AN OPEN LETTER

Taneytown, Maryland
April 8, 1952
Dr. Robert H. Riley, Director
Department of Health
State of Maryland
2411 North Charles Street
Baltimore 18, Maryland
Dear Dr. Riley:

Under date of November 24, 1950, I wrote to you, enclosing a copy of letter of the same date addressed to the Mayor and Town Council of Taneytown, Carroll County, Maryland, both having reference to the nuisance caused by the dumping of sewerage by the citizens of Taneytown into an open stream leading through my property.

To this you replied under date of November 30, 1950, advising of the fact that the Mayor and Council of Taneytown had engaged a firm of consulting engineers to prepare plans and specifications for a sewerage system and also that the matter of financing and other details were being looked into.

I also received information from persons at Taneytown substantiating this information, and in view of these assurances and the desire on my part to be reasonable in my demands, I withdrew to the sidelines in a standby position, remaining there until April 2, 1952, at which time I addressed an open letter to the citizens of Taneytown, which was carried in the April 4th issue of "The Carroll Record", a copy of which is enclosed.

This article speaks for itself. Yet, there is one point I want to make perfectly clear. I am not sponsoring a bond issue. I am not sponsoring a sewerage system, but I am demanding that the nuisance created by the dumping of sewerage into the open stream passing through my property be stopped.

In my thinking the time for appeasement has passed, and in this I hope that you concur. Therefore, this is being placed with you in the form of a demand that you, in your official capacity, take such action as is necessary to force the correction of this condition now.

Awaiting your advice.

Yours very truly

A. H. CARPENTER.

AHC:McG.

P. S. That you may be fully informed, a copy of this is being released to "The Carroll Record". A. H. C.

LETTER TO THE COMMUNITY

The Editor

The Carroll Record,

Taneytown, Md.

Dear Sir:

It is my earnest desire to be counted as a citizen who is interested in the civic development of our fair community. We can point with pride to our Schools, Churches, Street Lighting, Water System, Fire Protection and Ambulance Service, BUT we are disgraced with the lack of proper Sewage disposal. It is hoped that they who constituted a majority will reconsider their vote against correcting what is a menace to the health of our citizens. Surely our children should receive protection from the possible scourge of Polio.

Ernest W. Dunbar.

This glad Easter morning witnesses a risen Saviour, a higher, human sense of Life and Love, which wipes away all tears.—Mary Baker Eddy.

Taneytown Volunteer Fire Company Opens Drive For Funds April 15th

The Taneytown Volunteer Fire Company will open its drive for funds Tuesday, April 15, 1952. Committees for the solicitation have been appointed and efforts will be made to ask everyone in Taneytown and vicinity to help in the form of a cash donation.

Before the firemen appear at your home or place of business to ask for a donation, each person should analyze the importance and value of our efficient fire fighting unit. These men have a 24 hour a day job. They are subject to call any time during the day or night, summer or winter and they DO respond to the call in case of fire or for the use of the ambulance promptly and willingly. They do not charge for this service—the one way they have of maintaining their modern equipment is by your contribution. GIVE!

Fire insurance costs money and is very important. Life insurance costs money too and should be carried. In case of a loss by fire or should a death occur a small consolation is received from your insurance company but with Give like you would pay insurance.

The present fire company was organized in Taneytown, October 18, 1897 and the present building was dedicated in April 1902 and in the past 50 years many thousands of dollars worth of property was saved by this company. Committees from the fire company to do the solicitation are as follows: General committee: Kenneth Hawk, Raymond Feaser and Eugene Eyer, rural, for town George Kiser.

WELFARE BOARD MET

Report of Activities for 1951 Made

On March 11, 1952 the monthly meeting of the Carroll County Welfare Board was held at the agency offices on John St., Westminster. The Board met to discuss the current operation of the agency and to review the annual report of services for 1951. The members of the Board of the past year have been: Mr. Charles O. Fisher, of Westminster, Chairman; Mr. Edmund L. Carr, Manchester, Vice-chairman; Mr. Emory A. Berwager, Manchester, County Commissioner; Mrs. Harvey M. Houck, Sykesville; Mr. Herbert Anders, Union Bridge; Mr. Carroll L. Crawford, Westminster; Dr. R. S. McVaugh, Taneytown. The Board instructed the Director, William H. Koelber, to prepare facts for publication.

The year 1951 saw many changes in the administration of public welfare in Maryland and in Carroll County. Under the Board's guidance the agency has insisted on more careful investigations of need before assistance is given and more frequent visits of problem cases after assistance has been started. The agency has made a special attempt to apply the laws relating to public welfare uniformly to all persons seeking financial aid, particularly in cases involving support from adult children. The agency has also tried with its limited amounts for food and shelter to provide a standard of living that would at least provide for a minimum essential for decent living. The average monthly grant for one person in January, 1951 was \$38.74 a month; the average monthly grant to one person in December, '51 was \$43.62. This increase in about \$5 a month hardly meets the increase in the cost of living over the past year.

One major change during the past year was decline in the amount of money spent for public assistance payments. In 1951 the Carroll County Welfare Board spent \$143,313.74 less than it did for the fiscal year of 1950. This decrease was due to many factors including careful study of cases by social workers and by uniform application of regulations relating to public assistance. The greatest drop in expenditure was in the Aid to Dependent Children program where effort was made by case workers to help mothers begin plans for their independence when children could be cared for by others in the home, by day care, or by planning to pay others to mind children. Case workers have worked with partially employable people in an effort to help them find part time or light work in this way have begun to work on a truly rehabilitative program. During 1951, 237 applications for assistance have been carefully weighed and a decision made; out of this number 116 applications were given assistance from one to six months or longer depending on the circumstances. Assistance was given in these cases for the following reasons listed in the order of frequency: 1st, client has used up savings, such as bank account, cash value of insurance, borrowing power, etc.; 2nd, client is no longer able to support himself through employment because he is physically disabled; 3rd, loss of support of parent because of sickness; 4th, family in need because of the death or absence of the father.

