A BAD HABIT IS HARD TO BREAK

Price, wage and other government controls are being removed as rapidly as possible. We are headed back to a free market, competitive economy. This move appears to have the support of the people, which is a wholesome indication. The philosophy of the free market is inseparable from the philosophy of free government.

For years the people have been told by bureaucratic planners that controls can protect consumers against inflation—which they cannot do. Every effort has been made by many top politicians and government officials to create distrust of the free market which has given the United States the finest production and distribution system the world has known. It is a great tribute to this system and particularly to retail distribution that it has been able to function for such a long time under a mountain of anti-competitive, anti-free market controls.

Today controls are being removed but we should not forget that they are being removed while activity is high and people are reasonably content. We should not forget that there is still a \$260,000,000,000 public debt to reckon with and that for most of the time during the past two decades we have been supported by government deficit financing and war spending. In plain words, controls and the philosophy of political dictatorship that they represent are being thrown off with the approval of the people, but there has been no test as yet of renewed faith in the philosophy of a free economy. Bracketing prices and wages with "floors and ceilings" by government decree is like the dope habit. It is hard to break.—Industrial News Review.

FARMS IN CONSERVATION PLAN

Conservation plans for at least 15 farms covering 2,100 acres have been requested from the Carroll Soil Conservation District as a direct result of the Deep Run—Big Pipe Creek watershed conference held on the James Shriver meadow near Union Mills last July.

This conservation progress was reported this week by the Committee for Conservation now, which made a survey on results of the conference because of its significance as the first of its kind ever held in the state. The committee was one of the organizations cooperating with the district on the event.

Farm operators who have requested assistance on conservation planning because of the conference, according to Horace Brauning, chairman of the conservation district, are:

Roger Dell, Charles Halter, Gilbert LaBlanc, James MacDermott, Mrs. Alta Oberlin, James Oliver, Edward Plunkert, Walter Stonesifer, and Paul Wilhide, rural route Westminster, and David Ashley, Mrs. Lillie Carmen, Ralph Hull, R. E. Wagner, John Yelton, rural route Manchester, and N. A. Soffnowski, Manchester.

The farm plans they have requested involve studying land capability, type of soil, water problems and other such factors. With the assistance of technicians of the U. S. Soil Conservation Service who work under the supervision of the Carroll conservation board, the farm operators then plan practices with conserve soil, water and fertility.

The committee commended the Carroll conservation district for the results of the conference and concluded that a discussion by farm operators themselves of the practical benefits of conservation as a part of good land management was an effective way to accelerate conservation progress.

Members of the panel, which discussed the mutual problems and needs in the watershed at the conference were Solomon L. Hoke, Francis Hering, Solomon Miller, Herman Ramsburg, Paul Tasto, Guy Wine, Mrs. Vernon Wolfe and Mrs. Thomas Gordon.

Supervisors of the conservation district are Mr. Brauning, chairman, R. P. Buchman, Harry Koller, R. G. Spoerlein and Mr. Hoke. County Agent L. C. Burns is secretary, and Grover Zimmerman is the district's work unit conservationist.

Little strokes fell great oaks.—Benjamin Franklin.

ANSWERS
YOUR QUESTIONS

Q. What shall I do to give my chicks a good start?

A. Give 'em Dr. Salsbury's Ren-O-Sal in the drinking water! Ren-O-Sal actually speeds up growth, feathering, and laying of the first egg. Helps you grow healthier, better-paying pullets. So mix 2 Ren-O-Sal tablets in every gallon of water right from the start. And keep handy to prevent the spread of cecal "coxy." Buy Ren-O-Sal today!

FEESERSBURG

Holidays are fine but we do wish there weren't so many of them. Nearly every day on the 1953 calendar is marked as a special day. It's someone's birthday or the day something or other was invented or it's be kind to this or that day. Americans are not very consistent in what they celebrate either. For instance Monday was a legal holiday in some parts of Maryland, while in another part they didn't even know it was George Washington's birthday. Last week was Brotherhood week and I doubt if very many people knew it let alone practiced it. Of course we should always bear in mind that practicing anything for a day or week doesn't have too much effect. It's the day in and day out virtues that count. Suppose we set aside just a week of each year to practice honesty or being truthful or being industrious and the rest of the year we forgot all about these qualities. I doubt if human relationships could long endure under such an attitude. But since we like holidays and have set a day aside for mother, father, brother and our mother-in-law why not be big hearted and set a day aside for one's self. On that day turn off the radio, look at no T.V., read no newspaper and see no visitors. Just sit quietly in a room alone and get acquainted with one's self. I mean this suggestion will be read with horror for most of us spend our waking hours trying to escape being alone. But to others, trying this experience for the first time the revelation may be so illuminating that they may decide to extend the one day into an indefinite holiday.

Last week this column made an error in reporting the age group for blood donors was 18 years to 50. It should have been 18 to 59. We regret the mistake. The hours for giving blood on March 9th at the Firemen's Social Hall will be from 10 a. m. to 3 p. m.

