## HIGH SCHOOL NEWS

### Message to Parents and Pupils from New Principal

Present plans include the addition of agriculture to the curriculum. It is hoped that Mr. Allenberg now enroute from Korea will be available for the job.

Registration of pupils new to the community who will enter grades 7 to 12 will be held at the High School August 31 after 10:30 a. m.

All pupils are urged to eat in the cafeteria this year, although as in the past lunches may be brought from home. Pupils who live in town will be allowed to go home for lunch upon presenting a written request from the parents to the office. The Jr. high lunch is scheduled from 11:40 to 12:10 and the Sr. high from 12:35 to 1:05. Lunch will be served the first day of school.

Mr. Manspeaker believes that parents and the school have the same objective: to provide a wholesome environment for maximum development of young people. Parents are urged to participate in the program through the P. T. A. Mrs. Evelyn Peterson, newly elected president is now engaged in lining up helpers for the coming year.

Pupils are requested to bring notebook and pencil for first day activities.

## KIWANIANS MEET

### Mr. Jenness, Supt. of Schools, was the Speaker

The Kiwanis Club of Taneytown met Wednesday evening at Taney Inn with Vice-President, Howell B. Royer presiding. The invocation was offered by Rev. Robert C. Benner. Group singing was led by Wallace Reindollar with Mrs. Wallace Yingling as piano accompanist.

Rev. Robert C. Benner, of Pine Grove, Pa., was the guest of his father, Dr. C. M. Benner. The Club welcomed Kiwanian Darrell Nelson back after a period of absence due to his serving Uncle Sam in the U. S. Army.

The program was in charge of George Crouse of the Boys' and Girls' Committee who presented the speaker of the evening Mr. Samuel M. Jenness, Supt. of Schools of Carroll County. Mr. Jenness in turn introduced the new Principal of the Taneytown High School, Mr. John W. Manspeaker. Both spoke of their hopes and plans for the students of today.

The program next Wednesday evening will be in charge of Z. O. Fiscus.

John Skiles reported to the Club of the plans for an inter-club meeting of Taneytown, Westminster and Mt. Airy, on September 19. The program will be centered around Key Clubs.

### HESS-BUSHEY REUNION

Approximately 188 persons attended the 23rd annual Hess-Bushey reunion at Big Pipe Creek Park, Taneytown, Md., on Sunday, August 12th. All families were represented except the John H. Hess and Clara Hess Ogden families.

The noon hour found us unpacking lunch baskets and surrounding the tables which were laden with good things to eat. A prayer of thanksgiving was offered by Rev. John Link, of Shepherdstown, W. Va.

At 2:15 the President George Roy Hess called the meeting to order for a short worship service. Franklin Fair and Daniel Naill were in charge of the music with Dorothy Alexander at the piano. Our opening hymn was sung by all followed by prayer by Rev. Earl Rudisill, of Philadelphia, Pa. A trombone and trumpet duet was then given by David and Kenneth Reifsnider accompanied by their mother; Elsa and Freddie Crum then sang as a duet "Follow the Glean." A Hess-Bushey choir then sang a very pretty anthem which was enjoyed by all. The President then introduced Rev. John Link as our speaker for the afternoon; who read for his scripture the 8th Chapter of John. His text taken from the 11th Chapter of Hebrew was "Ye shall know the truth and the truth shall make you free." He spoke on "families and their worthwhile value, their oneness in unity and the freedom and joy that can only be found in Christ Jesus. Told of the pleasure of having the knowledge of the fine things in life and yet there were so many of the circumstances of life out of our control. It all added up to us that it isn't what we have that makes us but what we are.

The anthem "God so loved the World" was sung by the choir. Worship service closed with group singing "Faith of Our Fathers" and the benediction by Rev. Link.

A short business session followed. All reports were read and accepted. The statisticians report showed we had 11 births, 6 graduations, 7 marriages and 3 deaths.

The nominating committee presented the following names which were elected to serve for 1952: President, Carroll C. Hess; Vice-President, Elber Crum; Statistician, Miss Katherine Hess; Asst. Statistician, Ruth Byers; Secretary, Ella Mae Slagle; Treasurer, Franklin Fair.

It was decided to hold our 24th annual reunion again in 1952 the second Sunday in August at Big Pipe Creek Park, Taneytown, Md.

### DICKENSHEETS CLAN MEETS

Descendants of the late Daniel and Sarah Dickensheets met on Sunday, August 12, at Mt. Tabor, Rocky Ridge, Md., for their third reunion. The program consisted of the following:

Group singing, "Brighten the Corner where You Are"; Trumpet solo, Juny Flickinger, "America the Beautiful"; reading, "Home", dedicated to Daniel and Sarah Dickensheets, Catherine Putman; trumpet solo, "Long, Long Ago", Donald Hetrick; piano solo, Jean Winter; prayer, Mr. Charles Winter; recitation and song, "Hurrah for the Flag of the Free"; Susan Ecker; Witty readings, Kenneth Lambert, solo, "Mocking Bird Hill, Patsy Lambert; trumpet solo, Donald Hetrick; solo, These Things I offer You", Jean Winter; duet "It is no Secret", Mildred and Patsy Lambert; sextet, "Now is the Hour"; quartet, "Somebody Knows"; Mr. John Eyer then gave the talk of the afternoon. His topic was Christian Living. He concluded with a poem. The program was closed with all singing "I Need Thee Every Hour".

The business was conducted by the President, Mrs. Mildred Lambert. The following officers were elected for two years: President, Mrs. Catherine Putman, Uniontown; Vice-Pres, Mrs. Mildred Lambert, Taneytown; Secretary, Miss Doris Ecker, Union Bridge; Treasurer, Mr. Charles Winter, Hanover. Mr. Norman Putman closed the meeting with prayer.

## THIS 'N' THAT

(Your Chatty Column)

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth!  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

The katydids and the crickets are singing and all seem so peaceful as I type away this column.

What a thrill for any city woman to eat the first Elberta peach right in her own back yard from one of the many peach trees. (Planted last year!) What is nicer than parsley that you pick for that very special flavor in the cooking?

