## KIWANIS NEWS

### Plans About Completed for Turkey Supper Sept. 30

Due to the absence of president, Lewis Crumpacker, vice-president, David Smith presided at the regular, scheduled Kiwanis meeting held at Taneys Inn on Wednesday last. The invocation was given by Kiwanian Al Baldwin. Group singing was enjoyed by all and conducted under the leadership of Kiwanian Wallace Rein-dollar with Mrs. Estella Yingling at the piano. This was Mrs. Yingling's first meeting with the group after an absence of approximately two months. The members displayed their appreciation by a resounding round of applause.

Inasmuch as there was no planned program for the evening, the meeting was turned over to the vice-president for the purpose of having an open Board of Directors meeting in order that all members might know just what goes on at a regular Board meeting. Kiwanian George Shower, who is chairman of arrangements for the supper to be served on Sept. 23 in commemoration of National Kids' Day, discussed matters pertaining to this affair and enlisted volunteer workers to assist in handling the supper.

The following members were designated as delegates to the 32nd annual Capital District Convention to be held in Washington, D. C. on Oct. 5, 6 and 7: Lewis Crumpacker, Jere Schaefer and David Smith, with the following being appointed as alternates: Norman Graham, Elwood Baumgardner, Harmon Albaugh.

All members present were urged to support the second annual circus to be sponsored by the Westminster Kiwanis Club on Friday, October 6, in Westminster. Kiwanian Al Baldwin is in charge of handling the tickets for this affair.

Next week's meeting will be in charge of the Committee on Laws and Regulations with Kiwanian Clyde Hesson as the leader and has been designated as Constitution Week.

## DRIVE FOR FUNDS

BY CAS OCT. 9-21

### The Society Seeks \$6,000 as Their Goal

The Children's Aid Society of Carroll County has announced that the Annual Financial Campaign will begin October 9th thru 21st. The Fund Campaign Goal for this year is \$6,000. The Children's Aid Society has been in operation for twenty-one years and has accomplished many notable objectives throughout this period. This Society is not a relief agency but it cares for the children who are the unfortunate victims of social and domestic maladjustments. These children, who have to be properly cared for, come largely from broken and undesirable homes. The rehabilitation and proper guidance of these neglected children is the responsibility of the citizens of Carroll County.

The Children's Aid Society is the only agency which operates strictly for the benefit of our children. Each and every year there are new and increasingly heavy demands for the services of this Society.

Mrs. Landon C. Burns, President, Miss Bonnie M. Custerbender, Director and Mr. F. Kale Mathias, Campaign Director for 1950. To give the public some idea of the multitude of problems and maladjustments concerned, in 1949 there were over 1200 office interviews relative to families and foster children, and there were nearly 600 visits made to homes in the interest of children coming within the jurisdiction of the Children's Aid Society. There were over 200 children involved whose cases had to be investigated and appropriate action taken to alleviate undesirable home conditions.

In addition to the above statistics there were a large number of physical, clinical and mental examinations and numerous corrections of dental and eye conditions. All of those various operations fall within the scope of the Children's Aid Society and there is never a day in which there are not appeals for investigations and assistance. Since the establishment of the Children's Aid Society in Carroll County more than five hundred citizens of our County have through its resources found their way to normal, healthy and useful lives.

So the people of Carroll County are once more asked to contribute generously to this organization which has accomplished so much permanent good in so many tangible ways. You are asked to remember the primary purpose of the organization is to give foster home care to children whose own home or those of relatives are unable to provide a suitable environment because of mental, moral or physical conditions. The work is available to children of all races and creeds and the only requirement for the services is their needs.

## CUB PACK ORGANIZED

The newly organized Cub Pack No. 714, Boy Scouts of America, held their first pack meeting last evening (Thursday) in Trinity Lutheran Church. Cub Pack No. 714 has been duly registered under the sponsorship of Trinity Lutheran Brotherhood, although there had been several meetings before, this was the first Pack meeting since being officially recognized.

Mr. Duncan H. McIntosh, field executive for Carroll District, E. S. A., took charge of the meeting and after outlining briefly the program of cubbing, he presented the leaders and committee members with their registration cards. Cubmaster Felix Westine then presented the cubs with their cards.

Meeting times and places were then discussed and the group came up with the following tentative schedule: Den meetings to be held on each Wednesday after school, at about 3:45. Pack meetings to be held the first Thursday of each month promptly at 7 P. M. in the Sunday School room, and a committee meeting to be held the last Thursday of each month at the church.

Since this meeting was hobby night the cubs displayed and explained their hobbies to the group. After all discussion was over the cubs and cubbers were treated to refreshments by the committee.

Trinity Lutheran Brotherhood had been talking of cubbing and scouting for some time since it was one of the objectives of the national local organization. Due to many obstacles it was impossible to form a troop or pack previously, but now the ball is rolling and it looks like the program of cubbing for boys in the ages of 8-11 can really improve the scouting program in Taneytown. Cubbing stresses the ideals of character building and citizenship training being centered and taught solely in the family and home. It is sincerely felt that Cub Pack No. 714 can grow and become a firm foundation for scouting and a real help for the boys of our community.

Plans are underway to have the Pack Charter officially presented to the Brotherhood in connection with the regular Brotherhood-Sunday observance on Oct. 15. The Cubmaster is Felix W. Westine, Den Mothers are Sarah B. Westine and Mary T. Clingan; Den Dad, Robert Clingan, Jr.; Institutional Representative, Stanley King and Pack Committee, Elwood Baumgardner, Chm., Rev. Glenn L. Stahl and James H. Fair.

## WOMEN'S GUILD

### Ladies of Reformed Church Met Last Night

The Women's Guild of Grace Evangelical & Reformed Church held its monthly meeting on Thursday evening at the church with 29 members present. The meeting was in charge of the Social Service Committee, Mrs. Mervin Wantz, Chairman; and the topic was "The Thread of Sacrifice."

