

## COMMUNITY LOCALS

This column is not for use in advertising any money-making program, fair, supper, party or sale. It is intended for news, personals, and such matters as may be of community interest.

Churches, Lodges, Societies, Schools, etc., are requested to use our Special Notice Department for money-making events.

Churches are especially given free use of our Church Notice Column, for brief notices concerning regular or special services. Larger events will be cared for elsewhere in our columns.

Maurice Angell, near town, was taken to the Frederick City Hospital, on Wednesday for observation and treatment.

Mrs. Charles R. Arnold is spending several days this week with her mother, Mrs. Bernard Dilley and family, at Frostburg, Md.

Private Elwood Nusbaum, of Savannah Air Base, Savannah, Georgia, is enjoying a leave with his parents, Mr. and Mrs. D. Sterling Nusbaum.

All Luther Leaguers interested in going to the Carroll District banquet at Manchester, Friday, May 8, will come to the church at 6:30 P. M.

Mrs. William P. Adams is spending some time with her daughter, Mrs. Ethel Hollister, at the parsonage of the Reformed Church.

A card was received, lately, from Harman Albough. Harman is stationed at Fort Jackson, South Carolina, is in good spirits, and sends his regards to all.

Mr. and Mrs. Mark Wildasin, Miss Gladys Wildasin and Miss Small, of Hanover, Pa., visited Mr. and Mrs. Jacob D. Null and Mr. and Mrs. Hubert Null and family, on Sunday.

Mrs. Jesse F. Stonesifer, of near Frizzellburg, spent Friday and Saturday with Mr. and Mrs. Charles L. Stonesifer and Mr. and Mrs. Roy Carbaugh.

Mr. and Mrs. Kenneth Koutz have moved from their former home to an apartment in the Mr. and Mrs. Arthur Angell property, East Baltimore Street.

Harvey Ruth and family have moved from the Mrs. A. J. Baumgardner property on East Baltimore Street, to one of the Dr. R. F. Wells apartments on York Street.

The Mrs. Annie Koutz property, on the corner of Baltimore Street and Mill Avenue, was sold at public sale last Saturday afternoon to Howard Hysler for the sum of \$5210.

A special Mother's Day Service will be held in the Lutheran Church, May 10, 1942, at 7:30 P. M. Rev. Roland Ringle will be guest speaker. The male chorus will sing.

Yarn to knit sleeveless sweaters for men in the service has been received by the local Red Cross. Please help with the work. Amelia H. Annan.

Mrs. Blanche Callahan with her son and daughter, Fred and Dorothy and Miss Claire Doolittle, of Haddon Heights, New Jersey, spent Saturday and Sunday with Mr. and Mrs. Ernest Bankard.

The smell of burning rubber still permeates the air in Taneytown, reminding us of the tremendous loss to our community as well as to the Blue Ridge Rubber Company in its recent fire.

Lyle Smith, associated with the local Southern State Cooperation was transferred to the Towson branch. Mr. Smith left on Monday for his new duties. Mrs. Smith and two small children will continue to live in their home on East Baltimore Street.

Governor O'Connor has asked everyone, in a proclamation, to reduce the speed limit to 40 miles per hour in order to conserve tires, gas and oil. How fast do you drive? How many times do you find it absolutely necessary to drive over 40 miles per hour?

A new type "black-out" was experienced Tuesday evening for about an hour. The electricity failed due to an accident at Middleburg which knocked over a pole that supported a power line. This short time without electricity demonstrated how almost utterly helpless we would be without this important "juice."

We received a report from Rationing Board No. 8 with the sugar trade registration for Carroll County as follows: 154 Retailers and Wholesalers applications filed; 196 Institutional and Industrial users Applications filed; 366 Sugar Purchase Certificates issued.

Ralph Davidson, who has about fifty feet of technicolor films of the fire at the Blue Ridge Rubber Plant, put on an exhibition show for the public in front of his restaurant one evening this week. The picture is very good, showing everything that one could actually see at the scene of the fire, the only thing missing, being the intense heat that was present when the picture was made.

Warren S. Koutz, son of Mr. and Mrs. Wilbur L. Koutz, of Baltimore, was a member of Class V-7 Midshipmen commissioned as ensigns in the Naval Reserve at the United States Naval Academy on May 5, and will go on active duty in a few days. Ensign Koutz was graduated from the University of Alabama in 1940 and from Chemistry of Powder and Explosives, a Defense Course held at the same institution in 1941. He is the son of a former principal of the Taneytown High School.

(Continued on Fourth Page)

## THE CITY COUNCIL

### Designates May 12th as Clean-Up Day.

The City Council of Taneytown met in regular monthly session Monday, May 4, 1942, with every member of the Board present.

The official report of the election officials was received. Norville P. Shoemaker was re-elected to the office of Mayor and Pius L. Hemler and Clarence W. J. Ohler were re-elected as City Councilmen.

Some progress is being made regarding the garbage disposal. One of the problems facing the City of Taneytown is the place of disposal of garbage after collection has been made.

In Mayor Shoemaker's report to the Council was the completion of the planting of trees at the City's Water Plant. These trees will form an ideal water shed that is typical of all first-city water plants.

The Council noted the great fire at the plant of the Blue Ridge Rubber Company and were especially appreciative of the cooperation of the Taneytown Volunteer Fire Company, assisted by neighboring Companies and the citizens of Taneytown in helping to keep the fire confined to the one property, thereby saving a probable loss to other residences in that section of town and extended to all the firemen and others that assisted their sincere thanks for their help.

Clean-up Day was designated May 12, 1942. Arrangements were made to have trucks collect all rubbish over town on this date.

A fine letter was received from Mr. Robert A. Stott. The contents of the letter showed that Mr. Stott, a former citizen of Taneytown, still has the interest of Taneytown at heart, expressing his thanks for the fine work done by the fire department and the City Council in saving his home and other surrounding properties. This letter was much appreciated by the City Council.

## THE LADIES' AID MEET

The Ladies' Aid Society of Grace Reformed Church met in regular session on Wednesday evening, May 6.

The program of the evening was dedicated to the "Honor of Mothers." The meeting opened with singing "Welcome Mothers," followed by Scripture reading Proverbs 31:10-31 by Mrs. Ethel Hollister and prayer by Mrs. Elmer Crebs. After singing "Faith of our Mothers," a short business session was held. The Society voted to contribute \$5.00 to the service men's kits.

Miss Ruth Stambaugh and Mrs. Wm. Simpson arranged the following program. Vocal solo, "Mother, Mother," Hazel Sies and Louise Foreman; Solo, "Fair Frock; Instrumental solo, Treva Brower; Reading, "Mother Jimmy," Caroline Shriner; Solo, "Mother," Mrs. Leonard Reifsnider; Tri, "Drink to me Only with Thine Eyes," Misses Hazel Sies, Treva Brower and Louise Foreman; Reading, "Famous Mothers," Miss Ruth Stambaugh.

This was followed with a very pleasing and interesting talk by Mrs. Ethel Welker on the subject, "Mothers." She left with us beautiful thoughts of "Biblical Mothers" their influence thru the ages. She stressed the important place the "Mothers" of 1942 should hold in our present crisis.

The meeting closed with singing, "To My Dear Mother" and repeating the Lord's Prayer in unison.

## Gasoline Rationing Next Week.

Gasoline Rationing Cards to owners of automobiles, trucks, motorcycles and outboard motors boats will be given out next week, May 12, 13 and 14.

The hours will be 6 P. M. to 9 P. M., on May 12, 6 P. M. to 9 P. M. on May 13 and 2 P. M. to 9 P. M. on May 14th.

The local registration will be held in Taneytown High School and the Harney school. Persons applying for these cards should be prepared to give their approximate gallons per day for business use and should have their Motor Registration card in their possession when applying for this registration.

## BOY FATALLY INJURED

By a collision of his bicycle with a truck in Union Bridge, Monday afternoon about 2 o'clock, Harold Leroy Fox, 13 years of age, received injuries which resulted in his death about two hours later at the Frederick Hospital.

A son of Howard and Dorothy Myers Fox, the youth was enroute from Elmer Wolfe School, in Union Bridge, where he was a sixth grade pupil, when his bicycle collided with the truck operated by C. C. Castle, of Woodsboro, at a street intersection near the fire hall.

Rushed to the hospital in the Wright ambulance, the boy was treated at the hospital for numerous abrasions and lacerations.

He was a member of the Church of the Brethren and of Troop 33 of the Boy Scouts of Union Bridge.

State Trooper W. W. Corbin made an investigation of the accident and released Castle pending completion of his investigation.

The Navy is giving the Schick test for diphtheria susceptibility to 1,000 men in each of three Naval Training Stations.

## TRIBUTES PAID TO PRESTON B. ENGLAR

### Editors, Officials and Friends Join to Praise Him.

We feel that simple fairness to a worthy man requires us to give our readers a view of some of the things being said about our late Editor, Preston B. Englar. We are permitted to quote from personal letters to Mrs. Englar and the family.

Governor O'Connor says, among other things:

"His nearly fifty years as head of The Carroll Record had endeared him to not only the citizens of the community, but to other members of the fraternity of the Fourth Estate, and his long and faithful record for the betterment of his town and county, is in itself a monument to his memory."

Senator Tydings wrote: "I was distressed to learn from the press of the passing of your good husband. I considered him a good friend and was always happy to be in his company."

Congressman William P. Cole, Jr., sent his message: "I was distressed to read in today's Baltimore Sun of the death of your distinguished husband. But for the fact that I am at present in Union Memorial Hospital, recuperating from a recent illness, I would by all means attend the funeral exercises on Friday, May 1st. The services your late husband rendered everyone in his community and the many favors he granted will long be remembered by his numerous acquaintances, and I want you to know we shall all miss him."

Mayor Howard W. Jackson, of Baltimore sent a message of sympathy.

"Space will not allow us to reprint the fine editorials written by such close newspaper friends as H. Peyton Gorsuch, Oliver J. Stonesifer and others. Reference has been made to these on the editorial page."

We do quote, however, a paragraph from the pen of Folger McKinsey, The Bentztown Bard:

"The entire newspaper profession in Maryland was grieved last week to learn of the death at Taneytown, Md., of Preston B. Englar, for many years the beloved editor of The Carroll Record, of that place, a paper which he established nearly forty years ago and had managed with such skill and efficiency as to win the admiration of all lovers of good newspapers. He was a man of attractive personality, of original ideas, of high public spirit and who had devoted himself unselfishly through the years in bringing Taneytown up to the front rank of progressive Maryland communities."

Plainfield, N. J., May 2, 1942

Editor Englar was typical of the men who serve their community with a lifetime of devotion to duty, striving always to uphold the right, and was faithful to his trust to the last, and always happiest that way.

Always modest and unassuming, he waived away any credit for his splendid leadership and undying words of wisdom. Yet he was generous in his praise of others who had done so little.

One of his last acts in office was to write me how much he liked my work, telling me how so many enjoyed my articles.

As an editor he had real talent and gave so much to his town and his paper that he will be sadly missed.

"Well done, thou good and faithful servant."

GEORGE EDWARD WALTZ.

## RED CROSS DRIVE REPORTED

The following letter was received at our office for publication, giving a good report for Carroll County in Red Cross work:

"Herbert Phillips, Treasurer of the Carroll County Chapter of the American Red Cross, advises me that the funds collected on the War Relief Drive amounted to \$7,975.00. Our quota was \$10,000.00.

The War Relief Drive followed immediately after the 1941 Roll Call. The quota for the Roll Call was \$3500 and the county went over the top in collecting for the roll call.

I feel that Carroll County has made an excellent showing in its contributions to the Red Cross Drives."

DAVID H. TAYLOR, Chairman Carroll Co. Chapter.

