T. H. S. ALUMNI PLAY

Committees Named to Assist in Presenting Comedy

The Taneytown High School Alumni Association will present the 3-Act Comedy, "While Wife's Away", on Thursday and Friday evenings, May 3 and 4, in the T. H. S. auditorium. The curtain time each evening is 8 P. M., Daylight Savings Time.

"While Wife's Away", was selected from many plays because of its extremely humorous episodes and fast moving plot which should interest every audience. The cast, under the capable direction of Mrs. Mildred Stine, has been working hard in order to give the best in presentation. This is the first entertainment the Alumni Association has planned since the highly successful Minstrel show several years ago and it is hoped the community will patronize this as well.

The following committees have been appointed to assist with the play. The members of the committees are urged to be present Monday night at the regular Alumni meeting when final arrangements will be made. The general committee consists of Mrs. John Harner, Chm.; Mrs. Elwood Harner, Miss Helen Bankard and Mrs. Virginia Sanders. Stage and Property—William Rittase, Chm., Elwood Harner and John Skiles.

Tickets—Leo Sanders, Chm., Murray Baumgardner, Mrs. Stanley King and Mrs. Robert Abrecht. Publicity and Advertising—James Fair, Chm., Edward Sell, Mrs. Jas. Baumgardner, Miss Emma Garrett and Miss Ruth Jean Ohler. Programs and Seating—David Wilhide, Chm., Paul Hymiller Edw. Sauble, Eugene Vaughn, Miss Alice Cashman and Miss Helen Rae Weller. Refreshments—Mrs. Robert Clingan, Jr., Chm., Mrs. Kenneth Shorb, Mrs. Theodore Jester, Mrs. James Fair and Elwood Stonesifer.

SCHOOL AT WESTMINSTER DEDICATED

Westminster was the scene of important school dedication exercises Sunday, April 8th, at 3 P. M., when appropriate exercises were held to dedicate the new Westminster Elementary school, improvements at the West End Primary School and the East End Primary school and the addition to the Westminster High school providing classrooms, shops and improvements to the gymnasium. The exercises were held in the auditorium of the new Westminster Elementary school, Center street extended.

The program was planned by the principals of the schools represented. Mr. Gerald E. Richter, Principal of the Westminster High school; Mr. Franklin Gills, Principal of the Westminster Elementary school; Mrs. Madeline Bankert, Principal of the West End school. The program included the presentation of the colors by Westminster Cub Scouts and Brownies, singing of the National Anthem of the audience accompanied by the Westminster High School orchestra. The invocation was offered by the Rev. Harold Z. Bomberger, President of the Westminster Ministerium. A welcome was extended by Ralph G. Hoffman, Vice-president of the Westminster Parent-Teachers Association. Clyde L. Hesson, President of the Co. Board of Education presented the buildings to the community with appropriate remarks.

They were accepted by R. Devese Summers, President of the Westminster Parent-Teachers Association. Short acceptances were made by pupils including Janet Riley, Grade 3, West End Primary school; Atlee Willis Wampler, Grade 3, East End Primary school; Shelby Bixler, Grade 6, Westminster Elementary school; Charles Havens, Westminster Junior High school.

WITH OUR MERCHANT MARINES

David Rothgaber, a Cadet-Midshipman in the United States Merchant Marine Cadet Corps, was assigned to the S. S. Letitia Lykes, on March 26. Cadet-Midshipman Rothgaber is the son of Mr. Laurence Rothgaber, of 1635 East 25th St., Baltimore, Md.

The S. S. Letitia Lykes, a vessel operated by the Lykes Lines Inc., steamship company, is employed in the European trade, calling at such ports as Antwerp, Harve, Ghent, Rotterdam, Amsterdam. The vessel to which he was assigned is one of several types of modern American merchant ships on which he will spend his third class year of practical training afloat as a part of the four year program at the United States Merchant Marine Academy, Kings Point, Long Island, New York. During this year of officer-apprenticeship he will continue with his academic subjects leading to a Bachelor of Science degree.

Upon his graduation in 1954 he will receive his license as third officer and concurrent commissions as Ensign, United States Naval Reserve and United States Maritime Service.

MACARTHUR FIRED

President Truman this week forced General Douglas MacArthur from all his commands. Mr. Truman immediately designated Lt. Gen. Matthew B. Ridgway as MacArthur's successor.

After 47 years of active military life, Gen. MacArthur, who graduated in 1903 at the top of his West Point class, was the victim of politics and directives of the present Administration.

TANEYTOWN FIREMEN'S CARNIVAL JUNE 11-16

Horse Parade June 12; Large Firemen's Parade June 14

The Taneytown Firemen's Carnival will be held June 11, 12, 13, 14, 15 and 16, 1951 on the High School grounds. It is the desire of the committee and the firemen to make this the largest and best Carnival that the Fire Co. has ever held and are doing all in their power to have the best of everything for the entertainment of their patrons.

Friday, June 15—Radio Entertainers.

Saturday, June 16—Band Concert.

KEYSVILLE M. S. MEETS

The Keysville Evangelical Lutheran Missionary Society began its meeting Tuesday evening by singing, "We Plow the Fields, and Scatter." The Scripture lesson was read from Genesis by Mrs. John Harner. The theme for discussion was "Stewardship of the Soil" (in U. S. and Canada). Mrs. James Coshun and Mrs. John Harner discussed the topic. The aim was to develop appreciation for the mysteries of the soil, our basic resource and to show that Christian stewardship includes land and men working harmoniously with God's laws of nature. It was a happy privilege to hear Mrs. Albert Wilhide and Mrs. Dan Alexander render two duets accompanied by Miss Evelyn Wilhide at the piano. Their numbers were "Do You Love Jesus?" and "He Did Not Die in Vain." Be our guests again soon, your fellowship in song was thoroughly appreciated.

Mrs. James Coshun offered prayer and conducted the Magazine Quiz. The closing hymn was "For the Beauty of the Earth." Mrs. Gregg Kiser conducted the usual business meeting. Remarks relative to the conference at Emmitsburg and Congress at Catonsville were made. Thirteen of our members attended the Conference and a group of five attended the Congress. Worthwhile inspiration was received from attending both meetings.

Mrs. Edward Coshun, Mrs. Grace Warren and Mrs. Gregg Kiser were the hostesses for the social period. At this time Mrs. Carroll Wilhide very ably conducted a mission study class. "The Near East" is being reviewed. This is a new adventure for the Society and all indications point toward a fruitful experience.