The meeting opened with a worship thought by Mrs. Wantz, followed by the hymn, "Where Cross the Crowded Ways of Life", accompanied on the piano by Mrs. Rein Motter. Mrs. Samuel Ott read a selection from the Scriptures and a Meditation was given by Mrs. Rose Overholzer. Mrs. Wantz led the group in prayer. This was followed by two piano solos by Miss Sandra Remsburg and a vocal solo, "A Brown Bird Singing" by Mrs. George Motter. A number of interesting stories were told of women who minister around the world, with the following participating: Mrs. Wantz, Mrs. Overholzer, Mrs. Singleton Remsburg, Mrs. Harry Welty, Miss Ruth Stambaugh and Mrs. Harry Essig. The Theme Hymn "Thine Is the Glory" was sung and Mrs. Wantz gave the closing prayer.

The business meeting was conducted by the president, Mrs. Murray Baumgardner. Mrs. Morgan Andreas and Mrs. Baumgardner gave reports of the conference held at Hood College in July. Announcement was made of a conference to be held in Woodstock, Virginia on September 27 and 28.

Light refreshments were served and a display was exhibited of clothes to be sent overseas for pre-school children.

## PYTHIAN SISTERS PAST CHIEFS HOLD MEETING

Mrs. George Deberry was hostess to the Pythian Sisters Past Chiefs Club of Taneytown Temple No. 23 on Tuesday evening, Sept. 5, 1950. The meeting was opened by singing Blest Be The Tie That Binds. Scripture lesson was read by Mrs. Audrey Hess. The Lord's Prayer. Minutes of previous meeting were read and approved. Roll-call was answered by 11 members. A few guests were present. The president, Mrs. Gladys McNair presided during the meeting. The next regular meeting will be at the home of Mrs. Frank Crone on Tuesday evening, Nov. 3, 1950. A happy birthday to you was sung in honor of the birthday of one of the members and she was presented with a beautiful gift.

No further business, a motion was made and carried to close the meeting after singing God Be With You Till We Meet Again and closing with the Mizpah Benediction.

The hostess served refreshments.

## IMPORTANT SESSIONS

### AT TRINITY LUTHERAN

#### Part of Nation-Wide Program to be Held Sept. 20-22

Part of a nation-wide program to combat the forces that are destroying home life in America, will be launched in Carroll County, on September 20, 1950.

On that date the first session aimed at educating for strong Christian family life will be held in Trinity Lutheran Church, Taneytown, Md., the Rev. Glenn L. Stahl, pastor, at 7:45 P. M. Other sessions will be held at the same church on the evenings of September 21 and 22, at the same hour.

The local meetings, part of a series being held this year in more than 300 localities in the United States and Canada under the sponsorship of the United Lutheran Church in America, will be attended by 23 local Lutheran churches.

The Rev. George B. Ammon, associate secretary of the denomina-

tion's Parish and Church School Board, Philadelphia, Pa., will lead the conference. Other leaders who will participate include the Rev. Howard Reisz, Director of Christian Education and Young People's work on the area of the Maryland Synod.

It is expected that over 50,000 people will attend the meetings in the United States and Canada. They will discuss such subjects as: "The Christian Family in Action", "Teaching Religion in the Home", and "What Home and Church Can Do". Families will also be shown how to enlist other families for the Church and Sunday school.

Local United Lutheran congregations and their pastors invited to the conference include all the Lutheran congregations of Carroll County.

Secretary George B. Ammon, who will appear at the local meeting is in charge of the Audio-Visual Aids Division of the Parish and Church School Board. He is a graduate of Girard College, Philadelphia; Muhlenberg College, Allentown, Pa.; and the Lutheran Theological Seminary, Philadelphia. He served two pastorates, one near Lancaster, Pa., and the other in Chester, Pa. From 1946 to 1949 Pastor Ammon was manager of the audio-visual aids department of The United Lutheran Publication House, Philadelphia.

## TANEYTOWN ELEMENTARY SCHOOL NEWS

392 pupils enrolled in the new school on the opening day, with approximately twenty pupils still expected. The Sixth Grade class still has the largest number. Parents of pupils not enrolled are urged to enter their children as soon as possible.

The building hours will be from 8:00 to 4:00 with school beginning at 9:00 and dismissing at 3:15. Any parents who find it necessary to send their children to school before 8:00 must make special arrangements with the school office.

Drivers of vehicles using the road past the school are urged to be especially alert during school days in order to insure the safety of the pupils.

## HYMN FESTIVAL

Next Sunday night at 7:30 a Hymn Festival service will be held in the Presbyterian Church of Taneytown under the direction of Mrs. Wallace Yingling. Participating in the festival, in addition to the double choir, will be Bill Simpson who has achieved notoriety in music at Western Maryland College, and Charles Shook, new member of the Taneytown School faculty.

The musical festival will feature the four types of hymns of the church, namely, Hymns of Worship, Hymns of the Christian Way, Hymns of Salvation, and Hymns Expressing the Greatness of God.

## MISSIONARY MEETING

The Keysville Lutheran Missionary Society will hold its regular meeting Tuesday evening, Sept. 12 at 8 p. m. The leaders for the evening are Mrs. Harry Clabaugh and Mrs. Wm. Miller. This is to be a congregational program called "The Overtones of Stewardship." It is an open meeting and the entire congregation is invited. A special program is being planned and everyone is invited to enjoy the meeting with us. Will be looking for you.