## HOMEMAKERS' CLUB MEETS

The May meeting of the Taneytown Homemakers' Club was held Thursday afternoon, May 7, at the home of the president, Mrs. Walter Bower.

In place of the opening song the members enjoyed a record by Mabel Garrison, one of Maryland's foremost singers.

Our need of the important vitamins A and B was explained by Miss Hoffman, Home Demonstration Agent, through an experiment which she is conducting with rats.

During the demonstration "new ideas in clothing construction," Miss Hoffman showed an easy but correct way to make a dress.

Delicious refreshments were served by the hostess after which the members exchanged flowers.

The meeting adjourned to meet the first Thursday in June.

## WILLIAM P. COLE, JR.

### Nominated to Bench of U. S. Customs Court.

William P. Cole, Jr., has been nominated by President Roosevelt for appointment to the United States Customs Court.

The Customs Court sits in New York and has jurisdiction over questions arising pertaining to imports. The salary is \$10,000 per year and the appointment is for life.

The nomination is to be confirmed by the Senate, but this is said to be only a formality.

It is not known whether or not Mr. Cole will resign his post as Congressman as soon as the the appointment is confirmed, or whether he will wait until he recovers from an illness he is now suffering. At present he is in the Union Memorial Hospital and is said to be convalescing.

In the event that Mr. Cole waits until he has recovered from the present illness, it is pointed out that there will be no need for the calling of a special election to fill the post, since the election for the office will take place in the fall of this year anyway.

Mr. Cole is extremely popular in the Second Congressional District, and if the promotion to the Judgeship had not been bestowed upon him, he would have been a candidate for his eighth term in Congress as Representative of the District.

The elevating of Mr. Cole to a judgeship has already stirred the political bees to buzzing. There is a liberal number of men in the district who would be glad to go to Congress.

## CLEAN PREMISES WOULD HELP CHEAT FIRE BOMBS

While all of us hope that our homes will not be fired by incendiary bombs from enemy airplanes, it is wise to practice a few simple precautions that will help control any such fires, according to suggestions made today by John B. Gontum, Insurance Commissioner of Maryland.

"The most important thing to remember," he said, "is to avoid keeping unnecessary materials that may provide fuel for fire. This is particularly true of attics, which would be the most likely part of a house to be penetrated by an incendiary bomb."

"We keep Aunt Mary's graduation dress, father's first long pants, baby's first shoes and many other such things in old trunks, or even loose, in attics."

"Many of us also have stacks of old magazines in our attics—magazines that we'll never look at again. Why not sell them? Or, if they are fairly recent numbers, send them to the recreation centers set up for the armed forces. We should take spare clothes out of the attic and hang them in closets. Discarded lamp shades, picture frames and all other combustibles should be cleared away. The attic that is entirely bare of such things is the one that cheats the fire bomb. Cleanliness and orderliness should prevail throughout the house."

"People in inland cities might think such precautions are not necessary, but cluttered attics are breeding grounds for fires under normal conditions. Sparks from faulty chimneys can start a fire just as readily as an incendiary bomb. Every one in every household should observe these 'ten commandments' of fire prevention:

"Keep chimneys, stoves and furnaces clean, and in good repair. Never force a heating plant. Call a heating expert."

"Empty ashes into metal containers, never wooden ones. Keep rags and mops that contain oil or paint stains in covered metal containers."

"Guard against accumulations of rubbish anywhere, especially in attic or basement."

"Be sure cigarette and cigar stumps and pipe ashes are entirely out before disposing of them."

"Always disconnect non-automatic electrical appliances when you leave them, if only for a minute."

"Use only electrical equipment listed as approved by Underwriters' Laboratories, Inc."

"Never, under any circumstances, use such inflammable liquids as gasoline, naphtha or benzene for cleaning purposes."

"Keep matches out of the reach of small children."

"Make sure all gas connections are rigid and tight. Don't use rubber or other flexible tubing."

"Place an iron screen with a fine mesh in front of the fireplace—always."

## AGAINST FARM QUOTAS

In the so-called referendum on farm quotas and penalties last Saturday, Carroll County voted against them almost 7 to 3. But it does not amount to anything as the vote at large was in favor.

The trouble is that farmers generally are so disgusted with the whole business that they do not even take time to vote.

In the whole country about one million farmers were eligible to vote, but only one-third of them actually voted. Thus a very small percentage of farmers, some of them in government employ, can foist the scheme on all.

Adams county and York county in Pennsylvania voted against the scheme in about the same proportion as Carroll County.

A good deed is never lost. He who sows courtesy reaps friendship, and he who plants kindness gathers love. Pleasure bestowed upon a grateful mind was never sterile, but generally begets reward—Basil.

## BOARD OF EDUCATION MONTHLY MEETING

### Teachers will Issue Gas Ration Cards May 12, 13 and 14.

The Board of Education met in regular session on Tuesday, May 5. All the members were present. Since this was the annual reorganization meeting, Mr. Roy Knouse was elected president and Dr. E. C. Bixler, vice-president.

D. Eugene Walsh was appointed attorney for the Board and C. R. Aldridge reappointed insurance supervisor. Roland Haifley was reappointed as utility man.

Coal contracts were let and the superintendent instructed to place orders with successful bidders. The price averaged fifty cents per ton over that of last year.

Martha Twigg was appointed as an elementary teacher for 1942-43.

Because of the need for more working space for the staff of the Board of Education, Mr. Baker and the superintendent were appointed as a committee to consider this problem.

The superintendent read letters from the office of the War Production Board which stated that the use of critical materials for the construction of the Mechanicsville school should not be approved at this time.

The Board approved the bid of the A. C. Horn Co. of \$502.00 for water-proofing the Winfield school.

The superintendent was authorized to advertise in all county papers the date and place of holding examinations for the senatorial scholarships.

The superintendent was authorized to use the schools for issuance of gasoline cards on May 12, 13 and 14. The meeting adjourned at 11:30.

## Taneytown Student is Honor Graduate

David W. Shaum, son of Mr. and Mrs. Francis E. Shaum, was graduated from Mount Saint Mary's College, Emmitsburg, on Sunday afternoon. Mr. Shaum received the Bachelor of Arts degree, "Summa cum laude," (with highest honors) and was awarded the Bishop Allen Memorial prize, the gift of the Right Rev. Dr. James H. Casey, Class of 1889, Brooklyn, New York, in honor of the late Most Rev. Edward P. Allen, Class of 1878, for the highest scholastic average maintained throughout the four years of the college course.

He also received honorable mention for very close competition for the Dean's prize for the highest scholastic average maintained throughout the Latin Philosophy course. David W. Shaum was also elected a member of the Delta Epsilon Sigma National Catholic Scholastic Honor Society and receives a medal thereby; also a member of the Monsignor Tierney Honor Society of Mount Saint Mary's College from which he receives the key to the society. In addition to the regular college course, Mr. Shaum was a member of the staff of "The Mountain Echo," a student publication, and participated in musical activities of the school.

## MARRIAGE LICENSES

John D. Krug and Frances M. Thoman, Hanover, Pa.  
Paul A. Strausbaugh and Mary L. Miller, Spring Grove, Pa.  
Carl R. Hetrick and Janet Hershey York, Pa.  
Harry C. Longcor and Sadie B. Carr, Westown, N. Y.  
Gordon S. Davis and Myra V. Porter, Mt. Airy, Md.  
Earl F. Crisp and Madeline E. Ridgely, Baltimore, Md.  
DeFord D. Chase and Frances Foeman, Westminster, Md.  
Edward H. Gastley and Gladys I. Shutz, Gettysburg, Pa.  
Frank G. Bower and Agnes M. Ridinger, Pottsville, Pa.  
Harold T. Pickett and Mary R. Stephan, New Windsor, Md.  
Wayne W. Reid and Betty R. Lauchman, Hanover, Pa.  
Edwin H. Kensing and Anna Ulrich, Altoona, Pa.  
Leander R. Miller and Leona K. Beck, York, Pa.  
Robert B. Dundore and Evelyn L. Briggs, York, Pa.  
William J. Dubs and Helen M. Hengst, New Freedom, Pa.  
Wilbur D. Larrick and Virginia M. Holiday, White Hall, Md.  
Charles D. Wagner and Delores D. Schuchart, Hanover, Pa.

## COUNTY PASTOR MOVES

Rev. Robert E. Carl, Greenmount, pastor of Calvary Lutheran Church, consisting of Snydersburg, Alesia and Beckleysville, the latter place being in Baltimore county, recently announced his resignation, which is to take effect May 18, in order that he may accept a call to Stewartsville, N. J.

Rev. Mr. Carl has been pastor of the Calvary Church seven years, having come direct from the Seminary, at Gettysburg, where he graduated in 1935, with the degree of B. D. He has since received the degree of S. T. M. from the Seminary. He has been active in the general religious work of the county, having been for two years president of the Carroll County Ministerial Union, from which position he retired last fall. He was for three years treasurer of the Middle Conference of the Maryland Synod, and has been the Synod's special representative on rural work.

## OPPOSES WASTE.

### Citizens makes claim in Washington.

Five hundred aroused taxpayers from all over Maryland went to Washington Tuesday and told their assembled Senators and Congressmen that they must cut down on non-essential Federal spending to help win the war.

They presented a huge petition entitled "Victory First—Billions for Defense, not one cent for Waste," which bore the signature of leading citizens in every corner of the State, directing the Maryland Congressmen and Senators to get behind Senator Harry F. Byrd's Congressional Committee in its aims to cut out 2 billion dollars of non-essential spending and turn that money over to the war effort.

Senator Tydings made arrangements to have the Maryland Senators and Congressmen assembled to meet the taxpayers in the Caucus Room of the Senate Office Building. Here at 3 P. M. they all were present except William P. Cole, who was confined to his home on account of illness.

Samuel H. Shriver of the Taxpayers' League of Baltimore County, acting as chairman, presented 12 spokesmen who did not mince words in telling the legislators what they thought of WPA, CCC, FSA and the NYA. The meeting lasted for almost two hours during every minute of which the taxpayers pounded away at non-essential Federal spending.

Mrs. William L. Rawls, prominent civic leader, showed the Congressional delegation that according to a study made by the Brookings Institution that 2 Billion dollars are being spent yearly on non-essentials by Washington which could and should be diverted to the war effort.

The other speakers, including some of the best known people in Maryland presented similar arguments, all urging the Senators and Representatives to support Senator Byrd's committee.

## COUNTY MINISTERS MEETING

The monthly meeting of the Carroll County Ministerial Association was held at the Westminster Seminary, on Monday morning, Rev. George A. Early, presided. There was an attendance of fifteen ministers, one layman and two ladies.

The principal business was a panel discussion of Sabbath Keeping, conducted by Rev. Dr. John S. Hollenbach. Leaders of the discussion were: Revs. Robert E. Carl, Arthur W. Garvin, Chas. S. Owen, W. A. Ledford and S. Earl Mitchell. The discussion was intensely interesting, every person present participating. It covered many phases of Sabbath Observance.

On the specific subject of Sunday moving pictures, the following action was taken:

"Resolved, That we are unequivocally opposed to opening the moving picture theatres on Sunday in any part of the county; and that we pledge ourselves to active service in maintaining this position."

Expressions of regret and best wishes were adopted and given to Rev. Robert E. Carl, of Greenmount, who is moving away to accept a charge at Stewartsville, N. J., and Rev. M. L. Fearnow, of Union Bridge, who will retire and live in Washington, D. C.

The next meeting will be held Sept. 14, when officers will be elected.

The Medical Department of the Navy includes doctors, dentists, pharmacists, women nurses and hospital corpsmen.

The Navy's women nurses are not allowed in combat zones but are replaced by male nurses trained by them.

