Blaze Destroys Building and Contents

Another fire struck at The Rein-dollar Company's buildings early last Saturday evening. About a year ago a similar fire destroyed one of the company's buildings. This fire was more destructive than the preceding one, destroying in addition to a fairly large building it also consumed a large quantity of building material, feed and an old hay press.

The fire was discovered by Mrs. J. H. Ommert and the local fire company was called. At the height of the fire the situation appeared that a large conflagration might ensue and a call to neighboring fire companies was made with Westminster and Littlestown responding.

With the efficient work of the firemen and a favorable wind the fire was confined to the one building. The Ladies Auxiliary of the fire company served coffee and sandwiches to the firemen during the evening. The loss was partly covered by insurance.

RED CROSS DRIVE FOR FUNDS

Solicitors Appointed For Taneytown District

The Red Cross has for many years been regarded as both the symbol and the source of aid to the distressed in great disasters of peace or war. Never, however, has it in its long history faced a larger test of its responsibility than it does today. As mentioned in an article last week, vital programs and services are being greatly enlarged to meet the emergencies of our times.

The Red Cross has asked a great many of our leading citizens and community-minded men and women to do the very necessary task of enrolling members and soliciting funds in the Drive for 1951. This is a wonderful volunteer service so let us make it as easy for them as we can.

The Rev. Charles Owen and the Rev. Glenn Stahl are in charge of the difficult task of seeing that each home in Taneytown is visited. The following people have undertaken the canvass:

Mrs. Margaret Nulton, Middle St.; Mrs. Romaine Motter, Frederick St.; Mrs. Tobias Brown, East Baltimore St.; Mrs. Franklin Fair, East Baltimore St.; Mrs. Carroll Wantz, East Baltimore St.; Mrs. Virginia Sanders, East Baltimore St.; Mrs. Harry Mohney, Mill Avenue; Mrs. Virginia Burke, York St.; Mrs. Myron Tracey, Broad, Bankard, Franklin and Antrim Sts; Miss Ruth Stambaugh, York St.; Miss Beulah Englar, Fairview Ave.; Mrs. Glenn Reeve, Uniontown Road; Mrs. Dorothy Myerly, East Baltimore St.; Mrs. Neal Powell, W. Baltimore St.; Miss Helen Bankard, George St.; Miss Belva Koons, West Baltimore St.; Mrs. Ernest Dunbar, Sauble Area; Mrs. Elwood Harner, Emmitsburg Road.

The Rev. and Mrs. Thurlow Null have charge of the drive in Harney and along the Harney road; Mr. Floyd Strickhouser and Mrs. George Shriver have undertaken to do their part there.

Mrs. Robert Clingman, Jr., is covering the country-side along the Littlestown road which is served by Taneytown R. D. 1.

In Keysville, Keymer and vicinity, Mrs. Lloyd Willhide and Mrs. Charles Clutz are doing the soliciting.

It is very much hoped that the drive can be completed by the end of next week in so far as possible. The Taneytown committee regrets exceedingly that the usual Red Cross window stickers were not available in sufficient quantity anywhere in Maryland.

Help your Red Cross so that the Red Cross can help you!

The subject for discussion was "Letters from an Argentine." The leaders Mrs. Carroll Dougherty and Mrs. Edward Coshun ably discussed the subject, enlightening the group as to the national, cultural and spiritual phases of the work. It was learned that many obstacles are to be overcome in Argentina as the work progresses. Mrs. Dougherty offered prayer. Miss Carrie Ruth Clabaugh sang, "Walking with Jesus" and Miss Evelyn Willhide played a piano solo, "Moon over Madrid"; Mrs. Gilbert Stine gave a reading, "Our Quinister's Sermon." All three numbers were well rendered and appreciated. Thanks to Mrs. Clyde Willhide and Mrs. Virgie Ohler for the specials.

FIRE COMPANY NEWS

The Taneytown Fire Company met in regular monthly session Monday evening, March 12, at 7:30 with President, George Kiser, presiding.

