## SCHOOLS WILL ASSIST IN FUEL OIL RATIONING

Citizens of Carroll County who use fuel oil or kerosene for any purpose are requested immediately to go to their dealers and secure the proper application blanks covering their particular use. The following schools in Carroll County will be opened from 8 P. M. to 9 P. M., and teachers will give assistance in filling out these applications. It is imperative that all users of fuel oil and kerosene secure the proper applications and mail them to this board after their completion so that no one will suffer as a result of not having a coupon book. This is a fair warning and ample time has been given for everyone to comply with this request. If you cannot be supplied with these forms from your dealer it is suggested that you write or come to the local Rationing Board in Westminster for your application blank. In writing for these forms be sure you state for what purpose you use fuel oil or kerosene.

The schools which will assist in this program are as follows: Westminster, Sykesville, Mt. Airy, Union Bridge, New Windsor, Taneytown, Manchester, Hampstead, Charles Carroll, Sandymont, Mechanicsville, Uniontown and Winfield. If these applications are to receive prompt attention they must be in the hands of the Rationing Board not later than November 11. Anyone not meeting with this request will be forced to suffer the consequences.

## CHAMBER OF COMMERCE MEETS

Arrangements were made for the Annual Christmas Party

The Taneytown Chamber of Commerce met in regular monthly session, Monday evening, with the president, Mr. Merwyn C. Fuss, presiding. Twenty-eight members were present.

A report on the success of the scrap metal drive was given by David Smith. About 12 tons of metal had been collected and several bids had been made for the purchase of this material.

In the report on the Minute Men activities it was noted that most of the uniforms had arrived and that this group of men are planning to enter the Armistice Day parade to be held in Westminster, Nov. 8.

President Fuss and Treasurer Chas. R. Arnold reported the transactions necessary for the rebuilding of the Blue Ridge Rubber Company Factory as concerns the Taneytown Chamber of Commerce. The plan as presented received the approval of the members present.

The Treasurer read his annual report. A committee was appointed composed of Clyde L. Hesson, Samuel E. Breth and Wm. B. Hopkins to audit the treasurer's books.

It was decided to hold the annual Christmas Treat for the children on Thursday, December 24, at 2:00 P. M. at Baltimore and Middle Street, weather permitting. If weather is inclement the party would be held in the High School Building. The following committee was appointed and authorized to purchase the treat for the children: Curtis G. Bowers, Harry Daugherty and Marlin Reid.

The following were nominated as officers for the coming year: for President, Merwyn C. Fuss, Earl R. Bowers; for 1st. Vice-President, Jas. C. Myers, H. B. Rover; for 2nd. Vice-President, David Smith, Samuel E. Breth; for Secretary, Bernard J. Arnold, Rev. L. B. Hafer; for Treasurer, Chas. R. Arnold, Harry M. Mohney.

Two new members were elected to membership, B. Walter Crapster and Chas. E. Rittor.

Refreshments were served.

## FLAG DEDICATION AT SNYDERSBURG CHURCH

Plans are being made for the dedication of a Christian and an American flag at worship at St. Mark's Lutheran and Reformed Church, at Snyderburg, Md., on Sunday at worship at 8:45 A. M. Both pastors will be present.

Since it is the stated time for worship conducted by Rev. Dr. John S. Hollenbach of the Reformed congregation he will deliver the message on "A Time for Everything." The newly elected pastor of the Lutheran Church, Rev. Ralph Baily will take part in the worship and in the service of dedication. The lodges of Snyderburg have been invited to attend. All members of the congregations and the Sunday School are urged to be present. Let us make it a worthwhile occasion.

## SERVICE MEN LETTERS

Containing Thanks for The Record and Kit.

Dear Sir:  
My continued thanks for receiving the Carroll Record. With the gas rationing in effect, plus transportation in all fields being less available, the opportunity for the men in the service to get home will become less and less.

Here at Camp Lee, work has been speeded up to the point that it is rather difficult to get a leave. Thanking you again for the "Carroll Record," hoping that you will continue to send them. Sincerely,

CAPT. PAUL H. MYERS,  
Co. "K" Commanding  
9th. G. M. Trg Rgt.  
Camp Lee, Va.

Dear Members:  
Having received a kit, I wish to thank all those who had a part in preparing the kit, which was given to me. Sincerely,

LAVERNE M. ZEPP,  
Miami Beach, Florida.

## THE KID HAS GONE TO THE COLORS

The Kid has gone to the Colors  
And we don't know what to say:  
The Kid we have loved and cuddled  
Stepped out for the flag today.  
We thought him a child, a baby,  
With never a care at all,  
But his country called him man-size  
And the Kid has heard the call.

He paused to watch the recruiting  
Where, fired by the fife and drum,  
He bowed his head to Old Glory  
And thought it whispered: "Come!"  
The Kid, not being a slacker,  
Stood forth with patriot joy  
To add his name to the roster—  
And, God, we're proud of the boy

The Kid has gone to the colors;  
It seems but a little while  
Since he drilled a school boy army  
In a truly martial style.  
But now he's a man, a soldier,  
And we lend him listening ear,  
For his heart is a heart all loyal  
Unscourged by the curse of fear.

His dad, when he told him, shuddered  
His mother—God bless her—cried;  
Yet, blessed with a mother nature,  
She wept with a mother pride.  
But he whose old shoulders straightened  
Was granddad—for memory ran  
To years when he too, a youngster,  
Was changed by the flag to a man!

WILLIAM HERSCHELL, in the  
Publishers' Auxillary.

## IDLE TIRE PURCHASE PLAN

Motorist of Carroll County are advised that they are to turn in all in excess of five tires on their passenger vehicle. These tires may be given or sold to the government. Anyone having in their possession more than five tires should pick out the best five tires and sell or give the rest to the government through their local railway express agency. It is suggested that this be done immediately as future plans of the Rationing Program will not permit any one individual to have in his possession more than five tires per car.

## FUEL OIL PROGRAM

Individuals in Carroll County who use fuel oil or kerosene for any purpose whatsoever must fill out an application for their particular need. As fast as these forms are received by the local Rationing Board they will be distributed to the dealer, who in turn, will give them to the applicants. After November 1, 1942, these forms may be obtained from the Local Board by calling in person or a mailed request. Individuals who use fuel oil or kerosene for heating purposes must comply with the following:

Applications must be filled out completely.

Certifications as to purchases during base period must accompany application. The owner of the premises (or his agent) must sign the certification on page 4 if the application is made by anyone other than the owner unless the applicant shows good cause for his failure to obtain certification.

There are at the present time five different types of application blanks, namely:

OPA R-1100—Private dwelling applications for heat and hot water.

OPA R-1101—Premises other than private dwelling for heat and hot water.

OPA R-1102—Industrial, commercial and Government uses.

OPA R-1103—Domestic, institutional, agricultural and miscellaneous applications.

