"FRESH AIR YOUNGSTERS"

The Underprivileged Child Committee of the Taneytown Kiwanis Club is making an effort to secure homes for several Fresh Air Youngsters who are now living in the slums of New York City. These youngsters need to get away from the sweltering streets for a period of two weeks—need the friendship and fresh air that we down here in this wonderful section have to offer them. Therefore, the committee is urging each family in and around Taneytown to give this matter careful consideration and thought. Remember these kiddies come to us well examined and insured, no responsibility on our part except to feed them for two weeks, we expect to feed them for two weeks—we assure you that you will get as much from it as they will. Thousands of this underprivileged youngsters leave N. Y. each summer and come to small communities like this, under the sponsorship of the New York Herald Tribune Society. If you are interested or care for more information, call Mr. Edward Reid who is chairman of the committee.

SCHOOL NEWS

The schools of Carroll County were closed for the summer vacation on Wednesday, June 15. Teachers were engaged on June 14 and on the following days of the week on reporting to the central office and in making up requisitions and orders for the operation of schools during 1949-50. Present plans indicate the opening of schools will occur on September 6, 1949. Many schools will open under extremely crowded conditions due to the large number of new pupils planning to enter school in September. Building operations now under way will be of great help in solving the probable crowding but completion will probably be delayed in most cases until some time after the opening of school.

The Board of Education announces that plans are in preparation for the increasing of classroom facilities at Union Bridge, Taneytown and Sandy Mount and at the Westminster Elementary School. Working drawings and the advertising of bids for these projects are to be expected during the current summer.

W. M. SOCIETIES IN JOINT MEETING

Ladies of Union Bridge Entertain Members of Trinity

"My Name is Han" was the title of the sound picture shown by the Women's Missionary Society of St. James Lutheran Church, at Union Bridge, as part of their graciousness in entertaining the societies of the Trinity Lutheran Taneytown and the Keysville Lutheran on Wednesday evening, June 15th.

The occasion was their regular monthly meeting with Mrs. S. E. Fogle president, presiding, and Mrs. Charles Fowle leader of the lesson period. Mrs. Kathryn Fleming served as pianist and Mrs. Vernon Gladhill secretary. Those assisting were Mrs. Walter Houck, Mrs. Abner Devibiss, Mrs. E. L. Seigman, Miss Kathryn Fleming, Miss Dorothy Fowle and Mrs. Vernon Gladhill.

A large map was used in locating the different Mission Fields as they were mentioned in the lesson.

Mr. S. E. Fogle operated the camera and assisted in entertaining.

Rev. R. S. Poffenberger the supply pastor was present and spoke briefly. Close to 100 members and guests were present.

Thirty-three members of the Taneytown group made the trip by chartered bus with Mr. Leister, of Pleasant Valley as driver and owner of the bus.

The evening was a delightful one. As the ladies alighted at the church entrance, hymns from the belfry began to play, and a cordial welcome was extended by the Rev. Poffenberger and members of the society.

Following the meeting, a social hour was spent, at which time refreshments of cake, punch and salted nuts were served.

LETTER FROM GERMANY

The following letter is acknowledging a coat that was among the clothes sent from the Lutheran church through the Lutheran Relief Center, Easton, Pa.:

Aachen, May 18, 1949

Dear Mrs. Nulton:

There are some days I had a great surprise and pleasure. By the Relief of the Evangelical Church I received a wonderful black coat. And little label your name and address was attached. I am very glad to know who was so kind to give this present for me, for an unknown lady. With thankful heart I am writing you these lines. Can you understand the great help you gave me with your present? You helped me in a great distress and I thank you sincerely.

In September '44 the inhabitants of our town were compulsively evacuated. It was only allowed to take along 30 lb luggage. During long weeks the armies fought here and when we came back in summer of '45 our beautiful home was in ruins and I found nothing of all I had left, no clothes, no linen, no furniture.

So I had to begin a new life. But how to begin where all is destroyed? 85 percent of our town is all in ruins. We were standing with our little suit case in the street, knowing not where to go. Good friends gave us a room in their also damaged house. And the first year we could buy nothing. Here, since the reform of our currency we see again all sorts of merchandise in the shop-windows, but the prices are so high, several times higher than formerly.

I am a teacher in a school here and live together with my sister, she works in Church Social Service. So your coat was a very great help for me, being not able to pay the enormous prices for new clothes.

