LEGION BIRTHDAY ACTIVITIES

The past week has been the 30th birthday of the American Legion which was established in Paris March 15, 1919. All Posts in the country are joining in celebration one way or another. Here in Maryland, the Department has gone all out for the occasion. On Wednesday, Mar. 16 they held a dinner dance in honor of "Jack" Tribby in the Lord Baltimore Hotel, Baltimore. Hesson-Snyder Post No. 120, Taneytown was represented at the occasion by District Vice-Commander Harmon Albaugh and wife, Legionnaires Stanley King, Galen Stonesifer and Francis Lookingbill.

The climax of the anniversary in Maryland will be one of the largest parades to be held in Baltimore. The parade is Saturday, March 19 at 2 P. M. Hesson-Snyder Post will be in line and any Legionnaire who wishes to march should be at the Legion home at 11:30 A. M., Saturday.

To make Legion meetings more attractive as well as educational the Post decided to feature activities such as speakers, movies and refreshments.

The Legion body endorsed several legislative measures including the national pension bill, the bill giving added benefits to war widows, the State Bonus Bill and the veteran preference bill.

The State Bonus bill does not ask that a bonus be paid the Maryland Veterans now. It only asks that the voters of Maryland be given a chance to vote on a bonus for the veteran in the 1950 election. This bill has been misinterpreted and has misled a lot of people. The American Legion is not being assisted by the communist party in the Legion fight for the bill as has been written in a Maryland newspaper.

The meeting of the Post was adjourned by Commander Powell and to the surprise of all present the Ladies Auxiliary of the Legion served refreshments consisting of sandwiches, potato chips, pickles, candy and cake. A beautiful cake decorated in commemoration of the Legion birthday by a member of the Auxiliary was won by Legionnaire Fred Garner.

RED CROSS SOLICITING IS PROGRESSING

Quota for Taneytown District is \$600.

Many of our community minded men and women are presently engaged in the important task of calling on you and you and you for the purpose of obtaining a contribution to be used by the American Red Cross in carrying out their "Missions of Mercy." I make reference to these solicitors as community minded persons because, most certainly, Red Cross work is community work. Should disaster ever strike our area the fact that the Red Cross does worthwhile community work will be brought most vividly home. However, it should not be necessary for us to be subjected to disaster before we feel the urge to "help our neighbor." I need not elaborate on the work the Red Cross has done; look at the record—it speaks for itself. So, when you are called on for your contribution give it freely and make sure that you have given generously. Our quota this year is \$600.00.

If you live in Taneytown you will be contacted by one of the following persons, who are under the able tutelage of Mrs. Elwood Baumgardner, East Baltimore St.; Mrs. Dorothy Myerly, Miss Bill Dove Amos, Mrs. John Skiles and Mr. Thomas Albaugh; Broad, Banker and Antrim Streets, Miss Susan Shower; Downtown East Baltimore Street, Miss Julia Arnold and Mr. William Ritter; George St., Mrs. Chester Cartzenadner, Miss Helen Bankard; Mill Avenue, Mrs. Harry Mohney; Middle Street, Mrs. Margaret Nulton and Miss Mildred Carbaugh; York Street, Miss Phyllis Smith and Miss Ruth Stambaugh; Frederick Street, Mrs. Stanley King and Mr. George Motter; W. SCOUT ACTIVITIES

Girls Celebrate 37th Anniversary by Visit to Museum

Red Rose Troop No. 2 celebrated the 37th anniversary of Girl Scouts by visiting the Baltimore Museum of Art on Saturday, March 12th. The Museum was showing a special exhibit of 233 illuminated manuscripts—the biggest and best collection ever shown in the U. S.

The earliest of the manuscripts, dating from the dark ages of Europe, had been strongboxes of Christian culture. Done mostly on calfskin parchment and laced with burnished gold and rainbow colors, they had kept fresh and shining through the ages. An 8th Century psalter, made by the monks of Canterbury, was decorated with twining capital letters as abstract and whimsically complicated as any paintings produced today. Another, dating from the early 9th Century in France, was a book of the four Gospels written entirely in gold on pages dyed purple.

Landscapes in G. One full-page size initial "G" enclosed a miniature painting of St. Francis kneeling to receive the stigmata. There were many scenes from the Bible—the Crucifixion; The Virgin holding the body of Christ; the story of David and Goliath, and others. Some of the backs of these manuscripts were decorated with various colored stones. There were quaint little tabs, which looked like tiny bugs, sticking from the pages as book marks.

The Girl Scouts also visited Enoch Pratt Library and were shown thru the Binder Department. Here they learned how old books were reclaimed and made almost as good as new. They watched a demonstration of re-casing and rebinding and were told how to mend a book properly. They were also shown various leather bindings on books, such as Morocco, calfskin, etc.

The leaders, Mrs. Lord, and Mrs. Bingham transported Troop 2 to Baltimore.

