Former High School Principals Honored

Mrs. Esther K. Hess and Mr. Clyde Dayhoff, principals of the former Pleasant Valley High School were honored at the High School Reunion, on Saturday evening, June 30th, at the Firemen's Hall.

A delicious banquet was served to 88 teachers, students and guests, by the Ladies' Auxiliary of the Pleasant Valley Fire Company.

The invocation was given by Rev. Edmund Koontz Helwig, a member of the class of '27 and Pastor of the Lutheran Church of Our Saviour in Baltimore. Rev. Helwig also served as Master of Ceremonies. Mrs. Charles Hosfeld extended greetings.

Gifts of appreciation were presented to Mrs. Hess for her outstanding achievements as principal and teacher from 1923 to 1930, and to Mr. Dayhoff for his untiring efforts until the school closed in 1932. Special recognition was given Mrs. Richard Bixler and Miss Evelyn Mather, former teachers in the school.

The entertainment for the evening was planned by Mrs. Allen Morelock and given by members of the group as follows:

Welcome—Mark Myers, son of Mr. and Mrs. Walter Myers, Jr.; several musical duets were given by Wanda Haifley and her father, Edward Haifley, who accompanied her. Wanda is a member of the Collegians on WMAR TV. Their concluding number was, "How Great Thou Art." Piano Solo—Joyce Maus; reading—Mrs. Andrew Hoff; vocal duet—Mrs. Harold Myers and daughter, Tamara; piano solo—Judy Brilhart; ballet dance—Patty Yingling and Marjorie Riley. An in Memoriam Prayer for two deceased members, Howard Leister and Edward Yingling, was offered by Harold Myers; vocal solo—Mrs. Allen Morelock, who was also leader for group singing. Miss Mather accompanied Mrs. Morelock.

A number of persons responded to the roll call of their classes by relating amusing experiences of their school days. Letters were read from teachers and students who were unable to attend the reunion.

Graduates of the school, present at the reunion, were: Edmund Koontz Helwig, Maude Myers Corbin, Mary Yingling Hosfeld, Alice Rodkey Morelock, Harold Myers and Margaret Dickensheets Brilhart, who served as a planning committee; also: Carroll J. Kemper, Fern F. Myers, Mary Leese Kroh, Erma Myers Grumbine, Gladys Myers Leister, Mary K. Petry Hoff, Martha Smith Morningstar, David J. Yingling, Myrtle Angel Hoover, Ruthanna Keffer, Geo. E. Yingling, Herbert L. Corbin, T. Allen Morelock, Eleanor Brown Miller, Katherine Yingling Myers, Wm. G. Maus, Walter Myers, Jr., Dennis N. Yingling, Esta Hiltabrid Blauvelt, H. Albert Hyle, and Mabel Lovell Wantz.

Kiwanis Klaxon

"Pat Did It." A meeting we all enjoyed and the superlative talk and information we were treated to by Dr. Marvin Kasik, an Optometrist from Westminster. Briefly, it was a short, though thorough course on that very important organ, the human eye, also, facts that have been puzzling the layman were adequately explained, facts relative to the difference between an optometrist, an ophthalmologist, an oculist and an optician.

Although 20 Kiwanians when shown the picture of a cow, captioned "What is it?" were unable to tell that it was a cow; we are now able to see the difference in the different classes of those whose profession or calling is the care of the human eye, just as we have truck farmers, dairy farmers, fruit growers, and grain farmers yet all work on the land but each a specialist in his own line, so with the profession whose differences we never clearly understand.

The different programs or activities of the profession were outlined in detail and also the failure of the eye and the causes of the failure which we call near-sighted, far-sighted, astigmatism and bi-focal. The eye is the window of the brain and its loss or impaired efficiency is a tragedy difficult to overcome but when the science of today is qualified and able by its scientific assistance to help sub-normal vision through medication, surgery and/or glasses to reach or approach normal the work, the pleasure and the contentment of the individual is maintained.

May we not have more meetings as helpful, as instructive and interesting as this meeting for which we extend our hearty thanks to "Pat" and Dr. Kasik.

The club has received a special invitation to the Forest and Stream Club meeting to be held August 6th, we believe, meeting to begin at 8:30 P. M. with dinner at 6:00 P. M. Remember that corn-on-the-cob and fried chicken a La Maryland that we had last year. Further information in subsequent bulletins.

Again we remind you of the Annual Crab and Shrimp Feed to be held at Taneytown Recreation Park, Wednesday, July 18, at 6:00 P. M. Ladies invited.

Report To The People of Accomplishments During Year of 1961-1962

The Public Relations Committee of Neal Powell, Chairman and George Naylor, Jr., would like to make a report of the past year's accomplishments to the people of Taneytown. Being public servants we feel it fitting to point out some of the highlights of the fiscal year beginning July 1, 1961 and ending June 30, 1962.

The year opened with your town government turning to the committee form of government. Committees were appointed as follows: Street, Sewer and Water, Street Lighting, Snow Removal, Weed Control, and Public Relations. These committees have proved to be of benefit to the town and have been continued for the new year.

Patching of holes in the streets were placed on an experimental trial basis under the "cold patch process" and has worked out quite well. It was hoped that repairing of streets as holes appeared would save the expense of having road contractors in periodically at a great expense to the town.

Many vacant lots were cleaned up of weeds for the first time under the Weed Control Program during this year. This program will be carried into the future.

A committee from the Taney Annex Improvement Association approached the town relative to their area being annexed into the corporation. The Town Council is still in the process of securing information, estimates, etc. in regards to this matter.

New street lights were installed at the square with stronger bulbs in the four corners throughout the business district, thus giving our town a much better lighting system. Quite a few lights were placed in new developments at various locations.

Through efforts of the Fire Department and the Town Council extensive repairs was made to the interior and exterior of the Municipal Building Annex. This made quite an improvement to this building.

Several new streets were built at various locations in the town along with various alley and streets being resurfaced to seal them against winter damage.

Quite an extensive study was made on Signs needed throughout the town and many Stop Signs, No Parking Signs and Speed Signs were placed for the safety of the public.

A snow plow was purchased for Town use, placed in operation and proved quite beneficial during heavy snow falls. This we feel was quite an improvement in the service that the town can now give the public during a bad storm.

One way traffic was incorporated into Taneytown Memorial Park relieving traffic congestion during special occasions.