## Random Thoughts

(This is a reprint of an article formerly published. Owing to the popularity of these Random Thoughts we will for a time reproduce others of the same type.)

## IMPORTANT DISTINCTIONS

A large percentage of intelligent men, property owners, taxpayers, manufacturers, business men, and men who have made a careful study and practice of finance, speak of a time coming when the present trend of legislation involving immense spending, will be overruled by the people.

This may be true, but one must not forget that "the classes first mentioned are not as potent a power as the majority of voters. We are apt to idealize the one, and underestimate the quality of the other, without taking a definite inventory of just what classes make up either side.

Whether the majority of voters will eventually combine against governmental spending, is the real question. Men do not now so much vote as they pray—if they do "pray"—as they vote as it "pays" best. There is a similarity in appearance and sound between pray and pray, but there the similarity ends.

We may yet reach the conclusion that we have too much freedom—freedom in the use of the ballot—because the ballot is being used far differently from its earliest purposes. Whether it is "good for 'the people' to rule, depends on the quality of the people.

P. B. E.

## THE CARROLL RECORD

(NON-PARTISAN)

Member Md. Press Association.

Published every Friday, at Taneytown, Md., by The Carroll Record Company.

### BOARD OF DIRECTORS.

GEO. A. ARNOLD, President.  
REV. L. B. HAFER, Vice-President.  
W. F. BRICKER, Sec. M. ROSS FAIR  
CLYDE L. HESSON  
C. L. STONESIFER, Bus. Mgr. & Treas.  
P. B. ENGLAR, Editor.

General subscription rate \$1.00 a year; 6 months, 50c; 3 months 30c. Subscriptions to 8th Zone, Pacific Coast, \$1.50; to Canada, \$2.00. Advance payment is desired in all cases.

ADVERTISING rates will be given on application, after the character of the business has been definitely stated together with information as to space, position, and length of contract. The publisher reserves the privilege of declining all offers for space.

The label on paper contains date to which the subscription has been paid. Entered as Second Class matter in the Postoffice at Taneytown, Md., under the Act of March 3, 1879.

All advertisements for 2nd, 3th, 6th, and 7th. Pages must be in our Office by Tuesday morning of each week; otherwise, insertion cannot be guaranteed until the following week.

All articles on this page are either original or properly credited. This has always been a fixed rule with this Office.

The publication in The Record of clipped or signed editorials does not necessarily mean that such editorials are endorsed by The Record. In many instances they are published in order to show varying opinions on public topics.

FRIDAY, MAY 8, 1942

### APPRECIATION

We speak for The Carroll Record, and we know that we express the feelings of the members of the Englar family, when we acknowledge our appreciation of the letters received on account of the death of our highly esteemed and beloved editor, Preston B. Englar.

We are sure that these are not mere formal acts of courtesy, but that they express a warmth and depth of friendship that has developed through long years of association. Mr. Englar had enough business shrewdness to understand when he found a business firm with which he could deal to the advantage of both buyer and seller—where he could obtain goods of quality at fair prices, and the continuation of business transactions over a long period of years caused the ties to become more than matters of cold business.

But we particularly appreciate the editorial expressions of his neighbors and others in the newspaper field. There are those with whom he was associated for a long period of time, who had the same tasks to perform and the same problems to meet. Between him and them there was a sense of kinship. Thank you friends, Mr. Englar can not read the items referred to, but we can, and we do not fail, and will not fail, to remember. "Kind words can never die."

Speaking for ourselves, we count Mr. Englar worthy of all that has been said in commendation. He was a self-made, self-educated man, but he far surpassed many who carry diplomas, or who have started out with large bank accounts. Such courage, high purpose, zeal and character as were combined in him, could not fail to win.

L. B. H.

### NO MORE WAR

"And he shall judge among the Nations, and shall rebuke many people; and they shall beat their swords into plowshares, and their spears into pruning-hooks; nation shall not lift up sword against nation, neither shall they learn war any more." Isaiah 2-4.

It is quite clear that Isaiah in the chapter from which quotation is taken, clearly predicted the end of wars, BUT he did not say how this desired condition was to be brought about.

Doubtless a vast majority of preachers, religious teachers, and Bible students believe it will be brought about by the regenerating of the human heart. It would be mighty nice if refinement and intelligence and culture could be brought to the point where all wars could cease, and all distinctions of race and color and creed could be merged into the common good where all men would be equal.

I fear I can neither believe nor accept such utopian idea, much as I might hope that it would come to pass.

I am rather inclined to believe that man's inventive genius will carry him so far in the creation of destructive implements that he will realize after painful trial that to survive he must ultimately out-law war. We approach that period now. Barlow, of Baltimore with his GI-mite thought he had solved the problem and tried his invention out on a lot of tethered goats, but his explosions failed to get even a bleat out of them. Dr. Neir, of the University of Minnesota in 1940 startled the work by his discovery of the explosive potency of U-235. This U-235 is different from ordinary Uranium, but Prof. Nier claims he has the secret of its separation, and that when set in motion one atom explodes another and the process continues indefinitely. This substance is so powerful that one ounce exploded would give a blast equal to a thousand tons of TNT. Dropped in one pound bombs in each city the explosions would wipe out civilization. What the future holds

in store for humanity no one exactly knows. Wars with atoms is no longer a paper dream. U-235 is only the first lap in the race.

Churchill is said to possess the secret of this power and is holding it in leash until Hitler dares to turn loose some destructive agent of his own, then Churchill will act and blast Germany from off the map of Europe. From reports published in the Winnipeg Free Press Magazine (Canada) February 1942, this statement was taken: "One of the new super bombs was dropped on the (German) dock area. Pilots reported numerous explosions. A solid eruption of flame spread five hundred yards in every direction." Germany is said to have publicized this and warned the people to take cover whenever the sound of air warning was given. Churchill's explosive is doubtless some kind of atomic disintegration. Thirty odd years ago while I was a student at Johns Hopkins University, Department of Chemistry, the late Sir Archibald Ramsey paid us a visit and addressed our class, and in the course of the address said: Gentlemen, there is energy enough in a thimble full of sand to blow the largest battleship over the highest mountain. Doubtless, were he alive today he would revise the figures downward and assert that a single gram of the substance would destroy the largest sky-scraper.

Taking all these things into account I am inclined to the opinion that peace will be brought about not by persuasion, but by the very destructive agencies that man creates. He will hold the secret of such power that once released it will destroy not only the enemy but the one using it. Great moral forces can and will do marvelous things for the betterment of humanity but they will never, by moral suasion, be able to stop wars. Wars will cease when they become so destructive that man dare not unleash the forces he controls. It looks like that point is being reached now. This present devastating war will either go so far as to see the end of war or else it will stop with enemies in possession of secrets which they will develop which, released in the next war, will wipe out humanity. When that day arrives there will be "no more war."

W. J. H.

### IS HITLER NERVOUS?

It must be most encouraging to the allied nations to note signs of nervousness and fear in Adolph Hitler. He returned to Berlin from his Russian front recently to tell the Reichstag production is not high enough, and that the Russian war may not be finished this year. For the first time in his dictatorial career he asked permission of the law-making body to take stern measures.

It must be remembered, of course, that the Reichstag is a mere puppet body, and its members had no choice as to how they should vote; but the mere fact that he felt he must ask indicates that he is coming to a point where he must respect the opinions of others, rather than to try to run the whole show himself.

But the startling thing about it is that he said, "I beg of the German Reichstag explicit confirmation that I am legally to hold anyone to his duties, or to sentence or cashier anyone who in my conscientious opinion does not fulfill his duties." This he said with a shout, and there was nothing left to the members but to sanction it.

That is absolute monarchy in its worst form. No one but a brute would make such a demand of intelligent men, and if men with the freedom of choice would sanction it, they would not deserve to live.

It is a sad commentary on the civilization of the day, that the trend of the times is in that direction. Even in our own land there are regulations and orders being issued that are little more respectable. Under the plea of emergency, anything is being allowed. We will win a quicker victory and a surer peace if we will hold fast to the fundamentals of liberty under which our nation grew to strength and power.

L. B. H.

### BOYS STILL LEAVE THE FARM

In 1917 the boys began to leave the farm to go into the world war. When they got back home they kept right on leaving the farm for a lot of reasons—including getting closer to the movies, closer to jobs driving trucks and automobiles; closer to work and higher wages in the cities. But the boys found that higher wages were offset by higher costs of living and so a great many of them returned to the farms.

But another cycle has overtaken the farm, since the latest official statistics show that 97 thousand fewer workers were employed on the farms of the United States this month than at the same time last year. The Department of Agriculture also finds that farm wages have increased 28% during the year. The Department said that the decrease in employment is attributed principally to the delay in spring planting as a result of un-

favorable weather. Nevertheless, farmers appear to be raising more this year than last. Connecticut and Oregon were the first states to call women for farm service.

On 41,000 farms in South Atlantic and North Central Pacific Coast States women already account for 18% of the total workers as compared with only 1½% a year ago. This indicates that approximately 1,250,000 women are now working on American farms—National Industries News Service.

### GONE BUT NOT FORGOT

(A tribute to the memory of my old and lifelong friend P. B. Englar, Editor Carroll Record, Taneytown, Md.)  
My friend has gone, but will not be forgot,  
Out into the unknown is now his lot.  
A great soul in the distant past  
Encased itself within his body—stayed  
ed till last  
And when the Fates with shears in hand  
His thread of life did sever, he did stand  
Well poised for the great flight  
That Souls must take who enter darkest night.

The Soul he bore for four score years,  
To him it came Incarnate—free from fear,  
Will onward move, and find a place  
In a new form, its future course to trace,  
How fortunate that unborn child will be  
Who born at instant of his parting  
Will take upon itself that life  
Set free from care and earthly strife.

Do Souls that fly to unknown bourne  
Return to earth which they left so forlorn?  
None yet has e'er appeared to say  
That he had returned e'en for a day,  
So there is scarce a hope that we  
Again on earth shall see his soul again,  
Until we too attain Incarnate state,  
To be united and our past relate.  
So farewell Friend, until we meet again  
In realms unknown to mortal man.

W. J. H. 4-30-42.

### NEWS RELEASES WASTEFUL

The American Newspaper Publishers Association has condemned the Government practice of asking the general public and publishers to avoid waste of paper and at the same time using tons of paper itself in the ever increasing volume of news "hand-outs" that generally end in editorial wastebaskets. At their recent meeting in New York City, publishers bitterly opposed the increased amount of needless news releases which continue to emanate from scores of Government bureaus despite the necessity for wartime economy.

The members of the ANPA were emphatic in their expression of loyalty to the Government and their willingness to make any sacrifice to help win the war, but they felt it was not aiding in the conservation of paper, nor the upbuilding of public morale, to be deluged with releases telling about pingpong being made the most popular game in the camps, or that Superman's rejection by the army stunned the soldiers at Camp Edwards or that the United States Marines consume three times as much coffee as civilians.

The publishers advocated, as the most intelligent approach to the subject, the use of paid advertising by the Government, the copy for the advertisements to be prepared by advertising agencies that are expert in this field—Scottish Rite News Bureau.

### LET ALL KEEP FAITH!

The Commercial Appeal does not permit anyone who is not a member of the staff to write its editorials. There are many reasons for this rule, reasons too numerous to recount here. Today we suspend the rule to present as an editorial a letter from a member of the Arkansas Bar who served with the United States forces in the first World War. Any effort to interpolate or embellish would only serve to detract from the elements of sheer forcefulness that make it a document every thinking citizen of these United States should read and ponder. The letter follows:

"To The Commercial Appeal:  
"My only son was born while I was in France during the first World War. Today he is a member of the United States Marine Corps. He sailed from California the first of January, and we have heard nothing from him since. We know he is somewhere in the Pacific. We are anxious about him. Thousands of other parents are like us.

