CHURCH SOCIALS

Held in Trinity Lutheran Church

MITE SOCIETY SOCIAL

The Mite Society of Trinity Lutheran church held its regular monthly meeting, Wednesday evening, April 4. The devotional part of the meeting was conducted by the president, Mrs. Carroll C. Hess. All joined in singing the hymns "Day is Dying in the West" and "For the Beauty of the Earth" accompanied by Miss Edith Hess on the piano. The scripture was read by Mrs. Charles Wantz, followed by prayer in unison. Fifty-four members were present. We were glad to welcome Mrs. Robert Clingan, Sr., as a new member. After a short business meeting we were entertained by vocal solos, instrumental numbers, and readings, that had been prepared by a program committee with Mrs. Francis Elliot as chairman, Mrs. Russell Eckard and Mrs. Ross Fair.

Miss Lorraine Myers Littlestown, sang two numbers by Jerome Kerns, "Can't Help Singing" and "Look for the Silver Lining". The numbers were beautifully rendered, Miss Shirley Hawk, Littlestown accompanied her on the piano. Other vocal numbers were rendered by little Miss Mary Wilhide, "Lord in Adoration" with her sister Evelyn at the piano; Miss Lorraine Sauble sang, "Through the Years" and "A Little Bit of Heaven" Miss Hazel Hess playing the numbers on the piano.

Lorraine has a very sweet voice and sings well; Miss Arlene Naylor gave two readings "My Family" and "The Toothless Old Maid". These were amusing and Arlene knows how to impersonate; Miss Ruth Stambaugh gave the experience of "Dollar Day". Miss Ruth certainly impersonated exactly how one feels after such a trying day. One of the highlights of the evening was music played by two young gentlemen Mr. Robert Peterson playing on the Spanish guitar and Mr. Dickie Hemler, McSherrystown, playing on the steel guitar. One number was "Song of the Islands" the other was the "Hawaiian Honeymoon." It added much to the evening entertainment to listen to these numbers so well played. We were glad to view some of the members pictures brought from the old plush albums as they were shown on the screen operated by Wayne Baumgardner. Some of us have not improved much in looks since we were sweet little ones.

The social hour being over we were invited to visit together and greet our invited guests until the kitchen committee, Mrs. Harry Dougherty, chairman, was ready to serve refreshments of cake, potato chips, ice cream and coffee. The committees are to be congratulated for the pleasant evening they prepared.

The society voted to serve soup and sandwiches in the fire house on Decoration Day.

IS MOBILIZATION HERE TO STAY?

Speaker at Joint C. of C. Meeting Says "Yes"

The Board of Directors of the Taneytown and Westminster Chambers of Commerce, held a joint meeting in the Legion Home of Westminster, Wednesday noon. Luncheon was served and Rev. Charles S. Owen offered the grace of invocation. Those present from Taneytown were: Merwyn Fuss, president; David Smith and Charles Owen, vice-presidents; Bernard Arnold, secretary, and Charles Stonesifer.

The purpose of the meeting was to present the national program of mobilization on the community level. Duane Strawbridge, representing the U. S. Chamber of Commerce, was the speaker. Mr. Strawbridge, whose home is in Atlanta, Ga., and whose office is in Washington, is the Program Adviser for the Southeastern Division. This includes Maryland, Virginia, West Virginia, and North Carolina. In almost every community in this district meetings of this sort are being set up.

The speaker warned that informed opinion in Washington believes that we are in for a prolonged period of tension with Russia. Some believe that it may last as long as 75 years. Because of this fact there will be no leveling off period of mobilization as after the two previous wars. Instead there will continue to be controls and regimentations. Many people today probably will never again see America as they have known it in the past. And a generation will be produced that has known nothing except regimentation and controls. That also will jeopardize the return of our liberties when the crisis is over. The cost of living is slated to go up another 10%. Our major role in the world today will be in the area of the production of arms.