Would be very glad to get a notice from you if this letter reaches you.

Once more I thank you for your great Christian love and concern. It is very comforting to know there are Christian friends far away in the world that wish to help us. May the Lord take care of you also in the future.

With thankful greetings

AROUND THE TOWN

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!

I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

Am wondering if all the State Roads are kept up as along the 71 Highway. Due to the cutting of high weeds now and then has decreased accidents as the roads can so easily be seen plus those nice shoulders.

Read where those drab old blackboards in the Public Schools are being changed to green which means better eyesight for the children and that means better work.

Heard Earl Godwin (my favorite radio commentator) one night state that there were 3,300 people who have knowledge of our Atomic Secrets. How come?

Did you ever stop to think that it is not how fast a good car can go but how slow and by that I mean idling. Old Lincoln surely did convince Your Observer of that fact more so on the day of the parade.

There are two real "love birds" over at Middleburg and the wife was formerly from "around the town."

A lady "around the town" was called on a quiz question from Hanover and she answered the question correctly by giving the exact date of the railroad strike which was May 17, 1946 when Truman took it in hand. She received \$16.50 in merchandise from the stores "around the town."

Saw the cutest thing on Frederick St., that of a young couple, a girl in a wheelbarrow being pushed, by a very interesting young fellow. Never saw them before or since.

If you are contemplating a trip to Atlantic City for your vacation with the best half by no means miss "Hackney's", a wonderful place to eat any kind of sea food. There is the Alaska lobster, which is something out of this world and so much more of it to eat than our own lobster. You will never forget the treat. The place is just about the largest in any resort and "Hackney's" have been way up at "The Inlet" for many years and is known the world over. Atlantic City really is the playground of the world and one can enjoy it all even if there are only a few days of it. In fact, one can get more out of these days than remaining several weeks at least. Your Observer has always found it that way.

The awful part and which I think there "ortabala" are those auctioneers who surely can take in the gullible widow for fabulous sums they ask for their diamonds. This has been going on for many years and there is always a sucker, so to speak, in the form of an innocent woman who really thinks that she has a good investment in those diamonds. What a racket.

Now this is news. Heard from Philly that Technicolor Videos will be in the limelight in the Fall.

A lovely young wife and mother out Keysville way still attends the church at Middleburg never once thinking of the distance. Her husband thinks nothing is too much trouble, especially where church is concerned and lends all his efforts. There is a growing black eyed daughter who helps make life interesting, too.

Out Ladiesburg way there is a tiny lady who is just about one of the most thoughtful individuals whom I have ever met and the nice part, too, is that she has taken the thirty-sixth child from the Childrens Agency. These children love her as a mother and that is no wonder as she treats them all with kindness and love.

Now that Frankie is so near New York town. Coney Island, Old Town Bay and All the Lights of Old Broadway, I am wondering if he still remembers "around the town".

That wise pharmacist in our town surely said something clever when he said "the most precious piece of paper in the world is a prescription blank which your Dr. hands you to be filled". The next part is to have it filled by a reliable druggist who has the ability and dependability to carry out your doctor's commands. That is more important than the Will which you have already made for then the Will won't be read so soon. Eh?

Folks, you can rest assured that Carroll County is surely taken care of, at least, the parts to which is assigned our State Police. The General is just about the most observing individual to the finest detail which is amazing. A couple stopped on a very hot day from Hagerstown from which place they had walked and asked for something to eat at "Loves' Retreat". As they walked down toward Taneytown they rested under a tree at this time that the General came along and approached them. You see what I mean, folks, this man is different from other State Police and holds his position as a most honorable one which he was taught as honorable as the Army and that is as it should be. He recognizes strangers immediately with all the vast territory which he covers so many times during the twenty four hours.

Our new Policeman "Around The Town" is very well liked by everyone. The old-fashioned waltz for the Mystery Tune on "Stop The Music" is "Say Not Love is a Dream."

So long, Folks. Will be seeing you next week and always remember there will be Peace, Power and Plenty, if you are 100 percent American and I think you know just what I mean! Have a grand week-end.

Faithfully,
Your
OBSERVER.

CO-WORKERS

The honey bee is man's co-worker. Daily the bee goes forth to gather the nectar from every flower that blooms by the wayside. He is the orchardist's best helper for he seeks the honey in every blossom and fertilizes it so that full fruit is the result. Proprietors of large orchards are said to pay owners of bees good prices to have them place the hives at blossoming time in or near the orchard.