"The President says we do not have enough ships to send supplies to our troops, and that we must build ships in a hurry. Even as he spoke several hundred shipbuilders refused to work on Washington's Birthday because they were not paid double time.

"How can fathers and mothers of boys who are in the danger zone and who are being called upon to sacrifice their lives feel any 'surge' of unity when the President and the Congress permit a bunch of shipbuilders and munitions workers to quit when they get good and ready?

"Do our boys at the front get 'over-time' and 'double time' in the fox holes of the Philippines? Do our

sons who are giving their lives to protect the jobs of these and others like them quit on holidays? Like hell they do!

"One of my friends, who is a good mechanic, with a family to support, went to get a job in a munitions plant. Every day we hear on the radio and read in the newspapers that such men are needed to turn out munitions for our soldiers, sailors and marines. But this man was refused a job until he could get a union card. He could not get a union card because he did not have enough money to buy one.

"Is it the idea of our Government that it is more important to preserve labor unions than it is to preserve the American Union? Why can't a free-born American citizen get a job in a plant where the Government needs workers without having to pay tribute to a high-powered labor leader?

"If our sons are to be drafted to give their lives for their country, why should not Labor and Capital be drafted to supply them with munitions of war? Why should Congress, which has the power to make laws, be so tender of the regard for laborers and management who work and prosper in safety while having an utter disregard for the lives of the boys at the front?

"We don't like it, and we don't mind saying so right out loud. Maybe it is time we were electing some Senators and Congressmen who will crack down and compel Capital and Labor to get into this war. And, come to think of it, this is election year, and we might as well get busy while we have the time and opportunity.—John C. Sheffield, in the Commercial Appeal, Memphis, Tenn., Feb. 28, 1942

### HIGH COST OF LIVING

Washington, D. C., May—No one need be told the price of living has increased as a result of the war. The Government assures the country that "it is the immediate purpose" to keep the cost of living down to the present levels, and thereby "insure wartime stability." That is the long-and-short of freezing prices on those things that Americans eat, wear and use. Price Administrator Henderson has even guaranteed that from this point on, for the duration of the war, "the ceiling will go on higher."

Mr. Henderson's optimism helps some! Senators and Representatives are skeptical and fear that the Office of Price Administration is making a bold stroke that may be overloaded with wishful thinking.

After May 18, retail merchants will be compelled to post plainly in their stores the legal top price, and their own price on most of all commodities. They are forbidden to sell at a higher price.

The President made it plain in his "fireside chat" April 28, that the sweeping order of Price Administrator Henderson would be an important part of the war program. Nobody should blame Congressmen for failure to agree with the President, even though Congress does not attempt to change the President's program. It must be borne in mind that the President has been designated as master of the entire war situation, and he has been invested with practically all powers and authority by the Congress.

The oft-repeated statement that "Congress should do something about it" shows a lack of understanding of the following real facts:

1. The people of the country are solidly supporting "unity." 2. "Unity" is described in exactly the same words by President Roosevelt and Republican and Democratic Senators and Congressmen. 3. It all totals up to prove that the whole American nation is backing the Government war program; and that means the country is solidly supporting the Administration and that Congress is right, because it obeys the will of the country. 4. Nearly all controversial programs are being "put on ice" and will be postponed for future consideration.

In short, the Washington correspondent of The Record reports that every order issued by the Government must be obeyed. The Government admits that there will be mistakes and the Government over which Franklin Delano Roosevelt presides, pledges that when mistakes are proved they will be corrected.—By J. E. Jones.

### VITAMINS THAT GIVE YOU ROBUST HEALTH

An informative wartime article which discusses latest medical discoveries, showing that two out of every five Americans are starving because of a lack of proper vitamins. Don't miss this timely feature in the May 17 issue of The American Weekly the big Magazine distributed with the Baltimore Sunday American. On sale at all Newsstands.

## What is advertising, anyway?

A lot has been written about advertising.

A lot of speeches have been made about it.

But the whole fact in a nutshell is—advertising is simply a *time-saver*.

It saves time for the man or woman who wants to buy something—and for the store or factory with something to sell.

And like most time-savers, it's a money-saver too.

## HAY EXCELLENT ROTATION CROP

Yields of Crops Vary With Hay Production.

By EARL JONES  
(Extension Agronomist College of Agriculture, Ohio State University.)

Of No. 1 importance in the rotation program of most farms is the matter of getting good stands of hay. All things considered, hay is perhaps the most important rotation crop. The yields of other crops vary directly with the hay production. Better sod resulting from good hay stands means better corn and wheat crops.

These facts were borne out in a series of four year rotation tests conducted on county and district ex-

Courtesy U. S. Department of Agriculture. Wisconsinite Allen Hettis, 19, with purebred Holstein cow that won a first in the state 4-H dairy clubs.

periment farms in Ohio by the college of agriculture.

Typical of the results obtained were those at the Meigs county farm where the crops included corn, wheat, alfalfa, clover, and timothy mixtures. Four different types of fertilizer treatment were used. The application included 150 pounds per acre of corn applied in the hill and 300 pounds per acre to wheat. One plot was left unfertilized and the results on each of the other four were checked and compared. All plots were equally limed before the experiments were instituted.

### More Hay: More Grain.

The plots that produced the most abundant hay crops likewise yielded heavier crops of grain.

Best results were obtained from a 2-12-6 fertilizer analysis plus manure, which produced increases of 36.5 bushels per acre in the corn yield, 15.9 bushels of wheat, and increases of 2,863 and 2,060 pounds of hay per acre respectively.

A similar analysis, without the manure treatment, yielded increases of 27.1 bushels per acre of corn, 12.9 of wheat, and 2,401 and 1,669 pounds per acre of hay. A fertilizer treatment of 0-14-6 produced increases of 20.9 bushels per acre of corn, 11.9 bushels of wheat, and 2,103 and 1,310 pounds of hay. An 0-20-0 analysis yielded increases of 7.1 bushels of corn, 11.5 bushels of wheat, and 1,850 and 1,230 pounds of hay per acre.

Conclusions from these tests indicated that fertilizers carrying nitrogen and potash in addition to phosphorus returned much better results than those carrying superphosphate alone. The use of manure supplementing commercial fertilizer likewise proved its value.

### Poultry Ration Substitute

Looking for a substitute for dried skim milk in the poultry ration? It has been found that fish meal and alfalfa leaf meal, 50 pounds each, can substitute for every 100 pounds of dried skim milk in the ration of chicks up to six weeks of age, and that the birds will not be injured in any way by the substitution.

Now that dried skim milk is practically impossible to get because of shipments abroad, results of the research efforts should prove of great value to poultrymen who are trying to produce more eggs than ever.

The original dry mash formula for chicks contains 5 per cent alfalfa leaf meal, and although the amount is greatly increased by the substitution, it will in no way prove detrimental and the chicks will eat it readily.

### Busy Bossy Comes Through With Plenty of Milk.

Enough milk was produced in one year by one Holstein cow owned by the Pennsylvania State college to supply amply the needs of a person from birth to the age of 30.

The prize Holstein is long on name as well as production, being officially recorded as Penstate Veeman Hilda. She produced 22,941 pounds of milk with 716.5 pounds of butterfat during the year.

## DRIED MILK SHORTAGE LOOMS

Scientists Have Substitute That's Better.

With dried skim milk becoming increasingly hard to get, where are poultry and livestock feed manufacturers to obtain ample flavin (Vitamin G) for their rations?

It is universally recognized that flavin (Vitamin G) is essential for growing chicks and animals, and for the feeding of unhatched and unborn young. It has been shown that hens fed rations low in this essential substance lay eggs that hatch poorly. Chicks fed a starter entirely lacking in flavin (Vitamin G) develop a crow-headed appearance. Young chicks and animals fed rations low in this vitamin grow slowly.

### Manufacturers Need Vitamin G

But where are feed manufacturers to obtain the amount of flavin (Vitamin G) they need for their feeds? Ingredients such as the grains, grain by-products, meat scraps, and fish meal are relatively low in flavin (Vitamin G). Alfalfa leaf meal, both the sun-cured and the dehydrated, contains a suitable amount of flavin (Vitamin G), but its overuse runs up the fibre content. What feed manufacturers want is a concentrated source of flavin (Vitamin G) low in fibre.

### American Scientists Were Prepared

It almost seems that American scientists had an intuition that our farmers would some day urgently need a flavin (Vitamin G) concentrate to replace milk by-products for their rations. For they have already made possible a concentrated Vitamin G source low in fibre, that is five times more potent in Vitamin G than either dried skim milk or dried buttermilk, called Puri-Flav. Manufacturers using this ingredient have little to fear from the shortage of dried milk products. Their customers are insured against disappointments that come from feeding rations deficient in flavin (Vitamin G).

### Administrator's d. b. n. c. t. a.,

## Sale of Valuable REAL ESTATE

IN TANEYTOWN DISTRICT, CARROLL COUNTY, MARYLAND

By virtue of the power and authority contained in the last will and testament of D. Wellington Mayers, late of Carroll County, in the State of Maryland, deceased, and pursuant to an order of the Orphans' Court of Carroll County passed on April 27, 1942, the undersigned administrator d. b. n. c. t. a., of D. Wellington Mayers, deceased, will offer at public auction on the premises firstly hereinafter described, on

SATURDAY, JUNE 6, 1942,

at 1 o'clock, P. M., the following described real estate:

1. All that tract or parcel of land called "The Resurvey on the Pines" and "The Addition to the Pines," situate in Taneytown District, Carroll County, Maryland, containing

89 1/4 ACRES OF LAND,

more or less, and also another tract or parcel of land, situate in said Taneytown District, being part of a larger tract called "Owing's Chance," containing

16 1/2 ACRES OF LAND,

more or less, saving and excepting therefrom the quantity of 4 acres of land, more or less, heretofore sold and conveyed to a certain Joseph Ocker, leaving the quantity of 101 1/4 Acres of Land, more or less.

2. All that tract or parcel of land (wood lot), part of a tract called "Ohio," situate in said Taneytown District, and containing 2 acres and 143 perches of land, more or less. The above described land is all and the same land that was conveyed unto the said D. Wellington Mayers, in the name of Daniel Wellington Mayers, by Albert Study and Anna M. Study, his wife, by deed dated June 19, 1899, and recorded among the Land Records of Carroll County in Liber E. O. C. No. 129 Folio 156, etc.

The land hereinbefore firstly described is situate as aforesaid in Taneytown District, Carroll County, Maryland, and adjoins the properties of Charles Kinnert, Walter Crouse, John Teeter and others, along the Littlestown-Taneytown State Road, about 2 miles from Littlestown, Pa. The farm is in a good state of cultivation and contains about 11 acres of good timber. It is improved with an eleven room brick and weatherboarded dwelling house and a new barn and all necessary outbuildings. There are a stream and two wells of water on the property and a good meadow.

The land hereinbefore secondly described is a wood lot situate as aforesaid in Taneytown District, Carroll County, Maryland, and adjoins the properties of Charles Kinnert, William Menges, Charles Shoemaker and others, at Black's School House.

TERMS OF SALE—One-third of the purchase money to be paid to the undersigned on the day of sale or on the ratification thereof by the Orphans' Court of Carroll County, and the residue in two equal payments, the one payable in three months and the other payable in six months from the day of sale. The credit payments to be secured by the note or single bill of the purchaser or purchasers with sufficient security, bearing interest from the day of sale, or all cash at the option of the purchaser or purchasers. A deposit of twenty percent of the purchase price will be required in cash on the day of sale. Possession will be given on August 1, 1942. Taxes to be adjusted to the date of settlement.

GEORGE W. MAYERS,

Administrator, d. b. n. c. t. a., of D. Wellington Mayers, deceased.

