P.T.A. MEETINGS

Elementary and High School Plan Work for this Year

The first meeting of the Taneytown Jr.-Sr. High School Parent-Teachers Association was held in the high school auditorium on Monday evening at 8 p. m. The newly elected officers were installed with President Elwood Baumgardner presiding. Reports of the committees revealed that the annual P.T.A. supper will be held on Saturday, October 25, in the High School building. It was also reported that a new projector was purchased for the school in lieu of repairing the old one.

After the business meeting, the nearly one hundred patrons present enjoyed an address by Dr. Edmund Sponseller of Hood College. Dr. Sponseller told of the origin of education in the United States and of how it has progressed to the present time. Today, our nation is the only place in the world where free education is available to everyone, from the elementary grades through universities. Dr. Sponseller implored all citizens to use their influence to further the advantage of education, thereby making a more prosperous nation.

After the meeting refreshments were served and a social hour was held in which the parents met the new teachers. All meetings this year will be held on the third Monday of the month at 7:30 p. m.

The first meeting of the Taneytown Elementary Parent-Teachers Association was held Tuesday, September 16, at 8 in the school auditorium.

Presiding at the meeting was Mrs. George Gunther, newly elected president. There was a large number of parents to learn of the aims and goals of the P.T.A. and to carry out the schools theme "The Child Comes First". After a short business meeting, the following program was presented.

Two vocal numbers by Miss Catherine Hill accompanied at the piano by her sister. The fifth grade chorus sang three songs under the direction of Miss Margaret Shreve. At this point of the program, a radio quiz, with Rev. Andreas acting as M. C. was presented. Due to this quiz, many of us learned that the sea level of Taneytown is 524 feet.

Following the adjournment of the meeting, refreshments were served by the refreshment committee, Mrs. Kenneth Nusbaum, chairman.

ALUMNI PLANS TO HOLD 4th ANNUAL CARD PARTY

Thirteen members were present for the regular monthly meeting of the Taneytown High School Alumni Association on September 15, 1952, at 8:00 in the high school. Meeting was called to order by the President, James Fair. Janet Royer, Secretary, read the minutes of the last meeting and they stood approved as read.

Miss Jane Gills, alumni editor for the Taneytown, the high school paper, was also present for this meeting.

The new business concerned the 4th annual card party to be held on the annual card party to be held on the 9th at 8:00 P. M., in the Taneytown High School auditorium. Committees were appointed as follows: Tables and chairs: David Wilhide, Eugene Vaughn, Carl Weant, John Harner, Eddie Eauble, Bill Rittase. Refreshments: Mrs. Mildred Rittase, Mrs. Betty Naylor, Mrs. Virginia Baumgardner, Mrs. Audrey Fair. Prizes: Mrs. Elizabeth Baumgardner, Janet Royer, Joe Shaum, Mrs. Charlotte Shorb, Mrs. Shirley King, James Fair. Publicity: Ann Wilson, Leo Sanders, Delores Frounfelter, Marlin Rittase. Tallies, cards and pencils: Emma Garrett, Anna Sanders.

Also plans were discussed for the annual Thanksgiving dance to be held November 27, 1952.

Refreshments were served and then the meeting adjourned.

KIWANIS NEWS

Dr. T. H. Legg had charge of the program at the meeting of the Taneytown Kiwanis Club Wednesday evening.

Little Richard Stone of Union Bridge gave a short welcome address. Ann Crumbacker, daughter of Mr. and Mrs. Lewis Crumbacker, sang a number entitled "Chores." Samuel Janniss Supt. of Schools was the principal speaker and told of the needs of schools in Carroll County. His topic "Education" was well given and proved that in his seven years of service as Superintendent of Carroll County school proved that he was right. That the present high enrollment in school was expected and prepared for years ago was another example of his foresightedness in meeting a situation—a situation that will become more acute in the years to come with more and larger schools needed.

Next week's meeting will be held at Taney Inn in the form of a round-table meeting by some of the members. A number of the members plan to attend the celebration at Western Maryland College.

Who seeks for heaven alone to save his soul may keep the path, but will not reach the goal; while he who walks in love may wander far, yet God will bring him where the blessed are.—Henry Van Dyke.

The love of heaven makes one heavenly.—Shakespeare.

Sin makes its own hell, and goodness its own heaven.—Mary Baker Eddy.

BALLOT BATTALION TO MAKE CANVASS

An Effort to Get Out the Vote Will Be Made

The Taneytown Ballot Battalion met on Tuesday evening, Sept. 16, in the Firemen's building. The meeting was opened by the chairman, Mr. Edward Reid who called for the minutes of the last meeting to be read by the secretary, Mr. Howell Royer. Chairman Reid then proceeded to outline the activities which had been done since their last meeting. Of these were the placing of 100 bumper posters on gas stations, trucks, and autos, and on road markers at each road leading in and out of Taneytown. And the sidewalks were stenciled in Taneytown, which they expect to do more of in the near future; and in the several items of advertising that have been done. He then proceeded to introduce Mr. Charles Fisher, Attorney at Law, from Westminster who gave a short and effective speech on the necessity of "Getting out the Vote."

He explained that in Taneytown District, out of the population of eligible voters, over 60% are not registered. Of these three thousand eligible voters in the district, only 297 persons voted in the primaries in May of this year. Mr. Norman Graham, chairman of the Canvass Committee then gave out the list of names and areas they are to cover on the community-wide canvass. Each canvasser is equipped with a list of questions which he is to ask, and also a list which he is to leave with the people which has on it several answers to questions that arise in the public's mind as to their eligibility to register. As they make their personal contacts, they will take down the names of all persons who are not registered which is to aid the Registration Committee, Mr. Neil Powell, chairman, to compile a list of all the eligible voters in Taneytown District who are not registered. This list will be checked against the Registration records to see the results which have been made in this drive.

The following persons have volunteered to help with this house-to-house canvass in the areas designated: Charles Stoniesfer and Neil Powell west Baltimore St.; Mr. and Mrs. Carroll Hess, East Baltimore St.; Wallace Reindollar, Main St.; John Skiles, Frederick St.; Carol Frock and David Smith, York and Commerce Sts.; Mrs. David Myerly and Mrs. Ruth Fowler, Middle St.; Howell Royer, Fairview Ave.; Mr. and Mrs. Harry Mohney, Broad, Anchor Sts. and Taneytown Road; George Kiser, Keyserville road; Edward Reid, Keymar and Middleburg roads; Raymond Haines and Francis Lookingbill, George St. and Mill Ave.; Mr. Murray Fyock, Cletus N. Reaver and Mr. F. J. Raycob, Harney. There are a few other areas which are yet there are no volunteers to take them. If anyone wishes to help with this great enterprise contact the Ballot Battalion Chm. and he shall be glad to add you to the list of patriotic citizens who will be knocking at the doors during the coming week.