The Dark Ages is a term applied to a period of European history between the years 475 A.D. to 1150 A.D. The first seven centuries of the Middle Ages was appropriately named Dark Ages because of the fact that during this period learning was at its lowest ebb in Europe and civilization seemed to retrograde, owing to the masses of barbarians who emerged from Northern Europe and overran the former seats of learning. According to some of the things not going on in our country we wonder if our own 20th century may not be entering a period not unlike the Dark Ages. I am of course referring to the attacks by irresponsible persons on our schools and colleges. What is so alarming about these attacks is that they have so intimidated the persons in a position to refute these charges that they remain silent and so give the public the mistaken idea that the colleges are staffed with teachers with communistic sympathies. Not until last week when Mrs. Meyer answered the Velde committee has anyone had the courage to stand up publicly against the McCarthyism of the Jenness and the Velde. I was glad it was a woman who had the courage to speak out. For women are a patient lot and long endure much in silence and are long in making up their minds that something has gotten out of hand. They would be much rather the male take the lead in public affairs. But once they are convinced that things are out of hand and it is up to them to step in, they hesitate not one minute longer and one has to feel sorry for the person who has unleashed a woman's fury. The female of the species is deadlier than the male. When their own security or that of their off-spring is threatened they fight to the death. And so I am convinced that it will finally be the women of these United States who will put those individual termites who are nibbling away at the vitals of our democracy by attacking our educators, into their proper role—that of the barbarians of the Dark Ages.

Forty-three students at the Elmer Wolfe School made the honor roll of the first half of the school year. Of this number 32 were girls and 11 were boys. This is a ratio of three to one. I suppose modern educators have an answer to why girls are better students than boys, but if this trend continues in all parts of the country it may well be that one professor is correct when he said that in time the female will be the aggressor in all branches of modern life and the male will become the clinging vine. Boys! Don't let them do this to you.

What is to be done with farm surpluses? Anyone with an intelligent and workable answer should go to Washington as fast as possible and talk to the Secretary of Agriculture. We seem to be back in the 30's again. Too much of everything and no one with enough common sense to get it to the people who need it most—the ones that are actually hungry. Take butter for instance. Its piling up in storage while people eat margarine, including the farmers themselves. The government is giving some of it to school cafeterias which is a good beginning. We could sell it or give it to the people of Tibet. They use the stuff to take baths in. Maybe giving all our surpluses to the Chinese communists would be more effective in ending the Korean war than all the artillery we have been sending over. It would be a lot more cheaper. And from experience with my own family I know when a person is filled with food he is much easier to deal with. Last week was brotherhood week. If I wanted to make a brother out of an enemy, I would send him food instead of bullets.

This has been a hard winter on persons over 50. The doctors warn anyone with heart disease to be careful during cold weather. It adds an extra strain on the heart. So many friends and acquaintances have fallen victims to the flu and passed away. We were disturbed with the going of Earl Buckley. He was still young and seemed an indestructible part of the community. He was a kind and unassuming person and the community has lost a good citizen.

To regret one's own experiences is to arrest one's own development. For there is no substitute for experienced knowledge may come from books or word of mouth but at best it is only a substitute for experience.—Ruth Roelke.

DIED

MRS. JESSE C. WHITMORE

Mrs. Anna Marie Whitmore, of Key-mar, wife of Jesse C. Whitmore, died Tuesday, Feb. 17, 1953, at the home of her son, Joseph Whitmore, in Odenton, after an illness of three weeks. She was 86 years of age.

She was a daughter of the late Emanuel S. and Rebecca Williams Bohn and was a member of St. Joseph's Catholic church, Taneytown. Survivors include her husband, three sons: Joseph, Carl, Baltimore, and Truman A. Whitmore, Chester, Pa., one daughter, Mrs. Elmer Nussbaum, Union Bridge; one brother, Murray C. Bohn, Johnsville, and one sister, Mrs. Emma Fowler, New Windsor. In addition 20 grandchildren survive.

Mass was intoned at St. Joseph's church on Saturday morning, Feb. 21, 1953, at nine o'clock with Rev. Charles J. Walker officiating. Interment in Libertytown Catholic cemetery.

MRS. HORATIO EMMERT

Mrs. Alice S. Emmert, 82, who formerly resided on Baltimore Street, Hanover, died Saturday at 1:30 p. m., at the home of Mrs. Cora Riffe, Taneytown, where she had lived for the past 16 years. She was the wife of Horatio Emmert, who died in May, 1936. Mrs. Emmert was member of St. Matthew's Lutheran church.

Survivors are a son, Roy Emmert, West Chestnut Street, a half-sister, Mrs. Sadie Sholl, 544 Baer Avenue, and a half-brother, Charles Riffe, Littlestown. Her pastor, the Rev. Dr. Harry Hersh Beidleman, officiated at the funeral services Tuesday at 2 p. m. at the William A. Feiser funeral home, Hanover. Burial was in Mt. Olivet cemetery.

ELI H. FOX

Eli H. Fox, died at the home of his brother, Thomas C. Fox, Keyville, at 1:45 a. m., Monday. Mr. Fox, a son of the late Samuel and Mary Ann Young Fox, had been married twice. His first wife was Susanna Harner. He was later married to Betty Plowman. He leaves besides his brother, Thomas, with whom he resided, a son, Harner J. Fox by his first marriage; a brother, Charles A. Fox, Gettysburg, one grandson and two great-grandchildren.