## CORRESPONDENCE

Latest Items of Local News Furnished  
By Our Regular Staff of Writers

We desire correspondence to reach our office on Thursday, if at all possible. It will be necessary therefore, for most letters to be mailed on Wednesday, or by Fast Mail, west on W. M. R. R., Thursday morning. Letters mailed on Thursday evening may not reach us in time.

All communications for this department must be signed by the author; not for publication, but as an evidence that the items contributed are legitimate and correct. Items based on mere rumor, or such as are likely to give offense, are not wanted.

## FEESBURG.

Look who's here! May—with her smile, and green dress, wreathed in blossoms out-door work and healthier living; bringing Mother's Day, Ascension, Whitsuntide, and then Decoration—all memorial days, and this year many new graduates—as schools close earlier, and festivals too will open this season; and something new under the Sun—is sugar rationing.

We were saddened last week by the passing of our splendid Editor, Mr. P. B. Englar, of Taneytown. We knew he was in failing health, and Heaven was dawning for him, but how we'll miss him—especially as the founder of a paper of high ideals and clean living, which he maintained to the last. A thoughtful counselor, a good church man a civic worker, and a kind friend full of years and activity—and now we think of him as safe at Home with

Life's work well done  
Life's race well run  
Life's crown well won  
Now comes Rest.

Last Thursday while Burton Reifsnider, son of Roy Reifsnider was away with the truck he was taken suddenly ill, and word was brought to his parents, who sent for a doctor who ordered him to Frederick City Hospital, where he was operated on for appendicitis; and is now doing as well as can be expected.

When the weekly paper arrived on Saturday morning we read that our long time neighbor, Mrs. Katie Williams Graham was in the Hospital in Frederick in a serious condition. She has been in ill health for some time and now there for treatment, and at last report has somewhat improved.

On Saturday a group of our citizens attended the sale of property and household goods belonging to Mrs. Annie Koutz, Taneytown, and report a crowd of people, good prices, sale of real estate and lots of other goods.

As Harold, son of Howard Fox, aged 14 years, was returning from school on his bicycle on Monday afternoon, he ran in front of a truck and was fatally injured—dying the same evening. Funeral services were held on Wednesday from the home of his grandfather, Herbert Myers to the Brethren Church in Union Bridge. Much sympathy is felt for the family.

We were at S. S. at Mt. Union on Sunday morning where there was full attendance, and the continued lesson on "Parable by the Sea" tho' the Supt. P. B. Bohn was absent because of Sunday work and the assistants took charge. No our prayers were not answered at once, but God may be testing us to see how much in earnest we are; so we are still praying that our men will not have to work on the Lord's Day. Next Sunday the offerings for the India lace industry of the child widows of India will be received, the yearly gift on Mother's Day in this school. Roger W. Sontz presided at the C. E. Service following—a good meeting.

We received an invitation to the Commencement exercises of Mt. St. Mary's College, Emmitsburg, on Sunday when our friend, David W. Shaum, of Taneytown, was one of the graduates. It was a fine day and we know it was a fine service. Congratulations for all who faithfully studied and won diplomas; the only sad feature is the fact that school days are over.

The daughter of J. H. Stuffle, Mrs. Jennie Potoroff and family, Hanover, were with them for the week-end.

Mr. and Mrs. Charles Files, Lancaster, Pa.; Pvt. Wilbur Miller, Jr., of Military Camp in Va., and his wife of Taneytown, were at their parents home, the W. F. Miller family, on Sunday.

Mr. and Mrs. Richard Wolfe, of Lansdowne, Philadelphia, his brother, Edgar Wolfe and wife, of Reading, Pa., were callers at their uncle, Cleon Wolfe's home, on Sunday.

Some of our neighbors "cut a dash" at the womanless wedding performed in New Windsor recently; Jean John served well as bridegroom; Bucher John was father of the bride—who gave her away; William Main acted as bestman; and when the bride fainted, Dr. Ross Willhite was called in with his satchel and tools, and by the aid of a saw, chisel, and auto pump restored her, but no wonder the peals of laughter from the audience were heard across the street.

May 10, is Rogation Sunday, when prayer is made for a blessing on the soil and seeds, that we may have a bountiful harvest; next Monday, Tuesday and Wednesday will be rogation days in preparation for Ascension Day. On Thursday, May 14, this year—40 days after Easter.

Will you remember Mother's Day on Sunday by wearing a white flower if she has departed, a colored one if she is still living? If you cannot be with her won't you write her a letter of love and appreciation—we'll never have another.

The first thunder gust of the season passed around on Saturday evening, we only had a few drops of rain not enough to call it a shower; and we are still watching the clouds hoping for some of the April showers that failed to arrive on time.

The Navy operates about 30 large hospitals, two hospital ships, and every Navy ship has a "sick bay."

## LITTLESTOWN.

The pupils of the grade schools are working hard on their project of collecting scrap metal. A bin has been erected in front of the grade school building and each day the pile grows. The goal until the end of this school year is to collect enough metal to build a ten-ton tank. The residents of the town are being asked to contribute toward this collection, in the bin are old pipes, wrenches, old car plates and many other articles.

Boy Scout Troops of St. Paul Church conducted another paper gathering on Saturday.

Mrs. Sara Bittinger, who has been a patient in the Hanover General Hospital, returned to her home on South Queen Street.

Mrs. Mary Price, Mr. and Mrs. Oscar Humbert, and Misses Charlotte and Margaret Currens, Baltimore, spent Sunday with Mr. and Mrs. Harry Bloom and Mr. and Mrs. David Bloom, near town. Harry Bloom is improving and able to be up. Action was taken by the Borough Council, to purchase a water thief nozzle, a fog nozzle and 400 feet of 1½ inch double jacket hose, and also decided that the annual clean-up week will start May 4.

Mrs. Calvin Crouse, who had been a medical patient at the Hanover General Hospital for a week, has returned to her home.

April for a shower month went wrong this year as there was only 159 inches of rainfall which made a shortage of 174 inches from normal. The only good rainfall we had was on the 9th and 10th, when a total of 134 inches fell.

The funeral of Mrs. Alverta Julius wife of George Julius, East King St., was held Friday afternoon. Rev. Theodore W. Boltz, Lancaster, officiated; burial was made in Mt. Carmel cemetery.

Wheat growing farmers of York, Adams and Carroll counties on Saturday voted against the A. A. A. quotas and penalties for this year. York 160 for, 279 against; Adams 60 for, 227 against; Carroll County 144 for, 360 against. Why was it that so few voted.

There will be a special celebration in St. Aloysius Parish, on Thursday, June 11, commemoration the silver jubilee of his Holiness Pope Pius XII and also the 150th anniversary of the establishment of a Catholic Church in Littlestown.

The personal property of the late Alverta C. Mayers was sold on Saturday at public sale by the executors Ralph E. Hinkle and Wilbur A. Bankert. It brought \$1606; an imported Swiss Chime clock was sold to A. Willhide, near Taneytown for \$625.

Another one of my good friends Mr. P. B. Englar has passed away. I am indeed glad that I seen and talked to him a few minutes on Monday afternoon. He was a friend to me for over fifty years and many good advices he gave me, and many favors for me. This makes the third death of we four men who were together so much. First to die was Mr. Charles Fuss then Mr. D. J. Hesson and last one Mr. P. B. Englar; how times fly and I hope that we can be together some day again.

James A. Koontz, aged 68 years, died Tuesday morning at the home of his son, George Koontz. Surviving are three children. The funeral was held Thursday afternoon at the J. W. Little and Son Funeral Home. The Rev. John C. Brumbach, officiated; interment was made in Mt. Carmel cemetery.

All that you hear now is sugar and gas rationing; also war. For my part I wish this war was over and back in our old way of living.

## HARNEY.

Mr. and Mrs. H. J. Wolff, spent last Friday with Mr. and Mrs. Ernest Smith, Taneytown R. D. 2.

Mr. and Mrs. Dewey Orner spent Sunday evening with Mr. and Mrs. Clem Taughenbaugh, Gettysburg.

## MORE STATE POLICE NEEDED

The Commissioner of Employment, Baltimore, has published a notice to establish an eligible list for "Troopers" on the Maryland State Police Force. Application blanks are available at the many State Police Barracks; the one for interested persons in Taneytown and vicinity would be Randallstown, Md.; or may be secured at the office of the State Employment Commissioner, 22 Light St., Baltimore.

The compensation is \$1500 per annum, with uniform equipment, and maintenance while on duty. Among the qualifications are graduation from a standard high school, or its equivalent; requirements are that applicant must be not less than 21 years of age and not more than 30 years of age at time of application. The closing date for receiving applications is May 21, 1942.

## MARRIED

## KRUG—THOMAN

On Saturday afternoon, Frances M. Thoman, daughter of Mr. and Mrs. Levi S. Thoman, Hanover, became the wife of John D. Krug, son of Mr. and Mrs. Edward H. Krug, Hanover R. D. 2, by the ring ceremony at the Reformed parsonage in Manchester. The wedding ceremony was performed by Rev. Dr. John S. Hollenbach.

The bride was attired in blue dress with navy accessories and wore a corsage of pink rosebuds. The groom wore a tan suit. The newly-weds will reside at 397 Broadway, Hanover, Pa., after a wedding trip to New York.

## DIED.

Obituaries, poetry and resolutions, charged for at the rate of five cents per line. The regular death notices published free.

## OLIVER T. SHOEMAKER

Oliver T. Shoemaker, a prominent resident of Taneytown, died at his home in Taneytown, on Monday evening, May 4, 1942, after an illness of five months from complications. He was a son of the late William and Maria Shoemaker, and was aged 81 years.

He was active in the machine shop business over a period of 62 years, having conducted the business fifteen years in Harney and 47 years in Taneytown. He was a lifelong member of Trinity Lutheran Church and was affiliated with the Knights of Mystic Chain of Harney, having been a charter member. He was also a charter member of the Taneytown Fire Company. He helped organize the Taneytown Mutual Fire Insurance Company and was one of the founders of the Taneytown Garage Company, he also had been a member of the Taneytown Chamber of Commerce.

His wife, the former Sallie B. Kemper, preceded him in death 15 years ago. Surviving is one son, C. Thornton Shoemaker, Taneytown, and also a number of nieces and nephews.

Funeral services were held on Thursday from his late residence by his pastor, the Rev. A. T. Sutcliffe, assisted by the Rev. L. B. Hafer; burial was made in the Lutheran cemetery, Taneytown.

## MRS. MARGARET GALT STOTT

Mrs. Margaret Grayson Galt Stott, widow of the late Edwin Chester Stott and daughter of Henry Galt and Ann Eliza Annan, passed away on Friday evening, May 1, at her home in Taneytown. Mrs. Stott was born Oct. 7th, 1864, at Galt's Fancy, the home established by her great-grandfather, Matthew Galt. She received her education at the private school of Mr. Andrew McKinney, attended later a private school in Gettysburg after which she, with her cousins, was a student at Mt. Vernon Seminary, of Washington, D. C., graduating with the class of 1884.

So thorough was she in her training that she taught the younger members of her family and later prepared several children of friends for college entrance.

Mrs. Stott is survived by a son, Robert Annan Stott, of Hagerstown, Md., a grand-daughter, Margaret Stott, a sister Miss Anna Galt, of Taneytown and a brother, Matthew Henry Galt, Springfield, Missouri.

Funeral services were held on Sunday afternoon at her late home, interment in the cemetery of Piney Creek Presbyterian Church, of which she was an active member as long as health permitted, teaching in the Sabbath School and serving in the Missionary Society.

## ANDREW M. PRICE

Andrew M. Price died at his home near Lineboro, Md., on Saturday at the age of 59 years, 8 months, 27 days. He is survived by his widow, a son and daughter, George and Mildred, at home, and a half-brother, in Baltimore.