121 applications were found not eligible for assistance for various factors. In the order of frequency these reasons are: 1st, application not complete; 2nd, client has a property resource to meet needs; 3rd, support available from son or daughter; 4th, client is able to earn enough to meet needs. In some of these cases the client has been able to discover by working on his application that he could make use of other means of supporting himself and his family; it is necessary then that the case worker be able to explore these factors with (Continued on seventh page)

In these days of uncertainty, the only thing you can count on is your fingers.

MASSA NUTTEN GLEE CLUB CONCERT

On Thursday evening of next week the Glee Club of Massanutten Academy of Woodstock, Virginia, will sing a concert in Grace Evangelical and Reformed Church, Taneytown. This musical program will consist of sacred, classical, popular and college type numbers. The Glee Club consists of 32 members, some of which will also present instrumental numbers. Mr. Robert Harner, son of Mr. and Mrs. George Harner, of Taneytown is a member of the Glee Club. The musical department of the school is under the direction of Mr. George Benchoff, brother of the headmaster of the institution, Mr. Howard Benchoff.

The concert is being sponsored by the Evangelical and Reformed churches of Carroll County, which in recent years have brought to the Carroll County constituency of the denomination the musical organizations of the various educational institutions of that denomination in this area.

Massanutten Academy was established in 1899 as a select preparatory school for boys desiring a firmer and more disciplined education than what the community high school can offer. The original building and grounds were purchased by the Virginia Classis of the former Reformed Church in the United States. Massanutten Academy which consists of 330 acres of land and 12 very attractive and most useful buildings has a student body of about 150 high school age boys. The faculty consists of 16 instructors. The motto of this educational institution is "Courage, Purity and Industry." The ideal of the school is to prepare each young man well for higher education and for good citizenship, and for good citizenship. "Be happy that you can work, develop your native talents and make ready to serve, as well as to enjoy, this wonderful world, with open mind and courage for each day's task."

Sponsoring tickets to help defray the expenses of bringing the Glee Club to Carroll County are available from a lay representative in each charge. An offering will also be received from those not having patron tickets. It is to be understood that the concert is open to any and to all people and denominations. The concert will take place at 8 o'clock and the general public is most cordially invited. Rev. Morgan Andreas is the minister of the host congregation.

THIS 'N' THAT (Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

Here's a cute letter from a young housewife who is also a young Mother and I think a nice note for husbands to read. "My husband objects terribly to cold cream on my face and it has caused many words. As my skin is unusually dry, I must put it on. Can you advise me what to do and say to convince him?" That is a very simple problem, my dear to remedy. As soon as he leaves for work in the mornings, run for that cold cream jar and leave the cream on while doing your household cares. Your Observer does that very thing! Don't have words about such a little thing—life is too short! Women are much sweeter than men when it comes to those little things in life as many times men appear just awful looking when they need a shave and all the little wife will say is, "Oh—do get shaved!" Eh?

Now Hochschild Kohn Co., has advertised a new blue called, "Wedge-wood blue!"

Here's to the Farmer and something Your Observer saw last week, Farmers harvesting their corn which was a big surprise to me! That right in Harford county not so far from here.

Ladies and this is really for the female gender only! Whatever you do run right to the drug store and buy a April Coronet and then read and be sorry in the article, "Why G's prefer those German Girls". It will teach you and show you that you should give up that outside job and become more domesticated!

And in the Ladies' Home Journal of "50 years ago printed in that magazine" which they write monthly was in reference to dancing stating, "In dancing, a lady places her hand on the partner's shoulder which insures his not holding her too tightly. If it does not have the desired effect, she should stop dancing at once!" UGH!

The other night, I attended The North Harford High School F. H. A. which presented a Hobby Show for the purpose of stimulating interest in leisure time activities for pleasure or profit. There was special music. Never have I been to such an excellent show! There was just about everything antiques of China, jewelry, glass, silver, miscellaneous, ceramics, books art and etchings. Needlework of quilts, crochet, embroidery, sewing and the nice part was the oldsters from the county had their hobbies there, too. There were paintings, bottles, cups, coins, dolls, salt and pepper shakers, stamps, shells, vases. Even to a family tree! Canning, pitch-

GOVERNOR CANCELS P.T.A. APPEARANCE

The program committee of the elementary school P.T.A. was recently informed that Governor McKeldin would not be able to keep his April appointment due to his acceptance of an official invitation from the Government of Israel to spend the Easter time there. He has requested that he be tendered an invitation to address the group in the fall. In place of the governor, another speaker, Mr. John R. Reeves, will be sent by the Maryland Executive Department. All patrons will be notified on Tuesday of the exact plans for the meeting.

WHAT IS THE I. O. O. U. S.?

The Taneytown Elementary school spring operetta is nearing final preparations, as "Scarecrow Dick" organizes his I.O.O.U.S.

In Katie's garden, Scarecrow Dick overhears the discussion of Granny O'Leary's story—that under certain conditions scarecrows can dance and sing during the first 48 hours of May. The children do not believe the story. Neither do the milkmaids who are trying to keep out of the way of rakes and hoes.

Dick calls Sam and Sally, who bring an important letter. It demands that all scarecrows promote good gardening or forfeit their power of movement. Plans are made to ask Kate and her friends to help them hoe the garden. To obtain their promise the scarecrows promise to dance and sing. Before the promise can be given something happens to the scarecrow.

Come see what happens and enjoy a good Elementary operetta by the 5th and 6th grades, April 22, 1952, at 8 P. M.

JUNIOR BASEBALL

All boys from 14 years old to 18 years old interested in playing Junior baseball please be at the Legion Home at 7 p. m., Tuesday, April 15. This is important. All try to be present. The meeting will be short.

GRASS ROOTS OPINION

ANTIGO, WISC., DAILY JOURNAL: "It is encouraging, in view of all that has been said about the disappearance of the family doctor, which rural communities have felt so keenly, that the trend in preparation for medicine has changed. According to Pageant magazine, for the past five years the proportion of medical students planning to become general practitioners has increased steadily."