Chief Charles D. Baker reported four fire calls during the month. David Smith reported eight ambulance calls during the month.

The sick committee reported Secretary Robert Feesser on the sick list. The Carnival committee reported in their plans for the annual Carnival June 11, 12, 13, 14, 15 and 16th.

The supper committee reported a very nice sum cleared at their annual supper.

The Company voted to attend the parade in Manchester, May 17, 1951 in connection with the Carroll County Firemen's Convention.

The Company also voted to have its annual drive for funds April 15 to May 1st.

Chief Baker reported that each Saturday afternoon at 2 P. M. a truck would be taken out for the purpose of instructing Firemen in the handling of trucks and pumps.

It was also reported that at a number of places in town automobiles were being carelessly parked in front of fire plugs. This practice would cause a lot of lost time in case of a bad fire.

LIONS CLUB HOLD FARMERS NIGHT

County Agent Landon C. Burns the Speaker

More than sixty-five Lions and their farmer guests attended the regular meeting of the Lions Club, Tuesday evening, at the Social Hall in Harney, Md. The Ladies of the Harney Lutheran Parish are to be commended for the delicious banquet which was served.

Lion Vice-President Harry Dougherty presided at the business session. The meeting was turned over to the Agriculture Chairman Harley Holter, who introduced Carroll County Agricultural Agent, Landon Burns. Mr. Burns expressed his appreciation for having the privilege of speaking to a group of Lions and farmers. Mr. Burns took cognizance of the fact that the responsibility of the farmer is to feed a rapidly growing population. In connection with this fact it was noted that pest control must be studied and practiced by all farmers. Farmers, just as business men, must have maximum yield at minimum cost in order to exist. Mr. Burns stated that in order to combat inflation the slogan should be "more production." Mr. Burns introduced to the assemblage J. W. McGruder, who was a former farmer a County Agent and at present an Agronomist at the University of Maryland. Mr. McGruder directed his remarks along the lines of what makes an efficient farmer. It was stated that all progress of civilization depends on the son producing more than his dad.

Mr. McGruder noted that there has been a 2% increase in efficiency each year which means that our standard of living is doubled every thirty years. Some of the following bench remarks were noted as being qualities of an efficient farmer. First, farmers who produce one gallon of milk per acre of cultivated land are doing an excellent job; Second, farmers who raise three hundred pounds of beef per acre are doing an excellent job; Third, with regards to labor, a man producing 60 gallons of milk per day is doing an excellent job; Fourth, with regards to soil conservation, the farmer who uses one thousand pounds of fertilizer per cow on the average is doing a good job of land fertility. Mr. McGruder spoke briefly on the hazards to young men who are at the present time becoming farmers. It was noted that first, excessive capitalization often robs the farm of necessary machinery or of correct land practices. In other words the investment has to be carefully judged. The fact was noted that at the present time it is very often more advisable for a young man to rent a large efficient farm than it is to buy.

Members of the Lions Club expressed their appreciation to Lion Harley Holter for arranging such a splendid meeting.

T. H. S. P. T. A.

The regular meeting of the Taneytown High school P. T. A. was called to order by the president, Mrs. Carel Frock. The invocation was given by Howell Royer. The high school chorus, led by Mrs. Wallace Yingling, sang several numbers. The treasurer reported gross receipts of \$110.40, total expenses of \$60.87, leaving a balance in the treasury of \$49.53.

The program committee reported plans for a spring festival. The association voted to have a food sale at the fire house on April 20. Mrs. Harry Dougherty to be committee chairman. It was brought out by Mrs. Evelyn Peterson that the \$50 previously voted to improve the health rooms had not yet been spent for that purpose. The association voted not to sponsor the campaign of a local chain store to furnish the school with a television set for \$125,000 worth of business. The reasons given were that the television programs now available during school hours were not sufficiently educational and also that the schools connection with such a campaign would not be fair to the other merchants in the community.

