## MEN DINE

### Fathers and Sons of Trinity Enjoy Banquet

On Monday night of this week, the annual Father and Son Banquet of the Trinity Lutheran church was held in the Church Sunday School auditorium with 106 fathers and sons present. The banquet was in the form of a covered dish social and was served by the members of the Luther League. The affair produced much appetizing food such as: Gold sliced ham, meat loaf, baked beans, scalloped potatoes, macaroni and cheese, cold slaw, celery, carrots, pickles, rolls, cake, ice cream and coffee.

Henry Reindollar, Jr., the Brotherhood President, served as toastmaster and much interesting information was uncovered by him and reported on many of the members of the Brotherhood. He then introduced our guest speaker, Richard Sutcliffe, a former resident and son of a former pastor of Trinity Lutheran Church and now Assistant Editor of "The Lutheran", a Lutheran Church magazine. Richard gave a very interesting talk which was thoroughly enjoyed by everyone.

The committee in charge of the menu was: Harry Dougherty, chairman; Geary Bowers, Herbert Bollinger, Paul Robertson, Percy Bollinger, Cleve LeGore and Carroll Wantz. The table committee consisted of Elwood Harner, chairman; Everett Hess, Harry Dougherty, Jr., Doty Robb and Franklin Fair. The wives of the menu, table, and executive committees of the Brotherhood prepared the food in the kitchen. They were given a rousing hand of applause for a job well done.

Music was furnished by the Brotherhood Chorus. The toastmaster thanked everyone present for helping to make this event successful and all departed after a very enjoyable evening, hoping to be present next year.

### POWER LOOP FOR TANEYTOWN AREA PLANNED FOR '52

Potomac Edison has been given government approval to start a big improvement program in the Taneytown Md., area.

The new program will cost an estimated \$150,000. Its main feature will be construction of a 33,000 volt transmission line from Thurmont to Emmitsburg to Taneytown.

In connection with this new installation, necessary substation equipment will be added or enlarged at Emmitsburg and Taneytown.

Company officials have scheduled the completion of this \$150,000 job for 1952.

When completed, the project will bring "two-way" service to all Potomac Edison customers in the Emmitsburg, Taneytown and Union Bridge areas. This means that customers will no longer be dependent on one major line as the only source of power.

This new addition will form a "power loop," permitting electricity to be received from either direction.

Surveys were made for this new installation in early 1951, but the government has refused allocation of necessary material until this time.

Work in the Taneytown District will start immediately.—P. E. News.

### SOUTHERN STATES COOPERATIVE TO MEET

A two-day farm service conference for managers and personnel of Southern States Cooperative Service Agencies in the Baltimore, Md., area will get underway on Thursday, Jan. 31, 1952 in Baltimore, Md. All sessions of the conference will be held in the Lord Baltimore Hotel.

Approximately 100 Agency managers and personnel will attend from this area.

Representing Southern States Taneytown Cooperative, Taneytown, Md., will be Bill Devilliss. Also attending from this area is Ray C. LeGore of Penn-Carroll Farmers Cooperative, Manchester, Md.

The conference in Baltimore, Md., is one of nine scheduled at various points throughout the operating territory of Southern States. The Co-operative has Agencies in Kentucky, West Virginia, Virginia, Tennessee, Maryland and Delaware.

Especially designed to help Agency personnel become better acquainted with the products and services of the cooperative so they in turn will be better equipped to serve Southern States' 250,000 members, the conference will be conducted by the Agency managers themselves and top distribution and purchasing officials from the cooperative's central offices in Richmond, Virginia.

Our next regular meeting Jan. 28, at 7:30, when we hope our absentee members will come out and make this a big year in attendance.

## FIRE COMPANY INSTALLS OFFICERS

### Committees Appointed for the Year 1952

The regular meeting of the Taneytown Volunteer Fire Co., was held Monday, Jan. 14. A short business session was presided over by retiring Pres. Kiser. The Chief reported 39 fire calls and two assist calls for the year of 1951. This is a very good report and we hope it can be even better for 1952 with less fires.

The meeting was then turned over to Mr. Yingling of Mt. Airy, who is Secretary of Carroll Co. Firemen's Association. Mr. Yingling made a few timely remarks and then installed the following officers: Doty Robb, Pres.; Raymond Feeser, Vice-Pres.; Robert Feeser, Sec. Secretary; Stanley King, Fin. Secretary; David Smith, Treas.; Chas. Baker, Chief; Thurston Putman, Kenneth Hawk, and T. Wendell Garber, Trustees.

Pres. Robb then took the chair and called on Mr. Phillips, Treas. of the County Association. Mr. Grimes of Mt. Airy and Mr. U. H. Bowers, a charter member of 1907 of the Company. All of these men gave some interesting remarks.

## CUB SCOUTS

### Meeting of Parents was Held Tuesday Evening

Tuesday evening a group of interested parents having boys between the ages of 8 to 11 met with the Cub Pack in the Taneytown Elementary school auditorium.

The meeting was called to order by Mr. James Fair, chairman of the Cub Pack Committee. After making a few introductory remarks, Mr. Fair introduced Mr. Herman F. Ramsburg, Cubmaster of the Westminster Cub Pack, who spoke of the Cub Scout program and its value to the boys of the community. He also pointed out the need for active participation of the parents to make a success of this program. Many questions were answered by Mr. Ramsburg and some points raised lively discussion.

Everyone present appeared deeply interested in his work, and had the weather been more favorable several other families would have attended the meeting. The new families present were extended an invitation to attend the next pack meeting on Wednesday evening, January 30th, at 7:30 in the first floor rooms of Trinity Lutheran church. Other interested parents with their boys of 8 to 11 yrs. are also invited to attend this pack meeting.

## RED CROSS NEWS

The newly organized Westminster District of the Carroll County Chapter American Red Cross got off to a good start this week. Mrs. W. Carl Jennette, who recently accepted the district chairmanship announced that committee chairmen for the district have accepted appointments as follows: Mrs. Thomas Diffendall, Canteen; Mrs. Kenneth Perry, Production; Mrs. Andrew Pickens, Motor; Mrs. A. S. Burkholder, Gray ladies; Mrs. J. Albert Mitten, Staff Aide, and Mrs. Radcliffe Helm, Social Welfare.

Several of these committees are busy preparing for their part in the next visit of the bloodmobile to Westminster, February 11. The stand again will be made in the Parish House of St. Paul's Reformed Church.

Westminster District's quota of blood for this visit has been set at a minimum of 150 pints. The first visit of the bloodmobile to Westminster in September produced only 124 pints, whereas Taneytown District last month came up with 149 pints. If you have not already pledged a pint of your blood to the armed services for February 11, call Westminster 212 for an appointment.

## REFORMED WOMEN MEET

The Graceful Workers Class of Grace E. & R. Church met at the home of Thelma Frock, January 17. There were 22 members present.

The meeting opened with the group singing "Rock of Ages." The hostess read Scripture as recorded in Genesis 1-1, followed by the Lord's Prayer in unison. Several songs were sung and the meeting was turned over to Ruth Holter, President. Minutes of the previous meeting were read and approved. The treasurer's report was heard and accepted.

The President appointed Louise Eckard and Ethel Garber to serve as Sunshine Committee. She also appointed Thelma Frock and Freda Lambert to secure date for Food Sale. The date is March 28, 1952. The committee will be announced later.

The "rainy day" bags were collected and \$17.32 was received from them, with several still to be turned in. We are going to use them again in 1952 as a means of adding to our savings.

The next meeting will be at the home of Ethel Garber, Feb. 21.

The meeting adjourned and games were played under the direction of the hostess. Prizes were won by Virginia Baumgardner, Anna Motter and Marian Rue.

Refreshments were served and a brief social hour followed.

## KIWANIS NEWS

President Howell Royer presided over the meeting of the Kiwanis Club of Taneytown at Taney Inn, Wednesday evening. Rev. Miles S. Reifsnider offered the prayer. Mrs. Wallace Yingling presided at the piano and Harry Mohney led in group singing.

President Royer announced the death of Wm. W. Wright, of Union Bridge, father of Raymond Wright, a member of the club.

George Shower who had charge of the evening's program informed the club of his disappointment in the failure of his speaker to arrive at the meeting.

Next week's program will be in charge of Edmund Nusbau, it being "Law Observance and Public Safety" night.

A short board meeting was held following the regular meeting.

## HIGH SCHOOL AND ALUMNI NEWS

### Public Interest Continues in Many Activities

THE PTA supper last Saturday night in the High school cafeteria, was well attended. More than 600 people were served. Many from neighboring communities came; a sizable number from Baltimore and Washington also were present to enjoy a fine meal. The school wishes to express its appreciation to the PTA members and others who cooperated to make this a successful venture. Tribute is paid to Mrs. Leonard Reifsnider chairman of the supper committee.