OLYMPIA, WASH., OLYMPIAN: "We should not forget that American consumers are afforded an opportunity to protect themselves that is practically unheard of in many other countries. American manufacturers produce goods of excellent quality because they are competing for the trade of millions of wage earners and housewives. To capture this trade they strive to market the best products possible, at the lowest possible price—whether the items are bobby pins, can openers, foundation garments or automobiles."

WADENA, MINN., PIONEER JOURNAL: "The patient taxpayer has received very little consideration from Washington. He is looked upon very much as we look upon and admire a cow that produces five hundred or more pounds of butter fat during the year. The American taxpayer is the world's champion producer and yet the poor sap continues to produce more and more without a whimper. Perhaps, he often exclaims to himself, when in the privacy of his home, that he wishes he had more dollars to give to his wasteful government."

CHRYSLER FirePower

is so much more than HORSEPOWER

+ It's worth remembering that today's Chrysler V-8 is not a "warmed-over" engine, but basically brand new... the first truly new type engine of modern times. It does, indeed, open new horsepower potentials, but what it can mean to you goes way beyond just that...

+ FirePower is also a better-built engine throughout. It doesn't require premium fuel. It runs with less waste, less heat, less wear, less carbon deposit than other type engines can do. More of your gasoline's energy is turned into actual road power, greater reserve for passing and top speeds when needed...

+ FirePower gives your gasoline a better place to work... the first hemispherical combustion chamber in a stock-car engine. It makes possible more power from every drop of gas. You feel it the minute you open up a Chrysler, in greater accelerating power than you've ever had at your command...

+ Why not drive this revolutionary new-type engine, and feel its wonderful difference for yourself? Let your Chrysler dealer show you how much more than horsepower your money can buy in the engine Chrysler has designed from scratch to do an engine's job better, longer, and more efficiently than previous engines can hope to do!

FEESERSBURG

This is Holy Week or Passion Week in the christian world. It began with Palm Sunday and will end on Easter. Although many churches reported good attendance on Palm Sunday, the weather kept many away. It was a cold, blustery day and some people had not recovered sufficiently from the storm on Saturday, to venture forth on Sunday. Most pastors used the "story of the Cross" as the theme for their sermons but the Rev. Dr. Edward E. Williams, of Washington, preferred to modernize his sermon. Among the things he said was one thought which coincided with the facts of life today. It was this and I am quoting Dr. Williams: "If Christ came to Washington today He would be called a Communist. People would brand Him this because that's the favorite title they give to anyone who endangers the status quo. They would say He was propagandizing in a dangerous manner. Just as the people of His day tried to trap Him, there are those today who would try to trap people and put them before some committee and catch them in what they say."

And while we are on the subject of religion it may surprise you as it did me to learn that there are between three hundred and four hundred million Moslems, or adherents of Islam, the religion founded by the Prophet Mohammed in 622 in the heart of the Arabian desert. Whatever the racial and national differences between them, the Moslems form a more united religious body than do the followers of any other great religion. The Moslem religion provides the ground upon which its adherents stand and the roof that gives them shelter. The customs in his daily life, fundamental habits, spiritual and moral ideals—all these are laid down by the Koran and followed almost to the letter.

Have you ever really listened to

some of the propaganda that the American business men are putting out over the airways trying to sell our way of life. For instance, take the bath tub situation. There is little point in telling Europeans or Asiatics that we are bathtub rich. It so happens we were a great country before we became a bathtub country. Why not tell them about the revolution and encourage them in the same thing. Telling them about our material wealth and standard of living only sounds like bragging and no one can stand a braggart. Our propaganda sounds like we are always trying to sell something—either bath tubs or lawn mowers and worrying about how much profit is in each deal. This of course is not our real intention. We are really trying to show them what they can do too, if they follow our pattern. But for some reason or other we fail to get it across.

The storm which struck Carroll and Frederick counties and nearby Pennsylvania Saturday afternoon did considerable damage in our area. The Grossnickle farm near Middleburg must have been in the center of the storm for the farm buildings were scattered like match sticks. Newton Six farm too suffered considerably. It seemed the wind hopped and skipped over the country side like a child with a jumping rope for damage was here and there over a wide area. I watched the storm approach from the southwest bedroom window but when the wind started moaning and the trees on the lawn began lurching almost parallel to the ground, I ran to the kitchen so as to be close to the cellar way. Before the rain started the clouds were churning in the sky, black as midnight, but I didn't see any funnel shaped cloud. The Weather Bureau in Baltimore has asked anyone that actually saw a funnel shaped cloud to write to them and tell them about it. They want to make sure whether the storm on Saturday was or was not a tornado.

It is surprising how naive people who live in the city all their lives are about storms. We were expecting visitors from Baltimore on Saturday and when the storm came up we took for granted they would stop somewhere until it was over. In the midst of the storm a car came in the driveway and it was our visitors, unconcerned and undismayed. It wasn't until on Sunday, when we showed them the damage done by the wind that they finally understood what they had driven through. They agreed then they had a right to be concerned and upset over their recklessness.

There is a happy sequel to the story of the doves which I wrote about last week. For several days after its mate was killed by Thomas, the cat, the dove left behind sat on the telephone wire and called its plaintive song. On Friday morning we looked out and sitting on the wire were two doves. Now they are busy with love making and building a nest.

Mrs. Carl Witzke and Mrs. David Buffington, of Catonsville, were guests over the week-end of the Millard Roelke's.

Mr. and Mrs. Samuel Lesight announce the birth of a third son at the Frederick Memorial Hospital, last week. Mrs. Lesight and infant son returned to her home on Monday.

The Women's Missionary Society of the Mt. Union Lutheran Church held its regular monthly meeting on Monday evening in the Parish House with ten members present. Mrs. David Miller was the discussion leader.

Frederick, finally did something about the traffic problem. Market and Patrick streets have been made one way streets with minor changes for other streets. The new setup went into operation on Monday.

The citizens of Taneytown may be interested in a non-residents comment on the recent defeat of the proposed sewer system. This person plans to build a home in Taneytown in the near future and his remarks are not without significance: "Taneytown has recently been called one of the most progressive towns of its size in the State of Maryland. Its leaders have been called farsighted and it has been my opinion that it would be an ideal place to spend the remainder of my days. But with the defeat of the Bond Issue by tactics that were undemocratic and even immoral I am a little doubtful."

