## THE RED CROSS

### With New Headquarters in Westminster

The Carroll County Chapter of the American Red Cross moves its headquarters this week to the Historical House at 208 East Main St. Expanding activities of the Chapter require considerably more space than has been available heretofore. The move makes rooms available for classes in first aid, home nursing and nurses' aid work as well as committee and board meetings. There also is room for the production and supply committee to meet and carry on its activities there as a group. The telephone number remains the same—212.

The Home Nursing Committee Chairman, Miss Maud Manahan, of the County Health Office, announces the opening of the first of a series of classes in home nursing February 12, at 7:30 P. M., at the Chapter's new headquarters. Mrs. Jessie C. Sponseller, Westminster, will be the instructor. The training obtained thru the medium of this instruction can be of untold value to the families of those participating. This is particularly true for young people of high school age and older. It prepares them to give direct assistance in the event some one in the family is ill and also gives them a better understanding of the special needs in caring for the sick and prepares them for the future when they themselves will be homemakers.

The Red Cross Nursing Course will help the "home nurse" learn how to meet simple home emergencies, how to recognize some of the early signs of illness, how to give simple nursing care to the sick and injured at home and how to keep the family well. Anyone of high school age or older desiring to enroll for a course in home nursing should contact either, Miss Manahan, Mrs. Jessie Havens or Chapter headquarters.

### OFFICERS ELECTED IN BROTHERHOOD CHORUS

The Brotherhood Chorus of Trinity Lutheran church elected officers at a special meeting Sunday evening in the church. Officers elected for the year 1951 are: David Hess, Pres.; Stanley King, Vice-Pres.; James Fair, Sec. Treas.; and Herbert Bowers, librarian.

The chorus, during the Presidency of Harry Dougherty the past two years, has been quite active. In these two years the chorus filled thirty-five engagements, singing for church and organizational meetings in this and surrounding communities. The twenty-one men of the chorus have given much of their time and effort to meet 27 times during 1950, besides the 17 engagements which were filled. Attendance at rehearsals and when singing was very good.

Sunday evening the group will meet at 7:30 P. M. for an important meeting preceding their rehearsal. At this time plans for the forth-coming annual banquet will be discussed, as well as plans for the year. Among plans for the coming year is the all-important concert which they hope to present this spring.

## C. OF C. MEETS

### Officers for the Year 1951 Installed

The January meeting of the Taneytown Chamber of Commerce was held in the Town Hall last Monday night. President, Merwyn C. Fuss conducted the business session and Doty Robb acted as secretary in place of Bernard Arnold now on vacation in Florida.

Announcement was made that the Taneytown organization was now a member of the U. S. Chamber of Commerce, and that facilities thereby would be available for cooperation with other similar Chambers in matters of national interests.

The Christmas programs in the community were reviewed with constructive suggestions for improvements next year. The program this past Christmas was commended as the most elaborate and successful on record.

The new officers, previously elected, were duly installed with appropriate ceremony conducted by Sam Breth. Those installed were as follows: President, Merwyn C. Fuss; First Vice-President, David Smith; Second Vice-President, Rev. Charles S. Owen; Secretary, Bernard Arnold; Treasurer, Charles Arnold. The various committees will be announced later.

In his speech of acceptance Mr. Fuss spoke of today's crisis and appealed for loyalty to our country and for cooperation with the new officers toward building a better community.

David Smith appealed for the polio drive. And the customary sum was voted for this purpose.

The program of the evening featured moving pictures in charge of Merle Ohler and Edward Reid. Mr. Ohler, with his new RCA Projector, showed an interesting picture on the marvels of radio. It unfolded the story of how radio began in 1920 over Station KDKA, and the steps by which it developed into the miracles of communication today. It disclosed how the radio waves are created, conducted to the control station, amplified, and sent out in the ether. One interesting feature about the Voice of America Station, as well as other stations, showed how the radio waves can be directed to specific areas chosen to be served.

Following adjournment the members present were treated to refreshments at Central Hotel.

### THE HEAVY SNOW AND ICE DID NOT OUTSMART CUPID

When preparations were being made for the marriage of the young daughter of Mr. and Mrs. John J. Hoffman, Miss Evelyn Hoffman, of Woodsboro, to Mr. Francis Foreman, son of Mr. and Mrs. William Foreman, also of Woodsboro, no storm was in sight. Upon the evening of the wedding which was to be at 7:00 o'clock Wednesday, January 31, '51, the storm was most severe, in some places 8 inches of snow. The car was stalled a few miles from Love's Retreat, where the minister, Rev. Francis H. Love of the Methodist church, was in readiness.