If you don't believe that "Life Begins at 80" just read the article in the July Readers Digest by Fulton Oursler "The Most Unforgettable Character I have ever met." There it is! I call about 82 year old Benarr MacFadden!

Have you visited "Carrie's" Gift Shop lately? There really is plenty more to see and buy. So much pottery and lovely "Imperial" glass ware. Just at the edge of town where you can easily park and go in and browse around for that very special gift you desire.

Visited the Arthur Murray Studio North Charles street the other afternoon so as I could write about it. Well, it is just as nice as you see in TV, in fact the entire set up much more glamorous and interesting. The interior of the building with its many harmonious shades painted on the walls is fascinating. One particular thing that interested me was the fine type of people as teachers and pupils. The hostess is a sweet young girl who surely is in the "know how" of greeting the stranger and making either he or she quite welcome. No wonder there are Arthur Murray studios all over these United States!

The men really should not make remarks about any lady's chapeau as seeing those State Police hats—well, nuff said! Wonder who's idea that was, anyway? Appears as though, the East is trying to imitate the big Buffalo Bill out in the West where "men are men and women eat shredded wheat."

Thinking of the days of long ago in pictures, Your Observer saw a real "Covered Wagon" last week near the Camp with the Indian name, "Pahtuk". I was driving from Hereford to White Hall and there it was with about 4 on the front seat. First time Your Observer saw any "Covered Wagon" only in movies or beautiful paintings. This one sure was in slow motion up a steep hill. I really thought I was dreaming. There I was going in the opposite direction with the modern convenience of the motor car and the vehicle coming toward me was of the "Gold Rush" days.

If you can't manage a vacation, folks, just try going to a resort just for a day twice monthly where you can completely relax. It is so much more restful sleeping in your own bed at night. There are so many little places not too great a distance where the kiddies can enjoy every minute of it all and it will be a treat for "Mom" just to get away from the regular grind of daily life in the kitchen. That makes me think, Ladies always try to make that room, yes I mean the kitchen the most attractive place for after all that is your room where you spend the greater part of your life. If you make it attractive you will feel more like cooking and baking. Don't be tight—spend and dress up your home for remember always—YOU CAN'T TAKE IT WITH YOU! Your home always reflects the character that lives within and "WOMAN MAKES HOME" all down through the ages.

There are initials which a big organization has originated and still uses—B P O E. Those members will immediately recognize them. But Your Observer knows that THE BEST PEOPLE ON EARTH are the down to earth people on farms in any county! God Bless Them!

Met a very poor "Landscape Artist" the other day and realized there was a real story in back of that little family way out in the sticks in the little shack and 19 acres. The wife said to me her husband had been in very ill health until he started to work outdoors and "then too" she added, "he now can see to read as he went to the 5 and dime and bought himself a pair of reading glasses!"

The highest sum ever paid by T.V. \$50,000, goes to Irving Berlin for an hour show. Berlin is giving the entire "50 G's to The Boy Scouts of America! Don't forget the date, Sept. 12 Channel NBC.

Star singer will be Tony Martin of all the wonderful Berlin tunes and Margaret Truman closes the big hour with "God Bless America" the show is called "Salute to Irving Berlin."

The most gorgeous estate in Honolulu is the one owned by George Vanderbilt "it rambles in all directions and is entirely open, not a win-

### HASTE MAKES WASTE

Maybe so. Do it now is a popular slogan. Do not put off until tomorrow what should be done today. Every dog has his day and sometimes the night as well.

The widow's mite was small but it outweighed in importance all other gifts received. I may not be able to do much, but I can do my best and that is all any one can do. Sin is the curse that has existed from Adam on. Sins innocently committed are forgivable, those wilfully committed are intolerable. One of our great blessings is the untrammeled press. The press is the mightiest force for righteousness in the world today, and editors wield a power greater than they themselves realize. W. J. H.

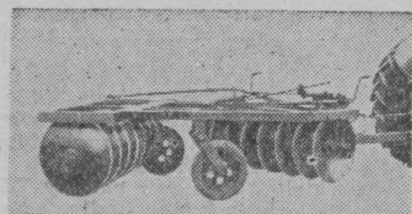

### GRASS ROOTS OPINION

LAKE ORION, MICH., WEEKLY REVIEW: "Britain has embraced Socialism completely, turning away from the political philosophy that made her the greatest nation on earth. France, too has embraced the theory of Socialism. In the Chamber of Deputies at the moment an alarming number of Communists hold seats and by power of numbers dictate a Socialistic concept of government that is but a few steps from Communism."

FOLEY, ALA., ONLOOKER: "When the people—at least, when a majority of the people—of this country decide they wish to make a change in the policies which are daily causing bad matters to become worse, those policies will be changed. But the people themselves must bring the change. So long as our people regard the government as a benevolent and doting parent, rather than as a personal responsibility, just so long will we continue to head toward a completely socialistic state."

BERLIN, MARYLAND, EASTERN SHORE TIMES: "America became great through public ownership—but we don't mean the kind of public ownership the Socialist-minded bureaucrats mean. We refer to the corporations which have made this the mightiest industrial nation in the world. They are owned by the people—the stockholders—and they are owned directly by the people, without governmental interference or direction."

### A Time Saver

For the farmer looking for machinery that is a time saver in this period of labor shortages and need of greater production, the Harrow makes it possible to plow and disc in one operation. It was first developed in the west to permit better seed bed preparation at lower cost and at greater speed.

### Farmers Added to List Of Critical Occupations

Farm operators and assistants have been added to the list of critical occupations by the labor department. Secretary Brannon points out that the list of critical occupations is used as a guide in the selection of manpower for armed services. This addition will aid selective service in considering cases of key farm workers needed to produce record agricultural supplies for the nation's defense.

## Cuba Sugar Trade Keeps Havana Dock Busy With Activity

HAVANA, Cuba—The bulk of a nation's imports, sugar prosperity and "war scare" buying still are keeping Havana's docks congested with commodities and full of a feverish air of commerce.