Funeral services Wednesday morning at the C. O. Fuss and Son funeral home, Taneytown, in charge of his pastor, the Rev. L. A. Karns, pastor of St. John's Lutheran church, Littlestown. Burial was in Mt. Olivet cemetery, Hanover.

The pallbearers were: Charles R. Cluts, Roy Baumgardner, Clarence R. Stonieser, Frank Alexander, Upton C. Dayhoff and Glenn W. Groshun.

FRANKLIN R. BOHN

Franklin R. Bohn, 70, well-known farmer of Bark Hill, died at his home at 8:45 Sunday night. Mr. Bohn was the husband of Mrs. Minnie Rowe Bohn, and the son of the late Richard and Amy Saylor Bohn. He was a resident of Bark Hill for the past 35 years and a lifelong member of the Bark Hill Church of God, where he served as treasurer for many years. He had also been an elder in the church for several years.

Surviving in addition to his wife are two children, Earl F. Bohn and Mrs. Ralph Kofer, both of Bark Hill; six grandchildren, a brother and a sister, Jesse M. Bohn and Mrs. Clara B. Singer, both of Keymar.

Funeral services were held Wednesday at 1:30 p. m. at the Bark Hill Church of God. The Rev. Robert Easterday, pastor, assisted by a former pastor, the Rev. William H. Herpich, Mercersburg, officiated. Interment was in the Uniontown Church of God cemetery. C. O. Fuss and Son, funeral directors, were in charge.

The pallbearers were: Henry Carr, Miller Cartzenafner, Harry Bowman, Hamilton Singer, Herman Moore and Edward Stambaugh.

THE STINE FAMILIES

40th WEDDING ANNIVERSARY

Saturday evening, Feb. 21, 1953, at 7:30, a surprise reception was given in honor of the 40th wedding anniversary of Mr. and Mrs. Clarence B. Naill by their foster daughter, Miss Mary Snider, in the Sunday School room of Trinity Lutheran church.

Mr. and Mrs. Naill that evening had been guests to supper of his brother, Mr. William Naill and Mrs. Naill. After supper they brought them to the church where the guests were already assembled. As they entered the room Miss Hazel Hess played "Here Comes the Bride". Mrs. Naill was presented a red rosebud corsage and Mr. Naill a red rosebud boutonniere. Miss Hazel Hess sang "Because" and "Through the Years", accompanied at the piano by Miss Edith Hess. The Rev. Glenn L. Stahl, their pastor, offered prayer and was toastmaster. The couple received many lovely and useful gifts. They were married February 20, 1913, by the Rev. Emory Stockslage, pastor of Mt. Joy Lutheran church at the home of the bride.

A buffet luncheon was served. The table was lovely with red roses and white candles and a large bride's cake topped with red roses.

Attending the festive occasion were Mrs. Elsie Geiselman, who was their bridesmaid and Mr. C. C. Hess, their best man. Other guests were: Miss Mary Snider, Miss Shirley Eggleston, the Rev. and Mrs. Glenn L. Stahl and family, Misses Hazel and Edith Hess, Mrs. Daniel Naill and family, Mr. and Mrs. Jones Baker, Wilmer Naill, Mrs. June Goodmuth and family, Mr. Geiselman, Mr. and Mrs. Mervin Benner, Mr. and Mrs. Edwin Benner, Mr. and Mrs. Allen Walker, Mr. and Mrs. Francis Walker, Mr. and Mrs. Gene Walker, Miss Margie Scott and guest, Mr. and Mrs. Earlington Shriver, Mr. and Mrs. John Bushey, Mrs. Gouker and daughter, Mr. and Mrs. Norman Baumgardner, Mr. and Mrs. Roy Baumgardner, Mrs. Mary Devilbiss and daughter, Sylvia; Mr. and Mrs. Mervin Conover, Mrs. C. C. Hess, Mr. and Mrs. Clarence Waybright, Mr. and Mrs. David Hess, Mr. and Mrs. M. Ross Fair, Mr. and Mrs. Wilbur Hess, Mr. and Mrs. Elbert Crum, Mr. and Mrs. James Bushey and family, Mr. and Mrs. Loy Hess and daughter, Myra Ann, Mrs. George Clabaugh and Miss Eleanor Kiser.

CARROLL COUNTY 1953 CAMPAIGN FOR FUNDS—RED CROSS

The corps of workers for the annual Carroll County Red Cross Campaign for funds which is scheduled to begin Monday, March 2, is being rapidly recruited, according to George McClung, general fund chairman.

George W. McClung, of Westminster has accepted the chairmanship of the Carroll County drive, Hazard M. Clarke, local chapter chairman announced recently.

Mr. and Mrs. McClung came to Westminster from Milwaukee in the summer of 1951 and have taken a lively interest in community and county affairs. Mr. McClung has been a Red Cross worker for several years and assumes the present chairmanship with a background of experience. He is associated with the Aetna Life Insurance Company for which he was formerly field supervisor in Michigan.

Other members of the general committee who have accepted chairmanship positions include: Charles O. Fisher, who will head the speaker's bureau and Philip E. Uhrig who will handle publicity. Mrs. Clyde Schlerf has resumed the position of Fund secretary, which she held in the 1952 Red Cross campaign and Mrs. Stewart Widener will be treasurer.

