This column is not for use in advertising any money-making program, fair, supper, party or sale. It is intended for news, personals, and such matters as may be of community interest.

Churches, Lodges, Societies, Schools, etc. are requested to use our Special Notice Department for money-making events.

Churches are especially given free use of our Church Notice Column, for brief notices concerning regular or special services. Large events will be cared for elsewhere in our columns.

Mrs. Ethel Hollister is spending a week with friends in Washington, D. C. and Vienna, Va.

Miss Dora Margaret Witherow, of Avon, N. Y., is a guest this week of Rev. and Mrs. Thurlow N. Null.

Miss Catherine Welty, Harney, Md., was week-end guest of Miss Mary Cutsail, Littlestown, Pa.

Misses Celia and Millie Brown, entertained on Sunday, Mrs. Effie Brown, of Waynesboro, Pa.

Milton A. Koons, one of Taneytown's former citizens, now employed in Baltimore, was in town Saturday evening.

Merwyn C. Fuss attended the New York Furniture Market this week, he was accompanied by Mrs. Fuss and daughter, Alice.

Miss Dorothy Kephart, left last Saturday to continue her graduate work at the University of Pennsylvania, at Philadelphia, Pa.

Roy Carbaugh returned home from a Baltimore City Hospital, on Sunday. He is recovering rapidly from a serious stomach operation.

Mrs. Roy Phillips has entered upon her studies at the University of Maryland where she will take a seven-weeks summer course.

Henry and William Smeltzer, of Washington, D. C. spent Saturday and Sunday with their aunt and uncle, Mr. and Mrs. John O. Crapster.

Mr. T. M. Buffington returned home today Friday, from an extended visit with his daughter, Mrs. Lutie Yohe and family, at West Palm Beach, Fla.

Mrs. Anna M. Snyder, Mildred and Rebecca Goetz, Ronald Doornberger, of Hagerstown, are visiting Rev. and Mrs. A. W. Garvin.

The Chamber of Commerce is planning a series of band concerts to be held during the summer in town each Saturday.

Misses Amelia and Elizabeth Annan spent a few days this week with Mr. and Mrs. Bothwell Mobray-Clarke in Washington, D. C.

In the absence of Rev. Paul B. Beard, pastor of Mt. Joy-Harney Lutheran Church, Rev. L. B. Hafer, of Taneytown, will occupy both pulpits next Sunday.

Miss Clara Bricker, who is teaching this summer at University of Maryland, at College Park, is spending the week-end with her parents, Mr. and Mrs. William F. Bricker.

Mrs. Harvey Ohler was taken to Annie Warner Hospital, Gettysburg, on Monday in the Firemen's ambulance where she still remains in a critical condition.

Dr. R. F. Wells moved in with his son, Earl, on York Street last Tuesday. Dr. Wells who practiced medicine in Manchester will continue his practice in Taneytown.

AIR-RAID SIGNAL TESTS

Will be conducted every Saturday at 11 a. m.

Beginning Saturday, June 27, at 11 o'clock, A. M., and each Saturday thereafter, at the same time, air raid alarm tests will be conducted in Taneytown, Air Raid Warden Raymond Davidson announced.

Tests of the air raid warning system will consist of a series of short blasts for a total of two minutes, to be followed by an all-clear signal exactly three minutes later, consisting of one long blast.

Air-Raid Warden Davidson asks that the public take no action when test alarms are sounded at 11:00 A. M. on Saturdays unless the warning is repeated, which would indicate an actual Air-Raid. The usual Monday siren test will be dispensed with.

LETTERS FROM SOLDIERS

MacDill Field, Tampa Fla, June 19. Dear Friends:

I have received your military kit. I am thanking you for the gift, and I know that you people are true Americans. So we are all pulling the same string and that's for victory. So every one can do their share to help win this war.

I am very grateful to the Carroll Record for sending me the free newspaper while I have been in the U. S. Army Air Corps. So will say so long for a while until we have victory.

PVT. ELWOOD S. NUSBAUM,
715 OVD. Co. Avniabi.

Scott Field, Illinois, June 20, '42. Friends:

I want to thank my friend who were responsible for the soldiers kit I received today. I appreciate it very much and find every article useful.

I also want to thank The Carroll Record for sending me a copy of their paper I read many things that happen at home that otherwise I would never hear about.

I like the army very much; am in the Radio School Division now, expect to be here about five months. Thanks to everyone who has tried to make me feel closer to home. Respectfully yours.

PVT. RAYMOND E. CLINGAN

DR. BENNER IMPROVING

Dr. C. M. Benner, who was injured in a fall with a ladder on June 8, was taken to the Frederick Hospital, Tuesday evening of this week for an X-ray examination. He has been improving and was able to sit in a chair several hours before going to the hospital. He expects to remain at Frederick a few days for observation.

TWO REGISTRATIONS

Within the next two weeks we will have two registrations which will vitally affect the public.

The first will be the registration next Tuesday of young men 18 and 19 years of age for military service. According to present law these can not be called, but the registration is to prepare for future need and in anticipation of a change in the law when necessary.

The second is the new registration of automobile owners for gasoline rationing. This was set for July 1-3, but the latest word is that it will be postponed about a week and the use of present cards extended from July 15 to July 22. The cards will be good for an additional unit after present units have been exhausted, or six gallons for the extra week.

STATE POLICE RECEIVE PISTOL QUALIFICATION MEDALS

On Wednesday, June 24, 23 troopers of Troop "C" of the Maryland State Police received medals awarded as the result of scores made in annual pistol qualifications early this month. The qualifications are held under match rules and standard 38 cal. ammunition is used.

The 23 troopers who received medals are members of Troop "C" which is located at various points in Carroll, Harford, Cecil and Baltimore counties. The men qualified as marksmen, sharpshooters and expert.

The high rate of qualification, 23 men out of 31 came as result of extensive practice held at barracks pistol ranges.

Each man was issued 100 rounds of 22 cal. ammunition a month and 50 rounds of 38 cal. ammunition every three months. These bullets were used for practice but were fired under match rules.

The medals were presented at a luncheon held at Troop headquarters, Belair, Md. An inspection was held by the Superintendent who congratulated the men on their fine showing.

Fire Company News

The ambulance made the following trips: Mrs. Sadie Woolery was taken to the Hanover Hospital on June 19; Roy Carbaugh was brought home from the Md. General Hospital June 21; Mrs. Edward Morelock was removed from the Frederick Hospital to the University of Maryland Hospital, Baltimore on June 21; Mrs. Harvey Ohler was taken to the Gettysburg Hospital on June 22; Mrs. Thomas Robinson was taken to the Woman's Hospital, Baltimore, June 22.

On June 19, the fire truck was called to extinguish a blaze on the Angell farm, near Kump Station.

TANEYTOWN PLAY-GROUND OPENS.

Will be ready for the Children Monday, June 29

A meeting was held at the home of Mrs. Francis T. Elliot on Thursday evening completing plans for the summer playground. Everything will be in readiness Monday morning, June 29, at 8:30 A. M., the opening day for the boys and girls of the community.

A handsome new sliding board will be an added attraction to the playground this summer; a gift of the local Kiwanis Club.

Mrs. Vernon Stiely will have charge and it is hoped that she will have the customary cooperation of the parents.