A short discussion was made on the Battalion parade on September 30th, which is to form at the High school at 6:15 P. M., and move out at 6:30 P. M. All civic organizations in Taneytown are expected to turn out with something to help build up this parade. There will be more details concerning this parade in the near future. In closing the meeting, the chairman wished the members much success in their travels, and with the hopes of seeing 85% of the citizens in Taneytown District registered to vote. If you are not registered, you must do so on September 30th or October 7, in the Firemen's Building during the hours of 9 AM to 9 PM.

WITH OUR ARMED FORCES

Fred R. Wilhide, son of Mr. and Mrs. Lloyd B. Wilhide, Keymar, Md., left Sunday, Sept. 14, 1952 to enter Flying Training School where he has been accepted at Bryan Air Force

Base in Waco, Texas, with the rank of 2nd. Lieut.

He was a graduate of the 1952 class at Gettysburg College and member of the Alpha Tau Omega Fraternity, Arnold Society and honorary Society for A. R. O. T. C.

While in college he majored in mathematics and modern physics, and was photographer for college football games all four years.

He is to report the 20th for beginning of classes September 22, 1952.

KICK-OFF DINNER

C. A. Society Plans Drive for Funds

The kick-off dinner, heralding the opening of the annual Financial Campaign of the Carroll County Children's Aid Society, will be held at 6:30 p. m. on Monday evening, September 22, in the Social Hall of the Westminster Church of the Brethren. At this time, district chairmen, board members, solicitors and interested persons will meet to officially open the drive for funds. The solicitation will extend from October 6-20 and the goal has been established at \$9,000. Mr. Arthur Scott, a prominent Westminster citizen and president of the Beacon Steel Products Co., Inc., is serving in the capacity of Campaign Chairman. The Children's Aid Society is fortunate in having Mr. Scott direct its campaign. The speakers of the evening will be Dr. Nevin Smith and Monsignor Wm. E. Kelley. Dr. Smith was formerly the pastor of St. Paul's Reformed church, Westminster and is now serving as pastor of Emanuel Reformed Church, Hanover, Pa. Monsignor Kelley is known in Carroll County as a result of his activity at St. John's Catholic Church, Westminster, having served as rector of that church for a number of years. He is presently associated with St. Martin's Church in Washington, D. C. These speakers were both vitally interested in the work of the Society during their local tenure and it is a privilege to welcome them back to Carroll County to assist in the initial phases of the Annual Drive.

The officers of the organization are: Mrs. R. Howard Reichard, President; Mrs. Ober Herr, First Vice-President; Mrs. Frank T. Myers, Second Vice-President; Mrs. Alan Wagonman, Secretary; Mrs. Russell Benson, Treasurer; Mrs. John P. Brooks, Director.

HIGH SCHOOL NEWS

T. H. S. enrollment after the first week of school reached 313. There have been five replacements on the school staff: Mrs. Wright, 7th grade general education; Mrs. Berchok, girls' physical education; Mr. Feeser, 8th grade general education; Mr. Leiter, agriculture, and Mr. Flora, industrial arts.

The annual magazine contest opened Tuesday, September 9. Two companies are represented in the campaign: Curtis and Crowell-Collier. The school's goal has been set at \$3,000. Profits from the returns of the campaign will be used for athletics, the library, visual education, underwriting desirable programs, equipping a room to show films.

The first P.T.A. meeting of the year was held Monday evening, Sept. 15. The Reverend Miles Reifsnider installed the officers for the coming year in an impressive service. These officers were: President, Mr. Elwood Baumgardner; Vice-President, Mr. John Skiles; Secretary, Mrs. Homer Myers; Treasurer, Mr. Harry Dougherty. Chairmen of the various committees were introduced by Mr. Baumgardner after which the Reverend Miles Reifsnider introduced the guest speaker the Reverend Doctor Sponseller of Hood College, Frederick, Md., who gave a "kick off" speech for the P.T.A. work this year. At the conclusion of the business meeting refreshments were served by the Seniors under the supervision of Mrs. George Ingram.

This year there will be three Antrim programs at T. H. S. The first in this series of programs was held Tuesday morning, Sept. 16, featuring the famous Blue Jay Singers, noted negro entertainers from Birmingham, Alabama. The student audience was highly appreciative of a fine program.

T. H. S. Student Council was organized Monday, Sept. 15. The following officers were elected: President, David Reifsnider; Secretary, Patricia Wantz; Treasurer, Sandra Welker, and Reporter, Nancy Pennington.

C. of C. WILL MEET MONDAY

The Taneytown Chamber of Commerce will hold its September meeting on Monday evening, at 6:30 p. m., at the Taney Inn. This meeting will be preceded with a fellowship meal and then the business of importance will be held with the arrangements for the Annual Banquet and membership campaign will be outlined. This meeting will be an outstanding one for the good of the organization so may all members be present. Also kindly get the reply cards to the Taney Inn to give them an idea of the number of members to be present. Also a meeting of the Merchants Club will meet at Taney Inn on Monday at 1 P. M.

DEBATE BRIDGE CONSTRUCTION

Frederick, Carroll Co. Line Span May Be Replaced

County Commissioners of Frederick and Carroll counties met in Frederick, Monday with representatives of the State Roads Commission to primarily discuss replacement of what is known as the "Humpback" bridge on Route 71, a widely-used highway north into such Pennsylvania cities as Hanover and York.

The bridge over Little Pipe Creek is on the dividing line between Frederick and Carroll counties and has been in the past a county responsibility. It was suggested at the meeting that if the two counties would each pay 25 per cent of the cost of a new bridge, the State would provide the remaining 50 per cent through available Federal funds. The State would then take over maintenance of the new structure.

To the south of the bridge, the highway is in the State roads system and a considerable section is now undergoing a widening and improvement program. To the north, there is about three-quarters of a mile of road which is in the Carroll county roads system and which that county would have to improve. Federal funds will be available to aid in the work, it is understood.

County Engineer Roger H. Willard, of Frederick county, brought out that if the counties were going to build a new bridge there, they would not construct as wide a structure as the State would build. He suggested that the counties should be required to pay only one-fourth each of the cost of the type of bridge they would have built—around 22 feet wide—and the State meet the difference in cost of building a 36-foot wide structure.

It was decided that plans for a new bridge would be prepared and estimates of cost secured before any final decision on division of costs is reached. The bridge in question, officials said, has long been a troublesome one to motorists. Some large tractor-trailers can't get across the high arch in the narrow structure and have to detour. Motorists not only can't see traffic approaching over the structure but, in times of heavy rains on the creek, run into high water on the approaches on both sides, which lie very low.