Kenneth Bohn has accepted the chairmanship of the Westminster district. He will be assisted by Irvin M. Hahn, Advance Gifts chairman. Mrs. Philip E. Uhrig has been named chairman of the Westminster rural solicitation areas.

The following fund chairman for the other districts of the county are: Mrs. Henry Fretter, Berrett; Mrs. Frank Barnes, Franklin; J. Oscar Armacost, Hampstead; H. Austin Perego, Manchester; Vernon Zimmerman, Myers; Mrs. Harry Lambert, New Windsor; DeVries Hering, Freedom; Ernest Dunbar, Taneytown-Middleburg; Mrs. Lavin Singer, Union Bridge; Mrs. C. Harold Smelser, Uniontown; Mrs. Mabel A. C. Necker, Woolerys; and Mrs. J. Ernest Pickett, Mt. Airy.

The chairman for the "door-to-door" solicitation for the Westminster district will be named soon as well as the list of volunteer solicitors, Mr. McClung pointed out.

PREVENT FIRES

Maryland's burning regulations goes into effect again on March 1, District Forester, William A. Parr, announced this week.

Pointing out that this regulation is designed to reduce fires caused by brush and debris burning, the forester said it applies only during the spring and fall seasons, when the hazard of fields and woods fires is most dangerous.

The provisions of Regulation IV are noted below:

1. This regulation shall apply only within two hundred (200) feet of woodland or inflammable material that could ignite and carry fire to woodland and outside the limits of incorporated towns.

A. Open-air burning

1. Open-air burning is prohibited except under the following conditions:

a. There must be a fire break (natural or constructed) at least ten (10) feet wide completely around the material to be burned, free of inflammable material, and

b. There must be present adequate personnel and equipment to prevent the fire from escaping, and

c. There must be at least one responsible person at the location until the last spark is out.

2. During the months of March, April and May and from September 15 to December 15, inclusive, there shall be no open-air burning except between 4:00 p. m. and 12 midnight, E.S.T., or except when the ground is covered with snow, and then only in compliance with conditions specified in subparagraph (1).

PRAYER

Prayer is real, prayer is earnest, A satisfied wish is not its goal, But an inner satisfaction, And a strengthening of the soul.

Let us then be given to praying, With a courage for any fate, And not wait unto tomorrow, For tomorrow may be too late.

All things I can do through Christ, Said the great Apostle Paul; A different attitude and spirit, Than when he was simply Saul.

BOARD OF EDUCATION

(Continued from First Page)

ings of teachers which had been held up to now during the present school year and which are planned for future training of school personnel. He reported a successful meeting held on January 23 for the entire teaching force of the county.

The Board also considered matters related to school legislation now in preparation in the 1953 session of the Maryland Legislature. The Board gave approval to several communications to be submitted to the senator and delegates regarding the school problems of Carroll County. These communications called to the attention of the senator and delegates the problem of increased enrollment, the need for the passage of the teachers' salary legislation which has been introduced in the form of Senate Bill No. 32, and the probable school personnel problems which will be encountered for the school year 1953-54. In this connection it was noted that a serious attempt must be made at this time to solve the problem of school housing and facilities, and that it was the duty of the local Board of Education to make the citizens of the county aware of this problem in every possible way.

The Board was given a report regarding the activities of various local parent-teachers' associations throughout the county and their interest in the growing educational needs for their respective schools, and communities.

The Board directed the superintendent to continue his efforts to make all groups aware of the problems of education through every means in hand.

The Board considered a report regarding the completion of the Crusade for Freedom. This crusade was of national wide sponsorship and included the use of signed Freedom grams prepared by the children in Carroll County schools to be sent to Europe for distribution to countries behind the Iron Curtain. Collections had been made in the county schools for the support of the important work which includes the voice of America. The school collections in Carroll county amounted to \$129.39.

The Board also endorsed a plan whereby the county schools will participate in a clothing collection under the sponsorship of the Save the Children Federation. Through this organization clothing is collected in the United States for distribution to underprivileged sections of our own country and to war devastated countries in Europe and Asia. The clothing will be assembled in the schools through the cooperation of teachers and principals and shipped to the Save the Children Federation. It is hoped that this program will receive popular support and that parents of school children will assist in every way in insuring the success of this very much needed campaign. Letters were approved by the Board to be sent to the county school principals asking their cooperation in this work.

The Board considered important details in connection with the work at the Sykesville School building related to the new construction and the modifications to the old building which are included in the contract for school improvement at this location.

The Board also approved the participation of Carroll County Schools in a Spelling Contest to be conducted under the auspices of the Baltimore Sun papers. This contest involves the selection of the best spellers in the 7th and 8th grades in all Carroll County Schools. Successful school contestants will participate in a state contest in Baltimore and the state winners will be invited to participate in a nation wide contest to be held in Washington during the month of May. The Board endorsed the Spelling Contest and directed that every effort be made to bring it to a successful conclusion.

The Board was given information regarding scholarship examinations which are scheduled for March 28, 1953 at the Westminster High School. Contestants taking the scholarship examinations at this time will include those desiring to secure a scholarship to Johns Hopkins University; Charlotte Hall Academy; Washington College; St. John's College; Maryland Art Institute; Morgan State College; St. Mary's Seminary and Western Maryland College. Interested pupils may secure more details regarding the scholarship examinations from their school principal. Appointments to the scholarship vacancies will be made by the county senator after the results of the examinations are determined by the institutions involved.