The funeral was held at the home of J. R. L. Wink, Funeral Director on York St., Manchester, on Tuesday, at 1:30, in charge of Rev. Dr. John S. Hollenbach, pastor of the Manchester and Reformed Church. Interment will be in the Lineboro Community cemetery.

## TRIBUTE OF RESPECT.

It is with heartfelt sorrow that we, the members of the Volunteer Fire Company, of Taneytown, are called upon to record the death of one of our charter members OLIVER T. SHOEMAKER, and we therefore desire to place on record this testimony.

Resolved, That we bow in humble submission to Him who doeth all things well. Resolved, That in the departure of our friend, we have lost an esteemed member of our Company, and be it further

Resolved, That a copy of these resolutions be sent to his family, be published in The Carroll Record, and entered upon the minutes of our Company.

By order of Taneytown Volunteer Fire Company, May 7, 1942.

C. F. CASHMAN,  
CHAS. CLINGMAN,  
Committee.

## CARD OF THANKS.

We hereby express our sincere thanks and appreciation to all neighbors, friends and organizations for their expression of sympathy, flowers, and the use of automobiles for the funeral of Oliver T. Shoemaker.

E. THORNTON SHOEMAKER AND FAMILY.

Lineboro—S. S., 9:00; Worship, at 10. "The Christian Family" is the topic of sermon.

**NOTICE TO CREDITORS.** This is to give notice that the subscribers have obtained from the Orphans' Court of Carroll County, in Maryland, letters testamentary on the personal estate of PRESTON B. ENGLAR, late of Carroll County, deceased. All persons having claims against the deceased are warned to exhibit the same, with the vouchers therefor, legally authenticated to the subscribers, on or before the 7th day of December, next; they may otherwise be excluded from all benefits of said estate.

Given under our hands this 5th day of May, 1942.

A. BEULAH ENGLAR, MARGARET E. NULTON, ADA R. ENGLAR, Executrices of the estate of Preston B. Englard, deceased. 5-3-5t

**NOTICE TO CREDITORS** This is to give notice that the subscriber has obtained from the Orphans' Court of Carroll County, in Maryland, letters of administration, on the estate of BEULAH R. CLINGAN MORT, late of Carroll County, deceased. All persons having claims against the deceased are warned to exhibit the same, with the vouchers therefor, legally authenticated to the subscriber, on or before the 7th day of December, next; they may otherwise be excluded from all benefits of said estate.

Given under my hand this 5th day of May, 1942.

J. ROY MORT, Administrator of the estate of Beulah R. Clingan Mort, deceased. 5-3-5t

**SALE REGISTER** Sales for which this office does printing or advertising will be inserted under this heading (4 lines free of charge.) Charge for sale register alone, \$1.00 until date of sale. Notices longer than 4 lines must be paid for, extra.

**MAY**

16—1 o'clock. Community Sale at Charles Eaves residence, end of Frederick St., Taneytown. See Earl or Curtis Bowers for particulars.

23—1 o'clock. M. Ross Fair, George Street, Taneytown. Household Goods. Earl Bowers, Auct.

23—11:30 o'clock. Grier J. Keilholtz, Executor of the estate of Mrs. Clara Keilholtz, deceased. Real Estate and Personal Property, in Emmitsburg. Harry Trout, Auct.

## CHILDREN'S AID SOCIETY MEETS

The first quarterly board meeting of the Children's Aid Society of Carroll County was held Monday, May 4, at 2:00 P. M., in the Westminster Library room. The President, Mrs. Frank T. Myers, presided. The meeting was opened with the Lord's Prayer. Mrs. J. Pearre Wantz, Jr., served as secretary protem in the absence of the regular secretary.

Following the regular order of business Miss Bonnie M. Custenborden, Director, read her service report concerning the forty-five children who are now under care. Mrs. Myers explained to the district chairmen that they may be called upon to assist Miss Custenborden in making visits and investigations in order to help her save tires and gasoline. The chairmen willingly offered to do what they could.

Explanation was made of the garden project to be sponsored by the Westminster Kiwanis Club for the boys and girls under the supervision of the CAS. Prizes will be awarded to those who have put forth the most effort and produced the best gardens.

Mrs. Myers reported on the May meeting of the Maryland Children's Aid Society which she attended. At this meeting recognition was made of the services of Dr. Lida Lee Tall, former President of the MCAS. In her memory there has been started a Memorial Fund for the education of children, which will assist children of the Maryland Children's Aid to attain higher education. Mrs. Myers also paid tribute to the services of Mr. Charles Melville, former County Commissioner, who was a very true friend to the Carroll County Children's Aid Society, and she stated that it was largely through his influence the organization was started.

Mrs. J. Edgar Myers and Miss Custenborden gave reports on the 39th annual meeting of the Maryland State Conference of Social Welfare held in Baltimore in April.

The President announced that Mrs. Ralph Leister had accepted the chairmanship of Hampstead District. The list of officers as elected at the last meeting are as follows:

President, Mrs. Frank T. Myers; First Vice-President, Mrs. David Taylor; Second Vice-President, Mrs. William H. Thomas; Secretary, Miss Ruth Bixler; Treasurer, Mrs. Sereck S. Wilson; Publicity Chairman, Mrs. Henry Ackley; Legislative Chairman, Mr. Ralph Hoffman.

Miss Custenborden's report follows: "On February first there were 45 children in foster homes. During the quarter 6 children were reported by interested persons, as being in need of care and the parents of 5 children applied to the CAS for placement of their children because of broken homes which have caused them to become problems. After studying these cases it was decided to accept 2 of the children and to work with 3 others in their homes; plans were made for the remaining 6 children to stay with their parents or suitable relatives without further contact with the CAS.

Of the children now under care, three had dental care, a boy was treated for an eye infection, one girl is being given treatments for spinal trouble, and another girl was given a chest examination because of her physical condition.

A great many applications are received for girls and boys for housework and farm work but it is impossible to fill them because most of the children are too small and the CAS does not approve of placing the older children to work in homes where the husband or wife is employed away from home.

A great deal of time is spent in working with the adolescent group; with the cooperation of their foster parents and teachers we have been able to adjust many of the difficulties. Seven are in high school and five are being promoted from the elementary school this year.

Fourteen families came for advice because of their domestic trouble as the result of drink, immorality, and broken homes; in several other families a little help was needed to tide them over and keep the children in school; 260 articles of clothing and 36 pairs of shoes were given.

A garden contest is being planned for this summer and 20 children have signed up for the project; the Westminster Kiwanis Club is sponsoring the contest and is contributing \$10.00 for seeds. The Rotary Club and the Musking Shoe Co., furnished shoes for several children.

During the quarter two girls were dismissed from care after being in foster homes for several years; one was adopted and the other one became of age and has given up housework to work in a factory. 276 visits were made in the interest of families and to foster homes; 256 office interviews were held. There are now 45 children under care and placed, 2 with relatives, 17 in free homes, and 26 in boarding homes.

Respectfully submitted, BONNIE M. CUSTENBORDER, Director.

In isolated naval stations our Navy normally supplies medical services for their entire population.

## Forty-Seven Years Ago.

Major R. M. J. Reed, of Philadelphia delivered the Decoration address at this place.

Rev. Yost who filled the pulpit in the Lutheran Church was pastor-elect to the Lutheran Church, Cumberland, Md. Mr. Yost was a brother-in-law of Mrs. M. Reindollar at whose home he and his family spent several days.

While workmen were blasting rock from the public road, a piece of burning fuse was thrown into the barnyard of Mr. Samuel Reindollar, who lived at the end of York St., which set the dry top of the yard on fire, and a small stack of fodder near the end of the barn. The fire was seen almost as soon as it started, if it had been otherwise, the barn would have undoubtedly been burned, as it was only by the active exertion of a large crowd of men who soon assembled, that a general breaking out of the flames was prevented.

The 13-year-old son of Mr. Samuel Fitz was accidentally drowned at Maxwell's Mill, on Tom's Creek, near Bridgeport.

Mrs. Jacob Null, of Frizzellburg died, leaving a family of children and husband.

The eighth semi-annual convention of the Carroll County C. E. Union was to be held in the Lutheran church Taneytown, May 10, 11 and 12, 1935.

## PROCEEDINGS ORPHANS' COURT

Ralph G. Hoffman, administrator of the estate of George Weber, deceased, returned inventories of current money and real estate.

John J. Bosley, executor of the estate of Angeline Bosley, deceased, returned inventory of debts due.

Carmen E. Metcalfe, executrix of the estate of Mary J. Englar, deceased, received order to sell and transfer stocks and settled her first and final account.

George M. Gettler, administrator of the estate of Rachel A. Gettler, deceased, settled his first and final account.

Ervin E. Utz, administrator of the estate of William F. Utz, deceased, settled his first and final account.

The last will and testament of Preston B. Englar, deceased, was admitted to probate and letters testamentary were granted unto A. Beulah Englar, Margaret E. Nulton and Ada R. Englar, executrices, who received order to notify creditors and warrants to appraise goods and chattels and real estate.

Letters of administration on the estate of Francis A. Dell, deceased, were granted unto Ralph M. Dell, who received order to notify creditors and warrant to appraise goods and chattels.

The Birnie Trust Company, executor of the estate of Rosa A. Diller, returned inventories of goods and chattels, real estate, money and debts due.

Letters of administration on the estate of Beulah R. Clingan Mort, deceased, were granted unto J. Roy Mort, who received order to notify creditors and warrant to appraise real estate.

A. Earl Shipley, administrator of the estate of Charles W. Melville, deceased, returned inventory of goods and chattels, received order to sell, and returned report of sale of goods and chattels.

## Salvage Beauty

Before Pearl Harbor, bathing beauties were not concerned with conditions in the rubber market but Atlantic City's Jane Nicholl is on the front line today collecting old tires and tubes for rubber reclaiming plants. She's one of a group of local bathing beauties who have volunteered for the salvage drive. Her red, white and blue bathing suit follows the patriotic theme of the season just opening. Oh, yes, she was snapped on the famous Boardwalk.

The tower at the new Navy Medical Center, Bethesda, Md., is 20 stories high and shaped like a Geneva cross.

WRITE A WANT AD CASH IN ON STUFF IN THE ATTIC

FOR VICTORY BUY UNITED STATES BONDS \* STAMPS

By BETTY BARCLAY

This is the day when dad, daughter and occasionally a son sees fit to make Mother's day more joyful by serving her instead of being served.

The following recipes are easy to follow. Do you get the idea?

**Tomatoes Stuffed with Liederkranz Cheese**  
Cut the stem end from small tomatoes and scoop out the pulp. Sprinkle the inside of the tomato with salt and stuff with Liederkranz cheese.

**Peach and Banana Cocktail**  
1 box (16 oz.) quick-frozen sliced peaches, thawed and halved  
1 tablespoon maraschino cherry juice  
1 tablespoon lemon juice  
2 medium bananas, sliced  
Maraschino cherry slices, halved  
6 sprigs of mint  
Combine peaches, fruit juices and banana. Place in sherbet glasses. Garnish with cherry slices and mint. Serves 6. This is an easy Mother's Day treat because the quick-frozen peaches come to you all sliced and sweetened, ready to serve as soon as they're thawed.

**Lima Salad**  
1 cup cooked, dried Limas  
2 tablespoons minced onion  
½ cup diced, cooked beets  
2 tablespoons finely chopped parsley  
¼ cup French dressing  
1 teaspoon Worcestershire sauce  
Mix ingredients and chill before serving. Arrange on lettuce.