The next meeting of the PTA will be held February 12, 7:30 p. m. in the auditorium. A program in observance of Brotherhood Week is being planned. Mrs. Estella Yingling of the program committee has announced the securing of a speaker for the occasion. The program committee is also trying to get the Movie "Brotherhood of Man" to enrich the program. A short business meeting will precede the program. By coincidence the date February 12 marks the birthday of the "Great Emancipator" Abraham Lincoln who surely would have approved the theme "Brotherhood of Man."

It has been announced that Mrs. MacDonald, Senior class advisor, Miss Bankard and Mr. and Mrs. Homer Myers will accompany the seniors on their New York trip May 2-5.

## ALUMNI NEWS

Members of the Taneytown Alumni Association met at Taneytown High School at 8 on January 21, 1952 for their regular meeting for the month.

The meeting was called to order by Leo Sanders. The minutes of the last meeting were read by the secretary, Anna Sanders and stood approved as read. A treasurer's report was also given. It was brought to the attention of the Alumni that the flood lights had been obtained which, in the future, will be at the disposal of both the High and Elementary schools.

A boy's basketball report was given by John Harner. David Wilhide was elected business manager of the team and Francis Myers as his assistant. Janet Royer was elected to serve on the business management committee for the girl's team.

There was much new business to be discussed. A date for the annual banquet was to be selected by the newly elected officers for the year 1952 and then letters would be sent out concerning the activities and plans of the association. Various means of raising money was also discussed.

Election of officers for the year 1952 was held and they are as follows: President, James Fair; Vice-President, George Sauble; Secretary, Janet Royer; Assistant Secretary, Anna Sanders; Treasurer, Emma Garrett; Historian, Mrs. Robert Clingan.

The meeting was then adjourned and refreshments were served by Mr. and Mrs. James Fair.

## HARNEY 4-H CLUB NEWS

The Harney 4-H Club held their meeting at the home of Nevin Ridinger. A demonstration was given by Daniel and John Ridinger, on how to keep records on your projects. The program for the year was approved by Mr. Pasike.

It was voted and carried that the club give five dollars to the National 4-H club center which was moved from Chicago to Chevy Chase. The club also decided to give three dollars to the March of Dimes.

Again this year boys are observing tractor maintenance school. It was decided that either one of the local leaders of the club, or one of the older 4-H boys go to College Park along with Mr. Pasike to take up the study of tractor maintenance, and be able to come back and teach other 4-H Club boys what you have learned. The business meeting was then adjourned.

Mr. Pasike then showed slides on Carroll County and Timonium State Fair. And refreshments were served.

## TANEY REBEKAH LODGE HOLDS INSTALLATION

The following officers were installed to their offices: Retiring Noble Grand, Maggie Eyer; Noble Grand, Maud Norton; Vice Grand, Grace Rodgers; Recording Secretary, Carrie Weishaar; Financial Secretary, U. H. Bowers; Treasurer, Bertha Crebs; Warden, Lulu Basehoar; Conductor, Dora Settle; Chaplain, Mary Baker; Right Support to Noble Grand, Catherine Hahn; Left Support, Jennie Hiltbrich; Right Support to Vice-Grand, Winnie Miller; Left Support, David Miller; Inside Guard, John Settle; Outside Guard, Walter Hiltbrich.

## TAXING OUR STRENGTH

All Presidents through Franklin Roosevelt, in 156 years, took from the public in taxes 248 billion dollars. Two world wars were in this period. Harry Truman, in six years, took from the public 260 billion dollars. Even so, there isn't enough tax money to pay the current bills.

## THIS 'N' THAT

(Your Chatty Column)

With all my heart, I wish you every morning  
A smile that shall last until the next day's dawning.  
I wish you health—life's greatest wealth!  
I wish you always near so that I may help to cheer  
Each future day and in some way—help to bring you happiness!

The public acted most independent of the Car Strike in the big city on it's very first day! Everyone who owned a car had that car right down in the line—that car which is mainly used for Sunday driving!

Your Observer parked way up on North Charles Street and then began to walk down refusing all those drivers who were kind to offer me a "lift"! I pretended it was about a hundred years ago in old Baltimore as I continued my walk. There was such a pronounced quietness along the streets without those big busses and no honking of horns and no odors of the awful gasoline. There was no excitement whatsoever even with all the privately owned cars driving to the business centre.

The Charm of Old Baltimore was right there and although I was enjoying every minute of it, my thoughts were of those individuals who were compelled to rely always on the busses and the street cars. People on the streets were bidding each other, "Good morning" and those I met did not have any regret about the strike. The "Taxi" was doing a "Land Office Business."

I then walked toward the old, old Market called Richmond Market and went through the cold atmosphere. There were the same old and reliable dealers down through the years no doubt still serving their exclusive customers out Guilford way.

I walked out on Howard street again and saw the sign of that famous oyster home of "Dunlop's" and sat down to have a real Sea Food dinner beginning with oysters on the half shell (a very special favorite of mine). The real funny part which amused Your Observer was that the proprietor had remembered me of twenty years ago and when he came to my table as he shook hands he said "It has been many a year since you ate in here!" After enjoying all the good Maryland Sea food (of which only Maryland can boast), I said, "Adios" to the proprietor and continued the walk down old North Howard Street where all the antique shops are situated in a row—one right after the other. The old antiques interested me in the windows as I stopped now and then to glance at all the genuine old relics.

One store which is the largest called, "Terrell's" has just about everything of value and at the most reasonable prices. There is a charming lady to greet one whom I learned with the interview is the wife of the proprietor. They have every kind of article that is desired of the days of long ago and it was really most enjoyable and interesting just to stand by and listen to the requests of those customers.

I continued my walk past the Md. General Hospital which is the hospital awaiting to be made over holding tight until the settlement of North Howard Street and that hospital has every cent to proceed when they get the "Go ahead" signal. Then down the street, I continued gazing in all the shop windows. As I entered the Department stores, there were very few customers but many of the sales people right there. Many who were able to get a ride down but not knowing just how they were going to get back to their homes when, "Day was Done!"

Here's to the ladies! The best buy in hose in any State is right down on North Charles street where there is just one price of one dollar a pair and that is right near Lexington St. where stockings are sold exclusively called "The Aloha"! Just one pair will convince you!

What a nice card and a most original one from the famous personality and just like her—SOPHIE TUCKER—from that big state of Texas! The next time she comes to play in Baltimore hope to have an interview with her.

Did you see the Priest on the T.V. show, "Songs for Sale"? He wrote a song while in Chicago called, "Staten Island Blues" or some such name and he was one of the winners in the contest! He was the most composed individual on any T.V. show I have ever seen. So if you have ability to write words for a song—just go ahead for the publisher will set it to music.

And did you see and hear Arthur Godfrey last Wednesday night dedicate the number exclusively for the Governor of Georgia? That was in a reply to the Governor's statement about the races just a few days before. No one like Arthur Godfrey and he is getting more popular with each performance.

Many ladies do not admire that "Poodle cut" of Faye Emerson. I think the real reason for that cut was for the simple reason that every one was copying her original hair-do of that big bun at the nape of her neck.

A letter was forwarded to me from a lady who asks me what qualities I would look for in a man to make a marriage a success. The answer is a simple one and which I think every woman looks forward to and that is first—STABILITY plus a fine disposition. A man who is wise and ambitious. A man who is most kind in every act for then he would be most courteous and thoughtful of every individual! A man with these qualities is sure to make an excellent husband and don't be afraid to marry a man of this type. If you do marry hope

### YOU AND YOUR CONGRESS

It is clear that federal spending will be one of the hottest topics of all in Congress this year.

Not the least of the reasons, certainly, is that this is a national election year.

Administration opponents already are making spending a political issue. They believe it is a good one because, with people paying higher taxes there will be a closer relationship of taxes and spending in the voting public's mind this year than previously.

Tax increases are notoriously unpopular in an election year. Congressional tax leaders say they will have little or nothing to do with revenue hikes in 1952.

The only alternative to pay-as-you-go or tax increases is more government borrowing, which is inflationary. Inflation pushes prices higher. And higher prices, too, would not be politically popular in an election year.

Though it sometimes sounds mysterious, inflation is nothing more than an excess of ready cash and available credit over the supply of goods offered for sale.

This year the supply of goods and materials of many types will dwindle as the defense program cuts deeper into civilian production. But total income will remain high because employment is high and the tread of earnings is upward. There will be plenty of ready cash.

As for credit, the amount of it increase in direct ratio to the size of the federal deficit. "Deficit" is simply a polite word for red ink on the government's books.

The government meets its deficit by borrowing. It does this by selling bonds and other securities. Most of these are bought by banks and other lending institutions, which use the securities as the basis for making additional loans creating more credit.

That increased credit, coupled with higher total income, means more inflation. More inflation means higher prices. It is as simple as that.

The President says that, due to the defense program, spending must increase and the government of necessity must go deeper into the red. That is in his Economic Report to Congress.