The Board was given a report showing the estimated enrollment in Carroll County Schools for September 1953. The estimated enrollment to be accommodated in the schools of the county in September 1953 will be slightly in excess of 8900 pupils an increase of 600 over the number now enrolled. The Board received copies of the estimated enrollment in each of the county schools. It was directed that further publicity be given through the county press and in other ways to the increase of enrollment which will be felt in the 1953-54 school year.

The Board was also given copies of the school census which has been completed for 1952 in Carroll County. The census is taken bi-annually in the county and throughout the state. It was noted that in 1948 a total of 12,690 were enumerated under the age of 19. In 1950 the number was 12,981. The 1952 census shows a total potential population of 13,952 under the age of 19. This information has much application to present day school plans in the county.

The Board accepted the resignations of Mrs. Martha Brauning and Mrs. Irma Eney Myers. Mrs. Martha Brauning from the Hampstead Elementary School and Mrs. Irma Myers from the Westminster High School. The Board also approved the appointment of Mrs. Emily Pickett Brown to the Mount Airy High School and the transfer of Miss Doris Price from Mount Airy to the Westminster High School.

The Board authorized the superintendent to proceed with the work of securing teaching staff members to fill the school teaching positions in the county in September 1953 recruiting experienced and efficient teachers in every possible way.

RADIO STATION PLANS MOVE FORWARD

Plans for the building of the Westminster radio station, previously reported by this paper, are moving forward rapidly as the construction permit is expected within the next few weeks. Mr. Russ Morgan, vice-president and general manager of Carroll County Broadcasting Corporation was in contact with the Federal Communications Commission last week and was informed that the application was 18th in a line of several hundred and that it could be expected to be granted within the next six to eight weeks.

This means that the station could possibly be in operation by May of this year. Equipment and tower orders have been placed thus insuring a minimum of delay once the permit is received; so we will all be watching for a radio tower to sprout up this spring. The station will be completely housed in a building to be built at the tower location on the Hazard Clarke farm just south of the Uniontown road approximately two miles from Westminster. Mr. Eugene E. "Dick" Divers will serve as sales manager for the new station. He and Mr. Morgan have been visiting merchants throughout the area and report that interest is high, and that several companies have already reserved advertising time. The high quality of programs planned and the natural interest in a new venture of this kind have produced many excellent comments. It is a county-wide project, not only because it can be heard well throughout the county, but the list of stockholders includes many from other towns in Carroll county who realize the value of a radio station.

Buick Unveils New Sports Car

THIS single-seat sports convertible of futuristic design is the Buick Wildcat which will be unveiled at the General Motors Motorama of 1953 at the Waldorf-Astoria Hotel in New York City this week. The experimental model has a fiberglass body and is powered by Buick's new 188-horsepower V-8 engine with the new Twin Turbine Dynaflo. The interior is trimmed in brilliant green leather. A special feature of the car is the "roto-static" front wheel discs which remain stationary while the wheels revolve about them. The Wildcat, designed by the General Motors Styling Section, was built to test the use of fiberglass in automobile bodies.

Hypocrites

Lesson for March 1, 1953

"HYPOCRITE" is a bad word. You should be careful about calling people hypocrites, because perhaps you do not quite mean it. A hypocrite is not the same thing as a weak Christian, or a stumbling Christian, or a half-developed Christian, a 50 per cent Christian. These are pretty common; the regular simon-pure hypocrite is a rarer bird. A hypocrite is a person who is knowingly and intentionally bad, and has no intention of being anything else; but he puts on a mask or disguise of goodness. It is only a front, he does not mean a bit of it. He is just a devil playing angel. Such persons may be somewhat rare, but they do exist. They are to be found in the church, they are high up in the state. No walk of life is altogether free from them.

They Will Not Lift A Finger

Almost the entire 23rd chapter of Matthew is devoted to Jesus' slashing attack on the hypocrites he knew. The modern reader will be struck by certain family resemblances between hypocrites of all eras. Jesus, be it noted, was talking about the religious "experts" of his time, the men who correspond to today's big city preachers, professors of theology, Bible teachers and so on. He did not mean to say that they were all hypocrites but definitely some of them were.

Dr. Foreman

One mark of the hypocrite is that he preaches but does not practice. As Jesus puts it, he lays heavy burdens on other men but he will not lift a finger to help carry such a load himself. Common modern examples of this kind of person include the politician who yells distractedly about dishonesty in the other party but hush-hushes all the irregularities in his own; the business man who demands to know why we can't have honesty in government while all the time he and his firm are carrying on crooked deals; the young man who demands that his sweetheart must be true to him while he carries on with one girl after another. Insisting that others live up to a standard we will not accept ourselves, is what Jesus called hypocrisy.