**Lemon Muffins**  
½ cup butter or other shortening  
½ cup sugar  
2 egg yolks well beaten  
¼ cup lemon juice  
1 cup flour  
1 teaspoon baking powder  
½ teaspoon salt  
2 egg whites, stiffly beaten  
1 teaspoon grated lemon peel  
Cream butter and sugar until smooth. Add egg yolks and beat until light. Add the lemon juice alternately with the flour, which has been sifted with baking powder and salt, mixing thoroughly after each addition (do not over-mix). Fold in stiffly beaten egg whites and the grated lemon peel. Fill

**Mother's Day Cofollate**  
1 cup strong decaffeinated coffee  
2 squares unsweetened chocolate  
3 tablespoons sugar  
Dash of salt  
3 cups milk  
Make decaffeinated coffee extra-strength using 1½ tablespoons for each cup (½ pint) water. Add chocolate to coffee in top of double boiler and place over low flame, stirring until chocolate is melted and blended. Add sugar and salt, and boil 4 minutes, stirring constantly. Place over boiling water. Add milk gradually, stirring constantly; then heat. When hot, heat with rotary egg beater until frothy. Serve hot, or chill and pour over cracked ice. Top with whipped cream, if desired. Serves 4.

A decaffeinated brew ends the dilemma of coffee lovers who fear second glasses will interfere with their sleep.

Nature With Patience Saves Many Heart Victims

Nature, with proper patient and medical co-operation, saves many a heart victim by short-circuiting the blood flow between the surface arteries of the heart.

This was revealed at a Los Angeles Heart association meeting by Dr. Richard D. Evans reporting on new scientific advances in the diagnosis and care of coronary thrombosis, or the formation of clots in the coronary arteries which nurtures the heart with blood.

The secret of nature's remedy, Dr. Evans said, has been discovered by the use of injection of an opaque solution in conjunction with the X-ray.

Normally, he reported, there is little connection between one artery and another, which is true of the two supplied by the aorta, or great heart artery, and which run over the surface of the heart on opposite sides, supplying the respective areas with blood.

If a clot plugs up one of these coronary arteries, that part of the heart formerly getting blood from it is cut off from its supply and becomes starved, he stated.

But, the speaker continued, the new method of investigation has demonstrated that in many instances the artery from the other side sends out new blood vessels across the heart which connect with the diseased muscle, or starved heart section, thus largely undoing the damage the clot has done.

So, he reported, many with this ailment—more than 50 per cent—will get well if they are timed over the critical period of some six weeks while nature is developing the new blood channel.

Blood Pressure Linked To Reckless Car Driving

Driving skill, knowledge of traffic regulations and sharpness of vision are not in themselves predetermining factors that make for safe driving, according to the results of a one-year study conducted at the New York university center for safety education. It was found, however, that among persons examined there was a high percentage correlation between low blood pressure and "proneness to accidents."

In a report entitled "Personal Factors in Safe Operation of Motor Vehicles," Dr. Leon Brody, research associate in charge of the study, declared that observance of traffic obligations depends upon personal attitudes rather than ability; that drivers with good accident records and those with poor records drive similarly during road tests, and that visual acuity and color blindness—the only visual traits usually examined for licensing purposes—are no more important than other visual characteristics so far as safety on the road is concerned.

The study analyzes previous research findings and reports on the psychological and physical characteristics of 52 carefully selected automobile operators who had negotiated at least 50,000 miles in the five years up to August 4, 1940, when the study began.

Bubonic Plague

Bubonic plague is transmitted to man by the flea with rats, ground squirrels and numerous other rodents serving as reservoirs of the infection. An extensive fire, a major earthquake, a series of bombings or other catastrophic happenings which might disrupt the present tranquility of the rodent population may make it necessary for the fleas with which the rats are infested to find a new host. If the new host happens to be man, an outbreak of plague may result with explosive suddenness. The incubation of plague is short and the rate of mortality is high. After the disease strikes there is little time to think of preventive measures or therapeutic procedures. The chief defense is the destruction of the rat and his relatives.

Eye Colors Follow Rules

Hereditarily determines to a large extent the kind of eyes that a child will possess in starting its life. Strong eyes, like other physical characteristics, run in some families. Similarly, eye weaknesses—as color blindness, night blindness, near-sightedness or a predisposition towards cataracts—frequently are inherited from parents.

Color of eyes follows fairly rigid rules. If one parent comes from a family all of whom have black eyes, it is almost certain that the child will have black eyes, regardless of the color of the other parent. In the case of two blue-eyed parents, the child in all probability will have blue eyes.

Found His Own Teeth

Not a day passes in Montreal but some forgetful passenger on a Canadian train leaves something in a sleeping car or diner. The "lost and found" department is the clearing house for inquiries. One morning a sleeping car porter turned in a set of false teeth which he said he found in the wash room. He was back in "lost and found" a few hours later, looking sheepish, to report the loss of his own set of store teeth. He was shown the ones he had turned in and promptly claimed them as his own. "It shows the honesty of us C.N.R. porters," he laughed, explaining he had forgotten he carried a spare set when on the road.

It Is No Disgrace

By KARL GRAYSON  
(Associated Newspapers—WNU Service.)

THE Griswold family, with the exception of Old Bill, had gathered in the library of the stately Griswold mansion, to discuss ways and means.

Old Bill Griswold, for forty years Ashland's leading citizen, and for the same number of years president of the successful and heretofore flourishing Ashland Rug Mills, was on the verge of bankruptcy.

"It's a pity," Rilla, daughter of the house, 19, blonde, dazlingly beautiful, belle of Ashland's younger set, was saying. "It's a pity father couldn't have told us this was going to happen. Warned us of it. It's—it's all so much of a shock."

Allen, two years his sister's senior, handsome as she was beautiful, gestured disgustingly. "He didn't tell us," he explained, "for the same reason he never told us about any of his business troubles. He probably thought he could pull out of this hole as he's pulled out of others. Dad's a brick, and always has been. We oughtn't to crab now."

"I'm not crapping, silly. I'm merely saying he should have warned us, so we could do something about it."

"Do something? That's a laugh! What can we do?" Allen swung one leg over the arm of his chair and scowled.

"There's a lot we can do, Allen." This from Stanley, 23, a product of Harvard's 1941 graduating class. "We can get jobs. We can sell our cars. We can move into a smaller house, sell this one, and take care of Dad. He's always taken care of

"Hello, mother," he said, and came toward her and placed an arm about her shoulder.

us, given us everything we could ever want. Now it's our turn to take care of him."

At this point Old Bill's wife, mother of the children, sweet and gentle to look upon, entered the conversation. "It isn't so much the money," she said. "We could get along somehow. It's the disgrace. Whatever will people think?"

"Think!" Allen bounded to his feet. "What do we care what they think? Anyway, they couldn't think a thing. Why, there's hardly a man or woman in this town that Dad hasn't helped one way or another. He hasn't an enemy in the world. Everyone around here thinks he's about the finest man alive. That's why he's broke now—because he's spent all his money helping folks who were down and out."

Stanley smiled gently at this and looked at his brother approvingly. "It's easy, Allen, for folks to think and say a man is great when he has plenty of money and is generous with it. It's when he's broke that a man finds he's alone in the world."

"You're wrong, Stanley. Dead wrong," Allen strode over to the fireplace and leaned against the mantel. "You've been away at college and you don't know how Dad has been helping folks. Personally I have more faith in humanity than to think they'd turn against him now. They may not be able to help him financially, but they won't condemn him for going under. It isn't as if he wasted the money."

Stanley shrugged and lapsed into silence. And after a while Mrs. Griswold got up and went out. The children watched her go sadly. They pitied their mother and Old Bill, too. They had lived their lives. There wasn't much to look forward to. Nothing much but failure and disgrace. It was a burden hard to bear.

Mrs. Griswold went to her room. She wanted to be alone. It wasn't easy to be brave, to look at the thing as the children looked at it.

Sitting at her dressing table she smiled a little wistfully, thinking of Allen. Poor Allen. He had always been something of an idealist. It was a pity his illusions had to be so rudely shattered; a pity he didn't understand people better. Even Stanley, stating those bitter truths, had failed to shake his faith.

Mrs. Griswold caught herself wishing that Allen could have been right, that people were like that; forgetful and appreciative. But they weren't. Otherwise, they'd all be like Old Bill Griswold. And there was only one Bill Griswold.

It was three o'clock and Bill would be home any minute. She must be brave, for Bill's spirits would be low. This afternoon he was

Help Yourself To Feed Yourself

Expert Recommends Broiler Raising To Increase Family Income.

During these troubled days, how to cut costs at home to have money for increased taxes, for Defense Stamps, for Defense Bonds, and for gifts to the Red Cross, U.S.O., Salvation Army and other service organizations, is certainly a problem.

"But there is a way that you can help yourself to feed yourself," says J. H. Burrell, broiler raising expert with Purina Mills, "and that is to raise eating chickens. I know a family—father, mother, and two boys in grade school—who are selling 10 to 12 three-pound fryers each week, 40 to 50 broilers per month, to their friends and neighbors. They get \$1.00 per chicken, dressed. Not only does this give the boys a fine responsibility, but it also teaches them how to handle business and make money. The father and mother are advisors."

"This family also has found that broiler raising provides them with fried chicken once or twice a week, and fried chicken is one of the most economical foods. It is economical from the standpoint of cost per pound and also because it is inexpensive to prepare and serve. It blends nicely with other dishes and makes the whole meal enjoyable, delicious, as well as economical."

Burrell recommends several ways to "help yourself to feed yourself" by raising broilers. For \$100 to \$150, he says you can have a small brooder house equipped to start 100 to 125 baby chicks, and raise them to 2, 2½, or 3 lbs. If you raise three pound birds, you can do that in 10 to 12 weeks.

Or, if just 10 or 12 broilers are wanted at a time, he recommends the purchase of a small battery brooder, and placing it in your basement or garage to produce fine broilers or fryers.

"If you should desire to attempt such a venture," says Burrell, "Start the number of day old baby chicks that you can handle and afford to buy, never any more. Then select a broiler growing program in which you have confidence, and follow it to the letter."

Editor's Note: A bulletin giving complete details on broiler raising is obtainable from our local Checkerboard Feed distributor, or by writing Purina Mills, St. Louis, Mo.

Tin for Cans Reduced Once More by War Board

WASHINGTON.—Because of the scarcity of tin, the War Production board made a second reduction in the amount that can be used in the home tin can. Excepted are cans that require a heavier coating to prevent contamination.

Specifically, every 100 pounds of tin plate for cans will now contain only 1.25 pounds of tin. The first cut brought down the tin allowance from 1.50 pounds to 1.35.

Production of Toluol Aided by New Formulas

Toluol, basis of TNT, which is trinitrotoluol, and other chemicals important in preparing for American defense, will be aided with new formulas announced at a meeting of the American Institute of Mining and Metallurgical Engineers in New York. They were developed by Dr. H. H. Lowry, director of the Coal Research laboratory of the Carnegie Institute of Technology, with the assistance of H. G. Landau and Leah L. Naugle.

These formulas make it possible to determine accurately in advance the properties and amounts of coke and by-products obtained from the carbonization of coal. The chief by-products are tar, gas, ammonium sulphate and light oil. The latter is the raw material from which toluol is obtained.

In addition to giving scientific control, which assures more accurate planning in the production of the coking by-products, Dr. Lowry's work also makes possible greatly increased economy, by eliminating expensive oven tests. One steel company alone, he stated, has been able to save many thousands of dollars in the single item of eliminating the sulphur analysis of coke.

Carrying Dr. Lowry's work a step further, M. A. Mayers and H. G. Landau, also of Carnegie Tech's Coal Research laboratory, announced a method for controlling the properties of pig iron and the economy of its production in blast furnace operation.

Four Brothers in Navy Total 80 Years' Service

WASHINGTON.—Eighty years of service in the navy is the record set by the four Woods brothers of San Diego.