OPA R-1104—Special auxiliary applications.

## P. E. Employees Meet

The Potomac Edison Employees Association met Wednesday evening in the Home Service Hall at the company's local office. The employees wives and families were guests of the association.

Nomination of officers for the ensuing year were made. Movies taken at the house-warming in June were shown as part of the entertainment. Refreshments in keeping with the Halloween season were served.

## THE WEEK OF WAR REPORTS.

Departments' and Boards' Activities.

The Senate passed legislation to lower the draft age from 20 to 18. The Senate bill did not conform with the one passed earlier by the House, however, so the legislation was sent to conference to adjust the differences.

Educational deferments in the Senate bill would be limited to high school students in the last half of their academic year. The Senate bill would also defer farmers and farm labor from military service wherever their induction would curtail agricultural production, until replacements could be found. The bill would exempt men from Selective Service induction after they have passed their forty-fifth birthdays.

Five strong Japanese attempts to wipe out the American foothold on Guadalcanal Island have been beaten off by Marines and soldiers at a cost to the enemy of five tanks and heavy casualties. The Navy announced late October 25. Four attacks were launched during the night of October 23 and 24, paced by tanks and covered by a field artillery barrage, and the fifth attack was thrown back early the next morning. U. S. artillery, firing from emplacements in the dense jungle, were credited with a large share of the American success in the first real test of strength with the Japanese on over land in the Solomons area between October 23-25, 21 Japanese aircraft were destroyed and three damaged, three vessels damaged and two probably damaged, with the loss of one U. S. airplane. Earlier the Navy reported the destroyers O'Brien and Meredith were lost in the Solomons as a result of enemy action.

Gen. MacArthur's headquarters in support of American forces in the Solomons have delivered another heavy blow to Japanese shipping in Rabaul harbor, increasing their total sunk or damaged there to 100,000 tons in three days. A cruiser, destroyer and two cargo ships were believed definitely to have been sunk. Lt. Gen. Stilwell's Chinese headquarters reported American planes raided Hong Kong October 26 for the second time in two days and also dropped bombs on Japanese-held Canton.

U. S. Flying Fortresses destroyed nine German fighters in attacks on the Lorient submarine base and a Nazi airbase near Cherbourg. Army Air Force headquarters in London announced. Three U. S. bombers were sinking of five more U. S. merchant vessels in the north Atlantic, four in July and one in September. U. S. Naval forces again raided the Gilbert Islands, sinking two patrol boats and damaging two larger vessels.

Secretary of War Stimson told his press conference that names of four captured U. S. fliers claimed in Tokyo propaganda broadcasts correspond closely to the names of four missing men, but stated the War Department had no information that the Japanese were failing to abide by international law and the Geneva Convention for the treatment of prisoners. Mr. Stimson said "some of the planes" in the raid on Tokyo "encountered bad weather after they left Japan and were forced off their course. One landed in Siberia. Several others made forced landings at night in China," but no American plane was shot down. He said "a very few of the crews of these planes are carried on the list of missing. Some may have been forced down by the lack of gasoline in Japanese-controlled territory." Later the War Department announced the names of three other participants in the Tokyo raid "understood to be missing."

The Office of War Information said "secrecy was highly desirable in the hope of saving the lives and securing the freedom of certain crew members who crash landed in areas controlled by the enemy." Complete examination of the reasons for maintaining secrecy about the results of the raid cannot be made even yet, the OWI stated. Lives "of great value to the American cause" would be endangered by "the very explanation," the announcement said.

Price Administration Henderson ordered nationwide rationing of coffee, effective at midnight on November 28 on the basis of one pound each for all persons who were 15 years of age or older when they registered for sugar supplies on May 4-5. All retail sales of coffee will be frozen at midnight, November 21, for the week before rationing begins in order to permit merchants to stock their shelves. Consumers will not have to register to obtain coffee. They will use their sugar rationing book. To get the first coffee ration, the consumer will be required to surrender the last stamp—No. 28—in the sugar book. Subsequent rations of coffee will be on coupons taken in sequence toward the center of the book.

Rubber Director Jeffers reported chemists would develop "within five or six months" a 100 percent synthetic tire good for all but military and heavy truck duty, but such tires will be allotted for essential civilian driving only. The first large synthetic rubber plant will be opened at Institute, W. Va., sometime in December. "Sometime after mid-1943, we ought to have enough synthetic tires to make an appreciable difference in

## KIWANIS MEETS

Ladies, Night Observed;  
R. Paul Smith Speaks.

The Taneytown Kiwanis Club held its annual Halloween party at Sable's Inn on Wednesday evening, Oct. 28, at 6:30. This was a ladies' night and the ladies were in charge of the program. President Robert W. Smith, presided. The period of group singing was in charge of Raymond Wright, with Mrs. Wallace Yingling accompanist. Mrs. Theodore Fair was chairman of a committee of ladies in charge of the arrangements. The program consisted of a group of songs by Prof. DeLong, Professor of Music at Western Maryland College, with Miss Murray, also of Western Maryland College, as accompanist. Prof. DeLong sang "Arias from the Opera, Marriage of Figaro, by Mozart," "Kitty, My Love, Will You Marry Me," and "Liberty under God."

Clyde L. Hesson introduced Mr. R. Paul Smith, President of the Potomac Edison Company, as the speaker of the evening. Mr. Smith in his usual inimitable way delivered a stirring address, at times humorous and at times challenging on "Our Way of Life."

Announcements were made to the effect that the annual election for officers and directors would be held at the meeting next week; also that in two weeks, on November 11, the Club would hold its regular meeting in connection with the celebration under the auspices of the American Legion at Westminster.

Twenty-two members were present. Also, the following were present as visitors and guests: Mr. and Mrs. Paul Smith, of Hagerstown; Mr. and Mrs. Robert L. Smith, of Frederick; Mr. and Mrs. Jerry Allgire, of Westminster; Prof. DeLong and Miss Murray, of Westminster; Mrs. Nettie Adams, of Martinsburg, W. Va.; Mrs. Anna Leh Kidd, of Lancaster, Pa.; Mrs. Raymond Wright, of Union Bridge, and the following from Taneytown: Mrs. Theodore Fair, Mrs. Marion Rue, Mrs. Edgar Essig, Mrs. Clyde Hesson, Mrs. Robert W. Smith, Mrs. Walter Bower, Mrs. Ethel Hollister, Mrs. Elwood Baumgardner, Miss Velma Smith, Mrs. Lewis Crumacker, Mrs. George L. Harner, Mrs. George Dodder, Mrs. Samuel Breth, Mrs. George Crouse, Miss Jean Mohney, Mrs. Harry Mohney and Mrs. William B. Hopkins.

