## KIWANIANS MEET

### Program Devoted to the Food Situation

The Taneytown Kiwanis Club met at Taney Inn, Wednesday evening with President L. E. Crumpacker, president. The invocation was offered by Rev. M. S. Reifsnider. Group singing was led by Wallace Reindollar with Mrs. Geo. L. Harner as pianist.

Clarence A. Dbach, of Baton Rouge, La., was the guest of Geo. L. Harner. The program was devoted to the subject: "Public and Business Affairs" in charge of Edward Reid who introduced Mr. Harlan Heltzer, a representative of the Yorktown Wholesale Grocers. Mr. Heltzer spoke on hoarding of sugar, coffee, shortenings, etc. He said that the great demand of many items is proof that irregular buying is being done. He claimed that there is no shortage of the raw material but the unusual buying has created a demand that makes it impossible for the manufacturer to produce the finished product even though they are working 24 hours a day.

Following the speaker a film "Golden Harvest" was shown through the courtesy of Mr. Ernest Dunbar. This picture showed the process required to produce the famous Dole Fruit Salad, beginning with the orchards and vineyards of California where peaches, pears, cherries and grapes are grown and picked. The pineapple from the Hawaiian Islands is another fruit that completed the delicious food that is finally packed in cans and labeled ready for the grocer's shelf.

The meeting next week will be in the form of a crab feed at Big Pipe Creek Park. Should you dislike hard shell crabs there will be plenty of other food. All men are invited to be present for the feed from 6:30 p. m. on.

## THIS 'N' THAT (Your Chatty Column)

With all my heart, I wish you every morning A smile that shall last until the next day's dawning. I wish you health—life's greatest wealth! I wish you always near so that I may help to cheer Each future day and in some way—help to bring you happiness!

"Hello, out there". Hope you were 'missin' me' as I was 'missin' you! And many thanks for the nice 'executive' letters around Carroll County! Many nice things happened in August. Instead of taking the planned Western trip, I vacationed daily to places near. This way it was always refreshing upon arising not changing sleeping quarters.

Believe it or not, Your Observer was on that wonderful invention, "The Combine" during the threshing of the wheat with that right and smart farmer! That farmer plants all of his crops later thus missing those awful beetles!

Did you hear about, "The Flying Chicken" down Baltimore way? There is a place that will deliver a hot chicken to your door with all the vegetables and salad plus the rolls which serves three people by calling their telephone number! What a treat for the city wife who is in a hot stuffy apartment!

Betcha, that the year's best picture will be "Annie Get Your Gun". Your heart will melt when you hear that famous star (Betty Hutton) sing, "You Can't Get a Man with a Gun", "Love is Wonderful" and "The Girl That I Marry". Don't miss that one whatever you do. Your Observer saw it twice and here's how! Upon returning from Camp Pickett, my youngest son wanted to take me to dinner and a show. The dinner was over and we stepped into a taxi in Baltimore which stopped in front of the "Parkway" and there it was again facing me in brilliant electric lights, "Annie get your Gun!" Another movie you will enjoy and which is very different is, "Our Very Own!"

Thinking of movie actresses, what a thrill it was to open the letter from California and see the lovely photograph of the Royalty of all Stars—that of Miss Ethel Barrymore just as she is today and as she looked in "That Midnight Kiss" which she sent to me in answer to a note I sent her a few months ago. I really did not expect that one!

There is just the sweetest "Red Head" baby on a farm who is really a miniature of that wonderful Arthur Godfrey! His handsome little cousin is well again after the awful infected foot!

And thinking of babies! That baby girl which Your Observer predicted would arrive was born the 16th day of August.

Did you know at this very critical time if you turn your pantry into a warehouse, it is the very best way to make your cupboard bare and I think you know just what I mean. It not alone is most selfish but it will mean through hoarding that all essential food will have a clamp placed upon it. I was shocked when visiting a lady in an apartment who is very well to do and she remarked that she wanted to show me something, leading the way to her bedroom. She lifted a huge lid of a box and there were just pounds of sugar in five pound packages! She fell pounds in Your Observer's estimation! Nuff sed!

How nice it was to have just the right girl to attend, "The Girls State" in Annapolis! The Auxiliary and the Legion and all of Taneytown can be most proud!

Being very proud of our new school with all the modern architecture, I had two out of town visitors with me to show them the school. Made "Your Observer sigh and say, "Oh—if I was a child once more!"