## THIS 'N' THAT

(Your Chatty Column)

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth!  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

Summer time brings many more travelers to "The House by The Side of The Road"! Asking questions such as, "Where is the nearest gasoline station?" "Is there a Tourist Home near?" "May I use your phone to eat?" and last but not least the weary, tired aged walking traveler asking for some food! "Where I am a friend to Man!" as in the poem by Sam Walter Foss:

A picnic for two! (Now there's a title for any song writer) Driving to the Monocacy just over the Carroll County line with my typewriter a card table, a folding chair, a thermos gallon jug of lemonade, a lunch, a portable radio and my young daughter!

As I type away this column, the last day of one of our nice picnics this summer before the school opening brings back the little boy whom I stopped to ask about the Monocacy. He was on his bicycle and a nice face lad who said, "Just follow me, lady and I'll show you a delightful place!"

As I followed him as we neared the bridge, he said, "Drive down this road, it is perfectly safe!" (when he saw me hesitate about the winding narrow road in the woods.) I followed and by this time, he had picked up his friend who also was on a bike. As I sat down to remove my socks and shoes, my little friend of twelve said, "I am going to run back, for my bathing trunks. You will be here, won't you?" I asked him how far he lived and when he said five miles, I told him not to think of it, but to roll up his overalls and enjoy the water that way. What a delightful companion he was—my strange little friend—made me recall the eldest son of mine who wrapped himself right around my heart when he asked me to marry his Dad! This new little friend told me he had nine sisters and six brothers and he was the youngest child and he was born on the 4th of July (and what a cracker he was) and that the bike was a big surprise from his father for his birthday present! (All that in one breath!)

If you have never admired Arthur Godfrey, you would have changed your mind on Monday evening, Aug. 28 on the usual Talent Night show upon his return vacation to Honolulu which is sponsored by "Lipton". There was a wonderful contralto voice belonging to a beautiful young girl of twenty-two years of age. Such diplomacy, frankness, kindness and sweetness was shown by Godfrey that night as he was the deciding factor to a fickle minded audience. That is why that man Godfrey is loved by all (of course there are always a few exceptions with every prominent individual) but the majority rules in everything! Eh?

Thinking of T.V. in "Songs for Sale"—Miss Ford of Palm Beach, was the winner in her song she wrote called, "Swingin' in the Old Front Porch". Quite catchy which, no doubt will be popular in the near future.

Did you know that there are just 191,515 T.V. owners in the city of Baltimore? Sales for July alone totaled 13,275! Wow. And that number still climbing all the time!

Have you noticed all the new automobile advertising in all makes in fact more extensively than ever but just try to buy a new one!

A car dealer was demonstrating a new car to me a little time ago, I at the wheel. I was driving the usual 40 per when he placed his hat over the speedometer and said, "Step on it and you will really realize the value of this car!" Did as he requested and when he removed his hat, that speedometer registered 100! That would not be a selling point to Your Observer! Why should that be a big feature in any make car?

They say that years ago, cars had no speedometers unless you paid for it extra and had it installed as a luxury gadget! Chances are you did not bother! Your Observer firmly believes that the rate of accidents would decrease immediately if the 40 per was placed upon all signs on the highways instead of the 50 and in some states 60! What think you?

That was too bad about the Fox Terrier which was killed recently around the town. Her Master was so ill from it that he had to attend a local Dr.

A woman's crowning glory and plus the Hair-Do is surely her main asset always! If you have seen the change in Faye Emerson on a Sunday evening on T. V. you would agree with Your Observer. Formerly her hair was done very straight, pulled back slick to the back of her neck in a huge bun or whatever you wish to call it. The transformation was startling in the new hair-do which was a long bob, curled under at the ends and slightly waved, parted on the side. She appeared not alone most attractive but years younger.

Now, here's something for Mr. Shorty! Do you love a gal that is taller than you? Then run right down to Wyman's Men's shoe store and ask to see a pair of those Elevator shoes which will make you appear more than an inch and a half taller than you really are! The number is 19 W. Lexington St., in Baltimore.

The cutest thing I heard from a German girl recently down Reisters-

### RENT CONTROL

Our rent, already high, has been boosted 40%. When a boy, my people lived on a 300 acre farm that had three dwelling houses, a barn and barrock yet the rental of all that was only 1/3rd of what I pay for 3 rooms and bath. It doesn't seem reasonable. The best investment at this time, it seems to me, would be in real estate. And it is not going to get better but worse, for our population is increasing at prodigious bounds. In less than a quarter century the U. S. will have at least 200 million people, perhaps more. This should be good news for the farmer for people must eat.

### THE COUNTRY PRESS SAYS

**WAYNE, MICH., DISPATCH:** "Many state legislatures... have adopted resolutions roundly criticizing Federal grants-in-aid as a growing and costly evil."

"For instance, the Indiana Legislature said 'Indiana needs no guardian and intends to have none. We Hoosiers were fooled for quite a spell with the magicians trick that a dollar taxed out of our pockets and sent to Washington will be bigger when it comes back to us. We have taken a good look at said dollar. We find that it lost weight in its journey to Washington and back.... We have decided that there is no such thing as 'Federal' aid. We know that there is no wealth to tax that is not already within the boundaries of the 48 states.'"

**PHILLIPS, WIS., BEE:** "We want to continue to support electrical cooperatives, but we want to support them on the basis of the service they give, not on political platforms. We say again, we do not believe that R.E.A. or its cooperatives have any place in endorsing candidates or supporting parties."

**POUGHKEEPSIE, N. Y. DAIRY-MEN'S LEAGUE NEWS:** "Recent surveys reveal a distressing apathy among American citizens toward voting in elections. In the last presidential election 37 per cent of New York State's voters stayed away from the polls. Take Onondaga county for instance: There a check-up shows 44 per cent of the automobile dealers failed to vote. The number among directors and officials of banks was 28 per cent, among school teachers 23, real estate dealers 38 per cent."