The remainder of the meeting was given over to the school Guidance Department, headed by Mrs. Urith Shipley, the theme being "Careers." Seven instructive and interesting films illustrating various careers were shown, with comments by students. The subjects were as follows: Finding your life work, comments by Betty Hahn; Agriculture, comments by Norval Roop and Andrew Alexander; Secretary's Day, comments by Janet Royer and Isabelle Motter; Teaching, comments by Robert Peterson and Fairy Frock; Nursing, comments by Wanda Mehring and JoAnn Koons; Baking, comments by Marlin Rittase; Careers for Girls, comments by Shirley Null and Helen Wantz.

Refreshments were served by girls of the 10th grade under the direction of Mrs. Lester Lynch.

SCOUTS TO GATHER PAPER SATURDAY

Paper, magazines, rags, and scrap iron will be picked up this Saturday, March 17, by Scouts in Taneytown members of American Legion Troop 348. The aim is to equal the last big collection. If residents in the surrounding countryside have some they would like picked up beforehand, a postcard addressed to "Boy Scouts, Taneytown," will insure its being brought to town in time for the drive Saturday or for future ones.

THIS 'N' THAT (Your Chatty Column)

With all my heart, I wish you every morning A smile that shall last until the next day's dawning. I wish you health—life's greatest wealth! I wish you always near so that I may help to cheer Each future day and in some way—help to bring you happiness!

As Your Observer types away this column, Peter Pan is singing as though his little throat would burst as "Mario Lanza" is on a record on the radio singing "Because". And Peter Pan is trying to out shine Mario!

That wonderful movie of the life of Caruso will be released in the month of May which Mario Lanza will take the lead. That will be one to see and hear. Eh?

Perhaps next Jan. 30 will be a legal holiday in honor of our former president, F. D. R. and from that birthday on will be a National affair. Your Observer cannot understand that we do not honor G. W. the "Father of This Country" each year upon the anniversary of his birth and declare that a National Holiday. Did you know that George Washington visited Baltimore three times? Once on the way to Philadelphia, once to Annapolis and the third time meeting Gen. Cornwallis.

Here's congratulations to our nice Postmaster in our town. Thought that act had been completed some time ago, as he surely is most capable. His 'best half' is surely getting more attractive all the time.

Have you seen the new look in hose, ladies? A glittering rhinestone at the ankle weaved in the hose. And they say it does not interfere with the washing of the hose, either.

Now, for those luxurious ladies, in New York, mink earrings are being worn. Umph.

Now, here's one for "Mom" (the good cook in your life!) Never make jelly any more as there is a concentrated "Spreddon" that is something out of this world. Ask your grocer about it. The name, "Sun Gold". It comes from California and contains concentrated fruit, dextrose, fruit pectin, citric acid from citrus fruits and U. S. certified color. Simply add sugar and water and boil. You may strain it if you so desire although that is not necessary. There are seven delicious flavors and one package makes five glasses! Your Observer tasted the raspberry and one try convinced me that I would never go to all the bother of making jelly from the grape arbor any more. Directions are on the package which are most simplified.

A cute one around our town of 2 cute boys who killed a skunk with a bow and arrow and the result—all their wearing apparel had to be burned.

The "Earle" now suggests a nice one. If you are undecided about a birthday gift just hand the individual a \$2.00 "Movie book of tickets."

Heard two professional men state that the recent convict who took two years to dig himself out of his cell to liberty should be left alone. Umph!

In the city there are two dogs—one a female and one a male and the latter sort of a lazy one at that. The female goes out daily and gets a big bone and brings it to the male. He is reclining in the sun and when he sees her coming with the bone which he does not share, he just wags his tail and devours the bone. That a real dog story.