They Want To Face The Cameras

A cartoon shows a football team in a huddle. The captain is saying: "Let's try a run around the other end. Never mind if you're not facing the television cameras!" Any one who can remember seeing the great political conventions of last summer on television will recall how time after time the roll call would be slowed down by some one demanding a poll of the delegation. Shrewd observers remarked that in numbers of cases there was no real doubt about the accuracy of the vote; there was no good reason except that for a few brief moments the man who asked for the re-count would have the cameras trained on him. This playing for the grand-stand, scene-stealing, all that sort of thing, is part of what our Lord calls being a hypocrite. In fact the very word "hypocrite" in Greek means an actor.

This world is full of actors and they are not all on the stage. Even in the pulpit we can sometimes see men who think more of what the Monday papers will say about their sermons, than of what God will say. A good reputation is a good thing to have; it is not to be despised.

Frosting and Gravy

Furthermore, hypocrites are excessively fond of all the outward signs and benefits of being (or being thought to be) "big shots." Every once in a while the newspapers tell of some man who has pretended to be some European count or other titled gentleman. Imitating the manners of the aristocrat, he lives off quite a number of gullible people before the police catch up with him. Now the true aristocrat is a responsible person; he carries many responsibilities. Titles and so on are incidental. But the bogus aristocrat is irresponsible; all he cares about is glamor. Now you can't make a poor cake good by giving it thick coat of frosting; you can't make a tough steak tender by slathering it with gravy. It takes more than frosting and gravy to make a good meal. But the hypocrite, in the church or out, cares more for life's cover-up than for what is underneath.

BOARD OF EDUCATION PRESENTS ITS PROBLEMS

The Carroll County Board of Education at its meeting on Feb. 10, 1953 authorized the distribution of the following statement to county newspapers, parent teachers associations and other civic groups as well as to interested individuals and community leaders.

1. The Carroll county Board of Education at its meeting on Feb. 10, 1953 is confronted with serious problems in maintaining public school service within the county and improving educational opportunities for Carroll county pupils. These problems may be enumerated as follows:

(a) **Increasing school enrollment.** The public schools enrolled an average of 7800 in the school year 1951-52. This increased to 8300 in 1952-53, the total enrollment in December 1952. Definite and complete statistics are in hand to indicate a minimum enrollment of 8850 in September 1953.

(b) **Large Class Size.** Increased size of classes results from increased enrollment with insufficient classrooms to accommodate increased enrollment. Class size in the elementary school should be limited to 30 pupils per teacher. Many classrooms at present have 35 to 40 pupils or more. The results of instruction suffer in direct relation to increase in class size.

(c) **Complexity of transportation organization.** Increased enrollment causes corresponding complicated and difficult transportation arrangements. To maintain a satisfactory degree of service increased equipment and personnel are necessary.

(d) **Individual differences among pupils** including maladjustments due to many factors in present day life. Included in this problem mention should be made of:

- (1) Unfortunate home conditions and broken families.
- (2) Retardation due to reading or language-speech difficulty.
- (3) Wide variation in learning ability.
- (4) Transfers from other systems and states.
- (5) Health problems.
- (e) **Teaching Staff-Teacher Salaries.**

The lack of qualified and experienced teachers to staff and schools presents one of the most serious educational problems. Permanency in positions and satisfactory service from teachers depend on salary, type of community and satisfactory working conditions within the school. Large classes, inadequate supplies, unattractive working conditions all are factors in discouraging teachers. Growing enrollment has created need for more trained teachers while enrollments in teacher training institutions have not kept pace with needs. Unfortunately an insufficient number of young people are deciding to select teaching as a career.

(f) **Inadequate buildings.** Carroll County is faced with an emergency need for rapidly expanded school housing facilities. This need exists at most school centers throughout the county. Funds for the purpose of providing these facilities must come from current tax sources or be borrowed by the county on a bonding plan. The need is immediate. The Board of Education estimates an existing need at present for approximately \$2,000,000 in school construction during 1953, 1954, 1955. If these facilities are not provided many of the present group of school pupils will be deprived of adequate educational opportunity.

(g) **Increased operating costs.** School authorities must secure increased funds for operating costs because of rising costs of services and materials. Failure to provide adequate financing in this field will result in further reduction of efficiency in the school program.

This statement is made at this time so that parents of pupils now in school and whose children who will enter school may be aware of the problems and will give their support to plans for improving conditions. It is important that efforts be made to keep interested citizens, civic groups, business leaders and others aware of problems. It is urged that all such persons or groups give their support to plans of the Board of Education for meeting and solving the problems and improving the educational service in general.

TELEPHONE IMPROVEMENTS IN WESTMINSTER

Expenditures of \$1,296,000 for the improvement and expansion of telephone facilities in Maryland were authorized recently by the board of directors of the Chesapeake and Potomac Telephone Company of Baltimore City.

Nearly \$245,000 was approved for the construction of an addition to the Odenton central office building, the installation of additional facilities and the provision of more long distance circuits between Odenton and Baltimore.

In the suburban Hyattsville and Shepherd central office areas adjacent to Washington, expenditures totaling \$399,000 were approved for the expansion of cable facilities. In the Shepherd area more than \$260,000 will be expended to provide 6.2 miles of aerial and underground cable to the north and northwest sections. The Hyattsville project, costing \$139,000, involves the placing of 5.3 miles of aerial cable, and 1.6 miles of underground cable in the Defense Highway section.