It was pointed out, however, that while Russia has larger and better prepared armies than the democracies, she has three internal weaknesses in our favor. (1) The vulnerability of her oil supply and reserves. (2) Her steel production is only 25% of ours, and (3) There is dissension from within.

On the local community level the speaker pointed out four problems of great importance to us. (1) The preservation of our freedom after controls and regimentations are no longer required. (2) The economic ignorance of our people which provides a fertile soil for communism. (3) The attempt by many to use the emergency as an excuse to nationalize our basic industries and the Medical profession as a sort of socialistic state. (4) The lethargy and indifference of the average citizen. In 1900, 90% voted. In 1948, 50% voted. In some communities only 25% voted. It was urged that every citizen register and vote, and then let his congressman know his wishes on important issues.

It was emphasized in particular that the U. S. Chamber of Commerce has the one purpose of promoting commercial, industrial and civic points of view in each of the 2600 Chambers affiliated with the National Chamber in Washington. The speaker urged that each local organization have a National Affairs committee. This committee would receive the facts on National Affairs, get these facts to the people, and then promote the expression of public opinion in the community to our congressmen. As a source of information of this kind the U. S. Chamber publishes and sends out the weekly "Legislative Outlook" and the "Legislative Daily" while Congress is in session.

Mr. Strawbridge seriously questioned whether it was necessary, in spite of the crisis, for the government to spend \$94.4 billions this year. It could be cut down. He deplored, and said it was generally deplored, that the federal debt kept leaping upward in astronomical figures as follows: In 1862 the national debt was \$2.2 billions. In 1919 it was \$25.2 billions. In 1950 it was \$275 billion.

ANOTHER SONG FESTIVAL IN PRESBYTERIAN CHURCH

Sunday night, at 7:30 there will be another musical festival, in the Presbyterian church in place of the regular evening service. Last fall a program of this kind proved very popular. And there have been many requests to have another like it.

The program Sunday night will be given by the well-known choir of Pipe Creek Brethren Church. This choir consists of 20 voices, well trained by Miss Betty Young. The accompanist is Mrs. Geraldine Myers, well-known music teacher of New Windsor.

It is expected that the Rev. Samuel Harley, popular pastor of the church, from which the choir comes, will also be here in person for the program.

HARNEY 4-H CLUB MEETS

At a recent meeting of the Harney 4-H Club a demonstration on how to grease a tractor was given by Carl Weant and Daniel Ridinger. Donald Gunther gave a report on the Spring fat hog show. A committee was appointed to proffere ideas for the Carroll county 4-H Fair exhibit and the float for the Memorial Day parade at Taneytown. The next meeting will be held at the Gunther home on April 24th.

THIS 'N' THAT

(Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

Rain is still falling which has given the grass a Spring green color and as I glance up from this column and look across the lawn can see tiny sprouts of yellow—those Jonquills next to the highway fence trying to push their way through the rich brown earth! We welcome Spring!

The week previous to Easter went to the big city by bus in place of the usual drive down. "Pop" as he is called was the driver and I heard him say to a gentleman seated near him, "They are having a dinner here again today. Wish I could remain right there. Never have I tasted any meal to compare with these the famous meals they serve here! I'll treat you to a meal, the very next time!" The bus continued to pull out of our town and much enthusiasm was displayed and all by "Pop" as he continued to relate to the stranger about the women around our town. See what I mean, Ladies?

Going by bus, one can see more and enjoy all the wonderful scenery of Carroll County. Frankly, there is no County more beautiful with it's rolling clean country sides.

At the Westminster College, a bunch of lovely "Lookers" with traveling bags boarded the bus returning to their homes for the holidays. There seemed to be such a jovial spirit about it all. Met a lovely French lady who bid the time of day to me! As I walked down Howard Street, the heavy crowds were fascinating with their gay manners and new Easter hat boxes, which, no doubt held the grand Chapeau for the Easter parade! (Believe it or not, Your Observer has had one Easter Bonnet—a pink Milan straw with large pink roses that appear real and this is the third Easter I have worn it which (Continued on page seven)

COPY BOOK MAXIMS

In the good old days of fifty or sixty years our schools devoted a period to writing in copy books, and these copy books had at the top of each page a motto or Maxim of some truth capable of universal application.

