SOLDIER'S LETTER

Service Man Writes From Germany

Marbury, Germany, Feb. 19, 1949
The Carroll Record Company,
Taneytown, Md.
Dear Mr. Stonesifer:

I suppose you will be indeed surprised to hear from me, but as one of the ex-neighbor lads, I feel very pleased to write this letter in remembrance of the folks from my old home town.

I am well, in fine health, and my spirits I think are up to the standards. Expect to be leaving Germany for the States during the latter part of March 1949, unless I again get the urge to add a six-month extension to my present overseas tour, which terminates on 4 March 1949. It's a tough decision to render, but regardless of the alternative, I'm sure I can survive it.

My assignment I am well satisfied with to the extent that it is purely administrative in which field I am most interested. The primary mission of the Depot is processing and classifying all soldiers arriving from the states for reassignment to installations within Europe. The operation is interesting to some of us, but to others, may enter monotony, depending upon the type of duty and the individual.

Marburg is a very old city, famous for its high walls, towers, castle, and ancient architecture dating back to the 12th Century. Two of the most outstanding features of Marburg are the churches. The oldest Gothic Church in Germany is St. Elizabeth's Cathedral, finished in 1283, stands beautifully today, containing the shrine of St. Elizabeth valued at 45 million dollars. Martin Luther preached in Marburg in 1529, and was also this city in which Martin Luther debated on transubstantiating the body of Christ.

I also want to thank everyone in the vicinity for showing your kindness in helping to support the spiritual morale of the man in uniform. People at home who are responsible for contributing toward the benefit of the Armed Forces in such a capital manner as has been known, may sometimes underestimate the appreciativeness and weight that things of its nature carries. Things which may seem small and unworthy to you over there, reaches its highest peak when reflected over here, especially to one who lives in or near the vicinity from which the reflection is casted. I'm sure there is nothing more gratifying to each of us then is the fact when one knows there is always a hearty welcome-shipping awaiting at home, and this can be developed only when by the aforementioned is shone.

Will bring this letter to a close and try to do better at a later date.

KIWANIS NEWS

Another 100% attendance meeting of the Taneytown Kiwanis Club was held Wednesday evening at Taney Inn with President, John Skiles presiding. With Mrs. Wallace Yingling at the piano and under the direction of Kiwanian Raymond Wright the group present sang a number of songs.

Mr. Norville P. Shoemaker was the guest of George L. Harner. The program of the evening was in charge of immediate Past President, George L. Harner, who introduced the speaker, Mr. Eugene Shoemaker, son of Mr. and Mrs. Norville P. Shoemaker. Mr. Shoemaker is principal of the Red Lion, Pa., High School and President of the Pennsylvania State Teachers' Association.

Mr. Shoemaker's subject was "Our Public Schools." He stated that our school system is a big business and very important as the pupil today is the citizen of tomorrow. He also brought out the facts and figures showing that the cost of training youth in our schools today is far below the yearly cost of relief in Europe under the Marshall Plan.

The meeting next week will be in charge of the Geo. N. Shower and Raymond Wright and will be a Ladies' Night. Mr. Claude Heilmann, International Trustee will be our guest.

SOLDIER IN JAPAN PROMOTED

Announcement of the promotion of Private First Class Richard I. Bunty, son of Mrs. Edith Bunty, Taneytown to the grade of Corporal, was made here recently by Colonel Robert W. Corporal Bunty entered the military service in Maryland on June 11, 1947, and following completion of basic training he remained on duty in the United States until alerted for movement to the Pacific Theatre of Operations in May 1948.

Arriving in Japan at the second major port, Yokohama, on June 11, 1948, Corporal Bunty was assigned to the Fifth Air Force and subsequently reassigned to the 38th Supply Squadron at Itami Air Force Base on the main Japanese home island of Honshu.

ST. PATRICK'S DAY SUPPER-SOCIAL

Held by the Grace Reformed Women's Guild

The Women's Guild of Grace Reformed Church held its annual St. Patrick's loved day supper-social at the church, on Tuesday evening, March 8, at 6:30.

"Shure" just to have stepped in the Sunday School room would have made any Irishman happy for the decorating committee, Mrs. Robert Bankard and her assistant, Miss Helen Bankard, so ably brought the spirit of St. Patrick's Day. The room was festooned in green and white streamers. Nifty and colorful St. Patrick's hats were to be found in numerous places, which St. Patrick left when he "bowed out".

The white pillars in the room looked as if a gale of March wind had blown shamrocks from the Emerald Isle on them.