Our favorite soldier in Korea writes that the boys' morale is high—the food is good—there is plenty of mail—the rotation plan is working well and last but by far the best the Chinese troops have been staying quiet for awhile.

With the recent outbreak of rabies among the foxes in Virginia and Pennsylvania its a wonder more people do not concern themselves about this dreaded disease. The reason for the public's apathy is no doubt due to the fact that it knows little of the effect of rabies on humans. When one states that it is the most horrible death that can over take anyone it is no exaggeration. The pasteur treatment is almost as bad as the disease. If this fact was driven home most people would have their dogs vaccinated against rabies for one infected animal can infect others by biting them or other contacts. Health officials, livestock producers and public spirited citizens should band together in every community to stamp out rabies. Other countries have done it and there isn't any reason that the United States can't do it too.

May I take this space to thank my friends and family for their cards, letters and gifts which made my 45th birthday a memorable one. As one grows older the most precious things in life are one's family and loyal friends. Without them daily living would have no meaning. Since this is Holy Week we think it appropriate to end this column with a "Prayer for Today" by James R. McCain: "Our Father, may Holy Week mean more to us than a place on the calendar. In the perspective of 19 centuries, may we understand the value placed by Jesus on human souls that He was willing to endure that week. May we accept His sacrifice with thanksgiving and dedicate ourselves anew to His service. Amen."

Spring brings back the birds, the flowers—and Easter. We decorate our churches with spring flowers and listen to Easter music. As though they wanted to share the beauty of Easter the daffodils, hyacinths, narcissus and forsythia put on their gay spring bonnets and help us celebrate. Easter falls on the first Sunday after the first full moon on or after March 21st. The earliest possible date on which Easter may occur is March 22; is not early and not so late. On April 13th, the world and her people will be dressed in Spring's finery to herald the joyous Resurrection.

O beautiful the Eastertide
That broke the bars of night
And flung the sable portals wide,
And flooded earth with light;
O Eastertide, glad Eastertide,
That rolled the stone away,
That hailed the Christ, men sacrificed
King of Eternal day.

O beautiful the Eastertide
That makes the lilies bloom,
And sounds the joy-note far and wide,
And glorifies the tomb.
O Eastertide, fair Eastertide,
That sets our faith aflame,
And leads us on where Christ has gone
In His Eternal name.

Her husband died 38 years ago.

Surviving are four children, Elmer E. and Maurice A. Krebs, Taneytown, and Mrs. John T. Stambaugh and Mrs. Z. W. Sanders, Littleton, twenty grandchildren, 36 great-grandchildren and sixteen great-great-grandchildren. Mrs. Krebs was a lifelong member of Grace Reformed church. Funeral services were held at the C. KEYSVILLE MISSIONARY MEETING AND MISSION STUDY CLASS

The Keysville Evangelical Lutheran Missionary Society began its meeting Tuesday evening by singing, "Savior Like a Shepherd Lead Us." Mrs. Grace Warren read the Scripture lesson and offered prayer. Mrs. Carroll Dougherty introduced the topic, "What Is Best for the Child?" and conducted a quiz. In this manner the evaluation of the relations and contributions of the church, the home, and the public school in the education of children was brought to light also our responsibilities in regards to educating our children.

Rev. Morgan Andreas, pastor of our neighboring church, the Keysville Evan. and Reformed church spoke on "What Lent Means to Us." The chorus of the same church consisting of Mr. Clarence Stonestifer, Mr. Paul Six, Mr. Hartson, Mr. Glenn Groshon and Rev. Andreas sang "Look to the Lamb of God" and "Ivory Palaces". The society is indebted to Mrs. Mark Baumgardner and Mrs. Ralph Shoemaker for the "specials". They were much appreciated.

The social committee consisting of Mrs. Robert Stine, Mrs. Mark Baumgardner, Mrs. Chas. Trout, Mrs. Melvin Bostian and Mrs. Loren Austin served sandwiches, potato chips, pickles, coffee and a decorated candy egg. The table decorations were in keeping with the Easter season. Our guests, both men and ladies, were most welcome and it was a real privilege to fellowship one with another. Come again. The president, Mrs. Gregg Kiser conducted the usual business meeting following the social.

The mission study class taught by Mrs. J. F. Fife (Evelyn Fife) last Saturday proved very interesting. There were about fifty in attendance, eighteen members of the local society and the remaining number were from Trinity Lutheran, Taneytown, St. James, Union Bridge, Mt. Union, Rocky Hill, Haugh's and Woodsboro, Mrs. Fife in her pleasing manner, was a very capable teacher. She gave us much food for thought and certainly created enthusiasm for each to go back in their respective communities and do mission work.

The topic was, "Churches for Our Country's Need", dealing with "home missions". It is the business of every local church. It is the business of every Christian.

The worship service in the morning was conducted by Mrs. Mary Devilbiss and in the afternoon by Mrs. Charles Cluts. Those taking part in the skits were Mrs. Roy Baumgardner, Pastor Yaste, Richard Stonestifer, Jane Wilhide, Mrs. Ruth Wilhide and Gloria Keeney. They portrayed and contrasted the family worship in the home a hundred years ago and the hustle and bustle in the home today—no time for worship. Readings by Mrs. Stahl, Mrs. Myers, Mrs. Powell and Miss Ruth Habiline were very inspiring. The film strip, "Made in U. S. A.", also the movie, "We Would Be Building" were very educational. The society is indebted to Mr. Dunbar for showing the movie. We deem the study class under the efficient leadership of Mrs. Fife a worthwhile experience whereby we enjoyed the fellowship of each other and gained inspiration to do greater things.

HARNEY P-T. A. MEETS

The April meeting of the Harney P-T. A. was held on Wednesday evening, April 2nd. The meeting was opened by singing "In The Gloaming", "Old Black Joe", and "Maryland, My Maryland". Mr. Elmer Shildt led the singing. Mrs. Walter Hahn read the Bible, followed by prayer by Mr. Shildt.