In my childhood hives were crude, and to get the honey the bees had to be killed. Now man has discovered a better way and now hives are made so that the honey may be taken as desired without disturbing or destroying the bees.

The two choice flowers that honey bees like are white clover and buckwheat blossom. The white clover gives nectar that is pale yellow while buckwheat yields the dark honey much desired by those who like honey.

Honey has been man's sweetener from prehistoric times and is mentioned a number of times in the Bible which declares nothing sweeter than honey and the honey comb.

The bee is provided with a sting. This is for two purposes—to back the honey and to protect the bee.

The Queen bee—mother of the hive rules them with an iron hand and doubtless directs all their efforts. We have no better worker than the honey bee.

"How doth the busy bee
Improve each shining hour
And gather honey every day
From every opening flower."

MORE MANNERS FOR MOTORISTS

Miss Emily Post—whose capable pen is usually devoted to caution and advice on deportment in the ballroom or at the banquet table—recently smote an important blow in another field in which more good manners should be employed. It is directed toward automobile drivers.

Miss Post takes up the subject of highway courtesy in a brief little booklet titled 'Motor Manners.' It was compiled with some technical aid from the National Highway Users Conference, which later undertook production and distribution of the work.

Observance of her code, it seems to us, on the part of all drivers, would save thousands of lives on America's highway each year, and millions of dollars in costs of hospitalization, loss of work time and property damage. That's why we class it as more important than hints on proper conduct at the table or on the dance floor.

Miss Post concludes her brief outline of road manners with "code of courtesy," as follows:

1. A well-mannered driver will share the road, never usurping the right-of-way from other vehicles or pedestrians.

2. A well-behaved driver uses his horn as a warning device in emergencies and never as a bad-tempered voice to threaten or scold.

3. An honorable man or woman would not more cheat traffic regulations than cheat at games or in sports.

4. Courteous pedestrians will cross busy streets at intersections, respect traffic lights and avoid darting out from behind parked vehicles.

5. An obliging driver will never fail to dim his lights when meeting other cars in the dark.

6. Well-bred people, whether drivers or passengers, are just as considerate of each other as are hosts and guests in a drawing room.

7. An accommodating driver parks his car so as not to interfere with the use of other parking spaces or with the movement of other vehicles.

8. Orderly drivers always keep to the right, except when using the proper lane for turning or passing.

9. A courteous driver never fails to signal his intentions to stop, turn or pull out.

10. Considerate persons always drive at speeds which are reasonable and prudent, considering traffic, road and weather conditions.

11. One who has any consideration for the safety of others will refrain from driving when physically exhausted.

12. Kindly persons never show curiosity at the scene of an accident and always give any assistance that may be possible.

Albert Bradley, chairman of the National Highway Users Conference, and by nature of his post as executive vice president of General Motors and aware of the importance of the highway safety problem, says:

"Millions of motor vehicles drivers and pedestrians will be grateful to Emily Post when they appreciate that greater courtesy will make driving and walking safer, more convenient and pleasant."

Did you know there are one dozen different kinds of telephone operators serving the people of this state?

Even for those customers with dial service, there's a Long Distance operator nearby to put through out-of-town calls, an "Information" operator to supply telephone numbers not yet listed in the directory. The newest type of operator works at the mobile radio-telephone switchboard, completing calls to and from automobiles and trucks equipped for this kind of service.

Almost everywhere you go, you'll find the "voice with a smile" on the job, providing the friendly, helpful service which has earned her a proud place on the American scene.

Your markets are "right next door"
—by Long Distance

Want to compare market prices before you sell your farm produce? Or locate some repair parts for your machinery? The quickest way is to call Long Distance.

Long Distance service is convenient and economical. Most calls go through while you hold the line. See the inside front cover of your telephone directory for some typical low Long Distance rates.

The Chesapeake & Potomac Telephone Company of Baltimore City.