A Grandmother residing in Jacksonville, Florida, placed her little granddaughter upon the train to visit relatives in Washington. She wanted to spend the very last minutes with the ten year old child and while she was giving last minute instructions, the train started moving and the Grandmother had to remain right there until the first stop which was over an hour's ride. She was most excited saying over and over again, "What will my dinner guests think of me?"

What a wise Grandmother I met lately who is a very young one having two married children. She presents real gifts that mean much to the young couples who have homes of their own and she gives while she lives so as she can enjoy seeing all the happiness derived! Nice!

A twenty-seven year old lad was driving across New Midway and inasmuch as he was in a hurry, if there had been lights of red warning the young man as there are at Keymar, that man would not have had the accident!

There is a lady near Littlestown with a sign on the lawn of a very modern new home which reads, "Slip Covers and Draperies Made". Never have I met a more patient individual. She has three very young children and real Christianity prevails in their home!

Now, here's to the ladies! "Hair Do's" will be longer for the winter although they are shorter than ever right now. Paris and Fashion states, "Skirts will remain long anyhow for the winter! Keep visiting Your Beauty Salon, Ladies for that will pick you up and I think you know just what I mean!

There was a young man in a gray car around our town around the hour of seven one evening lately who stopped his car to allow a little shaggy

### THE SOUTH WINDS

No wonder it is warm. For several days the South winds have been sweeping up the Atlantic Coast bringing the warm air in its wake. This is good for ripening grain which in these parts has already been harvested and threshed and most of the wheat marketed.

We are already eating bread made from that grain. The United States had only about 1/7th of the territory and population of the world yet we have become the bread basket of suffering and starving Europe.

Russia has immense wheat fields in the Caucasus but sells most of the grain while large numbers of the peasantry go hungry. This should not be.

At this season of the year the great wheat fields of the northwest—Montana and Dakota are being harvested.

I have seen dozens of horse drawn Champion binders at work in the Dakota fields. After threshing is completed at night one could see all around the horizon the burning straw which should have been turned into manure to enrich the already very rich soil. I have been told that the soil in the Red River (of the North) Valley is 200 feet thick, but even so it will not take a great many years to deplete the top soil of its fertility. There are evidently some problems of conservation which have not yet been settled.

### HIGHER TAXES FOR YOU—AND EVERYBODY

The military condition in the United States is being studied by statesmen who are forced to believe at the present time that the United States is facing extra costs of \$20 billion dollars.

That means higher taxes for every body.

"This condition may last 10 or 15 years," said Senator Taft. He expressed the belief that "we must accept it as permanent, for we don't know when the Russians are going to strike."

Senator Sparkman of Alabama believes that tax boosts should include an excise profits levy to take back the winnings of profiteers and discourage price gouging. The Senator has something there!

Senator O'Mahoney of Wyoming reminds us that "no one knows where Communist pressure will next assert itself...but everyone knows that the home front must organize to provide economic preparedness for a struggle that may last years."

Senators agree on "credit controls"—controls over strategic materials and other conditions that call for higher taxes.

The President has asked Congress for billions of dollars to get the Nation's rearmament program in motion.

He asked for a huge sum for synthetic production. Then he put into active service more than 200 ships of the reserve merchant fleet. Of course he dug up more billions for other war purposes.—National Industries News Service.

In Loving Memory of our dear mother, **BESSIE VIRGINIA SIX**, who passed away 4 years ago, Aug. 29, 1946

A happy home was once enjoyed, How sweet the memory still, But death has left a loneliness The world can never fill.

A beautiful memory, a smiling face A broken link that can never be replaced, Till memory fades and life departs You'll live forever in our hearts.

You bade no one a last farewell, You said goodbye to none, Your loving heart just ceased to beat And suddenly you were gone.

No one knows the silent heartache, Only those who have lost can tell, Of the grief that's born in silence For the one we loved so well.

## Down the Line

with Johnny Bell

Better security for them —  
better service for you

Last year, the Bell System provided pensions, sickness and death benefits to 139,500 active and retired employees—a little more than the population of Norfolk, Virginia! Providing employees with greater security helps the Bell System to attract and keep good people. That means more efficient, more courteous and more economical service for everybody.

## Banking time

It would be interesting if you could take a look at a book showing your time-and-effort savings account—made possible by your telephone. There would be quite a balance in your favor! The entries would show all the hours, all the effort and all the inconvenience saved by your telephone. Other entries would show the worries saved you, for the telephone keeps you in touch with people you love, guards you and your family twenty-four hours a day. When you consider all that telephone service does, it's easy to see why it is one of the best buys you can make!