The hours of play will be from 8:30 A. M. to 11:30 A. M. each morning excepting Saturday and Sunday when the playground will be closed. The committee requests that no one enter the playground on afternoons and evenings or on Saturdays and Sundays until arrangements can be made with parents for volunteer leaders for evenings.

Every effort will be made to avoid accidents but if such should occur the committee must not in any way be held responsible.

The committee consists of Mrs. B. J. Arnold, chairman; Mrs. Sterling Ecker, Secretary; Mrs. William Hopkins, Treasurer; Mrs. Mary Wilt, Mrs. J. B. Elliot, Mrs. Thomas Tracey, Mrs. Francis T. Elliot, Mrs. Charles Stonifer and Mrs. Elwood Baumgardner. Any of these members may be contacted regarding volunteer leaders for evenings.

APPOINTMENT APPROVED

The Board of Directors of the Maryland Association of Insurance Agents passed a resolution congratulating the Governor of Maryland on the re-appointment of John B. Gontum as Insurance Commissioner. Concerning the appointment the Association says:

"His untiring efforts in behalf of the insuring public of the State of Maryland, his excellent generalship in the operation of his office, his understanding and considerate treatment of the insurance companies and insurance agents of the entire State, and the nationwide attention which he has attracted to the State, certainly bespeak the fact that in your selection of Commissioner Gontum you have exercised not only splendid judgment, but have, in our opinion, given to the insuring public, companies and agents alike, a servant of which Maryland can be justly proud."

NOTES OF REFORMED SYNOD

At the recent meeting of the Potomac Synod of the Evangelical and Reformed Church, held at Hood College, Frederick, Rev. Dr. George W. Richard, first vice-president and Professor Emeritus of the Lancaster Seminary, preached on "God's Search for a Man." He emphasized the need of War Emergency Relief and of the Church using her influence for the right kind of peace after the war.

It was decided to conduct a camp for young people at Faunetsburg, Pa., Aug. 10-22.

Seven young men were received under care of Synod as students for the ministry.

Delegates were elected to the General Synod now in session at Cincinnati, Ohio, as follows: Ministers Revs Dr. Scott R. Wagner, Hagerstown; E. J. F. Dobbart, Baltimore; Dr. E. R. Hartman, Frederick; Lay Delegates Harry Brindle, Hagerstown; A. LeRoy McCardell, Frederick; H. W. Schulthies, Baltimore.

Sixty-five ministers and forty-one laymen of the Synod were in attendance, together with about a dozen ministers and laymen from other sections.

It was decided to omit the Pen-Mar reunion on account of the tire and gasoline situation.

BUY A NEW STAMP

Owners of automobiles must remember that a new Federal Stamp must be purchased for each vehicle on or before July 1. These stamps will be good for one year. They may be purchased at any postoffice or from the Collector of Internal Revenue. The cost is \$5.00.

The stamps are gummed on the face side, suitable for placing on the windshield, and on the back there is provision for entry of the make, model, engine number, and State license number of the vehicle.

Any person who uses or permits the use of any motor vehicle without the stamp is liable to a fine of \$25.00 or imprisonment of thirty days, or both.

EDITOR CONGRATULATED

In a letter from our friend, George Edward Waltz, of Plainfield, N. J., renewing his subscription, congratulations and best wishes are extended to the new Editor. Also a vote of thanks is proposed for "those three loyal friends, L. B. H., W. J. H. and J. J. R., for carrying on so handsomely during the interim." He further expresses the hope that "their worthy contributions will continue."

(Thanks for the kind words. We would like to add the initials "G. E. W." to the above list of appreciative contributions.—Ed.)

FAIR MAY BE HELD

No Definite Action Taken to Cancel Plans.

Confusion has been caused with regard to the holding of fairs this summer by conflicting statements issued as authoritative. Last week Joseph B. Eastman, Defense Transportation Director, requested the deferment of all State and county fairs, as well as non-essential conventions, meetings and tours for the duration of the war.

Most people concluded at once that all the fairs, including the Carroll County Fair, would be off, and some fair boards definitely acted to omit their fairs this year. Others, however, stated that contracts had been made and orders given that would make it difficult to close their exhibitions.

Now the Maryland State Fair Board has sent out a communication to the various fair boards throughout the State saying that the Washington request does not apply to county agricultural fairs and exhibits in Maryland, because they depend wholly on farm trucks, private automobiles and local transportation facilities, and that in the absence of any official request or statement, fairs should not alter present plans to hold their fairs as usual this year.

It will be necessary to await further announcement with regard to particular fairs. The Carroll County Fair Board has taken no action as yet to call off this year's fair.

JAIL SENTENCES FOR FALSE STATEMENTS

Judge Griffith in Easton, Md., imposed a 30-day sentence recently on a man who made false statements to the Unemployment Compensation Board in order to draw unemployment compensation to which he was entitled. In two other recent cases, a Baltimore judge sentenced claimants to one year in jail and even when the money was paid back refused to suspend the sentence.

These and countless other incidents of their kind throughout the State during the past few months indicate the increasing attention being given to persons who have been drawing unemployment compensation illegally. According to John M. Whitmore, Manager of the Westminster office of the United States Employment Service, unemployment compensation is intended only for those who are unable to find work but are available and looking for work. Every statement by a claimant for unemployment insurance in Carroll County is being checked very carefully by his office and any person found to have drawn any checks while refusing work or not seeking work and falsifying their claim will not only be made to repay the money but will be turned over to the State's Attorney for prosecution.

Mr. Whitmore reports that due to employment demands there are practically no claims for compensation at present but urges that anyone in need of employees get in touch with him so that those few who are still on the compensation rolls may be put back to work at once. He also urges the public to report to his office at once any cases of refusal to accept work on the part of anyone to whom it is offered.

TIRES AND TUBES

A warning that waste on the part of motorists of our national rubber resources was hindering the more efficient operation of tire and tube rationing, was issued by Dr. Fred G. Holloway, Chairman of the Carroll County Rationing Board.

Dr. Holloway cautioned all eligible motorists to have their tires recapped when the tread designs has just about disappeared. Many applications for recapping have been received at a stage of tire wear at which recapping is impossible. It is extremely difficult to obtain recappable casings from sources other than the motorist own car. It was pointed out that car owners, even if otherwise eligible, will not be granted certificates if guilty of one of the common tire abuses enumerated below.

1. Speeding, especially on curves.
2. Overloading.
3. "Jack Rabbit" starts and stops.
4. Under inflation and over inflation of tires.
5. Braking on curbs in parking.
6. Failure to avoid sharp road objects.
7. Driving the tire beyond the point at which it is recappable.

Ordinarily, the best point at which to recap a tire is when the tread design has just about disappeared.

The most important of these by far, Dr. Holloway said, is No. 7. Motorists guilty of neglect in this important respect actually put an otherwise reusable casing completely out of commission, making it of no further value except as scrap.

To blackout the windows of a West Coast aircraft factory, it took 100 professional painters, working 24 hours a day, five days and five hours to complete the job. And they used 4,408 gallons of black paint.

The Record will go to press on Thursday of next week owing to the 4th. of July coming on Saturday. Please have all copy and advertisements in our hands one day earlier.