The argument in Congress about spending starts there. It will grow more heated as the session moves along. Many members want neither tax increases nor higher prices—partly for political reasons, partly because of economic convictions.

The Congressional Joint Committee on the Economic Report—of which incidentally, Republican Presidential Candidate Taft is a member—soon will give Congress its opinions of Mr. Truman's Economic Report.

Meanwhile, Chairman O'Mahoney (D-Wyo.) drops some hints.

He says that "we cannot close our eyes to the fact that a new deficit incurred now would make the cold war more difficult." He refers to inflation and its danger of weakening the country's economy.

"Special emphasis, therefore, it seems to me, must be given to the scrutiny of all expenditures, including military expenditures, at home and abroad.

"Such expenditures are always inflationary. The current record in Europe already demonstrates this. The governments of France and Belgium have recently resigned because those two countries have been unable successfully to carry the inflationary expenditures of military preparedness, and at the same time allow the people the living standards they desire. It is the same problem that Churchill faces in Great Britain. "We face it here."

O'Mahoney, says that military requests for funds, comprising well over half of the new budget, must and will be scrutinized carefully by the Appropriations committees in Congress.

"This is important," he adds significantly, "because no new tax increase is likely to be made by this session of Congress."

### THROTTLING THE FREE PRESS

(The following is reprinted from the Freeman Magazine.)

"It is scarcely news that President Truman hates the press. But it came as news to us that the Administration was with an inch of getting a throttling hold on the finances of a free press during the closing minutes of the last session of Congress. The legislative clause in question was contained in Senate 2170; it would have given the Administration's price control czar full authority over the size and allocation of the advertising budgets of private industry. This authority would have permitted the Administration to decide what constitutes 'reasonable' advertising expenses and to exclude from the 'cost of sales' any outlay deemed 'unreasonable.' The proposed legislation, tucked in an 'amendment' to an amendment, passed an absented Senate by a 49 to 21 vote. It would have passed in the House of Representatives if John E. Lyle, Jr., of Corpus Christi, Texas, hadn't spotted the danger in the legislation to the whole concept of free speech. Mr. Lyle, it seems to us, deserves an editorial garland in every newspaper and magazine in the land." The Freeman.

### GRASS ROOTS OPINION

**NORTH CANTON, OHIO, SUN:** "The ticklish international problem of peace on earth, good will to men is still the basic issue of our times. There are those who say that it cannot be solved, that it must wait for a new generation. But one generation learns from its predecessor, and we have the solemn duty of training those who follow us to cherish the freedom of thought and inquiry which have been the chief source of Occidental civilization."

**DAVIS, CALIF., ENTERPRISE:** "Victory of the Glidden and DuPont companies in Federal court over the Justice Department may give a lot of other bureaucracy-oppressed industries new heart in resisting the war of extermination ceaselessly waged upon them by Washington Control by taxation legislation or judicial harassment seems to be the goal of the Administration in its relation with all U. S. industry large or small."

**TOMAH, WISC., JOURNAL AND MONITOR-HERALD:** "The expanding influence of power of the national government in local affairs was shown on... Wisconsin political fronts. The state board of vocational and adult education decided to postpone its selection of a chief of the division of rehabilitation for three months, because its favorite candidate for the job had hit a snag. He couldn't meet the qualifications imposed by Federal officials who controlled the purse-strings."

**FREDERICKSBURG, TEXAS, STANDARD:** "We get something for nothing and then complain because we don't get any dividends."

### LETTER TO THE EDITOR

As the businessmen of our nation cry for economy in government many things can be found that deserve consideration. Our Congressional representatives could find some economy holes to plug right in their own back fence.

It has been estimated, by those who should know, that the cost of printing the Congressional Record is \$75 a page. This year the taxpayers will be called upon to pay large amounts for political buildup. The "Appendix" of the Congressional Record is the section that is open house for Senators and Congressmen to use for anything and everything, except their pictures.

The 1952 issues of the Record are getting off to a good start. The Appendix for January 14 was 40 pages, or \$3000; the next day, 56 pages, or \$4200. Briefly, let us see what it boils down to for 2 days.

A Senator and Congressman from the same state used \$250 talking about economy in government. Putting in their own speeches and talking generally about themselves, \$950. Of course, they do a good turn for the other fellow, \$980 was for space to put in the speech of a friend. The biggest money grabber is made by articles clipped from newspapers, etc. When the Representative needs material he is "happy" to place this article in the Record. Not counting the space taken by their own remarks before quoting the article, \$3600 was spent for what the representatives of the people clipped from the peoples papers.

For the Marylander there is one pleasant fact: the Representatives from Maryland are not guilty; they use the appendix seldom, and it may be said also that they are not given to long discourses in the main body of the Record. Could it be possible that some Maryland representative would introduce legislation to reduce the taxpayers' bill for this form of "free" speech?

Cordially yours,

### Legumes, Fertilizer Re-Build Worn Field Most Soil Will Produce If Cared for Properly

The teamwork of legumes, grasses and plenty of fertilizer made the difference between these two fields in Huntington County, Indiana, points out the middle west soil improvement committee.

The barren field in the upper photo had 6 feet of soil removed at the deepest point for road fill. It had no soil care, no fertilizer. After three years the field is still badly eroded, criss-crossed with gullies 2 to 3 feet deep.

The lower field located on Norman Thompson's farm near Huntington, had 8 feet of soil removed

The above fields are examples of what can be done to build soil even on the most barren, eroded fields. Given proper plant food and plenty of it, plus legume-grass mixture, most soil can be made to produce.

from a hilltop, for road fill. As soon as the soil was carted off, Thompson added heavy applications of fertilizer carrying nitrogen, phosphate and potash. Altogether, he used the equivalent of 600 pounds of plant food per acre—approximately 250 pounds of 3-12-12 and 350 pounds of 0-20-0. No lime was needed, as the subsoil is almost neutral.

Thompson seeded bluegrass and some ladino and red clover. The roots anchored well and soon built up a protective growth that yields good forage. Volunteer white clover has come in to add to the pasture.

Now Thompson uses the field for night pasture.

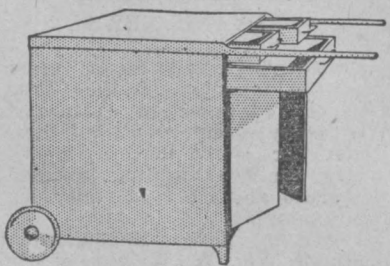

### Stocks of Feed Grains Relatively High in June

The bureau of agricultural economics reports relatively large stocks of all feed grains in storage in July. Disappearance in the April-June quarter was larger than in most years for corn, but about usual for oats. It was the heaviest on record for barley.

Approximately 1,270 million bushels of corn were in storage as of July 1, 11 per cent less than on July 1, 1950. Oats stocks of 298 million bushels are the largest carry-over of record by a small margin. The off-farm portion of nearly 34 million bushels is largest of record also.

Barley stock of 93 million bushels are a slightly larger carry-over than average, with the off-farm portion of 53 million bushels.

### Toolbox on Wheels

A practical idea for most farmers is the toolbox on wheels. Made of light-weight iron sheets, the drawers can slide on angle-iron channels and store a complete set of hand tools. The handles can be made to fold down when not being moved wheelbarrow fashion. Coaster-wagon wheels will serve the purpose. With a little planning the average farmer can build it easily. The above drawing is a good start on the plans.

### Experts See Good Future For Nation's Dairy Farms

Dairying looks profitable for the years ahead, dairy experts believe. They list six reasons: (1) Increased population; (2) higher incomes for the average working man; (3) people are living longer; (4) high meat prices which are reflected in higher prices for dairy cows and veal; (5) increased use of dairy products; and (6) the greater stress being placed on the use of milk and milk products.

### Many Farm Homes Need Remodeling Over 50 Per Cent Are At Least 30 Years Old

Most American homes—and farm homes in particular—were erected more than a quarter of a century ago.

Nearly 23,000,000 of the estimated 42,000,000 homes in the nation are at least 30 years old. Millions of these older homes are in need of modernization and repair.

The expected cutback in new home construction as a result of

Remodeling of this previously unused barn provided much-needed space for livestock and hay storage and at the same time improved the over-all appearance of the farm property and increased its value. The completed barn (bottom) with new asphalt shingle roof, new siding and other alterations, contrasts sharply with the dilapidated structure (above) as it appeared before start of the work. Here's proof that remodeling pays when the structure of an old building is basically sound.

credit restrictions and other controls stemming from the defense program will make materials, such as asphalt roofing, siding, insulation and paints available to meet the pent-up demands for modernization and repairs on the farms of the nation.

### Farm Families Know Type Of Home They Will Build

Farm families know the type of house they want to have if, and when, they build. But building is more a question of "when" than "if", according to a recent survey of 12 north-central states.