## FUEL OIL DEALERS REGISTRATION

Fuel oil and kerosene dealers in Carroll County are hereby notified that the registration dates set for them are Wednesday and Thursday, November 4 and 5. Every dealer in Carroll County will have to register at the local Board on the corners of Liberty and Green Streets, in Westminster. He should come prepared to give the following information, the inventory of fuel oil and kerosene as of September 30, 1942, and his storage capacity. Necessary supplies have been received and dealers will have no trouble. The hours of the Rationing Board on these two dates, November 4 and 5, will be from 9 A. M. to 3 P. M. and from 7 to 9 P. M. These hours will be in effect only these two days. The hours from 7 to 9 P. M. will be open only to fuel oil dealers and no other business pertaining to the Rationing Board will be transacted.

Minesweepers are named for birds, gunboats for small cities, oilers for rivers and cargo ships for stars.

## HOW TIMES CHANGE

Not so long ago, it used to be hard for dwellers in towns to believe city dwellers when they said they did not know their "next door neighbors." But in these days of factories operating largely in small towns, this is no longer so strange.

Until recent years, tenants entered into rent agreements for at least a year, and often continued for many years under their agreement. Now, tenants frequently rent by the month, and may "move" several times in a year, consequently do not stay long enough in one house to become acquainted very widely.

### GOOD CITIZENS VOTE!

We in America are among the few human beings left in the world who still have any of the rights of freedom. Wouldn't it be ironic if we were not to use the privileges now become so rare? Especially the most valuable one of all?

In war time, when good citizens are pre-occupied with doing their utmost for victory, the other kind of citizens inevitably seize the chance to increase their hold on civil government.

One of their ways is to win the nominations, for their choice of men, at the primary elections. Often they get away with it. They get out their votes while the rest of the people are too busy with other important matters.

This year, with gasoline rationing starting in 17 states and following soon became national, farmers may find it easy to stay home from the primary elections.

Don't do it.

No business, not even the work of badly needed crops, is more important than the business of good citizenship. The boys are fighting abroad for the right of freedom. Not to use the vote, the greatest of freedom's privileges, would this year actually be an affront to the fighting men.

So, as the primary elections come up in the respective states, this year as never before the good citizen will take his time to study the merits of

the candidates and will go to the polls to vote. He will take his neighbors along, save gasoline and tires, and help them to do their share toward good government.

Good government in every township, town and state, good and independent men from every Congressional District, are more important than ever in war time.

Those with bad intentions will have their voters out to be counted.

Good citizens are not good citizens unless they vote.—Farm Journal and Farmer's Wife.

### HALLOWE'EN DOINGS

The kid world seems to think that Halloween, October 31, is a grand date, and that at that time they have the right to perpetrate acts of mischief frowned upon on normal dates. If they simply chase around to display freak costumes, their frolics are viewed with amusement, and may keep them out of mischief.

But if, as in many places, they use the occasion to injure property, if they rattle window blinds and screens until these are broken, if they tip over ashcans and make the household-er work, and particularly if they turn in false fire alarms, some power needs to get busy, and give them cause for penitence and reflection.—The Frederick Post.

### GREAT AMERICANS

Who are they? Opinions differ. Some now living think they are. Few agree. Washington possessed a greatness that fitted his age, and made him the outstanding man of his day. He was forthright and upright, the paragon of honesty, and he grew, under trial, to be the military genius of the age. His strategy was the wonder of old world leaders. Yes, Washington was a great man—none greater. He will live on while freedom rules the minds of men.

The month of February produced another great American—A Lincoln greater in some respects than Washington, for Washington had as his background wealth, unsurpassed in his day; born to command, his was the privilege to look down upon lesser folk who surrounded him. He was an aristocrat and never forgot it or permitted others to do so.

With Lincoln, all was different. Lincoln was the product of poverty, tho in his veins flowed the blood of kings. A log cabin was his birthplace and early home. No liveried servant fetched for him his horse to his door step. Shanks mare was his sole means of travel. Rum and rowdiness surrounded him, yet he withstood temptation, and snatched his learning from the pages of borrowed books by the flickering light of the pine knot in the chimney corner. Lincoln was a man of few books, but those he conned well. Words intrigued him and he rolled them around in his mind until their full meaning burst forth. It has been given to few men to speak so meaningful in monosyllables. It is to be doubted if among all the writers of all the scholars of America combined there can be found anywhere anything that is comparable with the matchless Gettysburg address.

An Everett, polished scholar, was selected to make the dedicatory address of the battlefield, and the humble home-spun Lincoln sat and stared thru the mighty crowd assembled of the living, and saw only the hordes of honored dead that lay sleeping all around him. In that hour of thought, while Everett spoke, Lincoln penetrated the future and drew a picture that will live while America endures. Yes, America has produced two great Americans who will live while Liberty lasts. We await a third who seems not yet to have been born.

WILLIAM JAMES HEAPS.

### FARM HANDS ARE ESSENTIAL

The Senate's recognition of farm hands as skilled laborers, essential to the war effort, is the first step in assuring the United Nations armed forces and the workers in the American arsenal that food supplies will be maintained. The second step necessary must be to adjust the farm wage scale to that of the war industries—and this may in the end mean more subsidies. It is time farming was recognized as an essential industry.

Properly, very few voices were raised against Senator Tydings's amendment to the 18-to-20 draft bill to defer farm workers. Had the Selective Service system operated as the public expected it to operate—classifying all men according to skills and placing them where they could best serve their country—thousands of farm boys would not have left the plow for the glamour and glory of uniformed service or for shipyards and plane plants.

For farming is not "common labor"; it requires a technical skill, training and experience that no ordinary city laborer needs to qualify for his job. Moreover, volunteer labor, transient labor, child labor cannot prepare the soil, put in the crops and cultivate them, while milking the cows and properly tending and feeding meat animals for the market. What does a city person know, for example, about the intricacies of farrowing or adjusting a grain drill?

If the drafting of lads of 18 and 19 is to release older men, as the Army chiefs insist, farm hands should be the first ones sent home—and some guaranty of better wages should follow, if it is hoped to keep them on the farm.—The Christian Science Monitor.

## What You Buy With WAR BONDS

A Flying Fortress is to America's air fleet what heavy artillery is to the Army. This gigantic four-motored bomber, equipped with heavy cannon, carries about three tons of bombs and reaches a speed of about 300 miles an hour.

These ships carry a crew of seven to nine men, weigh about 22½ tons, have a wing spread of 105 feet and each motor develops 1,000 horsepower. We need more of these "Flying Fortresses" to compete with the Nazi air force. You can help by investing at least ten percent of your income in War Bonds every payday. Buy them from your bank, post-office or other convenient issuing agent.

## "MRS. BLANK" CALLS THE WRONG NUMBER

"Mrs. Blank," sure she had called the right number, was a bit nettled when a "wrong number" answered. When on her second try she had no better success, she was angry. But suddenly she thought, "I wonder if the number is 9732 or 9372?" Looking in the directory, she found it was neither of these, but 9273.

