## LIONS MEET

### District Governor's Night Celebrated

A most enjoyable meeting was held on Tuesday evening at Taney Inn by the Taneytown Lions Club, with the Union Bridge Club as guests celebrating District Governor's night—Lion President Harry Dougherty, presiding.

Music for the evening was very ably rendered by Professor Sterbinsky, of Emmitsburg. Special music was furnished by Mr. David Reifson, accompanied by Mrs. Wallace Yingling, who sang two solos, "Old Man River" and "One Alone." After the introduction of Lion Bowman, President of the Union Bridge Lions club, and all other members present, the meeting was turned over to Deputy District Governor Hoke Ommert who introduced the honored guest, Lion William Heagy, District Governor of 22V. District Governor Heagy, after noting the fine attendance and particularly the amount of spirit and enthusiasm shown by the clubs, directed his remarks as follows: friendship is the root of service clubs and therefore friendship develops unity. Taking the word Lions and putting meaning to each letter you have the following five points: (1) Loyalty—loyalty is the essence of friendship, (2) Interest—interest in your neighbor, your community, your fellowman and their work is the basis of friendship, (3) Others—not always what we can but what we want to do for others is the basis of friendship, (4) Neighbors—living together and developing organizations such as the United Nations, (5) Service—for what greater cause can we dedicate our lives.

Lion Dougherty extended the club members thanks to Lion Heagy for his very inspiring talk.

It was announced that the Lions family style turkey supper would be held on Saturday evening, October 13, 1951, at the Firemen's Building beginning at 3:30 P. M. Kindly keep this date in mind and come out and enjoy dinner with the Lions.

Miss Anna Galt, president of the Piney Creek Missionary Society, gave a brief history of the church and society. Mrs. Raymond A. Raap, President of the Baltimore Presbyterial, responded to the program in each church with greetings and appreciation for the wonderful hospitality accorded the visitors.

At 2 p. m. the busses left for Emmitsburg where a similar program was held in the Presbyterian church. In each church all felt that this tour proved a great inspiration and outstanding event in the three Presbyterian churches.

## NO PENNANT FOR PEN-MAR LEAGUE

### Unsatisfactory Decision Made Regarding Final Standing

The Taneytown baseball committee headed by Mr. Elwood Baumgardner, announced today that they had been notified by the League president, Dr. D. L. Beegle, Emmitsburg, Md., that the pennant for the 1951 season would be vacant. This action came out of a complaint lodged by the Fairfield club. The complaint being that one of Taneytown's players were ineligible to play since he was found to live outside of the 15 mile limit set by league rules. A check of the distance showed that this player lived out of the limit by 9/10 of a mile. The President, basing his decision solely on the 15 mile rule, ruled that all games in which this player participated would be forfeited to the opposing teams. Taneytown immediately protested this decision on the grounds that they were innocent of the knowledge that this player lived beyond the 15 mile limit and that the Fairfield club did not exercise their right to protest until after the time limit for such protests had expired. Rule No. 17 of the By-Laws of the Pen-Mar Baseball League covers protests in that all protests are to be filed by written notice to the President, within 48 hours after game time, and must be accompanied by a \$5.00 check. In this case Fairfield's protest was not filed until September 27th, eighteen days after the tie breaking game was played on September 9th. Taneytown admits that their player does live out of the 15 mile limit but asked the league management to disregard Fairfield's protest because the time limit had expired. League management then came up with the idea of vacating the pennant for this year because of the two errors, Taneytown playing an ineligible player and Fairfield holding up their protest until their time limit had expired.

President Beegle presented to Taneytown, immediately following the game on September 9th., a trophy for qualifying as League Champions by defeating Fairfield 12 to 5 in the tie breaking game just completed. It was later discovered that the trophy was purchased for the purpose of being presented to the team that wins the Shaughnessy Play-off finals. An unparadonable error when compared with how the League management handled the latter affair of the League.

Mr. Baumgardner points out that while League Management may not recognize Taneytown as the League Champions this year, the fans know that Taneytown is the League Champions for 1951 and that arrangements are being completed now to celebrate this fact. A banquet in honor of the ball players and their wives has been arranged for Monday, October 29th, at the Taney Inn and Bailey Goss has been secured to speak on this occasion.

Because of the decision of vacating the pennant, it has been decided not to finish the play-off finals since there is no trophy to play for. The rained out game of last Sunday was scheduled at McSherrystown for Sunday, October 14th, this game has now been canceled.