Two bells that say, "Come and get it"

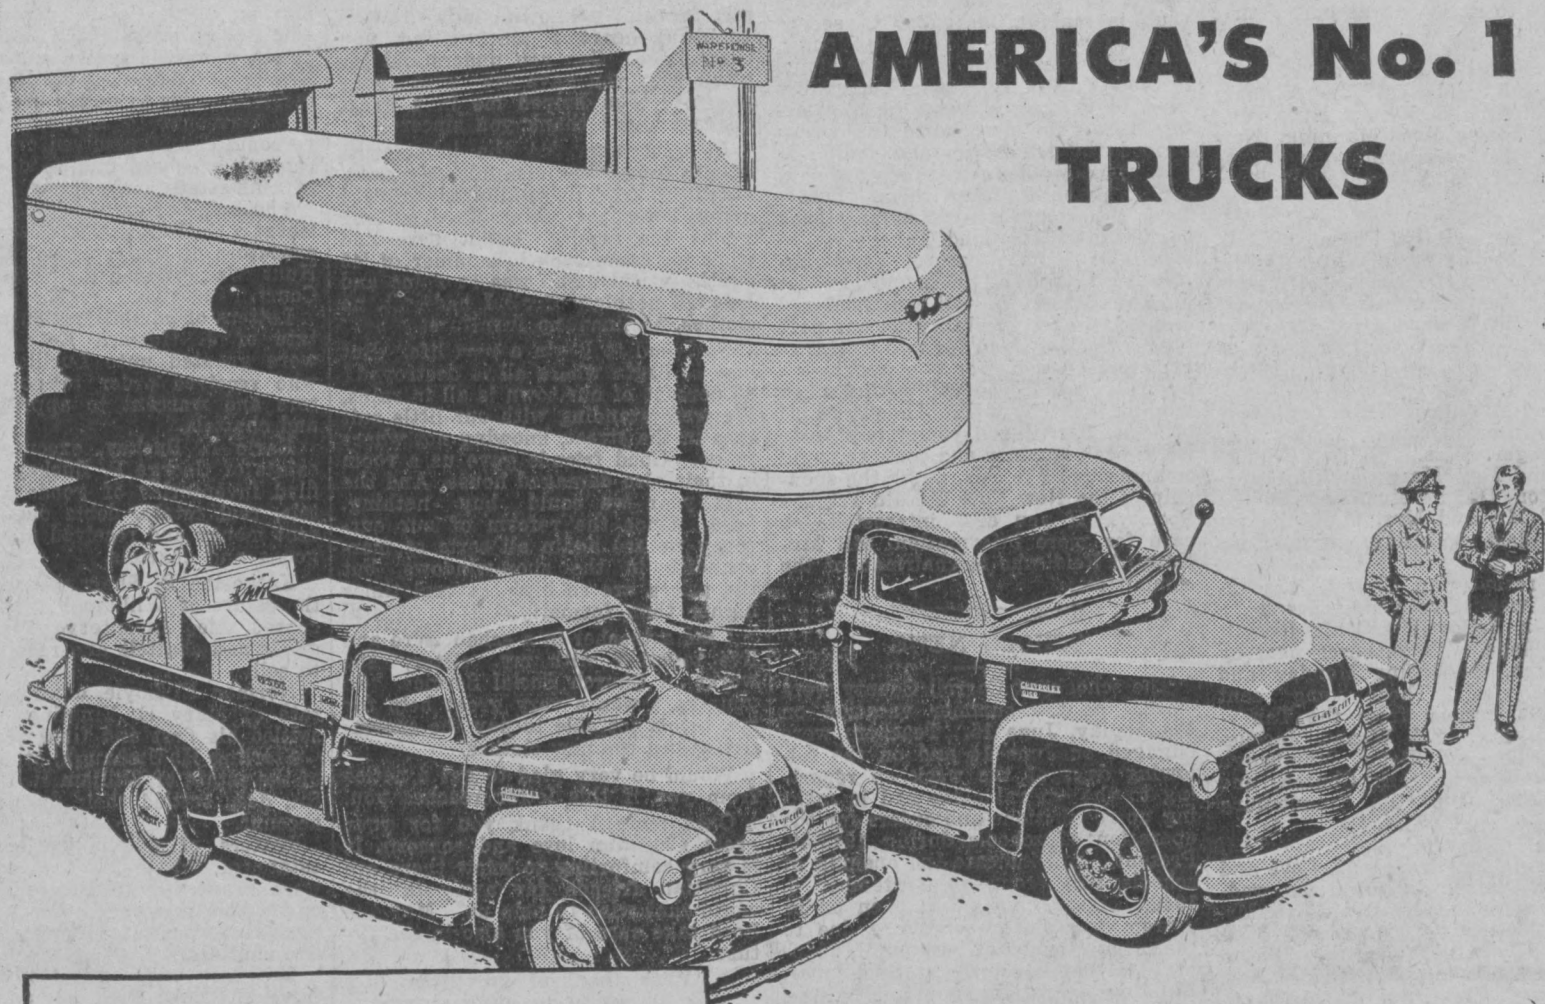

Remember the familiar sound of the old dinner-gong? One ring was usually enough to bring the youngsters "a-running."