Nearly a million tons of imports—94 per cent of Cuba's imports—recently presented shippers with a problem unprecedented in the 400-year history of the waterfront. Most of the imports come from the United States. "Sugar money," derived from the island's great sugar industry, has brought about sharp demands for many consumer items from America. New automobiles constitute a great part of the litter scattered around the bulging piers and the demand for driver's licenses in Cuba has increased four-fold since the end of World War II.

Harassed shipping officials manage to handle all the scheduled ships plying in and out of the harbor. Less frequent callers, however, are often delayed for days until pier accommodations can be arranged.

Exports present less of a problem than imports. Principal export is, of course, sugar, of which Havana handles only about 35 per cent of the nation's total shipment. The majority is picked up at the smaller ports, or from the plantations. Imports are the main fly in the muddled ointment. Although attempts to develop adequate ports elsewhere have been made, the majority of imports are assigned to the capital city, so ships must still call there. Officials say that the port is one of the most expensive in the world. The nearly 10,000 port employees earn an estimated \$100 per week, considerably higher than salaries paid elsewhere in the country. This fact, coupled with the regulation that importers have a ten-day limit in which to remove their imports from the docks—which calls for plenty of longshoremen to handle full piers—makes the prosperity appear lasting.

### Air Force May Discard Planes—Staplers, Never

MITCHEL AIR FORCE BASE —Under modern conditions, it doesn't take too long for an airplane to become obsolete. Models are discarded after better ones come along to replace them. On the matter of staplers, however, quartermasters are more saving. Lieut. Col. J. E. Aertgeerts found this true recently when he requested staplers for the clerical offices here. When the crate arrived, it was marked "fifty stapling machines." When he opened the box, however, the colonel found the staplers three times the standard size, made of heavy cast iron, and operated by a long handle. They had been in storage since 1917.

### New, Potent Penicillin Hold Useful to Military

NEW YORK —Penicillin—modern medicine's chief weapon against disease and health—is available in new and more potent forms today for use on the battle front and the home front.

Dr. Charles E. Dutchess, medical director of Schenley Laboratories, reports that since 1944 "continuous improvement in the technique of deep-vat production of penicillin" has enabled ten prime producers of the drug in the U.S. pharmaceutical industry to boost monthly output to a record 17,000,000,000 (trillion) units.

During the month of January, 1943 only 100,000,000 (million) units of penicillin were produced—enough to treat about 150 patients. Full commercial production began in 1944 and in the last months of World War II there was sufficient penicillin for essential military needs, Dutchess said.

Despite the emphasis given such new antimicrobial agents as streptomycin and aureomycin, Dutchess emphasized that "penicillin remains the foremost many-purpose microbe killer—particularly valuable against septic infections stemming from battle injuries." In this connection, he revealed that emergency air shipments of penicillin reached the Korean battle less than four days after leaving pharmaceutical plants in this country.

### Slavs Heckle Soviet Radio From Old German Army Truck

MUNICH, Germany—Three sharp-tongued Slavs, operating from an old German army truck, are heckling Soviet broadcasters to the point of madness. The trio specializes in needling Communism from their mobile transmitter in west Germany over Radio Free Russia facilities.

The hecklers are artists at making use of the pause in a program and delight in cutting in on Radio Volga, a Communist station in east Berlin which beams programs to Soviet occupation troops.

A Radio Volga announcer may have just finished the phrase, "A new people's democracy is being built in east Germany," when Radio Free Russia hecklers break in with, "under the watchful eyes of the Kremlin's secret police."

Radio Free Russia has been operating only four months. London monitors first picked up its broadcast calls for a peoples' revolt in Russia.

## Mrs. Reindollar, nearly 101 years old, Dies

Mrs. Laura Williams Reindollar, aged 100 years and ten months, Taneytown's oldest resident, died at her home Saturday, at 5 p. m. She had been in declining health for some time and was bedfast for the past year.

Mrs. Reindollar, who was a daughter of the late Rev. Levi Williams and Margaret Williams, often recalled her girlhood in Taneytown during the Civil War, when General George G. Meade used her father's study for his headquarters. She assisted her mother in baking cakes and pies for Union army personnel. The tower of the church was used to signal the death of Lincoln, she remembered.

A life-long member of Trinity Lutheran church and member of the Mite Society for thirty years, Mrs. Reindollar was also for many years a teacher in the Sunday School. She was a resident of Littlestown, where she moved with her parents in 1867 and where she was married in 1875 to

Amos M. Lefevre, until 1884, when she returned to Taneytown. Her second marriage in 1884 was to Milton H. Reindollar.

Surviving are two children of her first marriage, Mrs. William E. Thomson, Niles, O., who has been residing with her mother, and Frank Lefevre, Blue Ridge Summit; three children of her second marriage, Miss Mary A. Reindollar and W. Wallace Reindollar, both at home, and Harry I. Reindollar, Taneytown ten grandchildren and eighteen great-grandchildren.

Funeral services were conducted Tuesday at 2 p. m. at the C. O. Fuss and Son Funeral Home, by the Rev. Robert C. Benher, pastor of St. John's Lutheran church, Pine Grove, Pa. Interment was in the Trinity Lutheran cemetery.

The pallbearers were: Carroll Hess, William F. Bricker, Curtis Bowers, Harry Dougherty, M. Ross Fair and Alton Bostian.

## Jewelry Store

Of all precious stones, the aquamarine is found in the largest flawless crystals. The largest gem ever found was a 220-pound aquamarine the size of a nail keg uncovered near the Brazilian village of Marambaia in 1910, says the National Geographic Society. It yielded 200,000 carats of cut gem stones.

## Home Production

Washington, D.C. Wedding bells chimed for 1,585,000 couples in 1949 in this country and 3,722,000 babies were born, the National Association of Home Builders reports. The group cited this fact as a major reason why full housing production, consistent with the war effort, must be allowed to go ahead.

## Take Care of Brush

Always clean brushes thoroughly after using. When a brush has been cleaned and is not to be used for awhile, wrap it in heavy paper. Be sure to leave ample room so the paper won't bend the ends of the bristle.