All of Carroll and Frederick commissioners were present for the meeting with Russell H. McCain, chairman of the Roads Commission; William F. Childs, Jr., chief engineer; Norman Pritchard, locations engineer; Herbert Bowers and Edward Gleason, the latter district engineer for the Bureau of Public Roads; Thomas G. Mohler, commission district engineer, and Mr. Willard.

The Frederick Roads Commission group also visited the Route 40-Gambrell State Park area in an effort to locate the best spot to build a connecting link between Route 40 and the Shookstown road near the entrance to Gambrell Park. No final decision was reached. The commissioners have been attempting for some time to build this link but have been stymied by inability to secure right-of-ways.

The visiting engineers, before leaving the city, also rode over East South Street extended, where proposed improvements to make the street a one-way thoroughfare are contemplated, and looked over the work on the extension of East Street, now under way.—The Frederick Post.

WESTMINSTER HOST TO PEN-MAR DRUM & BUGLE CORPS.

On September 20, at 8 p. m., at the Westminster Athletic Field, the Westminster Patriots, Maryland State Senior V. F. W. Champions, 1952-53 will play host to the Pen-Mar Drum and Bugle Corps circuit. This is the first time that entertainment of this type has been seen in the county. This circuit is composed of outstanding corps from Pennsylvania and Maryland. All corps of this circuit hold state or national championships of one class or another. Among the outstanding corps that will be present will be: Wormleysburg, Pa., "Longshoremen", Pennsylvania state champions 1952-53 and national V. F. W. champions 1952-53; York Pa., "White Roses", Pennsylvania American Legion state champs, 1951-52; Hershey, Pa., "Chocolaters", Pennsylvania American Legion class "B" champs 1952-53; Harrisburg, Pa., Privateers runners-up Pennsylvania V.F.W. open class 1952-53; Hanover, Pa., Bears, Pennsylvania American Legion class "B" champs 1951-52; Hagerstown, American Legion Morris Frock Corps, Mummies parade champs, 1951-52; and the famous "Hamilton Yankee Rebels" Maryland American Legion state champs, 1952-53.

The Westminster Patriots of Mollerville Farm Post, Veterans of Foreign Wars, will give an exhibition drill following the contest, but will not compete for any prizes. The contest will be judged by eight All-American judges of the Pennsylvania circuit. Corps will be judged on marching, general effect and inspection. Each corps will be marked for any discrepancy in uniform, rank or item that governs a contest of this type. Following the final exhibition by the local corps, all the competing corps will participate in the grand march, circling the entire competition field. The final scores will be announced and awards presented. The rain date is September 21. Tickets will be on sale at gate and by local post and corps members.

THIS 'N' THAT

(Your Chatty Column)

With all my heart, I wish you every morning
A smile that shall last until the next day's dawning.
I wish you health—life's greatest wealth!
I wish you always near so that I may help to cheer
Each future day and in some way—help to bring you happiness!

Sitting on the Beach in a folding chair with an umbrella over head in the "Playground of the World"—Atlantic City—where the masses are—the "Melting Pot" writing this column as Your Observer—observes!

The Atlantic City of yester year was quite different in every way all but the ocean and the boards upon the boardwalk! It was the very exclusive place for the rich and only the rich could afford it. In the evenings of about 30 years ago the Boardwalk was filled with the beautifully gowned ladies, with their escorts also in evening clothes. The rolling chairs always carried the most elite.

Two wars have changed the place considerably for now it is the Playground of all classes. All that has been seen since the two wars. Just now the Life Guards with their screaming whistles "are trying to convince and warn the venturesome bathers of those treacherous waves and the undercurrent. Suddenly there is a commotion—hundreds running to one spot—the Life Guards now calling for their special kind of help. They have brought some one to shore who had gone out far beyond their endurance but after a few minutes all is well. As the gigantic waves dash toward shore, the Life Guards carry their pavilion further back. Some of the bathers will be quite surprised when they come to the spot on the beach to discover the sudden-rush of the waves have soaked their possessions. Those bathers did not realize that the tide would come in so quickly. Those Life Guards are ever watchful for the vacationist for his or her safety.

The clock on the Steel Pier is striking it's beautiful quarter of the hour just like a Church Chime.

The public lying all around on the beach trying to secure that famous tan—torturing themselves and the sun giving them the desired affect. (Your Observer hates it) Many as they lie on the beach have their eyes—hundreds are called over their eyes—hundreds are reading, girls without escorts (perhaps due to the war). Then there is the little family—a little girl, a little boy—Mother and Dad carrying a gallon jug and a portable radio. Although, the Sun is terrifically hot there is a grand breeze.

On the Boardwalk there are so many Linen shops advertising their merchandise of great sales due to the end of the season and before going South to their stores for the winter.

There are thousands of various designs of costume jewelry offered in the stores and 10% reduction the day after Labor Day!

The auctioneer is always right there, too with the array of diamonds and there are many women who are quite glibful for this type of selling especially the little wife who has suddenly been made a widow. (Ortake-law) Who was it said, "A Sucker every minute!"

Then, that old game of Bingo which has changed it's name to "Fascination!"

"Vi-de-lan" is still right there for the past eleven years and still going strong which is just about the best prepared Hair conditioner (from a Scientific Formula) by Dr. J. J. Reilly. Thousands sold daily at the open affair of a shop where all the demonstrations and sales take place. (Ask your druggist about that one). Nothing could be finer! When once you try it, you will never be without it and there are all different size jars. It is positively a "money-back guaranteed." It is chucked full of Lanolin! It makes your hair for both men and women and children have the certain oomph! It beautifies your Crowning Glory with just one treatment and Your Observer observed as in other years that just as many men were purchasers as the Fair sex.

The Y. W. C. A. is just about the best place to get a real home cooked meal which is Cafeteria style and there is always a mob in line three times daily.

Hackneys since 1912—down at the Inlet! The best sea food ever!—Catering to the thousands daily and turkey dinners can be bought, too!

This year there is no Sand Artist! It was fascinating to watch those artists other years!

The wonderful Salvation Army still carrying on their efforts for the Good Cause (my Favorite)! The little organ being played by one of the members as the hymn is sung and still another member playing the beautifully toned trumpet. The crowd on the Boardwalk standing right there joining in the hymns along with the leader for all Denominations! They have stopped to listen to the Word of God by the Chaplain who has had his special calling! The sweet and patient Salvation Army Ladies with their special attire walking around and passing the plate so as they can carry on the work for their Master!