Approximately nine hundred families took part in the survey. They were selected to give a cross-section of the wants and desires of 2,270,000 farm families living in Illinois, Indiana, Kansas, Iowa, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota and Wisconsin.

A one-story house with six or seven rooms, a sloping roof and central heating was first choice. The house must have one or more porches, a spare bedroom, a basement or cellar, coat closet on the first floor, a separate dining room, first floor workroom, and a drive so planned in relation to the house that callers will come to the front door.

Most families wanted to have a dining area in the kitchen, but many of them wanted an additional dining room which could accommodate six or more persons.

### 'Farming' Coach

Adolph Rupp, coach of the national champion University of Kentucky basketball team, studies his crop of hereford heifers with the same sharp eyes that he looks over a freshman basketball player reporting for his first practice. In his program to improve his hereford herd, the 'farming' coach will keep most of the heifers on his first team providing they develop as expected.

### New Jersey Farm Prices Behind National Average

New Jersey farmers have gained less from increasing prices than have the nation's farmers, according to Rutgers University agricultural economists.

Farm prices in the state have increased 13 per cent since the start of the Korean war compared to 26 per cent for the nation as a whole. Most important New Jersey commodities are milk, eggs, fruits and vegetables.

## The Carroll Record Company Purchases New Typesetting Machine

A new Model 31 Blue Streak Linotype was ordered October 3, 1951 from the Mergenthaler Linotype Company, Brooklyn, N. Y., and delivery was made January 10, 1952.

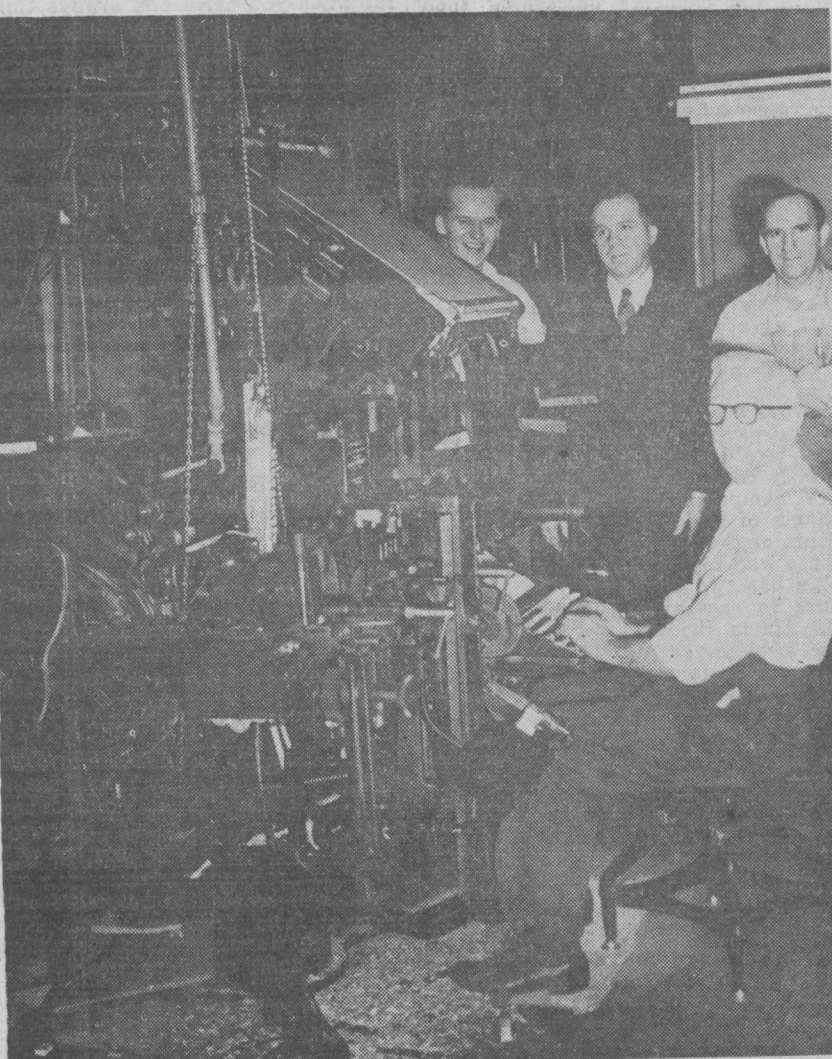

The Machine arrived by motor express, in three large shipping crates which were too large for the Record's doorway. Upon instruction from Brooklyn these crates were sent to Hagerstown to await a factory mechanic to disassemble the machine to a size that could be brought through the Record's doorway. After considerable difficulty and with the aid and assistance of a number of the good citizens of Taneytown the machine was placed and lines of linotype slugs came from the machine Friday evening, Jan. 18.

With the patience and competence of Mr. Norman Miller of Brooklyn, N. Y., factory representative and mechanic who erected the machine we are pleased to report that the machine is now casting lines of type that are producing the words that you are now reading.

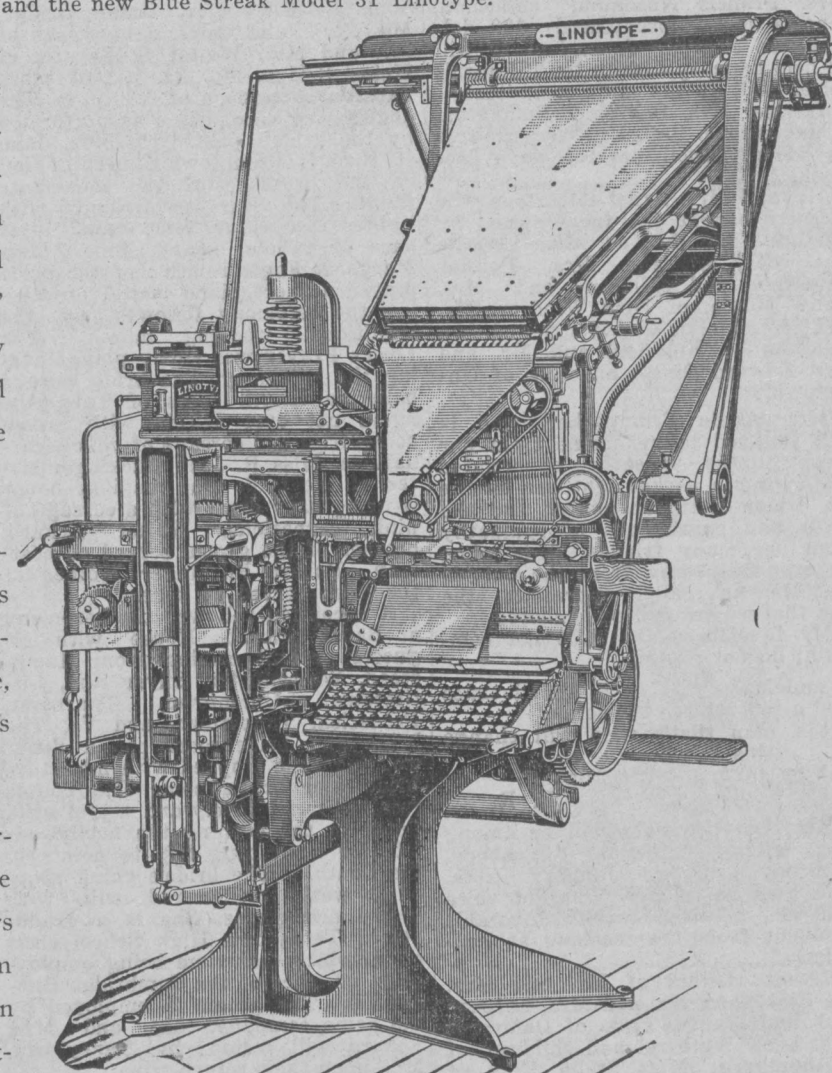

At this point we would like to make special mention of the persons who so kindly gave of their time and service, free, in getting the machine from the truck to its present position. They were Cleve LeGore, Harry Baker, Lester Kidd, Norman Wiley, Norman Burrier and Carroll Hahn. Besides giving us a "hand" in helping to move this heavy machine, Mr. Hoke Ommert loaned his truck and tools. Tools also were provided by Geo. L. Harner.

This machine that is to supplement the old Model K that was purchased in 1917 at about one-fourth the cost of the new machine, will greatly increase The Record's typesetting capacity.

Very little production of The Carroll Record Co. was affected by the installation and to our customers and friends we wish to thank them for their forbearance in any delay on our part in the delivery of job printing and to those who helped in any way we wish to say "Thank you".

Mrs. Frank Hailey celebrated her 80th birthday anniversary on Sunday, Jan. 20, at the home of her son Edward and family, this place, with whom she and Mr. Hailey reside. Visitors were Mr. and Mrs. Donald Sullivan, Mrs. Mary Sullivan and son Ray, Frederick, Mr. and Mrs. Roland Hailey, Westminster; Mr. and Mrs. Leighton Hailey, sons Layne and Wayne, Linwood. Mrs. Hailey received a nice lot of cards, also money and other gifts. Mrs. Hailey is enjoying good health and can run circles around some that are much younger.