"Wrong number in mind." is shown to be the largest single cause of wrong number difficulties, according to telephone engineers. Memory plays strange tricks. Confusion of numerals is a common experience, even in numbers which one calls frequently. Many telephone users solve this problem by keeping at hand a personal list of the numbers they often call, rechecking them for accuracy with each new directory issued.

The fewer wrong numbers, the better of course for both telephone callers and telephone company. A wrong number wastes the time both of the caller and the "other fellow." Avoiding this as far as possible is especially important these days when the need for fast and accurate service is so extensive in all the war activities.

Besides errors of memory, wrong numbers result from hasty dialing, which is apt to cause the caller to add or transpose numerals or letters; others result from incorrect use of the equipment, as when a caller, realizing he has made a mistake, redials without first hanging up to release the mechanism. Errors in calls from manual telephones often result from poor enunciation as well as from poor memory.

The vast majority of callers are accurate and experienced in their use of either dial or manual equipment, the telephone company reports, and this contributes substantially to the quality of the service for the general public.

## AS OTHERS HEAR YOU

Perhaps unwittingly, the Bell Telephone Laboratories have made life easier for fledglings of the Royal Canadian Air Force.

According to the *Monetary Times*, of Toronto, the Microphone, that magic device which records your telephone voice and plays it back so you can hear yourself as others hear you, "has already changed the Canadian scene. The air force has used the machine for some months. The R.C.A.F. instructors speak already in gentler tones to their lowly rookies... one was even scared close to prostration when he accidentally heard himself in action. Since Microphone entered his life he has been known to say please."

### Long Visit

The enlisted personnel at Fort Devens, Mass., came back to normal recently with the return of Private Joe Gomez from a long furlough during which he visited at his home in Taos, N. M. You see, Private Gomez neither reads nor speaks English. So when he was granted a furlough and told to go home for a visit, he followed the words he knew—"Go home"—and did so. And it was quite a stay. Finally, friends started wondering about his long visit, discovered his incomplete understanding of furlough operation and arranged for his immediate return to camp.

## BALANCE THE SCALES OF JUSTICE!

### Vote For An Independent Judiciary

On November third, you elect an Associate Judge for the 5th Judicial Circuit. Never has the administration of true justice by the Courts been more vital to lawyers and laymen alike.

The Constitution of Maryland wisely provides that the people shall elect their Judges, regardless of the wishes of any lawyer; and it never was intended that the gubernatorial exercise of power to fill a vacancy on the Bench temporarily—should be followed blindly by the Electorate at the next Election.

The importance of this high Office is indicated slightly by the fact that its term is 15 years; that its annual salary is \$8,500.00; and that the remuneration for the full fifteen-year term aggregates \$127,500.00.

### So You're Voting for An Office For a Term of Fifteen Years

In this era, when human liberties and property rights are being changed and lost—some perhaps permanently, the preservation of an independent Judiciary is one of our most precious privileges. A mistake made now cannot be corrected at the end of two or of four years.

### Theodore F. Brown's Record of Public Service Makes Him the Proper Selection for this Office of Trust

He taught in our Public Schools for eight years He served as Police Justice for four years He served as Referee in Bankruptcy for 4 years He served as State's Attorney for Carroll Co. for fifteen years.

The people of Carroll County know his incorruptibility. They realize that the State's Attorney's Office, like a Judgeship, often lends itself to bias and favoritism in the administration of its duties. Each time they increased his majority. They knew, as Judges Parke and Forsythe wrote in 1933, after he had served for 14 years as State's Attorney—

"The undersigned members of the Court subscribe this letter because they are two who are familiar with the manner of your performance of your official duties, and their great social and economic value, which are far in excess of any possible remuneration. It is but just to state that the administration of your office has won the confidence of the public, and has been distinguished by zeal, activity, integrity, fairness and ability, and an unswerving devotion to duty."

The long professional life of Theodore F. Brown has been devoted to those things which particularly qualify a man to be a fair, an understanding and a just Judge.

### Theodore F. Brown Has the Requisite Maturity for this Important Position

Previous to the time that Mr. Brown's opponent was admitted to the bar, Theodore F. Brown, had taught school for eight years, had been Police Justice for four years, had been Referee in Bankruptcy for four years, and had served the first one of his four terms of four years each as State's Attorney for Carroll County.

## The Legislature And The Carroll County Fair

A desperate effort is being made to convince the voters of Carroll County that the undersigned are plotting the destruction of the Carroll County Fair, because we have openly stated our opposition to the establishment of pari-mutuel betting in Carroll County. We see no need for legislation of any character, either for or against the Fair, beyond that which already exists in the statute books. We know of no reason why the Fair should not continue as in the past, and we would be willing to assist it in any reasonable way. But we are not willing to have its salient features nullified by legalizing race track betting or any other gambling device within the limits of Carroll County.

Mr. Cash devoted months of his admittedly important time in 1940 and 1941 in a determined effort to accomplish legislation to permit pari-mutuel betting in Carroll County. And now, in 1942, with OUR COUNTRY engaged in a total all out death struggle with the forces of greed and aggression throughout the world, with the lives of our own blood being sacrificed by the thousands, with untold hardships ahead for all of us before Victory can be achieved, with problems of tremendous importance certain to confront the Legislature at its next session, Mr. Cash and his candidates for the General Assembly seem able to find no better issue upon which to determine the qualifications of men to serve Carroll County as representatives at Annapolis than this of Race Track Gambling.

In view of this situation, we, the undersigned, would say to the citizens of our county who are concerned with the problems that so vitally affect our daily lives and the future welfare of our State and Nation, that they might do well to vote for the Republican candidates for the Legislature at this election. They may then be assured that in the sessions of 1943 and 1945, Carroll County will have representing her in the General Assembly of Maryland, the type of men the County and State needs in this unprecedented crisis—men who appreciate the gravity of the times and who are capable and ready to deal with the momentous problems that will undoubtedly be theirs.

A. EARL SHIPLEY,  
Candidate for State Senator.

C. RAY BARNES,  
JOSEPH H. HAHN, JR.,  
CHARLES E. RITTER,  
CARROLL C. SMITH,  
Candidates for House of Delegates.

Mellowed by his maturity; free from bias, favoritism and obligatory connections; ever courageous; fully sensible to his responsibilities in this high position,—Mr. Brown has proved to his people that he will be a SAFE Judge.

### The Carroll County Bar Knows

Who realizes better the needs of this Office, and the qualifications of the candidates therefor, than do the members of the Bar of the County in which the candidates have lived and practiced during their professional lives?

When this office became vacant a little over 18 months ago, The Carroll County Bar Association, predominantly democratic in its political affiliations, by non-partisan vote in meeting assembled, recommended the appointment of Theodore F. Brown. More important,—the total number of years practiced in Maryland by those voting for Mr. Brown was more than ten times the aggregate number of years practiced in Maryland by those voting for the other Candidates.