KEY CLUB REPORT MEETING

The Taneytown High school Key Club held its regular luncheon meeting on Tuesday, April 10, 1951 from 12:05 to 1:03 P. M. The meeting was opened with the singing of America and the flag salute. Blessing was offered by Philip Lawyer.

Following the meal a very short business meeting was held. The minutes were read and approved.

Mr. George Crouse was the Kiwanis guest of the day.

Speaker for the day was State Trooper Corporal James Potet. Corporal Potet answered questions on various subjects, all of which pertained in some way to his work. He stressed the importance of sportsmanship and the use of common sense in any matter, but particularly in driving. Mufflers, spotlights, lights in general, fires, fire apparatus, and how the law ties in with each were discussed.

Attendance percentages for the past four weeks have been 100%, 100%, 93.75% and 100%.

SCHOOL NEWS

H. S. P.-T. A. Invited to Meeting of E. S. P.-T. A.

The regular meeting of the Elementary school Parent-Teacher Association will be held on Tuesday, April 17, at 8 in the school auditorium. An excellent program has been planned for the evening, which will begin with the playing of several selections by the school orchestra. This will be followed by a short meeting of the school student council which will demonstrate the type of work they have been doing this year. The principal speaker of the evening will be Dr. Harold Benjamin, Dean of the College of Education at the University of Maryland. Following this, the regular business session will be conducted. Refreshments will be served after the meeting by the social committee in cooperation with the parents of the third grade. A special invitation has been extended to all members of the High School P.-T.A. The school would also like to extend a cordial invitation to all persons who are interested, even though they may not be members of either Association.

At a recent professional Faculty meeting held at the school, the teachers discussed the vital problem of reporting to parents on the achievement of Elementary school children. The committee in charge of the meeting, consisting of Mrs. Lanier, Mrs. Koutz, Mrs. Stonesifer and Mrs. Eckard, contacted the Superintendents of forty-one school systems throughout Maryland and the U. S. A. A large number of report cards of all types were received, which were studied carefully by the entire Faculty. The general trend observed is that pupils are no longer being graded according to subject achievement but rather the parents are informed of progress the child is making in social adjustment, study habits, health habits, and class preparation. The school would appreciate very much any comments that parents of pupils may have concerning the present system being used by the elementary school.

The first grade teachers of the school, Mrs. Gass and Mrs. Stonesifer, spent Wednesday afternoon in Westminster, with other teachers of the county, observing a teaching demonstration and taking part in a discussion of teaching methods.

Cub Scout Pack No. 714 made and donated a dozen bean bags to the Taneytown Elementary school.

LIONS CLUB NEWS

The Lions Club met on Tuesday evening at Taney Inn with the President Robert Feesser presiding. A visiting delegation from the Brunswick Lions Club was present.

The program for the evening was under the directorship of Lion Delmar Riffe, chairman of the Community Betterment Committee. Lion Riffe spoke briefly to the club regarding the activity of his committee. It was reported that in their search for worthwhile community projects the Taneytown Recreation Association was worthy and deserved the support of the Lions Club.

An outline of the amount of progress made by the Recreation Association in the last three years was given to the Club. Some of the things accomplished by the Association are as follows: the purchase of a sizable tract of land for the park; a well constructed fence enclosing the park; building a baseball diamond, which is one of the best in this area; construction of a grandstand seating approximately six hundred persons; erection of a picnic shelter; installing of swings, sliding boards, etc.; planting a large number of trees.

Lion Riffe then reported that at the present time the Association is very much interested in having the park electrified. With the co-operation of the Potomac Edison Company electric service will be run to the park, but at the same time the cost for the actual wiring of the park required has been estimated to cost approximately \$500.00. After discussion of the matter, the Club voted to underwrite the electrification project.

Lion Riffe then introduced to the Club Mr. Roland Armacost, who, while not a speaker, very ably recited to the Club several poems. Two of the most interesting poems were "Cremation of Sam Magee" and "The Shooting of Jim Magru." This type of diversified entertainment was very well received and enjoyed by the members of the Club.

Lion President Feesser announced that the next meeting would be Father and Son Night and also that election of officers for the new year would be held.

PYTHIAN SISTERS MEET

Under the leadership of Most Excellent Chief, Maude Norton.

Under order of business it was decided to hold the annual Memorial services, place and date to be decided later.

Also to attend the annual District Convention to be held April 18th at Gaithersburg, Md.

Following the meeting a social hour was held.

Build next summer's hog shade one of these days when the weather is nice.

HISTORIC RESEARCH OPPORTUNITY

Suggestions for a Taneytown Museum

This admittedly, is not my business. Therefore this communication is not a discourse on what residents of Taneytown should do, but rather a survey of what certain ones, as a group, could do, and have a great deal of pleasure in the doing, and its purpose.

Taneytown is an ancient community, rich in history in its own right. Here lived clockmakers, silversmiths, chairmakers, and other artisans, some of whom signed their work and concerning which there is indeed little real information. Then, from this community went people out into the world to make their name and fortune. Their ancestry resides here. Now, some of them seek information and are willing to pay for it.

Nowhere in this community is there the nucleus of a historic society in fact yet right here in this town is the makings of a historical society, with building, relics, documents and records that would be a centre of local interest in terms of custody and reporting and a real centre of research for travelers. Taneytown could eventually have a combined museum and library of historic interest to which visitors could repair and enjoy as well as obtain information and service for a fee.

From my observations I would say the museum could start with several thousand, not several hundred objects. And then there is work to do by a company of people who, sufficiently endowed with income and principal, could do the research work. What research work is there to do? Make fair and then typewritten copies of all church records, together with an alphabetical index of names, each of which would carry the reference to pages in the books of documentation. Make copies of all civil records in the courthouses of Westminster, Frederick and any other County Capital where in Taneytown records may have been kept and now reside. Have photostatic copies of all plats, plans and other mappings of the community. Make a record of all gravestones and their plot location in cemeteries.

Assemble all legends, traditions and remembrances of old residents. Make a record of all the books, manuscripts and other historic material owned by residents.

Make a real property survey of all antiquities owned by residents and have professional photographic films available for prints of 5x7 or 8x10 size.

Who could do all this? An energetic group of women and men who, with time on their hands, could give one or more days a week to purposeful public service. Somewhere there is a property owner who would donate land.