The tables were most attractively decorated with green streamers and tall green candles. In the center of the table was a large bouquet of spring flowers. At each place for favors was a dainty box with shamrocks on each side filled with green and yellow mints.

Each member brought a covered dish which made a menu of tomato juice, meat loaf, deviled eggs, scalloped potatoes, sweet potatoes, peas, macaroni, baked beans, pickles, celery, cream cold slaw, fruit, clover leaf rolls, butter, jelly, coffee and Boston cream pie for dessert.

While seated at the table Miss Margaret Shreeve led the group in singing some old favorite songs with Miss Blanche Stull at the piano.

The President, Mrs. Carol Frock extended greetings to all members and guests present which numbered about 130.

Miss Ruth Stambaugh, program chairman, offered prayer. A most outstanding program arranged by Miss Stambaugh and her very competent assistants, Mrs. Virginia Sanders and Mrs. Neal Powell was presented. Mrs. Albert Baldwin, in her charming manner, played Chopin's "Nocturne" on the piano. The Young Sisters of Uniontown, Md., accompanied by their mother, Mrs. Raymond Young, at the piano brought for our entertainment a group of lovely old familiar pieces in song, on the Marimba, and on the Accordion. Mrs. Emerson Rue, in her usual capable way, sang "Drink to Me Only with Thine Eyes" and "When Irish Eyes are Smiling", with Mrs. Baldwin at the piano.

We were especially privileged in having as our guest speaker such a distinguished person as Mrs. Harling Sponseller, of Shippensburg, Pa. Mrs. Sponseller is the mother of Dr. Edwin Sponseller, Supply Pastor, of Grace Church. Only one with a personality and ability to speak, such as hers, could hold the attention of an audience as did she. Through her timely and instructive message she emphasized the importance of bringing about a closer relationship between the Protestant Church and the public schools. "How often," said she "we do allow opportunities to speak and act for our religion just pass by."

She used by way of illustration the various ways in which our holidays such as St. Valentine's, St. Patrick's, and Christmas have been commercialized to the extent that their true meaning has been practically lost in the minds of many.

After her most warmly appreciated talk, Mrs. Sponseller read a humorous short story of which she was the author.

Miss Yvonne Foreman, Miss Margaret Angell and Miss Fairy Frock who collected coin cards upon the arrival of the members, wore bright colored shamrock hats and green sashes.

The serving of the supper was in charge of Mrs. Clyde Hesson, Mrs. S. A. Crabbs, Mrs. Howard Baker, Mrs. Carroll Garber, Mrs. Emma Rodgers, Mrs. Paul Hilbert, Mrs. Samuel Ott, Miss LaRene Baker, Miss Margaret Shreeve and Miss Helen Bankard.

LUTHER LEAGUE PLAY

A play entitled "The Nutt Family" will be presented March 17, 1949, at 8:00 in the High School Auditorium.

The curtains are real volcanoes of laughter, and each part is a fine one. There are two black face parts, Orestus, and Creise, who bring down the house every time they are on. If you like to laugh plan now to attend this new and different play.

ANNAPOLIS LETTER

Senator Hoff Reports from the State Capitol

To the Editor,
Dear Sir:
ROADSIDE BILL KILLED

The Judiciary Committee of the House of Delegates, with but one dissenting vote, voted for an "Unfavorable report" on the Roadside Control Bill, (House Bill 26.) The Committee also voted to hold the Bill, with the unfavorable report, in committee to avoid a fight on the floor of the House.

The Chairman of the Judiciary Committee has appointed a sub-committee to study the matter to determine whether or not a less objectionable bill should be prepared but it is probable that there will be no further legislation on the subject introduced during the session.

CONSTITUTIONAL CONVENTION
The present Constitution of Maryland, adopted in 1867, contains a provision that the General Assembly shall provide that the question of calling a new constitutional convention shall be submitted to the voters of the State every 20 years. It further states that "if a majority of voters at such election" shall vote in favor of a constitutional convention then the General Assembly shall provide for its assembly.

Every 20 years since 1867 the question has been placed on the ballot but has always been rejected. In 1930 a majority of the voters voting for a convention, but by a particularly strict interpretation of the provisions of the 1867 Constitution it was held that because a "majority of the voters voting in the whole election did not also vote on the question of the convention that it was not necessary that the convention be assembled.

The fact that at each general election there are more and more constitutional amendments being submitted to the voters indicates a growing need for a constitutional revision. Several bills have been introduced in compliance with the requirements of the 1867 Constitution to provide for the question of the calling of a convention to be included on the ballot in the 1950 general election.

It is hoped that when the question is presented a majority of the voters at that election will vote on that subject as well as for (or against) the office seekers whose names will appear thereon.