The telephone bell is another bell that says, "Come and get it." So, when you're sure it's your ring, please answer as promptly as you can. It might be a call you wouldn't want to miss.

An Army truck ran into the home of Mrs. Sally Wantz, of Tyrone, doing considerable damage to the house and porch. The driver was taken to the Hospital in the Westminster ambulance and the Fire Company responded to the call to the burning truck. A similar accident occurred last week when a fast driver of a car ran into the Lester Wimer home in Fountain Valley. We wonder if we are safe when we stay at home and sit on our own front porch. Will drivers of trucks and cars ever learn to be careful?

Seven Ages Of Man
At 20, work to him was play, and he kept busy all the day.
At 30 he had found his stride, and sailed serenely with the tide.
At 40 he enjoyed each day, and filled the hours the fruitful way.
At 50 life was good to him, and he looked very fit and trim.
At 60 he pressed on with zest, and still resolved to do his best.
At 70 he was going strong, and carried in his heart a song.
At 80 he spoke like a sage, and boasted loudly of his age.

FEESBURG

Bible School opened Monday, in Union Bridge under the direction of the three churches—the Lutheran, Methodist and Brethren. The enrollment this year is larger than ever with the rural areas sending in large numbers of children. Most communities do sponsor a Bible School and it is a fine thing for many reasons. First, it gives the child needed spiritual and social guidance; it gives the teachers an opportunity to serve the community and to know young people better and last but by no means least, it gives the parents the satisfaction of knowing where their children are for at least a part of the day.

Those traveling to Washington on Wednesday to attend the dedication services of the Lutheran Home for the Aged were: Mrs. Cleon Wolfe, Mrs. Edward Dayhoff and Miss Edna Keefer.

One of the popular magazines carried in it this week, advice to those spending the summer in the country. It is just what most of us farm dwellers wish visitors would follow. The article says: "Relax, and don't expect too much. Many commonplace necessities of the city are expensive luxuries in the country. Be grateful when you find them. Be adaptable when you don't. Don't brag about city refinements. There are lots of rural virtues which can be favorably compared with them. Don't criticize local individuals. Country people are a close-knit, sensitive group. Beware of gossip. Everybody in the country, you will soon find is related to everybody else and sandals travels faster than lightning and is followed by severe storms. Don't walk across freshly seeded fields or leave gates open so stock can get out. Don't pick wild flowers, fruits or berries without finding our first just how wild they really are. I shall never forget one visitor we had, who was allergic to walking any place. No matter where he wanted to go on the farm, he drove his car. Imagine my husband's feeling when he made a state road out of his freshly seeded alfalfa field. I can say he was never invited back again. Add your own tact, interest and good nature and your rural neighbors will be glad to have you. Make a nuisance of yourself and they will give you a cold shoulder.

The new dial phones went into effect Thursday. For a time there will be some confusion, but that will soon wear away.

A resort-hotel threesome looking for a fourth for bridge, turned, we hear, to a little old lady quietly knitting on the veranda: "Oh, but I don't play really well," she protested. "Never Mind" they overrode her. "We aren't experts either." On the first hand, there were three passes to the little old lady. She studied her hand, then in a bright voice announced her bid: "Two clovers."

It is our imperfections that endear us to our friends. Our virtues annoy them. An old Chinese proverb.

He Lives On

Lesson for June 26, 1949

WHAT IS JESUS, after all? A name in a book? A picture on the walls of churches? More than that! A historical character? Founder of a great religion? More than that! He is the one and only Person who can be everywhere. He would be important if he had only lived; he is far more so because he lives on. But where does he live, and how?