Now here's to all the ladies of the Auxiliary of the Fire Department. A doctor friend of Your Observer with his lovely wife heard the announcement over the radio about the supper and made the trip up from the big city. The wife who is a school teacher said to the doctor, "Oh, what good looking women here in this Auxiliary!" To which the doctor replied, "I'll look after I am finished this delicious meal. Never have I tasted anything to compare with it!" No foolin', ladies—no one can compare with our cooks around our town.

Here's a good one! Word comes

The Baust Girls 4-H Club met recently at the home of Joyce Putman, Mayberry, with 10 present. The program opened with the group singing "Bible Boy," followed by the 4-H Pledge; piano solo, by Joyce Putman; Reading, by Eliza Zollickoff and song, "America the Beautiful." The roll-call was answered by "What You like about Spring." For Mobilization Week, the Club decided to have a 4-H exhibit in the Taneytown High school library. Miss Virginia Baust represented the club with a vocal solo at the County 4-H talent program at the Westminster High school. LaDonna Myers also sang in the county chorus at this time. Here is a poem from Emma Myers Read, Baltimore, I thought that you would enjoy reading it.

"I often heard my mother tell,
When I was but a child;
A tale about the month of March
When winds are bold or mild.

If March comes like a gentle lamb,
Then a lion, it will go;
But should March like a lion come,
The end—a lamb, we'll know."

Some years, we find the first of March
With days from winter born;
But other years bring days quite mild,
Much like a calm spring morn.

And March has gone with snow-filled clouds,
And winds—a mighty band.
Again March sings a lilting song
While clasping April's hand.

March may be bitter, sharp and cold,
It may be full of sun;
But new life swells the heart of March
And great things are begun."

Perhaps you do not know the story of the rebud tree. You see it in the woods, along fence rows and footing the hills, in the Spring and at Easter time.

From the beginning of time the tree we know as the rebud tree has borne each spring lovely white blossoms, as delicate and sheer as the clouds in the springtime sky. No flower in all the world was more sought after for festive decorations. But one spring there was a great tragedy.

A man named Judas Iscariot betrayed his friend to his enemies for a measly sum of money, and his friend (Jesus) was condemned to die. The Judas, when he saw that he was condemned, repented and brought again

the thirty pieces of silver to the priests and elders, saying "I have sinned in that I have betrayed innocent blood." And they laughed at him. He was very desperate, and went out into the woods and hanged himself. He did not know that it was beneath the wide branches of the lovely, white blossom tree that he tore his cloak in strips and made it into a rope with which he hanged himself. He only knew that he had no desire to live any longer. It is a great wrong to betray a friend and a great sin to be so greedy for money.

Judas swayed from the wide branch of the white blossom tree until the people came and found him there. They took him down with unsympathetic hands and were ready to carry his body away when one of them exclaimed, "See the white blossom tree has turned red. It could not bear the shame." And to this day some call it the Judas tree and others the rebud; but no one has called it the white blossom tree since that springtime long ago.

FEESERSBURG

In this Lenten season, as in every year since Jesus' time, the thoughts of the christian world turn to the drama of Christ's last days on earth. It is a tragic fact that all the gospels report of what Jesus said, in private and in public, he could have uttered in two hours. How little of His teaching has been preserved and yet that little was so stirring, so moving and so penetrating that it is safe to say nobody else influenced the world so much. But think of it! To be able to say in two hours enough to change the current of mankind! The Gospel of Matthew gathers a series of Jesus' sayings into a great sermon, famous beyond all other speeches ever made as the Sermon on the Mount. Some people consider the Gospel of Matthew as the most important book in the world. We do not ordinarily think of Jesus as a poet, but the Sermon on the Mount begins with a poem. For the Beatitudes are certainly a psalm. Space does not permit me to write the "Sermon on the Mount" here, but read it yourself—it will bring you comfort and a sense of stability at a time when each one of us need a high moral standard to cling to.

Mr. and Mrs. Walter Eckard returned last week from a trip through the South. One of the places visited was Southern Pines, N. C., where they spent some time with their son-in-law and daughter, Cpl. and Mrs. Joseph M. Reaver.