**GREAT FALLS, MONT., LEADER:** "Senator Paul Douglas of Illinois is engaged in his annual effort to save the country some money. As usual, he isn't getting anywhere. Except, of course, that he is proving once more that the nation's lawmakers who shout so loudly for economy don't really mean it."

"For this embarrassing persistence Douglas is not rewarded, either by success or the love of his fellow Democratic senators. But he is honored by people outside of congress who welcome his display of energy and integrity."

**SOMERSET, PA., DAILY AMERICAN:** "President Truman says the government has been the salvation of private enterprise, though the record shows that time and again private enterprise has been the salvation of the government."

**OAKLAND, CALIF., VOICE:** "The president of a Kentucky bank implies that bankers are getting soft. The reason that's happening, he argues, is that banks don't take the risks they used to. More and more, government is guaranteeing credit, underwriting risk, and subsidizing losses."

"In the last two decades, the bank president pointed out, government loan guarantees have increased from only a few hundred million dollars

to more than 20 billion. Bankers, he maintains, are well on the way to becoming mere middle-men for government agencies."

**OSKALOOSA, IOWA, DAILY HERALD:** "The end comes when the government is forced to repudiate its promises, to destroy the bulk of the money supply it has created. It differs from the bankrupt private citizen only because it doesn't have to ask a court to wipe out its unpayable debts. It can do that job itself."

### Titanium Shows Promise

Titanium is potentially a large-scale structural metal. About one and a half times heavier than aluminum, with corrosion properties and strength equivalent to common stainless steel, titanium fills the gap between the light metals and the ferrous alloys.

### Hatching Eggs

The fresher the eggs are when they're set, the better they hatch. So keep them no longer than 7 to 10 days.

### Plastic Equipment

There are a few precautions in caring for plastic equipment. Most plastic utensils will not stand the temperature of boiling water, and some are softened by cleaning solvents. They will stand much more abuse than pottery products and the chances of breaking are few; but you should avoid using coarse abrasives if you want to keep those pretty plastics shining.

### Fleece Maggot Control

Use of a 1 per cent solution of DDT as a spray under 80 pounds pressure, with special care to saturate the rear half of the lambs, has been found effective in controlling fleece maggots, North Dakota Agricultural College experiment station reports.

### Scale Insects

Among the worst pests found on fruit trees and evergreen shrubs are the scale insects. These insects can be controlled with an oil emulsion. To control scale insects on evergreen plants such as camellias, Volck is recommended.

### Franklin, Businessman

Franklin entered into a partnership with David Hall in 1749 and the arrangement continued satisfactory for 18 years. The definite amount of Franklin's income at the time of his partnership is not known, but a reasonable estimate has placed it at about 1,000 pounds a year. He was also the owner of a considerable amount of land. At the end of 20 years, Franklin was able to retire from active business.

### Uranium

Uranium isn't new. Eighteen centuries ago the Romans used it as a means of coloring glass a pale green.

## COULD YOU STOP?

MARYLAND  
STATE POLICE

The lovely Janet Waldo has returned to the airwaves in the popular "Meet Corliss Archer" comedy series. Corliss Archer is heard every Sunday night over the Columbia Broadcasting System.

September means "Back to School" for children—for motor vehicle operators it means "Drive Carefully". Last year in Maryland 84 children, under 16 years, were killed in motor vehicle accidents—3,162 were injured.

# Thinking of the Long Pull?

# Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and

through—a husky that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflo Drive\* if you like—and Dynaflo means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflo, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

## FEESERSBURG

Americans in taking medicines, prefer white pills over all other colors. Next in preference comes various shades of red. People in other countries are partial to louder colors in their pills. So reports Albert Marchalier, color expert for a large drug producing firm. In 32 years, he estimates he has directed the coloring of 29 billion pills and tablets of some 2,160 shades and tints. The public, he adds, is sensitive to the slightest change from the color they're used to in various pills they buy. Pills are colored by spraying them with certified food colors, and then are polished in big tumbling drums.

The Missionary Society of the Mt. Union Lutheran Church held its regular monthly meeting Monday evening in the parish house. The Keysville Lutheran Church Society were guests of Mt. Union with 25 members present. Mrs. Edith Lowe, of Westminster was the guest speaker and she talked on "Stewardship" and "Talent" as related to missionary work. The meeting concluded with the serving of refreshments.

Through the energy and good neighborliness of Mrs. David Miller, a new kind of reunion was formed several years ago. Instead of the meeting together of relatives it is the meeting of friends. Once a year there is a get-together. Last Sunday they met at the parish house of the Mt. Union Church, where a dinner was served, games were played and a program put on by members of this unique reunion. Those present were: Rev. James and Mrs. James and their son, Rev. Warrenfeltz and his family, Mr. and Mrs. Walter Yingling and two children, Mrs. Luther Flickinger, Mr. and Mrs. Herbie Myers, Mr. and Mrs. Howard Fox and three children, Mr. and Mrs. Roger Roop and two daughters; Mr. Homer Warehime, Mr. and Mrs. Woodrow Miller and two children; Mr. and Mrs. David C. Miller, Mr. and Mrs. Melvin Yingling, Mr. and Mrs. Charles Bush and daughter, Mr. Roy Crouse, Mr. and Mrs. Charles Lease, Mr. and Mrs. Leon Tanner, Mr. and Mrs. Charles Lease, Jr., and Mr. and Mrs. David Miller.

The 14th reunion of the descendants of William Keefe was held in the picnic grove, near Keysville last Sunday. The following were elected to hold office for one year: President, Harry Keefe; Vice-President, Walter Keefe; Secretary, Mrs. Arthur Spangler; Treasurer, Walter Houck; Program chairman, Miss Doris Flickinger; table committee chairman, Mrs. Ella Corbin, and historian, Miss Margaret Fogle.