A new pump was purchased for Well No. 5, thus keeping our water system in the best of repairs.

Near the end of the fiscal year a new officer was employed in the person of James Marshall Boone. It was decided that the town should own its own police car. Due to the Ford strike the car was held up and was not placed in operation as soon as expected. It is felt that the purchase of the Police Car is another improvement for Taneytown.

The tax rate of \$.85 per hundred dollars has been held at the same level and through the budgeting of funds Taneytown should be able to operate on this rate.

Many delegations and individuals appeared before the Mayor and City Council during this past year, a right that is afforded to all individuals living under the control of their town government.

One of the highlights of the year was the leadership given the endeavor to retain our high school. The fight is far from over, but we have gained a reprieve. You may rest assured the unrelenting efforts to continue the operation of our high school will be carried on. So credit and gratitude is due so many people for their unselfish part in this matter it would be impossible to list their names in this article. If the support given in the past continues at the same level it seems inconceivable that we can attain anything other than ultimate victory.

We want to admit that much is still to be desired in our town. We must never be satisfied with things as they are—the moment we stop working we begin to go backwards. We asked you the citizens of Taneytown, for your support and guidance in the coming year. We must continue to go forward and solicit your suggestions so that we may serve you to the best of our abilities.

Miller, Jr., John Perry, Stanley King, Guss Shank and Harry Dougherty, Jr. Mr. Houck of the Houck Rubber Supply Co., of Hanover, Pa., was present, he gave a demonstration of the main safety appliance companies new type of gas mask. After some discussion on these gas masks the Fire Company placed an order for two of them.

Chief Miller reported that there are four Volunteer Firemen from Carroll County on the Maryland State Firemen Executive Board. The Co. agreed to have the annual Firemen Picnic in August. They also voted to have the Firemen's Carnival in 1963. This Fire Company with several other Fire Companies will attempt to pump the water from Natural Dam on July 21. This Dam is located above Harney.

NEW TELEPHONE DIRECTORY

July 13 is the delivery date for the new Carroll County telephone directory, according to B. L. Howell, telephone company manager for the Carroll County area.

This year's directory contains 13,152 listings and approximately 15,010 copies will be distributed.

The new directory will feature the Chesapeake Bay Bridge on the cover. As an added feature in the preliminary pages there is a area code map of the United States. Also there is an expanded area code list.

According to Mr. Howell, the information pages have been revised in order to assure faster, more complete service for the customer.

KEYSVILLE L. C. W. MEET

The Keysville Lutheran Church Women met on Monday evening to discuss the topic, "Leisure That Creates." With Mrs. Marion Austin and Mrs. Edith Wilhide leaders. The scripture lessons were read by Mrs. Austin from John 3:3-9, Luke 10:38-42 and Isaiah 3:15-17, followed by prayer by Mrs. Wilhide. The hymns used were, "Where Restless Crowds Are Thronging," "Breathe On Me Breath of God," and "Dear Lord and Father of Mankind."

A playlet, "Coffee and Doughnuts," was given by Mrs. Elizabeth Shoemaker, Mrs. Mildred Stine, Mrs. Bostain and Mrs. Fleaharty. Miss Shirley Keilholtz played two piano solos, "1812 Overture," and "The Angelus Bells."

Recreation through Creative Activity, through Self Improvement, Through Sharing, Through Solitude, Through Arts and Crafts and many others were thoroughly discussed during a "Buzz Session" and reported to the entire group. Plan our day so there is a little time for leisure and use the leisure time wisely. After the closing benediction, Mrs. Kathryn Stine conducted the business meeting. The minutes were read by Mrs. Doris Harner, treasurer's report given by Mrs. Fleaharty, Mrs. Ellen Kiser told of aid or gifts to be given different countries. Mrs. Kathryn Stine announced a Program and Leadership Development Workshop will be held on July 23, in the evening on the lawn of Mrs. Gilbert Stine. All Women of the church are invited. In case of rain the meeting will be held at Mrs. Robert Stine's home. Bring Bible and pencil. The hostesses were: Mrs. Ellen Kiser, Mrs. Shoemaker, and Mrs. Ausherman. The color scheme was red, white and blue in keeping with July 4th. Delicious sandwiches, potato chips, candy and punch were served. Next meeting, quarterly Thank Offering.

"SPICE 'N' EVERYTHING NICE"

With all my heart, I wish you every morning
A smile that shall last until the next dawn's
I wish you health—life's greatest wealth;
I wish you always near so that I may help
to cheer
Each future day and in some way—help to
bring you happiness!

The many Gladiolas of a beautiful assortment of colors are ready to burst into bloom and they sure do add oomph to the lawn.

Passing again the old farm and the first thing I did before the visit with my grand friends was to pump that water and drink from the old tin cup! Driving to the store and a few errands on the 4th of July was so shocked as to few flags displayed! When I was a little girl in the city of Brotherly Love, it was truly a glorious sight to behold as thousands were displayed from all the city streets to the very poorest home. I read in a letter recently to "The Voice of The People," stating that since storm windows were installed that the question was where the owner should now place Old Glory? That solution can be answered quickly by purchasing a pipe the width of the bottom of the pole and put it right in the lawn in front as I did and it truly appears as a very important location! Any hardware store or the plumbing shop will sell the pipe to you and it will last forever. I painted the one which holds my flag with aluminum paint. That way it does not rust in rain or snow.

At the auction one night there was one of those old fashioned pairs, the kind, I used to carry when a little girl to purchase a quart of milk from a nearby store. And just carrying me back to those days, I bought it! Sentimental Me!

A beautiful letter arrived in answer to mine from the President of IS-RAEL, Jerusalem by Air Mail! You should see those stamps, folks!

I will always remember my Minister stating that he was sorry that he never learned the Hebrew language. He loved Jewish people and grieved terribly at the Mass Murders! Everyone should see, "JUDGMENT AT NUREMBERG" never was there any finer acting! A real drama and a true one. It is now playing at 5 West.

How awful it was to read and still read about omitting the daily prayer in the schools! Even on our coins it is engraved, "In God We Trust." It brings beautiful memories when all the sashes between the school rooms were rolled back and the Bible was read of one Chapter and then the "Lords Prayer" by the scholars. It gave me much encouragement for the daily lessons. How proud we can feel toward our Senator Beall!

In church on Sunday morning, the last Hymn was America, The Beautiful. "Never have I heard it sung with such pep and enthusiasm which I told my Minister as I shook hands with him at the door after the Service.