## COURSE IN HOME NURSING

Additional courses in Home Nursing are being organized for Manchester, Taneytown and Westminster areas by the Carroll County Chapter of the American National Red Cross. These courses are designed to bring knowledge and skill to family members who may be called upon to nurse both the ill and the injured.

You never know when a member of your family may be injured or become ill. Are you prepared to give the care and attention that will bring to that loved one comfort and help. Speed recovery and make the sick time a little more pleasant.

Why not enroll in the course "Home Care of the Sick" and become really skilled in home nursing procedures? Learn how to use common household articles to improve aids to the sick, the easiest and best ways to give simple treatments ordered by the doctor. Are you a new mother or do you anticipate becoming one? Enroll in a course and prepare yourself to give safe care to the new baby as well as to children and adults. It is time well spent.

In the Taneytown area consult Miss Virginia Teeter; for the Manchester area contact Mrs. Clifford Timberman or Mrs. Dale Weaver; and in Westminster call 212 or headquarters 206 East Main Street. Do it now, don't wait. As soon as qualified instructors are available for the other districts of the county additional classes will be organized in those communities.

## THIS 'N' THAT

(Your Chatty Column)

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

Driving through the country and along the Highways, one can easily realize that the real Fall days are just around the corner due to the advance showing of the dresses of golds and browns around the country sides.

By the time this column goes to print that 'Frankie' boy will be on the return trip to these United States. At least he has written his last letter to those around the town.

He is planning to take over the business with his brother and allow his father to retire. Betcha, on this that little man will never retire. Eh?

Now, here's to any individual suffering from that awful arthritis. There is a Dr. in Towson whose name is Sadalack (on Penna. Ave.) who has cured a lady that to look at her now, one would not realize she had been a victim of the disease. The treatment is weekly.

To those nice ladies over in the Manchester nursing home, Your Observer will be coming your way soon on that very special trip.

Before those vile beetles start again this coming year there is an insurance agent over in Hampstead who knows just the answer to those pests and his name is "TWIG". Better investigate that one and you will never see another Japanese Beetle.

Here's to the real 'Taneytonian'. Don't you want our little town to grow and become prosperous? It takes an outsider always to appreciate the little town and see the possibilities in that little town. Always welcome any newcomer especially in business, folks, for they do make the town a thrifty one no matter in which section.

Skirts are positively getting shorter, ladies, and that just about what is called "street length" which is so much more becoming to any individual. The "stole" is getting more popular all the time so if you have any old fur that is worthwhile you can have it made into a glamorous piece.

It's a cute baby girl cherub that the stork dropped at the home of that nice nurse (who used to reside around our town). Lucky parents and still more lucky for that baby.

From time to time, Your Observer has tried to put it across to my readers about the bad habit of being tight with money, the awful expression it leaves upon every feature of your face which will be stamped there forever. I know a woman who has a tourist's home which she owns right out as the husband built it and they have one elderly daughter. Besides these tourists, this woman makes the most beautiful rugs I have ever seen of braided affairs any shape you may desire and she sells hundreds by the dozen. She was left \$10,000 by an aunt a few years ago and she has reared a young man from the age of 15 years of age who has never married as he supports the household with food. This elderly

## DR. GERTRUDE GROSS TO ADDRESS JOINT PTA.

Dr. Gertrude Gross, a member of the mental hygiene staff of the Springfield State Hospital, will address a joint meeting of the Taneytown High and Elementary Parent-Teacher Association on Tuesday, Oct. 16, at 8 in the school auditorium. Dr. Gross is an excellent person to discuss the problem of making children more satisfied and happy, and it is hoped that the parents of children of all ages will be present. In addition to the address, the film "Angry Boy" will be shown to illustrate one way in which pupils are sometimes unhappy in school due to home conditions.

The annual food sale was conducted by the Elementary school in the Firemen's hall on Friday. As usual, the patrons donated a large number of assorted articles, making the affair a financial success. The profits will be used to supplement and improve teaching materials now being used.

The Elementary school will be closed on October 18 and 19 for the annual convention of the Maryland State Teachers Association to be held in Baltimore. This convention has come to be regarded as an outstanding event providing very valuable experiences for the teachers throughout the state.

A one-day collection for the benefit of the Children's Aid Society of Carroll County was conducted on Wednesday, with pupils being given the opportunity to donate to this worthy cause.

The members of the sixth grade class recently had the privilege of seeing an excellent film on our American heritage and freedom, through the courtesy of Mr. Kenneth Clem, manager of the Earle Theatre.

Recent visitors to the school included Mrs. Ecker of New Windsor Elementary and Miss Seemer of Westminster Elementary, who observed teaching techniques in the second and third grades.