With all the various kinds of enjoyment and Atlantic City the Playground of the world—nevertheless as I entered church with hundreds of others on Sunday morning there it was, Folks to greet us—the beautiful painting at the head of the pulpit and those words which we all know—"I AM WITH YOU ALWAYS!" So long, Folks. Have a grand week-end. Be careful when you drive. Until next week D. V. I am

Faithfully,
YOUR OBSERVER.

TV AND CHILDREN

A San Francisco mothers' club listened to four hours of children's programs on television. In those four hours they—and the children—saw programs involving 13 murders and killings, 14 sluggings, six kidnappings, three holdups, three explosions and dynamitings, three cases of blackmail and extortion, three robberies and seven examples of robbery, arson, lynching or torture.

Multiply those figures by the nationwide child hours of listening and you have something of TV's present "educational" value for children. Yet a professor at New York University declares:

I am convinced that you are witnessing today the Golden Age of television—that there are actually more programs of quality on the air today than there will be five, ten, fifteen years from now, because the operation of simple economic laws will drive sponsors increasingly to the lowest-common-denominator program.

One need not be so pessimistic. A revolution of public feeling and organized protests by awakened citizens can bring changes for the better, though experience with the older problem of comic books does not encourage hope of quick or wholly satisfactory solutions. The chief hope may lie in the development of educational TV rather than the early reform of commercial TV.

Let us hope that sufficient attention will be paid by the educators to developing imaginative, arresting programs for the youngsters as well as exploring the vast possibilities of adult education.—The Christian Science Monitor.

SO WE'RE DOGS!

Again or perhaps it's yet, newspapers, radio, television and magazines are in the presidential dog-house. In backing up the statement of Governor Stevenson that the nation has a "one-party press", the President in his Thursday press conference declared that these institutions had become big business, and that big business has always been Republican.

To begin with, this classification of business as "big" and "small", is a Democratic idea, stemming from the late FDR's credo of "divide and rule". But even if the inventors were sure of where to draw the line between "big" and "small", which is obviously impossible, Mr. Truman's charge is still a bit confusing.

Is big business bad because it's big, or because it's Republican?

Is small business holy because it can't raise the price of moral turpitude, or because our President has a notion it is Democratic?

Governor Stevenson estimated that 90 percent of the press is "just against Democrats—as dogs are against cats", and that ten percent is "enlightened." We think his figures are about right, whether his descriptions are or not. And it is highly significant that the thousands of "grass-roots" weeklies throughout America are Republican in similar proportion.

Does Mr. Truman think these country weeklies are "big business"? We very personally wish that were the case, unless, of course, that would automatically shred our moral fibre.

The simple fact is, President Truman, and Governor Stevenson, you can not see yourselves—and the New Deal Fair Deal as 11,818 American newspaper publishers, big and small, wicked and virtuous, see you—and the place to which your policies are leading us.

Ten thousand publishers could be right.—National Industries News Service.

Ordinance No. 164
AN ORDINANCE entitled "An Ordinance to repeal Ordinance No. 106 and to reenact the same so as to read as follows:
SECTION 1. Be it enacted and ordained by the Mayor and City Council at Taneytown, Maryland, that no person or persons shall hawk, peddle or vend meat of any kind, fish, bread, ice, milk, groceries, or oysters upon the streets or highways of Taneytown, Maryland, with a wagon, automobile, or truck or go from door to door to hawk, peddle, or vend meat of any kind, fish, bread, ice, milk, groceries, or oysters with a wagon, automobile, or truck without first having obtained a license from the Clerk to the Mayor and City Council of Taneytown, as herein—after provided—it being understood however that this ordinance shall not apply to farmers who occasionally sell their own products in town. (This means products raised by them within the State of Maryland and not goods bought to sell.)
SECTION 2. And be it enacted and ordained that the rate to be charged for licenses issued under the provisions of Section 1 of this ordinance shall be a minimum charge of not less than two dollars (\$2.00) per day, or fifteen dollars (\$15.00) per year, for each iceman, milkman, butcher, peddler of fish, oysters, groceries of any kind, baker or ice cream man.
SECTION 3. And be it enacted and ordained by the Mayor and City Council that all ordinances and parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed.
SECTION 4. And be it enacted and ordained that any person who shall be convicted of violating any of the provisions of this ordinance before a magistrate shall be fined not less than \$10.00 and not more than \$25.00 and costs for each offense and in default of payment thereof, shall be sentenced to imprisonment in the County Jail for a period not to exceed thirty days or until such fine and costs as may have been imposed shall be paid.
SECTION 5. And be it enacted and ordained, etc., that this ordinance shall take effect from the day and date of its passage.
Passed by the Mayor and City Council of Taneytown, Maryland this second day of September 1952.
Approved September 2, 1952

The Bi-State Area Business Review

Finch Services Features Complete John Deere Line

The services of the farm machinery dealer are one of the most important to any rural region and as such he must be in a position to fulfill the needs of the farmers promptly, and at reasonable prices.

Finch Services, which began operation on John St., in Westminster last May, has proven its worth to the farmers of this region by virtue of seven years of continuous operation, having been originally established in Medford, Md. They afford a complete sales and service in everything relating to John Deere Tractors and farm implements, as well as handling Perfection Dairy equipment and many other items identified with present day farming.

In attempting any resume of the advancement highlight of farm machinery manufacture, the name of John Deere stands out as one which has contributed many improvements designed to soften the many burdens of the farmer and hence, afford him many more leisure hours for self improvement.

At Finch Services, they are in a position to give you judicious assistance in selecting that piece of John Deere equipment which will best "do the job."

The firm is under the active direction of Mr. and Mrs. A. H. Finch who are deserving of admiration for the policies they have followed in building the business and for the way they have aided in everything that has been for the agricultural advancement of this region. Can you name three pieces of John Deere equipment which can presently be seen on display at Finch Services?

Feeser's Dairy serves Products of highest Quality

The origin of the wholesale and retail milk business dates back to the time when milk was delivered from door to door in a can and each housewife was measured out her purchase in a cup or pail. The quality of the milk was a thing of question, the percentage of butter fat, the health of the cows and the cleanliness of the dealer was highly problematical.

But today, specialized methods of production employed by such firms as Feeser's Dairy, whose modern dairy store and office is located at 313 S. Queen St., in Littlestown assure the housewife and her family of milk and dairy products that are of the best quality and of consistent purity. The advanced technique of sterilization of equipment, refrigeration and delivery has eliminated any question of purity and has substituted a confidence in an enervating, wholesome and health-building product.