Now, ladies, Max Factor has a new one out, "The Mask" and the other product called, "Moisture Cream." He is really topping all cosmetics. The "Moisture Cream" gives your skin an appearance as a baby's skin. It is truly delightful!

Prince Ballantyne of Tiverton, is lying right at my feet and now and then looks up to me, pawing my knee for his dinner! Folks, when I smile at him, his tail wags! You would have to see that one to realize about a dog! He is exactly like the dog who won the big silver bowl of the Westminster Show on TV this past Winter at the Madison Square Garden. So you know, I am expecting all sorts of compliments! (And that this coming Winter D. V.)

"That Touch of Mink," with Doris Day and Cary Grant is another one of those funny stories just how the couple meet and it ends happily after even if she is as poor as a church mouse and he a Millionaire! This Millionaire in the story does not think much of marriage and Doris is the kind of a gal that does! I'll leave the rest to you! The theatre was crowded at the Stanton and everyone really had a good laugh.

To M. W. — No, I do not approve of those wigs to be worn any length of time as the heat and weight will cause falling hair of your very own. Of course, the very expensive ones are net with real hair woven in and that is a different type entirely, yet I was told that many of the cheap wigs are being sold and you can style them anyway you desire.

Have a grand week-end, folks, and I do mean you, Mr. and Mrs. for a vacation together! Until next week-end, D. V.

I am,
Faithfully,
Your Observer.

UNITED LUTHERAN CHURCH WOMEN

The monthly meeting of the United Lutheran Church Women was held on Wednesday evening at 7:00 on the parsonage lawn. The program was in charge of Group 1, Mrs. Dorothy Alexander, Chairman, with Mrs. Wilbur Naylor as the leader.

The meeting opened with the singing of "Breathe on Me, Breath of God." The scripture was read by Mrs. Wilbert Hess and the prayer offered by Mrs. Fred Garner. The topic "Our Leisure Time" was presented by Mrs. Naylor and a short skit was given by Mrs. Elwood Baumgardner, Mrs. Daniel Naill, Mrs. Charles Lookingbill and Mrs. Richard Etzler.

The meeting closed with the singing of "Dear Lord and Father of Mankind." Refreshments were served by Group 6, Mrs. Treva Zimmerman, Chairman. The August picnic will be held in Taneytown Memorial Park on August 8.

SOME CHICKENS!

Nowadays we talk about billions almost as if they were chicken feed. The vast growth of tax collecting and tax spending is largely responsible for that airy attitude.

Next year's federal budget, for instance, will be around \$92.5 billion. And one commentator has visualized its magnitude in this fashion:

Suppose you were able to authorize your wife to spend \$1,000 per day, ad infinitum. It would take her 277,500 years to spend that \$92.5 billion!

To come closer to earth, suppose you were a tightwad and put a meager \$1 billion ceiling on her \$1,000 a day spending. It would take 3,000 yrs. for her to run through the bankroll.

If billions seem to be chicken feed, about all one can say is: Some chickens!

GRASS ROOTS OPINIONS

SALMON, IDAHO, RECORDER-HERALD: "While there are undoubtedly cases of hardship where elderly citizens have trouble meeting medical expenses, we can't agree that the solution to the problem is under social security. Social security was designed as retirement insurance and for that purpose it is excellent. If, however, all types of services are to be added to it, there is no end to how costly it could become. Besides, the relationship between patient and doctor is a personal matter and we, for one, would hate to see this change. With the rules and red tape that would accompany medical aid under social security this undoubtedly would restrict this relationship."

REDFIELD, IOWA, REVIEW-SENTINEL: "I am told that a farmer can sell a dozen fishworms for more money than he can get for a dozen hen eggs. One thing sure, if the Washington boys find out that there is a profit in fishworms, they'll soon be holding an investigation."

ALBERT LEA, MINN., TRIBUNE: "Lawrence Henry Gipson has just won the Pulitzer prize in American history at the age of 80. 'Needle Eye' Gipson 'retired' from active teaching at age 67 to do research work, and finish the 10-volume history of 'The British Empire Before the American Revolution' which he had begun in his spare time in 1927. He finished Volume Ten, wrote a couple of other books, and found time to return to England and teach at Oxford in 1951-52. His achievements offer something of an example for all those who retire and, like bumps on logs, sit around doing nothing, waiting for tomorrow."

MARYSVILLE - YUBA CITY, CALIF., APPEAL - DEMOCRAT: "Once we succumb to the beguiling promise of socialism, we are forever condemned to suffer its tyranny."

SILVER SPRING, MD., RECORD: "The greatest single threat to free world trade and adequate profits may well be economic illiteracy. Ray R. Eppert, president of Burroughs Corporation, told the annual Invest-In-America Week luncheon in New York. One of the big jobs to overcome this economic illiteracy is to 'scrub the dirt off the word profit' and reacquaint the American public with the difference between making a profit and profiteering, he said. Without a profit, American business would die of malnutrition and all of us would be out of work. It is that simple."

GILBERTSVILLE, N. Y., JOURNAL: "We happen to know from long experience that it is not easy to write and say exactly what's on one's mind. An editorial, once written, is often revised and on occasions even thrown away. But even the writing of it, putting down thoughts on paper, is not only a mental exercise but a lesson in self-discipline. It helps to clear a-

way the mental cobwebs and causes us to be more analytical about what we actually do think."

LAKEVIEW, ORE., LAKE COUNTY EXAMINER: "The hunger in Red China, and the hundreds of thousands who are trying to escape, can show the world what a sick thing the communist plot really is. I'm glad to see President Kennedy moving in to feed those escapees and find them haven. Like JFK, I'm opposed to sending a single grain of wheat to Red China itself; but let's do all we can for those who get away."

ST. CLAIR, MO., CHRONICLE: "Much of the tax money is used in one form or another for 'relief,' or 'dole.' It comes free, and like anything else free, wins votes. But luxuries, power, indulgence made the once-tough Roman people soft. To stay popular, their emperors gave them more and more of the ease they craved...free bread, free circuses, easier living. So the Romans softened themselves up for the ambitious barbarians and in 410 A. D. the greatest nation in the world was invaded and destroyed."