COUNTY COMMISSIONERS SALARIES

In the near future a Bill will be introduced providing for an increase in the salaries of our County Commissioners. There present compensation amounts to \$1600 annually, plus \$200 for their additional services as members of the Board of License Commissioners.

It is generally conceded that the present salary is below the value of their services to the county, and below the salaries paid to the commissioners of the counties similar in size and importance of Carroll County. Carroll County's present assessed valuation exceeds \$57,000,000.00 and requires each commissioner to serve a minimum of three days a week in the performance of their duties.

The present commissioners will not be benefited by any increase provided for during this session. The commissioners elected in 1950 will be the first to receive any such increase. The amount of the new salary has not yet been determined.

CHILD LABOR LAWS

The State Labor Department has prepared and presented to the Legislature a bill embodying a complete revision of the child labor laws of the State. The bill (SB-3) effects most of the occupations in which children under 16, and in some instances 18, are now permitted to work. Some of its provisions are:

1. No minor under 14 could be employed in any capacity, whether as messenger boy, delivery boy, office boy, golf caddy, boot black, hand bill distributor, or otherwise. The only exception made is for the deliver of newspapers.
2. No minor under 16 is permitted to work in any plant engaged in manufacturing, processing or mechanical operations nor permitted to drive any power driven machinery, including farm machinery.
3. No minor under 18 would be permitted to drive a commercial truck or car or be permitted to work on a motor vehicle as a helper.
4. No boy under 16 or girl under 18 would be permitted to work at any building trades of any type, in any restaurant or soda fountain, dry cleaning establishment or laundry, in any billiard parlor, bowling alley, theatre or hotel.
5. No girl under 18 would be allowed to work at any occupation that required her to remain standing.
6. No person under 21 would be permitted to work in any dining room or restaurant where beer or other alcoholic beverages were sold.
7. No boy or girl under 16 could work more than 3 hours per day, during school days, or more than 8 hours on any other day, or more than 40 hours a week, or before 7 A. M. or after 7 P. M.
8. No person under 18 is permitted to work more than 6 days per week or more than 9 hours per day or 48 hours per week, or before 6 A. M. or after 10 P. M. No person under 18 would be allowed to work

ABOARD U. S. S. FRANKLIN D. ROOSEVELT

Former Taneytownner Writes Letter to His Mother

The following letter was received by Mrs. D. J. Hesson, from her son, Charles, who is aboard a large Naval vessel:

February 22, 1949.

My Dear Mother:
We are somewhere in the Atlantic Ocean heading south. The weather is gradually getting warmer as we go along, and they say it will be real hot in another day or so.

Our ship is one of 25 ships that is participating in this operation. There are three other carriers, a heavy cruiser, the battle wagon "Big Mae" (Missouri) the one Josh Koutz was on during the war and numerous destroyers. There will be other ships joining up with us later when the "War Games" get under way. It is a beautiful sight to see all these ships over the surrounding waters moving in dance-like procession, changing course at regular intervals to make it difficult for submarines to get an accurate bearing on.

We have 125 planes on board this carrier and the others have about as many in their hangers as we do. The planes are the latest jet type. The Navy has and the fastest of the propeller types for carrier operation. One plane had an accident this morning when he ignored the landing officers "wave off" and ran into the crash barrier. The man wasn't hurt, but the plane took quite a smack on its propeller. I am enjoying this experience a lot as it is my first time on a fighting ship—and there are lots of interesting points to the business of running a ship and to running a "task force" (a fleet of ship). I have spent the entire day today on the bridge where the Admiral and several Captains are hustling about controlling the activities of this huge carrier with some 3500 men on her some 12 stories of four block long structure. We have four hangers for planes two elevators that can take up—or down a plane from the hanger to the flight deck in 30 seconds and return. The ship is a maze of small rooms and compartments that would take weeks to just go to.

They have movies every night and in the "ward-room" or what you would call the living room is a table with cups and saucers, sugar and cream and an Um of hot coffee at all times. At another corner is a coca cola machine where a glass for same is always available all free for the taking. Also we have all the latest magazines, papers, and books for our reading pleasure.

We are to have a few days "liberty" (visit to you) in Cuba and Haiti while on this cruise. Will try and get a letter off to you after we make our first port.

Lovingly, your son,
CHARLES.
P. S.—I haven't been sea-sick yet, but I am not boasting.

KEYSVILLE MISSIONARY SOCIETY

The regular monthly meeting of the Keysville Lutheran Missionary Society was held Tuesday evening. The opening song was Jesus Shall Reign Where'er the Sun. The scripture lesson I Cor., Chapter 13, was read by Mrs. Floyd Wiley. Prayer was offered by Mrs. John Young.