Somewhere there is a property owner having a genuinely old structure which wholly or in part could be allocated for a historic centre.

The interest that could be developed would be cultural interest—for surely there are cultured people in Taneytown and there MUST be people who want culture. There just must be people who want a meeting place where they can meet people of like mind and interests and where conversation is sprightly, intelligent and purposeful.

As I say, this is not my business. But is a suggestion given with the promise of cooperation is desired. Those who know me will understand that I close this communication with a pen name....Morgan Towne.

KIWANIS NEWS

Mr. Harry MacDonald, supervisor of Agriculture in the State of Maryland was the guest speaker at the regular meeting of the Taneytown Kiwanis Club Wednesday evening. John H. Skiles chairman of the committee on attendance and membership introduced the speaker. Mr. MacDonald told of the tremendous job that the farmer has today in feeding the world. "Years ago" he said, "85% of the people of America lived on farms and rural sections with 15% living in cities, but today the figures are reversed. With increased population it is necessary that the farmer learn of as many ways as possible to increase the yield from his farm. The answer is better machinery and modern ways of getting the most from his labors." The speaker urged that farmers should be trained, beginning in our schools. He stressed the value of the F.F.A., 4-H clubs and other similar organizations that creates interest for the youth of today fitting them for efficient farmers for tomorrow.

David Smith, President of the Club presided. He announced an interclub meeting with the Baltimore club on April 25. The Club was invited to join the Mt. Airy Club in celebrating their charter night on May 9. This will be a Ladies Night. Another Ladies Night, May 16, 1951, Mother's Day, will be held at Baust Church Parish House. Kiwanian Felix Westine will have charge of the program.

Capt. Jere Schaefer, Treasurer of the Taneytown Club made his financial report for the first three months of 1951. The meeting next week will be in charge of Edward Reid, chairman of the committee on Underprivileged Children.

TANEYTOWN H. S. NEWS

The last meeting of the Student Council was called to order on March 5, by our president, Betty Jane Hahn. The secretary's report was read and approved. The treasurer's report was given and accepted and the balance on hand is \$13.21. The old and new business was discussed. The idea of having the school picnic was brought up. The following problems are to be carried out by the Student Council in regard to the picnic. The arrangement of the buses, food, and the teachers to be in charge. The date the picnic will be held is May 16th. The members of the Student Council then had locker inspection, and the meeting was adjourned.

The 9th grade of the high school in order to pay the rental fee of costumes for the Assembly and the Spring Musical have been sponsoring candy sales in the school at lunch time. The first sale was held on Friday, April 6, and the next sale will be held on Friday, April 13th.

The Senior class members of the high school are planning a trip to New York City, May 11, 12, 13, the trip will be made by bus. They plan to stay in the Times Square Hotel, and make a general tour of the various places in the city of interest to the class. They also plan to see some of the Broadway plays.

A committee headed by George Gunther discussed the problems involved in establishing an Agriculture course in the high school with Harry MacDonald, supervisor of Agriculture in the state of Maryland. The meeting was held Wednesday, April 11 at the high school. After considerable deliberation it was decided that George N. Shower should make a survey of both parents and pupils concerning those who are interested in the Agriculture course. The committee after the survey will take what they feel is appropriate actions in order to establish Agriculture in the Taneytown High school curriculum.

BASEBALL AT T. H. S.

Taneytown High School's baseball team opened its season Thursday, April 5, with a 6-3 victory over Union Bridge High School's Wolverines on the high school diamond. The homesters put the game on ice with a fifth inning 3 run rally which overcame a 2-3 deficit. Andy Alexander, the winning pitcher, struck out 7 and walked a like number in registering his first win of the year. Kenny Clingan, the club's other hurler, did a sparkling relief job when he stifled a 6th inning rally by the visitors, to preserve Alexander's win. Sprague was the losing hurler, the summary; T. H. S., 6 runs; Union Bridge 3 runs. Coach Ervin's Taneytown High school baseball team lost a high scoring, loosely played 11-8 contest to a visitors team, St. Joseph High school team of Emmitsburg on Wednesday, April 11. Ed. Collins, the winning hurler, fanned 8, withheld 4, and yielded 8 runs on 10 hits and 5 miscues, while Clingan, the losing pitcher, walked 3, struck one, and yielded 11 runs on 12 hits and 6 errors, which were made behind him. These are the first contests played of a tentative 12 games schedule.

RISE EARLY

Early to bed and early to rise makes one wealthy, healthy and wise was a profound saying of good Old Ben Franklin who did much to help launch our government on the career that has made it the greatest power in the world—Stalin to the contrary notwithstanding.

Sleeping long is a habit. It is said that Thomas A. Edison who created ten thousand inventions was an early riser and never required more than four hours in the twenty-four for sleep. I am not myself a practitioner of this doctrine for I get my eight hours or more of the twenty-four in sleep.

There are many things that we enjoy but one of the chief is sleep.

GRASS ROOTS OPINION

FITZGERALD, GEORGIA, LEADER: "A governmental chamber may be empty of all save those in positions of public responsibility, and one lone newspaperman. And so long as a reporter for an American newspaper is there, the American people are there, too. The newspaper is there as their ear, and sometimes as their tongue."

RADFORD, VA., NEWS-JOURNAL: "The institutions founded by the early settlers of New England were distinguished by their practicality. Escaping, as the Founding Fathers had, from a tyrannical government imposed from above, their first move on being faced with the problems incident to living together in a new country was to give everyone a voice in decisions. This reliance on the integrity and common sense of the individual lies at the base of the American way of life."

DUNDEE, N. Y., OBSERVER: "Since the abolition of the gold standard in 1933, there has been no easy method of computation, no fixed standard by which to measure the real value of the dollar. Every unnecessary expenditures by the government makes the matter... worse. We do not like to admit that our money is worth less than its face value, and so we say that prices have gone up, which indeed they have."

BOSTON, MASS., WEYMOUTH GAZETTE: "We need to purge ourselves from some of the social and economic opiates that have slowly poisoned our national blood stream. Then we should set about putting our governmental houses in order."

Watch the little lady park the beautiful, big car . . . a single finger on the steering wheel can do it now, with Hydraguide!

Beautiful to look at
Beautiful to drive

Now Hydraguide Steering does four-fifths

of the work for you!