NORWALK, CONN., HOUR: "Fierce opposition of Saskatchewan

doctors to socialized medicine slated to go into effect in that province on July 1, has surprised some Canadians by its intensity. This all but unanimous rearward action is not prompted so much by a fear of loss of income...but rather by a dread of the dead hand of bureaucracy."

The Washington Post quotes former Director of the Budget Maurice H. Stans as saying: "The greatest threat to our Nation today is not Berlin. Nor is it Viet Nam or the Congo or Laos. It is the precarious situation of our balance of international payments and with it the potential erosion of world confidence in the dollar."

Shell dealers list some causes and cures of

10 sounds, smells and other symptoms that often puzzle drivers

Even if your car's in good condition, it may act up occasionally. When puzzled, consult this chart. It doesn't cover every problem, but it will help with some of the more common ones.

DESCRIPTION	LIKELY CAUSE	WHAT TO DO
High-pitched squeal when you first start the engine.	1. Worn or glazed fan belt. 2. Loose fan belt. 3. Water pump seal needs lubrication.	1. <u>Replace the belt if it looks worn.</u> It could break. 2. <u>Have the fan belt tension checked.</u> A loose belt may not turn the generator fast enough to charge the battery. 3. <u>Add Shell Cooling System Protector to radiator water.</u>
Throbbing roar.	Damaged or worn muffler.	<u>Replace muffler.</u> Your Shell dealer can do this for you.
High-pitched erratic pinging noise—usually lasts just a few seconds. (Often called wild ping.)	Erratic combustion caused by glowing carbon deposits that flake off and ignite the fuel too soon.	<u>Try Super Shell gasoline.</u> It contains three anti-knock ingredients. One is TCP.* This famous Shell additive works to "fireproof" combustion deposits that could otherwise cause wild ping.
Screeching brakes.	1. Badly worn brake linings. 2. Glazed brake lining.	<u>Any brake trouble should be checked immediately</u> by your Shell dealer. It could be dangerous. If linings are badly worn or glazed, brakes should be relined soon.
Strong gasoline odor when you can't start the car.	Flooded carburetor.	<u>Let the car sit a minute.</u> Push the accelerator to the floor (don't pump it). Then try the starter.
Exhaust fumes. Most noticeable when driving in town or when your engine is idling.	Leaking tail pipe or muffler.	<u>First, open a window</u> —those fumes can make you groggy fast. Replace damaged part promptly. Note: Always have exhaust system inspected when your car is lubricated.
When cruising, dashboard generator light goes on—or ammeter needle continuously shows "discharge."	1. Broken fan belt. 2. Faulty generator or voltage regulator. Or loose connection in electrical system.	<u>Stop at the first station</u> to avoid running battery down. 1. Replace fan belt. Suggestion: Carry a spare belt—it could save you time and trouble. 2. Have electrical system inspected to locate the trouble.
Brake pedal action feels peculiar: 1. Pedal feels spongy. 2. Pedal slowly sinks to floor under pressure.	1. Air in brake lines. 2. Hydraulic fluid leaking past master cylinder piston.	<u>Brakes with these troubles should be fixed immediately.</u> Have your Shell dealer inspect your brake system.
Car pulls to either side: 1. When braking. 2. When cruising.	1. Water, oil or hydraulic fluid on brake lining; brakes out of adjustment. 2. Uneven or low pressure in tires.	1. <u>Think back.</u> If you've just driven through water, drive with caution until linings dry. Otherwise, have brakes checked soon—it could be dangerous. 2. <u>Check tires for correct pressure.</u> Do this soon. Under-inflation can also cause excessive tire wear.
Engine temperature suddenly passes the danger point on your dashboard gauge.	1. Broken fan belt. (You may hear the clatter when this breaks.) 2. Loss of cooling water.	<u>Turn off engine.</u> 1. Check fan belt. 2. To check coolant—follow these rules. Let engine cool down. Remove radiator cap slowly using <u>extreme care</u> to avoid scalding. Add water slowly with <u>engine idling.</u> Check for leaks.

*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U.S. Patent 2889212.

Keep this guide in your glove compartment.

It may come in handy if your car acts up.

Did you know

When your hopes are down
And everything goes wrong in life,
Did you ever stop to think
God aids you through the strife?
When your heart is sick and empty
And life seems an empty dream,
Did you know God wants to aid you
To go safely down life's stream?
If you seem to be in the worst trouble
As you journey down the way,
And your heart is overburdened
With sorrow,
Remember, a prayer will brighten
The day.

No matter what the trouble
Or how deep you're in despair,
Just remember that God wants
to aid you.

If you ask Him, He will be there.

A VOICE FROM CARROLL

The Danish flag, consisting of a large white cross on a red field, is the oldest unchanged national flag in existence. About 1218 A.D. King Valdemar II of Denmark led a crusade against the pagans who were continually attacking his colonies on the Baltic. The Danes were surprised in their camp at Lindanissa, near what is now Revel in Estonia, and only the personal courage of the King him-

self saved them from disaster. According to a legend, a red banner bearing a white cross appeared in the sky at the most critical moment of battle. This was taken by Valdemar as an answer to his prayers and a promise of aid from heaven. After routing the enemy the King adopted the banner as the standard of the Danes and called it Dannebrog, literally meaning "Danes' cloth." Apart from this legend, however, there is unquestioned evidence that this flag has been in continual existence as the national emblem of Denmark since the thirteenth century.

One of the oddest and shortest names on the map of the United States is T. B., a small village in the southern part of Prince Georges County, Md. Because t. b. is the slang abbreviation of tuberculosis, many people mistakenly suppose that the Maryland village received its name from a sanatorium for the treatment of tubercular patients. The letter composing the name are the initials of Thomas Brooke, whose father, Robert Brooke, acquired a vast estate in that vicinity in 1648. The stones used by the early surveyors to mark the limits of the plantation bore the initials of Thomas Brooke. There is a tradition that one of the original stones was found within the village limits and that from this circumstance the inhabitants fell into the habit of calling their village T. B.

Anybody who says he understands international affairs these days is two weeks behind the news. William Faulkner, considered by many critics to be the most distinguished writer of fiction in America, died last week. With the death of Ernest Hemingway last year, this leaves two empty places in American literature that will not be filled in this generation. There are a number of promising young writers but none with the depth and sophistication of Faulkner and Hemingway.