Feeser's Dairy was established in 1927 and is owned and operated by Mr. J. F. Feeser. In addition to their milk and other dairy products, Feeser's Dairy produces ice cream which is unparalleled for deliciousness, quality, and smooth texture. They have followed all of the latest developments in the dairy business and whenever new equipment has proved to be advantageous to the consumer public, it has been installed in their plant. The firm is worthy of much commendation for its excellent service and for the manner in which it contributes to the general health and well-being of this area. We highly recommend their services to our readers. Do you know how wide an area is served by Feeser's Dairy?

Workmanship of C. E. Arter Assures New Beauty in Home

Nothing so detracts from the attractiveness and livability of the interior of a home as does furniture which has become worn and shabby and whose covering is out-dated. Your furniture represents a major investment; and by virtue of the unique workmanship of C. E. Arter, Upholsterer, at 170 W. King St., in Littlestown, Pa., you can keep your furniture good looking and be assured of many years of extra usage.

In upholstering furniture four important factors are to be given consideration. First, will your furniture be sterilized and sanitized? Secondly, will all springs be retied and replaced where necessary? Thirdly, will it be refinished and reupholstered from top to bottom? And, last, what selection of materials will you have for suitable covering?

This firm has all modern machinery, does special custom building as well as reupholstery work, and maintains pick-up and delivery service over wide areas.

All work is under the personal supervision of Mr. Arter, who gives you all four of the above mentioned points in actually rebuilding your furniture so that it looks like new.

Special attention is directed to the fine selection of furniture that Mr. Arter carries in stock. If you are interested in new furniture or wish to have your present furniture reupholstered to look like new, we suggest that you drop in and acquaint yourself with Mr. Arter's products and services. His modern shop is located in the rear of 170 W. King. Do you know how wide a selection of coverings are made available by Mr. C. E. Arter?

HORSE SHOW

Horsemen from four states will vie for championship honors at the 4th annual Horse Show, sponsored by the Emmitsburg Lions Club, to be held at Emmitt Gardens, Emmitsburg, Md., on Sunday, Sept. 21.

Robert E. Daugherty, show chairman, stated that activities will begin at 11 a. m., and will continue until around 7 p. m.

The show, a member of the Association of Maryland Horse Shows, Inc., is held annually for the benefit of the Lions' Child Welfare Fund and draws well over 1,000 spectators each year.

In all, 26 classes are scheduled and include, roadster, jumper, hunter, three and five-gait, pleasure, western and ponies. Refreshments will be available.

Opportunities Given To Win Prizes!

On this page there appears "Business Review Stories" about firms in the area served by The Carroll Record. Each of the "Business Review Stories" is concluded with a question that pertains to the firms that are described. In order to compete, it is necessary for residents of the respective communities to call or visit each of the firms that are described by the "Business Stories" on this page, obtaining from the firms the correct answers to all questions.

After getting the answers to the questions from all of the concerns on this page, it is then necessary to write a brief story in your own words, about any of the firms. Mail your set of answers and your essay about the firm with which you are most familiar, to Business Review Story Editor, care of this paper. All entries must be postmarked no later than midnight, one week from date of publication. Decisions of the judges are final and all letters become the property of this newspaper.

Cash prizes of five dollars each are offered residents of our area. The best essay from any community, on each story printed here, accompanied by a full set of answers to the questions asked at the end of "Business Review Stories" will be adjudged the winning entry.

Stanley B. Stover Renders Invaluable Service to Area

The progress of the firm of Stanley B. Stover, located at 12 E. King St., in Littlestown, has been closely interwoven with the progress of Littlestown itself. For well over a quarter of a century they have served the community and surrounding area as electrical contractors and appliance dealers and have always maintained the highest ideals of service; completely in keeping with the quality of the products that they handle.

This firm is headquartered in a modern, up-to-date store where one will find on display a complete line of such nationally advertised merchandise as Frigidaire Appliances, Maytag Washers, along with Philco and General Electric Television.

Whatever your needs may be in appliances television, or electrical contracting, you can rest assured that they can be satisfactorily met by Stanley B. Stover.

This concern is owned and operated personally by Mr. Stanley Stover, whose efforts have made the firm one of the finest of its kind in this area. We believe that he is to be commended for the invaluable services he is rendering and for the progressive methods he has employed in building the business to its present high standing.

Do you know how many different models of Frigidaire refrigerators are made available through the facilities of Stanley B. Stover?

Barnes Auto Service Displaying Latest Kaiser-Frazer

Barnes Auto Service located on the Washington Road, in Westminster, is modernly equipped, and in addition to their services as an authorized Kaiser-Frazer Agency, they offer a complete general repairing service on all makes and models of cars, and have constantly on display "America's important new car," the Henry J.

The motor car buyer of today is a more critical purchaser than one of years past. Because the manufacturers of Kaiser-Frazer products have met the demands of the people with cars of outstanding value; cars with the finest lines, perfection of mechanism and true riding comfort, their products have become recognized as cars without equal in their price range. The new models which are now being shown at Barnes Auto Service have riding qualities that have never before been experienced.

There too, you will find an exceptionally fine selection of late model used cars; all carefully checked to provide many miles of carefree, dependable, driving. Readers will do well to drop in and arrange for a demonstration.

Mr. Raymond Barnes, the owner and manager takes great pleasure in pointing out the many improvements and innovations incorporated in the new models. We commend him and his firm for the up-to-date service that they have rendered in their seventeen years of service to this region. Do you know the average gas mileage that can be obtained from the new Henry J?

Yingling General Tire Service has Fine Reputation

Just as automotive equipment has improved in the past quarter of a century, so have the General Tires, used by millions of motorists, improved and have constantly met the public's demand for better performance, and greater economy. Today General Tires afford the very best in riding and driving comfort on your car and rugged sturdy, dependability on trucks, farm equipment and heavy construction rolling stock.

As important as the products themselves are the services which motorists, farmers and truckers depend upon from the dealer and distributor. The Yingling General Tire Service, Inc., located at 19 Liberty Street, in Westminster, is a firm that is fully equipped to give all vehicle owners a prompt and dependable service at all times. This firm is manned by personnel who are expert in everything relating to care and maintenance of tires.

The service of the Yingling General Tire Service, Inc., includes not only the sales of new tires, either on retail or wholesale basis, but they render a complete service in vulcanizing, repairing and recapping, using the universally famous "Kraft System". At this firm they also afford complete farm tire service, wheel balancing, fleet service, and also a 24 hour road service.

This firm which was originally established seven years ago as the Shipley Tire Service, later operating as Shipley & Yingling Tire Service, and for the past 1 1/2 years operating as the Yingling General Tire Service, Inc., has always met the demands of the public in a most satisfactory manner. At the present, this firm is occupying new headquarters on 19 Liberty Street and will in the near future announce its formal public inspection date. Mr. Edward C. Yingling, the active manager and director of the firm, and the entire personnel have spared neither time nor expense in making the firm one of the finest of its kind in our trading area. Do you know what different types of tractor tires are currently available at this firm?