WESTMINSTER PASTOR TAKEN BY DEATH

Rev. Paul W. Quay a Victim of Deadly Fever

Rev. Dr. Paul Wilson Quay, for twelve years pastor of Grace Lutheran Church, Westminster, died at the Maryland General Hospital, Baltimore, on Sunday at 2:30 A. M. On Saturday he had been on a visit to his associate pastor, Rev. John Hess Belt who is a chaplain at Fredericksburg, Va., and complained of illness. On his way home he became much worse and soon after his arrival at home he was removed to the hospital in Baltimore in the Westminster Fire Department ambulance. The ailment was diagnosed as tick fever.

He was graduated from Gettysburg College in 1915 and from the Lutheran Theological Seminary at Gettysburg in 1918. He received his first call to Trinity Lutheran Church, Reisterstown, where he served from 1918 to 1921. From 1922 to 1928 he was pastor of the Fourth Lutheran Church, at Altoona, Pa. For a period of two years from 1928 he was relieved from pastoral duties and underwent treatment for an eye condition. He came to Westminster in 1930 as pastor of Grace Church. He received the honorary degree of Doctor of Divinity from the Gettysburg Seminary in 1940.

Dr. Quay was a son of the late William Wilson and Annie Hartman Quay, of Phoenixville, Pa. He leaves his wife, the former Margaret Susemihl, and a brother, Lester L. Quay, Wayne, Pa.

He was a member of the Masonic Lodge of Reisterstown, an honorary member of the 29th. Division Association, and of the Westminster Ministers' group. He served on the organization and policy committee for the Carroll County Minute Men in the present emergency and was to have been named Chaplain of the Westminster units today (Friday).

Funerary services were conducted in the church, Tuesday afternoon at 2 o'clock. The Rev. Raymond Sorrick, president of the Maryland Lutheran Synod, officiated, assisted by the Rev. Dr. Paul Wiedley, pastor of Grace Lutheran Church, Baltimore. Members of the church council served as pallbearers and four members of the council acted as a special guard of honor at the church Monday night. Private interment took place in Druid Ridge cemetery, Baltimore.

SUGAR RATIONING

Revisions in and amendments to the regulations with respect to consumer War Ration Stamps Numbers 5 and 6 and sugar allotments and applications for allotments by commercial and institutional users have been made and are now applicable in Carroll County it was announced today by Dr. Fred G. Holloway, chairman of War Price and Rationing Board No. 8.

Stamp Number 5 in the consumer's War Ration Book No. 1 may be used by the consumer between June 28 and July 25 for purchase of two pounds of sugar; and Stamp Number 5 may be similarly used between July 26 and August 22 for purchase of two pounds of sugar. These are provisions for use of stamps for which no period and weight value was previously included in the regulations.

Under the new provisions, in order to prevent the loss of fresh fruits, vegetables, eggs or dairy products in this region, local boards are now permitted to authorize applications to be made by commercial and institutional users at any time during the allotment period, and to extend the allotment periods for an additional month. Thus, an application by such users may now be made for July, August and September instead of for two months.

Local boards also may permit such applications to be made after the specified time, that is, in the present instance, after July 5, but in such cases boards must deduct the proportion of the allotment which is allotment which is allocable to the expired time.

Other changes in the sugar rationing regulations permit signing of applications for allotments by agents of owners of registering units, provided that the owner files written authorizations with the local board; and also permit application to be mailed to the office of the local board.

GOVERNOR O'CONOR SAYS

The armed forces and the civilian population of our country are a team. To be victors, the team must work together. It must be well organized, trained and coordinated.

There was a time when an army could operate successfully without the planned and close cooperation of the entire civilian population. Modern warfare has changed that. Today, it is total war, demanding the total effort of everyone. The fate of Democracy hinges upon the total effort of each individual in Civilian Defense, industry or on the farm.

More than 400 men, it is said, have been saved from a watery grave by a new lapel torch recently perfected by industry. Worn on the life jacket, the torch's glowing red bulb leads rescue vessels to men who otherwise might not be found in a dark sea.

An airplane manufacturer has substituted "attack plant" for "defense plant" in all factory signs.

FIRE-WORKS LAW

Insurance Commissioner Gives Statement

In response to requests for permits for displays of fireworks, State Insurance Commissioner John B. Gontum has issued a statement for public information.

Sparklers are prohibited now, the Act now in effect is more stringent than the rules and regulations issued by the Insurance Commissioner last year as modified by the Circuit Court of Baltimore City. Under the law now in effect the term "Fireworks" means fireworks of every description, defined as follows: Firecrackers, squibs, rockets, sparklers, roman candles, torpedoes, bombs, granades, fire-balloons, signal lights and any combustible or explosive composition, or any substance or combination of substances, or article prepared for the purpose of producing a visible or an audible effect by combustion, explosion, deflagration, or detonation. It will be noticed that sparklers which were permitted under the Court's order last year are barred under the present law. No section of the State is exempt from the operation of the law.

Under the terms of the law any person possessing or discharging fireworks in violation of the provision of the Act shall be guilty of a misdemeanor and shall be punished for each offense by a fine of not more than \$50. Any person selling fireworks in violation of the provisions of the Act shall be guilty of a misdemeanor and shall be punished for each offense by a fine of not more than \$200. Under the new law the Insurance Commissioner has the power to seize and remove, at the expense of the owner, all fireworks possessed or sold in violation of this Act, and the ownership thereof shall be forfeited and the same shall be destroyed.

A corporate bond is required before a permit may be granted. The Insurance Commissioner is authorized to grant special permits for display of fireworks in places where the discharge thereof will otherwise be legal. All applications for such permits for public display shall be made at least ten days in advance of the date of display and shall only be granted by the Insurance Commissioner after an investigation of the premises shall have determined that the display will not endanger the health or safety of persons in the locality or cause injury to property belonging to others. A surety bond with corporate surety to be approved by the Insurance Commissioner must be furnished not exceeding \$10,000.

Commissioner Gontum particularly calls the Fireworks Law to the attention of the County Commissioners, Police Department and Sheriffs of the State upon whom rests, to a large extent, the enforcement of the law.

ANNUAL MEETING OF BRETHREN

At the recent annual meeting of the Church of the Brethren, held at Asheville, N. C., about 2000 people were in attendance, with probably 1000 additional visitors on Sunday.

Rev. Wm. E. Roop, reports that Asheville is a beautiful city of about 50,000 inhabitants.

The number of official delegates was more than 400 with Eastern Pennsylvania most largely represented. The gathering always draws a large number of visitors from many parts of the country.

In an address the Moderator, Rev. Paul H. Bowman, of Bridgewater, Va., stated the peace position of the Brethren as one of loyalty to the government, yet advocating the peaceful settlement of international differences as no mere platitude. He appealed for the extension of the service of reconciliation which is represented by the Brethren's Service Committee.

Dr. W. W. Peters, president of McPherson College, McPherson, Kansas, was elected Moderator for the 1942 Conference.

Random Thoughts

(This is a reprint of an article formerly published. Owing to the popularity of these Random Thoughts we will for a time reproduce others of the same type.)

THE HAPPY MEDIUM

The happy medium between the grave and humorous is a fine combination. Life is a serious experience but we need not spend all of it, seriously—there should be room for both solids and deserts; for meats and salads, if we would be healthy.

A cheerful grin often drives a frown away, and makes us "good company" when the tendency is toward overdone solemnity. This often is true when we imagine that we have too much trouble, some of which may be fancied and not real.

We can congratulate ourselves when we have so much rain, that we at least do not have to water our flowers and plants. As somebody has said, "a little nonsense now and then, is relished by the wisest men."