### Theodore F. Brown's Discussion of Issues Reflects the Resolute and Fine Character of the Man

He feels that a Court Stenographer, regardless of the degree of his honesty, integrity and ability, should not serve in the dual capacity of "Court Officer" and as a "Practicing Attorney" over an extended period of time. The Clerk of the Court is not allowed to do it, and any Court Stenographer will become embarrassed—and will embarrass the Court, too, by the dual role, as his practice as a lawyer increases. This is no personal issue. It's a matter of principle.

The unsound course of a Court Stenographer being associated professionally with any practicing member of the bar, was disapproved by the last Judge from Carroll County to be elevated to the Bench by the vote of its people. Mr. Brown agrees, and can find no reason why the mere passing of several years of time should make the procedure any less unjust or unwise. If it was wrong then, it is wrong now.

Theodore F. Brown's unqualified condemnation of a lawyer displaying prominently for years on his office of the former "law-office Shingle" of a sitting Judge, as a magnet to attract practice—merits the serious thought of every citizen who desires the impartial administration of justice; and especially, when that "sitting Judge", now a practicing lawyer, seeks to have named as Judge—the very lawyer who so used that law office shingle.

When a "retired" Judge is paid a pension of \$3000.00 per year, and also resumes the practice of the law, in effect, a part of his fees is being paid by the State. Mr. Brown, with characteristic frankness, says his conscience, and his interpretation of the spirit of the pension provision of the law, would forbid his accepting a retired Judge's pension while practicing law.

Why Guess? Why Gamble?  
Fifteen Years is a Long Time!  
\$127,500.00 is a Lot of Money!

The Impartial Administration of Justice and Law is the Issue

## CORRESPONDENCE

Latest Items of Local News Furnished  
By Our Regular Staff of Writers

We desire correspondence to reach our office on Thursday, if at all possible. It will be necessary therefore, for most letters to be mailed on Wednesday, or by Fast Mail, west on W. M. R. K., Thursday morning. Letters mailed on Thursday evening may not reach us in time. All communications for this department must be signed by the author; not for publication, but as an evidence that the items contributed are legitimate and correct. Items based on mere rumor, or such as are likely to give offense, are not wanted.

### FEESBURG.

Another Monday morning—dark and rainy, no husking corn or cultivating ground, not a good wash-day no drying out doors, but we're writing and there's plenty of sewing and reading, while the Radio gives a good Devotional Service.

Mrs. Maurice Smith, living between Woodsboro and Creagerstown who has built up quite a business selling cards of various kinds, was delivering Christmas cards last week in this section. She was just five weeks home from a Baltimore Hospital, where she has been much benefited and speaks only good of their helpful service.

Benjamin Fleagle returned home on Saturday after a couple months stay at Maryland General Hospital and moves about going to the table for his meals and walking on the porch. He is getting along well, but one gets tired of resting too.

Several of our neighbors attended the lovely wedding of Miss Marvel Jane Hoke, of Frederick, and C. O. Barnekov, of Bronxville, N. Y., in Grace Reformed Church, by Rev. R. E. Hartman, D. D. The bride was gowned in white satin with finger tip veil, caught with orange blossoms. Mrs. George Roelke, a sister of the bride was matron of honor and her small daughter, Sylvia was flower girl, and two friends from Washington were bridesmaids, all dressed in yellow taffeta and lace jackets with matching ribbons. Ensign Michael Lau, of Bronxville, in the Medical Reserve Corps of the U. S. Navy, at Yale University acted as bestman; Harold L. Hoke brother of the bride, and two friends from Washington were the ushers. We have seen photos of this happy wedding party which are beautiful and beautifully arranged.

Edward Lawyer, of Hanover, who was reared near Mt. Union, was at work in Union Bridge, last Thursday and in the evening called at the Crouse-Crumbacker's—good old neighbors.

At Mt. Union on Sunday morning, Mr. Joseph Peaseley, a senior at Gettysburg Seminary, from Dr. O. Blackwelder's Church in Washington, preached a fine sermon on the theme: "Wells Without Water," based on the wells of Abraham that the Philistines filled with earth—Gen. 26:15. There was nearly a full choir, and they sang, "Praise Ye the Father." Beautiful anthem flowers adorned the church given by Mrs. C. Wolfe, Mrs. Viola Baker and Miss Sue Birely.

For the ingathering service in the evening at Mt. Union the audience was not too large, and there was no guest speaker, but the Hartzler Bros. rendered splendid music with accordions and voice, which is always pleasing beside the Devotional Service.

98 qts. of jarred fruit and vegetables 1 bushel potatoes, a bag of beans, apples and some canned goods were donated for the Deaconess' Mother House in Baltimore, and are always gratefully received and thanks are due all the donors, and those who helped with the service. Four regulars were absent in sickness, Mrs. C. Wolfe, Miss L. Birely, H. B. Fogle and L. K. Birely.

Mr. and Mrs. Earl Willhide and Ralph Blair had a Sunday with their home folks, and filled their places at S. S. and Church. Rev. Bowersox is recovering nicely, and expects to be in the pulpit soon again.

Miss Nora V. Hoke and her mother, Mrs. L. E. Hoke, of Frederick, visited their sister and daughter, Mrs. Geo. Roelke and family, on Sunday afternoon and called to see the Roelke family beyond Union Bridge. Her family gave a birthday party in honor of Mrs. Winnie Davis Miller at her home on Saturday evening. About 15 guests were present from Baltimore, Mt. Washington, Hanover and nearby neighbors; and a bountiful supper provided. When all were invited to the dining room to see the fine fancy cake and Winnie cut into it a small musical instrument introduced began playing "Happy Birthday to You"—and we say the amen.

Mrs. Claud Moore and children, along with Mrs. Joseph Bostian and children, and mother Hattie Strawsburg attended the Medford Community sale on Saturday, and Mrs. Moore won the \$5.00 worth of groceries given away at 5 P. M. A fine gift.

Last Thursday we cut down the old maple tree on the east side of the house—because it was rotten and fear of it falling—but as hard as it was to cut down, there couldn't have been much danger of that; but what became of the little squirrels that frisked in and out of the hollow part not of them appeared, and even their nest was invisible. How we'll miss that old shade tree—years of growth destroyed in a few hours.

Don't mention all the folks who are indisposed at this time so many have heavy colds—that won't let go; or fall down and break bones—or get so jarred they can't dance, and who hasn't any rheumatic twinges?

Tuesday 9 A. M., clear and bright, with ice on the barnyard trough as thick as an ordinary pane of glass; of course winter's just around the corner.

So, until the next Memo, remember that Uncle Sam is counting on all you Mrs. Housewives of the U. S. A.—to buy more and more War Bonds—for Victory!