Zepp Nash Sales Renders Outstanding Automotive Service

Down through the years the makers of Nash Motor Cars have contributed many innovations and improvements to automotive engineering, and just as the manufacturers of these cars have been first in a great many features of automobile progress, so has the Zepp Nash Sales and Service, located on East Main Street Extended in Westminster, been first in service to motorists of this region.

To maintain an up-to-the-minute auto sales and service firm today requires a very considerable amount of expense in equipment that will meet the exacting standards that the present day owners rightfully demand and calls for a number of departments each under the direction of men of experience in their particular field.

The Zepp Nash Sales and Service, which is locally owned and operated, is a modern and up-to-date establishment that is affording motorists a reliable and dependable line of used cars, general repairing facilities, frame and wheel aligning, auto electric services and 24 hour towing services. With this and their one-stop filling station, they are providing products and facilities which makes the firm an asset to not only residents of this district, but to tourist and traveling men who cover the region as well.

We believe that Mr. Austin Zepp, the owner and manager of this local firm is to be commended upon the some seven years of outstanding auto service that his firm has rendered and that residents of this trading area will find it advantageous to see them for any type of automotive problem. Do you know the exact date that the Zepp Nash Sales and Service was established?

FEESERSBURG

Since the political convention two months ago, the voters have had time for some thinking and now that the first stage of the political battle between the two parties is about over, one can begin to see the shaping of things to come. Many of us who have been so enthusiastically on "Ike's" bandwagon are daily becoming more skeptical and are beginning to look for a convenient place to jump off. The meeting with Taft last week left a bitter taste in the mouth of the liberal groups for they foresaw the fact that "Ike" will become a captive of Taft and his isolationists. Many are wondering what is to become of the moral Crusade Ike was going to lead. Certainly it would be a peculiar kind of Crusade if Jenner and McCarthy are to be first lieutenants. The slogan: "It's time for a change" reads very well without the kind of change advocated by Bill Jenner and Joe McCarthy.

Several weeks ago this reporter urged every voter to read "Incredible Tale" by Gerald Johnson. Since many people do not have the time to read a book these days, I take the liberty of quoting two paragraphs that seem to express the whole spirit of the book. "We know already that an intellectually mature leader can spur democracy to accomplish wonders. The survival of a nation, in fact is predicated on the possibility of securing a succession of intellectually mature leaders to control the hopelessly immature. In six thousand years of recorded history, no nation has as yet lifted the mass, or even a larger proportion of its people to a level of maturity at which their government could survive for more than a few generations. Even in the United States our experiment with the means of self-government has been tried under many obvious handicaps. Even in the United States there are, and always have been, artificial barriers that tend to hobble character and ability. Ignorance, poverty, disease, prejudice have always existed here. Each of them is a handicap upon any mind, and when intense enough any of them can defeat the best mind, as far as a significant contribution to the proper conduct of public affairs is concerned. To a man, our great liberals have striven to eliminate as many artificial barriers as can be eliminated; for to a man they have believed in the existence in the mass of the people of sufficient character and ability to create, if existing talent could be released, a finer civilization than the world has seen, and to maintain and improve it." (Unquote). This is something to think about as we go to the polls in November to select the leaders of this country for the next four years.

Last week there was a lot of speculation around through the sky. Some called them meteorites, others said they were guided missiles. Whatever they were, three of us were fortunate enough to see one on our way to Brunswick, Friday evening, between

8:15 and 8:30 P. M. The object, shaped like a blunted cigar and about three feet long seemed to be traveling at a great rate of speed. The tail was either on fire or had a glow, although it didn't light up the country side. It was in full view for two seconds and then either disintegrated or was lost to view by trees. It was coming to the earth at a 40° angle, but since we were in a car driving at 50 miles an hour, one can only guess at the distance, but it seemed to us the object was only about 200 yards from the road. We did smell a peculiar odor like gas or phosphorus. It could have been a meteorite for it has been estimated that the weight of the earth is increased about 100,000 tons every year by meteoric material, chiefly dust that falls from the sky. In 1807, when Dr. Benjamin Silliman, of Yale University stated that he had proved that meteorites fall from the sky, President Thomas Jefferson is reported to have said: "Gentlemen, I would rather believe that a Yankee professor would lie than to believe that stones fall from heaven."

Summer seems reluctant to leave, for the past week we have been still been simmering in the record breaking heat. The only consolation is that the nights are cool for sleeping and that the farmers are still silent.

Fifteen Carroll county students have enrolled as freshmen at Western Maryland College this fall. Among them are two from Union Bridge—Charles R. Luttrell, son of Mr. and Mrs. Roger Luttrell and Richard H. Zile, son of Mr. and Mrs. Haven Zile. The freshmen are scheduled to report Sept. 23 for a four day orientation period designed to familiarize new students with the college responsibilities.

The new Brethren Church in Union Bridge is taking form and shape and will be a beautiful building when completed. In a world of changing values it is reassuring to see new churches and new schools being built. Every nation, every culture, every community that plans to survive must build upon a foundation of high ideals and education of the mind.

Whenever I attend a wedding reception and hear someone say "We have been married so many years and never disagreed once" I am inclined to quote A. P. Herbert—"The conception of two people living together for twenty-five years without having a cross word suggests a lack of spirit only to be admired in sheep."

The number of United Citizens now stand at 157 million and according to a recent survey for every four persons sitting down to a meal this year, there will be another person at the table in 1975. There will be 38 million more people by 1975. Move over please, and set another place.

Two weeks have gone by since schools reopened in Carroll County. The first graders have readjusted from mother to teacher and have decided the world away from home is really exciting and not frightening after all. The seventh graders are adjusting too. They are teenagers now and feel their importance. Their dresses must be longer, their hair in a horsetail and the boys and girls are more conscious of each other. Even the language they use is different—more bright and brittle. And the parents feel their hold and influence diminishing as the years add up in the children's column and the years add up in their column too—though with a different meaning. It's all exciting and confusing, but their living too. What a dull place when there are no first graders or budding teenagers around.

The expressions of sympathy sent to my family in the death of my father last week were deeply appreciated. They were a great source of comfort.

COUNTY P.T.A. MEETING HELD

Sixteen schools throughout the county were represented at the first Council meeting of the Carroll county P.T.A. which was held on Wednesday evening, Sept. 10, at the Sandymount school. The County Council acts as a liaison agent between the National Congress of Parent and Teachers and the Maryland Congress on the one hand and the local P.T.A. on the other. In addition, through close cooperation with the county school board and county school administration and the local P.T.A.'s in the county it promotes understanding of educational problems common to and specifically pertinent to the county.