Mrs. Stewart Dom is spending few weeks with her son, Stewart and family. Her home is in Indiana. She expects her husband to join her here for a week's visit next week.

The Rev. Robert Benner and wife, Pine Grove, Pa., are spending some time with Mrs. Benner's parents, Mr. and Mrs. E. P. Shriver and other relatives. Marie Snair, of Lebanon, is also a visitor in this home.

Miss Mary Katherine Shildt returned to her home after a 2 weeks stay at Camp Nawakwa. John Freamp, Taneytown R. D. 2 is spending this week there. He is a member of St. Paul's S. S.

The Fire Company of Harney are planning for another collection of paper and cardboard on Saturday, Sept. 1. The plan is to have a large truck on the square of Harney and they would like to have 3 or 4 small trucks going out different roads to help collect. So come out volunteer and do your bit for the Fire Co. If it should be rainy on the 1st of Sept. it will be collected the 2nd Saturday.

The Mt. Joy church is making plans for the 100th anniversary of the church to be held Sept. 9th with morning service in charge of Rev. Dwight Putnam, Harrisburg. Afternoon service with the Rev. Frank Kelly, of Philadelphia (son of the late West Kelly); evening services Rev. Geo. Melhorn son-in-law of Mr. and Mrs. Wm. Durbrow.

Mr. and Mrs. Paul Schmidt, of Lutherville, and Mrs. Wm. Schmidt, Reisterstown, were callers of Mrs. Hannah C. Eckenrode, Ruth Snider and brother Samuel, last Thursday afternoon.

Mr. and Mrs. Norman Selby had as visitors over the week-end Mrs. Mary Snyder and son James Crabbs, wife and daughter, May and James Crabbs and friend, of Baltimore. Patricia Ann Eckenrode accompanied them home for a visit.

Arthur Slick and friend, Fritz, of Taneytown, visited Sunday eve with Mr. and Mrs. Wm. Snider and Saml D. Snider and sister. He and family moved to Taneytown last week, he will be janitor of the elementary school.

Mr. and Mrs. Norman Welty and daughter, Judy, were entertained last Sunday in the home of her mother, Mrs. Nettie Sherman and family, of Middleburg, to a turkey dinner.

Mr. and Mrs. Harry Sprinkle and Atwood Hess had as visitors Sunday afternoon: Mr. and Mrs. Harry Crouse and two foster children, Taneytown R. D. 1. Refreshments were served of watermelon, cake and ice cream.

Mrs. Nettie Sherman and family, Middleburg, called on Wednesday eve at the home of Mr. and Mrs. Norman Welty. Mr. Welty has been on the sick list this week.

Mrs. Margaret Haines returned to her home here after a week visit with Mr. and Mrs. Jacob Snyder and daughters, of Reese, Md.

Mr. and Mrs. Brook Hess and Mr. and Mrs. Wm. Orner and family, of Gettysburg, Pa., and Robert Orner, of Emmitsburg, visited with Mrs. Margaret Orner on Sunday.

Mrs. Nettie (Slagle) Sell, of Long Island, N. J., is coming Friday morning to spend the week-end with Ruth Snider and brother.

Mr. and Mrs. Wilbur Reifsnider are having their dwelling and store room painted this week by the famous Shildt painters and helpers. Who will be next?

Miss Katherine Boyd, Westminster, spent the week-end with Mr. and Mrs. Ernest Reaver and attended the "Bower reunion" near Taneytown, on Saturday.

### FRIZELLBURG

Miss Alice Flickinger, daughter of Mr. and Mrs. William Flickinger, this place and Clarence L. Garber, son of Mr. and Mrs. William Garber, Keymar, were married Saturday evening, at 7 o'clock in Kriders Lutheran church, Westminster. The single ring ceremony was performed by the Rev. Willis Brennenman, pastor of the bride. The couple was attended by Mr. and Mrs. Frank Rittinger, Union Bridge. The bride was attired in a suit of navy blue with white accessories. She wore a corsage of red rosebuds. The bride's maid wore a navy blue suit with navy blue with white accessories. She wore yellow rosebuds. The immediate families and a few close friends witnessed the ceremony. The bride is employed at the Cambridge Rubber Co. The groom served three and one-half years with the U. S. army and is now employed at the Western Maryland Railway Co., Union Bridge. The couple will reside at the home of the bride's parents for the present. We wish for this happy couple a long and happy wedded life.

Mrs. Romain Bankert, Uniontown, and Mrs. Walter Senft, spent from Thursday until Sunday with their aunt and uncle Mr. and Mrs. C. D. Brown at their cottage near Essex.

Md.; Mr. Walter Senft, daughter, Waneta and Francis Reese joined them on Sunday. Mrs. Senft and Mrs. Bankert returned home with them, bringing a large catch of fish and crabs.

Miss Treva Kathryn Carbaugh, daughter of Mr. and Mrs. David Carbaugh and Martin Luther Zimmerman, son of Mr. and Mrs. Luther A. Zimmerman, were married Saturday afternoon at 1 o'clock in Baust Lutheran church. Only the immediate families witnessed the ceremony. The double ring ceremony was performed by the Rev. Donald Warrenfeltz, pastor of the bride. Mrs. Mary Koons presided at the organ. Ninety relatives and friends attended the reception at the home of the bride. The gifts were many and beautiful. The happy couple left on a wedding trip through the New England states, and upon their return will reside on their large farm near Taneytown. We wish for them the best in life and that they will always be as happy as they were on their wedding day.

There were nineteen members and guests present at the Farm Bureau Planning Group at the home of Mr. Phillip Weller on Tuesday evening. Topics for discussion were Household Medicine, Agriculture and Household Fairs and Exhibits.

So much advice is given to young people, it seems fair that a little might be given to the older folk, in view of the fact that people are old so much longer than they are young: Guard against sensitiveness. Refuse to be slighted. Do not dwell on the fact that you are old. If you were not old, you'd be dead. Do as much for your appearance as you can. Well-kept antiques are considered beautiful.