Mr. and Mrs. Elmer Pfoutz, Westminster have just announced the marriage of their daughter, Patricia Ann to Roger Lee Sather on Feb. 27 in the Kinston Methodist church in Kinston, N. C. Mr. Sather is in the U. S. Marine Corps and is receiving training at Camp Lejeune, N. C. Mr. and Mrs. Sather are living at 201 Peyton Ave., Kinston, N. C.

Everyone who attended the family square dance Saturday evening at the Elmer Wolfe school, sponsored by the P-T-A. had a wonderful time. The teen-agers and small fry danced until their eyes sparkled and their cheeks were rosy pink. It was strictly no dance for anyone with a complaining heart or with extra pounds to carry around. The parents were content to sit and listen to the figure calling and to eat their share of delicious refreshments that the committee had prepared. The 4-H club senior council was to be congratulated upon its talent for square dance figure calling. We hope it won't be too long before the C-T-A. will sponsor another square dance.

Our neighbor, Carl Blankenship is spending a month in Yuma, Arizona for his health. He suffers from hay fever and is hoping the hot, dry climate of Arizona will be of some benefit.

And speaking of Arizona reminds me of the story about a young college graduate who inherited a ranch in the West and went out to run it. He soon discovered that his cattle were being rustled and that his neighbor, who was a notorious killer, was the rustler. Being a timid person, he was at a loss as to the best way to handle the situation. Finally, after much thought, he decided to send the man a letter. The message read: "Dear Neighbor: I would appreciate it very much if you would be more careful in the future about leaving your hot branding irons lying around where my stupid cattle can lie down on them." He got results.

Sunday visitors of Mr. and Mrs. J. H. Stuffle were Mr. and Mrs. Roy Stuffle and son, Bobby, of Silver Run Mr. and Mrs. John S. Stuffle and daughter Judy and Mr. and Mrs. Raymond Stuffle and son and daughter.

Mr. and Mrs. Claude Deberry and children were supper guests of the Russell Bohns Sunday evening.

There was a bit of excitement in Taneytown Saturday evening when fire of undetermined origin destroyed a huge storage shed and its contents belonging to the Reindollar Company. Contained in the shed were building materials, roofing, cement, lime and plaster. No estimate of the loss was given but it is understood insurance covered it. Westminster and Littlestown fire companies assisted the Taneytown firemen in bringing the fire under control.

If you ask a man if he is glad spring is just around the corner he'll probably say no. Because that is the time of the year his wife spends her time throwing out all the things he has been saving and he spends his time digging through the trash in the back yard trying to get them back.

The only time a horse gets scared on a road nowadays is when he meets another horse.

I sometimes think that in the mad race toward our misconceived Utopia we overlook many of the simple little beauties and blessings of life. We are so busy chasing rainbows of material gain that we haven't time to appreciate the sunlight of spiritual possessions. Did you ever stop to watch children at play and wish again that you might know that happy uncertainty which doesn't even dream of the problems ahead? Does a lump ever come into your throat when some elapsely crippled fellow being passes by, and do you pay tribute silently to that person because of his beautiful

ful courage in conquering his handicap? Have you ever stood silent and awed by a beautiful picture, sunset or flower? If you have known none of these attitudes you aren't living—you're just skidding through. There is so much beauty in the world we should be ashamed of ourselves for ever noticing occasional ugliness.

Our neighboring State of Pennsylvania is seriously thinking of adopting a sales tax to meet the increased cost of government. We hope our neighbor State will profit by our mistakes with the sales tax. Just recently our school teachers were refused a \$500 year raise, which they certainly are entitled to, because the recent reduction in the sales tax had left the State revenue without sufficient funds to pay the teachers an increase. How long is it going to take the public to realize that roads, schools, hospitals and all the other services the public demands must be paid for? As Uncle Herbie use to say, "You just ain't goin' to get somethin' for nothin'."