As part of the reading program of the school, the faculty will have the experience of working with a consultant from Ginn and Company, publishers of textbooks. This will be a very valuable experience in learning the latest trends and techniques of teaching the fundamentals of reading.

### YOU AND YOUR CONGRESS

CONGRESS is deeply concerned at the moment about a kind of security that has little or nothing to do with defense.

The concern centers around President Truman's recent order which, among other things, permits federal civilian agencies to withhold information from the public if they deem such action necessary for national security.

Furthermore, it permits the head of an agency to delegate this authority to any of his underlings, making a potential censor of practically every federal agency employe.

CONGRESSIONAL criticism was immediate and frequently sharp.

Sen. Bricker (R-Ohio) introduced a bill (S. 2190) to repeal the executive order. He said it is generally recognized that censorship by the Defense Department and Atomic Energy Commission "must be tolerated in spite of the inevitable abuses." He strongly objected to giving more than 60 federal departments and agencies "the same power to suppress information."

Rep. Bakewell (R-Mo.) declared that "secrecy is the cloak of dishonesty." Rep. Talle (R-Ia.) said he thought it was significant that "the lid of secrecy is being clamped down even as Congressional committees are sifting charges of corruption in the Truman Administration."

Sen. Benton (D-Conn.) normally an Administration supporter, proposed the appointment to a high federal post of a 'people's advocate' to fight for the release of information to the public.

Sen. Moody (D-Mich.), also normally an Administration supporter, and a former Washington correspondent, suggested selecting a group of Washington newspaper men to help the Administration draft a security code.

ALMOST IMMEDIATELY after the White House order was issued an Office of Price Stabilization official issued a directive forbidding release of any information that might "embarrass" OPS.

When word of that reached Congress, the bombs of criticism of the Presidential order really began to burst. The White House quickly rescinded the OPS directive. But Congress already had gotten a taste of things to come under the new Executive order.

NOR WERE the Congressional critics mollified by Mr. Truman's announcement at this news conference the other day that he would change the order if experience warranted.

He attempted to justify the order by saying it was needed to preclude publication of military secrets. But his critics were aware that the State and Defense departments and Atomic Energy Commission already possess unlimited authority to protect the nation's military secrets through censorship.

BACK OF the Congressional distaste for the Presidential order were several important factors:

1. The abhorrence in our Democracy of any sort of censorship of information for the public except where absolutely necessary for reasons of military security.
2. Awareness that there is no real connection between the actions of the majority of federal agencies and national security in its real sense.
3. The celerity with which most federal agencies discovered, for purposes of obtaining larger appropriations, that their routine operations were "vital" to national defense. This breeds fear in Congress that those agencies, especially when encouraged

by the new Presidential order, would be just as eager to use the pretext of their importance to national defense to withhold information which might encounter adverse public reaction.

There is also the fact that the Presidential order highlights another of the dangers of the sort of "big government" that has grown up in Washington during the last 20 years. Its growth has found Congress delegating more and more authority, via loosely written legislation, to the Executive branch.

Today Congress faces a situation where suppression of much information under the guise of security may prevent Congress itself, as well as the general public, from learning exactly how the Executive agencies are using their vast authority.

### GRASS ROOTS OPINION

WADENA, MINN., PIONEER JOURNAL: "Future increases in living costs will be due altogether to the increased taxes levied by Congress. The way to get living costs and taxes down is for Congress to insist that public spending hereafter be at levels that our economy can afford. Those responsible may talk till they're black in the face but the fact remains that the last two Congresses have been the most wasteful and extravagant in the history of the Republic and it is reflected in the steady decline in the dollar's buying power."

GARNER, IOWA, LEADER: "It is gratifying to know that Congress is discussing plans to cut tax levies... but it would be more to the point if Congress would take prompt action to cut unessential Federal expenses."

MADERA, CALIF., NEWS-TRIBUNE: "Many unions—more than the public realizes—have successfully worked out their differences with employers for years on end without resorting to walkouts."

OLYMPIA, WASH., OLYMPIAN: "The American people can stop inflation in thirty days—simply by insisting that government spending be held down to the amount which can be supplied by American productivity without wage or price increases."

SOMERSET, PA., DAILY AMERICAN: "A lady resident of New York explained to this writer on one occasion; 'here in New York when we get life rent and the taxes paid, we eat. Isn't it about time that our lawmakers say to themselves, the methods employed by private citizens who live within their incomes should be applied to government spending.'"