Lutheran Missions in the Southwest Pacific were discussed by the leaders Mrs. Wiley and Mrs. Young and ten other members. A poem was read by Mrs. Charles Trout. Mrs. Wiley had charge of the True-False Test. The Thank offering was taken which amounted to over twenty three dollars. A short business meeting was conducted by Mrs. Charles Devillbiss. Mrs. Gilbert Stine was made chairman of Life Members and In Memoriam. She was instructed to proceed to make our late pastor, Rev. Richard Miller, In Memoriam. Several other chairmen were appointed. After singing O Love That Wilt Not Let Me Go the missionary benediction was pronounced.

The social committee, Mrs. Robert Stine, Mrs. Russell Stonesifer, Mrs. Harry Clabaugh and Mrs. Carroll Wilhide served delicious refreshments consisting of green peas, creamed chicken garnished with parsley in paper cups, potato chips, cup cakes in green, green pop corn and coffee. The tables were beautifully decorated in green runners, numerous small green ferns, place cards of shamrock leaves and green baskets of green mints. The effect was most pleasing, everything in keeping with St. Patrick's Day.

SCHOOL NEWS

The following children in Mrs. Stonesifer's room have been to school every day during the month of February: Betty Jane Beard; Eileen Davidson, Sandra Remsburg, Franklin Feeser, Larry Weishaar, Robert Poole.

Pupils who came to school every day in Mrs. Gass' First Grade during the month of February are: Billy Devillbiss, Jimmy Putnam, Richard Sell, Charles Poole, Mary Baker, Judith Brown, Frances Clabaugh, Margaret Kiser, Cynthia Lawyer, Charlotte Nusbaum and Joan Rinehart.

AROUND THE TOWN

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

Remember, Folks that movie called "The Man Who Came for Dinner?" Well, a number of Saturdays ago, Your Observer had "The Man Who Came for Breakfast!" And here's the story. Several times, I saw a shabbily dressed heavily set and elderly man walking on the highway in a rather quick step. Lady Evadne barked at him furiously and walked the entire length of the fence with him until the stranger was lost in view. Then to my surprise when the family was having breakfast at the usual time of 6:30, a man appeared at the gate shading his eyes with his hand and looking toward the kitchen window without opening the gate. Your Observer then opened the door quickly and recognized the same man. He immediately asked me for breakfast which I gave him. I asked him several questions to which he replied in a voice that was startling as it was one of a thoroughbred and a cultured gentleman. His English and his manner was becoming to the voice. I immediately observed that he had a hammer and a piece of black raincoat which were not concealed. As he was sitting on the kitchen porch eating his breakfast again he surprised me by asking me if I had any scissors that I wanted sharpened! I replied that the two pairs were in good condition and to this the stranger thanked me for his breakfast which he had finished and then went on his way!

Many who are really curious still write asking how I knew that Truman would be elected. To this I can give you only one answer and that is I was as sure as you thinking that Dewey would win! I had predicted the fourth term of President Franklin Delano Roosevelt and wrote him a letter before election enclosing a sealed letter stating that it should not be opened until after election. To my surprise, a beautiful reply arrived two days after election—a letter that I will always prize and hold in my "bouquet of memories!"

So many thought that I was a Republican because my Minister and my Dad were staunch ones. Frankly, I am independent and always vote for the man whom I think is best fitted for the biggest job in the world—being President of these United States! I registered Democratic in this election as many of you know (Continued on Fifth Page)

ETERNAL VIGILANCE

Eternal vigilance is the price of liberty—thus spoke Washington a century and a half ago. 'Twas true then, as thrice true today.

Lincoln wisely said a nation cannot exist half slave, half free, so today Democracy and Totalitarianism cannot exist in the same world. They are incompatible, they do not fuse; they will not mix. The trouble as I see it is that we democratic America and England are too complacent. We do not envision the perils that confront us.

Stalin and his Stoogs are bent on world domination, and if we are not alert will finally succeed. The fault is we do not feel our danger or see our peril.

There is no denying the fact that we saved Russia when the German arrived on their 1500 mile front were pushing back the Russians. They (the Russians) little appreciated then our help, and now have the audacity to deny that any help was ever given by us. The old later fact said truly—in peace prepare for war War is bound to come and Russia will be our foe. I abhor war, I hate it, but as between liberty and war I say with Patrick Henry "Give me liberty and give me death." The United Nations idea is a noble one but for Russia could be made a model. Like the tiger in the jungle they stand ever ready to spray upon the prey. We must be alert, we must be prepared. If everybody is to survive we must be willing and ready to pay the price.