These mottos had great weight in moulding the character of children and saved many from going wrong and doing wrong. The style seems to have died out in later years. Too bad for many a youth now in prison would be free had he learned and followed the simple copybook maxims.

Maybe we are old foggyish in our thinking but we think not.

GOOD ROADS VITAL TO EVERY CITIZEN

Recent legislative action at Annapolis has again high-lighted the importance of motor truck service to the welfare of farmers and merchants throughout Maryland's rural area.

The complete dependence of so many communities on trucks has also brought out the vital need for good roads, designed to take care of the future development of truck transportation.

The entire question of what constitutes a good road is up for discussion in all parts of the country, and Marylanders are especially interested in what our new States Roads Commission will have to say on this subject.

The once proof boast that Maryland's roads were the best in the Union can become a fact again. All it takes is a sincere interest in the public's needs, intelligent planning for the future and careful supervision of the assets we now have.

CHURCH ASSEMBLY

Members of the Taneytown company of Jehovah's witnesses are preparing to leave for Carlisle this week end to participate in a three-day assembly held by Pennsylvania-Maryland Circuit No. 4, it was announced today by George F. Myers, who directs the activities of the witnesses here.

Delegates to this gathering will be mostly ministers from the circuit, embracing a territory extending from Altoona to Harrisburg and as far south as Hagerstown, Md., including 26 different companies.

The purpose of such assemblies, held semi-annually, is two-fold: To preach the gospel publicly and from house-to-house, also to receive instruction on improving their ministerial work. They also hold district and national meetings each year, similar in nature, while this coming summer they will have an international convention in London, England.

Mr. Myers said that about 1,000 are expected to attend the sessions at Carlisle which will open Friday, April 6, and continue till the following Sunday evening. Climax of the assembly will be a free public talk at 3 P. M. Sunday, on "Surviving this World's End" by Samuel B. Friend, of Brooklyn, New York, special representative of the Watchtower Society. He has charge of the witness work in several Eastern States.

The Taneytown witnesses have extended invitations to all persons of good-will, including those with whom they are conducting home Bible studies, to accompany them to Carlisle. Sessions will be held in the Allenberry Play House at Boiling Springs, a short distance from the convention city, with an overflow being accommodated in an adjacent building known as Fairfield Hall. A cafeteria for serving of meals to the conventioners and their friends, at cost, will be set up at the hall.

AUTO TAGS GOOD INDEFINITELY

Current license tags will be good indefinitely, Governor McKeldin announced.

The dead line had been March 31. A shortage of metals, however, has slowed down the manufacture of Maryland's new white-on-black auto and truck plates.

In view of this, the Governor wrote Thomas B. R. Mudd, automobile commissioner of motor vehicles.

"Due to the emergency existing in connection with the issuance of motor vehicle license plates, caused by a shortage in supply, you are hereby authorized to extend the expiration date of all classes of registrations until the said emergency terminates."

Mudd had announced earlier that mailed requests for tag replacements had been delayed because of a bottleneck in shipments.

Yard lights on Maryland farms can be located best on the windmill tower at the corner or gable of barn, house, or shed, rather than on the transformer pole, suggests A. V. Krewatch, Ext. Agr'l. Engr., of the University of Maryland.

More Corn... Less Cob — With Southern States Hybrids

Take a look at that big healthy ear on the left. The one with the deep, golden kernels and the small but well-filled cob. It's a typical Southern States Hybrid ear. And it means more corn for you to feed. And more corn for you to sell!

You see the difference for yourself — shell out a Southern States Hybrid ear and an ordinary hybrid ear to compare. You'll get more shelled corn from the Southern States Hybrid. Remember, a few dozen of these extra kernels per ear makes a whole of a difference in your total yield.

So ask for Southern States Hybrids... the hybrids that grow more corn on less cob. Double guaranteed, they're your assurance of bigger yields.