The prospective bridegroom had to leave his wedding party on the highway and continue on with his bride to their destination. Through the kindness of a passing driver, realizing there was trouble with the car, offered to take the couple to "Love's Retreat". After the ceremony, the minister drove the couple in the direction where their car had stopped and as the next farm was reached, the wedding party had started the car was on the way hoping to be present for the ceremony which had already been performed at 9 o'clock. The wedding marches were recorded and the traditional wedding tunes played in keeping with the marriage ceremony.

Although the bride was very nervous, Dan Cupid held the reins and all ended happily. It was also the bride's birthday. The bride, a very attractive blonde, was dressed in Navy with red roses.

The couple will reside with the bride's parents on their farm until they move into their apartment in Woodsboro.

### TRINITY MISSION CIRCLE MEET

The annual covered dish supper of Trinity Mission Circle was held on Wednesday evening. The leaders were Mary Jane Smith and Hilda Hopkins. Those who presented the topic, "In Deep Humility" were Grace Putnam, Dorothy Stahl, Mildred Jester, Louise Riffe, Charlotte Baker, Esther Harner, Catherine Fritz, Jean Chenoweth, Belda Koons, Vivian Phillips, Arlene Bollinger, Cora Cutsail and Eleanor Kiser. A quartet composed of Hazel Hess, Charlotte Bollinger, Thelma Baker, Hazel Hess. The menu was: roast chicken, dressing, gravy, mashed potatoes, sweet potatoes, cole slaw, corn, relish dish of celery, olives and pickles, ice cream, rolls, cake and coffee. About forty were present.

When you use a pressure cooker, be especially careful not to overcook vegetables. Even a few seconds' overcooking can lower eating quality and nutritive value. Follow the cooking times that come with your cooker. For very fresh and tender vegetables you may be able to cut the time.

## SENATOR HOFF'S ANNAPOLIS LETTER

### Hawkers and Peddlers Bill Being Considered

To the Editor,

Dear Sir:

In my last letter the subject of one of the recommendations of the Case Commission was mentioned. This week I would like to cover several other license and taxing measures recommended by that Commission.

### HAWKERS AND PEDDLERS

Since 1856 there has been a law requiring all persons classified as hawkers or peddlers to take out a license in each county in which he operates. This law now requires all such persons who travel on foot to take out a \$100.00 annual license. Those using a horse and wagon must have a \$150.00 license. Those using two horses a \$200.00 license and those using a motor vehicle of any description are required to have a \$300.00 license.

The fine for violation of this law is from \$25.00 to \$100.00.

Although the above licenses are required according to the existing law it is well known that throughout the State this law is generally disregarded. In Baltimore City and only in very few counties is any attempt made to see that the provisions as set forth are enforced.

The Case Commission found that (1) that the present law is unsuccessful in the production of revenue, (2) that it does not serve as a check on competition with established merchants and (3) that it is an "unfair" and as existing, improperly prohibitive.

Senate Bill 5 embodies the recommendations of the Commission as follows:

1. That all local licenses relating to hawkers and peddlers be repealed.
2. That a license for each vehicle, rather than each individual be set up.
3. That such licenses be state-wide.
4. That the fees be fixed at \$10.00 for all vehicles other than motor vehicles; \$100.00 for two and three wheel motor vehicles; \$300.00 for all other motor vehicles.
5. That the law shall not be applicable in any county unless the Commission find that it is necessary.

### WOMEN'S GUILD MEETING

The Women's Guild of Grace Evangelical & Reformed church held its regular monthly meeting at the church on Thursday evening with 21 members and 9 visitors present. The meeting was in charge of the Christian Citizenship Committee, Miss Helen Bankard, chairman, and the topic was "Toward a Christian Community."

The meeting opened with a piano prelude played by Mrs. Leonard Reifsnider, after which Miss Bankard gave the opening sentence. The hymn "The Church's One Foundation," was sung and a Scripture passage read by Miss Bankard and Mrs. Harry Mohney. This was followed by a prayer by Mrs. Mohney after which the response "Into My Heart" was sung by the entire group. The theme hymn for the year, "There's a Voice in the Wilderness Crying," was sung and a piano solo was played by Allen Baumgardner.

Miss Bankard then gave an introduction to the evening's topic after which Miss Alice Rue played chopin's "Military Polonaise" on the piano. Then followed a number of readings pertaining to the topic: The Church a Leaven in the Community by Mrs. Harry Clingan. A Successful Rural Church by Miss Ruth Stambaugh. Two Churches with one Ministry by Mrs. George Motter. The Federated Church by Mrs. Rein Motter and Combining to Help Rural Churches by Mrs. Harry Mohney. At the conclusion of these readings, Miss Bankard summarized and showed how the topic could apply to our community.

Kenneth and David Reifsnider then rendered a vocal duet, "The Ninety and Nine" and an instrumental duet, a medley of familiar hymns, accompanied on the piano by their mother. The closing prayer was given by Mrs. Rose Overholzer and the hymn, "Wonderful Power" was sung.