BOARD OF EDUCATION MEETS

The Board of Education of Carroll County held its regular meeting on Tuesday, March 8, with all members present. The minutes of the regular February meeting and a special meeting, on February 25th, were read and approved, and the bills as listed ordered paid. The superintendent reported that the construction of the Robert Moton Colored School was proceeding under the general contractor, Allen F. Feeser. The superintendent was given authority to secure prices for necessary equipment for this building and to submit them to the Board for approval as soon as possible.

A report was made to the Board regarding progress which has been made in connection with the planning of buildings in various locations throughout the county as well as negotiations with the Carroll County Commissioners relating to the issuance of bonds for the construction of school buildings. This report of the superintendent indicated that action was being taken to plan building improvement at all the locations in the county as promptly as architects' drawings and specifications can be prepared.

At this time the Board had arranged for the opening of bids for the construction of the improvements at the school building at Sykesville. These improvements included separately a six classroom unit for elementary pupils; an auditorium gymnasium; combination and agriculture shop; alterations to the existing building to make it more satisfactory for educational purposes. The contractors bidding on this work had been asked to bid separately on each one of these jobs and to bid the entire contract under one bid. The bidders submitting bids at this meeting were: J. H. Williams and Co., Inc., Baltimore; Mullan Contracting Co., Baltimore; Mulligan Contracting Co., Baltimore; Charles B. Tovell, Baltimore; John K. Ruff Inc., Baltimore; Allen F. Feeser, Taneytown; Charles Scrivener and Co., Baltimore. The range of the bids for all the work planned at Sykesville was from a low bid of \$444,347.00 to a high bid of \$566,688.00. Since the cost of the building was much greater than anticipated the Board of Education deferred decision on the matter of awarding contracts until a special meeting to be held on March 15th.

Other matters relating to the administration of schools and to the maintenance of buildings were presented to the Board and given consideration in connection with the planning of the proper maintenance of buildings and the administration of schools during the remainder of the current year and for the year 1949-50. These matters included problems related to transportation, to the purchase of land and to the securing of new equipment to replace unsatisfactory heating and plumbing equipment now in use.

Consideration was also given to the sketches of several architects relating to proposed improvements at the school locations of the county. The Board adjourned at 1:00 p. m.

A special meeting of the Board of Education was held on Tuesday, March 15th, for the purpose of considering the awarding of contracts for the Sykesville School building. After due consideration a motion was made and passed to accept the bid of John K. Ruff and Sons of Baltimore for the construction of a six room unit of classrooms for the Sykesville (Continued on Fourth Page)

PRESIDENT TRUMAN TO BROADCAST

In Support of Churches' Greatest Humanitarian Appeal

Pastoral heads of over 76,000 churches, representing virtually every major Christian denomination and communion in the land—are now prepared and have prepared their congregations to participate in one simultaneous offering which will be taken in churches from coast to coast on Sunday, March 27, for the cause of world relief. Urging all churches of all faiths to prepare themselves immediately to receive this offering on Sunday, March 27, if they have not yet done so; and urging every American to attend the church of his faith on Sunday, March 27, to participate in this great corporate demonstration of brotherly love and Christianity, Bishop John S. Stamm, President of Federal Council of Churches of Christ in America; Mrs. Harper Sibley, President, United Council of Church Women; Mr. Fred W. Ramsey, Exec. Vice-President, Church World Service and Dr. Wynn Fairfield, Chairman of the Secretariat Council, Foreign Missions Conference of America commented jointly:

"Never before in the history of the world have the churches of Europe and Asia been faced with greater problems and responsibilities. The fate of our civilization may lie in the ability of the churches and especially the churches overseas to meet their responsibilities in carrying forth the Christian ministry. This great joint program will not only strengthen the vitally important relief and rehabilitation work of the churches overseas but will also prove to all the world just how great is the power generated when Christians unite in such a great common cause."

Archbishop John T. McNicholas of Cincinnati, chairman of the board of trustees of War Relief Services of the National Catholic Welfare Conference said, "Never before in the history of the world has there been such compelling need for Christian charity." Bishop Stephen J. Donahue, of New York stressed the importance of the campaign "in this year of suffering and misery for so many."
On the eve of the great united church offering—Saturday, March 26 from 10 to 11 P. M., EST (PLEASE NOTE THE HOUR) a program known as "One Great Hour" will be carried for the churches of America by the contribution of the full networks of the American Broadcasting Company, Columbia Broadcasting System and Mutual Broadcasting System as well as hundreds of independent stations.

LETTER FROM LT. CDR. HESSON

March 3, 1949.

My Dear Mother:
We have another mail pickup tomorrow some time, so I will get a letter together for you tonight. There will be a destroyer come along side while we are moving along at around 30 mile per hour and a line will be shot over to our ship and the mail bags passed over to them to be carried back to the states and mailed.

We haven't anchored since we left Norfolk on the 20th and have only seen land two days, which was Porto Rico and one of the Virgin Islands and that was about 6 miles off. You see we are on special maneuvers as if we were at war. In fact it is too much like war, for people do get hurt and killed. Our ship has had three men killed, two pilots and a plane handler in the past week and the other carriers have been about the same as us; so of the 5 carriers there have been over 15 men killed and around 25 planes destroyed. A lot of the men are able to get out and parachute down when the plane goes bad and are picked up by the Helicopters within about 2 minutes after they hit the water and returned to the ship to fly another day.