### SPEND, SPEND, SPEND!

Raymond Moley devoted one of his recent Newsweek columns to Senator Paul Douglas's valiant and almost totally unsuccessful effort to wring a little of the water out of the Federal budget. In conclusion he wrote: "It will take more than name calling, phony statistics, and wisecracks by the President to dissipate the feeling over this country that since people are being forced by higher taxes to practice self-denial, the government should set the example. All through the country there are too many glaring examples of Federal extravagance to escape notice. The country is a rich one, but it cannot stand military expenses of the size that will be essential, unless there is economy in nonmilitary spending. Taxes will not suffice, and inflation must be the deadly harvest."

Every proposal to economize has been steamrollered to death in Congress. That is true of the huge rivers and harbors bill, which is the pork-barrel deluxe. It is true of such lesser matters as Senator Douglas's proposal to abolish the old practice of maintaining, at the taxpayers' expense, a free barber shop for Senators. The number of Congressional voices which have been raised against waste are pitifully few, and can hardly be heard over the roaring "spend, spend, spend; tax, tax, tax" chorus.

If there is any better way to destroy a country from within than to countenance waste, extravagance and corruption in government, no one has thought of it. The people are being bled white by taxes now, and the incentive to work, to save, and to achieve is being destroyed. If we keep on going in the present direction there can be only one end—and that is national bankruptcy and national ruin. It happened to great empires of past times. It can happen here.—Industrial News Review.

# Here's why Fordomatic puts them all in the past!

For the past year, automotive writers, engineers and owners have been raving about a new kind of automatic driving... and here's why you get it only in Ford Cars:

All the power you need when you need it!

It gives you instant "GO"! It practically drives itself!

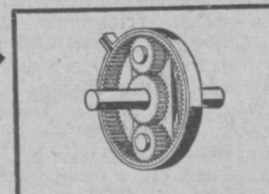

Some automatics have this

The automatic drive some cars offer you is a torque converter which multiplies torque without the use of gears. Its advantage is a smooth flow of power. Its disadvantage is a smaller range of torque multiplication which requires more power from the engine and an uneconomical axle ratio which increases costs.

Some automatics have this

Other cars offer an automatic drive that uses automatic gears (as illustrated in simplified form at right) instead of a torque converter. The advantage here is more "go," more control and greater economy. The disadvantage is that this system is not as smooth, nor as jerk-free as a torque converter.

But Fordomatic has both

Yes, Fordomatic has a torque converter plus automatic gears. It brings you only the advantages of both drives. Unlike cars with only a torque converter (which start and cruise all in one drive gear), Fordomatic starts fast and smooth in Intermediate Gear then shifts itself into Drive Gear.

**Hydraguide Power Steering!**

Chrysler this year introduces the first power steering ever offered on an American passenger car. Many owners tell us it is the greatest advance in car driving since the self-starter! To a person who hasn't tried it, it is actually impossible to describe what a difference it makes. Driving becomes a new and wonderful experience. At your touch on the wheel, hydraulic power instantly provides four-fifths of the energy needed to steer the car. Gone is all sense of tug, strain, tension. In its place you find a wonderful sense of absolute front wheel control with almost no effort on your part. Hydraguide is regular equipment on Crown Imperials, optional at extra cost on other 8-cylinder models. Whatever car you're driving now, we invite you to . . .

**NEW EASE!** No more whirling or twirling, tugging and straining. The littlest lady you know can actually park the biggest Chrysler with her thumb and one finger on the wheel . . . drive all day with new freedom from arm-and-shoulder fatigue!

**NEW CONTROL!** Hydraguide gives your hands on the wheel a new feeling of complete command at any speed. In city traffic . . . on awkward driveways . . . in snug-fitting garage entrances . . . you never felt such steering control in any car before!

**NEW SAFETY!** Even off the road onto a soft shoulder, Hydraguide helps keep your car steady and true with almost no effort . . . takes the jolt and strain out of driving in ruts, snow, or sand . . . makes steering many times safer than ever before!

Mrs. Frank Suffern was hostess to the Frizellburg Community Home-makers Club Friday afternoon, at the home of Mr. and Mrs. Harry Cashman. The president of the club, Mrs. Howard Reichard called the meeting to order by reading a poem entitled, "My Home." She also led in prayer. Mrs. Delmar Warehime told the story of the writer of the hymn, "Onward Christian Soldiers" and led in singing. Miss Evelyn Scott, Home Demonstration Agent gave an interesting demonstration on "Tables With Eye Appeal." Mrs. James LeFever, International Relations leader, reported on Freedom First, Peace Second, written by Mrs. Ruth B. Sayre, president of the Associated Country Women of the World. It was decided to give \$5.00 to the Children's Aid. Committees were appointed for the annual Christmas Party and covered dish supper to be held Dec. 4th in the Parish House of Baust Reformed church. Further plans were made for the County Council which will be held Oct. 19 in the high school building, Westminster. Refreshments were served by the hostess, Mrs. Frank Suffern and co-hostesses, Mrs. John Schaffer, Mrs. Denton Wantz and Mrs. Delmar Warehime.