THINK of the easiest steering car you ever drove . . . then imagine one *five times easier to steer!* Chrysler's new Hydraguide power steering . . . regular on Crown Imperials and optional at extra cost on all New Yorker and Imperial models . . . gives you exactly that. Here is by far the greatest single change in handling ease—and safety—you ever found in any car. At your touch on the steering wheel, the car *mechanically* provides four-fifths of the energy to turn the tires on the road. Like so much in these new Chryslers . . . Hydraguide is so *basically* new, so *basically* better than anything before, that *only when you try it can you ever know what it really does!*

The longest day's drive you ever made . . . without arm-and-shoulder fatigue at the end. Around the curves . . . over the hills . . . Hydraguide does four-fifths of the work!

In tight city traffic . . . on awkward driveways and roads . . . Hydraguide means new safety, new ease, new swiftness of steering control!

The Most Basically New Cars of All!

Beneath the rich new beauty of these Chryslers for 1951 are 73 different improvements and advances. Among them are the most basic new ideas in any cars for many years! Like the revolutionary new FirePower engine, of 180 horsepower, which gives owners of Chrysler Imperial and New Yorker cars the most powerful, most efficient, most all-around economical powerplant in any car today! And like the amazing new Chrysler Oriflow shock absorbers, which give every new Chrysler car riding ease with twice the shock-absorbing power of any other cars at any price. And with all their newness, they're built to stand by you like no car you can buy!

They received very useful gifts and the event was a complete surprise to the couple. The lovely dinner and cake was made and served by the sons' wives.

SWEET ADELIN

Greeks Had Night Life

NEW YORK, N. Y.—Prof. Oscar Broneer, who will teach at the University of Chicago this year, reported recently that excavations reveal that ancient Corinthians had a gay night life.

Thirty-three taverns have been discovered. Wine jars, mixing bowls, drinking cups, dice and flutes played by the famed Corinthian girls—1,000 of them according to the Roman writer Strabo—indicate, the professor remarked, why the ancient Greeks regarded Corinth as the Paris of their time.

The tools for merry-making are among the objects that have been recovered from the wells of the taverns into which the Romans hurried them in 146 B.C. when they sacked the city, killed the men and sold the women and children into slavery.

Cup Dedicated

Drinking cups include one with an inscription dedicating it to the cure of hangovers through the powers of the spirit Pausikrepalos. There is no trace, however, of the morning after prescription. Other cups are dedicated to health, peace, love, safety and Zeus the savior.

On the soft earthenware of one container is scratched the romantic salutation, "O you who returned long after I have ceased to expect you."

The dice are six-sided, with each side bearing the name of a god or spirit such as Aphrodite, Demeter, or Zeus. Prof. Broneer said the workmen, who found 60 of the well-worn bones in a single well, promptly fell to rolling them.

The ancients played on marble topped tables, and one of them has been found. Cut into it is a description of the various dice throws. Another has a silver coin glued to it.

It was among these tables, archaeologists think, that there circulated the Corinthian girls known as "sacred slaves." As servants of Aphrodite, these young women also played a part in the religion of the city. Actually they were trained entertainers in the manner of Japanese geisha girls.

Gay Night Life

Corinthian night life, carried on by the light of oil burning earthenware lamps, with its girls, gaming and drinking, centered in an open colonnade 80 feet wide and 500 feet long at the southern end of the market place. Along the front of the colonnade stood a row of 100 bronze statues of such artistic value that they were carried off by the Romans—the excavators have found only the pedestals.

In the rear of the colonnade were the 33 taverns. They were built of stone covered with fine stucco brightly painted and equipped with a system of plumbing that would be the envy of many a modern Greek tavern.

The lower floor of each tavern was divided into two 16-foot square rooms. The front rooms had wells 40 feet deep connected at the bottom with a channel of fresh running water in which milk, meat and wine could be kept cool. It is the only system of the kind ever found in Greece.

DIED

CHARLES P. LUTZ

Charles P. Lutz, aged 65 years, died suddenly at his home in Portland, Oregon, on April 9, 1951. He was born in Baltimore county, the son of the late Samuel and Elizabeth Lutz, and lived in Carroll county until about thirty years ago when he went West.

His wife, Bertha Flickinger Lutz preceded him in death a number of years ago and he is survived by one son, Stanley P. Lutz, one daughter, Mrs. Anna Emery, both of Baltimore, and five grandchildren. Two brothers, Harry and Willis Lutz, of Portland, Oregon, also survives. The remains of the deceased will arrive in York, on Monday morning.

Funeral services will be held at the C. O. Fuss & Son Funeral Home Monday afternoon at 2 o'clock in charge of Rev. Morgan Andreas. Burial will be in Baust church cemetery.

The bearers will be William Flickinger, Charles Flickinger, Murray Baumgardner, Charles L. Stonieser, Ira Rodkey and Noah Babylon.

BOARD OF EDUCATION

The regular April meeting of the Board of Education of Carroll county was held on Tuesday afternoon, April 10, at 3:30 P. M. with all members present, with President Clyde L. Hesson presiding. The Board considered the minutes of the March meeting and gave approval to them as submitted along with the approval of the current bills. The Board gave some consideration to the progress of the buildings now in the process of completion in the county and directed that miscellaneous final details related to their completion be expedited as promptly as possible. The Board spent some time in the consideration of problems related to the high school program in various county schools. The Board gave approval to certain administrative steps in connection with the offerings in the curriculum in general as carried on in connection with the organization of schools at various locations for the 1951-52 school year. Decision was made regarding some important items of organization. The Board considered and by a motion gave approval to a suggested plan for the distribution of financial assistance in the promotion of physical education and health activities in all of the county schools during the school year 1951-52. The Board gave consideration to several matters related to transportation and changes indicated in transportation for 1951-52 and directed the superintendent to make proper action to organize the transportation system for the coming school year.

The superintendent was asked to report on final disposition of proposed school legislation in the Maryland Legislature. He reported that several important pieces of school legislation had been passed and were awaiting decision by the Governor. The Board by a motion directed that the superintendent should continue in every way to make further plans for the improvement of school facilities at all county locations where such facilities are in need of improvement. He was directed to continue his negotiations with the proper authorities regarding plans for financing the additional needed school facilities throughout the county and to make a further report to the Board at its next meeting.

The superintendent was directed to make arrangements for summer maintenance work and to employ the necessary personnel. He was further directed to apply appropriate regulations for the use of school grounds for non-school agencies during the summer months. The Board directed that consideration be given to the coal and oil contracts for fuel in the schools at the May meeting. The Board approved miscellaneous requests for library and instructional aid from several of the county schools.