### LITTLESTOWN.

Mr. and Mrs. Claude Snyder and daughter, Crouse Park, on Sunday placed a basket of twenty-two chrysanthemums on the altar of Christ Reformed Church of which they are members. The flowers were in memory of their son, Glenn Snyder who was reported missing in action in the U. S. Navy on September 13 and whose twenty-second birthday was on Sunday. Another basket in his memory was placed on the altar by Mr. and Mrs. Winfield A. Lippy, who have three sons in the service. Two of them on foreign soil. Following a short talk by the Rev. John C. Brumback on the life of the young man, the congregation stood in tribute and offered silent prayer.

The U. S. O. drive in town started Monday and will continue until Armistice day. House to house canvass will be made by the women. No Red Cross call will be made; this is due to the fact that two Red Cross drives have been made since last November.

Private Charles Snyder, of Atlanta, Ga., is spending a several day furlough with his wife at the home of his wife's parents, Mr. and Mrs. Wm. H. Dern, South Queen St.

Mrs. Jacob A. Keefer, East King St., who has been a patient at the West Side Sanitarium, York, for the past two weeks returned to her home on Sunday.

The Feast of Christ the King instituted by Pope Pius at the close of the Holy year 1925 was celebrated Sunday in St. Aloysius Church. The Mass of the Angels was sung by the school children's choir.

The Women's Community Club held a public five hundred and bridge party on Wednesday evening. The proceeds from the party will be used for welfare work.

Theron Basehor, Jr., son of Mr. and Mrs. Theron Basehor, Maple Ave., has enlisted in the U. S. Navy.

Homecoming day was observed on Sunday in St. John Lutheran Church with a large attendance at all the services. The Rev. Kenneth D. James delivered a sermon on the theme: "The Way to a Happy Home" at the morning service. The afternoon service was held at 2:30 o'clock. Mrs. Naomi Schwartz, a former organist of the church presided at the organ. The choir was composed of former choir members. The pastor conducted the services. An old-fashioned singing followed. Prayer was offered by the Rev. Alton M. Motter, of Harrisburg. Prof. Paul E. King, gave the address of welcome; Mrs. Alton M. Motter, of Harrisburg, a former member of the church gave the response. Harry O. Harner, sang "I long to hear the old Church Choir Sing Again." Greetings were brought by two former pastors, the Rev. Geo. W. Ever, Washington, D. C., and the Rev. George Hummer, Reading, Pa., and Rev. Motter a son of the congregation. Greetings from former pastors, who could not be present were read. They were from the Rev. C. P. Bastion, Altoona; Rev. Irvin M. Lau, York, and the Rev. A. E. Longacker, Gettysburg. A quartet of former choir members, Mrs. Irvin Baughman, Mrs. John Spangler, John Spangler and Mr. Palmer, Columbia, sang "Jesus Lover of My Soul." The choir sang, "Faith of our Fathers."

At the evening services St. Paul Lutheran congregation a daughter of St. John Church joined in the worship. John C. Byers was the organist, J. Edgar Yealy, Sr., Edgar Yealy, Jr., John Bloom, George Maitland, Edgar Wolfe, Norman Johnson, John Spangler and Harry O. Harner sang "The Church in the Wilderness." The sermon was delivered by the Rev. D. S. Krammer of St. Paul Church. He used as his subject "Coming Home." The male chorus sang, "Now the Day is Over."

Bass Heaton, West Virginia, was arrested by Chief of Police Harold Roberts, Thursday night charged with drunken and disorderly conduct. In default of payment of fine he was committed to the county jail for 30 days.

At a special meeting of the School Board Wednesday evening, Miss Hilda Dutterer, Silver Run, was elected to fill the vacancy in the second grade.

Harry Badders, eight-year-old son of Mr. and Mrs. Harry Badder, Jr., was examined and treated at the Hanover General Hospital for an injury he received on the playground about ten days ago. While on a sea-saw had the misfortune to have a one and one-half inch splinter penetrated his right leg. The injury is now better after treatment.

### UNIONTOWN

the situation regarding essential driving. Some time in 1944, we ought to have enough to begin to furnish tires to civilians for family use," he said. Special gasoline rations will be available for motorists who are away from home when nation-wide mileage rationing begins, and special allowances will be made for motorists who must move their cars "in the event of a bona fide change of residence," but not for moves from summer to winter homes. Secretary of Agriculture Wickard said meat consumption of 2½ pounds a week per person would mean considerably less meat for persons "who have always had comfortable incomes" and more meat "for people whose purchasing power has increased only recently."

The current scrap drive has achieved "amazing results" and has raised steel production to 100 percent, WPB Chairman Nelson reported. The Board announced "hosiery that can be repaired or mended for further use is not being asked for by the Government. Only after hosiery is discarded as being completely unusable should it be placed aside for salvage purposes."

### World's Largest Single

#### Mobile Mine Mechanism

A man-made giant miner, a machine representing the largest single piece of mobile machinery in the world, now plows into hillsides near Cadiz, Ohio, as a clam into sand, lifting huge sections of dirt away from the shallow coal beds in that region.

Performing in a few hours what drift mining could do in days, this towering shovel is fed by electricity running through thick, rubber-covered cables, and is manned by four workers, each of whom has a different job.

The giant gobbles a swath 40 feet deep, 60 feet long and 80 feet wide in a period of eight hours. The only preparation necessary is to blast heavy rock in the path of the machine.

Shovels built to excavate the Panama canal were considered the final notch in vastness for mobile machines, but they would be mere pygmies in comparison with this behemoth, which reaches a height of 100 feet.

The dipper has a capacity of 20 cubic yards and could easily hold a modern automobile.

#### For 'Avalanche Jones'

SAN JOSE, CALIF.—Mrs. J. E. Bishop has opened up a new profession in the field of human endeavor. It is that of professional listener.

"Everyone knows it is a relief to tell your troubles to someone," she explains. "But you cannot always tell your friends and relatives."

"Our service permits you to unburden yourself to a stranger. We guarantee absolute secrecy, confidence and offer advice."

#### Over Cat's Nursery

SALINA, KAN.—Spotty, the cat on the Keith Hughes farm, chose a nest in the henhouse as the nursery for her five new kittens. The first time Spotty left for forage for food, a setting hen moved in.

Returning, the cat crawled into the nest, too. The hen made room for her.

## What You Buy With WAR BONDS

Military motorcycles, for couriers, for speeding light guns from one section to another, are an important part of America's mechanized army. Many are equipped with sidecars for use of staff officers. They cost from \$400 to \$450.

We need thousands of these small maneuverable machines in our Army today. You and your neighbors, all buying War Bonds and Stamps, can help buy them for the Army. Invest at least ten percent of your income every payday in War Bonds and Stamps and become a member of the patriotic "Ten Percent Club." It is rapidly becoming the largest club in the world.