At this time of year, when outdoor living and traveling is at its peak, the litterbug is also busy. Education and public pride have united together and are rousing the public to its responsibility in helping to keep the beauty of American outdoors free from trash. There is marked improvement in the rural communities in disposing of litter, but the cities have a long way to go yet. But there is hope that eventually Americans will become as conscious of their unclean cities as their European cousins once were and like them make a special effort to beautify them. It just takes each person policing himself to do the trick. A chewing-gum wrapper dropped on the street doesn't seem like much trash, but multiply it by a couple hundred thousand and it quickly mounts up to a ton of debris. And the cost of removing it is paid for by the taxpayer. We should all have pride enough in our country to help keep it as clean and beautiful as we keep our home and garden.

Tobacco seems to have a powerful persuasive appeal to people. Lewis and Clark found it a big help in blazing the trail through Indian territory to the Pacific in 1804-06. They shared tobacco with every tribe they met, paying the way for future trading and settlements. Even the feared Commanches would peacefully approach wagon trains to beg for tobacco. The Indians grew tobacco, but they preferred the white man's variety. During the Colorado Gold Rush in 1859, when 50 thousand prospectors rushed west, tobacco sold for its weight in gold dust. Today, 17 million Americans depend on tobacco for all or part of their livelihood.

To put its market forecasts on a truly scientific footing, a Wall Street brokerage firm acquired a huge computer and pumped in all the information it could gather like price-earnings, ratios, market tops and bottoms, the latest data on sunspots, bird migrations and the moon. As tape spun through the machine, the partners clustered round watching the lights blink. After much buzzing, the automatic typewriter clickety-clicked its answer: Buy low, sell high.

Farm and town language is as different as a cow is from a Falcon. On the farm the word "delinquent" was something that happened to taxes, not children. The woodshed was a place that not only kept the winter supply of fuel, but also where father presided over juvenile court. "Probation" meant you could go to the movies on Saturday night if you didn't make too many trips to the woodshed during the week.

Evidently one hundred years ago people didn't worry too much about the bacterial count in their water supply. According to the Baltimore Sun people were advised to add alum to the water if it was very muddy to clear it up for drinking. No wonder alcohol became the most popular drink.

"I'm entertaining my club for lunch," said one friend to another. "Are you serving something special? yes, everyone's dieting, so I've ordered a dozen cans of Metrecal."

BOARD OF EDUCATION

A regular meeting of the Board of Education of Carroll County was held in the Board Offices on Tuesday, July 10, 1962, at 1:30 P. M. All members were present except Mr. Roland L. Pickett who is confined to the hospital.

The Board approved the minutes of the June meeting and gave approval to the current financial transactions.

Resignations were accepted from the following: Thomas W. Giles, Charles R. Luttrell, Joseph H. Beaver and Mrs. Betty V. Scharon. Leaves of absence were granted to Robert G. Hinkle, David L. VanGosen and Mrs. Virginia G. Law.

The Board noted the request for retirement of Miss Ellen Jordan, member of the Elementary school faculty of Taneytown. Her retirement was given approval and the Superintendent was authorized to assist her in becoming eligible for pension benefits.

Contracts were approved for the following persons: Dolores T. Carson, Mary Carrico, Charles L. Blubaugh, Joseph L. Shilling, Gerald M. Lancaster, Roger E. Holloman, Mary R. Peterson, Robert E. Bradley, Francis P. Fair, Minerva L. Bennett, Etta R. Griffin, Jacqueline B. Grenier, Patricia H. Ecker, Audrey D. Kooreman, Dossie E. Stanberry, Joretta P. Allwine, Joanne W. Wood, Phyllis Ensor.

The Board considered several matters related to teacher contracts and modifications related to the salaries for certain teachers in order to comply with state requirements.

The Board approved, upon the recommendation of the Superintendent, the designation of Robert S. Martin, Jr., as Supervisor of High Schools to replace John W. Manspeaker, effective July 1, 1962.

The Superintendent reported that the William Winchester School was practically completed and recommended the designation of John Berchok as principal of the school to be operated as the fourth and fifth grade unit in 1962-63.

The Board heard letters of appreciation from scholarship recipients and awarded a one year scholarship to Cynthia Haines from the Union Bridge District to Western Maryland College effective for the school year 1962-63.

Employment of Simeon Buford and Wilbert A. Rhoten as custodial employees in the North Carroll School and Kermit Millon in the William Winchester School was approved.

Certain modifications to the North Carroll School were approved and the members heard a general report on school building progress related especially to the William Winchester and North Carroll construction projects; and took several important actions in connection with building plans for the county in general.

(A) Approved acquisition of a tract of land in the southern part of the county for the location of a central consolidated comprehensive high school, planning to begin as promptly as possible. (B) Approved the authorization of the Superintendent and President of the Board to seek additional school land location for elementary school purposes in the southeastern area to accommodate primary children in the fast growing section near the Liberty Dam. (C) Directed that immediate steps be taken by the Superintendent to explore the need for increasing school housing facilities at other locations, especially Sandymount, West End and Freedom District locations.

The Board took action to give the Superintendent authority to make transfers of pupils from the Mechanicsville School area to the Westminster Schools for the school year 1962-63 to relieve overcrowding; and for the transfer of pupils from the West End Primary School to the East End and William Winchester Schools in order to relieve serious overcrowding at West End. Certain designated bus routes will be discontinued to the West End School.

The Superintendent reported progress in connection with the recruitment of teaching staff, expressing the hope that schools would be opened with an adequate staff in September.

Approval was given for the purchase of school furniture for new

classrooms after analysis of bids received.

The Superintendent reported and provided copies of an abbreviated outline form indicating the approval by the Middle States Association of Schools and Colleges of the Francis Scott Key High School as an accredited school by this group.

The Board approved the purchase of fuel oil after analysis of bidding, awarding the contract for No. 2 oil to the Sinclair Refining Co. and to the Shipley-Humble Company the contract for heavier oil. Coal orders were distributed on the basis of prices submitted.

Adjournment was at 3:30 P. M.

WITH THE ARMED FORCES

(AHTNC)—John W. Hood, 25, son of Mrs. Edith J. Hood, 203 1/2 E. Main St., Westminster, Md., recently was commissioned a second lieutenant in the Army after graduating from The Artillery and Missile Officer Candidate School at Fort Sill, Okla. During the 23-week course Lieutenant Hood received instruction in such subjects as communications and electronics, tactics and combined arms and map and aerial photo reading. The lieutenant is a 1955 graduate of Elmer Wolfe High School, Union Bridge.