Mr. William Rhoten, of Boring, Md., sends a dollar to the Record for a year's subscription. Nice to read the home news.

Rev. Andrew F. Theisz called to see Mr. Arthur Master on Thursday. "It is what we learn after we think we know it all, that counts."

The best kind of pride is that which compels a man to do his best work, even though no one is looking."

Mr. and Mrs. Edwin Cashman of Baltimore, Capt. Frank Suffern of Indiantown Gap spent Sunday at the home of Mr. and Mrs. Harry Cashman, Mrs. Frank Suffern and daughter, Linda.

Mr. and Mrs. Norman Willet and family were visitors in the same home on Tuesday evening.

Mr. and Mrs. Royer Coleman and Mr. and Mrs. Robert Bosley left on Friday for a week end vacation.

Sunday dinner guests of Mrs. Geo. Rhoten and family were Mr. and Mrs. Ben Bosley and son Ronald, Mr. and Mrs. Albert Palmer, Mr. and Mrs. Carroll Palmer and daughter Elizabeth, Mrs. Helen Harmon and son, Michael; Mr. and Mrs. William Rhoten, son Billy and daughter, Shirley. Mrs. Rhoten received some lovely gifts in honor of her birthday anniversary.

I received a letter from a pen friend in Durham, England. She tells of the shortage of food, and their people have been rationed for the past eight years, instead of getting better on main commodities they are getting worse. Butter and bacon, 3 ozs of butter a week and 3 ozs of bacon a week for a working man. It is not sufficient for one meal let alone a week. They have only been able to buy one egg per person per week. She says there is not one person who wouldn't welcome a change. The milk shortage was expected to spread but if necessary, they are prepared to bring milk over by air, from Northern Ireland. We can be glad that we live in America.

The Fellowship covered dish supper of Baust Lutheran church, Wednesday evening was a decided success. 88 members and friends enjoyed the meal and program. Mr. Henry Reindollar, of Trinity, Taneytown was the guest soloist, he was accompanied by his wife at the piano. Two films were shown one for the grown folks, "A Christian Home", one for the children, "A Selfish Little Elf." Rev. Donald Warrenfeltz, Mr. William Flohr and Mrs. Delmar Warehime each gave a short talk.

"Those poor children next door have no Mummy nor Daddy, and no Aunt Jane," said a mother to her little boy. "Wouldn't you like to give them something?" "Yes," replied the little boy. "Let's give them Aunt Jane."

"No matter how handsome or how homely you are, you still look better when you smile."

**FEESERSBURG**

From a kitchen window on a country lane— Summer at last is being given the cold shoulder by autumn and reluctantly she is moving out. The grass in most pastures is turning brown due as much to the dry weather as the time of year. The flowers are having their last colorful fling before Jack Frost puts them to shame with a frigid kiss. In spite of modern corn pickers some corn is on the shock and the rows marching across the fields give silent tribute to the farmer who neither heard modern machinery nor mind hard work. The air is filled with the promises of things to come—like hot cakes with maple syrup and the tantalizing fragrance of fresh pork, sausage frying for breakfast, making the head of the farm finish his morning work in a rush as the clear frosty air gives his appetite an extra wallop. The sun is leaning southward and the birds have decided to follow the sun. Walking in the woods one notices how quiet it is. Quite in contrast to a few weeks ago when the shrill call of the birds and the noisy scattato of the insects gave full testimony that they deeply resented any intruder. Now the calmness of the woods is quite eerie and one has the feeling that a thousand eyes are watching from concealed hiding as indeed they are for our furry and feathered friends

by instinct know that the hunting season is here and their lives depend upon their wits. This is the time of year to relax and enjoy the fruits of one's summer labors, to take walks in the woods beside some quiet stream away from the hurry and clutter of the modern world. To get re-acquainted with one's real self—to take time out to gain a new perspective of the true reasons for living and enjoy alone the beauty that nature flings so carelessly around.