Dr. Foreman

Christians would often feel lonely and discouraged, if it were not for one thing. They know Jesus prays for them. In long-ago times the High Priest of Israel used to pass beyond his people's sight into the silent Holy of Holies, and when he did, the people knew that in that sacred place he was bearing on his heart the whole people, the people whom he served. So the writer to the Hebrews, in the New Testament, pictures Jesus as the perfect High Priest, who has passed beyond our sight, beyond the beautiful blue veil of heaven, into the very presence of God, where he lives, now to intercede for his people who are ever on his heart.

Jesus lives on today in the life of prayer which we believe is still his. No matter what comes to the Christian, he can remember that One is praying for him who is stronger than all the world of evil.

"Greater is he that is for us than he that is against us," said John the Apostle.

In His Book

LUKE tells us that Jesus had to show some of his friends his own picture in the Old Testament. His portrait is not very plain there, but in the New Testament it is very plain indeed. The Bible leads up to Christ, he is its crowning figure. The Bible is, so to speak, a frame for his picture. Many a person, in remote regions of the world, has become Christian just by reading about Christ in some stray copy of the New Testament. The reader begins by reading about Jesus—then the pages come alive, and he meets Jesus, face to face. Jesus lives on, wherever the Bible goes.

...argue among... but what Jesus... that. But there... ment about one... left his friends... orders to go... him. "Make... sons... Ye shall... A shut-mouthed... of a Christian... church is a poor... (Is it really a... We do not believe... and his followers all... hers.

Into All the World

CHRISTIANITY is the only religion that can stand transplanting into any climate. There is no other religion that can number its people from the Arctic to the equator, and from east to west around the world. But this is not an accident. It would not have happened by itself. Jesus himself in Galilee walked wherever he went, and in all his grown-up life he did not walk farther from his birthplace than you could drive in an afternoon.

But he walks on every shore. Where ship and camel and plane carry the missionary, there goes Christ; where the airways carry his message, there is he. Wherever Christians go, Christ goes in them and with them.

He lives everywhere today where Christians live, he walks on Christians' feet. Beside the four Gospels in print, there is the Gospel According to You. Does Jesus live in and through you?

Help for the Boss

Once in awhile, a new chapter is written in the history of labor union activities. Most labor-management difficulties are very old problems that have existed ever since man first hired-out to another; however, a lot of them belong to new situations, and sometimes we have thought they were new because we had not solved them before. But we have paid increasing attention to hours, wages, and working conditions. A new science of industrial relations has grown up, with nearly every company giving time and effort to improve things for the worker.

One-sided Progress?

In this the unions have helped, for unions in fact exist for the main purpose of looking out for their own. Now, if we have reached the place where union members can see things they can do in turn for their employers, have we not reached an important milestone in industrial relations?

Just recently Mr. Walter Cenerazzo, president of the American Watch Workers Union, led members of his union in a project designed to help the Waltham Watch Company. This company, one of three major American watchmakers, had closed its Waltham, Mass., plant December 31 because it could no longer meet interest payments on a debt of some 5 million dollars. In closing, the 96-year-old company had to discharge 2,300 workers.

What Workers Did

Mr. Cenerazzo, having an unusual grasp of the many problems that labor has to face these days, determined to do something. "If a company is worth working for and drawing a livelihood from, it's worth putting your money into to furnish the working capital to make it a success," he told union members in a mass meeting. Then Mr. Cenerazzo and Waltham employees undertook to see what they could do about it.

Right away, 820 union members pledged themselves to subscribe \$318,000 in equity financing. More than \$40,000 was put up in cash. One employee with 45 years service pledged \$5,000. A stock-buying plan for employees was set up, permitting purchases of stock on a time-payment basis. "We expect to raise more than \$1,250,000 by this method, or about \$500 for each employee," said Mr. Cenerazzo.

Common Problems

This is the story of a company up against trouble. It is also a story of employee integrity, courage, and determination. I hope these workers succeed in saving their company. In this story, the theme of labor-management relations has indeed taken a new twist. The workers of Waltham have understood the desperate need of industry for capital. "Twice the working capital is needed now as in 1940, because of increased costs," Mr. Cenerazzo told workers.

This milestone in industrial relations proves that labor unions can see that industry's problems are their problems also. You may call it just good sense—seeing the other fellow's difficulty and helping him out of it. Another name for it is the Golden Rule.

First Word Russian Parents Teach Their Babies Is "No"

LAKE SUCCESS, L. I.—This conversation took place today between the Soviet Union's Yakov A. Malik, who will succeed Andrei A. Gromyko as Russian delegate to the United Nations, and a reporter, Peter Kihss:

Malik: "You really should learn Russian."