The superintendent reported that difficulty would be encountered in connection with the recruitment of teachers and other school personnel for the 1951-52 school year. He was directed to continue in his efforts to secure replacements and needed maintenance and other personnel essential to the operation of schools.

The Board gave approval to the calendar for the school year 1951-52 as follows: Friday, August 24, Principals' Conference; August 27, 28, 29 Conferences for special groups; Tuesday, September 4, schools reopen for 1951-52; Thursday and Friday, October 18, 19 schools closed for State Teachers Meeting; Wednesday, November 21, schools close for Thanksgiving holidays and reopen on Monday, November 26; Schools close on Thursday, Dec. 20, for Xmas holidays, reopening on Thursday, Jan. 3, 1952; Friday, Feb. 1, schools close for Mid-Winter Teachers meeting; Wednesday, April 9, schools close for Easter holidays, reopening on Tuesday, April 15; Schools close for year on June 13, 1952.

A number of appointments to the teaching corps for the coming year were approved.

Following the meeting the Board adjourned and ate dinner with the members of the staff for the office at Hoffmans' on East Main Street. During the dinner the superintendent made reference to the fact that Dr. Thomas H. Legg of Union Bridge, the Vice president of the Board of Education has resigned from service as a Board member effective, May 1. Attention was called to the fact that Dr. Legg had served as a member of the Board of Education from 1935 to 1939 and from 1945 to 1951 making a total of ten years of service. These were difficult years and Dr. Legg has given much important service as a member of the Board during these years, since during his first service, the Westminster High School, the New Windsor High School, the Sandymount School, the addition to the Sykesville School had been built. During his term from 1945 to 1951 the post war building program had been carried on and many important adjustments in the program for education had been made. Members of the Board presented Dr. Legg with a gift as a token of their appreciation of his important service to education in Carroll County. It is with much regret that the Board looks on Dr. Legg's separation from the Board as an active member, and hopes that he will continue his interest in education. Many citizens in Carroll County will appreciate the loyal and unselfish service rendered by Dr. Legg to the promotion and improvement of public education in the county.

COMMUNITY LOCALS

(Continued from First Page)

The regular meeting of the Taneytown High School Alumni Association will be held Monday night at 8 P. M. in the High school.

The Carroll County Trap Shooting League will open the season Saturday afternoon, April 14, on the Taneytown Rod & Gun Club grounds.

Mr. Charles C. Little, W. Baltimore St., was taken last Friday in the ambulance to the Hanover General Hospital. He was operated on Tuesday.

Mrs. Harry Baumgardner, who for weeks has had her leg in a cast because of a fractured ankle bone, had the cast removed Saturday at the Annie Warner Hospital, Gettysburg, Pa.

Mr. Wilbur Z. Fair, near town, was admitted to the Frederick Memorial Hospital, and underwent a major operation Tuesday morning. His condition is reported satisfactory.

Forty-two persons from Trinity Lutheran Church and Harney St. Paul's Church, went to Washington, D. C., last Saturday, April 7, and viewed the cherry blossoms and other places, and also visited the Lutheran Home for the Aged.

All men and women of this community interested in First Aid are asked to be present Tuesday evening, April 17, 1951, at 7:30 P. M., in the Firemen's building. An instructor will be present to begin a series of courses in First Aid.

The Taneytown Junior and Senior High school will present their annual Spring Music Festival, Tuesday evening, April 24th in the school auditorium. The theme of the program will be "A Festival of Freedom" featuring the vocal and instrumental groups in the music department.

Mr. and Mrs. Francis T. Elliot, Jr. and son Teddy, moved last week to their recently purchased farm, near Johnsville, Md., Frederick county. Mr. Benjamin Myers who resides on the farm will continue to manage the farming and Francis T., will carry on his work in Washington, D. C.

Mrs. Bruce Shirk entertained her Sunday school class at her home on Thursday evening with the following present: Teacher, Mrs. Carroll Hess, Mrs. Claude Nussbaum, Mrs. Wilbur Naylor, Mrs. William Hopkins, Mrs. Charles Rohrbach, Mrs. Clare Null, Mrs. Norris Sell and Mrs. Elwood Baumgardner. A very enjoyable evening was had by all.

Mr. Merwyn C. Fuss will be the speaker at the Anniversary Church service at the Parkway Church of God, Frederick, Sunday evening. Special music will be furnished by the Taneytown quartet composed of Delmont Koons, Edgar Fink, Elmer Shildt and Harry Mohney. Miss Blanche Stull will accompany the quartet on the piano.

At the meeting of the Women's Missionary Society of Trinity Lutheran church, Wednesday evening the second half of the book "Near East Panorama" was reviewed by Mrs. John Chenoweth and Mrs. Kenneth Shorb, members of Trinity Mission Circle; Mrs. George Martell, Mrs. Francis Elliot, Mrs. A. D. Alexander and Miss Beulah Englar of the Women's. A short memorial service was held for Mrs. Roy Garner. Two new members Mrs. Walter Senft and Mrs. Robert Clingan, Sr., were received. The May meeting will include a covered dish supper and the annual birthday party.

A vocal quartet and a speaker from King's College, will have charge of the worship period at the Taneytown E. U. B. Church on Sunday morning at 10:30 o'clock. Percy Crawford is the president of King's College. This fine group of Christian young people also broadcasts over television on Sunday nights, on the program, "Youth on the March." These young persons are students and are out to spread the gospel. The public is invited to attend these services.

Celebrate 50 Years of Married Life

Mr. and Mrs. U. H. Bowers, of town, celebrated their 50th wedding anniversary, Tuesday. A supper was given in their honor at the home of Mr. and Mrs. George Hann, granddaughter of the Bowers. Those present were Mr. and Mrs. Bowers, Mrs. Kitty Shipley, children, Nancy, Patsy, Junior and Johnnie, Alice Bowers, Mr. and Mrs. Hann. A very enjoyable evening was spent. Mr. and Mrs. Bowers received nice gifts and cards. Later in the evening ice cream and cake were served.

Mrs. Monroe Hann and son escorted Mr. and Mrs. Bowers to Hanover to the Victory where they were awarded presents for being married 50 years. Mr. and Mrs. Bowers are parents of seven children, 24 grandchildren and eleven great-grandchildren.