A FAIR BALANCE

Those who believed, following the election, that Congress would enthusiastically repeal the Taft-Hartley law in toto and revert to the old Wagner Act, have been disappointed. Too many influential members of both parties have shown themselves to be against giving labor extremists a blank check.

The Taft-Hartley Act is frequently denounced as a measure which enslaves labor. No evidence can be produced to support this. Since it became the law, numerous labor groups have demanded and received wage increases and other benefits. The legitimate bargaining powers of the unions have not been undermined in the slightest. One of the achievements of the Act has been to place a curb on labor racketeering, and to give the rank and file of members a much stronger voice in the conduct of the unions which they keep alive with their dues.

The Act is not perfect. It undoubtedly can be changed and amended, in the light of experience. But that does not disguise the fact that it marks a great step forward in effecting a fair balance between business on the one hand and organized labor on the other.—Industrial News Review.

Let's Think

by
G. H. ENFIELD

There are people who love to slander the Weather Man.

"Five seconds is the length of the dreams"
No wonder many air castles never materialize!

The more you think the more you will discover how little you have thought.

The outside world will hear when the inside world talks.

It is usually the fellow who can afford to be without a job who has one.

When one begins to call herself a bachelor girl she is losing hope.

One way to judge a candidate is to observe who are working hardest for his election.

Simple snoring is bad enough, but the cuttin' off and starting over is nerve-racking.

Never take a course in good English from ninety per cent of radio announcers.

What somber hue the world takes on for the mother whose son fails to shine!

A saving system that doesn't save isn't worth saving.

Side roads and parked cars are not conducive to moral health.

FEESBURG

The Elmer Wolfe P. T. A. held its regular monthly meeting on Monday March 7th in the school auditorium. The theme was "Tools of Learning". Under the direction of Miss Pauline Fuss, Grade three pupils made the programs which were cut in the shape of a tea cup and decorated with a shamrock. Music was furnished by the school orchestra under the leadership of Mrs. William Bill. Solos were sung by Sherill Cheeks and Dorothy Pitt. Guest speaker of the evening was Dr. Cromwell, State Director of Vocational Guidance. Mrs. Arintha Marsh presented a colorful pot of flowers to Mrs. Herbert Englar as a token of appreciation for donating costumes for the use of the school. At the close of the program, refreshments were served to all, consisting of punch and cookies. The program committee was very happy to see so many parents and patrons turn out for the meeting. A lot of work is needed to get up an interesting program and if no one comes out to see it after so much time and energy is spent there is a let-down feeling that certainly doesn't inspire the members of the committee toward greater effort. Next month members of the Mother's Club will give a play and 18 members of the P. T. A. will demonstrate and tell you why women wear the hats they wear. It all sounds like it will be highly amusing.

Mr. and Mrs. Harry Lambert have sold their farm to Ben H. King of Howard County who will take possession April 1st. John Smith, popular real estate agent of Taneytown made the sale. Many farms have changed hands in our community during the past few years. While one is always glad to welcome new faces and names, yet there is a certain sadness in seeing a farm change owners especially when the name has, so long been a part of the community. But like Shakespeare wrote "The old order changeth, giving place to new."

Guests of Mr. and Mrs. Cleon Wolfe, Sunday were: Mr. and Mrs. Marcus Wolfe and Mr. and Mrs. Steve Pasiko, of Philadelphia.

There are only twenty-five chin-chilla coats in the world and each is worth 25 to 40 thousand dollars.

Laboratory workers test new soaps on rabbits ears because they are so sensitive.

Nancy Roelke took a flying trip to the dentist on Wednesday where she left two of her teeth much against her will. In spite of all the new methods and drugs the dentist office has lost none of its terror. I know exactly how a child feels, and adults too when they face that frankenstein of a dentist chair and see all those shiny instruments laid out in a row, not knowing what any of them are for, but fearing they are for the worst. Any one who says he can face a date with the dentist without a fear or a tingle up his spinal column is either a person without nerves or belongs to the "liar's club."

We had a neighbor once who was very fond of fishing but he would not take out a fishing license. He was down on the river bank one day, pole in hand, waiting for a nibble. The game warden came up out of no where and stood behind him. Our neighbor, looked around, almost swallowed his chaw of tobacco, then gulped, "Hi, warden." The warden just stood there with his hands on his hips. Our neighbor turned back to his fishing, and began to slowly wave the pole back and forth. After a minute or two he pulled the line out of the water. "Just teaching him how to swim" he explained, pointing to a minnow wiggling on the end of the line.