The meeting was then turned over to the president, Mrs. Clyde Hesson. Reports were given by Mrs. Mervin Wantz, chairman of the Social Service Department, and Miss Ruth Stambaugh, chairman of the Spiritual Life Department. Plans were discussed for the Regional Women's Guild Conference to be held here in April. The following committee was appointed by the president to take charge of the flowers in the church on Easter Sunday: Mrs. Singleton Remsburg, Mrs. George Harmon, Mrs. M. Edward Reid, and Mrs. Ellsworth Lambart.

The March meeting will be held on Monday, March 5, and will be in charge of the Spiritual Life Department, Miss Ruth Stambaugh, chairman. At this time the coin cards for 1950 will be collected and there will be a social after the meeting.

Use left-over cake or cookies in a tempting dessert. Toast them and spread with a sweet topping.

When you're preparing such greens as cabbage, head lettuce, or chiorcy, trim them sparingly. Dark outer leaves are rich in iron, calcium, and vitamins.

### THIS 'N' THAT

(Your Chatty Column)

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth!  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

Turning the pages back in life of two hundred years ago with the Pageant presented last week at the Taneytown Lutheran Church was most interesting, beautiful, original, dramatic, deep and enchanting. Many times, we have heard just these words, "Don't look back at the past just look forward!" "Never look backward," etc.

Your Observer enjoys 'looking back' and I thank God for my vivid imagination. One can always dismiss the unpleasant things from the mind in the past tense but one can recall the many beautiful stories told to us by our Mothers, Grandmothers and Grandfathers and Fathers.

Upon entering the church to my pleasant surprise there was one of my favorite ladies around our town dressed in the most appropriate gown for such an occasion in the wide hall to greet the guests as Hostess for the evening. She was most charming!

Your Observer arrived sharp at 7 P. M. and walked to the very front of the church and there was a vacancy in the very front pew for which I was glad so as I would not miss a word in case of low speaking voices. How sorry my Minister was not to have been there due to four broken ribs caused by tripping with his crutches and to save his wading leg and ankle, he fell full force upon the side part of the seat of a chair!

However, I described the entire affair of the evening to him and again he said, "Oh, how I wish I could have been there!"

The Pageant, "The Seven Books of Trinity" was written by a teacher of Dramatics in the quaint town of Westminster and is to be congratulated upon all her marvelous efforts in the production!

The entire audience was intent with interest, excitement, anticipation and pleasure during the entire evening and Your Observer lived through it all in fact if there had not been a little whisper and a "Da-da" from a tiny Cherub upon her Mother's lap in the same Pew, I would have forgotten that I was seated in the church!

Everyone is to be congratulated who took even to the smallest part in the Pageant. It was so realistic! I am sorry if there were any around our town especially, who missed it!

The school teacher who is a "real" teacher in every day life was excellent in her attitude with the kindness, firmness, teaching, guidance, love, and convincing manner in her makeup.

The cast numbered about one hundred and fifty and were dressed with much care for the parts they portrayed.

The first recorded Baptism of the church in the Pageant was most serious and the little Cherub held in the arms of the parent was just the best baby in the world. She was dressed beautifully in the long, hand—

### REPORT ON CHRISTMAS SEAL SALES

Although Carroll county is still short of its 1950 Christmas Seal Sale quota, the Carroll Tuberculosis Association, which conducted the Seal Sale, is hopeful that the difference will be made up soon by the late returns now coming in, according to Miss Janet Kerchner, executive secretary of the association.

Many of the late returns, said Miss Kerchner are accompanied by brief letters of explanation. For example, she added, one donor wrote, "I regret this delay, but I am consoled in my tardiness by the fact that your association works the year round, not just during the Christmas season."

Delayed returns, "with or without explanation," are still as welcome, Miss Kerchner stressed.

"We wish to repeat that it is not too late for any county resident to acknowledge his Seal Sale letter," she said. "As a matter of fact, we are counting on those delayed returns to meet our quota. The 1951 program of our association and its plans for the necessary expansion of its tuberculosis control projects depend on our meeting that quota."

"The campaign for funds for our fight against tuberculosis in Carroll County is officially conducted during the Christmas season, but the work of the association is not limited to any one season. Its major projects go on 12 months of the year. Twice monthly there is a Chest Clinic in the Health Department in Westminster. All through the year an educational program is carried on. Each year a mass chest survey is conducted, at which time it is the aim of the Association to give every resident of Carroll County an opportunity for a chest X-ray. The survey will be conducted in June of this year."

Miss Kerchner said that checks and returns can be made out and addressed to: The Carroll Tuberculosis Association, Westminster, Md.