William P. Woods, 47, and Joseph M. Woods, 40, have each put in nearly 21 years of service. Younger brothers, Arthur H., 36, and Edward F. Woods, 37, have each served almost 19 years.

All but the last hold the highest possible enlisted rating—chief petty officer. Edward is a petty officer, first class, but one step below his brothers.

He recently transferred to the West Virginia so that he could complete his service in the company of his youngest brother, who now has served at various times with each of his brothers.

Gasoline Ratio

For every gallon of 100-octane aviation gasoline the petroleum industry produces 30 gallons of automobile gasoline.

ATTACK! ATTACK! ATTACK!

America's attacking on both the fighting front and the home front today! We're giving the Axis a bitter taste of what's to come. We're fighting the inflationary 6th column that blows prices sky high here at home, too. And every one of us who saves at least 10% of his pay in War Bonds is an important soldier in the attack! Join the attack yourself!

## IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D.  
Of The Moody Bible Institute of Chicago.  
(Released by Western Newspaper Union.)

### Lesson for May 10

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

#### MONDAY: THE DAY OF AUTHORITY

LESSON TEXT—Matthew 21:12-22.  
GOLDEN TEXT—My house shall be called a house of prayer for all peoples.—Isaiah 56:7.

Modern presentations of Christ in picture and sermon often give the impression that He was an effeminate man who went about doing gentle deeds of kindness. One almost feels that He spoke in a half whisper and that He fearfully avoided the difficulties and dangers of life.

Such a picture of Christ, whether in words or on canvas, was never obtained from the Bible. Yes, He was gentle and kind; He did go about doing good; He was altogether humble—but why give the false impression that gentleness means weakness, kindness means a sentimental softness, etc. These are the virtues of a strong man and such was our Christ. He was a manly man who so excited the admiration of the boys in the temple that they shouted a holy "Hurray" (Hosanna—in Hebrew).

On Monday as our Lord came into the city He saw and dealt with the fruitless fig tree and later in the day He cleansed the temple. This seems to be the order of the events (see Mark 11) and we will so consider them.

#### I. Jesus Stimulates Faith by an Act of Judgment (vv. 12-22).

In the morning as Jesus returned to Jerusalem, He was hungry. He had probably spent the night in prayer after His time of fellowship with the disciples (Mark 11:11). It was early spring, and normally not the time for figs to be ready to eat, but He saw a tree which already had foliage on it. Since the leaves form after the fruit, He properly looked for figs—green, perhaps, but even so useable for food—and there were none.

In a swift miracle of judgment, He condemned the tree, which soon withered. Some have assumed that He acted in anger, but that is evidently not so. His act was a sign to Israel and to us. The fig tree was a figure of Israel (see Hosea 9:10, Joel 1:7, Luke 13:6-9). They as a nation had the outward signs of fruit, that is, the "leaves" of temple worship, teaching of the law, etc., but there was no fruit of repentance and faith, of real love for God (see Rom. 2:17-23). Judgment was certain, and our Lord cursed a useless, fruitless tree to try to awaken the people to their need.

So our Lord comes to us—to look below the foliage of Christian profession, of our charities and benevolences, of our correct doctrinal views—to see if there is any fruit of real Christian living. How often He must turn away in sadness because there is none.

This miracle was not only a sign of judgment; it was used by our Lord to stimulate the disciples' faith. What they had seen was only an indication of what faith (and note it was their faith) could do. The promise of God to those who, abiding in Christ and with His Word abiding in their heart, ask according to His will, in faith nothing doubting, is without limit.

#### II. Jesus Stimulates Praise by an Act of Authority (vv. 12-17).

For a second time He drove out from His Father's house those who had made it a place of merchandise, of commercialized thievery. This is a majestic picture. The Son of God and Son of Man steps into the center of this unholy traffic and with mighty, holy indignation (not anger) drives it out. The people who had suffered long because of this religious racket, which paid a nice "cut" to the priests themselves (probably as a "gift" even as such things are managed in our day), were jubilant.

The boys who were in the temple (for such is doubtless the meaning of "children" in v. 15) were so delighted at this magnificent exercise of His divine authority that they broke out into "Hosannas," which, as we have suggested, were really a holy "Hurray." Well, why not? Hurray for our Lord! He will not tolerate iniquity even though it hides under the cloak of religion. He is not afraid to speak out and to act against sin and corruption. Possibly the church would reach a good many more men and boys in our day if it would step out in faith to fight the wrong and support the right. Then maybe the young men would shout, "Hurray for the church," instead of some of the things they are saying.

The chief priests and scribes were "sore displeased" (v. 15) both by the acts of Jesus and the praise of the boys. They would be! And they have a host of descendants who hold places of authority today—yes, even in the church—who would be much displeased if such things were to happen now. But why fear them? Is it not high time that the people of God honored their Lord both by faith and good works, regardless of what men may say? Ought we not to please God rather than men (see Acts 5:29 and Ps. 56:4)?

A SAFE, EFFECTIVE AND ECONOMICAL WAY OF KILLING WEEDS IS THRU THE USE OF ROCK SALT. FOUR POUNDS PER SQUARE YARD IS RECOMMENDED.

COFFEE WAS ONCE CONSIDERED AN INTOXICANT. DEATH WAS THE PENALTY PROMISED FOR ITS USE IN THE OTTOMAN EMPIRE.

A SINGLE 30-TON TANK RUNS AS MUCH RUBBER AS 87 AUTOMOBILE TIRES AND AS MUCH STEEL AS 500 REFRIGERATORS.

### Shrimp Salad Calls On Cauliflower

At wits-end for a lively Lenten meal? No need to run out of salads in the spirit of the season so long as the shrimp's in the can and the vegetable's on hand for variety. Crown cauliflower's snowy top with canned shrimp and pepper rings and your salad platter will be lifted far from the Lenten lull. Dare to be different when the season's rules and regulations threaten to mar the menu.

Smart and a cinch is this super-salad when you use the ready-cooked shrimp that comes in the can. Try it for topping off Lent this way:

**Shrimp and Cauliflower**  
1 large cauliflower 1 cup mayonnaise  
1 head lettuce or 1/2 teas. onion juice  
other salad 1/4 teas. paprika  
greens 1/4 cup chopped  
2 No. 1 cans 1 green pepper  
shrimp 1 tbs. lemon juice  
or 5 green pepper rings  
Wash cauliflower, cut away stem and cook in salted boiling water until tender. Drain and cool. Place stem end down on a bed of salad greens. Outline each flowerlet with whole shrimp, and arrange a double row of shrimp around base of cauliflower. Combine mayonnaise with remaining ingredients, and serve with shrimp and cauliflower; or, if preferred, pour dressing over cauliflower and shrimp before serving. Makes 6 servings.

KALE  
LIVER BEEF  
ORANGE  
GREEN PEPPERS  
POTATOES  
SPINACH  
TOMATOES

Clip this list. It is valuable information to have.

### HERE'S HOW TO KEEP YOUR "C's" UNDER CONTROL

Vitamin C is another vitamin that just doesn't like water and air. The less water you use in cooking and the less stirring you do the more vitamin C you'll have left in your food. Improper cooking may result in the loss of nearly half the vitamin C content.

And you need your vitamin C for its health benefits to skin, teeth, gums, bones, joints and limbs. So when you cook foods containing vitamin C, use little water, cover the pan, cook at steaming temperature and DON'T stir.

For cooking foods containing Vitamin C and for every kind of cooking the absolute control of heat provided by the electric range is the ideal method. It is designed to best meet every need.

For the complete story on vitamins and the nutrition so important to strong, healthy bodies in these war days, ask for the services of your Home Service Representative. They are FREE.

## THE WEEK OF WAR REPORTS.

### Departments' and Boards' Activities.

Price Administrator Henderson issued a general price regulation placing rigid Government controls over retail and wholesale prices for the duration of the war.

Beginning May 11, manufacturer and wholesale prices may not exceed highest March 1942 levels for each individual seller. Beginning May 13, retail prices may not exceed highest levels charged by each seller during March. Beginning July 1, no one may charge more for services sold at retail in connection with a commodity than he charged during March. All retailers, manufacturers, wholesalers and sellers of services must preserve for pricing purposes existing sales records made during March. Every retail store as of May 18 must display publicly the ceiling prices for "cost-of-living" commodities.

Agricultural commodities are excluded from the order. Various other items which do not conform with the Price Control Act's definition of a "commodity" are exempt also. In addition Mr. Henderson issued orders for rent stabilization in 300 areas of 46 States and Puerto Rico, housing more than 76 million persons. Four-fifths of the rents will be frozen as of March 1, 1942. The remainder were ordered cut back to early 1941 levels.

President Roosevelt said the cost of living has advanced about 15 per cent since the autumn of 1939, and "we must now act to keep it from soaring another 80 or 90 percent during the next year or two—to hold it to some where near the present level." The President said "the only effective course of action is a simultaneous attack on all of the factors which increase the cost of living—prices, profits, wages, taxes and debts."

The Office of Price Administration said five different gasoline ration cards will be distributed during registration in 17 Eastern States and the District of Columbia May 12-14. One card will be for nonessential users and the other four will designate varying degrees of essential users. Commercial and Government users of gasoline will be exempt from the card rationing plan, OPA said, and such vehicles need not be registered if they are plainly marked.

The OPA announced appointment of 60 specialists to OPA offices throughout the country to serve as technical aides in handling problems arising from the sugar rationing program. Motor vehicles in essential services may not have new tires if recapped ones will serve their purposes, the agency said. New and used typewriters are not under quota restrictions but are available to eligibles who can establish their needs for them, OPA reported.

The Marine Corps announced its maximum enlistment age is now 33 instead of 30, and height requirements range from 63 to 75 inches, instead of 64 to 74. The first submarine completed in the Great Lakes was launched at a Wisconsin port. The Navy Department reported Navy, Marine Corps and Coast Guard casualties from December 7 to April 15 totaled 6,393, including 2,991 dead.

War Production Chairman Nelson said although the U. S. is "over the hump" in war production and United Nations output exceeds that of the Axis by a considerable margin, the real production war has just begun because of the head start of the Axis. More than 1,000,000 men and women are working in war plants where joint labor-management Production Drive Committees have been set up, he said. The War and Navy Departments announced jointly the establishment of a Price Adjustment Board in each Department to review financial setups of war contractors whenever there is reason to believe excess profits are being made.

The President told his press conference he hoped people would buy War Bonds and Stamps out of current earnings rather than from cash reserves. Treasury Secretary Morgenthau said investments of employees in firms operating under the Payroll Savings Plan must be raised at once to a minimum of 10 percent of the gross payroll. He said the number of employees purchasing Bonds regularly must be doubled, and average purchases raised from \$7.50 to \$20.00 per month.

### WARNING AGAINST BLOW-OUTS

Warning that an increase in "blow-out" accidents may occur this summer unless motorists with inferior tires make a practice of driving at low speed is contained in a bulletin just issued by the Keystone Automobile Club.

Many of the tires now in use, it is pointed out, will give long service if car speeds are held down. Heat is the greatest enemy of tires, the Club declares, and when the high temperature of summer is added to the heat engendered by fast driving the results are apt to prove disastrous to tires which are "bald" or recapped with reclaimed rubber.

Leon Henderson, Federal Price Administrator, it is further emphasized by the Club, has urged that cars with recapped tires be driven at speeds under 40 miles per hour. Quick stops and fast stops are also dangerous to the tire structure.

The imposing lobby of the new Navy Medical Center, Bethesda, Md., is lined with Vermont marble trimmed with white bronze.

The new Navy Medical Center, Bethesda, Md., contains the largest library in naval medicine in the world.

Applicants for the regular Navy Medical Corps must be under 32 years old; for the Naval Reserve Medical Corps under 50.