It isn't natural for children to be "good" in the sense of being quiet, obedient, not having minds of their own, never getting fighting mad and always willing to go to bed on time. The child who does these things has fears and inferiorities. Such a child is often worried deeply about school failure, mother's health or something else even when he is only six or eight years old.

Mrs. Bessie Jones who is still a patient at the Frederick Memorial Hospital is not improving.

Many hundred years ago there was a proud city on the coast of North Africa by the name of Leptis Magna. In the days of its glory it was second only to Rome, for the purple-sailed ships found its wharves rich in trade. It was the birthplace of one of the Roman emperors. Its streets and public buildings were beautiful as any. Its workers, teachers, engineers, and artists—equal to the best. It was a fair city and its fame spread everywhere.

A few years ago some excavators, digging in the sand, stumbled upon the ruins of Leptis Magna. Soon they uncovered the entire city so that scholars could read the inscriptions on the ancient monuments. And they discovered why Leptis Magna passed away. It wasn't that a plague carried off the population. Nor that fire destroyed it. Floods never roared through its streets. Neither did an enemy lay it low. It fell into decay because its people became self-satisfied. Life became too easy. They allowed the harbor to fill with silt. They lost interest in good government. They spent more time on pleasure than hard work. They neglected their schools. They became selfish. And as the years went by the desert sands swept over Leptis Magna, and it was forgotten. And so it is with any nation, city or individual. Isn't our most urgent need

in this upset world to be dissatisfied with our human relations as they are today—so that we will improve them? Its all right to be satisfied for a little while, so one can have a breathing spell, so to speak, but to be satisfied very long with anything is against human nature and against man's welfare as a whole.

March 17, is the anniversary of the death of Saint Patrick, 1486 years ago at the patriarchal age of 106 years. At the age of 16 he was captured by Irish pirates and taken to the Island of Erin, where he tended flocks Ulster chieftains as a slave. Six years later he escaped to France and entered monastic life. He then journeyed to Rome and was consecrated a Bishop. Soon after this he was directed by a vision to return to Ireland as a missionary, and did so in 432, and until his death on March 17, 463. It is said he killed all heathen, and left it all christian. He founded over 300 churches and personally baptized over 12,000 people. He converted the heathen king to christianity, and many of the chieftains followed. The shamrock was used by him as a symbol of the Trinity, and has been dedicated to him. The anniversary of his death is celebrated as a feast day in all parts of the earth where Irish have penetrated.

Mr. and Mrs. Walter Myers and Mrs. Bessie Freet visited with relatives and friends in Frederick, on Sunday.

"We hear much these days about the United States providing for starving people in many countries of the world, what we need in this country most of all, in order that we may help solve this problem, is more people raising beans and fewer people spilling them."

Mrs. William F. Harvey is visiting with her daughter Mrs. Eric Kamins and family.

UNIONTOWN

At long last, Uniontown has street lights. The lights were turned on for the first time on Tuesday night, March 8. This project was carried thru by the efforts of the newly formed Uniontown Improvement Association. The men who initiated the action were elected president and vice-president of the group, Thomas Devillies and Howard West. Secretary Reicher and Treasurer Wright, too, deserve credit for their efforts in seeing this project carried to completion so quickly. What Uniontown had not had these many, many years past, it now has at last.

Desirable results of good insulation of homes is not limited to fuel saving. Agricultural engineers report that during summer heat temperatures within a home with good insulation may range from 10 to 15 degrees cooler than without it, provided the house is adequately ventilated. An electric cord should be connected to the appliance first, then to the wall outlet.

Immediately following her marriage in 1933, she and her husband went to Alaska, where they spent eight and one-half years as teachers in the United States government service. Upon their return to the States in 1942, she resumed teaching in the schools of Carroll county and continued as a teacher until Nov. 5, 1948, when because of ill health she resigned as a member of the faculty of Taneytown High School.

Mrs. Widener belonged to Grace Lutheran Church, and was an active and loyal member of the choir. During her many years of service, she was one of its leading soloists. In Sunday School she was a member of the Dorcas Class.

Besides her husband and mother, she is survived by four children, John Gordon, Katharine, Stuart, Paul Thompson and Lynn-Darnell, at home and one brother, George M. Sullivan, Laurel, Md.

Funeral services were conducted Tuesday afternoon, at the Myers' Funeral Home, Westminster. Her pastor the Rev. Dr. Elwood E. Falkenstein, officiated, assisted by the Rev. Leighton King, St. Albans, L. I., N. Y. Burial took place in Kriders' cemetery.