The teachers of the Elmer Wolfe school must have been greatly impressed on Monday evening when so many parents and friends responded to the invitation to visit the school and meet both the new teachers and the ones that have taught previously at Elmer Wolfe. The occasion was the first PTA meeting of the school year with a special emphasis in the new addition to the school. Earline Alexander, new PTA president welcomed the visitors and patrons in a short talk. Rev. Samuel Harley read a part of the "Sermon on the Mount" and gave a most inspiring prayer. The only business brought up was the voting on a motion to give 25 dollars to the High School library and the same amount to the Elementary library, and 50 dollars to the music department. Jesse Starkey, principal of Elmer Wolfe introduced each of the new teachers. Paul Niswander, representing the Board of Education presented a token key of the new addition to the school to Samuel M. Jenness, County Superintendent of schools. Mr. Jenness in turn presented the key to Earline Alexander who presented it to a group of students representing the six elementary grades. They were: Nancy Rinehart, first grade; Susan Crumpacker, second grade; Lewis Messler, third; Lorraine Bubbick, 4th; Eugene Saltzgruber, 5th; and Nancy Roelke, 6th. Music was furnished by the school band and orchestra under the direction of Mr. Kersey. At the conclusion of the program parents and friends looked over the entire school and later enjoyed refreshments in the cafeteria. The new elementary classrooms are colorful and cheerful. On entering them for the first time one feels he is stepping into a cheerful living room. Any average child should be able to learn in such a home-like setting.

Mrs. Mehrle Wilhide and Mrs. H. Baumgardner, of Westminster, enjoyed a day of shopping in Baltimore Tuesday.

Nearly everyone from our community took in at least one day of the Frederick Fair last week. The 90 degree temperatures and the dust joined together to make the crowds miserable but didn't seem to keep anyone at home for the attendance at the fair this year was far above normal. The attractions were about the same except for the display of farm and home products, which seem to improve each year. The flower display was very attractive. The midway attractions seem to become duller and more stupid as the years go by. Maybe it's because our days are filled with too many crisis and the thrill of seeing a two headed man or a human skeleton is nothing compared to the headlines that scream each morning at us from the newspapers. But if one is young, there are still a few things at a fair that can be of interest. The different things to ride on were amusing. One that attracted both the young and the old was the caterpillar, and one that I had never seen before which reminded me of an automatic washing machine, and no doubt left the occupants feeling like they had been through one. A fair can still serve a very real purpose especially in a rural community. It's a meeting place for an exchange of methods and ideas pertaining to the farm and home. It stimulates progress.

Of all the teachers in the U. S. public schools about 80 percent are women although only 8 percent of high-school principals are women. It is agreed by parents and child psychologists that there should be more men teachers but as long as the pay continues to be what it is, men will not be attracted to the teaching profession. It is impossible to marry and raise a family on a teacher's salary today.

The Red Cross has taken on a new problem. It is teaching Japanese brides of American GI's how to keep house, American style. From what one hears about the Japanese homes and lovely gardens, it might be a good idea to teach the GIs how to live in a house kept the Japanese way. One returning GI said that when he entered a Japanese home he always took his shoes off at the front door. I am sure some of us old American housewives would like to see our husbands observe that rule and our children, too. There will be Holy Communion Service at Mt. Union Lutheran church this Sunday.

Perhaps women are poor drivers because their husbands taught them how to drive.—Homer Phillips

The report of the activities of the chairman Philip Beamer of the disaster relief of the Carroll County Chapter Red Cross, connected with on-the-job contact with the fire victims of Sunday night, was the major report given the meeting of the directors of the chapter, held Monday night, at the Historical Society Home. County chairman Hazard Clarke presided. He commended the work of all the volunteer services combined in the effort to alleviate hardship suffered by the 17 families, and the great assistance given by the neighbors in the vicinity, especially Mrs. Richard Troxell. Reports included that Mrs. Wilbur Shreeve will act as floor manager for future blood bank visits. CAS DRIVE FOR FUNDS

The annual campaign for funds for the Children's Aid Society got under way on Monday, October 8th and the solicitors hope to contact every citizen of Carroll County. Actually, the goal set was only six thousand dollars, but it is earnestly hoped that the final count will be two thousand higher than that. Last Saturday, before the drive started, about four hundred dollars had already been donated. Miss Bonnie M. Custenborder, Director is on hand at all times at the office in the rear of the First National Bank building, and she welcomes visits from all those who are interested in the Children's Aid. There are so many who contribute generously, and who still have no definite idea about how the funds are spent. It will be worth your while to know that real good is accomplished by the Society, and how urgent is the need for help in many homes. The officers of the Carroll County Children's Aid Society are as follows: Mrs. R. Howard Reichard, President; Mrs. Ober Herr and Mrs. Frank T. Myers, Vice-President; Mrs. Alan Wagaman, Secretary; Mrs. Russell Benson, Treasurer; Mrs. Norman Aldridge, Office Secretary and Mr. J. Francis Reese, Campaign Director for 1951.