## Missing something?

For instance, you might miss an important call if you wait for the last ring of your telephone bell before running to answer it. If you answer as soon as you're sure it's your ring, you'll avoid losing important calls, and your neighbors won't be annoyed by unnecessary ringing.

Arundel Gets Plan  
To Build Schools

[From a Staff Correspondent]  
Annapolis, Aug. 16.—The Board of County Commissioners of Anne Arundel County today was faced with a new proposal to finance the construction of more schools in the county.

At a board hearing yesterday, County Superintendent of Schools David Jenkins asked for authority to issue \$3,500,000 worth of bonds for the construction of:

1. A new junior high school for the city of Annapolis.
2. A junior-senior high school for the Brooklyn Park metropolitan area, just south of the Baltimore city line.

**Old School Inadequate**  
Mr. Jenkins said the junior high in Annapolis, established in a one-time grammar school, is inadequate to meet the requirements of the recently enlarged State capital. Annapolis several months ago annexed several adjacent communities and now services an area including approximately 25,000 persons.

The steady influx of families in the northern end of the county near Brooklyn Park was cited by the superintendent in asking for the school in that area.

Commissioners said they would study the matter and advise the superintendent of their decision in a week or so.

### Blessed Woman

Lesson for August 27, 1950

A PROTESTANT Christian is essentially a Bible Christian. Among other things, this means he will form his ideas about Bible characters from the Bible itself and not from books about the Bible, not from legends long afterwards invented.

Some Protestants seem not to realize that even a reverent book like "The Greatest Story Ever Told" is as much fiction as it is fact. Yet Protestant Christians are sometimes inclined to go to the opposite extreme. In reacting against the tall tales, they overlook the facts.

If some Christians overdo reverence for Mary, offering prayers and incense before her statues and even going to the point of saying we cannot come to Jesus except through Mary—an idea totally false to the Christian gospel—other Christians make the mistake of neglecting her memory altogether.

Surely we ought not to forget or under-rate the woman who of all the women in the world was chosen of God to be the mother of our Lord Jesus Christ.

### God Knew Her Heart

NAZARETH was a small village with no good reputation. Yet it was in that town that Mary grew to womanhood. Man looks on outward appearances, but God looks on the heart.

You might have not selected Mary for the mother of Jesus, or to put it in another way, you would hardly have expected Mary's child to be the person Jesus became. She was very young, for girls were engaged early in that climate and country—perhaps no more than sixteen. She could have had no great education. She was poor, as the whole story shows.

Yet it was not for her education or her social standing or her experience or any such thing, but because of her heart, her character, herself, that the angel came to her that spring day in Nazareth.

### Mary's Song

THERE IS no room to tell all that can be known of Mary from the Gospels. We can know or guess much from that one song, the "Magnificat" as it is called from its first word in the Latin translation. (Luke 1:46-55.)

We can tell from this that she was a woman who knew her Bible. Moffatt's translation of the New Testament uses italic type to indicate quotations from the Old Testament; and in this Song of Mary, of its sixteen lines all but two are printed in italics.

Words and phrases came to her in the familiar cadences of the book she knew and loved. Further, she was of a poetic turn of mind. This "Magnificat" has been set to music and sung in churches all over the world. Since Mary was herself a poet, it is not surprising to find that Jesus often spoke in words which sing with the beauty and rhythm of fine poetry.

### Patriotism and the Poor

MARY WAS A woman who loved her country. We are so familiar with the "Magnificat" as a church anthem that we overlook it actually and originally was; a hymn of praise to God for his mercies to Mary's nation, Israel.

Her people, so long enslaved, were to be set free. It is a revolutionary hymn, too. Princes are to be dethroned, the proud cast down, the rich made empty; but God will give his help to the hungry and the poor.

### Mary and Jesus

LOVE OF HER Bible, love of beauty, love of her country; and most of all, love of God. You could guess this from the words of the angel, but you can see it plainly in this song. It is an outpouring of joy and thankfulness to a God who is very real and near and loved.

Every mother lives again in her sons; in Jesus we can see the manner of woman Mary must have been. When the boy Jesus called God his Father, who had taught him that word? When the young man Jesus fought off temptation by using the Word of God, who had first guided him to do this? Where had Jesus learned Scripture except under his mother's roof?