BAKER—Loving thoughts of our mother, BLANCHE LOTISE, for her birthday March 15, who passed March 21, 1948.

No one knows how much we miss you. No one knows the bitter pain we have suffered since we lost you. Life has never been the same.

In our hearts your memory lingers sweetly, tender, fond and true. There is not a day dear mother that we do not think of you. By her loving FAMILY.

A CHINA PARTY

A very unusual and enjoyable evening was a party in China held by the Women's Missionary Society of St. Paul's Lutheran Church in the Jr. L. O. M. Hall, on Friday evening, Feb. 25th. The hall was attractively decorated in Chinese colors and with Chinese lanterns. Large bowls of forsythia for the centerpiece of tables which held exhibits of articles from China. As guests arrived they wrote their names in Chinese. Mrs. Andrew F. Theisz, who was in charge of the party, wore a beautiful hand embroidered Chinese shawl. She told the guests some interesting facts about China and then introduced other members of the Society who took part as follows: Miss Virginia Baust sang a Chinese welcome song and a Chinese School Girls' Song; Mrs. LaRue Schaffer told how the Chinese spend their leisure hours; Mrs. Kenneth Baust told about Chinese characteristics and customs; Mrs. Howard West told a true Chinese story, and Mrs. Howard Hymiller told a fictitious Chinese story. Miss Priscilla Theisz demonstrated how we read and how the Chinese read. A group of members of the W. M. S. sang a Chinese boatman's song. Mrs. Theisz told an interesting Chinese legend "Eggs for sale."

Some of the guests participated in a game of eating popcorn with chopsticks, furnishing many laughs for the others. Prizes of chopsticks were awarded the couples. The group all took part in trying to guess Chinese riddles. Pastor Theisz and Mr. Chas. Crumbacker attempted to solve a 2,000 year old puzzle. Chinese refreshments of tea and almond cookies were served to about 40 guests. A silver offering was taken at the door as the guests departed.

AROUND THE TOWN

(Continued from First Page)
 simply because I knew that Truman is a decent and honest man, that he is capable of doing anything he desires to do and can shoulder frightful responsibilities without a complaint and always comes up smiling! He is fearless which I admire in both men and women and everything will turn out right when he solves the problems without any interference of any kind!

Are you aware, Folks there is more money in the banks than ever before? People have saved and this time are holding onto it and not as in World War 1.

Did you know that schools in Chicago close for Armistice Day? Your Observer thinks that is as it should be—A National one at that!

Did you know that all schools that have been built in the past fifteen years in the State of West Virginia are just one story high? That is in case of fire so that it would be safe if the children had to jump out of the windows! They sure do love their children!

Calling all school teachers! You know how praise is not only gratifying to any child but it is a source of fresh energy for the child to 'go on' as then the body energy curve will soar! Fault finding is bad medicine and will have just the exact opposite affect. Watch and study the child's expression at these times. It works wonders!

There is a big sign past Cumberland which reads "Lover's Leap" and the story behind that is that in Pioneer Days, a young couple were very much in love and both parents on each side refused to grant their permission to the marriage. Hand in hand, the couple climbed this very high mountain and decided to jump out into space rather than go on in life without each other!

Called on that nice little Minister—the one who has the three W's—Wim-Wigor and Witallity! Up and doing in other words—goes to the big city daily! Must be made of the same stuff as our President Truman!

Heard a good one the other day "Around The Town"—A oil heating plant in a private home stopped working and the lady called the "Perfect Plumber" on the phone and when he arrived, he found that the old man had delivered fifty gallons of water instead of the burning oil! Mistakes will happen.

So long. See you next week and in the meantime have a nice week-end and—

Make it Pleasant!
 Life is like a journey taken on a train With a pair of travelers at each window pane

I may sit besides you all the journey through,
 Or I may sit elsewhere never knowing you;

But if fate should mark me to sit at your side,
 Let's be pleasant travelers—it's so short a ride!

If Bert Parks would happen to call Your Observer on Stop The Music for "The Mystery Tune" the answer I would give is "Paramount on Parade" or it could be "The Eyes and Ears of the World".

Your—
 OBSERVER.

ANNAPOLIS LETTER

(Continued from First Page)
 more than 5 hours without a 30 minute break.

The bill also provides for severe fines for those who employ minors contrary to its provisions and requires the law breaking minors to be hauled before the Juvenile Court.

There is no argument against a law that is designed to protect a child's health, to require him to go to school or to insure his safety, but it is my impression that this measure goes much farther than is necessary to accomplish these objectives.