Crops which may be planted at this time of year include beets, turnips, lettuce, kale, radishes, spinach, endive and peas.

Miss Doris Ruth Thompson, daughter of Mr. and Mrs. Truman A. Thompson, near New Windsor, and William T. Troxell, son of Mr. and Mrs. Benjamin F. Troxell, Westminster, were married Friday at 8 P. M. in the Ligonore Methodist Church in Unionville by the Rev. Kenneth Watkins. Following the ceremony a reception was held at the home of the bride.

Labor Day visitors at Merry Knoll were: Mr. and Mrs. Julius Shanholts, daughters, Marguerite and Genevieve, of Cumberland, and Mr. and Mrs. Laurence Roelke and children, of Detroit.

Mrs. Maude Martin, spent Tuesday with the Runaldi Martin family, of Union Bridge.

Mr. Omer Stauffer, of Cambridge, Mass., visited the Cleon Wolfe's on Monday and together they did some visiting in the neighborhood.

Mr. and Mrs. Millard Roelke, daughter, Nancy, and niece, Carolyn, spent Sunday at the Hoffman's Orphanage, near Littlestown.

Most of us can remember the relief and peace which periods of solitude gave us in time of bereavement or sorrow. A quiet walk, especially at night when the hustle and bustle of daily living is for a time temporarily arrested; sitting on a hill top away from the highway and its bill boards, looking out across a calm, peaceful countryside or sitting beside some stream or river watching the current drift slowly by. Such hours help to fill our spiritual needs, strengthen us to meet the tomorrows, and leave imprinted on our minds rich memories upon which to draw in time of fear and anxiety. It is well worthwhile to take time to seek these simple experiences. Through them we may find serenity and peace of mind which seems so hard to achieve in these fretful days.

According to Hal Boyle, reporter

for the Washington Post, the war in Korea hasn't produced much humor among our soldiers. The tomfoolery and practical jokes that brightened the gloom of the second World War have been notably absent from this campaign. Just why no one seems to know—but every one comments on it. Well it seems to me that one can joke about death once, but when one faces it day after day with no hope of being alive very long—it seems out of tune with the fact to make a joke of it. To me death is a serious business.

Our fifth grader returned from her first day at school yesterday full of interesting details about the changes. For the first time in 5 years of being taught she has a male teacher this year. Asked how she liked the change she said "He is very nice, but not strict enough." Teachers, please take note.

David Buffington returned to his home at Merry Knoll Tuesday after spending a month at Ocean City, Md. Words are active little things that, when used in their proper place, make sense. For instance: "It is hard to be religious in a hurry," and "Nowadays, truth is news."

And while we are in the mood to be serious here is something each of us should commit to memory: "I believe in the United States of America, a republic whose government is of the people, by the people, and for the people," a sovereign nation established upon the principles of freedom, equality and justice. It is my sacred duty to love my country, honor its flag, support its constitution, obey its laws, and hold it forever against all enemies.

## KEYSVILLE

Mr. and Mrs. Charles Cluts accompanied Mr. and Mrs. Edgar Bolter and Geraldine Bolter, Thurmont, on a 8-day trip through New York and the Pocono Mountains.

Mr. and Mrs. Grover Lemmon, of Baltimore, spent Sunday with Mr. and Mrs. Floyd Wiley.

Consider the Neighbors

When planning a color scheme for the exterior of your house, consider the coloring of adjacent neighbor's homes. Clashing colors in the immediate surroundings can detract greatly from the attractive effect you wish to achieve.

"Humble Pie" A sort of pie, made of the deer's "humbles" or "numbles" (the heart, liver, kidney, etc.), once was the portion of servants and minor hunters at hunting feasts. From this custom came the phrase "eating humble pie," for making apologies or recanting opinions.

Rocket Motors Keeping rocket motors from burning up is one of the problems engineers have in building the hush-hush missiles of tomorrow. Jets and rockets run hot, and they must be cooled efficiently or they would melt.

Mince Pie Early English cook books called the crust of a pie the "coffin," notes the National Geographic society. The reference may have been the source of the modern theory that mince pies, long associated with Christmas, were baked in coffin or oblong shapes to represent the Christ Child's manger.

## SCHOOL NEWS

Meetings preliminary to the opening of school were held in Westminster for many groups of teachers during the week of August 29th. Special meetings were held as follows: on Tuesday, August 29, Mr. John F. Wooden, Jr., Supervisor of High Schools, held a special meeting for teachers in the junior high school, especially those of the eighth grade. This meeting was held at the Westminster High School, and concerned itself with the materials to be used in the junior high school program during the approaching school year. At the same time a special meeting for cafeteria managers and employees was held in the high school under the direction of Mrs. Josephine West, Supervisor of Home Economics and Cafeterias. On Wednesday, August 30, a special meeting of all teachers new to the county was held in the high school under the direction of supervisors, Mr. Wooden, Mrs. West, Mr. Charles Reck, Supervisor of Elementary Schools, Miss Ruth DeVore, Supervisor of Elementary Schools. This meeting concerned itself with continued instruction and learning the use of materials and subject matter in the elementary and high schools of the county. New teachers were introduced to each other at this time. A special meeting was also held on Wednesday, August 30, for home economics teachers under the direction of Mrs. West, at which time these teachers concerned themselves with examination and study of the use of craft materials, and other instructional materials of the home economics department. A general meeting was held on Thursday, August 31, for all county teachers. This meeting was held in the auditorium of the Westminster High School, and was in charge of the superintendent, Mr. S. M. Jenness. Mr. Philip Royer who had recently returned from a trip to Europe was in charge of the group singing on this date. Mr. Royer is supervisor of music for the county schools. The invocation was offered by the Rev. Austin F. Schildwachter, Rector of the Ascension Episcopal Church in Westminster. Mr. Clyde L. Hesson, President of the Carroll County Board of Education, and Dr. Thomas H. Legg, Vice-president extended greetings to the teachers at this time. The superintendent introduced special guests at the program including Miss Estie Bosley, who retired as a teacher at the end of the school year 1949-50. New teachers were presented at this time, and their assignment to schools announced. The superintendent outlined the program of philosophy for the school year to the teachers in brief remarks, emphasizing the need for diligence, loyalty and understanding to insure the continuance of an effective program. Teachers were also addressed by Dr. Ross Cameron, Carroll County District Health Officer. Dr. Cameron spoke on the Carroll County School Health Program, and he introduced the nurses of the county, Miss Manahan, Miss Warner, Mrs. Sponseller and Mrs. Miller. The program closed with an address, "The Importance of Being a Teacher." The speaker was Mr. Andrew S. Beshore, of Harrisburg, Pa. Mr. Beshore is a noted speaker having travelled throughout the United States and foreign countries delivering lectures. His address was enthusiastically received by the teachers.