The farm-yard lighting unit must be weather and windproof. A 100 to as large as a 300 watt light and a correspondingly sized reflector or one of the sealed beam projector-flood lamp units will do a good job, advises A. V. Krawatch, Extension Agr'l Engineer, of the University of Maryland.

## OUR BURIED GOLD

Why should the United States keep its horde of gold buried at Ft. Knox? It does no good there and could ease greatly our financial status if released.

To our Indian fellow American it seems strange that the white men will work and slave to dig the gold out of the earth then carry it to another place and bury it. Well, after all, the Indian is not far wrong.

In the early days of our country hard money was the only kind that was acceptable. Now a piece of paper with U. S. seal upon it is worth everywhere 100 cents to the dollar.

During the first World War, I am told, an American citizen was living in a Berlin hotel and waited on by a kindly German. The American gave the German a \$5 gold piece as a tip. Five years later the same American was again in Germany and stopped at the same hotel. To his surprise he learned that his former waiter was the proprietor of this hotel. Later in conversation with the waiter he learned that his waiter had bought several million marks of German paper money with this five dollar gold piece and with those marks had bought the great Berlin hotel.

The moral, if there be such in this is respect and appreciate American money. WJH

AMITYVILLE, N. Y., SUN: "It is a tremendous sacrifice to scrimp and scrape and cut down on actual necessities in order to pay taxes to maintain an ever-growing army of bureaucrats who are constantly looking for new ways to spend money for domestic schemes which put the government deeper into business at the expense of the private citizen."

SCHUYLKILL, PA., HERALD: "Want to bail your government system out of the red? Okay, fork over \$1,865."

ARTESIA, N. M. ADVOCATE: "If men can be drafted to fight they can also be drafted to work. And if men can be called from their school, their college or their civil jobs to fight for their country then it is also time to adopt a law to prevent those who would strike against these individuals and their country from doing so during a war."

"Our minds are like crows. They pick up everything that glitters, no matter how uncomfortable our nests get with all that metal in them."

Some time ago while waiting to visit a patient at the Gettysburg Hospital, I picked up a religious magazine and read this article, thought you would like it. "Quaint Rules for church decorum."

Thou shalt not come to service late, Nor for Amen refuse to wait, Thy noisy tongue thou shalt refrain, But when the hymns are sounded out Thou shalt lift up thy voice and shout The endmost seat thou shalt leave free For more must share the pew with thee.

The offering plate thou shalt not fear But give thine uttermost with cheer, Thou shalt to the minister give heed, Nor blame him when thou'rt disagreed Unto thy neighbor thou shalt bend, And if a stranger, make a friend, And so, by all the spirits grace Thou shalt show God within this place.

Parson Larson says: "Aunt Betsy certainly must have a clean mind. Goodness knows she changes it often enough."

"There'd be a little more change in the collection plate if there were a little less in styles." "All that is necessary for the triumph of evil is that good men do nothing."

### FEESERSBURG

Believers in the principle of public education were given a shock last week when they learned that the District of Columbia School Board had ruled Miss Pearl Buck, one of our country's first citizens, as unsatisfactory for a high school Commencement speaker. We Americans speak easily these days about the freedom of thought and expression which we enjoy, but when we are confronted with an incident such as this, our own words trip us up. If we believe in the democratic form of self-government, then it must follow that we believe

that high school students are capable of sound critical, analytical judgment of what they hear and no school board has the right to bar any speaker because of unproven accusations. Under such a set-up, will not the minds of our children gradually become as stereotyped and unchallenged by ideas as were the minds of the Hitler youth in Nazi Germany?

The food sale sponsored by the March of Dimes Committee last Saturday in Union Bridge was a complete success. The net proceeds amounted to \$150. The public responded wholeheartedly and the committee expresses its deep appreciation for such fine support.

Mr. and Mrs. Roger Luttrell gave a party Saturday afternoon for their daughter Kay in honor of her eleventh birthday. Those attending the party were Judy Willard, Geraldine Graham, Mary Scheu, Carol Davis, Pat Gray and Nancy Roelke.

A dance for the benefit of the Polio fund will be sponsored by the Elmer Wolfe P-T-A, Thursday evening, Feb. 8 in the school auditorium. Music will be furnished by the Frederick Ensemble. This is a dance for the entire community to attend—the young and the not so young. Here is a chance for parents and their children to enjoy an evening of fun together. Do come out and dance that others may walk.

The Maryland Cooperative Milk Producers, Inc., held its 16th annual luncheon at the Lord Baltimore Hotel on Saturday. Music was furnished by the Paul Whiteman's T. V. Teen Club and was greatly enjoyed by those attending the meeting. More than 1500 members and guests were present which was the largest attendance in the history of the Co-operative. Among those who enjoyed the luncheon and meeting were Mr. and Mrs. Samuel Keyton, Mr. and Mrs. Earl Wilhite, Mr. and Mrs. Carroll Wilhite, Mr. and Mrs. Roy Kiser, Mrs. Russell Bohn, Mr. and Mrs. Preston C. Saylor, Mr. and Mrs. Herbert Snyder and Mr. and Mrs. Charles P. Saylor.