Some time within the next three days we will go into the Navy yard at Trinidad for a few days shore leave, and then we go to Guadpanama, Cuba for a few days. We then head back to Norfolk and I should be home by the 20th of March. I will surely have seen enough water to last me a long while, but am very thankful to say that I have not been sea-sick so far. I feel sure I will have trouble walking a straight line when I first get on land again.

So far the cruise has been very interesting and I have learned a lot on the cruise. There is always something happening and something new to see and learn. I think 30 days a year of the Navy is enough for me.

I miss getting the local papers and the Carroll Record. The only news we get here is a three sheet (the size of this letter) daily paper printed here on the ship called Press News which gives us world and current events, but nothing from your own home town or city.

This will be the last regular mail to go out I believe, but will send you a card when I hit Trinidad and Cuba if I get a chance to do so. Hope you folks are all OK and will see you as soon as I can get back on the job.
 Lovingly, your son,
CHARLES.

AROUND THE TOWN

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!

I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

Brothers! How wonderful those men of The Brotherhood of The Grace Reformed Church were in serving and cooking that delicious turkey dinner! They really cooked every bit of it, too!

Did you know that the author, John Luther Long who wrote Madam Butterfly was born in Hanover, Pennsylvania? It was the year 1861.

Now, that telephone man will have a big smile as many others who read this (almost as that famous Daniel Webster)! A lady told Your Observer that it would just be awful when the dial system is installed as she learned then the bell would not ring only for her own calls and she would not be able to know what as going on at all. Can you imagine how very difficult it was for Your Observer to suppress a smile not alone a laugh.

At last, Your Observer met the fine young Priest who was born and reared "Around The Town" and resides in the big city. Now I dare my readers to keep this column and then compare notes in years to come for Your Observer predicts that he will some day become a Bishop.

That nice chubby boy who enlisted in the Service was home on furlough and looking fit as a fiddle.

There is a young boy who works in the chain grocery store on Saturdays who is quite talented in writing. He attends the Taneytown High School. Very proper sort of a young fellow and I think you know what I mean.

A few months ago Your Observer attended the Carroll County Minister's Association at New Windsor. There was a Mr. John D. Roop who had recently returned from a ten week's trip to Europe who was the speaker. It was most interesting and it was enjoyed very much by those present. Then it was wonderful to sit in with those good people opening their baskets filled with lunch, in the basement of the Service Center. A lunch was also served for the price of 40 cents which pleased the ministers and the few wives as to a delicious one plus the small charge.

Frankie returned to Camp the last week in Feb. Here's hoping there won't be any more bad news.

Often think if it was not for that nice banker in Detour, Your Observer would not be Carroll County. That shows what confidence can do.

That PP "Around The Town" which stands for "Perfect Plumber" is just that and he surely knows how to do things up brown. His competent help is beyond describing as they do not talk or waste a minute. Very rarely take time to smoke a cigarette and are strictly business.

That wonderful place which is operated by Brother Service Committee at New Windsor for the needy in foreign places is a sight to see with all the wonderful workers sewing and preparing the clothing that is to be sent across the sea. They even wash the cloths if they need it and make the things look almost new. Be sure to send clothing there that you discard or want to donate. A sentence "I was naked and ye clothed me" is most impressive under the picture of a lady dressing two little foreign born children and means much for that wonderful service, to those abroad. I pray that there be no distinction as to any religious beliefs as to their destination in clothing anyone, as to distributing them. A number of times Your Observer overheard that the Jews in those places were left out. How awful if that be true. Have you ever noticed, folks, when any country massacres Jews that that country falls? Just check back and see to convince yourself.

There is a lady "around the town" who had four sons in the Service. That reminds me of a very close friend who had six sons in the Service and all at different places. Her last child was a tiny daughter who arrived late in life. She was a blessing sent from Above at such a critical time. God works in mysterious ways. His wonders to perform.

In another month, spring will be here and hats will be discarded and all the ladies will be heading for the nice beauty salons "around the town" to make a lovelier you.

The answer for the Mystery Tune on The "Ston the Music" is still "Paradise on Parade."

Next week my column will be about the trip to New York and how Taneytown girls and women "top" the women in that big city which may surprise them.

So long until next week. Have a grand week end and always remember that even a fish can get in trouble by opening his mouth.

Your
OBSERVER.

ST. PATRICK'S DAY LUNCHEON

Mrs. Harry M. Mohney entertained informally Saturday, March 12, at a most enjoyable luncheon. The St. Patrick's Joyful was cleverly carried out in the color scheme of the luncheon and in table decorations.

Her local guests were: Mrs. Jacob Stambaugh, Miss Ruth Stambaugh, Mrs. William Bankard, Miss Helen Bankard, Mrs. Charles Stonesifer, of this town; and Mrs. Una Obrock and Miss Elizabeth R. Palmer, of Middletown, who were Mrs. Mohney's week-end guests.