Mrs. George Sanner was given a Sunshine box, the past week, sponsored by the Women's Missionary Society of Baust Lutheran church.

The Baust Girls 4-H Club met on Saturday afternoon at the home of Joyce Putman, Mayberry with 11 present and one new member was added to the roll, Rosalie Chapman. The following program was given: "In The Snow" by Joyce Putman; Song, "Old Black Joe"; reading, "The Little Engine Who Could"; by La Donna Myers; 4-H Pledge and song, "Tell Me Why". The business meeting was conducted by the president, Eliza Zolickoff. Mrs. Zolickoff was elected secretary and Helen Humbert as news reporter. Roll call was answered with "A Resolution I've Made to Improve My Habits". The Club decided that each member bring ten cents to the next meeting and add one dollar from the treasury to be sent as a contribution to the new National 4-H Center at Chevy Chase, Md. A member was appointed to have charge of the program each month. The demonstration on "A Place for Everything and Everything in Its Place" was given by Miss Barbara Young, assistant Home Demonstration Agent. Joyce Putman gave a demonstration on Making place cards with shell decorations. Refreshments were served by the hostess. The next meeting will be held the third Saturday afternoon of February at the home of Ada Stonesifer.

A few years ago you did not believe in the x-ray. If anyone had suggested that there was a light that would make the body transparent so that you could see the bones in your head, and a needle broken off in your flesh, you would have laughed.

A few years ago you did not believe in radium; could not conceive of a flame that would not consume, a substance that would not burn itself up by its own shining.

A few years ago you did not believe that a man's voice could be carried through the ether and heard around the world.

A few years ago you did not believe that immense passenger planes could fly over sea and land from continent to continent.

What are the things you do not believe today?

"If all the gold in the world were melted down into a solid cube it would be about the size of an eight-room house. If a man got possession of all that gold—billions of dollars worth—he could not buy a friend, character, peace of mind, he could not buy a clear conscience, or a sense of eternity".

### FEESERSBURG

If the first three weeks of 1952 are any indication on how the rest of the year is going, then we are indeed in for an exciting and disturbing time. Even nature has decided to tax man's patience and physical stamina. With Captain Carlsen putting his valor against the sea and losing his ship; with the pride of the Pacific railroad

stranded and marooned four days in snow banks and air liners down in most every corner of the United States, the human race can understand more fully how insignificant and fragile are its attempts to conquer nature. Man may unlock its secrets but controlling them is a different thing. With the elements unleashing their fury the human race seems to be unleashing its hidden drives and frustrations too. Winston Churchill has paid us another visit and departed. A courageous fighter for the British Empire, and a great man to have on our side. Already the Republicans and Democrats have their A bombs ready for the coming presidential election and the voters are assured of a murky and muddy campaign. Women are trying to look like poodle dogs and succeeding; crime investigations are becoming more numerous and messy and as usual the National budget is bigger and as unbalanced as ever. Yes, it's going to be an exciting year. May we all see it through without a nervous breakdown.

The parents and citizens will be happy to learn that a total of 200 dollars in cash has been collected in the T.V. campaign conducted by the merchants of Union Bridge and the students of the Elmer Wolfe school. For those who do not fully understand, the plan has two purposes: First, it was done to encourage persons living in the Union Bridge area to buy from the local merchants. This in itself is of primary importance for if a town or community is to grow the businesses must grow. If the people help a business to grow, then that business, in turn must recognize it's own responsibility to the community and contribute to its educational life. Secondly—there are many T.V. programs of an educational nature which can supplement the teaching facilities of a school. Not only will the T.V. set be used for this purpose at the Elmer Wolfe school, but it is also planned to use it for community get "togethers". The campaign is not over yet and each person is urged to collect their tickets from the local merchants and turn them into the school.

The bake sale sponsored by the local "March of Dimes" committee Saturday, Jan. 19th was very successful. Mrs. Francis Nusbaum, chairman, reports that approximately 130 dollars was cleared. A card party will be held January 31st in the Firemen's social hall, by the same committee.

Lt. and Mrs. David M. Buffington, of Indian Gap, Pa., were visitors at Merry Knoll several days last week.

Mr. and Mrs. Ardel Robertson who recently bought the farm owned by the Lee Finks, had as their guests last week Mr. and Mrs. Delmar Robertson and children and Mrs. Helen Moore, of New Windsor, Mr. and Mrs. Melvin Robertson and two children, of Highfield and Mr. and Mrs. Edward Dingle and son, of Uniontown.

Mrs. Addie Crumpacker, who is still confined to her home from her recent illness, greatly appreciated the Sunshine basket sent her by the Mt. Union Lutheran church and the cards and expressions of sympathy from her many friends. It is when we are shut away from the outside that we can really appreciate the fact that we are still remembered.

My favorite motto: "Do not complain; do not explain."

A mule says "no" a thousand times And a fool will do the same. But a man that's wise will change his mind.

And by doing so—win fame.

Miss Dorothy Fuss will be among those giving a recital at Peabody, Saturday evening, January 26th. Miss Fuss has a lovely soprano voice and has received much favorable comment from the teachers at Peabody.

Recent visitors of Mr. and Mrs. Lee Fink were Mr. and Mrs. Lorenzo Fink and Stanley Fink of Damascus, Mrs. Lena Wetherell and children, of Gaithersburg; Miss Stella Fink of Monrovia and Mrs. Cecil Grebb, of Charlotte, N. C.

The Planning Group of Union Bridge held its last meeting at the home of Mr. and Mrs. Harold Thomas near Keysville. The following officers were elected to serve during 1952. Chairman, Carroll Wilhide, assistant chairman, Paul Bowman Secretary-treasurer, Publicity, Mrs. Earl Wilhide discussion leader; Joseph Coshun; Asst. discussion leader, Arnold Coshun; Recreation leader, Mrs. Joseph Coshun, assisted by Mrs. Paul Bowman.

Mr. and Mrs. Alpheus Brown, of Uniontown, were recent visitors of the Earl Wilhides.

David Miller, Jr. son of Mr. and Mrs. David Miller, of Mt. Union, has received his "Greetings from Uncle Sam" and will report this week at Fort Meade. In proportion to its size, I venture to say Mt. Union has given more of its sons into the keeping of Uncle Sam than any other community in Carroll County.

One doesn't want to belittle the seriousness of the investigation now being conducted all over the country into fraud and crime, but sometimes we need a little humor to make us gain true sight. In 1928, after the Harding scandal the late Will Rogers wrote: "Corruption has supplanted the Tariff as a National issue. But it's awful hard to get people interested in corruption unless they can get some of it. You take a fellow that hasn't received any corruption and its kind like the fellow that has never drank Sourkraut Juice, he ain't much interested in whether its good or bad. People just figure, 'Well there couldn't be so much corruption, or some of it would have come my way?' And the fellow that has received any of it naturally he is in favor of a continuation of the policy.

The headlines in any day's newspaper are enough to explain why a baby yells when he's born.

### TODAY'S CHUCKLE

I wish I were a boy again,  
For youth I have a craving;  
No troubles, tribulations, cares—  
And best of all, no shaving.

### YEARNING

It's not a tidal wave  
That brings him across the sea,  
It's the yearning of the heart  
That brings him back to me.

### MARRIED

#### ECKARD—FLICKINGER

The wedding of Miss Doris Mary Flickinger, daughter of Mr. and Mrs. Wm. K. Flickinger, Union Bridge, Md. Rt. 1, and Ralph Eckard, son of Mr. and Mrs. Walter S. Eckard, of Union Bridge, Md. Rt. 1, took place Saturday afternoon at 2:30 p. m. The double ring ceremony was performed by the bride's pastor the Rev. John H. Hoch in Uniontown Church of God in the presence of the immediate families. The altar was arranged with lighted candles, ferns and altar vase of yellow snapdragons. Miss Margaret Fogle relative of the bride played a short piano recital preceding the ceremony followed by the traditional wedding march. The Lord's Prayer was softly played during the ceremony. The bride wore a ballerina length dress of Tangerine nylon net over taffeta with brown accessories and corsage of yellow carnations. Miss R. Jean Flickinger sister of the bride was maid of honor wearing navy dress with a corsage of pink carnations. Walter Eckard, brother of the groom served as best man. Robert Flickinger brother of the bride served as usher.

A reception followed the ceremony at Baust Parish House with 75 guests present coming from Hampstead, Westminster, Silver Run, Littlestown, Uniontown, Thurmont, Frederick, Taneytown, and Va. The bride and bridegroom cut a 4-tier wedding cake stopped with miniature bride and bridegroom. The couple received many lovely and useful gifts. Later in the evening the newlyweds left for a wedding trip to points in the South. The bride's going away outfit was a melon red suit with brown accessories. She is a graduate of Taneytown High School, class of '47 since that time being employed in an office of the Cambridge Rubber Co. The groom is employed by the same company. Mr. and Mrs. Eckard will reside in Taneytown, Md., upon their return trip.