Kihss: "I know two words—'da' (yes) and 'nyet' (no)."

Malik: "Yes, but all the newspapers here say we only say 'nyet.'"

Kihss: "Well, in the United States the first word we teach our babies is 'da.' Maybe there's a difference between your country and mine."

Malik (grinning): "The first word we teach them is 'nyet.'"

Cattlemen Trap Buzzards That Eat Live Calves

LAKE CHARLES, LA.—Cattlemen in southwest Louisiana are warring on a ravenous flock of buzzards which has been passing up carcasses for living animals.

The buzzards have been attacking and killing all kinds of livestock, but mostly newly born calves.

W. L. Calwell, who lives near Lake Charles, reported the flying scavengers had killed 20 of his calves in a year and seven in one week.

John E. Jackson, Calcasieu Parish agent, has told farmers to set up poultry wire traps in their large pastures, using a carcass and dead buzzard as a decoy.

He said one farmer near Baton Rouge, La., had trapped and killed 3,500 buzzards in one season by using this method.

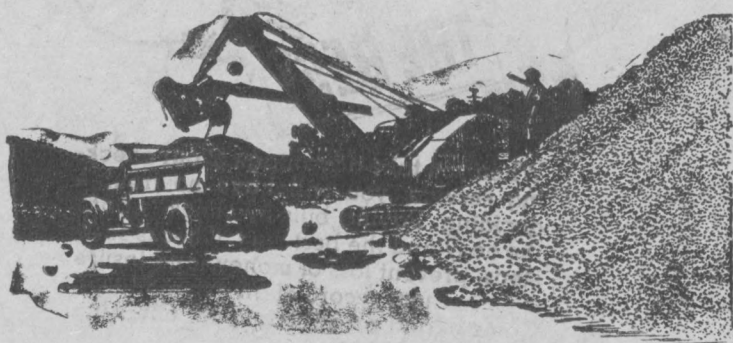

In most cases, the cattlemen reported, a flock of about 300 buzzards would swoop down and attack a helpless newly born calf.

WE PAY OUR FULL SHARE OF FEDERAL INCOME TAX

WE THINK OUR CO-OP COMPETITORS SHOULD, TOO!

When businessmen ask for TAX EQUALITY with their CO-OP COMPETITORS they are only asking for a square deal. They want no advantage or special treatment. They think that ALL business—their own and CO-OPS, too—should pay FEDERAL INCOME TAXES on profits in the same way and on the same basis. They are not opposed to CO-OPS—do not want to put them out of business.

Paying equal federal income taxes with other businesses will NOT put co-ops out of business any more than it puts others out of business.

Co-ops make profits—big profits. They are able and should pay federal income taxes on them. Private business pays full taxes on its profits to Uncle Sam. CO-OPS pay little or nothing. They should be taxed the same as their competitors.

GOD SPEAKS

God speaks to us thru thunder crash
And thru the lightning flame—
His thunder-bolts cleave mighty oaks
Trembling his name proclaim,
And show to all the world around
The feebleness of man's might
When brought before God's sight.
God made the Earth, the Moon, the Sun

And all the Stars whose courses run
The cycle round the Milky Way—
A million light years and a day
To finish up the work they do
And show God's Plan to me and you.
Why question God in what he does
His Word is Law, He is, He was,
And e'er shall be thruout Eternity.

TYPES OF CHRISTIANS

So you say you are a christian?
Just what type are you?
There are four kinds to choose from,
Now these types, let's review.

To begin, some are so tired
When the day is merely begun,
They don't even have ambition
For any religious work that's to be done.

There are others that are so energetic
To express their thought or view
They become flustered about the matter
And are tempted to overdo.

Others sometimes in their middle life,
Think they have been so inspired
At the miraculous wonders God has done,
At an early age, are ready to retire

But there's one type worth living,
Perhaps this time it's you,
The christian that is far-seeing
And with God's work is never thru.
CATHERINE KEILHOLTZ.

Whether the home garden is watered by a simple sprinkler at the end of a hose or by a permanent irrigation system, a good watering once a week is much better than a light sprinkle now and then. At least an inch of water should be applied at one time, according to A. V. Krewatch, Extension Agricultural Engineer, University of Maryland.