Local barbers who intended to raise the cost of haircuts are apparently out of luck, according to the Office of Price Stabilization. The agency ruled yesterday that even if the proposed increase had been announced—or publicly advertised as about to go into effect—it would not be allowed unless a haircut at the new price had actually been "delivered" during the base period, from December 19 to January 25, inclusive. The barbers will not like this, but the customers will, especially the ones that don't have a dollar's worth of hair to trim.

The Uniontown Lutheran Parish Brotherhood held its installation service Sunday at Winter's church at 7:30 p. m. Fred W. Konemann, president of the Maryland Synodical Brotherhood conducted the installation services. The speaker for the evening was Claude O. Meekley, Postmaster of Hanover. The Uniontown Parish choir sang for the service. The officers that were installed were: President, Harris Frock; Vice-president, Ralph Weant; Secretary, Earl Wilhite; Treasurer, Walter Marker; Chairman of the Program Committee, Frank Bohn.

Americans eat about nine pounds of beans per person per year.

Mrs. Charles Lovell, First Aid chairman of Union Bridge is organizing classes for first aid instruction and any adult wishing to enroll may do so by contacting Mrs. Lovell. The classes will be taught by qualified Red Cross instructors and those completing and passing the course will be given certificates. The course requires 15 hours of class attendance. These hours are broken down into classes twice a week of two or three hours. First Aid work is interesting and once it is learned, never forgotten. It is knowledge that can be used in everyday living and in any emergency.

"The time has come, the walrus said, To talk of many things: Of bombs—and wars—and penny tax And the price of everything And why the people take it all And why complacency is king."

My apologies to Lewis Carroll for taking such liberty with his work.

The Veterans will hold a card party in the Firemen's Social Hall, Friday evening, Feb. 2. The Veterans support every worthwhile community activity and the community in turn should support the Veteran's projects. Material shortages due to defense production may affect the giveaway shows where washing machines, television sets and the like are supplied by manufacturers in return for credit announcements on the air. There has been a recent tendency to give cash or bonds in place of prizes.

There have been a few movings in our community. The Monroe Pfoutz moved into their new home last Saturday and Mr. and Mrs. Raymond Wilson moved into the house recently purchased by the Lehigh Cement Company from Monroe Pfoutz. Mr. and Mrs. Ed Smith, of New Windsor have moved on the Skipper farm now owned by C. R. Nicodemus.

The 82nd Congress is almost 50 per cent Republican and 50 per cent Democrat; but we trust it will be 100 per cent American.

### MARYLAND MUSINGS

Proper insulation of the average home can reduce fuel bills by one-third.

Fertilize shade trees in the spring using about 3 pounds of 10-8-6 or 10-6-4 fertilizer for each inch diameter of the trunk measured at breast height. Fertilize the area beneath the spread of the branches. For trees less than 6 inches in diameter use a ½ dosage.

It's time to get brooder houses and equipment repaired, cleaned and made ready for little chicks.

At present grain prices, one rat will eat between \$3.50 and \$5.00 worth of feed in less than a year.

Prevent hog flu by providing draft-free sleeping quarters for your pigs.

One kilowatt hour of electricity will wash at least 1,000 bottles in the milk house.

Small fruits such as grapes and raspberries should be pruned only in the spring.

A well-ventilated hen house is essential for high egg production. Avoid direct drafts.

Now is the time to start repairing your farm machinery for next year's work.

The electric hired hand has been taught to do practically all the irksome chores on the farm faster and cheaper than man. On dairy farms, this hired man will keep the animals supplied with water, cut and grind their feed, milk the cows, separate and refrigerate the milk, wash the milk bottles, heat the water and sterilize the dairy equipment. It will even groom the cattle, operate the ventilating fans and furnish a safe steady light for evening chores.

Use the following rough measure as a guide to cabbage purchase: 1 pound provides 7 to 8 half-cup servings of shredded cabbage; or 4 to 5 half-cup servings of cooked cabbage.

If you prepare crumbs for stuffing but do not use them at once, keep them in a covered container in a cold place.

Water cups provide an ideal way to water your dairy cows during winter, say Extension dairymen at the University of Maryland.

Traps are the best means of controlling mice that get into your house.

The most favorable slaughter hog in Maryland markets is the fairly stretchy, deep-sided, and smooth hog weighing about 180 to 225 pounds.

## The Source of Abundance

ANY readers will recall the familiar story of the shipwrecked sailors adrift in a lifeboat who hailed a passing vessel and piteously begged: "Water! Water! We're perishing of thirst!" "Dip down and drink, men!" was the answer. "You're in the Amazon River!"