#### WILLIAM W. WRIGHT

William Wesley Wright, 76, well-known retired farmer, near Uniontown and lifelong resident of the Uniontown area, died at 8 o'clock Thursday morning at the Church Home hospital, Baltimore, where he had been a patient for the past 10 days. His demise followed a lingering illness of several years. He was a member of the Uniontown Methodist church for many years, and maintained an active interest in church work until his death. Mr. Wright was a son of the late John and Elizabeth Myers Wright, and was preceded in death by his wife, Mrs. Cora Ann Myers Wright, 17 years ago. Surviving are three sons, Fern M., at home; Raymond K., Union Bridge, and Galen W. Wright, Baltimore, and one sister, Mrs. Alice Koch, Washington, D. C. Funeral services will be held Friday, at 1:30 p. m. at the home of his son, Raymond K. Wright, Union Bridge. His pastor, the Rev. Robert C. Nimon, will officiate, assisted by the Rev. Samuel A. Harley, pastor of the Church of the Brethren, Union Bridge. Interment will be made in the Uniontown Methodist church cemetery.

#### DR. S. G. A. BROWN

Dr. Brown well known retired physician of Shippensburg, Pa., died January 12th, at his home in Shippensburg, Pa., age 83 years. He was the last of the class that graduated when he did from a Philadelphia College, he practiced medicine almost 60 years, and was an invalid 3 years. He will be greatly missed in the Reformed church of which he was a life-long member and one of the financial pillars of the church and missed in the community as a physician, always ready to help where he was needed.

Surviving are his wife, Mrs. Evelyn Lutz Brown and two sisters, Mrs. Effie Spangler, Littlestown, Pa., and Miss Millie Brown, of town. Funeral services were held the following Tuesday at 2:30 o'clock from the M. Garfield Barbour Funeral Home in charge of his pastor, Rev. Porter Serrell. Interment was in the Spring Hill cemetery.

### Best Advice

A New Orleans newspaper, recalling the days when Crescent City courts were run rather informally, cities as an example a day when a man accused of theft had no counsel, and the judge asked a lawyer who was present to withdraw with the prisoner, listen to his story and then give him such advice as would be for his best interest.

A half-hour later the lawyer returned alone.

"Where is the prisoner?" asked the judge.

"By this time, your honor," said the lawyer, "I dare say he's 20 miles from here. Your honor told me to give him the best advice for his interest, and as he was obviously guilty, I thought the best counsel I could give him was to cut and run, which he took at once."

### Egotism

Groucho Marx says he once had a nurse who was so conceited that when she took his pulse she subtracted ten points for her personality.

### VERY ALERT

Our new cook seemed to be a find. We had agreed on hours, wages and days off. "My husband is very punctual," I said. "But sometimes," I added apologetically, "he brings home unexpected guests for dinner. I would suggest you always be prepared for such an emergency."

"Yes, ma'am," Elinor nodded. "I'll keep my bags packed."

### That's All, Brother

The visiting psychologist explained that the teacher was not holding the attention of her class and offered to prove it.

After the pupils had filed into the room and taken their seats he asked a little girl for a number. The little girl gave 35 and the psychologist promptly wrote 53 on the board. Receiving 29, he wrote 92 and for 82, he wrote 28. After several minutes of this, a voice was heard from the rear of the room, "Sixty-six; let's see what you can do with that!"

### 'Tis True

Sometimes a young blade who is burning with love makes a fuel of himself.

### NOT SO FUNNY

The boss returned in a good humor from lunch and called the whole staff in to listen to a couple of jokes he had picked up. Everybody but one girl laughed uproariously. "What's the matter?" grumbled the boss. "Haven't you got a sense of humor?"

"I don't have to laugh," said the girl. "I'm leaving Friday anyhow."

Like Father, Like Son  
Professor: "Mr. Jones, I hate to tell you but your son is a moran."  
Jones: "Where is he? I'll teach that young pup to join a fraternity without consulting me."

### Sign of Times

Juke Box—Invention which took the rest out of restaurant and put the din in dinner.

### SAFE SPOT

Earth flew in all directions as the crimson-faced would-be golfer attempted to strike the ball. "My word," he blurted out to his caddie, "the worms will think there's an earthquake." "I don't know," replied the caddie, "the worms 'round here are crafty. I'll bet most of them are hiding underneath the ball for safety."

**World Eating Out**—Steel furnaces in the United States poured an average of more than eight million tons each month in 1950. Every month their output exceeded a full year's production in all but four foreign countries.

**City of Caves**—Vladivostok, Soviet Russia's Far Eastern Bastion, is a city whose real might lies underground in the surrounding hills. Aircraft hangars, subterranean ammunition depots, supply dumps and troop quarters are buried in huge man-made caves, the National Geographic Society reports.

**Leon Trotsky**—Leon Trotsky was exiled from Russia in 1924—but this was not final. He suffered some further expulsions before he started for Mexico where he was murdered in 1940.

**Gratitude**—La Jolla, Cal., Evangelical Lutheran church has a bronze plaque announcing it was built "with the help and diligence of the honey bee." Leading donors were an Oconomowoc, Wis., couple who prospered in the bee business.

**Those Who Ride**—America's 44,000,000 motorists paid an average of \$82.36 in taxes to own and operate their vehicles last year.

**No Last Words**—Several days after his father died little Johnny was stopped on the street by a neighbor.

"And what were your father's last words?" asked the neighbor.

"He didn't have any," Johnny replied. "Mama was with him to the end."

**Steubenville, Ohio**—Fort Steuben was built in 1786 on the Ohio River about 40 miles below Pittsburgh, and was named after Baron von Steuben, "drillmaster" of the Continental Army. The town of Steubenville was planned about 1797 at the site of the Fort. Iron-making furnaces were built in the town about 1852. Today, Steubenville has capacity for nearly 1.5 million tons of iron, and about the same steel capacity.

**The Right of Way**—In England the fox, the hounds and hunters have the right of way over trains during the hunting season. A few seasons past the engineer of a fast London train tumbled and fretted for eight minutes, watching his schedule go to pieces, while the Belvoir hunt—fox, hounds and a horse—crossed the track. However, this "right" is seldom exercised.

## THOUGHTS FOR THOUGHT

The sun is never so bright as when it gives one new hopes for the day.

Why become alarmed over the penny shortage when dollars are thrown across the seas!

Beasts kill because of their natures; nations kill because of their culture.

The Creator intended man to have one face, but a few people prefer two.

Job had patience, but he didn't have to deal with students who insist that their activities in sports leave them no time for study.

It takes a man of large calibre who knows how to use his authority unselfishly.

An altitude every person is asked to reach is the high cost of living.

No one calls a woman's purse luggage.

Cold feet aren't always due to poor circulation.

The best laid schemes of mice and men  
Become confused by the modern trend.

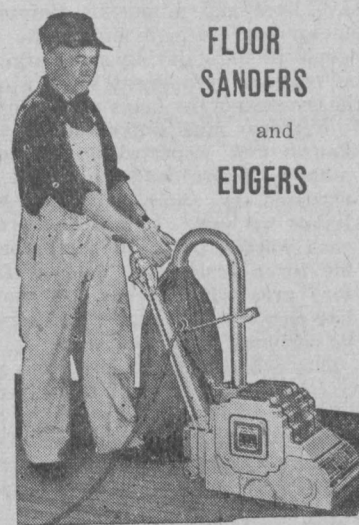

## MARYLAND MUSINGS

Wage war on rats with warfarin. Now is the time to make final selection of turkeys for the breeding flock. Order or repair turkey saddles to protect the hens.

Dairy herd improvement supervisors are needed in several Maryland counties. See your county agent about training for this position.

Dairy heifers being saved for herd replacements need an adequate ration if they're expected to be high producing cows. Don't skimp on your herd of tomorrow.

If everybody thought as much of their tractors as their dads did of their work horses, then we'd begin taking good care of the tractors.

Fast Guy

Two farmers, sitting by the stove in the village store, were engaged in a little exaggeration fest. "Naow, I oncet had a nephew," said one, "who was as fast a critter as ever I see. Why he use tew hev people shoot at him, and then outrun the bullet for five miles and get clean away."

"Wal, yew won't think that's so fast when yew hear about my cousin. Why that man could blow out the light and then be undressed by the time the room got dark."

## REVENGE

An English lady, self-appointed supervisor of village morals, accused a workman of having reverted to drink because "with her own eyes," she had seen his wheelbarrow standing outside a public house. The accused made no defense, but that evening placed his wheelbarrow outside her door and left it there all night.