Of course, there is ill-used levity as well as ill-used soberness, and one needs to be sure that laugh-provoking is not out of place, for a joke that does not fit is always a dismal blunder; and applause that was planned for but failed to appear, is worse yet.

away." This story is related in "Athens," the foreign correspondent, Countess R. G. Waldeck, telling about her experiences in Rumania at the time of the German occupation.

TO YOUR Good Health

by DR. NATHAN S. DAVIS, III

INFORMATION FOR THOSE WHO ARE OVERWEIGHT

True obesity is a constitutional disorder in which there is a compulsory tendency to gain weight unless the intake of food and expenditure of energy are kept under control all of the time. In this condition, the body tissues have a greater tendency than normal to deposit fat.

Fortunately many people who are overweight do not have this abnormal condition. During childhood, adolescence and early adult life, a high calorie, high vitamin, high protein diet containing adequate minerals is necessary for normal growth. At this period of life people are most active physically and need more calories. Thus they become accustomed to eating large amounts of food, are not satisfied with smaller quantities. When they stop growing and go to work they are apt to be less active physically and require less food. But they continue their usual high calorie diet and the

Infant Deaths in the United States Deaths per 1,000 Live Births

portion no longer needed for the production of heat and energy is converted into fat. Sometimes such a gain in weight does not come until the individual changes from hard manual labor to some less arduous type of work.

Gains During Pregnancy.

During pregnancy and while nursing their babies, women have to eat enough to nourish two and so eat much more than they did formerly. Then when the baby is weaned they continue on the high calorie diet. As they no longer require the extra nourishment, they gain weight and lose their lovely girlish figures.

The change of life in some 20 or 30 per cent of women so affects the balance between the various glands that their diet causes them to gain weight.

It is relatively easy for those who are overweight because they eat more calories than they require, to reduce. Those who have the hereditary abnormal tendency to accumulate fat, water and salt find it much more difficult. Many believe that exercise, even violent exercise, is necessary if weight is to be lost. Those who have never engaged in athletics or who are too old to engage in them, consider passive exercise or massage indispensable. While exercise is good if started gradually and not carried to extremes weight can often be lost more easily and rapidly without it. Exercise increases hunger and thirst and makes it more difficult to stick to a restricted diet and so harder to lose weight.

Low Calorie Diet.

A low calorie diet (1,000 to 1,200 calories) is absolutely necessary for weight reduction. Such a diet can often be best tolerated if a cracker, a glass of fruit juice, or of skim milk is taken between meals. Thus low blood sugars that cause ravenous hunger are avoided. Any reducing diet must contain enough vitamins, minerals and proteins to satisfy the body requirements. It should contain one pint of skim milk, one egg, two ounces of fish, meat or fowl, three servings of vegetables (one of them raw) including potatoes, two servings of fruit (one of them raw) and one and one-half patties of butter. It should contain a minimum of fats, sugars, sweets and starches and the fluid intake should be decreased. To make it quantitatively more satisfying, eat more meat, cheese and leafy vegetables may be taken.

When you have thus lost enough, add to your reducing diet just enough to enable you to maintain the desired weight. If you go back to your old diet, you will again rapidly put on the pounds.

"The constant drip will wear away the stone; the constant imperfection of nutrition, though this be relatively slight, will wear away the body."—Sir Robert McCarrison.

QUESTION BOX

Send questions to Dr. Nathan S. Davis, III, Winnetka, Ill. (Enclose a self-addressed, stamped envelope.)

Q.—What is vitamin B, and what vegetables or foods are highest in this vitamin? S. L.

A.—Vitamin B is a complex mixture of chemical compounds required to aid the utilization of foods by the cells of the body. Lima, navy, kidney and soy beans, buckwheat, whole wheat flour, ham and pork, beef, kidneys, liver, yeast, peas, and various nuts contain this vitamin.

Use of Cadmium Blamed For Food Poisonings

WASHINGTON.—Because of outbreaks in food poisoning, the Federal Security agency has advised manufacturers against using cadmium, a substitute for aluminum, in plating cooking utensils and refrigerator containers, Paul V. McNutt, Federal Security administrator, announced.

Mr. McNutt said the Food and Drug administration, and the United States public health service, following an investigation of outbreaks, have found they were due to cadmium, which, they said, contained a poisonous substance causing severe illness when taken in food, even in small amounts.

The Federal Security agency, Mr. McNutt said, has conferred with representatives of the plating industry, and as a result it is expected that this industry will cease using cadmium for such purposes. At the same time the Office of Production Management has stated that it would not release cadmium for this use.

The administrator said that both the food and drug administration and the public health service have reported that five of the outbreaks, involving at least 50 persons, were traced to the consumption of frozen foods which has either been chilled in refrigerators equipped with cadmium-plated ice trays or served in cadmium-plated metal containers. None of the recently reported cases has been fatal.

Order More Fortissimo For 'God Save the King'

LONDON.—Army brass bands in future must put more "pep" into the playing of the national anthem to the satisfaction of Gen. Sir George Jeffreys, who has long led an agitation for louder and more spirited renditions.

In the King's Regulations, which is the army "bible," it says that the first six bars of "God Save the King" must be played softly. The instructions now are being amended and they will be played "fortissimo" when circumstances make it desirable.

"Although a soft opening is effective and dignified in a concert room or broadcasting station," said a war office authority, "the first bars often are inaudible in the open air."

Tin and Lead Scrap Put Under Priorities Control

WASHINGTON.—Tin and lead scrap were placed under control of the director of priorities in the Office of Production Management.

The order applied to all transactions in these essential war materials and provided for monthly reports by scrap dealers and consumers.

The OPM prohibited all scrap dealers from accepting deliveries unless, during the previous 60 days, they had disposed of scrap in an amount equal to their inventories on the date of delivery.

Call Molybdenum Key Steel Alloy

Cheaper and Just as Good as Other Metals Used.

PITTSBURGH.—Molybdenum, a metal long neglected by American industry, is now playing a leading role in steel-making and is lessening this nation's dependence on foreign sources of steel-hardening materials.

The increasing use of molybdenum, according to Dr. A. A. Bates, manager of the Westinghouse research laboratories, is freeing war-restricted alloying metals for production of shells, tanks and guns.

"Molybdenum has been neglected for many years," Dr. Bates said. "But this metal now is playing a leading role in steel-making as a result of industry's search for substitutes to replace metals formerly obtained abroad."

Nearly 90 per cent of the world's molybdenum is produced in the United States, according to Dr. Bates. It has been slow in being put to use, however, because this country's stores of it were only discovered in recent years, and because of difficulties in learning to produce and heat-treat alloys containing the metal.

To cope with the great demand for nickel steel for making shells and armor, Westinghouse is now using molybdenum and chromium in place of nickel as the strengthening agent in steel for shafts, bolts, gears and other motor parts.

Replacing strategic tungsten in the manufacture of high-speed tool steel, Westinghouse engineers devised a method of making tools of molybdenum steel, which contains only a tiny percentage of tungsten.

Molybdenum alloy, engineers have found, is equal in quality to alloys formerly used and is cheaper.

"KEEP 'EM ROLLING"

Keeping old tires rolling—from consumers to rubber reclaiming centers to aid America's production program—are (left to right) pretty Peggy Hawkins, Janet Rowe and Peggy Kraft who have formed a committee to put over Atlantic City's salvage drive. They were caught by the cameraman on the celebrated Wooden Way where the dimout provides an intriguing background for the 1942 version of hoop-rolling.