Remember you were once young. Try not to complain of physical ailments. Don't live in the past. Memories are precious to you, but unless solicited, keep them to yourself. Laugh at your mistakes of the past. Believe and live your religion. An old person without faith is pathetic. There is no situation you and God cannot handle. Be as cheerful as sunshine as firm as the right of gravitation, and as willing to change, when convinced, as the weather.

"No woman ever made a fool out of a man without at least some co-operation."

### FEESERSBURG

August brings us many things. Some are disagreeable, like thunder storms, weeds that affect the hay fever victims and of course the 90° temperatures. But there are many pleasant things too and among them are the noise making insects. There are some who will disagree with this for many persons complain that the August nights almost drive them mad due to the constant night sounds made by Katydid and Crickets. It is hard to believe that the sounds made by these insects are due to the vibration of their wings and is really a love call to each other. The Katydids have a harsh sound but the chirping of the Crickets is both musical and soothing. When the insects stop their night chorus then one knows that fall is really here and November is upon us with its deadly silence and wintry cold.

Mr. and Mrs. Cassell Engel, near Union Bridge gave a party at their home Friday afternoon from 2 until 4 in honor of the 11th birthday of their son, Hugh. Games were played on the lawn and later refreshments were served in the dining room. Among those who enjoyed the very pleasant party were: Diana Warner, Nancy Roelke, Kay Luttrell, Dianne Crouse, Barbara Nusbbaum, Jeanne Bohn, Donald Cartzenadner, Ronald Keyton Tommy Pfoutz, Ken Wright, Glenn Houser, Earl Arnold, Edward Engel, Mrs. Raymond Wright and Mrs. C. E. Engel.

To the people in the city the farm seems like a place of peace and tranquility, but to the farmer it is anything but that. Each day brings a new crisis. Take for instance the scene painted by so many artists of cows standing knee deep in a stream of water with grassy banks on either side and a willow tree or two in the background with its branches trailing so gracefully in the water. Could anything be more calm and peaceful looking than that? But wait just a minute. Something is rising to the surface of that calm stream of water. It's a turtle and he swims toward one of the cows so contentedly cooling herself in the water. He swims up under her and snaps at the teat just within his reach and quicker than lightning he is gone with half of the cow's teat between his snappers. This is a true story for it happened just as it is written to a cow owned by George Roelke near Union Bridge just two days ago.

Our neighboring State of Pennsylvania has decided that it had had enough of the slaughter of human life on its highways and intends to take drastic action against speeders and reckless drivers. Last year there

were 63,000 accidents in that state, alone. The Turnpike seems to be the place where most accidents occur. This has been attributed to the terrific speed at which most people drive over this road. Reckless drivers and inconsiderate ones have long ago made driving a car anything but a pleasure.

Kay Luttrell spent Monday with Nancy Roelke. Other guests at Merry Knoll this week were Mrs. Elmer Pfoutz and Mrs. Paul Leatherwood, Westminster.

Give some husbands enough rope and they'll skip. Mr. and Mrs. Thurston Pfoutz, of Harrisonburg, Va., were guests of Mr. and Mrs. Monroe Pfoutz, last week.

Maryland's Traffic Safety Commission took encouragement from July's downward trend in highway deaths and hoped it would continue through the Labor Day week-end. July's death toll was 33, a 25 per cent reduction from the 44 killed in July of 1950.

In spite of its small size Middleburg has never lacked a progressive spirit. The citizens seem to take a special interest in their town and a great deal of pride also. Just recently they placed signs up telling the traveler just where he is and it would be a blessing to the bewildered tourist if other small communities would follow suit. There is nothing more provoking than to come to a crossroad or village and see no sign telling where the roads lead to or any name visible denoting the particular village or town. Carroll county's roads for a long time have been minus any means of identification and one wonders why. Surely, with its beautiful landscape and prosperous farm land, the citizens should be bursting with pride to proclaim to the out of state traveler just where its roads are taking them. And don't say we can't afford the signs. Not with Carroll county ranking among the richest on the Eastern seaboard.

The Union Bridge Lions Carnival proved to be a successful venture under the capable chairmanship of Roger Luttrell. The weather played its part too as did the people of the community.

Only a minority of those who seek medical advice for chest pain have heart disease.

Some people are always making excuses as to why they do not write letters. The proposed increase in postal rates will give those persons still another good reason. "The budget can't afford it."

### HOOPER'S DELIGHT

Sunday School Sunday morning at Bethel Methodist church at 10 a. m. Everyone is welcome.

Mr. and Mrs. Fred Farver and two sons visited with Mr. and Mrs. Milton Basler recently. Mr. Basler left for two weeks for Cumberland doing telephone work. Mrs. Basler spent the week-end with him there.

#### ZIMMERMAN — CARBAUGH

Miss Treva Kathryn Carbaugh, daughter of Mr. and Mrs. David Carbaugh, Taneytown R. D. and Martin Luther Zimmerman son of Mr. and Mrs. Luther Zimmerman, Taneytown R. D., were married Saturday at 1 o'clock in Baust Lutheran church. The double ring ceremony was performed by the bride's pastor, Rev. Donald Warrenfeltz in the presence of the immediate families. Preceding the organist presented a brief recital followed by the traditional wedding march. The bride wore teal blue lace over a satin street length dress with white accessories and carried a bouquet of white gladioli. The maid of honor, Miss Dorothy Crabbs, Littlestown friend of the bride wore a charcoal gray dress with matching accessories and wore a corsage of white carnations. Raymond Carbaugh brother of the bride served as best-man.

Following the ceremony a reception was held at the home of the bride's parents for relatives and close friends. Following a wedding trip to the New England States they will reside at their farm near Taneytown. For traveling the bride was attired in a blue suit with black accessories.

dow or a pane of glass to it but if a squall blows up, the walls roll down from the roof! The landscaping is fantastic with rare flowers and trees and exotic plants blooming right through the bloomin' house straight down to the sea! That is something for any visitor to write home about! Truly a real Villa. Eh?