## Naturally

"Really, Helen," he said when he saw her for the first time in five years, "you've changed so I would hardly have known you."

"That's a little ambiguous," she answered archly. "For better or worse?"

"Why," he said enthusiastically, "you could change only for the better, of course!"

## PEDIGREED HATS

A member of an old Boston family, now 80, still lives on Beacon Hill and carries on the family traditions. Last winter she entertained a guest from the Middle West to whom she presented her small but select circle of friends. Shortly before leaving, the guest remarked, "Emily, your friends are wonderful, but tell me, where do they get their hats?"

"Oh, my dear," The Bostonian said with pained surprise, "we don't get our hats. We have our hats."

## GETTING EVEN

Next door to the quiet Smiths in a Los Angeles apartment building live the Joneses, who are addicted to boisterous Saturday-night parties. The Smiths suffered in silence until recently, when an air duct in the wall common to the living rooms of both apartments gave Smith an idea for suitable reprisal.

On Saturday he removed the grille where the duct entered his living room and, reaching in, placed the microphone of his home recording machine at the point where a patch of light marked the grills in the Joneses' living room. That night he recorded an hour of the hilarity next door at its peak. The following night, when he could tell that the Joneses were retiring early, he placed the loudspeaker of his machine against the wall between his and Joneses' bedrooms and, with the volume turned up, blasted the Joneses with a canned broadcast of their own revelry. The Smiths' Saturday nights have been quite peaceful lately.

## TEN BASIC SERVICES FORM CORE OF HOME FRONT PROTECTION

(This is the ninth of a series of articles on civil defense, based on the booklet "This Is Civil Defense" prepared by the Federal Civil Defense Administration. It may be obtained from the Superintendent of Documents, Government Printing Office, Washington, D. C., for ten cents.)

By MILLARD CALDWELL  
Federal Civil Defense Administrator

The Federal Civil Defense Administration, for the sake of national uniformity, has set up these ten basic services: Warden, Fire, Police, Health, Welfare, Engineering, Rescue, Communications, Transportation, and Staff. You can imagine what a gigantic task it will be to man these various services. Some 15,000,000 volunteers are needed for this purpose.

The backbone of civil defense is the warden service. It is the source of neighborhood defense leadership before, during, and after an enemy attack. The warden's job is to help save lives and property. Before an emergency, his main duty is to help people prepare; during an emergency, he conducts people to safety; after the emergency, he helps restore order.

Wardens must be volunteers, well known and respected in the community, whose leadership will be accepted by their neighbors and fellow workers. As a general rule, each warden post will be responsible for a residential block or factory area where about 500 people live or work. Several wardens may be assigned to such a post.

They will teach people how to protect themselves, instruct them in civil defense regulations, distribute civil defense information, keep lists of the people in their charge, and gather information about buildings and equipment in their neighborhoods.

Their records will include the home address, age, and physical condition of all persons in their charge. They also should know which people need special care and how to get in touch with their relatives and friends.

Other Important Duties  
Wardens have other important duties too. If a warning sounded, they would conduct workers or the occupants of buildings to shelter areas.

They would have the responsibility of helping to prevent panic among the population, rendering first aid, and performing light rescue duties. If needed, they would help other services to fight fires and clear debris.

They also would help restore the orderly life of the community immediately after an enemy attack. They would take a roll call of all people in their areas. If anyone were missing, or needed nursing or medical care, they would report the facts at once to the control center.

The warden service works directly with individuals, families, neighborhoods, and employee groups. It is the link between the specialized civil defense service and the people.

Women Have Important Role

Women must play an important part in the warden service. This is especially true of housewives, for most women are at their home posts day and night. Usually they know their own neighborhoods better than men can ever know them. Women should interest themselves in the warden service as a first step in the organization of civil defense for their neighborhoods.

Outstanding men and women who can assume responsibility are urged to volunteer for the warden service.

(The next article will discuss other civil defense services.)

Even when you go fishing, you have evidence of careful research that has been carried on to add to your pleasure. To find a way to keep fishing flies from sinking below the surface of the water, industrial finish engineers developed a special finish that makes the feathers of the flies waterproof and keeps them floating.

## Catfish Calls

Can a catfish meow? According to the World Book Encyclopedia, some species of fish do "talk"—or at least emit sounds. The fish's "speech" is due to organs which are comparable to the lungs and the windpipe of a human being.

Many of these same fish also have well developed hearing organs—a fact which leads many to think of the interchange of sounds as fishy love calls.

### Born Again

Lesson for January 27, 1952

IN many places one often hears the expression, "born-again Christians". As a matter of fact, there are no other kinds. If a person is not born again he is not a Christian.

The first birth is of the natural self, the awakening, so to speak, to this natural world. The second birth is of the supernatural self, the awakening to the spiritual world, the beginning of "living unto God." Sometimes this new birth comes very early in life. Dr. Warfield, a very conservative theologian, used to think that the second birth might in some cases actually come before the natural birth. (See Jeremiah 1:5).

Dr. Foreman

A man may become very distinguished, may be a great scholar, and still not have been born again. Nicodemus is a case in point. He was a man who had everything, as the saying is; he was a judge in the Jewish High Court, a man both wealthy and respectable. But he had not been born again.

### God Is the Life-Giver

THE English translation of John 3:7 has given many persons the idea that being born again is a duty. Now a duty is something that you ought to do, and that by your own choice you can do if you will. It's up to you. But (taking the teaching of the Bible as a whole) being born again is not a duty. It is the act of God.

What Jesus was saying (as the Greek of John 3 indicates) is that it is necessary, it is indispensable, to be born again. There can be no development, no growth, in the spiritual life unless there is somewhere the beginning of that life. You must have been born once in order to see the sunshine. You must be born again in order to see God.

The seed which we sow in field or garden must have the germ of life in it or it will never grow. But no farmer can give life to lifeless seed. God alone is the life-giver, in the first birth or in the second.

### Turn; Follow

SOME people get this far in their thinking and then they become discouraged. "If only God can give life," they think, "what is the use of my trying to obey him? If God takes that first step then all I can do is to wait for him. No matter how much I want to be a Christian in my heart, I may not be able to for God may not see fit to make it possible for me to do what I want to do." This is a mistaken thought.

John Calvin, as is well known, was a very strong believer in predestination. As pastor of a large church, he had numbers of people in his congregation who heard him talking about predestination, the doctrine that we are in God's hands and that spiritual life can come only as he himself begins it in our souls.

They would ask just about this same question: I want to be a Christian, but how do I know that God has chosen me? I want to be a Christian, but how can I know whether I have been born again? Calvin's answer was a simple one: If you really want to be a Christian in your heart, that is a sign, the very best sign, that you have been born again.

### Turn; Follow

IN the Bible, the commands are "Turn"; "Follow"; "Believe"; "Obey". If we have not been born again these commands fall on deaf ears. If they stir our conscience, if they make us respond, then that is a sign we have been born again.

Then can't we tell when we are born again? Certainly we can tell; just by being alive. "We know that we have passed from death unto life, because we love the brethren," said the same apostle who recorded Jesus' conversation with Nicodemus.

We wish very much we knew whether Nicodemus himself was ever born again, but students of the Bible have never agreed on this. And the reason for the uncertainty is that Nicodemus never did come right out.

We know Matthew was born again because he turned his back on his former life and followed Jesus. We know that Nicodemus said some kind things about Jesus. We know that after Jesus was dead, Nicodemus came through with a handsome contribution for the funeral. Was that only late, or was it too late?

### PROCEEDINGS OF THE MEETING OF BOARD OF EDUCATION

The regular meeting of the Board of Education of Carroll County was held on Tuesday, January 15, at 3:00 with all members present. The Board considered the minutes of the December meeting and approved the bills which were submitted for the meeting. Considerable time was given to a discussion of the special meeting to be held later in the day with the county commissioners, county legislators and others in the Westminster High School.

The Board considered miscellaneous adjustments on school transportation routes at various locations in the county as well as incidental business connected with completion of building projects and the planning of additional projects for the summer of 1952.

The Board was given information regarding the plan for the professional Carroll County teachers' conference to be held in the Westminster High School on Monday, January 21, 1952 at which time the teachers will be addressed by Dr. Thomas G. Pullen, Jr., State Superintendent of Schools, and Dr. Lilla Belle Pitts, Columbia University, as well as a number of other consultants in various fields.

The Board gave consideration to the budget for the school year 1952-53 and its effect on the planning for the improvement, expansion and continuance of the educational services in the county schools. The superintendent was directed to present to the special dinner meeting later in the day all the facts regarding the present problems confronting the county school administrators with special reference to the unmet needs in the county and the probable future problems to result from increased enrollment and modification of school support.