Mr. U. H. Bowers and Miss Margaret Storm were united in marriage at the Rectory of St. Joseph's church by the Rev. F. B. J. Lennon. The bridesmaid was Miss Martha Storm, sister of the bride and the bestman was Mr. Joseph Hemler, of Emmitsburg.

They were married April 10, at 7:30 in St. Joseph's Rectory, Taneytown, in 1901 and resided in Taneytown since they were married. Mr. Bowers was employed at the Central Garage for over 27 years and is well known around town. Two of Mr. and Mrs. Bowers' granddaughters are now Nuns in the Daughters of Our Lady of Mercy.

Mrs. Mildred Brown who has been sick for the last three weeks is up and around the house and is improving slowly.

Sunday, Carroll Hahn was admitted at the Annie Warner Hospital, Gettysburg, and later that day was operated on for appendicitis. He is doing nicely.

Mr. G. Albert Baldwin and daughter, Margaret, are spending the week with Mrs. Baldwin's parents, the Rev. and Mrs. Rudolph W. Locher, in Ashville, N. Car.

Mr. and Mrs. Allen Stull announce the engagement of their daughter, Blanche Louise to Francis Eugene Lookingbill, son of Mr. and Mrs. George Lookingbill. No date has been set for the wedding.

Telephone's 75th Birthday Marks Vast Growth in Communications

Alexander Bell's Invention Transformed U. S. Pattern of Living

Telephones of Yesterday—The telephones shown above are representative of the types of instruments used by Bell System subscribers from 1877 to 1900. The 1877 box (upper left) was sometimes as much as 14 inches long. You could talk and listen over the same instrument. The dignified 1891 wall model (third from the left at bottom) made the telephone an ornament in any home. These are rarities now and have been sought by antique dealers at fabulous prices.

Three-quarters of a century ago a young inventor, working with his assistant in an attic-laboratory in Boston, Massachusetts uttered seven words into a crude transmitter and in that instant the telephone was born.

That young inventor was Alexander Graham Bell who early in the 1870's conceived the idea that if he could generate an electrical current that would vary in intensity as the air varies in density when a sound is passing through it he could transmit spoken words by wire. Working on that theory, Bell succeeded in transforming his idea into a reality—the telephone—a conveyor of speech by wires.

Despite the fact that on March 10, 1876, Bell's instrument was the only speaking telephone in all the universe capable of transmitting one sentence a distance of only 40 feet in one direction, the scientist had great faith in his invention and prophesied a useful future for it. It is doubtful, however, that even Bell could foresee, 75 years ago, that the telephone would transform the whole pattern of living in the United States and to some extent in the world at large.

Today the world's telephones number 70.3 million. In the U. S. A. alone, 35 million Bell telephones are carrying an average of 140 million two-way conversations a day, with calls being made not only between homes and offices all over the land, but from automobiles, railroad cars, locomotives, yachts, harbor craft, ships at sea and airplanes. Telephones operated by some 5,600 independent companies bring the total in

America to 43 million, and build the calling rate to about 170 million conversations a day—or more than 1,900 every second.

Astonishing as the progress of telephone has been in the last 75 years, the fastest growth and some of the most notable technical achievements have taken place within the past decade.

In that time the number of telephones in the U. S. A. has doubled. "Coaxial cable" has become a familiar term and an extremely important advance in providing superhighways for carrying long distance calls and television programs. Microwave radio relay transmission has come into being as part of long distance and television networks. Recent years also have seen the advent of operator toll dialing which has helped meet the heaviest demand ever experienced for more and faster long distance service.

The tremendous development in telephone art since Alexander Graham Bell first transmitted the spoken word by wire is tribute to ceaseless scientific research and to the loyalty and skill of hundreds of thousands of men and women who build and operate the voiceways of America.

These things plus the confidence of nearly a million people in all walks of life who invest their savings to enlarge and improve the telephone plant, have given America the best telephone service the world knows today—a service made possible by American freedom and democracy which 75 years ago encouraged a young inventor to indulge the vision he had of "some day talking by telegraph."

"I'VE DRIVEN DODGE CARS 270,000 MILES
and my car for '51 is
another dependable DODGE!"

—Says C. G. Pyle*

*"MY NEW '51 DODGE makes the 16th
Dodge I've owned," says C. G.
Pyle, Los Angeles, Calif. "And every
one more than lived up to the Dodge
reputation for dependability."

You could pay up to \$1,000 more and still not get all the
extra room, comfort and rugged dependability of Dodge

OWNERS know from experience the value and
dependability built into Dodge cars. That's
why, year after year, so many buy "another
dependable Dodge."

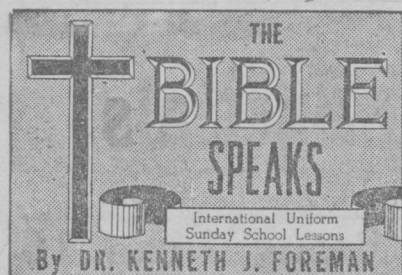

Along with smart, sleek styling and unmatched
roominess, Dodge gives you the smoothest ride
you've ever known, thanks to the new Oriflow
Shock Absorber system. You get exciting perfor-
mance, true economy with the big "Get-Away"
engine. And Gyro-Matic, lowest-priced automatic
transmission, makes driving easier, smoother.

Yes, Dodge is the car you want today . . . a
smart looking, comfortable, dependable car for
the years ahead. Let us give you the complete
story of Dodge value and dependability . . . today.

'We Are His People'

Lesson for April 15, 1951

WHEN A Christian today in church repeats the ancient Psalm, "We are His people," if he knows what he is saying he is associating himself with Abraham, Isaac and Jacob. The God of the Bible is not a "great first cause" or a "principle" of any sort. First, last and always He is the God of the Covenant. Over and over again He is called the "God of Abraham, Isaac and Jacob."

The stories of these men are not mere campfire tales of legendary ancestors. They are the story of how these men were related to God in a solemn covenant; they were "God's people" in a special way. In the New Testament we find the strange yet stirring declaration that God was "not ashamed to be their God."

The Living God

THE FULL meaning of what the Bible has to tell us about God can be discovered best by coming toward an understanding of what the covenant idea means. What is meant by the Covenant God, one who makes covenants with men?

First of all, it means that God is living. He is not a mere observer of events with which He has nothing to do. If we could put it into modern American language, God does not sit in the bleachers; He plays the game. He does not, as it were, read the newspapers to see how the war against evil goes on; He is out on the field directing the battles.