#### Prayer.

Oh, Father, God, we thank Thee for life; the privilege of living. Help us today to remember that "we live in deeds, not years; thoughts, not breaths; in feelings, not in figures on a dial. We should count time by heart throbs". May we ever be reminded that "he lives best" who thinks best, feels the noblest, acts the best." Help us today to so act that we may show our appreciation for life by our work. Amen!

So long, Folks. Will be seeing you. Have a grand week-end. Until next week. I am,

G. H. ENFIELD

## OREGON CULLINGS

Portland is known as the "City of Roses." Salem, the Cherry City.

There is a profusion of shade in Salem. Many sidewalks are lined with nut, apple and cherry trees.

A number of the larger markets and grocery stores are open daily from 8 a. m. to 10 p. m., including Sunday.

Haircut in union shops \$1.25, in non union \$1.00.

The State Fair will run eight days this year instead of six as formerly.

How can one ignore politics with the Speaker of the State House of Representatives living diagonally across the street?

The dry spell in the Eugene area of the Willamette valley has cost lumbermen an estimated damage of \$5,000,000 from forest fires and in wages to lumber workers (who must not work in forest in a very dry season), and farmers placed damage to crops at \$2,000,000, according to a survey on Saturday. There has been no rain in this area for 87 days.

Applications from new students have fallen from 15 to 50 per cent under last year in all the colleges and universities in Oregon, except two. The two are Willamette university in Salem, which report figures about the same as last year, and Vanport Extension center claims an increase.

A novel meter disc, publicizing the Oregon State Fair which opens on Saturday, September 1, is being installed on each parking meter in Salem. The discs are copyrighted and especially designed for Salem meters to boost the fair.

City officials say the discs are a part of the meter and that any tampering with them is subject to the usual penalties for tampering with the city's meters.

The discs are finished in brilliant yellow "day-glo" with lettering in jet black. One disc will be installed on each meter and will fit in the circular center-part of the meters facing the sidewalk traffic.

## INTRODUCING "MISS HIGHWAY SAFETY"

Pert singer, Miss Pyhlis Lawrence selected by the Maryland Motor Truck Association as "Miss Highway Safety of 1951" in connection with their forthcoming annual "Roadshow", a contest for the most proficient truck drivers in Maryland at the Memorial Stadium, Baltimore, on September 14 and 15.

"Miss Highway Safety" will be at the head of a huge Safety Parade, to take place at the start of the "Roadshow". She is traveling around the state during the next month in the interests of Highway safety, a very important phase of truck driver training. She may compete with other state safety queens at a proposed national contest in Chicago during October.

## TANEYTOWN STILL IN FIRST PLACE

Taneytown retained its hold on first place in the Pen-Mar League by defeating McSherrystown last Sunday with the score of 12 to 1. Each team has three games to go in the league, Taneytown having an important game coming up Sunday with Fairfield. The box score of last Sunday's game was

## SHORT STORY

### A Quiet Evening

By LILLIAN  
MONTGOMERY MITCHELL

JOE went into the elevator of Sallie's apartment building, settling his coat on his shoulders with a satisfied smile. After all, one might as well live in style! Sallie probably paid no more for her room in this building than Rita did in that walk-up flat where she had roomed for three years.

"Rita is a good sort," he told himself with a note of apology even in the thought, "but Sallie—say, there's a girl with dash to her!"

### 3-Minute Fiction

Sallie had rushed in with a wrap over her arm: "Oh, Joe, I'm so glad you happened in. They're throwing a dance over at Kitty's and—"

"But, say, after the way I've worked all day, Sallie, I absolutely can't dance all night! I—I just thought we'd have a quiet evening and—talk—" He did not go on to say that he had wanted to talk over serious problems with her such as the burning question as to whether two could live as cheaply as one.

"A quiet evening?" she repeated. "Who in heaven's name wants a quiet evening?"

Her piquant little face upturned to his, Joe allowed himself to be hurried from the room and down in the elevator.

"How far is it to this—Kitty's? Was that the name of the girl?" asked Joe.

Sallie nodded. "You met her a month ago—the same night you met me, Joe. Don't you remember her—a girl with red hair—no wave at all and long green earrings?"

"I'm not going," said Joe, stubbornly.

Sallie looked up at him, her foot on the running-board of the taxi. "Oh—yes, you are," she said. "Yes—you are, Joe Marshall!"

"What's the address?" Joe asked quietly.

He repeated it to the cab driver. "How much—about?" asked Joe.

"Bout four-sixty," answered the man.

Joe handed him a five-dollar bill. "Keep the change," he said, closing the door.

He turned down the street in Rita's direction mechanically. Five dollars! His lunch money for days gone. He shrugged; after all, a fellow could not expect to take out a girl like Sallie without spending. He had thought that he would visit with her all evening as he had done so often at Rita's but this girl—strictly modern, he told himself. He had thought to buy a box of candy for her and this was yet in his pocket. It was a fancier box than he had ever taken Rita, he thought.

Rita herself opened the door. "Hello," she said, warmly. "I wasn't expecting you, Joe. No—come back here to the dining room. Mrs. Matson had to go to the den."

From the sense and wisdom behind Rita's eyes, he might even learn goodness, too.

tist's and I'm taking care of the youngsters. Mary is at her home-work."

"Maybe Mary'd like some of this candy I brought," said Joe. "And I was wondering, Rita, about—that furniture we were talking about—"

"Are you proposing to her?" demanded Mary.

Now it was Joe's turn to flush. The kid needed a spanking. But he managed to get out with, "Any objections?"

"I was hoping that Rita'd marry a good-looking man," retorted this surprising youngster.

Joe stared at Mary. Then, faintly, he began to see the humor of the situation. He looked directly into Rita's eyes. In them, he thought, he might be good-looking. And from the sense and wisdom behind Rita's eyes, he might even learn goodness, too.

"Yes," he said to the youngster, directly answering her question, "yes, I am proposing."