FEESERSBURG

Day by day it becomes more apparent that women must come out of their kitchens and use their influence in the present world of men. If America is to remain a fit place in which to rear their children, it is not enough that we cook well, or are good home makers, or that we make good P.T.A. officers. Women control most of the wealth of the country; do most of the buying, are the dominant influence in the early years of the children and most important of all have a higher sense of moral obligations than does the present male world. Women as a group, do not realize their immense power and prestige. It is time they awakened to this power and used it for the good of their country. It is time women asked some questions of the men in power and because they are so important in the National picture, answers would be forthcoming. Let's start right now, just to see what will happen. Just for a beginning here are some questions: Why are the leaders in Washington squabbling with each other and as a consequence ruining our reputation among the nations of the world? Why have gangsters like Frank Costello, been allowed to rise to the power they now enjoy? What is the real truth of our war in Korea? Why are the communists being purged and not the word said about fascists? Why are the people we were urged to hate and kill a few years ago, supposed to be our bosom friends now? Satisfactory answers would be forthcoming in a hurry were American women to stand solidly together. As long as we say: "Isn't it terrible," and wring our hands instead of doing something constructive about it, conditions will go from bad to worse. Women, too long have underestimated their own value and strength.

Animals are as happy as humans when spring comes. Turn the cows out of the barn any day now and they put their tails in the air and away they run just for the sheer joy of it. Dogs race here and there, sniffing into every rabbit hole or groundhog den. The rooster even has more zip in his "cock-a-doodle" as he warms up these chilly mornings in anticipation of day light saving time. The animals are as restless these days as the farmer who is bursting at the seams to get his plow in the ground and his crops planted. Every spring about this time man and animals try to beat mother nature to the draw.

Recent visitors of Mr. and Mrs. George S. Smith were: Mr. and Mrs. Melvin Leatherman, Gettysburg; Mr. and Mrs. Samuel Smith, of Mt. Airy; Mr. and Mrs. Edward Smith, Mr. and Mrs. Samuel Summers, of Frederick; Herbert Smith, of Walkersville; Miss June Harley, of Yellow Springs, and Rodney Bostian.

The Missionary Society of the Mt. Union Lutheran church held its regular monthly meeting in the church Monday evening. There were twelve members present with Mrs. Earl Wilhide presiding. The topic for discussion was "Stewardship of the Land." The main thought brought out was that the land we own and farm is really only loaned to us by God and that we should so use and preserve it that each coming generation will find it productive and useful.

Mrs. Addie Crumpacker spent the week-end with the David Millers and Roy Crouse.

Mrs. Cleon Wolfe served her annual dandelion dinner to Mrs. Lulu Grindler and John Gilbert, on Tuesday.

Every dog has his day but some dogs are so old and flea-bitten when their day comes that they are no longer interested in having a day.—Ruth Dintaman.

The Maryland State Senate passed the bill to increase the school teachers salary \$300 dollars a year but Governor McKeldin states that he intends to veto it because he does not intend to levy new taxes to pay for the increase. Senator Stanford Hoff voted against the bill. May I ask the Governor where is all that surplus revenue he was talking about before he was elected and where is all that extra tax money he was going to save when he was out to get rid of the Maryland sales tax? Now, the children of the State are to pay for political double talk by having inferior teachers and under paid teachers. And the teachers both to be the victims of this same political double talk. Governor McKeldin likes to quote the Good Book in his brilliant oratory. I should also like to quote from the same book. "Thou shalt do that which is right and good in the sight of the Lord." Deuteronomy 6:18.

Mrs. Ernest Colwell has issued invitations to "Open House" at her home in Keymar on Saturday in honor of Rev. Colwell's 80th birthday. I think I can speak for the community in saying that we have always

looked upon Rev. Colwell as one of our most distinguished citizens, and wish for him a very happy birthday with many more waiting for him in the future. May good health be his so that he may continue to serve in his own kind and tolerant manner, his community, his church, his family and himself.