FEESERSBURG.

Once we went fishing with an elderly friend, and after a time we sauntered to where he sat patiently awaiting results from bated hook, and asked how many fish he had caught and he replied—"Well if I get this one I'll have three fish," so it hadn't really rained early this morning the reaper would be heard in the land for the "wheat is ripe unto the harvest," and there's always something remarkable about its growth and production, the way we get our flour—not to mention the full process of getting it into bread for the table. My there's a lot we don't understand.

June Bostian invited six of her friends to help celebrate her 11th birthday last Wednesday afternoon, when she received gifts, and played games, and all enjoyed the good refreshments provided. The years seem to increase rapidly to one who watches the world go by.

Some of our citizens attended the pretty wedding of Newton Six and Reta Miller, in Middleburg Church on Friday evening. The ceremony was performed by her former pastor now living in Washington, D. C., assisted by the newly appointed one—Rev. Wendell Allen who moved from Marlow, W. Va. Another column will give a full account. At the same time another wedding party passed thro' town with 9 cars of serenaders making a loud noise long before they were in sight. They evidently were having lots of fun and won't soon forget the occasion.

Mrs. Wilbur Miller, Sr., with her children, Charles and Josephine Files, of Lancaster, Pa., visited friends in Frederick, on Sunday.

The Children's Service at Mt. Union on Sunday morning was very nice and well attended. Even when the little cots could not be heard they looked sweet and cute and took their places in song and exercises. A victory drill by 12 young girls was very pretty and well done. Rev. Bowersox held the close attention of the children when he addressed them on the use and importance of various pencils in a pocket case he held in his hand. The sum total of the offerings for the Tressler Orphans' Home was \$34.00. Many vases and baskets of flowers decorated the church. The organist rendered good music, and the choir sang the anthem—"I think when I read that Sweet Story" with variation. Many former members and friends of the school were present, and Mrs. Viola Dayhoff Baker and her helpers deserve much credit for their effort and labor for the success of the service.

We trust Father's Day was not neglected—but heard nothing special because of our own full service in the morning and company the balance of the day. Sorry to have missed the singing of "that Silver-haired Daddy of mine."

Mr. and Mrs. Marshall Taylor, of West Baltimore took dinner with the Birely's on Sunday. Before her marriage Mrs. Taylor (nee Maud Kump) lived in this community, and attended Mt. Union Church, and she too had part in the Children's Service.

Mrs. Addie Crumbacker accompanied her father, W. G. Crouse to Baltimore, on Tuesday, by way of W. F. Miller's express, to appear at the Eye Clinic of Md. University hoping to have glasses applied now Mr. Crouse sight is somewhat improved—and it would be great if eye glasses could help his infirmity.

The church bulletin contains the names of the councilmen of all four churches in the charge; and the service roll of the Parish which contains the names of Walter W. Myers, Jr., Fort Knox, Ky.; Reese L. Starner, Scott Field III; G. David Sprengle, Fredericksburg, Va.; of Baust Church; Henry C. Singer with the U. S. S. "Portland" at Honolulu, Hawaii, his sister, Miss Margaret Singer with the Red Cross in Iceland, and Lloyd Devilbiss, J. Fort Meyer, Va., of Uniontown Church; Ira L. Otto, San Francisco, Cal.; Donald C. Crawford, New York City; John Otto, Naval Air Station, Washington, D. C., from Winter's Church. The joint council recommended a Parish Brotherhood be formed, the first meeting on July 15, time and place to be announced later.

We do not hear as much about vacations as other years, nor receive as many scenic cards—only from our friends in military camps; one from Glenn McComas, with the State Militia of Calif, last week. One's young friends seem to be scattered everywhere now.

Summer commences at the time called the Summer Solstice, when the Sun is farthest north of the equator—this occurred June 21; so one may as well get the fans, fly squatters, mosquito nets, and other fixin's on hand and be ready for emergencies. Thank goodness! ice has not been rationed yet.

While in Frederick with his family on Saturday evening, Claude Moore, lost his purse containing ten dollars, his chauffeur's license, and other valuable papers. He drove back to report his loss and look for them—but the Police gave little encouragement, and nothing further has been heard.

MARRIED

HEAPS—CLUTS

Miss Virginia Jane Cluts, daughter of Mr. and Mrs. Charles R. Cluts, of Keysville, became the bride of Mr. Hugh Thomas Heaps son of Mr. and Mrs. T. Jerome Heaps, Highland, on Wednesday evening at 7 o'clock in the Evangelical Lutheran Church, Keysville. The officiating clergyman was the Rev. Charles Sellers, pastor of the bride. Preceding the ceremony a half hour recital was played by Malcolm Heaps, Maryville College, Tenn. and Highland, Md., brother of the groom at the organ, and Prof. Philip Royer, Westminster, violinist.

During the ceremony Schubert's "Ave Maria" was played very softly. The soloist, Catherine Hess, a classmate, sang "I Love You Truly" "Because" and "Until."

The bride was given in marriage by her father. Her wedding gown was of twilight satin, with sweetheart neckline, long sleeves and a long train. Her finger tip length veil fell from a coronet and her only ornament was a gold cross, the gift of her grandmother. She carried a white Bible covered with a white orchid from which fell a cascade of baby's breath.

Mrs. Gilbert Fleming, Sykesville, as matron of honor wore a blue chiffon dress with shirred bodice, sweetheart neck, puffed sleeves, full skirt and carried an arm bouquet of blue delphiniums, pink snap dragons and painted daisies. She wore a coronet of matching flowers in her hair.

The bridesmaids were: Mrs. Thos. Heaps, Pylesville and Miss Mary Emily Matthews, Pocomoke. They wore the same style pink chiffon dresses, with coronets and bouquets duplicating the matron of honor. The soloist wore a blue chiffon dress of the style of the dress worn by the matron of honor and a corsage of pink rosebuds. Jean Stonesifer, of Keysville, as flower girl wore a long pink organly dress and carried a basket of mixed flowers from which she scattered petals.

The groom had as his bestman, a cousin Thomas Heaps, of Pylesville, and the ushers were Gilbert Fleming, Sykesville, and Earl Baity, Highland. They all wore navy blue suits and carnation boutonnieres. The mother of the bride wore a long dress of black lace with a corsage of yellow rose buds and the groom's mother wore a long dress of blue chiffon with a corsage of pink rosebuds.

Potted palms and ferns, with vases of white snapdragons and tall white candelabra graced the altar. The service was performed by candlelight and the traditional wedding marches were used as well as the single ring ceremony.

A wedding dinner was served at Sauble's Inn immediately after the ceremony to the immediate families, bridal party and close friends. The guests were entertained by Henry I. Reindollar singing several selections. He was accompanied by Mrs. Wallace Yingling at the piano, "At Dawning" When I Was Among the Maidens, "Oh Promise Me" "Capt. Mac."

After rehearsal on Tuesday evening the bridal party was delightfully entertained in the home of the bride's parents. Gifts were presented to the members of the bridal party by the bride and groom.

The couple left for a short wedding trip after which they will be at home in Highland in their newly furnished apartment.

The bride is a graduate of Taneytown High School and Western Maryland College, and a member of the Bel Air Choral Club. For the past four years she has been teaching music in the high schools of upper Harford County, including the schools of Slate Ridge, Dublin, Highland and Jarrettsville.