## He Walks and Talks, Is Fairly Smart; Still Is not Human

MANSFIELD, Ohio—Found at last—the perfect man. Well, almost perfect, anyway. He walks, talks, smokes, is able to count and to recognize colors, and has never lost his temper.

The only catch is that he is not an ideal husband. In fact, he is not even human. He is Elektro, Westinghouse's mechanical man now touring the country with his dog, Sparko.

The latest, and more advanced, descendant of Televox, 1927, and Willie Vocalite, 1932, most widely-traveled mechanical man, Elektro was the brainchild of Joseph Melton Barnett.

Elektro has a vocabulary of 77 words, which he speaks with clarity and decision; he walks freely, moves his head, arm and fingers; counts on his fingers, says "red" or "green" when these colors are placed before his eyes; smokes cigarettes and, after a fashion, sings. He has a limitless amount of energy—getting it all from the nearest light socket.

Elektro would make a good football fullback. He has 18 inch feet and a chest expansion of 82 inches. His chest is always expanded in a manly fashion because, like the rest of his body, it is made of aluminum over a steel frame. He'll never be in need of a psychiatrist because his 60 pound brain consists of 82 electrical relays. These operate his nervous system of motors, levers, gears and chains. His spinal column and nervous system is made up of hundreds of miles of wires, which give him a total of 26 motions.

Sparko, his electrical dog, trots at his masters heels. He performs such tricks as begging, standing up, sitting down, barking and wagging his tail. Also made of aluminum, he is 17 inches high at the shoulders, 42 inches from the tip of his nose to the tip of his tail, and weighs 65 pounds. He is motivated by two motors, each rated at one-twentieth of a horsepower.

### Pickpockets Land in Jail Because They Couldn't Pray

NEW YORK, N.Y.—A police officer who knew his prayers nabbed two men with long records of pickpocketing.

The detective said he spotted the two mingling with a holiday crowd in a cemetery, apparently trying to pick pockets.

Questioned, the men said they had gone to the cemetery to decorate a friend's grave and to pray. When the skeptical detective asked them to pray, the two conceded that they did not know how.

They will now have a chance to learn—in jail.

### Girl Needs Good Excuse Before Missing Classes

OKLAHOMA CITY — Bernice Brown, a 14-year-old ninth grader in Capitol Hill junior high school here, really needs a good excuse to be absent from her classes—or rather, to miss any of her classes.

Bernice, a victim of rheumatoid arthritis, has her education at her fingertips. Confined to bed, she recites her lessons or listens to her classmates at the school by pushing the button on a combination microphone-speaker installed at the bedside.

A telephone cable connects her home to the school and one of her classmates carries the microphone-speaker from room to room as classes change.

### Pole Hopping Easy Task, Pilot Says After Flight

NEW YORK, N.Y.—The first pilot to hop across the north pole in a single engine plane recently called the flight a simple one, that airlines—or even the Russians might easily duplicate.

Charles F. Blair, Jr., a chief pilot for Pan American Airways, made his transpolar hop from Bardu, Norway, to Fairbanks, Alaska, in 10 hours and 30 minutes.

The pilot flew into New York after stopping at Fairbanks for an hour of sleep and a beef sandwich. He averaged 375 miles an hour on the flight from Fairbanks.

### Flyers Believe Camels Being Used in Korea

KOREA—Briefing officers of the U.S. Fifth Air Force are no longer being stumped by the hump of a camel. Nowadays, when a pilot fresh from a mission says "I got me a camel today," the interrogator smiles and replies, "How nice. One hump or two?"

The fly-boys contend that they have been sighting—and sinking camels loaded with artillery pieces in the areas around Hungnam, but the infantry isn't convinced. One infantry general, when told the report, winked and said, "Tell them to send me a camel—I've always wanted one as a pet."

If there are no camels, the air boys are having a fine time destroying some sharp illusions. In fact, camels are choicer targets than oxen, oxcarts or bicycles. One flyer, Lt. Norman Burhner, Des Moines, reportedly knocked off eight camels near Poyngvong.

## Farmers Are Warned About Use of Poisons Respirators Advised For Dusting Operations

This summer American farmers and gardeners will use about 1,000,000 pounds of bug-killing materials, much of it containing parathion, especially those highly effective on the destructive leaf aphid.

Insecticides containing parathion are used a great deal by commercial fruit producers.

Now produced by several chemical companies, parathion in its original state is a brownish liquid. But as a commercial insecticide it

Respirators should always be worn when handling parathion-base insecticides. Protective rubber gloves should also be used since the toxic chemical can be absorbed through the skin.

comes in powder form to be used for dusting or mixed with water for spraying.

While highly effective on insects, parathion also is extremely poisonous to humans. That is why some kind of respirator is recommended for farmers and growers spraying or dusting with insecticides containing the chemical.

A light weight and not uncomfortable respirator, with a molded rubber facepiece has been developed by the Mine Safety Appliance company of Pittsburgh which will fill

the need.

Proper equipment on a modern farm is essential if the farmer is to protect himself, his employees, and gain top production.

### Important Industry

There are over 2,300,000 persons engaged in contract construction work, reports the National Association of Home Builders.

### Left-Overs

Homemakers can put left-over potatoes to good use by adding them to stews and chowders.

### 4-H Club Camp

The 1951 national 4-H club camp in Washington, D.C., was June 13 to 20.

### Buying Chicken

When buying chicken, allow three-fourths of one-pound of the dressed weight for each serving.

### New York Builders Busy

Builders erected 425,000 new dwelling units in the New York metropolitan area from 1946-1950.

### Number Ma'am

Approximately three out of five Bell System employees are women.

### Uncle Sam Says

Just as the military forces keep America strong in the field, your purchase of U. S. Defense Bonds helps keep America strong economically. Both are of extreme importance today. It's the combined strength that protects your town, your home, your right to work, and to maintain peace. Remember—when you're buying Defense Bonds regularly, you're building a personal reserve of cash savings. And your maturing Series E Bonds will go on earning interest for another 10 years. In 20 years you will get 77 per cent more than your original investment.