Q. How can I get rid of round-
worms in my laying hens?

A. There are a number of good
preparations on the market for
worming hens. Most of them
call for the in-
dividual cap-
suling of the
birds. Many
poultrymen
prefer the
simpler method of mixing a worm
powder with the mash for a week.
This method is practiced at the Re-
search Farm of the Ralston Purina
Company where it has been 93%
effective.

Q. Is it possible to control the color
of egg yolks?

A. Yes; research work conducted
at the Research Farm of the Ralston
Purina Company has shown the ef-
fect of the feed on the color of the
yolk produced by the laying flock.
The results of this research work
have provided information on the re-
lationship between alfalfa meal and
yellow corn in respect to variability
in yolk color. With this information,
the amount of alfalfa meal and of
yellow corn can be controlled to
provide the color of the yolk de-
sired. By the use of special ingredi-
ents, Purina research workers have
been able to produce eggs with
bright green and bright red yolks,
showing that what the hen eats in-
fluences the color of the egg yolks.

Q. How can I tell which hens are
laying?

A. Laying hens have a bright red
comb, moist vent, wide-spread pelvic
bone and faded beak, and soft pliable
abdomen. Birds with dry shrunken
combs and vent are not laying.

Q. Do hens laying at a high rate
consume more feed than those lay-
ing at a lower rate?

A. Yes. 100 medium weight hens
laying 70 eggs a day will take 29 to
32 pounds of feed daily. 100 hens
laying 40 eggs a day will take only
20 to 22 pounds.

Q. I have been told that late
hatched pullets will not lay as many
eggs as early hatched pullets. Why
is this?

A. Although this belief is held by
many, actually the late-hatched
birds will do about as well, accord-
ing to the Ralston Purina Re-
search Farm. Late-hatched chick-
ens, if raised on a program of good
breeding, sound management, care-
ful sanitation and good feeding, will
produce as many eggs as early
hatched chicks raised on the same
program. Of course, peak production
for late hatched chicks will come
later in the year.

How Sin Begins

Lesson for April 8, 1951

NO ONE can believe in sin who does not believe in God. That is, no one can believe that sin is real unless he believes that God is real. For the meaning of sin is religious; it cannot be understood at all, apart from God. For sin means going contrary to the will of God. Sin may not consist of "doing" anything, of course; it may be only wishing or thinking against God; or it may be refusing to do, or neglecting to do, what God wants done.

Dr. Foreman

A thing is not right just because God wills it; he could not, by a mere proclamation, make murder good and mother-love wicked. But God never wills a thing unless it is right, or forbids it unless it is wrong; one reason for this is that he is creator of all, and so knows what is best for every creature. To go against his will is to go against one's own best interest.

Sin on the Outside

HOW does sin begin?

The Bible says sin has been on this earth as long as people have lived there. But the story of the temptation in the Garden of Eden is also a parable of how sin always begins. As Dr. Brunner says, Adam's other name is Everyman.

Now we can see in this story that sin came into the world because there came a suggestion from the outside. Not everything in this universe is now good; there is anti-God at work, as well as pro-God. There are forces at work that do not wish God's plans to succeed.

If this seems hard to take, at least it cannot be denied that a great many sins would never have been committed without some pull from the outside. A child who goes to school for the first time will pick up, in a few days, habits and language and attitudes that shock the parents. They wonder what's got into the child. Her playmates' meanness has got into her, that's the nub of it.

Sin on the Inside

BUT the fact is, we can't blame the situation as if the situation were the sinner. Not every one who passes a bar-room door feels an urge to go inside. Once in a while a bank clerk skips out with a suitcase full of the bank's money. But the money was there all the time, and no other clerk became a thief.

If it were simply the situation that makes the sin, then every bank clerk would be as dishonest as the worst, and every man who passes a bar would not pass it but go inside and get drunk just like the bums who can't pass a bar-room door.