Mrs. Victor J. Ruby, President, named briefly a few of P.T.A.'s good performances; the establishment of P.T.A.'s throughout Japan with a membership of 16,000,000 members which it is hoped will provide a tremendous strong foundation for a new Democracy in that country; the Federal School Lunch Program, the National Parent Teacher Magazine, in Maryland the 12 year school system, state aid to new school construction, and better teachers' salaries.

Many of the delegates paid tribute to the wonderful work done by the Home Room Mothers in stimulating attendance at P.T.A. meetings.

Delegates were urged to have their local send representatives to the Thirty-se

CARROLL COUNTY IN THE NATIONAL BLOOD PROGRAM

Once again Carroll County has played its part in maintaining a continuous flow of blood in the National Blood Program. Last week the Red Cross bloodmobile made a stand in Mt. Airy and came away with 94 pints of blood for the Armed Services. Under the fine leadership of Mrs. Wm. B. Culwell, and assisted by Mrs. Nathan Dorsey and Mrs. Jessie Grabbill and other Red Cross volunteers, an intensive campaign for donors was conducted with the splendid result indicated above. Mt. Airy and its surrounding community can well be proud of their contribution to the National Blood Program.

The next stand of the Red Cross bloodmobile will be at the fire house in Manchester, October 13 it was announced by Mrs. Charles Morrow of New Windsor, who has resumed the chairmanship of the Carroll County Red Cross chapters' blood committee. Miss Emma Trump, of Manchester, assisted by Mrs. Richard Mathews of Hampstead, is in charge of securing donors from the Manchester-Hampstead area. Hours will be from 1 P. M. to 7 P. M. One hundred and fifty donors are needed. Contact Miss Trump or Mrs. Mathews and do your share toward keeping the much needed blood supply owing to the armed services.

THE BETTER JOB

If I were running a factory I'd stick up a sign for all to see; I'd print it large and I'd nail it high. On every wall that the men walked by And I'd have it carry this sentence clear; "The 'better job' that you want is here!"

It's the common trait of the human race To pack up and roam from place to place; Men have done it for ages and do it now;

Seeking to better themselves somehow They quit their posts and their tools they drop For a better job in another shop.

It may be I'm wrong, but I hold to this That something must surely be amiss When a man worthwhile must move away

For the better job with the better pay; And something is false in our own renown When men can think of a better town.

So if I were running a factory I'd stick up this sign for all to see, Which never an eye in the place could miss;

"There isn't a better town than this! You need not go wandering, far or near

The 'better job' that you want is here!" Edgar A. Guest

FOOTBALL AT UNIVERSITY OF MD.

Former Taneytown Men Played in the Game Years Ago

Proof that the University of Maryland's 1951 champions were the best college football team of all time is found in Morris A. Beall's latest sports saga—Kings of American Football—just off the press.

Mr. Beall compares the 1951 Terps with the best rated teams of the past—Knute Rockne's Notre Dame powerhouse of the 20's and Percy Haughton's Harvard juggernauts of the 'teens—and seems to show that the Tatumized Terps could and would have knocked off any of them.

He declares the strength of the Tatum system is the ability of the Maryland team to "get the most men than first." Mr. Beall's analysis is the more convincing because he never attended the College Park institution. He is a nationally known writer of sports books. His "Washington (baseball) Senators," "Gangway for Navy," "The Georgetown Hoyas" and "Football at Harvard" are standard reference books.

While Pennsylvania and New Jersey helped in molding the world beaters of 1951, Maryland boys also played a prominent part in it the book says. It also cites that in the development stages of the game at College Park Maryland boys were predominant. The book traces the history of the sport at College Park from 1890 to the present.

It runs the whole gamut of feats from Greenville Lewis (1896) and Curley Byrd (1907) down to Jack Sear, bath and Bob Ward and "Mighty Mo" in 1951. It reviews the thrills of Country Morris and Cozy Bill Huntmann, of Barney Cooper and Snitz Snyder, of Untz Brewer and Bill Guckeyson, of Shorty Chalmers and Bozie Berger, of Mike Stevens and the Knute Brothers, of Burton Shipley and Walter Posey, of Ray Poppleman and Al Woods, of Knocky Thomas and the Pugh brothers, of Tommy Mont and Vern Siebert and Gene Kinney and a thousand others.

It tells of the strange shenanigans at College Park in the Gay 90's when the game there was in its swaddling clothes, things that should only happen in Brooklyn, of wrongway runs and backward kicks of sit-down strikes and ejected officials, of 14 men on the field (not including the officials).... of tooth-and-tongue football.

Thru it all runs the names of many Maryland boys. Carroll county furnishes these to the building of football at College Park.

Earl Giggard, Maryland's 1945 tackle, came from Hampstead; John Morton, 1941 guard, from Mt. Airy and Will Capestier, 1893 guard from Taneytown.

Sykesville sent three of the greatest old timers to College Park. They were Dick Pugh, 1891-93 guard and 1892 captain; Charley Ridgeley, 1896-97 guard-full back; and Pearce ("Shorty") Prough, 1892 halfback.

Mr. Prough who died last March was known as "Wrong Way" Prough. He figured in one of the most bizarre incidents in Maryland football history. In the Episcopal High School game of 1892 he grabbed a loose ball and started for the wrong goal.

The cries of his mates brought him "to" and he reversed his field, cut over all the way. He ended up with a 33-er to the left sideline and almost went all the way. He ended up with a 35-yard net gain—the only gain the Maryland Aggies made all afternoon. They were shellacked by the Little Rectors 16 to 0.

NATION'S NEW CAR DEALERS OFFER TRANSPORTATION TO POLLS

Convinced that citizens will vote if they can get to the polls to do so, new car dealers throughout the country are being urged by their National Association President, J. Saxton Lloyd to offer free transportation to all who need it November 4th!

And, reports the National Automobile Dealers Association, thousands of dealers have already expressed their intention to offer transportation in their communities.

Keynote of this non-partisan community service is "Vote as you please—but VOTE!" New car dealers will display folders and window strips urging all who want transportation to ask for it, and folders titled "Why you should vote" are being distributed. These folders emphasize the importance of every vote and offer a "lift" to the polls if it's wanted.

Both political parties have expressed the belief that the next president will be elected by the millions who have not voted in past elections. In 1896, 79% of those eligible voted, however the sorry fact is that this figure has declined to a shocking all-time low, 44% in 1950.