### Clogged Drain Blaster

Handling Devices Company, Inc., Boston, Mass., has developed a device called "Drain Gun" which with the help of carbon dioxide cartridges shoots a blast of gas and air to unclog household drains. When punctured, the cartridge builds up pressure inside the gun to 50 pounds, then the gun is placed over the drain and the air pressure released with a spring-operated valve to blow out the clogged wastes.

### Major Roads Deficient

Half of the major road and street mileage of Ohio was found to be deficient and in need of improvements before today's traffic volumes can be accommodated and adequate service for the future provided. Ohio Highway Study Committee, who made the survey, said the greatest percentage of deficient mileage was on the major rural and urban State Highway routes—the roads and streets that carry the heaviest traffic loads.

You can count on  
PERFECT RESULTS  
when you cook with  
ELECTRICITY

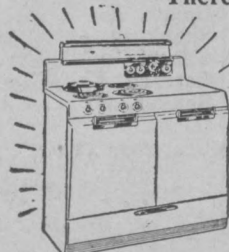

©RK

Cooking results depend largely on the right amount of heat in the oven, or under the pot or pan. That is why cooking with electricity is far more reliable. Heat in an electric range oven is controlled automatically. Simply set the heat control at the temperature your recipe calls for. That's exactly the temperature you get—never a little more or a little less.

That is also true of the surface units. The same switch position always gives the same amount of heat.

There is no guesswork about cooking with electricity. Women who cook on electric ranges expect, and get, PERFECT RESULTS.

There are electric ranges to suit  
every need and every purse.

### ONLY AN ELECTRIC RANGE GIVES ALL THESE ADVANTAGES

- ✓ COOLER kitchen
- ✓ LOW COST of operation
- ✓ AUTOMATIC OPERATION
- ✓ FAST as fire without flame
- ✓ PERFECT RESULTS everytime
- ✓ SAFER for home and family
- ✓ CLEAN—no smoke, no soot
- ✓ SAFER for home and family
- ✓ EASY—simplest way to cook

### Are You a Citizen?

Lesson for August 26, 1951

LET'S come down home. The official title of this week's lesson is "The Christian's Responsibility in Public Life." That is a big thing, a wide circle; but the center of the circle is you, my friend, and right around you is the community in which you live.

What kind of town is it? Not how big, but how good. It doesn't have to be a town at all. It may be a section of open country, a few miles of farms, ranches or woodland. But it is some kind of community.

In New York State the Citizen's Council prepared the following set of questions which can be used to help you rate your community. After each set of these questions write down either 10 for good, 5 for fair, or 0 for poor.

#### Rate Your Town

"1. Education: Does your community make modern education available to every child, youth and adult? Are its schools uncrowded, properly equipped, and in good physical condition? Are the teachers highly qualified and well paid?

"2. Housing and Planning: Is every family decently housed? Is there continual planning for improvement of highways and other community essentials? Are parking, transportation problems under control?

"3. Religion: Is full opportunity for religious expression offered to every individual in your community? Are your churches strong and well supported?

"4. Equality of Opportunity: Do people of different races, religions, nationalities have full chance for employment and taking part in community life? Are dangerous tensions kept at a minimum by avoidance of discrimination and injustices?

"5. Economic Development: Are good jobs available? Do labor, industry, agriculture and government work together to insure the sound economic growth of your community?

"6. Cultural Opportunities: Are your citizens' lives strengthened by ample opportunity to enjoy music, art, and dramatics? Does your community have a professionally administered library service which benefits people of all ages? Do your newspapers and radio carefully review the affairs of the community?

"7. Recreation: Are there enough supervised playgrounds and facilities for outdoor activities? Does your community offer full opportunity to take part in arts and crafts, in photography, and in other hobbies?

"8. Health and Welfare: Are medical care and hospitalization readily available? Is provision made for underprivileged children, the aged, and the handicapped? Can families in trouble secure the help they need?

"9. Government: Do capable citizens seek public office? Are your officials concerned above all with community betterment? Does controversy stem from honest differences of opinion and not from squabbles over privilege?

"10. Community Organization: Is there any organization (community forum or the like) representative of the whole community, working for the advancement of all? Do your citizens have opportunity to learn about and take part in their local affairs? Is there an organized community-wide discussion program?"

#### It's Up to You

NOW add the scores you have put down for each of the ten groups of questions. A total of 100 is fine; 50, fair.

But now look over those questions again. Is there anything you could do, personally, about each of those things? If so, have you done it? Have you done as much as you could? Have you ever tried to get other people interested?

You can make another score sheet and head it: How I Rate as a Citizen. Then grade yourself under each of those ten heads, 10 for doing all you can, 5 for doing a little something, 0 for nothing at all. If you are a Christian, be especially strict with yourself.

If you were out of it, would your community miss you as much as you miss salt when some one forgets to put it on the potatoes? If you left your community, would it seem a bit darker there after you were gone?

## Southern States MILKMAKERS

Even though milk production is always good at this time of the year, it can easily be improved by feeding Southern States 16% or 20% Milkmaker along with your pasture. Just a few pounds of either of these high TDN (Total Digestible Nutrients) feeds is enough to produce a profitable jump in milk production. Try them. Dairymen agree they really do a job!

16% Milkmaker cwt.	\$4.46
20% Milkmaker cwt.	\$4.48
32% Milkmaker cwt.	\$4.89
16% Dairy cwt.	\$4.27

With Alfalfa Seed...

## YIELD COUNTS NOT COSTS!

It is not the price you pay per pound of alfalfa seed that really counts, but the yield per acre at harvest time. Often you can purchase unadapted seed at 5c to 10c per pound less than Southern States adapted, known-origin alfalfa seed. But this \$1.00 to \$2.00 per acre saving means nothing if you lose a single cutting on your entire crop.

So for bigger yields, and sure yields... use Southern States adapted, known-origin Alfalfa Seed. You're certain of a profitable crop when you sow Southern States!

Variety	Price
Cert. Buffalo Alfalfa	\$51.60 bu.
Grimms Alfalfa	\$46.80 bu.