No, there is something on the inside of us that pushes toward sin. What is it? The story in Genesis may offer a good clue. One of the New Testament writers put it this way: "A man's temptation is due to the pull of his own inward desires, which can be enormously attractive." (James 1:14, J. B. Phillips translation.)

Sin Beforehand

THERE is another sad feature of sin that stands out in the Genesis story and in the story of Everyman. That is, sin almost never looks the same afterwards as it did before.

Before the sin, Eve sees the forbidden fruit as beautiful and desirable; afterwards in shame she hides away from God. Living with herself, with her husband, with God, is no longer the pleasure it had been. However sad or horrible sin may look when we see it in the cold light of Afterwards, when we see it beforehand it always looks attractive.

In the last stages of sin, to be sure, it may be quite different; a man may be caught in the grip of a habit he hates, and no one can call him worse names than he calls himself. But in the beginnings of sin, few if any persons see anything repulsive or bad in what they are about to do.

That is why "I do as I please" is a fatally bad rule for living. If you do as you please, sooner or later you will please wrong, and down you will go. Adam and Eve did exactly as they pleased, and lost their Paradise. But if we take as our rule of life what God pleases, even if we never reach perfection we shall always be pointing in the right direction.

THIS 'N' THAT

(Continued from first page)

was purchased through the desire of my youngest son). As I walked along the street and arrived before the window of the Steiff Piano Company, I stopped gazing upon the lovely Hammond Organ (the instrument which I have always desired to play) and then I entered. There stood the same elderly and charming salesman who greeted me and to my inquiries about the organ, followed him. He sat down and played and the tone was perfect. Upon leaving that room, I tip-toed across the room as I heard and saw an elderly man (not the type of an organist) taking a lesson upon one of these lovely instruments and when we arrived again at the entrance door, the salesman astonished me with (and I know you will be, too)—"That is the retired baseball player—who is taking lessons and learning to play! He owns a farm!" So intent was the baseball player with his music that he did not realize we had passed him. So you see, Folks—you never can tell! Well, I own a farm but I am not a baseball player and have always been most desirous to play an organ!

The Easter parade caused your Observer to return quickly to Westminster from the big City so as I could give you the 'low down' on that one which was the first. Folks, Your Observer was most disappointed and here is the reason or I should write reasons! The public down there and, no doubt from all surrounding territory stood in a big mob across from the announcing. They did not understand just what to do although the voice kept, repeating, "Don't stand there—walk up and down on the side walk so as you can be judged!" I got out of the car after parking by the railroad. There was no police in sight to direct the heavy roll of cars! The entire thing was organized badly. I quickly went across the street to the leader of the band and whispered in his ear to quickly play, "The Easter Parade" and to my surprise he said that his men did not know that one. However, "The Tennessee Waltz" was then played but that was not just the appropriate piece for such an event especially for the first parade.

A lady opened the window of the back seat of her Chauffeur driven car and as I was again crossing the street to aid in having the people walk for the parade, said, "Will you kindly tell me what the crowd is doing here standing around?" To this, Westminster I had to tell the truth and answer, "It is supposed to be the first Easter Parade of Westminster but the crowd won't budge!" So, Your Observer returned to Taneytown very disappointed although there were beautifully dressed and corsaged girls right there.

Easter time always brings back the wedding, I attended a number of years ago. It was a strictly Polish affair in a very large church in East Baltimore. The groom was a son of a Polish Nobleman. The part that impressed Your Observer, was the beautiful bride presenting the flowers she carried to the statue of The Virgin Mary and while the groom still remained in prayer at the altar, the bride prayed for fully ten minutes as she knelt right there in the presence of a thousand or more friends and relatives.

Don't forget, Ladies, the Maryland House and Garden Pilgrimage of 13 days 11 counties and 13 tours will begin on Friday, April 27 through Wednesday, May 9. Maryland's loveliest and most historic doors will be opened for you!

That nice Manager of "The Earle" surprised many by walking to the altar. Betcha, he makes a fine husband due to the fact that he is such a model son! Best wishes!

The shops in New York are smart with their signs, "Almost New" instead of "Second hand clothing can be purchased here!"

