time. He was the daughter of the late Wesley Barber, and leaves a wife and three children, Mrs. Wm. Parrish, Mrs. Carrie, and Mrs. Nettie. The funeral services were held at Bethesda M. E. church, Friday afternoon, July 19, at 3 o'clock, and were officiated by Rev. J. B. Jones.

Miss Ollie Poole and brother, Herbert, are visiting relatives in Baltimore, this week.

Emory Gorsuch spent Sunday and Monday in Baltimore, visiting friends and relatives.

Mrs. Wm. E. Jordan and wife, who are home again after a week's stay with her parents, Mr. and Mrs. Jas. S. Hyatt, of Catonsville, Md.

Patrolman J. C. Washington, Camp No. 20, have changed the night of meeting from Saturday to Tuesday night, for the next four weeks, on account of picnics.

The clear weather this week has enabled the farmers to get in their grain in good condition. There has been very little threshing done in this vicinity as yet.

Frizzell.—Harvest will come to a close by the end of this week. Threshing has begun but the yield is not so large as expected. Haymaking is in progress and a few more days will be required to complete it.

The chapel here was filled last Sunday night. Rev. A. G. Nall preached his usual sermon, and the service was very interesting. He and his family left on Friday for their home in Fairmont, W. Va.

John W. Few, of this place was taken suddenly ill on Thursday, and died on Friday. He was well known throughout this section.

Charles M. Spitzer, of Boonsboro, last Sunday, the following names: Samuel Otto and family and Charles Otto and family of New Windsor; Miss Gertrude and family of New Windsor; Mrs. Ella Martin and son Ralph, of Medford.

Rev. John O. Yoder, of Silver Run, will preach in the chapel, this Sunday evening, at 7.45.

York Road.—Mrs. Chas. Gardner and children, of Buena Vista, spent a few days with her parents here.

Harry Dorsey, of Baltimore, returned home on Sunday, after a week's stay with his parents, Mr. and Mrs. R. W. Galt.

Chas. Waters, of Motter's Station, spent Sunday with friends here.

Mrs. Jennie Galt, of Taneytown, spent last Thursday at the home of her parents, Mr. and Mrs. F. C. Foster, Saturday.

Edward Bair, of Littlestown, visited friends here on Saturday.

Mrs. Cleveland Anders, of Union Bridge, spent Saturday here.

A Postmaster in Trouble. Hagerstown, Md., July 25.—Samuel E. Young, postmaster of Washington county, was arrested by Deputy Marshal William Christinger on the charge of soliciting campaign contributions in 1904, 1905 and 1906, from Frank E. Newcomer, rural mail carrier, whose route was in Washington county.

CHRISTIAN ENDEAVOR.

Prayer Meeting Topic For the Week Beginning July 28.

By REV. S. H. DOYLE.

Topic—Home missions; the progress of work among the Mormons; Matt. vi, 10-13; xxiv, 11.

The history of the Church of Latter Day Saints, who are commonly called Mormons, is more familiar to all the Christian people of our land...

The greatest menace of Mormonism has been polygamy. The present president, also named Smith, has a number of wives and a large number of children.

Great missionary progress has been made along educational lines in Utah. The missionaries constantly emphasize the fact that Utah can be saved only through the reaching of the children and the youth.

What can be said of Aaron, Moses' special representative, the man to whom the people were to be in Moses' absence (xxiv, 4), making a golden calf and encouraging the people to worship it as their god...

Ex. xiv, 20; Ex. xlii, 23; xxiii, 12; xxiii, 17-19; xxiii, 15-16; xxiii, 18; Matt. xxviii, 19; 20; Acts i, 1-11.

In Duty. I am a Christian Endeavorer because I want to do something. A reverend and much loved brother walked into my study one day and asked me the meaning of the word "endeavor."

Notes From Afar. There are now sixteen Christian Endeavor newspapers in Europe. These are found in twelve countries.

How to Make a Nerve Pillow. The "nerve" pillow is something which physicians recommend and which can be easily made at home.

How to Wash a Print Dress. In order to wash a print dress a lather should be made from soap in water moderately warm and the dress washed out quickly; then rinse in cold water and dry as soon as possible.

That hacking cough continues Because your system is exhausted and your powers of resistance weakened. Take Scott's Emulsion. It builds up and strengthens your entire system.

THE SUNDAY SCHOOL.

Lesson IV—Third Quarter, For July 29, 1907.

THE INTERNATIONAL SERIES.

Text of the Lesson, Ex. xxxii, 1-8, 30-35—Memory Verses, 34, 35—Golden Text, I John v, 21—Commentary Prepared by Rev. D. M. Stearns.

Copyright, 1907, by American Press Association. Chapters xxv to xxxi, inclusive, tell of the instructions which God gave to Moses in the mount concerning the tabernacle, the priesthood and the worship of the Lord.

The people who had promised to do all that God had said could not wait by faith six weeks, but gathered to Aaron, saying, "Up, make us gods which shall go before us!"

What can be said of Aaron, Moses' special representative, the man to whom the people were to be in Moses' absence (xxiv, 4), making a golden calf and encouraging the people to worship it as their god...

Ex. xiv, 20; Ex. xlii, 23; xxiii, 12; xxiii, 17-19; xxiii, 15-16; xxiii, 18; Matt. xxviii, 19; 20; Acts i, 1-11.

Notes From Afar. There are now sixteen Christian Endeavor newspapers in Europe. These are found in twelve countries.

How to Make a Nerve Pillow. The "nerve" pillow is something which physicians recommend and which can be easily made at home.

How to Wash a Print Dress. In order to wash a print dress a lather should be made from soap in water moderately warm and the dress washed out quickly; then rinse in cold water and dry as soon as possible.