I always listen to advice,
It's tactless to refuse it;
Besides its giver thinks me nice,
And I don't have to use it.

Down the Line with Johnny Bell

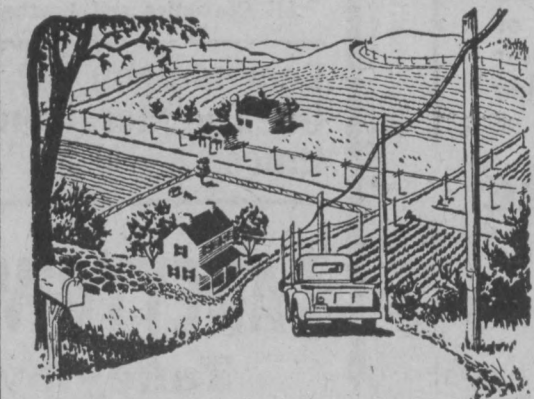

How to give a gopher a toothache

Lightning is a real hazard to buried cable in some areas. And so are those busy little fellows called gophers! To give better protection against all hazards, telephone engineers are building cable in a special way. First, a spiral wrapping of lead and heavy paper is placed over the original lead sheath. Next come several layers of steel tape. The various layers are flooded with asphalt, covered with jute, and flooded again with asphalt. This is enough to discourage even the most ambitious gopher!

When friends share...

Back in earlier days, "barn-raising" was the occasion for a "good time" was had by all. Folks would gather at a neighbor's farm, and while the women prepared dinner, the men would help the farmer build his barn. Today, this friendly spirit of sharing pays off on the party lines. By keeping calls reasonably brief, and spaced out so that others may use the line in the intervals, telephone neighbors make possible better telephone service for all concerned.

Miles and miles of progress

Telephone pole lines constructed in the rural areas in Maryland in the last five years, if placed in a straight line, would reach 1,500 miles. More than 23,000 miles of open wire have been added. Also about 29,000 rural telephones have been added in Maryland to better serve this great state. The Chesapeake & Potomac Telephone Company of Baltimore City.

Electric Range helps the Robert Youngs stay young

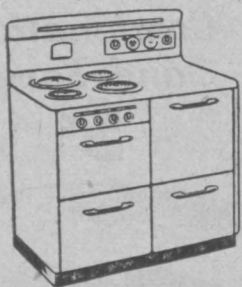

"Feed him well" is one of woman's oldest wiles," says Mrs. Robert Young, "but it always works—and it's a lot easier with the help of a new Electric Range and all its modern improvements. Now, instead of your standing over a stove, the range does the watching for you. I can put my husband's favorite meal in the oven, set the automatic controls, and forget it."

A modern Electric Range takes the hard work out of cooking and baking. It's clean to use—keeps pots, pans and kitchen walls cleaner. It's cool, fast cooking—and thrifty, too! Heat is applied where needed, not wasted into the kitchen. The oven is insulated on all six sides.

Ask your dealer to show you all the wonderful features of the modern Electric Range!

Jesus Faces Death

Lesson for March 18, 1951

MANY A STORY has been written around the theme of a man who knows he has only a short while to live. But the best of these is the story of Jesus. It is the best not only because it is true; it is the story of the best man known to history. We Christians go further than that. We believe he was Perfection in all his human life. Jesus' way of facing death is the right way to face it, the way his followers too will choose.

Dr. Foreman

Heart at Leisure

FOR ONE thing, Jesus did not try to conceal from himself or others the fact that he would shortly die. Through all that happened, he was aware of his death. He neither shut his eyes to the inevitable, nor mourned over it.

Now in our sad times, with death so near to all of us, the approach of death is not something to talk about as if it were an event of the 21st century. Death may come to any of us soon; death is very likely to come to many of us soon; and sooner or later, death is certain to come to all of us. Facing death may bring out all a man's hidden selfishness. From the moment he knows his days are limited, he may think of nothing but himself and his "chances" to escape.