Carroll County Association for Retarded Children

The Summer day camp for retarded children will be in session for the next two weeks, July 9 through 20, at the Westminster Riding Club from 9:00 to 12:00 noon each day, Monday through Friday.

Mrs. Mildred Hallar, Mt. Airy, is serving as Camp Director. Mrs. Hallar has been actively interested in the program for retarded children since 1955. For one year she gave volunteer assistance one day a week at the Baile Hall Day Center. Another year she worked as a substitute teacher for the Mt. Airy special class from February until June, and this year has done substituting for the teachers at the Locust Street School. Mrs. Hallar has also served as a board member of the CCARC for 3 years, a District Chairman for the fund drive, and she recently attended the Southeastern Regional Convention in Gatlinburg, Tennessee.

"I find it a pleasure and a privilege to help these children help themselves," says Mrs. Hallar.

Other members of the camp staff include: Mrs. Dean Griffin, swimming instructor; Mrs. Roberta Rill, Mrs. Irvin Martin, Mrs. Arthur Shipley, and Mr. Thomas Sterling, teachers; Mrs. Sterling Selby, Mrs. Wm. Specht, Miss Diane Haight, Mr. Eddie Babylon, helpers; Mrs. Ann Wagner and Mrs. Miriam Hollinger, Bath House; Mrs. Ann Wagner, Mrs. Miriam Hollinger, and Mrs. Mildred Hallar.

Summer Sandwich Treats: Delicious With Raisin Bread

Taste surprising raisin bread makes many types of delicious sandwiches for summer. This homemade loaf is a quick bread that's easy to stir up and pop into the oven. Mashed banana, orange peel and crunchy nuts blend perfectly in the flavorful raisin batter. This bread keeps well and cuts even better when it's a day old.

Raisin banana loaf is a wonderful fruit accompaniment and travels well to picnics. For pretty little sandwiches, cut it in quarters and spread with butter or cream cheese. Jam and honey are also good toppers.

BANANA RAISIN LOAF

1/4 cup shortening
1/2 cup sugar
1 egg
1 cup mashed ripe banana (2 to 3 bananas)
1 tablespoon grated orange peel
2 cups sifted flour
2 teaspoons baking powder
1 teaspoon salt
1/4 teaspoon soda
1/4 cup milk
1 cup dark or golden raisins
3/4 cup coarsely chopped nuts

Cream shortening and sugar. Add egg and beat well. Blend in banana and orange peel. Knead flour with baking powder, salt and soda. Blend into creamed mixture alternately with milk. Stir 'n raisins and nuts. Turn into greased loaf pan (about 8 1/2 x 4 1/2 x 2 1/2 inches). Bake in moderate oven (350 degrees F.) about 1 hour. Let stand 5 minutes. Turn out onto wire rack to cool. Makes 1 loaf

FANCY THAT! by WALDMAN

Mother Goose's ancestors were already heroic in the days of ancient Rome. In 309 B.C. a flock of geese saved the Eternal City from the invading Gauls by giving shrill warning of a surprise attack.

A goose mascot aboard a World War II British minesweeper brought the ship more than luck. It was discovered that the goose could detect approaching aircraft even before radar picked up signals!

Most renowned geese police in the world guard millions of dollars worth of aging Scotch whisky at Ballantine's Scotch distilleries in Dumfries, Scotland! The 21 geese, led by a gander called Mr. Ballantine, are known as the Scotch Watch!

For Safe Motor Trip Follow These Rules

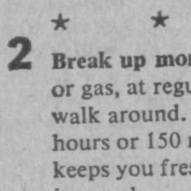

FLINT, Mich. Your vacation trip this summer will be a lot safer and more enjoyable if you get plenty of rest each night and limit your driving to 10 hours per day.

These are two of the most important rules followed by Buick test drivers in compiling a record of 3,000,000 miles without an accident at the General Motors Proving Grounds, Milford, Michigan.

A. E. McManama, general supervisor of Buick's road test department, lists the following as musts for Buick's driving team:

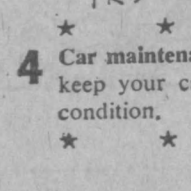

1 Good living habits—plenty of sleep and rest, and a good frame of mind with no worries while driving.

2 Break up monotony—stop for coffee or gas, at regular intervals, get out and walk around. Never go more than two hours or 150 miles without a stop. This keeps you fresh, alert and at your driving peak.

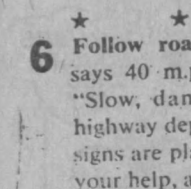

3 Limit your Daily Driving—ten hours of driving per day is the limit. After that you are asking for trouble.

4 Car maintenance—it's a must to keep your car in top mechanical condition.

5 Drive a tidy car: Loose articles, litter, packages, etc., can be dangerous. Keep the inside of your car neat and tidy, everything packed in convenient places where loose items can't slide around. Packages piled on the rear window ledge become missiles in case of a collision, and they also block the view of the driver behind you.

6 Follow road conditions: If the sign says 40 m.p.h., believe it. If it says, "Slow, dangerous curve," take the highway department's word for it. The signs are placed along the roadway for your help, and they have a good reason for being there. Dusk and dawn are poor visibility driving times. Use extra care then.

"These are the rules we follow," points out McManama, "and everyone of them can be adapted by the motorist. Strict adherence to them is the best insurance we know against accidents."

THE BIBLE SPEAKS

International Uniforms
Sunday School Lessons
BY DR. KENNETH J. FOREMAN

Bible Material: Habakkuk; 2 Kings
23:29-37
Devotional Reading: Psalm 77:5-15

O, God—Why?

Lesson for July 15, 1962

Dr. Foreman that he is one of the world's truly distinguished men. For he has about him the look of a genuine prophet, a man of God. Habakkuk does not come to the inquirer's bench at first like a man with all the answers. He brings questions, not answers. The few pages that remain to us of his prophecies are unique, for other prophets come to us with their minds made up; Habakkuk (so to speak) makes up his mind in public. The answer he seeks comes to him, not from him.