Another large cable expansion project in Westminster involving the installation of 18 miles of aerial cable, 63 single miles of wire and 103 poles, was authorized at a cost of \$111,000. When completed the additional facilities will take care of current applications for service and reduce from 10 to 8 the number of stations now being served on rural lines.

An expenditure of \$38,000 was also approved for the installation of additional central office equipment in Westminster.

INFLUENZA

Influenza is a serious disease which often leaves its victims exposed to attack by pneumonia and other complications even if it does not cause death itself. The combination of influenza and pneumonia and other diseases is now blamed for many of the 20,000,000 deaths during the world-wide influenza epidemic of 1918.

Fortunately, modern medicine has since developed effective means of combating pneumonia and some of the other complications. But no medicine is known which can cure influenza.

Influenza is an infectious disease, caused by a virus, which is spread from person to person, most commonly through coughing and sneezing. Influenza usually occurs in epidemic form. It attacks suddenly. Symptoms of influenza include fever, chills, sweats, headaches, sore throat, runny nose, bronchitis, and aches and pains in the back and limbs. It often starts like a common cold, but is different in that chills accompany fever in influenza.

If you have a cold with a fever, call your doctor immediately.

The doctor can do much to protect you against dangerous complications. Follow his instructions. Be sure to stay in bed until he says that all danger of pneumonia is past.

The fever usually lasts only two or three days, but the patient is often left as exhausted as if he had gone through a long illness. This is the dangerous period, the time to build up your health as surely and carefully as possible. Plenty of rest and sleep and nourishing food are essential.

There is a vaccine now available which gives limited protection against some forms of influenza. Strains of influenza virus, however, may vary from one epidemic to another, and, although the search continues there is no single vaccine capable of preventing all types.

The precautions that all of us can take are: first, keep in as good health as possible, and, during the usually short duration of an epidemic, stay out of crowds as much as possible, and away from people who don't cover their coughs and sneezes.

SAFETY POSTER CONTEST DEADLINE NEAR

A grand prize—\$350—awaits the elementary or secondary school student who submits the best traffic safety poster to the AAA's 1953 National Safety Poster Contest before midnight, March 16, 1953; Mr. Robert L. Leese, Westminster Branch Manager announced.

Sixty-one additional cash prizes, totaling \$1,925, and hundreds of Place and Honorable Mention certificates also will be awarded to students from all over the country.

The safety slogans have been assigned to Maryland students for illustration. They are: **WATCH FOR TURNING CARS AND WALK ON LEFT FACING TRAFFIC.** Contestants to be eligible for prizes must adhere to those assignments. Eleven other states have been assigned the same two slogans. Eight other slogans have been assigned among the remaining states.

In addition to the grand prize of \$350, ten first prizes of \$75, ten second prizes of \$50 and ten third prizes of \$20 will be awarded to high school students submitting the best posters in each slogan category. Also ten first prizes of \$25, ten second prizes of

\$-10 and ten third prizes of \$5 are designated for elementary and junior high school winners in each category. An additional prize of \$75 is available for the poster best illustrating **SCHOOL'S OPEN, DRIVE CAREFULLY.**

"As in past years", Mr. Kolmer said, "the 10 best posters will be reproduced and distributed, 175,000 each month, to elementary school throughout the country for use in traffic safety education (3,100 are distributed in Maryland by the Automobile Club of Maryland). Each poster will carry the name and school of the student artist."

Entries may be made by a public, school, a class or any individual student, Mr. Leese explained. Emphasis is placed on the fact that posters must be strictly original in idea, execution and design, and positive in approach. A competent committee of persons prominent in education, art and traffic safety will be selected to judge the contest.

Entries in the National contest automatically will be eligible for a state contest for which separate prizes will be given by the Automobile Club of Maryland.

Announcements and rules of the contest have been sent to the schools of the State. Teachers and students interested in additional information should contact the Automobile Club.

The contest is approved by the National contest committee, National Association of secondary-school Principals, National Education Association. It also has been approved by Rev. Dr. Leo J. McCormick, Superintendent of Catholic Education, Baltimore, and by the Senior High School Principals committee in contests of Baltimore City schools. It is one of two contests called to the attention of the various high schools by the Director of Art Education.

RED CROSS BLOODMOBILE TO VISIT UNION BRIDGE

A visit of the Red Cross bloodmobile in Union Bridge will be made Monday, March 9. This is part of Carroll county Chapter's commitment to collect blood for defense needs. In addition, some of the blood so collected may be used to produce gamma globulin, the new preventive used successfully in the treatment of paralytic poliomyelitis.

On December 8, 1952, at the request of the Office of Defense Mobilization, the Defense Blood Banks accepted the responsibility of collecting blood for the production of gamma globulin to be used in the treatment of paralytic poliomyelitis. One million pints must be collected between Jan. 1 and June 1, 1953, in addition to the regular quotas established for the Defense Department to meet defense needs, adding up to quotas greater than those of World War II.

Mrs. L. E. Crumpacker is blood chairman for the Union Bridge area and is working hard to provide sufficient donors to meet the quota needed. The bloodmobile will set up in Union Bridge, Call Union Bridge 3341, Westminster 212, or New Windsor 3001 for an appointment to give a pint of blood for these worthy causes.