Mrs. Reifsnider told of the spring meeting of the Carroll County P-T. A. at Westminster, on April 9th, and asked for some representatives from Harney School at this meeting.

The Koonitz children, Barbara, Sylvia, Larry, Carol and Judy presented the following entertainment: Skit, "The Boy Who Wouldn't Clean His Teeth"; Monologue, "My Family" by Sylvia; Songs used were "Dear Hearts and Gentle People", "Dance Me Loose", "Slowpoke", and the "Alphabet Song."

It was announced by the Quartermaster that the 1952 membership was substantially over that of previous years. It was voted to make the Easter egg hunt for all children of the community up to 12 years or age an annual affair to be held on Easter Sunday at 2 o'clock.

District Commander Lummern F. Norris presented to the post a citation for 1951 membership of over 10 percent of the previous year. Guests were present from Westminster and Emmitsburg Posts. Following the meeting an oyster supper was served to all members and guests present.

TIRED OF DIGGING HOLES FOR FENCE POSTS?

Here's an easy way to get out of that work . . . to stop spending all that money. For fence repairs, make replacements with Koppers Pressure-Creosoted Posts — the posts that last for 30 years! Soon, you'll have a 100% pressure-creosoted post fence. Naturally, for new fencing, it pays to set only Koppers Posts, and forget about making replacements.

Koppers Posts, pressure-treated with creosote, are protected against termites and decay. They keep original size and strength at ground line; therefore, smaller treated posts can replace larger untreated posts. There are many other advantages. See us for fence posts.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

BY DR. KENNETH J. FOREMAN

SCRIPTURE: John 11:14-16; 14:1-6;
20:24-29
DEVOTIONAL READING: Matthew 28:1-10.

The Risen Lord

Lesson for April 13, 1952

IN all the churning Easter music, in all the multitudinous many-voiced "I believe..." in the midst of the Easter lilies, is it hard to believe? Some find it so and feel ashamed that in the presence of others' bright faith their own doubts rise darkly dim, their faith once clear and warm now grown opaque and cold. It is at Easter time that such a person finds his case most tragic. Doubt that echoes a universal loss of faith is almost natural; but why must doubt stand like a dark rock in a sunny meadow, cold in the midst of flowing springtime?

Dr. Foreman

The Man of Dark Mind

TRAGIC such loss of faith may be; but not new. For in Christ's first Twelve—we must say first Eleven, for Judas had sold himself to another—even in that choice company there was one who, on the First Easter, when the voice of all his friends spoke as one: He is risen! could only answer, Is he risen, indeed?

The church has given the name of Saint to these eleven men; they will not deny it to Saint Thomas. For sainthood is not confined to those who have never wrestled with doubt; saints are not only those in whose eyes God and his ways have been always clearly seen.

High in the roll of Christian saints is the name of Thomas, a man of dark but honest mind. His doubt was very like him. He was not a man who most easily believed what was most pleasant.

When Jesus had set his face to go to Jerusalem, the other Ten looked for a Throne, and thrones for all; Thomas alone looked for death. Yet in the very hour, cheered by no bright illusion, Thomas could say what no other did: "Let us go too that we may die with him."

In the upper room at the Last Supper, again the voice of Thomas bespoke his dark mind. "We know not whether thou goest; and how can we know the way?"

So it could have been small surprise to the Ten that when they went to Thomas with the glad news of Easter Day, he was slow to believe.

The Last Beatitude
NOW the Lord Christ did not rebuke this man Thomas, when at last the two came face to face once more; nor did he praise him. He knew that Thomas had acted as a Thomas will.

But our Lord also looked down the centuries, to us and beyond. Thomas had not asked the impossible; but soon, soon would come the time when a request like his could not be granted.

Not forever could Christ be seen on earth with the visible eye. To only a few would be granted even the dream or vision of what Saint Thomas could have touched if he had dared. The time was shortly coming when men must believe, if they believe at all, without seeing. Easter days would come and go, and voice of faith would rise in a thousand songs: He is risen! But not on any Easter, for twice a thousand years at least, would Christ return to break bread with his friends in such a way that doubt could no longer be blessed are they that have not seen, and yet—!

The Risen Lord

SO Saint Thomas was wrong, and right. He was wrong if he thought: I cannot believe unless I see. The Christian way is not the seeing that is believing; it is the believing that is seeing.

But he was right if he thought: I must believe for myself, I can take no other man's faith for my own. And he was right at the last: "My Lord and my God!"

Was Thomas only a man of temperament, a man easily blown from depth of doubt to height of faith? By no means. He knew what difference Easter makes, once the truth of it comes home to a man's mind.

If the message of Easter is not true, Christ is dead, rather Jesus is dead and there is no Christ, his brain is dust, his dream a cobweb in the wind of death. But if the message of Easter is true—and the whole Christian church is witness that it is true—then Christ who lived again on Easter morning lives forever past all the mornings of the world, lives to be man's only king, reigning from the very right hand of God.

If Easter is not true, we shall walk softly as befits those in mourning on the return of a day of sorrow; if Easter is true we shall say and sing with Thomas and all the saints: My Lord and my God!

ers, plates, minerals, fishing flies, wood carving, tating, weaving, afghans, knitting, needlepoint and numerous other objects. The display was excellent in the arrangement in all the rooms. There was an auctioneer there who auctioned off the cakes and special eats that were brought.

That reminds me that when I bought eggs last week in Bel Air—there I saw the trademark right from Westminster farms!

While down at the school, I was introduced to a little lady who still buys The Carroll Record from Carroll county where she was born and reared and a Harford county man married her and that is the end of that story! She stated before a number of people that she would not miss this column! Now, I hope you did not miss last week's Wednesday night of Arthur Godfrey and His Friends with that adorable youngster singing which was one of the sweetest little boys I have ever seen. Also the Puppet Show on Saturday night of Emogene Coca! And thinking of little boys—here's to anyone who knows of a little four or five year old boy that can be adopted by an excellent couple. This is a childless home (the wife a former school teacher) and very comfortably fixed financially plus a beautiful home where a child would have real love, guidance and every opportunity in life. If you know of a little boy, kindly let Your Observer hear of the case.