### At Least Ten Holidays

#### Noted in These States

More than half the states observe 10 or more legal holidays during the year in addition to Sundays and primary and general election days, according to the council's survey. The following states have between 12 and 15: Tennessee, Louisiana, Florida, North Carolina, Alabama, Arizona, Missouri, Oklahoma, Pennsylvania and Virginia.

Common holidays are New Year's day, Lincoln's and Washington's birthdays, Memorial day, Independence day, Labor day, Columbus day, Armistice day, Thanksgiving, Christmas, Good Friday and election days. Southern states observe Confederate Memorial day, also, although the date varies. A number of states, including Colorado, Delaware, Idaho, Nevada and Texas celebrate as holidays the anniversary of their entry into the Union.

The extent to which the holidays are observed varies. Certain holidays in some states are, in effect, "bank holidays" only; in other states, certain holidays call for closing of schools. Most of the national holidays normally are holidays in the strict sense of the word—with schools, businesses and industries shutting down for the day.

## What You Buy With WAR BONDS

The "Stovepipe," as the 60-millimeter trench mortar is commonly known, is used by our infantry for close-in fighting. It fires a 2.4-pound shell at the rate of about 35 a minute.

The mortar fires its projectile in a U-shaped arc and for this reason may be successfully camouflaged behind an obstruction. It costs about \$500. You and your neighbors, joining together, can buy many of these effective weapons for use of our Army. Investing at least ten percent of your income in War Bonds every payday will do the job. ## THE COURT

Since the adoption of the Constitution of 1867, the Judge William N. Hayden, John E. Smith, Charles B. Roberts, James A. C. Bond, Charles T. Reifsnider, William H. Thomas, F. Neal Parke and now James E. Boylan, Jr., have been the local judges of Carroll County. No matter the difference in ability, and no matter the variation in personal characteristics and temperament, these judges have all discharged their duties faithfully and fairly and to the complete satisfaction of the people. Out of their labors there has arisen pride in the administration of justice and complete confidence in the integrity of the judges and their impartiality. Any effort in the gratification of ambition to undermine this confidence of the people in the court is not only unworthy of a lawyer but is a grave offense without any justification.

The present incumbent, Judge James E. Boylan, Jr., has well observed the best traditions of the Bench. With courtesy, firmness and patience, and learning in the law, he has been a just and impartial judge as will be attested by the jurors, the witnesses and the public who have observed his conduct on the Bench, and by all the attorneys who are not inspired by personal ambition or private malignancy. His complete answer against the unprincipled and unparalleled attack being made upon him is his inflexible courage, devotion to duty and undeviating rectitude.

On his record and character The Advocate urges his election on November 3rd.

## Vote for Judge James E. Boylan, Jr.

Judge Boylan was an able, conscientious and successful lawyer of the Carroll County Bar and the Bar of the Court of Appeals when appointed Associate Judge on February 25, 1941.

His qualifications are attested not only by the respect of his constituents and the confidence of former Clients and his prominence when at the Bar but also by these other facts:

1. Judge Boylan was endorsed for the appointment by the nominating committee of the Maryland State Bar Association;

2. Judge Boylan was chosen by Governor Herbert R. O'Connor from the members of the Carroll County Bar as the lawyer best fitted for the position;

3. Judge Boylan is the sitting Judge. His grasp and knowledge of the law, and his courteous conduct on the Bench, his fair, firm, prompt and

impartial administration of his high office have confirmed and demonstrated his Judicial capacity;

4. Governor O'Connor is a lawyer, and there is no sound reason why his judgment in the appointment should be repudiated, and this tried, experienced and satisfactory Judge should fail of election.

A judicial candidate should not personally solicit voters so Judge Boylan will not campaign and call on any one for his vote. Consequently, this advertisement is inserted for your information so there may be no misunderstanding on the part of the public.

I respectfully suggest, for the reasons given, that, on Tuesday, November 3, 1942, you vote for the continuance in office of

JUDGE JAMES E. BOYLAN, JR., who hears and decides "as becometh a Judge."

Energetic and capable and well qualified by training and native ability to fill the office of Clerk of the Court to the entire satisfaction of every one having business with that office.

Has unselfishly devoted much time and effort to promote the best interests of the public service in his community and county.

Vote For

J. WESLEY MATHIAS, JR.

Republican Candidate for Sheriff of Carroll County

Four years experience as Chief Deputy Sheriff.

Served in the U. S. Navy in World War No. 1.

Not being able to see personally all the voters in Carroll County I take this means of asking you for your loyal support in the coming election on November 3rd, 1942.

## LEWIS E. GREEN, Candidate for Judge of the Orphans Court

I am taking this opportunity to thank my many friends of Carroll Co. for their support they have given me in the past. Knowing the shortage of tires and gasoline, I may not be able to have that friendly hand shake with you but I trust you will remember me with your support on the 3rd of November.

Let us continue to be friends. I thank you.

## County Commissioner

Having 4 years experience as County Commissioner from 1930 to 1934 and helped reduce the tax rate from \$1.65 to \$1.00, and during the depression when the County Business was managed to the best interest for the taxpayer. I stand for the maintenance of the school on the high standard that they are. I stand for each district in the County getting its equal share of the road money for roads. I believe in EQUAL RIGHTS for all and SPECIAL PRIVILEGES TO NONE. Because of gas and tire rationing I will be unable to see you personally so I take this means to earnestly ask for your support at the election.

## Vote For CHARLES B. KEPHART FOR JUDGE OF THE ORPHANS COURT

Trained in a law school, and law making in the Legislature of Maryland.