God is not something to be talked about, a problem, an X; He is not a creation of men's minds. God is not a name for an idea. He is more alive than any one who thinks about Him. He is more real than any who ever doubted Him.

Only Persons Make Covenants

THE GREAT difference between things and people is that people have wills of their own. And God is a person. You will not find in the Bible any statement directly saying that God is personal, or a person; but every time a Covenant between God and man is mentioned, the idea of personality is there.

No one who ever knew God would think of calling Him "It" even with capital letters. If we say "He" about God it is not because we think He is masculine; it would be quite as true to call Him Mother-God as Father-God.

As Dr. Reynolds, Presbyterian missionary to Korea, has pointed out, all the best qualities we associate with motherhood are in the Bible attributed to God. So if we call God "He" what we are emphasizing is that He is personal, that He has intelligence and will of His own, no vague It or That or "All."

Then the Covenant God is one who takes the initiative. The Bible tells of a God who does not wait on a snow clad peak of eternity till lost mankind somehow breaks a trail up the vast ranges to His lofty throne. It tells of a God who walks in the valley of the shadows, seeking men. All religions have gods, some of them very "high and lifted up"; but only the Bible reveals the true God, whose mercy does not have to be bought or coaxed, but a God who approaches man in mercy, a God who is all-giving Love.

God Makes His Own Terms

AT THE same time, God remains God. He is not on a level with man. He takes the initiative, but also He makes His own terms. We cannot dictate to Him. We cannot draw up our own contracts, so to speak. God made promises to Abraham, Isaac and Jacob, and we are "heirs of the promises."

But these promises are not promiscuous. To put it quite simply: God is not on friendly terms with every one. He is a friend to all who will be His friends. But with those who turn their backs, who go their own ways, who care little or nothing for His great purposes, who do not seek His will, God makes no covenants.

God's will is the welfare of mankind. God's will is the destruction of evil, the creation and triumph of good. God is light and in Him is no darkness at all. If we love darkness rather than light, we have no right to be called His people. We cannot call ourselves His people because we are Americans, or because we belong to some church; we can call ourselves His people only if our hearts are in tune with His.

THIS 'N' THAT

(Continued from First Page)

Now, this to the men! Do you wear suspenders? If so—whatever you do, discard them immediately and turn back to the belt! Why? Cause aging men wear suspenders!

Have you tasted that delicious "CREAM" cheese in those "cartons" from Frizellburg way—the Willow Dairy kind and "CREAM" is the word for it! Ask your grocer about that one.

When a circular arrives from the mail man, Ladies do not attempt to throw it away. Better look first what's inside as Your Observer did just recently! There were Greetings and Congratulations from General Mills stating that in their recent contest a prize of a Radio (Crosley) was coming my way as I happened to be one of those lucky winners! So you see, dear Reader you never can tell! What was inside of that envelope proved to be a blank which Your Observer was compelled to fill out that I was not connected in any way with the company of General Mills!

"Guys and Dolls" that New York Show is making its mark as did "South Pacific". Seventy year old Pat Rooney is still doing his stuff in that show! He still has the pep and vigor as he had all down through the years with the ever fascinating tap dancing! Plus all his original steps! Thinking of shows and theatres. How awful to pull down "The Maryland" for a parking lot! Your Observer made a recent trip there just to stand in the lobby and pretend it all shone again with its brilliant "Stars" where I seldom missed any week's performance.

As I looked at the awful mess as though it had been bombed and the beautiful furniture scattered around in the dust as the buyers called to purchase the fine old pieces strewn around on the tile floor of the lobby, I thought it all wrong for Baltimore to allow it to be dismantled. That theatre was erected in 1903 and yet Philadelphia has many older theatres than that. I recall a few years back of the many prominent Stars as Belle Baker, Sophie Tucker, Fred Astaire, Nora Bayes and her husband; Jack Norworth and dozens and dozens of top Stars. A seller came forward and awakened me from the reverie as he said, "May I help you with a purchase?" As I looked at him and said, "No, thank you", I walked to the interior to give a last glance at the very aisle in which I sat with my Beloved Mother holding her hand as one of the main Stars sang, "M is for the Million Things You Gave me—O is cause you're getting Old, T is for the tears you shed for me!" You know the rest of that song, Dear Reader! And then Your Observer walked out of that famous building out to the busy thoroughfare—of Franklin Street with a sigh in my heart and tears in my eyes! I turned to give one last glance.

If you are planning a trip to Washington this year by all means go when it is Spring, not in the terrific heat when you can't really enjoy yourself. There isn't a city in the world that compares with it as Lowell Thomas said, "Washington isn't just a city, it's a spirit. For here America's hallowed past blends with the promise of its glorious future; here the freedom of greatness of our way of doing things are excitingly manifested. As for actual things to see and do in Washington, they're endless and fascinating. You'll never forget them!"

The "Travelers Aid" is now 100 years old which began in the city of St. Louis. There are now 108 Travelers Aid Societies.

Did you know there are approximately 333,969 Indians living in the United States today?

How glad I was to see on the Philip Morris Show with Horace Heidt, the colored youth who was the winner after all, Jesse Owens.

Hope you did not miss the marvelous acting of Miriam Hopkins in the half hour play called, "Long Distance" on the Lux Video theatre. She has topped any actress so far on TV which was a continuous part by herself with very little assistance from any other member. Then on Wednesday night, to see the show of Godfrey's which was a real Irish affair. It really was the best show ever on that hour of his and Chesterfield. A very well read man stated that St. Patrick after all was not born in Ireland but in Scotland. Then gave a little history of it. Umph! That was a shock and surprise for all the Irish. Eh?

Your Observer made the special trip to see the home and farm which our own "General Ike" bought in Gettysburg. The present owner is the very likeness of the late Henry Ford and when I told him, he remarked that he hears that many times. The house sits way back off the road which is situated at the end of a long private lane and is right on the battle grounds. There is nothing beautiful about it but I know why that Gen. selected just such a place—as he would have real seclusion.

Now, the love story
There was a young woman who had a very large gift shop in the big city for fifteen years. One day, a man from Boston who was a salesman for a very large wholesale gift concern called at the shop and it was love at first sight. Two years later, a marriage ceremony was performed.