So long, Folks. Have a grand week-end. Be considerate always of the other fellow in driving and it is always best, you know to be late than to be sorry! Until next week, D.V. I am.

Believe it or not, Mr. Farmer Your Observer saw a real but miniature Steam Plover on exhibition and for sale down at the North Harford School Hobby Show last week and the funny part was that a farmer not so very far from here purchased it and had it in operation on his farm! He stated he bought it for his Grandson but "GRANDMA SAYS"—she knows he is going to change the Steam to Oil!

Sitting in the car on 33rd Street just opposite the Union Memorial Hospital last week was most interesting for any one especially if they are interested in Human Nature. The traffic at that very busy section was exactly like some parts of New York City.

The rush of the cars going North, South, East and West and that hundreds of them in one hour! Taxis, racing to the door with either an emergency or perhaps that Blessed Event! The young Mother and the newly made Father proudly taking their first baby to the waiting car walking down the hospital steps so carefully—the new Papa holding onto the small suitcase and with the other hand carefully guarding his bundles of love! Then there were several accident cases being rushed in ambulances to the hospital.

Visitors calling upon friends and relatives in that building. White Capped nurses leaving the hospital going off duty and to the tiny apartments just across the street, from the hospital. Taxis driving up to the door or privately owned cars taking the patient being released from that building to their homes. Those getting well sitting in the Sun room looking out on 33rd Street. No building is more interesting and active as any hospital.

Here's to Mr. Driver and I do hope you were not guilty ever of the following. On Madison Street right off Charles, cars were parked all in a row. There was a small space in between two cars just wide enough for a very small car. Along comes Mr. Big and he was determined to get into that space. What did he do? Pushed the car in the rear with his bumper to move that car back a few feet. He succeeded in his efforts BUT—on the door of a garage was marked, "NO PARKING!" That is where he pushed that car! You see what I mean by the innocent victim yet when the police walk around or drive around on the beat, betcha that car was given a ticket! Eh? Wonder if that innocent victim could explain to the little Judge in the Traffic Court that he positively was not in front of that sign when he parked his car?

Thinking of Quarries! In the popular mind, the Mason-Dixon line is traditionally boundary between North and South but in Cardiff, Md., it has a deeper, more economic significance. The village of Cardiff, just South of "The Line" is the home of the country's only quarry producing dark green marble. This hidden natural treasure was of course unknown to the Meddars, Charles Mason and Jeremiah survey. As a matter of fact it wasn't till 1913 that the presence of the lovely stone was even suspected in that area. For some years after the turn of the Century, a small surface quarry had existed on the site of the present operation but it yielded nothing more than roadstone. One day a blast in the shallow pit unearthed a heavy mass of beautiful green rock which proved upon close examination to be marble. It occasioned much wonder and still does in some quarters even today. For green marble is a distinct rarity. Only in one other part of the entire United States is it quarried namely Vermont and then that stone is considerably lighter in color than that found at Cardiff. Your Observer brought some of that beautiful marble home and placed it in a wide cement walk that just happened to be in operation. It is most interesting to visit this place which is about ten miles from the Parsonage.

How disappointed Your Observer was in that little 15 cent package of "CLORETS"! Nothing but the regular 5 cent package of the famous Chieft of years standing! But you recall what Honest Abe said, "You can fool some of the people some of the time!" etc.

So long, Folks. Have a grand Easter week-end. When you go to church don't think about the Easter garments but in the Sermon which means so much.

Your Observer has never had what the public calls "Easter Finery"! God Bless all the "Shut Ins" wherever you are! I'll remember you in my prayers especially on this Sunday as I do always! Until next week D. V. I am,

Faithfully,

YOUR OBSERVER.

WELFARE BOARD MEETS

(Continued from First Page)

the client when he comes in for the first time in order to help make his plans. It is true that many clients are not eligible for assistance because they have not lived in Maryland long enough or because they do not wish a claim filed on their property after death and so forth, and in these cases the worker must help them look at the possible ways they can manage to support themselves without assistance from the Carroll County Welfare Board.

The agency gave Old Age Assistance to 292 people during 1951. This means that approximately 70% of all the people assisted in 1951 were over the age of 65 and their average age was 75 years old. To help these people we spent \$97,254.40 and paid for four burials costing \$291.50. Reimbursements from estates and refunds amounted to \$2,654.67 not including reimbursements on funeral expenses. 229 Old Age Assistance cases were carried over to 1952.

Assistance was given to eight persons who are totally blind at a cost of \$3,894.63; seven of these cases were carried over into 1952.

During 1951 a new category of assistance was started; this did not include more people but merely transferred cases so that federal money was obtained for them. The new category was called Aid to Permanently and totally disabled. In order for a person to be eligible for this kind of assistance he had to be in need and must receive a certificate from his doctor saying that he appeared to be permanently and totally disabled for any type of gainful employment. Thirty people were transferred to this kind of help but since then some of these cases have been closed leaving 23 cases for the new year.

Another type of assistance is given by Carroll County Welfare Board called General Public Assistance. Money for this comes only from the State and county. During 1951 34 individuals were given this kind of help. 16 cases were still open on December 31, 1951. The people included here are persons partially or temporarily disabled for employment due to some physical or mental problem. The case worker and the client begin by securing information from the client's physician about his disability. Together they try to determine what kinds of work he can do despite his limited ability and what services are available to him in the community to help him locate work such as the Maryland State Employment Service and Vocational Rehabilitation. This assistance is temporary and is designed to meet a person's needs only until he can become employed again.

Aid to Dependent Children is available to families who are in need because of the death, illness or absence of one of the parents. The agency gave this assistance to 71 families in 1951. In December 31 of these families still needed help. Again this is a temporary kind of assistance given while the parents make better plans for the support of their children. Older children can help support the family, ill fathers return to work, mothers take part time employment, survivors insurance becomes available, support is received from father absent from the home.