Jesus, on the contrary, under no illusions about escape, accepting death quietly, day by day thought of others rather than of himself.

His Friends and God

MANY PERSONS, in the felt presence of death, withdraw into themselves. They cut the ties that have bound them together, they set their faces "outward bound." Not so with Jesus. While it was still day, he would not act as if it were night. So we find him tightening up the bonds of friendship.

It is an interesting fact that of all Jesus' living days, those which were remembered best were those which came just before his death. Part of the reason for this may be that his friends came closer to him in those days; there was an intimacy, a greater warmth, between him and his old friends than there had ever been. Even when he prayed in Gethsemane he was not content to pray alone. If there was none to watch with him and in some dim way share his agonies, it was because his friends were not awake to his need, not because he in any way turned his back on them.

Again, we find Jesus' prayer-life growing intense in those last days and nights. Nowhere else from Jesus' whole life is such a long prayer recorded as the one John puts into the story Mark tells so briefly of the last supper (John 17). Not in Jesus' whole life before, though he prayed early and often, do we hear of such agony of prayer as that in the garden before Judas came. He not only turned to his friends, but turned to God, but it is plain that he wished of all things most to bring his friends nearer to God.

Yet how many Christians are there who, if they knew death would be coming for them within the week, would think of others' spiritual welfare rather than their own? How many would help to prepare others for God, and not themselves alone?

First, a Good Life

THE CHURCH has always been a bit suspicious about "death-bed repentance." We know it can be real; but over a period of two thousand years it has been noticed that most people who suddenly turn good in the presence of death are likely to be just as bad as ever if death postpones his visit.

Jesus' last days were not those of a scared man trying to make up in a few short days the lost opportunities of a mis-spent lifetime. On the contrary, Jesus' last days were all of a piece with the rest of his life. Prayer, friendships, appreciation and help of others, even sacrifice, were not strange to him.

So with each of us. We all know how we ought to live if death were hovering near. But we shall have a hard time living and acting so, then, unless it is our habit already. It is well to pray for a "good death," but the best way to have a good death is first to live the good life.

A Vital Fact for Every Farmer and Merchant Who Uses a Truck!

THEY'D CUT YOUR LOAD 31%

You Will Pay the Bill for Lower Weights

Under the proposed law to reduce truck weights now before the Maryland Legislature, every farmer and merchant would be affected in the loading of crops and supplies on his trucks, or those he hires.

Above we have illustrated how the legal load on a two-axle truck would be reduced almost one-third by this bill. The same reduction would also apply in principle to three-axle trucks and to three-axle tractor and semi-trailer trucks.

In many cases, a farmer or merchant who now uses one efficient truck to haul his product, may have to use two smaller trucks, and thus double transportation costs.

So YOU WILL PAY THE BILL for Maryland's weight restrictions!

Present Weight Laws are Proper

It almost goes without saying that all trucks, privately operated or for hire, must have good roads to serve the growing needs of Marylanders. So it stands to reason truckers don't want to damage their means of livelihood!

We believe the present weight law is proper for efficient operation, and the vast majority of truckers can and do keep within the law.

Trucks Do Pay Their Fair Share

While trucks in Maryland make up only 15.7% of vehicles using the roads, in 1949 they paid nearly 35% of all the special highway taxes collected by the State.

In 1949, Maryland collected almost \$11,500,000. from trucks operating in and through the State. That was 18% more than all the money spent for maintenance, administration and safety on Maryland's roads system!

The Public Needs More Truck Service than Ever

Instead of burdening those who use and operate trucks in these critical days, our State officials should be encouraging this service. Especially when we consider that over 600 Maryland communities depend completely on truck service for contact with the outside!

Maryland and all America never had a greater need for modern, prompt and economical transportation. Common sense tells us that efficient trucks are essential to defense of our country.

Why should Maryland push back the clock to benefit the special interests?