A special meeting for music teachers was held on Saturday morning, Sept. 2nd. This meeting was in charge of the supervisor of music, Mr. Philip Royer. Superintendent Jenness spoke briefly to the teachers at this time. Several of the schools of the county will open under difficulties on Sept. 5, due to the fact that building operations are not complete. Every effort will be made to complete the project as promptly as services and materials can be made available. It is expected that cafeterias openings are an indefinite period.

THE STATE OF MONTANA The towering mountains, the deep valleys, the numerous, meandering rivers, the winding railways, the expansive parks, ideal resort centers, various types of scenery, and plain people, of Montana, make an impression not easily forgotten. Another reason may be that Montana is not far removed from its frontier stage. The state clings to its traditions. Social distinction is not so pronounced because the frontier is not so far removed. A contrast that is apparent is large space and small population. Montana is the third largest state in the Union.

As you were left at Glendive, Montana, last week, the writer is going to pick you up there and accompany you westward across the state. The Lewis and Clark expedition passed the site of Glendive about August 1, 1806. South of the town on the east may be seen Bad Land Bluffs, and east of Glendive on the north side of the railroad track one can see one of the Northern Pacific Beneficial Association Hospitals.

Several interesting things are associated with Powder River which we are about to cross. In the first World War this river was described in battle-cries and just as the "longest river in the world an inch deep, a mile wide and flowing up hill." A slogan at that time of the famous 91st Division was—"powder River—Let 'er Buck!" Irrigation projects extend all along the Yellowstone Valley. In 1877 Miles City came into existence as a frontier town. It stands at the mouth of Tongue River and has always been associated more or less with army and navigation affairs. Gen. N. A. Miles gave the city its name. Fort Keogh, at present a U. S. Range Live Stock Experiment Station, is across the river. To the south of the city is a high knob, known as Signal Butte. The site was used by officers, in the early days, from Fort Keogh, for signaling messages by heliograph to the Black Hills, 175 miles away. Fort Keogh Reservation is 10 miles square.

All points of interest cannot possibly be considered in this column. Therefore I shall hasten on. At Muir,

Montana, Bozeman Tunnel cuts through Bozeman Pass over which Sacagawea, an Indian girl is said to have guided Lewis and Clark explorers eastward in July, 1806. The original tunnel was completed January 20, 1884 and the present tunnel in July, 1945. For quite a distance thru Gallatin National Forest the railroad follows the original wagon trail of Captain John M. Bozeman. Bozeman, a pioneer, was killed on the Yellowstone River in 1867 by Blackfoot Indians.

Butte must be mentioned at least. This city is famous for an isolated butte. It is famous for its copper, zinc, gold, silver, and lead. Butte has 276 miles of streets and 2,700 miles of mine tunnels. More than 310,000,000 pounds of copper yearly has been produced in Butte. This is the largest and most unique city in Montana—a mile high and a mile deep. Through a long and bitter struggle Helena rather than Butte because the capital of the State. The people are frank to say that Butte is not Montana nor is it even a representative town. It is a settlement on a scarred and ugly hill "in a hairpin of the Continental Divide." It is the boast of Montanans that women are safer on the streets of Butte at night than anywhere else in the United States.

Great Falls and Billings are flourishing cities, and Missoula in the western part of the state is the seat of the state university. Virginia City is called the Williamsburg of the West.

Montanans cherish the memory of Charles Russell, sculptor, author, wit and cowboy artist, as the outstanding institution of the state. His paintings are widely displayed on Northern Pacific and Great Northern trains. He was the Will Rogers of Montana. On one occasion, Roger like, Charles exclaimed: "It looks like the only thing that honest prohibition farmer won't take is a drink."

The September issue of "Holiday" presents a most interesting and informative discussion of Montana and her people.

G. H. ENFIELD.

## Outdoor Room

Americans are using their gardens more than ever today—really living in them. The word "garden" means an enclosed place and many shrubs, trees and vines are needed to screen the area so the family can utilize the garden as an auxiliary room of the house—a sort of outdoor living room.

### Quitter Makes Good

Lesson for September 10, 1950

UNLESS THAT boarding house in Antioch was different from other boarding houses, you could hardly have a private quarrel in it. There would be some inquisitive people who would notice when voices were raised, and who could not resist the temptation to listen.

One of the quarrelers was none other than the famous Apostle Paul, and the other was his best friend Barnabas. At least, Paul and Barnabas had been good friends up to that day.

Dr. Foreman

After that day's argument we do not know that they ever saw each other again. Paul never mentioned the incident, but the story got around, and Luke put it into his book of Acts.