CARROLL COUNTY SCHOOL NEWS

Easter Holidays In The Schools April 9-15

The high school principals of Carroll County on Wednesday, April 2, attended the Regional Conference of High School Principals under the auspices of the State Department of Education. This meeting was held in Hagerstown and was attended by the high school principals of the county including, Mr. Fred Engle, Manchester High School; Mr. Stephen Lerda, Hampstead High School; Mr. Evan Bowers, Sykesville High School; Mr. Quentin Earhart, Mount Airy High School; Mr. Gilbert Martin, New Windsor High School; Mr. Jesse Starkey, Elmer Wolfe High School; Mr. John Manspeaker, Taneytown High School; and Mr. Robert Unger, Charles Carroll Junior High School and Mr. Gerald Richter, Westminster High School. The meeting was held to consider various problems in connection with the administration and operation of the high schools in the state as well as various problems related to the curriculum. The subjects considered at the meeting included special emphasis on the librarian, the principal and the school program. The meeting was held in the Boonsboro Elementary School Library, Boonsboro, Washington County. It is under the general direction of Dr. James Spitznas, Director of Instruction, State Department of Education, assisted by the supervisors in the various subject matter fields. Part of the program was under the direction of Dr. Floyd Cromwell, Supervisor of High Schools from the State Department of Education at which time a special study was given to the proposed revision of the Maryland High School Standards Bulletin.

The Carroll County Board of Education and the County Commissioners of Carroll County as well as the supervisors from the county office were in attendance at a dinner given by the Home Economics Department in the New Windsor High School on Tuesday, April 1st at 1:00 p. m. The dinner had been prepared under the direction of Mrs. Mary Frances Copenhaver, teacher in the field of home economics in the New Windsor High School. Mr. Gilbert D. Martin, Principal of the high school greeted the guests and they enjoyed the fine dinner at this time. Those attending the dinner were the members of the Board of Education, Mr. Clyde L. Hesson, Mrs. Mabel A. C. Necker, Mr. C. Robert Brihart, Mr. Norman Hunter, Mr. Paul Niswander, Superintendent of Schools S. M. Jenness, Miss Ruth DeVore, Supervisor in the elementary schools, Mr. John F. Wooden, High School Supervisor, Miss Evelyn Maus, Visiting Teacher, Paul Kuhns, County Treasurer, Miss Ivy Fowler, Vice principal New Windsor Elementary School, Mr. Gilbert D. Martin, Principal of the New Windsor Schools, Miss Jane B. Mather, Secretary to the Superintendent was also present for the dinner as well as Mrs. Josephine D. West, Supervisor of Home Economics. The County Commissioners present were, Emory Berwager and James Shilling. The group inspected the new classrooms and the enlarged cafeteria and home economics facilities at New Windsor and expressed themselves as being very pleased with these additions to the school facilities of the New Windsor community.

Schools of Carroll County will close at 3:30 p. m. on Wednesday, April 9th for the Easter holidays. Schools will remain closed until Tuesday morning, April 15th. Many teachers from outside the county and state will be returning to their homes for the Easter holidays. Schools will re-open on the 15th and will continue in session until June 13, 1952, observing a holiday on Friday, May 30th in honor of Memorial Day. The offices of the Board of Education will be closed on Friday, April 11, Saturday, April 12, and Monday, April 14th.

The Board of Education issues the following information regarding the enrollment in the public schools of the county for the school year 1952-53. The total enrollment in the county schools at the end of February 1952 was 7,808 distributed as follows: high schools 2,927; in the elementary schools 4,446; colored elementary schools 269; colored high school 156. It is expected that a total of 921 white high school graduates will finish their schooling in the white high schools in June 1952, as well as twelve graduates from the Robert Moton Colored School. This makes a total of 889 pupils to leave the schools of the county. Present information indicates an enrollment in the first grades of the county schools of 905 in September 1952. This anticipated enrollment includes 867 white first grade pupils and 38 colored first grade pupils. Present figures indicate an expected first grade enrollment in the schools of the county as follows: Taneytown, 70; Uniontown, 24; Charles Carroll, 42; Sandymount, 45; Mechanicsville, 40; Sykesville, 82; Manchester, 79; Westminster Schools, 225; Hampstead, 62; Winfield, 40; New Windsor, 50; Elmer Wolfe, 45; Mt. Airy, 55; Johnsville Colored School, 12; and Robert Moton School, 26. An anticipated total enrollment in the county schools in September 1952 will approximate 8,380 pupils or an increase of 571 between the closing of schools in June and the opening in September. This increase will present many problems to the county school authorities especially with respect to school facilities and teachers. In many locations the enrollment of the school has already resulted in over-crowded conditions, and it is expected that such conditions will continue until the school authorities are able to improve the facilities at many county locations. Every effort is being made at this time to plan for the vastly increased enrollment to be anticipated for September. This information is issued by the Board of Education in order that the public may more completely understand the serious problems confronting the county schools in connection with the housing of pupils and the staffing of the classrooms.

The regular meeting of the Board of

Education of Carroll County was held at 10:30 on April 1, 1952 with president Clyde L. Hesson presiding. The Board approved the minutes as submitted for the March meeting and gave approval to the bills as prepared for approval at this meeting. A brief report was given by the superintendent regarding the progress of the building operations at the Manchester School and progress being made in planning for improving and enlarging school classroom facilities and auditorium at the Sykesville location. The Board gave approval to the contracts of a number of teachers for service during the school year 1952-53 and accepted the resignation of Percy Landon, teacher in the Robert Moton High School.

The Board also considered the salary schedules in effect in various counties of the state and were given copies of the present schedule as it exists at this time. The superintendent was urged to continue his efforts to secure an adequate staff for the operation of the schools during 1952-53. The Board considered several requests for library assistance from the schools of the county and gave consideration to a number of problems in connection with building operations at several locations. Approval was also given for miscellaneous maintenance work to be done at present and during the summer months at many school locations. The Board considered and approved the organization of schools in 1952-53 and after consideration approved the calendar for the school year 1952-53. The Board considered several problems in connection with the use of public school grounds during the summer by various groups as well as the increased costs of building use by communities and other organizations. Consideration was also given to various types of requests which come to the Board for the use of the county school buildings. After consideration a motion was made and passed authorizing the superintendent to negotiate directly with the applicants for the use of buildings and to make necessary decisions in connection with their use.