Many groups are urging that everyone vote. They should, and the efforts of these groups will undoubtedly be of value. But like the weather that "everyone talks about and nobody does anything about," it remains for new car dealers to put into motion a program of action. If you need transportation to the polls, November 4th, call your new car dealer.

BEACON
70/30
feeding plan

Experienced poultrymen agree that the egg production of birds depends in great measure on their ability to handle large amounts of feed each day.

To develop birds with high feed intake and digestive capacity, put your pullets on the Beacon 70/30 Feeding Plan. It uses a maximum amount of grain and a minimum amount of Beacon "18" Growing Mash. That makes it cost less, too.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons
BY DR. KENNETH J. FOREMAN

DEVOTIONAL READING: Proverbs 3:13-18.

A King Prays

Lesson for September 21, 1952

KING SOLOMON is not best known for his prayers; yet they are among the most remarkable features of what we know of him. If we can know what a man prays for, we know the heart of the man. The higher a man's place in life, the more he stands in need of prayer, the prayers of others as well as his own. King Solomon's reputation for wisdom base on one rather fantastic court decision, or on the splendor of the Temple, which he did not design; still less on those legendary powers such as being able to converse with dragonflies and demons. He was never more wise than in his prayers.

Dr. Foreman

Dreams Give You Away

THEY SAY that when one is learning a new language, one can be sure one is making progress when one starts dreaming in the new language. Dreams, psychologists believe, show us what our minds are like, beneath the smooth surface. We should not take all our dreams too seriously, because, after all, it is the conscious mind that is at the wheel during our waking lives. But still a dream may show the kinds of wishes and desires and fears which lie deeper than our usual consciousness.

Now when a man dreams about praying to God face to face, you may be sure he is really a God-fearing, praying man. So the young Solomon's dream of his interview with God is a good indication of the depths of his mind and intentions at that time.

It was not a silly dream; it was quite serious. We may well believe that the young king often thought about it afterwards, and that God actually took this way of speaking to Solomon.

Ask for One Thing

IN THAT dream Solomon is invited to pray, and God guarantees to answer the prayer, whatever it is. It is remarkable what Solomon did not ask for.

Considering the fact that his father had been such a warrior, one might expect Solomon to ask for victory in war. But the young king, even in his dreams, did not picture himself as a conquering hero. Then again, he might have been expected to want to be rich. He came of a race that rated property very highly indeed. In the Hebrew language, the expression "a great man" often meant simply a very rich one. But it was not money that Solomon desired most of all. A third blessing too might have been in Solomon's mind; something that every man of his time looked on as a sure sign of the blessing of God: namely, long life. But this too was not what the young man most wished to have.

Instead, he prayed for wisdom. Knowledge is knowing; wisdom is knowing how to use what you know. And he wanted this wisdom, not in order to be rich, powerful or long-lived, but in order to become a good leader of his people.

One cannot help believing that Solomon already had in him the seed of wisdom, or he would not have offered that prayer. Only the wise know what a jewel wisdom is.

Prayer of a Mature Mind

ANOTHER prayer of this famous king is recorded at the dedication of the Temple. Solomon had grown older by that time, and we can see in this prayer that he had grown wiser as well. For good as his dream-prayer was, this later one was deeper, higher, wider.

By this time his idea of God is higher than it was. He is aware now that God does not live even in the most gorgeous of temples; his dwelling place is in heaven, and his care is not for the nation of Israel alone, for the nation of Israel alone.

Then again, in the earlier prayer Solomon's horizon was bounded by the limits of his native land. His prayer was unselfish, indeed, but it took in the welfare of his own subjects—no others. Now at the Temple he prays for "the stranger . . . all the people of the earth."

Furthermore, if in his earlier prayer young Solomon was aware of his and his people's weakness and ignorance, now he feels something deeper, more serious: the burden of human sin. He prays for many blessings, but above all for this: forgiveness for every heart that turns to God. When we ourselves pray, are our prayers mature? How high is our thought of God? For how wide a circle of persons do we pray? And do we pray first, and most of all, for things, or for power, or to be in harmony with God?

That isn't Pig Latin or Sanskrit. It means "a little lamb" in scrambled English. Overseas telephone conversations pass through a gadget that scrambles them into that form. Then, if they are overheard, they don't mean anything. The words are automatically unscrambled at the other end. In that way, the Bell System provides overseas calls with a maximum of security. Your telephone company constantly seeks new ways to improve your telephone service.

Teamwork on the farm

Nothing is more neighborly than the old-fashioned husking bee. Working together, neighbors are able to get things done quickly and efficiently. Co-operation between neighbors also pays big dividends on the party line. When each person keeps his call reasonably brief and pauses between calls to permit others to use the line, everyone gets better service.

September is a good month to—

Take the family to the Fair... Wait for the fly-free date before planting wheat—be sure to treat the grain before planting... Plan cover crops for fields that would otherwise be bare over winter... Feed fitting ration to dry cows for fall calving... Make sure you'll have enough storage space for your corn crop so that you won't have to sell at low harvest time prices... DO YOU KNOW THAT—

To be eligible to vote in November Election you must be registered. Although you are a registered voter, but have not voted in a National or State election in the past 5 years, you must register again.

If you have moved from another state, and have been here a year by Nov. 4, you can register on September 30 without a transfer. If you have not lived here for a year, to vote, you must vote at the place you moved from.

If you are 20 years of age, but will be 21 by November 4, you can register now and vote in this Presidential election.

If you have moved from another congressional district within the state of Maryland, and have been here 6 months, you can secure a transfer to this district if you write or go for your transfer.

If you have moved from another area within this district, regardless of when you moved, you can get a transfer and establish your registration in Taneytown.

To elect our representatives by a vast majority of the people, we must have the vote of those persons who have failed to go to the polls on election day. Remember—"Bad Officials are elected by good Citizens who do not vote."

DON'T LET THEM TAKE IT AWAY
G. O. P. Version of the Stevenson-Sparkman Campaign Song

We're sitting on a pot of gold
From minks and freezers that we sold
Don't let them take it away.

We've got our 20 years of loot
Lamar, O'Dyer and Hiss to boot
Don't let them take it away.

We've got the biggest debt in history
What we spend is still a mystery
Don't let them take it away.

We want to get more tax
Take the shirts right off your backs
Don't let them take it away.

We try to spend what we can't lend
You're never going to see the end
Don't let them take it away.

We're busy loading payrolls now
To try and win this thing somehow
Don't let them take it away.

We tried to grab the big steel mill
And add them to our Federal tills
Don't let them take it away.

We've got you on our sucker list
For four more years of greedy fist
Don't let them take it away.

Yalta was not our fault, so-o-o-o-o
Don't let them take it
They want to take it
Please don't let them take it away!
(From the Monrovia, California News-Post).