FEDERATION OFFICIAL GETS WHITE HOUSE PEN

White House Secretary Matthew Connally has sent the pen used by President Truman when he signed bill H.R. 3911 to George J. Burger, Vice-President of the National Federation of Independent Business. This Federation has a number of members in Taneytown with Clyde L. Hesson as chairman.

In 1947 Congressman Keating of New York introduced a bill directing that the next of kin of our men who lose their lives in our Armed Services shall receive a gold star lapel button. This bill stated that the limiting dates for this be fixed by the Armed Services. The dates thus established denied this button to the next of kin of the men after the Japanese surrender.

Mr. Burger thought that the lapel button should be continued for all future wars and when the Armed Services declined to change the dates, Mr. Burger turned to Congress where bill H.R. 3911 was introduced and passed directing that the button be continued for all wars. In recognition of his work, Mr. Burger was given the pen used by President Truman when he signed the bill into law.

**THE BIBLE SPEAKS**  
International Uniform Sundry School Lessons  
**BY DR. KENNETH J. FOREMAN**

SCRIPTURE: Genesis 27:1-33:17.  
DEVOTIONAL READING: Psalm 4.

**God's Untuned Harp**

Lesson for October 14, 1951

CAN the perfect God make use of an imperfect man? He has to; there is no other kind. God is the perfect musician; his melodies and harmonies are flawless; but he has to play these on the harp of humanity, twanging strings easily broken, never long well-tuned.

Dr. Foreman

One such doubtful string was young Jacob. He improved immensely, later in life; but at the time of the incident described in Genesis 28 he was a very rough diamond indeed. His own home was too hot for him. His father had been bitterly disappointed in him; his twin and only brother Esau had sworn to kill him at the first chance. He was a swindling liar, leaving home on the run.

If he had treated his neighbors with the same lack of conscience he had shown toward Isaac and Esau, there must have been "many a dry eye" when the news went around that Jacob had left town. As a matter of fact, he kept on, for some years after this, being the same sort of sharp trader he had always been.

His dream at Bethel did not convert him, as is sometimes thought; if it did, his conversion waited 20 years to "take." If the reader will examine Jacob's vow in Gen. 28:20-22, he can see that it does not express a very lofty view of religion on Jacob's part. Jacob makes his promise to the Lord with a large IF attached; IF the Lord will prosper him, keep him safe, bring him back and so forth, THEN he will give the Lord ten per cent. Who would not pay a ten per cent commission for guaranteed protection and prosperity? No, we cannot say that Jacob at this time was saintly.

**God's Purpose**

AND yet God spoke to him, made great promises to him. Was this only a concocted dream of Jacob's? It was a dream, of course, as the writer frankly says (verse 12); but was the dream only the kind of thing that psychologists call "wish-fulfillment," with no meaning except to show what Jacob had been thinking about? Or did the dream stand for something real?

The general belief of the church is that God really did have a concern for this man and did speak to him through his dream, even though it was the kind of dream which perhaps only a Jacob could have had.

But how could the perfect God "make a covenant" or come to any terms with such a man as Jacob then was? The answer is probably in the story itself and in what followed it. God had a purpose far beyond Jacob the man. He had a plan for him too; but it fitted into a far greater plan for mankind. "In thee shall all the families of the earth be blessed" refers, Christians believe, to Jesus Christ and what he has meant and will mean to the world. Without Jacob, and the race which would call him their ancestor, Jesus would not have been.

**God's Harp Has Many Strings**

ONE of the most remarkable titles for God in the Bible is "the God of Abraham, Isaac and Jacob" (Exodus 3:6). We might expect the first name; we are astonished to hear the other two.

Abraham, of course, was a great spiritual pioneer. He was great in other ways too; a man who would be outstanding in any age, in any place,—one of the great religious geniuses of all time. Of course God is the God of such men, we expect it.

But what about Isaac and Jacob? Isaac was a nonentity, a weak character, far from bright. Even his sins were second-hand. As for Jacob, even after he became a changed man, as in time he did, his old crooked record remind a fact. The Bible does not try to conceal it.

Then can God be the God of the weak and the God of the sinner? Yes, that is the glory of the God who is revealed in his Word. Other religions know of gods who are friends of top-level human beings, geniuses and saints; only the religion of the Bible knows of a God who takes a personal interest in the weak and who pursues the sinner to change him.

Only the Bible knows of a God who draws to himself all sorts and conditions of men, and makes use of them for his great and gracious purposes.