The Board was given information regarding the anticipated enrollment in the schools for 1952-53 and directed that publicity be given the anticipated enrollment and to the problems to be confronted in connection with the operation of schools under crowded conditions in the school year 1952-53. Consideration was given to probable needs in connection with staff additions and other personnel problems connected with school operations at present and for the coming school year. The Board adjourned at 12:30 and were entertained at dinner by the Home Economics Department of the New Windsor High School by invitation of the Principal, Mr. Gilbert D. Martin.

P. E. BOWLERS WILL COMPETE FOR TROPHY

Top-notch bowlers from the four-star Potomac Edison and Blue Ridge Lines system are scheduled to compete for the R. Paul Smyth Trophy on April 5 at the annual P.E. System Bowling Tournament to be held in Hagerstown, Md.

At least 20 teams are expected to be in the competition and for the third year, company girls' teams will be negotiating for a special trophy.

Trophies will also go to the individual high set bowlers in the men's and women's tournaments and each member of the winning teams will be presented individual awards.

The 1952 P.E. Bowling Tournament promises to be one of the most exciting in company history. Three company divisions hold two legs on the Smith Trophy—the Hagerstown General and District Offices and the Frederick District—and two teams have one leg on the big gold award—Luray and Winchester. The first team gaining three legs on the trophy retains it.

As in previous years, the public is invited to attend the P.E. Tourney. It will get underway at 7:30 p. m., on Saturday, April 5 at Rainey's Coliseum in Hagerstown.

Taneytown utility company bowlers who will be rolling for the Smith Trophy include Captain Dick Harman, Sing Remsburg, George Ingram, Chick Troxell, Don Webb, Jake Hartsock and Sam Breth. Leroy Shiffer will be storekeeper.

Last year's tournament was won by the Luray, Virginia bowlers who totaled 1,739. In the Women's Division, the Hagerstown, Md., General Office girls copped honors with 1,411.

WITH OUR MEN IN THE ARMED FORCES

The USS Papago, an ocean-going tug, is one of the Navy's mightiest midships operating with the Atlantic Fleet. Serving aboard the Papago is Robert W. McNair, seaman apprentice, USN, son of Mr. and Mrs. William G. McNair of Box 116, Taneytown, Md.

The tug, assigned to the Service Force of the Atlantic Fleet, takes part in diving and salvage operations in addition to towing duties. One of her most publicized jobs was the Papago's participation in the refloating of the battleship Missouri.

Commissioned in 1945, the Papago has served in Germany, Haiti, Panama, Nova Scotia and Newfoundland.

Pvt. Robert W. Barrett, Route 6, Westminster, Md., is serving with the 7th Infantry Division in Korea. The division occupies a strong bunker and pill box defense line on the mountainous east-central sector of the front. Tank-infantry patrols from the division move out daily to probe and raid Red defenses in the "Punch-bowl" area.

Private Barrett, a rifleman in Company C of the 31st Infantry Regiment, entered the Army in August 1951.

I am the resurrection and the life: he that believeth in me, though he were dead, yet shall he live: and whosoever liveth and believeth in me shall never die.—Christ Jesus.

Let every man and woman count himself immortal. Let him catch the revelation of Jesus in his resurrection. Let him say not merely, "Christ is risen," but "I shall rise."—Phillips Brooks.

SOCIAL SECURITY FACT-O-GRAMS

There are three kinds of Social Security payments:

(a) Monthly retirement payments to insured persons and their families.
(b) Monthly survivors' payments to the families of insured workers who die.

(c) Lump-sum payments to an insured worker's widow or widower, or to the person who paid the worker's burial expenses. This lump-sum will be paid even when there is a survivor who is immediately eligible for monthly insurance payments.

Only a year and a half of work under social security will be necessary when a worker reaches 65 or dies before the end of 1954 (wages of \$50, or more are necessary in each of six different calendar quarters). Covered work before the effective date of the new law, as well as after that date, counts toward meeting the requirement.

Crucifixion and Resurrection Dramatized on "Greatest Story"

The two traditional Easter season programs, "The Crucifixion" and "The Resurrection," will again be dramatized on "The Greatest Story Ever Told," radio's most honored program, on Palm Sunday, April 6, and Easter Sunday, April 13. The program will be heard over the entire ABC radio network at 5:30 p.m. (EST). This is the sixth Easter that these programs are offered to the public, and each year these presentations, as well as the regular weekly broadcasts, gain increased listeners and appreciation.

Most unusual among radio programs in many respects, there is no commercial announcement at any time on this program, except for sponsor identification required by law. Neither are actor, director, writer, or music credits ever given, so that the program is entirely in the spirit of a sincere public service. It is not surprising, therefore, that this sincerity in presenting a radio program has brought it more honors than any other radio offering.

a thought for easter

The message of Easter is far deeper and more vital than can be symbolized by rabbits, or lilies, or even the latest in Spring attire!

Just as Spring brings an awakening of much in nature that seemed dead during the Winter, so Easter brings to our souls the glorious assurance of divine victory over death.

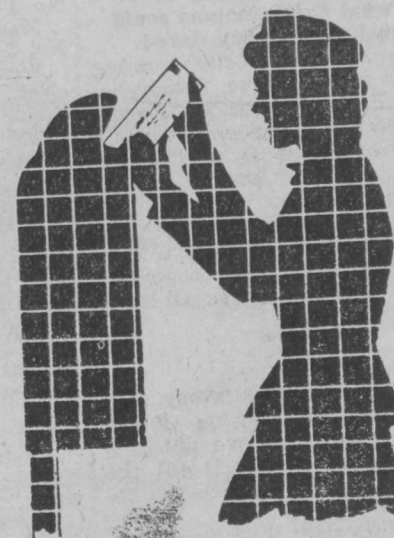

Attend church on Easter Sunday.