A Time of Violence

Habakkuk breaks out with a cry of "how long?" and "why?" He lived in the time when the nation of Judah was in the grip of what today we call a crime wave... only that was more like a tide. It was a time of violence, of brutality and lawlessness, of perverted "justice." What Habakkuk cannot understand is why God does not at once put a stop to it. He was not the first nor the last man to be so discouraged about the state of the world that he gives up hope of human help and believes that only some sudden act of God can sweep the many evils aside and usher in peace and justice. "But God stays his hand. It seems clear to Habakkuk that God will not intervene—and this only adds to his desperation. God does not always do what we want him to do, and, particularly, God does not always do what we want him to do when we want him to do it. We are like children—impatient if God does not operate on our schedule. But God has his own plans and times. He never comes too late.

Scourge of God

Now the Lord gives Habakkuk an answer, an amazing answer. "I am rousing the Chaldeans," God tells the prophet. That would be as shocking in Habakkuk's ears as if some one were to tell us that God is rousing the Russians. Chapter 1:5-11 gives a grim picture of the Chaldeans. Any Israelites would have agreed 100% with it. This was a cruel, strong, ruthless, plundering, tyrannical, atheist nation. They are well armed, "they come for violence; terror of them goes before them." God does not paint them in pretty colors. What would seem strange and incredible to Habakkuk is not the darkly violent description of the Chaldeans, the nation all other nations feared and hated; what Habakkuk would find all but impossible to believe was that God would stir them up.

Yet that was the fact. Those cruel people were "the scourge of God," to punish the people of God for their own sins. The prophet's question, we remember, was, Why doesn't God do something about the sinfulness of this nation? God's answer is: I am even now preparing a terrible scourge with which to lash this people for their crimes. And the name of the scourge is—Chaldea!

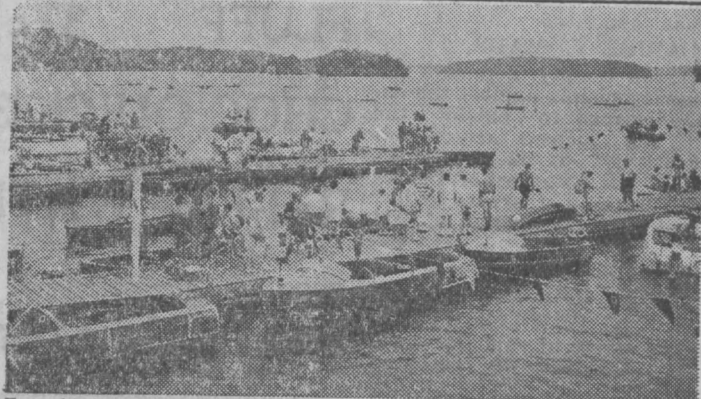

A Lesson for Faith

This answer still does not satisfy the unhappy prophet. How is it that a just and good God, to say nothing of his wisdom,—how is it he will use such a wicked nation as the Chaldeans to punish his own people? Space fails to tell all that Habakkuk learned in this time of crisis about the ways of God. One thing was that God is in control. He sets bounds to evil. Neither on this earth nor anywhere in his creation does God offer his throne to Satan. Nowhere does God relinquish control.

Another thing the prophet learns is that we have to look beneath the surface of things to see the truth. All things must be judged, not by what can be seen in a moment's glance, but by the long run. Habakkuk learns that God does not pay all his accounts in October, but God does pay. "The arrogant man shall not abide," as Hitler's ghost could tell you. He who would understand the ways of God must be a patient man of faith, for the man of faith, in contact with the mighty God, shall forever live.

Two thirds of Ontario boasts lakes and streams to thrill the vacationing outdoorsman. The exciting Muskoka Lakes Association regatta is shown here as spectators look on from the docks at Port Carling. The Muskoka Lakes area is also the site of an annual 15-mile Boatcade.

Ribbons of sleek, modern highway speed tourists from one Ontario vacation paradise to another. Here, a relaxed couple stop along Trans-Canada highway #17 near... before continuing on to the lovely wild lands to the north.

Speeding along the serene waters of Georgian Bay near Honey Harbor, Ontario, these vacationers look forward to a full day of fishing pleasure. Just around the bend, they'll meet a group of refreshed travellers completing a beautiful 5-hour sightseeing cruise of the lovely 30,000 island resort.

The Man's World

THE FIRST SHAVE

That first shave is an occasion to remember... Of course, the first thing he does is wash his face carefully, let it remain wet and apply shaving cream.

As Dad has learned, warm water does the softening job... shaving cream keeps water from evaporating, provides lubrication for smoother shaves. Creams containing anti-bacterial agents are especially useful for teenagers with skin problems.

Since no two people have the same skin and beard (youngsters usually have lighter whiskers and sensitive skin) an adjustable safety razor is important. Dialed to a low number, it gives less blade edge angle and a gentle first shave.

You and Your Car

Look Up And Save
When Grandpa bought his car, the popular song of the day was "Get Out and Get Under". Nowadays, and since milady has taken the wheel, crawling around underneath the family transportation is unthinkable. Too bad in a way, for although it saves on dry cleaning bills, trouble can occur under there that costs heavily if not detected in time.

Fortunately, even the most ardent do-it-yourselfer need not recline in the driveway for a worm's eye view of his car, because the next time the car needs a grease job, and it probably does right now, it can be thoroughly inspected from underneath while on the rack at a service station.

Whether the car is raised overhead or straddles a grease pit, the professional mechanic can take a quick, but penetrating look at the underside.

What will he find? It might be tiny holes in the muffler, caused by rust or punctures. Caught early these can be patched with heat-resistant Permatex sealant and made serviceable for many miles of additional driving. The same applies to the piping from the muffler forward to the engine and back to the tail pipe. A leaky exhaust system often causes noxious fumes and annoying growls which make a

While your car is on the rack, shock absorbers can be given one of their rare inspections. The leakage of fluid or a worn or damaged connection may be spotted. Replacement will give you a smoother, safer ride and make an older car seem young again.

The symptoms of more serious trouble below decks may be spotted if the brakes and tires are examined.

Tires should be studied with an eye for unevenly worn treads or bad scuffing. These are symptoms of unbalanced wheels or a misaligned "front end", and can result in costly replacement of tires or mechanical parts.

Equally important from a safety standpoint is a look-see at the brake system components. If the cylinders located near each wheel, or the master brake cylinder, are leaking fluid, braking power is dripping away and the brakes may fail without warning.

In any case, these determinations should be made by a professional. So, next time Old Betsy develops a chirp, have your mechanic take a good look around while he is wielding the grease gun.

Let's Go Fishin'

BY BOB BREWSTER

Outdoor Editor, Mercury Outboards

The time of the vernal equinox is past. Days are now longer than nights, and warmer, much warmer.