I find it difficult to find much harm in a boy of 12 or 13 earning a few dollars delivering groceries, distributing handbills, carrying a golf bag on Saturdays or picking fruit in an orchard in the summertime. And

many of the provisions of the bill are equally as restrictive.

MISCELLANEOUS

House Bill 408 would eliminate the 2% excise tax on used car sales. Under the present law the 2% tax is charged on all transfers of motor vehicles, regardless of age or frequency of sale. The proposed law would provide for the 2% tax on a new vehicle but would eliminate it on all subsequent sales.

House Bill 399 would change the provision under which farmers obtain a special \$1.00 license for vehicles used on or adjacent to their farms. This bill would raise the fee to \$5.00 and permit such vehicles to be used within a radius of 15 miles of the farm.

Until next week, I am, sincerely,
 STANFORD HOFF.

God's Signature

Lesson for March 13, 1949

IN A STRANGE city you may suddenly need to be identified. Some suspicious clerk wants to know if your signature is genuine. It is a fair challenge, for too many liars are in circulation. Jesus himself had to furnish identification. No less a person than his old friend John the Baptist had grown uneasy. "Are you the one we are looking for," he inquired, "or shall we look for someone else?" Jesus' answer to John was not to discuss the theology of the Incarnation, or anything of that sort. He just went about his usual day's work.

In the course of that day he cured a good many sick people, and preached to some very poor people. "Now go back," he said, "go back and tell John what you have seen and heard." What those men saw that day was what Jesus at another time called the "finger of God," the genuine divine signature.

Jesus wrote no book, no letters even; he wrote in action, and his acts were the handwriting of God. It is important to see where Jesus underscored that writing. It is true, his healings were what we call miracles. But Jesus did not even mention that feature.

What he asked John to notice was simply this: the blind see, the lame walk; lepers are cured, the deaf hear, the dead are raised, and (as a climax!) the poor hear good news. The signature of God, in short, is not sheer power; it is using what power one has, to help people in trouble.

Not By Bread Alone

THE EXPRESSION, "needy people," nowadays suggests people who haven't enough to eat or wear. Jesus helped such persons; but he knew well that men's needs go beyond well-cared-for bodies. There was the poor man from the graveyard, for example,—he was happy enough. He didn't want clothes, and he was strong enough to steal all the food he could eat. All he wanted, in fact, was to be let alone. But Jesus knew that what he needed above all was a sane mind, a mind no longer run over and trampled by a regiment of devils.

When Jesus got through with him he was clothed, but that was not the best part of it. He was in his right mind. So God's signature is not only written in a sound body, it is in the sound mind. Again, at Jericho when Jesus invited himself to dinner with the pint-sized tycoon Zacchaeus, Jesus did not go just for the meal. He went because he knew that Zacchaeus needed something. Jericho needed something, too, something only Zacchaeus could give.

We do know that after dinner Zacchaeus was a changed man. He was going to give back every dishonest penny, with interest; and since he could not locate every one he had cheated, he was going to give away half of his holdings for the benefit of the poor.

What Jericho needed was a new administration, any honest one; they needed slum clearance; and Zacchaeus was going to give it to them. But first of all Zacchaeus had needed a new heart—and Jesus gave him that.

We Too

ALL AROUND us is a troubled world. Some men, seeing it, infer there is no God. Others conclude that if there is one, he must be bad or weak. The truth is that the signature of God is not to be found in the evil and the confusion of the world. It is to be seen wherever freedom is standing against slavery, wherever truth is pushing back ignorance, where diseased bodies are being healed, where sanity replaces madness.

More people would believe in God if they could see more of the handwriting of God. Do you want to help?

We cannot always do things as simply as Jesus did. Curing the diseased is not for us a simple matter of saying, Be well. A Christian woman, distressed by what she had learned of the plight of the insane in her backward state, was asking the head of the state hospital (himself a church officer), "What can we Christians do?" "Get behind the legislature," he said.

NOTICE TO MARYLAND FARMERS

Whether you own your farm or rent, whether the farm you operate is large or small, you still need FARM LIABILITY PROTECTION. You cannot afford to lose, through a heavy damage suit, what you have worked so hard to gain. Make sure you have sound protection against such accidents as results from animals straying onto a public road—injury to anyone coming on your farm—from tractors being operated on highways or in town—damage to neighbors crops and property from animals that broke out—accidents to farm employees and many other accidents that may bring drastic results.

In addition to this protection this also includes damages from your own personal acts or those of your children on or away from the farm and also pays you for your cow or other animal that may be killed on a public road. Be sure you have this vital protection before the busy season of spring rolls around. INFORMATION on this sound protection is FREE to you by dropping a card, stopping in or phoning—