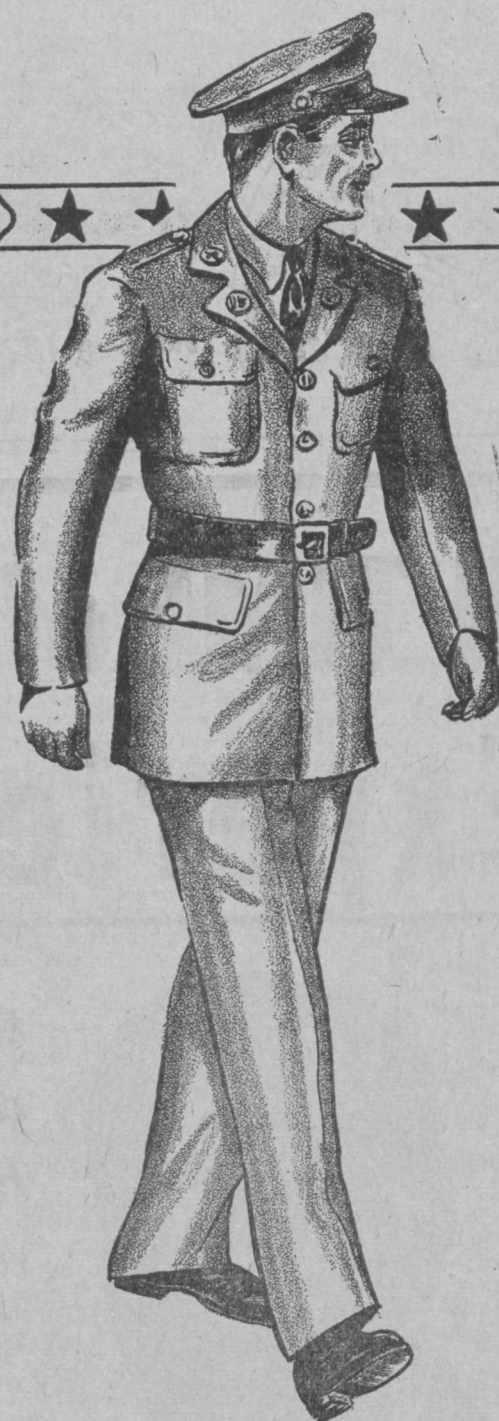

ITEM IN THE BALTIMORE SUN, OCT. 22nd

The Commission appointed by Governor O'Connor to study the Judicial system of Maryland reported that the Orphans Courts should be abolished, because many candidates for Judges are not trained in the law.

Having a knowledge of matters of probate I solicit your support.

## THAT'S BILL JONES—HE USED TO WORK FOR THE POWER COMPANY

Yes—Bill Jones—and more than a hundred and twenty-five like him—"used to work for the power company." Now they're working for all of us at a far more important job—the winning of this war. But—God willing—they'll be working for the power company again. At least, Bill's and his comrades' jobs will be waiting for them when they do come back.

• While Bill and the others are away, we're carrying on your electric service as efficiently as we can and it's not so easy. You can't lose the experience and training of that many good men without feeling it. Added to that, materials are scarce, there are many necessary wartime restrictions on our services, and gasoline and tire rationing apply to us, too.

But though we may not be as prompt, and we may not be able to do all the things you've come to expect of us, you will have electric service. Bill and his comrades expect us to "keep it flowing" for industrial needs as well as to keep the home fires burning and we're not going to let them down.

• After all, our sacrifices are small compared to those of Bill and the other boys. Nothing seems so very tough when we know it speeds the day that Bill will come marching home and people will say again—"That's Bill Jones—he is working for the power company."

### NOTHING TO DO

Nothing to do but work—  
Lazy men always shirk—  
Nothing to wear but clothes,  
How beautiful blooms the rose.  
Nothing to read but books—  
Fishes are caught with hooks;  
Nothing to sing but songs,  
Stir coals with fire tongs,  
Nothing to plant but seeds,  
Work days pulling weeds,  
Nothing on trees but leaves—  
Out in the fields garnered sheaves.  
Nothing in papers but war—  
Hitler has now gone too far.  
Nothing for Britain to do  
But tweet his nose till it's blue.  
Nothing much else left in store—  
Soon horrid war days are o'er.  
Nothing else left friends to do  
But wait—see the dam thing thru.

Over 139,000,000 lbs of bread and  
flour is the Navy's order for 1942—  
no diet for a fat man.

Agricultural experts say that with  
cold storage facilities, the average  
farm family can save \$33 a year by  
doing home slaughtering. So there  
will be a return of on-the-farm butch-  
ering this year.

You may have to do without your  
sugar-coated pills! Drug manufactur-

too.

The Navy uses plastics aboard ship  
for shatterproof windows and  
windshields and in Naval aircraft for  
windshields and cockpit covers.

is one of the men responsible for the  
constructive type of legislation en-  
acted for Carroll County.

A representative farmer of Frank-  
lin district, he has made a success in  
his chosen vocation. He understands  
the problems which are now con-  
fronting agriculturists and for that  
reason is in a position to deal most  
intelligently with them in matters of  
legislation.

Mr. Barnes is a Carroll man whose  
ancestors have for generations been  
included among the most progressive  
and successful farmers in one of the  
garden spots of the county.

He advocates:

"Only such taxation as is absolute-  
ly necessary; the county govern-  
ment's income to determine its out-  
go," and

"Youth and old age appropriately  
recognized and assisted—for the one,  
an adequate system of education and  
good schools; for the other, security  
and life's necessities."

A member of the Methodist Episco-  
pal Church, a director of the First  
National Bank of Mount Airy, a di-  
rector of the Mount Airy Building and  
Loan Association, and recently named  
to the Board of Trustees of Straw-  
bridge Home for Boys, C. Ray Barnes  
is a typical countain who understands  
the problems of Carroll and who can  
be counted upon to favor that which  
is for the best interest of his consti-  
tuents.

## Over Your Financial Affairs

●The old happy-go-lucky, pay-as-  
you-please days are gone. Formerly,  
it didn't make much difference if you  
had no record of important payments.

It was "your business." Nobody  
checked up on you. You didn't ordi-  
narily have to prove anything. Now  
you may have to; for example, if you  
want to get an income-tax deduction.

Your checking account "stands

it gives you legal receipts; and these  
are more valuable today than ever  
before.

Of vital interest to every citizen of Carroll County is the  
office of County Commissioner. Their power to tax is unlimited.  
An impartial distribution of funds is important, but they must  
be governed by need and judged over a long period of time.

Go and vote November 3 and retain your right to a gov-

## SOME MORTGAGES ARE HEAVY AND SOME ARE LIGHT

How About Yours?

Are you tired of carrying the burden  
of an old-style mortgage which has to  
be renewed every few years—possibly  
at a higher rate of interest?

Then why not let us help you to lighten  
the burden with a new mortgage ar-  
ranged on a monthly payment plan  
which would enable you to pay all taxes,  
insurance, etc. and reduce the principal  
at the same time.

You would never have to renew this  
mortgage. The interest rate would re-  
main the same year after year. Let us  
tell you more about this easier way to  
a debt-free home.

## A SIGNIFICANT ENDORSEMENT

The capacity, fairness and legal learning and experience of Judge  
James E. Boylan, Jr., the Democratic nominee for Associate Judge,  
is attested by all not moved by personal ambition, partisan activity  
or private animosity. The nature and value of his judicial services  
are well attested by the following endorsement of every member of  
the Bar of the Circuit Court for Howard County, where he is now  
holding Court.

"October 22, 1942.

"We, the undersigned members of the Howard County Bar, en-  
dorse the Honorable James E. Boylan, Junior, for Associate Judge of  
the Fifth Judicial Circuit and urge the people of the counties com-  
prising said Circuit (Howard, Anne Arundel and Carroll) to vote for  
him in the coming election. Judge Boylan was appointed an Asso-  
ciate Judge by Governor O'Connor in the Spring of 1941, and has fre-  
quently presided in our Court. He has handled the Court's business  
with efficiency and understanding. We feel that by temperament,  
character, ability, and experience, he is better qualified for the posi-  
tion than his opponent.