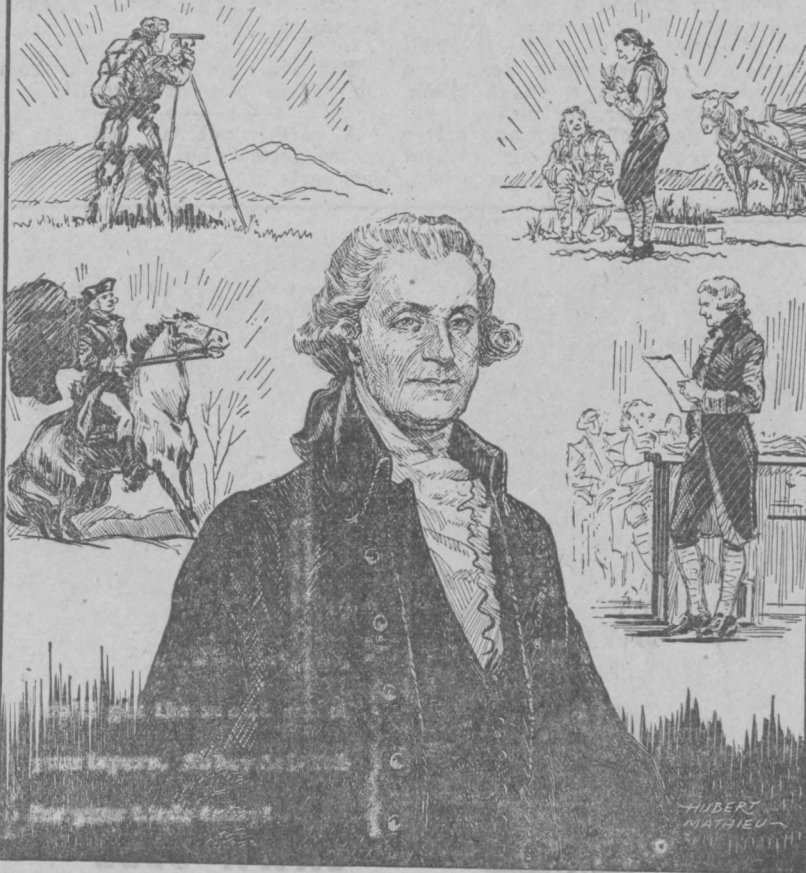

Here's to the "Aries" those born from March 20 to April 20.
These people always like to be in the lead and utterly heedless of advice. They are fine dressers and have excellent taste. They are enthusiastic and determined and are excellent in their ability as executives, in fact many appear wealthy. They are very deep thinkers with brilliant minds. They must stick to one thing in life to be successful as they sometimes fill their minds with too much of many things at one time. They are most romantic and impulsive to leap before investigating.

So long, Folks. Have a grand week-end. Be good and be careful. Until next week D.V. I am,

Faithfully,
YOUR OBSERVER.

WASHINGTON'S WAS THE HARD WAY

THE GENIUS OF GEORGE WASHINGTON AS A LEADER AND HIS FORCEFULNESS AS A MAN STEMMED FROM A QUALITY HIS NEIGHBORS EARLY REMARKED ON—AN UNUSUAL ABILITY FOR "APPLYING HIMSELF TO THE JOB AHEAD."

AS A SOLDIER, AS COMMANDER-IN-CHIEF, HE TRANSLATED THIS QUALITY INTO A GRIM DETERMINATION, AN ENORMOUS CAPACITY FOR WORK, TO WIN THROUGH AGAINST ALL DISCOURAGEMENTS IN THE COLONISTS' FIGHT FOR FREEDOM.

TO MEET THE THREAT OF WAR THAT OUR DEMOCRACY FACES TODAY, ALL OF US MUST "APPLY OURSELVES" TO THE JOB AT HAND—THE TASK OF DEFENDING AND MAINTAINING THE FREEDOM THAT WASHINGTON WON FOR US THE HARD WAY.

BILLIONS for DEFENSE

...but not one cent for Socialism!

Doesn't it make your blood boil when some socialistic planners grab more of your tax dollars for schemes that are absolutely unnecessary, such as Political Electricity? The business-managed Electric Companies already have lined up 24 MILLION extra kilowatts for the defense effort in the next three years, and even the Government only called for 20 MILLION! The business-managed electric industry has always kept ahead.

Yes, spending BILLIONS of the country's tax dollars for the war effort is OKAY!

But, let's stop all unnecessary spending. We need Billions for Defense but not 1¢ for socialistic schemes!

Dane Spent 20 Years In Asylum by Mistake, Finally Declared Sane

TOPEKA, Kan.—John Crabb, 59, who spent almost 20 years in a Kansas mental institution "by mistake" has been released and has returned to his native Denmark.

He was released after intercession of a group of Danish insurance men who brought the matter to the attention of state authorities. L. P. Ristine, superintendent, said there is every indication that Crabb never was insane.

"He was a victim of circumstance," he said.

Crabb's long imprisonment was attributed to his lack of knowledge of this country, his inability to speak the language clearly and to his fiery temper and determination to prove his sanity.

He had lived in this country almost 20 years at the time of his imprisonment. At the time he was taken into custody he was a dish washer in a restaurant. Co-workers scoffed because he worked while standing on crutches necessitated by a foot injury.

The undercurrent of resentment flamed when one of the workers made advances toward a waitress for whom Crabb had an affection. Crabb threatened the man and was taken to jail.

There he became despondent and refused to eat. Police referred his case to the state hospital. Crabb insisted he did not belong in the institution. He refused to work and failed to co-operate in his effort to prove his point. At one time he was listed as incurably insane.

Relatives, including a nephew in Denmark, fought for his release without success. They enlisted the help of a Topeka insurance group as a last resort. Crabb was finally declared sane, but it took almost 10 months to complete necessary arrangements for his release.

When he was released he flew to New York and took a boat to Europe.

"I'm not resentful," Crabb said as he left the hospital in a new suit provided by a group of Danish insurance men, "I'm just glad to get away."

Gold Field Worked Since Bible Days Still Producing

GRANADA, Spain — The world's oldest known source of gold is still producing the precious metal.

Thirty-six prospectors are still panning the Rio Darro in southern Spain. The river's sands have been producing since Nebuchadnezzar reigned in Chaldea and were already old when Tutankhamen ruled in Egypt.

The takings are modest today, a week's work will yield only the equivalent of a day's salary for an office worker. The dust is used by Granada's jewelers.

The gold is referred to in the Bible with praise for its fine quality and is the Tharsis gold of the Greeks. The river's burden of gold was exploited by Iberians, Carthaginians, Romans, Vandals, Visigoths and Moors.