The experience of many who think themselves adrift on the ocean of human events is analogous. Limited human sense comprehends only in small degree the boundless nature of God's infinite supply of good for His creation. Anyone who distrusts God, believing Him unwilling or unable to care for man, His own image and likeness, fails to "dip down and drink" of the abundant supply of goodness always at hand.

No one can reasonably doubt that divine Love is equal to every need, every occasion, every emergency. The realization that there is but one source of supply, one source of unchanging, infinite good, brings into human experience the peace which "passeth all understanding." God, eternal Mind, meets our every need, governing all through His unchanging, perfect law. . . .

The thought focused upon God enjoys a sense of calm that cannot be invaded, a surety of strength that cannot be undermined. When we declare with understanding (Psalm 23:1), "The Lord is my shepherd; I shall not want," we can safely rest our case at that point. God's law of ever-active good, spiritually understood and applied, covers every situation.

If we attempt to trace back to their origin the false suggestions of evil, we discover that they have no origin because they do not proceed from God. They are unreal. Man, the image and likeness of God, cannot experience disease, decrepitude, loss, lack, or any other form of inharmonious. We have now the opportunity to "dip down and drink" of that living water of which Christ Jesus spoke when he said (John 7:37): "If any man thirst, let him come unto me, and drink."

...The Discoverer and Founder of Christian Science, Mary Baker Eddy, declares in her volume "Unity of Good" (p. 8): "Everything is as real as you make it, and no more so. What you see, hear, feel, is a mode of consciousness, and can have no other reality than the sense you entertain of it." . . .

God is the eternal fact. Through apprehension of this spiritual truth, and application of it to human affairs and conditions, we enter the kingdom prepared for us by divine Love. Is not the understanding of unchanging good the fountain referred to by the Revelator, of which every man may drink? We read (Revelation 21:6): "I am Alpha and Omega, the beginning and the end. I will give unto him that is athirst of the fountain of the water of life freely."

Seven coin banks at Grace Reformed church were robbed last weekend. These banks were used by the Sunday school in collecting money for aged persons and orphans homes. No questions will be asked.

the Railroads **RESPECT...**

the Labor Unions seek to **REPUDIATE...**

this agreement!

**What is the TRUTH?**

At various states in the present dispute with the brotherhoods of railroad operating employees

- ... the railroads agreed to arbitrate. The union leaders refused.
- ... the railroads accepted the recommendations of President Truman's Emergency Board. The union leaders refused.
- ... the railroads accepted the White House proposal of August 19, 1950. The union leaders refused.

Finally an Agreement was signed at the White House on December 21, 1950. Now the union leaders seek to repudiate the Agreement.

The railroads stand ready to put the terms of this Agreement into effect immediately, with back pay at the rates and date indicated.

The Agreement is given in full below.

**MEMORANDUM OF AGREEMENT**

Washington, D. C.  
December 21, 1950

1. Establish 40 hour week for yardmen with increase of 23 cents effective October 1, 1950, and additional 2 cents effective January 1, 1951.
2. Set aside 40 hour week agreement until January 1, 1952, and establish 6 day work week for yardmen. Effective with the first pay roll period after 30 days from the date of execution of the formal agreement, yardmen required by the carrier to work on the 7th day to be paid overtime rates except engineers who shall receive straight time rates for the 7th day. This does not create guarantees where they do not now exist. On and after October 1, 1951, three months' notice to be given of desire to go on 40 hour week. Provide for consideration of availability of manpower and 4 cents per hour if and when the 40 hour week actually becomes effective.
3. Settle rules for 40 hour week and 6 day week.
4. Grant yard conductors and brakemen other rules such as daily earnings minimum, car retarder operators and No. 81.
5. Settle following rules:  
Initial Terminal Delay (Conductors and Trainmen)  
Interdivisional Runs  
Pooling Caboose (Conductors and Trainmen)  
Reporting for Duty  
More than One Class of Service  
Switching Limits  
Air Hose (Conductors and Trainmen)  
Western Differential and Double Header and Ton-nage Limitation (Conductors and Trainmen, all Territories)
6. Road men to receive 5 cents per hour increase effective October 1, 1950 and additional 5 cents per hour increase effective January 1, 1951.
7. Quarterly adjustment of wages on basis of cost of living index (1 point to equal 1¢ per hour. First adjustment April 1, 1951. Base to be 176).

(2)

8. Agreement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters.

9. Effective October 1, 1950, the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate.

Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951.