The groom is a graduate of Highland High School and a member of the Bel Air Choral Club and is at present associate manager of his father's Highland Dairy and Fruit Farms. Both are actively engaged in church work of their respective churches.

SIX—MILLER

On Friday evening, June 19, in the Methodist Church, Middleburg, Newton Six, Jr., and Reta Miller were united in marriage by her recent pastor, Rev. M. L. Fearnow, now of Washington, D. C., assisted by the present pastor, Rev. W. Allen, Miss Edwina McKinney was at the organ.

Miss Janet Miller, sister of the bride sang "I Love You Truly," then to the strains of Lohengrin's wedding march the couple entered the church attended by Mrs. Ervin Ohler, of Westminster and Elmer Ohler, Wilbur Delphay and Samuel Palser served as ushers. The bride wore a pink gown of silk and lace, a corsage of orchid and baby's breath, and a white hat; the groom was dressed in a blue suit, and all the men wore boutonnieres of white carnations. The bridesmaid also wore a pink gown with white accessories, and corsage of yellow rosebuds. Both church and social hall where the reception was held were beautifully decorated, and many fine gifts were on display. A bounteous supper was served to 121 guests. A large three tier cake with fancy iced trimmings, and a miniature bride and groom graced the feast—Mr. and Mrs. Six will reside at the home of the grooms parents, Keymar. It added to the interest of this happy occasion to know the parents of the bride were wedded on the same date 24 years ago; and her cousin, John Smith and wife 16 years before—a family date.

The following guests were present: Rev. M. L. Fearnow, Rev. and Mrs. W. Allen, Mr. and Mrs. Newton Six, Jr., Mr. and Mrs. Frank Miller daughter Janet; Mr. and Mrs. Newton Six, Sr., daughter, Agnes; Mr. and Mrs. Wilfred Smith, Westminster; Mr. and Mrs. John Smith, daughter, Mary, of Keysville; Mr. and Mrs. George Humbert, Mr. and Mrs. John Blume, Mrs. Marion Collins, Littlestown; Mrs. Jacob Maus, Mr. and Mrs. William Maus, Tyrone; Mr. and Mrs. William Cauliflower, Mrs. Lloyd Cunningham, Baltimore; Mrs. Mrs. Ervin Ohler, daughter, Doris, Westminster; Mr. Halbert Poole, Mr. William Marker, Westminster; Mr. Elmer Ohler, Middleburg; Mrs. Ruth Stately, Westminster; Mr. and Mrs. Norman Six, daughter, Mildred, sons, Paul and

TEETER—NEELY

Miss Hannah Grace Neely, daughter of Mr. and Mrs. Donald H. Neely, Fairfield, was married to Attorney Daniel Edmund Teeter, son of Mr. and Mrs. John S. Teeter, Taneytown, Saturday afternoon at 4 o'clock in the Lower Marsh Creek Presbyterian Church. The Rev. Harry S. Ecker performed the single ring ceremony. The church was decorated with white bride, who was given in marriage by her father, had her sister, Miss Helen Neely for her maid of honor. Mrs. Mark A. Eckert, Mrs. Robert A. Wills and Misses Jane and Agnes Neely, all sisters of the bride, were her bridesmaids. Little Miss Dona Barkley, Bethesda, Md., was the flower girl, Richard R. Teeter, Taneytown, was bestman for his brother. The ushers were Mark A. Eckert and Richard H. Eckert, Gettysburg; John D. Teeter, Taneytown, and Robert A. Wills, Fairfield.

A reception for members of the family and friends was held at the home of the bride immediately after the ceremony. Mrs. Teeter was graduated from Fairfield High School and from the Chambersburg Business College. Mr. Teeter is an alumnus of the Taneytown High School, Gettysburg College, and the University of Pennsylvania Law School. Since his graduation he has been practicing law in Gettysburg. The couple left on a wedding trip with the destination unannounced.

SLONAKER—TRESSLER

Last Saturday evening at 7:30 a wedding took place in the Presbyterian Church between Allen A. Slonaker and Bessie M. Tressler, both of Fairfield, Pa. Rev. Charles S. Owen, officiated. Miss Elizabeth Annan played the wedding march.

The bride wore a blue wedding gown and was attended by a maid of honor who was dressed in a pink and carried a bouquet of lilies. Both the bride and groom presented each other with a ring in a double ceremony. The immediate families and friends of the couple witnessed the marriage.

The groom is stationed at Camp Pendleton, Virginia, and had secured a ten-day furlough for the wedding trip. The bride works in Gettysburg.

OLP—NESS

On Saturday morning, Pauline M. Ness, of York, Pa., R. D. 3, and Franklin Olp, of Jacobus, Pa., were united in marriage at the Reformed parsonage, Manchester, Md., with the ring ceremony by the Rev. Dr. John S. Hollenbach.

CARD OF THANKS

I wish to extend my sincere thanks to all who sent me flowers, cards, letters and gifts during my illness at the Hospital, and since at home; also the many prayers offered for me.

MISS ROSANNA KEILHOLTZ.

DON'T YOU UNDERSTAND?

Shout it from the house-top,
Let the echoes ring,
We are free Americans—
Each one is a king,
None will be subservient
To an Alien lord—
Wealth and power, and might we have
Bountiful—upstored.
Standing at our portals
Are the choicest of our land
Each equip with gun and bomb
Ready and at hand
This is our America,
Don't you understand?

GAME KILLED IN COUNTY

Section 15 of Article 99 provides that every person who purchased a hunting license shall make a report of their kill of game on or before Jan 15, after the close of the season.

Since this was a new law many hunters were not familiar with it and did not make a report. Seventy-one percent of all hunters who purchased hunting licenses in Maryland, cooperated. Twelve per cent reported no game killed. All figures are based on actual reports received. There are no estimates included on the game killed by persons who failed to submit the required report, nor on the game killed by farmers or landowners, their children and tenants, who are not required by law to procure a hunting license.

The game kill reports in the county, as follows: Rabbits, 15,438; squirrels, 9,463; pheasants, 332; quail, 542; Doves, 445; Raccoons, 100; Opossum, 545; Woodcock 48; Wild Ducks, 38; Rail Birds, 21; total amount killed 26,972.

Hunters reported game killed 2,270. hunters no game killed 124. Total licenses sold 2,779; hunters failed to report 385, percent of the reports received 86 percent. The total weight of all game killed in the State is 994,976 lbs., which when reduced to tons is 497 tons 76 lbs.

Dividend Printing

There is one kind of printing that you want—printing that pays a dividend on the investment.

A letterhead with right sort of type properly balanced is a real business asset. It wins the approval of the person receiving your letter, and while he is in this frame of mind your letter is read.

The same reasoning applies to any other job of printing. Neatness, the right weight and kind of paper, the color of the ink, the selection of the type, all play an important part in the production of dividend printing.

We are equipped to give you that kind of printing. Let us prove it to you.

Forty-Seven Years Ago.

The Junior C. E. Society, of the Lutheran Church, held a picnic social in the grove below the cemetery.

Cards were out announcing the marriage of Harry A. Reindollar to Miss Mazie Brewer Bealmear, both of Baltimore City. Harry, who was the son of Mr. Charles F. Reindollar, of York Road had numerous friends and relatives in Taneytown.