In 1931 the cost of the Federal Government was \$30 for each man, woman, and child. In the fiscal year ending June 30, 1950, it was over \$300. It has since been increasing steadily.

1953 Chevrolet Advance-Design Trucks are more truck for the money!

4 powerful reasons why you get more of what you want...

more engine power

more staying power

more braking power

more economy

Advanced Loadmaster engine—standard on 5000, 6000 Series and forward-control models, optional on 4000 Series heavy-duty trucks.

Heavier, stronger, more durable frames increase rigidity, add to ruggedness and stamina of 1953 Chevrolet trucks.

Trucks up to 4000 Series heavy-duty models have "Torque-Action" brakes. Series 4000 and above use "Torque-Action" brakes in front, "Twin-Action" in rear.

New stamina plus extra gasoline economy in heavy-duty models with Loadmaster engine, reduces hauling costs per ton-mile.

CARROLL CANCER DRIVE
SCHEDULED FOR APRIL

Mrs. Ruth Stonesifer, director of the Carroll County Cancer Drive, announced Thursday, campaign plans are being drafted for the annual appeal for funds during the month of April. Carroll Unit No. 31, American Legion Auxiliary is sponsoring the drive. Mrs. Stonesifer is immediate past president of the Auxiliary.

The drive committee includes: Emma Uppercro, co-director, Mrs. Betty Turf, Mrs. Arlene Beard, Mrs. Jane Stephen and Mrs. Patricia Corrado. The group will organize county districts soon, Mrs. Stonesifer said.

Mrs. John Wood, Chairman of the Carroll County Chapter of the Cancer Society, announced a \$3,200 goal for the campaign. All county auxiliary units have been asked to participate in the campaign.

RELIGIOUS PICTURE TO BE
SHOWN

A sound film will be shown on Sunday evening at the Taneytown Evangelical United Brethren Church in the basement at 7:30 p. m. The name of the picture is "Barabbas, the Robber", which shows three followers are hiding outside of Jerusalem. The enthusiastic reception of Jesus on Palm Sunday, and the manner in which Barabbas and his band came to be taken prisoners. The Chief Priests and Elders taking council to seize Jesus and Pilate questioning Jesus. The crowd yelling to crucify Jesus and to release Barabbas. This picture has an inspiring closing of the wonderful teaching of Jesus and the forgiving power of God. This picture makes the story of the betrayal of Jesus more real and one has a better understanding of this portion of the Bible. The public is invited and it is a picture for all ages.

EMMITSBURG STREETS TO BE
IMPROVED

Bids for resurfacing Emmitsburg's two principal streets for their entire distance through the town will be opened at noon March 10 at the State Roads Commission's headquarters in Baltimore.

Work on both streets will be combined in one contract. The job will include resurfacing State Route No. 32 from the eastern to the western

town limits, a distance of nine-tenths of a mile.

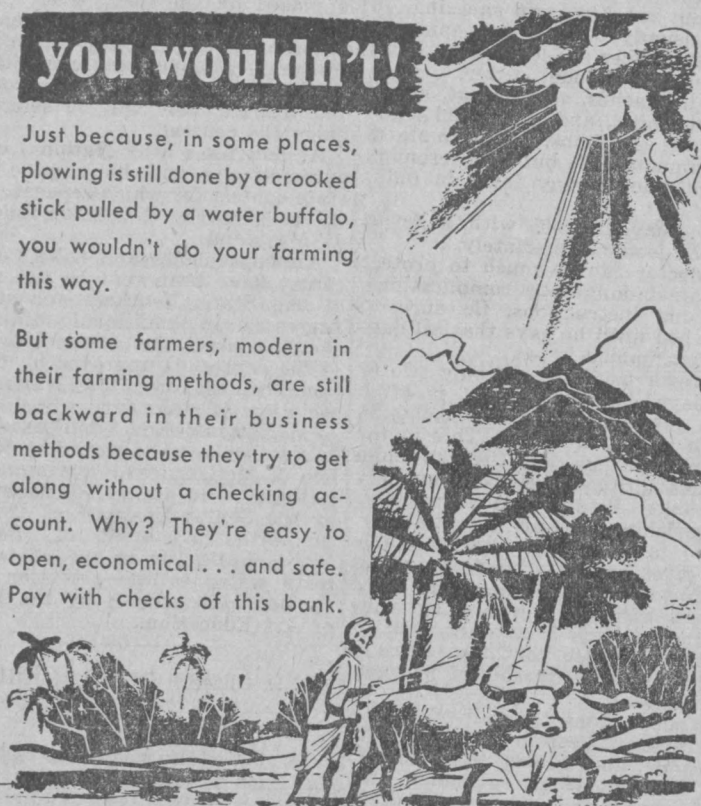

The second portion of the contract provides for resurfacing U. S. Route No. 15 from the northern to the southern town limits, slightly more than a half mile. Bituminous concrete—commonly known as "black-top"—will be used for the resurfacing on both streets.

You can count on 4 cups of grated or diced cheese to a pound.

you wouldn't!

Just because, in some places, plowing is still done by a crooked stick pulled by a water buffalo, you wouldn't do your farming this way.

But some farmers, modern in their farming methods, are still backward in their business methods because they try to get along without a checking account. Why? They're easy to open, economical... and safe. Pay with checks of this bank.