The Board approved the appointment of Tilden Barnes as janitor in the Elmer Wolfe School; Mrs. Mildred Whitt as music teacher in the Sykesville High School for the remainder of the school year; Jesse Myers as Mathematics teacher in the Westminster High School for the remainder of the 1951-52 year. Resignations were accepted from John Carl, Westminster High School, Gertrude Detwiler, of the Sykesville High School, Mrs. Anna Evans, Robert Moton Elementary School.

The Board gave consideration to applications for district scholarships which had been received from applicants for scholarships to Western Maryland College during the next school year.

The Board considered miscellaneous communications from parent teacher associations and representatives of the Carroll County Teachers Association.

Adjournment was in time to attend the special dinner meeting at the Westminster High School at 6:00 when dinner was served by the teachers of the home economics department assisted by the pupils of this department. The dinner was attended by Mr. Clyde L. Hesson, President of the Board of Education, Mr. Norman Hunter, Mrs. Mabel Necker, Mr. Robert Brilhart, Mr. Paul Niswander, and Mr. Thomas Arrington, members of the county board of education. Mr. Walter Bennett, Mr. Emory Berwager, and Mr. James Shilling, members of the Board of County Commissioners, Mr. Earl Shipley, Parole Commissioner for the State of Maryland, Mr. Joseph Hahn, Jr., Mr. Carroll Smith, Mr. Roy Barnes, representing Carroll County from the House of Delegates; Mr. Jesse Stark, Mr. Gerald Richter, Mr. Quentin Earhart, Mr. Fred Engle, Mr. Stephen Lerda, Mr. George Thomas, Mr. Lionel Yohn, Mr. Evan Bowers, Mr. Kenneth Mays, Mrs. Margaret Brilhart, Mrs. Madeline Bankert, Mr. Franklin Gilds, Mr. Gilbert Martin, Mr. John Manspeaker, Mr. Stanley Stahl, Mr. Robert Unger, principals of the county schools. The principals were accompanied by representatives of the local parent teacher organizations in many cases. Mr. Andrew Mason represented the Carroll County Teachers' Association as a teacher representative, Mrs. Urith Shipley represented the Association as Chairman of the Legislative Committee. Mr. Milson Raver, Executive Secretary of the Maryland State Teachers' Association, was a guest as well as Miss Jane Mather, secretary to the Superintendent, S. M. Jenness.

At the dinner session Superintendent Jenness presented a statement in connection with the condition and the progress of education in Carroll County attempting to show the issues and problems now confronting the schools of the county and state. This was done in an effort to bring complete understanding to the group regarding the problems and their meaning for Carroll County. In his remarks, Mr. Jenness reviewed the progress of education in the State of Maryland during the period 1868 to 1951 with particular emphasis on support by the State for the cost of local schools. Attention was called to the various acts of the legislature making possible in Maryland a uniform state system of schools. Special emphasis was given to the equalization law passed in 1922, providing for state aid to relieve local units from onerous taxation. Under this plan the state participates in the cost of public schools in the same way it does in the care of the mentally ill, and for the construction and care of public roads. The presentation included explanations of the salary scales which had been in effect during the past ten years, especially with reference to salaries, teacher supply, the retention of good teachers in their position, the repair and maintenance of old buildings and equipment, the replacement of additional school facilities. It was shown that an increase of from 400 to 500 pupils was being encountered in the county school enrollment each year. Statistics to illustrate this were given as follows: For the period 1945-46 the enrollment was 6226; 1946-47, 6338; 1947-48, 6461; 1948-49, 6896; 1949-50, 7038; 1950-51, 7545; 1951-52, 7682; 1952 estimated 8287, 1953, estimated 8700. It was explained that increases in teachers' salaries or providing expanded educational service in the county by means of local appropriation would mean increased taxes on real estate, and that ob-

viously the responsibility for the education of all children based on past experience in this state should continue to be shared responsibility at the various levels of government. The position was taken that the wealth of the state should continue to be applied in helping to educate the child regardless of where he lives. Some time was given to an explanation of the equalization fund and the state minimum program of education with emphasis on the need for continued support on the part of the state to assist the counties of the state in carrying through the minimum program. The legislation of 1951 was reviewed with a view to explaining its relation to the problems confronting the schools at this time. In this connection some explanation was given to a discussion of the report of a sub-committee appointed by the Legislative Council to study the matter of teachers' salaries. An explanation of the school building situation existing in all school districts of the county was given including a report of improvements made during the past five years and those which will be necessary to expanding enrollments and the need for additional services. This section of the report included the enrollment for each school and the number of teachers employed and the local problems related to the housing of the school enrollment in each county.

The activities of the County board of education and the county parent teachers' association were reviewed including various items of newspaper publicity and resolutions of the Board of Education adopted on May 8, 1951. These activities included statements prepared for consideration for parent teacher groups throughout the county, communications to the County Commissioners, explanations of school problems to civic groups throughout the county, a study of school problems by consultants on various levels of school administration; tours and visits arranged for interested citizens and officials; efforts by the local schools to encourage and promote visitation of the school by parents and community leaders.

Following the remarks of Superintendent Jenness a discussion of the issues was held during which time Mr. Walter Bennett, President of the Board of County Commissioners spoke regarding the problems of local financing. Mr. Milson Raver, Executive Secretary of the Maryland State Teachers Association explained the issues on the State level and Mr. C. Ray Barnes, member of the House of Delegates spoke regarding the legislation for 1952. Mr. Earl Shipley, Parole Commissioner, spoke briefly to emphasize the educational progress which had been made in the county. President Jesse Stark of the Carroll County Teachers Association made brief remarks and Mr. Clyde L. Hesson, President of the County Board of Education spoke briefly.

The meeting was considered a very successful one and it is hoped resulted in a better understanding of many of the issues and problems now confronting the county authorities.

The dinner was by the courtesy of the Carroll County Teachers Association and was served by the girls of the home economics department in the Westminster High School under the direction of their teachers, Miss Gertrude Jamison and Miss Helen Horner assisted by Mrs. Josephine West, Supervisor of Home Economics and School Lunch for the county.

# For Outperforming all other American Cars...

In the Grinding Tests that Won it the Motor Trend Magazine Award, Chrysler proved itself the Best Engineered Car in America

### CHRYSLER SURPASSED ALL OTHERS WHEN MOTOR TREND TESTED FOR:

- ★ Average Braking Distance in Feet
- ★ Ton Miles per Gallon
- ★ Average Acceleration in Seconds
- ★ Acceleration Over Standing 1/4 Mile in Seconds
- ★ Average Top Speed in M.P.H.
- ★ Maximum Road Horsepower
- ★ Pounds per Road Horsepower
- ★ Maximum Torque in Lbs.-Ft.
- ★ Maximum Brake Mean Effective Pressure
- ★ First in Total Points

## CHRYSLER

finest engineered cars in the world

15 different American stock automobiles—equipped as you buy them—were driven by Motor Trend Magazine as hard as steel and rubber can be driven. In these actual road tests of efficiency and performance, measured by the most accurate instruments obtainable, Chrysler proved itself superior to all others. In 13 tests Chrysler was first in 7—tied in 2, making a total of 9 out of 13 ... and first in total points!

Only by taking an engine to the limit of its potential, only by turning the corners at high speeds, applying brakes for emergency stops, torturing body, springs and shock absorbers, can you learn just what performance you can expect from the make of car you drive. The results of the Motor Trend tests were conclusive ... as Chrysler, again, proved itself the one best car in America.

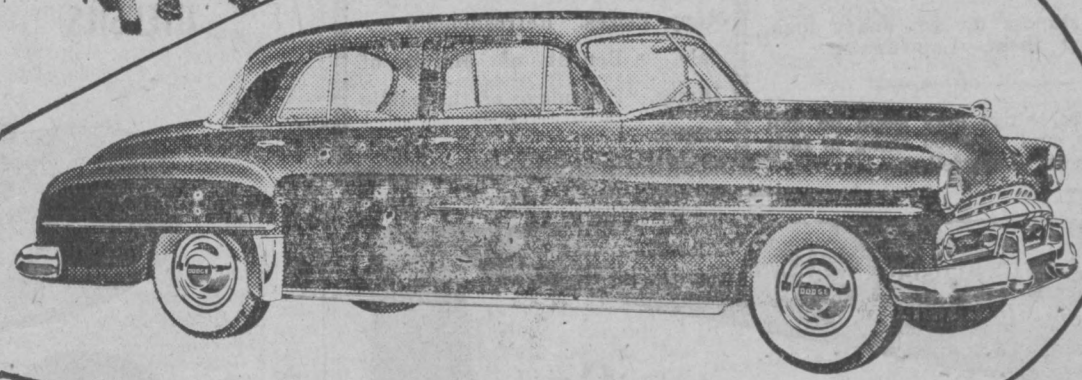

The Motor Trend Award, like numerous other honors today's Chrysler has won, is both a proof of and a tribute to Chrysler's magnificent Fire-Power engine and master engineering. Each demonstrates why, among men and women who know automobiles ... Chrysler is *always* the first choice.