### THIS 'N THAT

(Continued from First Page)

woman is so 'money mad' that she is gradually losing her mind being so crafty. Folks, God does not ask you to bring a thing with you when He calls you. Nothing you have now belongs to you or your kin, it all is loaned to you for awhile. Don't be afraid to get the real necessities of life. Don't hold back that something or other that you want to do for Mary or John. Give while you live and then you will begin to live.

Here's to Mr. or Mrs. Driver of any vehicle. Even if you have the right of way, don't take it! A man was driving a car through a country road and had the right of way but a careless girl upon a motorcycle (going to the races) did not stop for the sign and went right through it in strange territory to her. Consequently, the car hit her a real blow and as I write these lines, she may be in another world for all I know as she was lying upon the ground with a crowd around her awaiting the ambulance.

What a treat it was to see on The Mercury Hour last Sunday night, the story unfold on TV of the life of Helen Hayes! And on this week for a real laugh again—Jackie Leonard, that big goodnatured fat man with the fine personality plus!

Our little town surely will miss that nice Dr's wife when they move to Hagerstown after living here for thirty one years! Best wishes go along from Your Observer!

It is nice to know that several around the town are still studying under that 'charmer' down in Westminster who is just about one of the finest German girls I know.

Your Observer is planning a New York trip in the near future and if I happen in any of the studios hope you will be 'alistenen'.

Now, here's really a true, innocent and cute one. Met a girl of twenty four summers who told me frankly that she has never been 'out' with any man in her life. And that's no foolin'.

So long, folks. Will be seeing you next week. Have a grand week end. Be good and be careful and always remember that a man wrapped up in himself makes a pretty small parcel. There are many willing people, too. Some are willing to work and others are willing to let them!

Until next week D.V. I am,  
Faithfully,  
YOUR OBSERVER

### KEYSVILLE MISSIONARY MEET

The regular monthly meeting of the Women's Missionary Society was held at the Keysville Lutheran church on Tuesday evening.

The topic for the evening was "Thinking Together." The opening song, "Lord Speak to me that I May Speak" was followed by Scripture reading and prayer by Mrs. Vernon Schaffer and Mrs. Arthur Clabaugh, leaders of the evening.

A vocal duet was rendered by Mrs. Roy Kiser and Mrs. Russell Bohn, accompanied at the piano by Mrs. Arthur Clabaugh, after which several members presented a promotion skit written by Mrs. Frank Fife. The characters were as follows: President, Mrs. Gregg Kiser; Member, Mrs. Vernon Shaffer; Mrs. Chatter, Mrs. John Harner; Mrs. Persistent, Mrs. James Coshun; Mrs. Maycome and woman in group, Mrs. Roy Baumgardner; Miss Shy and Mrs. Prospect, Mrs. Charles Trout; Mrs. Prayerful, Mrs. Carroll Wilhide; Mrs. Possibility, Mrs. Robert Stine; Mrs. Sincere, Mrs. Clyde Wilhide; Miss Put-It-Off and Mrs. Flutter, Mrs. Gilbert Stine. This play was to make us more conscious of the non-members in our local community, and more eager to share "The Good News" with them, and win them to Mission work.

Two readings were given by Mrs. El-

vin Study, "The Model Church" and a humorous one, "Husbands and Wives". The topic discussion was held in the form of a Buzz Session. The entire group was divided into five smaller groups and each group was given a question in connection with "How to improve our meetings — many usable and worthwhile suggestions came out of the discussion.

Mrs. Kiser and Mrs. Bohn rendered another selection.

The meeting was turned over to the President, Mrs. Gregg Kiser, who conducted the business session.

"O Little Town of Bethlehem" was chosen as the memory hymn for the coming Christmas season.

Our thanks to Mrs. Mary Devilbiss and Mrs. Ralph Shoemaker for the special numbers of the evening. Delicious refreshments of cider and gingerbread were served in the social room, midst autumn leaves, corn and pumpkins in keeping with the Halloween season. The refreshment committee consisted of Mrs. Lloyd Wilhide, Mrs. Carroll Wilhide, Mrs. Mary Devilbiss, and Mrs. Ralph Shoemaker.

Our doubts are traitors,  
And make us lose the good we oft  
might win  
By fearing to attempt.  
—William Shakespeare.

CHRISTOPHER COLUMBUS sailed boldly over the rim of the then-known world seeking a short-cut to the Indies—and discovered America. What a brilliant chapter in the history of Exploration was written by this dauntless voyager, with his three small ships! Each year on October 12, we commemorate his achievements.