### Young Man Seeks Position

THE ARGUMENT was all about a young man named John Mark. Young people do not always realize how often they are discussed by their elders, or how much those discussions affect their lives. A young man applies for a job (which he would rather call a "position") and he either gets the job or he does not. But he never sees the files. He never hears the conversations about himself. He never knows just what remark got him the job—or cost him the job, as the case may be. So John Mark may never have known just what Paul and Barnabas said about him.

The facts were plain. John Mark was a native of Jerusalem, son of a woman at least well-off enough to have a large house of her own. He was some relative of Barnabas, perhaps a nephew. (Tradition says he was the young man in embarrassing circumstances described in Mark 14:51-52.) When Paul and Barnabas set off on their first missionary journey together, this John Mark went with them as a general assistant.

All went well at first. But when the party landed on the hot steamy shore of Pamphylia, and when the missionary expedition was about to take off over the high, lonesome ranges through bandit country, John Mark left the party and took the first boat back to home and mother.

### Two Bosses

WE HAVE no idea why he went. Maybe he had good reasons, maybe not. Anyway, we do know that he quit. And that was all Paul wanted to know. A new missionary party was being made up, and Barnabas wanted to take his young relative along again. But Paul could not see it.

Why take a man who had already fallen down on one job? Why take an assistant that could not be depended upon? The argument between Mark's two bosses boiled down to this: Paul judged their assistant on past performance. It was all he had to go by. Barnabas judged Mark by his love for him and his belief in him. The quarrel was sharp, and the two old friends could not agree. Finally the incredible happened: Paul and Barnabas parted company, and each went his separate way from that time forward.

What happened to Barnabas we do not know. But we do know that Barnabas was right about John Mark. Years later we read in more than one letter from Paul that Mark was a real help to him. We find that another great leader, Simon Peter, called Mark his "son." These leaders of the Christian church, though they might differ on some things, agreed about Mark, that he was a man to rely on.

### What This Goes to Show

ALL THIS GOES to show several things. For one, it is clear that even an Apostle may be wrong. No man can be an infallible judge of another man. And another thing: You can't judge a man on his record alone. There may be more in the man than the record shows.

On the other hand, people do judge others by their records. The dubious young man does not always have a relative who will give him the benefit of the doubt.

If your record is bad, you must realize that there are numbers of people, even good people, who will judge you by that alone.

town way who stated her father had given her the first fur coat and each time there was an air-raid in Germany, she quickly would place the coat around her, sometimes sleeping in the coat when she would run for shelter!

The most wonderful looking cow in any County is near the town and reminds one of the many famous paintings with such a cow in the picture!

Am glad to know that nice lad who drives one of those grand Mercury cars who had the broken wrist will be back to work again!

Hope that sweet little girl who was unfortunate this summer, too with a fracture was in her class room on time.

Now, here's to all adults! Your Observer was in a movie in Carroll county one matinee and remaining after the show to secure an article that was dropped was amazed to see all the damaged chairs which were cut by pen-knives and sharp instruments! The young man then threw open the doors to allow a flood of sunshine in so as I could see the true picture. He explained that over 700 chairs had to be reupholstered and showed me some that had to be replaced with brand new ones! Then he stated that twice monthly, this theatre is compelled to have two individuals to scrape off the chewing gum off the seats which is placed there—not by the youngsters but the oldsters because they are the ones who sit in the rear of the theatre! He wanted me to mention the name of the theatre but I will leave it to those "oldsters." It costs this Movie Theatre just hundreds of dollars yearly for all this deliberate destruction! Mother, take those knives away from the boys when you are sending them off to any theatre!

So long Folks! Have a grand week end. Be good and be careful. Until next week. I am

EDDIE CANTOR, CUGAT AT  
YORK FAIR NEXT WEEK

One of the most ambitious entertainment programs ever arranged for Fair patrons will feature the 98th annual York Inter-State Fair opening next Tuesday, September 12 and continuing day and night thru Saturday, September 16th.

Nothing has been spared by president Samuel S. Lewis to make this year's edition of the Nation's top-ranking industrial and agriculture exhibit the greatest ever assembled. Hundreds of exhibits, farm and produce displays, 4-H judging events will interest patrons of all ages.

As usual, there will be a full program of horse racing on the fastest half-mile track in the country with the best harness horses and sulky drivers competing for liberal purses on Tuesday, Wednesday, Thursday and Friday. Running races every day including Saturday. Tuesday will be Children's Day with School Bands.

The grandstand vaudeville acts this year contain many outstanding features, among them that super circus attraction, George Hanneford Family, comedy equestrians which have been a feature of Cole Bros. circus this summer. Paul Renos and his Toy Boys; novel acrobatic act; Famous Wong Troupe, thrilling display of oriental feats; Johnson and Owen, athletic stunts on horizontal bars; Renne Roberts, persians miniature circus; Lee Kimris, dazzling trapeze act attached to whirling airplane; The Yacopi Troupe, Brazilian wonders of the teeterboard; the Kayes, comedy trampoline knockout act, and others.

This year the night revue will be Frank Wirth's new glamorous musical "Wake Up and Sing." Presented in five colorful scenes with electrical and Contiglo effect with new moving scenery. Featured will be Berge: Sanger, Ross and Andree; Dorris Ray, Tom and Ruth Rafferty and Panthers Vagabonds. The new all-weather covered stage insured complete performance rain or shine.

The gigantic gay mile-long paved midway will be occupied this year by the James Strates shows and rides. For the first time prior to World War II there will be a brilliant display of fireworks in the infield of the race track on Tuesday, Wednesday, Thursday and Friday nights.

Following the usual custom, special added featured attractions have been contracted for to appear each day before the grand stand audience, namely: On Wednesday afternoon and night popular Eddie Cantor, pioneer star stage, screen and radio; on Thursday afternoon and night the Mills Brothers famed singing quartet will augment the grandstand program; on Friday afternoon and night the unofficial diplomat of South American countries, Xavier Cugat in person with his Latin-American orchestra will appear on grandstand program.