Wm. B. Crapster of this place was one of the recent graduates at the Maryland Agricultural College and was awarded the gold medal for highest standing during the four-year class, and a gold medal as Captain of Company C, of the battalion of cadets, winners of the company competitive drill. He was also one of five who were recommended to the War Department, for excellency in military tactics.

A well-known resident of Carroll County, Mr. Thomas F. Shepherd, expired at his home in Uniontown, Md.

The History of New Windsor as written by Frank J. Devilbiss was published serially in The Carroll Record and was quite interesting.

Both Corbett and Fitzsimmons had begun a mild form of training for their great battle which was to take place at Dallas, Texas, in October.

SAGAS OF THE SKIES

by R. C. Oertel

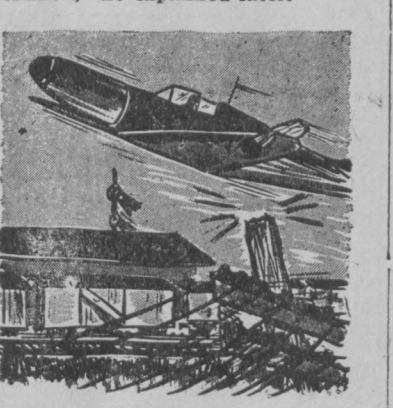

Manager of Aviation Division Eso Marketers

WHEN Pilot Officer J. J. Lynn, a twenty-four year old resident of Alhambra, California, in peacetime, and a member of the ROAF these days, sets out to attack Nazi-occupied France he always hopes to come back safely. Never did he dream of returning to his base in England laden with souvenirs. The collection of souvenirs is a task best left to ground soldiers. All they ask of the air fighter is that he bring back himself and his plane. Never mind the souvenirs!

Pilot Lynn went over to France in his Spitfire recently to do a little job of attacking. He dived low to go after a train which was on a railroad siding in France. Conventionally, he put his plane into a sharp climb once the attack was made. As he did so the plane hit something. "I rocked a bit after the collision," he explained later.

And no wonder, either. Lynn's plane had hit a telephone pole as he climbed abruptly to get into safer air. The force of the collision snapped off a piece of the pole and drove it a third of the way into the plane's wing.

It takes more than a piece of telephone pole in a wing to stop a war pilot, though, as Lynn demonstrated. Plane, pole and all were flown successfully back across the English Channel and not until he had landed did this young fighter pilot find out that he had brought back part of a French telephone pole as a souvenir of his excursion over the enemy's territory.

WAR GARDEN INSECT SERIES—No. 3

War in the Cabbage Patch

In the book "Destructive and Useful Insects," by Metcalf and Flint, it is stated that about a million pounds of cabbage is destroyed annually by insects. Several insects are responsible for this loss, but most of them can be controlled if care is taken.

A bad one is the cabbage aphid, which causes leaves to curl, crinkle and form cups lined with aphids. Cauliflower, kohlrabi, brussels sprouts, kale, turnips, radishes and similar plants are all attacked by the same pest and treatment is the same.

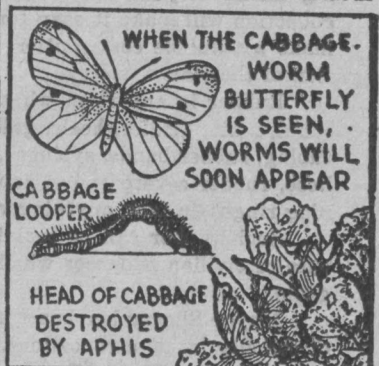

Nicotine, in the form of a dust or in a spray, will control the aphid, but these plants are difficult to spray or dust, due to the pockets formed. Be sure to put a lot of force behind the sprayer and wet the plants thoroughly. Black Leaf 40 is especially good if used, because it gives off fumes which penetrate the crevices of the plants. A rather strong solution is needed here—say, about one teaspoonful to two quarts of water, with a little laundry soap added to make suds. Home gardeners seldom know how to make up dust, but it can be made by mixing 2½ to 3 pounds of Black Leaf 40 with 50 pounds of hydrated lime in a closed container, rolling with a dozen stones added to stir up the dust and make a complete mixture. This dust should be applied as soon after mixing as possible.

Cabbage Worms Are Tough Customers

At the time you are killing the aphid with Black Leaf 40, you will also destroy some tiny cabbage worms, of which there are several varieties. Worms should be killed when they are young and immature, for they get tougher as they

grow older and are hard to kill in the adult stage, or when over one-half inch long. Lead arsenate will destroy the worms if sprayed where they are eating; however, this is poisonous to humans and should not be used too close to harvest time. Some weeks should elapse between spraying and harvest—longer, if there are no rains.

One kind of cabbage worm hatches from eggs laid by a little white butterfly with three or four

black spots on its wings. These worms also attack many other garden crops, including all of the cabbage family and also lettuce, radishes and the like, and some varieties of flowers.

There is another variety of cabbage worm, called the cabbage looper (measuring worm). Each worm in time turns into a moth, which in turn lays eggs. The moth in this case is brownish or bronze color, and has a marking on each wing like a tiny figure eight. It usually flies in the evening about dusk.

When you see moths flying in your cabbage patch, be they white or brown, get out the sprayer. You won't kill the moths, but you will destroy the hatching worms. The worms will be tiny and that is the time to get them. Use 1 teaspoonful Black Leaf 40 per quart of water for worms.

ALCOHOL FACTS VERSUS
DRINKING PROPAGANDA

LESSON TEXT—Proverbs 21:17; 23:32; Isaiah 5:20-23; Hosea 4:11; Joel 3:2, 3; Ephesians 5:18.
GOLDEN TEXT—If sinners entice thee, consent thou not.—Proverbs 1:10.

The facts are on the side of the one who opposes the liquor traffic, and they are so plentiful and so devastating that the industry does not care to face them. Their "best bet" is to use propaganda so skillfully prepared as to disarm the reader. If the propaganda is truthful, it is only because it has to be, and only in that measure.

Our lesson suggests several points in the liquor propaganda, each of which we can prove to be untrue.

I. They Say, "Enjoy Life, That's What We Are Here For" (Prov. 21:17).

Consider the ads of the liquor trade. They carry the beautiful lady, the brilliant young man, the socially correct surroundings, riches, ease, etc. They suggest that even the grandmother in the home approves the use of intoxicants to bring comfort and pleasure to the breadwinner in the home.

What is the truth? Man is not here for pleasure; he is here to serve God. History demonstrates that the nation that lives for pleasure, especially in connection with the use of intoxicants, is doomed to extinction.

II. They Say, "Liquor Is Not Dangerous" (Prov. 23:32).

It is presented as a pleasant and harmless stimulant, when in fact it is known to science, to police and social welfare workers as a narcotic which not only upsets digestion and deranges physical processes but, most vicious of all, "affects personality by its action upon the certain specific brain area. It disturbs, confuses, slows down, and removes the restraints, the checks and balances which make a well-rounded personality. It is the highest functional level of the brain, the personality level, which is first put into eclipse by the action of alcohol" (Carson Taylor).

III. They Say, "Those Who Oppose Liquor Are Fanatics" (Isa. 5:20, 21, 23).

The prophet answers that claim by pointing out that those who favor the use of alcohol are the ones who call evil good and good evil, etc. A little study of liquor propaganda as it appears in the advertising of the industry soon demonstrates that fact. Of late they have been trying to convince us that beer is just a soft drink for the home. Any policeman who has seen a man drunk on beer, and any social or religious worker who has seen the destruction it has wrought in the home and in society, knows that is not true.