10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter until changed or modified under provisions of Railway Labor Act. Moratorium on proposals for changes in wages or rules until October 1, 1953, as follows:

No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except such proposals for changes in rules or working conditions which may have been initiated prior to June 1, 1950. Provided, however, that if as the result of 1, 1950. Government wage stabilization policy, workers generally have been permitted to receive so-called annual improvement increases, the parties may meet with Doctor Steelman on or after July 1, 1952, to discuss whether or not further wage adjustments for employees covered by this agreement are justified, in addition to increases received under the cost of living formula. At the request of either party for such a meeting, Doctor Steelman shall fix the time and place for such meeting. Doctor Steelman and the parties may secure information from the wage stabilization authorities or other government agencies. If the parties are unable to agree at such conferences whether or not further wage adjustments are justified

(3)

they shall ask the President of the United States to appoint a referee who shall sit with them and consider all pertinent information, and decide promptly whether further wage increases are justified and, if so, what such increases should be, and the effective date thereof. The carrier representatives shall have one vote, the employee representatives shall have one vote and the referee shall have one vote.

11. If the parties cannot agree on details of agreement or rules they shall be submitted to John R. Steelman for final decision.

The usual protections for arbitrators, miscellaneous rates, special allowances, and existing money differentials above existing standard daily rates will be included in the formal agreement.

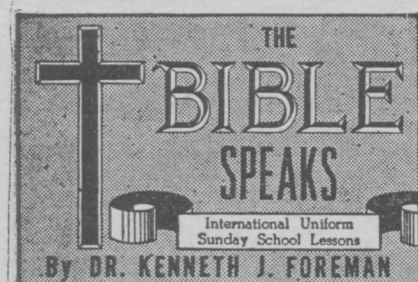

\*\* The foregoing will not debar management and committees on individual railroads from mutually agreeing upon changes in rates, rules and working conditions of employees covered by this agreement.

## Power of God

Lesson for February 4, 1951

ONCE UPON a time, miracles were one of the strongest arguments supporting Christianity. In our times, it is quite the reverse; miracles are for many Christians a major embarrassment, principal reason for not believing what Christians teach. There is no room in one column to debate this question. A very readable recent book on this line by C. S. Lewis, called "Miracles," may help to clear the reader's mind, showing that the common idea that miracles are impossible, is a mistaken idea.

Dr. Foreman

### Christ the Power of God

PAUL calls Jesus Christ "the power of God" (I Cor. 1:24). Whether you believe that Jesus could perform miracles or not, whether you find such a belief hard or easy, depends a good deal on what you think of Christ. If you think of him as a man much like yourself, and no more, then you have as hard a time believing that he could work miracles as in believing that you yourself could do so. But if you believe that in some way he was more than simply a man like yourself, but that God was in Christ (as Paul said), that in his mind was the wisdom of God and through him surged the power of God, you will not have much difficulty with the miracles.

But suppose you cannot start with the high faith in Christ as Son of God; at least you can start with historical facts which no one can reasonably doubt. One of these facts is that there lived a person named Jesus of Nazareth. Another fact is that it was believed about him, already in his lifetime, that he could do all sorts of astounding things,—cure hopeless cripples, bring people back from the dead, stop a storm in its tracks, drive demons back to hell.

You will have to admit that this Jesus must have been an extraordinary character to have such things believed of him, even if they were not true. Starting from that point, you may be led to look into this man's story further, and—like many others—may come out at last believing in Christ as the divine Lord.

### Motive for Miracle

ONE THING the thoughtful reader will see in these miracles told of Jesus: they were not done to show off. Jesus himself did not brag about them, nor call attention to them, nor talk much about them. He saw people in trouble and he came to their help. It was as simple as that. He is not reported to have stopped all the storms in Galilee, but only one; and that one not to have himself nor even to save any one else from death, but to save them from fear.

He sent the demons tumbling into the lake, not to create a wonder-tale nor to show how much stronger he was than demons, but he did it to help a poor wild madman back to sanity. He did not go around to funerals in Palestine bringing all the corpses back to life and cheating the undertakers for three years running. On the contrary, he went to Jairus's house only when asked.

There is a certain modesty about all these miracles; and there is love in each of them. The great difference between miracle-working power in the hands of Jesus and such power in the hands of ordinary men, is suggested in the remarkable tale by H. G. Wells, "The Man Who Could Work Miracles." It is the tale of a man who found to his dismay that his supernatural powers brought only disaster to the world.

### The Most Personal Miracle

SOME YEARS ago there was a young man in Austria who had for a long time put up an unsuccessful struggle with himself. To put it shortly, lust had him in its grip. He had about given himself up as a bad job, when he made the acquaintance of two young priests.

He asked himself: What do these men have that I do not have? And he discovered the answer: Christ. That was how Baron von Hugel, one of the great minds of our century, became a Christian.

He discovered that Christ, now can work a miracle in a man; and one miracle, experienced in one's own life, can be of more value than a hundred miracles recorded on paper.

(Continued from first page)

made garments of days long ago and she did not make the slightest whimper throughout the entire programme as she seemed fascinated by it all. The entire musical programme was in keeping with the traditional period.