That hacking cough continues Because your system is exhausted and your powers of resistance weakened. Take Scott's Emulsion. It builds up and strengthens your entire system.

Electrical Phases.

In connection with foundry work electro-magnets are extensively used. The Illinois Steel Company's magnets weigh 1,300 pounds which lift six tons.

The Canadian government will pay a bounty on iron produced in electrical furnaces in that country. In the electrical furnace the proper temperature can be produced in 10 minutes which would require an hour and a half in the present blast furnace.

A new automatic electric mill lift has been approved by the Postmaster-General for large mail orders. A postman unlocks a glass door and deposits the mail in the carrier.

The most powerful generating station in Europe is located at Brusio, Switzerland. It is also the highest water power ever used for power purposes.

An electric railway eight miles long will connect Genoa and Milan, Italy which will cost \$47,000,000. The road will require nineteen tunnels, one of which will be two miles long.

The only electric railway in Bolivia is in La Paz, where six miles of 100 mile steam railroad has been electrified.

The kitchen at West Point is a model of electrical development. Hundreds of potatoes used daily in feeding the cadets are peeled by a machine driven by electricity.

An electric pie-making machine is in every day use in a Boston hotel. The electric heating rack is the latest. It works on the same principle as the electric heating pad.

Dr. Carl H. von Klein, of Chicago, has a scheme to electrocute bacteria. Although his experiments have been confined to milk, water and other liquids, where the method has been very successful, it is claimed the process will destroy disease germs in the human body.

According to government statistics every person in the United States uses, annually, about seven kilowatt hours of electricity in some form.

In view of the fact that railroads are rapidly changing to electric motor power, it is argued that the electric motor, if perfected, would be of the greatest importance in this field for signal work.

An electrically rocked cradle is one of the latest devices for infants. The cradle is attached to a convenient lamp socket and a turn of the button rocks the cradle.

The principle of electric welding is best explained as follows: When the currents of electricity are passed through the abutting ends of pieces of metal which are to be welded, generating heat at the point of contact.

Thousands of people are daily suffering with kidney and bladder troubles. Dangerous ailments that should be checked promptly. DeWitt's Kidney and Bladder Pills are the best.

The canning and preserving season is with us once more and many will find canning fruit for the winter a most enjoyable and profitable occupation.

How to Make Chicken Mold. This is a tasty supper dish that may be made from a fowl that is too old for cooking in the ordinary way.

How to Make a Furniture Polish. To make a furniture polish use one ounce of brown beeswax, one ounce of white wax, one-half ounce of castile soap, one-half pint of turpentine and one-half pint of water.

How to Make a Furniture Polish. To make a furniture polish use one ounce of brown beeswax, one ounce of white wax, one-half ounce of castile soap, one-half pint of turpentine and one-half pint of water.

FOR THE HOUSEWIFE

Cucumber Cream. Cucumber cream is an excellent remedy for sunburn and tan and will whiten and soften the skin of the hands and face and leave it cool and comfortable after being exposed to the scorching summer sun.

An Emergency Box. Every householder should have an emergency box. A large pasteboard one is best. It should be kept on a high shelf, with contents written on the outside.

Spots on Writing. Ink spots or writing may be removed from a book by applying spirits of salts diluted with five or six times their bulk of water, which may be washed off in two or three minutes with clear water.

Wrings the Wet Mop. To obviate the necessity of wringing a wet mop with the hands an ingenious device has been patented.

Walk, Moon, Walk! Moon is selected from among the players and blindfolded. He then stands with his legs wide apart, while the other players throw their knotted handkerchiefs through the arch formed by his legs.

Economy in Gloves. Many women throw away their long silk gloves just because the fingers are worn through.

To Make Javella Water. Dissolve two pounds of washing soda in two quarts of water. Boil ten minutes, remove from the fire, add half a pound of chloride of lime and cool quickly.

Plays and Players. Mary Mannerling has won such success in the new romantic comedy, "Glorious Betsy," that it has been decided to continue her in the same play next fall.

Provide Shads and "Litter." If compelled to shut the hens up for any reason do your best to make their surroundings as nearly like those outside as you can.

The Cooked Mash. A cooked mash is excellent for pushing broilers along to an early maturity, but don't feed it to the growing pullets that you want to make good layers next fall and winter.

Jim Delahanty played his first game with the Washington Americans recently, and he gave a very good account of himself. He was very accurate, scored a run, got two hits, one a double, a base on balls and made a sacrifice which cut a figure in that first inning.

The Apparagus Bed. If you have no apparatus bed in the garden, it would be a good thing to plant one in the fall. It is not only a delightful vegetable for home use, but can always be sold in unlimited quantities.

The Dairy Cow. When buying a cow for the dairy, do not give any further consideration to her value as a beef animal. Dairy cows are not intended for producing beef, and a cow that very often produces a lot of milk.

That hacking cough continues Because your system is exhausted and your powers of resistance weakened. Take Scott's Emulsion. It builds up and strengthens your entire system.

It contains Cod Liver Oil and Hypophosphites so prepared that it is easy to take and easy to digest. ALL DRUGGISTS: 50c. and \$1.00.

WOMAN'S WORLD

One of the Cleverest Animal Painters of the Day. Maude Earl is one of the cleverest animal painters of the day. With her vivacious father, who taught her the rudiments of her art, she lives in a fine villa near London, and she has amassed a fortune principally by painting the canine pets of royalty and of the fashionable.

Every householder should have an emergency box. A large pasteboard one is best. It should be kept on a high shelf, with contents written on the outside.

Spots on Writing. Ink spots or writing may be removed from a book by applying spirits of salts diluted with five or six times their bulk of water, which may be washed off in two or three minutes with clear water.