IV. They Say, "Strong Men and Leaders Are Drinkers" (Isa. 5:22).

Sadly enough, many of our leading men do indulge in liquor, but if the truth were out, it would be known that they are less capable as leaders and weaker men for their use of it. And who has not seen a leader become a poor dervic by the alcohol route, or a strong man become a jittery mental, moral, and physical wreck in the same way.

The work of a nation in both war and peace is done by sober, steady, trustworthy men who have a "clear head," not because they use a certain whisky but because they do not use it.

V. They Say, "The Pleasure Is Worth Price" (Hosea 4:11; Joel 3:2, 3).

The wicked ones who captured Israel felt they made a good trade when they gave a boy for a harlot, or exchanged a girl for wine. The modern system of making merchandise of boys and girls is not as openly crass as that, but when you figure the cost of alcohol to our land, be sure to add in the girls who have gone into inquiry by the way of tavern hostesses and the boys who have lost everything sacred because of "booze."

Remember too that the beer makers are deliberately using this war to cultivate a taste for beer in millions of young men—their future customers—and we are letting them get away with it, right in the army camps.

VI. They Say, "Drinking and Religion Go Well Together" (Eph. 5:18).

The contrast of Paul gives that claim the direct brand of falsehood. Being drunk with wine is the exact opposite of spirituality.

Liquor interests know that if church members can be led to believe that wine at dinner, beer as a soft drink—and an occasional social cocktail—is not incompatible with religious life, they will have effectively shut the mouth of the opposition they fear the most—the church.

Let pastors and church boards deal plainly and drastically with drinking church members, and the church will profit spiritually, and a gain become an effective means of stemming the tide of social iniquity which is engulfing our nation.

THE WEEK OF WAR REPORTS.

Departments' and Boards' Activities.

Price Administrator Henderson told the press if price ceilings hold during the next 20 months the entire war effort will cost \$62 billion less than it would cost if prices rose as they did during the last war. He said savings on steel alone under price ceilings were more than \$161 million in 1941.

Approximately 2,000,000 to 2,500,000 persons eventually may be helping with price control and rationing, although few of them will be concerned directly with enforcement, he said. He stated he might take over some of the WPA staff in setting up the OPA organizations in State and district offices, because its facilities apparently were available as more and more people were going into employment from relief rolls.

The War Manpower Commission said the goal for men in the armed forces is 6,000,000 to 7,000,000 men by the end of 1943; 20,000,000 workers will be needed in war production and transportation by 1944; 12,000,000 will be required to harvest the 1943 crop. The President's Committee on Fair Employment Practice said in 1944 high school enrollment might be reduced by 40 to 50 percent, college enrollment by 70 to 80 per cent, and half the nation's schools may be closed due to the increasing need for war workers.

The President signed legislation appropriating an additional \$9½ million to finance the cost of training war workers in vocational courses of less than college grade. Selective Service announced registrants in the non-military age group 45 to 65 will receive occupational questionnaires shortly which will be used to locate individuals with professional and scientific qualifications and with essential skills. The WPB said Pacific coastal lumbermen will be considered for temporary draft deferment. Agriculture Secretary Wickard said the farm labor supply problem might be solved if either the Government paid transportation expenses as part of the war program, or farmers pooled expenses to bring in the migrant labor they need. Railroads have already agreed to reduce fares for migrant farm workers.

The U. S. signed an agreement with the Republic of Costa Rica, under which this Government will purchase all of Costa Rica's rubber production for the next five years, and will aid in development of potential rubber resources there. The Post Office Department directed rural carriers to cooperate in "every reasonable way" in the scrap rubber collection drive, and to help transport the scrap to collection depots from homes and farms on their routes.

The President signed legislation granting pay increases to members of the armed forces retroactive to June 1, with a minimum base pay of \$50 a month—the first general pay increase in 20 years. Congress also completed action on a bill to provide financial aid for dependents of men in the four lowest grades of the armed forces and authorizing deferment of married men with legitimate home ties. The Senate passed and sent to the House a bill to provide men who entered the armed forces since passage of the Selective Service Act with \$5,000 insurance in event of injury or disease contracted while on active duty.

The War Department directed "no military personnel on duty in any foreign country or possession may marry without the approval of the commanding officer of the United States Army forces stationed in such foreign country or possession."

The House passed and sent to the Senate the \$8½ billion Naval Expansion Appropriation Bill to provide 500,000 tons of aircraft carriers, 500,000 tons of cruisers and 900,000 tons of destroyers and destroyer escorts. The President signed a bill permitting the Navy to increase the number of its lighter-than-aircraft from an authorized strength of 48 to 72.

The White House announced British Prime Minister Churchill and President Roosevelt are conferring in the U. S. on "the war, conduct of the war, and the winning of the war."

The Western Defense Command announced a submarine presumed to be Japanese on June 21 fired six to nine shells into a sandy waste on the Oregon coast line near Astoria, in the second attack on the North American Pacific shore in 24 hours. Earlier, shells were fired at Estevan Point, Vancouver Island. The Navy said two ships previously announced sunk by submarine fire off the Virginia coast were sunk by enemy mines, the first authenticated instances of mines in American waters in this war.

The Navy said U. S. air forces engaged in "restricted air operations against Kiska," Aleutian Islands, where enemy "tents and minor temporary structures were observed to have been set up on land." A small force of Japanese ships in the harbor was bombed by Army aircraft, with hits scored on one cruiser and one transport sunk. Earlier, U. S. bombers sank an enemy cruiser, damaged an aircraft carrier, three enemy cruisers, one destroyer, a gunboat and a transport, and shot down four enemy planes. On the Australian north-eastern front, Allied forces lost 11 planes compared with 26 Japanese shot down and several destroyed on the ground. U. S. bombers based in North Africa scored several direct hits on two Italian battleships, and shot down one German plane. All U. S. planes returned safely to their base. During the week 16 Allied merchant vessels were sunk, including eight of U. S. registry.

American production of the large-type bombing planes, of the sort used for destroying centrally located industrial plants in Germany, is running ahead of schedule by as much as 70 per cent.

SCOUTS TO MAKE RUBBER CANVASS

A house-to-house canvas to collect additional rubber for the war effort will be made by the Taneytown Boy Scouts, Troupe 348, on Friday of the coming week.

This canvas is to supplement the advertising appeal now being made by local service stations for citizens to bring in their rubber items. Scouts will haul all donated rubber to a central repository, the proceeds from its final sale to be given to the United Service Organizations.

Fliers will be distributed the first of the week advertising the Scout plan, and it is hoped that the house-to-house collection will make it easy for all who want in this way to make a valuable contribution toward the successful prosecution of the war.

Rubber in any form whatsoever is needed—old tires, tubes, mats, girdles, heels, galoshes, garters, water bottles, tubing, rubber bands, syringes, golf balls, rubber pads, rubber hose, rubber-covered wire, rubber fan blades, washers, canning rings—in fact, anything which has any rubber in it at all.

Such rubber can be reclaimed and applied to military uses or civilian purposes which directly assist the war program.

Mayor Shoemaker has very kindly consented to the use of the city lot as a repository, and the town government is aiding the Boy Scout effort in other ways as well.

Please have your rubber pile ready for the Scouts when they come around.