The color of "Chinese Red" is passe you must now say "Oriental Pink"! Here's to all school teachers! Why not insist upon your pupil bringing to the school a coat hanger so as the garment is hung properly in place of those hooks which ruin the appearance of any coat and sometimes tears the lining? After all it is a good habit, too!

Here's to the men! Have you noticed the Derby is again in favor and gradually coming to the front? The coat of all suits is cut with a wider open front and is more becoming and the buttons on the front of the coat is of a wider range. Many light colored "Felts" are seen, too with a slight tip on the side of the head. Your Observer, of course can't help notice the well dressed man. A man can always be most charming even if he is a homely one by being dressed and groomed properly. Notice the men around our town in the banks? They are quite good looking regardless of age and always appear as though they just stepped from an advertisement of a leading magazine. Wish that "Cravat" was in favor again for that does something for any man! Sometimes a child will notice the appearance of "The School Master!"

Now, Ladies keep dressing up your permanent and run right to your favorite Beauty Shop. Never let it die down and I think you know just what I mean!

Thank you Mr. Letter Carrier for the recent erection of the mail box! Mother, if your child appears thin and pale, do not allow him to nibble in between meals for then he will enjoy the meal placed before him. Be sure he is given beef once daily regardless of age. Meat is the real foundation and makes one powerfully strong. Sweets should be taken away entirely and served after he eats the meal as a dessert. Then watch that child grow.

So long, Folks! Have a grand week end. Drive very slowly and always allow the racing car to go past your car by pulling over to the side. Your Observer gives the entire road to a child, a boy on a bike, elderly people, taxi-cabs and speeding cars and keeping a good distance from the car in front! Until next week D.V. I am, Faithfully,

YOUR OBSERVER.

That Got Her

A SUBURBANITE was sitting at his window one evening when he casually called to his wife: "There goes that woman Bill Jones is so terribly in love with." His wife, who was in the kitchen, dropped a cup she was wiping, hurtled through the door, knocked over a lamp and a bowl of goldfish, and craned her neck to look out the window.

"Where?" she panted. "There," he pointed, "that woman with the tweed coat on the corner." "You idiot," she hissed, "that's his wife." "Yes, of course," he replied smoothly.

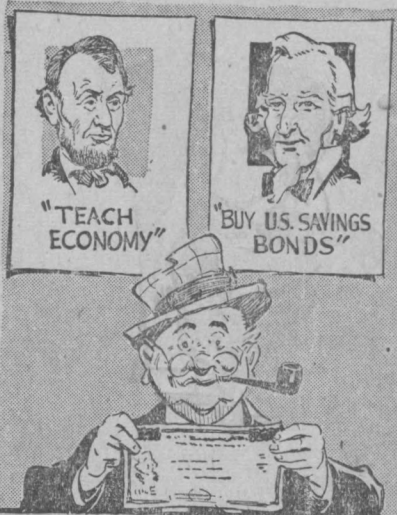

Cotton Growing

Experiments with the new organic insecticides indicate that cotton growers may be able to shift from dusting to spraying for control of insects, says the U. S. department of agriculture.

Cooking Liver

Calf or beef liver is cooked best at a very moderate heat for a very short time. It should be removed from the frying pan as soon as it has changed color throughout.

Uncle Sam Says

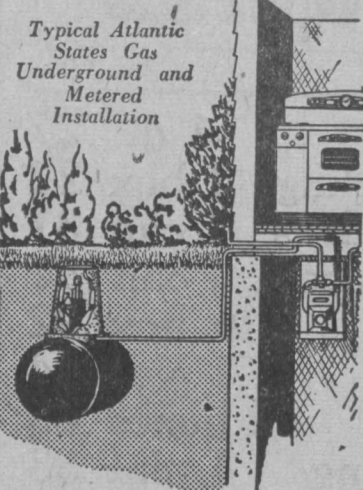

In February we observe the birthday of our 16th President, Abraham Lincoln. One of the many virtues he possessed was the habit of thrift. In fact, he advocated this great American habit in these words: "Teach economy. That is one of the first and highest virtues. It begins with saving money." Your government has provided one of the best methods ever devised for saving. It is simple in operation—enroll NOW for the purchase of Savings Bonds where you work, or if self-employed, the Bond-A-Month Plan at your bank. U. S. Treasury Department