It is the time when contractors start thinking of building, housewives start thinking of house cleaning and fisherman start thinking of fishing.

And, oddly enough, some of us concentrate on a fish that has spent the winter in waters in which other fish cannot live. Not only can he live in stagnant waters, polluted waters, and shallow muddy waters, but he tops this bit of legerdemain by being able to survive for several hours completely out of water, with no ill effects.

I am speaking of the bullhead. This bosom pal of most fishermen, when in the bare feet and bent pin stage of their angling development, tends to be largely forgotten as they eventually pursue more "gamey" fish.

REWARDING

Which is a crying shame. Because a successful session of bullheading can be as rewarding an experience as there is in this phantasmagoria of fishing we call recreation. Not only is it fun to catch the big-headed little scappers, but also they provide tip-top table fare when dipped in beaten eggs, rolled in crushed cracker crumbs and fried in melted butter. Of course a block of soft pine would probably taste good when prepared like this!

Don't bother with small hooks and light lines when angling for bullheads. They don't care one way or another, and it's an odds-on bet more than one hook will be swallowed during an afternoon of fishing. Use large, strong hooks, cut the line when

one is swallowed, and remove the hook later when dressing out the fish. It's much simpler, and more humane.

Don't be ashamed to use a boat when bullheading. I like to hook a lightweight trolling motor, such as a Merc 110, on

the transom of my fishing craft, to push me out to the deep holes where bullheads congregate.

BIG BAIT

Then I knot on a leader of about 10-pound test, tie a medium-sized hook on to that and attach a one-ounce weight a foot or two above the hook. For bait I like to use night crawlers, draped loosely over and around the hook, or a thumbnail-size hunk of raw beef.

Most successful bullhead fishermen strike when the fish is tugging at the bait, not waiting for him to swallow it. It'll pay off in more bullheads, and more fun. You miss more strikes, but you catch more fish when using this method.

Which is why a person goes bullheading in the first place—to catch a lot of fish for a lot of good eating.

A Picnic Sandwich "Package"

A sandwich "package" that's full of the devil can be toted to your very next picnic easily and enticingly. Just fill a hollowed-out round loaf of unsliced rye bread with sandwiches made out of the "scoopings". The savory sandwich fillings are made with layers of spicy deviled ham, cheese, tomato and onion rings. The whole "package" is wrapped in protective paper and refrigerated—ready to tote, as is, or bundled in a gay-colored napkin.

Crisp, fresh vegetables such as scallions, or green pepper slices can garnish the package itself, or baby tomatoes, celery, olives, radishes and cucumbers can be carried along separately. You'll find the devilicious sandwich "package" a different and enticing way of producing sandwiches at the picnic ground.

DEVILICIOUS SANDWICH "PACKAGE"

- | | |
|---|----------------|
| 1 2-lb. loaf (round) unsliced rye bread | 6 slices onion |
| 2 4 1/2-oz. cans deviled ham | scallions |
| 12 slices Swiss cheese | carrot sticks |
| 12 slices tomato | celery |
| 6 slices tomato | cucumbers |

Cut out center of loaf leaving firm shell. Slice bread and make hearty sandwiches with layers of deviled ham, cheese, tomato, and onion rings. Place sandwiches in bread shell and garnish with fresh vegetables. Wrap in protective paper and refrigerate. Take to the picnic "as is"—sandwiches will stay very fresh. Serve with fresh vegetables. Makes 12 large sandwiches.

"Boys' Clubs Fight Crime and Communism"

by J. Edgar Hoover, FBI Director

Day after day reports come to my attention which spell out in increasingly tragic detail the disastrous course taken in the lives of our young people as they fall into the quagmire of crime.

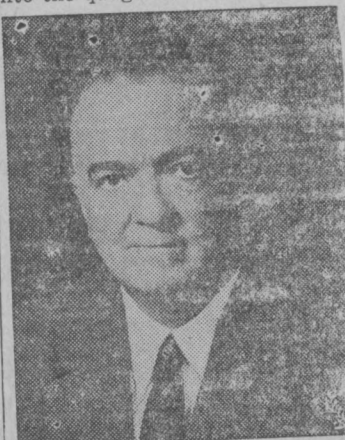

I am, however, also aware that since 1860, the Boys' Clubs of America has devoted countless hours and untold energy to the cause of a clean and decent youth—many times succeeding where family, church and school have failed.

It is, therefore, a source of great personal satisfaction to be associated with so splendid an organization.

The boundless enthusiasm, curiosity and desire to achieve which are so characteristic of youth must be properly channeled to bear fruit. Without good guidance, our young people are easy prey to the twin seductions of crime and communism.

We hear many justifiable pleas for the conservation of our country's natural resources. What greater resource has this Nation than its priceless youth?

For its magnificent record of over a century of outstanding

performance in behalf of our youth, I commend to your wholehearted support the Boys' Clubs of America.

In Our Time

THE KNOWLEDGE OF WHEAT CULTIVATION WAS BROUGHT TO THE AMERICAN CONTINENT BY COLUMBUS IN 1493... AT THAT TIME THE AMERICAN INDIANS WERE MAKING BREAD FROM INDIAN CORN (MAIZE).

BREAD AS WE KNOW IT WAS MAN'S FIRST MANUFACTURED FOOD... EARLY EGYPTIANS WERE MAKING IT FROM WHEAT!

IN 1937, WHEN MARGARET RUDKIN BAKED HER FIRST LOAF OF BREAD FROM AN OLD RECIPE, SHE FOUND THAT THE "OLD FASHIONED" INGREDIENTS SHE WANTED WERE NO LONGER COMMERCIALY AVAILABLE...

DETERMINED, SHE SEARCHED THEM OUT, GOING SO FAR AS TO GRIND HER OWN FLOUR IN A COFFEE GRINDER... SOON WORD OF THE DELICIOUS, NUTRITIONAL "MAGGIE'S BREAD" SPREAD THROUGHOUT THE COUNTRYSIDE...

1962 IS THE SILVER ANNIVERSARY OF THE BAKING INDUSTRY SHE CREATED. IN 25 YEARS PEPPERIDGE FARM HAS EXPANDED TO PLANTS IN 4 STATES... BAKING BREAD, ROLLS, COOKIES, STUFFING, AND FROZEN CAKES AND PASTRIES.