The Organist (another special lady in Your Observer's heart) from around our town accompanied beautifully on the organ.

There were very old dolls carried by the children in the Pageant, the lovely Paisley shawls were in much evidence around the shoulders of the ladies and many of the men in riding habits as in those days riding 'horse back' to church was customary. Then there were "Those Sideboards" (a longer hair cut on the cheeks of a number of the men folk).

General Meade was excellent in his part during the Civil War scene plus his Staff.

The Highlight of the evening and one which Your Observer will never forget was when the German Minister greeted the English speaking Minister into his place in life which the members desired and voted for 'more English spoken instead of German.' The hand clasp and hand shake of that German Minister bidding "Goodbye" brought a lump into my throat! Never have I seen any finer actor on any stage and his expression in his eyes was most touching. (He is a real Minister in Silver Run). The looking over the eye glasses was most characteristic of the German of days long ago and he was perfect! Heartiest congratulations!

The Soloist dressed (as in all the choir) of the "gay Nineties" was a picture as she arose and sang beautifully, "The Holy City".

The disappointment of the hundreds who were not able to get into the church to view it all was most noticeable. (There was such discussion outside.)

It should have been repeated each night for one week instead of just the three nights.

It would have been nice, too to have had a large book on an old table in the hall for all the guests to register their names so as the future generations could possess this in another hundred years!

All in all, the Pageant was perfect and the presiding minister can always look back upon these eventful nights with a congregation so helpful and useful and ornamental with each and every member by his side.

Your Observer somehow cannot be "chatty" in this column as it all touched me deeply and was very uplifting.

So long, folks. Will be seeing you next week. Be good and be careful. Go to church—any church will do as you will always find God in His house.

I am,  
Faithfully,  
YOUR OBSERVER.

### ANNAPOLIS LETTER

(Continued from First Page)

ty Commissioners by ordinance or resolution adopt these provisions. This permits each county to determine for itself whether this proposed law shall be applicable within the county.

At the present time there is some agitation to have the proposed \$200.00 and \$300.00 license fee amended to some lesser amount.

### TON-MILE TAX

Senate Bill 29 is probably the most controversial measure introduced in the General Assembly to date. Briefly this Bill provides that a tax of two mills per ton for each ton over 25,000 pounds carried over each mile of public highway shall be paid by the owner or operators of the vehicle carrying the load.

The Case Commission found that large motor truck users are contributing proportionately less than other classes of highway users and are receiving relatively greater benefits. The 2 mill per ton mile tax was recommended as a means of requiring the vehicles that do the greatest damage to our road system to bear the greatest burden of cost of construction and repair.

It is estimated that this tax would bring in additional revenue in excess of \$4,000,000 annually for road use.

The tax would also apply to out of state trucks using Maryland highways as well as local trucks. It has been brought out that many heavy vehicles going through our state buy no fuel at all within the state and therefore contribute nothing toward our road costs.

Over one-third of the States in the United States now have some form of ton-mile tax on heavy vehicles. Some of the eastern states employing this form of heavy truck tax are Florida, Kentucky, Maine, New Jersey, South Carolina, West Virginia and the District of Columbia.

The road tests recently conducted in Maryland indicates that the great proportion of the damage done to our highways is caused by the heavy truck traffic. As the weight increases over 18,000 pounds per axle (the equivalent to a 25,000 pound gross weight two axle truck) the road damage caused becomes relatively greater.

These tests also indicate that trucks with a gross weight of less than 25,000 pounds do relatively little, if any, material damage to our highways.

Whether this Bill can pass or not is most questionable. The trucker's lobby is without doubt one of the strongest and most effective in Annapolis. They have already started to bring pressure on the individual legislators to defeat the proposed measure.

Until next week, I am,  
Sincerely,  
STANFORD HOFF.

**BURN BRUSH NOW**  
Now is the time for rural residents to burn brush and debris, District Forester, Wm. A. Parr said Wednesday. He pointed out that after March 1, it will be illegal to burn before 4:00 P. M. (EST) if within 200 feet of woodlands, or inflammable material which could carry fire to woods.

At this time of the year, open air burning may be done at any time of the day. Parr urged that all burning be done with caution and that the following steps be followed:  
Have a ten foot safety strip completely around the fire.

Have enough help and enough equipment to control it.  
Stay with it until it is completely out.  
He stated that some changes had been made in the wording of Regulation IV to clarify the wording.  
One hundred and forty-nine forest fires burned seven hundred and twenty-one acres in Maryland's Northern District, comprised of Baltimore, Carroll, Cecil, Harford, Kent and Queen Anne's Counties, in 1950, Parr stated.  
Four of those fires burned eight acres in Carroll County, the forester stated, as he asked for greater care to prevent fires.