TOUGH ALL OVER

WE ARE ALL IN BASIC TRAINING FOR A TOUGH JOB

TOUGHEST OF ALL IS THE SOLDIER'S TRAINING, BUT THE REST OF US MUST PREPARE OURSELVES TO FACE HARDER WORK.

TOUGHER TAXES TOWARD PAY-AS-YOU-GO, THE "AUSTERITY" OF SPENDING LESS AND SAVING MORE, OF LIVING WITH CREDIT CURBS AND EMERGENCY CONTROLS—THE STERN NEED FOR GOVERNMENTAL ECONOMY IN NON-MILITARY EXPENDITURES.

IT IS A TIME WHEN ALL GOOD CITIZENS MUST TRAIN THEMSELVES TO USE THEIR RESOLUTION, ENDURANCE AND STRENGTH IN PROVING THAT THE FIBRE OF THE AMERICAN PEOPLE IS, AS IT ALWAYS HAS BEEN, TOUGH ENOUGH FOR THE TASK.

LIFE

What is life? I am using the term in the most ordinary sense. Life is that period of time between birth and death. Life is that time which gives us a chance to become what we are not. It is time which affords us to become somebody different. I am in the world to be somebody different. I am in the world to be something, not to acquire something. Life is also a way of living. Life is the area in which we acquire experience. In the sense in which I am employing the term means the period each individual spends on earth.

Physically, life is measured in time. Morally, it is measured in deeds and services, in acts of kindness and sympathy and love. There are some who would even measure life by the accumulation of wealth. In general life is measured in days, months, years. Within this period of time which we popularly designate as life, we eat, sleep, play, work, study, and render service. Everyone does these things to a greater or lesser degree. Therefore, since everybody himself has all these things to do, then no other person can do what has been assigned to me without leaving undone what has been assigned to him. So, what I fail to do will never be done. And what I neglect to do today cannot be done tomorrow, for tomorrow has its own allotment of time, and duties, obligations, and responsibilities. The Bible reminds us that "sufficient unto the day is the evil thereof." In other words, each day has its own duties, services, work, and responsibilities. Tomorrow has sufficient cares of its own without burdening it with what was left undone today.

We cannot catch up with time if we tend to lag behind. We must keep abreast with it or else we become lost in the procession of faithful men and women on their way to the goal the Creator has destined for every person. It is our privilege to fill this life full.

Are we going to allow the pressure of life—confusion, anxiety, uncertainty, and greed to crush us? It is the man who contests his way through life who grows strong, important, successful. How tragic to find an adult who has grown to the stature of a pampered child!

LAYMEN'S CONFERENCE

Friday evening April 13, at 7 P. M., the laymen and ministers of the E. & R. Churches in Carroll county will come together at St. Paul's church, Westminster, for their semi-annual Laymen's Conference. The speaker of the evening will be Congressman John P. Saylor, of Johns-town, Pa. Mr. Saylor is a member of St. John's E. & R. Church, where he is a teacher in the church school, a laymember of the synodical council of Pittsburgh Synod, a delegate to the General Synod, a graduate of Mercersburg Academy, Franklin & Marshall College, Dickinson Law School and was elected to the 81st Congress in 1949 and re-elected to the 82nd Congress in 1950. He served in the U.S. Navy from 1943 to 1946 and participated in the beachhead landing of Iwo Jima and Okinawa and in the beachhead occupation at Yokohama, Tokyo, Japan. This meeting is not limited to elders and deacons on the consistory, but is open to all the laymen of the church. It is hoped that a fine attendance will be had to hear Mr. Saylor and to enjoy the Carroll county E. & R. fellowship.