On Saturday afternoon and night the climax of the grandstand attractions will be the original granddaddy of all thrill shows, B. Ward Beam's World's Champion Daredevils just one chill and thrill after another with 5 times more "man kiting" events than any other motor thrill show.

MOONLIGHT ON THE WATER

There is moonlight on the water  
And the ripples clear appear  
There is sunshine at some other place  
Which to us seems quite queer.

There is butter in the milk pail  
From which golden butter is churned  
Work for us will never fail  
When we the task have learned.

There is music in the heavens,  
There is music in the spheres  
It takes yeast to make the leaven  
When the full loaf round appears.

If our ears were but attuned  
To the growing grass around  
We could hear the sweet music  
In the growing grass the sound.

We can find the pearl in oyster  
If we take the shells apart  
We can see the sin and squalor  
In the bleeding of the heart.

Plants Need Oxygen

Most plants utilize oxygen in connection with their living processes, taking it from the air and giving off carbon dioxide. However, some lower forms of plant life, as certain bacteria and yeast, are able to survive without it.

Carrots 'n Apples

Good with pork roast or pork chops. Cut tart apples into eights and carrots into strips. Sprinkle with brown sugar. Cook in butter until tender, while the roast is in the oven, or in a heavy covered pan on top of the stove.

Dairyman  
Sam

Uncle Sam, master of many trades, always looks good with a milk pail on his arm. Dairy products fluctuate less in price than many commodities: "crop" failures never threaten; demand exceeds supply; and with good management, profits are generally good.

Dairying plays an important part in the growth of this community, so we're always glad to do all we can to encourage it.

GEORGE P. MAHONEY—Democratic Candidate for GOVERNOR

# READ THESE 22 REASONS WHY

## You Will Benefit By VOTING FOR GEORGE P. MAHONEY FOR GOVERNOR

IN THE DEMOCRATIC PRIMARIES—Sept. 18th

1. Immediate reduction of the sales tax, and its elimination from foods, fuels, medicines not now exempt, and articles for care of babies, and a 10 per cent reduction in individual income taxes, with eventual elimination of the entire sales tax.
2. Institution of modern accounting practices, budgetary controls, and reorganization of State departments to eliminate waste and inefficiency.
3. Dual highways at \$250,000 to not more than \$400,000 a mile instead of superhighways or "denied-access roads" at \$1,000,000 a mile.
4. The elimination of roadside slums and dangers to life on land adjacent to roads and the control of billboards and other exploitation of road-side areas.
5. Effective legislation and adequate motor vehicle inspection to reduce traffic deaths and accidents and the damage to roads by uncontrolled overweight trucks.
6. A mental hospital program based on immediate correction of conditions still existing in the mental hospitals, and institution of a clinical program with emphasis on treatment and cure rather than on expenditures for bricks and mortar.
7. A vigorous opposition to Communism and the codling of Communists in the State and nation.
8. Reasonable home rule for cities, towns and counties.
9. A modern, progressive system of education, divorced completely from politics, with adequate salaries for teachers, to attract qualified men and women to the teaching profession, with a planned program for higher educational facilities and State aid to cities and counties.
10. A Natural Resources and Tidewater Fisheries Commission composed of practical, qualified tidewater citizens and experts to rehabilitate our tidewater industries.
11. Immediate improvement of the State welfare program.
12. The appointment of representatives of organized labor to the State Industrial Accident Commission and the State Unemployment Security Board and representation in State matters affecting labor.
13. An opportunity for women to play a more important part in the management of State affairs instead of in minor positions.
14. Eventual consolidation of clerks of court, abolishment of the Orphans' Court system, but guaranteeing fair and reasonable consideration to present employees.
15. A pledge to immediately implement the holding of a Constitutional convention if the majority of the voters indicate their desires for it at the election in November.
16. Fair and reasonable representation for the city and counties in the Legislature.
17. If the Legislature passes a proper act providing for a referendum on a State bonus for veterans, that he will immediately sign it.
18. Judicial review of real estate assessments.
19. Abandonment of the iniquitous "pigeon-hole" veto power of the Governor.
20. Revision of the law and practices in connection with permanent registration of voters, to better serve public convenience and guarantee honest elections.
21. Study of the State-wide problem of insufficient housing accommodations.
22. All possible use by the State of Maryland of Maryland commodities, and products, such as Western Maryland coal, to give employment to Maryland citizens.

## Whatever Comes REDDY'S READY

Whether we are headed for war or peace—and we all pray it will be the latter—REDDY KILOWATT is ready to provide the electric service required for any purpose.

### NEARLY TWICE AS MUCH POWER

There is almost twice as much dependable electric power available in this country today as there was in 1941 when we became involved in World War II. And many new plants are now under construction.

Your own electric company, right here in this area, has completed two large, new, power plant units in the last three years. This has increased the available supply of dependable electricity locally by 60%.

### THE POWER SHORTAGE MYTH

At the beginning of World War II there was much publicity about a probable power shortage. Such a shortage never developed. Today, there is again talk of a possible power shortage in spite of the fact that so much more electricity is available.

## "NEVER TOO LITTLE OR TOO LATE"

Those words are not ours. They were used by high government officials in praising the outstanding record of the electric companies in World War II. With so much more power available today the business managed, tax-paying electric companies sincerely believe, that what they have done before they can do again, if it becomes necessary.

All of which does not mean that a local or temporary power shortage can never develop due to unforeseen circumstances. It does mean that generally speaking the country is in good shape as far as electricity is concerned. If all of our defense needs were in equally good shape, America would have a lot less to worry about.
